

# Snowmen come to town on school holiday Monday

**SNOW SCENES** — One of the Dispatch photographers took time to drive the town out Tuesday morning and found some very unique snow scenes. Pictures far left is this

shirt-sleeved gentleman sitting very comfortable in the front yard of 1009 Sunset Drive. One might wonder why so willing to sit in a lonely yard so contented, but just across the street in

the front yard of 1006 Sunset Drive might well be the answer. In the middle picture stands a miniature Dolly Parton, complete with overly large apron. The picture on the right was taken

at 708 West 14th and is complete with mom and pop snowman and their winter home. (Staff Photos)

Post, Garza County, Texas

Thursday, Nov. 20, 1980

Number 25

## Freak snowstorm is weekend surprise

A record weekend snowstorm, which dumped an estimated 11 inches of snow on Post, Garza County and most of West Texas, closed Post schools Monday, caused an indefinite postponement of a jury session of Garza district court the same day, and saw weary highway maintenance men work 36 straight hours to keep area highways open to slow moving traffic.

The Caprock CB club with the approval of the community center board opened the Post Community Center Sunday afternoon at 4 p.m. to stranded highway travelers.

Several groups are reported to have spent the night in the center where CB club members Robert, Marie, Anna and Robert James Bartlett, Jackie Baldree, and A.D. and Carolyn Halford served hot coffee and refreshments.

Donating the coffee and refreshments were United Super Market, Rick's Vetter Foods, and Allsup's.

The center was opened at 4 p.m. Sunday and remained open until 8 a.m. Monday morning to aid travelers.

The freak snowstorm was a wet one. Post officially received 1.36 inches of moisture from it.

Business was almost at a standstill in downtown Post Monday and some retail stores didn't open for business, although most of them did.

Snowmen blossomed throughout local residential areas Monday with school out. The Dispatch received numerous calls to photograph the children's creations. Three of the best of them are pictured on today's front page.

Highway traffic was slowed to a crawl by the storm. Highways in other parts of West Texas were reported blocked at a few points but local highway maintenance crews kept highways in this area open throughout the weekend though driving was hazardous.

It was far from easy though. Claude Sanders, maintenance and construction supervisor for the highway department here, said 12

persons of his regular crew worked 36 hours straight through from Sunday morning to 6 p.m. Monday before knocking off for a hot meal and a night's sleep.

They grabbed a bite to eat (See Snowstorm, Page 14)

weekend though driving was hazardous. It was far from easy though. Claude Sanders, maintenance and construction supervisor for the highway department here, said 12

## Garza United Fund over halfway to 1981 goal

The 1981 Garza United Fund drive climbed to almost 60 percent of its \$11,175 goal this week, despite the record weekend snow storm which cut contributions to almost nothing for two days.

The total contributions now stand at \$6,623, up

\$2,343 since last week's reporting date.

Jim Cornish, drive chairman, remains hopeful of reaching the increased goal for next year, although it is becoming apparent that the windup won't come until well into the Christmas season.

The George R. Brown employes division became the first business to report 100 percent contributions this year. Their contribution of \$135 was turned in Friday by Everette Windham.

Shirley Storie has completed her work as chair- (See United Fund, Page 14)

## Williamson rites held

Funeral services were held Wednesday for Margaret E. Williamson, 45, in the Hudman Funeral Home Chapel at 2 p.m. The Rev. Melvin R. James of Sherman, Tx. officiated, with the Rev. Robert Compton, of the Post Assembly of God Church assisting.

Mrs. Williamson died Sunday in Methodist Hospital in Lubbock following a lengthy illness.

Mrs. Williamson was born in Medloathian, Tx., and had been a resident of Post for 35 years. She was employed by Postex Mills for 12 years. She was a member of the Assembly of God Church. She married Gene Williamson, Nov. 25, (See Rites here, Page 14)

## For hospital nurses—

## Scholarship fund set up

Garza Memorial Hospital directors at their November breakfast meeting last Thursday designated a \$15,000 hospital savings fund to use as their nurses' scholarship fund.

Directors in recent months have adopted a program to pay board, travel and tuition for would-be nurses to take nurse's training in either Snyder or Lubbock if they signed on to work at the

local hospital following their graduation.

The hospital hopes to receive gifts from local donors to keep the fund going and thus to provide sufficient nursing personnel for the local hospital.

Directors postponed action on adopting the annual salary survey pending a full board being in attendance. Two directors of the five were missing Thursday. See Hospital board, Page 14

**GARZA MOUNTAIN LION** — Rancher Riley Miller holds up head of the mountain lion he shot on the Miller ranch Saturday morning

while Sheriff Jim Pippin takes a look at one of the big cat's paws. (Sheriff Department Photo)

With 45 revolver on his ranch—

## Riley Miller bags big mountain lion

The Post High School Drama Club is providing 100 free tickets to the all-school musical, "You're a Good Man Charlie Brown", Saturday night to Garza's senior citizens. Drama instructor Candice McConnell is trying to arrange distribution of the tickets through the Algerita Senior Citizens Center. She said the youngsters in the club are becoming involved in a grandparent program and see it as a civic duty to brighten the lives of senior citizens.

Inside today's Dispatch you'll find an interesting story about Syd Conner's bull which has set a new rate of gain record at a Texas testing center. The bull was not named in the story, however, although his breeding was emphasized. That aroused our curiosity. So when we called Syd in our storm story roundup we told him about our feature and picture on his bull and asked what the bull's name was. For any of you who might be curious too, the bull's named C. Lord (See Postings, Page 14)

National Weather Observer

Rancher Riley Miller shot and killed a 160-pound mountain lion with a 45 revolver Saturday morning on the Miller Ranch west of Justiceburg with the help of his two hunting dogs that brought the big cat to bay.

Both Miller and Garza Sheriff Jim Pippin believe it to be the first mountain lion killed in Garza County although two were reported killed near Colorado City and one near Lamesa during deer hunting season last year.

Mountain lions are reported to be plentiful in the Davis Mountain area of West Texas and on into New Mexico. They appear to be spreading out and looking

## Dispatch out on Monday

The Dispatch will publish its annual Thanksgiving edition next Monday afternoon to assure complete delivery of the paper prior to the holiday.

The paper will be on newstands late Monday afternoon and will be delivered to mail subscribers Tuesday morning.

The advertising deadline has been moved up to Friday noon, Nov. 21.

Those with stories should phone them to The Dispatch by 5 p.m. Friday. The want ad deadline is 9 a.m. Monday. Only front page stories and weekend developments will be accepted Monday morning.

for new hunting ranges.

Miller saw the lion's tracks around one of the water tanks in the cedar breaks and canyon country of his ranch last Thursday.

On Saturday morning he was setting out salt blocks for his cattle at the same tank when he found fresh, new tracks of the lion.

He immediately forgot all about the salt. Riley return-

## Orbie Miller rites here

Funeral services for Orbie Penelope Miller, 73, of Post were held Wednesday in the Hudman Funeral Home Chapel at 3:30 p.m. with the Rev. Morgan Ashworth officiating.

Mrs. Miller died Nov. 17 in Garza Memorial Hospital. She had been a resident of Post since 1922 and was an instructor at Postex Cotton Mills.

She married T. J. Miller, Sept. 25, 1925, in Post and was a member of the Baptist Church.

She is survived by her husband; one daughter, Melba Jo. Sims of Uvalde; one son, Leon Miller of Duncanville; one brother, Agee Landmon of Lorenzo; five grandchildren and one great grandchild.

Interment was in Terrace Cemetery.

Pallbearers were Roy Josey, Donald Windham, Kenneth Bullard, Corky Bullard, Alton Clary and Wayne Carpenter.

ed to the ranch house and got his 45 revolver and his hunting dogs.

He put the dogs on the lion's trail at the water tank where he had found the tracks. The dogs trailed the lion half a mile to where they found the lion feeding on a 10-point whitetail buck deer he had apparently killed a couple of days earlier.

Riley fired at the lion and hit it in the chest, although he didn't find this out until later. The lion ran with the dogs in pursuit. Miller tried to keep up with the lion and dogs but was falling behind until he realized the lion was moving in a circle back toward the deer upon which it had been feeding.

The dogs ran the mountain lion back to the bluff and brought it to a standstill under the bluff.

Riley climbed on top of the bluff and fired one shot down at the mountain lion, (See Big Lion, Page 14)

## Community thanks service Tuesday

The Post Ministerial Alliance is sponsoring a Community Thanksgiving Service at 7 p.m. Tuesday, Nov. 25, in the Holy Cross Catholic Church.

The message of Thanksgiving will be brought by the Rev. Morgan Ashworth, pastor of the Calvary Baptist Church.

Everyone is invited to attend this service of thanksgiving.

## PHS musical due Saturday

"Your're a Good Man Charlie Brown", the all school play sponsored by the Speech and Drama Departments of Post High School, will be presented to the public Saturday night, Nov. 22 at 7:30 p.m. in the primary auditorium.

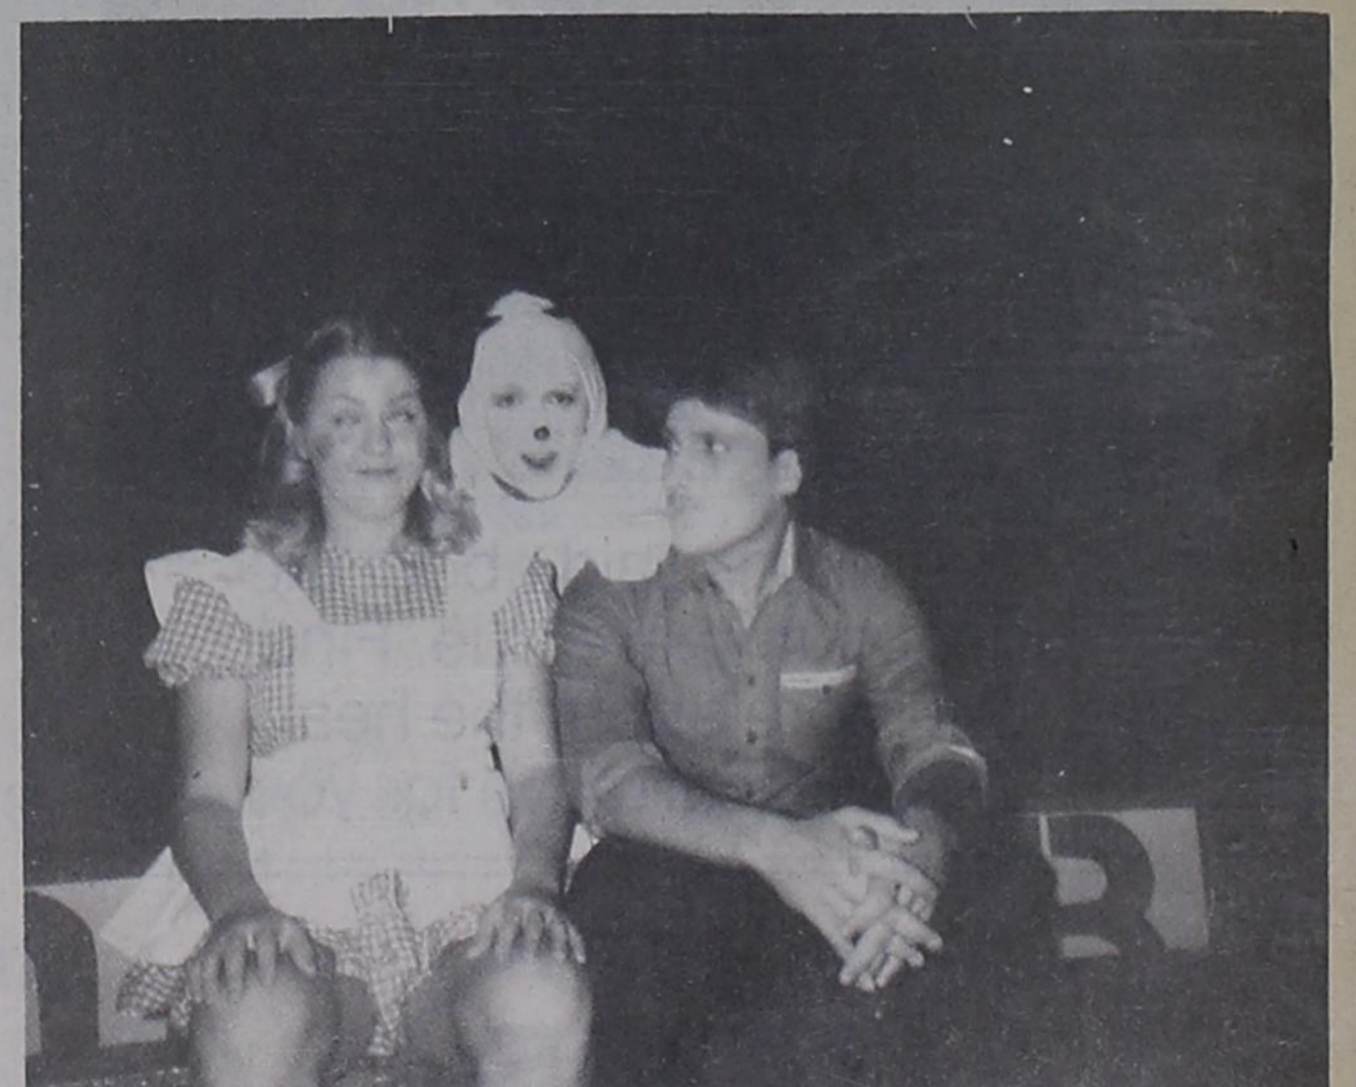

Starring in the leading role is Benny Jackson as Charlie Brown with Lillian Cendalski as the heartless Lucy. Jimmy Ticer also displays a lot of talent as the incredible Beagle, Snoopy. Other cast members include Jack Rylant, Gail Scott and Mark Stark.

A total of 36 students are involved in the production including the lighting crew, set, make-up and props.

Tickets are now on sale by the cast and crew members with reserved seats selling at \$2.50 and regular seats for \$2 for adults and \$1 for students.

The public is cordially invited to come out and support this production for an entertaining evening of fun.

Miss Candice McConnell, speech and drama teacher at Post High School, is director for the production.

**CRABBINESS SURVEY** — Lucy, played by Lillian Cendalski, is shown here with Snoopy, played by Jimmy Ticer, center, and Charlie Brown, portrayed by Benny Jackson, in a scene from the all-school musical, "You're A Good Man Charlie Brown" to be presented Saturday night. (Staff Photo)

## Financing doctors too

Garza Memorial Hospital has embarked on a plan to finance the training of its own registered nurses with the RNs paying off their obligations by working on the nursing staff for several years.

This is a proven program which already has been successfully applied by many hospitals as a way to solve the current nursing shortage.

Hospital directors here while currently earmarking hospital funds for the nurses' training are hopeful that local donors will soon start making gifts to their nurses' training fund.

Cogdell Memorial Hospital in Snyder is going this nurses training program one better. They are providing financing for the training of physicians the same way with the physicians paying off their obligations by serving a number of years on the hospital's medical staff.

That might be something to consider

here as Garza Memorial has had to ante up a sizable investment to attract a physician to Post from overseas.

The Snyder hospital pays all tuition and fees and \$1,500 every three months for living expenses. Currently, they have six medical students, some already in residency, in the program which has begun seven years ago.

Only one of the six is from Snyder but the other six all are from West Texas. The hospital isn't out any expense either as the hospital auxiliary sponsors the physicians' scholarship fund by holding all kinds of fund raisers to bring in money. The hospital then gets as many medical students into the program as the scholarship fund can afford.

Maybe this is something for our hospital to look into and even experiment with on a smaller scale. It's innovative, but it sounds practical because financing a medical education is often times the hardest part of gaining a medical degree.

## Overlooked amendment

Buried among the millions of words written in the last week about the surprising presidential election outcome is the overlooked fact that the swing to conservatism may give the constitutional amendment for a balanced federal budget a boost.

The amendment requiring Uncle Sam to balance his books except for specific emergencies needs passage by just four more state legislatures.

The conservative swing may provide just the boost at the state level to secure passage of the amendment.

We can't think of anything which would do more to give some balance to our economy than a continually balanced federal budget. Uncle Sam has overspent his income by billions of dollars 19 out of the last 20 years.

It will be interesting to see if the vote last week which propelled this amendment through to passage.

If so, it will be to America's long range benefit probably more than all president-elect Reagan can accomplish in the next four years.

## Today's the Smokeout

Today is the Great American Smokeout. That's the day all the cigaret smokers who want to quit smoking try together to suffer through the first day without lighting up.

This is based on the promise that in union there is strength.

The annual Smokeout was started some years ago as a means of tempting smokers to quit for a day. Then they can decide the next day whether or not it is worth it.

How successful the Smokeout has been is problematical. There are no figures on the number who quit each year because of the Smokeout. There may be some smoker polls on the subject, but if there are we don't know about them.

There is enough scientific evidence today that smoking may be hazardous to your health. In fact, you'll read that on any package of smokes you buy.

But it is difficult for any smoker who has quit to talk any regular smoker into it. The main ingredient into stopping a bad habit is the will of determination to quit.

The Great American Smokeout offers smokers the opportunity to quit for a day and sort of test their ability not to light up. At least smokers ought to try it once a year — and maybe they will convince themselves further effort is worth it.

If not this year, maybe next year — or the year after that.

"HELLO, MOM—I MADE THE TEAM!"

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

**AUSTIN** — As the swirling dust began to settle following Election Day results, the Texas Legislature got down to business last week preparing for Jan. 13 . . . opening day of the next session.

Despite the facelifting voters put on the national scene, the Legislature's complexion remains much the same as last session, and the basic issues are still around: how much will the state spend and where it will get the money?

The cost of state government in Texas is not excessive. While the average American spends \$3 a year to support his state legislature, the average Texan pays only \$1.20.

In Texas, it's the cost of local government that really hurts taxpayers: paying for city and county governments and shelling out for school districts. Revenues are collected by local governments mainly through the tax on property: houses, land, cars, etc.

For the past ten years, taxpayers have watched their property taxes increase annually, because that is the only way local governments can raise the extra dollars needed to combat inflation.

### Property Tax Reform

One of the Legislature's jobs this session will be to find a suitable alternative to the used-up property tax. If other taxes are raised (sales tax, gasoline tax, etc.), then already suspicious voters may launch another tax revolt, unless their property taxes are lowered simultaneously with any other tax increase.

Once again, the man who has been trying for seven years to reform property tax laws will be expected to lead some of the new reform, State Rep. Wayne Peveto, D-Orange. The controversial Peveto Bill of last session, which created single tax appraisal districts, was accepted quietly in some cities and raised a furor in others. Obviously, it has kinks which need to be worked out, Peveto believes. He and his Senate cosponsor, Grant Jones of Abilene, especially want to lift the tax burden on homeowners.

### Clements' Program

Republican Gov. Bill Clements, facing a still-Democratic Texas Legislature, will go ahead with his program for a wiretapping bill, initiative and referendum, and a regional presidential primary. Clements apparently is seeking a sponsor for the wiretap bill, but the recent Brilab case, in which Speaker Bill Clayton was tape-recorded without his knowledge, has made legislators much more aware of its potential abuses.

### Five-State Primary

A proposal for a five-state presidential primary may find more enthusiastic support, since it has the support of Clements, Clayton and Lt. Gov. Bill Hobby.

The Southwestern primary, including Texas, New Mexico, Oklahoma, Arkansas and Louisiana, is designed to give this region maximum political clout during presidential election years.

Under the regional concept, all five states would hold a binding presidential primary on the same day, probably in March. In this manner, attention would be focused on the Southwest region. Presidential candidates would come early to put their issues to the voters. Not incidentally, it would also bring millions of campaign dollars to the region.

### AG Opinions

In legal opinions issued last week, Atty. Gen. Mark White ruled:

—Conviction of the offense of involuntary manslaughter does not result in automatic suspension of a driver's license, but may result in discretionary suspension of said license.

—A state-chartered credit union may be licensed under Texas law, but may not charge interest rates in excess of rates authorized by state law.

—Section 36.10 of the Texas Business and Commerce Code requires an assumed name certificate to state the name and address of each participant in a partnership or joint venture. Although the county clerk is not required to verify the accuracy of a certificate, he may refuse to file one which is defective on its face.

## Remember When

### 10 YEARS AGO

24,000 to 26,000 bale harvest is predicted for Garza's cotton; Big downtown tree in Christmas plans; United Fund tops its \$10,500 goal; Archeological exhibit wins first at Midland, Indian Burial site; Bank deposits on increase here over last year; Boo Olson elected president of Post Art Guild; Lopes seeking first district win against Frenship; Floydada coach halts game here, waves team off the field at halftime; Post loses thriller to Mustangs, 46-28; Funeral held for Wood Byrd of Clairemont; Vic Slater, Postex Plant manager, is presented sustaining membership by Texas Historical Foundation; Rites held for Mrs. H. M. Ford.

### 25 YEARS AGO

City Supt. Henry Tate in Austin to attend a meeting at which plans for the annual short school, sponsored by the Texas Water Works and Sewage Association, will be made; Mr. and Mrs. Thurman Maddox announce birth of a daughter, Nancy Rea; Mr. and Mrs. A. H. Nelson observe their 50th wedding anniversary; Western Auto holds its grand opening.

### Two Southland wildcats set

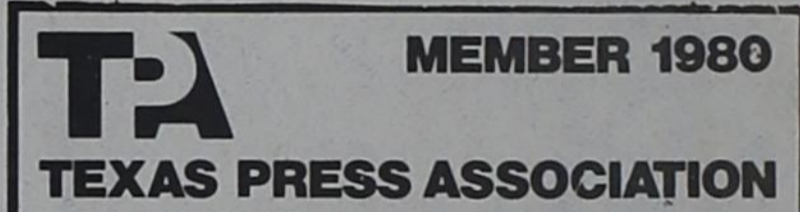

The Jon Melton Drilling Company plans to drill two deep wildcats east of Southland.

They are the No. 1 Klaus, a half mile east, and the No. 1 Pope, seven miles east. Each will be drilled to 9,000 feet.

Another location announced over the weekend is Kerr-McGee Corp.'s No. 2 R. E. Swenson in the Swenson-Barron field, 24 miles northeast of Post. It will be drilled to 8,000 feet.

### FIRST ALCOHOL PLANT

**CROSBYTON** — The first commercial alcohol plant in West Texas has been completed three and one-half miles south of here and will have a capacity of 50 gallons of fuel per hour. Seven Crosby farmers and one local businessman are financing the plant.

Anywhere Else in U. S. \$8.50

## Four towns to vote on water

**TULIA** — The four town of Tulia, Floydada, Lockney and Silverton will vote Saturday, Nov. 22, to authorize \$2,350,000 in general obligation bonds to fund construction of the water supply facility at Mackenzie Reservoir.

All four towns must approve the bond issue for it to pass.

If one turns it down, the bond issue is lost and Silverton is expected to immediately proceed with a big underground water project because Silverton has the most immediate water needs.

Another reason for the "now or never" tag on the Saturday election is that Farmers Home Administration has committed a million dollar grant to the project if the bond issued carries and the \$14 addition million dollar low interest rate revenue bonds must be acted upon.

A person who eats a warm, nourishing breakfast before driving to work is less likely to have an accident on the way.

## It's True.

"I built a new home about two years ago and decided to use the heat pump because it is energy efficient. Number 1, I like the idea of electric heating and air conditioning because it's cleaner. The heat pump system is clean and I like to maintain a place that stays clean. My walls stay nice, my draperies stay nice and I don't have lint everywhere . . . and I've had other systems where I did have that problem. The heat pump is great because it is clean . . . we've been very satisfied with it."

Lynnda Harrison Cooper

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

## Public Notice

**NOTICE TO BIDDERS**  
The Commissioners' Court of Garza County will receive bids until 10:00 a.m. November 24, 1980 for the lease of the Oil and Gas exploration of the streets and alleys of Justiceburg, Garza County, Texas.

The Commissioners' Court of Garza County reserves the right to accept or reject any or all bids. tfc 11-13

**NOTICE OF INTENTION TO ACCEPT BIDS FOR OIL AND GAS LEASE**  
Notice is hereby given that the City of Post, Texas will accept bids on the following described property:

149.7 acres in South part of Section 2, Blk. 5, K. Aycock Survey, City of Post Airport.

The term of the lease shall be for not more than 3 years from the date of execution and approval of same.

Bidding shall be by open bid, and the same shall be received by the City Secretary or the City Manager of the City of Post, Texas, up to and including 5:00 P.M., December 8, 1980. Bids will be opened at 7:30 P.M. on December 8, 1980 and such lease shall be awarded to the highest and best bidder submitting a bid, therefore, provided that if, in the judgement of such governing body, the bids submitted do not represent the fair value of such lease, at that time, such government body, in its discretion, may reject all of said bids and again give notice and call for additional bids.

Wanda Wilkerson  
City Secretary tfc 11-13

**NOTICE TO BIDDERS**  
The City of Post will accept bids for lease of 69.13 acres of land identified as B112, Garza County A.S.C., 45.4 acres consisting of lake pasture, located West of Post.

Bidding shall be by open bid, and the same shall be received by the City Secretary or the City Manager of the City of Post, Texas, up to and including 5:00 P.M., December 8, 1980. Bids will be opened at 7:30 P.M. on December 8, 1980.

The City Council reserves the right to reject any and all bids and waive formalities.

## Woman facing felony charge

Alice Jo Vargas of Post was in county jail Wednesday facing a felony charge of unauthorized use of a motor vehicle.

She has been unable to make \$5,000 bond pending grand jury action.

She is charged with taking Elvin Loper's Oldsmobile from the parking lot of Western Danceland and abandoning it on the Wilson highway.

LUBBOCK — Texas farmers and ranchers by the thousands from about mid-November to early January will be receiving crop or livestock questionnaires from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. And a high percentage of the questionnaires will be received by farmers in the 25 High Plains counties represented by Plains Cotton Growers, Inc.

That's why Joe D. Unfred of New Home, current PCG President, is urging that all farmers complete the questionnaires as accurately as possible and otherwise cooperate with TCLRS in every way.

The information gathered through the questionnaires and interviews provides the basis for determining final acreage, yield and production of crops and end-of-the-year livestock and poultry numbers for the state of Texas and for each county.

All of the estimates published by TCLRS are based on the data provided by Texas farmers and ranchers, county Extension Agents, ASCS offices and many others in agriculture. This cooperation provides the necessary data which is then returned to the farmers and ranchers and others in the form of estimates.

"Statistics sometimes make for pretty dull reading," admits Unfred, "but they are essential to producers seeking to make production and marketing decisions based on sound information rather than mostly guesswork."

Estimates also are needed by farm organizations and legislators in promoting, planning, and enacting wise legislation and are used in establishing acreages and payment levels to producers under the various commodity programs. "And the more conscientious farmers

## Technology In Our Lives

Modern-day miniaturization can make a big difference in our health and comfort tomorrow and today.

One thing that may help some people feel better tomorrow is an artificial heart. Scientists have been researching the possibility of a totally implantable nuclear powered heart. Experiments have been conducted by the Harvard Medical School under the sponsorship of the National Institute of Health. While still very much in the research stage, such an artificial organ may be available in the next century.

Space-age technology has led to electric razors that can, men say, shave as close as a blade—and make shaving something to smile about.

Something that makes people feel good today is a new kind of electric shaver, the Remington Micro Screen. It features an electronic solid-state built-in charger, two ultra-thin micro screens and 120 cutting edges. And the Remington Micro Screen is guaranteed to shave as close as a blade or your money back.

It could be one close shave many men are glad to get.

Today, mini-computers are found in thousands of different places—small businesses, homes, schools, plants and warehouses. But now that the computer is out of the sanitized computer room, particles of dust so small you can hardly see them can affect its performance.

# How to spend without worry.

Buying the things you want makes you feel good. But spending that "little extra" you should be saving makes you feel guilty. And you worry.

One answer is to buy U.S. Savings Bonds through the Payroll Savings Plan. They'll take out that "little extra" from each paycheck for Bonds.

You're automatically saving the amount you want to save, without ever seeing it. So you can't spend it. You won't even miss it. But you can spend what's left of your pay (after bills) without feeling guilty. Without worry.

When you put part of your savings into U.S. Savings Bonds you're helping to build a brighter future for your country and for yourself.

# Camp-DeVinny vows said in Presbyterian church

Carol Ann Camp of Houston, Tx. and Jonathan Lewis DeVinny of Bedford, Tx. were united in marriage in a double ring ceremony held Saturday, Nov. 15 in the First Presbyterian Church in Post. Dr. Thomas Pass performed the ceremony.

The bride is the daughter of Mrs. Shelley E. Camp and the late Mr. Camp, and the groom is the son of Mr. and Mrs. Victor F. DeVinny of Toms River, New Jersey.

The bride, given in marriage by her brother, Roger Camp of Hartsdale, New York, wore a gown fashioned of candlelight silk satin and reembroidered alencon lace. The bodice and long tapered sleeves of lace were encrusted with pearls. Her chapel train of silk satin cascaded from the empire waist. Her veil of imported illusion was caught by a Juliet cap of reembroidered alencon lace.

Matron of honor was Mrs. Laura Kay Peyton of Vicksburg, Mississippi. She wore a gown of royal blue velvet with long tapered sleeves and a Queen Anne neckline.

Best man was Bill Williams of Arlington, Texas.

Flower girls were Misses Sarah and Stephanie Camp, both nieces of the bride, of Hartsdale, New York. Ushers were Steve DeVinny, brother of the groom of Maplewood, New Jersey and Mark Durbon of Richardson, Tx.

Wedding music was provided by Mr. William Hartwell of Lubbock, singing, "Jesu, Joy of Man's Desiring", "God Be In My Head" and "The Lord's Prayer" accompanied by Mrs. Boo Olson of Post.

A reception followed in the Post Community Center. Members of the house party were Mrs. Kaven Conuskey, Mrs. Barbara Martin, Mrs. Ann Adams, Mrs. Wendy Hefer, Mrs. Buena Boucher, Mrs. Ruby Kirkpatrick, Mrs. Zoe Kirkpatrick, Mrs. Patty Kirkpatrick, Mrs. Geneve Birdwell, Mrs. Nancy Birdwell, Mrs. Jeri Lott,

## Xi Delta Rho plan sale

Xi Delta Rho met Monday, Nov. 11 in the home of Nancy Shaw and heard a program by the hostess on Lebanon, Jordan and Israel. A baked sale to be held November 22 at United Super Market and Wacker's was discussed during the business meeting.

A Thanksgiving social will be held in connection with the next meeting, Monday, Nov. 24 in the home of Joyce Teaff.

Members present were Kay Hays, Christi Morris, Susan Cardinal, Johnnie Francis, Lois Kennedy, Margaret Price, Nancy Shaw, Janis Smith, Joyce Teaff, Phyllis Bennett, Karen Pennell and Betty Curry.

Mrs. Nelda Dalby, Mrs. Wanda Mitchell, Mrs. Pat Thompson, Mrs. Lee Thompson, Mrs. Louise McCrary, Mrs. Mary Prather, Mrs. Ruth Ann Newby and Mrs. Minnie Williams.

Following a wedding trip to San Juan and St. Croix, the couple will reside in Bedford, Tx.

The bride is a former resident of Post and was graduated from the Univer-

sity of Texas and is employed by Ramscher Pierce Resfnes, Inc.

The groom is a graduate of Columbia High School of Maplewood, New Jersey. He was graduated from Western Michigan University and is employed by SWF Machinery.

Grandparents of the bride are Mrs. Bernice Camp of Sherman, Tx. and Mrs. Ruth Duckworth of Post.

MRS. JONATHAN DEVINNY (Carol Ann Camp)

## What's Happening in Home Economics

By MRS. CHERYL WALKER  
County Extension Agent - Home Economics

Guess who's not coming to Thanksgiving dinner. The "Food Spoilers."

You can be sure the "Food Spoilers" won't show up if you plan carefully.

Decide how many people you can safely serve, and how much time it will take to prepare the food.

Don't try to feed more people than you can handle. Consider the size and quantity of the cooking equipment needed as well as the supply of eating utensils and dishes.

Figure out how much refrigerator space you'll need to store foods.

Plan for this large gathering to ensure a safe, fun and appetizing meal for the guests.

Then follow the "Battle Plan on How to Fight the Food Spoilers".

That will ensure you a Thanksgiving dinner without the notorious "Food Spoilers."

When shopping for food, pick up meat, poultry, and dairy items last; get them home and into the refrigerator or freezer promptly. Never buy food in leaking,

bulging, or severely dented cans, cracked jars, or jars with loose or bulging lids.

Maintain refrigerator temperature at 35 degrees and freezer at 0 degrees F or lower. Check frequently to be sure.

Thaw meat and poultry in the refrigerator or, for faster results, in a watertight package under cold water.

Wash hands before preparing food. After handling raw meat or poultry, wash hands before touching other foods or food surfaces.

Wash utensils, containers, and work surfaces before and after they come into contact with raw meat or poultry.

Always keep hot foods hot and cold foods cold until served.

Refrigerate leftovers promptly.

When the rear of your car starts to skid, it's important to make steering corrections promptly. If the rear has swung around more than 20 to 25 degrees there's little chance of recovery.

## Amity Study Club meets

Amity Study Club members met in the Woman's Club House Tuesday, Nov. 11 with 17 members in attendance.

"Democracy and the Free Enterprise System" was the program theme for the meeting and was presented by Rhonda Alford. She gave the meaning of the free enterprise system in our country and showed a film on the American Enterprise followed by a group discussion and followed by question and answer period.

Hostesses Sue Shytle and Janie Davis served refreshments to members, Alford, Linda Linn, Thelma Clark, Iva Hudman, Judy McAlister, Carolyn Sawyers, Ida Jones, Helen Miller, Margaret Bull, Janie Middleton, Anne Leake, Janet Peel, Marion Wheatley, Joy Pool, Joy Dickson and Boo Olson.

## Wedding to be Friday

By MISTY WEST

Our Teacher, Miss Landers, is getting married the 21st of November, and her groom will be Tom Marrier. We would like to give her our congratulations, and tell her she picked a nice groom.

She will be getting married at the First Methodist Church in Post, Texas.

We would also like to thank her for inviting her Language Arts students. Congratulations, Miss Landers and Tom!

## Yule renovation program given

"Renovating Old Christmas Decorations" was the program for the Green Thumb Garden Club when it met in the home of Thelma Epley, Thursday, Nov. 13. The program was presented by Maurine Hudman.

Hostess, Epley, served refreshments of cake, sandwiches, mints, spiced tea and coffee to members, Maurine Hudman, Alma Williams, Iva Hudman, Sybil Cockrum, Martha McClendon, Mary Martin, Marjorie Compton, Irene Mitchell, Ida Jones, Jewel Taylor and Epley.

## Gift Ideas

Give and Ye Shall Receive  
"Tis better to give than receive"—but it's still a pleasure to receive!

Some gift givers who choose a camera as a holiday present this year will receive a bonus from the manufacturer: a special rebate.

A gift that's twice-blessed: give a camera, get a rebate!

A \$25 rebate is being offered on the purchase of the Minolta XG-1 35mm single-lens-reflex (SLR) camera.

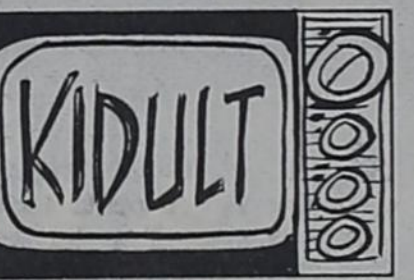

Buyers can get a rebate coupon at the photo dealer where they purchased the XG-1.

The Minolta XG-1, with automatic electronic technology, makes it possible for first-time camera users to achieve professional results simply by focusing and shooting.

## Births

Mr. and Mrs. Jess Knight of Justiceburg announce the birth of a son, Cjell Edd, born Thursday, Nov. 13 at 5:32 p.m. in Lubbock's Methodist Hospital and weighing 8 lbs., 8 1/2 ozs. Grandparents are Mr. and Mrs. Riley Miller of Justiceburg and Mr. and Mrs. Jess Knight of South Dakota.

Mr. and Mrs. Javier Chapa announce the birth of a daughter Erika Yajaira, born November 17, at 11:33 p.m. weighing 5 lbs. 4 oz. The baby was born in Garza Memorial Hospital.

Some television shows are slanted to attract both children and adult viewers. If you're a grown-up who enjoys such programming, you'll be happy to know that to TV execs, you're a "kidult."

## Huntley Nursing Home News

SNOW, SNOW AND SNOW. What did you think of the snow? Our residents had much to say about the snow. William Brookshire said he was glad to see it and wish it would snow that much more. Bonnie McMahon said she thought it was nice and we really needed it. Grace Jobe said she thinks it grand and that she loves snow. Nettie Barrows said it's going to plant a seed that we won't forget and her son-in-law needed it because he raises cattle and plants wheat. Ida Stewart said she thinks it's messy and the Ike Brown's said they thought it was pretty. Iva Sanders said she liked to see it fall. Mary Caywood said she thinks it's nice. Henrietta Nichols says it is just what she ordered. Jeffery Huntley and Dennis Huntley said it was clean, pretty and refreshing. Emma Jones said she doesn't like it. Frances Nalls, Director of Nursing says she thinks it is fun to play in if she had time and she intended to make some time for just that. Willie B. Sullivan said it was pretty but she was glad she didn't have to be out in it. Cordelia Stewart said it was nice. Estelle Samson thought it was pretty and wished she could play in it. Jessie Camp said she didn't like it at all and Willie Duncan said she thought it was rough. Mr. Huntley said he loved it.

Sunday Devotional was brought to us by the First Christian Church. We enjoyed the service. Mrs. Frank Pickett and Ruby Kirkpatrick served us cake and punch. We look forward to seeing them again. Bingo time was fun with Elizabeth Hubble filling in as Social Activity Director. The drapes were pulled wide so we could see the snow while we played. Winners were Ike Brown, Ida Stewart, Grace Jobe and Lucy Clary. Grand Prize winner was Winnie Henderson. Thank you Elizabeth.

Out thanks to the VFW

Ladies for the party they gave us. Jo Ella Sparlin and Dink Boren brought us pink pineapple punch, brownies, banana cake and chocolate cupcakes. We really had a sweet table. This is a monthly event with this organization. Lillie McRee was given a crochet puppy and a pin for her birthday. We are indeed grateful to this group.

Welcome to our new resident, Mr. Mitchell Malouf. We are happy to have him at our home.

We want to thank Rosa Boucher for the new exercises she introduced in our morning exercise classes. This class is very helpful for all of us.

Our thanks this week go to all our residents who are so helpful and kind to each other. They really make our home a home. Our special thanks this week to William Brookshire for his help.

## Mrs. Richards to head club

Helen Richards was elected president of the Close City Extension Homemakers Club when it met in the home of Annie Laura Francis, Tuesday, Nov. 18 at 2:30 p.m.

Other officers elected were vice president, Faye Payton, reporter, Ruth Young; secretary-treasurer, Linda Malouf and council delegates, Thelma Epley and Virginia Custer and Hooter Terry is alternate.

Roll call was answered with "A Holiday Tradition".

The program on "Christmas Decorations" was presented by Extension Agent, Cheryl Walker to seven members and one guest.

Plans were also made for the annual Christmas party.

ATTENDS BIRTHDAY

Carrol Davis of Wilcox, Ariz., flew in Monday to attend his mother's birthday luncheon. Dee, Trina and Monti Davis of Littlefield came down for the day to be with their dad and attend the luncheon for their grandmother.

Airplanes now on the drawing boards are going to be more complex, and will probably operate in a significantly more complicated—and more crowded—air traffic environment. Yet, in approving their safety, the Federal Aviation Administration will apply old standards.

# Slaton edges Post 21-20 in 'wild one'

## Lopes in lead until 2nd half

A blocked conversion kick was the scoreboard difference between Slaton's undefeated 4AAA champions and Coach David Thompson's scrappy Lopes in Slaton's Tiger Stadium last Friday night as the Tigers came from behind in the second half for a 21-20 triumph.

The large contingent of Post fans stood and applauded the Lopes at the end of the game for their best performance of 1980 in this traditional rivalry which wound up the regular season for both clubs.

The Lopes jumped in front in the first 85 seconds of the game and led all the way until midway in the third when the Tigers marched the second half kickoff back for a touchdown and took the lead on a two-point conversion pass.

Although both teams threatened repeatedly in the fourth quarter there was no more scoring.

The Lopes defensive unit held the Slaton ground attack only once the entire game on downs, but they forced three fumbles and came away with two pass interceptions to keep the Lopes in the thick of it to the game-ending gun.

That found the Lopes on the Slaton 30 after moving 49 yards in the final 42 seconds.

Michael Whaley, Slaton's tailback swiftie, darted for 202 yards on the ground and caught a 20-yard pass as the Tigers rolled up 316 yards on the ground and 63 more in the air for 22 first downs.

The Lopes didn't do bad for themselves either, though unable to match the consistent rush of the big Slaton team. They had 133 yards rushing, 137 more passing as Quarterback

Drew Kirkpatrick completed 8 of 12 tosses, for 270 yards offense and 16 first downs.

That didn't count over 100 yards return yardage, most of which came on the first two Lope kickoff returns which carried the ball into Slaton territory and set up the first two Post touchdowns.

The Lopes had their turnovers too, losing the ball twice on fumbles in their scoreless second half and twice on interceptions, one of which came in the Slaton end zone to halt a touchdown drive.

Quarterback Kirkpatrick was Post's leading ground gainer with 58 yards in 11 carries, one of them being a wild scramble across the field for a 21-yard gain.

Tailback Alonzo Luna had 48 yards in 19 carries, 12 of those yards coming on his two touchdown runs.

The wildness of the offensive show is best illustrated by the fact the two teams punted the ball for a total of only three times all night.

Mark Holly didn't have to kick much, but in his last game as a senior he proved himself to be the district's best kicker. His first high 45-yard kick had enough hang-time to permit the Lopes to hit the Slaton safety immediately, causing a fumble and setting Post up with their final touchdown on the Tiger four-yard line.

Here's how the game went: Luna returned the game-opening 47 yards to the Slaton 43. On the first scrimmage play, Kirkpatrick passed to End Bill Black for 38 yards and a first down on the Slaton six.

**OPENING KICKOFF** — Tailback Alonzo Luna (No. 40) took the game opening kickoff at Slaton Friday night and raced past midfield before being forced out of bounds as the fired-up Lopes head the district champion Tigers into the third quarter. Other Lopes in picture are Center Benny Kennedy (No. 52), Guard Kevin Craig (No. 65) and tackle Mike Anthony (No. 76). (Staff Photo)

Luna plunged across from the one on third down and Gary Lamb kicked the extra point with 10:35 left in the quarter.

Slaton came back with a 72 yard ground drive, most of it on Whaley's running, with Fullback Jesse Titus plunging across from the one. Titus kicked the point and it was 7-7 with 3:59 left in the quarter.

On the kickoff Drew Kirkpatrick returned 56 yards with Titus forcing him out of bounds on the Slaton 34.

From there Kirkpatrick and Luna alternated running the ball with Luna taking a pitchout and tight-roping 11 yards down the right sideline for the touchdown. Again Lamb converted.

Only 1:18 was left in the quarter but Slaton didn't need all of it to reply again with their second touchdown. Titus took the kickoff to the Tiger 43. On the first scrimmage play Whaley found a hole at right tackle,

cut back to his left across the field 57 yards for the td.

Titus was wide right on his conversion kick and Post still clung to a 14 - 13 lead with 59 seconds left in the quarter.

The Lopes were held after taking the next kickoff. Holly punted 45 yards from the Post 40 to the Slaton 15 where the punt receiver fumbled when hit and the Lopes swarmed over the ball on the Tiger four.

Kirkpatrick got three, Luna was stopped and then Kirkpatrick pitched out to David Foster who scored standing up with 8:42 left in the second. The Tigers then came with an allout rush and blocked Lamb's conversion try on the play which later proved decisive.

The Tigers marched 69 yards from their 10 before Titus fumbled the ball away on Post's 21.

Back came the Lopes to drive 52 yards to the Slaton 27. On first down Kirkpatrick was intercepted to halt the first of four deep Lope

thrusts during the remainder of the game.

Lamb picked off a long Slaton pass by Tiger quarterback Kevin Johnston on the Post 20 and returned to the Lope 27 with 1:33 left in the half.

Then came a spectacular play which the officials apparently miscalled. Kirkpatrick passed to Holly who lateraled wide to Luna and Luna raced on to the Slaton 28 before being dragged down.

An official ruled the lateral was thrown forward, although from the east press box the pass appeared to be tossed three yards back to Luna.

That brought the ball 39 yards back to the Post 33. Kirkpatrick then hit Russell Fluit for 20 and 15 yard completions, which mixed with a 15-yard personal foul penalty on Slaton moved the Lopes to a first down on the Tiger 20.

A screen pass to Foster lost a yard and Kirkpatrick scrambled for four to the 17

after being unable to find a pass receiver as the half ended with Post leading 20 to 13.

Slaton drove 53 yards from the second half kickoff in 10 plays for the final touchdown of the game with Whaley plunging over from the one.

Disdaining a tie, the Tigers went for the two point conversion and got it on a pass from Johnston to Troy Moses in the end zone for the winning margin.

After the Slaton touchdown, the Tigers held and forced Holly's 51 yard punt which rolled to the Tiger two.

A few plays later Slaton quarterback Johnston fumbled the ball away on the Tiger 29.

Kirkpatrick was incomplete on his first throw. On his second, the Tiger defender behind Luna out-jumped the Lope tailback for the ball and intercepted in the Slaton end zone for a touchdown.

The Lopes forced the only Tiger kick on the first play of the fourth period which the Lopes returned to their own 48. The Lopes drove to a first down on the Slaton 23 where Luna fumbled and the Tigers recovered on their own 21.

Whaley left the game on Slaton's first running play and did not return after being shaken up on the tackle.

Slaton ate up a lot of clock by driving 71 yards of the Post eight but Drew Kirkpatrick intercepted a fourth down Johnston pass on the goal line and brought it out to the Post 14.

After one first down, the Lopes fumbled the ball to Slaton on Post's 25 with 2:36 left in the game. Slaton managed a first down to the 14 but in three plays were pushed back to the 21 from where Titus missed a 31-yard field goal.

There were only 42 seconds left in the game at that point. A run and a Kirkpatrick scramble after trying to pass got a first

## 103 yards for Irving Price—7th graders edge Slaton, 14 to 12

The Post 7th graders pulled out a 14 to 12 victory over Slaton last Thursday night in the season's finale for both teams.

Slaton scored on a 63-yard run on the second play of the game.

In the second period, Post drove 55 yards in 10 plays with Keith Hart going seven yards up the middle for the touchdown. A try for the extras failed.

Slaton got its other touchdown on the final play of the third quarter after a 50 yard drive. Post held the home club on its two-point conversion effort to try and knot the game.

Neither team could reach paydirt in the fourth.

Price had a "100 yard night," getting 103 yards in 17 carries.

Steve Gomez had 26 yards in seven carries, Adams 16 in six, Hart seven in one, Delton Osborn two in two, Simon Salinas one in one, Greg Storie two in one, and Danny Foster one in one.

Bruce Crenshaw caught one Post pass for 22 yards. Playing good ball both offensively and defensively were David Shultz, Donny Payne, Price, James Mock, and Thomas Basquez.

# Lope, Lady Lope cagers to open Friday

## Run and shoot new Lope style

New Antelope Basketball Coach Sid Wright will introduce his brand of "run and shoot" basketball to Post fans in the high school gym Friday night when his varsity Lopes take the floor with a new system after just four practice sessions.

Coach Wright has even adopted a slogan for the Lope cagers: "We're on the way up."

The new mentor whose Class B team of McMullen Co. at Tilden, Tx., went to the state finals two years ago only to lose to Snook, had a team that year that averaged 92 points a game and scored over 100 points 13 times — the highest scoring team in Texas high school basketball.

"I guarantee the fans will love to watch this new style of play as much as the kids will enjoy playing it," Coach Wright told The Dispatch Tuesday afternoon.

Last season, Coach Wright moved up to Class A ball at Miles, near San Antonio, and took a team which was 4-20 the year before and tied for second in the district with a 16-11 record and scored an average of 75 points a game.

Coach Wright predicted the Lope team will be real competitors even though this is slated to be "a rebuilding year."

Coach Wright has 30 youngsters now in his cage program. He is in his fifth year of coaching and already has set up ambitious goals for his initial year here.

He told The Dispatch he wants to wait to discuss individual players until he has had a chance to see them work a while.

After the Coahoma game Friday night, the Lopes will play two more here Monday and Tuesday nights against Petersburg and Jayton.

players under the new run and shoot style of play. "We'll score a lot of points," he said. "I'm looking for a good year."

Obviously, Coach Wright is an enthusiastic coach. "We're here to support the girls basketball program too," he declared.

What Coach Wright really wants to do is not just to turn the boys basketball program around here, but the attitude of the fans toward basketball.

The high school teams haven't drawn well at home in recent seasons and he wants to change that. By guaranteeing a crowd-pleasing style of play, he hopes to lure the rooters back to the gym.

Looking at the schedule, Coach Wright points out that the Lopes are entered in the tough Midland tourney where players in the top schools concentrate on basketball year round.

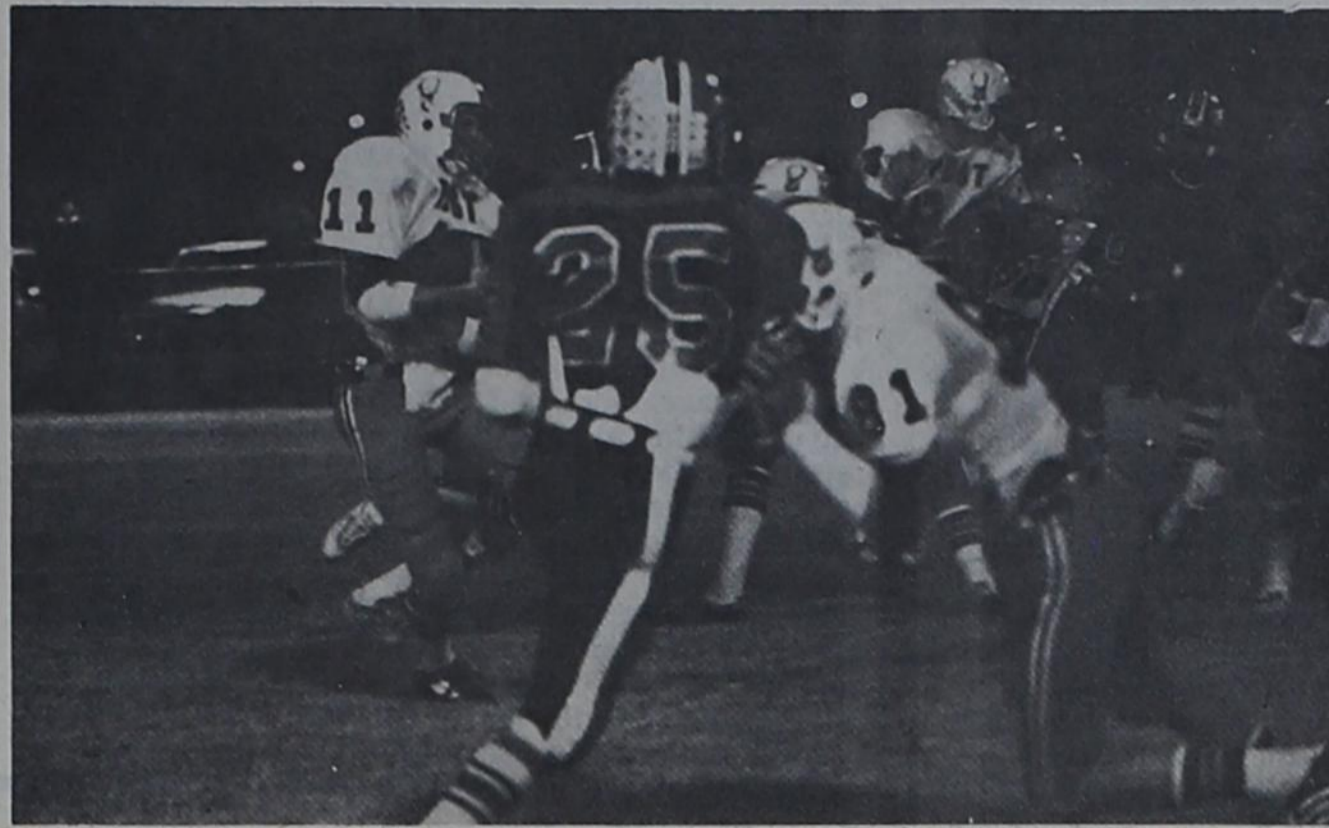

He said the Colorado City tourney also has a good bracket.

"We'll grow up at those two tourneys," he declared. "By the time the district schedule rolls around after Christmas we will be ready to play."

Coach Wright has 30 youngsters now in his cage program. He is in his fifth year of coaching and already has set up ambitious goals for his initial year here.

He told The Dispatch he wants to wait to discuss individual players until he has had a chance to see them work a while.

After the Coahoma game Friday night, the Lopes will play two more here Monday and Tuesday nights against Petersburg and Jayton.

**HEADING THROUGH HOLE** — Quarterback Drew Kirkpatrick (No. 11) returns Post's second first quarter kickoff at Slaton clear to the Slaton 34-yard stripe. Here he is shown moving through the hole created by his blockers. End Bill Black (No. 81) takes Slaton back Brent Aycock out of the play. (Staff Photo)

## Improved girls team seen

Basketball season opens in the high school gym here Friday night with both the Antelopes and the Lady Lopes, the two varsity teams, playing Coahoma with the girls junior varsity playing the 5 p.m. preliminary.

The conversion won't be as difficult for Coach Sonja Curry's Lady Lopes as it will be for the boys who only held their first basketball practice Monday afternoon.

The girls have been practicing since the first day of school last September. What's more they've played two bigger clubs in November scrimmages.

Coach Curry expects the 1980-81 club to be greatly improved over last year's team which rang up an 18-10 record for the season and tied for second in district play with an 8-4 district slate.

The Lady Lopes return six letter girls, five of them seniors, and three of them starters. Returning seniors include Marinette Hays, Luann Kennedy and Dee Dee Redman, starters last year, Amy Thuet and Holly Giddens. Jerri Baumann, a junior, is the other player to letter a year ago.

Coach Curry has named her starting five Friday night as consisting of four seniors — Thuet, Hays, Kennedy and Redman — and Doris Pringler, a freshman standout.

Remaining members of the 12-player varsity squad are Giddens, a senior; Lana Dunn, Karen Davis, and Jerri Bauman, juniors, and Norma Samora, Darla Jackson and Tina Greene, sophomores.

Pringler led local scorers in both scrimmages to earn her starting berth. She had 12 points in each scrimmage as the local team dropped a 54 to 40 decision to Ralls Nov. 1 and 50 to 45 to Snyder Nov. 11.

Hays and Kennedy each had 11 points against Snyder and Kennedy also had another 11 against Ralls.

The girls junior varsity won both their scrimmages as they edged Ralls 37 to 35 Nov. 1 with Trushell Marts scoring 16 and defeated

11 carries and Giles Dalby 33 yards in five. Brown and Sharp each had two pass catches apiece, Sharp's pair totaling 64 yards.

Snyder 34 to 27 Nov. 11 with Marts again leading the scorers with 13.

The Post freshmen girls have won their only scrimmage on Nov. 138 to 19 over Ralls with Jean Price scoring 17.

Coach Curry said both varsity scrimmages were good ones against bigger teams and she feels the Lady Lopes are now ready for game action.

She has 37 girls in her program.

The Lady Lopes will have three starts before the Thanksgiving vacation. They will play Petersburg here Monday evening, Nov. 24, and Jayton here Tuesday afternoon, Nov. 25.

They will resume their schedule after the Thanksgiving break with a game at Crosbyton Dec. 2.

"I haven't heard of anybody who wants to stop living on account of the cost," Kin Hubbard

Handing Slaton JVs first defeat—

## Post JVs win share of district title

Striking twice through the air for touchdowns, Coach Lane Tannehill's Post JV football team handed the Slaton JVs their first defeat of the season, 14 to 7, here last Thursday night to win a share of the unofficial district JV crown with Slaton.

Post's JVs finished with a 7-3 season and was four and one in district, losing to Friendship JVs here 15 to 6.

The visitors got on the scoreboard first after Post had taken the game-opening kickoff and in five plays had moved 74 yards to the Slaton 5. Most of that came on a 63-yard pass play.

But an option pitch was fumbled away on the Slaton 11 with the visitors recovering. From there Slaton marched 89 yards to their only touchdown, all on ground plays, and kicked the extra point to take a 7-0 lead.

Neither team threatened for the remainder of the first half.

Post recovered their own shanked second half kickoff on Slaton's 32 yard line to set up the locals' first tally.

After a ground play gained three yards, Quarterback Tim Tannehill passed 29 yards to Strong End Irvin Price for the Touchdown.

Slaton was offside on the first try for conversion points and on Post's second effort, Tannehill passed to Price on the same play as that scoring the touchdown for two points to put Post in the lead 8 to 7.

In the fourth period, Post added its second touchdown on a five-play 40-yard drive with Tannehill passing 19

yards to Wingback Roy Gonzales for the tally. A try for two conversion points failed.

Slaton drove 50 yards to the Post 30 in the final minutes of the game. There Curtis Clinesmith sacked the Slaton quarterback trying to pass forcing a fumble which Kenny Bullard recovered on the final play of the game.

Slaton rang up 257 yards rushing to only 35 for the Post JVs and 10 first downs

to 8 for Post. But Tannehill connected on five of 10 passes for 119 yards while Slaton gained nothing through the air and threw only once.

Slaton had five penalties for 60 yards and Post two for 10. Slaton punted 3 times for a 31 yard average, and Post five for 32.

Coach Tannehill told The Dispatch the coaches were proud of all the JVs and the job of playing they had done all season.

## Post loses 8th title to Slaton

In a game to decide the unofficial district grid crown for 8th grade teams, Slaton defeated Post 6 to 0 at Slaton last Thursday night in the finale of the season for both clubs.

The game was all defense with Slaton getting the only points on a 23 yard run off tackle.

In the fourth quarter, Post drove to the Slaton 15, but lost the ball on a fumble.

Slaton did a good job running the ball, but failed to complete any of nine pass attempts.

Fullback Alvert Nava led the Post attack with 32 yards on seven carries.

Tailback Greg Massey

was held to 18 yards on 12 carries, and Tailback Mike Ollison to 15 on four tries. Wingback Rodney Hays had seven yards on one carry.

## Hospital Notes

Those admitted to Garza Memorial Hospital since Thursday of last week were:

Lela Gordon, medical; J. C. Steel, medical, Robert Jones, medical, Maria Jimenez, medical; Santiago Gonzales, medical; Elva Chapa, O.B. and Patrick Riedel, medical.

Those dismissed were Loucille Morris, Baby Girl Castro and Rosie Trevino.

## Freshmen win title 44-28 over Slaton

The Post freshman football team won the unofficial district crown in Antelope Stadium last Thursday night by walloping Slaton 44 to 28 to finish the season unbeaten in district play.

Tailback Milton Williams rolled up 318 rushing in 18 carries and scored five touchdowns for the finest offensive game of his career to date.

All told Post rolled up 488 yards total offense for the night. The victory brought their seasonal record to 8 wins, one loss and one tie. The tie and loss were before district play began.

Post jumped into the lead in the first period and were never headed although Slaton closed the margin several times.

Williams got his first six-pointer on a 58 yard run with 6:43 left in the first to cap a three-play, 79 yard drive. Quarterback Robbie Williams passed to Charles Johnson for the two conversion points.

The visitors came right back on a 12-play drive to get their first touchdown with 4:22 in the quarter, but L.V. Harper blocked the conversion kick to keep Post in front 8-6.

With 9:30 left in the second, Robbie Williams passed three yards to James Brown to cap a 70-yard drive for the second touchdown. With 1:49 left in the half, Milton capped a 60-yard drive with an 11-yard touchdown sweep. The drive was set up by a James Brown pass interception.

Again Slaton came back with an eight-play drive for their second touchdown, making the score 20 to 12 for Post at halftime.

Slaton closed to 20 to 18 with another touchdown on a 14-play march early in the third. But with 6:10 in the third, Milton broke loose on a 60-yard run to score his third touchdown and make the score 26 to 18 for Post.

Milton then scored on a three-yard dive play with

4:07 in the third quarter to climax an 11-play, 42-yard drive set up by a Jeff Sharp pass interception.

With 2:45 still in the third, Milton got his final touchdown from four yards out after a 50-yard march.

Slaton got its final touch-

down with 3:01 in the fourth and converted to make the score 38 to 26.

With only 1:05 on the clock, Wingback Daniel Gonzales score the final td on a one yard run to top a 53-yard drive.

Gonzales had 60 yards on

# Harvest in peak volume last week

The Texas High Plains cotton harvest reached peak volume last week, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock. Most harvest equipment was in the fields and much late evening work was done.

An estimated 50 to 60 percent of the crop was off-the-stalk, Bennett said. Many gins reported seed cotton field stored in modules as harvest quickly out-paced ginning capacities.

Lubbock's office classed 125,000 samples during the week ended November 13, as the classing staff increased to 41 from 39 a week earlier. A night shift started last Monday to accommodate more classers expected soon.

The season's total graded at Lubbock approached 339,000. This compares with 117,000 classed by the same date last year.

Predominant grades during the week were grade 42 at 56 percent, grade 41 - 16 percent and grade 32 - 12 percent. About three percent were reduced one grade because of bark, according to USDA's Agricultural Marketing Service.

Staple 32 was predominant at 35 percent. Staple 31 was 26 percent followed by staple 33 at 18 percent. Average staple for the week was 32.0, up from 31.9 a week earlier.

Micronaire readings of 35-49 accounted for 73 percent. One percent miked higher while 26 percent were lower. The week's average miked at Lubbock was 39, unchanged from a week earlier.

High Plains growers sold mixed lots of mostly grades 42 and 52, staples 30 and 31, mikes 35 - 49 around 73.85 cents per pound, up about one cent from last week. Mixed lots of mostly grades 41 and 51, staples 32 and 33 mikes 35 - 49 brought about 81.80 cents up about 1 1/2 cents per pound from a week earlier.

Gins paid growers \$110 to \$125 per ton for cottonseed, mostly \$110 to \$115.

**SPUR CENSUS LOSS**  
SPUR - The second preliminary census figure received here for Spur puts the 1980 population at 1,709, which is a loss of about 200 people from the 1970 census.

**Roosevelt Scrimmage**  
The Southland High school girls' basketball teams scrimmage with Roosevelt Nov. 11.

The Varsity players won after playing three ten-minute quarters. The first quarter score was 16-14, the second quarter score 10-10, and the third quarter score 10-5. Leading scorers were Camille Wheeler with 13 points, Cynthia Wheeler with 12 points, and Sherri Alvis with 8.

The JV girls lost in two ten-minute quarters. The first quarter score was 13-8, and the second quarter score was 12-7. Leading scorer was Rosie Vasquez with 8 points.

**Junior Basketball Scrimmages**

Southland won both junior high games with Christ the King on the homecourt Nov. 10. The girls' score was 31-9, while the boys topped Christ the King 33-23.

High scorers were Lisa Nelson with 13 and Mariana with 9 points for the girls, and Dee Farquhar and Steve Ellis threw in 13 and 9 points, respectively, for the boys.

The junior varsity teams both threw in 13 and 9 points, respectively, for the

The junior varsity teams both lost close games to the Lubbock teams. The girls lost by two points, 15-13, while the boys fell 18-10. Gerenea Edward made 6 points for the girls, and Essie Mendez added 4. David Armendariz scored 4 for the boys.

**Coming Events**  
Nov. 20, picture retakes, group pictures, and basketball pictures, 9 a.m.

Nov. 21, High school basketball at LCHS, 3:30 p.m., A & B girls, A & B Boys. Last day of second six weeks tests.

Nov. 24, Junior high basketball games with New Home, home, 5 p.m., A Girls and Boys.

Nov. 25, high school games with O'Donnell, home, 5 p.m. A boys and girls and B boys.

Nov. 26, school dismisses 2:30 p.m. for Thanksgiving holiday.

Dec. 1, school resumes. Junior high games with Smyer, home, 4:30 p.m., A girls and boys, B girls.

**GAINS JUST ONE**  
CROSBYTON - According to the second preliminary census count, this community has gained exactly one person in population since the 1970 census. The new 1980 count is 2,252.

**COUNTY UP SEVEN**  
COLORADO CITY - The new preliminary census count has boosted Mitchell County's population to 9,082 persons, seven over the official 1970 census figure.

# Animal balance needed on range

**COLLEGE STATION** - One of the basic principles in managing rangeland is to balance the number of animals, both livestock and wildlife, with the amount of available forage.

Balancing the number of animals with forage produced calls for flexibility, points out Dr. B.J. Ragsdale, range specialist with the Texas Agricultural Extension Service, Texas A & M University System.

In a livestock operation, flexibility can be built into the program to help overcome drought situations where forage availability drops below the number of animals which are being grazed on a range area. A rancher can buy feed or sell some animals during times

when grazing is poor.

But what can be done about the wildlife situation? Law regulates the number of animals that can be harvested, and tradition has resulted in a predominant harvest of male animals, or bucks, in the case of white-tailed deer. Basically, deer and other large wildlife feed on vegetation, especially native plants, notes Ragsdale. As deer numbers have increased, competition for available preferred vegetation has caused food supplies to deteriorate. This has resulted in low quality deer.

Both landowners and hunters have a vital role in improving the food supply and complying with the principle of balancing the

number of grazing animals with forage production. Only through the manipulation of wildlife populations through harvest can the number of wildlife animals be brought back into balance with forage production. The other alternative of reducing numbers is through starvation.

With the 1980 hunting season at hand, Ragsdale advises landowners to consider harvesting surplus deer. A landowner can work with hunters who have leased his ranch for hunting to insure that does as well as surplus bucks are harvested. This will move the buck-doe ratio closer to the desired one-to-one and will reduce overall numbers.

While the recent drought has partially reduced the deer population, proper harvesting is important to reduce future waste, believes the range specialist.

As surplus deer are harvested, more forage will be available for remaining animals. This will improve their quality, there will be less pressure on forage plants, and rangeland and wildlife habitats will improve, contends Ragsdale.

Vision studies show that your sight distance shrinks the faster you go. At 20 miles per hour a driver can identify objects 80 feet further away than he can at 60 miles per hour.

# Diekemper in completion

Ray J. Diekemper Jr. has completed his No. 710 Northwest Garza Unit as a 11.5 barrels of oil per day producer. Drilled to a depth of 3,708 feet, it is located three and one-half miles northwest of Post.

It also produces 160 barrels of water daily from the interval of 3,732 to 3,441 feet.

A new announced Garza location is Petroleum Corp. of Texas No. 4 Rains in the Sims field, 12 miles north of Post. It will be drilled to 4,000 feet.

In a night fog headlights should be on low beam for best vision, since fog reflects headlight glare.

**YOUR FULL SERVICE BANK**

## Easy Money

... is the money that your spare dollars earn while they work for you as you worked for them.

Don't let them loaf in your billfold... or in a cookie jar... or unneeded in your checking account. Put them to work in a savings account or certificates of deposit... at today's high wages for working money.

**4.28 POUND DAILY GAIN** — Syd Conner's Hereford Bull, shown above, sets highest average daily gain of any animal of its breed ever tested at Cooke County College's Beef Cattle Evaluation Center.

## Conner bull sets daily gain record

GAINESVILLE — A Hereford bull owned by R. S. Conner of Post, Tx. has posted the highest average daily gain of any animal of its breed ever tested at Cooke County College's Beef Cattle Evaluation Center.

According to T. J. Davidson, center manager and director of CCC's Department of Agriculture, the bull recorded an average gain of 4.28 pounds over the 140-day performance testing period.

The figure is tops among those posted by approximately 200 Herefords tested at the CCC facility over the past eight years.

Delivered to the testing site at a weight of 640 pounds, the Conner bull weighed in at 755 pounds after 28 days of monitoring. Fifty-six-day, 84-day, and 112-day and 140-day weights were 890; 1,035; 1,175; and 1,240 pounds, respectively.

Total gain over the 140-day testing period was 600 pounds. Yearling weight was recorded at 980 pounds, and final figures on weights per day of age came out to 2.87 pounds.

Davidson says the performance of this bull has to be considered outstanding, but he reports that it is certainly understandable considering the animal's ancestry.

The Conner bull was sired by FL War Lord, owned by Healey Brothers of Davis, OK. This great DP Lad son had a 701-pound 205-day adjusted weight and an adjusted yearling weight of 1,217 pounds. During the

spring prior to his third birthday, War Lord's weight was up to 2,385 pounds.

Owners of the Conner bull sire report that his first drop of calves out-indexed every bull in their herd in every trait. His sons averaged \$4,700 in the last spring sale.

"This bull owned by Mr. Conner obviously seems to be carrying on this outstanding tradition," Davidson says. "His statistics speak for themselves."

Those statistics were recorded by the latest in computerized monitoring equipment at the CCC performance testing facility. The center, which tests all breeds, also boasts electronic scanning equipment for measuring fat thickness and muscle configuration in the live animal.

Persons interested in obtaining additional information about the performance testing program at Cooke County College may contact Davidson at P. O. Box 815, Gainesville, Tx. 76240, telephone (817) 668-773

## Ingenuity In Home Decor

CLEVER COLOR COORDINATION

When a room in your house needs a facelift, there can be an easy—and inexpensive—way of handling the operation with your own hands.

Instantly "decorated" walls can become a reality if you select colors and patterns from drywall paneling suppliers. These now offer precovered wall board that a handy do-it-yourselfer can install in minutes.

Many panel designs are professionally color-coordinated so that one pattern can be used on one wall and a complementary design on another in the same room. A stripe might combine with a linen texture, for example, provided both are in the same color family.

Almond Cork is a neutral texture finish for the drywall paneling from Gold Bond. Suitable for informal rooms, basements and dens, it combines well with many of the other 15 patterns offered in this manufacturer's Decorator Panels series.

There are also matching moldings for each pattern so you can quickly complete installation of the eight-foot-high panels.

Installation can be done with only basic tools, such as a sharp knife, straightedge and hammer. Each panel is only four feet wide and so is easy to handle. Free "how-to"

Complementary wall covering patterns, combined with contrasting moldings, account for the decorator look of this kitchen, paneled with precovered wallboard.

Elegant foil is also available.

literature is available at building materials suppliers and home centers.

There are many designer patterns and colors to choose. You can coordinate rooms in an entire house—and at less cost than buying separate gypsum board, wall coverings and moldings.

Once panels are in place, you have another satisfaction—that of knowing their durable finish is so scrubbable that virtually any type of stain can be removed with mild household detergents.

## THANKS

## TEEN SCENE By Norm

Hope everyone has thawed out from all the snow and your snowman turned out the way you wanted it to. The snow was quite a surprise to everyone but fun for a change. And to get to miss school for a day to boot.

The football season is over again and to the Post High Antelopes, we say Congrats to a great season and for a thrilling game to wind it all up. That was one of the most exciting games we've seen in quite some time. To the seventh, eighth, freshmen and JV, Congrats also. You all did a marvelous job.

What with football winding down, the round ball season takes over and you can see the boys and girls in action here Friday night at the gym against Coahoma. It proves to be a very exciting season but they all need your support.

The Post Middle Schoolers held a 50's day last Thursday and there were a lot of cute costumes. Tyra Alexander and Basil Reyna were awarded the prizes for the best costume. As an added tribute to the pep rally, the Oldies presented a cheer for the football teams.

Happy Birthday this week goes to Kirt Robison, Crystal Mason, Carol Holleman, Dodie Beggs, Shannon Adkins, and Tanya Bland.

Deann Ammons and Lisa Holly visited in Big Spring last weekend with Deann's cousin, the former Jana McKamie and family. They reportedly had a very good time.

You've been asking for a dance so one has been planned for next Friday

night, Nov. 28 at the Youth Center from 9 til 1. Make plans now to attend.

Running late again this week, so

Chow .....

## Texas Commission Plans Logo Contest

The Texas Sesquicentennial of 1986, Texas' 150th birthday celebration, is on the way, and all Texans are invited to the party. Preparations for the birthday are being kicked off with a statewide contest to devise an official logo -- a simple and readily-identifiable symbol, or trademark, of the Texas Sesquicentennial.

The logo contest is one of the first activities of the Texas Sesquicentennial Commission. Created by the 66th legislature in 1979, the Commission is charged to "coordinate celebrations of the 150th anniversary of

Texas' independence as a Republic and progress as a state." These celebrations will highlight the "historic, economic, cultural, environmental and social aspects of Texas."

During the planning stages of the Sesquicentennial, the Commission functions as a clearinghouse of information between state and local levels. The Commission will also work to encourage state, national, and international participation, to develop standards for sanctioning local groups, and to plan for the creation of commemorative products, such as stamps and medallions.

The Commission publishes a special newsletter of the Sesquicentennial, the *Texas National Dispatch*. The *Dispatch* is a revival of a newspaper published in the early days of the Texas Republic at Washington-on-the-Brazos, and will be available free of charge.

The contest to develop a visual symbol, trademark, or logo, of the Sesquicentennial is open to all Texans. Contest rules are as follows: (1) Only one entry per person; (2) All are eligible except Commission members, staff, and their immediate families; (3) Designs must be submitted on

CASTLE ROCK, S.D. CENTER OF THE U.S.A.

The exact geographic center of the United States is Castle Rock, South Dakota.

I would like to thank you all who were concerned in my well being in my latest sickness.

William Wilson, M.D. and his staff, Monzar Attar, M.D. and staff and Obie L. Stalcup, Jr. M.D. who did the surgery. They were all good.

Also our many friends were so nice sending flowers and gifts, letters, cards, telegrams, telephone calls and visits.

When you have so many that are so good and thoughtful you have to feel better. We also was told, The Church of Christ 108 N. Ave. M, offered prayers to God in my behalf; their efforts were appreciated.

It sure helps one to know we are not alone, we have friends, plenty.

The christian is never alone, Apostle Paul said in 2 Tim 4: 17 The Lord stood with me, and strengthened me.

We thank our children, for they are always willing and ready to help. The most of them were here, at that time, we love them every one.

My dear wife, Anna, always at my side in any encounter's we have. I appreciate her very much also, (Pro. 31; 10-12 you might read.)

And we want to thank Mr. Jim Cornish and his staff for printing our many, many thanks in the *Dispatch*.

May the Father of our Lord and Savior, Jesus Christ bless each of you.

All of the family of Sam and Anna Byrd  
All the Troop

## FASTER WAYS WITH MICROWAVES

A little southern hospitality is welcome in any part of the country. Southern Pecan Pie and Key Lime Pie, recipes from a Whirlpool microwave cookbook, are quick and easy in your microwave oven. These traditional southern desserts will end any meal graciously.

### SOUTHERN PECAN PIE

Total cooking time: 30 minutes

1 9-inch unbaked pastry shell  
Dried beans

4 tablespoons butter or margarine  
1 tablespoon all-purpose flour  
3 beaten eggs  
1 cup dark corn syrup  
2/3 cup sugar  
1/2 teaspoon vanilla  
1 cup pecan halves

Do not prick pastry shell. Place heavy plastic wrap inside pie shell. Add dried beans to about 1-inch depth in pie plate. Cook uncovered, at MEDIUM HIGH for 8 minutes, giving dish half turn once. Carefully lift plastic wrap and beans from shell. Cook shell at MEDIUM HIGH for 3 minutes more. Set aside.

In mixing bowl, melt butter at HIGH for 1 minute. Add flour; blend well. Cool slightly. Stir in eggs, corn syrup, and sugar. Cook, uncovered, at MEDIUM for 10 minutes, stirring occasionally, till slightly thickened. Add vanilla. Turn into prepared pie shell. Arrange pecans over top. Cook uncovered, at MEDIUM LOW for 8 minutes, or till just set, giving pie plate half turn once.

### KEY LIME PIE

Total cooking time: 12 minutes

1 tablespoon unflavored gelatin  
1/2 cup sugar  
1/4 teaspoon salt  
4 egg yolks  
1/2 cup lime juice

In 1 1/2-quart bowl, combine gelatin, 1/2 cup sugar, and salt. In mixer bowl, beat egg yolks, lime juice, and water; stir into gelatin. Cook at MEDIUM for 4 to 5 minutes or just till bubbly, stirring every 30 seconds. Add lime peel and food coloring; mix well. Chill, stirring occasionally, till mixture mounds slightly when dropped from spoon.

When gelatin mixture nearly mounds, beat egg whites to soft peaks. Gradually add 1/2 cup sugar; beat to stiff peaks.

Fold gelatin mixture into egg whites. Fold in whipped cream. Pile into baked pastry shell. Chill firm. Garnish with additional whipped cream and lime wedges.

\*To bake pastry shell: Prick shell; cook at MEDIUM HIGH for 8 to 9 minutes, giving a half turn once. Cool.

MICRO TIP: For a snack, try a dry roasted nut mix. In a serving bowl, combine 1 cup each dry roasted pecans, peanuts, and cashews; add 1/2 teaspoon celery salt and a dash of garlic powder. Heat, uncovered at HIGH for 2-2 1/2 minutes, stirring mixture after about 1 minute. Makes 3 cups.

# COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**Blends May Grow**  
The average price of cotton to textile mills declined slightly during the last three weeks of October but remained above prices for rayon and polyester. Because of the wide differential between cotton and polyester staple, there is a growing incentive for fiber substitution.

The National Cotton Council reports that trade sources indicate blend level changes have been made, or are under consideration, by some mills. Movements are from 50-50 polyester-cotton to 65-35 in sheets and pillowcases, print cloths, and other lightweight fabrics. There also are reports of increased interest in 50-50 polyester-cotton corduroy.

**Russian Crop Up**  
The cotton crop in Russia is now projected at 13.5

## Twin Cedars News

Graham Methodist Church held our Sunday afternoon church service with Rev. Gary Cotton officiating.

We are proud to have Alene Noble as a LVN because she has been faithful to drive from Slaton. She had to spend the night here in Post, Sunday night, because the roads were so bad.

We enjoyed Patsy Craig coming last week to show us her grandbaby. Nell Windham came and gave us a good Bible lesson last Wednesday. We are looking forward to her coming back again.

Mr. Robert Jones is in the hospital. We really miss him and hope he has a speedy recovery. Mrs. Edith Inkleburger's son-in-law, C. W. Walker had heart surgery last Friday. We hope he is doing fine.

Beulah Ramsey's son and his wife from Lubbock visited with her over the weekend. Hettie Dudgeon spent three days last week with her daughter in Lubbock.

We really enjoyed playing dominoes with Lee Williams, Freda Harmon and Billie Caylor last week. Our bingo winners were Evelyn Roach, John Majors, Anna Shelnut and Nora Ferguson.

Our visitors last week were Bill and Lottie Sanders, Frank Hoover, Lucille Walker, Inez McGrew, Roberta Herron, Jack Sneed, Virginia Terry and Glenn Roberts.

million bales, three percent greater than the record 1979 crop. In its October report, the U.S. Department of Agriculture placed foreign cotton production in 1980-81 at 51.9 million bales.

**Cotton Big In Sweaters**  
It may not seem that way when it's being picked in the fields, but cotton will be a strong fashion item in one category next spring.

The category is cotton sweaters. The National Cotton Council reports that specialty and department store retailers see cotton sweaters as big items in spring '81 because of their versatility and wide color spectrum.

Some retailers report that the sweater represents new, extra submissiveness. That's good news to farmers who grow the fiber.

## 4-H cook group on Lubbock trip

The Graham 4-H Cooking group went to Lubbock, Nov. 15 to the Cake Place to see a demonstration on making "no cook" candy.

The girls bought ingredients and molds to learn this new cooking method.

Those attending were Linda Sneed, Anissa Wyatt, Leigh Ann Sneed, Traci and Trevah Bush.

## Post PTA will meet Tuesday

The Post PTA will meet Tuesday, Nov. 25 at 4:30 p.m. in the primary auditorium for a regular meeting.

Ms. Kathleen Brewer of Texas Tech with the Traffic Safety Education Program will be guest speaker and will show a film on "Traffic Survival for Our Children".

Entertainment will also be provided by elementary and primary music students.

**A SNOWBANK** — The big snowdrift piled in front of the First National Bank here Monday morning provides the title for this photo — "A snowbank." (Staff Photo)

## Harvest Festival here cancelled

The Antelope Band Boosters have had to cancel the Harvest Festival set for Saturday, Nov. 22 to a later date, due to the all school play.

Turkey drawings will be held as scheduled.

The Boosters will meet again Dec. 1 at 7:30 in the Band Hall and all members are asked to attend.

## NATIONAL WILD TURKEY WEEK: NOV. 16-22

"The Silent Stroll," a painting by American artist James A. Brooks, depicts America's majestic big-game bird in a wooded river bottom.

## mothers and babies

**LITTLE KNOWN FACTS**  
It is not unusual for children just going off to kindergarten or first grade to be too excited or nervous to eat breakfast for the first few days. Doctors suggest they just be given fruit juice and milk and they will probably be calm enough to eat in a week or so. Forcing food can delay recovery.

It's not unusual for a child of around two or three to reject one parent when playing with the other. They usually grow out of it.

Xi Delta Rho  
**Bake Sale**  
Saturday, Nov. 22  
9 am - Noon  
Wackers & United

## City tax take up 10 percent

Post sales tax collections for the first 11 months of 1980 are up 10 percent over those for the same period in 1979.

Post is receiving a \$20,051.93 sales tax rebate check for November from State Comptroller Bob Bullock.

Although this is down from \$21,377.18 for the same month in 1979, changes in payoff periods may have as much to do with it as the local economy, or more.

Sales tax rebates for Post for 11 months total \$130,463.06, as compared to \$118,460.81 for the same period in 1979.

## STOCKHOLDERS MEETING

The Post Stampede Rodeo Association stockholders meeting has been set for Nov. 24 at 7:30 p.m. in the bank community room. All members are urged to attend.

## Williams now Ashland veep

ASHLAND, KY. — David C. Williams has been elected a vice president of Ashland Oil, Inc., according to John R. Hall, vice chairman and chief operating officer.

Williams continues as president of Ashland Development Company. He reports to Paul W. Chellgren, deputy chief operating officer.

Williams became president of Ashland Development in May 1980. It is a subsidiary which engages primarily in new ventures and acquisitions apart from

Ashland's traditional businesses.

Born at Post, Texas, and a mechanical engineering graduate of Texas Tech University, Williams joined United Carbon Company — later acquired by Ashland — in 1947 and became general manager of its engineering operations.

At Ashland he has served in a variety of engineering management posts, and prior to joining the Ashland Development management was Ashland Oil vice president of environmental affairs.

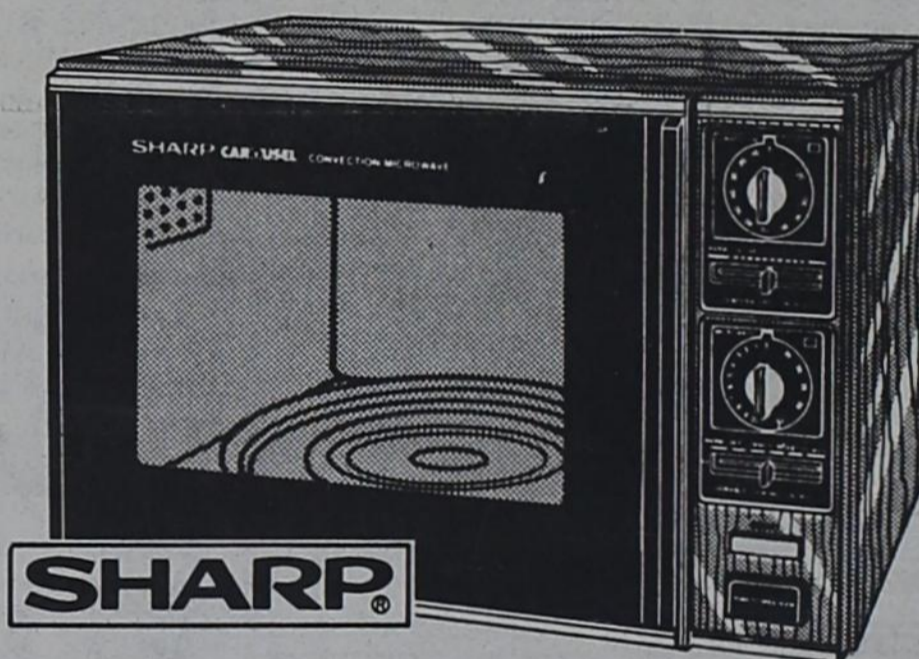

"I don't think he represents the Welcome Wagon at all."

# Pre-Holiday Sale of CAROUSEL MICROWAVE OVENS BY SHARP

Buy a Carousel Microwave Oven at Regular Price and Receive FREE GIFT CERTIFICATE!

Come in and see our new  
**CONVECTION**  
Sharp Carousel™ Microwave Oven at our fabulous low price

**INTRODUCING A NEW CONCEPT IN COOKING.** Sharp has combined the best of both worlds of cooking... Convection Cooking plus Carousel Microwave Cooking... to make one of the most practical kitchen appliances ever made.

Our Convection oven offers you many pluses in addition to the ease and speed of the microwave oven. First, the Convection oven cooks food in less time by using a current of hot air directed around the food. This makes the food more flavorful and appetizingly attractive since the food actually browns.

The Convection oven also broils, and cooks in combination with Sharp's Carousel Microwave System. This speeds up the cooking times of breads, cakes, casseroles, meats and roasts, and poultry dishes. Like we said... The Best of Both Worlds of Cooking! But don't take our word for it.

Come in today for complete information and a free demonstration. You'll finally see the ultimate kitchen appliance you've always been waiting for... SHARP'S CAROUSEL CONVECTION MICROWAVE OVEN, THE R8310.

Warranty—7 years on Magnetron Tube, 2 years on all other parts, 2 years on labor with in-home service.

# Snowstorm—

(Continued From Page On) whenever they could. The crew kept five trucks and four snowplows busy with much of the work going to keep US-380 open to the west and US-84 open up the cap and on towards Lubbock. Drifts up to three feet deep had to be repeatedly cleared.

The highway patrol spent a busy weekend too working to pull stranded motorists out of bar ditches.

County Judge Giles Dalby and two of the county commissioners, Buck Craft and Herbert Walls, and one of the county maintenance men pitched in to help the highway department and put three county maintainers to work helping keep the roads open and rescuing motorists who had slid off the road.

One woman was rescued from her stranded car on the Gail highway and reunited at the county line with her husband.

The work went on through Monday night with seven employees of the highway resident engineer's office taking over as the maintenance crew went to bed.

State highway resident engineer Julian Smith called the snowstorm the biggest within his memory for this area.

Most of the snow melted from Post streets Tuesday under a bright sun, but patches of highway ice was still a danger to motorists Wednesday.

"We've still got plenty of snow to move," Sanders told The Dispatch late Tuesday. "We'll work tonight until it freezes."

County Agent Syd Conner questions the "record" tag on the snowstorm. He recalled a 13-inch March snowfall one weekend several years ago which virtually paralyzed efforts to stage the Garza Junior Livestock Show.

Conner foresees little damage to what is left of the 1980 cotton crop in the fields.

"The snow probably will do more good for next year's crop than it will hurt this year's crop," he commented. He added that farmers are always looking ahead, especially in bad crop years.

Failure of the mail to arrive here Monday from Lubbock was due to a truck breakdown of the carrier and not to the storm, Postmaster A.J. McAlister told The Dispatch.

Harold Parker, a truck

driver, was admitted to Garza Memorial Hospital with injuries after his truck-trailer jack-knifed on US-84, 11 miles northwest of Post about 8:40 a.m. Tuesday. His condition is reported good.

## Postings—

(Continued From Page On) Stanway.

The Associated Tax Services, Inc., out of Dallas sent a three-person crew this week into Post, headed by Bert Lively, to start work on the task of making new appraisals of every piece of real property in Garza County.

Right now they're busy trying to complete the preliminary work, but by the end of the week Lively says they will be in the field measuring and appraising all Post property. They are starting with property here.

They will be working in the city for the next two months and expect to take an additional two months to complete work in the rest of the county. Completion date of their reappraisal is set for Aug. 1, 1981.

Lively said all crew members will carry identification cards with their pictures for homeowners who want to know who they are and they also can be checked at Jean Westfall's office in the courthouse.

"We don't go inside homes," Lively said. "We don't have that much time. We go on the type and quality of the construction in determining value."

He added that his crew will still be here after the new appraisal notices are mailed out and will be available for discussing the appraisals with property owners.

One thing property owners should keep in mind. While their property might be appraised at double, or even triple, the amount now carried on the tax rolls, that doesn't mean that the taxes they pay will double or triple. Industrial and oil appraisals will continue to climb too. It's even possible — though maybe a bit farfetched — that a home could be doubled in appraisal value next year, but taxes even could be reduced a little. It all depends upon what happens to everybody else.

## UF goal—

(Continued From Page One) man of the private citizens division with contributions to date totaling \$365.

Eight employees of the Agricultural Stabilization and Soil Conservation offices here turned in \$27 Tuesday to complete work in that division.

Reports from the downtown division, headed by Beth Short, the farm and ranch division with Mrs. Delores Dunn as chairwoman; courthouse employees headed by County Attorney Preston Poole, Postex employees headed by Walter Didway, Justiceburg division directed by Betty Boren and Mary Miller, the highway employees division with Julian Smith as chairman, and the ministers division with the Rev. Tom Evans as chairman have yet to report.

There is also a lot of work still to be completed in the business division.

## Rites Here—

(Continued From Page One) 1971.

She is survived by her husband, four sons, Jimmy Ammons, Jr. of Post, Bobby Ammons of Lubbock, Ronny Ammons of Post and Tim Williamson also of Post; two sisters, Olean Seals and Mrs. Velmar Warren of Post; four brothers, Hubert Gray of Hamlin, William Green of Fort Worth, Edward Shaw of Mariposa, Calif.; John Henry Shaw of Longview; and seven grandchildren.

Pallbearers were J. B. Guthrie, Leon Medina, Billy Jo McKamie, Jim Jackson, J.L. Gatlin and Red Hawkins. Burial was in Terrace Cemetery.

50's DAY CELEBRATED— The Post Middle School celebrated a 50's day Thursday, Nov. 13 to wind up their football season and pep rallies. Some of the students participating are shown in back row, Robert Bartlett, Ben Kirkpatrick and Derrick Dunn; front row, l to r, Kim Smith, D'Lynn Young and Tyra Alexander, kneeling in front is Jay Claborn. Winners were announced during the Thursday pep rally with awards going to Tyra Alexander and Basil Reyna, not pictured. — (Staff Photo)

## Hospital board—

(Continued From Page One) The board already has adopted a proposal to boost salaries an average of 10 percent.

The board voted to purchase a Grainger TV security system for the hospital's emergency room door with camera, camera mounting stand, cable connectors, interphone, nine-inch monitor, outdoor camera housing and 60 foot extension cables for a total cost of \$659.95. A telephoto lens for an additional \$85.50 normally comes with the package was not purchased until it was determined if it is necessary after installation.

Hospital doors, including the emergency door, will be locked from 9 p.m. until 6 p.m. for the safety of patients and nurses. The security system permits nurses to see and talk to persons wanting in before unlocking the door.

Directors considered three bids before selecting the Grainger security system, the only one with built-in audio. The hospital took no action on purchasing a silver reclaimer, because a no-cost installation on one was made available with the hospital keeping 75 percent of the silver recovered and 25 percent going to the installer of the reclaimer.

Directors wrote off \$3,287.37 in accounts as uncollectable, but each debtor will get a letter notifying them that the bill will be turned over to a collection agency unless paid. The accounts are written off as a bookkeeping procedure.

The hospital report for October, first month of the new fiscal year, showed 49 patients admitted with a total of 148 patient days, an average stay of three days and an average of 4.8 patients per day.

Five babies were born during the month, one death occurred, and 246 outpatients were treated in the emergency room.

This was a decrease all down the line from October, 1979, with all hospitals in the area reporting a healthier October this year.

The hospital collected \$26,227.38 from patients during the month and as Nov. 1 had \$73,543.29 current accounts receivable, including \$15,674.67 in medicare outstanding, \$23,770.92 in other insurance, and \$34,097.72 in other receivables.

Cost of hospital operation for the month was \$43,677.22.

## Jimmy Holleman in pickup wreck

Jimmy Holleman, local pumper, suffered a fracture of his lower right leg about 6:15 a.m. Wednesday when his pickup hit a patch of ice on US-84, 7 miles north of Post, and rolled over.

He was given emergency treatment at Garza Memorial Hospital and transferred to Methodist Hospital in Lubbock.

Emergency room.

This was a decrease all down the line from October, 1979, with all hospitals in the area reporting a healthier October this year.

The hospital collected \$26,227.38 from patients during the month and as Nov. 1 had \$73,543.29 current accounts receivable, including \$15,674.67 in medicare outstanding, \$23,770.92 in other insurance, and \$34,097.72 in other receivables.

## Big lion—

(Continued From Page On) hitting her in the neck and killing her.

Miller then put both the mountain lion and the deer in his pickup and drove into the sheriff's office at Post and called out Sheriff Pippin to take a look.

Pippin told The Dispatch the lion's body was still warm and there was still some bleeding from the wound. They figured the lion was a female, about four years old, and apparently hadn't had any kittens.

It measured 7½ feet long from her nose to the tip of her tail.

What's going to happen to the lion?

What do you think? Riley is having it skinned and tanned with the head left on for a very nice ranchhouse trophy.

Sheriff Pippin said several Garza ranchers over the years have reported to seeing lion tracks.

"But I never believed it — until Saturday," Pippin declared. "I believe it now. They're getting in here."

"The most useful virtue is patience." John Dewey

## Junior Girl Scout registration set
