

Jennifer Strawn is real water bug at 5 months

OFF THE DIVING BOARD — Jennifer Strawn, center, 5 month-old daughter of Susan and Jay Strawn is shown going off the diving board, assisted by her mother, Susan Strawn, into the waiting arms of her grandmother, Marita Jackson. She was completely submerged, and joyously "popped" right back to the surface. (Staff Photo)

By BETH SHORT
Waterproofing things around babies is a necessity, as anyone knows, but Post can now boast of having at least one totally "water-proofed" 5-month-old infant. She is Jennifer Strawn, daughter of Susan and Jay Strawn.

Jennifer is totally unafraid in the swimming pool belonging to her grandparents, Marita and Bo Jackson, and is on her way to being totally at home in the water. Marita teaches swimming lessons to youngsters, and has assisted Jennifer's mother in training her to accept water as a thing not to be feared, but to be enjoyed. And enjoy it she does, as can be seen in the accompanying pictures.

Her training began shortly after coming home from the hospital, during bath time, with the gentle splashing of water in her face, accompanied by laughter and encouragement from her mother, to assure the infant that it was all in fun, and not to be

feared. Susan would lay Jennifer down in the tub with only the front part of her face above water, to acquaint her with the sound the water makes in the ears. At the age of three months, she was introduced to the swimming pool.

Marita and Susan stress the fact that the infant must feel the closeness of someone in the water and the security of their presence. During all training sessions, all different parts of the lesson, are accompanied with praise and laughter, making them seem a sense of play rather than just a learning process. This builds the child's confidence and assures them it is a time of fun not fear.

Marita, in working with Jennifer, said she could not remember a time when her own girls did not enjoy the water, as does Jennifer now. "Most problems with learning to swim, are from fear of the water caused by some bad experience", states Marita. (See Water bug, Page 14)

A LONG WAY — Jennifer Strawn, center is shown reaching the distance from her grandmother, Marita Jackson, to her mother in her lesson session held last Wednesday. She went the distance, face submerged and floating on her "tummy". (Staff Photo)

City council undecided—

Budget unfinished

Final decisions still remain to be made on the new city budget with the council reportedly split over whether or not to cut back from

last year on the city's property tax needs. The council at a special work session Monday night spent the concluding 90

minutes of a three and one-half session on the city budget without resolving the stalemate.

The city raised \$230,000 in 1980 from property taxes.

Two councilmen take the position the city can cut back \$30,000 without hurting anything. Two other councilmen are afraid that may be cutting the city's needs too close.

They tend to favor a 25 cent tax rate this year which would raise an estimated \$257,000. When city councilwoman Maxine Earl gets back from Egypt she will have the vote which probably will determine this budget controversy.

Either way, the amount of money needed from property taxes for the city's use this year is not going to be any big increase.

There's also a budget question of whether or not to keep \$90,000 in the new budget for another city water tank. The council is split over the need for a tank.

Big ticket budget items this time, beside the water tank, include \$55,000 for a new street sweeper and \$80,000 to \$100,000 for a new fire truck. The city already has some \$55,000 laid back for the fire truck. The city also wants to set up an equipment reserve to eventually purchase a new maintainer. Money would be accumulated in this fund as it has been for the fire truck.

City salaries are going to be reevaluated by the council. Earlier the council had considered a 10 percent across the board increase. Now there may be some salary adjustments before enacting an increase due to cost of living advances.

Final council action on the budget probably will come at the regular August meeting Aug. 10 when the public budget hearing also may be scheduled.

In Rotary club spelling bee—

Mayor, Ashley tie for first

Mayor Giles McCrary and Victor Ashley, head of the Garza ASCS office here, tied for first place in the Post Rotary Club's spelling bee Tuesday at that civic club's weekly luncheon in the community center.

They were spelled down last and Ann Chaffin from the Southland schools who conducted the bee didn't take any extra time for a "spell off."

Three members of the club went down on the first round, in which third grade spelling words were used.

For the remainder of the bee, Mrs. Chaffin choose from fourth, fifth and sixth grade words.

Approximately half the club went out on pollutants. Several didn't hear it as a plural — a lot of Rotarians are hard of hearing — but spelled it correctly in the singular form, pollutant.

Postings

By JIM CORNISH

Tahoka publisher Dalton Wood asked us last Wednesday afternoon at Slaton if the Postosuchus, the 180-million year old reptile whose fossil remains are being excavated south of Post, was named after our town.

The answer is no, although it's an obvious question.

As we understand it, Postosuchus were found in other parts of the world before the Post discovery, and were named much earlier, how we don't exactly know.

What is different about the Postosuchus found south of Post is that its believed to be the first Postosuchus that walked semi-erect on his hind legs. The others just trotted along on all fours.

The biggest show in town this week is over at Jean Westfall's appraisal office in the courthouse. You might say it was the only show in town.

Rural fire charge hiked

The city has raised the charge to the county on rural fire calls from \$175 to \$225 per call.

Action came at the city council's Monday night meeting. The \$175 charge has been in effect for a number of years.

The city took the action at this time so the county could figure the increase into its new budget.

We've watched the whole procedure over the last couple of years and we'll say that we are impressed with how well everything has been handled.

Sure, there are some errors. Those are bound to happen. Mrs. Westfall and those from the Associated Tax Service of Irving want to correct every one of them.

So if you don't understand that notice, take it to Jean's office. They'll give you a courteous explanation — and maybe, in so doing they might find an error which would benefit you taxwise once corrected.

YARD OF THE WEEK — Mrs. Donnie Stelzer, left, is shown holding her certificate of award from the Post Chamber of Commerce, naming their yard as the yard of the week. They live at 1001 15 street. Pictured with her is Chamber secretary, Linda Shedd. (Staff Photo)

Reappraisals draw crowd

Garza appraiser Jean Westfall's office in the courthouse this week looked like she was holding a summer clearance sale.

It had a continuous crowd of people moving in and out, and there were plenty of extra clerks on hand.

But the "shoppers" had come for information not bargain goods. They were responding to the Notices of Reappraisal which were mailed to all Garza taxpayers over the weekend with some getting them Saturday and others not until Monday.

The long awaited "rush" is on.

But it really isn't as heavy yet as courthouse folks had imagined it was going to be. Besides those who came in person, dozens of others have called to make appointments.

There is plenty of time for appeals and adjustments, but the first order of business is to understand the notices and how the property was reappraised.

The total amount of real property in Garza County was more than doubled by the real estate reappraisal.

In 1980 100 percent value of real property in the county totaled \$43,064,172, but no taxing unit used 100 percent of value for taxable purposes.

This year, the new property valuations total an estimated \$90,000,000 and the 100 percent value will be used for tax purposes.

But mineral values in the county have been drastically hiked this year as well from \$289,584,349 to over \$493,000,000. That's a 78 percent increase.

Mineral owners in the county last year paid 86

percent of county and hospital district taxes. This year they will pay 83 percent. Thus, the real property owners taxes will go up about 20 percent this year over last if local budgets remain about the same in tax requirements.

Taxable valuations, personal and real property plus minerals, for various local taxing units for 1981 are \$111 million for the city, up from a 1980 taxable value total of \$17,222,270; Post schools up from \$239,066,511 taxable valuation last year to \$536,000,000 this year;

and county and hospital district, up from a little over \$162,000,000 each to \$590,000,000 this year.

Under the new law, there are more tax exemptions, especially for senior citizens, this year, which in some instances may mean their actual taxes will be reduced this year from last year's total.

The agricultural land use method to determine the value of farmland wasn't of much benefit to farmers last year, but this year it makes a real taxable difference.

Mrs. Westfall says there are 240 pieces of rural Garza property which were not put under the land use formula in figuring this year's valuation.

Some farmers applied for them and were rejected, some were not picked up by the computer due to computer error, and some didn't ask to have the land use formula applied this year.

Taxpayers will have until July 29 to stop in at the appraisers office to raise any questions about the reappraisals.

The Associated Tax Service of Irving, which made the real property reappraisals for Garza County, have six men here this week to explain their reappraisal methods to taxpayers who seek explanations.

If taxpayers aren't satisfied with the explanations they may carry their cases to the board of equalization which will meet Aug. 10. Beyond that, taxpayers can object right on into district court if they so desire. The state law gives them 45 days to carry their appeals to district court.

Local taxing units are yet to complete their budgets, hold budget hearings and determine tax rates.

But the local tax rates are expected to be even lower than those indicated on the notice of reappraisal.

The computer was programmed in error in its computation of the percentage of real value used by each taxing unit used a year ago so 1980 taxes in some instances were shown incorrectly as much lower than (See Appraisals, Page 14)

Council agrees on \$958,000 coverage

City hikes insurance

The city council is now asking for insurance proposals from three local insurance agencies on the city's real property and contents based upon the same set of figures.

At a special meeting Monday night the council worked out the amount of coverage the city wants on each piece of property and the amount for contents of each building.

The total came to \$793,000 coverage of the real property and \$165,000 for furnishings for a total of \$958,000.

With vehicle and equipment coverage coming up in another policy later, the city will be paying for a million dollars worth of insurance.

Lumping the city hall and Post Public Library into a

single building, the council agreed on seeking coverage of \$214,000 which is figured on the basis of 80 percent at \$35 per square foot.

The Post Community Center, which has 12,100 square feet, will be covered with \$340,000 in insurance, also figured on 80 percent at \$35 per square foot.

Coverage for other buildings agreed upon were \$29,000 for old fire station behind city hall, \$24,500 for the city judge's office, \$29,000 for city warehouse No. 1 and \$38,000 for city warehouse No. 2, \$2,000 for the cemetery office, \$14,000

for the Lorenzo Alexander Community Center, \$8,000 for the radio tower, and \$4,500 for the small radio tower building.

The coverage sought for contents of the various

Jones rites held here

Funeral services for Beverly Christine Jones, 29, of Post were held at 2 p.m. Wednesday at the Hudman Funeral Home Chapel with the Rev. Don Hancock of Lubbock officiating.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

She was pronounced dead on arrival at 11:30 p.m. Monday at Garza Memorial Hospital in Post. Justice of the Peace Pat Kitchens ruled the death by natural causes. She had lived in Post nine (See Jones rites, Page 14)

Truck driver is killed

A semi-trailer loaded with cotton bales overturned on US-84 just northwest of Southland in Lynn County about 9:30 p.m. Sunday, fatally injuring the driver, Richard B. Flores of Slaton.

The big vehicle coming toward Post ran off the highway, overturning in the center media, according to investigating state highway patrolmen.

Flores was pinned in the cab and it required two hours to get him free of the wreckage.

He was pronounced dead upon his arrival at Garza Memorial Hospital here. He reportedly suffered a broken neck among other injuries.

The Slaton Fire Department brought out their "jaws of life" to get the driver's body out of the cab. County Judge Giles Daby assisted at the accident scene.

Flores' brother was driving another semi-trailer loaded with cotton just behind Flores when the fatal accident occurred.

\$280 reward offered—

Thief gets \$580 and trousers too

A "little thief" stole \$580 from Ray Reeves, who operates Ray's Trading Post at 205 South Broadway sometime Tuesday night.

He not only took the money, but he took the trousers, and his trousers as well.

Ray discovered the loss when he awoke Wednesday morning.

He told The Dispatch he would give half the stolen money to anyone who provides information lead-

ing to recovery of his money, billfold and trousers.

The intruder didn't awake Reeves who sleeps in the back room of his trading post. He climbed through a small window high in the rear to get the pants.

"He had to be small to get through the window and he had to have a boost from somebody because it's too high off the ground," Ray told The Dispatch after reporting his loss to the sheriff's office.

On holding the tax line

Local governmental boards now busy making out their new budgets here should bear one fact very clearly in mind.

If ever there was a year to hold the line on increasing tax demands to the public, 1981 is it. And you can underline that twice.

All Garza property owners this week have been jolted with major boosts in taxable valuations on all their property. Notices have gone out on the reappraisal of the county.

Generally, it has doubled or better most real property in all local taxing districts. From what The Dispatch has seen so far, it's been a pretty fair job too although the computer has spit out a bunch of errors which help to confuse property owners.

This does not necessarily mean the property owner will actually pay more taxes. It does mean that if taxing units would "run wild" all taxpayers could pay a heck of a lot more.

That's why taxpayers will be watching very closely the budget processes of the city, county, school district and hospital district.

If they ask for more money they can expect a bunch of citizens to turn out for the first time at the upcoming public budget hearings.

The smart thing to do is to "cool it." That

means hold the tax line and not upset the taxpayers.

The taxpayers already are sure of one thing. With big valuation boosts they feel more vulnerable to budget rampages. They will keep a sharp eye out at budget time. Not just this year but forever more.

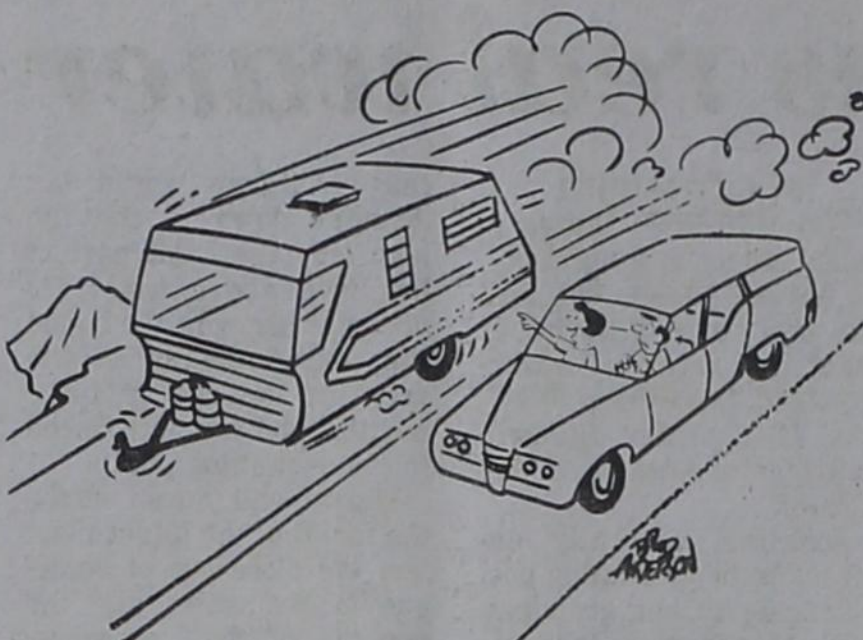

The proposed tax rates for local units of governments which went out with the reappraisal notices are all going to be high. The city, for example, will be no higher than 25 cents per \$100 valuation and it will may be a few cents lower.

Look for the hospital district to cut its request for tax funds this year. We look for the county hold the line tight, as well as the city.

Our local units of government haven't been wasteful in the past and we doubt any one of them will start doing so this particular year.

As for the taxpayers complaints on their reassessments, take your notice to Jean Westfall's office if you have any questions. Let them explain it all to you with the wheres and whys.

Then be patient until tax time. When all is said and done, you won't get a very big tax boost and for some of the senior citizens who qualify for exemptions, they actually may get a tax cut.

"LOOK! THERE GOES A TRAILER JUST LIKE OURS."

107 varieties of cotton planted

GSA 71 and Paymaster 303 were the leading cotton varieties planted in the Lubbock area this year, according to USDA's Agricultural Marketing Service, Cotton Division. "GSA 71 led Paymaster 303 by less than one percentage point and therefore was the leading variety in this area for the fifth consecutive year," said Mack Bennett, Area Director at the Lubbock Marketing Services Office.

"Ginners, cottonseed dealers, growers and other industry sources were inter-

viewed during this survey," Bennett continued. "The top five varieties by percentages were GSA 71-18 percent; Paymaster 303-17 percent; Quapaw - six percent; Paymaster 266 - six percent and Paymaster 792 - five percent."

The survey showed the following varieties accounted for two to four percent: Cascot L-7, 2 percent; Deltaphine SR-5, 2 percent; Dunn 119, 4 percent; Dunn 120, 2 percent; Lockett 77, 2 percent; Paymaster 18, 2 percent; Stripper 31, 4 percent and Tamcot SP-21 3 percent.

Dickens Coop holds session

SPUR — Dickens Electric Cooperative held its 36th annual membership meeting at the cooperative's headquarters building here Thursday, July 16th.

Approximately 800 Cooperative members and guests were in attendance, prior to the business session. Those present were served a barbecue meal, catered by Jackson Brothers of Post, and enjoyed the musical entertainment of Mike Porter of Dickens.

Ned Ward, president of the board of directors of the Cooperative, called the business meeting to order at 7:30 p.m. O. J. Bewley, pastor of the Bethel Baptist Church of Spur, gave the invocation.

General Manager, Bailey Reece, and board president, Ned Ward, reported on the Cooperative's activities for the year 1980. Both reported that because of continued inflation, the Cooperative will soon be going before the Public Utility Commission of Texas requesting an increase in base rates.

Mr. Orlean Gilbert of Bolinger, Segars, Gilbert and Moss, accounting firm from Lubbock, gave the audit report for the year 1980.

Also during the business session, members elected three directors for three year terms. Elected were Garth Gregory, Girard area; Haldean Cave, Harmony area; and Robert Forbis, Roaring Springs area.

Toni Arnold and Randy Homilton, winners of the Cooperative's Government-in-action youth tour contest, presented highlights of their recent tour of the nation's capital.

At the organizational board meeting following the business meeting, the following officers were elected: Ned Ward, president; Doug Hinson, vice president; and Garth Gregory, secretary-treasurer.

During the annual meeting Kimberly Clower and Gaylon Smith drew the names of 46 lucky winners of door prizes given away by the Cooperative. Leland Brendle of Dickens was the winner of the grand prize, a Casablanca ceiling fan.

No yellow ribbons

We didn't see any yellow ribbons tied to local trees Friday, unless they were the faded type left from the return of our Iranian hostages.

Last Friday had been designed by a congressional resolution as "National POW-MIA Recognition Day". They had a little red, white and blue ceremony in Washington in which the secretary of defense declared America was still trying to find out the fate of the 2,500 young Americans missing in action in the Vietnam War. Actually, few if any West Texans knew about National POW-MIA Recognition Day.

That was about the only recognition given to the missing and to the prisoners of war, many of whom lived through years of beatings and degradation. When they came home there were no real celebrations in their honor.

In fact, Vietnam war veterans are battling hard to secure their "rights" as war veterans.

America is a guilty nation when it

comes to the Vietnam War — guilty by indifference to the thousands who fought in it and the thousands who died in it.

President Reagan missed a great opportunity only a few weeks ago when he refused to fly West and meet with Vietnam war veterans and sponsor an appropriate program for their rehabilitation to civilian life, a rehabilitation thousands of them today have not attained.

Vietnam probably was the last "brush war" in which America will engage. America today depends upon its nuclear arsenal for its security. Volunteers man our armed forces. The draft, though logical, is no longer popular — not after Korea and Vietnam.

With congress now approving in terms of dollars the greatest peacetime buildup in this nation's history, it is a sad fact of the times that those who do put on our nation's uniform are overlooked instead of being honored.

Seven Garza wells completed

Seven new Garza oil well completions and two new starts were reported over the weekend. Five of them are in the WTG field.

The new wells include: American Petrofina Co. of Texas No. 320 Southeast Garza Unit in the Garza field, two miles south of Post, which tested 120 barrels of oil and 21 of water daily from an interval of 2,811-2925 feet.

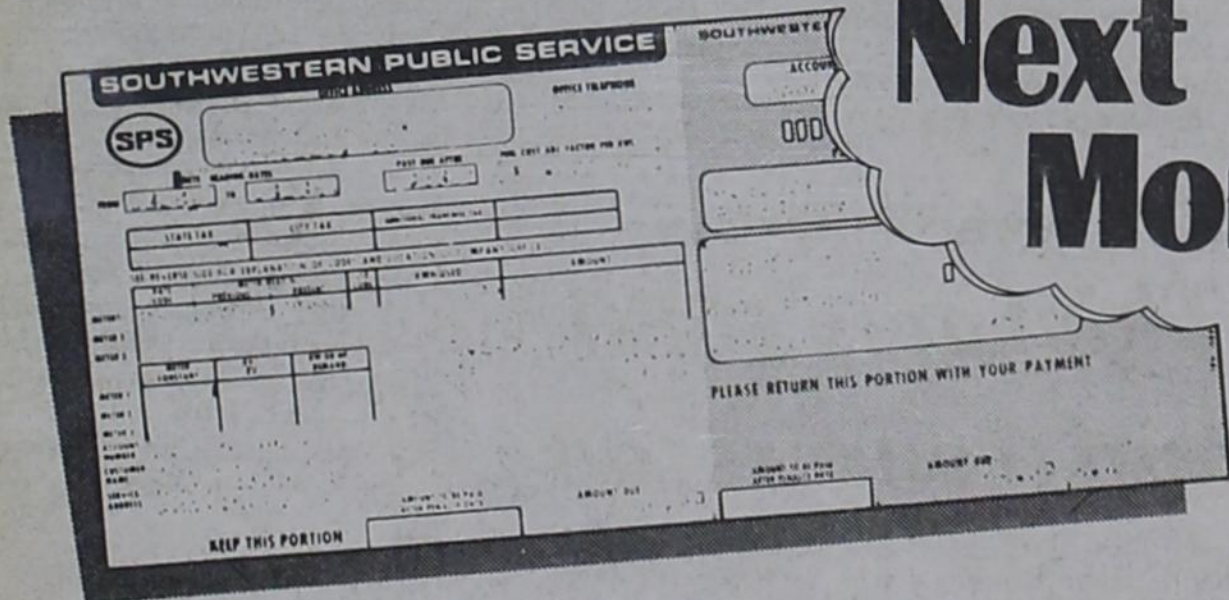

Exxon Corp. No. 4 P

Exxon Fee, three miles southeast of Justiceburg in the Dorward field, which produces 33 barrels of oil and 119 barrels of water daily from an interval of 1,926-2,463 feet.

E. A. Stelzer Oil Co.'s No. 1 E. W. Williams, 12 miles northeast of Post in the WTG field, which produced 71 barrels of oil and 4 barrels of water daily on test from an interval of 3,182 to 3,278 feet.

W.T.G. Exploration Inc.'s No. 2-A T.C. Head and others, No. 5-A E.W. Williams, Jr., Nos. 7 and 8 Post-Montgomery, all in the WTG field, 10 miles north of Post. The No. 2-A T.C. Head produced 49 barrels of oil and 9 of water from an interval 3,142 to 3,252 feet. The No. 5-A E. W. Williams, Jr. produced on test 58 barrels of oil and 4 of water from an interval of 3,152,

Estate planning is concern of farmer

COLLEGE STATION — Estate planning at some point becomes a concern of every farmer, contends an economist in management here.

Dr. Wayne Hayenga, an attorney as well as economist with the Texas Agricultural Extension Service,

Texas A & M University System, says an "asset freeze" is one of the biggest estate planning ideas with respect to preparing for disposition of farm land.

The first goal of an asset freeze is to fix, at today's price levels, the taxable estate of the landowner and

to let all future appreciation in the land pass directly to the next generation without being subject to tax in the landowner's estate, Hayenga explains.

A second goal is to make sure that the landowner sets up a corporation. This corporation is authorized to

issue two classes of stock — common stock and preferred stock.

The landowner transfers his farm land to the corporation for both some common stock and some preferred stock. At this point the landowner is still the sole owner and the stockholder of the corporation, the economist explains.

After the corporation is set up, the landowner then chooses one of the two benefits under the gift and estate tax laws. These benefits are the annual \$3,000 exemption, and the lifetime unified credit equivalent exemption of \$175,625.

By using the annual \$3,000 exemption, landowners can give anybody and everybody up to \$3,000 worth of property each year gift tax free. Also the landowner can give a one time gift of \$175,625 away using his equivalent exemption credit and not pay any gift taxes with cash out of his pocket, Hayenga adds.

"After selecting the best gift program for his goals, the landowner can make gifts of the common stock to his expected heirs. As the land value increases, the increase will go to the common stockholders if the corporate charter is structured properly. The value of preferred stock will remain constant at its original value," he explains.

Thus, the landowner gives away all of the common stock and keeps only his preferred stock. The amount he keeps depends on how he used his gift exemptions and credits, Hayenga says.

For example: A landowner transfers \$500,000 of farm land to a corporation in 1981. He or she receives \$100,000 of common stock and \$400,000 of preferred stock in a tax-free exchange. In the first few years, the landowner transfers all of the common stock to the children.

Then, 10 years later, after incorporating, the landowner may die. At this time, if the land continued to appreciate at 10 percent, the farm would be worth \$1,290,000. Since the landowner gave away all common stock and kept only the preferred stock, the estate would contain only \$400,000 of preferred stock.

"Depending on how the landowner made use of gift exemptions and credits, approximately \$890,000 would escape taxation and probate costs in the estate. Estimated tax and administrative savings of approximately \$336,000 would result," Hayenga explains.

To gain benefit, the landowner first has to respect the corporate form selected for doing business. Owners of each share have a vote in business matters. But when the corporation is set up, ownership can be structured so the landowner will retain voting control as long as he or she owns the preferred stock.

Income tax costs may increase or decrease, de-

pending on the individual business and the owners' goals.

The major continuing cost of corporation in Texas may be the state franchise tax, which has a rate of \$4.25 per \$1,000 of corporate net worth. This "net worth" is based on what the assets transferred to the corporation cost the former owner, not what they were worth when transferred to the corporation or their current value. So, if a farmer has owned land for a long time, this cost may be low.

"Finally, except some additional accounting and

legal costs over that of a proprietorship, but these should be small," Hayenga adds.

There are some additional requirements and other minor technicalities, but most can be met with a minimum of effort. Also, other rules must be met, but most of these other points are in establishing classes of stock and will be done by legal advisors without any concern on the part of the landowner.

Thank You

Thanks to all our friends and relatives for the prayers, flowers, calls, cards, visits and food, while I was in the Methodist Hospital and since I have been home, a special thanks to Pauline Mathis for coming each day. How wonderful it is to have friends and a loving God we can lean on at times like this. God bless each of you.

We would like to thank all of you who offered your time and help, while we were in your town, when our car broke down. We especially would like to thank Mr. and Mrs. Junior Foster and their 3 boys, for going out of their way to help us fix our car. We are now, Thank God, safe at home in Laguna, N.M. May God bless you all.
 Mr. & Mrs. Manuel Aragon and family

Words can never express

He is not dead but gone away, to a better place than we live today.

Words can never express our deepest thanks to all of you that shared in the loss of our loved one. God bless each of you that came and visited, for the ones that called, brought food, sent cards, beautiful flowers but most of all for your sweet prayers. We appreciate the lovely dinner that was prepared for us, by the members of the Nazarene Church. A special thank you to Rev. and Mrs. Tom Evans, for the comforting words and prayers and also the beautiful singing. To Dee and Janet Justice we thank you for all your help and kindness. You will all hold a very special place in our heart forever. God bless you all.

Scanning Social Security

By JIM LATIMER

One of the least publicized features of the Medicare program is the fact that it helps pay for some of the 4,000 kidney transplants performed each year in the United States. Although the success rate of the operation steadily improving, its cost would put it out of reach of many people were it not for Medicare.

The hospital insurance portion of Medicare covers inpatient hospital services when a person is admitted for transplant surgery, including any services needed to prepare the patient for the operation. Coverage also includes the Kidney Registry Fee and laboratory and other tests needed to evaluate the patient's medical condition, as well as that of potential donors.

The preparatory services do not necessarily have to be furnished by the hospital in which the kidney transplant surgery is to be performed; Medicare will pay the costs as long as the service is provided by a Medicare-approved hospital. In addition, if there is no kidney donor, the cost of obtaining a suitable kidney will be covered.

When a patient's admission to an approved hospital for kidney transplant surgery starts a benefit period, Medicare hospital insurance pays for all covered inpatient hospital services for up to 60 days after the \$204 hospital insurance deductible. If additional inpatient hospital care is needed, or the patient must be hospitalized again during the same benefit period, hospital insurance will pay for all covered services for the 61st through the 90th day, except for \$51 a day.

In addition to the 90 inpatient days in one benefit period, a person has a lifetime total of 60 inpatient hospital reserve days; these are not renewable. Hospital insurance pays for all covered services except for \$102 a day for each reserve day used.

If a person in need of a kidney transplant is entitled to Medicare, hospital insurance will cover the full cost of care for the person who donates a kidney. This includes all reasonable preparatory expenses as well as the cost of the operation and postoperative care. Moreover, Medicare will

Follis Heating & Air. Cond.
 Sales - Installation Service
PAYNE EQUIPMENT

 DIAL 628-3271
 WILSON, TEXAS

pay for any inpatient hospital care required by the donor for complications resulting from the donation. Donors are not subject to a deductible or daily amount for their hospital stay, nor does the number of days a donor uses reduce the number of inpatient days in a benefit period available to the person awaiting the transplant.

Medicare medical insurance helps pay for the surgeon's services in performing the kidney transplant, including preoperative and postoperative care. It also covers physicians' services for the donor during his or her hospital stay.

After the \$60 annual medical insurance deductible is met, Medicare medical insurance will pay 80 percent of the approved charge for the services of the surgeon performing the transplant, and for the physicians' services provided the kidney donor.

More detailed information about Medicare coverage can be found in two publications, Your Medicare Handbook and Medicare coverage of Kidney dialysis and kidney transplant services. Free copies may be obtained from any social security office.

City sales tax up 26 percent

Post's July sales tax rebate from State Comptroller Bob Bullock was only \$8,070, as compared with \$16,559 for the same month in 1980, but accounting changes in the comptroller's office last year could have accounted for a lot of the difference.

Actually for the first seven months of 1981, Post's sales tax payments are up 26.98 percent from last year, far above the 17 percent increase on a statewide average.

Collections for 1981 to date for this community total \$85,212 as compared to \$67,108 for the same period in 1981.

Drug possession arrest is made

Steve Hays was arrested Sunday and charged with possession of under two ounces of marijuana. He was released on \$750 bond. Danny Wright, 18, paid fine and court costs of \$103.50 in city court following his arrest on charges of attempted theft and disorderly conduct. Sheriff Jim Pippin said the youth was claiming he had given a local convenience store a \$10 bill for change where he had only given a \$1 bill.

Sherbet has a high level of sugar—about twice as much as ice cream. It must contain one to two percent milkfat to qualify as "sherbet."

Williams-Tatum vows are said here Saturday night

The First Presbyterian Church of Post was the scene of a candlelight double ring ceremony uniting Charla Dean Williams and Michael Ted Tatum Saturday, July 23 at 8 p.m. in the evening.

The bride is the daughter of Mr. and Mrs. Charles E. Williams of Post and the groom is the son of Mr. and Mrs. John T. Tatum, also of Post.

Vows were read by the Rev. Tom Pass before double candleabra of white tapers. The candleabra were tied with English Ivy and featured blue bridal bows of satin. A brass candleabra held the unity candles. The church was decorated with English ivy and fern. Pews were marked with blue bridal bows.

The bride escorted by her father was attired in a formal length gown of white silk organza over peau de soie, designed with an overlay of Chantilly lace. The fitted bodice had a slightly raised waist line and was fashioned with a sweetheart neckline and Queen Anne collar, with accents of seed pearls. The full lantern sleeves were capped with lace, with the full sheer sleeves caught with fitted cuffs over soft ruffles at the wrists. The skirt extended into a chapel train, with a border of Chantilly lace edging the skirt and train. The bride wore a portrait hat of silk organza and Chantilly lace. The soft brim was created by overlays of Chantilly lace with seed pearls accenting the designs. A soft veil of tulle fell from the crown to her waist.

The bride's bouquet was a cascade of miniature white and yellow daisies, centered with an arrangement of yellow sweetheart roses, and baby's breath. Carrying out tradition, for something old, a ring belonging to her grandmother; something blue, a garter designed by Mrs. Sue Maxey, something borrowed, a necklace belonging to Mrs. Giles Dalby.

Channa Williams, sister of the bride, served as maid of honor, with Miss Charlie Dalby and Miss Lana Dunn serving as bride's maids. They were attired identically in gowns of sky blue satin, designed with fitted bodices and full skirts accented with a soft flounce at the hem, and sheer capes of blue chiffon. They wore summer hats of ice blue, accented with blue ribbon bandeaus. Each carried nosegay of white and yellow daisies, tied with yellow streamers.

Tim Tatum, brother of the groom, served as best man with Randy Conner and Mark Short serving as groomsmen. Ushers were Kelly Baker and Barry Tyler. All wore pale yellow tuxedos. The groom wore a white tuxedo.

Wedding music was provided by Mrs. Nancy Flannigan as she played traditional wedding selections and accompanied Mrs. Dan Hodges, cousin of the bride, and Tony Conner as they sang "Always and Forever", and "We've Just Begun". Mr. Conner sang a solo, "Annie's Song."

Donna Massey registered guests at the wedding. She was attired in a blue organza gown.

A reception was held immediately following the ceremony in the community room at the First National Bank. The bride's table was covered in sheer silk cloth edged in lace over satin and covered the table all the way to the floor. It featured silver punch bowls, surrounded in garlands of fresh daisies and baby's breath. Silver candleabra holding blue tapers flanked the cake. Silver and crystal appointments were used. The tiered bride's cake was topped with wedding bells and fresh daisies, and was served with a silver cake server which was used by both sets of the couple's parents at their wedding receptions.

The groom's table was laid in Irish linen, from which was served chocolate cake and coffee. Brass services were used at the table.

MRS. MICHAEL TED TATUM (Charla Dean Williams)

Servers at the bride's table were Misses Vicki Teaff, Deann Ammons, Amy Babb, and Gina Answorth, and Mrs. Barry Tyler.

Serving at the groom's table were Miss Christy Stone of Gail and Miss Mendy Tatum, cousins of the groom.

Serving in the houseparty were Mmes. James Dye, Mike Mitchell, Ronnie Grading, Weldon Reed, Giles Dalby, Randy McCallister and Roy Teaff.

Following a wedding trip to Ruidoso, N.M., the couple will be at home in Post. The bride attends Post High School and is employed at the county treasurer's office. The groom graduated from Post High School and is employed by Continental Emsco Company.

Out of town guests attended from Mineral Wells, Lubbock, Gail, San Angelo, Big Spring, Slaton, Coleman, Oklahoma City, California and Capitan, N.M.

A rehearsal dinner was held Friday evening in the fellowship hall in the Church of Christ, hosted by the groom's parents. Assisting with the meal were Mr. and Mrs. Silas Short, Mr. and Mrs. Lester Josey, and Mr. and Mrs. Don Tatum.

Mrs. Elliott is honored

Mrs. Bob Elliott of San Angelo, was complimented with a layette shower Monday evening in the home of Mrs. Mike Mitchell.

Special guests for the occasion were Mrs. Giles Dalby, mother of the honoree, and Mrs. Guy Floyd, grandmother of the honoree.

Guests for the evening called at 7 p.m. and were registered by Miss Channa Williams.

Refreshments of finger sandwiches, miniature cakes, mints and nuts, and punch were served from a table laid in ecru lace. Silver and crystal appointments were used.

Hostesses for the event were Mmes. Mitchell, Gary Workman, Charles Williams, Steve Hair, Larry Mills and Jimmy Bird.

The hostesses presented the honoree with a Moses basket as their gift.

Approximately 50 guests attended the occasion.

Deadline for applicants set

The city council set Sept. 1 as the cutoff date for applications to be received for the city manager's position here.

The council will consider the resumes received from applicants at their September session and then set up any interviews they desire for top-ranked candidates.

The city is advertising in the Texas Municipal League magazine this month for applicants.

Shower for Lisa Cowdrey

The home of Mrs. Ronnie Graves, Star Route, was the scene of a wedding shower honoring Miss Lisa Cowdrey, bride-elect of Carl Bartley of Rociada, N.M.

Approximately 100 guests called between the hours of two and four o'clock at the Sunday afternoon event. The guests were registered by a cousin of the bride-elect, Miss Kim Smith. The registry table was covered with a round beige cloth and featured a picture of the couple with a pair of beige glass doves and a brass candlestick with a pink taper.

The receiving line included Miss Cowdrey, her mother, Mrs. Bobby Cowdrey and Mrs. Noel White.

Among the special guests were her grandmothers, Mrs. Ethel Redman and Mrs. Lonnie Peel; her sister, Mrs. Gary Luft of Lubbock, and her aunts, Mrs. Dan Berry of Eunice, N.M., Mrs. Carlos Alexander of Lovington, N.M., Mrs. Hubert Cook of Leveland and Mrs. Donald Windham.

The bride's chosen colors of pink and brown were used throughout the entertaining room.

Miniature finger sandwiches, punch, nuts and rosebud mints were served by Misses Keitha White and Angela Graves.

The serving table was covered with an ecru lace cloth overlaid over brown. The centerpiece was a handmade silk flower arrangement of pink and brown in an antique white washbowl and pitcher. It was flanked with pink tapers. Crystal and silver appointments were used.

The 28 hostesses presented the honoree with a set of beige silverstone cookware and a vacuum cleaner.

The hostesses were: Mmes. Sue Maxey, Bonnie Tyler, Loveta Josey, Lometa Epley, Helen Mason, Joy Pool, Ida Jones, Natalie Shepherd, Lola Mae Ledbetter, Jewel Parrish, Joyce Nelson, Jane Mason, Debbie Ledbetter, Debbie Moreman, Nona Lusk, Maurine Hudman, Tommie Williams, Jane George, Maurice Bush, Kathy Fluitt, Ruby Carpenter, Judy Bush, Billie Lou Thomas, Myrtle Peel, Mary Stone, Imogene Stone, Orabeth White and Mrs. Graves.

Lisa Cowdrey is honored

Ladonna Meeks, Jill Ross and Leann Crozier of Lubbock were hostesses for a small miscellaneous wedding shower honoring Miss Lisa Cowdrey, on July 10. The shower was held at the Meeks home.

The 14 guests, friends of Lisa's from work and school, called at 7 p.m. Mrs. Gary Luft, a sister of the honoree, was a special guest.

They were served German chocolate cake, rosebud mints, and a tray of assorted crackers, cheese and sausage.

The serving table was highlighted by an arrangement of fresh flowers and a picture of the couple.

Miss Cowdrey will be married to Carl Bartlet at the Gascon Ranch at Rociada, N.M., on August 1.

TO CELEBRATE 50TH ANNIVERSARY — Mr. and Mrs. E. R. Moreland will celebrate their fiftieth wedding anniversary Sunday, July 26 from 2 to 5 p.m. in the community room of the First National Bank. The reception will be hosted by the couple's children, Billie Proctor, Margaret Andrews, Linda Waldrip, Buddy Moreland and Yvonne Hill.

Pryor-Gannon vows said in Littlefield church

The Littlefield Baptist Church was the scene of double ring ceremonies uniting Vicki Carol Pryor and Eddie Von Gannon on July 11, at 7 p.m.

The bride is the daughter of Mr. and Mrs. Benny D. Pryor of Friona, and the groom is the son of Mrs. Sam Gannon of Post and the late Mr. Gannon.

The ceremony was performed by Charles Broadhurst, minister of the Littlefield Church, before an arch decorated in lace featuring 96 candles with a 15 point candle arch over the center. Palms of greenery and a 15 point candle arch on either side also featured two candle trees with palms on the floor. The windows on both sides of the church were decorated with votive candles and greenery and the rails at the front of the church were lined with votive candles and greenery. The entry of the church was decorated with a screen and greenery to give a background for the register table.

The bride given in marriage by her father, wore an ivory wedding gown of chiffonella, featuring a Queen Ann neckline, and lace trimmed fitted sleeves, with points of beaded lace applied below the empire bodice. Peaks of alencon lace bordered the peplum skirt that fell over a wide flounce of crystal pleating. Her ivory colored hat was trimmed in alencon lace and crystal pleating with a pouf of veiling in the back and featured a fingertip veil. She carried a nosegay of white and red roses, stephanotis, baby's breath and ivory lace and ribbon.

Karen Floyd of Skellytown was matron of honor with Donna Pryor, sister-in-law of the bride of Lubbock, and Beverly Bailey of Oklahoma City, serving as bridesmaids. They were attired in dresses of Daphne Rose quiana with fitted bodices featuring spaghetti straps and chiffon and lace

MRS. EDDIE GANNON (Vicki Carol Pryor)

overlays fitted at the waist with a peplum ruffle. They each carried a nosegay of rubrum lilies, carnations, baby's breath featuring burgandy ribbon. Each wore a rubrum lily in her hair.

Stormy Gass of Gail, niece of the groom, served as flower girl.

Serving as best man was Ricky Cross of Lubbock, Andy Williams, and Tony Conner, both of Post, served as groomsmen with Butch Gass, brother-in-law of the groom, and Keith Pryor, of Lubbock, brother of the bride, serving as ushers.

Wedding music was played by Eva Miller and Beck Gass, brother-in-law of the groom, and Keith Pryor, of Lubbock, brother of the bride, serving as ushers. "Always" and "Wedding Prayer" were sung by Dorothy Son of Fort Worth and Bryan Johnston and "For All Time" accompanied by Clint Mears.

A reception was held

Bridesmaid lunch given

A bridesmaid luncheon was held Friday at noon in the University-City club in Lubbock honoring Miss Charla Williams and her wedding attendants.

Hostesses were Mmes. Bryan Williams, Mike Mitchell, Giles Dalby and Bill Alexander of Coleman.

Special guests for the occasion were the bride's mother, Mrs. Charles Williams, her grandmother, Mrs. Opal Montgomery, the mother of the prospective bridegroom, Mrs. Ted Tatum, and his grandmothers, Mrs. Ira Farmer and Mrs. Albert Stone.

The centerpiece of yellow daisies carried out the honoree's chosen colors of yellow and white.

covered with a gray cloth featuring a fruit bowl and strawberry cake. Silver appointments were used. Cake and fruit was served by Vickie Gannon and Patricia Gass, sisters of the groom.

Following a wedding trip to Ruidoso, N.M. the couple will be at home at 912 West 7th in Post.

The bride graduated from Texas Tech in 1978, and was employed by Clarendon ISD for the last two years. The groom is a graduate of Post High School and Texas Tech and taught in Clarendon from 1979 to 1980. He is presently employed by Mobil Oil Co.

A rehearsal dinner was held in the First Baptist Church in Littlefield immediately following the rehearsal. It was hosted by the groom's mother, assisted by his sisters, Vickie Gannon and Patricia Gass.

INVITATION EXTENDED

You are invited to attend the wedding of Sylvia Jane Smith to Donald Eugene Dingus, Jr., Saturday, the first day of August, 1981 at 10 o'clock in the morning in the First Baptist Church of Lamesa and afterwards at the reception in the church parlour.

ALLSUP'S CONVENIENCE STORES

"THERE'S ONE NEAR YOU"

Library Corner

When the city council decided to take a good, long look at municipal insurance coverage two weeks ago, it asked that the library come up with a realistic figure on the value of its contents.

The library has been in operation for 15 years, as of last month, and in that time has acquired a lot of things, including over 13,700 books.

The library's books three years ago were insured for \$40,000. After some computing with Library Pee Wee Pierce, we've come up with a reasonable "guesstimate" on the value of library contents based on actual cost. When you spread the accumulating over 15 years, it is hard to determine replacement value.

You probably could add at least 50 percent to get today's replacement value or maybe 75 percent. But we'll let the council determine that.

We "guessed" that about 6,500 used books have been given us over the years, which we valued at \$19,500 or \$3 each. The other 7,200 books were purchased by the library and at a \$6 average cost (which probably is low) that would add \$43,200, to bring the book total to \$62,700.

Not including the fish bowl, other library furnishings on a cost basis came to \$18,550.

This included: two large tables with 16 upholstered chairs, which the city council often uses, for \$2,500; \$7,400 for 37 book shelving units at an average of \$200 per unit. Also two catalog files \$600, lighted display case \$150; children's reading table \$65; two movie projectors \$1,300; two film strip projectors \$645; checkout desk, \$300; middle counter divider between children's department and main library room with book storage beneath on two sides \$300; original Robin Hood oil painting \$300; four framed prints \$400; Benjamin Franklin print \$50; three Harper's Magazine prints, framed \$180; Christmas train set, given by John Lott, \$250 (probably worth double that); two tables \$200; drapes at rear of library \$300; fireplace, if not included as part of building \$3,000; 15 prints for checkout purposes, \$230; and five frames for checkout prints, \$250; three book trucks, \$180; and two children's chairs at \$100.

That's a grand total of \$81,500 on a cost basis, or more than double what contents were insured for these last three years.

This, to our way of thinking, is pretty good "acquiring" on a budget from city and county, not counting librarian's salary, of \$3,600 or less a year, plus all kinds of gifts from individuals and the Texas State Library.

Pee Wee reports 47 youngsters are enrolled in the library's present summer reading program. Of these 28 already have reached the goal of reading 5 or more books. The others have until Aug. 21 to reach the five-book goals.

The movie this week will be a 68-minute thriller, "Mars Attacks the World". It's scheduled for a 3 p.m. Friday showing. All kids are invited.

Gift books received by the library this month include: "A Letter from My Father" by Page Smith; "The Waters of the Brazos", a history of the Brazos River Authority; "The First 62 Years", a history of Lubbock's Methodist Hospital; "The Terrors of Justice", the other side of Watergate; "The Best Years Book", planning for retirement, by Hugh Downs; and "Count-down to Armageddon" by Hal Lindsey.

DUNDAY GUESTS William and Ruth Young of Lubbock were Sunday dinner guests of Mrs. Artie Young.

Thomas family holds reunion

The children of the late Tol and Innis Thomas held a reunion July 11, and 12 at the City Park in Post.
 Those attending were Mr. and Mrs. M. D. Benton of Irving; Mr. and Mrs. W. W. Johnson of Post; John Johnson of St. Louis; Jerry Johnson of Austin; Karissa Bowman, of Austin, Mr. and Mrs. Jim Thomas of Hereford; Mr. and Mrs. John Drake, Michael, Whitney and Steven of Hereford; Debra Nolan, Burt and Ashley of Hereford; Mr. and Mrs. Dan Thomas, of Wink; A. C. Thomas, of Amarillo; Mr. and Mrs. Joy Hurt, Amy, Angie and Jaymie of Odessa; Mr. and Mrs. Benny Wayne Thomas, Haley and Ashley of Lubbock, Mr. and Mrs. Wayne Thomas of Post, Ryan Nichols and Radley of Post; Mr. and Mrs. Leroy Holly, Riley, Mandy and Ryan of Post; Mr. and Mrs. Tol Thomas and T. J. of Tahoka.

Also visiting were Bill and John Bill Hedrick, Jay and Connie Kennedy, all of Post.

John Smith in senate race

ODESSA - John W. Smith, an Odessa attorney, has announced his candidacy for the 1982 State senate race.

The 36 year old native Odessan is seeking the 28th District Senate seat now held by E. L. Short.

Smith said, "The people in our district have never had a senator who could effectively represent the diverse interests of the whole of the 28th district. We have oil related business here that we do not believe is being properly represented. A senator from this district must be sensitive to the farming and ranching interests in conjunction with the oil and gas industry. I feel they are all of equal importance."

He said he is running for the high ranking state office at the encouragement of friends and colleagues and his early announcement is aimed at letting people know his stand on the issues so that voters will have sufficient time to carefully evaluate and make the right choice.

Willie Bowen Rites held

Funeral services for Willie L. Bowen, 92, of Brownwood, and the brother-in-law of Mrs. W. W. Stephens of Post were held Saturday in the First Baptist Church at Eley, Texas. He is also the uncle of Lucille Windham of Post.

He lived in Post in the late 1930s and early 1940s and was a retired farmer and carpenter. He had been a deacon in the Baptist church for 60 years.

Survivors include five daughters, one brother, and two sisters; 17 grandchildren and 32 great-grandchildren.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Acting quickly in the first week of the special session, the Texas Legislature made progress toward passing three of the five issues called by the Governor.

The Senate redistricting committee approved a congressional redistricting plan, while the House overwhelmingly voted to abolish the state property tax and to create a fund to assist water projects across the state.

If each chamber this week endorses the lead taken by the other, it will be three down, two to go before the halfway point.

The proposed congressional redistricting plan contains a primarily black district in Dallas, which is what Gov. Bill Clements wanted. Unless the House alters the plan, the Governor will sign the bill.

The property tax and water fund were issues presented in the form of proposed constitutional amendments. Should the Senate follow the House action, the issues will go to the voters on the November ballot.

That leaves only the Medical Practice Act and revision of the Property Tax Code as unfinished business on the special session agenda. Disappointed observers who had wanted to see more political action now predict a scrimmage over the property tax code changes.

State Property Tax

In abolishing the ad valorem tax, the Legislature would not make much difference in taxpayers' bills. In 1979 the Legislature lowered the tax to a speck of a sum, and it wasn't even worth collecting. The total tax in an entire rural county might come to \$2.50.

Still, the tax remained in the Texas Constitution as the source of construction funds for 17 state universities and colleges. Attorney Gen. Mark White ruled that until the law was removed from the Constitution, no other revenues could be used for construction.

Following his ruling, Midwestern State University in Wichita Falls filed suit to resume collecting the tax, possibly including over \$250 in back taxes to 1979.

If the law is stricken from the Constitution, the lawsuit becomes moot and the threat of back taxes disappears.

Water Fund

The water fund amendment, sponsored by no less than House Speaker Bill Clayton, would set up a dedicated state fund financed by surplus revenues.

Under its provisions, unspent state money would be divided, with half going into the water projects assistance fund and the other half for purposes chosen by the Legislature.

The Texas Water Development Board would administer the fund, steering it as loan money to local governments, to help research water projects, and to pay for reservoirs.

The amendment is coupled with enabling legislation which appropriates \$40 million to the fund in 1982. The issue will reach voters on the November ballot.

Congressional Redistricting

By far the most politically rife issue on the Governor's agenda, the task of redrawing congressional districts was thought to become a sticking point in the special session.

The Governor wanted a plan which created a black Dallas district and which also favored Republicans. Senate Democrats wanted a plan which favored all incumbents. Democrats and Republicans alike, including two Dallas liberals targeted by Clements.

In a surprise move last week, the Senate committee voted for a substitute bill by Sen. John Wilson, D-La Grange, which was similar to Clements wishes.

Party lobbyists may still try to use the Democrat voting strength to protect liberal congressmen Jim Mattox and Martin Frost.

In the end, conservative Democrats probably did not feel it was worth a gut-fight to protect liberals.

In the Legislature particularly, conservative Democrats find themselves aligned with Republicans against liberal Democrats, and memories of recent battles (and the mood of the voters) will probably prevail over cries for party unity. One legislator put it this way: "The Democrats have a family feud to settle before they can form up on party lines in the Legislature."

Burlington's 3rd quarter sales, earnings are up

GREENSBORO, N.C. — Burlington Industries, Inc. today reported higher sales and earnings for both its third fiscal quarter and the first nine months of the 1981 fiscal year.

Consolidated net sales for the quarter ended June 27, 1981 were \$858,426,000 on which the company's consolidated net earnings were \$35,078,000 or \$1.25 per share. In the comparable period last year, Burlington reported net sales of \$742,422,000 on which the company's net earnings were \$28,326,000 or \$1.01 per share. Included in the net earnings for the current quarter was a gain of 26 cents per share from the translation of foreign currency items, compared to a gain of 32 cents per share for the same quarter last year. In addition, the

previously reported disposition of certain international textile operations generated pre-tax losses which were more than offset by U.S. tax credits. The net effect of these transactions was a gain of 6 cents per share for the quarter.

For the nine months ended June 27, 1981 consolidated net sales were \$2,386,345,000 compared to \$2,183,641,000 in the prior year. Net earnings were \$80,140,000 or \$2.85 per share compared to \$73,584,000 or \$2.62 per share last year. The fiscal 1981 nine months results include a foreign currency gain of 68 cents per share in addition to the 6 cents net gain on international dispositions noted above. The

fiscal 1980 nine months results include a gain on foreign currency translation of 27 cents per share and a net gain on the disposition of certain European businesses of 15 cents per share.

Mr. Kloofman, chairman and chief executive officer, commented, "While the economy was soft during the June quarter, Burlington was pleased that its operating results, excluding foreign currency gains, improved significantly over

the prior quarter and over the same quarter a year ago.

"This improvement suggests that Burlington is beginning to reap the benefits of the massive capital expenditure program that has been in place for the last several years, in addition to reflecting the elimination of losses from businesses sold or disposed of in the past year. Long range projecting in the textile industry has its perils, but we believe that

our operating earnings are going to continue to improve even under current business conditions as a result of the above mentioned contributing factors."

School taxes up

AUSTIN — The largest increase in school property taxes in history was adopted by school trustees last year, according to the report "Bench Marks for 1981-82 School District Budgets in Texas" published by the Texas Research League.

Tax bills mailed by the 1,070 school districts in Texas totaled almost \$2½ billion — a whopping \$393 million increase over the previous year. Statewide the increase was 18.8 percent.

The increase for Post ISD was 26.8 percent. Last fall school districts adopted budgets for 1980-81 calling for spending averaging \$1,928.95 per student for current operations. Post's budget called for \$2,693.97 per student based on the 974 students in average daily attendance in 1979-80.

The average salary for classroom teachers paid by Post ISD in 1979-80 was \$12,630 which was 7 percent above the minimum salary prescribed by the state. The average among all school districts in Texas was \$14,101 per classroom teacher or 13.7 percent over the minimum.

There was an average of one teacher for each 14.2 students in Post ISD, as compared to a statewide pupil-teacher ratio of one to 16.5.

School districts are permitted to levy local property taxes above the local share of the Foundation School Program and to use the proceeds to "enrich" the program prescribed by the legislature. In 1980-81 the average school district levied property taxes five times the amount required for the Foundation Program and used the funds to enrich the program by an additional \$695 per student. Enrichment from local taxes in Post ISD was \$2,170 per student.

School districts must adopt new budgets for the 1981-82 fiscal year which begins September 1st. The tax assessor must calculate a tax rate that would produce the same revenue that was levied last year. If trustees anticipate adopting a rate that is more than three percent greater, a quarter-page notice must be published and a series of public hearings on the tax rate must be held.

LET US WORSHIP TOGETHER

Post's Sunday School Superintendents

Jim Jackson has been the music director for the Calvary Baptist Church since 1968. Along with directing the music program of the church he is also song leader. He is also chairman of the Deacons, adult Sunday School leader and adult training union director for Sunday evenings. Jim and his wife Dortha have two children, Benny who is a freshman student at Hardin Simmons University and Darla who will be a junior at Post high school.

Cearley reunion held Saturday

Descendants of the late Oran and Agnes Cearley congregated Saturday at the Post Community Center for their annual reunion.

The late Mr. and Mrs. O. R. Cearley moved to Post from Wise County in 1915 and settled in the Close City Community where they remained until their deaths in 1953 and 1959. They were active in the community, church and school affairs, and their children became teachers and professional people here before moving on to other places.

Those attending the weekend festivities at the center and at the Stanley Butler home were:

Jess Cearley of Denton, Sue Cearley Norman of Corpus Christi, Frank McNeely of Broken Arrow, Okla., Ruth McNeely Wilson of Whittier, Alaska, Debbie Wilson Cowan, Chrysti and John of Denver, Colo.

Bill Callison, Jane McNeely Callison, James, Steven, Eleanor and Nathan of Norman, Okla. Bob Leonard, Frances McNeely Leonard, and Chris of Dallas. Mrs. John Cearley, Coy Hudson, Marthana Cearley Hudson, John Glenn and Brendan of Pecos, Mr. and Mrs. John Alan Cearley, Christi, John Jr., and Nathan of Fairfield, Mr. and Mrs. Gene Smith, Joy Smith and Jerry Smith of Lubbock; Keith Smith of Dallas; Bob Smith of Andrews; Graden Howell, Jr., and Peggy Butler Howell of Copperas Cove; Ritalynn Butler of Lubbock; Stanley and Geraldine Cearley Butler of Post.

Other relatives attending were: Mr. and Mrs. Alvin Cearley, Julian and Duff of Burleson; Royce Waltrip and Juanell Cearley Waltrip of Levelland.

Tips for saving 40% of water bill

COLLEGE STATION — Don't just turn on your lawn sprinkler when hot, dry weather arrives and gripe about your high water bill. By watering, fertilizing and mowing your lawn properly, you can reduce your water bill as much as 40 percent during the summer months.

"Conservation by the homeowner provides the only solution to high water bills and excessive water demands during our hot and usually dry Texas summers," points out Dr. Richard Duple, turfgrass specialist with the Texas Agricultural Extension Service, Texas A & M University System.

In small cities where industrial demand for water is low, lawn watering may account for as much as half of all the water used during summer months. Even in larger cities, lawns get 30 to 40 percent of all the water supplied by municipalities, notes Duple.

He adds that most Texas lawns need about 2 inches of water per week during the summer and that most of this usually comes from irrigation.

Exactly what can a homeowner do to reduce his summer water bill?

"The first thing is to water your lawn only when grass starts to show signs of drought stress," explains the specialist. "Look for discoloration and wilting. If leaves roll up in the late afternoon and footprints remain after walking across the lawn, then water within 24 hours."

"Once you've decided that your lawn needs watering, do it right," emphasizes Duple. "Most homeowners don't

water their lawns properly. They either water too often, causing grass to develop shallow roots and making it a prime target for insects, diseases and temperature extremes, or the water too infrequently and apply too much water at one time, resulting in a lot of runoff."

When watering, soak the soil to a depth of 4 to 6 inches, recommends the specialist. In heavy clay soils, watering for 15 to 20 minute periods may be necessary to prevent excessive runoff.

"Cutting back on lawn fertilization can also reduce watering," says Duple. "Applying fertilizer in the spring and fall will generally keep your lawn healthy. Fertilizing during the summer, especially with nitrogen fertilizer, will green up your lawn, but it will also make it grow faster and use more water."

Mowing less often and cutting your grass at taller heights also will help keep your lawn in better shape during hot, dry weather, adds the specialist. St. Augustinegrass does well when mowed at a 3-inch height, and bermudagrass can be cut at a 2-inch height.

ATTENDS WEDDING
Mrs. Artie Young attended the wedding of her great-grandson, Russell Lee Young in Wolforth Friday night. The wedding was held in the Wolforth Church of Christ. He is the son of Mr. and Mrs. M. J. Young.

Catalogs out, show lineup set for South Plains Fair

LUBBOCK — Boasting an all-time high of \$75,000 in premiums and containing a special segment in honor of a longtime veteran officer and director who died earlier this year, approximately 5,000 catalogs have gone into the mail announce-

Senior Citizens News

Hi out there, you senior citizens. Guess it is too hot to get out for some of you but we sure do miss you when you aren't here. We are still having good crowds.

Still have about two tables of 88 or 42 going each day after lunch and before too. We are still having good singings and tried something new this past Friday with just a few musicians and lots of good singing. There was a mixup in the date. So we will be having another musicale this coming Friday night, July 24.

Those who came and played Friday, July 17, were Esker Stone, Don Travis, Mrs. Ethel Edwards, Brother Moore, Bea Dodson and Mildred Stewart. Also there was lots of singing and poem reciting. This was enjoyed by all.

We will be having our hearing aid man from Belitone, Randy Brackin, here this Thursday, July 23. Also the blood pressure check will be the first and fourth Tuesdays and first and third Thursdays next month. Bonnie didn't come this last Thursday. Maybe she forgot. There were several here to get their pressure checked. So we will be getting it checked this next Tuesday, July 28.

Project council will be meeting in Lubbock this Thursday. We will be having the following musicians this next musicale night so be sure and be here: Danny Shaw, Weldon Reed, Tommy Reed, Bob Durham and Dr. Rodriguez. Also same old standbys starting at 7:30.

Hospital Notes

Admitted to Garza Memorial Hospital during the past week were:

Maria Jimenez, medical
Troy Gilmore, medical
Jackie Blacklock, medical
Henry F. Wheatley, medical

Annie M. Taylor, medical
Steven Tidwell, ped.
Pauline Salas, medical
Lee Pitman, medical
Sharla Bevers, surgical
Catalina Villa, medical
Lena Julian, medical

Dismissed
Beverly Simpson
Earl Williams
Jackie Blacklock

RECENT VISITORS
Visiting in the home of Mrs. W. W. Stephens last week were Bess Bowen, Joyce Richardson of Lubbock and Kay, Kim, Kris and Kyle Bowen of Plains.

ing details of the 64th annual Panhandle South Plains Fair.

General manager Steve L. Lewis said the catalogs have been sent to volunteer workers, potential exhibitors and other interested persons.

The offering of \$75,000 in premiums is the same as last year's, but represents an all-time high, Lewis said. The total jumped from \$60,000 to \$75,000 in 1980.

This 1981 exposition is

scheduled here Sept. 26-Oct. 3.

The new catalog pays tribute to Homer E. Hunt, whose death this year ended 32 years of service to the fair.

The widely-known Lubbock businessman and pioneer family member served from 1949, holding all offices in the non-profit fair association, including five one-year terms as its president.

In marking his accom-

plishments in a two-page spread at the beginning of the catalog, the fair directors and staff noted: "The Panhandle South Plains Fair never had a better, more dedicated or valuable officer or director — No one could have done more or could have done it better."

The catalog also contains a complete listing of all premiums offered this year as well as schedules of events, exhibits and shows. Seven big name shows have been carded for the stage of Fair Prak Coliseum. The lineup includes: Charley Pride, Sept. 26; Mickey Gilley and Johnny Lee with the Urban Cowboy Band, Sept. 28; Don Williams, Sept. 29; Marty Robbins and Little David Wilkins, Sept. 30; Slim Whitman and Boxcar Willie, Oct. 1; Mel Tillis and the Maines Brothers, Oct. 2; Jacky Ward and The Kendalls, Oct. 3.

Shows will be presented at 5 p.m. and 8 p.m. daily, except for an 8 p.m. show only for Williams. Tickets for the shows are \$6, \$7, \$8 and all seats are reserved. For mail order tickets write to the fair association at P. O. Box 208, Lubbock, Tx. 79408. Orders will be processed in the order in which received, but orders will not be filled until early August.

Mail order reservations must be accompanied by a stamped, self-addressed envelope.

Mail order reservations must be accompanied by a stamped, self-addressed envelope.

Twin Cedars Nursing Home News

Dominoes are a big event on our activity schedule each week. The residents enjoy the time for games and visiting among themselves as they play. Another activity that the residents enjoy is when Patsy Craig comes each week with her wonderful Bible lesson. The residents want her to know how much they enjoy and learn from each of her lessons. We want to thank her for being so loyal and sweet to each of us.

Mrs. Stelzer brought bananas to the residents which were greatly appreciated. Mrs. Hodges' family brought a cake and had a small birthday party for her and invited all the residents

of the home. Our home has been remodeled and the fresh new paint has put a bright and cheery atmosphere in the air around here. Mr. Pitman was hospitalized yesterday and all the residents are thinking of him and praying for him.

Happy Birthday From Your Employees

Wilson Surveying Company

John Wilson - Owner

Wilson Surveying Company is located at 1716 Avenue M in Lubbock. Phone 763-3388 for all surveying work.

Surveying is an old and highly respected profession. It is as important now as it was in George Washington's time that all survey work must be done with utmost accuracy. No one has met

with more success in this section than Wilson Surveying Co. - specializing in oil well locations - lease surveys - Subdivisions - Topographical Surveys - Title Surveys & Electronic Measuring Systems.

Many thousands of dollars are spent every year in court battles arising over property line disputes. Don't just 'think' you know where your property line is, BE SURE! Call Wilson Surveying Co. at 763-3388 today and rest assured you are obtaining the best surveying work offered in this section. It is our pleasure to recommend the Professionals of Wilson Surveying Co. in Lubbock.

Randy Clifton TV & Appliance

Randy & Evelyn Clifton Owners

Many families have reason to appreciate the services performed for this area by Randy Clifton TV & Appliance in Spur at 415 N. Burlington phone 271-4301.

This progressive firm has been doing business with people for over 25 years and over that period of time has made many friends throughout the area. They are local dealers for Westinghouse and Zenith TV's and Appliances and have a complete selection.

They specialize in sales and service on all electrical appliances.

Call them for any information. Readers are invited to stop in and look over their display.

No amount of effort is spared by the management to see that every customer becomes a permanent friend. We are happy to recommend Randy Clifton TV & Appliance in Spur and suggest you visit them soon and make your selection. We salute Randy and Evelyn Clifton on excellent service to the area.

Snyder Iron & Metal

Snyder Iron and Metal located on Old Post Road in Snyder, Phone 573-6862, buys all kinds of junk for the highest prices. Junk is worthless to us when it is cluttering up our yards, but with very little effort, it can be converted into dollars. It would be wise to take inventory of your yard today and gather up all junk material and take it to Snyder Iron and Metal where it can be put to use. Almost all metals can be sold so why not have the money in your pocket instead of the junk lying around? This firm has a reputation for being fair in all their dealings, so you can be sure you are doing business with a reliable firm when you visit Snyder Iron and Metal. For price quotations or any other information, phone 573-6862 and they will be glad to assist you. They buy copper, brass, lead, bronze and aluminum, old motors bring a lot of cash, too. It is our pleasure to recommend Snyder Iron and Metal for service to the area.

BJ's Liquor Store

Karl Scholz - Owner

BJ's Liquor Store located at 1720 South 9th in Slaton, phone 828-3178 is the place to go for your favorite brands of imported and domestic wines, liquors, beers and mixers. This liquor store offers a complete stock of nationally advertised brands at reasonable prices. If you want the best quality, they have it, if you want popular priced brands they also have them. Quality and service, while offering the utmost value for your liquor dollars, have contributed to the success they have enjoyed. The convenient location of BJ's makes it a handy place to pick up the refreshments you need for that important party or week-end gathering. Their location has led to patronage from people from the surrounding areas. There are so many different brands of wines and liquors on the market today that unless you have established a favorite brand by actual usage, you need the advice of a reliable dealer like BJ's Liquor Store in Slaton open 10 a.m. to 9 p.m. We suggest you stop soon!

Caprock Service Co., Inc.

When you see you are going to need the services of a transport truck, your next thought should be the Caprock Service Co. in Big Spring, Phone 267-2561. Their office is located at 200 Young. This well equipped trucking company with first class equipment and competent operators will handle your products just the way you want the job done. They offer Transports, Bobtails, and haul brine and fresh water and also crude oil Transporting. Their crews are on call day or night, they have state wide permits and trucks are equipped with 2-way radio communication. No matter where your lease is located or how far the product is to be hauled, this firm will give you good conscientious service and expedite the job to your complete satisfaction.

This Review heartily recommends this firm to the readers as one who can be thoroughly relied upon. It is our pleasure to salute CAPROCK Service Co. in Big Spring and suggest you call 267-2561.

Pember Insurance Agency

Bob Kern - Owner

There is a deserved place in every community for any business which contributes to the security and well being of its citizens. In this regard the insurance business is deserving of prominent mention and more particularly the Pember Insurance Agency, located in Slaton at 144 W. Garza, phone 828-6251 - No. Ans. 828-3924. This firm has been serving since 1919 their 62nd year.

They specialize in planning an insurance program whereby maximum protection is obtained from each insurance dollar spent. Three new football coaches hired here

Season will start Aug. 4

The "start" of the 1981 high school football season is less than two weeks away.

Post grid mentor David Thompson announced Sunday that physicals for football candidates will be given at 2 p.m. Tuesday, Aug. 4, at the field house.

The following day football shoes will be checked out, and on Monday, Aug. 10, two-day football practices will start at 7:30 a.m.

Coach Thompson will have 11 returning lettermen and expects to greet a squad of 50 to 60 players when the combined varsity and junior varsity candidates report for work.

Before departing Monday for the Texas high school coaching school at Dallas with his assistant coaches, Coach Thompson also announced the hiring of three new coaches.

They include: Ken Plumlee, who has had nine years of coaching experience at Snyder, Stinnett, Sunray and Lumberton. Plumlee, a North Texas State grad, will replace Greg Johannsen who resigned earlier this month to

become a Lubbock carpenter. He will coach the defensive secondary and offensive backs.

Forest Hanna, a West Texas State grad who will be beginning his coaching career without previous experience.

Fred Postell, a Texas A & M grad who has had three years of coaching experience at Uvalde Junior High. Both Postell and Hanna will draw junior high coaching assignments.

The state coaching school begins Tuesday.

Prior to departure, Coach Thompson told The Dispatch that sophomore-to-be Milton Williams, who set all kinds of local scoring and rushing records both in junior high and as a freshman, is now up to 137 pounds — 13 more than his running weight of 124 as a freshman.

"He thinks he can play and we're going to give him that chance," the Lope mentor said.

The only question about Williams has been whether he will be big enough as a sophomore to play varsity ball and withstand the pounding.

VFW Bucks in first with 9-1 record

Manager Boog Holly's Post VFW Bucks have suffered their first defeat in Slaton league play in the last two weeks, but they've added five more victories too to remain the Slaton League leaders with a 9-1 record.

The loss came back on July 10 here when the Slaton Padres came up with a five-run third inning to score a 5 to 2 victory. All the scoring in that one came in the third, as the Bucks got their two runs in the same inning on a double by Kevin Craig, two walks, a fielder's choice and a sacrifice.

Kevin Horton gave up only two hits in the big inning for Post, but an error, two walks and a sacrifice were also damaging.

The Bucks were held to four hits in that one, all singles except for Craig's double.

The five victories in the past two weeks include:

July 8: Post 11, Kitten Machine 9.

July 15: Bucks, 9, Slaton Reds 5.

July 13: Bucks 2, Wilson Farmers 1.

July 17: Bucks 15, Perkins 4.

July 20: Bucks 11, Slaton Stars 4.

In the 11 to 9 win over the Kitten Machine team, the Bucks had to come up with a three-run rally in the final inning for the victory.

Clyde Cash started on the mound for Post, his first baseball effort of the year, and he wasn't ready. The Kittens teed off for eight runs in the second inning on four walks, two errors, a single and a homerun.

The Bucks took the rest of the game catching up. Trailing 8 to 9 in the bottom of the sixth Ronnie Bratcher doubled, Raymie Holly singled, and with one away Homerun Slugger Bryan Compton unloaded a homerun, his seventh of the season, to win it.

The Bucks didn't put away their 9 to 5 victory over the Slaton Reds here July 15 until the sixth inning either. Leading only 5 to 4, Post unloaded with a homerun by Mike Dye, doubles by Bratcher, Danny Gunn, David Foster, and Raymie Holly, and a single by Benny Kennedy mixed

with two walks for four clincher runs.

The Bucks 2 to 1 win over the Wilson Farmers at Slaton July 13 was an interesting game with the Bucks coming up to break a 1-1 tie in the bottom of the seventh for the winning run on a double by Holly followed by a one-out single by Lester Holsley.

Wilson got its run on a first inning homerun by Marty McClintock. Singles by Bratcher and Steve Shedd in the second got Post its tying run.

Holly scattered seven hits for the win, walked none and struck out eight.

Compton got his eighth homerun of the season in the 15 to 4 win at Slaton July 17 over Perkins to go with a single and a double.

Roy Sappington also homered for Post in an eight-run sixth inning.

In their last start, the Bucks walloped the Slaton Stars 11 to 4 at Slaton Monday night. They got away fast in this one with the first five Post batters in the opening inning scoring.

The Bucks are scheduled to play the Eblen Pharmacy, second best team in the league, at the Babe Ruth Park here at 9 p.m. Wednesday, July 22.

On Friday night, Post will play the Kittens at Slaton in the 9:30 p.m. nightcap of a double bill and on Tuesday, July 28 they will meet the Padres at 7 p.m. at Slaton in the first game of a twin bill.

Little Leaguers bow in final 6-5--

Post loses tourney in final inning

Post's Little League All-Stars came out of the losers' bracket last week to come within the last three outs of winning the area tournament here.

Down 3 to 5, Slaton rallied for three runs in the bottom of the sixth to come back and win the championship Friday night, 6-5.

Post looked good all the way, except in their 7 to 3 loss to Tahoka in the first round Monday night when Lupe Perez gave up eight hits to Tahoka.

Post banged out 17 hits in a 21 to 4 win over O'Donnell Tuesday night. The locals then blasted Tahoka 12 to 2 to oust the Lynn County team Wednesday night to advance into the final against undefeated Slaton. Rodney Guthrie went the route on the mound for Post and gave up but two hits.

Next they gave Slaton a 19 to 6 hammering Thursday night with an 11-hit barrage including a homerun by winning pitcher Lupe Perez. Perez gave up but four hits and struck out seven.

That sent the tournament into Friday night with Post and Slaton all even with a

loss apiece.

Post jumped into a 3-0 lead in the top of the third on singles by Guthrie and Marvin Lee and a double by Lupe Perez with none away. Tracy Perez sacrificed Perez to third from where he scored on an infield out.

Slaton got one back in their half on a walk and a double by David Dodson.

Post added a run in the fourth on a triple by Brent Jones and a run scoring sacrifice by Greg Benham.

Post made it 5 to 1 in the top of the fifth on a double by Lupe Perez and a single by Jay Claborn.

Slaton added two in the bottom of the fifth on a single, walk, fielder's choice and sacrifice.

Then came the fateful bottom of the sixth. Chris Martinez walked, Mark Gonzales doubled, and Steve Aguar singled, and Albert Arguello was hit by the

pitcher. Pitcher Benny Arguello then won his own game.

Guthrie went the route for Post, giving up but five hits to seven allowed by Arguello.

Guthrie was the hitting star of the entire tournament. He collected 14 hits in 20 at bats in the five Post games for a .700 batting average. He also scored 10 runs and got two or more hits in every game.

Lupe Perez was not far behind for Post. He collected nine hits in 19 official at bats for a .474 batting average and scored nine runs.

As a team for its five tournament games, Post collected 49 hits in 128 official at bats for a team batting average of a hefty .375.

Fishing licenses are up 50 cents

AUSTIN — The Texas Legislature in its recent session made several changes in sport fishing licenses, including a 50-cent price increase for the resident one-year fishing license.

The resident license increase raises the price from \$4.50 to \$5, effective for the 1981-82 license year. All annual fishing licenses expire at the end of each fiscal year, Aug. 31, the Texas Parks and Wildlife Department said.

The resident combination hunting and fishing license remained unchanged at \$8.75, and no hunting license fees were altered.

The legislation also raised the fee for the annual nonresident fishing license from \$10.50 to \$15. It abolished the \$1.25 three-day saltwater sport fishing license. In its place is a temporary (14-day) resident sport fishing license costing \$2.50; nonresidents may obtain a temporary (five-day) nonresident fishing license priced at \$4.50. Both licenses are valid for salt and freshwater fishing.

Fishing and hunting licenses may be purchased at Texas Parks and Wildlife Department offices across the state and at tackle shops and sporting goods

stores. The 1981-82 licenses are expected to be available at most outlets by mid-August, the department said.

Prospective purchasers of the new temporary 14-day resident sport fishing license are reminded that while they may be able to purchase the license before Sept. 1, the license will not be in effect until that date.

Fifth place in horse show

Jana Terry, daughter of Mr. and Mrs. Mack Terry, placed fifth in the Grade Mare class in the recent State 4-H Horse show held in Waco, July 17-19.

Jana scored 130 points in the reining, lacking only 6 points to qualify for the reining finals. She also competed in showmanship and western pleasure.

The state show was held in the Heart of Texas Coliseum where the 280 qualifying contestants representing the state's 4-H districts competed.

Accompanying Jana to Waco were her parents, Mack and Jane, Bill Hedrick, 4-H Horse Club leader and Jana Middleton.

Appraisals—
(Continued From Page One)
they actually were.

The tax rates used in the notices to compute 1981 taxes for comparison purposes also are believed considerably higher than the tax units will officially establish in the next few weeks.

Consequently the 1980 taxes were in some instances too low, while generally the computation of proposed of 1981 taxes were too high.

Only one man came into the appraiser's office really mad. He declared there was no possible way the appraisers could have put such a high value on his property.

When it was shown him that due to exemptions he would not have to pay any property taxes this year, as also shown on the notice, he fell silent for a moment, shrugged and left saying he didn't care what the reappraisal value was as long as he didn't have to pay any taxes.

ARMY RESERVE. BE ALL YOU CAN BE.

COTTON TODAY
A NATIONAL COTTON COUNCIL SERVICE

Crop Insurance Improved
Agriculture Secretary John Block has announced changes in the 1982 federal Crop Insurance Program.

A great majority of the National Cotton Council's recommendations on the program are included in the changes.

Insurance will be offered in all counties on cotton, corn, wheat, grain sorghum, barley, and rice, and over 90 percent of counties for soybeans. A farmer who believes the coverage offered him is based on unrealistically low average yields will be allowed to prove his yield and insure on that basis.

ASCS county offices will: (1) serve as the contact point for program information (2) provide yield and acreage data, (3) measure insured crops, and (4) assist

in the development of the prevented planting insurance program, and other program developments as needed.

Application forms have been simplified to provide better and faster service as significant cost savings. A broad study of the rating system has been initiated in order to determine the lowest possible premium rates adequate to cover expected losses.

An extensive education and promotion program is under way for fall-seeded crops, and will be continued through sign-up dates next spring. Plans have been made to transfer 95 percent of the sales to the private insurance industry in 1982. All sales will be made by industry agents in 1983 and later years.

Steve Sawyers is new CPA

Steve Swyers, son of Mr. and Mrs. Ed Sawyers, has successfully completed all the requirements for licensing as a certified public accountant.

Sawyers was issued his certificate by Don M. Lyda, chairman of the Texas State Board of Public Accounting, at a special ceremony in Waco May 21.

As part of the requirements, Sawyers had to pass an examination. During 1980, 14,868 applicants sat for the examination in Texas while only 2,527 certificates were issued for successful completion.

Sawyers is a native of Post and a 1978 graduate of Texas Tech where he was a member of Beta Alpha Psi, the national accounting fraternity.

He is an employee of Session, Gentry and Selby, certified public accountants in Hillsboro, and lives near Peoria. His wife, Marcella is employed at Hillsboro State Bank.

For heart disease fight-- \$1,271 raised in 'Live to dance'

The American Heart Association's "Live to Dance to Live" event, held recently at Post - area aerobic dance class location, has raised \$1,271 toward the fight against premature death and disability from heart disease.

Some seven students participated in the event which features eight twenty-minute dance sessions. Participants performed aerobic dance routines for as many sessions as they could in four hours to earn pledges based on the number of minutes danced continuously.

Participants received

Water bug—

(Continued From Page One)
This reporter spent some 30 minutes observing a session with Jennifer in the pool Wednesday morning and the result of the training is evident.

She loves the water and is not afraid to be totally submerged in the pool or to be "ducked" from the diving board, always into the waiting arms of her mother or grandmother. Jennifer is only released and totally by herself when she goes from one adult to another, with her face under the water, but she is a great "floater" and will kick and work her arms when supported only by a firm hand under her chin.

Of course there are right and wrong ways of teaching an infant to enjoy the water, and it is evident that Susan and Marita have brought Jennifer along with ease. The whole teaching process is to teach the child it is a game of fun and not to frighten the child. The process cannot be rushed or handled by someone who is not experienced in training children to swim.

It will be interesting to see how Jennifer progresses in her training, but one can be assured after her lessons, she could surface and stay there long enough to be helped in a situation that might otherwise be very tragic.

French-cut T-shirts, and all dancers who raised over \$250 won a Neiman-Marcus tote bag. Dancers were also competing for statewide prizes which included vacation trips for two to Hawaii, Acapulco, and San Francisco.

The dancer in Post who raised the most money was Jaynie Dickson, who collected a total of \$625 after dancing 200 minutes.

Proceeds from the event, which was held for the first time this year, go to support the American Heart Association's research, education, and community service programs in Texas. The event was sponsored by the Governor's Commission on Physical Fitness.

When buying potatoes, avoid those with a green color. This is known as "sunburn" and can be caused by too much exposure to either sun or store lights.

What's Happening in Home Economics

By MRS. CHERYL WALKER
County Extension Agent — Home Economics

Nearly 5,000 teenage 4-H members from 44 states will participate this summer in week-long sessions of the Citizenship-Washington Focus Program at the National 4-H Center in Washington, D.C. Tina Green and Darla Jackson will be the 4-H'ers from Garza County who will participate in the activity.

These young people will study individual citizenship responsibilities, our national heritage and system of government. Special emphasis will be placed on leadership skills related to economics, jobs and careers; international interdependence; health, food and agriculture; and conservation and use of natural resources and community citizenship.

Using the nation's capitol as a classroom, the program includes a day on Capitol Hill to meet with

members of Congress and see government in action, visits to federal agencies and national organizations, and field trips to historical and cultural sites. Intensive seminars focus on how skills and knowledge gained can be applied to 4-H programs in local communities.

Citizenship-Washington Focus is conducted by the National 4-H Council in behalf of the Cooperative Extension Service of state landgrant universities and the U.S. Department of Agriculture. In Texas this program is conducted through the Texas Agricultural Extension Service.

Texas 4-H'ers will depart by bus on July 28th and will return on August 11th, seeing a large part of America along the way. This is called the 4-H Citizenship Shortcourse and Heritage Tour.

For federal SSI payments--

Needy, disabled youth eligible

Many severely disabled young people who have never had a chance to work may now be eligible for a payment called Supplemental Security Income. This payment is from general treasury funds, but is administered by the Social Security Administration.

SSI payments range from \$1.00 to \$264.70 effective with July 1981, and are based upon need. Unlike Social Security disability payments requiring work covered by social security, SSI has no work requirement. The only requirements are to be disabled severely, be a citizen or be in the United States legally, and prove a need for funds.

An individual with no more than \$1500 in resources meets the requirements from the assets standpoint. The individual may also own a car and a home. All other assets, such as cash on hand, money in the bank, in savings, bonds, mortgages, life insurance cash value, and any other asset will count toward the

allowable \$1500. Anyone who is severely disabled, blind or mentally retarded, should contact, or have a relative or friend contact the Social Security Office at 1205 Texas Avenue, room 102, Lubbock, Texas. The teleclaims number is 806-762-7385, and calls from local area persons may be made collect.
