Fifty Fourth Year

Post, Garza County, Texas

Thursday, July 30, 1981

Number 9

District proposal studied

The Garza County Commissioners Court in special session last Thursday morning took under advisement a county commissioner redistricting proposal presented by Director of County Affairs Donald Windham.

County Judge Giles Dalby told The Dispatch the county has been given an extension into November to complete work on its redistricting plan.

Dalby said a door to door canvass is being taken in some areas of Post to determine a more accurate block population county broken down to include minority totals than was made available through the 1980 census.

A public hearing is expected to be called within two weeks on the redistricting. When the county court agrees on its plan it will be submitted to federal authorities for approval as required by the Voters Rights Act of 1975.

Judge Dalby said the Garza redistricting plan is being submitted to Steve Bickerstaff, Austin attorney who is recognized as the leading redistricting authority in the state, to determine if it meets federal requirements before submitting the plan for federal approval.

Readers might recall that after the 1970 census, the redistricting plan divided up the four commissioners district so that each district reached into the courthouse square.

Under the presently proposed plan, due to population shifts, three quarters of the courthouse square is in precinct 4 and the other quarter is in precinct 3.

At the special meeting, the court also discussed the CO2 pipeline that the George R. Brown oil interests are planning to contract for their new CO2 flood.

The pipeline will cross several county roads in the precinct 1. Phil Wylie with Gullet and Associates furnished the court with a map showing county roads that will be crossed.

In another action, Judge Dalby and Windham were authorized to negotiate and renew the federal funding through South Plains Association of Governments for the 1981-82 fiscal year.

On Garza appraisal front— Some rural land values to be cut

Market values on some rural land, especially small tracts, are going to be lowered, Jean Westfall, chief Garza County appraiser, told The Dispatch Wednesday morning after a busy week of listening to taxpayers' complaints on new appraisals.

Mrs. Westfall said not enough sales were available for use in determining rural land values and landowners are now coming forward with more information.

Foy Mitchell, general

manager of Associated Tax Services, was scheduled to arrive in Post Wednesday to confer with Mrs. Westfall on the problem.

Mrs. Westfall said to date 29 taxpayers have signed up to carry their complaints to the Board of Review. Almost all of these concern rural land values.

The Board of Review will meet Monday, Aug. 10, and if they have too many people to hear in a single day will extend their

(See Rural land, Page 14)

CHEERLEADERS ATTEND CAMP — The Post High School cheerleaders were among more than 275 participants in the second annual Big Country Cheerleader Camp held on the campus of Hardin-Simmons University in Abilene. The cheerleaders were taught new cheers, chants, stunts and spirit ideas from a six-member staff supplied by the National Cheerleader Association. Shown l to r, top Channa Williams, second from top, Norma Samora, third row, l to r, Karen Davis, Cynthia Poole and Denise Smith and on the bottom, Leigh McCook.

Hospital tax cut is seen

Garza Memorial Hospital directors after their first session on the hospital district's new budget last Thursday night are hopeful of being able to trim hospital tax needs by \$50,000 or slightly more than 10 percent of the \$454,000 raised by tax levy this past year.

One new item generally agreed to for the new budget was to put money into a fund to be used in obtaining a new physician for Post.

Jack Alexander, board president, told The Dispatch, which was unable to cover the directors session, that the board's thinking is that another physician in town would help boost the hospital's low occupancy rate and thus decrease its need for tax revenue.

Directors also agreed to keep the hospital physical plant in top shape and authorize Hospital Administrator Maritta Reed to purchase a new freezer and mixer for the hospital kitchen, rework some patient shower stalls, install some new carpeting where needed and replace some mattresses.

The district will finish its current fiscal year at the end of September with a surplus of over \$100,000 and wants to take care of present needs immediately to determine the final size of the surplus for budget determination.

The board also asked for a cost estimate on putting heart monitors into two patient rooms.

In an action not related to the budget, directors voted not to give property tax exemptions to disabled tax payers not over 65 years of age.

Mona Boles is injured

Mrs. Mona Boles is in St. Mary's Hospital in Lubbock with a concussion and broken collarbone as the result of a motorscooter accident east of Post Sunday night.

She and her husband, Jim, were coming into Post on US-380 when a car passed them and then abruptly turned into the VFW parking lot in front of them.

Jim, who was driving the scooter, "laid it down" on the pavement rather than hit the car broadside.

Mrs. Boles was taken to Lubbock by ambulance after emergency treatment at Garza Memorial Hospital and was in intensive care through Tuesday.

Jim suffered cuts and lacerations and was treated and released.

YARD OF THE WEEK — Post Chamber of Commerce Yard of the Week honors go to Mr. and Mrs. W. G. (Bill) Pool of 1009 Camden Circle. Shown l to r, are Chamber Secretary, Linda Shedd, Bill Pool and in the foreground, Joy Pool. — (Staff Photo)

New metal bleachers for 41st Post Stampede rodeo

The biggest improvement of the 41st annual Post Stampede Rodeo, scheduled for next Thursday, Friday and Saturday nights, Aug. 6-8 — at least from the spectators' standpoint — will be the new all-metal

bleachers. The new bleachers for both spectators' and contestants' stands were erected after the 1980 rodeo. Several other improvements also are being made prior to the start of the rodeo next

week, including a new front fence across the grounds and a bench type seat clear around the concrete dance slab.

Rodeo books will open at 8 a.m. Monday, August 3, at the rodeo grounds office. The office phone is 2501. Books will close at noon Wednesday, Aug. 5.

Terry Walls of Stephenville will be back as producer of this year's rodeo.

Two hundred dollars is being added this year in saddle bronc riding and \$100 added in bareback riding with all entry fees added back.

A few entry fees have been raised with \$40 entry fees for bareback bronc, calf roping, saddle bronc, team roping and bull riding.

Entry fee for the barrel race, which will be a jackpot each night, is \$30. All "after show" contesting will be scheduled for Friday night.

A wild cow milking contest is scheduled for each night with \$50 in prize money and no entry fee. Contestants will have to rope, then milk the wild cows.

The rodeo clown will have a specialty act with a trained dog and a woman trick rider also will be on the rodeo program each night.

James Dye, Post Stampede Rodeo Association president, told The Dispatch that boxes with six seats each are now for sale at \$25 a night or \$75 for the three-night rodeo. There are 17 such boxes and business men who buy a box will have a sign put on the box. Those wishing to buy boxes for the rodeo are asked to contact Johnny Kemp at the post office.

Weldon Reed and Solid Country of Post will play for each of the rodeo dances which will follow the evening performances in the arena.

Rodeo shows will start at 8 p.m. each night, following the 7:45 p.m. grand entry.

Six riding clubs already have accepted invitations to participate in the annual Post Stampede Rodeo parade at 5:30 p.m. next

Thursday evening. They include Scurry County Sheriff's Posse with Earl Davis as president and La Donna Halforn as queen; the West Texas Raiders with Billy Nelson president and Tonya Nelson

queen; the Dawson County Sheriff's Posse with Ernest Bowman president, Teresa Cosselman queen and Michelle Bowman princess; the Lubbock Saddle Club with Bob McCarty presi-

Up to 1.50 inches— Good cotton rain falls

Garza farmers got a badly needed "good cotton rain" Tuesday evening with moisture amounts ranging from an official .70 of an inch in Post up to 1.50 inches at Southland.

Arnold Sanderson, 20 miles east and north of Post, reported 1.20 inches and told The Dispatch the Salt Fork of the Brazos was "really rolling" Wednesday morning.

Noel White, 13½ miles west and south of Post reported an inch as did

County Agent Syd Conner on the north edge of Post. Hackberry registered 1.20 inches.

County Agent Conner termed the moisture "a good cotton rain which will help hold the cotton."

He said some of the county's cotton could have used the moisture better two weeks ago.

Conner said he is now noticing blooms high on the cotton stalk which indicates the cotton has quit growing.

(See Good cotton, Page 14)

New director arrives— Band tryouts to be Aug. 5

Steve Ladd, new Post band director, has announced that drum major, twirler and flag girl tryouts are scheduled to be held August 5 at 10 a.m. at the band hall.

He stresses that anyone interested is invited to come and try out for the upcoming season.

With 42 high school students signed up for band this school year, he said he would field at least 37 students with five boys in football that would not march during the football season.

Ladd told The Dispatch when asked about the small number of kids signing up for band, "that you don't have to be big to be good and loud."

He stated that he has taken the Chisholm Band in Enid, Okla., to state for the last two years and he also had bands in Boise City, Okla., that were making 5's in contest and brought them to 2's and 1's and that the same can and will be accomplished here in Post.

He also stated that he "wants to instill a sense of

STEVE LADD
New Band Director

pride and enthusiasm in the local band program which will take work on his part and the students, but that a good band program is well within reach. He wants to show that the band program is enjoyable and a rewarding past time that can be shared with friends and the community."

Born in Adair, Oklahoma, Ladd attended Southwestern State University in Weatherford, Okla. and has been teaching band for the last five years, three years in Boise City and the last two years in Enid, Okla.

The first band practice for the Antelope Marching Band has been set for August 24th with the time to be announced later. Ladd asks that any new student or any present student in PHS wanting to share a positive experience is welcome to come by his home at 411 Osage and talk to him.

Ladd is married to Dianna Ladd, 27, also of Enid, Okla., and she will be employed as the new high school choir director as well as teaching music in the fourth through high school. Mrs. Ladd is also a graduate of Southwestern State University and has four years of teaching experience two years in Boise City and one year in Drummond, Okla., and one year in Kremlin, Okla., where she taught the entire music department including band. Mr. and Mrs. Ladd are expecting their first child in January.

Rotary gives Justice plaque

Dee Justice was presented with an appreciation plaque at the Post Rotary Club's luncheon in the community center Tuesday.

Justice is the outgoing president who missed the last several club luncheons because he was attending law enforcement school in Lubbock as a deputy.

The presentation was made by Syd Conner, new club president. Conner announced directors have named Dwaine Binford as the new club vice president.

PHS '71 grads planning reunion

The 1971 graduating class of Post High School is planning a 10 year reunion here August 8.

A schedule has been set up for an ice cream social for the family from 1 to 3 in the city-county park; a buffet supper for adults in the bank community room from 6 to 9 p.m. and from 10 p.m. til ?, class members will attend the western dance at the Post Rodeo grounds.

A cost of \$10 will be charged to help with arrangements for couples or \$5 for an individual. The fee may be paid at the door or

QUEEN IN PARADE — Miss Julie Johnson of Lubbock, 1981 queen of the American Association of Sheriff Poses and Riding Clubs, will appear in the Post Stampede Rodeo parade here next Thursday afternoon, July 6.

Postings

By JIM CORNISH

Sometimes, but not very often, we are happy to be wrong. This is one of the times we are glad we muffed it.

—O—

Dr. Sankar Chatterjee and his assistant, David Proctor, were waiting for us when we arrived at work Monday morning. The Texas Tech paleontologist explained that our story in the July 16 Dispatch on his "digs" south of Post was quite accurate, but we had goofed last week when we wrote in this column that the Postosuchus, the 180-million year old reptile, was not named for Post.

Indeed it was named for Post, Dr. Chatterjee explained.

—O—

The Postosuchus is a new genus of the reptile family of Popsosauridae, Dr. Chatterjee explained and he did name it for the town of Post. So far Popsosaurs have been known from only fragmentary material, he said. But the Postosuchus is

represented by complete skeleton remains. This animal has not been found elsewhere in the world.

All of which gives Post a new demension. What other Texas town has a 180 million year old reptile named for it?

—O—

We started to ask Dr. Chatterjee what the "osuchus" on the end of the name meant, but changed our minds figuring we had just better leave it well enough alone or we might goof again.

—O—

Dr. Chatterjee and Proctor were on their way back out to work at "the dig" when they stopped in with the exciting and correct information on the naming of the Postosuchus for Post. They get an early start because it gets mighty hot out there by afternoon.

Fire damages home here

Fire, which was believed caused by an extension cord, caused considerable smoke damage at the Don Eilenberger home at 213 South Aven. Q about 11 a.m. Tuesday.

A carpet, air conditioner, and TV also were damaged by the flames, the volunteer fire department reported.

Next — a new auditorium

Now that the Post schools' multi-year plant improvement program is winding down, we're wondering if it is not time to give a new school auditorium real consideration.

Over the last 10 years our PHS speech department has shown itself as capable of great things in interscholastic competition. But just like for a good football team, improving the facilities helps two ways. It adds to the crowd draw as well as improving the performance.

Such things as building auditoriums take time.

Consider Post's community center. We finally achieved that dream and you won't find a single doubter here today on the worth of the community center. But it was hard to find over a dozen citizens who would agree on any community center concept 10 or 15 years ago.

Maybe you can have a good speech department without a good auditorium, but we hastily add: it ain't easy.

Today there is no real need to pause.

The Post Independent School District has achieved real status with its zooming oil valuations. It can afford what it wants.

We can afford to air condition our schools just as soon as the trustees make up their minds they want to do it. We can afford a new auditorium at the same time. And the auditorium site is no problem. It's already there waiting.

Now The Dispatch isn't advocating throwing a lot of tax money around just to be throwing it. Certainly we should be prudent in making school improvements.

But the point is if they are worth while improvements we should make them. We can afford them. And they will mean better educations for our children. And that is the bottom line.

Some of us already are thinking we should provide our kids with exactly the same kind of education we received 20 to 40 years ago. That's wrong.

We should give Post and Garza youngsters the best educations we can afford today. And we can afford more.

"IT'S ONLY YOUR WORD AGAINST OURS."

LETTERS to the Editor

TRAVELER'S COMPLIMENT

Dear Editor:

I would like to use your newspaper as a means of again thanking some good young people of your town and letting others of Post know of their good deed.

On Monday, July 20, part of my family, (consisting of myself, my 8 year old son, my 79 year old father, and my 80 year old aunt) were returning from taking my daughter to a Methodist camp in Palo Duro Canyon.

The heat on the tires on my Suburban had built up such pressure that I had had two flats already before we got to Post. About 10-15 miles out of Post we felt the symptoms of another bad tire. We thought we could make it into Post before it blew. About 2-3 miles out of Post, the tire blew. We had been fortunate enough on the other tires to have help, so we really had not had to fix one alone yet. The road was vacated so we began to work on the flat. The jack and wrench were not good ones and we were having a difficult time. Finally a maroon pickup with 4 young men (teenagers) passed us and backed up. They decided we needed a 4-way lug wrench, so they went back to town to get one. In the meantime, a black pickup with 3 teenage boys stopped to help. They saw we needed a stronger jack and went back to one of the boy's house to get one. All 7 of these young men came back and helped change our tire. They were all going swimming down the road and took time off from fun to help strangers.

We didn't know their names and had already spent the money we had with us on a new tire in Silvertown, so we didn't offer them any money. Actually, money can't pay for such a good deed as this. We hope you will express our extreme gratitude to these young men. I hope when our son grows up, he will pass along this deed to someone else.

If these young men ever have trouble near Snyder, I hope they'll call on us.

Sincerely,
Mrs. Tommy Williams
Blair Williams
Lyle Deffenbach
Beth Ownby

COMBINATION EFFORT

Dear Editor:

In reference to your recent editorial concerning government programs that were handled in the past by neighbors and churches, Meals on Wheels continues to require volunteers to deliver meals combined with the federal and local resources that supply cooks and food.

I have found the one hour, one day a week well worth my time, rewarded only by the appreciation shown me by the lovely elderly people on my route.

If any readers have one hour one day a week they could spare please call Meals on Wheels before noon at 495-3019. This small amount of time benefits twenty-seven people who are physically unable to cook balanced meals for themselves on a daily basis.

Yours truly,
Mrs. Wade Peppers

Burlington in regular dividend

GREENSBORO, N.C. — The Board of Directors of Burlington Industries, Inc. today declared the regular quarterly dividend of 38 cents per share, payable September 1, 1981 to shareholders of record at the close of business August 3, 1981.

Dennis Conrad wins again

Former Post resident Dennis Conrad has again been named the Radio On-Air Personality of the Year by the Idaho State Broadcasters Association.

The award was announced following state-wide competition of DJ's.

Dennis, who earlier this year was named one of the top 5 Country Music personalities in the nation by Drake-Chenault, has now won the state award for two years in a row.

Also recently, a series of commercials Dennis had done took the top honor in the Idaho Advertising Federation's 10th Annual Creative Awards, winning Best of Category for Radio.

Dennis has also expanded his radio career to include electronic engineering, and is presently the Chief Engineer of KLLX and KMTW-FM radio in Twin Falls, Idaho. He is currently involved in the installation of equipment in a new building the two stations are constructing.

Dennis is the son of Francis Conrad of Post.

Johnny Haire is award winner

DALLAS — The Reserve Life Insurance Company, headquartered here, has designated Johnny Haire of Southland as one of its national "Champions."

Each year, RLI identifies outstanding managers and agents throughout the United States. This year, Haire was among those singled out for special recognition. According to D. B. Pierce, President, Haire is "one of our best. He is a proven professional as well as an active member of the community. We are delighted to acknowledge his important contributions."

Haire is a member of the Post Chamber of Commerce. He has been associated with the Reserve Life Insurance Company since 1979.

ATTENDS WEDDING

Mr. and Mrs. Bill Hughes attended the wedding of their grandson, Shawn Hughes, to Janney Dougherty in the First Assembly of God Church in Brownwood. The wedding was held on July 17.

Remember When

10 YEARS AGO
Post Chamber will try to lure movie makers; Post Stampede Rodeo draws 'green light', steeds expected to be cleared; A. J. Howell hurt in pickup crash; Mr. and Mrs. Thurman Francis are named yard of the week winners; Mr. and Mrs. Claude Thomas to mark 50th wedding date; R. S. Anderson, Inc. to drill H & L field project; Post to play Lamesa tonight for Little League Title; Some prices ten years ago are 48 oz. jar Crisco oil, 98 cents; Washington Red Bing cherries, 39 cents a pound; King size Pepsi, 6 bottle carton, 29 cents; Ground beef 48 cents a pound; Pork and Beans, 4 cans for \$1.

15 YEARS AGO
Government to pay Garza farmers \$1.7 million in Sept.; Syd Conner elected to West Texas Tuberculosis

Association board; Dee Ann Walker is Post's Maid of Cotton entry; Unbroken heat wave beginning to tell on people as well as crops; Mr. and Mrs. Bailey Mayo and sons Byron and Dewayne will move to Post for the Garza County Soil Conservation District; 31 volunteers are operating library on 20-hour week; Vernon Scotts home from Florida.

25 YEARS AGO
Last rites for John Newyear Gossett conducted in the Post Church of Christ; Ben Owen and R. R. Dean suffer burns when gas escaping from well where they were working ignited; four new teachers have been hired by school board; Ellis Mills family moves to Post from Tullia to be new grade school principal; a total of 400 rabbits were killed in drive held in the county.

Rodeoers saluted

Some organizations have a hard time accomplishing anything. Others finally manage to get it done just under the deadline. And then there are those that are really sharp, do an excellent job, and are thoroughly appreciated in their communities.

The Post Stampede Rodeo Association, as we have know it for over 20 years, can be put at the top of the latter group.

The association stages a crackerjack rodeo and they've been doing it for 41 years.

The officers do a hustling good job, find good stock producers, always draw a good field, run each performance right on the dot,

and what's more they keep their paying customers in mind.

The association makes continual improvements in their rodeo grounds. This year they've installed new all-metal seats plus a new front fence and some seating for the dance slab to give dancers a chance to rest.

The Post Stampede Rodeo will be the only show in town next weekend and it will attract a lot of interest.

The Dispatch on the eve of the 41st rodeo tips its editorial hat to the rodeo association for doing a bangup job year, after year, after year.

On doctor funding

Hospital directors are earmarking some funds in their new hospital district budget for attracting another new physician to Post.

That makes good sense in long range hospital planning.

The more doctors who put their patients in the Garza Hospital, the better it can be financially supported by those who use it, and the easier will be the load on the taxpayers.

The hospital board has been successful in bringing Dr. Ricardo Rodriguez to Post through a salary guarantee arrangement and providing him with an office right in the hospital.

The arrangement has worked well. Dr. Rodriguez has built up his practice so that

the guarantee isn't costing the hospital much of any in the way of funding.

Attracting physicians isn't done overnight of course and acquiring another one may take some time. But putting money into the hospital budget for that purpose will enable the directors to act when any opportunity arises.

We have always hoped Post would eventually benefit from the Texas Tech Medical School program where general practitioners for small towns in West Texas are given special emphasis.

Maybe some such arrangement can be worked out in the next year or two. Anyway, The Dispatch is happy to see the hospital directors keeping their focus on future hospital needs.

Loop leading Bucks edge Kittens 8-7

The Post VFW Bucks continue to lead the Slaton league with a 10-1 record, but were "rained out" of their Tuesday night start against the Slaton Padres at Slaton.

In their only game during the past week the Bucks edged the Kitten Machine team, 8 to 7, after the Slaton club came up with a six-run rally in the final inning.

The Bucks scored four times in the first inning and four more in the second when Bryan Compton cleaned the bases with his eighth homerun of the league season.

In the first inning with one gone, Leftfielder Roy

Sappington singled and Catcher Danny Gunn and Shortstop Raymie Holly followed with doubles. Compton was walked and after Ronnie Bratcher made the second out, Barry Tyler doubled home the final two runs.

In the second a walk to Steve Shedd, another Sappington single and a walk to Holly set the stage for Compton's out-of-the-park blast.

The Kittens got one back in the first on two singles and an error.

Kevin Craig, the Post starter, had runners aboard every inning, but kept the Kittens scoreless after the

first until the seventh when with two out the Slaton club put together four hits, an error, a walk and a hit batsman for six runs.

But Craig finally got the final out on a roller to short. The Kittens outhit the Bucks, 11 to 8.

The Wilson Farmers were scheduled to play the Bucks here Wednesday night at 9 p.m. in the Post club's final game of the regular schedule.

The Dispatch hasn't been notified whether or not the Tuesday night "rain out" and any other games not played during the season will be made up.

By Top of Texas Football—

Lopes picked to tie Dogs

Coach David Thompson's Post Antelopes will tie Tahoka for the 4-AAA district grid title this fall according to the last of the pre-season pickers, Top of Texas Football.

The Lopes also are rated fourth in the Top of Texas "top ten" for the whole West Texas area in AAA competition behind Tullia, Perryton and Littlefield.

Tahoka is rated No. 5 followed by Dalhart, Floydada, Slaton, Muleshoe and Sonora.

Previous pre-season selections named the Lopes as runnerup and in third place.

Besides picking Post and Tahoka to tie for the district crown, Top of Texas names Slaton third followed by Frenship, Roosevelt and Cooper in that order.

The Top of Texas resume on the Lopes points out that the Antelopes were as good as anyone in the rugged 4-AAA scrap last year, pointing out Post lost 21-20 to eventual loop king Slaton on the final night of the season in Slaton and also played powerhouse Tahoka

as close as the Bulldogs let any of their victims get near them.

Lack of consistency, especially on the road, led to the Lopes' 5-5 1980 season.

Top of Texas says with 11 returning regulars, Coach Thompson anticipates much more consistency this time around.

Among returning lettermen are five two-way veterans on which to build a solid club.

The two-way starters include tailback Will Kirkpatrick, 5-10, 160, and fullback Richard Cisneros, also 5-10, 160, the heart of Post's I formation. Kirkpatrick doubles as a cornerback on defense while Cisneros mans one of the defensive end positions. Both are juniors.

The other two-way starters include senior running back-linebacker Mike Sullivan, 5-9, 170, senior tight end-safety Gary Lamb, 5-10, 160; and junior tight end-defensive end Bill Black, 6-0, 170.

The Lopes also have a pair of proven defensive tackles in senior Mario Luna, a 5-10, 185-pounder who earned second-team all-district recognition in 1980, and senior Brad Mason, 5-9, 165. Both are expected to start offensively and defensively at the tackle slots, Top of Texas reports.

Junior Toby Craft, 5-11,

185, and senior Jerry Hawkins, 5-11, 165, team up with Sullivan to provide solid linebacker play, while senior Craig Peel, 5-6, 130, and junior Brent Howard join Kirkpatrick and Lamb in the secondary.

Tim Tannehill, 6-0, 160, and Melvin Wynne, 5-5, 145, are the top quarterback candidates. Both are juniors.

Another big plus for the Lopes, Top of Texas points out, could be the schedule. Post plays both Tahoka and Slaton on its home field.

Top of Texas also named three Lopes to its Class AAA honor roll, Brad Mason as an offensive guard, Mario Luna as a defensive tackle, and Toby Craft as a linebacker.

Grid physicals next Thursday

Football physicals will be given at the fieldhouse at 4 p.m. Thursday, Aug. 6, not at 2 p.m. next Tuesday, as The Dispatch announced last week.

Coach David Thompson told The Dispatch Monday that he had given us the wrong date, and The Dispatch flubbed with the wrong time.

Two-day football practice for the new high school season will begin at 7:30 a.m. Monday, Aug. 10.

FACTS & FIGURES

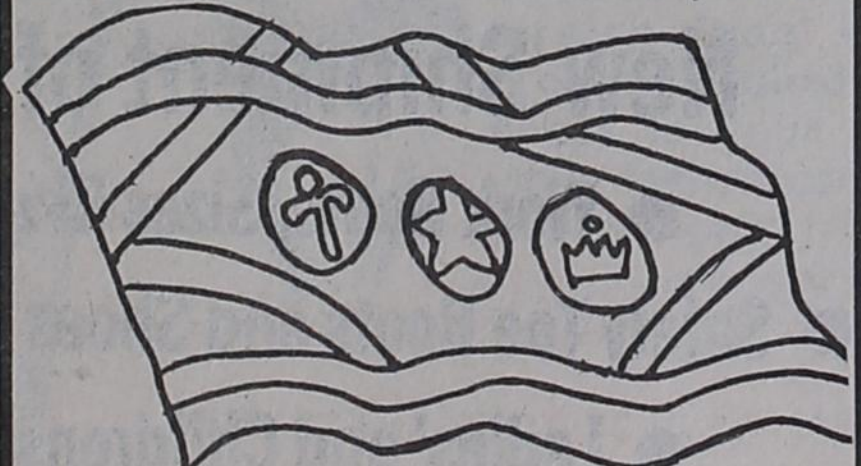

Nuclear power plant operating capacity outside the United States rose nearly 25 percent in the last two years or so, according to an Atomic Industrial Forum international survey of 42 nuclear-powered nations.

In the United States, we have 74 nuclear plants now operating and 92 under construction. By 1990, nuclear energy will provide almost one-fourth of the nation's electricity, second only to coal in total output.

Outside the United States, the world has more than 70,000 megawatts of installed nuclear capacity, the equivalent of 70 one-million kilowatt plants. This will be boosted to nearly 450,000 megawatts when plants that are under construction, on order or planned are completed. France alone plans to bring one nuclear reactor into operation every two months, on the average, between 1980 and 1985.

What's Happening in Home Economics

By MRS. CHERYL WALKER
 County Extension Agent - Home Economics

This week I have a new recipe for you. Don't throw away the large cucumbers that may be turning yellow. You can make a delicious new pickle that looks like apple rings and has a sweet cinnamon flavor. The recipe is Yellow Cucumber Pickles.

YELLOW CUCUMBER PICKLES

2 Gallons Yellow cucumbers.
 2 Cups lime.
 8 1/2 quarts water.
 Peel and take out seeds. Slice in rings. Soak in lime water overnight. Wash in water 3 times. Mix 1 cup vinegar, 1 small bottle of red food coloring, 1 tablespoon powdered alum. Add cucumbers and water to canner and simmer 2 hours. Drain and discard. Make a syrup of 10 cups sugar, 2 cups vinegar, 2 cups water, 8 sticks cinnamon and 2 small packages of red hot candies. Add cucumbers and boil 30 minutes. Remove pickles and pack in jars. Boil liquid 30 minutes more. Fill jars and seal.

MAKE YOUR OWN ANTIOXIDANT

There are several commercial products in the grocery stores that stop the browning of fruits. Most of the time these antioxidants cost around \$1.90 for a 5 ounce can. If you use a lot of this type of preservative you may want to make your own mix for about 65 cents for 5 ounces.

Follow the recipe for the type of vitamin C you purchase.
TABLET VITAMIN C: To prepare 5 ounces of antioxidant grind the prescribed number of tablets for the strength you have purchased. You need a finely

Call anytime. Mr. Hartley (214) 937-9876.
 2tp 7-30

ground substance.
 For: 100 mg tablets you need 108 tablets or 250 mg tablets you need 44 tablets or 300 mg tablets you need 36 tablets or 500 mg tablets you need 22 tablets or take the ground tablets and mix with two-thirds cups plus 2 1/2 teaspoons sugar and you have your antioxidant.

VITAMIN C CRYSTALS: Prepare 5 ounces of antioxidant using Vitamin C crystals by mixing two-third cups plus 2 1/2 teaspoons sugar with 2 three-fourth teaspoons of vitamin C crystals.

Store both home made antioxidants in a dry container because they do not contain the dry agent included in commercial antioxidants.

If you have questions let me know. I have examples of the product in my office.

MAKING FAMILY LIFE MORE FUN

A Big Leap In Bridge

Interest in bridge is taking another great leap forward. There are about 12 million contract bridge players in North America; 200,000 of them are members of the ACBL.

One of the reasons for the newly increased interest is that Rookie bridge players... those with fewer than 20 Master Points... will have a chance in September to compete for 26 of the most valuable prizes offered in organized bridge, a game which does not offer monetary awards.

Each prize is an expense-paid trip for a bridge partnership to the Grand National Rookie Pair championship of the American Contract Bridge League (ACBL) November 21 at the Sheraton-Palace Hotel, San Francisco. All bridge players with fewer than 20 Master Points may enter the Rookie qualification play at bridge clubs across the continent. Those who become ACBL members prior to play will be eligible for the trip prize awards, but all entrants will be eligible for Master Point honors.

Details are available at some 4,000 ACBL-affiliated bridge clubs, or by postcard inquiry to the ACBL, Dept. R; 2200 Democrat Road; Memphis, Tennessee, Zip 38116.

MRS. JIM WILLIAMS
(Dana Martin)

Martin-Williams vows said July 25

Miss Dana Martin and Jim Williams, both of Lubbock, were united in marriage on July 25. The bride's brother, Rev. James Martin of Lamesa officiated in the double ring ceremony at Pleasant Valley Baptist Church on Rt. 2, Post, Texas.

Parents of the couple are Mrs. JoAnn Mock of Route 2, Post, Mrs. Marie Parker of Dimmitt, Dan Martin of Lubbock and Bill Williams of Midland.

Grandparents of the bride are Mrs. Willie Thomas and Mr. and Mrs. J. D. Martin, all of Tahoka.

Mrs. Jan McAdams of Lubbock presented a prelude of wedding music and accompanied Kelvin Thomas, cousin of the bride, as he sang "If." Vows were exchanged before live plants of blue Xiomum, Liriope and Ivy and spiral plant stands with white holders trimmed in blue.

Presented in marriage by her father, the bride wore a formal length gown of white silk organza with the empire fitted bodice filled with applique lace and seed pearls. The skirt of petite pleats fell to a chapel length train with lace edging around a pleated ruffle also edged in lace. The sheer full Bishop sleeves had an overlay of applique lace from the shoulder to the wide cuffs of Venice lace. A

crown hat of applique and seed pearls held the sheer finger length veil trimmed with seed pearls and lace. She carried a cascade of white silk bridal roses surrounded by white and blue sweetheart rosebuds featuring picot ribbon streamers.

The matron of honor was Mrs. Cathy Morrison of Lubbock who wore a white and coral off the shoulder dress and carried a nosegay of white roses with blue and coral rosebuds. Ringbearer was 4-year old Kyle Williams, who wore a black tux with a ruffled shirt. Don Madewell of Lubbock was the best man who like the groom was dressed in a black tux trimmed in velvet.

Ushers were Mark Martin of Lubbock and David Martin of Tahoka, brothers of the bride. Mrs. Kim Alvarado registered guests and Mrs. Carrie Martin, sister-in-law of the bride, photographed the wedding.

A reception was held in the fellowship hall following the ceremony with Mmes. Linda Martin, Pam Martin, both sisters-in-law, and Helen Thomas serving. The Pleasant Valley Church members helped in the kitchen.

Following a wedding trip to Dallas the couple will make their home in Lubbock.

ENGAGED — Mr. and Mrs. Henry G. Stribling of Midland, announce the engagement of their daughter, Mary Voncille, to Anthony Max Fike of Weatherford, Okla., son of Mr. and Mrs. Wayne Fike of Kingfisher, Okla. The bride-elect is the granddaughter of Howard Freeman of Post. The wedding is set for 7 p. m. Aug. 22 at Westside Church of Christ in Midland. The bride-elect is a 1975 graduate of Midland High School and will graduate from Southwestern Okla. State University July 31 with a BS degree in pharmacy and a Masters in Business Administration. She will be employed by Albertson's Pharmacy in Midland after graduation. Her fiance is employed by Challenger Drilling Corp. in Weatherford, Okla.

Shower honors Cindy Bird here

Miss Cindy Bird, bride-elect of Wade Demere, of Water Valley, was honored with a bridal shower, Sunday afternoon, July 19, between the hours of 3 and 5 p.m. in the home of Mrs. Giles Dalby.

The serving table was centered with two Lalique swans, sitting atop a mirror. Mints, nuts, sand tarts, thumbprint cookies and punch were served from crystal appointments by Mrs. Margaret Price.

Greeting guests in the receiving line were the

honoree, her mother, Mrs. Jimmy Bird, and grandmother, Mrs. Doyle Smith of Arlington; her future mother-in-law, Mrs. Frank Demere of Water Valley and the future groom's grandmother, Mrs. Demere.

Hostesses for the event were Mmes. Dalby, Margaret Price, Joy Terry, Janet Peel, Iris Truelock, Janet Hall, Jan Blair, and Patty Kirkpatrick.

Hostess gift was an apricot comfort, which was trimmed in eyelet embroidery.

Bridal shower is given Judy Heintz

Miss Judy Heintz, bride-elect of Dewain Bradford, was honored with a bridal shower, July 23, in the home of Mrs. William C. Wilson.

Special guests for the occasion were Mrs. Sam Heintz, mother of the honoree and Mrs. Juanita Bradford, mother of the prospective bridegroom. Guests registered between the hours of 7:30 and 9:00 p.m. and were registered by Miss Lori Mata.

The bride's chosen colors of peach and white were used on the serving table.

Refreshments of thumbprint cookies, nuts, mints, punch and coffee were served from a table laid in a white lace tablecloth and crystal and antique copper

appointments were used.

Hostesses for the event were Mmes. William C. Wilson, James Dye, Donny Stelzer, Pat Martin, Joe Williams, J. L. Scott, Ted Williams, Kent Carlisle and Steve Cooper.

The hostesses presented the honoree with a set of Ironstone dinnerware.

Shower is held in Water Valley

Mrs. Jimmy Bird attended a bridal shower honoring her daughter, Cindy, in Water Valley Saturday afternoon. The shower was held in the Methodist Church. Cindy is the bride-elect of Wade Demere of Water Valley.

AUG. 7 WEDDING — Mr. and Mrs. Jackie Payne, of Ruidoso, N. M., announce the engagement and forthcoming marriage of their daughter, Terry Annette to Scotty Alan Holloman. The couple will be married on Aug. 7 at 7:30 p. m. in the Church of Christ in Ruidoso, N. M. Terry is a 1978 graduate of Ruidoso High School, and a senior education major at Lubbock Christian College. Scotty is a 1977 graduate of Clovis High School and a 1980 graduate of Texas Tech, and a second year student at Texas Tech School of Law. The couple will reside in Lubbock. Terry is the granddaughter of Mr. and Mrs. Paul H. Jones of 115 Ridge Road, Post. All friends and relatives of the couple are invited to attend the wedding.

CONCERT FOR YOUTH — Russ Murphy, left, and Bill Gammill will present a concert in the Calvary Baptist Church here at 7:30 p. m. Tuesday, Aug. 4.

Gammill, Murphy sing here Aug. 4

Gammill and Murphy, contemporary Christian musicians and recording artists, will be in concert Tuesday, August 4, at 7:30 p.m., at Calvary Baptist Church here. The concert will be designed especially for junior high to college age young people.

Scanning Social Security

By JIM LATIMER

Today's column is of interest to the self employed person who does not take an active part in the operation of his business, such as the self employed life insurance salesman, the farmer with carryover crop income from previous years, and others who do not render services in years after they retire.

Congress made provision for the self employed again by reversing the law that was passed in 1977. The law for 1978, 1979 and 1980 permitted the non-working self employed to draw benefits only in the first year of retirement, and then on a monthly basis. In the year after the year of retirement, only income was counted and not the months of non-work. If the income was in excess of the retirement amount some or all social security checks were withheld because of total yearly earnings.

As of now, the social security law permits payment to the following self employed:

Farmers who sell crops in a year after retirement.
Insurance salesmen who receive renewal commissions after retirement for policies sold before retirement.

Retired partners who receive a distributive share of the partnership income after they have retired.

Silent partners who receive income only on the basis of having a capital investment but not rendering services in or for the partnership.

Other retired persons who derive net profit as self employment income solely from the ownership of land, businesses, property or capital. Anyone who has questions about these situa-

Bill Gammill and Russ Murphy have been pursuing separate musical careers for the past few years and have only recently combined their talents. Both bring a variety of talents and experience to the partnership. Bill writes, arranges, sings, and plays a variety of instruments. He has had a successful career as a solo artist playing for banquets, retreats, fellowships and churches. Highlights of his solo career include opening for B. J. Thomas in the Lubbock Coliseum and appearing on the BMI Songwriter's Showcase in Los Angeles.

Russ Murphy is also multi-talented. He has served as Minister of Music at Calvary Baptist Church in Dallas. He has also sung at retreats, banquets, and churches. His strong point, however, is probably in the area of songwriting. He has written numerous songs and two Christian musicals.

The concert is open to the public and all area church youth groups are urged to attend. There is no admission charge but a love offering will be taken.

WATCH YOUR ENERGY
YOU MAY BE BETTER ABLE TO KEEP YOUR COOL IF YOU HEED THESE HINTS FROM THE NATIONAL ENERGY WATCH.

ATTIC INSULATION WORKS IN THE SUMMER, TOO! BY INSULATING YOUR ATTIC, YOU'LL REDUCE HEAT GAIN. THE SUN CAN MAKE THE TOP FLOOR AS MUCH AS **40 DEGREES HOTTER** THAN THE OUTSIDE AIR. HELP YOUR REFRIGERATOR KEEP ITS COOL, TOO! IF YOU'RE REMODELING YOUR KITCHEN, OR BUYING A NEW HOME, BE SURE THE REFRIGERATOR AND THE FREEZER ARE FAR FROM THE STOVE AND SIMILAR SOURCES OF HEAT.

Persons should call the Social Security office and ask for a claims representative. The telephone number there is 762-7381.

REVIVAL AUG. 2-9

Rev. J. L. Cartrite
of Dallas

Former pastor for 12 years of Slaton's First Baptist Church

PREACHING

Rev. Kenneth Winchester
Also preaching and Song Leader

SERVICES

Morning: 11 am Mon. - Friday
Nights: 7:30 pm Prayer Meeting 8 pm Preaching

Pleasant Valley Baptist Church

New church open 2 to 5 Saturday

The congregation of Templo Bautista de Post is happy to announce the opening of its new church building at Avenue M and Main street across from the courthouse square.

The church will be open Saturday afternoon from 2 until 5 p.m. for anyone

Revival to begin Sunday

The Rev. J. L. Cartrite of Dallas, former pastor for 12 years of the First Baptist Church in Slaton, will be preaching next week in a week-long revival at the Pleasant Valley Baptist Church.

The Rev. Kenneth Winchester will lead the singing. Services will be conducted twice daily, at 11 a.m. and at 8 p.m. Mondays through Friday with 7:30 p.m. prayer meeting preceding the evening preaching service. The public is cordially invited.

Dedication of church set

The La Iglesia De Dois De La Profecia will dedicate its new church at 508 North Avenue G at 5:30 p.m. Saturday.

Pastor Leon Medina extends an invitation to all to attend the service.

Rev. Cook to begin 2nd year

Pastor Kenneth Cook is planning a special service this Sunday, August 2, at the Church of God of Prophecy, here in Post.

The service will be the official beginning of his second year's appointment as pastor of the church which is located on 14th street.

He extends a special invitation to all to attend his first Sunday service for the 1981-82 pastoral year.

Sunday school will begin at 9:45 a.m. with a change in the worship service to begin at 10:45 a.m.

Gospel meeting set at Graham

The Graham Chapel Church of Christ, five miles southwest of Post, will have a gospel meeting Aug. 9-12 with Homer Jones of Wellman bringing the messages and Larry Moreman the song leader.

The public is invited.

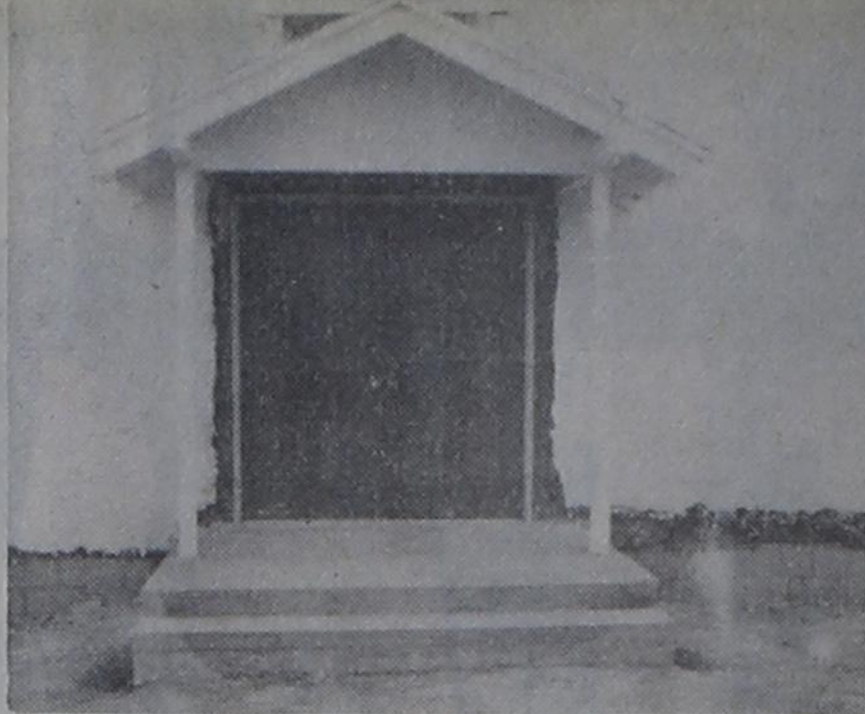

A cup of cooked, dried red beans has about 230 calories and provides around one-quarter of the minimum daily requirements of protein and iron for an adult. Thiamin and riboflavin are also provided.

wishing to view the building inside.

"We give God all the honor and glory for blessing us with this church building, and we also want to thank everyone who took part in getting our church ready for the opening," a spokesman for the congregation said.

"We would like to extend an invitation to anyone wishing to worship with us," he added.

The Sunday school begins at 9:45 a.m. Sunday, followed by morning worship at 11 a.m. Sunday evening worship is at 5 p.m. and Wednesday evening services begin at 7 p.m.

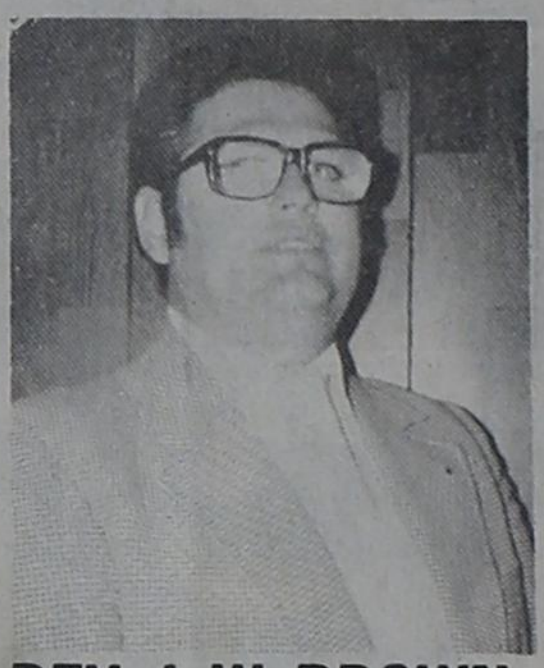

ENTRANCE TO NEW CHURCH — Pictured above is the entrance to the new Templo Bautista de Post at Avenue M and Main street next to the courthouse square. The church building will be open Saturday from 2 to 5 p. m. for those wishing to view the new church building.

Post's Sunday School Superintendents

REV. J. W. BROWN
PASTOR
ASSEMBLY OF GOD CHURCH

REV. J. W. BROWN

The Rev. J. W. Brown, is the new pastor for the First Assembly of God Church here in Post. He and his wife, Candyc and children, David 14, Debbie 11, and Dorcas 7 have been in Post for several weeks.

Rev. Brown, originally from Fort Worth, attended college at the University of Texas at Arlington and North Texas State University in Denton. He has pastored in Wink, Tex., Jewett, Tex., and Fort Worth. He also was over the prison ministries in the North Texas area for 2 years, for the Assembly of God churches.

He has been in the ministry since 1970.

The Post Ministerial Alliance meets the last Monday of each month.

Library Corner

The Post library has too many readers with very poor memories. They forget to return their books.

Librarian Pee Wee Pierce tells us there are still 10 library books out which were due in March, four which were due in April, four which were due in May, and 14 which were due in June. That's 32 books which are way overdue and if the past record on overdue means anything, Pee Wee will never see half of them again.

In a recent Hints from Heloise column one reader wrote in to explain how she keeps from having overdue library books. When she gets home from the library she enters on her kitchen calendar the day the books are due, so she will be reminded when she looks at it to get her books back on time. Maybe, Post library readers should adopt the same tactics.

But let's try something new. Next week will be "Pardon Week" at the library. Pee Wee is going to

pardon your forgetfulness and accept all overdue books without levying an overdue book fine. The library doesn't make a lot of money on such fines, but imposes them in an effort to get the books back on time. But in view of some of these overdue book fines extending a few months, the "pardoning" of the fine may get us a few long overdue books back. So if you're guilty of bad memory, just bring in your books next week for FREE or drop them in the front return chute.

Library movies this Friday for all you summer readers are "Really Rosie", "The Witch Who Was Afraid of Witches" and "Harold and the Purple Crayon". Total show time is an hour after which a book drawing will be held for give-away books. The "Really Rosie" film is about a girl who challenges everyone to believe that she's a movie star from afar.

New books on the shelves this week include the following non-fiction: "Dr. Atkins' Nutrition Breakthrough", "Tara Treasury" a pictorial history of the filming of "Gone with the Wind", "Your Child Can Be A Super Reader," "Modern Diesel Cars", not a repair manual. The one new fiction book is "The Defector" by Evelyn Anthony.

Readers might be interested to know Post Public Library compares in per capita income with other libraries in this West Texas area. According to "In the Wind", the West Texas Library System's July newsletter, the local library per capita income was \$2.52 for last year. There is no generally accepted standard of per capita income that reflects current cost of library service but back in 1972 a minimum of \$5.90 to \$6.50 was recommended by the Texas Library Association.

Out of the 29 libraries in the West Texas Library system, Post ranks 18th in per capita income. Topping the list is the Crane library with \$14.87 per capita, followed by the Yoakum Library in Plains with \$12.63, Muleshoe library \$7.32, Gaines Library \$5.77, Ward Library \$5.20, Yoakum county library at Denver City \$5.17. Midland library has a per capita income of \$5.70 to top the big city libraries, followed by Lubbock with \$4.78, and Plainview with \$3.89. The average is \$3.69 for the 29 with Spur the lowest at 44 cents and Tahoka next from the bottom with 64 cents.

SIDEWALK DAYS

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

LUBBOCK — Substantially higher discounts assigned to below-base cotton qualities in the 1981 government loan schedule make it more important than ever that High Plains cotton producers this fall market their crops only after extensive "price shopping."

Loan schedule discounts on low mike and or lower staples and grades this year may reflect true market values, says Executive Vice President Donald Johnson of Lubbock-based Plains Cotton Growers, Inc., "but I think it more likely they will not."

Loan schedule premiums and discounts on a given quality are set by using an average of spot market

quotations and the previous year's loan schedule. "Some of those quotations come from markets where very little of that quality cotton is traded," Johnson points out, "and those quotations more often than not are far out of line with values established in the markets where that cotton is traded in volume."

Grade and staple discounts on cotton stapling below an inch are quoted only by markets in Montgomery, Ala., Memphis, Tenn., Dallas and Lubbock, Tex. Loan discounts for grade and staple this year were established by a simple August-March average of the quotations from these four markets, ignor-

ing the fact that the Dallas and Lubbock markets traded many times as much short staple cotton as did the other two.

To illustrate how this system distorts loan schedule discounts, Johnson cites the fact that in August of last year, the first month included in the averages, the Montgomery-Memphis average quotation on Strict Low Middling 31-32nds (41-31) cotton was 2,025 points, or 20.25 cents per pound. The Dallas-Lubbock average quotation was less than half that figure at 881 points. For the eight-month August-March period, the Montgomery-Memphis average came to 1,061 points, compared with the Dallas-Lubbock average of 668.

A study of quotations on low micronaire cottons, for which the average of all nine official spot markets is used in computing loan discounts, shows equal or even greater discrepancies. It is too early to predict

the quality of High Plains cotton this year, but the stage of the crop and current growing conditions are consistent with hopes that the lower qualities will make up a relatively small percentage of total production.

"Since there is a fairly constant demand for the lower qualities in both domestic and foreign markets," Johnson reasons, "if we produce a below-average volume of those cottons, loan program discounts are almost certain to be above discounts justified by supply-demand factors."

"Since selling cotton at 'so many points over the loan' is an ingrained practice on the Plains," Johnson continues, "it will be difficult for producers to divorce their sales from this system. But in time it can be done if growers pay close attention to the supply-demand balance that exists for the different qualities each year and shop for a price that takes that balance into account."

Study shows Texas economy is strong

AUSTIN — The supercharged Texas economy is strong enough to blunt traditional problems of growth in the 1980's if business and government pay special attention to the factors that triggered the state's favorable economic climate, according to State Comptroller Bob Bullock.

Bullock's assessment was drawn from a report, "Why Texas is Growing," which was recently published by the Comptroller's office.

"This study separates the rhetoric from reality about Texas and presents the reasons why our state is the envy of the nation," Bullock said.

The report shows that Texas leads the nation in the production of cattle, oil and cotton and is prominent in food processing and in the production of apparel and machinery.

Texas is also the nation's second largest electronics manufacturer and a leading

producer of computer software.

A special section on government in the study concludes that Texas is able to operate efficiently without runaway spending, steep tax increases or reliance on debt financing.

According to Bullock, fiscal restraint in government spending is reflected in several factors.

There has not been a tax increase since 1971 and Texas has no corporate or personal income tax. State and local combined per capita taxes amount to \$749 a year, compared to a national average of \$934.

The study also highlighted the state's population growth, which shot up from 11.1 million in 1970 to 14.2 million in 1980, making Texas the third largest state in the country.

Even while population has grown the state's unemployment rate has been well below the national average,

giving the state the distinction of having the 10th lowest unemployment rate among the 50 states in 1980.

According to Bullock, understanding the economic and cultural past can assist business and government leaders in planning for a future for Texas without the mistakes and problems suffered by other states experiencing rapid expansion.

Bullock said the report was distilled from research and economic data originally compiled for the Com-

troller's revenue estimate for use by the Texas Legislature in finalizing the state's budget and from documents used to forecast tax collections and income.

The report does warn that Texas could experience some of the pressures that have plagued other major industrial states.

Bullock noted, however, that these problems can be solved and that Texas has the ability to meet the challenges.

Happy Birthday

Love, Mike

SYD CONNELL
Garza Extension Agent

There's not much anyone can do about the hot summer weather in Texas, but something certainly can be done improving our work situation.

Working in hot, humid conditions not only causes discomfort but can also present safety and health hazards.

To help agricultural producers as well as others in such an environment, the Extension Service has prepared a new publication that is now available at the county office. It's called "Coping with Hot Work Environments."

Body fatigue sets in sooner when an individual has to work in a hot environment, and performance, also may suffer, depending on the job involved. In addition, certain safety problems are common, such as slippery, sweaty hands, dizziness and fogging glasses. Accidents are more frequent in the heat due to lowered physical performance and mental alertness.

Among physical disorders that can result from working a hot environment are heat stroke, heat exhaustion, heat cramps, fainting, heat rash and momentary or transient heat fatigue. Since most people can adjust to hot weather and hot environments, heat disorders most often occur among workers who have not been given time to adjust to working in the heat or among those who have been away from hot conditions for an extended time.

To reduce on-the-job heat stress that may lead to certain physical problems, these steps may help: temporarily make work easier; decrease the speed at which work is done; increase the frequency or length of rest periods.

Since many heat disorders are due to dehydration and loss of salt, we emphasize the importance of drinking plenty of water. Water intake during the workday must equal the amount of sweat. A worker may sweat away as much as three gallons of fluid during a hot workday. Clothing is also a key

factor in coping with a hot environment. Avoid tight, closely fit garments and synthetic fabrics which interfere with evaporation of sweat. Loosely fitted garments made of loosely woven fabrics permit air movement close to the skin and enhance sweat evaporation, thus cooling the body.

Reducing heat in the workplace will often boost overall production by increasing work efficiency while decreasing fatigue and time needed for rest periods. Among things that will help from this standpoint are shielding or insulating equipment heat sources, using exhaust fans near heat-producing equipment, opening windows and using fans where possible to maximize air flow, and in general, providing well-ventilated work areas.

With hot weather at hand, we encourage agricultural producers and others who must face hot conditions to consider the points outlined in "Coping with Hot Work Environments."

Post airman takes photo course

Airman Michael R. Holly, son of Mr. and Mrs. Lewis Holly of 803 fifth Avenue N., Post, Texas, has graduated from the J. S. Air Force photographic specialist course at Lowry Air Force, Colo.

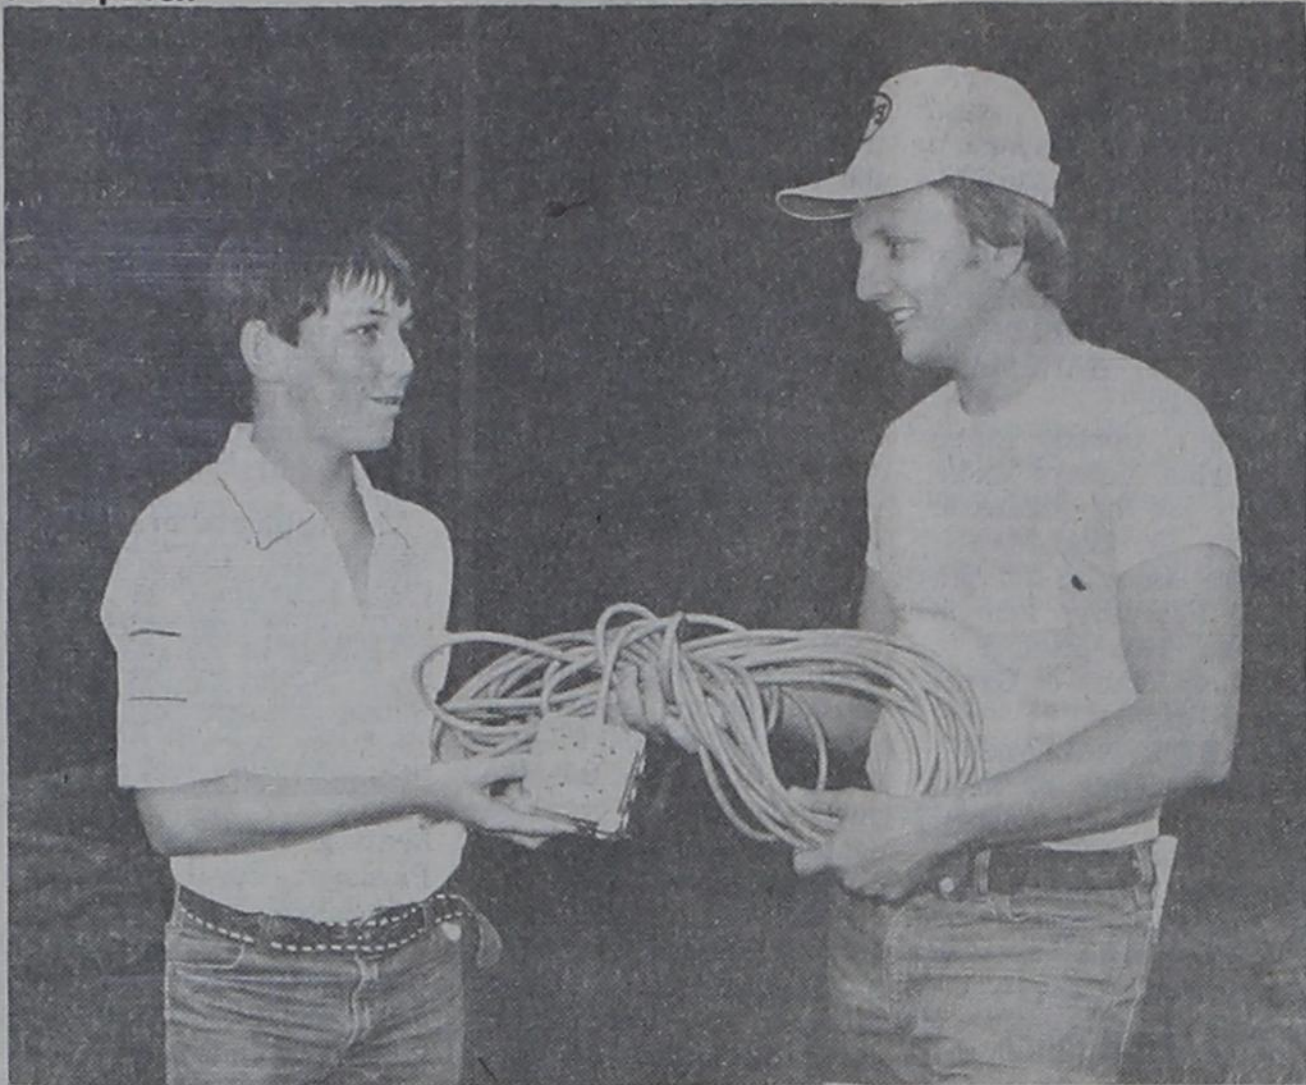

Graduates of the course studied still camera techniques and photo-journalism, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Holly will now serve with the 57th Tactical Fighter Squadron at Nellis Air Force Base, Nev.

He is a 1978 graduate of Post Independent High School.

BROTHER VISITS

Mr. and Mrs. Sidney Berry, Alan, Shane and Aaron, of Hale Center, visited in the home of his sister and family, Mr. and Mrs. Silas Short, Mark and Bill over the weekend.

ATTENDS ELECTRIC CAMP — In stately, tall pines is an excellent place to gain knowledge, and that's just what the 4-Hers from District II were doing last week. The 4-H Electric Camp, sponsored by Southwestern Public Service Company, was conducted 28 miles southeast of Cloudcroft, New Mexico in the high, cool Sacramento Mountains. Representing Garza County is Michael Johnson, left listening to Randy Eminger, Southwestern instructor from Lubbock.

Allsup's to aid in fund raising

Allsup's Convenience Stores, Inc., participants in the Jerry Lewis Muscular Dystrophy Telethon, will conduct pre-telethon activities during the month of August, according to Kurt Verlei, Director of Public Relations. The Company will display collection canisters in all 207 Allsup's Convenience Stores throughout New Mexico, Texas, and Oklahoma. "This is a very important part of fund raising prior to the telethon," said Verlei. "The Association receives no tax supported grants nor does it seek or receive fees from patients or their families."

Verlei added, "Their programs are funded almost entirely by private contributors and corporations and, of course, through the Labor Day Telethon."

The Muscular Dystrophy Association is currently seeking causes and cures for 40 crippling neuromuscular related disorders. Free diagnostic services, therapeutic and rehabilitative follow-up care are provided by Muscular Dys-

trophy Association's 230 clinics at no cost to any individual suffering from one of the diseases covered by the Muscular Dystrophy Association.

Allsup's will also be conducting the Allsup's Doorbell Brigade. Area youngsters are encouraged on August 29 and 30 to visit their local Allsup's store and pick up a collection

packet.

After collecting donations for Jerry's kids and returning them to the store, Allsup's will give them a free fountain drink of their choice. Verlei said, "We thank our customers in advance for their generosity and look forward to working with area youngsters in the fight against Muscular Dystrophy."

Twin Cedars News

Sunday Services were brought to us by the Nazarene congregation. Everybody greatly appreciated the Sunday service.

Martha Compton brought a cake for all the residents dinner. Tommie Williams and Mike Kocurek brought some fresh squash for all the residents meals. Everybody wanted to thank them for the thoughtfulness.

All the residents wanted to mention all of the delicious vegetables that Mr. Caylor is growing. Just like everyone else we enjoy all of the fresh vegetables during the summer.

Visitors this past week were Stanley and Junelle Nixon from Tow, Texas; Dorothy Callaway, Anna V. Gilbert, Lorena Benham, Shane Bexus, Darrell Roberts, Shirley Turbyfill, Virginia Grigsby, Lottie Sanders, Jewell White, Charles and Dessie Hosking.

Mark Kirkpatrick on A&M honor roll

COLLEGE STATION — Mark W. Kirkpatrick of Post, a spring graduate in animal science, has been named to the "Dean's Honor Roll" at Texas A & M University.

Recipients of the "Dean's Honor Roll" must earn at least a 3.75 grade point ratio, out of a possible 4.0, during the most recent grading period.

Malathion has safety record

COLLEGE STATION — Despite the public uproar in California about use of the insecticide malathion to control Mediterranean fruit flies, the material has a proven track record of being safe and free of health hazards.

"Malathion has been with us a long time — since the early 1950s — and is one of the most commonly used insecticides by farmers, homeowners and gardeners," points out Dr. Phil Hamman, entomologist with the Texas Agricultural Extension Service, Texas A & M University System. Hamman says he has been inundated with telephone calls since the California controversy from people wanting to know about the safety of malathion.

Tests sponsored by the National Cancer Institute have shown malathion to be both non-carcinogenic (not causing cancer) and non-mutagenic (not causing genetic changes).

According to Dr. Bill Plapp, research toxicologist with the Texas Agricultural Experiment Station, malathion is one of the least dangerous insecticides in use today.

"Malathion is routinely used by many homeowners and gardeners to control insects and mites on trees, shrubs, houseplants, flowers and vegetables. It is also used to control external

parasites on pets," says Hamman. In addition, he explains that malathion is used widely to control many different insect pests of crops. For instance, it has been used in large area control programs for boll weevils and grasshoppers in West Texas.

Another major use of malathion in Texas has been for mosquito control programs, points out the entomologist. "Malathion is used almost exclusively to rid urban and suburban areas of disease-carrying mosquitoes," says Hamman. "In 1966-67 and again in 1971, vast areas of Texas, including major cities such as Dallas, Houston and Corpus Christi, were aerially sprayed with malathion to control outbreaks of St. Louis encephalitis and Venezuelan equine encephalomyelitis, diseases spread by mosquitoes."

The entomologist points out that in all of these uses of malathion, there has been no record of problems involving human health.

Of course, Hamman cautions users of malathion as well as other insecticides to follow commonsense precautions for safe and effective results. This means following directions on the product label, avoiding any unnecessary contact with the insecticide, washing your hands after use. He also suggests scrubbing sprayed fruits or vegetables before cooking or eating.

Hospital Notes

Those admitted to Garza Memorial Hospital since Thursday of last week were:

Lela Patterson, medical; Celia De Los Reyes, O.B.; Bessie Schuessler, medical; Andra Cox, Mona Boles, and Barbara Palmer.

Those dismissed were Annie M. Taylor, Pauline Salas, Sharla Bevers, Catalina Villa, Steven Tidwell, Edna Trull, Henry F. Wheatley, Maria Jimenez, Lena Julian, Celia De Los Reyes, Andra Cox and Mona Boles.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — The Texas Senate, bogging down in debate on the controversial congressional redistricting bill, slowed action in the Legislature considerably last week.

The Senate finally approved, 16-15, a plan which creates a black minority district and a primarily Republican district in Dallas.

Also included is a new South Texas district in which a Mexican-American candidate stands a good chance of election.

The Senate, slowed down by parliamentary maneuvering, also dimmed hopes of finishing business early in the first special session. Many legislators had hoped to complete work on the governor's five called topics so that he could include other issues.

For the most part, other issues are not likely to make it into this special call. One that might, however, is the regulation of social psychotherapists.

The issue, of importance to Sen. Chet Brooks of Houston, failed to pass during the regular session . . . but a House committee chairman told his panel to expect the announcement to come from Gov. Bill Clements.

Redistricting Tradeoff

This slip of information, coming one day after the Senate passed the redistricting bill by a one-vote margin, set off speculation of a tradeoff by Brooks. On that final vote, it was Brooks who switched sides to give the Republicans and conservative Democrats the winning margin.

Regarding redistricting, most of the basic plan was worked out during the regular session, although it failed to pass. Left to be resolved was the Dallas issue: whether to create a black district and, in the process, alter two liberal Democrat districts into GOP districts. To say the least, it has been an exercise of raw political power against power. Postures of fair play have been replaced by partisan politics

and, in some cases, pure self-advancement. The essence of politics.

A good example is in the House, where redistricting committee chairman Rep. Tim Von Dohlen has surprised everyone with a substitute plan for the one just passed by the Senate. Von Dohlen's bill would weaken his own congressman. U.S. Rep. Bill Patman of Gana-do. Patman served in the Texas Senate until he moved up in the last election to Congress, and he and Von Dohlen have always been at odds. Observers wonder if Von Dohlen is just trying to even the score a bit, or if he actually intends to replace Patman in Congress.

Ad Valorem Repeal

Another issue, which two weeks ago seemed a sure bet but is now in turmoil, is the repeal of the state ad valorem tax to fund college construction.

In the first week, the House took about 30 minutes to approve complete repeal and send it to the Senate. Last week the Senate Finance Committee altered the plan somewhat by lowering the ten-cent tax to three cents, avoiding a repeal.

The ad valorem tax is dedicated for construction at 17 state colleges not included in the Permanent University Fund, and a repeal would leave those colleges without construction revenue.

Although a repeal is politically tasty, no acceptable plan for replacing those college funds has been derived. Suggested plans have included sharing the PUF, a severance tax, and general revenue.

At three cent per hundred dollar valuation, a \$50,000 home would be taxed at \$15 a year.

Clements is likely to oppose this plan publicly, but its success may depend on his private acceptance.

Medical Practice Act

The bill to renew regulation of medical doctors was passed by the Senate and

HER 20TH ANNIVERSARY — Thelma Mason was honored July 15 on her 20th anniversary with Burlington Industries. She started to work at Postex Plant July 13, 1961. Mrs. Mason is shown receiving a plaque, service pin and necklace from Postex Plant Manager Don Smith.

sent to the House, where a compromise over the last sticking point has been worked out.

Optometrists, who had wanted to use diagnostic eye drugs over the objections of ophthalmologists, got half a loaf. They may be able to use the drugs under a doctor's standing orders, if the House votes to approve the compromise. The House is not likely to buck the plan, since the chief optometrist in the action was also campaign manager for House Speaker Bill Clayton.

Water Trust Bill

Clayton's own water trust bill may be in trouble in a Senate committee. At the beginning of the session, hints abounded that Clayton might hold other bills hostage until his own water trust bill was given full passage. Now his own bill could meet the same fate in the Senate, where legislators are not as responsive to his wants.

Property Tax Reform

The issue which almost everyone agreed would be the most difficult, property tax reform, has yet to make it out of the starting gate. The major revisions are expected to clear House and Senate committees this week. The leadership had hoped to resolve the session's other issues first, but now they might all come together in a logjam in floor debate.

41st Rodeo

(Continued From Page One) dent, Mary Abney queen, Penny Scoggins princess and Donna Scoggins parade marshal; Lubbock Rangers Junior Riding Club with Joe Schoenig president and Rita Evans queen; and the Post Riding club with Bo Jackson president. The Post Riding Club's queen, Tina Greene, and princess Darla Jackson, are in Washington D.C. and thus will not be mounted for the parade.

Miss Julie Johnson of Lubbock, queen of the American Association of Sheriff Poses and Riding Clubs, will be a special guest of the Post Stampede Rodeo Association and will ride in the parade.

Miss Johnson was selected from a field of six contestants as queen of the American Association at

Hospital—

(Continued From Page One) June of 1980. Total patient days totaled 92 as compared to 144 in the same month a year earlier.

Eight babies were born in the hospital during the month to bring the total to the year to date to 55 as compared to 7 and 68 for 1980.

A total of 231 outpatients were treated this June as compared to 269 in June of 1980.

The hospital received \$29,862.76 in collections on patient accounts during the month and spent \$47,175.22.

For the nine months of the current fiscal year, the hospital has collected \$253,811.27 from patients, \$454,944.95 in tax money, and \$18,164.65 in interest, as compared to \$319,394.49 from accounts, \$346,944.75 in tax money \$3,025 in interest and \$2,500 in donations in 1980.

Luncheon given in San Angelo

Miss Cindy Bird was honored with a bridal luncheon at the San Angelo Country Club Friday. The luncheon was hosted by Mrs. J. W. Fields. Mrs. Ada Lou Bird, mother of the honoree attended the luncheon.

that organizations annual convention in Lubbock last October. The finalists had been selected from club, district and regional competition throughout the association.

With \$400 offered for three float prizes, the parade to date has only two floats entered. The Chamber Women's Division has entered a float with the theme "Century of Styles" and the Girl Scouts of America has entered a float with the theme "Worlds to Explore."

Float prizes are \$200, \$120 and \$80. Additional entries should be called to the Post Chamber office. The Chamber co-sponsors the parade with the Post Stampede Rodeo.

Decorated bicycle entries for the parade also should be called to the Chamber office. Prizes of \$25, \$15, and \$10 are offered in the decorated bicycles division.

First, second and third place trophies will be given to the top three riding clubs as well as trophies to the "most typical cowboy" and "most typical cowgirl."

Jack Myers of Southland has been named parade marshal of the 1981 parade.

Other Post Stampede Rodeo officers this year include Royce Hart as vice president; Fred Humble as arena director; and Tommy Young as secretary; Jay Hart as manager.

Good cotton—

(Continued From Page One) He said most of the cotton is blooming and setting bolls and is using quite a bit of moisture.

The county agent said the Tuesday rain, which generally fell lightly over two or more hours, would last only for a matter of days and more moisture will soon be needed.

Sanderson told The Dispatch the rain in his area "gave the grasshoppers a drink." He reported grasshoppers really bad east of Post.

Post also got .02 of moisture Monday night or early Tuesday morning.

Sept. 5 is wedding day

Mrs. Raymond Walker of Post has announced the engagement and forthcoming marriage of her daughter, Donna Rayleen, to Wayne Barron of Snyder, son of Paul Barron of Lorraine.

The wedding has been set for Sept. 5 at Calvary Baptist Church.

Miss Walker is a 1976 graduate of Post High School and a 1981 graduate of Western Texan College Licensed Vocational Nursing program. She is currently employed at D. M. Cogdell Memorial Hospital in Snyder.

Her fiancé is a 1975 graduate of Lorraine High School and a 1979 graduate of Tarleton State University. He is presently employed with Mid-Continent Supply in Snyder as a field representative.

The couple plans to make their home in Snyder.

Shower given Lisa Cowdrey

A "fun shower" was held Friday evening at the Graham Community Center honoring Lisa Cowdrey with Johnnie Norman and Oneita Gunn serving as hostesses.

Miss Cowdrey will wed Carl Bartley Saturday at his parent's Gascon Ranch home near Rociada, N.M.

Each guest was asked to bring a gift for "cooking, cleaning or loving" along with a favorite recipe.

The approximately 40 guests signed a brown checked trimmed apron for the honoree at the registry table. The registry table was covered with a brown cloth and featured a dried arrangement with brown checked flowers and ribbon. Strawberry short cake and punch were served from crock jars.

Because many of the guests will be unable to attend the wedding in New Mexico, the bride modeled her wedding dress.

"It is good to be merry at meals." English Proverb

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Cotton Exports to China Look Good

U.S. cotton exports to China during 1981-82 should be up from the previous year, a U.S. cotton trade team reports.

Reporting after a six-day trip to China, the trade team said it expected that nation to take about 1.5 million bales of U.S. cotton in 1981-82.

The team is sponsored by Cotton Council International, overseas arm of the National Cotton Council, and the U.S. Department of Agriculture's Foreign Agricultural Service.

The team visited Chinese cotton-growing areas and textile mills. Team members said they were very impressed with the quality of Chinese cotton but surprised at China's antiquated spinning methods.

The group reported that there is a swing to synthetic materials in Chinese domestic textile consumption, because consumers think the synthetics are more durable and because synthetics are readily available. In contrast, cotton garments are

Births

Christopher Saldivar wishes to announce the birth of his sister, Andrea Kay, born July 21, at Brooke Army Medical Center at Fort Sam Houston, Texas. She weighed 7 lbs. 14½ ozs. and was 20 inches long. Paternal grandparents are Mr. and Mrs. Gabriel Saldivar and maternal grandparents are Mr. and Mrs. A. G. Guajardo, all of Post.

Mr. and Mrs. Anastacio De Los Reyes announce the birth of a baby boy, Hernesto, born July 21, at 2:59 p.m. weighing 8 lbs. 13½ ozs. He was born in Garza Memorial Hospital.

sold under strict quota laws in China.

Dust Research Stressed The Industrywide Cotton Dust Committee agrees that the Supreme Court's recent dust ruling underlines the need for the cotton industry to join with other industries in pursuit of regulatory reform.

The new rulemaking, expected to be announced soon, is seen as the most promising opportunity for relief in the immediate problem with the cotton dust standard, the committee reported at a recent meeting in Dallas.

The group also agreed that the expanded industry-government research on cotton dust is progressing on schedule and should continue to be funded at a level to speed up a final solution to the dust problem.

Close City club meets

The Close City Extension Homemakers met in the home of Mrs. Ruth Young last Tuesday for a regular meeting with 10 members attending.

The program included a discussion on the three kits that will be taken to the state meeting, "Sewing, Health and School." The kits will be distributed to children in Old Mexico.

Attending the meeting were Mmes. Virginia Custer, Inez Ritchie, Thelma Thomas, Linda Malouf, Laura Francis, Thelma Epley, Mary Ell Tillman, Helen Richards, Hooter Terry and the hostess, Mrs. Young.

The Amazon Basin's immense tropical jungle is said to contain mankind's greatest reserve of natural resources.

Arthur Kelly is named to board

The Rev. Arthur Kelly has been appointed by the Garza County Commissioners Court to the Garza County Reapportionment Advisory Board to replace Malachi Mitchell.

The appointment came at the court regular session Monday.

Arnold Sanderson appeared before the court to discuss a new county road the court accompanied Sanderson to see progress made on the road.

Cawthon infant is welcomed

Jonathan Ross Cawthon was honored with a welcoming party and layette

shower July 14th in the home of Linda Lewis. Jonathan is the infant son of Mr. and Mrs. Homer Cawthon. Guests were registered between the hours of 7:30 to 9 p.m. Approximately 100 gifts were on display.

The serving table was decorated with a centerpiece of yellow and white daisies with a yellow cloth. Thumbprint cookies, mints, and punch were served.

The hostesses were Linda Lewis, Tonya Rudd, Patsy Craig, and Marita Jackson. The hostess gift was a Bobby Mac high-chair kit.

Rural land—

(Continued From Page One) meeting into Tuesday, Aug. 11.

A public notice on the Aug. 10 date appears in today's Dispatch.

Mrs. Westfall said her office has had a steady stream of taxpayers seeking information or complaining of too high market values since the notices were mailed some 10 days ago.
