

# Jaws of Life, new ambulance purchased

Post's city council went on a "buying spree" Monday night, approving spending \$4,479.95 as its share of the purchase of a Jaws of Life with the county and \$7,570 as its share of a new \$26,800 ambulance.

It also received bids for a new fire truck and is awaiting only a little more information before approving a \$78,254 purchase there.

Along toward midnight, the council added the purchase of a new \$20,000 air conditioner for the community center to its 1982 fiscal year budget.

The county commissioners court already has approved spending its share for the new Jaws of Life and the new ambulance.

The ambulance account will pay \$6,000 toward the purchase on income from

ambulance runs made and an old ambulance is being traded in for an additional \$5,300, leaving \$15,500 to be divided between city and county.

Mrs. Ruby Williams and Larry Mills of the community center board appeared before the council to explain that the original air conditioner for the community center, which was purchased with the building, had

been nursed along for 5½ years but was now more expensive to keep repaired than replaced.

The ambulance purchase is being made from Summers Ambulance and Coach Sales of Duncanville, Tx., and among the extras is an AM-FM stereo, which the EMTs felt was needed for the patients being transported.

The council worked late

on its new budget which now provides for the expenditure of \$911,238.

The addition of another standby water storage tank was taken out of the budget to provide funds for the community center air conditioner and help pay for salary increases.

The proposed budget would wind up in September, 1982, with a cash balance in the general fund

of only \$3,303 and in the water fund of \$1,608.

The city will retain a water fund time deposit of \$81,000 with \$51,175 in general fund being invested in six months money market CDs at the bank.

The council went into "executive session" for 10 or 15 minutes about 10:30 p.m. to discuss a possible legal problem with its attorney, Harvey Morton of

Lubbock.

The council also got a double dose of bad news.

One was from Sheriff Jim Pippin who declared that the two DPS cars purchased by the city last year now either need to be replaced or undergo expensive engine overhauls.

"They're not burned up, just worn out," Pippin explained.

In answer to a question,

the sheriff said his department is now operating five cars — when they'll run — and that three of them have 100,000 miles or more.

Councilman Jim Wells said replacing sheriff cars by city and county on alternate years means each vehicle must be operated for five years. "We've got to do better than that," he said.

(See City Council, Page 16)

## At a cost of \$84,900— School board okays 7 paving projects

Post school trustees last Thursday night approved by a 4 to 1 vote the expenditure of an additional \$84,900 in improvement funds for seven additional paving projects this fall.

Contractors already are at work here on \$67,000 in paving, curb, and sidewalks already approved as a

followup of the summer work program.

The new paving projects and their costs include (1) alley by high school gym \$3,600; high school off street parking \$7,200; bus road overlay \$7,800; bus parking and drive \$23,787; track field parking \$21,213; athletic field drive \$15,000; and

front of primary school \$6,300.

Mrs. Juanella Hays cast the negative vote because she said she didn't think the athletic field drive was necessary. The drive would be a drive just north of the antelope Stadium from east to west.

Voting for the paving were Prudencio Basquez, who made the motion, Jack Kirkpatrick, Royce Hart, and Jack Lott.

The work will be done this fall by the present paving contractor.

Biggest discussion over the various paving projects, which have been considered off and on by school trustees for the last three years, was the one in front of the primary school.

Supt. Bill Shiver told the board that a child had almost been hit in front of the primary school the first week of school so school authorities have requested that no parking be permitted on either side of Eighth street in front of the school. He explained children had had difficulty seeing the traffic on the street because of all the parked cars with parent drivers waiting to pick up their own children.

He went on to point out in view of this school request, the state highway department might not approve any indent parking area in that block. He proposed an indenture to where parents (See School board, Page 16)

PHS CLASS PRESIDENTS — Pictured above are the presidents of the four high school classes elected last week. Left to right, Mendy Tatum, freshmen; Charles Johnson, sophomores; Darla Jackson, juniors; and Patti McClellan, seniors. (Staff Photo)

## Going down to 10,500 feet— Drilling begins on deepest well

Drilling was scheduled to begin this week on the deepest well ever drilled in Garza County.

according to reports. The well is planned for 10,500 feet.

Erection of the derrick by three cranes was completed Tuesday night.

The wildcat test is on a three acre tract owned by C. E. Basinger of Southland.

"Just imagine pulling two miles of pipe," one local oil man commented.

It's located a quarter mile south of Southland on the left side of US-84 for those driving toward Lubbock.

Superior Oil is putting down the hole with the biggest rig in the southwest,

cause of the many complaints Jackson had received about cable service here recently.

Whitefield said lightning struck the cable TV installation here Aug. 31 with a direct hit.

"It blew the fuses right off the wall," Whitefield said. "The place still smells like gun powder."

Whitefield said the cable system was off the air a day (See Cable TV, Page 16)

## New technician assigned— Cable system to be rebuilt

Post's cablevision system is going to be entirely rebuilt, Stan Whitefield of Idealou, manager of High Plains Cablevision, told the city council Monday night.

He announced that Ronnie Nelson, an experienced cable technician, is moving to Post to handle the rebuilding and to work service calls.

City Councilman Jim Jackson invited Whitefield to attend the session be-

cause of the many complaints Jackson had received about cable service here recently.

Whitefield said lightning struck the cable TV installation here Aug. 31 with a direct hit.

"It blew the fuses right off the wall," Whitefield said. "The place still smells like gun powder."

Whitefield said the cable system was off the air a day (See Cable TV, Page 16)

## One to two million dollars-- Ranchers suffer big hopper loss

Garza ranchers have lost one to two million dollars worth of range grass to grasshoppers in the last two years, Tom Middleton told the Post Rotary Club at its Tuesday luncheon in the community center.

Middleton, who is chairman of the beef cattle sub-committee of the Garza Program Building Committee, explained the committee worked hard and secured ranchers' share of financing for an aerial spraying program against

the hoppers last year, but were unable to obtain federal approval.

County Agent Syd Conner pointed out Garza County is only one of three South Plains Counties — Lubbock and Scurry being the other two — to gain in population over the 1970's.

Conner said Garza had a nine percent increase reported in the 1980 census after (See Hopper loss, Page 16)

## No action on re-districting

The Garza County Commissioners Court is still mulling over the required re-districting of the county commissioner districts.

They reviewed the reapportionment Monday at their first September meeting but took no action.

Judge Giles Dalby was authorized to sign the contract with South Plains Associations of Governments for the senior citizens' new mini-bus. The bus already has been delivered.

Ruby Williams and Larry Mills appeared before the court to discuss the repair and replacement of the heating and airconditioning unit at the community center. No action was taken.

REGISTERING THE GUESTS — Rosemary Rogers, left, is shown registering during the United Convalescent Home's open house Sunday afternoon. Also shown are l to r, Oscar Babb, Bonnie McMahan and Opal Rudd. (Staff Photo)

# The Post Dispatch

Fifty Fourth Year Post, Garza County, Texas Thursday, Sept. 17, 1981 Number 16

## Hospital will test new EKG system

Garza hospital directors last Thursday morning approved a 30-day tryout for a new EKG reading system for the hospital.

TeleMed of Chicago will install rental equipment over which EKGs can be sent by telephone line to the firm's Chicago office for reading with a written report being returned in minutes by teletype.

Cost to rent the equipment is \$125 a month on a five year contract and \$225 for a one-year contract.

The hospital will then pay \$5.50 for each EKG.

At present, the hospital's EKGs are being read via telephone by a California firm and the hospital and doctors want faster service.

Also at their September breakfast meeting, directors discussed the search for another physician for Post.

Jack Alexander, board president, said a placement seminar for physicians will be conducted in San Antonio in October and Post possibly could "put together a package" for that seminar.

He also said the hospital

has been provided a list of Texas Tech medical grads now taking residencies and they could be contacted.

Alexander expressed opposition to using a doctor placement service although he said it would be "money well spent" to help a med student finishing up in return for his promise to open a practice in Post.

The hospital is now doing this to obtain nurses.

The board had wanted to set the hospital district tax rate at this meeting, but could not do so because the district's taxable valuation total has not yet been made available by the county appraisal office.

A budget hearing will be held sometime this month as required by law, but the board is hopeful of combining the budget hearing and (See New system, Page 16)

## Angered by extra billing— New computer firm chosen

Angered by a \$32,000 bill for extra parcels, the board of the Garza Tax appraisal District has authorized a second firm, Goodpasture, Inc. of Brownfield to come up with final taxable property totals and to print the various local tax rolls and tax statements.

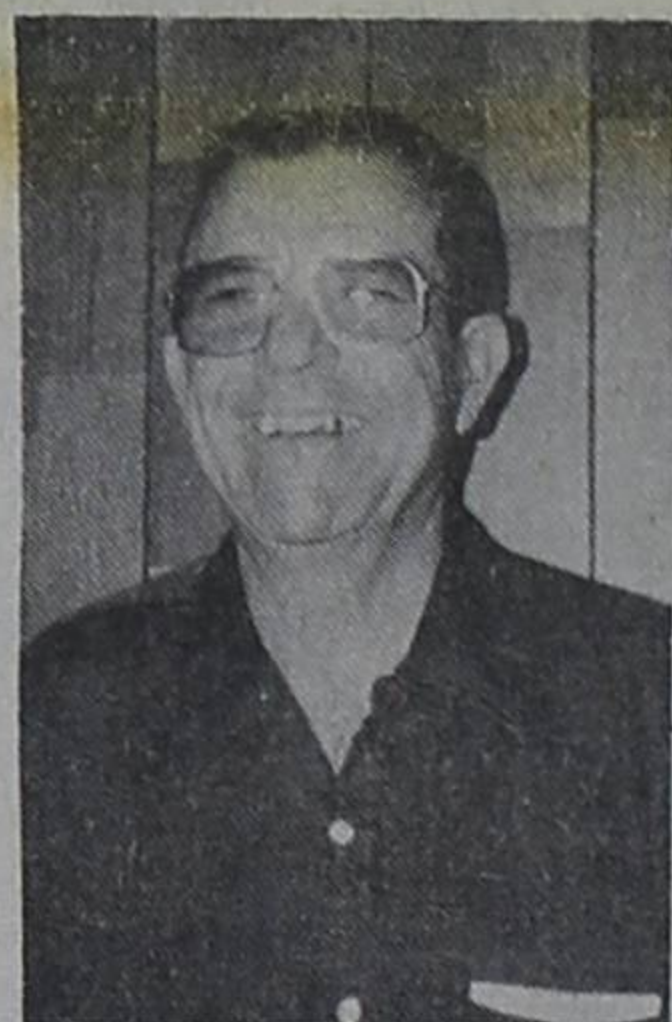

County Appraiser Jean Westfall told The Dispatch Tuesday that Goodpasture already has 1,500 of the 4,600 Garza real property

parcels in its computer along with almost all the personal property.

She said she hoped to have the taxable valuation totals by next Tuesday.

Then all local governmental units will have to schedule final budget hearings and set their various tax rates before the tax statements can be printed.

Mrs. Westfall said Associated Tax Service of Irving who did the appraising had contracted to complete their Garza valuation work by Aug. 1 and the board was in mid-September still without tax totals.

30 YEARS OF SERVICE — Lloyd Mork was presented a 30 year award recently by the George R. Brown firm. Lloyd began his years with the company, Sept. 5, 1951 and worked as a hot oil truck driver, a pumper and for the last seven years has been a production foreman for the company. (Staff Photo)

## Several reasons for power outage

Post was without power for approximately an hour Monday afternoon.

Southwestern Public Service reported the outage was due to several causes, including a 22,000 volt line down on the Gail highway, behind the highway department; another line down north of the sub-station in the South Oilfield about 3 miles southwest of Post; and recloser trouble on West 10th street.

## Pep rally for homecoming

Plans for Homecoming Sept. 25 have been made by the PHS Student Council and will include a parade from the high school to the courthouse lawn at approximately 3 p.m.

The mini-parade will be escorted by the Police Department, followed by the senior class, juniors, sophomores, and freshmen with floats by the football boys and band in between the classes. The queen candidates for the band and football boys will also be on the floats. The fire truck will bring up the end of the parade.

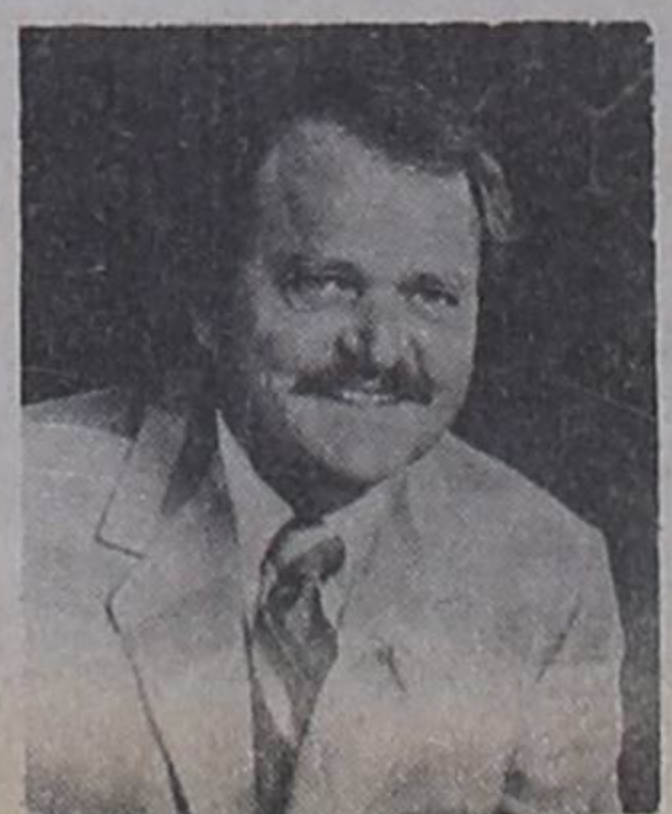

The queen candidates will be crowned during the pep rally on the courthouse lawn.

## Rotary governor coming to Post

Rotary Governor John R. Seay of Midland will make his official visit to the Post Rotary Club here next week and will address the club at its weekly luncheon Tuesday in the community center.

A former president of the Midland Rotary Club, Governor Seay was presented the Paul Harris Fellowship Award by the Midland club in a show of that club's appreciation of his services to it.

(See Rotary head, Page 16)

JOHN SEAY  
Rotary Governor

It doesn't quite seem possible but Jim Prather reports the OS Ranch is dryer this year than last just two weeks before the annual "OS Weekend", Oct. 2-4.

So don't be surprised if the water trucks are back working the OS ranch road in from the highway as well as the parking areas.

Maybe the rest of the South Plains has had plenty of moisture, but not the OS. Jim told us Monday that since May the ranch has received only three doses of moisture — for .75 of an inch, .40 of an inch, and .20 of an inch on three widely separated occasions.

The Lubbock media — and maybe a bunch of other media folks around the South Plains — have been invited to an OS special invitational preview next Tuesday, Sept. 22. A bus will be used, if enough news folks RSVP, will leave Lubbock that day at 4 p.m. for the OS and when they arrive there will be a big barbecue, and some Cecil Caldwell fiddle music.

This has been a project of Announcer Lin Helton for the last several years and we'll be interested to see how much "OS weekend" enthusiasm the preview cooks up.

The George R. Brown oil interests here are "away ahead" of the United Fund organization. Everette Windham brought in the pledge cards with cash or checks this week representing 100 percent of their employees for 1982, whereas, as the lawyers would proclaim, the united fund organization hasn't even met to elect officers and organize their fall campaign yet. It's hard to beat community service like that.

If you've decided to only go to one out of town high school game this year, get ready for your Floydada journey Friday night. It's the biggest road game on the schedule for the Lopes who will need all the vocal support they can get for this showdown between two unbeaten teams.

Each team has a fine back named Williams, but the Winds' Bruce Williams, a classy junior, is by far the best known. Williams has scored six touchdowns (See Postings, Page 16)

## Pair charged in butchering

Two Post men, Ricky Gill and Joe Lopez, are out on \$5,000 surety bonds each on charges of theft over \$200 in the snooting and butchering of a yearling steer the night of Sept. 5.

Sheriff Jim Pippin, who spent five days investigating the case, told The Dispatch he came up with enough evidence to secure warrants for Gill and Lopez, who are brothers-in-law. They were arrested last Thursday night.

Page 2 Thursday, Sept. 17, 1981 The Post (Tex.) Dispatch

## What comes next?

If the school improvement program is continued next year, probably an auditorium project should be next in line.

School trustees last week at their September meeting swept the board on the school paving needs by approving seven more.

That pretty well finishes up every thing the board has discussed with its architects.

The Dispatch won't guess about air conditioning. The board was 100 percent against it this past spring despite a lot of interest shown by parents and teachers.

They contend operating costs will be enormous and replacement costs in eight or 10 years might be more than the school district now floating on a small sea of oil could handle.

Best guess here is that the board might — just might — consider classroom installed evaporative coolers. The cost for the limited amount of use would not be so high or their operating costs so much.

Although for some reason, they have never talked an auditorium project, it will be hard to dismiss. Clearly, it is now the No. 1 need in the way of school facilities.

The Dispatch would certainly agree with the board that if an auditorium project is considered, it should be done after getting an architect's report on the various possibilities and their probable costs.

This is not a question of building a community-sized auditorium. The school needs that auditorium for graduation exercises at all levels, school plays, musical productions, pep rallies and the like. If it's big enough for school use, it is big enough for the community for the minimum number of events it might want to use the auditorium for.

This newspaper thinks the public interest in the auditorium was amply demonstrated at the recent school budget hearing, as was also interest in late spring and early fall air conditioning.

## Cooperation needed

The Dispatch agrees with General Telephone division manager, O. D. Hearn of Brownfield. The only way utilities can improve services to the community is by cooperation both ways.

Hearn gave what might be termed an "educational talk" to the city council the other night with the obvious intention of trying to reach the Post public too through the Dispatch's news columns.

He said a utility firm is like any other business. It has to have enough revenue to operate, improve, and give a fair return to its investors.

General Telephone has been pretty well victimized by the emotionalism of its customers, including its local customers.

It's obvious General Telephone has been severely penalized in its last two rate hearings. That isn't going to just hurt General Telephone but all the communities it serves as well.

Hearn has done an excellent public relations job since he took over his present post at Brownfield. We think Post relations with the telephone firm has improved considerably in recent years and a lot of it is to his credit.

Wonderful things are happening fast in the communications field these days. We, for one, want to give General Telephone the chance to work to improve phone service here and where ever they serve.

We recommend giving General Telephone a new try of cooperation. Public utilities have always served as public whipping boys because they generally are monopolies.

Whereas we accept some pretty steep rate increases on our food, our clothing, our cars — and even our newspapers, we fight utility boosts tooth and toenail.

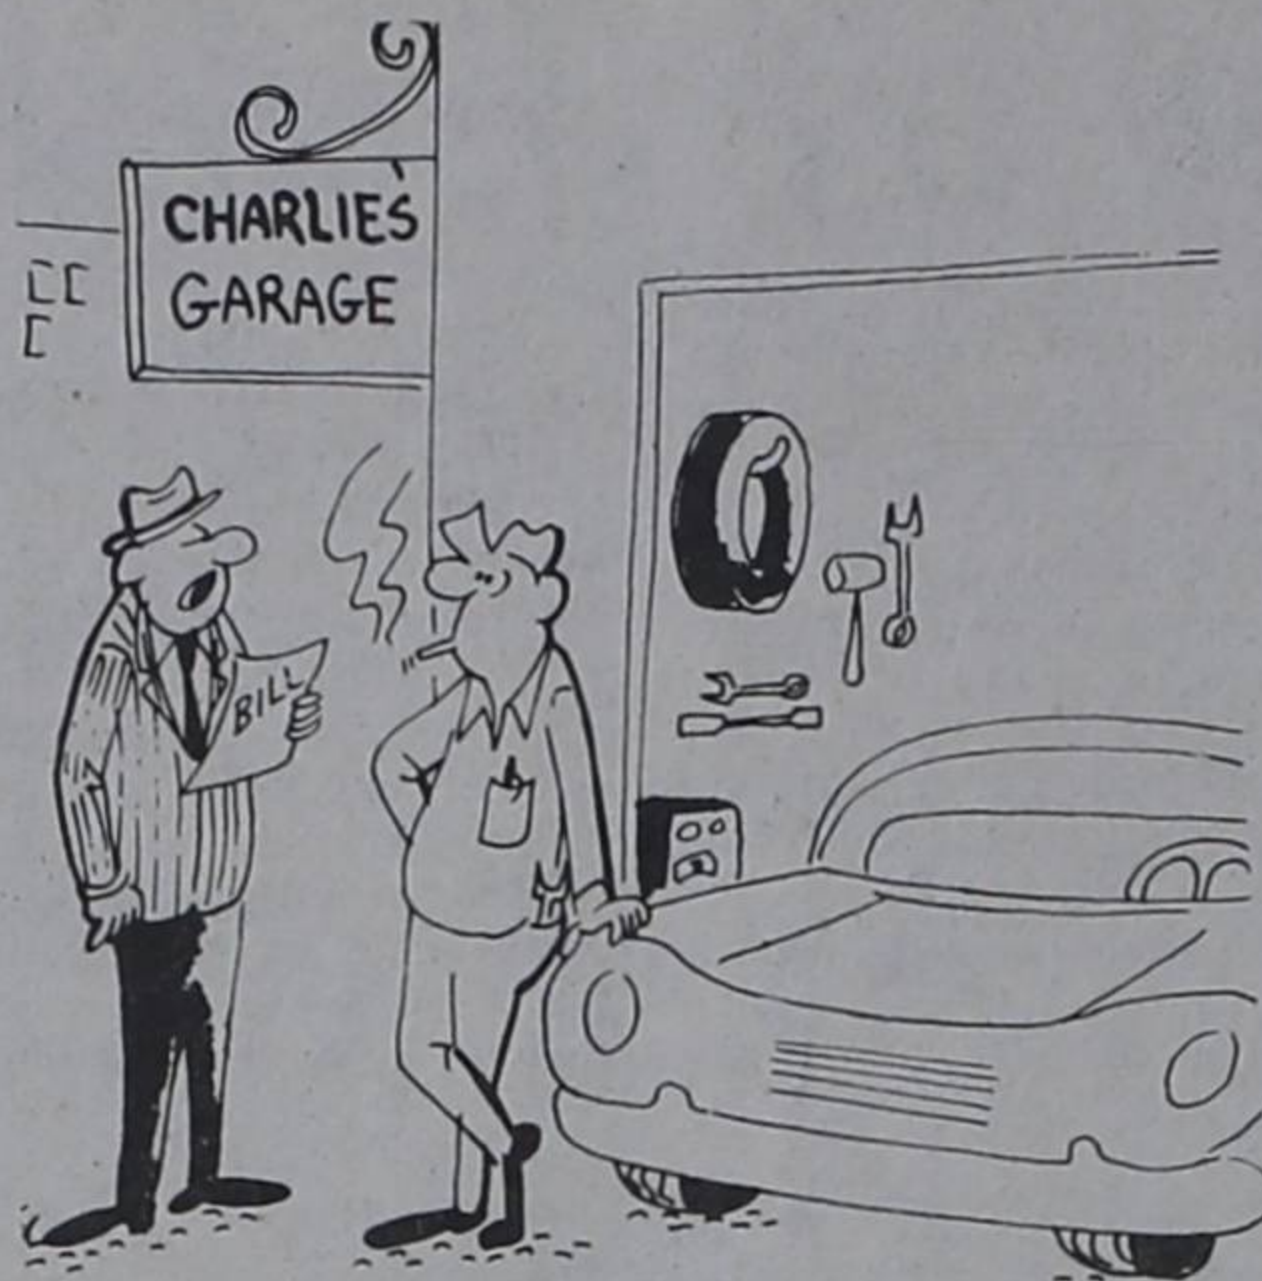

Yes, Hearn is right. We need to be more cooperative, less emotional.

## Dodson opens tractor house

V. A. Dodson, formerly of Post, has scheduled the grand opening toady of his Farmers International, Inc., Lubbock International Harvester dealership, at 1800 Erskine Street in Lubbock.

Twenty door prizes will be given away and the new 50 series of International tractors will be on display.

The reader will find his grand opening ad in today's Dispatch with other details.

"I suppose you want it in small, unmarked bills."

## Library Corner

Probably a lot of Dispatch readers are wondering why the Post Public Library is staging a book sale with 569 volumes on the table at a bargain price of 25 cents each.

So we thought we'd explain.

The Texas State Library constantly urges librarians not to clog their shelves and take up space with books nobody has checked out, or books in which the information has become outdated.

Recently, library employees from the regional library in Lubbock assisted Librarian Pee Wee Pierce in taking these 569 books from the shelves.

The ones that were in good enough condition for another small library to use, Pee Wee passed on to another library. But about 500 were left that were not suitable. They include about 300 fiction and 200 non-fiction.

Twenty-five cents per book certainly is a bargain price so why not stop in at the library and see if three or four of them don't strike your fancy?

Sue Lovingood of Odessa has given the library a beautiful copy of "The World of Youth Rodeo", which is a pictorial history of getting high school youngsters involved in rodeoing as a sport. The book is for reference only and cannot be checked out. It was given in memory of her father, Wesley Stephens.

Sue's husband is Bob Lovingood of Odessa who is president of the Texas High School Rodeo Association. She was in The Dispatch office when she brought the book to the library and left us an article about Bob, a cowboy whose personal rodeo days are behind him.

Bob has been president of this rodeo organization with 4,000 members for the last four years and currently is trying to promote a scholarship fund for young rodeoers in college. He sees high school rodeos as a step toward competing in inter-collegiate rodeos and eventually in professional rodeos.

The organization isn't strong in the West Texas area but there is a member or two at Slaton.

"We're trying to push physical conditioning and they have to have passing grades," says Lovingood of the high school riders, buckers and ropers he

## Garza woman heads drive

Mrs. W. W. Johnson, of Route 3 will lead Bellringer workers in a house-to-house drive during October.

Mrs. Johnson will be calling on others in the community to assist with the organization and working of the drive. All citizens are called upon to aid in this drive to benefit the fight against mental illness and the improved care for the mentally ill.

"Proceeds will benefit the Mental Health Association in Texas," said Virginia Barlow, state President of the voluntary citizens' association.

As a non-government agency, the association can and does speak for the consumer — the person who needs professional help for an emotional disturbance

## Remember When

**10 YEARS AGO**  
High School Cheerleaders are Cindy Bird, Pat Johnson, Melvena Stewart, Nancy Cook, Janyce Brockman and Stella Varela; City Council to interview 11 manager applicants; Glen Barley Home is yard of the month; Phone company's request for rate boost granted; 30 top ropers enter ranch benefit event; Local families are to host ranch youngsters; Larry Haynes injured in pickup accident; Jaycee rest stop sets new record with 2,012 motorists stopping; 85 members enrolled in Post High School Band; Keith Cornwell is new mortician at Hudman's; Post Antelopes to open Friday night in Hale Center.

**15 YEARS AGO**  
Student Council officers, nearly all boys, include Ronnie Pierce, Mike Scott, Joe Hudman, Donnie Cole and Neff Walker; Dr. Harry A. Tubbs of Post elected vice-president of the Texas Academy of General Practice; \$42,500 damage suit filed here; Sanatorium building is accepted as gift; New Title I Program approved for schools; Rain totals .74 to date; Mr. and Mrs. A. W. Lucas celebrate Golden Wedding anniversary; 1,289 enrolled in school here; Post opens with 14-8 win over Hale Center.

**25 YEARS AGO**  
White River District approved by State Board; Holy Cross Catholic Church dedicated; Mildred Wells and Noel Wilson exchange marriage vows; Miss Peggy Butler is honored with birthday party; Marie Howard and Orabeth White are named co-editors of Post High newspaper; Mrs. Royce Josey honoree at miscellaneous shower; funeral services conducted for G. C. Aten.

If milk or cream spills on furniture, wipe it up quickly. Dairy foods act as mild paint and varnish remover. If spots show, clean with white liquid wax.

## State earns million daily

AUSTIN — Warren G. Harding, State Treasurer of Texas, reports interest earnings for the State have hit a historical high of over \$1,000,000.00 per day. That day was Thursday, August 20, when the State earned \$1,010,003.63. The highest earnings for any day in August occurred on Monday, August 31, when the State earned \$1,088,505.99.

During the month of August the State Treasurer had an average of 98.7 percent of the State's \$2,538,523,488.91 in interest bearing accounts earning 14 1/2 percent interest. The State's funds are placed in 1,493 depository banks in Texas and are secured by collateral pledged by the depository banks.

Depository interest earned during fiscal year 1981 (September 1, 1980 through August 31, 1981) amounted to \$254,999,541.13 which represents an increase of \$29,699,929.74 over fiscal year 1980. This equates to a 13.2 percent increase.

**'POUNDING' GIVEN**  
Members of the Post Church of Christ hosted a potluck supper and an old fashioned "pounding" for their new minister and family, the Harold McSweenys, Sunday night following church services.

### Senior Citizens News

The Senior Citizens are having lots of good times enjoying one another and other activities such as games and such.  
Our Senior Citizen choir was invited to Tahoka this

past Monday night and we enjoyed singing for them. Also Noel White and his son Steve were there and we sure enjoyed their singing.

We had a group of Senior citizens from Tahoka here for lunch Tuesday the 15th and they were to tour the mill. We certainly enjoyed them.

Bea Dodson, Mrs. Edwards, William Young from Lubbock, Aubrey Ritchie and our own Mr. Moore entertained us with several good old time pieces on the fiddle, guitar and harmonica. These were enjoyed very much.

A group of senior citizens went to Snyder this past Friday night to hear the Blackwood Brothers.

We are having good attendance each day, plus we feed several shut-in people. All our sick folks are improving slowly and our prayers are with them and their families.

We are hoping to schedule another defensive driving course for those who missed it the last time we had it, so if you are interested let us know so we can get a count on how many to plan for and we can get in touch with Bert Sinclair and make a date with him.

We always practice on our singing on Tuesday night and we enjoy the fellowship we have with each other.

Don't forget we will be having a musical this Thursday night at 7:30 p.m. There will be a lot of good singing and music so come

**COMPLETES BASIC**  
— Pvt. 1 William Leffridge, son of Eddie G. Moore of Post, has completed his basic army training at Fort Knox, Ky.

#### SALAD SUPPER HELD

The Adult Sunday School class of the Church of the Nazarene met in the Fellowship Hall Sept. 10 at 7 p.m. for a salad supper. Those enjoying the fellowship were Mr. and Mrs. F. W. Rogers, Mr. and Mrs. G. L. Perkins, Mr. and Mrs. A. L. Warren, Mr. and Mrs. Weldon Swanger, Mr. and Mrs. Ruben Wilke, Mr. and Mrs. Roy Gary, Mrs. Lottie Sanders, Pastor and Mrs. Tom Evans and Jennifer Fumagalli.

down and join us. We have changed this date, due to football games on Friday night.

Also don't forget we have blood pressure checks every first and fourth Tuesday and first and third Thursdays. Also hearing aid checks twice a month. Every fourth Thursday and every first Monday are also for hearing aid checks, so take advantage of this service. Call 2998 if we can help you in any way.

The bus makes a trip to Lubbock every Tuesday of each week and on Friday if it is an emergency doctor trip. It takes senior citizens every day to town, so if you need the bus, please call and let us help you, call 2998.

Still would like to get some of the folks interested in arts and crafts, any takers?

### Bruster rites are held here

Funeral services for Grover C. Bruster, 73, of Midland and formerly of the Gordon Community were held Sunday afternoon at 2 p.m. in the Hudman Funeral Home Chapel. Terry Bavaousett of Lubbock officiated and was assisted by Harold McSweeney, minister of the Post Church of Christ.

Burial was in Southland Cemetery under direction of Hudman Funeral Home. Bruster died Thursday, Sept. 10 in Midland.

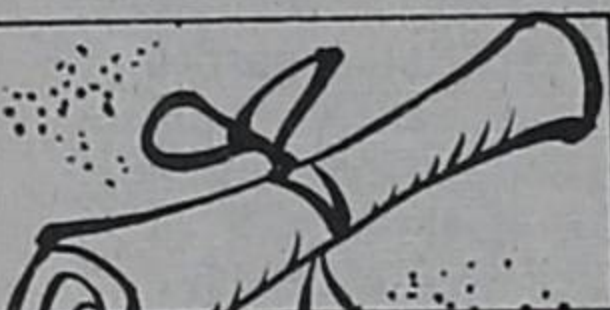

Born March 25, 1908 in Aremore, Ok. he married Ella Huddleston, Jan. 1, 1933 in Lovington. They moved to the Gordon Community and farmed there for 67 years before moving to Midland 3½ years ago.

Survivors include his wife Ella of Midland; one daughter, Laquetta Carlton of Midland; one brother, German Bruster of Carlsbad, N.M.; one sister-in-law, Zelah Huddleston of Post; three grandchildren and two great-grandchildren.

Pallbearers were Robert Mock, Carl Stone, Jackey Hair, Norvien Nieman, Bob Jones and Merl Sales.

#### ANDREWS VISIT

Ruth McClellan accompanied Rena Ferguson and Willie Mason Saturday morning to Andrews where they visited with Harry Lee and Dorothy Mason. Ruth also visited Sunday with Rev. and Mrs. Dale Dozier and attended both Sunday services with them. The trio returned home Monday.

Associating bureaucrats with "red tape" goes back to the seventeenth century, when official documents were first tied with tape of a reddish hue.

### Pair draws heavy fines

Warren Jose Rivera and Jose Alforo Delacenda, both of Ballinger, were arrested here Friday and paid fines and court costs each on two charges.

Rivera was charged with public intoxication and possession of marijuana under two ounces. He paid fine

and court costs of \$56 in Justice of Peace court No. 1 on the intoxication charge and \$211 in fine and court costs in county court on the possession charge.

Delacenda paid fine and court costs of \$136 on the DWI charge in county court and \$211 fine and court

Each also was given two years probation on the possession charge.

Floyd Hair was released on \$53.50 cash bond on an assault charge filed by his wife. He was arrested Friday.

### SPORTS SHORTS

There's more to the term "flying off the handle" than you might think. The phrase implies the kind of trouble that would result if an axe-head flew off its handle. In the heat of competition, sports enthusiasts may lose sight of eye safety. The racquet sports—tennis, racquetball, badminton, squash—account for many of the 35,000 sports and recreational eye injuries in a year. The first state to enter the Union after the original 13 was Vermont in 1791.

## Seedlings orders taken

**LUBBOCK** — Applications are now being accepted for windbreak seedlings from the Texas Forest Service. These seedlings, grown from seed collected in West Texas and eastern New Mexico, are produced in the Service's greenhouse in Lubbock and in a field nursery near Halfway. Conifer species available this season included Arizona cypress, Eastern red cedar, Austrian pine and Ponderosa pine. These containerized seedlings cost \$1 each and are sold only in multiples of 30 seedlings. Hardwood species include bur oak, Shumard oak, Russian olive, native plum, hackberry, mulberry, honeylocust and green ash. These bare root seedlings are priced at \$20 per hundred, minimum order. The price includes the state sales tax. Seedlings ordered now will be ready for pickup and planting in March 1982. Trees sold by the Texas Forest Service may not be used for landscaping or ornamental purposes. For applications and information on Windbreaks, contact the Texas Forest Service, Route 3, Box 216, Lubbock, Texas 79401, (806) 746-5801. Applications are also available from county offices of the Agricultural Stabilization and Conservation Service, Soil Conservation Service and agricultural extension agents.

The name vinegar comes from *vin aigre*, French for "sour wine" which is what vinegar is, or was originally.

### CAREER SALES OPPORTUNITY

## Gamma Mu in 1st meeting of year

Jane Mason hosted Gamma Mu Sorority in her home on Sept. 8. Ten members opened up the 1981-82 year with the theme's purpose to place a greater emphasis on the individual. President Orabeth White urged the members to strive for enthusiasm and imagination in their coming programs.

Secretary Debbie Mason read the minutes of last spring's meeting, denoting that the sorority had been changed to Tuesdays for this year. Roll call was each person's answer to the question, "Did you get out of Garza Co., and where, this summer?"

Treasurer Irene Fry reported that the spring bake sale had been a success, and that the annual scholarship had been presented to 1981 graduate Dee Dee Redman.

Mrs. Mason, the educational director, introduced the new yearbooks. She summarized the many aspects of program material existing around Garza County and the talented people available in the community.

Vice-president Jane George then asked for names of rushees. It was decided that members would invite their rush

prospects to a salad supper on Sept. 22.

Before dismissing for refreshments the other members surprised Carol Williams with a basketfull of green stamp books to honor her soon-expected baby. Each book had name suggestions for Carol to ponder before the happy event.

Glazed banana nut cake was served, with tea or coffee, to the following members: Sara Briley, Helen Gerner, Jana McCallister, Julie Hudman, and the fore-mentioned officers. Informal snapshots of the summer vacations of those present were passed around, and news of their families exchanged. The meeting was adjourned with a circle and the closing ritual.

## Stotts shower in Tahoka

A miscellaneous wedding shower honored Mrs. Donna Stotts, recent bride of Randall Stotts, Saturday morning, Sept. 12 in the home of Mrs. Loretta Tekell of Tahoka.

Approximately 30 guests registered between the hours of 9:30 and 11 a.m.

Special guests for the occasion were Norma Baumann, mother of the honoree, Doris Stotts, mother of the bridegroom, Mrs. J. D. Saffel of Petersburg, grandmother of the honoree and Mrs. Rosa Gage of Lubbock, grandmother of the bridegroom. All were presented with peach colored carnation corsages.

The serving table was laid with a lace cloth and featured a silk flower arrangement of peach and brown flowers which was presented to Donna. A silver coffee service was used along with crystal appointments. Cheese cookies, ham rolls, blueberry muffins, orange juice and coffee were served to those attending.

The hostesses presented the couple with a Farberware cook ware set and the creamer to their pottery set.

Hostesses for the occasion were Mmes. Wanita Kelly, Joanne Hammonds, Eva Mae Renfro, Kathi Brookshire, Karen Lawson, Teresa Gandy, Joyce Edwards, Jackie Stephens, Virginia House, Betsy Adams, Belva Whittenton, Anna Pennington, Mary Beth McKibben, Loretta Tekell, Barbara Jaques, Martha Bodkin and Jerry Brooks.

The world's highest mountain, measured from the center of the earth is not Everest, but Mount Chimborazo in the Ecuadorian Andes. It's height is 20,946,233 feet.

**REFRESHMENT TABLE** — Shown l to r, Mrs. Shirley Hardin, Darlene Rylant and Dorothy McCook. Darlene, an employee of United Convalescent Home is shown in the attire of "old country living" as were all of the employees during the open house Sunday. Refreshments of cake, cookies, coffee and punch were served throughout the day. (Staff Photo)

## 150 attend open house Sunday

Approximately 150 guests attended the Open House for the United Convalescent Home Sunday afternoon, Sept. 13, between the hours of 1 and 4 p.m.

Activities were started with a barbecue buffet, prepared by cook Mary Gibb.

Entertainment was provided throughout the afternoon by the "Country Cousins", Esker Stone, Durwood Bartlett and Bill Bartlett. A Lubbock Square Dance team also danced

around the room for the guests and a 22 piece senior citizens group from Levelland, the "Kitchen Klatter" put on a very entertaining session. The entertainment concluded with the local Sisters in Song.

Employees of the Nursing home were attired in the country look with bonnets and long skirts or dresses.

The activities were under the direction of Activity Director Beverly Stansell and Vickie Mauldin and Bobbie Edler, administrator.

## What's Happening in Home Economics

By MRS. CHERYL WALKER  
County Extension Agent — Home Economics

Ronnie Dunn was elected as the new District 2 4-H Adult Leaders Association Vice-Chairman last Saturday. As the vice-chairman, Ronnie will assist with the planning and conducting of district training and activities.

Dolores Dunn also attended the Saturday Leader Forum as the second voting delegate from Garza County. Both Dolores and Ronnie attended workshop sessions on a variety of topics.

The annual district leader forum offers leaders the opportunity to gain new ideas to improve the county 4-H program. Ronnie and Dolores will share the information with other leaders during the next local adult leaders meeting.

### BROWN BAG SAFETY

Several million brown bags will be going to school in September. In those brown bags will be the lunch that was carefully packed for each child. Lurking in some of those bags, may be the "food spoilers" — those unseen and unwanted bacteria that can turn a good lunch into a nightmare.

The "flu" and food borne illness are often mistaken for each other because the

symptoms are similar, says USDA's Food Safety and Inspection Service. If your child comes home with severe headache, diarrhea, vomiting, abdominal cramps and fever after eating, ask your doctor about the possibility of food poisoning.

What can you do to prevent food poisoning? First, cook food thoroughly. If it's meant to be hot, keep it hot. If it's meant to be cold, keep it cold. Use vacuum bottles to keep food hot or cold. Put a cold device into the lunch bag. Buy a commercial gel, freeze a small plastic tub of water, or fill plastic bags with ice cubes.

You can freeze certain types of sandwiches, though you may experience some loss in quality. Frozen sandwiches serve double duty: they thaw in time for lunch and help keep the rest of the lunch cool until then. Keep utensils and countertops used to prepare lunches clean, and wash your hands thoroughly before preparing the meal.

Using a lunchbox instead of a paper bag may guard against the physical abuse an active child generates. Lunchboxes, especially insulated ones, hold the cold much better than paper

## Culture club opens new club year

The Woman's Culture Club met Wednesday, Sept. 9 at 2 p.m. in the home of Mrs. Estelle Davis.

Mrs. Maxine Earl, the president, opened the meeting with the president's message. She expressed her love for all the members and her heartfelt thanks to all for their cooperation.

The yearbook committee presented the 1981-82 yearbooks. The theme for this club year is the "American Dream—Past, Present and Future."

The secretary read a thank you letter from Hardin Simmons University for the scholarship fund given by the club on behalf of Michael Anthony.

The program leader, Mrs. Ruby Kirkpatrick presented the Federation Day program. She showed scrapbooks of the Post Culture Club from 1959-1966. These beautiful books held much interesting and informative material for each one. This was a very enjoyable program.

The following members were present: Mrs. Doll Haire, Ruby Kirkpatrick, Ruth Duckworth, Buena Bouchier, Lillian Potts, Sylvia Evans, Linda Malouf, Maxine Earl, Pearl Storie, Beulah Pickett and the hostesses, Estelle Davis and Nita Burress.

## Energy program given homemakers

The Close City Extension Homemakers club met Tuesday afternoon in the home of Mrs. Linda Malouf. Thelma Epley and Hooter Terry presented a program on "Energy."

Roll call was answered by giving "Suggestions on Saving Energy." Those present included Emma Mueller, Inez Ritch-

bags. Plus, a box is easy to keep clean and sanitary.

Tell your children to keep their lunch in a cool, shady place. Explain the simple steps to food safety: Keep it hot, keep it cold, keep it clean.

## Stained glass program given

Brad and Diana Pool of Lubbock presented a program on stained glass to members of the Post Art Guild during its meeting held Monday night in the Reddy Room.

The guests showed members examples of their work and also gave some lessons and pointers on the now popular hobby.

Members present included Ann Bratcher, Queenie Cook, Geraldine Butler, Jo Ann Mock, Marie Neff, Mineola Stewart, Inita Cannon, Polly Cravy, Sheri Riedel, Billie Lou Thomas and one guest Margaret Barley.

## Shower here for Donna Stotts

Donna Stotts, recent bride of Randall Stotts, was presented with a miscellaneous bridal shower in the bank community room, Sunday, Sept. 13.

Approximately 50 guests registered between the hours of 2 and 4 p.m.

Greeting the guests were the honoree, Mrs. Doris Stotts, mother of the bridegroom, and Norma Baumann, mother of the honoree. Other special guests attending were Mrs. J. D. Saffel, grandmother of the honoree, Jerri Baumann,

her sister and Mrs. Dolores Early, aunt of the bridegroom of Levelland.

Frosted fruit punch, thumbprint cookies, sand tarts, mints and nuts were served to those attending from a table laid with a brown cloth overlaid with lace, featuring a silk flower arrangement of Iris in the honoree's chosen colors of peach and brown. Crystal appointments were used.

Hostesses for the occasion were Mmes. Bonnie Duren, Bonnie Tyler, Karla Morris, Allane Ammons, Beth Short, Barbara Babb, Willa Didway, Joyce Tatum, Suzanne Hudman, Betty Posey, Joyce Teaff, Ruby Williams, Linda Dye, Linda Waldrip, Carolyn Sawyers and Juanelia Hays.

Hostess gift was a Hoover vacuum cleaner.

## Coffee given for Mrs. Williams

Mrs. Andy Williams was honored with a layette coffee Saturday morning in the home of Mrs. Joe Williams at 806 W. 5th.

Approximately 60 guests called between the hours of 9:30 and 11 a.m.

Special guests included the honoree's mother, Mrs. Bud Davis, and her mother-in-law, Mrs. Curtis Will-

iams. The serving table was covered with a blue cloth and centered with a wicker basket holding an assortment of small gifts from each of the hostesses.

Sausage balls, blueberry muffins, a fruit bowl, pink sherbert punch and coffee were served. Crystal and silver appointments were used. Mrs. Glenda McClellan served the punch and coffee.

The hostess gift was a folding high chair. Mrs. Williams presented each of the hostesses with a carnation corsage in baby colors of blue, pink and yellow.

The hostesses were:

Mmes. Jane Mason, Tina Brandon, Jana McCallister, Jane Terry, Mary Martin, Karen Conner, Kay Wallace, Nancy Wallace, Lucille Bush, Ruth McClellan, Lou Ann Gordon, Wanda Morris, Jean Morris, Orabeth White, Judy Bush, Johnnie Norman, McClellan and Williams.

## 5-home tour is planned

A tour of homes is planned for October 18. The tour is sponsored by the Women's division of the Chamber of Commerce. Five local homes will be toured during the afternoon.

Homes listed on the tour include Dr. and Mrs. William C. Wilson, Mr. and Mrs. Jay Pollard, Mr. and Mrs. Bob Macy, and two more homes listed have yet to be confirmed.

The time for the tour will be announced later, when final plans are made. Anyone wishing to take the tour is urged to call 495-3475, 495-2050 or 495-3750 and leave your name. This will enable the chamber members to set a time table for the tours.

The regular meeting of the division was held Sept. 9 in the Reddy room.

Those present were Jennifer Fumigalli, LaGayluah Feagin, Iva Hudman, Geraldine Butler, Cheryl Walker, Karen King, Voda Beth Gradine and new chamber secretary Donna Stelzer.

## Needlecraft club meets

The Needlecraft club met Friday, Sept. 11, in the home of Linda Malouf.

Members answered roll call with "how they spent the summer." Vickie Howell was voted into the club during the business meeting.

The afternoon was spent visiting and viewing the crochet work of Mrs. Esther Crider.

Delicious refreshments were served to the following: Georgie Nell Davies, Lucy Callis, Dorothy Travis, Eula Evans, Alma Hutto, Zella Webb, Selma Kennedy, Vickie Howell and one visitor, Mrs. Ester Crider.

"A friend is, as it were, a second self." Cicero

## Abandoned wells are death traps

Abandoned water wells or cisterns that are left uncovered are death traps, especially for some children who might stumble into them, a local conservation official warned this week. "Already this year, at least two children have died after falling into old open

water wells, Dwaine Binford, district conservationist for the USDA Soil Conservation Service at Post said. "A six-year old child died in Italy after falling into a 16-inch abandoned well hole and a 22-month old child in Louisiana died after falling into a 10-inch well."

Binford said local landowners and operators are being urged to look for any abandoned open holes on their land so they can be capped or covered.

"State law requires landowners to properly cover any well, cistern, or hole more than ten inches and less than six feet in diameter," Binford continued.

"The covering must be permanent and must be able to withstand a 400 pound weight."

He said the law also requires that any abandoned well or hole ten or more feet deep be completely filled or capped at a depth of ten feet with a permanent plug, then filled from the plug to the surface.

SCS personnel stationed at Post help farmers plan and install irrigation water management systems on cropland and pastureland in the local Garza Soil and Water Conservation District.

Partly because pumping costs have increased in recent years, some irrigation farmers are switching to dryland farming. By installing parallel terraces and other conservation measures, they catch and hold more rainfall on their land. They also leave crop residues on the soil surface to shade the land and reduce evaporation. In cases, this turns out to be more profitable than irrigation farming because of reduced energy costs.

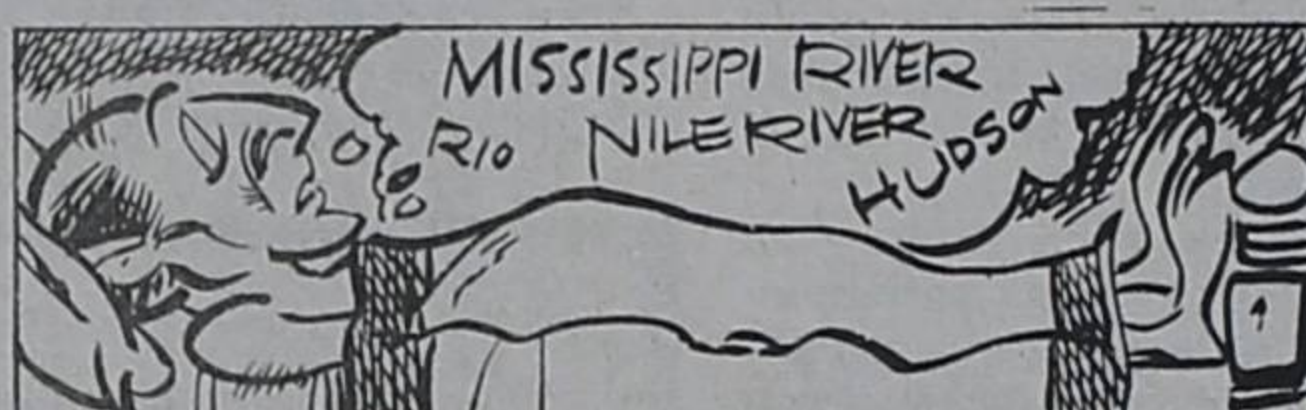

Binford said, however, that when farmers switch to dryland farming, they should be careful to cap old wells.

### RECENT VISITOR

Mrs. Maude Pearce of Canyon has been here visiting her sister, Mrs. W. W. Stephens, and friends for the last 3 weeks. She returned home with her daughter, Vivian Garner, last Tuesday.

"That will be eight cents more—while you were telling me how outrageous prices are, eggs went up."

It was once believed that if a person dreams of a river, it means that something stands between him and his wishes.

## Windham reunion held here Sunday

The fifth annual Windham reunion was held Sunday, Sept. 6 in the Post Community center with a barbeque and ice cream luncheon.

Election of officers for 1982 were held and the date of Sept. 5, was set for the 1982 reunion.

Those attending were Mrs. Bessie Windham, Mr. and Mrs. Eulas Brown of Hillsboro; Mr. and Mrs. Johnny Mooney of Carbon; Mr. and Mrs. Everett Windham, Mr. and Mrs. J. D. Windham, Mr. and Mrs. Wiley Hill, Mr. and Mrs. Jerrall Bowen and Jerry of Snyder, Mr. and Mrs. Donald Windham, Mr. and Mrs. L. E. Rylant of Lubbock, Mr. and Mrs.

# Texas Tech U initiates ranch intern program

LUBBOCK — Ranching is a lot more than strumming a guitar on the front porch, as four Texas Tech University students found out this summer.

Mending fences, greasing windmills, branding and dehorning cattle were all part of their unromantic tasks.

That's the type of hands-on experience an agricultural sciences professor, Dr. Fred C. Bryant, was aiming at when he established the first working ranch internship program available in the western states.

"Most of the students when they graduate are hired by state and federal agencies to work with ranchers on a daily basis," Bryant explained. "More and more, students are coming from urban areas and don't understand ranchers, but have to give them management advice."

The program, which has been in organizational stages for two years, solicits students who want to learn the ins and outs of ranch life and teams them up with interested ranchers.

The International Society for Range Management, to which Bryant belongs, has been promoting the institu-

tion of such a program, with Texas Tech being the first to put the plan into practice. Because of its success this first year, Bryant said, the local program will serve as a model to other universities interested in its establishment.

Bryant admitted ranchers were reluctant to accept

## Jack Mathis rites held

Funeral services for J. R. (Jack) Mathis, 79, of Lometa formerly of Post, were held at 3 p.m. at the Briggs Gamel Chapel in Lampasas. Burial was in Long Cove Cemetery near Lometa.

Mathis farmed in Post and was employed by Storie Gin and Basinger Gin in Southland for a time. He died Sept. 4, at Rollins Brook Hospital in Lampasas following a lengthy illness.

He is survived by his wife, Mary Bell of Lometa; a daughter, Mrs. R. V. (Patsy) Burnes of Kingsland; a brother, Walter M. Mathis of Tahoka; seven grandchildren and thirteen great grandchildren.

students, but all four sponsoring ranchers have requested another intern next summer.

"So far, the positive response has been phenomenal," Bryant said.

John Lovell, a Clarendon rancher who worked with Texas Tech intern Richard Smith this summer, supported Bryant's enthusiasm for the program.

"It allowed me to have an extra hand in the summer when people are hard to find," Lovell said.

The 60-hour work week, driving tractors and mending fences at the Lovell ranch, taught Smith "the important things people without rural backgrounds don't usually know," Lovell noted.

Texas Tech range and wildlife students participating in the program included Richard Smith of Sweetwater, Steve Wesley of Tulla,

## Vaccination of heifers urged

Vaccination of eligible heifers should be a top priority for cattlemen in their efforts to control brucellosis, Dr. Martin Brillhart, Lubbock, area 2 veterinarian, Texas Animal Health Commission, recommends.

This is one of 15 areas of the Texas Animal Health Commission throughout the state. It includes these counties: Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Fisher, Floyd, Gaines, Garza, Glasscock, Hale, Hockely, Howard, Lamb, Lubbock, Lynn, Martin, Mitchell, Nolan, Scurry, Terry, and Yoakum.

These are among advantages for cattlemen who vaccinate their cattle, Dr. Brillhart said.

1. A vaccinated heifer will bring a higher price at market;

2. Vaccination will bring about control of brucellosis, leading to eradication;

3. Vaccination reduces the probability that an infected cow will abort her calf.

The vaccine is free. complete information may be obtained from your veterinarian, county agent, or the Area TAHC Office.

Vaccination is a key element of the Texas brucellosis program, although it is not the single answer. One of the goals of the Texas brucellosis plan is to have 70 percent of the eligible heifers in Texas vaccinated with the reduced dosage of Strain 19 vaccine. Use of the reduced dose virtually eliminates the titer problem (false reaction to brucellosis) which was a drawback in use of the former stronger dose of vaccine.

## Senator Short to speak Oct. 6

The Post Eagle Forum will sponsor a talk by State Senator E. L. Short of Tahoka at 7 p.m. Tuesday, Oct. 6 in the bank community room.

He will discuss the recent legislative session.

Gary Hamby of Lubbock and John Fanta of Iowa City, Iowa.

"This will be a real plus for their resumes," Bryant said of students' chances with prospective employers who look favorably on experience in the field.

Ranchers participating in the program will be honored at the annual Agriculture Council Pig Roast Nov. 19 at Texas Tech. The ranchers include Lovell and Jim Robinson, both of Clarendon, James Hefly of McLean and Dr. Henry Martinez of Amarillo, owner of a McLean ranch managed by Tim Fitch.

"We wanted to make students aware of the day-to-day operations of a

ranch as well as improve relations with the ranching industry," Bryant said.

Students in the program were given room and wages. In return they were expected to work six days a week from sunrise until after sunset. The hard work, Bryant added, gave the students a working knowledge of ranching not available in textbooks.

A screening committee made up of Bryant and two additional faculty members will select 1982 ranch interns in January. Student and rancher pairings will be announced by March 15, 1982.

"We'd like to place 10 to 15 students next summer," Bryant said. "We'd also like to get ranchers from New Mexico involved."

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN — The redistricting process is in chaos again, apparently picking up speed as it heads for the courtroom in a handcart. Efforts to draw the Texas House and Senate seats are running into political difficulties on the five-member Redistricting Board. And the hard-won compromise plan approved by the Legislature in July's special session has finally arrived just where legislators hoped and feared it would: in the federal courtroom of controversial Judge William Wayne Justice of Tyler. Last week a black pastor from East Texas filed suit to declare the congressional plan unconstitutional because it allegedly dilutes the voting strength of minorities. Several minority groups

across the state are expected to support the lawsuit.

**Redistricting Board**  
The all-Democrat Redistricting Board should be a dream opportunity for that party's leaders, but as with any political committee, disagreements have cropped up. Sitting on that board, as provided by the Texas Constitution are five state officials, who all happen to be Democrats: Lt. Gov. Bill Hobby, Speaker Bill Clayton, Attorney General Mark White, Comptroller Bob Bullock and Land Commissioner Bob Armstrong. Board members are expected to finish drawing suggested plans and submit them for public hearing by Sept. 23. Hobby has a Senate plan, Clayton has a House plan and Bullock will have opposing plans for both of them. Bullock is using the computer at the Comptroller's Office to aid his efforts, a task he has awaited since the Legislature went into session.

**Bob Bullock**  
The Comptroller may find that the power to redistrict the state and decide the fate of one's political friends and foes is not a bed of roses. Now Bullock's efforts to disadvantage certain conservative legislators, and also appropriations committee members who trimmed his budget requests, may be running out-of-bounds of Democrat Party unity. Republican Gov. Bill Clements, who surprised friends when he vetoed the Senate plan early this summer and handed it over to the five Democrats, may well have known what he was doing. Now he can sit back and watch a knock-down Democratic feud . . . and should the new plans be patently unfair, the Republicans can always take it to court. Some observers have said all along that all three redistricting plans will end up in the courtroom.

**Bill Clayton**  
Talk around the Capitol has been that lame-duck Speaker Clayton with his conservative plan would be the odd-man out when the committee votes for final approval. But Clayton, who has already been through the redistricting process twice this year, knows full well the dangers of being too greedy in this game. Reportedly, Clayton has been sitting back waiting for the liberal Bullock to overplay his hand. To compound Bullock's troubles, he was stopped and searched by Austin police last week following a tip he was armed and holding a hostage in a taxicab. No gun was found on Bullock, who told police and the press he had gone to visit a just-fired employee for personal reasons.

**Texas, Justice Department**  
The U.S. Justice Department is backing off pressure on Texas in two issues: prison reform and illegal alien education. Last week the feds told the Supreme Court it would let Texas resolve for itself whether to provide a free

public education to children of illegal aliens. In 1975 the Legislature passed a law allowing school districts to charge tuition for alien children. During the Carter Administration, the department considered the law unconstitutional. The department is also reconsidering its role in the prison reform lawsuit and may choose not to participate. That decision would leave the plaintiff attorney alone to fight the state's appeal of a multi-million dollar prison reform construction program ordered by Judge William Wayne Justice.

**Clements, McKnight**  
Governor Bill Clements told reporters last week he has every intention of seeking re-election and promised a formal statement in mid-November. Meanwhile, Tyler State Sen. Peyton McKnight stopped just short of announcing his challenge to Clements' office, saying he wanted the job. McKnight is vying for the Democratic nomination with former Gov. Dolph Briscoe and former Atty. Gen. John Hill.

## Focus now is on farm bill

COLLEGE STATION — As Congress gets back into session this week, attention will again turn to provisions of the 1981 farm bill.

This legislation needs to be completed by Oct. 1, reminds Dr. Ron Knutson, economist in marketing and policy with the Texas Agricultural Extension Service, Texas A & M University System. Some very interesting yet conflicting forces have developed during the recess, however, Knutson adds.

"First, bills reported out of the House and Senate Agriculture Committees are not consistent with the Reagan farm bill proposals. Major inconsistencies include target prices, and in the case of the House bill, a

milk price support of 75 percent of parity which is considered too high," Knutson explains.

While the Administration may be willing to accept the target price concept, it wants to lower wheat target prices from \$4.20 per bushel to about \$4 and also lower corn and cotton target prices. The Administration believes that with low farm prices, the Reagan farm program spending limits will be exceeded, the economist says.

"Low farm price prospects bring us to the conflicting force. During the Labor Day recess, the USDA announced that 1980 farm income was only \$19.9

billion — down 40 percent from 1979. And USDA admits that 1981 income may not be much better," Knutson says.

Many rural congressmen, concerned about their reelection prospects, now are keenly aware of the impact of declining farm income on the financial position of farmers. Lubbock Congressman Kent Hance, for example, has indicated he is going back to Washington to advocate an increase in the cotton loan rate from the proposed 55 cents per pound.

"It's difficult to predict how this conflict will be resolved. The answer likely rests on the extent to which the President is able to

restore the momentum of support that he achieved before the recess when his tax package moved through Congress," Knutson explains.

## Rod George heads Graham 4-H club

The Graham 4-H Club met Monday night for their first meeting of the 1981-82 year in the Graham Community Center.

Twenty-two members were present for the organizational meeting. Sam Butler, president, presided.

The motto and pledge were led by Blair Didway. Roll call was answered with where each member went on vacation.

Announcements of upcoming events including the

farm sale and flea market, the stock show, the 4-H banquet and the foods and nutrition project were made by Adult Leader Orabeth White.

New officers for the year were elected. They include: president, Rod George; vice-president, Curt Cowdrey; secretary, Sam Butler; treasurer, Jill Richardson; reporter, D'Lynn Young; Council delegates, Bart Mason and Angela Holleman; alternate dele-

gates, Tim Terrell and Keitha White. A recreation leader will be appointed by the president.

It was decided to meet on the third Monday night of each month until basketball season starts. Dates were drawn for the refreshment committee. Each family will serve refreshments one time during the year.

Those attending were: Trevah and Traci Bush, Curt and Clay Cowdrey, Butler, Bart Mason, Lex Dunn, Blair Didway, Jarett Dickson, Russell, Ron and Angela Graves, Rod George, Jill Richardson, Keitha White and new members, Dusti Cash, Tim Terrell, Tyra Hart, Krista Kemp, D'Lynn Young and Angela Holleman.

Parents attending were: Danny Richardson, Clyde Cash, Diane Graves, Jane George, Billie Terrell, Jay Hart, Nancy Kemp, Katie and Kembra, Ruth Ann Young, Arleta Carpenter, Jennie Cowdrey and Orabeth White.

## Births

Mr. and Mrs. Robert Elliott of San Angelo, announce the birth of a daughter, Lindsey Michelle, born September 14, weighing 6 lbs. 7 oz. and measuring 19 inches long. She was born in the San Angelo Community Hospital. Grandparents are Judge and Mrs. Giles Dalby and great-grandparents are Mr. and Mrs. Guy T. Floyd.

## New wildcat is planned

Garza County had one new well completion and three locations for drilling announced last week.

The new well is George R. Brown's No. 61 Post Estate in the Garza field two miles south of Post. Drilled to 3,096 feet it produced 82 barrels of oil daily on test and 108 of water from a production zone of 2,694 to 2974 feet.

The three new locations are:

Kerr-McGee Corp.'s No. 8 Swenson in the Swenson-Barron field 25 miles northeast of Post which will be drilled to 8,000 feet.

Kaiser-Francis Oil Co.'s No. 1 Velma Brown, a wildcat to be drilled 10 miles north of Post to a

4,000 foot depth.

George R. Brown's No. A-41 Post-Montgomery Unit in the Garza field, two miles south of Post which will be drilled to 3,300 feet.

## Auditions are Monday night

Auditions for the all-school musical, "The Sound of Music" will be held Monday night at 6:30 p.m. September 21, in the Post high school choir room.

Anyone of school age can try out for the play which has many chorus and minor speaking numbers. Each student trying out must have one prepared song, and an accompanist will be available.

Candace McConnell, who will direct the play, encourages anyone interested to be there for the tryouts.

**SPRING SONG:**  
Delicate yellow floral design... a lovely touch.

**ELEGANCE:**  
Double band for elegant simplicity... perfect for casual or formal dining.

# Lope air game improves in 30-0 victory

## 14 big plays for defense

An improved offense and a tough "big play" defense gave Coach David Thompson's Post Antelopes an easy 30 to 0 triumph over the Colorado City Wolves at Colorado City last Friday night.

"Super soph" Milton Williams scored two second half touchdowns on 36-yard and 12-yard runs after Tailback Will Kirkpatrick and Quarterback Tim Tannehill led Post to a 17-0 halftime lead with a second period surge.

Kirkpatrick, who plunged a yard for Post's second touchdown, added a new dimension to the Lope attack by booting a second period field goal from the Wolves' 18-yard-line. Tannehill got the first score when he sliced through left tackle for seven yards on an option play.

The defensive platoon held the Wolves to two net yards rushing in the first half, forced five Colorado City fumbles and recovered two of them, intercepted three of the Wolves' 22 passes, threw Colorado City backs for 41 yards in losses on nine of the hosts' 29 rushes, including four quarterback sacks, gave up half of the Wolves' 10 first downs on penalties, and kept their goaline uncrossed for the second straight week.

Williams led the Post rushers with 86 yards on nine carries. Kirkpatrick had 50 yards in 13 tries, Tannehill 37 in nine, Fullback Marvin Wynne 19 in nine, and Wingback Richard Cisneros 16 in four.

Tannehill completed four of 10 passes for 87 yards with no interceptions and punted four times for a fine 42.5 yard average.

Longest Lope run of the night was a 45-yard pass interception return by Corner Melvin Wynne who stepped in front of Tight End Tracy Tarter on the Post 15 to end one of Colorado City drive in the third period and sprinted down the east sideline to Colorado City's 40, setting up Post's final touchdown.

This is how the action went:

The Lopes couldn't move on their first two possessions, then fumbled a Colorado City punt and the Wolves recovered on the Post 36 to set up their first scoring opportunity. Four plays later the Lopes took the ball back on their 43 after a nine-yard fourth down sack of Wolf quarterback Jeff Hammond by Cisneros.

From there the Lopes marched 57 yards to score early in the second period after Tannehill passes of 22 yards to Kirkpatrick and an 11-yarder to End Bill Black moved Post into scoring position from where Tannehill slipped in on an option run with 11:41 left.

Kirkpatrick converted. The next time the Lopes got the ball, they moved from their 43 again to tally with a Tannehill pass to End Gary Lamb for 38 yards the big gainer.

### Colorado City 26, Post 14--

## One play decides 7th grade game

Post's seventh grade football team dropped a 26 to 14 decision to Colorado City's 7th graders at Colorado City Thursday night with one single play making all the difference.

It happened in the second period with the score tied at 6 all.

Post drove from its 40 down to the Colorado City's three. Marvin Lee took the ball and just as he reached the goal line the ball popped loose and a Colorado City defender picked it out of the air and raced 97 yards the other way for a touchdown. That play proved to be the difference.

Eddie Moat capped a 45-yard first period drive

STATISTICS	
Colorado City	Post
10 First Downs	15
44 Net Yds Rushing	201
10 of 22 Passes	4 of 10
97 Yds Passing	87
0 Passes Int. by	3
38 Punts, Ave.	42.5
1-5 Penalties, Yds	7-80
5-2 Fumbles, Lost	1-1

Kirkpatrick plunged over from the one for the tally and then converted to make it 14-0 with 6:19 still left in the half.

On the first play after the kickoff Linebacker Toby Craft recovered a fumbled Colorado City pitch on the Wolves' 25 to set up Kirkpatrick's field goal with 3:55 left.

Colorado City, which was still looking for its first first down at this point, then moved 79 yards to the Post two-yard stripe on three Lope penalties for 42 yards and a 14-yard pass completion. The Lopes were called for piling on, grabbing a face mask, and then pass interference on the two with 38 seconds left in the half.

On the next play, the Lopes forced a Wolf fumble and Linebacker Jerry Hawkins recovered to end the threat.

Post scored on its first third period possession. Kirkpatrick swept left end for 12 yards from the Colorado City 48 to the Wolves' 36.

On the next play, Williams swept right, cut in, then out and scampered 36 yards for the tally. Kirkpatrick was wide on his placement kick for his first miss in nine kicks with 9:38 left.

Colorado City contained the Lopes next drive by holding for downs on its 34. From there the Wolves drove to the Post 20 where Wynne picked off a Hammond aerial and zipped back 45 yards.

The Lopes drove 40 yards from there for their final tally on the first play of the fourth period. Williams went into left tackle, sidestepped a linebacker and dove over the goal line for the last 12. Kirkpatrick converted.

Playing safety, Kirkpatrick saved a Colorado City touchdown when he angled over to tackle Split End Tim Nobles who had gotten behind his Lope defender and grabbed a long Hammond throw for a 43-yard gain to the Post 30. Kirkpatrick followed this up moments later by intercepting Colorado City on the Post 10 and returning 17 yards to the Post 27.

The Wolves made one more last minute threat, getting a first down on the Post 19 with 33 seconds left. Craft made the final Lope pass interception on the Post 12 on the next to last play of the game.

For the second straight game, the Lopes came through the game without injury.

for the first Post touchdown when he went eight yards for the score after running 25 on a sweep.

Colorado City blocked a Post punt early in the game, recovered on the Post 20 and moved it for the first td.

The host team got two more touchdowns in the second half to take a 26-8 lead before Jay Osborn returned a kickoff 72 yards for Post's final touchdown. Moat was the offensive player of the game for Post with 80 yards in 10 carries. The locals will journey to Floydada this afternoon to meet the Whirlwind 7th graders at 5:30 p.m.

### Whack Colorado City in opener, 28-14

## Post JVs roll up 468 yards rushing

Rolling up 468 yards on the ground, Post's Junior Varsity football team opened its season in Antelope Stadium Thursday night with a 28-14 triumph over the Colorado City JVs.

Tailback Daniel Gonzales, who had 193 yards rushing in 21 carries, scored two touchdowns on runs of 6 and 15 yards and ran across a pair of extra point tries for a 16-point effort.

### Colorado City wins 34-30

## Frosh edged in offensive battle

Post's freshmen dropped their first game of the season last Thursday night in Antelope Stadium when the Colorado City came from behind with the ninth touchdown of a wild offensive game for a 34-30 triumph.

Strangely enough, the visitors had everything their way at the start and opened up a 22-0 lead with three touchdowns before Post could get untracked.

They scored twice in the first while Post got in only three offensive plays. When Post fumbled the kickoff return after that second score, Colorado City recovered and passed 25 yards for their third touchdown early in the second period.

Then Post came back to score four straight times and take the lead at 30-22. In the second, Curt Greer capped an 81-yard drive with a six yard scamper for a tally. Mike Ollison then intercepted a Colorado City pass and returned it 34 yards for the second touchdown. Greer ran the conversion points across.

Still in the second, Albert Nava capped a 71-yard drive with a 39-yard scoring run. Greer added the

## 8th graders win at Colorado City

Coach Fred Postell's 8th graders opened their season at Colorado City last Thursday night with a 14-0 whitewash of their hosts.

Both Post touchdowns came in the first half. Post drove 65 yards in the first quarter for a touchdown with tailback Simon Salinas taking a pitchout to score outside. Tailback Greg Adams who alternated with Salinas on the drive ran over the extra points.

In the second period, Post started on its 40 and with Quarterback Joel Kirkpatrick completing consecutive passes of 14 yards to Steve Gomez, 10 yards to Adams, and 15 yards to Salinas marched down to score. Adams ran 12 yards off tackle and two plays later swept end for eight and the six points.

The second half was a defensive game with Colorado City threatening twice.

Outstanding on offense for Post were quarterbacks Kirkpatrick and Greg Storie fullbacks Tracy Price and Delton Osborn, tailbacks Adams and Salinas, wingbacks, R. Tidwell and Steve Gomez, center David Shults, guards Keith Craig, Donny Payne and Benny Hair, tackles James Mock

and Tommy Basquez, and ends Kurt Williams, Sam Binford, Bruce Crenshaw and Sam Binford.

Looking good on defense were tackles Mock, Jay Fluitt, Piaz, Tanner and Mark Valdez; ends Mike Bland and Shults; linebackers Osborn, Salinas, Price, Oden and Garza; cornerbacks Steve Gomez, R. Tidwell, Osby and Crenshaw; and safeties Foster, Hardin and Clark.

The eighth graders play Floydada at Floydada tonight.

Game films shown each Monday night

Post high game films are shown each Monday night at 7 p.m. in the high school library for all interested fans by the Antelope Booster Club.

Coaches also are on hand to discuss each of the football games of the previous week with fans.

Fans do not have to be a booster club member to attend.

yard line to cap an 80 yard march.

Post took a 12-6 first period lead on 80 yard and 65 yard drives with a Colorado City td sandwiched between on a 60-yard run.

The local JVs drove 55 yards in the second with Dalby scoring and Gonzales running over the conversion points for a 20-6 halftime lead.

In the third, Post marched 60 yards for their final score with Gonzales going in from the 15 and then adding the conversion points. The visitors got their last touchdown late in the fourth on a 40 yard march and added the extras.

Colorado City totaled 123 yards rushing and 57 passing. Post had 25 yards passing.

Coach Ken Plumlee credited the offensive line with a good effort, headed by Center Sammy Basquez and Strong Guard Keith Bullard.

He said the whole defensive unit played well with Linebacker Jimmy Valdez having the best game.

The JVs will host the only game played here tonight beginning at 6 p.m.

## Lopes prepare for first 'big game'

Coach David Thompson's unbeaten Lopes are gearing up, both physically and emotionally this week for their first "big game" of the season against their traditional rivals, the unbeaten Floydada Whirlwinds on the Winds' home turf Friday night.

Picked as an 8-point choice by the Harris Rating Service and now 14th ranked in the state among Class AAA schools, the Lopes can go a long way toward a really good season if they can win Friday night.

It will be a true test as to whether or not the Lopes are for real.

"It's going to be a tough ball game and we've had good practices," Coach Thompson told The Dispatch.

Fullback Mike Sullivan is expected to be ready for some ball carrier duties. He's been playing mostly defense only because of a jammed neck.

Coach Thompson said if Sullivan can't go he may switch Richard Cisneros from wingback to fullback to give more punch up the middle.

Will Kirkpatrick and Milton will alternate at tailback and Kirkpatrick may play some wingback too if Cisneros moves to fullback. Otherwise, there will be no other lineup changes.

Floydada has a "super back" in Bruce Williams, 175-pound junior who ran for 169 yards against Frenship. Senior Quarterback Todd Beedy, a 170-pounder, is rated a pretty good thrower by Thompson.

The Winds run out of the I formation and try to get the ball to Williams as much as

possible. Ronnie Minner, 165-pound senior end, is Beedy's No. 1 pass target.

Defensively, Floydada employs the split six formation with two 190-pound seniors, Linebacker Norman Allen and tackle Robert Nixon, the co-leaders of the unit.

Coach Thompson was still talking Tuesday of the "great game" Cisneros had at defensive end against Colorado City. "He must have had three sacks all by himself. He was outstanding," Thompson commented.

### Lopes move up to 14th--

## Harris picks Post by eight

The Harris Rating System rates the Post-Floydada game Friday night as the top "High Headliner" game in the state in AAA division play — and picks the Lopes to win by an eight point margin.

Writes John Harris in his Monday release — "Post time! Post by 8."

The Lopes moved up two more positions in the Harris AAA state rankings to No. 14, passing the Tahoka Bulldogs who were listed at No. 15 this week.

Post started as 19th in the ratings for their opener, moved to No. 16 for the Colorado City "blow out", and are now No. 14.

Littlefield remains No. 1 for the second straight week.

In other picks on the district teams this week, Harris picks Tahoka and Frenship to win and Roosevelt, Cooper and Slaton to lose.

The Tigers are 16 point underdogs for their game with top-ranked Littlefield at Slaton.

The other picks: Tahoka by five over Coahoma at Coahoma. Frenship by one over Lorenzo at Frenship. Idalou by seven over Roosevelt at Roosevelt. Crosbyton by 12 over Cooper at Cooper. Denver City by one over Colorado City.

Harris missed four of his 10 picks in last weekend games for Post and seasonal opponents.

The results of those games:

Stanton 3, Coahoma 0. Floydada 21, Frenship 8. Kermit 15, Denver City 7. Lockney 12, Petersburg 0. Tahoka 7, Seminole 6. Idalou 22, Stanton 7. Littlefield 30, Tullia 0. New Deal 21, Roosevelt 0. Lorenzo 37, Cooper 24.

Harris missed on Stanton-Coahoma, Lockney-Petersburg, Idalou-Slaton, and New Deal Roosevelt.

During Prairie Party at Lubbock Memorial Civic Center--

# Golden Spur to be given Friday night

LUBBOCK — An evening devoted to the ranching industry with its traditions as old as the spring roundup and as contemporary as country and western music will honor Albany rancher Watt Reynolds Matthews during the National Golden Spur Award and Prairie Party Friday, Sept. 18.

Celebrities including television game show host and rodeo announcer Bob Eubanks and recording and movie star Rex Allen will be on hand for the presentation of the prestigious National Golden Spur Award to Matthews.

The evening's entertainment also will include the debut of "The Rancher — An American Heritage," a slide presentation narrated by Allen on the evolution of the ranching industry from the days of the open range to the modern feedlot.

Plenty of western music and dancing galore for both the traditional cowboy and cowgirl and their urban counterparts is scheduled. A meal catered by western chef Tom Perini of Buffalo Gap will be served.

Festivities will begin at 6:30 p.m. Friday in the Lubbock Memorial Civic Center with a reception. Tickets cost \$20 each and may be obtained through Thursday Sept. 17 from the Ranching Heritage Association at The Museum of Texas Tech University, Fourth and Indiana, Lubbock, (806)742-2498.

Highlight of the evening will be the presentation of a golden OK spur encased in a Steuben crystal piece to Matthews for his contributions to the livestock and ranching industries. Matthews manages for his family the Lambhead Ranch and the J. A. Matthews Cattle Co. at Albany.

The 1981 recipient is the descendant of two families, the Matthews and the Reynolds, whose names have been synonymous with the development of the ranching industry in the American West. The two families established or occupied more than 25 ranches beginning in 1858 and blazed cattle trails to New Mexico, Colorado, Kansas, Utah, California, Montana and North Dakota.

Matthews, the fourth recipient of the National Golden Spur Award, is internationally known for his work in historic preservation. Since 1958, Matthews has been president of the famous Fort Griffin Fandangle, an outdoor musical based on the frontier history of Shackelford County and presented the last two weekends in June each year.

A slide presentation on Matthews will be narrated by Bob Green of Albany. John R. "Rich" Anderson, chairman of the Ranching Heritage Association Board of Overseers, will present the award.

The first public showing of the specially commissioned slide show on ranching history will be presented at the Prairie Party. Narrated by Rex Allen, written by western novelist Elmer Kelton and produced by Bill Benson of Western Productions in Vernon, "The Rancher — An American Heritage" will include photos of early ranching from the Southwest Collection, a regional archive at Texas Tech, and scenes from the university's Ranching Heritage Center.

Master of ceremonies for the National Golden Spur Award and Prairie Party will be television game show host Eubanks. Best known as host of the syndicated show "The Newlywed Game," Eubanks is a

Master of ceremonies for the National Golden Spur Award and Prairie Party will be television game show host Eubanks. Best known as host of the syndicated show "The Newlywed Game," Eubanks is a

rodeo announcer and an avid steer roper. Dinner music for the evening will be provided by the Armadillo Flats Band of Lubbock. Later, dance music will be provided by Tommy Hancock the Supernatural Family Band of Austin.

The National Golden Spur Award is sponsored by the American National Cow Belles and the American Quarter Horse, National Cattlemen's, National Wool Growers, Ranching Heritage, Texas and Southwestern Cattle Raisers and the Texas Sheep and Goat Raisers associations.

Previous recipients have been Fred H. Dressler of Carson Valley, Nev., Jay Taylor of Amarillo and the late Albert K. Mitchell of Tequesquite, N.M. The award presentation and Prairie Party provide the highlight of National Golden Spur Award weekend which will include a Livestock and Money Symposium Sept. 18 and Ranch Day Sept. 19 at the Ranching Heritage Center on the campus of Texas Tech.

Luncheon speaker for the Livestock and Money Symposium will be Deputy Secretary of Agriculture Richard E. Lyng, who will discuss economic recovery and the nation's livestock industry. Dr. Joseph E. Burns, senior vice president of the Federal Reserve Bank of Dallas and Dr. James W. Riley, Denver economist for the National Cattlemen's Association, will open the program at 10:30 a.m. in the Ranching Heritage Center with a discussion from opposing viewpoints on monetary policy. A panel with the presidents of six livestock associations will convene at 1:30 p.m.

Ranch Day Sept. 19 will feature numerous demonstrations of ranch crafts and chores, a special program for children ages 6-12, a cowboy breakfast and the annual business meeting of the Ranching Heritage Association.

LUBBOCK — "Getting anything through Congress and past the President's desk this year that might lead to increased government expenditure — as the Bible says about the rich man getting into heaven — is about as easy as squeezing a camel through the eye of a needle."

That's what Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, told ginners and guests at the 1981 annual meeting of Plains Ginners' Association September 12. He was referring to PCG's inability to get greater producer price protection into the 1981 farm bill now under consideration in Congress.

PCG's legislative policy, adopted by the organization's 50-man Board last January, calls for a higher cotton loan level, retention of the disaster program, authority for paid acreage diversion and other provisions to shield producers against unavoidable crop losses and severe price pressures "such as those we are seeing right now," Johnson said.

"But all these measures would involve the possibility of additional cost to the government, and with the current Administration's determination to cut the budget no matter who it hurts, I feel no real need to apologize for our failure to get these policies into the new bill."

The Senate Agriculture Committee bill expected to reach the floor in the week of September 14, Johnson explained, would set the minimum cotton loan at 55

cents, continue the current loan-setting formula through 1985 and for all practical purposes eliminate the disaster program. It would set target prices for 1982 at 71 cents per pound (about the same as this year), at 76 cents for 1983, 83 cents for 1984 and at 89 cents for the 1985 crop.

These price support levels are woefully inadequate, but chances for improvement at best are not very good, Johnson told the group.

Consequently, he continued, PCG is exerting its major efforts toward either eliminating or at least minimizing the effects of another Senate provision known as the "Heflin Amendment."

That provision, introduced and pushed by Senator Howell Heflin of Alabama, would remove all flexibility from USDA's procedures in setting grade, staple and micronaire discounts in each year's loan schedule. It would require that the Department set discounts equal to a simple one-to-one average of recent spot market discounts and the previous year's loan discount.

This mandate in the law would be devastating to future High Plains prices, especially those received on forward contracts where loan discounts are applied directly to the price.

"Working with Texas Senators Bentsen and Tower," Johnson went on, "we are doing our best either to get that provision out of the law or to add other language which would reduce its effect on cotton from our area."

BORDEN CHEERLEADERS — Heading the cheering section for the Borden County football team at Gail this year are cheerleaders, 1 to 6, bottom, Shellie Peterson, Roxie Wolf, Kim Wills, Gena McLeroy, Tanya Hollis and Tammy Miller.

The pear, plum, quince and cherry are all members of the rose family. Their leaves and flowers all are the same type as those of the wild rose.

## PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

## PROPOSITION NO. 2 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

## PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

## PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

## AVISO PUBLICO Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 3 DE NOVIEMBRE DE 1981

### PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta No. 8 del Senado propone una enmienda constitucional que permita a la legislatura autorizar a ciudades, pueblos y otras entidades fiscales conceder exenciones de impuestos sobre la propiedad en una área no productiva, subdesarrollada o deteriorada para estimular su desarrollo. La enmienda también permitiría a la legislatura autorizar a una ciudad o a un pueblo emitir bonos o vales para financiar este desarrollo y empujar futuros aumentos en los ingresos de impuestos por avalúo sobre la propiedad en dichas áreas para pagar estos bonos o vales.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a ciudades, pueblos, y otras entidades fiscales estimular el mejoramiento, desarrollo, o redesarrollo de ciertas áreas por medio de auxilio en los impuestos sobre la propiedad y la emisión de bonos y vales."

### PROPOSICION NO. 2 EN LA BOLETA

Resolución Conjunta No. 117 de la Cámara de Representantes propone una enmienda constitucional que autorice a una persona a recibir título de terreno del Comisionado de la Oficina General de Terrenos bajo ciertas condiciones. La solicitud para el título se tiene que hacer dentro de cinco años a partir de la aprobación de la enmienda. El terreno tiene que ser terreno de las escuelas públicas libres, medido, y no previamente titulado. La persona tiene que tener una escritura del terreno propiamente registrada, que adquirió sin saber del defecto de título y que él y sus antepasados interesados han tenido por lo menos durante 50 años. La persona y sus antepasados interesados tienen que haber reclamado el terreno continuamente y pagado los impuestos por lo menos durante 50 años.

### PROPOSICION NO. 3 EN LA BOLETA

Resolución Conjunta No. 38 de la Cámara de Representantes propone una enmienda constitucional que autorice a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar fondos estatales. Los fondos destinados por la constitución a fines específicos no estarían sujetos a la administración del comité. El comité estaría compuesto del Gobernador, el Gobernador Teniente, el Presidente de la Cámara de Representantes, el Presidente del Comité de Finanzas del Senado, el Presidente del Comité de Asignaciones de la Cámara de Representantes, el Presidente del Comité de Asuntos de Estado y el Presidente del Comité de Medios y Arbitrios de la Cámara de Representantes.

### PROPOSICION NO. 4 EN LA BOLETA

Resolución Conjunta No. 6 de la Cámara de Representantes propone una enmienda constitucional que disponga que la mitad de

### PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta No. 49 de la Cámara de Representantes propone una enmienda constitucional que dejaría libres de impuestos el ganado y las aves. Actualmente los productos agrícolas en manos del productor y las provisiones familiares para el uso de la casa y de la granja están libres de impuestos.

### PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta No. 81 de la Cámara de Representantes autoriza al cuerpo gobernante de un condado, una ciudad, un distrito escolar u otras subdivisiones políticas declarar libre de impuestos una porción del valor de mercado de un hogar de residencia. La porción libre de impuestos puede ser hasta 40% para el periodo 1982-1984; 30% para 1985-1987; y 20% para 1988 y los años siguientes. La cantidad de la exención no puede ser menos de \$5,000 a menos que la legislatura por ley general prescriba otras restricciones monetarias de la cantidad de exención. A un adulto elegible se le permite recibir otras exenciones aplicables previstas por la ley. Se hace excepción en caso de que los impuestos por avalúo hayan sido comprometidos previamente para el pago de deudas.

### PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta No. 4 de la Cámara de Representantes propone una enmienda que autorice a la Junta de Terrenos para Veteranos poner en circulación y vender bonos adicionales en la cantidad de \$250,000,000 lo cual aumentaría de \$700,000,000 a \$950,000,000 la autorización total de circulación de bonos del Fondo de Terrenos para Veteranos. La enmienda aumentaría el interés máximo pagable por el estado por estos bonos de 6% a 10% y permitiría una tarifa aun más alta si fuera especificada por la legislatura.

### PROPOSICION NO. 8 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 9 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 10 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 11 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 12 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 13 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

Vertical text on the right edge of the page, including "COTTON TALKS" and other small notices.

# TV team finds Texas ghosts too incredible

When tonight's still, small hours cloak your home in darkness, will you be one of the Texans on guard against phantoms that stalk from the shadows?

Of course you don't believe in them! Yet I must tell you that something of the shadow world seems to be creeping into our state. Either more ghosts are abroad these nights of UFO sightings and days of psychic exploration, or more of us are willing to reveal our recent encounters with the supernatural.

This I've learned after almost two years of ghost-hunting across Texas. Now, if you will concede that I'm not attempting to sell you superstition, you may wish to read on. In fact, your curiosity may impel you to stick with me, anyhow.

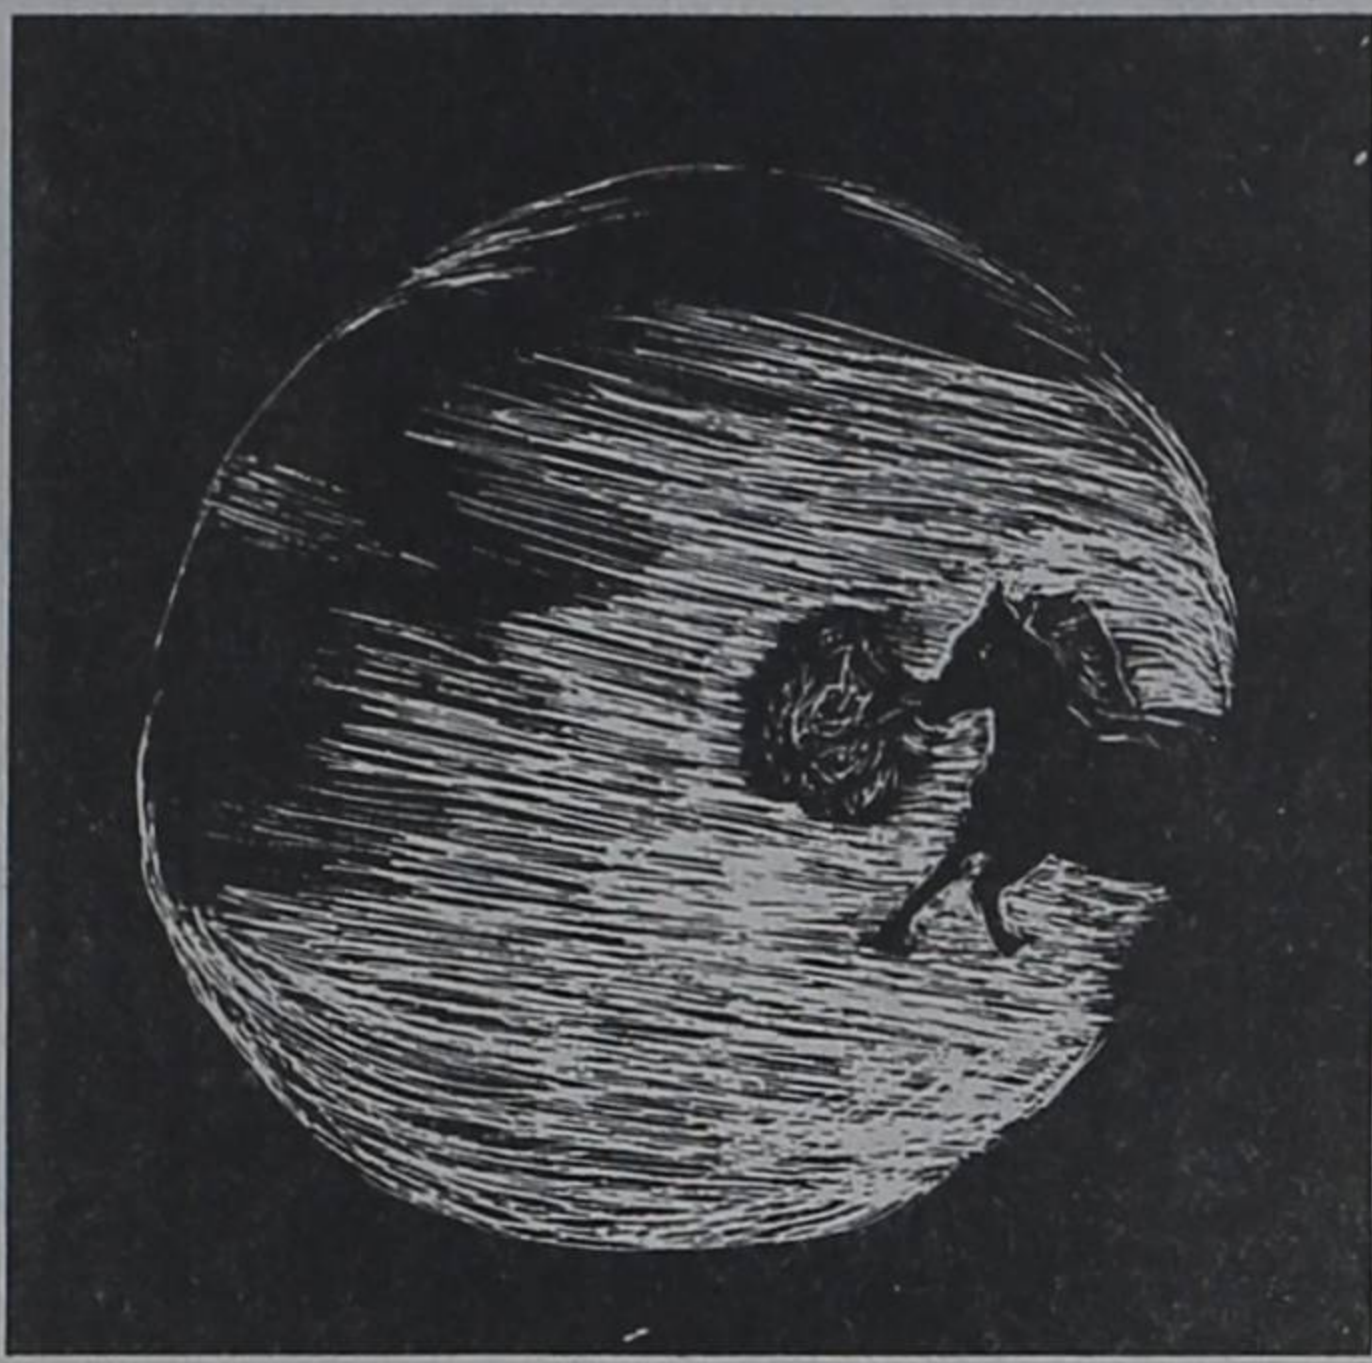

Near Bay City, for one example, a family presently shares its modern home with an inexplicable trio of spectres: apparently a pretty woman, her husband, and their child. The three are thought to have returned from the earliest days of Anglo settlement along our southeast coast. Within this home, not only have the woman and the man materialized several times, but their features are gradually imprinting themselves on the living room paneling. As you read this, they are still in residence.

In North Central Texas, near Clifton, a century-old Norwegian church seems to maintain a congregation some sixty years after the chapel was abandoned except for special services. Enter the sanctuary in reverence and you find tranquility. Come in any frivolous manner, you will be considered disrespectful, and voices will close from the outside night, rising in protest. The congregation? It arises from the churchyard cemetery.

In the Longview-Tyler area, a lady has been bedeviled by the apparition of either a Spanish dragoon or an Indian warrior. This ghost has appeared several times, its most frightening manifestation looming within arm's length of the woman as she bathed. At this writing, psychics are trying to rid the home of that being.

Near Austin, an old ranch seems inhabited with violent spectres from a century ago. Alerted by my however-fumbling spectral hunt, a crew from television's "That's Incredible" filmed sequences on the ranch owned by artist Bruce Marshall. During one psychic endeavor to communicate with those we call dead, three of the working team fainted; the experiment was suspended.

One of the most startling confrontations occurred not long ago in Big Spring, when a young man was beset by a girl from the 1700's. "In love" with him, her attachment to this home

became so violently determined that the youth feared insanity and consented to commitment at Big Spring State Hospital. A psychiatrist there not only declared him totally sane but — a student of para-psychology — moved into the house to exorcise the being.

Of the fifty stories resulting from my statewide search, these strike me as the most inexplicable of today's phenomena. In the articles to follow, I'll tell you of the types of phantoms that Texans have encountered, for they range from the friendly to those better avoided — they are dangerous.

They are, after all, like people. Why not?

You don't have to believe in them; you may want to

## Lunch Menus

### BREAKFAST

Monday, assorted cereal, raisins and ½ pint of milk.  
Tuesday, bacon, toast, oatmeal, grape and apple juice and ½ pint of milk.  
Wednesday, sweet rolls, pear halves and ½ pint of milk.

Thursday, sausage, toast, rice, orange juice and ½ pint of milk.

Friday, assorted cereal, fruit and ½ pint of milk.

### LUNCH

Monday, frito pie, buttered corn, blackeye peas, sweet rolls, cornbread and ½ pint of milk.

Tuesday, taco, cheese, lettuce, pinto beans, plum cobbler and ½ pint of milk.

Wednesday, chicken patties, gravy, green beans, whipped potatoes, whipped cherry jello, hot rolls and ½ pint of milk.

Thursday, lasagna, lettuce salad, breaded zucchini chocolate cake with icing, garlic bread and ½ pint of milk.

## Brent Howard Heads FFA

## Get A Head Start At Briercroft

EARN **32%\*** NOW

Annual Rate

On Super B Security

EARN **12.61%** AFTER SEPT. 30

Annual Rate

On All Savers Certificates

**TAX-FREE**

\*This Interest Is Not Tax-Free

Briercroft Savings will be offering the All Savers Certificate October 1. But, to give you a head start, we want to give you a bonus on your money...so until September 30, we are offering a "Super B Security" that will pay 32% per annum on a minimum deposit of \$500.

What exactly are the All Savers Certificate and the Super B Security? THE ALL SAVERS CERTIFICATE\*

This is a one-year, once in a lifetime savings certificate that will pay up to \$2000 interest TAX FREE.

Your minimum deposit is only \$500. Due to Federal regulations, there is a substantial penalty for early withdrawal.

The All Savers Certificate is insured by the FSLIC.

THE SUPER B SECURITY

This is a Repurchase agreement that will pay 32% per annum until October 1. At that time, Briercroft can transfer your funds into an All Savers Certificate.

The minimum deposit is only \$500.

The Super B is not insured by FSLIC, but is backed by Briercroft Savings and U.S. government securities. Substantial penalty for early withdrawal.

Interest earned on the Super B is not tax-free.

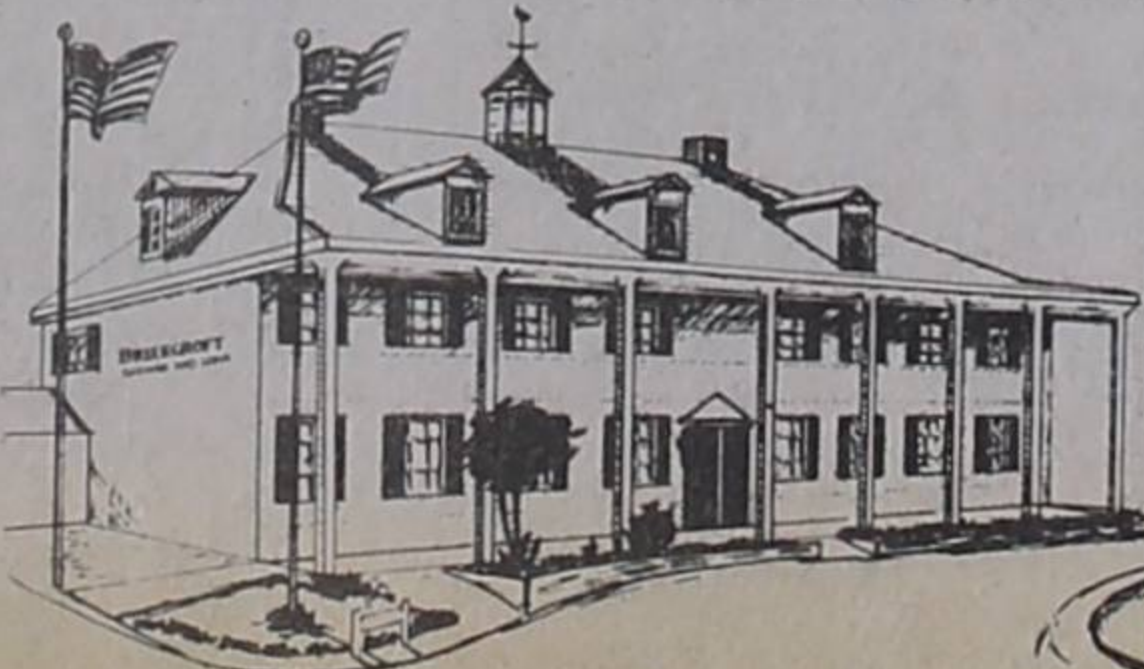

\*This offer is subject to Federal Regulation.

Here's an example of the high yield Briercroft "All Savers" Tax-Free Savings Account.

If your family income is:	Your tax bracket probably is:	The interest rate you'd have to earn to equal 12.61% after federal income tax is:
\$50,000 or more	50%	25.22%
\$35,000	40%	21.02%
\$25,000	30%	18.01%
\$20,000 or less	25%	16.81%

Figures above are approximate and based on 1981 tax tables. Interest rate of 12.61% is equal to 70% of average investment yield on one year U.S. Treasury Bills as of the most recent auction date.

## School board—

(Continued From Page One) could drive up for use as a loading zone instead of parking.

Dwayne McQueen, representing the school's architectural firm, reported work is now starting on the tennis court repair and that the ceiling fans for the primary school arrived last week with installation beginning last Friday.

Trustees decided not to increase the charge for reduced-price breakfasts and lunches, although state authorization for such an increase has been made.

Supt. Shiver said the school lunchroom program last year lost "only about \$8,000". That means \$8,000

in tax money was needed to "subsidize" the program.

Trustees were given a monthly luncheon report of last May which showed that during that month 4,189 lunches were served at the regular price, 75¢ at the reduced price, and 4,781 free for which the federal government pays a reimbursement of 99½ cents each. It also reimburses the school district 79½ cents on each reduced-price lunch and 16 cents on each regular priced lunch.

On breakfasts, the school district is reimbursed 14½ cents on regular priced meals, 42½ cents on reduced-price breakfasts, and 52 cents on the free breakfasts.

Supt. Shiver told trustees the administration that day had interviewed for possible employment a bilingual teacher with a major in English and a minor in Spanish.

The state requires students they are illegal aliens or not, but they can't speak English," they said.

In other actions the board approved a list of substitute teachers for the school year, made budget change requests, approved the July financial statement, received the tax reports for July and August, paid \$343,258.04 in bills for the month, and approved a 30-day certificate of deposit for over a million dollars in school funds which will not be needed until October at the earliest.

"We don't know whether they are illegal aliens or not, but they can't speak English," they said.

In other actions the board approved a list of substitute teachers for the school year, made budget change requests, approved the July financial statement, received the tax reports for July and August, paid \$343,258.04 in bills for the month, and approved a 30-day certificate of deposit for over a million dollars in school funds which will not be needed until October at the earliest.

John educated himself by working in electric logging, oil well service, and oil well perforating. This led him to becoming sole proprietor of a pipe and equipment brokerage company, which resulted in his becoming an independent oil operator in 1968.

His sport interests include flying, golf, tennis and jogging.

## Rotary head—

(Continued From Page One) Seay is an oil producer, married and the father of five children and grandfather to two.

Born in Wichita Falls and raised in the Fort Worth Masonic Home until age 13, John entered the business world when he was 14 by operating a fleet of 60 bicycles for rental or sale.

He entered the oil fields at Big Lake after graduating from high school and worked his way up over 32 years with time-out for two years in the army artillery.

John educated himself by working in electric logging, oil well service, and oil well perforating. This led him to becoming sole proprietor of a pipe and equipment brokerage company, which resulted in his becoming an independent oil operator in 1968.

His sport interests include flying, golf, tennis and jogging.

## City Council—

(Continued From Page One)

The other "bad news" item was an inspection report on the city-county airport.

The report, dated July 20, said the airport is in need of considerable repair. The council decided to invite the airport board to its next regular meeting to discuss repairs and status of an application for airport aid.

O. D. Hearn of Brownfield, division manager for General Telephone, told the council he wanted to "talk a little bit about rates and services."

Hearn related how his firm had had little success in receiving a rate increase from the state utility commission with a \$4,000,000 penalty imposed for poor service in its first rate request since the PUC was formed.

He said the utility firm went back again last spring and asked for another with about the same results — a small increase and retention of the penalty.

As a consequence, he pointed out, the firm's bond rating has been lowered making it more difficult for his firm to obtain additional financing for improvements.

Pointing out that Post was one of the communities to complain of poor phone service, Hearn said his firm wanted to improve its service here and asked that complaints be channeled to him whenever received.

In answer to a question from The Dispatch, Hearn said that General Telephone couldn't "subsidize" its local service with long distance revenue to the extent that Southwestern Bell could.

Asked what improved service Post can expect in the future, Hearn said all exchanges, including Post, will be converted to electronics before 1995 and thus provide lots of exotic additional services.

He noted Post had had little "phone growth" over the past 12 months and closed by emphasizing that being denied rate increases in inflationary times hurt the utility's planned expansion and didn't provide a satisfactory return for its investors.

Hearn said he's like to get the "emotionalism" out of the PUC rate hearings of his firm. He said he came before the council in an effort to explain to the council and the public that only by community and utility working together could improved service be financed and provided.

Due to the length of the agenda, the council decided to put off consideration of city manager candidates until a work session could be called in the near future.

## TEEN SCENE

By Norm

After a delightful rest off for the hot, hot days of summer here goes another stab at the local news of the local youth and maybe even a line or two about their parents here and there.

I won't go into the long drawn out details about my summer vacation??? But hope each and everyone enjoyed theirs.

It's hard to believe that school is already into its third week, (that's half of a six weeks) and about time for deficiency slips to go out for those that aren't doing so well in that particular study!! So better hit the books a little bit harder to make up the upcoming 3 weeks before report cards hit the street.

It seems as though I always have to apologize to someone right off the bat, so here goes the first of the new year to Norma Samora. When the cheerleaders picture came out in the paper, we had her listed as a sophomore, sorry Norma, you see she's a junior!

A belated Happy Birthday goes out to Tim Tannehill and Deann Ammons, who celebrated theirs in the last two weeks.

ANNOUNCEMENT: The Youth Center is now being

## Cable TV—

(Continued From Page One) or more because of the damage done and although many spare parts were stored here for such emergencies some of the equipment had to be returned to the factory for repair.

"We hope to get it all straightened out very soon," he added.

He said the firm still was having trouble with all-news channel 13, had lost the color off channel 12, and had channel 8 still rolling, all because of lightning damage.

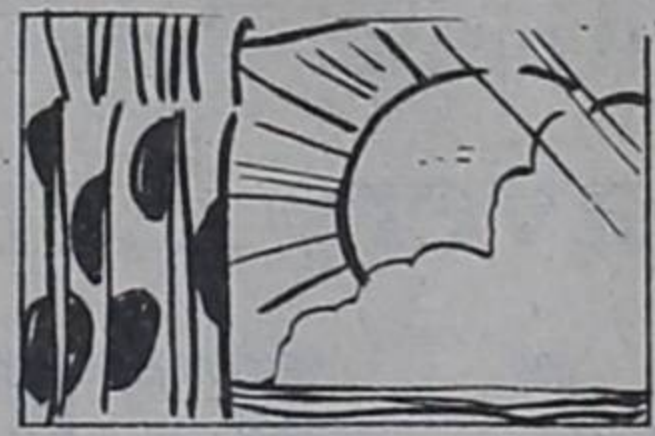

Asked about the "snow" on channel 5, the educational Lubbock station, Whitefield said there is "nothing we can do about it" and it is due to the station's telecasting facilities.

Mayor Giles McCrary broke in to say on this point he understood channel 5 has been given a much taller tower and as soon as it is put up the picture reception here should be better.

Whitefield said the re-building of the cable system here included new wiring. He said it should be completed by February or March.

As for service complaints, the firm has a toll free number at Idalou and local subscribers should call that number — 1-800-692-4455 to report trouble.

The firm has 700 to 800 local subscribers, he said.

Of all the 250,000 species of flowering plants, there are just two that don't need water from the soil. One is the pygmy cedar and the other is the caper plant of the Sahara. Both take all the moisture they need from the night air.

If curtains or draperies are subjected to hot sun, it may be better to vacuum often instead of washing or cleaning. Sun may weaken fabric which will disintegrate upon cleaning.

## Hopper loss—

(Continued From Page One)

a severe 20 percent population loss in the 1970 census. Up to 1970, county population had shown a slow, but steady rise from decade to decade.

The ethnic mix of the county's population is changing, however, according to Conner. He said the county was 81 percent white, 14 percent Spanish surname, and 5 percent black in 1970. In 1980 it had changed to 70 percent white, 24 percent Spanish surname, and six percent black.

Waggoner Johnson, chairman of the program building committee, Lucille Morris, chairman of the family living sub-committee, and home demonstration agent Cheryl Walker also made interesting reports on the committee's work since its organization in 1962.

## Stereo stolen in Southland burglary

The sheriff's department is investigating a weekend burglary of the Southland schools in which a stereo was stolen from the school library.

Entrance was gained by breaking out a window

## New system—

(Continued From Page One) the setting of the tax rate if possible.

In another action, the board wrote off \$3,560.37 as bad debts. This means they are taken off the books and turned over to a collection agency.

The August hospital report shows 33 patients admitted for the month to bring the total for the last 11 months to 437, as compared to 46 patients admitted in August, 1980,

and an 11 months total in that fiscal year of 558.

Total patient days for the month were 98 and the average patients per day 3.2 as compared to 146 and 4.7 for the same month in 1980.

Eleven babies were born in the hospital during the month to bring the fiscal year total to date to 69. Two hundred and sixty-two outpatients were treated.

For August, the hospital had \$28,956.05 in operating revenue and \$51,854.32 in expenses, leaving \$22,256.01 to be paid from tax funds.

## Postings—

(Continued From Page One)

in his first two games and is the top South Plains scorer. Post's Milton isn't adverse to tallies himself with three playing as a substitute. Post has other sharp offensive weapons too, in Tailback Will Kirkpatrick, 3 tds; Quarterback Tim Tannehill, two six-pointers; and Wingback Richard Cisneros, a power runner with one touchdown.

Both sides see it as a very tough football game to win. Come on — and see for yourself. The Lopes want this one bad.

## Memo For Motorists

The failing car battery is a frequent fact of life, and those who use improper jump-start procedures face a serious hazard. Just one spark can set off an eye-threatening explosion.

You can get a jump on safety when jump-starting a dead battery if you follow this advice from the National Society to Prevent Blindness.

- Put out all cigarettes and flames.
- Make sure cars don't touch. Turn off ignition.
