## Carl Webb honored by judges, lawyers

Carlton P. Webb, a practicing attorney here for the past 38 years, was honored by attorneys and judges at a lunch in the basement of the First United Methodist Church Dec. 22.

County Judge Giles Dalby read a "resolution by the citizens of Garza County and the 106th Judicial District court of Texas" as follows:

"Whereas Carlton P. Webb began his career of practicing law in the year 1927, continuing to practice law fairly and justly in cities in Texas and New Mexico; and

"Whereas, Mr. Webb moved to Garza County in 1943, opening a private practice for law that has served the people of Garza County these past 38 years; and

"Whereas, Mr. Webb not only maintained a private practice but served in the capacity of county attorney for ten years, completing a two-year term of office in 1946, and two four-year terms ending in 1964; and

"Whereas, Mr. Webb also devoted ten years as city attorney to the City of Post, from August 1955 to February 1965, advising and working for the betterment of Post and its citizens; and

"Whereas, during the 54 years and four months, Mr. Webb has practiced law, he has conducted his practice with integrity and fairness to both his clients and business associates, and is known throughout the district for the sanctity of his word and the invariability of his promise; and

"Whereas, his fellow attorneys and associates, as well as his many friends, know him as a gentleman and esteem him highly for his honesty, his prudent counsel, his caring in human relationships; and

"Whereas, we enter this

resolution as a tribute to Mr. Webb and request that it be recorded in the permanent minutes of the 106th Judicial District Court, Garza County, Texas."

Truett Smith of Tahoka, former judge of the 106th district, was the featured speaker for the occasion and recalled many interesting and humorous stories of trials in his courtroom.

Of Mr. Webb, he declared: "Since he came to Post in 1943 he has an excellent reputation for doing exactly what he said he would do."

Mr. Webb responded by saying he "didn't remember any difficulty I've ever had with any lawyers in the district. We've been fortunate with judges we've had on the bench since I've been here."

He concluded: "I've been very fortunate with my practice."

"Mr. Webb explained he had had an operation on his throat and could not at that time wear a tie," Judge Hansard said. "he followed that with a letter of apology for not wearing the tie a few days later. I've still got it on my desk and I intend to answer it."

County Attorney Preston Poole was host for the luncheon as he arranged it. Travis Graham, district court reporter from Lamasa, prepared the chili.

Six persons were indicted on felony charges of sale of drugs by a Garza district court grand jury Dec. 22.

A total of 15 indictments were returned including two against three persons for unlawfully appropriating food stamps or aid to families with dependent children in schemes and continuing courses of conduct for an aggregate amount stolen over \$200 but less than \$10,000 in each case.

The indictments for selling a variety of drugs were the result of the work of an undercover agent over a period of many weeks. The drugs arrests were first announced several weeks ago in what was the biggest law enforcement effort ever made here against "drug pushers."

Indicted on drug charges were:

A. D. Taylor, Jr., sale of marijuana Oct. 8, 1981.

Ben Maxie Long, sale of marijuana, Oct. 16, 1981.

Pedro Saucedo Criado, sale of Lysergic acid diethylamide, Sept. 11, Oct. 8, and Nov. 18, 1981.

Alton Ray Steel, sale of marijuana Sept. 11, 1981.

Tino Aleman Hernandez, unlawfully transfer and intentionally delivering lysergic acid diethylamide, a controlled substance listed in Penalty Group One, Nov. 18, 1981.

In the first indictment on unlawfully appropriating food stamps without consent of the owners, Octobiano Espinoza and Geneva Mendoza Espinoza are charged with taking \$177 in food stamps from Carol Isham on Jan. 1, 1980, \$84 in food stamps from Carol Isham Feb. 1, 1980, \$99 in food stamps from Delores Fox Oct. 1, 1980, \$107 in food stamps from Delores Fox Nov. 1, 1980; and \$107 in food stamps from Delores Fox Dec. 1, 1980.

## Optimistic for 1982

The ending of the old year and the start of a new one is a time to look back to identify mistakes and check over problems and accomplishments, and also to look ahead expectantly.

Color 1982 with optimism. As we look into Post's future, there's a growing feeling of confidence.

We won't say this community faces no harsh economic problems on an individual basis, but overall the local economy is far healthier than almost anywhere else.

It's not hard to find jobs here. Finding workers to fill them is the problem.

Garza's oil industry is busier now than it has ever been and all indications are that it is going to stay that way in the immediate future. George R. Brown's CO2 flood plan, once in operation, is going to add life and profits to the Garza field.

The Postex Plant is a solid operation with a payroll any town would give its eye teeth for.

Cotton came back this year just when the farmers were getting into dire financial straits. The price isn't good but should be a bit better in 1982 if Garza fields get the moisture they will need.

Business at the retail level is good — the city's new sales tax record set this year indicates.

The city is about to obtain a professionally trained city manager and with the size of business our municipality is today, this should be a real asset in city government.

The city-county park will get its playground equipment this coming spring — and the kids should love that. Contract letting is coming up soon according to a bid notice in today's Dispatch.

While nothing is assured as yet, school trustees are now looking at an auditorium improvement and expansion program which will be a real benefit to the schools and the community as a whole.

If you haven't looked up and down Post's Main street lately, this is to point out that there are more and more young people operating stores here now than at any time in the past 25 years. This should assure the continuing development of our retail

business facilities.

The Emergency Medical Technicians have done a truly tremendous job of volunteerism for this community. They have become literally part-time professionals in the health care field and merit and are receiving solid support from citizens as well as city and county boards.

Our law enforcement is good. If the perennial car problem can be settled — and that should be a 1982 goal — the joint law enforcement effort will become even stronger. Post and Garza County had little unsolved crime in 1981 after weathering a bunch of deputy resignations earlier in the year during a dispute over salaries.

Right now the community's No. 1 problem appears to be in getting the city-county airport runways back into shape. The problem was kept on hold for too many years. Now the airport aid funds are rapidly drying up and our chances for major financial help are almost nil. But a great start has been made on the problem with the reorganization of the airport board. Chairman Bob Macy and his cohorts are working hard, so The Dispatch remains optimistic.

Before things get too bad out there, The Dispatch for one would favor taking the financial load on our own shoulders if necessary. A community airport is an essential in this day of private flying and major air travel.

On an individual basis, new housing remains the most perplexing need.

But there can be some optimism here too. A new federally-financed housing project at the western edge of town should be in the construction stage by February after literally "years" of plans and paper work.

There's also a good chance for another government-financed project for senior citizen housing before the end of 1982 providing the city can obtain an acceptable site option in the immediate future. This must be aggressively pursued.

The Dispatch is optimistic about 1982. The community has a lot going for it, including teamwork and momentum.

**G**O PLACIDLY AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. Avoid loud & aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

# Deann Ammons, Kenny Reiter say vows

Traditional wedding vows were pledged between Deann Ammons and Kenny Reiter Saturday, Dec. 26, in the First United Methodist Church.

Rev. Don Travis, pastor, performed the double ring ceremony at 7 p.m. before an altar arranged with a basket of white gladiolas and a 12-votive candleabra flanked on either side by a 12-tiered brass candleabra holding white tapers. White tapers adorned the windows and white bows were used on the pews.

The bride is the daughter of Mr. and Mrs. Don Ammons and the groom is the son of Mr. and Mrs. Robert Reiter, all of Post.

Presented in marriage by her father, the bride wore a white knit chiffon gown with accents of chantilly, Venise and Wedgewood laces, designed by Alfred Angelo of New York. The bodice featured a high neckline with a sheer English net inset. A Venise lace applique adorned the inset and Venise lace encircled the collar. A Wedgewood lace V shaped ruffle adorned the bodice. The natural waistline was encircled in venise lace and dropped to floor length, in which a Wedgewood lace flounce outlined in chantilly lace adorned the skirt front. The waistline swept to back fullness forming a chapel length train and cascading tiers of wedgewood lace extended to the length of the train. She wore a white picture chiffon hat featuring venise lace over the crown and brim

with one side of the brim turned up and a bouquet of white silk flower attached for a Victorian look. The chiffon around the brim exposed crystal pleating and was completed with a bustle created out of sheer illusion veiling which draped to chapel length. The bridal bouquet was of red and white roses with scotch pine greenery. Carrying out the tradition of something old she wore pearl earrings belonging to her grandmother Norris, wore a blue garter also belonging to her grandmother. Upon entering the church the bride paused to present her mother with a long stem red rose.

Registering the guests at the wedding was Jana Haney, cousin of the bride.

Serving as maid of honor was Donna Ammons, sister of the bride. Bridesmaids were Lana Dunn, Lisa Holly and Patricia Hair was bridesmatron. They wore long formal gowns of cranberry knit with spaghetti straps and a sheer overlay cape. The maid of honor was attired in the same gown in a rose color. They carried nosegays of red, rose and cranberry carnations and wore chiffon picture hats with chiffon around the brim forming a bustle in the back accented with pearls. The hats were in cranberry and rose colors to match the gowns.

Jessica Tinnin of Lubbock and Kim Reiter, neice of the groom, served as flower girls and wore long gowns of cranberry with rose lace

on the bodice. They carried wicker baskets with rose buds.

Candles were lighted by Dustin Ammons, brother of the bride. He was attired in a grey tuxedo.

Serving as best man was Robert Reiter, brother of the groom, and groomsmen were Raymond Raymundo, William Morrow and Sammy Zapata.

Acting as ushers were Mike Babb, cousin of the bride, and Jackie Reiter, brother of the groom. The attendants were all attired in grey tuxedos with the groom wearing all white.

Traditional wedding music was played on the organ by Barbara Babb, aunt of the bride and accompanied Marita Jackson as she sang "The Wedding Song" and "Wedding Prayer" and Randy and Tony Conner who sang "Always and Forever."

Following the ceremony, the bride paused as she was leaving the church to present her mother-in-law with a long stem red rose.

A reception followed the ceremony in the Fellowship Hall of the church.

The bride's table was laid with a white lace cloth over white and two cranberry tapers in brass holders. A three-tiered wedding cake decorated with white flowers was topped with bride and groom. Brass appointments were used. Serving at the bride's table were Amy and Dana Babb, cousins of the bride, and Charla Tatum. The groom's table featured a chocolate cake with "Deann and Kenny, Dec. 26, 1981", and a replica of a moving pump jack was used as the centerpiece, brass appointments were used on the table laid with a white lace cloth. ## Letter to Editor

### I CHALLENGE YOU

Parents, Grandparents and Students:  
Our school board will be meeting again in January. They are considering remodeling the old primary auditorium. The seating will be the same. Graduation exercises will be by invitation only. Is that the way we want it?

Also two board members are in favor of expanding the dressing rooms in the field house.

Are you in favor of that? The surrounding schools either have air conditioning or are installing it.

Why can't we? We know the oil companies pay the majority of the school taxes, but do you think if one of their representatives had been at the graduation last May that they would be in favor of spending the tax money they pay in for air conditioning?

Also there is equipment in the shop at the Ag building to teach our students to work with wood and learn a trade to help make a living. Why can't we do something about this? If you keep talking and doing nothing about these things the board will decide "their" way.

Please get on the phone, write or attend all school board meetings. We are going to have to work together. Our tax dollars may not be the majority but surely they earn us the right to our say or why should we pay them?

Johnnie Norman
