Fifty Fourth Year

Post, Garza County, Texas

Thursday, April 1, 1982 Number 43

Voters will choose candidates Saturday

Ballot contests in only two local spring elections will be given to voters in the community center, Saturday, April 3, for their determination.

Filings before deadlines brought the city council field to four for three council seats, with the only other contest in the school board race for the position which was vacated by Juanella Hays.

Don Payne, local pharmacist and Tom Evans, pastor of the Post Nazarene Church are running for position two. Dr. Charles McCook is unopposed in position one and Jack Lott is unopposed for position three. Both McCook and Lott are running for re-election.

The complete field for the three city council places, in order in which they appear on the ballot, are A. C. Cash, Ronald G. (Ronny) Ammons, Jim Jackson and Jack Alexander.

Filing for the hospital elections are Ignacio Varela

and David Tyler.

School board positions are three-year terms, whereas the terms for the city council and the hospital board positions are for only two years.

Candidates file for numbered seats on the school board, whereas those elect-

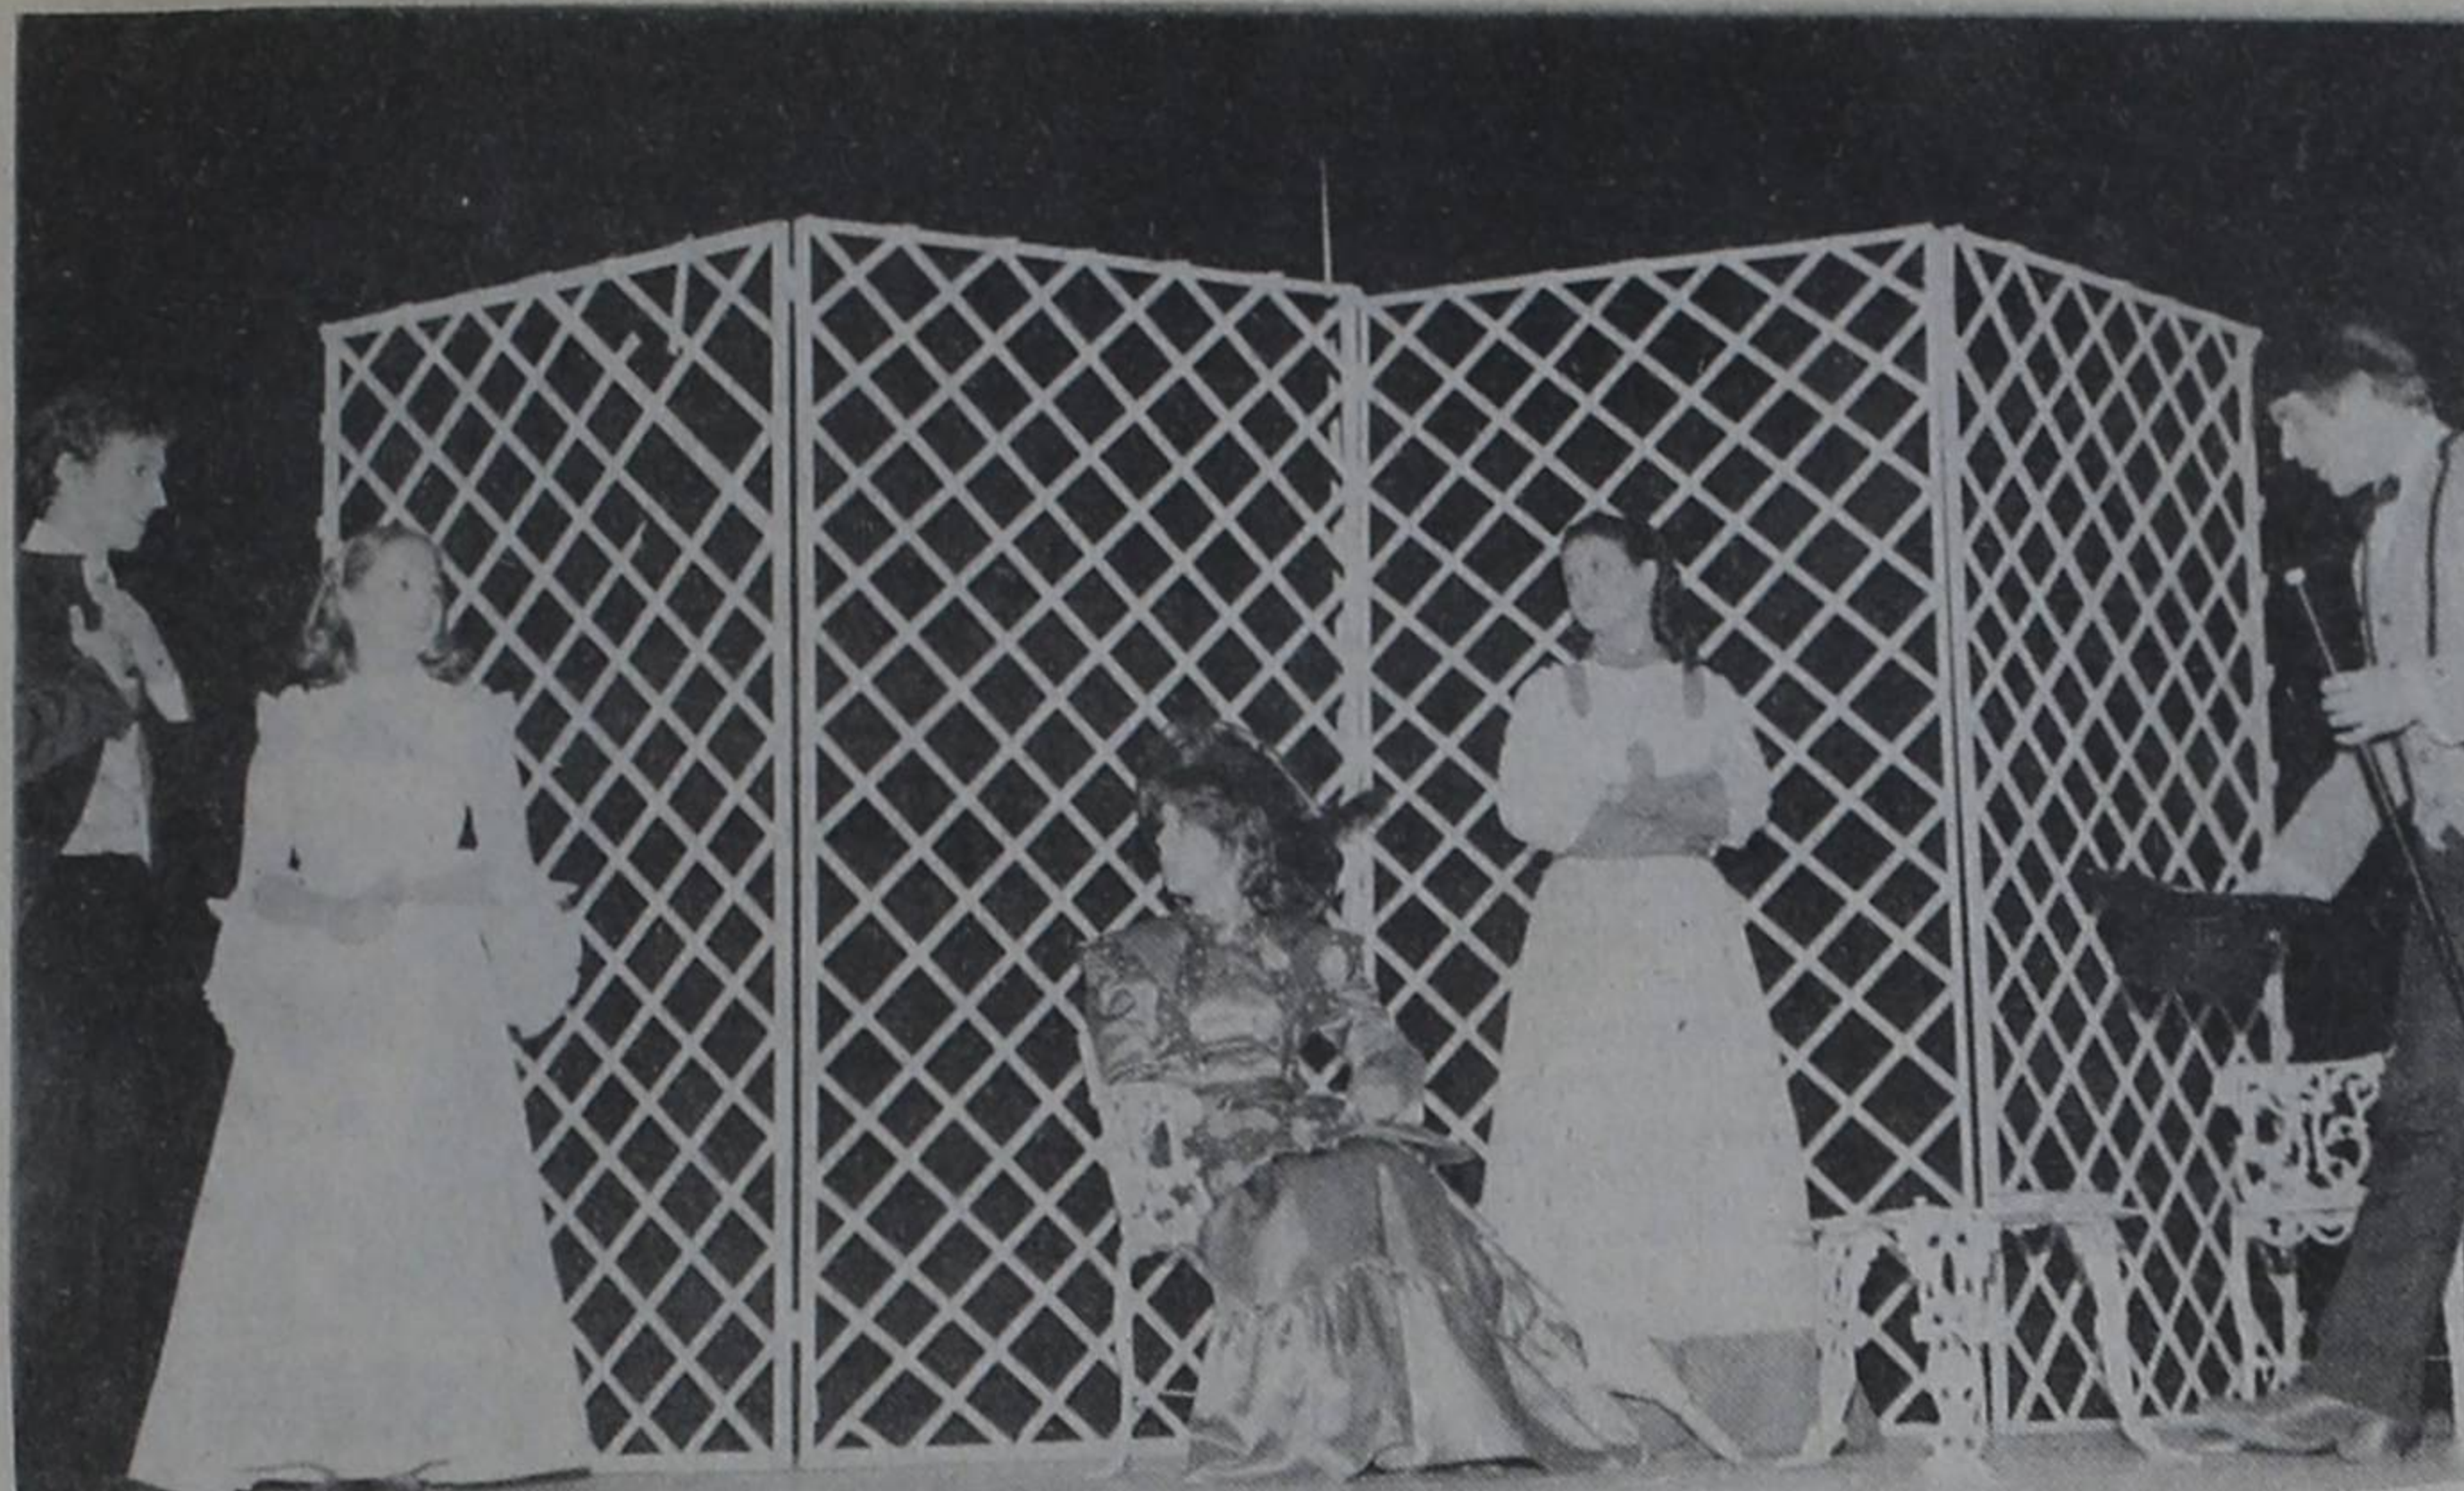

ed to the city council and hospital board are determined by those getting the most votes of all filing.

All three local elections will be held in the Post Community Center again this year, in an effort to secure a larger turnout by requiring only one stop by

voters to cast ballots in the three elections.

This will be especially advantageous to senior citizens.

Each of the elections will have separate polling places within the center, separate judges, separate counting boards and separate ballots.

Hospital board OKs new steam boilers

Hospital board members approved the converting of two steam boilers into hot water boilers at an estimated cost of \$4,000 during a recent board meeting held at the hospital. Administrator, Maritta Reed said the saving in energy costs in two years would pay for the conversion.

Two indigent applications were studied by the directors with one being tabled and one denied.

Copies of revised hospital personnel policies handed out prior to the March meeting were also tabled.

An emergency blood donor procedure was reviewed and approved by the medical staff.

The proposal on an emergency generator was tabled by directors. The hospital has been experiencing trou-

ble in the emergency generator, but since it isn't used very often, administrator Reed has been trying to keep it going through repairs. A new generator would cost approximately \$30,000 and a rebuilt one \$16,500.

The hospital's March report showed 33 patients (See Hospital board, Page 3)

A NATIONAL COTTON COUNCIL SERVICE

NCC Asks Dust Rule Changes
The National Cotton Council has asked the Occupational Safety and Health Administration to lift the cotton dust standard for all industries and workplaces where significant health risks cannot be shown, and to evaluate more appropriate and cost-effective approaches to protect worker health where risks are found.

In commenting on OSHA's proposal to re-evaluate the standard, the Council cited the Supreme Court's benzene ruling that said the agency had to find that a significant health risk existed in the workplace before issuing the standard.

On this basis, the Council said the dust standard should not apply to cottonseed oil mills, warehouses, classing offices, waste processing industries and their downstream customers, or to knitting, narrow fabric, and elastic fabric manufacturing plants.

Slashing and weaving areas of textile mills also

should be excluded since the evidence of risk is questionable or inconclusive, it stated.

Exports Moving Out
Exports maintained good pace with shipments of 209,600 running bales of cotton during the week ended March 18.

This brought the season's shipments to 3,945,600, slightly more than the same date last year. The week's new sales for this season totaled 49,400 with Canada, South Korea, Taiwan, and Japan major buyers. Sales for the 1982-83 marketing year increased by 26,700, the National Cotton Council reports.

Maid Overseas Tour
Maid of Cotton Jann Carl is now on a world-wide tour to tell U. S. cotton's story to export customers.

During a six-week period, she will take part in activities to increase use of products made from U. S. cotton and meet with key textile executives and government officials.

INSIGHT INTO EYESIGHT

VAN MOORE, O. D.
DOCTOR OF OPTOMETRY

PARENTS' ATTITUDE VITAL

Ten-year-old Johnnie had trouble seeing the blackboard. He did poorly at little league baseball. He couldn't focus on the moving ball. An eye examination indicated that Johnnie needed corrective glasses for seeing at a distance. Johnnie came home with Mom wearing his first pair of glasses. As they entered the front door, Johnnie's father was obvious about his disappointment. This negative attitude can be devastating to the self-esteem of a youngster.

The greatest problems encountered with children who wear glasses originate from parents — not children. Children are quite willing and sometimes even eager to wear glasses. They

are quick to understand that glasses will allow them better vision and thus give them an easier time at school and at play. The idea that there is something wrong is usually picked up from their parents.

Advice: Try not to express disappointment in your child's presence if glasses are indicated. For the sake of the child, try to be positive about the visual benefits glasses will afford.

Scanning Social Security

By JIM LATIMER

Students 18 to 22 getting Social Security checks are reminded about important recent changes that will reduce or eliminate future benefits. How students are affected will depend primarily on the type of school they are in and when benefits started:

1. If you attend college (or other post-secondary school) — Payments can continue until you finish school, reach age 22, marry, or through April 1985, whichever comes first, provided you meet both of these conditions: You were entitled to a Social Security

check for August 1981 when the law was changed; and you were attending (not just enrolled in) a post-secondary school full time before May 1982. However, be aware of these changes:

You will receive no checks for May, June, July, and August even if in school full time.

You aren't eligible for cost-of-living increases that are given most Social Security beneficiaries each summer.

Your benefit will be reduced 25 percent each year, starting with the September 1982 check (due October 3).

Chapter seeking all Submarine Veterans

The Texas Chapter of U. S. Submarine Veterans of World War II is searching for all veteran of WWII who served on U. S. Submarines or in relief crews during the period of Dec. 7, 1941 and Dec. 31, 1946.

The Texas State Convention will be in Corpus Christi, Texas May 14, 15, and 16, 1982. The National Convention will be in Hartford, Ct. during mid August with local and regional conventions during the year. All submarine veterans and their families are invited and urged to attend.

For complete information, please contact J. A. Woodall, Texas State Secretary, P. O. Box 1368, Galveston, Tx. 77553. Phone (713) 765-7910.

During World War II U.S. Navy Submarines operated under a news blackout and

became known as "The Silent Service." Comprising less than 2 percent of all the Military forces in action against Japan, our submarines accounted for more than 60 percent of all Japanese Naval, Military and Merchant shipping sunk or destroyed by all forces combined. While doing this our submarine forces suffered the highest losses of any military branch in action against the Japanese.

Post Girl Scouts honor fathers with banquet

The Post Girl Scouts held their annual Father-Daughter banquet, March 27, in the community center. Mrs. Jim (Minnie Pearl) Strawn was master of ceremonies and also the keynote speaker.

Mrs. Strawn gave an entertaining rendition of Minnie Pearl and introduced the special guests for the evening.

Following a meal of barbecue, the Fathers were entertained by each troop.

Troop 35 led by Doylene Shumard, Pat Cruse and Betty Curry, performed by leading the Girl Scout promise, and singing "On My Honor" and "Little Pad in the Forrest Green."

Troop 74, led by Carol Dean and Karen Jones, did the dance "Strut Miss Lizzie."

Troop 235 led by Julie Hudman and Carol Tobias performed with limbo sticks and sang "Old Gray Mare," "Rockin Robin" and "Bicycle Built for Two."

Troop 123 led by Diana Poe and Janet Matthies

sang "Where Oh Where Are You Tonight?", and "You Get a Line and I'll Get a Pole."

Troop 134 led by Karen Palmer, Tammy Holly, Jaynie Dickson and Mary Ann Gordon sang, "She'll be Comin Around the Mountain," and performed as a jug band, "Workin on the Railroad." They also led all Girl Scouts in the song, "I'm A Girl Scout."

Each troop made individual presentations of badges earned and year pins.

A special thank you plaque was presented to Betty and Joel Dennis for their many services rendered.

Mrs. Lewis Earl, president of the local club and Mrs. M. J. Malouf, incoming president, attended the Friday sessions.

The Saturday session which included a luncheon and style show was attended by Mrs. Lee Davis, Mrs. I. L. Duckworth, Mrs. J. H. Haire, and Mrs. M. J. Malouf.

Sorority enjoys western meal

A chuckwagon meal of fried steak, pinto beans, French fries, relishes, biscuits, ice tea and campfire coffee was served to the Gamma Mu sorority by Bill Hedrick in her western home when they met for a regular meeting March 23. The group dressed in western attire and ate the meal on the patio.

Diane Josey was chosen as "most authentic" in her Indian squaw dress with turquoise jewelry and matching bandana. Irene Fry won the night's door prize of a set of coasters.

President Orabeth White presented a gift to Bill for her hospitality to the sorority.

Attending the meeting were Barbara Hardin, Jane George, Lois Cook, Carol Williams, Shirley Hardin, Jana McCallister, Vicki Gannon, Helen Gerner, Sara Briley, Jane Mason and Julie Hudman.

A report was given on the donation by the sorority towards allergy shots to a Post student. The child has improved with the help.

New business was also discussed which included the concession stand for the Outsiders Basketball Tournament.

In an earlier meeting March 9, the sorority met at the bank community room where Zoe Kirkpatrick presented "You and Better Photos". Zoe showed her collection of wildflowers and informed the group on how to choose good photography materials.

Barbara Hardin was hostess.

United Convalescent News

March is nearly over and April 3, the day for our yard sale is close at hand. Don't forget if you have anything to donate please contact Nell Mathews or Darlene Rylant. Someone will pick it up if desired.

Some of our ladies are making things to sell. So far they have made pillows, dolls, and toys.

We want to thank Evelyn Jones for the bananas. They sure were good. We also want to thank the Church of Christ ladies for the lap covers. They are very pretty as well as being practical.

Our music this week was brought to us by Noel White and Jane Mason. We sure appreciate them for sharing their time and talents with us.

Patsy Craig was back with us this week. We sure miss her and the Bible study on Wednesdays when she isn't here.

Our employee of the week

is Alene Noble, LVN. She was born in Sulfer Springs, Texas on October 31, 1915. She is a widow and has two sons. Her hobbies are reading, pot plants, yard work and helping others. She has lived in this area since 1952. She has been a LVN for 32 years. She has been employed at United Convalescent for about four and one half months. She goes above and beyond her duty to make all of the residents comfortable and happy.

Foster child finds home

Garza County has received two good items of news this week!

First, Garza County has only one Foster child, "Carmen," who has been under the jurisdiction of this county for almost ten years, and living now in Plainview. Many counties have many children in protective custody, so it is good news that we have only one.

Second, at the age of 14, and after about 10 years of life in several foster families, Carmen will soon be leaving for a new, adoptive home in St. Louis. That is also good news.

The people of Garza County, and your Garza County Child Welfare Board, are trying to raise \$250 to buy Carmen some basic necessities she can take with her to her new home, things like clothes, and shoes.

Please send your donations to Margie Pennell at the bank, and she will deposit them in the Garza County Child Welfare Board account, and the people of Post and the area can help to send Carmen off to her new family with some fond memories of the people in her home town.

Senior Citizens News

Senior Citizens of Garza County are getting ready for the Senior Olympics. Already we are planning a dominoes and Forty-two tournament. If you are 55 years +, and want to enter this please be sure and come to the center and register.

The time hasn't been set for the tournament yet, but we have to have it in to SPAG before May 14. The olympics are to be held at the Tech Recreation Center on May 27th from 9 a.m. until 3p.m.

We have already chosen our outstanding Senior citizen for the year. She is our head cook at the center, Inez Grantham. We are really proud for her and we think she deserves this honor.

There are a lot of fun things going on at our center such as 80, 88, pool and other games. Some just visit, and watch TV, plus we have really good meals five days a week.

The Senior Choir has really been busy. We sang at Justiceburg during their revival. Heard a good message by Bro. Abe Hester. We then sang at Bro. Cook's church at his fourth Sunday singing. We

are to sing Thursday night at the Calvary Baptist church this week. I am sure we will hear a good message. They are also having a revival.

We have blood pressure check four times a month at the center, the first and fourth Tuesday and the first and third Thursday, so take advantage of this.

Also the hearing aid services are offered twice a month, one every fourth Thursday, by Randy Bracken of Belton and the other in Livingston hearing aid service usually on the first Friday of each month. We really don't know until we receive a letter from him.

There are a lot of different things to enter in the Olympics such as Billiards, checkers, horse shoe and washer toss, the one mile walk for men and ladies and a two mile walk also. Also baked goods, arts and crafts are entered and lots of others.

Come down and we will see what we can offer you. Just think this is at Lubbock this year, so Garza County should be well represented.

VA to provide training aid

Eligible veterans, spouses and surviving spouses may pursue high school training under the VA educational assistance programs, said the Director, Waco VA Regional Office.

Such persons can be reimbursed for the cost of tuition and fees, with no charge to their entitlement.

At their option they may elect to receive a monthly payment at the institutional rate — including additional amounts for dependents — with an appropriate charge to entitlement. This is an ideal opportunity for veterans to pursue a high school education under the GI Bill.

For further information, telephone the VA Regional Office at Waco, Texas. The toll-free number is listed in your directory.

Bartlett wins seventh place

Durwood Bartlett, who has been attending the Texas State Checker Tournament since 1972, came home Sunday tied for 7th place in the major division. Durwood finished the three-move checker games with 16 points, just 5 points under the winner who had 21 points.

The tournament was held in Temple Texas.

The limit for each game was set at 2 hours, and Durwood reported one game played lasted for one hour and 45 minutes.

Durwood received most of his experience playing checkers with the late Col. Roberts of Post, who encouraged him to begin entering in the competition.

Library Corner

Novels take the spotlight this week, all of them new and available at your Post Public Library.

Catherine Cookson tells the story of "Tilly Alone," as Tilly returns to England from Texas, where her husband has been killed in a Comanche raid. She takes with her the memory of the

promise she made to her husband never to remarry, and devotes her life to her two children, and their fight against the terror that follows them. John Cleary, in "The Faraway Drums" tells a story of romance, intrigue, and high adventure in 1911 British India. With George V on the way to Delhi to be crowned Emperor of India, an assassination plot must first be thwarted.

"The Parsifal Mosaic," by Robert Ludlum, is a more modern novel about agents, double agents, confused identities, and suspicion. Imagine being the wife (presumed widow) of a soldier Missing-in-Action, who suddenly receives a letter from her presumed-dead husband seven years later. When the US government refuses to acknowledge that he might be alive, Betty Dettimore's wealthy father finances an unofficial raid, and five men saved by Frank Dettimore before his capture, volunteer for the mission.

Finally, you'll be glad to know that the library has a copy of the 1200+ page "Reader's Digest Family Legal Guide." Most of these legal procedures the average family will rarely need, but they can suddenly become terribly important. Remember this helpful guide.

And remember that the Library Board is trying to find ways to spend over \$600 which Jim Cornish's friends contributed. Let us know your ideas.

One of the services offered by the Post Public Library is a film loan program. Every month the available titles change, but you may want to borrow a projector and one or more of the following films:

Band contest gains experience

Four bands participated in the first ever Band Contest held in Post over the weekend. The contest was held in the Middle School gym.

Judges for the event included Damon Ladd of Gruver; Isobel Briscoe of Vega and Bill Woods of Hardin Simmons University in Abilene.

Tahoka received a I rating; Post received a II; Tahoka received a II; and Morton received a III. Idalou was forced to cancel

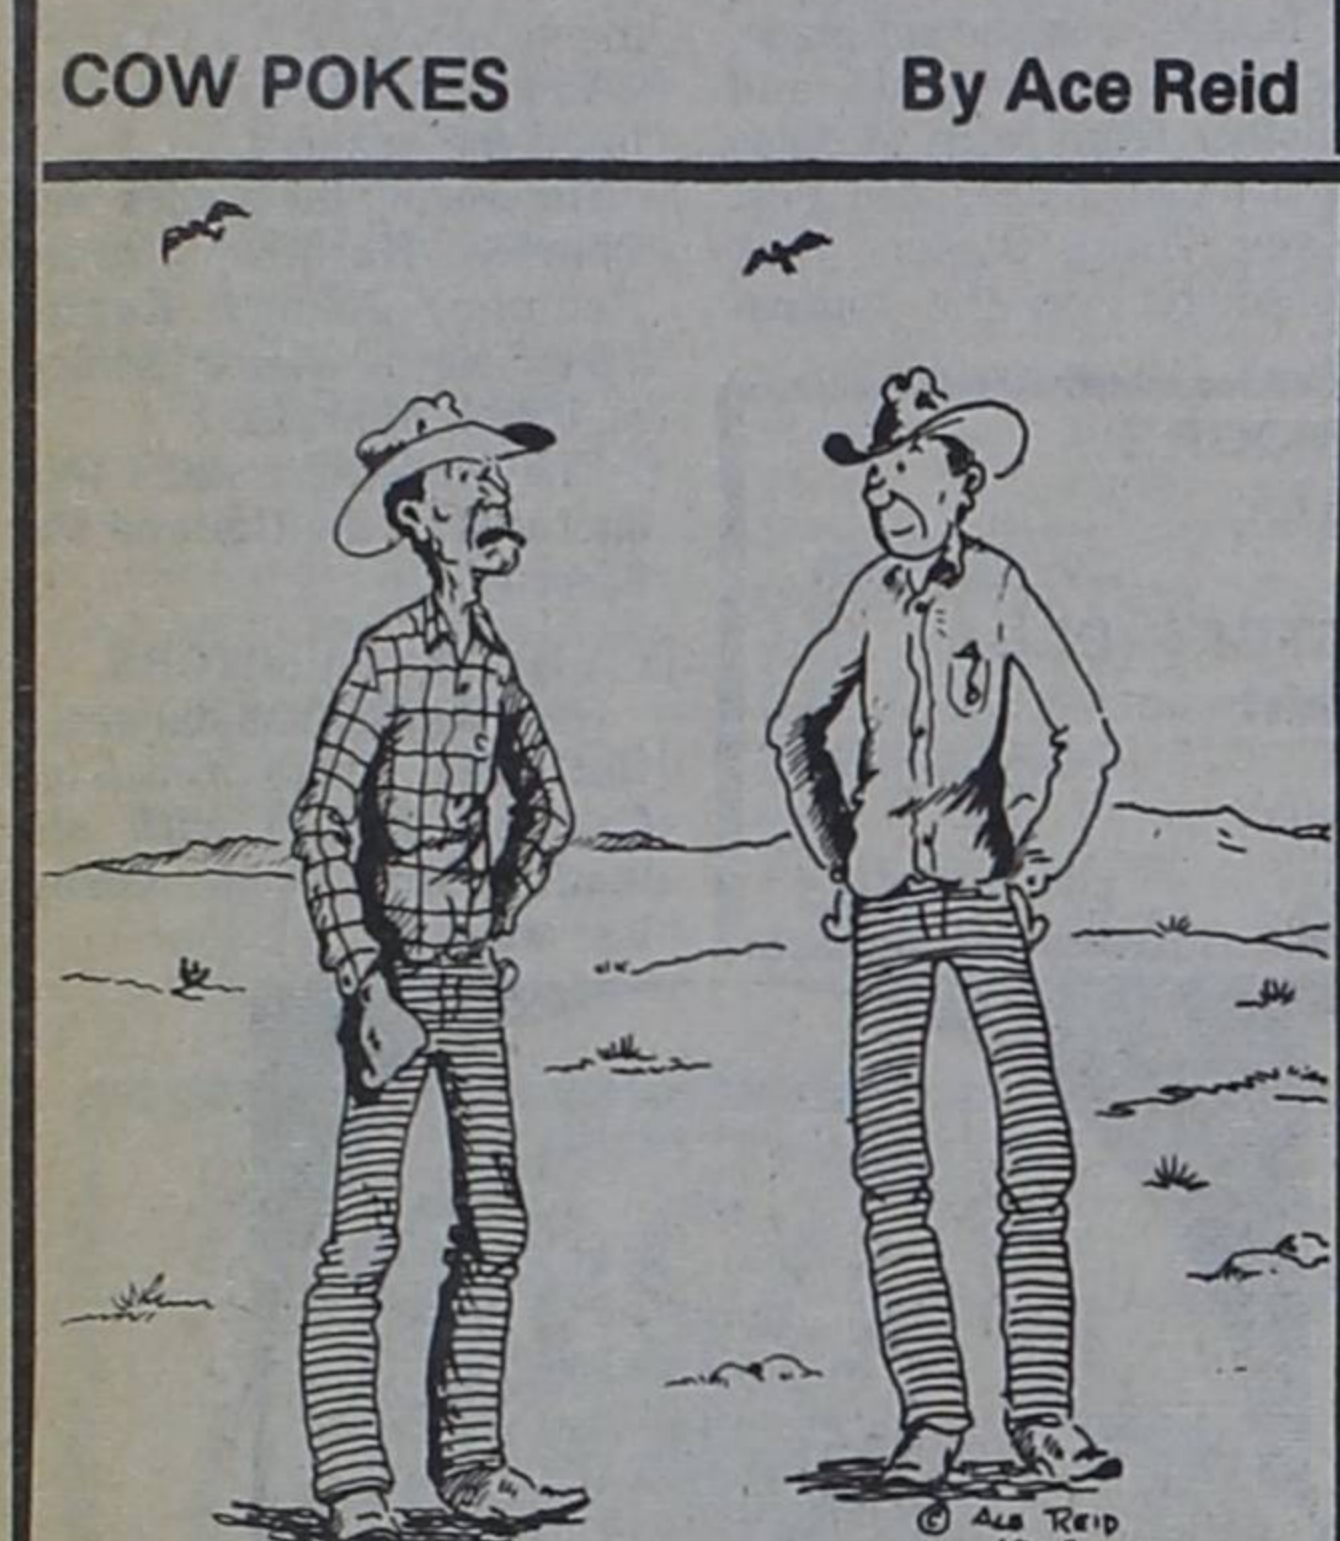

and could not participate. The contest was a practice session for the bands to prepare them for the upcoming UIL contests. Judging was stiff and can be expected to be the same in the future events. It was hoped this practice session would be a learning aid for the band members.

Steve Ladd, Post band director, stated he was very pleased with the Post band, as he was with all other participants.

Many owners of SPS common stock are also customers who live within its 45,000-square-mile service area. Twenty-nine percent of the total shareholders live in the southwestern part of the United States. Of this group, 80% live in Texas and about one-half of the Texas shareholders live in the area served by Southwestern Public Service Company, SPS has common shareholders in all 50 states, the District of Columbia and 12 foreign countries.

An energy-efficient electric water heater can save you money when installed close to the point of use. And, since the heater is glass-lined and fully-insulated, it keeps water hot longer. You can reduce the amount of water your household uses by filling the dishwasher to capacity before turning it on or by using the short cycle. Using your clothes washer only when you have a full load and taking showers rather than baths also can save money on water and electric bills.

Keeping track of the amount of electricity your family uses is easy when you know how to read your own electric meter. Many customers are confused by the four or five dials they see on the meter, yet reading the meter is not difficult and may help you budget for your monthly electric bill even before it arrives. For complete instructions on reading your meter, check the back of the envelope your electric bill comes in or contact your local SPS office for the free booklet "Reading Your Meter."

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

Town meet —

(Continued From Page One) Dewayne McQueen answered this one with the auditorium is 30 years old and the way the structure is built it is impossible to add on, thus settling for the renovation which would bring the facility up to UII standards.

The question was also asked if the added classroom space was really needed in the primary and elementary levels. Dan Rankin, principal gave an emphatic "yes." He stated that there are already 100 additional students than last year and classes are steadily growing.

The proposal of joining the two building together with the principal's office centrally located would pick up six new classrooms.

The multi-media learning center was also questioned as to the size and if needed that much space. McQueen answered that the center would only be two-fifth larger than the two present libraries and Rankin assured those attending that the center would be used by each child every week and that the use of the center would depend on the teachers imagination on how to use the center for the child's learning.

The building project if undertaken is hoped to be completed by the fall of 1983 and would be an approximate 10 month project, depending on when the project would be started.

Lott, in closing the meeting said that the school board had asked itself the very same questions raised during the meeting, had listened to various opinions, tried to cover the basics at every angle and this was the proposal they had come up with. He reiterated to those attending that the school board would meet in two weeks and a decision would probably be made at that time and anyone interested was invited to the board meeting, in fact he encouraged them to attend. He said any taxpayer or citizen has a right to attend the meetings and that he would like for them to feel free to attend any meeting at any time.

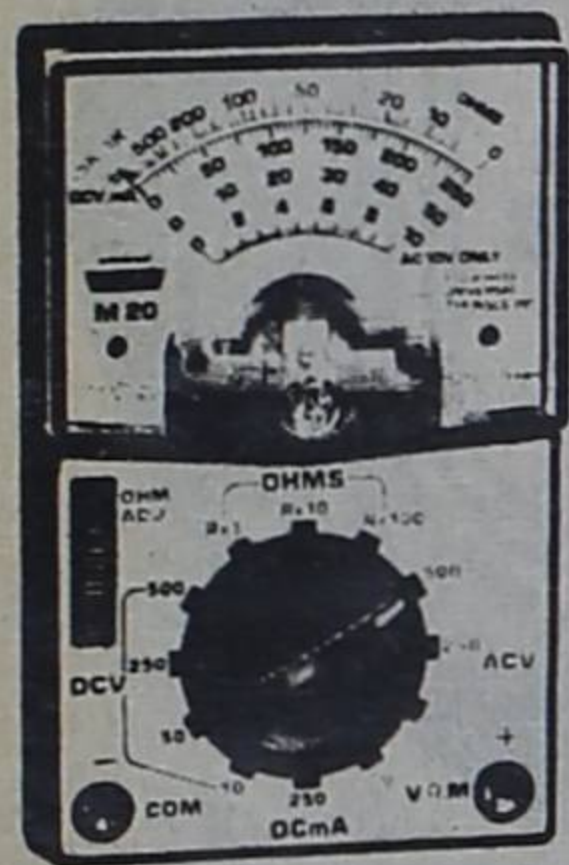

Richard Wagner invented the technique of leitmotiv, or "leading theme," in opera—a brief melodic phrase to symbolize the return of a certain idea, situation or person.
