

Collier's is burglarized for drugs

Approximately \$1,000 worth of assorted drugs, and approximately \$50 in cash was taken from Bob Collier Drug in a break-in sometime Saturday night. An undetermined amount of demerol and morphine was taken along with approximately 2,000 capsules of Pavobid. Entrance was gained through the back door of the establishment.

Week with several arrests and the recovery of two vehicles stolen over the weekend. One was a 1964 model Chevrolet belonging to Gabriel Romero taken August 14, from the Gulf Union in Post, and was recovered abandoned in Snyder. Officers also recovered a white over red 1978 Ford pickup 4 1/2 miles north of Post on 207, which had been stolen from Plainview, in Hale County. It was also abandoned.

On August 10, John David Turner, was arrested for possession of marijuana, and for driving while license suspended. He was fined \$118 in fines and court costs in county court.

Lennie Jay Drake, Ruben Storie, and Daniel Burnett Morrow were arrested for consuming alcohol in a dry area, and were released out on \$106 cash bonds.

Gary Gene Eaton was arrested for disorderly conduct, and released on a \$106 cash bond.

Albert Garza Quinonez was arrested for disorderly conduct and released on a \$106 cash bond.

Stephin Walker was arrested for public intoxication and possession of paraphernalia, and remains in county jail.

Herbert Arnold Golightly of Hale Center, was picked up in Post on a traffic violation, and when a check was run, found wanted in Hale County for issuance of bad checks. He paid off the checks and a fine in the amount of \$228.53 and was released.

Terry D. Greene was arrested for failure to

Services pending here

Funeral services were pending at Justice Mason Funeral Home Wednesday morning for Ed Landreth, 84, who died in the United Convalescent Home Tuesday evening, following a lengthy illness.

He was the father of Nuel Landreth, who preceded him in death September 16, 1980.

Survivors include his daughter-in-law, Mary Landreth of Post, two grandchildren, Nuel A. of Post, Pat McCowen of Snyder, and three great-grandchildren.

Two take tour on bicycles headed for Orlando, Fla.

They left Oceanside, California, July 20. When they arrived in Post, Monday afternoon, they were almost halfway to Orlando, Florida — riding bicycles. Mauricio Aviles and Noe Sias, both of La Puente, California, have averaged 67-70 miles a day on their trip across America. Between Las Vegas and Tucumcari, New Mexico, they pedaled about 120 miles in one day, finishing with the steep hill that leads into Tucumcari.

The pair, who have been friends about three years, both attended Mount San Antonio Community College in California, before deciding to learn something more about their country before opening the textbooks again. Sias is a native Texan, having been born in Brownsville almost twenty years ago. Sias also holds their current record for flat tires, with 10. Aviles, who

display a driver's license, and possession of narcotic paraphernalia, fined \$92 in fines and court costs.

Stephen Douglas Kidd was arrested for public intoxication and possession of marijuana, was out on bail bond of \$106 on the intoxication charge, and \$750 bail bond on the marijuana charge.

Young rites held today

Funeral services for Raymond Young, 80, were held Wednesday at the Post Church of Christ with Paul D. Jones, minister, officiating the service.

Young was dead on arrival at Garza Memorial Hospital at 4:30 p.m. Monday, after collapsing while working at the Garza County Courthouse with the Green Thumb Crew. Justice of the Peace Zora Robinson ruled death of natural causes.

Born Feb. 4, 1902 in Hays County, he moved to Grassland in January 1916 with his family to farm. He farmed and operated a grocery store until his retirement. Since that time, he had been with the Green Thumb Crew, and had served as Crew Chief for several years. He was actively involved in helping to restore the Algerita Hotel into the Senior Citizens Center.

He married Vivian Northcutt in Lynn County in December of 1922, and she preceded him in death on See Young funeral, Page 10

Stampede rodeo a great success

Pointing to this list of entries that could have covered one wall of the Rodeo office, Tommy Young estimated that almost 400 contestants had competed in the recently completed Post Stampede Rodeo, the largest field in several years.

Cliff Kirkpatrick of Post might have taken the distinction of the busiest cowboy, competing in the Bull Dogging, Calf Roping, and Team Roping. Tim Gradous of Snyder came from the nearest to win an event, with a 74 score in the Saddle Bronc Riding event. Ricky Clark of Big Lake and Mike Mitchell of Newcastle, with 64 and 60 points respectively, finished second and third. Seventeen other cowboys entered, but did not place in the event.

In the Bull Riding, 51 cowboys competed, with Dub Worthington of Jacksboro scoring 79 points to Craig Addy of Lubbock with 75 points. Tommy Brown and Swell Shanklin shared third and fourth place honors and money with 69 points each.

Of 56 calf ropers, John Stallard of Roswell had the best time, 9.88 seconds. Guy Miller of Lamesa placed second with a time of 10.10 and Joe Beavers of Snyder

Heaton rites held Tuesday

Funeral services for Davis Lee Heaton of Nocona, formerly of Post, were held Tuesday at 4 p.m. in Nocona. Richard Onfrey of Bowie officiated the services.

Heaton, a former employee of George R. Brown, was injured in a truck accident when the oil truck he was driving for Redman Backhoe Service, blew out a front tire causing the truck to overturn and catch on fire. Heaton was badly burned and was rushed to Parkland Hospital in Dallas where he died Sunday, August 15 from his injuries.

Born July 22, 1949 in Lubbock, he was the son of Mavis and Juvine Heaton. He married Janet Freeman in March of 1973 and they had made their home in Post until three months ago when they moved to Nocona.

Heaton was a popular 1967 PHS graduate and was very active in sports while in school. He was a member of the armed forces serving in Viet Nam.

Burial was in Molsbee Chapel Cemetery under the direction of Scott Brothers Funeral Home of Nocona. Survivors include his wife Janet of Nocona, one son, David Lane and two daughters, Ericka and Ada Natasha all of the home; his parents, three sisters, Mrs. Gayle Parker of Tahoka, See Heaton rites, Page 10

placed third with 10.56.

Two Llano cowboys, Jack Stephenson and Don Beasley won the Team Roping, with a time of 6.48 seconds.

Local contestants, in addition to Cliff Kirkpatrick, included L.D. Johnson, Steve White, John Hedrick, Steve Kitchens, Mike Macy, Russ Smith, Ben Ingram, Roy Don Henley, Jay Hart and Karl Hall, Richard Hart, Ken Young, and Ronnie Hart, Sam Whitley, Sid Hart, Noel White, and Mike Babb, and cowgirls Jana Terry, and Keitha Beth White. Freddie Lucero and Ef Fernandez and Joy Jean Terry of Southland also competed.

Commissioners discuss budget

Budget for the fiscal year 1983 was discussed with action to be taken after the final budget hearing August 23 by the County Commissioners Court during a regular session August 16.

A resolution was presented to the county court concerning the centralizing of collections in the County Tax Office, but no action was taken on the matter.

In an earlier meeting, August 9, Bryan Williams appeared on the behalf of Bryan Williams & Son Insurance to discuss the insurance for the county which is to expire August 24. No action was taken on the matter.

Upon motion by Commissioner Herbert Walls, the resolution approving the creation of South Plains Husing Finance Corporation was approved.

Requests were heard for allocations from the general fund with action to be taken

Edmond of Stratford took second, with 4.20 seconds. Jim Newsom of Pampa placed third with a time of 4.55 seconds.

Dollie Smith rites here

Funeral services for Mrs. Dollie May Smith, 82, of Post, are scheduled for today (Thursday) at 3:30 p.m. in the First Christian Church in Post.

Mrs. Smith died Tuesday morning in West Texas Medical Center in Abilene.

She had been a resident of Post for 40 years, and was married to M. S. Smith in 1916 in Florence, Texas. He died in 1971.

Steven Traw, minister of the First Christian Church officiated the service.

Burial was in Terrace Cemetery under direction of Hudman Funeral Home of Post.

Survivors include one daughter, Mrs. Evelyn Green of Garland; six sons, Leonard of Abilene, Willis of Garland, Leroy of Lubbock, Jimmy of Colton, Calif.; Billy of Big Spring, See Smith funeral, Page 10

tract bid was somewhat larger than the initial figure given when the plans were drawn, and following a lengthy discussion, the board finally agreed to approve the figure which includes several changes to the original plans. The contract is to be completed in 350 days, which will make the completion date around the beginning of school in 1983.

The construction includes the development of administration, classrooms and multi-media learning center and for the development of the existing auditorium to meet University Interscholastic League requirements for the Post Independent School District. The Primary and Elementary schools will be joined together by a multi-media learning center.

Plans for the development of classrooms and learning center for the Primary and Elementary buildings include relocating the principal and his secretary to a central location to serve both buildings. Principal Dan Rankin is in charge of both schools. It will also provide a nurses station with a restroom and shower, a sound proof testing booth, and cots for four to six children. The learning center will combine both existing libraries and audio-visuals into one space that will allow a variety of activities. The center is proposed to have 5,108 square feet that will provide an environment that will allow an increase in the expectation level of teachers and pupils and challenge them to be creative in developing their highest potential. It will combine an opportunity for indoor and outdoor learning.

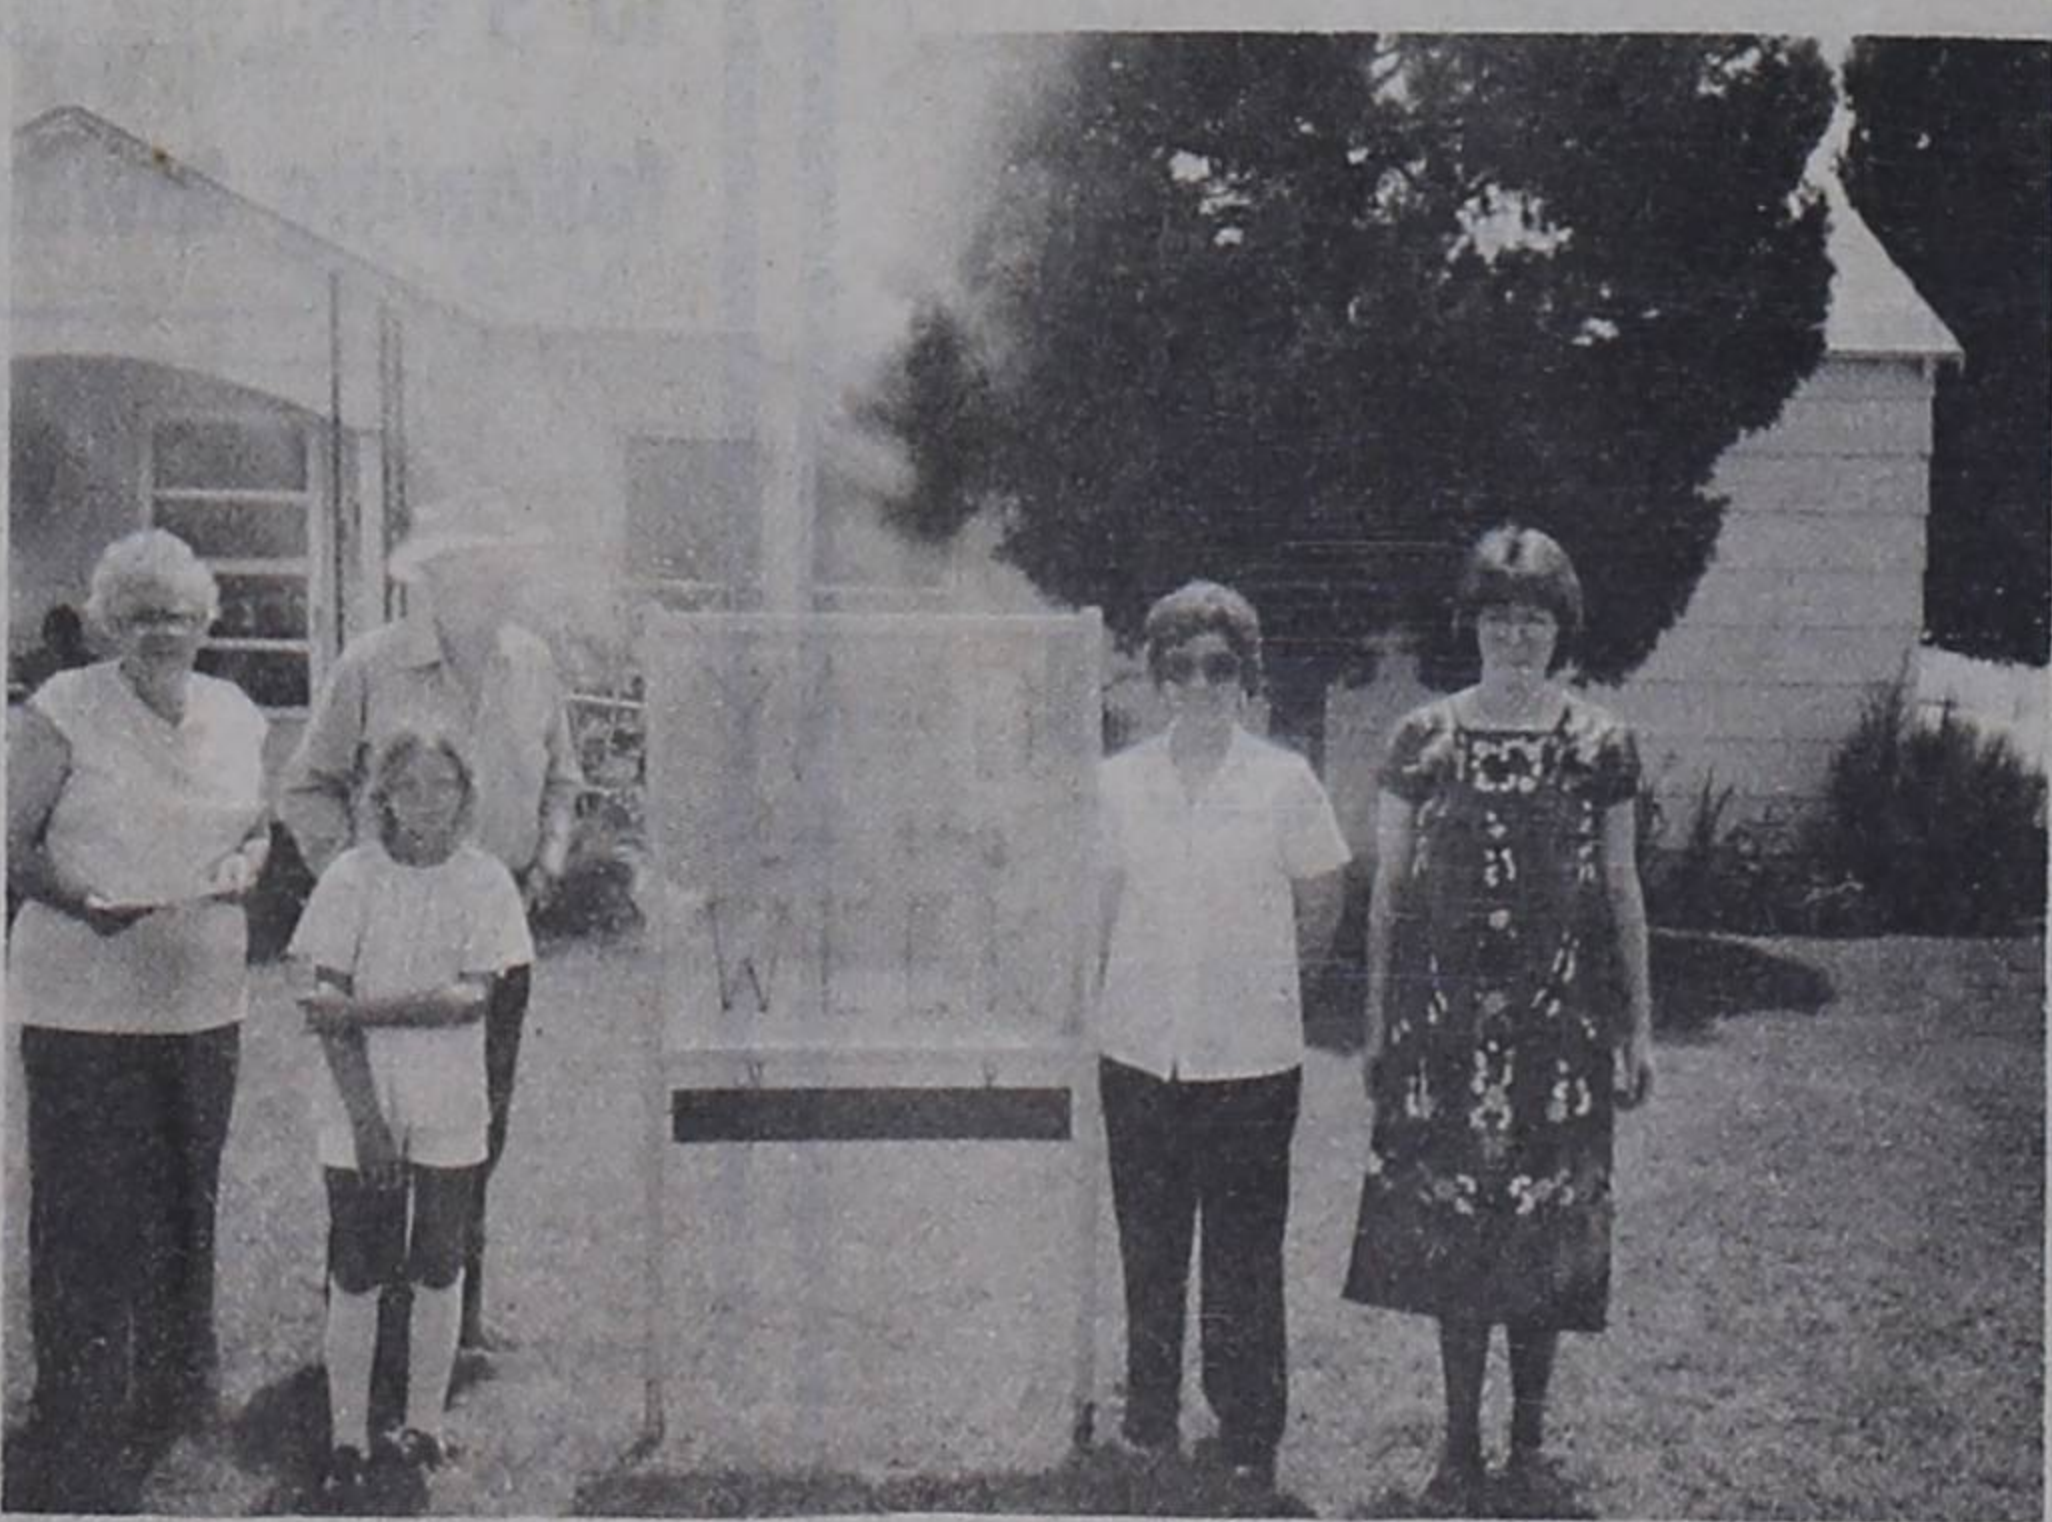

The existing classrooms with the existing principals office in the Primary building will be converted to reading rooms for small class instruction. The administration, classrooms and multi-media learning center, will be all new construction and will include 9,814 square feet and remodeling of existing space of 5,520.

The existing auditorium located in the Primary school will be totally redone with new seating, new stage area, new lighting, new sound system, and many new added features to the existing structure.

In other action, the school board also discussed the student lunch cost for the See Lunch costs, Page 10

did you know?

The steam-driven turbine rotor at Tolk Station, our new coal-fired plant near Muleshoe, Texas, whirls at such great speed that if it were placed on the highway, it would travel the 125 miles from Lubbock to Amarillo in about 6 minutes. Other interesting facts about the power plant, which began generating electricity in July: At the speed the main steam — which drives the turbine — travels through the pipes, it could finish the Boston Marathon (26 miles) in about 12 minutes. At maximum output the turbine produces about 728,000 horsepower. It can provide power for 5,430,000 hundred-watt light bulbs.

Jim Matthews, Generation Design & Construction Group Manager, Amarillo.

The primary fuel for Tolk Station is a low-sulphur, high-heat-value coal from the Black Thunder Mine near Gillette, Wyoming. Southwestern Public Service made the decision to buy this coal because the low-sulphur rating means we can comply with certain requirements of the Clean Air Act without installing extremely complex and extremely expensive pollution-control devices.

Leo Austin, Supervising Engineer, Roswell.

We'll turn things upside down to benefit our customers. Here's an example: We use a "rotary dumper" system to unload the railroad cars which carry coal to Tolk. The cars are unloaded one by one. Each is attached to a large wheel that literally turns the car upside down, pouring out the coal. The system allows us to use lighter weight coal cars. So our freight cost is lower, and so is the fuel cost adjustment our customers pay.

Jack Logan, Operations Superintendent, Muleshoe.

Allsup's stores in annual MS drive

Allsup's Convenience Stores will again participate in the Annual Muscular Dystrophy Fund Raising Drive. Allsup's Stores will be displaying the Muscular Dystrophy Collection Canisters in all of the stores in New Mexico, Texas and Oklahoma in order to help meet the goals of this worthwhile association, whose programs are funded almost entirely by private contributions, corporations and the Labor Day Telethon.

The Muscular Dystrophy Association is looking for cures and causes of a group of diseases, marked by progressive weakness and wasting of the skeletal muscles which control body movement. Neuromuscular disease can strike anyone at any age, they afflict an estimated one million Americans.

In addition to the "in-store" canisters, Allsup's will also be conducting the "Allsup's Doorbell Brigade." Area youngsters are encouraged to visit their local Allsup's Store on Sept. 5th and 6th and pick up a collection packet for the door to door campaign. After collecting donations for "Jerry's Kids" and returning them to the store, Allsup's will give the youngsters a free fountain drink of their choice. It's our way of saying thanks to the kids for caring.

From Jack Crow, Director of Public Relations, "Thanks to all of our customers for your generosity in this fight against neuromuscular diseases, and we at Allsup's are looking forward to working with

area youngsters to help the Muscular Dystrophy Associations."

Watch out for school kids

The summer vacation will soon be over, and thousands of youngsters will be starting back to school, many of those for the first time. Last year in Texas, the pedestrian death accounted for approximately 16 percent of our total traffic fatalities, several of these were school age children.

So, once again we will be seeing those big yellow school buses back on the streets and highways. The Texas Department of Public Safety wants to remind you that Texas law prohibits the passing of a stopped school bus that is loading or unloading passengers when the lights are flashing. If you are in doubt — stop — those few moments you lose may mean a lifetime to some youngster. None of us wants to be responsible for the death or injury of a young child so remember to slow down in the school zones in the mornings and again in the afternoons.

Just because most of the children will be in school, we must not forget the preschooler who will still be playing in the residential areas. Remember, slow down as you are driving through school zones, around buses, and in and around school areas. Drive as if you had a child there because someone has!

NEWS Of Education

The Future of Minority Engineering

Do you want to be a part of the minority engineering force of the future? Your chances may be better, thanks to the efforts of a national organization that works for the minority engineering effort year round.

Since the National Action Council for Minorities in Engineering began in 1980, its goal has been to increase the number of high quality minority students graduating from engineering schools. To achieve that goal, the organization encourages students to consider engineering as a career. It motivates high school students to study mathematics and science and channels them to engineering schools. Through an incentive grants program, it also offers financial aid to engineering colleges for qualified minority students and links them to jobs in private industry through its summer employment program.

Engineers are vital to the future of our economy. As technically trained professionals they will be in demand to help find solutions to the challenges of productivity, defense and a better life for all citizens.

FREE EDUCATION AND THE UNDOCUMENTED WORKER

On June 15, 1982, The Supreme Court ruled, 5-4, that Texas and other states must provide free public education for the children of undocumented workers — people in this country illegally.

Our current Lt. Governor, Mr. Hobby, was happy with the decision, praising it as the "only rational decision" the court could have made.

On the contrary, I think it was a wrong decision that defied both law and logic.

One of the principal underpinnings of an orderly society is that one should not benefit from breaking the law. All around the world, thousands of people stand patiently in line at our embassies, waiting for legal entry into this country. By its recent ruling, the Supreme Court told these people that, if they are smart, they will ignore our immigration laws, find some other way to enter, and then there's a good likelihood all manner of taxpayer-supported benefits will be open to them and their families.

We can all feel sympathy for people driven to emigrate by desperate economic conditions. And I believe we should be compassionate toward the children of undocumented workers who are here through no fault of their own. We have been told we must educate these children and we will: it is our duty.

But I am deeply concerned about the effect this will have on our school systems and the quality of education. We have only a certain amount of desks and dollars with which to address the problems of educating Texas' children.

The court was essentially establishing social policy under the guise of ruling on a constitutional question. The result was bad law and bad social policy. It should now be up to the Federal Government to help pay for the mess they have created by not properly policing our borders.

Morgage bonds available now

The Texas Housing Agency has announced that it has available Single Family Mortgage Revenue Bonds available for mortgage loans to finance acquisition of qualified owner-occupied residences in the State of Texas. Location of the residents must be within the geographic limits of the State of Texas.

Qualifying Mortgage Loans will be Conventional Mortgage Loans made to eligible borrowers whose adjusted gross income for the tax year 1981 did not exceed \$38,000 for families and \$30,000 for individuals and who have not had an ownership interest in a principal residence the preceding three years. In addition, residences financed by the loans in most cases must not exceed \$57,780 for new homes, and \$45,450 for existing homes.

Persons interested in participating in the program may contact South Plains Housing Finance Corporation at (806) 762-8721 or one of the participating financial institutions. The following is a list of participating

institutions, the contact person, and the telephone number.

Andrews Savings, Janice Porterfield, (915) 523-2595; Briercroft Savings, Curtis Beard, 747-5181; Lubbock National Bank, Kelly Minor, 762-8800; Mortgage and Trust, Wm. J. INSIGHT INTO EYESIGHT

DR. J. DAVIS ARMISTEAD O. D.

DOCTOR OF OPTOMETRY

EYE COORDINATION

When your eyes are working the way they should, they're both looking directly at an object with the same intensity and precision. But if they're not, there may be a problem in the muscles of one or both eyes.

Each eye has six muscles that control movement and position. They must be in good working condition to give you proper eye coordination. If there's a weakness or defect in any one of these muscles, your eyes are not getting the help they need to see well.

This can cause problems. Your vision won't be as clear as it should be. You'll probably be

putting extra strain on the weak muscles to try to bring them into line. This can cause headaches, fatigue, and sometimes double vision. It also affects your depth perception, your ability to judge the size of things seen at a distance.

To be in good health, you should be able to control all of your muscle movements including the muscles of your eyes. If you've noticed any weakness in your vision, it's time to have an eye examination.

Jamie Patterson, John McCowen wed August 13

Jamie Patterson and John McCowen were united in double ring ceremonies Friday, August 13, at 7:30 p.m. in the First Baptist Church in Richardson.

Dr. James Landes, of Dallas performed the ceremony.

Parents of the bride are Mr. and Mrs. James Patterson of Richardson, and parents of the groom are Pat Bilbo of Post and Joe McCowen of Caldwell, Tx.

The bride wore a formal length gown of ivory organza fashioned with a high Victorian neckline of scalloped Val lace, long slender sleeves with a lace ruffle accented the wrist. A deep oval lace yoke edged with a lace ruffle accented the princess line silhouette which extended into a full chapel length train. A deep ruffle of lace formed the hemline of the skirt and train. Seed pearls accented the yoke and sleeves. The headpiece was a camelot cap of matching lace holding a lace edged tier of illusion and a small blush veil.

Maid of honor was Charlotte Willis of Richardson, with Sharon Patterson of Richardson, Nancy McDonald of Post, and Patty McCowen of Post serving as bridesmaids.

Best man was Bruce Sanderson of Lubbock, with Rick Denzer of Lubbock, Ralph Griswold of College Station, and Matt Kitten of Lubbock serving as groomsmen.

Following a trip to Lake Tahoe, California, the couple will live in Denver City.

Couple honored on anniversary

Mr. and Mrs. G. L. Perkins were honored Saturday with a reception, hosted by their children, in honor of their 60th wedding anniversary. Hosts were Pauline Wilke of Post, and Rev. Edwin Perkins of Temple, Texas.

Guests were registered by the couple's great-granddaughter, Jennifer Wright of Lovington, N.M.

Mr. and Mrs. Perkins were married August 19, 1922 in Beaty, Texas. Mrs. Perkins was the former Myrtle Bingham. The couple has lived in Post for 40 years, and they have 5 grandchildren, and two great-grandchildren.

Out of town guests included Rev. and Mrs. Edwin Perkins of Temple, Mr. and Mrs. Virgle Justice of Dimmitt, Mr. and Mrs. Lester Keeton of Lubbock, and Mr. and Mrs. Jerry Wright, Jennifer and Christopher of Lovington, N.M.

The bride is a graduate of J. J. Pearce High, in Richardson and a 1982 graduate of Texas Tech. She is employed teaching Home Economics at Plains,

The groom is a 1976 graduate of Post High, and a 1981 graduate of Texas Tech. He is employed at Yoakum County State Bank in Denver City.

MRS. JOHN McCOWEN (Jamie Patterson)

Macee Mills honored on 2nd

Macee Mills, daughter of Mr. and Mrs. Larry Mills was honored with a birthday party in honor of her second birthday in the home of her grandparents, Mr. and Mrs. Mike Mitchell, Sunday, August 15.

Guests attending were served homemade ice cream, cake and punch.

Shedd-Barsuhn vows read in Garland

Staci Lynn Shedd and Bernhard Barsuhn were married in double ring ceremonies recently in Casa Linda United Methodist Church in Garland, Texas.

The bride is the granddaughter of Mr. and Mrs. R. E. Shedd of Post, and Mr. and Mrs. Guy Gearhart of Clayton, N.M.

Parents of the couple are Mr. and Mrs. Robert Shedd of Garland, and Mr. and Mrs. Hermann Barsuhn of Seattle, Washington.

Given in marriage by her parents, the bride was attired in a formal length gown fashioned of chiffon shirtnit in a diamond white tone. The fitted bodice featured a Queen Anne neckline edged with Venice lace, and capped sleeves. The pleated skirt flowed softly to the back releasing a chapel train, with shiffle lace edging the entire hem and train. She carried a

bouquet of white roses highlighted with small lavender flowers atop a bible.

Maid of honor was Cheryl Fore of Garland, with Melissa Worley, Kelli Kennedy, and Olga Mena serving as bridesmaids.

Best man was Steve Gange of Garland, with Kevin Kalinec, William Prince and Mike Shedd serving as groomsmen.

Larry Duval, Andy Shedd, Ricky Blais and Richard Beard served as ushers.

A reception followed immediately following the ceremony in the fellowship hall of the church.

The bride graduated from Lakeview Centennial High School in May, and the groom was a 1980 graduate of Lakeview, and is presently a Third Class Petty Officer in the U.S. Coast Guard.

Following a wedding trip to the Bahamas they will live in Mobile, Alabama.

Jacob worked seven years to earn the right to marry Rachel. Then he woke up the morning after his wedding night to find Leah beside him. Maybe you feel cheated by life. Maybe you wonder what to do next. The Presbyterians of Post will gather at 11:00 Sunday morning to worship the God of Abraham, Isaac, and Jacob, the God of Leah, and Rachel, and Christ. We invite you to join us.

Thank you to the group that sang for us Tuesday night, sure enjoyed it.

We sure enjoyed the movies and popcorn Friday, August 6. But the activity director had a hard time with the movies and the popcorn Friday the 13th. Everything went wrong, could it have been the day.

Our exercise group are having a lot of fun each afternoon at 4 p.m. We have exercise then we play ball.

Barbara Gossett and Barbara Ethridge gave clippers and Lester Nichols and Opal Rudd gave hair spray and tangle free to the home's beauty shop. Thank all of you who gave. We have a nice beauty shop in our home.

Our administrator Bobbie Eder had been on vacation. We know that she had a good time. She is back and on the job again.

The VFW ladies had our birthday party Tuesday. Cake and punch was served to all the residents and a card and gift to all that had birthdays. They are Eunice Porter, Winnie Henderson, and Albert Sparlin. Happy Birthday.

We welcome our new residents to the home, they are Albert Sparlin, Mrs. Guy Floyd and Mrs. Pearl Taylor.

Steve Cannon and Eddie Jeffcoat from Midway, Texas gave two sacks of cantaloupe to us. Thanks boys we sure enjoyed them.

Please don't forget on August 28th our yard sale that we are planning. If you have anything to give to us, please let us know and we will pick it up, if you will call Nell Mathews, 495-2848 or 495-3284.

READING CERTIFICATES — These children were on hand at the library last Thursday afternoon to receive their reading certificates. Fifty seven were enrolled in the summer reading program with 55 receiving their award. The program was held from June 7 through August 12. The theme for the summer reading was "Space Capers." — (Staff Photo)

**Labor Day raft
races in Lubbock**

Anyone who can paddle an inner tube or build a raft is eligible for the 4th annual Great Yellowhouse Canyon Raft Race on Labor Day in Lubbock's Canyon Lakes.

"We've had teams composed of club members, people who work together and father and son, and they would enter rafts from the simplest to the most outlandish," said Jim Un-

derwood of the Lubbock Parks and Recreation Department. "But they all had one thing in common. They all had fun."

Details for entering the raft races and the related canoe races are available at Texas Tech Recreational Sports Dept., Reese AFB recreation office, all Lubbock community centers and at the Lubbock Parks and Recreation Department, 9th street, and Texas Avenue. Out-of-town participants can receive entry forms by mail.

Canoe races in seven competitive categories will begin at 10 a.m. on Labor Day, Sept. 6. There is no entry fee for the canoe races.

Raft races begin at 1 p.m. with a shotgun start. Starting position will be based on a first-come first-serve basis according to registration which begins at 10 a.m. on the parking lot near the waterfall just inside Loop 289 west of North University Avenue.

Rafts can be entered in the inner tube class, either a single or in multiples supporting a raft, as well as the rubber raft class, including any inflated raft other than a rubber kayak. Then there is the open class. Materials must be assembled by the racing team. It may not consist of pre-fabricated or hand-built boats or canoes.

Awards will be presented for the rafts finishing first in each class according to the size of the racing crew. In addition, special awards will be given for the best performance by a raft entered by a civic club or non-profit group, by a business or for the best overall time.

The "Showboat" award will go to the best designed raft according to design, originality, theme and costumes. The raft with the largest crew to finish the race also will receive an award.

FIRST CHRISTIAN CHURCH

The blend of voices from our children amid those of the elderly at United Convalescent Home was a pleasing sound last Sunday afternoon. First Christian Church had the joy of sharing in song and devotion with the shut-ins at the Home. Their warm response to the children, songs, the Word and our being a part of their day was encouraging to all.

Next Sunday's message from Colossians chapter two contrasts the false teaching of legalism with the freedoms of the life in Christ. Today's believer is shown to be not subject to the Old Testament legal system in any way. Rather the all sufficient nature of Christ for every spiritual need is stressed in this epistle of the Apostle Paul.

Several are currently making plans for the annual Ceta Glen fish fry. This event will aid in generating funds for our Hi-Plains Area Christian Church Camp. They will be serving until 4 p.m. Sunday afternoon. This necessitates leaving church following the morning service.

Pastor Steven Traw, 495-3716.

73rd annual field day set Sept. 14

LUBBOCK — Research aimed at helping High Plains farmers make better management decisions about their crops will be demonstrated Sept. 14 at the 73rd annual field day of the Texas Agricultural Experiment Station (TAES) at Lubbock and Halfway.

The Texas A & M University High Plains Research Facility at Halfway, 14 miles west of Plainview on U.S. Hwy. 70 is the host this year, said Dr. Bill Ott, resident director of research for the Lubbock-Halfway centers. The annual program alternates between the two facilities, in cooperation with the High Plains Research Foundation.

Five major displays are planned on the tours of the research sites at Halfway, said James Bordovsky, research agricultural engineer and field day chairman. These stops will illustrate research being conducted in weed research, cotton breeding and variety testing, and cotton bollworm control; explain work on new management strategies, including on-farm computer application; and display a new multi-function irrigation system which will apply both water and chemicals through a dual nozzle system.

Also featured on the tour will be research on sorghum improvement, mite control, soil fertility, grain sorghum performance, and soybean evaluation. Farm machinery, irrigation equipment and other farm implements will be on display by area manufacturers and suppliers.

Tours will begin at 1 p.m. and end at 5 p.m.

The field day is a cooperative presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Extension Service and the Agricultural Research Service of the U.S. Department of Agriculture.

Professional staffs of these agencies will be on hand to answer questions and discuss problems with agricultural producers, home owners and gardeners, Bordovsky said.

Senior Citizens News

Senior Citizens of Post are really enjoying coming to their center where it is always nice and cool, and good lunches are served every day at 12 noon. Our utilities are still needing some donations, or get some kind of fund raising going until our new contract starts in October of 1983. We enjoy playing games of 42, 88, pool or just watching TV. Just having a good cup of coffee and visiting with one another we always have a real good time.

There is also blood pressure check offered to us four times a month, plus hearing aid once a month.

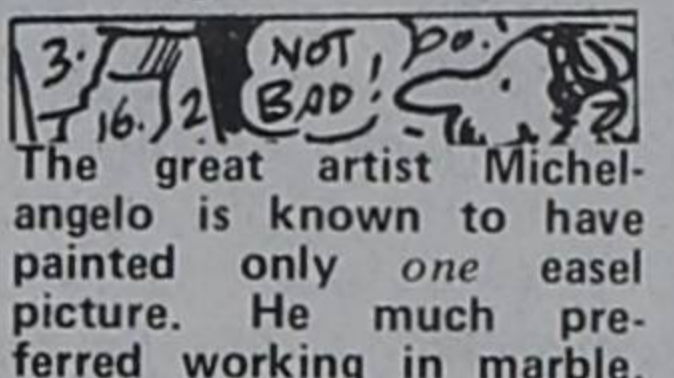

There will be another musical held at the Post Community Center on Saturday, August 21, due to a Fun night in Lubbock on our regular night. This fun night is sponsored by the City of Lubbock each year in August. We always have a good time. So please don't forget the musical there will be a lot of good entertainment for you. So don't miss it.

We have several of our regular members who have been on the sick list and our prayers are always with

you. Some of them have been in the hospital and some at home. Let's also remember our friends in the loss of their loved ones.

Project Council will be this coming Thursday, August 16. One of our very favorite persons who works for SPAG will be leaving to go to Germany with her husband for three years we will really miss her. She is Gayl Maring. Most of you Senior Citizens have met her. She had lunch with us this past Wednesday, as she was visiting all the centers before she leaves. Ours was her first one on the list so we feel quite honored by this.

We have thirty-two signed up to attend Fun night at Lubbock. This will be our biggest group ever to attend.

What's Happening in Home Economics

By MRS. CHERYL WALKER
County Extension Agent — Home Economics

Where can a person over 55 "getaway to" for three days and nights of fun-filled activities, learning opportunities, other lively, life-loving people, fantastic food and natural surroundings — with all the modern conveniences, and all for \$58.50? There may be many places in Texas that offer such fare but not many can match "Octoberfest". Four are scheduled this fall for September 21-24, October 5-8, 19-22 and 26-29.

Feature presentations will include: your nutritional needs with special diet consultation, plants in the home, communication skills and game cookery. Learning centers will offer a variety of "hands-on" experiences including miniature oil painting, pottery making and picture framing.

Some camps will have such additional centers as wind chimes, chair caning, homemade games, color and fashion, and selling the family farm.

Cards and table games, tennis, horseshoes and volleyball will be available at all times. Evenings will be filled with such social activities as sing alongs, dances and a cabaret where camp participants present

their talents.

Each camp is limited to 100 participants, so contact me for registration materials today. You can call the county extension office 495-2050 or come by for more information.

Getaway to "Octoberfest" — stretch your dollars and your mind.

Technology In Our Lives

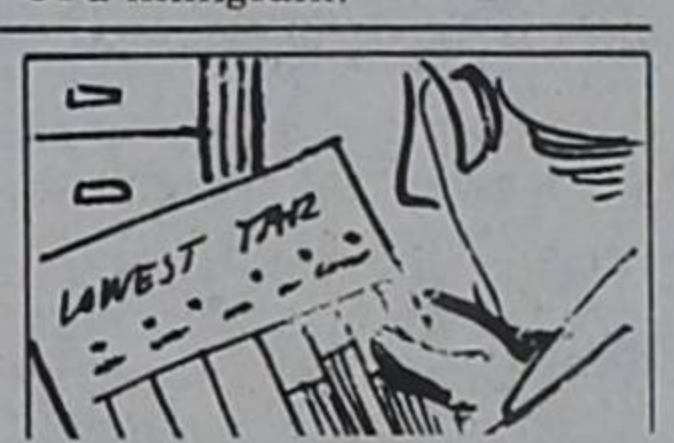

Testing For Tar

Thanks to modern machines and methods, the researchers at the Federal Trade Commission Laboratory are able to determine to within fractions of a milligram the amount of tar and nicotine found in cigarettes.

In the 18 U.S. Government Reports since 1970, no cigarette has ever been reported to be lower in tar than Carlton. In the latest government report, CARLTON king size filter in the hard pack box was reported at less than 0.5 mg tar, 0.05 mg nicotine. The manufacturer of the brand reports

even lower numbers on the package listing tar at less than 0.01 mg and nicotine at 0.002 mg per cigarette, which supports the position that Carlton is lowest.

Science and technology can do big things—even things as tiny as a fraction of a milligram.

Lunch costs —

(Continued From Page One) school year, and following a lengthy discussion voted 3 for, 2 against, and 2 abstaining, to lower the paying school lunch price to \$.40 cents straight across the school grades. Figures indicated that last school year, the reduced or free lunch rates amounted to

approximately 70 percent of the total number of students eating in the school lunchroom, leaving only 30 percent of school students paying the full price of the lunch. There will still be free lunches to those who qualify, but students who normally pay the regular price will be charged the same price as students who receive the reduced rate lunches.

Miss Lynn Ellen Borah was employed as Middle School Math teacher, Mr. David Asbill for the Middle School Science position, and Willa Didway and Patsy Byrd were approved as Title I teacher. Miss Margaret Phipps was hired for full-time Junior High Counselor, and will also assist in other parts of the school. She came highly recommended for the position.

A representative of Blue Cross-Blue Shield met before the board to present a new plan for the insurance program for the teachers and qualified employees. The board showed an interest in providing benefits for the teachers, and the subject was tabled for further discussion, and until a committee of teachers could be consulted on the program of insurance presented for the new year.

The tax collector's report was heard for the months of June and July, the June and July financial statements approved, the payment of bills approved, and budget changes heard and approved.

Davis rites in California

Funeral services for Elma Davis, a former resident of Post and employee of Postex Mills, were held Wednesday in San Pedro, California.

Mrs. Davis was the stepdaughter of Mrs. Lewis Pierce of Post. She married Monroe Davis in Lamesa.

Police report —

(Continued From Page One) The theft of a Chevrolet pickup wheel and tire, and a 3/8 socket set was reported at a residents one mile east of Close City.

Lorene Halstead of Amarillo reported the theft of her wallet from her purse which was left unattended at the Post Dairy Queen.

Energas Company also reported a broken window, with damage estimated at approximately \$400.

Funeral held —

(Continued From Page One) May 29, 1980.

He was a member of the Church of Christ. Burial was in Terrace Cemetery under the direction of Hudman Funeral Home of Post.

Survivors include one brother, Ray of Post, and one sister, Linnie Sanders of Lubbock.

Bicycle trek —

(Continued From Page One) can Southwest, Sias joked, "I miss the smog of the Los Angeles area. It's terrible when you can't see what you're breathing." Though they weren't in top shape when they left home on their trip, they quickly shaped up for their cross-country jaunt. They talked proudly of a 1600' climb in three miles near Flagstaff, when they didn't walk their bikes at all.

They have met some interesting people on the way. They caught up with a biker who was trying to pedal from Los Angeles to New York in ten days or less. Thier most terrifying moment came north of Floydada when the driver of a cattle truck refused to yield any of the right hand lane of that narrow road to them, and then threw a bottle in their path, evidently hoping to puncture their tires. If you see the pair as

they make their way to Sweetwater, then Coleman, Austin, and on to Orlando, they ask that you wave, but don't honk, unless you are pulling a 14' wide trailer and need the whole road to get by them.

Why Orlando? Because they had seen Disneyland many, many times, and wanted to see the East Coast version, Disneyworld. And how will they get home? With the cheapest bus tickets they can buy.

Though they are prepared to camp out, they have preferred to pitch their sleeping bags under friendly roofs. They have actually had to pitch their tent only twice. "It's especially hard to find a place to stay in the larger cities." They gladly pay for their own meals, and "don't want to free-load" on anybody, but do appreciate the welcomes they have found in little towns all along the way.

OS events —

(Continued From Page One) service and the art exhibit; 12 noon, barbeque and Johnny Gimble, and at 1:30 p.m. the steer roping and finals in the cutting horse contest.

The newest addition to the line-up of events is the Triple Feature Auction to take place Friday evening during the Preview Art Party. A new concept for the OS Ranch event, the Triple Feature Auction will include 10 pieces of collector's art donated to the West Texas Boys Ranch, 10 Quarter horses, and 10 longhorn cows. The art will be made up of five oil paintings and five bronzes. The inclusion of Texas Longhorns, an old Texas tradition, will add a spark of Texas history to the event.

On Friday night, Kay Sewell had the fastest time of the evening and the three nights, 17.55 to take first place honors back to Portales, N.M. Joy Jean Terry of Southland finished second Friday night, with a time of 17.92. Pam Davis and Sherry Hibbert shared third and fourth place with identical 18.08 times.

A large field of 23 cowgirls competed Saturday night. Kay Sewell took first place honors for the second night in a row, in 17.86 seconds. Kelly Marry of Tularosa, N.M. circled the three barrels in 18-seconds flat, and Diane Price of Stephenville and Mandy Terry of Snyder tied for third place with times of 18.25 seconds.

Tom Bouchier was introduced each evening as the Grand Marshall for this year's Rodeo Parade. The annual Post Stampede Parade wound its way through Main Street, Thursday afternoon. Judges selected Palmer's float the first place winner. The EMT's with a MASH theme placed second, and Sioux Lodge took third place.

Lubbock Riding Club took first place honors in the Senior Division, followed by the West Texas Raiders and the Brownfield Club. In the Junior division, the Lubbock Rangers won, followed by the Scurry County Junior Riding Club. Kembra Kemp was selected the most typical cowgirl in the parade, and Rusty Workman garnered the honor for the most typical cowboy.

In the bicycle division, D'Linda Bassinger won, followed by D'Wayne Cherry, and Chad Kirkland.

LETTER CARRIERS

Most people think letter carriers just deliver the mail. As a result of their work, however, they are often the first to arrive at the scene of a fire, an accident, a crime. Repeatedly, these public servants respond intuitively, selflessly and heroically.

One organization, the National Association of Letter Carriers (NALC) annually acknowledges outstanding letter carriers across the country who typically perform selfless deeds for their communities.

Carson Bailey, a letter carrier from Portland, Oregon, was selected as NALC 1982 Hero of the Year for repeatedly saving lives and assisting patrons on his route. During his 17-year career, he aided a heart attack victim, prevented one person from serious harm during an epileptic seizure and brought another one out of a diabetic coma.

Most recently, Bailey was summoned out of his mail truck and into a house by an excited group of residents on his route. When he got inside, he realized why—a woman was having a baby. After delivering the child and calling an ambulance, Bailey continued delivering the mail on his route.

Another heroic carrier is Chuck Randall, of Carmichael, California. He recently received a Special Achievement Award from

the Postal Service for his daring rescue of a young boy who was frozen to a high voltage wire on a rooftop.

As Randall approached a house on his route, the boy—who was playing on the rooftop—grabbed a 230-volt wire with one hand and an antenna lead wire with the other, grounding himself and unable to free his hand from the line.

Randall grabbed an aluminum ladder from a nearby pool and climbed up to the roof. Positioning himself behind the boy, he pulled him loose. Once sure the boy was unharmed, Randall went on with his rounds.

Other commendable carriers include John Kuba of San Francisco, California who saved a woman from a burning building and Stephen Shea from Illinois whose quick action helped police arrest two suspects shortly after a burglary.

Heroism is all part of a day's work to many letter carriers, to whom community service is a contribution made in the course of their daily duties.

High Blood Pressure

And Your Survival

Facts Checked By Experts
At Smith Kline And French Laboratories

How Is Blood Pressure Lowered?

There are many good drugs to lower blood pressure. And your doctor will prescribe what he feels is best for you. Many doctors will tell you to take "water pills." These pills help rid the body of too much salt and water. This makes it easier for the blood to move through the body. And the heart does not have to pump as hard.

There are other medicines your doctor might prescribe for hypertension. Some bring blood pressure down by working on the blood vessels. Others slow down the heart. Whatever your doctor tells you to take will only work if you take it as you are told.

Many people forget to take their medicine. Some people just take it when they feel bad. Others stop taking it because they feel okay. This is dangerous. Your blood pressure can go right back up to where it was, or higher, and cause serious damage.
