New Cable TV Ownership Plans Changes

Don Mansell of Star CATV Investment Corporation met with the City Council during its regular session Monday night and told them that his company is in the process of buying the Omni system, which currently provides Post with its TV cable service.

With its main office in Waxahachie, Mansell told the council that he had hoped to transfer the present franchise from Omni to Star until he learned that the council was unhappy with the present franchise with Omni and had no objections to rewriting the franchise.

He presented the council with background information about himself and his company and said that his company presently owned 60 systems throughout Texas and Louisiana and hoped to purchase the 22 systems from Omni.

He explained to the council that the present cable system in Post now has two systems on the poles, that High Plains Cablevision, under Omni had installed new lines last summer but there are no electronics in the lines.

Mansell assured the council that his company would do everything possible to make the new lines operational with capabilities to carry 52 channels in the future

and would redesign the present system just a bit in order to add Channel 34 of Lubbock immediately.

He explained to the council that the most difficult changeover would come when lines to each home in Post would be changed over to the new system. No problem would exist in hooking up the new lines, Mansell said, it would just be time consuming when it came to the homes.

He assured the council that the 52 channel capability could be completed in 45 days and volunteered to put up a \$10,000 performance bond to assure the job would be done in that time period. He also said he hoped to be able to add another pay program, possibly two or three and could get started as soon as the council okayed the changeover of franchises.

Mansell also told the council that the same rates would apply as now exist with High Plains Cablevision.

Jim Jackson, councilman, asked if he anticipated any future rate increase and Mansell replied that he could not guarantee a need to raise rates, but not at the present time.

He was also asked if he would have a man stationed here for complaints with his reply being that they would provide the very best service possible, and would correct complaints within 48 hours.

Everyone in the city limits of Post would also be added to the cable if they so desired, Mansell explained, and that it was also possible to add customers outside the city limits for a short distance, if enough customers signed up to receive the cable in a particular vicinity.

A civil defense system was also discussed to be added to the new system.

Harvey Morton, city attorney, told the council that he had called four random cities that now are on the Star System and received good reports from all cities involved.

Mansell said in his closing statement that each school would be provided with one free cable outlet as would any public building.

The council voted to accept the new franchise with Star CATV Investment subject to the approval of attorney Morton, with the motion carried.

Mansell told the council that he hoped all transactions would be final by April 1.

LaGrasta at Banquet

Texas A&M University assistant coach Dan LaGrasta will be the featured speaker at tomorrow night's Post Antelope Football banquet.

Coach LaGrasta, on-campus recruiting coordinator at A&M, volunteered to fulfill the speaking engagement following a scheduling problem for R.C. Slocum, who had earlier accepted the Booster Club invitation.

Coach LaGrasta has been at Texas A&M since 1971, and was athletic director and head football coach at San Angelo Central High School before moving to College Station.

He is a 1955 graduate of North Texas State University, where he played at offensive and defensive end, guard and linebacker during his collegiate career.

The Antelope Football Banquet opens at 7 p.m. in the Community Center and is designed to pay special recognition to the 1982 Post Antelope Area Championship team.

Tickets may be purchased at the First National Bank or at The Post Dispatch for \$7 per person.

'Citizen' Deadline

Nominations for the Outstanding Citizen of the Year must be turned in to the Post chamber of Commerce office or mailed by no later than Monday, Feb. 14.

A form can be found in today's Dispatch which can be filled out and mailed.

The outstanding citizen will be announced during the annual Chamber of Commerce banquet to be held Monday, Feb. 28 and will be presented with an engraved watch presented by the First National Bank.

School Board Feb. 17

The School Board meeting has been postponed until February 17. It will be held in the High School Library at 7:30 p.m.

Library Board Thurs.

The Post Public Library Board will meet Thursday, Feb. 10, at noon in the Post Public Library.

'Grandparents' Pages

The popular "Grandparents Brag Pages" will be published in The Post Dispatch Sunday, Feb. 13...just in time for Valentine's Day, which is Monday, Feb. 14.

Last year almost 90 grandparents published photos of their grandchildren for the Valentine special.

The deadline for this special Valentine edition is Thursday, Feb. 10 at 5 p.m.

Pancake Supper Feb. 17

The annually popular Rotary Pancake Supper will be held Thursday, Feb. 17 from 5:30 to 8 p.m. in the Community Center.

Plenty of delicious pancakes with trimmings will be offered in the fund raising event.

Pancake supper tickets are \$2 for adults and \$1 for children under 12 years old.

Tickets may be purchased from any Rotary member.

Farm Bureau Help

The Post Fire Department received a check for \$150.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Michael Hadderton.

The money will be used for their equipment fund.

The Texas Farm Bureau Insurance Companies pay fire departments this amount when the departments works at a fire in rural areas, involving property insured by them.

The Insurance Company believes fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Post Fire Department in their program.

Monday's City Council Meeting

Fire Department Requests Equipment

Fire Chief, Delbert Rudd, met with the city council Monday night to ask for new grass fire fighting equipment. Rudd explained to the council that the Volunteer Fire Department had been using surplus Army trucks for the last 11 years and that each truck had already had at least two motors each and that parts were literally obsolete.

He explained to the council that the department had two trucks down at the present time and with the grass fire season fast approaching, something needed to be done immediately or else use the new pumper.

The council voted to advertise for bids with bids to be opened during the March meeting.

Rudd assured the council that if a new truck could be bought, anything serviceable off the old trucks would be utilized on the new truck.

Jack King, president of the First National Bank, presented the council with a bid on the city depository over a two year period, with the council voting unanimously to accept the bid.

City Manager, Becky King asked the council for permission to hire a part time animal control officer for 15 hours a week or three hours a day on a trial basis and do away with the present dog bounty. She suggested the pay scale at \$3.35 an hour. She noted to the council that several valid complaints had been received by the city to dogs being a nuisance in neighborhoods and something had to be done. The council did give their permission on a trial basis.

Loucille Morris and Christy Morris was designated by the council to act as election judge and alternate during the spring elections to be held April 2 in the community center. The judges will have the option of hiring up to four clerks to help with the

election.

Mayor Giles McCrary, Councilman Bill Pool and Councilwoman, Maxine Earl terms are expiring and candidates for these positions must file by March 2.

In other council action, amendments to the '82-'83 budget were made when requests from the local organization of EMTs and Trailblazers were made in the amount of \$1,000 each. The request from the EMTs was approved with Jim Jackson abstaining from voting. The request from the Trailblazers was approved pending clarification from the donor of the \$1,000.

Law Enforcement Officers Continue Robbery Investigation

Garza County Sheriff's officers were kept busy this week, following the burglary of two Post businesses, and several other incidents involved with the burglary. Officers reported that arson was suspected in the fire at the Hitching Post, and also an attempted arson at B & B Liquor was investigated.

On February 4, between 7 and 7:15 p.m., a motorist from New Mexico pulled into Jackson Cafeteria to go inside and get some food to go, being gone only about 15 minutes, and upon returning observed a maroon car pulling away, occupied by two males. Upon entering his vehicle, he found his CB radio, a 22 caliber rifle, an Igloo cooler, 8-track tapes and a kerosene heater were missing. The articles were valued at over \$300. Officers are investigating the incident.

Five cars, parked at the Caprock Gulf Station, were damaged when the tail light lenses were broken out of the cars parked on the lot.

The council was also notified by city attorney Morton that legal notices for oil and gas leases which recently ran in the Post Dispatch differ in form from other legal notice requirements that have been published and a new form advertising for bids will appear in Sunday's Dispatch with the opening of bids reset for March 7.

A public hearing for a drilling permit application from George R. Brown was set for noon February 14.

Before adjourning, the council voted to approve the minutes of the previous minutes and paying of the bills.

Officers on routine patrol discovered a window in the south door at the High School broken out, but entry was not gained.

Arrested Feb. 1, was George Maxwell Boudreau, on a warrant for assault and is out on \$200 cash bond.

Jerry Solis was arrested Feb. 3, for carrying a prohibited weapon on premises licensed to sell alcoholic beverages. Bond was set for him at \$50,000.

Richard Lee Tanner was arrested Feb. 3, for carrying a prohibited weapon on premises licensed to sell alcoholic beverages, his bond was set at \$2,500.

Ricky Don Mendieta was arrested Feb. 4, for DWI and was out on \$750 bond.

FAA Denies Airport Funding

The Federal Aviation Administration has notified Post city manager Rebecca King that the application for federal funding for improvements at the Post-Garza County Municipal Airport has been denied for fiscal year 1983.

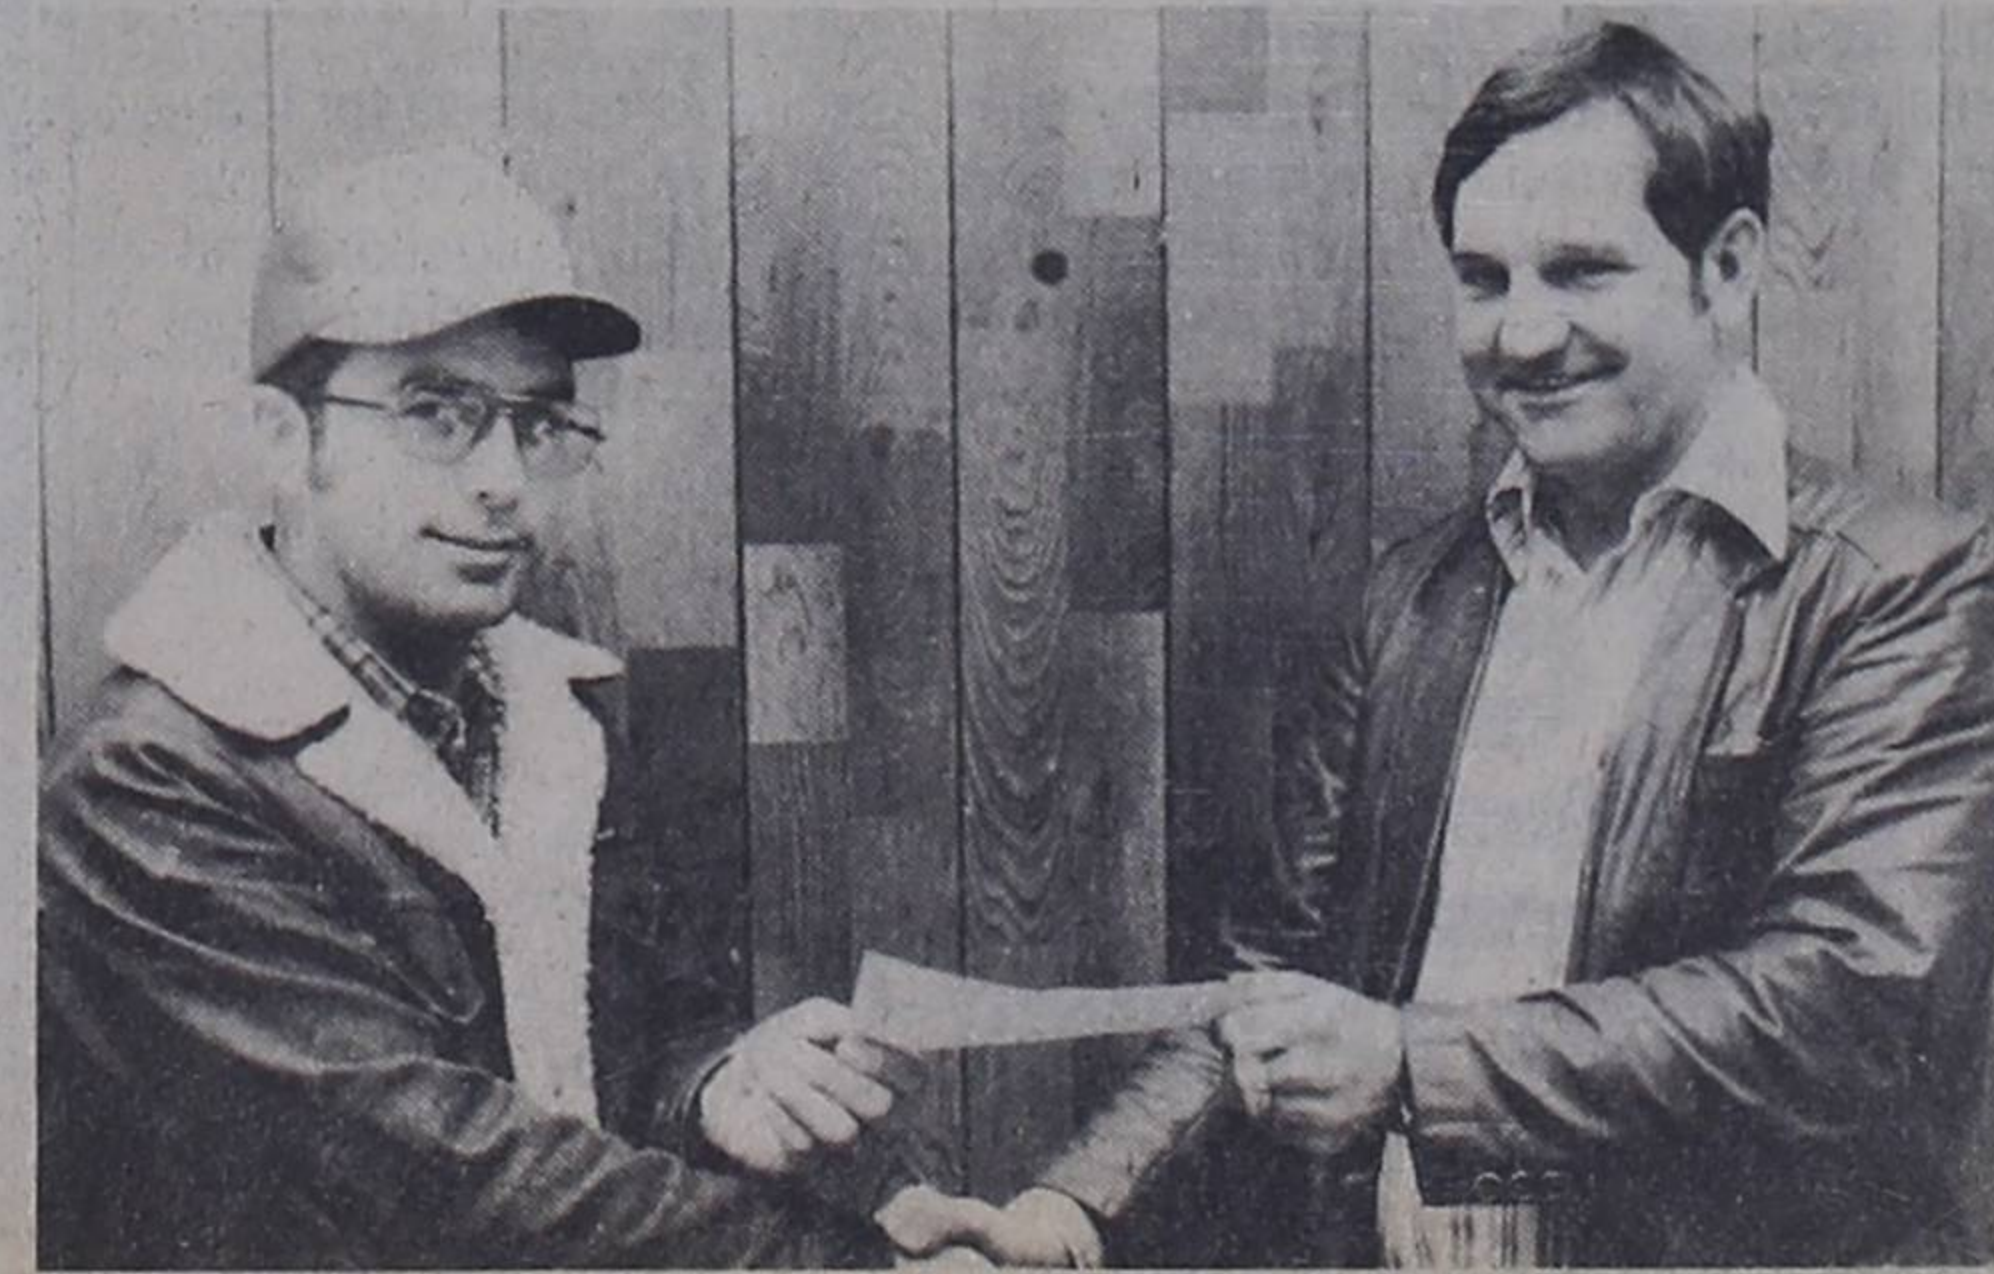

"Our applications for funding in this program far exceed the money available," Bill J. Howard of the Airports District Office in Albuquerque, N.M. said in his letter.

"We will retain your application on file and consider it as additional money becomes available," the airports district office manager added.

STATE CAPITAL HIGHLIGHTS

 TEXAS PRESS ASSOCIATION

AUSTIN—Amid amazingly little fanfare, the Texas Senate approved 29-2 the confirmation of Jack Pope as Chief Justice of the Texas Supreme Court.

The lop-sided vote was a stunning victory for Pope, whose lame-duck appointment had been threatened by a bloc of senators who wanted Gov. Mark White to name his own chief justice.

White, himself, chose not to take sides, even after 14 senators wrote a letter two months ago to then-Gov. Bill Clements asking him not to appoint Pope.

Of the 14 who vowed to "bust" whomever Clements named, only Sens. Craig Washington and Chet Brooks keep their pledge, voting against Pope last Thursday.

The fact that Pope came from behind, so to speak, to an almost unanimous win in a sticky political situation, reflects the respect that the 69-year-old jurist carries in Austin.

A life-long Democrat and member of the High Court since 1965, Pope was never opposed because of credentials, only because some Democrats did not want Clements to make the appointment.

Pope told senators after the vote that he had no ill will against the 14 signers. In fact, that letter prompted Clements to seek to appoint a conservative Democrat who would be tough to bust, and the trail led to Pope. He thanked the 14 for being a factor.

The Senate
 A day earlier, the Senate passed and sent to the House a bill abolishing lame-duck appointments.

The bill prohibits a governor from making appointments between an election day defeat and the day he leaves office.

A Senate committee also approved without dissent a ban on "cop-killer bullets", or Teflon bullets that can pierce armor plate.

Law enforcement officers testified that while bullet-proof vests stopped non-coated bullets, Teflon bullets

went through an 18-layer vest and halfway through a telephone book behind it.

Larger caliber bullets went into three telephone books, and could easily penetrate a car door.

First Law Signed
 Governor Mark White last week signed into law his first bill, the first legislation passed this session: the closing of a loophole that allowed companies to avoid competing for oil and gas leases on state land.

Land Commissioner Garry Mauro sought the emergency legislation to get rid of a law which lawmakers thought they had wiped out 44 years ago.

The provision allowed oil companies to get a prospecting lease first, then return smaller royalties to the state than other companies.

Mauro said 25 firms tried to "squeeze through" at the last minute when the loophole drew publicity, but he threatened to release their names to the press unless they withdrew their prospecting applications.

The House
 House Speaker Gib Lewis showed signs last week of retreating on a highway lobby proposal to increase annual car license fees.

Lewis earlier agreed to pursue the idea, but said last week he was not committed to support the legislation.

The fees on some cars would have increased five-fold, under the original proposal.

Jim Hightower
 Ever-colorful Agriculture Commissioner Jim Hightower, who faces a budget battle with conservative legislators, said his first month on the new job was "kind of like

How wrong can you be?
 The June 1879 edition of Scientific American magazine contained this observation: "Six months ago popular attention was stongly drawn to the development of the electric light, and a panic prevailed among the holders of gas stocks. That flurry has blown over. The electric light has not fulfilled its promises."

trying to sack bobcats."

Hightower wants to create a network of farmers markets in Texas, similar to programs in other states. His idea is to cut out the middle men to benefit both growers and consumers.

In fact, he has hired the fellow who apparently set up a successful program in Tennessee, one John Vick.

He is also seeking experts to open up foreign markets for U.S. farm products, especially in Third World markets.

The increase in marketing personnel is the biggest expense in his proposed budget, but he points out that Florida spends more on its oranges than the Texas Agriculture Department's entire budget.

New Insurance Commissioner

Last month, Austin Mayor Carole McClellan was touted as the woman who would be "the housewife" that White would appoint to the Public Utilities Commission. But McClellan, who previously was president of the Austin school board, was figured to have too much political savvy to be passed off as a housewife.

So last week, White named her instead to the State Board of Insurance. She replaces outgoing Durwood Manford of Smiley, who is retiring after 42 years of public service.

McClellan was also said to be influenced by the rising support in the Legislature for a bill making utilities commissioners face election.

Bacteria work fast

Food-poisoning bacteria thrive in warm temperatures if foods are not handled properly, and given enough time — 2 hours or more — can cause food poisoning with its attendant nausea, dizziness, abdominal cramps and diarrhea. Symptoms can begin as soon as several hours after a meal and may last one to three days.

High Plains Farmers Invited to Seminar

High Plains farmers who are interested in learning more about cutting operating expenses, increasing profits, and reducing soil and water erosion are invited to attend a Conservation Tillage Seminar at Hereford, Texas, February 9-10, 1983.

Dwaine Binford, district conservationist for the USDA Soil Conservation Service at Post, said the meeting will be held at the Bull Barn in Hereford starting at 9 a.m. both days. Attendance is free.

"The meeting will feature farmers who are using conservation tillage farming systems as well as speakers who will discuss the use of herbicides, computers, and other related technology," said Binford. "Several kinds of conservation tillage equipment, including planters, sweeps, and chisels, will also be on display."

On the afternoon of February 10, there will be a demonstration of conservation tillage equipment on a farm near Hereford.

The seminar is sponsored by the Tierra Blanca Soil and Water Conservation

'Sheep eat men,' peasants complained

"Sheep eat men." That was the 17th-century complaint of English peasants dispossessed when common land was enclosed for private pastures.

Today, worldwide, some 600 million tons of cereals are fed to animals each year, an amount that could feed 2.5 billion people — more than twice the number in poverty.

Librarian Gives Yearly Report

Librarian Pee Wee Pierce reports that 661 books were checked out during the month of January, a slight decrease from

the pace of last year when over 10,000 books were checked out by Post readers.

Thirty-eight new volumes were added to the shelves, and the computer was used 29 times.

Among the books you may not have heard about were titles like "A Woman's Golf Game," by Shirli Kaskie, which offers techniques and tips from pro golfers, and the lavish biography of the late Grace Kelly entitled "Grace: The Story of a Princess." The book traces her childhood in Philadelphia, her career, the Grimaldi family of Monaco, her fairy tale wedding, her life as monarch and mother, and finally her tragic death on September 14th of last year.

Irwin Shaw, of "Rich Man, Poor Man" fame, has a new novel called "Acceptable Losses." In the story, Roger Damon, a good and decent man, receives a phone call that begins his nightmare. The caller says, simply, "You've been a bad boy." Damon begins to frantically race the clock, recalling old loves, friendships, enemies and marriages, for a clue that might spare his life.

Space buffs of all ages will enjoy "The Space Shuttle Operator's Manual." Lavishly illustrated with photographs and diagrams, the book describes the features of life in space in intimate detail. It is as close as some of us will ever get to space travel, and the reading itself is a fascinating journey.

Mr. & Mrs. E. E. Peel Celebrate 50 Years

Mr. and Mrs. Elva Peel were honored on their golden wedding anniversary with a reception January 30 at the First National Bank community room.

Approximately 100 guests were registered by Shawn Byrd and Christa Hooten, grandchildren of the couple. The registry table was covered with a yellow cloth overlaid with white eyelet accented with yellow bows. Adorning the table was a 50th wedding candle, registry book, brass scroll holder and plumed pen.

The serving table was covered with white mira mist trimmed in lace over white satin. The centerpiece was a yellow silk rose arrangement specially made by Mrs. Sue Maxey. Crystal appointments trimmed in brass were used to serve the triple-layered wedding cake and punch. Nuts, and soft yellow butter mints made by Mrs. Maxey and Mrs. Jane Mason were served in brass.

Complimenting the table were three yellow votive candles. D'Lynn and Keliss Byrd, granddaughters presided at the table. Jada Guy, great niece, served coffee and fruit cake from a brass samover. This table was covered with white lace over yellow.

Gifts were received by Derek and Terry

Presbyterian Women Hold Meeting

The Women's Association of the Presbyterian Church met Monday afternoon, February 7, at the home of Mrs. Linda Malouf.

President Louise McCrary called the meeting to order, and Mrs. Malouf opened the meeting with Prayer. Plans for a full schedule of meetings and congregational events were discussed for the year, and a schedule of assignments was distributed.

A program was given on "Jesus and the Women Preachers," illustrating the important roles Jesus selected for women in his ministry. The first "preacher" to announce Jesus' Messiahship, for example was the Samaritan woman. And the women who went to anoint Jesus' body before dawn on Easter Sunday were told to spread the news that Jesus was alive.

United Convalescent News

By Nell Mathews
 The Activity Director was out last week, seeing her son-in-law become a Texas Ranger, all the way to Austin.

Our family night was a big success and we sure enjoyed the good singing. Thank you Juanella Hays, Vernon and Myrtle Andrews, Marinette Hays, Jay Fluit, Zora Robinson, Inez Grantham, and Marion Mathews. We had a nice visit with the families, and refreshments of hot apple cider and hot cranberry punch at our resident council meeting at last Friday. We are planning a Valentine Party for the 14th at 7:30 p.m. We are going to have a King and Queen.

We love all our volunteers and we have several, but we do need more. Would you like to be a volunteer. We need letter writers, some of our residents can not write because they do not see very well, so we need you to help us. Call Nell Mathews at 495-2848 or 495-2849.

Birth.....

Mr. and Mrs. James Kitchens announce the birth of a son, Brandon Lee, born Feb. 4, at 12:48 p.m. in South Park Hospital in Lubbock. He weighed 7 lbs. 12 oz. and was 20½ inches long. Grandparents are Mr. and Mrs. A. D. Kitchens and Mr. and Mrs. C.B. Bilberry of Post.

Mr. and Mrs. T. B. Mason to Have Reception

Mr. and Mrs. Thomas B. Mason of Route 4, Tahoka, will be honored Sunday, Feb. 13, with a reception celebrating their 50th wedding anniversary. The event is from 2 until 4 p.m. in the Tahoka Church of Christ. Hosts are the couple's seven children and their families.

The Masons were married Feb. 9, 1933 in the old Garlyn Community in Lynn County. She is the former Miss Evalyn May Ray. They have lived in their present home for the past 44 years. Before that, they were residents of the Gordon and Meadow communities.

The couple's children include Tom Mason, Jr. of Friona; John Mason of Colorado Springs, Colo.; Charles Mason of Post; Mrs. Ida Brown of Hobbs, N.M.; Jack Mason of Albuquerque, N.M.; Joe Mason of Hurst; and Mrs. Mary Fisher of Ruidoso, N.M.

all friends and relatives of Mr. and Mrs. Mason are cordially invited to attend the reception.

By Tina Rodriguez

To start our news this week, Mrs. Jones was put back in the hospital. We hope she gets well and comes home. Also Mrs. Horton was put in the hospital and we hope that she gets better soon. We miss them both.

We would like to thank the Church of Christ for the good service. We were very pleased with the message shared with us.

We would like to thank the Senior Citizens for their beautiful singing. Thank you Mrs. Patsy Craig for the Bible lessons. Lisa Claborn also comes to show us films from the library and Bessie Lee comes to read the Bible with us.

Our activities this week were singing, playing ball, Bingo, dominos and exercises. Our Bingo winner was Blanche Graham and, our domino winner was Evelyn Roach. We thank Hedie for coming and joining us in our exercise class.

Our visitors this past week were Mack Ledbetter of Post, Nancy and Kelly Pridgeon, and Pauline McDade were here to visit Mrs. Ollie Cooper, J.D. and Jeriah B. Spencer of Friona were here to visit Mrs. Emma Jones and Glenn, Mary and Darrell Roberts visited Jessie Roberts.

I would also like to thank all our other visitors. We are always glad to see everyone that comes to visit us.

Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

Notice to Customers of Other Telephone Companies

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

Southwestern Bell

Aviso Público

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intrastatales, sino que servirá para compensar el aumento de los ajustes que se les paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y esta disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

Aviso a los Clientes de Otras Compañías de Teléfono

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.

Birth.....

Angela and Mario Tobias proudly announce the birth of their sister, Laura Patricia, born at 12:01 a.m. Feb. 3, in Methodist Hospital. She weighed 8 lbs. 13 oz. and was 21½ inches long. Parents of the children are Mr. and Mrs. Francisco Tobias.

'Lopes Race for District Title

'If's, and's, and but's'

When you consider all the ifs, and's and but's, you end up scratching your head, but if the Post Antelopes win their final two games, they will be in some kind of playoff.

The playoff could be for first, second or bi-district.

The 'Lopes upped their chances of a playoff bid with a win over Lockney Monday afternoon at Lockney, 64-44.

The game was played Monday due to cancellation of the games Friday night because of bad weather.

Post got off to a slow start with Post, leading by one at the end of the first period, nine to eight, but had a big second period scoring 17 more with Lockney adding 10.

The Bold Gold led at the intermission 26-18.

Their biggest quarter of the game came in the third, when the 'Lopes poured in 21 points to only 14 for the hots and again added 17 in the final

period with Lockney adding 12.

Irvin Price had one of his biggest games of the year when he scored 31 points followed by Will

Kirkpatrick with 16. Other 'Lopes scoring were R.J. Greathouse with six, Tim Tannehill with five, Milton Williams scored four and Bill Black picked up two.

regular season play. Idalou, who is leading the district with a 6-2 record, played Lockney Tuesday. Slaton and Post were tied for second Tuesday afternoon with 5-3 records and

Slaton was scheduled to play Floydada Tuesday night. Floydada, with a record of 4-3, has a makeup game either Wednesday or Thursday against Childress.

8th Girls Win

The eighth grade girls of the Post middle School took a big win from Brownfield there Monday night 48 to 12.

Scoring was evenly distributed by 14 members of the eighth grade squad.

Coach Lu Allen's team scored 14 points to begin the game with the host team hitting but four. Post added eight more in the second to six for Brownfield. Post led at halftime 36 to 10. A big third period was had by Post when they popped the net for 14 more and added 12 in the final period.

Scoring for the Lady Lopes were Angela Melton, eight, Rita

Lappen and Kim Smith each with six, Laura Crenshaw, Tammy Johnson, Tina Pena each had four, Tyra Alexander, Angie Holleman, Christie Allen, Jenny Hudman, Nancy Wilson, Donna Boles, Jana Cook and Grace Rangel each had two.

Others playing for Post but not scoring included Alicia Pettyjohn, Pam Baker, Kerry Hart, Carmen Flores, Debbie Ethridge, D'Lynn Young, Cynthia Brown, Gloria Perez and Diane Morales.

The team participated in the Snyder tournament Feb. 4 and 5th with results in next week's Dispatch.

Basketball Schedule

Friday, February 11

8th Boys Blast Brownfield

With the eighth grade boys able to press successfully, the locals scored eight points before their opponent, Brownfield ever scored in a 29 to 14 win here Monday night.

The first period was a turning point for Post scoring 12 points to only four for Brownfield and were never headed throughout the remaining periods.

Coach Fred Postell praised the entire squad for playing well and gave recognition to Clay Cowdrey and Ron Graves for their rebounding.

Scoring for Post were Eddie Moat with nine, Jay McCook had eight, Marvin Lee had six, Corby Windham

had four and Steve Price, two.

The team's next

outing will be against Floydada there Feb. 7.

Continuing Education Classes Scheduled

The continuing education classes, an extension of Western Texas College in Snyder has set registration here Monday, Feb. 14, for Farm and Ranch Spanish. The Monday night classes will cover correct pronunciation for farm life Spanish and will meet for 45 hours with 15 sessions.

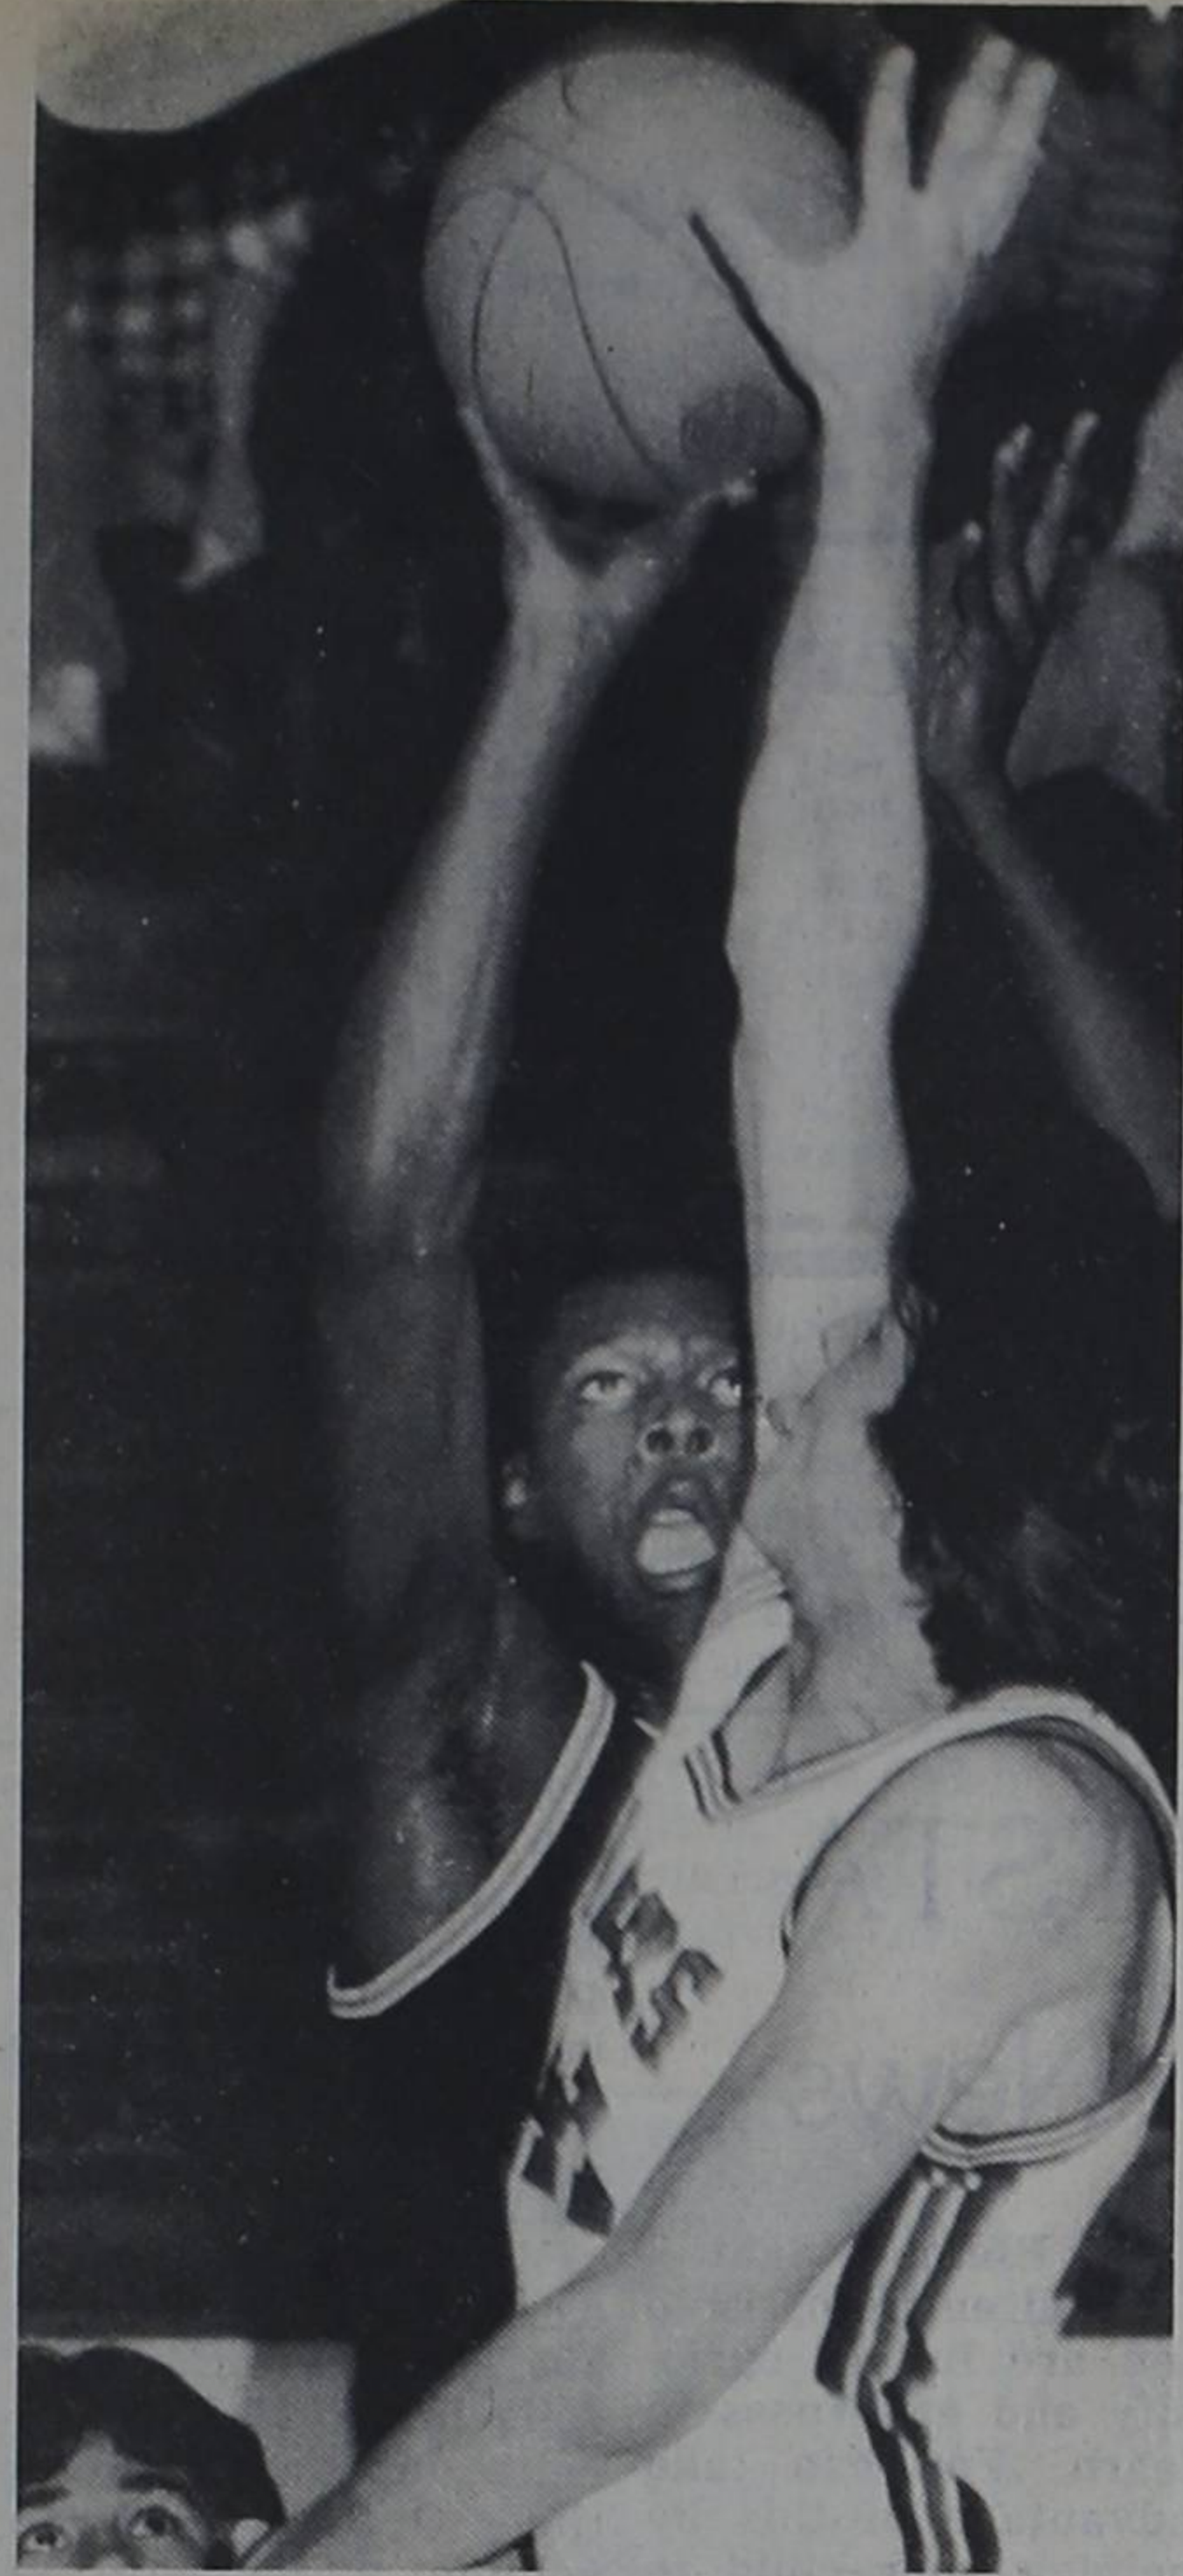

There must be 10 students to register for this class before it can be held with registration set at \$51.25 which includes a \$45 registration fee and \$6.25 for books.

On Thursday, Feb. 17, registration will be held for a Floral Arrangement class to meet on Thursday nights for 18 hours to include six sessions.

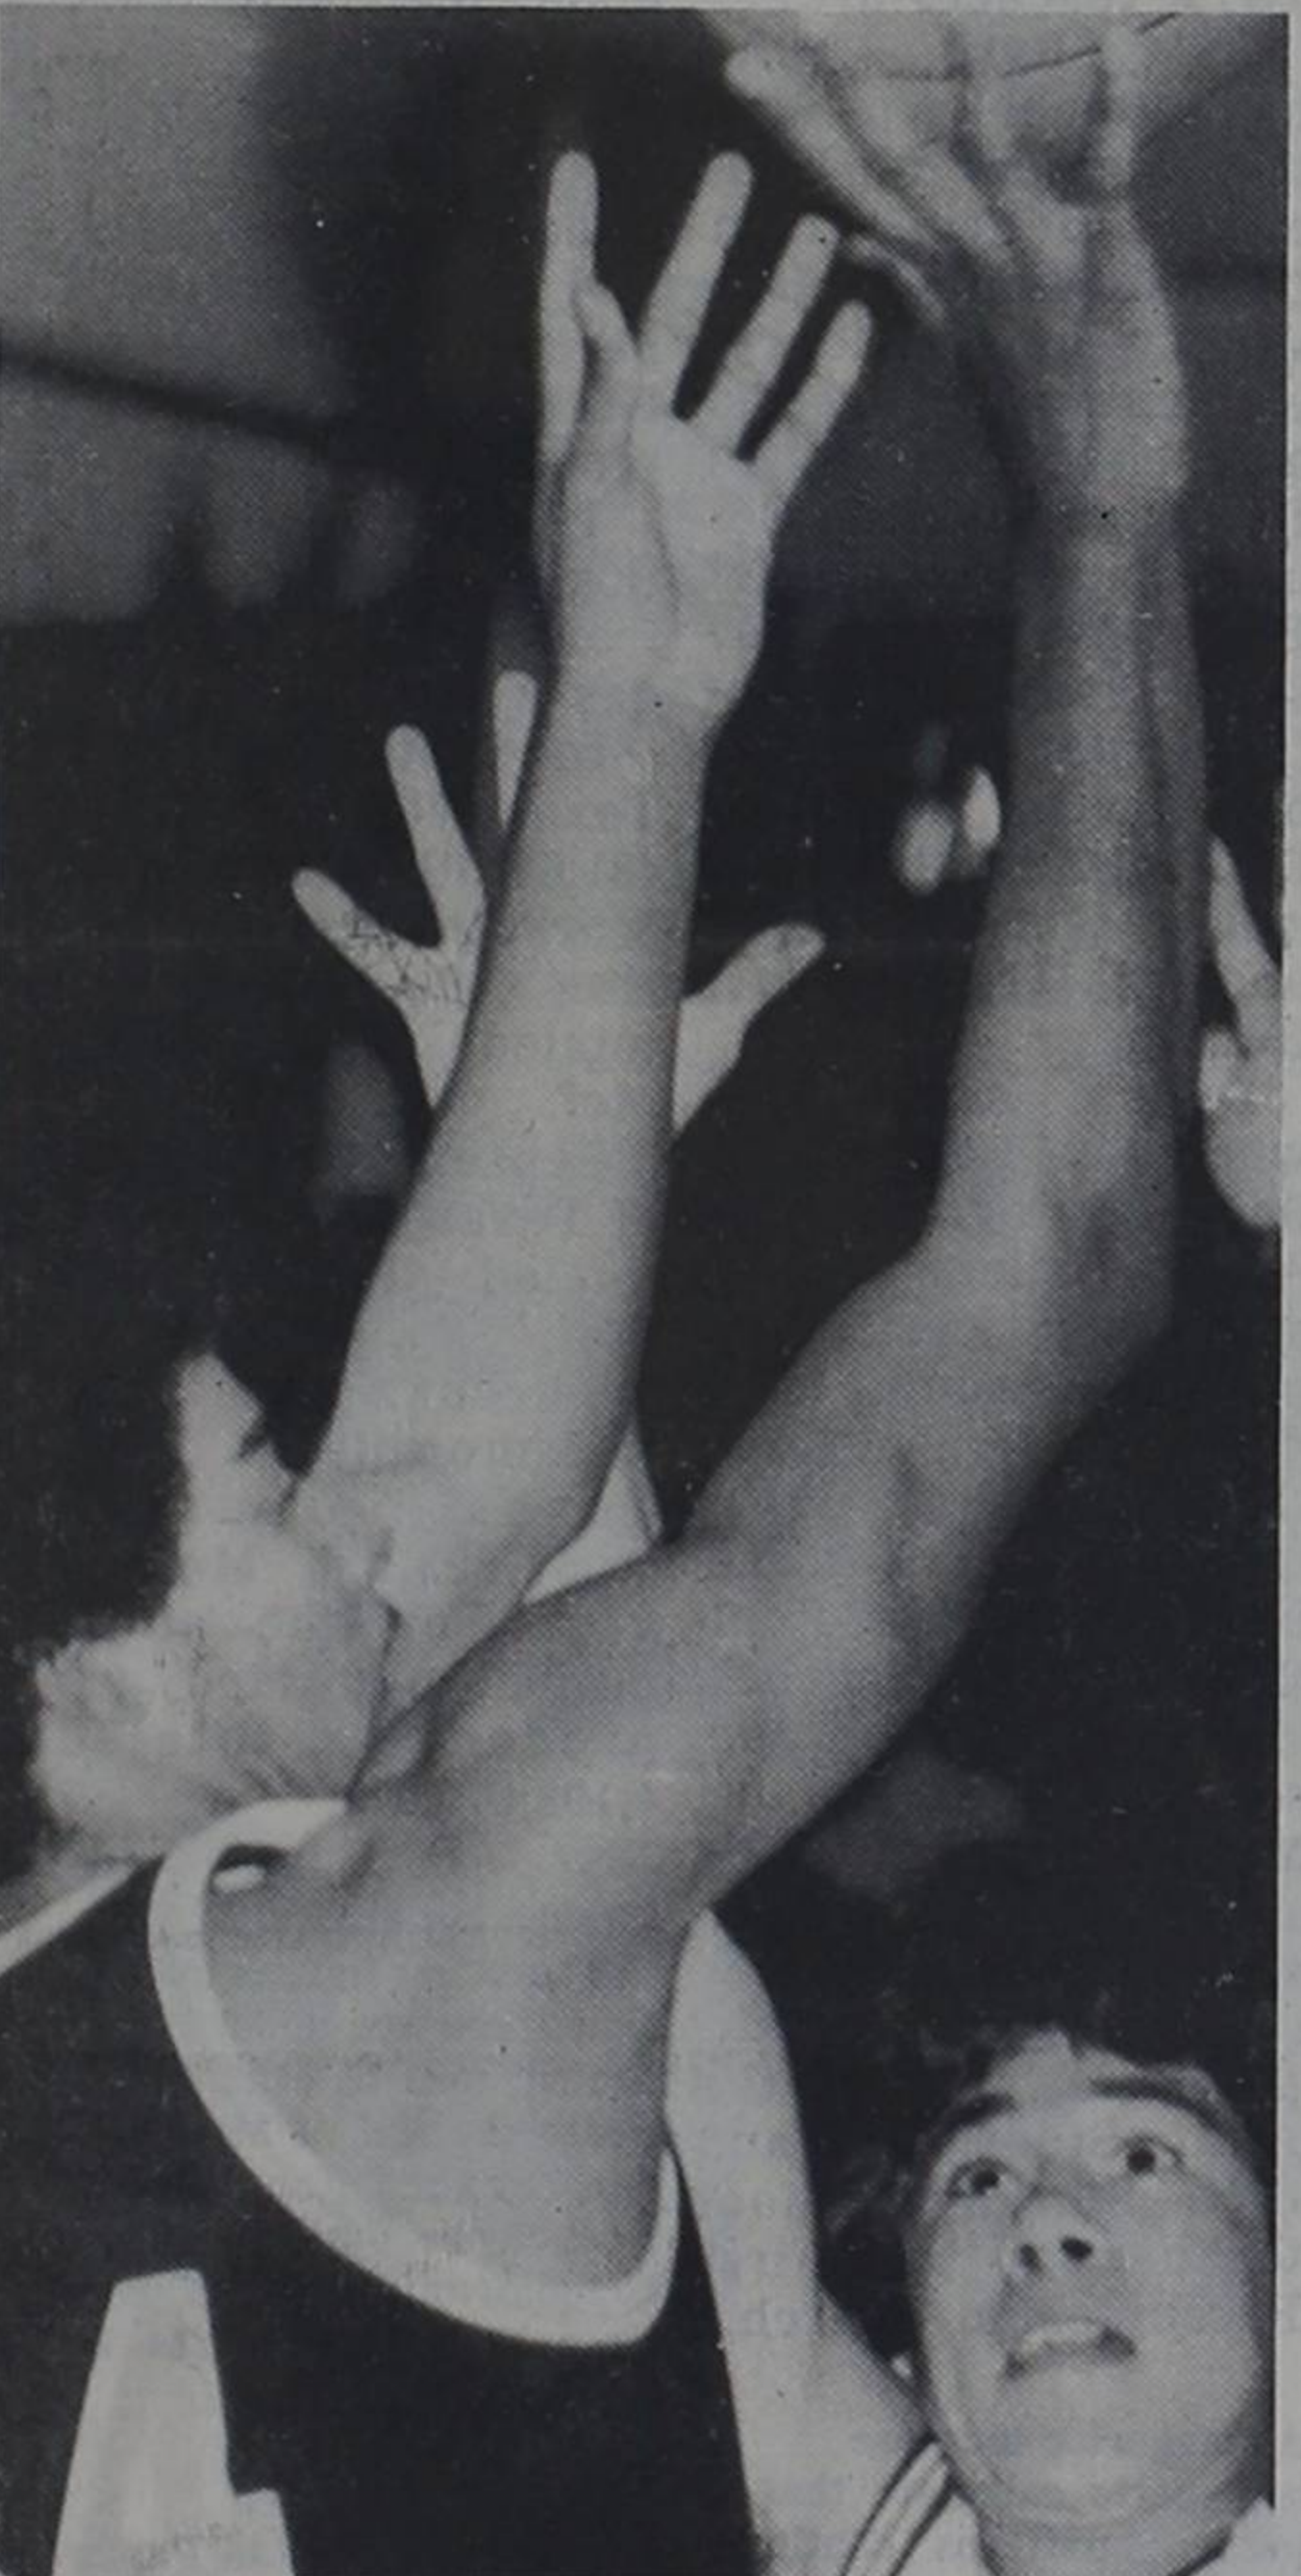

Again, there must be 10 students for this class in order to have it.

Registration fee has been set at \$35 plus supplies.

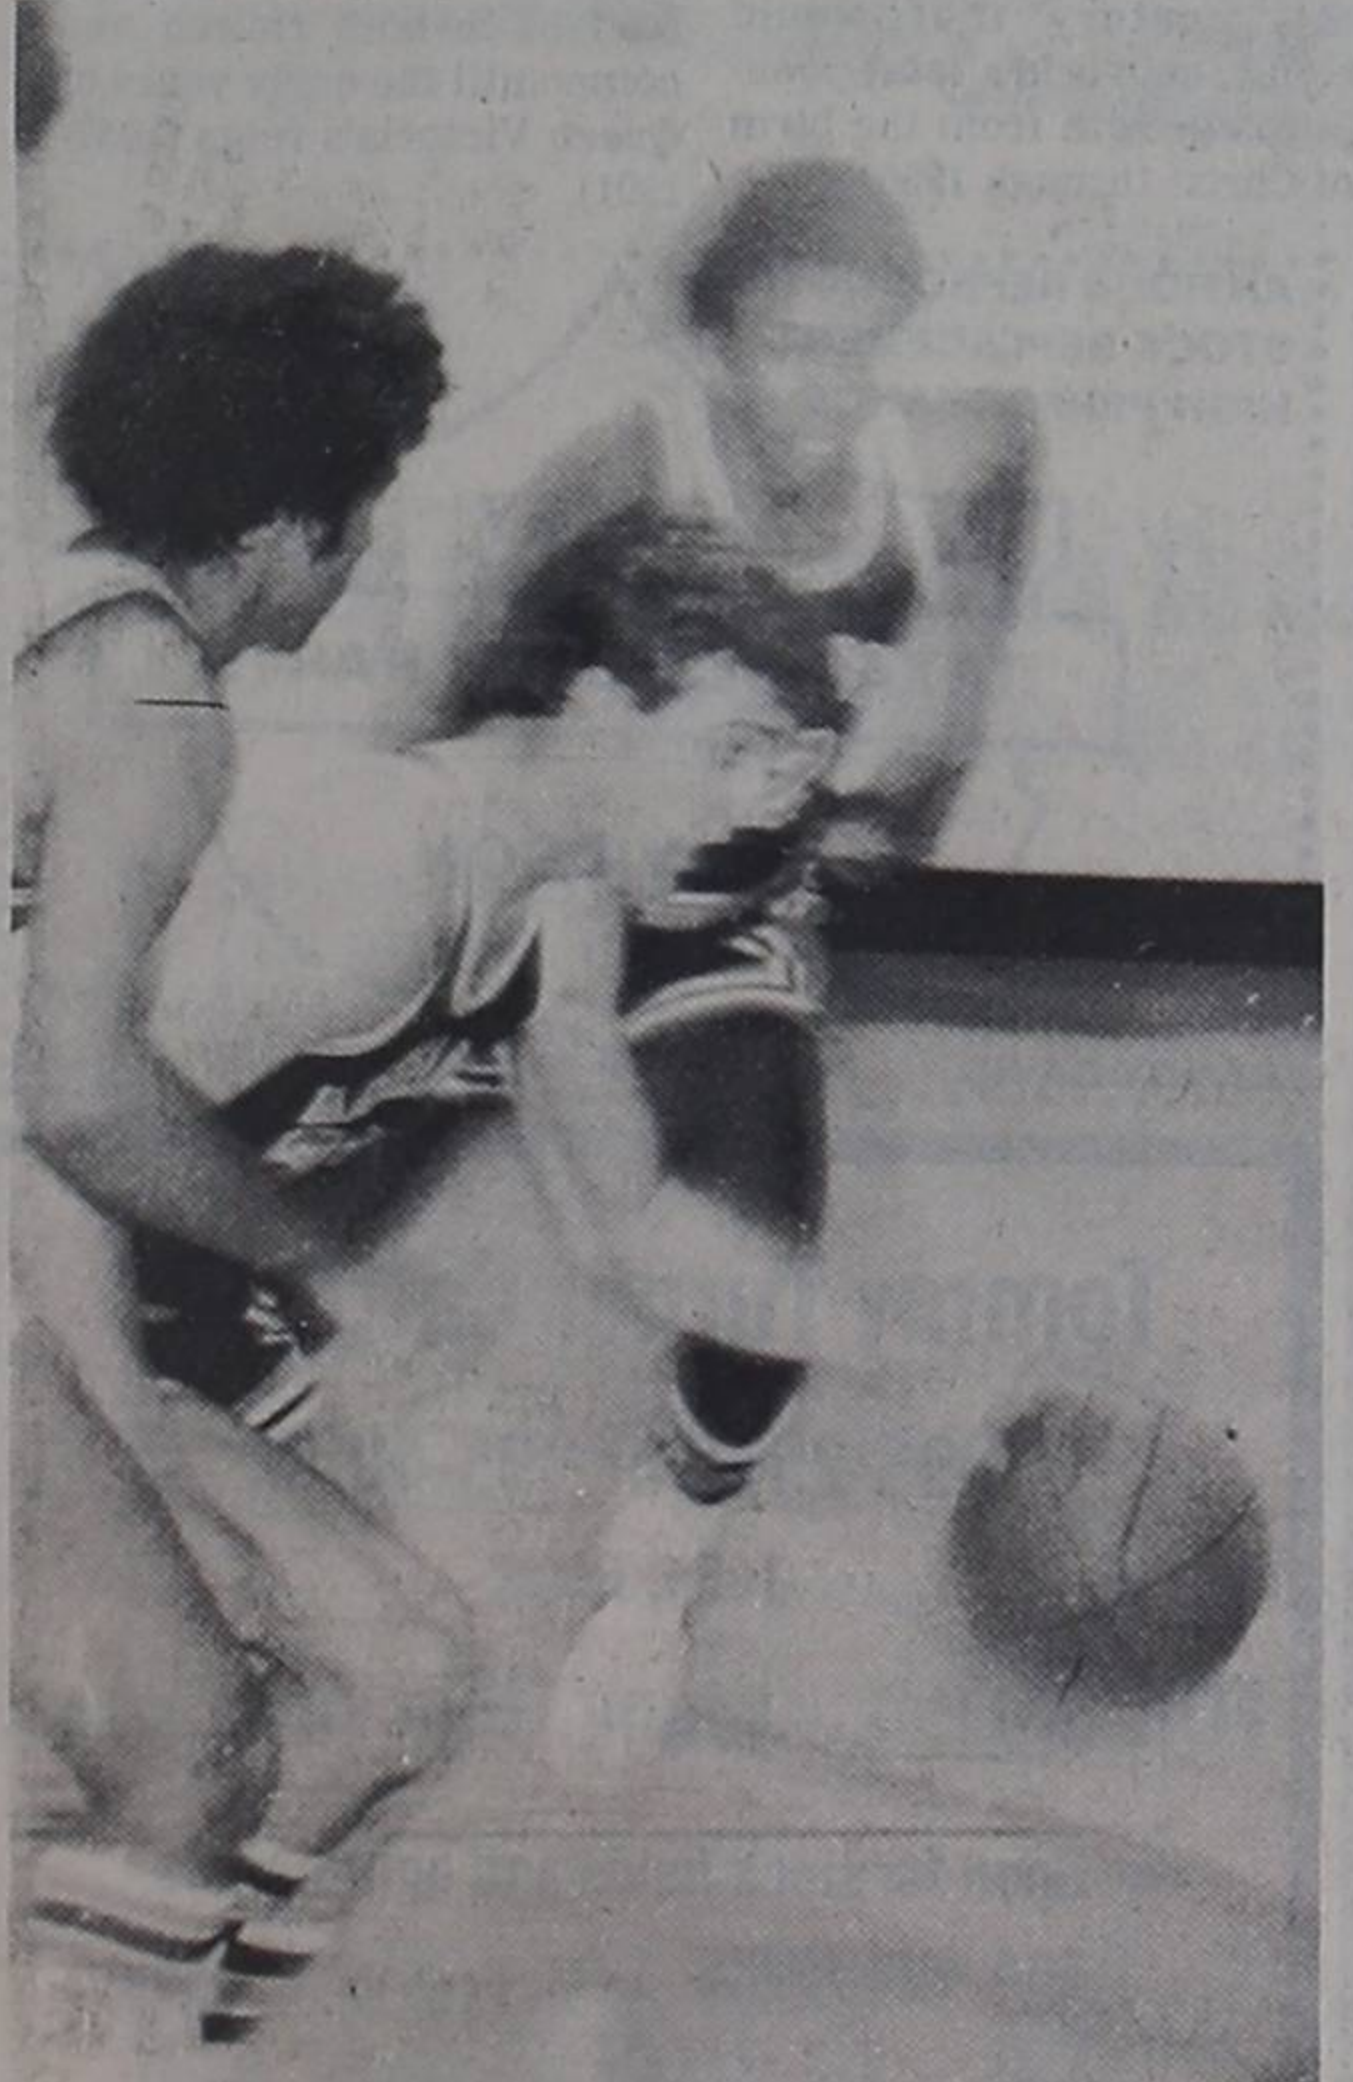

The two courses will meet at a designated place in Post High School.

TSTA News

By Elaine Wright
Children from six to ten are full of curiosity and eagerness to learn. You can take advantage of this by helping your child to develop hobbies to read wisely, and to make simple science experiments. Two TSTA teachers are:

Patsy Byrd - who has a Bachelor of Arts and Masters of Education degree from Texas Women's University in secondary, elementary education and endorsements in Reading, Business Education and all level English. Three of her seven years of teaching experience have been with the Post ISD where she presently teaches fourth and fifth grade Title I Reading.

Dedra Adams - who has a Bachelor of Science degree from Austin College with a secondary certificate plus six graduate credit hours. All her three years of teaching experience have been with the Post ISD where she teaches sixth and eighth grade social studies in the Middle School. Besides teaching she is also on the Community Center Board, past president of the Amity Study Club, and is a Sunday School teacher at the First Presbyterian Church.

A staggering increase
Experts calculate that if present patterns continue, the world by the year 2000 will have an additional 1.5 billion inhabitants - an increase in the final quarter of this century that would equal the world's total population growth from the birth of Christ through 1950.

Gas Well Production

Railroad Commission Chairman Mack Wallace announced that Texas oil and gas wells produced 481,292,969 Mcf of gas in October 1982, down 15.48 percent from field runs a year earlier.

Marketed gas production totaled 393,995,111 Mcf and reflected a 17.73 percent decrease from the October 1981 volume.

Marketed production is the total gas to transmission lines, carbon black and plant fuel and lease use.

Gas exported from Texas in October totaled 162,196,867 Mcf, and reflected an 18.54 percent decrease from the year-earlier month.

Texas gas production in October came from 229,995 oil and gas wells.

In September 1982, Texas wells produced 481,643,072 Mcf of gas. Marketed gas production in September totaled 392,926,378 Mcf.

September exports of Texas-produced gas totaled 173,018,836 Mcf.

Through the first ten months of 1982, Texas produced 5,057,823,696 Mcf of gas. For the same period, marketed gas production totaled 4,198,879,072.

France has uranium
The latest figures indicate that there are about 100,000 metric tons of uranium beneath the soil of Metropolitan France (continental France plus Corsica), enough to guarantee supplies to French nuclear plants for the next 25 years.

Christmas abolished
England's Puritan Parliament abolished the public observance of Christmas in 1652 and the ancient English Yuletide was a neglected festival in both church and home until the early years of Queen Victoria's reign (1837-1901).

What is Salvation

By Albert E. Shults
Trinity Baptist Church
Post, Texas

Are we too busy to think of God? In our communities, cities, and states the American people are involved in many activities. We work, attend social functions, participate in sporting events, cheer for our home teams and relax by watching television. In all of these activities, where have we placed God?

John the Baptist began preaching and proclaiming: "Repent ye: for the kingdom of heaven is at hand." (Matthew 3:2). John was demanding "repentance", in other words, turning from the life we live toward the ways of God. The Kingdom is at hand was the proclamation

that Jesus was coming. Jesus is the Son of God!

Many people know this story and say they believe it. How sad it is that people believe but not enough. We Southern Baptists profess Jesus is Lord and Saviour. We need to look closely at our theology of "once saved always saved." This concept is also known as "the eternal security of the believer" in Christ.

Many professed Christians and not only Baptists are meant here, walk a church aisle, profess Christ as Lord, are baptized and claim salvation for good. The Bible teaches this great truth with a condition attached. The Scriptures teach "by grace are ye

saved," (Ephesians 2:5); we must add the word "repentance". By definition this word means true sorrow because of sin against God and cease serving the world, man, and ourselves. A complete change in attitude and conduct must take place in the person whom just publicly claimed Jesus as Lord and Saviour.

Too many people in the past have walked that church path professing salvation and thanking God, only to go home for the next five years. Many have claimed salvation who have not entered a church door for months and years nor put God first in their daily lives. Many have said I am saved, yet have no time to praise nor serve God. Many have stated when I have time, I'll serve Jesus in church and with other Christians. Last but far from least, many go to work and leave God at home.

Brethren, we cannot have it both ways. Either we serve God or follow the dictates of the world. The important point of always being saved is changing one's life to live and serve God His way and not ours. For someone to say even though I have not praised God at church or gotten together with other Christians to work for the Lord (this is over a period of months and years) I am saved. This concept is foolishness and tragic. The key is consistent dedication to the Lord. If one cannot consistently try to serve God, even when one fails, that person has two answers facing him: (1) one will become sick or die, (2) one is not saved at all. Jesus states in Luke 13:3,

"except ye repent, ye shall all likewise perish."

I urge you to turn to our Creator, put him first in your life twenty-four hours of the day, everyday. Praise him and serve him in both daily living and His church. Repent, Repent and make Him Lord so you will be saved.

David: Devotion or Distraction Towards God

By Steve Traw

First Christian Church

David, the remarkable king, gave us much of the Psalms and he established the Kingdom of Israel. He was intensely human and fell to grave sin. Yet, an inner character of devotion to God in heart and soul triumphed. This victory came in a nation that was continually falling away into idolatry. David overcame the distractions to his steadfastness and stood as a rock for God.

Distraction and even failure encroached upon the young shepherd turned king. His witness to us is found in his immediate turning to God in prayer, thanks, or praise. Such a heart bent towards God is a refreshing example for today.

Sunday, the morning message at First Christian explores this great individual for insights for our wisdom in daily living.

Following morning services, our Valentine fellowship dinner will bring our friends and congregation together for a time of food and Christian fellowship.

Don't Give Up

By Arthur Kelly

Many times Christians become discouraged and want to give up, but if we will look to Christ we will discover all the help we need.

Let us keep our eyes fixed on Jesus, on whom our faith depends from beginning to end.

He did not give up because of the Cross! On the contrary, because of the joy that was waiting for Him. He thought nothing of the disgrace of dying on the cross, and is now seated at the right side of God's throne.

Think of what He went through, how He put up with so much hatred from sinful men!

So do not let your

selves become discouraged and give up. Hebrews 12:2-3.

Don't give up! Don't even be discouraged. Sure, the going gets rough, sometimes. And we just wouldn't be human if we didn't at times ask ourselves is being Christian really worth it all.

We must remember what Christ went through for us, and in order to do God's will the deep humiliation, the terrible suffering, the agonizing death.

He knew what it would mean for Him to go to the Cross, yet he did it gladly because He knew what it would mean for us — forgiveness, new life, eternal joy.

So when we become discouraged, keep our eyes fixed on Jesus.

Ontario productive

Ontario produces nearly half of Canada's manufactured goods, 44 percent of the country's total exports and 8 percent of its fully manufactured exports. The province accounts for 38 percent of Canada's gross national product, and its consumers control 40 percent of the country's spending power.

Acetone, which is found in nail polish removers, can also be used to remove paint, varnish and airplane glue.

Worms add topsoil
 Since they produce their weight in castings or topsoil every day, a million earthworms could add 10 tons of topsoil — par for an acre of pasture — to a single acre in a year.

 In 45 B.C. Roman statesman Julius Caesar, with the advice of Egyptian astronomer Sosigenes, fixed the length of the normal year at 365 days and the leap year, every fourth year, at 366.

Crude Oil Production

Texas crude oil production totaled 71,072,520 barrels in November, according to Railroad Commission Chairman Mack Wallace. The figure compares with reported October production totaling 73,520,248 barrels in November 1982 production of 73,094,924 barrels. Texas oil production averaged 2,369,084 barrels daily in November, down from 2,371,621 barrels daily in October and down from 2,436,497 barrels daily in November 1981. The November al-

production was 23.36 percent under the allowable for the month. Through the first 11 months of 1982, Texas produced 798,799,430 barrels of oil.
