

Giddens Honored In Special Masonic Program

Wade Giddens (left) was honored by a special ceremony Monday evening at the Masonic Hall for an award winning essay he wrote last spring. Joining in the ceremony were (left to right) Dale Tanner, secretary of Scottish Rites in Lubbock; Don L. Smith, District Deputy of the Grand Lodge in Texas; Jimmy Willson, Past Grand Master of the Grand Lodge of Texas and Preston Mathis, Worshipful Master of Post Lodge No. 1058.

USDA Approves Grazing Requests

The U.S. Department of Agriculture has approved special provisions that will allow Garza County producers to graze their own livestock on their own conservation use acreage.

Conservation use acreage is cropland that has been removed from production and devoted to approved cover as a requirement for the acreage reduction program, paid diversion and the payment-in-kind program.

Requests for permission to graze should be made to the local county office of the Agricultural Stabilization and Conservation Service, according to Victor L. Ashley, Executive Director. Interested producers must notify the ASCS Office and specify which fields will be grazed and the number of livestock to be grazing.

These special provisions are for conservation use acreage only, and do not apply to wildlife acreage. Grazing will be restricted to livestock owned by the producer as of August 1.

A producer may not let another use his conservation use acreage; it must be his livestock on his land. The permitted grazing may not remove cover to the extent that the acreage would lose its protection from weeds and from wind or water erosion, Ashley said.

These provisions take effect immediately and will apply for the remainder of the county's six-month non grazing period.

Cotton Bids

Agricultural Stabilization and Conservation Service Administrator Everett Rank said the U.S. Department of Agriculture is making every effort to inform cotton growers of the re-opened cotton bid program and to give them an opportunity to submit competitive bids through August 24.

The Department is mounting a publicity campaign and also will distribute a National Cotton Council worksheet to assist cotton producers.

Recent legislation requires USDA to solicit bids from producers with more 1980, 1981 and 1982 crop cotton under loan than needed for their own payments in kind.

COTTON DUST STATEMENT FILED: The National Cotton Council has filed comments on the cotton dust standard and will follow up with a final statement to the Occupational Safety and Health Administration on September 9.

Comments from the cotton organization were coordinated with testimony from the American Textile Manufacturers Institute and several private textile firms, the Council said.

The cotton industry is making an effort to retain and strengthen OSHA's proposed exemption of the non-textile industries and its proposed action level and two-year extension of the compliance date for some sections of textile mills.

Reward Offered

A \$300 cash reward is being offered by the Crime Line for information leading to the arrest of those responsible for the July 30 burglary at Arroyo Country Motors.

The Crime Line is also offering a \$300 cash reward for information leading to the arrest of those responsible for the theft of a new, uncrated engine at the Garza County precinct barn on the Tahoka Hwy. last month.

The burglary at Arroyo Motors took place late Saturday, July 30 or early morning, July 31 and resulted in the loss of \$600 in cash.

The new engine, which was stolen from the county barn, was a Chevrolet 350, built for a pickup.

Garza County Sheriff's Department officers will follow up on Crime Line calls and callers are assured they will not be identified in any way.

43rd Post Stampede Rodeo Winners Head To Pay Window

The 43rd edition of the annual Post Stampede Rodeo roared into town Thursday, August 11, and gave cowboys from around the area, state and parts of New Mexico a chance to "strut their stuff" at what is billed as the "Fastest Rodeo In The West."

Midland cowboy, Steve Powers, took top honors in the bull riding with a 72 score. Benny Fennell of Dennison stayed atop his bull to earn a 68 and second place. Third place went to Snyder's Shane Smith, who had a 65. Ray Mataska of Wichita Falls and Kerry Brantley of Kermit each scored a 64 and shared fourth position. Lubbock bull rider, Junior Thomas pulled down a 63 and finished in a number six spot.

The top bareback rider in the Post event was

Bob Wilfong of Stephenville. Wilfong's 68 was one point better than Randy Davis of Lubbock could muster. Lovington, New Mexico's Mike Berry finished third with a 65 mark and James Steward of Andrews took fourth place with a 64.

Four saddle bronc riding cowboys took home their share of the purse in last week's festivities. A 63, given to Clyde cowboy Monty Jones, was the top score in this classic cowboy event. James Steward of Andrews, Buzz Cooper of Ralls and John Bill Hedrick all scored 62 and shared second position.

Four New Mexico ropers finished in the top six in the tie-down calf roping. D.R. Lewis from Clovis was first with a time of 10.20 seconds. Richard Lamond of Andrews scored a 10.22 as did Roswell, New Mexico's John Stallard. The duo split second place. Willard Moody, also of Roswell, New Mexico, tied his calf in 10.49 seconds to take fourth place in the event. Freddie Hernandez of Abilene took a time of 11.04 into fifth place, while another Roswell, New Mexico native, Gary Armitage, finished in sixth spot with a time of 11.05.

A speedy time of 7.18 seconds was the winning time in the team roping event. Danny Garcia and Button Shuggard teamed up to card that score. Danny Garcia was also a member of the second place team. He and Roy D. Fort roped their steer in a time of 7.60 seconds. The teams of Jackie Stevenson and Matt Tyler and Sid Price and Gary Armitage tied in third position with identical times of 7.65. Antelopes Host Frenship Friday

By Wes Burnett

A spirited contact scrimmage with Frenship this Friday in Antelope Stadium is expected to answer a few questions about this year's football team, according to head coach David Thompson.

Two-a-day workouts started Monday, August 8 and continue until school starts, with the coaching staff emphasizing teaching and learning with the team.

"We are encouraged about this group of youngsters," coach Thompson comments, "and we have been pleased with workouts and happy to report that the players came into practice in good physical condition."

A total of 65 varsity and junior varsity students are on the practice field, including sophomores to seniors.

Approximately 30 freshmen football players reported to practice this past Monday.

"We will be evaluating different people at different positions," Thompson continues, "looking to see who will play where."

During an inter-squad scrimmage last Saturday, the first offense rolled up 251 yards on 20 plays and the first defense held the offense to 86 yards in 20 plays.

The Frenship scrimmage gets underway at 6:30 p.m. with the junior varsity and follows with varsity. There is no admission charge to the scrimmage. (Watch Sunday's Dispatch for photos).

Freshmen football players will scrimmage at Frenship Thursday.

Details on next week's scrimmage at Cooper will be available later in the week.

The Post Antelopes will face Frenship in a controlled scrimmage Friday evening here, with the junior varsity action starting at 6:30

p.m. The 'Lopes will feature an aggressive and bigger offensive and defensive line. (Photo By Phil Riddle)

Gindorf-Downey Vows Said

Mrs. Melvin Downey

Shelly ReNee Gindorf and Melvin Dwayne Downey, both of Slaton, were united in a double ring ceremony August 6 at 2 p.m. in the First Baptist Church in Slaton. Lynn McWhorter, cousin of the bride and minis-

ter of the Church of Christ in Wellston, Okla., officiated the ceremony.

The bride is the daughter of Mr. and Mrs. Leroy Schneider and the late Milton Gindorf of Slaton. She is the granddaughter of Mr. and Mrs. Glenn Wheatley, formerly of Post and now of Brownwood Lake, and the great-granddaughter of the late Mr. and Mrs. Boe Wheatley.

The groom is the son of Mr. and Mrs. Melvin Downey of Amarillo. The bride was given in marriage by her father and her grandfather.

The bride wore a magnificent gown styled in white silk organza and lavishly trimmed in Chantilly and Venise laces.

The Queen Anne neckline was bordered in a narrow ruffle of Chantilly lace and the bodice was styled of Schiffli embroidery and appliques of Venise lace, centered with clusters of seed pearls.

The back of the bodice was in a sheer organza styled in a low V, outlined with soft Chantilly lace.

The slightly empire waistline had Venise lace appliques at the front and at the back, a wide satin bow at the waistline and long streamers of ribbon down the skirt.

The full sheer sleeves were of organza and ended at the wrists in three rows of Chantilly lace, with covered buttons at the cuffs.

The full skirt was accented at the bot-

tom with a wide flounce and just above the flounce came to points at various sections of the skirt, each point being accented by a large Venise applique.

The skirt flowed into a full cathedral train in the back.

Her wide - brimmed hat was outlined on the brim with a row of Venise lace and Venise lace appliques were scattered across the brim and crown.

A large pouf bow was at the back of the hat and was centered with a large silk rose. Streamers of the illustration completed the hat in the back.

Linda Schneider of Slaton, cousin of the bride, added seed pearls to the bottom of the skirt and to the cathedral train and also to the brim and crown of the hat.

The bride presented her mother with a long stem red rose as she was escorted to the altar. She presented her mother-in-law with one after the wedding.

For something old, she wore her great-grandmother Wells ruby, opal and pearl ring that has been handed down to her grandmother Ardalie Wheatley then to her mother Elaine Schneider. She also carried a silver laced necklace that had belonged to her late grandmother Gindorf.

Something new was her wedding dress.

Something borrowed was a diamond and emerald Harem ring belonging to her grandmother Ardalie Wheatley that was brought to her from Egypt by her uncle Glenn Wheatley.

Something blue was a garter that was specially designed and handmade by Lena Evans of Slaton.

She also carried a handkerchief that had belonged to her late grandmother Ida Wheatley.

The bride carried a silk nosegay of blue sweetheart roses, white daisies and baby's breath. Bridal molene and picot ribbons tied in love knots made it a lasting keepsake.

The church was decorated with large white satin bows with baby's breath on the side reserved for the parents and the grandparents.

An archway of greenery with baby's breath and white gladiolas on the side featured candle tiers on either side with ferns at the bottom.

The groom was dressed in an all white tuxedo.

Chad Sikes of Slaton and Dawn Pierce of Post sang "The Rose" as the mothers were being ushered in and as the groom's mother lit a long tapered white candle. The bride's mother lit another long tapered white candle.

They also sang "We've Only Just Begun."

As the bride and groom lit the Unity Candle from the ones the mothers had lit, they sang "You and I."

Maid of Honor was Kimberly Gindorf, sister of the bride, of Slaton.

Bridesmaids were Carla Lester and Debbie Rackler, both of Slaton.

Their dresses were of baby blue eyelet tea length with dark blue

trim, made by Jeanette Lester.

They carried silk nosegays of blue sweetheart roses, accented with baby's breath and darker blue streamers.

Best Man was Robert Carter of Belton, Texas. He was dressed in a blue tuxedo.

Groomsmen were Joe Downey, brother of the groom of Amarillo and Joe Mayhew, also of Amarillo. Both were dressed in blue tuxedos.

Donnie White and Bobby Johnson, both of Slaton, served as ushers and candlelighters.

Brooke Hlavaty of Lubbock was the flower girl.

She was dressed in a long solid white dress with baby blue bows. She carried a lace basket with silk blue and white flowers. She also had a lace headpiece with blue and white streamers with flowers beaded onto them.

Ringbearer was Wes Joplin of Wilson.

He was dressed in a solid white tuxedo and carried a white silk pillow.

Linda Holcomb of Lubbock was the organist.

The reception was held at the First Baptist Fellowship Hall.

The serving table was covered with a floor length cloth of white chiffon, draped with white satin bows.

The table was made by the bride's aunt, Myrtle Stabeno of Wilson.

The bride's cake was three tiered and cascaded with blue roses and hearts and topped with a Jonathan and David Precious Moments Figurine Bride and Groom with baby blue roses and white daisies circling them. The cake was made by the bride's cousin, Helen Autry of Wilson.

Punch, coffee and mints were served from crystal and brass appointments.

The bride's bouquet complimented the table.

Servers at the recep-

tion were Debbie Carter of Belton, Elizabeth and Rebecca Wheatley, cousins of the bride, of Quinlan.

The gift table was draped in ecru cotton and lace with a two tiered crystal arrangement of baby blue flowers complimented by two crystal candlesticks holding long dark blue tapered candles.

Matt and Melanie May of Slaton handed out cups of bird seed wrapped in net and tied with blue ribbons.

The houseparty included Davida Bednarz, Mary May, Linda Schneider and Geneve Ehlers all of Slaton, Pam Hlavaty and Hazel Cagle, both of Lubbock and Delsie

Schneider of Cooper. After a wedding trip to Dallas, Belton and Brownwood, the couple will be at home in Lubbock.

The bride graduated from Slaton High School and is now attending Amarillo College.

The bridegroom graduated from Frank Phillips Jr., College and is now employed with Santa Fe Railroad.

A rehearsal dinner was held at the Embers Steakhouse in Lubbock and was hosted by the bridegroom's parents. The couple presented their attendants with gifts.

Sixteen year old Mauricio Jose Lopez would like to become an Exchange Student to the U.S.A. and it is hoped, through your newspaper, a local family might be located to host him.

Jose is entering the 12th grade. He speaks English and plans to be and M.D. like his father who is a professor in a school of medicine.

His interests include basketball, swimming, bicycling, reading and listening to music. He has four older brothers and sisters plus a twin sister.

Any family willing to provide a bed, three meals daily and transportation to school and church should contact Wm. R. Smith, International Fellowship, Inc., P.O. Box 1212, Sedona, Az., 86336 or phone 602-284-

Allsup's Stores To Collect For M.D. Association

Through Labor Day, September 5th, Allsup's Convenience Store will display Muscular Dystrophy collection canisters in all stores in New Mexico, Texas and Oklahoma. This fund raising activity, along with many others, will help find causes and cures for 40 crippling neuromuscular disorders that affect an estimated one million Americans of all ages.

The programs of the Muscular Dystrophy Association are funded almost entirely by private contributions and corporations. And the research is working!

MDA recently announced the first breakthrough in the treatment of amyotrophic lateral sclerosis (ALS) -- also known as Lou Gehrig's disease. While the drug -- TRH -- is classified as experimental, it is the first treatment that has ever resulted in significant improvement in ALS patients and it represents a glimmer

of hope for people with this terrible disease. Allsup's is proud to be a part of such worthwhile research. Again this year, Allsup's invites area youngsters to participate in the annual "Door Bell Brigade for MDA". Kids are encouraged to pick up collection kits at their local Allsup's store on August 27th & 28th.

After collecting donations for MDA and "Jerry's Kids", return the collections to the store and each youngster will receive a free fountain drink of their choice. It's Allsup's way of saying thank you to all the kids who care about helping "Jerry's Kids".

From Jack Crow, Director of Public Relations for Allsup's, "Thanks to all of our friends and customers for your generosity in helping to fight neuromuscular diseases. Your nickels and dimes add up to millions for research and treatment, so look for the MDA coin collection canisters to give to 'Jerry's Kids'. Your change can be the key to the cure".

By Nell Matthews
We thank you our friends for visiting us this week. If you were here Tuesday afternoon about 2:30 you got in on our birthday party that the VFW ladies gave us. We had punch and cookies along with gifts from the ladies. Those having birthdays this month are Eunice Porter and Winnie Henderson and speaking of Winnie, she went to her sisters for a visit and her sister gave her a birthday party. Winnie is back home and was talking about all the old friends that she got to see. Each day we do our new exercise that our activity director learned at the Governor's Commission on physical fitness class that she went to last week. The Country Cousins were here Thursday night. Thanks a lot,

everyone sure enjoyed you being here. The Church of Christ for the church service Sunday. This week we are having singing by The Gospel Trail Blazers Thursday night at 7 p.m. On Monday, Aug. 22 at 7 p.m., we will have Neil White and his group. The next week it will be our Family Night Aug. 29th at 7 p.m. We have two new residents, Mr. and Mrs. Jack Brown. We welcome them to our home. Come by and see us. You could get in to fish tales with Lizzie Milo and Mr. Thomas Warren. My what big tales they can tell about fishing. Or you could get into a hot game of 42 most anytime. TWO BAD WEATHER DAYS ARE FIGURED IN THE CALENDAR

Adopted 2/17/83

A broken air conditioner can be the best thing that ever happened to your household budget.

The add-on heat pump is an efficient air conditioner that cools your home when it's hot. But that's not all.

In cold weather, the add-on heat pump works with your present furnace to help heat your home.

When your air conditioner breaks down, you have several choices. Repair. Replace. Buy a whole new system. All major investments.

Southwestern Public Service Company suggests that you consider a more efficient alternative, for much less than a new heating and cooling system: the electric **add-on heat pump**. The add-on heat pump is a very special air conditioner that works with your present furnace. Besides cooling your home in the summer, it helps heat your home in the winter.

As one of the most efficient ways to heat and cool, the add-on heat pump can really make a difference. And helping you manage electricity efficiently is one way we're working to justify your trust.

Amendment To Benefit

By Congressman Charles W. Stenholm During recent consideration of H.R. 2867, the Hazardous Waste Control and Enforcement Act of 1983, Congressman Charles

W. Stenholm introduced an amendment which was adopted by the full House and which will benefit small businesses when they begin to comply with forthcoming re-

gulations regarding the disposal of hazardous waste. Under current regulations, all those who generate in excess of 1000 kilograms (kg) per month of hazardous waste are designated as large generators by the Environmental Protection Agency (EPA), and are subject to regulation under the Resource Conservation and Recovery Act (RCRA).

Those generating less than 1000 kg per month are designated as small generators and are currently exempted from the stringent RCRA regulations. Section 3 of H.R. 2867, if enacted without amendment, would have lowered the small generator exem-

ption from 1000 kg per month to 100 kg per month and would have directed the EPA to write regulations tailored to smaller generators of hazardous waste.

However, section 3 also provided that if the EPA failed to act within the prescribed 18-month deadline, small generators would automatically be subject to the large generator regulations. Given the EPA's failure to meet statutory deadlines, this was the likely outcome.

Because of his support for a sound environment management of the nation's hazardous wastes and his concern that the small business community have an opportunity to become aware of the regulations and their obligations under these regulations, Stenholm co-sponsored an amendment to lengthen to 810 days the phase-in period for requirements on generators of small quantities of hazardous wastes.

"Under my amendment, those generators of hazardous wastes that exceed 250 kg per month would have 270 days to begin compliance and those who generate between 100 kg and 250 kg per month would have 540 days," said Stenholm. Prior to adoption of this amendment, the House adopted an amendment which would require that generators of 25 kg per month or more of hazardous wastes must notify transporters that their wastes are hazardous.

"Adoption of my am-

endment provides generators of these small quantities of waste with 810 days to come into full compliance," said Stenholm. "I firmly believe that our small businesses are prepared to do their fair share to achieve proper hazardous waste controls and to assure human safety and health.

"What they are not prepared to do, however, is to become subject almost overnight to strict and stringent regulations without sufficient notice or time to adjust to these regulations," said Stenholm. Section 3 of H.R. 2867, if enacted without amendment, would have set

unrealistic deadlines for the EPA to promulgate new hazardous waste regulations and would have created a multi-tier regulatory program of notification and regulation of hazardous waste that would be confusing for small businesses.

"We must take whatever steps are necessary to protect our environment from hazardous waste," said Stenholm. "This amendment will ease the confusion and frustration resulting from any changes in the Resource Conservation and Recovery Act and will enable businesses across the country to take the necessary steps to comply with them."

Advice Offered Concerning Marriage

By Paul D. Jones
Minister
Church of Christ

In Hebrews 13:5 we are urged to "be content with such things as you have." The following advice is given to newly married, soon to be married and those

married for a long time. It is hard to take the advice and apply it, isn't it? Yet, some marriages could be saved if we gave heed to it. We want to look at some attitudes that can help us overcome the problems of being discontented.

1. Don't over-esti-

mate the possessions of material things. Remember that Jesus told a person one time that "a man's life consisteth not in the abundance of things which he possesseth." Luke 12:15. If one will look at society, this is proof of what Jesus

said. No age has been blessed with more material possessions and been so miserable. This having all one desires has caused many to turn to alcohol, drugs or loosening their morals, looking for that which the world cannot give.

contentment.

2. Don't fret over what you don't have. In I Kings 21:4, we read of King Ahab, one who had great wealth, but wanted a particular vineyard. The owner wouldn't sell to him, so he pouted. He refused to eat. Although he had so much, he could only think of that which he didn't have and couldn't get. He concentrated on the wrong thing. We have to much to do with... and only think of what we do not have. We are content until a friend or enemy gets a new boat, camper, van, car, house, etc, then we want it too, and a better one. Such actions ruins bank accounts, marriages and peace of mind.

3. Don't overlook what you do have. Stop thinking about what you do not have and concentrate on what you do have. Make a list of the things you have...do you have a steady job? Reasonable health? Loving family? Plenty to eat; sufficient clothing? Think of the people in the good ole USA who do not have what you have, and think of all those in other parts of the world that do not enjoy what you have. Count your blessings. Many people have no hope of having what you now enjoy.

Someone said that he could live on next to nothing, if only his friends would live on less. That is our problem. We are not

content to have any one having more than we do. Too many young couples want to start out with what mom and dad accumulated over 30 years. When you get in over your head, just to keep up with the Smiths, you are in trouble. It is the working together to gain things in life that make life worth living. To get what others have, many couples work extra jobs, mom works out of the home, and all the 'timeoff' goes to doing something to

make money to get ahead. Too late, many find that thru the working all the time, the couple has grown apart, and then they sell off what they have gotten.

Learn to be content. Life does not consist in what one owns.

Bonar's Diary Is Read and Shared

Pastor Steve Traw
First Christian Church

The Godly Scottish preacher and author, Andrew Bonar was often known for the sweet aroma of his life in its nearness to the Lord Jesus.

His daily entries in a personal diary were encoded in a special shorthand.

These entries were never intended for publication yet concealed clues to the secret of acquiring such a Christlike fragrance.

Few could read the script and his thoughts stood to be lost had it not been for one of his daughters who knew the code.

One particular writing revealed, Some people have the beauty of the Rose of Sharon and there are others that have the fragrance too.

Spent two hours today in prayer, seeking that I might have the fragrance.

Thank God for such ones that God's Spi-

rit as so spoken to their hearts and souls through time spent with him.

Might we endeavor ever to meditate more on his Word and seek the communion that brings fellowship with him.

As a result may we carry the aroma of Christ into our places of work, contact with others and at home.

General worship services at Pleasant Home with auxiliaries at their post of duty. With Sister Iona Smith Superintendent and Sister's Dollie F. Martin, Berlianda M. ATTENTION

To any and all persons that are interested in forming a new, non-denominational Christian fellowship in Post!

Perhaps your present Christian and church life is less than what you would like for it to be and have wished that it could be different. If you are happy where you are then this notice is not for you, but I believe the Lord has directed in making this opportunity available to those that are not satisfied with their present level of worship and praise. As Gideon put out the fleece in his desire to know if it was the Lord directing him, this announcement is the fleece that may determine if God wants this fellowship in Post. If enough of you respond then we shall join together to make this a reality. All interested persons please call: Olin Looney, 495-3633 or come by 305 South Ave. F.

ATTENTION! Arts and Crafts Folks!

An invitation is extended to participate in the Big O.S. Weekend in Post! Saturday and Sunday, October 1 and 2. To Reserve Space, call A.C. Cash at 806-495-3152.

Big O.S. Weekend In Post!

Booths will inside the 4-H Exhibit Barn, with security. The Arts and Crafts Show will be a major part of the two-day O.S. Saddle Bronc, Art Exhibit and Sale event.

Saturday and Sunday, Oct. 1 and 2

The Arts and Crafts Show will be in the area near the rodeo arena, where the Saddle Bronc riding takes place. Deadline for reserving space is September 28, 1983.

"Almost nothing that makes any difference can be proved. I can prove the law of gravity by dropping a shoe out the window. I can prove the world is round if I'm clever at that sort of thing -- that the radio works, that light travels faster than sound. I cannot prove that life is better than death or love better than hate. I cannot prove the greatness of the great or the beauty of the beautiful. I cannot even prove my own free will; maybe my most heroic act, my truest love, my deepest thought, are all just subtler versions of what happens when the doctor taps my knee with his little rubber hammer and my foot jumps.

Faith can't prove a thing. Not even a blessed thing."

But the Presbyterians of Post gather every Lord's Day as a community of faith, hoping to live on the side of faith rather than fear, on the side of helping instead of hindering, loving instead of hating. We invite you to bring your faith or your fears, but come, and join us in the worship of God.
