

### School Starts Tomorrow Morning

**NEW CONSTRUCTION**--Post Elementary School opens tomorrow and will soon have use of the new learning center which is presently under construction.

### H.S. Students Meet

Students who will be attending Post High School, grades 9 through 12, will meet together at 8:10 a.m. in the high school gym Monday, August 29. This will include any new students also.

### School Board Session

The board of trustees of the Post Independent School District will hold a special called meeting tomorrow at 7:30 p.m. in the High School Library. The published agenda calls for a report from Attorney Joe Boerner and a report on the Kindergarten Metropolitan Achievement Test results.

### Nail Wound Sends Man To Hospital

Lester Boylan, a 45 year old construction worker working at the Double U building on Main Street, was accidentally shot by a nail gun shortly before noon Friday. Transported to Garza Memorial Hospital for treatment, he was later transferred to a Lubbock Hospital. Boylan was wounded when the gun accidentally discharged driving a 4" nail about the belt line.

## Garza County News Briefs

### Whitley Gets Honor

Sam Whitley, 65, foreman for the U Lazy S Ranch, was named Top Hand by his fellow competitors, during the annual ranch roundup held in Wichita Falls last weekend. Winning the Texas Ranch Roundup was the Lewis Ranches of Clarendon with the Cowan and Son Circle Bar Ranch of Seymour finishing second and the Renderbrook Spade Ranch of Colorado City placing third. U Lazy S Ranch finished ninth in the competition with a total of 19 points and Double U finished 13th with one point. In the Roundup events, U Lazy S finished first in the team penning with 76.5 points.

The event, which highlights working ranch skills, benefitted North Texas Rehabilitation Center and two other Texas social service agencies.

### Graham Homecoming

A Graham Community Homecoming will held Labor Day weekend, Sept. 3 and 4 at the Graham Community Center. Activities will begin Saturday night, Sept. 3, with an ice cream supper and visiting and again on Sunday, Sept. 4, at 2 p.m. with a program and visiting. All exes, residents and former residents are invited to attend the homecoming.

### Door Prizes Listed

Charles Wallace, Wallace Lumber Co., has donated a ceiling fan to the annual Post Rotary Club Teachers' Appreciation Banquet to be used as a door prize. Post merchants are encouraged to contribute items for the door prizes, which will be given to the school honored guests. Interested merchants should contact Wes Burnett at 495-2816 to be included as a banquet door prize contributor. The annual banquet will be held Tuesday, September 6 at the Post Community Center and honors Post ISD teachers, administrators and their spouses.

### Womack Seriously Burned

Terry Womack, employee of Bill's Welding, was burned over 33 percent of his body Wednesday when a steamer about to be lit ignited. The accident happened shortly after noon when employees were about to clean a rig with the steamer. Womack was taken to Garza Memorial Hospital before being transferred to Lubbock General where he is listed in stable condition with second and third degree burns and is in the intensive care unit.

### Special Fund Set

A fund has been established at the First National Bank for Oscar Sanchez to help defray medical expenses following two recent heart attacks. Sanchez has returned to his home to recuperate following a lengthy stay in Lubbock hospitals.

### Rest Stop Here

The Lubbock Jaycees and Jaycee women are holding their annual Labor Day Holiday Rest Stop September 2, 3, 4 and 5 on Highway 84 just north of Post on the east side of the highway.

Area merchants have donated food and beverages for the holiday travelers. All money donated will go to Jerry Lewis's Muscular Dystrophy Telethon. Also in conjunction with this, the United Blood Services Hemobile will be there taking blood donations Sunday, September 4, only. If you are on the highway, please stop by and give the Jaycees and Jaycee women your support.

### \$200 Reward Offered

A \$200 cash reward is being offered by the Crime Line for information leading to the arrest of person or persons involved in a suspected hit and run accident which occurred nine miles Southeast of Post on US 84 Tuesday, August 23 at approximately 7:15 p.m. A \$300 cash reward is being offered for information leading to the arrest of those responsible for the July 30 burglary at Arroyo Country Motors which resulted in the loss of \$600 in cash.

# Close City School History

The history of the Close City School was submitted to The Dispatch in conjunction with the Close City Reunion which was held Saturday in the Post Community Center. The first school of Close City was built in 1908 and was known as the Commissary School. The first teacher of the school was Mrs. J.E. Crowder who taught from October 5, 1908 to June 5, 1909.

Ernest Henderson then taught from September 1909 to 1910. The school was moved to its present location two miles West of Commissary in 1910 and was Ragtown for several years due to the fact the construction workers lived in tents at this location and the tents were blown down in a sandstorm. Strips of rags were all that were left clinging to tent poles

and the town was referred to as Ragtown. The Commissary Common School District No. 6 was created February 8, 1909 and became an independent district March 21, 1918 by a special act of the legislature and was named Close City Independent School District. In 1907 C.W. Post started experimenting with agriculture above the Caprock West of the present site of Post. He started improvements on these farms and he situated his farm houses in a cluster, one on each corner of a cross road. A well in the center of the road served all four families. Some of the farms were 80 acres and some were 160 acres.

A site was chosen on the plains for Mr. Post's model city. Commissary was built two miles East of the present location of the school to serve workers and farmers. About this time, the county was surveyed and as the county seat was required to be in the center of the county, the location had to be changed to its present location below the Caprock.

In 1919, a one story, four room brick building replaced the old wooden building. It was built from bricks made at the brick factory in Post.

An amusing incident was recalled by George Samson, who was the brick mason along with Jimmy Napier, in that more brick was needed and a man was sent after brick in a wagon. On the way back up the Caprock, a rain storm came up and when he arrived all he had was a wagon load of melted clay.

The top floor was added to the school in 1921 and Dean A. Robinson was county school superintendent for 36 years and was the superintendent of the Close City School from 1928-1934. The school was consolidated with Post Independent School in 1965.

**CLOSE CITY SCHOOL**--This picture was submitted to The Dispatch to coincide with the Close City Reunion which was held Saturday at the Post Community Center. Shown is the Primary class of 1925 with

Nennie (Nash) Hancock as the teacher. In the picture are Doug Tipton, Ivan Jones and J.G. Thuett, but we're unable to identify where they are and the rest of the class.

# Sheriff's Office Reports Arrests

The Garza County Sheriff's office reports Manuel Amador Hernandez, Jr., in custody following a spree of car thefts on August 15. The suspect allegedly began by stealing a vehicle in Sweetwater followed by similar thefts in Sylvester, Snyder and Post.

Hernandez was apprehended, in the automobile stolen in Post, in Plainview by Hale County authorities.

He remains in Garza County Jail on \$5,000 bond, according to officials in the Sheriff's Department.

August 9 saw Rogue Delapaz Gomez arrested on a warrant for indecent exposure. Gomez registered a guilty plea in city court and was fined \$206 plus court costs.

Jimmy Drue Long was also arrested on August 9. Long was held on a warrant from Hondo, Texas where he is charged with indecency with a child. He was extradited to Hondo upon arrest.

Guilty was the plea given by Richard Dale Richards following his arrest on charges of making alcoholic beverages available to minors. Richards paid a \$60 fine and court costs.

A juvenile Texas Youth Council escapee, was captured by Garza County officials and extradition to Gainesville made on August 12.

A Garza County resident reports that 13 roosters, valued at \$25 each, were stolen

from a residence four miles west of the city. Post High School officials reported about 300 feet of garden hose and three sprinklers taken from the PHS lawn. The theft was

reported August 15. On August 17, an antenna, spare tire and wheel were taken from a van parked on Avenue O.

**YARD OF THE WEEK**--Tom Power, right, left. Power resides at 122 N. Ave. S. The award was the last of the summer to be made.

# Letters To The Editor...

Dear Board Member:  
We as parents are very concerned with what we are paying for in taxes for the educational introduction of the alphabet and words.

It has come to our attention that Mr. Rankin has proclaimed that each teacher may teach as they wish. However, only one of the kindergarten teachers currently employed, stresses the teaching of phonics as the nucleus for learning. Only that teacher was forbidden to choose the specific material that

she asked for. The text she had requested was based on strong phonics.

Mr. Rankin, as principal, had received that niteriety on the basis that he would act in behalf of the parents to do what was in the best interest for the children. We feel he has failed to fill his obligation in this matter. He has neglected to give consideration to the parents wishes. The majority of parents demand phonics. His giving the teachers an ultimatum of tea-

ching as they wish, as long as it's the DLM method, is nothing short of dictatorship. This is unacceptable to us.

As the "authorities" of our children, we demand that you hear us out. WE ARE YOUR EMPLOYERS! Not vice versa. By no means will we be told what is best for our children when we believe otherwise.

Concerned parents,  
Mr. & Mrs. Allen  
Kalemkiewicz

teach it. I haven't heard anyone putting anyone else down. Only what was being taught. If you have an opinion, pro or con, Don't talk to your friends or your self, Write letter to your board members They are the people who make the decisions. We deserve a choice, it is not, other options are up to you I speak for no one but myself.

Sheri Riedel

Dear Editor;  
After reading the latest letter to the editor and assuming that the Dispatch printed the letter verbatim (including punctuation), if the "controversy" relates to whether a sound foundation in reading will produce Post High School graduates who can formulate a sentence correctly; 'Nuf said.

Rick Maestas

(Editor's Note: It is the policy of The Post Dispatch to print all letters received in their exact wording and spelling. We make no corrections whatsoever.)

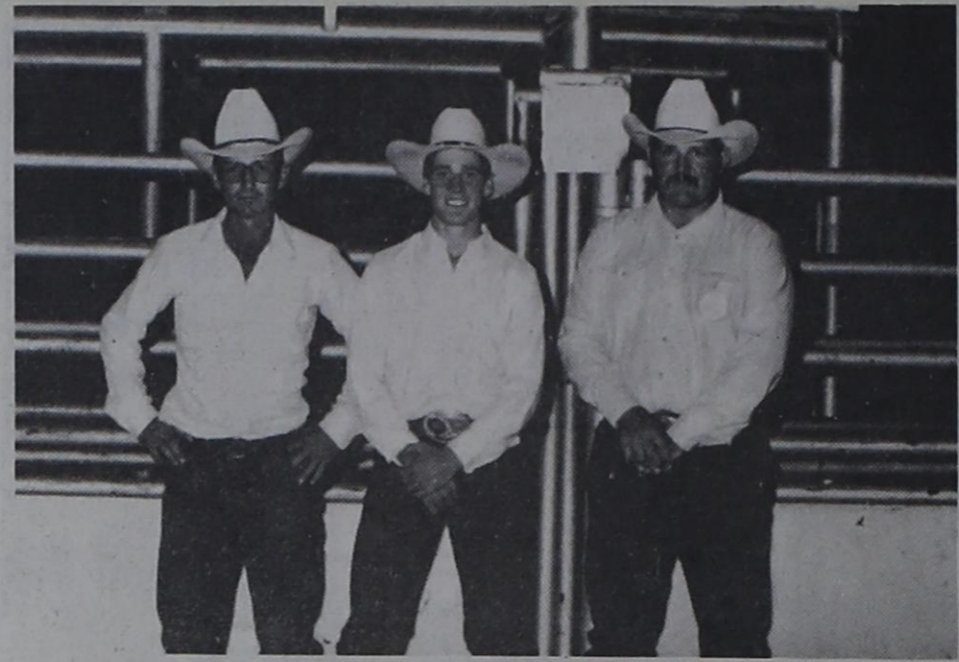

Different gases are used to produce the colors of "neon" lights: argon for blue, neon for red, helium for yellow, and carbon dioxide for white.

Just because I disagree with you doesn't mean I don't like or respect you anymore. it means we have a difference of opinion, I may not agree with you but I will defend your right to say it.

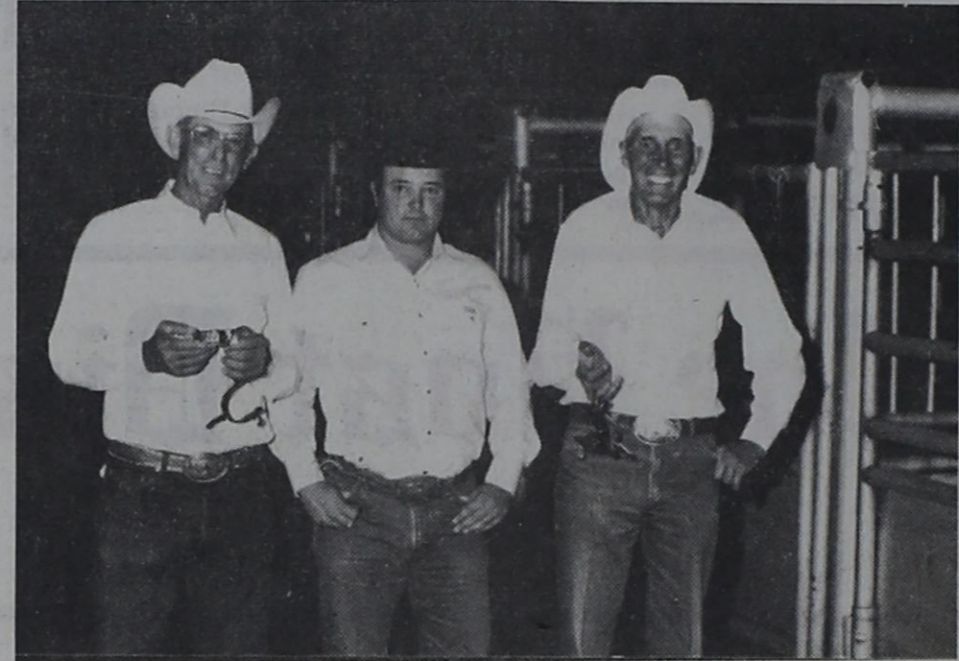

We've all heard that said, but do we really believe it when someone disagrees with us?

There is no one person right or wrong in this issue of Phonics or Not. Some people (who don't even live here in Post) wrote a book and happened to have a good Public Relations department plus good salesman pushing it They pushed it all over America. That doesn't make it good just because it's in a book. The Look-Say method was originated from teaching deaf-mutes to memorize words because they couldn't hear or make the letter sounds like other kids. Only if you have observed both methods can you make a sound decision. Who says we can't go back to what was used to teach children when our forefathers came here. You Parents are the best judge of your children and how fast or slow you want them to learn. Just because everyone's doing it doesn't make it right.

The main issue here is not good or bad teachers, because I think we have pretty good teachers here What the issue is methods and books. All we're asking is that Parents have a choice as to which way they (the people who elect School Board members and pay taxes) want their child to learn, Phonics or not, and qualified teachers to

ALL AROUND HONORS-Joel Kirkpatrick, center, took All Around Honors in the county roping competition and received a trophy saddle donated by local sponsors. Shown with Johnson and Kirkpatrick is Stanley McNeely, right, who along with Johnson was in charge of the county events.

TEAM ROPING WINNERS-Pee Wee Johnson, left and Sam Whitley, right, won the team roping event in the county roping and following the rodeo performance with a time of 43.66. Shown presenting the spurs is Larry Abbott, who made and presented the spurs.

Now your family can enjoy instant photography at an economical price, thanks to a new camera so easy to use, even the youngest family member will find picture-taking child's play. The OneStep 600 from Polaroid offers easy aim-and-shoot operation, along with advanced electronics, a convenient new flash system, and infrared light sensing to assure pleasing pictures.

There's no need to focus—good news for youngsters. A sharp fixed-focus lens provides crisp color pictures indoors and out—instantly.

## Lubbockite Killed In Accident

A Lubbock man, 26 year old Fook Alfredo Lau, was pronounced dead at the scene by Justice of the Peace Dee Justice Tuesday night following a one-vehicle accident around 7:15 p.m.

The accident occurred approximately 10 miles South of Post on US 84.

Lau's female companion, Yi-Ching Li, 25, of Lubbock, was treated at Garza Memorial Hospital for three broken vertebrae and then was transferred to St. Mary's Hospital in Lubbock.

Miss Li, a graduate student at Texas Tech, was the driver of the vehicle, which went through a deep ditch and up an embankment, causing it to be airborne for approximately 65 feet. The vehicle flipped end-over-end, then rolled several times, throwing Lau from the vehicle.

## PMS Kids To Report

Post Middle School students are asked to report to the Middle School Gym on Monday morning, August 29th. Teachers will be present to seat students and parents in the appropriate section.

The opening assembly is scheduled to begin at 8:10 a.m. Sixth, seventh and eighth graders new to the Post school system may register Thursday, August 25 and Friday, August 26 at the Principal's Office. Scheduling for new students will also take place opening day.

## K-M Workers Praised

Employees of Kerr-McGee Corp.'s Oil and Gas Division in the Post area have been commended for safety performance improvements in 1982 that helped Kerr-McGee earn the National Safety Council's highest recognition, the Award of Honor.

The National Safety Council awards are based on improvements in the number and duration of lost-time injuries du-

comparison with previous years. The safety performance of award candidates is also compared with national industry averages.

"Kerr-McGee employees' safety record last year was 40 percent better than averages for the industries in which the company has business operations," Alan Roberts, manager of the Oil and Gas Division's southwest district, told employees.

work for Kerr-McGee and its subsidiaries share in this important national award and we can be very proud that we earned this recognition for our company through our efforts to work more safely as well as productively," he said.

# Glen Whittenberg Retires

Back in 1965, the Gatesville Independent School District was building a new junior high school structure that was to be the district's first air conditioned plant and at the same time, the school was looking for a new principal.

Had that not been the blend of circumstances, Gatesville Junior High School would not have had Glenn Whittenberg as its principal for the last 18 years.

Whittenberg announced his retire-

ment following the end of the last school year and went into effect in mid-June.

Glen was junior high school principal in Post and his wife, Elsie, was teaching here also previous to going to Gatesville.

They had lived in West Texas for some 19 years, but relatives living in Central Texas and owning property at Lake Buchanan, some 300 miles from Post, helped in making up their minds to take the opportunity to make the move to Gatesville.

Whittenberg began his educator career in 1938. In 1946 they went to Forsan in West Texas where he taught shop and in 1950 was made high school principal. The years from 1955 to 1965 were spent at Post where he was first high school principal and later junior high principal.

He says he's been looking forward to retirement and expects to stay busy with his woodworking shop at his home and both he and his wife are enthusiastic travellers and there's

always Lake Buchanan. His wife, Elsie, plans to join him in retirement next year.

## Your Community

### HINTS TO HELP KEEP IT CLEAN

Communities across America are cleaning up, as citizens catch on to the advantages of keeping their neighborhoods clean. Litter-free communities create feelings of pride among residents, help enhance the value of their homes, and attract investment to the area.

• Going for a drive? Keep a scrap bag in the car for easy disposal of throwaways.

**ENGAGEMENT ANNOUNCED**—Mr. and Mrs. Pee Wee (Cecil) Johnson and grandson Justin Donelson of Snyder are pleased to announce the engagement and approaching marriage of their daughter and Justin's mother, Pat, to Kirby Sterling, son of Mr. and Mrs. Pete Sterling of Ira. A Sept. 24 wedding is planned at the Ira Baptist Church.

## Fire Calls

Fire calls answered by the Post Volunteer Fire Department for the week of Aug. 17-25 included:

- August 19, Truck fire, five miles South on FM 669.
- August 19, Grass fire, Beggs Ranch, 20 miles East on 380.
- August 20, Structure fire, 501 N. Ave. F.
- August 20, Grass fire, one mile East of Southland.
- August 20, Grass fire, 15 miles South, three miles East of Post.
- August 21, Grass fire, three miles North on FM 207.
- August 24, Equipment fire, Bill's Welding Yard.
- August 24, Structure fire, seven miles West on 380.

## Bullock Rep Here

State Comptroller Bob Bullock has announced that Pam Thompson from his Lubbock Field Office will be at the Garza County Courthouse in the Tax Assessor's Office on Tuesday, Sept. 6, from 2 p.m. to 4 p.m.

A comptroller's representative is available to assist local residents at the courthouse the first Tuesday of each month.

Bullock urges anyone with problems or questions concerning state taxes to contact Mrs. Thompson at the courthouse in person or call the Lubbock Field Office at (806)795-0691. A toll-free number (1-800-252-5555) is also available to Texas taxpayers.

## Gardening's Future

Gardening's future appears exciting as plant scientists and researchers work to make landscape and garden maintenance easier, says a landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. For instance, plant breeders are developing smaller, more compact plants as homes and residential lots get smaller. Smaller plants are also easier to care for. In addition, they are working to develop top plants more resistant to diseases and insects. Plant growth regulators offer a lot of possibilities along with slow-release fertilizers and special soil preparations.

## WHEAT SUPPORT PRICE 1984

The Wall Street Journal of August 1, 1983 reported that USDA Secretary John Block said he will reduce price-support loan rate on next year's wheat crop by ten percent. The Secretary's move is designed to boost U. S. wheat export sales.

## Rosemary Rogers To Be In Charge At MDA Center

A local residence will be the site for the 1983 Jerry Lewis Labor Day Telethon Pledge Center; the telephone number to call during the telethon to make a pledge will be announced during the show. Coordinating this year's pledge center is Rosemary Rogers.

Over 100 stars will shine on the 1983 Telethon titled "Jerry Lewis' Extra Special," the Labor Day Telethon to benefit the Muscular Dystrophy Association. The main advertising slogan for the special show is the use of the term "THE" Telethon. Top entertainers representing every aspect of show business—from comedian David Brenner to jazz vocalist Sarah Vaughan—have already signed up for the 2 1/2 hour show.

The telethon will air live from Caesar's Palace in Las Vegas and be carried by some 200 "Love Network" stations across the country. The telethon will be carried locally by KLBK-TV, Channel 13 in Lubbock. Telethon emcees will be Trudi Lewis and Ron Roberts.

National Telethon host and MDA National Chairman Jerry Lewis will be joined by co-hosts Ed McMahon and Casey Kasem. Lewis' special friend Sammy Davis, Jr., will also be on hand. Among the other top entertainers who will appear during the marathon TV fund raiser are Michael Jackson, Wayne Newton, Dolly Parton and Ben Vereen.

The Jerry Lewis Telethon has led the Nielsen ratings for the past several years during the Labor Day Weekend. 4-H, plus two representatives-at-large.

viewing audiences at one time or another tuned to the telethon. MDA also has the most established and best fund-raising telethon compared to any other charitable TV fund-raisers.

Funds raised by the Telethon will go to support MDA's worldwide research and over 230 MDA clinics around the country where people with any of the 40 neuromuscular diseases covered by the Association receive medical care and equipment at no direct cost to them or their families. MDA has the most comprehensive patient service in the world.

## Services Held For Iva Cavender, 70

Funeral services for Iva Cavender, 70, will be held today at 2:30 p.m. in the Calvary Baptist Church with the Rev. Alvin Petty, pastor, officiating.

Burial will be in Terrace Cemetery under the direction of Justice-Mason Funeral Home.

Mrs. Cavender died Thursday, Aug. 25, in Slaton's Mercy Hospital following a lengthy illness.

She first came to

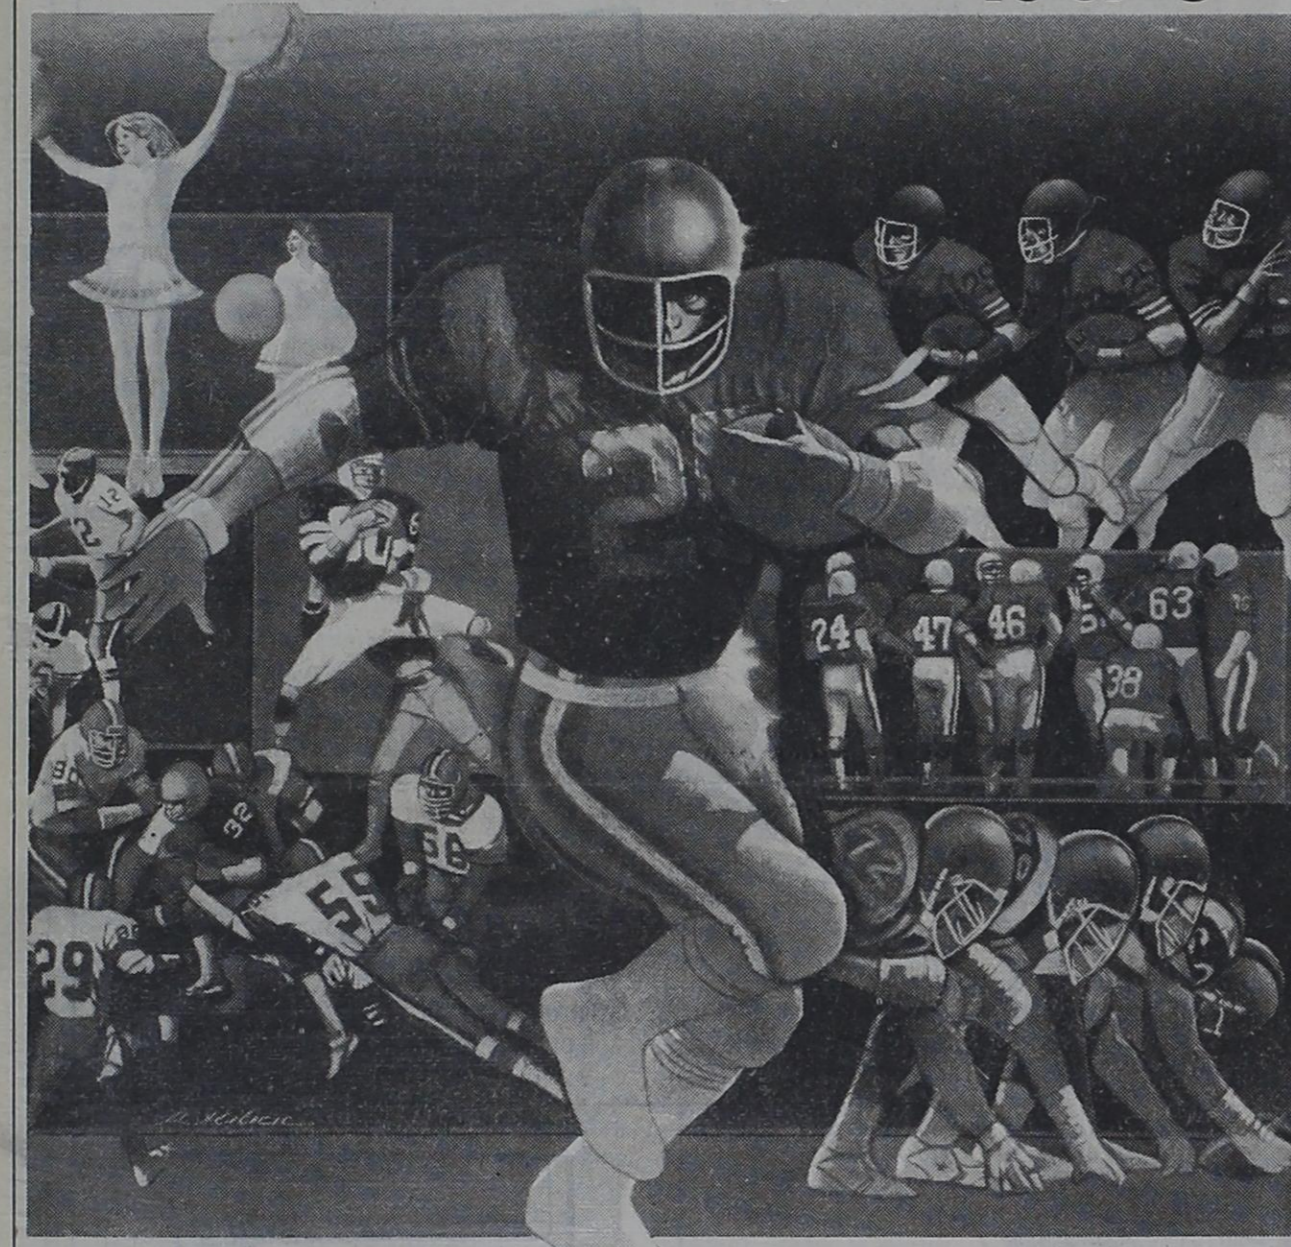

Garza County in 1930 with her husband and returned years later to take care of her mother, Mrs. Lucenia Elizabeth Bilberry and since her mother's death, has been retired. She was a member of the CBC.

Survivors include three brothers, Hamlin Bilberry, C.B. Bilberry and Cephus Bilberry, all of Post; several nieces and nephews.

## State 4-H Council Officers

Texas 4-H Council officers for 1983-84 are Shayne Katzfey of George West, Live Oak County, president; Mandy Mikulenc of Granger, Williamson County, first vice president; Michael Hampton of Mineola, Wood County, second vice president; Lisa Kuykendall of Llano, Llano County, secretary and Roger Mikeska of Temple, Bell County, public relations officer. The council is made up of two representatives from each of the 14 districts of the Texas Agricultural Extension Service, the parent organization of 4-H, plus two representatives-at-large.

## Watch For It Wednesday! The Post Dispatch Football Contest! Win \$15, \$10 or \$5

All entries must be submitted to The Post Dispatch at 123 E. Main or postmarked no later than 5 p.m. Fridays in order to be considered as a contestant.

Contestants must print legibly their names, addresses and telephone numbers. There is no limit to the number of entries allowed per person.

Winners will be determined by the most number of correct selections of the games listed. Contestants should circle the team they think will win the game.

All entries must be on the printed form in The Post Dispatch, facimiles or photo

reproduced copies of the newspaper form are ineligible.

The tie-breaker score must be what the contestant thinks will be the actual score, and the tie-breaker will be determined on a point-spread basis.

The tie-breaker will only be used in case there is a tie between contestants on the total number of correct selections in the contest.

Dispatch Football Contest winners will be notified by telephone and the weekly winners' names will be published on the football contest page.

All decisions by the contest judges are final.

### 3 WINNERS EVERY WEEK!

Circle the team you think will win.

# Welcome Teachers

## 10 New Teachers Join Post ISD This Year

**PEGGY ASHLEY**

Graduate of Angelo State University with a BS Degree in Elementary Education. She has 4 years teaching experience. She will be teaching First Grade.

**CHARLES BLACK**

Graduate of Texas Tech University with a Master's Degree in Education with teaching fields of Physical Education and Government. Returning to the teaching profession with 17 years experience and ten years with Post I.S.D. He will be coaching in the girls and boys programs in Middle School.

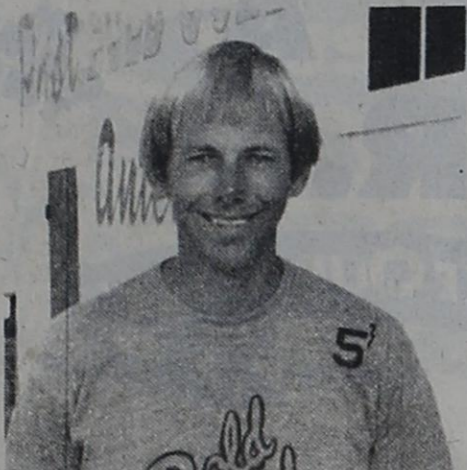

**DANA BROWN**

Graduate of University of Texas with a BS Degree in Elementary Education. She has one year teaching experience and will be teaching Kindergarten.

**BETH COOK**

Graduate of West Texas State University with a BS Degree in Elementary Education. She has 2 years experience and will be teaching second grade.

**BILLY GORDON**

Graduate of Tarleton State University with a BS Degree in Physical Education and teaching fields in Health, Physical Education and History. He has 9 years experience. He will be coaching Girls Basketball.

**JULIA HUDMAN**

Graduate of Texas A&M with BS Degree in English. She has no teaching experience and will be teaching English in Post Middle School.

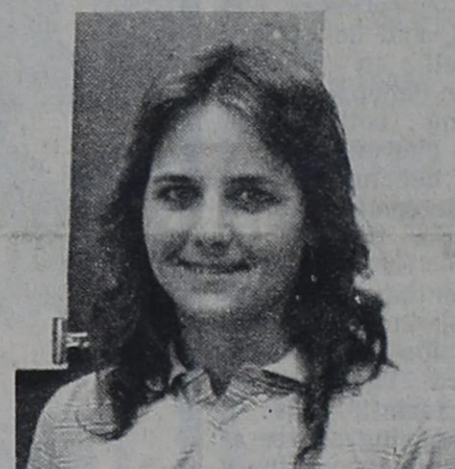

**PEGGY LOTT**

Graduate of Texas Tech University with a BS Degree in Elementary Education. She has no teaching experience. She will be teaching First Grade.

**PAT THOMPSON**

Graduate of Texas Tech University with a Master's Degree in Counseling. She has teaching fields of Biology, English, Language and-or Learning Disabilities and Educational Diagnostician. She has 11 years teaching experience. She will be a Counselor for the District.

**DEBRA WILLIAMS**

Graduate of Texas Tech University with BS Degree in Elementary Education. She has six years teaching experience and will be teaching 5th Grade.

**LINDA WOOD**

Graduate of West Texas State University with a BS Degree in Elementary Education and a minor in Mathematics. She has 9 years teaching experience, will be teaching Mathematics in Post Middle School.

**Post Independent School District 1983-1984 Central Office Staff**

- W.F. Shiver, Superintendent of Schools
- Mrs. Margaret Barley, Bookkeeper
- Mrs. Kay Hays, Secretary to Superintendent
- Mrs. Dorace Wilson, Office Assistant
- Lane Tannehill, School Counselor
- Mrs. Pat Thompson, School Counselor
- David Thompson, Athletic Director
- Odle Campbell, Transportation & Maintenance

# Arno Dalby Creates Motor Express Empire

Editor's Note: This is reprinted from an earlier article appearing in the Lubbock Avalance-Journal of February 18, 1961.

There's no pat formula for "becoming your own man," but those aspiring to it wouldn't be wasting time if they studied the achievement record of Arno R. Dalby.

He once was paid just 35 cents for hauling a crate of lettuce from Lubbock to Post in a rickety Model T Ford truck.

More than three decades later, his fleet of trucks was moving ton after ton of freight through many states. The firm he established had become nationwide in scope and his name was synonymous with progress in the transport industry.

The headquarters of this establishment, TIME Freight, Inc., is at 2604 Texas Ave., where all control operations covering a 6,000 mile freight network are carried out.

**Humble Beginning**  
The beginning of all this was pretty humble, Dalby points out. He was born in Abilene Sept. 24, 1908. His father owned a ranch in that area and young Dalby learned to ride before he could read. When he was 8, the family moved to Post to grow cotton and grain, and he applied himself to feeding cattle, chopping and picking cotton and other chores.

"I became bound and determined to get off the farm," he said. He attended elementary and high school at Close City and his first step toward "getting off the farm" was a bookkeeping course at an Abilene business college. When he returned home, his father had arranged a job for him at a motor company, at \$15 per month, a lot of money for an 18-year-old in 1926.

**\$200 Loan**  
But young Dalby said no. "I have enough intelligence never to work for anybody as long as I live," he told his father, and set about making the boast good. He persuaded his father to back him in a \$200 loan from the local bank, as first payment on the Model T truck.

He began hauling cotton, cottonseed and coal for a nearby gin, and early in 1927 opened the line between Lubbock and Post. He carried poultry and eggs to Lubbock and groceries, such as the aforementioned lettuce, on return.

When Dalby moved to Lubbock in 1931, he owned three trucks, was grossing \$1,000 a month and had bought out his competitor in two towns. By 1942, Dalby had expanded the line to Amarillo, Denver, El Paso and Clovis and had bought a total of 21 small trucking companies.

He was commissioned a second lieutenant in the Army's Transportation Corps during World War II, served at Denver as commander of the corps regulatory station and was transferred to New York City in 1943 as chief, Transportation Office, Highway Division. He

served there, with rank of captain, until June 1944.

**Sold Operation**  
Absence for military service hurt his business and Dalby sold the entire operation in November, 1944, retaining only real estate holdings. The next year he worked for the Secretary of War on special assignment involving preparation of equipment for the contemplated invasion of Japan. But the dropping of atomic bombs on Japan ended this.

Dalby established the Plains White Truck Co., a White distributorship in Lubbock in 1946. Still longing to be in the motor carrier busi-

ness, he bought back his old operation between Lubbock and El Paso in 1947, naming it The Inter-city Motor Express. The name then was abbreviated to T.I.M.E.

The news magazine Time, Inc., sued the trucking company for what it claimed was trademark infringement and unfair competition. But a U.S. District Court in Los Angeles returned a judgement in favor of Dalby's firm and it was able to progress under its chosen name.

By purchasing other rights, Dalby extended his company's operations into California, Tennessee; Georgia, Kentucky, Indiana, Ohio and Missouri by 1957. The most recent extension was purchase of Powell Bros. line in Springfield, Mo.

**Board Chairman**  
In 1958, TIME (the periods have been dropped from the title) became a publicly owned company and now has 1,400 stockholders. "I'm no longer president, but now chairman of the board," Dalby explained. "I handle policy matters and financing."

He said he has relinquished some holdings in the company and is now concentrating on diversifying his interests. This includes real estate,

insurance, oil and gas investments and stocks and bonds. Dalby maintains another office in the Lubbock National Bank building, dividing his day between it and the trucking firm.

**How does he relax?**  
"Travel," Dalby said, "my wife and I do an awful lot of it and Christmas cruises are favorites with us." They have been to the South Seas, Hawaii and the Caribbean. They planned to go to Australia last December, but Dalby had to undergo surgery which prevented it.

The couple lives at 1723 29th St. They have one son, Giles,

who is vice president of TIME.

**Editor's Note:** Mr. Dalby died in 1975. His son, Giles W. Dalby, resigned from TIME in 1962, returning to Garza Cou-

nty to assume operation of his ranch, the Cross H Ranch. In 1970 he ran for the office of County Judge, was elected and is presently serving his fourth term of

office. He has continued to oversee the operation of the ranch, raising cattle and in recent years expanding to include breeding and racing racehorses.

## Wallace Announces Figures

**Railroad Commission Chairman Mack Wallace has announced that Texas oil and gas well produced 439,716,283 Mcf of gas in April, down 14.53 percent from field runs a year earlier.**

That brings the total gas production for the year to date to 1,822,436,927 Mcf of gas.

Marketed gas production in April totaled 359,407,312 Mcf and reflected a 16.82 percent decrease from the April 1982 volume.

Marketed production is the total gas to transmission lines and for carbon black, plant fuel and lease use.

Gas exported from Texas in April totaled

209,510,690 Mcf. Exports of Texas produced gas in April totaled 168,310,478 Mcf, and reflected a 19.55 percent decrease from the year-earlier month.

Texas gas production in April came from 234,674 oil and gas wells.

In March 1983, Texas wells produced 452,822,019 Mcf

# Block's Actions Lead To Crisis According To TAC

U.S. Secretary of Agriculture John Block's refusal to act on relief requests from drought-stricken West Texas ranchers has caused the worst economic crisis for that area in 30 years, Texas Agriculture Commissioner Jim Hightower charged at a news conference last week in the U.S. Capitol.

Accompanied by Texas Farmers Union president Mike Moeller and two ranchers from the drought area, Hightower urged the Department of Agriculture to implement three steps to keep hardpressed farmers and ranchers from bankruptcy, including one action Hightower said would

actually save taxpayers money.

Hightower's three recommendations included federal disaster payments to drought area cotton farmers whose crops did not come up due to the lack of moisture in the ground, activation of the Emergency Feed Grain Program to give cattle, goat and sheep ranchers a subsidy of up to three cents a pound on the purchase of feed to maintain livestock which normally would be grazing on the now parched range land and release to the ranchers of 17.5 million bushels of deteriorating corn in storage in West Texas since the 1980 Russian grain embargo.

The 17.5 million bushels represents only the poorer quality corn in storage, Hightower said, and is less than half of the 43 million bushels being stored at an annual cost to the government of \$5 million.

"USDA has assured the corn and sorghum producers associations that it would not release that grain on the local market, which would unfairly depress the price," Hightower explained, "so it's just sitting there and deteriorating. We have visited with Carl King of the Texas Corn Growers Association and Elbert Harp of the Texas Grain Sorghum Producers Association and they are very supportive of our proposal to release that corn as long as it's not for resale but only goes to the ranchers in the drought area to keep their own livestock alive. And releasing the corn would save the taxpayers the cost of storing it."

On July 15, Block refused a request by Hightower and Gov. Mark White to implement the Emergency Feed Grain Program, but said he "would keep a close watch on the situation and if the drought expands and becomes more serious, we will again consider the need..."

The Time-DC fleet of trucks was assembled for a historic photo during the early 20s in downtown Post, with the vehicles facing the east on Main. (Photo courtesy of Giles Dalby)

## State Files Suits

The State of Texas has filed suit against four crop-dusting companies and three individuals that the Texas Department of Agriculture charged with rigging bids on a state contract earlier this year.

This suit, filed Wednesday by Texas Attorney General Jim Mattox, alleges that the defendants conspired to suppress and eliminate competition for a contract to apply an insecticide in portions of Kendall and Kerr Counties in the spring of this year.

The state is seeking treble damages from the defendants.

Additionally, the Texas Department of Agriculture is investigating the possibility of suspending or cancelling the application licenses of the defendants.

"I know this sort of thing is not at all representative of the aerial application industry," said Texas Agriculture Commissioner Jim Hightower.

"There are 935 aerial applicators in Texas, and we can't let the shady practices of only four of those undermine the high integrity of the rest. We have asked Attorney General Mattox to pursue this matter to the fullest for the benefit of the industry as a whole and the taxpayers of Texas."

The suit alleges that the defendants agreed to submit non-competitive bids for the contract in violation of the Sherman Antitrust Act and that they submitted bids containing fraudulent information.

As a result of the defendants' actions, the state suffered delays in the program and substantial financial expense, the suit contends.

# Garza Memorial Improvements

Garza Memorial Hospital, with Maritta Reed as hospital administrator, has been involved with many new and updated improvements over the last several months.

One of the improvements is the enlarging of the emergency room which now accommodates two beds.

Mrs. Reeds' office was taken in with the existing emergency room in order to hold the two beds.

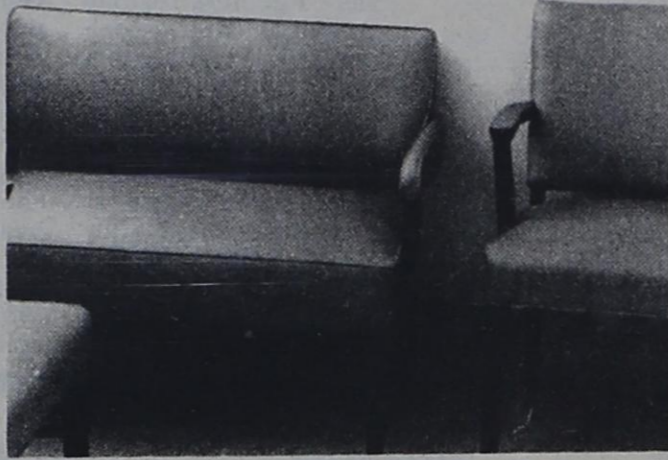

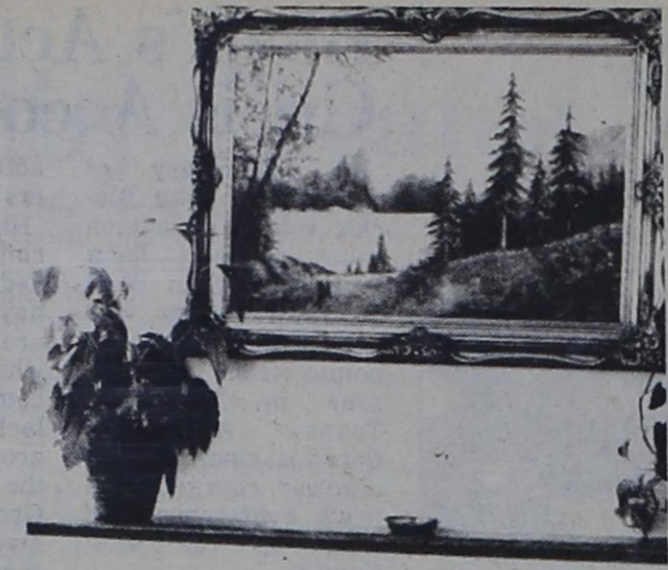

The emergency room is open 24 hours a day with Doctors on call and full time Registered Nurses to serve those in need.

Facilities are available to take care of major trauma cases, cardiac patients and minor accidents. A small emergency room, which is referred to as ER2, is available across the hall which also serves obstetrics patients and can be taken directly into

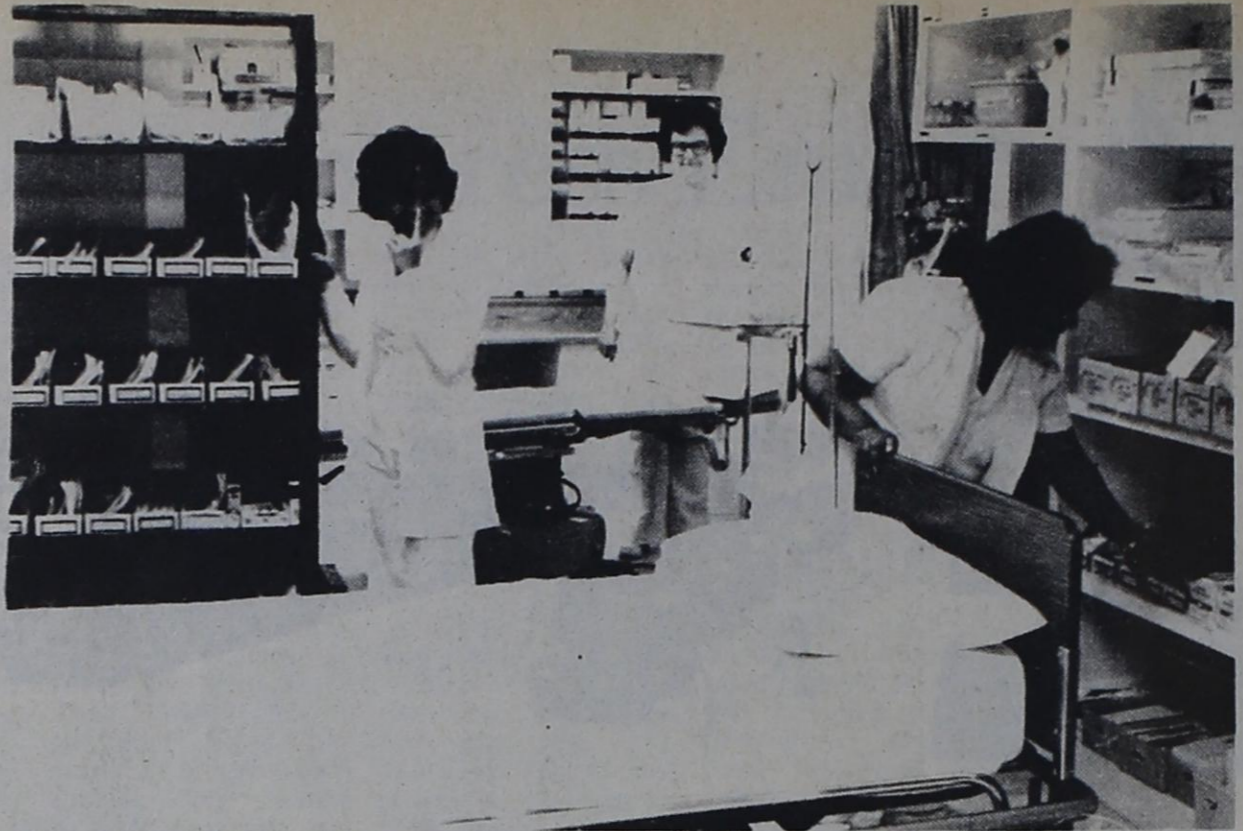

the delivery room. A new waiting room has also been added across the hall from the larger emergency room to accommodate those waiting for obstetrical patients, laboratory patients or those using the x-ray facilities and emergency room patients.

### COTTON PIK PROGRAM

President Reagan has signed a \$7 billion supplementary appropriation bill which also authorizes USDA to negotiate sales with farmers for cotton in the loan program to satisfy Payment-in-Kind demands. The new legislation will authorize USDA to pay as much as 20 percent more than the guaranteed 1982 crop loan program level. Producers who previously offered to sell at lower prices are permitted by the new legislation to re-open negotiations.

**NEW WAITING ROOM**—The new waiting room has been added for those using the laboratory, X-ray facilities or surgery patients.

**NEW EMERGENCY ROOM** — Nurses at serving those in need of minor care as well as Garza Memorial Hospital are shown in the as trauma patients. Shown l to r, Lena Walker, Pauline Mathis and Bea Bustoz. facility now holds two beds and is capable of

Seals sometimes swim 6,000 miles over a period of eight months without once touching land.

### Nelda Cartwright's Address

Following several requests for Nelda Leake Cartwrights address, she may be contacted at 4317 South Cline, Amarillo, Tex., 79110.

### Golf Course Tourney

There will be a Jack and Jill Best Ball Tournament Saturday and Sunday, September 3 and 4. Teams will be flighted after the first round Saturday. Entry fee is \$60 per team. Cash prizes will be awarded in each flight. Discussion of teams Saturday night at 7 p.m. at the golf course club house. Call and enter at 495-3029. We are hoping for three flights, depending on the number of entries. Entry deadline is Friday, September 2nd.

### Ice Cream Supper

The Post High School Booster Club's annual "Meet the Antelopes" night and ice cream supper has been set for Tuesday, August 30 at 7:30 p.m. Club President Jimmy Redman emphasizes, "These folks that participate don't have to have athletes on the field. They just have to be interested in Post High School sports." Redman went on to request that anyone interested in taking part in the ice cream supper should meet at the football field at 7:15 p.m. with a freezer of ice cream and help the Booster Club serve. The cost of the ice cream being served will be 50 cents for all-you-can-eat. Membership in the Booster Club is available now at a cost of \$10 per family. Bold Gold caps, jackets and tapes of Noel White singing "The Bold Gold Legend Lives On" may be ordered from club members at Tuesday's festivities.

**EMERGENCY ROOM 2**—Lena Walker is shown in emergency room No. 2 which is used for obstetrics patients and others who are in need of emergency service.

### 4-H FFA Eligible To Compete

Members of 4-H and FFA clubs in 23 area counties are eligible to compete in the Junior Steer Show at the 66th annual Pan-

handle South Plains Fair in Lubbock Sept. 24-Oct. 1. General manager Steve L. Lewis said members from the following counties would be permitted two steers each: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, Lamb, Lubbock, Lynn, Motley, Parmer, Scurry, Swisher, Terry and Yoakum.

The entry deadline is Sept. 12 and a \$5 entry fee must accompany each card. Some \$5,560 in premiums are being offered and judging will begin at 10 a.m., Sept. 30 in the Livestock Pavilion.

Bob Benson of Colorado City will judge the entries. Stanley Young will serve as superintendent and Denny Belew, assistant.

There will be two breed divisions, including crossbred and other breeds plus British breeds (purebred or high grade Angus, Herefords, Polled Herefords and Shorthorns).

Payoffs range from \$20 for 10th spot to \$100 for first. Champion and reserve champion of each division will collect cash awards of \$200 and \$100, respectively, and banners.

The grand champion will get \$1,000 and the reserve grand champion will collect \$750. Trophies also will go to the top two winners.

This morning the Presbyterians of Post will welcome Mrs. Mary Frances Young, an Elder in Lubbock's Covenant Presbyterian Church.

Mrs. Young was recently elected Vice-Moderator and Moderator-in Nomination for the Synod of the Sun, encompassing over 250,000 Presbyterians in the states of Texas, Oklahoma, Louisiana and Arkansas.

She previously served on denominational Christian Education projects and as a Synod Executive in Iowa and Texas.

We invite you to hear this dynamic, committed Christian Leader. The service begins at 11:00.

*The First Presbyterian Church*

10 a.m. Bible Study

11 a.m. Worship

The Post Independent School District serves nutritious meals every school day. Children from families whose income falls within the level shown below are eligible for either free or reduced-price meals. To apply for free or reduced-price meals, applications will be made available to each student enrolled in Post Schools. Applications will be distributed to each child by building principals during the first week of school.

# Family Lifestyles Changing Say Experts

By the year 2000, if current trends continue, families will come in three major forms: first-marriage families, single-parent families and remarriage families.

"First-marriage families are not predicted to die out, but they will not necessarily predominate either," says Dr. DeLores Stegelin, a family life education specialist.

These marriages will have one, two or less frequently, three children. A sizable minority will remain childless.

The greatest problem facing first-marriage families will continue to be the balance of work and family responsibilities, says Stegelin, who is with the Texas Agricultural Extension Service, Texas

A&M University System.

With one out of two married women now working outside the home and a projected increase of working mothers by the end of the century, the issues of childcare and housework in families will be increasingly important, she says.

If current divorce rates remain the same, half of all marriages begun in the early 1980's will end in divorce. Since divorce tends to occur early in marriage, three-fifths of all divorces involve couples with children living at home.

Divorce, along with births to unmarried women, has led to a steady and continuing increase in the number of single-parent families. The result is that about half of all children will spend some time

in a single-parent family before they reach 18.

According to Stegelin, the most significant problem for single-parent families will probably continue to be income. Less than half of the divorced women receive child support payments and those who do receive an average of about \$1,900 per year.

Although a great deal of publicity has been given to joint-custody arrangements it is still uncommon. As the wife retains custody in nine out of ten cases, the lack of a male figure in the home is also a significant problem for single-parent families, notes the home economist.

Remarriage families will be increasingly common as three out of four divorced people remarry and half of

these marriages take place within three years of divorce. While remarriage solves many of the economic problems associated with single parenthood, it also requires blending two families together into one.

The remarriage family faces complex interactions and adjustments blending children from either or both spouses, grandparents and other extended relatives, says Stegelin.

Even though many Americans will live in nuclear families themselves, they will be involved with single-parent and blended families formed by their relatives or friends.

Although the divorce rate is expected to remain high, Americans seem to hold the institution of marriage in high esteem. "The ques-

tion," says Stegelin, society can find ways no matter what form "is whether we as a to support families-- they take."

## Food Only One Use For Veggies

Many vegetables can add color to the home landscape as well as provide food.

For example, try mixing vegetable plants with ornamentals, suggests Dr. Bill Welch, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Lettuce makes an effective border and can be spruced up by combining with a flowering annual. Other vegetable crops such as banana peppers, hybrid spinach, ornamental kale and cabbage provide a spectacular diversity of foliage colors. Asparagus has attractive foliage that can be used in flower arranging from late spring until the first frost.

If you have a bare fence or wall, plant pole beans for a seasonal covering of

green, says Welch.

Other possibilities, even for apartment dwellers who don't have access to a garden plot, include container-grown vegetables and herbs. Onions grown in a container offer unusual foliage and convenient access. Parsley is also an attractive plant in the landscape or in a container or hanging basket.

Another interesting edible plant is nasturtium, notes the horticulturist. It's easily grown even in poor soil and the leaves, stem and flowers of nasturtiums can be used in salads and dressings. With a little imagination, you can enjoy the beauty of vegetables and other edible plants in your home landscape as well as the freshness of home-grown food, says Welch.

## Zinc Deficiency Is Diet Problem

Zinc deficiency seems to be the latest nutrition problem for which Americans are being sold dietary supplements.

Some researchers have labeled a shortage of zinc as a cause of immune system difficulties which may contribute to disease among the aged and malnourished.

"But the average person need not be concerned about zinc deficiency or purchasing a zinc supplement to prevent such a deficiency," says Dr. Alice Hunt, a foods and nutrition specialist with Texas A&M's Agricultural Extension Service.

According to Hunt, there are so many nutrients missing in cases of malnutrition that problems with the immune system cannot be blamed on zinc deficiency alone. Malnourished people will be prone to disease for a variety of reasons, with lack of protein being the major factor, she adds. The recommended daily allowance for zinc is 15 mg per day and the average zinc content of mixed diets consumed by American adults is between 10 and 15 mg per day, reports Hunt.

Meat, eggs, milk and shellfish are all good sources of zinc. So the person who severely restricts his intake of these foods could run the risk of developing a zinc shortage.

"A balanced diet which includes animal protein however, should be sufficient to insure that a person does not become de-

ficient," states the nutritionist.

There are areas of the country where the soil is deficient in available zinc and spontaneous zinc deficiency in farm animals has required enrichment of feeds.

But zinc deficiency in animals does not mean people from the same area would require zinc supplements, Hunt says.

The specialist cautions that consumers who have purchased zinc pills or liquid should also be aware that too much zinc can become toxic.

## Sophs To Begin Registration

Sophomore students are to register from 1-5 p.m. on Aug. 31 and evening students may register from 6:30-8 p.m. on that day. Freshmen are to register from 9 a.m. to noon on Sept. 1. Registration for all students will continue from 1-5 p.m. on Sept. 1.

Fall semester classes at Western Texas College will begin Sept. 2 following registration on Aug. 31 and Sept. 1.

Students beginning registration are to go first to the counseling office in the Student Center. Information about registration and courses on the fall schedule can be obtained by calling the Student Services office at 915 573-8511.

*Mommie* ... They want me to come to church."

Yes, Mommie, they do want her in church, for in the church, they have a place for all ages. No child is too young to learn. This also provides you an opportunity to worship and give undivided attention to church services.

*"Train up a child in the way he should go; and when he is old, he will not depart from it."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

For sale or trade: '79 Pontiac Phoenix, good condition. First trailer on left on Crosbyton Highway.

## Girl Scouts Set To Organize

Area girls will be offered an opportunity to become active in Girl Scouts during an organizational meeting to be held Monday, Sept. 12, from 3:30 to 5 p.m. in the Girl Scout House located at 506 W. 7th Street, according to Field Services Chairman Betty Dennis.

Parents of prospective members as well as members who are re-registering are asked to attend. Ninety-five girls in Post are among the 2,753,090 who registered in 1982-83 nationwide.

"Girl Scouts is the largest voluntary organization for girls and one of the oldest. By appealing to girls through activities that are fun and personally fulfilling to them, the movement helps girls to develop socially, physically, emotionally and morally," explained Mrs. Dennis.

She added that the organization is part of a worldwide movement for girls and that Girl Scouts not only welcomes, but seeks members from all ethnic, religious and socio-economic backgrounds.

In a contemporary setting, girls learn leadership skills and traditional values of love of God, country and mankind.

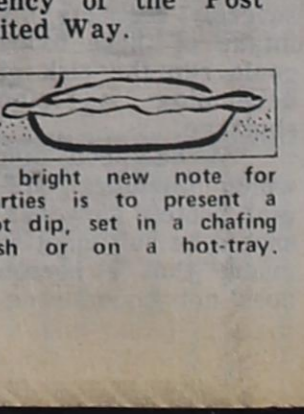

Girl Scouts offers a wide variety of opportunities for girls who may choose to join a troop or not.

Many of the activities available (field trips, workshops, camping, etc.) do not require troop affiliation, although they are available to troop members also.

In addition, Girl Scouts offers personal satisfaction and growth to the adults who make the program possible. For more information about Girl Scouts, U.S.A., contact Mrs. Dennis at 495-3444, Carol Peppers at 495-3191 or Nell Morris at 495-3214.

Girl Scouts is an agency of the Post United Way.

A bright new note for parties is to present a hot dip, set in a chafing dish or on a hot-tray.

# Varsity Gridders Score Two

by Phil Riddle

The Varsity Antelopes scored twice last Friday evening as they shut out the Cooper Pirates in a scrimmage the Pirates' coaching staff apparently really didn't want.

After a late beginning, the 'Lopes took the field on defense.

Cooper was allowed 20 offensive plays, according to the agreed scrimmage rules.

The Cooper fullback bulled for a first

Reserve running back Curt Greer blasted through the Cooper defense for a 31 yard gainer during Friday evening's abbreviated scrimmage at Woodrow.

down on the initial play of the contest, but the Antelope defense stiffened and stymied the Pirate attack in their first possession.

Safety Milton Williams was credited with an interception for Post to halt a CHS drive.

L.D. Harper and Felix Bustos each had outstanding plays defensively as the Post defense allowed only 47 yards in the first 20 plays.

In the first series of plays, the Antelopes' offense gained 172 yards, including a 62 yard scoring jaunt by senior sensation, Milton Williams.

During the impressive first plays for the 'Lopes, L.D. Harper caught a tipped pass and ripped off 18 yards. Harper also was on the receiving end of a Joel Kirkpatrick scoring strike from 25 yards out.

The Post offense threatened twice more late in the scrimmage, gaining ground to the Cooper one yard line and three yard line.

One drive was killed by the interception of a Dale McVay pass, the other by the Cooper defensive front.

The Pirates crossed the midfield stripe only once during the contest, as the PHS defense kept Cooper's offense in check.

The Antelopes will take to the field for real this Friday night as they travel to Roosevelt to begin the 1983 season.

Watch Wednesday's Dispatch for a pre-game outlook and next Sunday for game results and action photos.

Antelope quarterback Joel Kirkpatrick cuts around left end, getting set to find L.D. Harper down field for an 18 yard pass play as the Antelopes dominated Cooper during a scrimmage at Woodrow last Friday evening.

## Frosh Beat Cooper 1-0 In Scrimmage

Coach Jay Kennedy watched as his freshmen football team scored once while holding Cooper in check in an abbreviated scrimmage in Woodrow Friday evening.

Marvin Lee took a Jamie Cook pass for the lone score in the final warm-up game before beginning regular play here this week.

Kennedy sees his group as improving. The freshmen play Roosevelt at 5 p.m. Thursday in Post and the coach said, "We moved the ball pretty well."

Milton Williams scooted through the Cooper secondary for a 62 yard touchdown scamper, which was nullified on a clipping call.

## J.V. Whips Littlefield 5-1

Junior Varsity football coach Ken Plumlee was obviously pleased with the play of his charges in their 5-1 whipping of Littlefield in the scrimmage held there Thursday evening.

JV quarterback Delfon Osborne connected for touchdowns twice in the second tune-up contest. Osborne's TD tosses both ended up in the hands of Rodney George.

Running back Benny Haire finished the

scrimmage with approximately 120 yards rushing.

Defensive linemen Bruce Crenshaw, Lanny Wilborn and Russell Graves were cited by Plumlee for having an outstanding game.

The Junior Varsity Antelopes host Roosevelt this Thursday at 6:30 p.m. to begin regular season play.

## The 'Lopes & Dispatch-What A Team!

## Season Ticket Sales

Season ticket sales for Post High School Antelope home games opened last Monday at the High School office.

Reserve seating tickets are available from 8 a.m. to noon and from 1-4:30 p.m.

Season tickets are \$12.50 per seat for all home games.

Last year's season ticket holders will have the option to purchase the same seats until after the first game.

### Mullings Completes Basic Training Recently

Airman Alfred L. Mullings, son of Lela D. York of 119 N. Ave. K, Post, has completed Air Force basic training at Lackland Air Force Base, Texas. The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and customs and received special instruction in human

relations. Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

His uncle, Frank A. Mullings, resides on Rural Route 2, Post. The airman is a 1983 graduate of Post High School. **495-2816**

In 1866, there was no full moon in the month of February. This will occur again in 2.5 million years.
