### Mystery Shrouds Disappearance Of Grocery Merchant

Police, newspapers and radio stations throughout West Texas were asked Tuesday to aid in the search for C. J. Josey, Post grocery merchant who disappeared from his store on North Broadway at 5 a.m. Monday. No trace of his whereabouts had been found by press time.

As he had been ill with a heart ailment the past several months, his family feared he may have had a heart attack after leaving.

He did not take the family automobile when he left, and it was not known which direction he took or how he traveled and he gave no indication to his family that he planned to leave.

He has a wife and two children, a daughter 7 and a son 3 years of age. He is a brother of Walter Josey of Garza County.

News of Josey's disappearance, along with his picture, was published in the Lubbock Avalanche and Fort Worth Star-Telegram this week. A Lubbock reader tele-

### Norris Radio Shop Moved To New Site

G. W. Norris this week moved his radio repair shop from the White Auto Store to a building owned by C. J. Josey just south of Josey Grocery on North Broadway.

The building has been repainted and repaired inside and a service counter has been installed.

### R. O. Smith Dies in Santa Fe At Home Of His Son

Funeral services for R. O. Smith of Santa Fe, N. M., former Post resident who died Tuesday at the home of a son, R. D. Smith, in Santa Fe, were scheduled for 3 o'clock this afternoon at the First Baptist Church. The Rev. Huron A. Polnac was to officiate.

Burial will be in the Smith family plot at Terrace Cemetery, with Mason and Company in charge.

Pallbearers are Arthur Floyd, J. W. (Red) Floyd, Charlie Bowen, Elmer Cowdrey, Delmer Cowdrey, and Glenn Davis.

Survivors include four sons, E. L. Smith of Pueblo, Colo., J. W. Smith of Madill, Okla., Guy Smith of Lubbock and R. D. Smith, 19 grandchildren; two brothers, Sam Smith of Weatherford and George Smith of Munday, and a sister, Mrs. Mattie Brodyen of Pep.

### D. R. Adamson Is Claimed By Death

Funeral services were held at the First Christian Church Friday afternoon for Delbert R. Adamson who died at his home in the Dixie Community, near Tahoka, at 8 o'clock last Thursday morning after an extended illness. Bro. J. E. Stephens, superannuated Methodist minister, officiated.

Burial was in the Terrace

School days for the 1947-48 season in Garza County are drawing to an exciting close. All schools in the county except Southland, which closes a week later, will be out by May 14.

The Post High School baccalaureate service will be held at 8 o'clock Sunday night in the high school auditorium, with the Rev. A. B. Cockrell, Methodist minister, as main speaker.

Forty-five seniors are in the P.H.S. graduation class. They are taking examinations today and tomorrow and will receive their diplomas at the Commencement exercise which is scheduled for 8 p.m. Friday, May 14.

There are approximately 56 students in the Eighth Grade class which will be graduated next Thursday night in a Commencement service beginning at 8 o'clock in the high school auditorium.

Life has been exciting for the high school seniors since last Thursday noon when they left, immediately after the annual flag raising ceremony at the school, in two chartered busses on a weekend trip to Colorado Springs, where they enjoyed sightseeing tours, ice skating and other entertainment. They were accompanied by Mrs. L. S. Turner, Mrs. Noal Stone and Mrs. Boone Evans, Mr. and Mrs. Bill J. Davis and Mr.

### Spiritual Life Crusade To End Sunday Morning

A good attendance, which has been increasing with every service, has featured the Spiritual Life Crusade at the First Methodist Church this week.

The crusade will end Sunday with the 11 o'clock service. Dr. Frank Turner of Fort Worth, evangelist, will preach a Mother's Day sermon Sunday.

Services are being held at 10 a.m. and 8 p.m. this week, including Saturday.

### Vernon Giles Hurt In Hobbs Accident

Vernon Giles, son of Mr. and Mrs. H. F. Giles, received a serious injury to right hand last week in an oil rig accident in Hobbs, N. M.

Mr. and Mrs. Giles, who visited him in a Hobbs hospital Monday, said that a forefinger and possibly a middle finger will be amputated and that his wrist is crushed. The surgery will be performed in Dallas by a bone specialist.

### Stallings Pupils To Give Recital

Mrs. J. A. Stallings, assisted by Mrs. Tom Power, will present all her students in recital at 8 o'clock tomorrow night in the high school auditorium. The program is open to the public.

Specialty numbers, dance numbers and songs will feature the program.

### Fair Seeds Distributed

Robert H. Gibson, Garza County agricultural agent, has been distributing vegetable and grain seeds to various farmers over the county who will plant them for the Garza exhibit at the Panhandle-South Plains Fair this fall. The seeds were bought by the Post Chamber of Commerce.

## Two Busses Are Chartered For Trippers

Every business man in Post will be asked to buy two tickets for the rodeo booster trips by chartered bus scheduled for Thursday and Friday of next week. Each merchant will be asked to make at least one of the trips and to send an employee to represent him if he cannot make both trips, the advertising committee of the rodeo association announced this week.

The tickets are \$4 each. For each trip, two 37-passenger brand new air-conditioned busses have been chartered from the Texas, New Mexico and Oklahoma Transportation Company. The y will leave Post at 8 a.m. each morning. The Thursday boosters will eat lunch in Spur and return here about 8:05 p.m. The Friday boosters will have lunch at Levelland and return here about 6 p.m.

The boosters will stop in each town on the itinerary about 30 minutes, present Merle Jenkins and other local entertainers in a short musical program and invite the listening public to attend the

## Additional Funds Needed For 4-H Exhibit Building

Contributions are still coming in for the proposed 4-H exhibit building on the Post Stampede and Rodeo Grounds, Robert H. Gibson, Garza County agricultural agent, said yesterday. Quite a bit more money is needed, before negotiations can be made for the building.

Gibson expects to publish a financial report in the Post Dispatch next week, he said.

### Imogene Jewell Is Elected President Of District Group

The local woman's auxiliary to the Veterans of Foreign Wars post has been notified of the election of Mrs. Imogene Jewell, a charter member, to the office of president of District 7 of the auxiliary. She will succeed Mrs. Bennie Jackson of Lubbock.

Mrs. Jewell was district vice-president last year, and she is a junior vice-president of the local auxiliary.

### PTA Officers To Be Installed May 13

The final meeting of the Parent-Teacher Association will be held in the high school auditorium at 4 o'clock next Thursday afternoon.

E. E. Pierce, grade school principal, will lead the program. A grade school poster exhibit will be featured. The P.T.A. will give three prizes for the best posters.

Officers for next year will be installed, and delegates to the district conference will make their reports.

Mrs. R. B. Dodson and Mrs. Guy Floyd will be the hospitality committee for the meeting.

### Boys Buy Calves

Three Garza County 4-H Club boys bought four registered calves from Lee Byrd Saturday and will raise them for 4-H competition.

Jerrell Stone bought a steer and a heifer and Charles Chandler and A. J. Stone bought one calf each.

## Grandmothers, Mothers To Be Honored Sunday

### Dollar Day Said Best Thing Ever Sponsored Here

The second in a series of first Monday Dollar Days this week was considered by local merchants to be entirely successful.

It was estimated that the crowd which attended the first Dollar Day was doubled this week and that there were twice as many bargains offered.

"It's the best thing we've had in Post since I went into business here," Clint Herring said. His remark was typical of comments made by merchants participating in the week.

June 7 is the date of the next Dollar Day.

### Earl Hodges To Retain Tractor Business Here

Earl Hodges, who announced last week that he was selling his tractor company, said yesterday that the deal was not completed and that he will continue to operate the business.

He will continue with his original plan of completing a new building for the company on east Main Street. Meanwhile, the business will be operated in its North Broadway location.

He is the local Allis-Chalmers dealer.

### Boosters To Name Officers Friday

All members and prospective members of the Antelope Booster Club are urged to attend a meeting at 5 o'clock tomorrow afternoon at Mason and Company for the purpose of electing new officers for the coming year.

The club will be active this summer so that "everything will be ready to go" when the football season opens.

Everyone interested is urged to be on hand and vote for a "five-wire" president, Marshall Gibson said yesterday.

### Hangar Moved Here

Jess Wright and John Lott recently bought an airplane hangar at Tahoka and Tuesday they moved it to the local airport. It will be used as a shelter for their planes.

A poet, Carolyn R. Freeman, wrote:  
While we're honoring our mothers  
With our songs and words of praise,  
While we tell about their kindness  
And their tender, loving ways,  
I should like to speak of Grand-  
ma:  
She's a mother, too, you see,  
For she mothered my dear mother  
As my mother mothers me."

It was to honor grandmothers as well as mothers that the Post Dispatch selected Mrs. A. W. Bouchier for today's Mother's Day Tribute. Mrs. Bouchier is typical of all that is good, lovable, and wholesome in motherhood and grandmotherhood.

She is pictured at her home with her Bible, which she can practically quote from memory. She is the mother of Tom and Phil Bouchier of Post, A. W. Bouchier of Albuquerque, N. M., (Continued On Back Page, Col. 3)

### Material Ordered By Garza Owners For New Theatre

Indication that Theatre Enterprises, Inc., owner of the Garza Theatre, desires to build a new theatre here as soon as possible was contained in a letter from F. L. Stocker of the Dallas office to the local manager, John Hopkins, this week. The letter said, in part:

"Immediately following the lifting of the restrictions on construction of theatre buildings, we asked our architect, J. M. Corgan, to proceed with the final completion of the plans on the new theatre which we intend to build in Post on property which was purchased for this purpose some time ago.

"At this time, we advise Mr. Corgan to place an order for the necessary steel as well as other critical materials which will be required in the construction of this theatre.

"I believe these actions on our part show our intention to proceed at once with the construction of this new theatre as soon as possible. This, of course, is contingent upon the securing of necessary building materials and delivery of same. As mentioned before, there are numerous materials used in the construction of theatre buildings which are still critical and hard to get."

### SOIL CONSERVATION DISTRICT NEWS

by PETE OTTINGER  
Eight Land Classes

King Bingham cooperator of the Duck Creek Soil Conservation District in discussing a piece of land said, "It's not what it used to be and never was." Bingham meant this deep sandy land never had the inherited ability to keep producing big crops.

Soil conservation district co-operators are daily classifying more of their land, and then using the eight different classes of land each according to its capability. Thousands of farmers and agricultural workers have set up these eight land classes.

**Class I**

Little if any Class I land is found in the Post trade territory. Class I land is nearly level, holds moisture well, can be farmed with straight rows, and is highly productive. Farmers with Class I land are a privileged few and the land is seldom for sale. Based on its capability to produce it is usually the cheapest land.

**Class II**

About two thirds of the land above the cap in this area falls in this class. It has an inherited capability to produce good crops but it is affected some by wind and water erosion. Simple conservation farming such as crop residue management and contour farming increases crop yields and saves the soil.

**Class III**

By far the majority of all cultivated land in the Duck Creek Soil Conservation District falls in Class III. The editor liked the expression (but not the English) that this is the kind of land you have to throw the whole conservation book at. Under cultivation both wind and water erosion is difficult to control. It has the inherited ability to keep producing good crops with proper management.

This includes crop residue management, crop rotation, cover crops, terracing, and farming on the contour.

**Class IV**

Soils in this land class are shallow and sloping. It is the last land class that can be safely farmed and then only once every four or five years. The rest of the time it must be used for hay or pasture. In helping farmers develop soil conservation plans, I have found they prefer to go all the way and put this class of land back to permanent grass.

**Class V**

Nearly level pasture land not subject to erosion. Ordinary good pasture management is all that is needed to keep it permanently productive. It cannot be cultivated because it is too rocky, overflows, or for some other reason.

**Class VI**

Much of our land comes in this class. It is sloping and is affected by both wind and water erosion. It is unsuitable for cultivation and careful range management is needed to keep the best grasses from being grazed too much, and leaving grass litter to cover the soil to protect it from wind and water erosion.

**Class VII**

One hundred-thirty thousand acres of land in the Duck Creek Soil Conservation District falls in this land class. Fifty three thousand acres of this is found in Garza and Kent Counties. Much of this land has been in cultivation and is seriously damaged by wind and water erosion. Intensive conservation practices including establishing permanent grass and careful range management, is necessary to improve and maintain the soil fertility.

**Class VIII**

Land suitable for wildlife or recreation, not suitable for grazing but when properly managed is valuable headwater areas for irrigation for reclamation projects.

### Thousands Of 4-H Boys Taking Part In Crops Program

With domestic food consumption increasing yearly, together with continued demands for foreign aid, 4-H Club members are determined to keep America's "bread basket" filled.

For the specific purpose, roundly 200 thousand farm youth are taking part in the 1948 National Crops awards program. The program is designed to help 4-Hers acquire a better knowledge and develop skills in approved farming practices that will serve to increase production of food, feed and fiber crops. The farming practices include careful selection of seed and most proficient use of land and available farm machinery.

Awards for superior 4-H crop production records provided again this year by International Harvester Company are county medals, a Chicago 4-H Club Congress trip for the winner, and \$200.00 Fowler McCormick scholarships for national champions.

Last year's state winner in Texas was Alvin G. Davis of Post.

There were 77 county medal winners in Texas last year.

This is the fourth consecutive year of the program, which is supervised by the Extension Service. County extension agents will furnish complete information.

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

**Series Of Encampments For Senior Boy Scouts Opens With Flight To Abilene**

Charlie McGuire and J. W. King, members of the Boy Scout Air Squadron 16, flew to Camp Tonkawa, near Abilene, with John Lott and Jess Wright last Friday to attend a weekend outing for Senior Scouts from West Texas and New Mexico. In addition to having "a wonderful time," the boys and adult leaders gained some valuable knowledge about Senior Scouting which will be helpful in their work here. They are planning to attend one or two more such camps during the summer, Wright said.

Two big air encampments for all Senior Scouts of Region 9 are scheduled, Lott explained yesterday. One of the camps will be June 5-13 at the Roswell Army Air Base in New Mexico and the other will be June 12-20 at Carswell Field, Fort Worth. The program at both camps will include study of navigation and meteorology and riding in a B-29.

Boys attending the Roswell camp will spend two days at Camp Baca, mountain camp for New Mexico Boy Scouts and tour the Billy the Kid Country. Those attending the Fort Worth camp will train in a link trainer. A dance will be given the last night. Senior Scouts may attend either camp for \$10.

The biggest camp of the entire summer will be a Senioree at Possum Kingdom Dam in August.

The two Post Senior Scouts attending the encampment near Abilene last weekend received Class C ribbons in competition with 75 boys. This was considered excellent in view of the fact that Air Squadron 16 is only six weeks old.

The local senior squadron recently fell heir to a link trainer, which is being brought here from Mineral Wells; an airplane wing, which was brought here from Tahoka for structure study, and some army surplus materials for rebuilding and studying aircraft.

**Rotarians Hear Wayland Leader**

Dr. Bill Marshall, president of Wayland College in Plainview, made an interesting talk on World Peace at a meeting of the Rotary Club Tuesday at the American Legion Hall.

He discussed Wayland's project of exchanging students with foreign countries in the light of its influence on world understanding. He said that students from Europe do not get a true picture of American life while attending the big eastern metropolitan universities, as they do when they come to the small mid-western colleges where they can become acquainted with the American people and their homes, which are the counterpart of their own backgrounds.

He told of his visits to Europe before and since the war and his observations there of gross misunderstanding between the Americans and the natives. He lauded the service clubs, particularly Rotary, for the excellent work they have done to improve international relations in various parts of the world.

LEADERS OF 3 RAILROAD UNIONS

**Book who gets squeezed!**

Leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

Leaders of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that paralyze the nation.

The leaders refuse to accept a 15 1/2 cents per hour wage increase retroactive to November 1947. This increase was recommended by the impartial Emergency Board appointed by President Truman.

An increase of 15 1/2 cents already has been granted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and the Switchmen's Union of America won't accept what more than 90 per cent of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion

The union leaders demanded by these leaders—which would increase wages further—were recommended by the Board. But the union leaders want more—demand that the railroads put into effect the changes they asked for, including the Board's recommendation.

In spite of this, they insist that certain rules be proposed by the railroads to be withdrawn in spite of the fact that the Board has recommended them! These union leaders refused to negotiate except upon these terms.

Wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures show. This strike threat doesn't bring a greater increase than other workers received.

Emergency Boards are a means provided by the Labor Act in the public interest to settle strikes. The President's Board

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

**Roping Club Will Practice Tuesday Night Each Week**

Having acquired a sufficient number of calves for practice sessions, the Garza County Roping Club had the first of a summer series of Tuesday night practice sessions at the rodeo grounds Tuesday night.

In preparation for competition with roping clubs of other West Texas counties, the members will be practicing roping each Tuesday night. Spectators will be welcome to attend, free of charge, the club announced this week.

Roping clubs of several counties in this area are talking of organizing a league in the near future, Lewis Nance said Monday. If such a league is organized, the Garza County Club will join it.

The calves to be used in roping practice represent a variety of breeds bought individually at auction sales during the past several weeks. They are large and untrained, Nance said.

**Post Millers Drop Game To Sundown Crew Monday**

Failing to catch a long fly to out-field when Sundown had a man on third and another on first with two outs counted, cost the Post Millers an Oil Belt League game Sunday, when they invaded the Sundown diamond, reports Oscar Garner, president of the local club.

With the score tied in the ninth inning, 9-9 a Sundown player pulled out a long hard fly which was muffed and allowed the man on third to score the winning run. The game was the Millers' second loss of the season.

Winters took the mound for the first six innings of play for the Millers, before being replaced by Ed Altman who threw to three men before giving over to Miles.

**Softball League Teams Plan Two Practice Games**

So far, only four teams have entered the softball league which the town hopes to have going by May 17. Any team that is going to enter this league is urged to do so by next Thursday.

A meeting of all the managers and sponsors of the teams has been called for next Thursday night at the City Hall at 8 o'clock sharp.

The teams entered are Storie Motor, Postex Mill, Garza Theatre and a team from Garnolia.

Two practice games are scheduled for tomorrow night at Postex Park. At 8 o'clock the Garza Theatre will meet the Garnolia team and at 9 o'clock Grassland and Storie Motor will play. This is a return game. The local team won a game by a score of 9-8 at Grassland Monday night.

**Negro Ball Clubs Failed To Appear; So Did The Lights**

Post baseball fans were stood up Saturday night by the Detroit Senators and Houston Wolverines, negro teams who had been engaged for an exhibition game here.

Oscar Garner, president of the Post Millers Baseball Club which was sponsoring the game, said Monday that he hadn't heard from the two teams and had no idea why they didn't keep their engagement here.

It was just as well, however, that they didn't come. The Postex Park didn't get the wiring for night games that had been promised by game time.

ROGER W. BABSON WRITES THIS WEEK:

# Liberty And Justice Form Basis Of American System

Eureka, Kans.—The "American Way of Life" has been mentioned by hundreds of writers and speakers in the past few years. During the war, we heard a great deal about defending the American Way. Our army and navy were dedicated to its defense by force of arms and their own lives. The rest of us served as a second line of defense by way of work in defense plants, volunteer services, purchase of government bonds and contributions of money.

ROGER W. BABSON WRITES THIS WEEK:

**Liberty With Justice**  
A war-time advertisement illustrated the American Way with a colored picture of an immigrant family—father, mother, and their young children—eating their picnic lunch under a big oak tree—all of them healthy, prosperous and happy. The rise of millions of such men from penniless immigrants to happy home owners is the best illustration of the American Way.

All these examples tell something, but they don't tell enough. The best definition of the American Way is that it gives us "liberty with justice and mercy." Liberty has been dear to this country since its beginnings. The Europeans who came here as colonists

came seeking freedom not available at home. When they think of what they would now be suffering if they or their parents had not come to America, they thank God for the American Way.

**What Experience Teaches**  
But liberty without restriction and mercy would lead us back toward pre-civilization and the chaos from which we have slowly climbed. Liberty under law, however, is a practical system that works. The law of this country is the product of men's experience over the centuries. These two—our hard won liberty and our long-developed justice—are the basis of the American Way of Life.

I, therefore, believe in the American Way of Life because it

WORKS. We don't always achieve the ideal. Sometimes we don't even come close to it; but always we do pretty well. The closer to that ideal our efforts bring us the better our way of life works. Communism, Socialism and many other "isms" have been tried at various times but they did not work.

**Proof Of The Pudding**  
I want to mention a few things which prove that the American Way really pays off—and pays better than other ways that we see around us. Figures recently published show, for example, that to buy a dozen eggs the average European has to work just about four hours, while an American factory worker can earn a dozen

eggs in a little over half an hour. A pound of butter—even this year—costs not much more than three-quarters of an hour time here. It would cost the average European eight hours—and then he probably could not find butter to buy!

Living conditions in Russian-dominated countries do not bear out the Russian contention as to the wonders of Marxism and Communism. Bulgaria, where the Russian shadow is dark, recently invited Western reporters to see their brave new world; but the reports only confirmed our belief that, our poorest people are better fed, better housed, better dressed than any working people in any other country. Our

wage-workers, moreover, are er, happier and freer. Britain far has been unable to make a social work. The South American countries under dictators find that one-man rule is more

**Let Us Not Be Content**  
There may well be a middle ground between Capitalism and Socialism which will make the American Way even better than now is. Hence, we all should open-minded and always upon justice to every group, greatest crime of Communism that its leaders are not content let it prove itself but they make all minorities who do not go with them. The world cannot gress on such a principal.

**GETTING OUT On The LIMB**  
By EDDIE the EDITOR

**THE WOMEN.** God love 'em! A 75-year-old bachelor up in Iowa gave away a million dollars worth of farms to his relatives and friends not long ago. Dave Watson of the Seminole Sentinel says this just goes to show what a man can accomplish when he doesn't have the bother and expense of women folks.

Speaking of accomplishing things:  
Did you ever see anything like the way folks around here have taken the bull by the horns and are getting ready to stage the rip-roarin'est rodeo we've ever had?

Maybe the Lubbock ABC Club did us a favor in making us mad enough to bite all the obstacles in two. Last year's battle in competition with the Gene Autry Show convinced the rodeo association that it must never happen again.

We thought we could trust that Lubbock bunch, however, when they promised to cooperate and it cost the association quite a bit of money to learn the unpleasant truth and to change the dates. We will come out ahead in the long run, however, because we will have one of the first rodeos in the area and will draw crowds from afar that wouldn't come at a later date, after they have had their fill of 1948 rodeos.

I like the spirit with which the people around here accepted the obstacles and are pitching into the job of turning the difficulties into assets.

The ink was hardly dry on last week's request in the Post Dispatch to put up the Welcome banners on the store fronts when Tom Power and Lester Nichols had their banners up. By the next day, Tom had decorated his plate-glass show windows with a large border of cattle brands. By the time the rodeo fever reaches a height, Tom probably will be riding a buckin' bronc atop the Ford building.

Everybody is knocking himself out to make this year's rodeo the best. Have you been out by the rodeo grounds and observed how fast they got that dance pavillion up?

Hemer McCrary says they've engaged a jam-up good band to play for the free pre-rodeo dance Saturday night, May 15, and he is expecting cowboys and cowgirls to drive their wagons from as far as 50 miles away in every direction to attend the dance. James Minor, Sheldon Land and Monk Gibson are ramrodding this and the four rodeo dances, which begin May 19.

And Sherrill Boyd and Gertrude Ward have been battling out reams of rodeo publicity for the newspapers, radio stations and magazines all over West Texas, and Yours Truly has arranged for two 37-passenger, brand new, air-conditioned busses for the booster trips the 13th and 14th of May.

It looks like everybody in town will be going on the booster trips. In addition to the busses, there will be a bunch of private cars and, before we're through, everybody in West Texas will have the Post Stampede and Rodeo fever.

I'm even expecting Lubbock to turn out in big masses for our rodeo. There are a lot of fine people in Lubbock who are ashamed of the way the ABC club has kicked us around and they

## Garza and the World

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

**By EVELYN BOYD**  
In every newspaper writer's file of letters from the readers' there occasionally bobs up a gem or two of the calibre to inspire the writer to better work. Today, I'm quoting from two such inspirational letters.

The first is from Clyde Warwick, editor and publisher of the Canyon News and long-time president of the Panhandle Press Association which is given up to be one of the nation's liveliest, most progressive organizations for newspaper men and women. Mr. Warwick writes:

"Dear Mrs. Boyd: This is to tell you how much I have enjoyed your column in the Post Dispatch. I read it religiously weekly, as you have a vast amount of information about world affairs gained by your experiences overseas during the war. You are doing a great service to the people of Garza.

"Such a column deserves a place on the Panhandle Press convention program. What about April 8-9, '49? I must make this a real convention inasmuch that it will be my last one. Some younger man will take over after the 40th convention. What do you say?"

I hastened to write Mr. Warwick, accepting his generous invitation. It is an honor, indeed, to be invited to participate on the 40th anniversary convention program of the Panhandle Press Association.

I have two significant letters from a former Post resident, a native of another country, who did not write for publication. So impressed was I with the good ideas in his first letter, I wrote for permission to quote them.

His answer, giving permission to quote him, requested that his name be omitted and gave out with some more gems of thought. Here are some excerpts from the two letters, written by a man who can remember how it is in another country.

"Your last week's article (April 15) in the Post Dispatch was as usual quite interesting, because will go all out to show us that a single so called business club's unscrupulous actions do not represent the entire town.

I hope Lubbock will support our rodeo because we certainly support Lubbock, our nearest wholesale market.

Whoever it was that said it must have been thinking of us when he said:  
"Weigh well any extra hard knock you get. It might be opportunity."

"Every person who has reached the age of reason—say, about 7 years—can, if properly taught, contribute to making the community in which he lives a better and more tranquil place. That is why I contend we cannot start too early to teach the plastic mind that he or she has a duty to perform.

"The barrages which you and others are laying on the Left Wing should be continued and, perhaps, intensified, but the long range plan calls for early training.

"The plan, to be entirely a success, would have to be on a national scale, but all movements have to start somewhere, so why not in Post? In fact, I believe the small town, rather than the Big City, is the place where a plan of this kind could build the finest foundation."

Only one side of the moon is ever seen on earth because the moon rotates upon its own axis in the same time it revolves around the earth.

## What Our Contemporaries Are Saying:

**COUNTY HEALTH PROGRAM TO BE CONTINUED**—With the trustees of the various schools of the county called to a meeting next Friday, May 7, with the county school board for the purpose of discussing whether a county health nurse program will be continued, Trends wants to put in his two cents worth.

Stated bluntly, the hiring of a health nurse in Crosby county was one of the best programs ever inaugurated by the county and the schools. To discontinue the program would be one of the greatest mistakes the county ever made. But the sad part is that the various school board members and the commissioners court will not have to pay for this mistake if it is made—it will be their children and their neighbors children who will do the paying—next year, the year after, and many of them will continue paying for a lifetime.

Does Crosby county need a health program? Just judge these figures for yourself.

Out of 1,400 school children examined this year, NINETY-FIVE percent had dental defects. FORTY-FIVE PERCENT had defective eyesight, and in a land of plenty a large number of cases of malnutrition were discovered. In the face of these figures, how anyone can figure that the program is unnecessary is beyond conception.

Personally, we were told that our daughter needed glasses. Examination by an oculist showed this to be correct. By getting at the defect early, we are told that a year or two with glasses will probably correct her vision. Had it not been for the program, we might not have discovered the defect until her eyes were seriously impaired.

This program is costing the county about \$1.50 per pupil per year. We pay a great deal more than that through various government agencies to see that our livestock is properly protected from disease. Are we unwilling to spend \$1.50 per head to protect our own children from just as serious diseases?—Crosbyton Review.

**NO MORE FRUIT AFTER THIS YEAR**—A lot of folks have told me that this country will make a failure on fruit five years out of six. As this will be the third year in a row that we will have had fruit, unless hail comes along and messes things up, then one might as well cut this season for according to the average we will not have a fruit crop again until about nineteen sixty-five.

There are a lot of things that will grow here that folks never plant or if they do it is planted by only a few people. Boysenberries will make good crops here nearly every year, they are one of the best berries grown and when served fresh are tastier, in my opinion, than either strawberries or blackberries. Another plant that does well in this country is broccoli. A lot of people have never eaten fresh grown broccoli. It is a kind of well bred member of the cabbage family. Cabbage bugs are bad about getting on the plants but if one plants broccoli late in the season the plant grows well up into the winter and stands late freezes.

We planted some in our garden one year and I put every kind of poison I could find on the bugs but they kept on coming until the weather got cold, then we ate broccoli nearly every meal until I broke loose and gave my wife some extra change to buy something else.—Slaton Slatonite.

**IT SEZ HERE**—We would have a few words with those naive students of good government who still support Beauford Jester for Governor, we hasten to recall that shortly before his election he spoke to thousands of students crammed into an old coked known as Tech Gym at Lubbock. Some two thousand students stood outside the packed firetrap to hear His Nibs solemnly promise that if he were elected Governor a fine new gymnasium would rise there and nobody would have to stand outside its doors to listen to him. He was a liar. In fact he was worse than that for misleading thousands of colleg kids who had a right to expect something fine and decent from their leader. Then came the inauguration. With humble piety he stood before the Justice of the Supreme Court of Texas and took an oath to uphold the Constitution and the laws of the state. That Constitution provided for redistricting the state after each federal census. True to the oil industry that made him Governor, he has refused to call special session for redistricting. Now, our Webster declares that a perjurer is one who willfully makes a false oath in a judicial proceeding to one who has authority. Maybe you want that kind of a Lutton for Governor, but there's a lot of folks who want to protest—just to keep the records straight.—Ralls Banner.

You can't help but keep a McCormick-Deering Milker pail spotlessly clean. Every part of the surface that milk touches is readily seen for quick cleaning. Besides, the completely stainless steel construction makes rusting impossible. Just take a look at this modern machine and you'll agree that the easy-to-clean McCormick-Deering helps produce more profitable milk.

And the 9-inch pail opening... how can that mean better milk for you? Because it simplifies your cleaning job, thus keeping bacteria at a minimum, and speeds up drying. There's a good way to prove these facts. Stop in and look over this great milker or, better yet, arrange for a demonstration. Find out for yourself just how the McCormick-Deering Milker turns out cleaner, healthier milk.

STERLING PARRISH

## Sterling Parrish Asks For Return To Texas Senate

Senator Sterling J. Parrish of Lubbock this week asked the Post Dispatch to announce his candidacy for re-election to a second term in the Texas Senate. He submitted the following statement:

"To the voters of the 30th Senatorial District:

"With deep appreciation for past support and for the privilege of serving the people of the 30th Senatorial District, I announce for re-election for a second term as your senator. In my first term I worked full time at the job of representing the people of my district and their best interests. In doing so I had but one measuring rod. That was the Golden Rule. I tried to represent my friends and neighbors in the district where I was born and raised, just as I would like for any one of them to represent me.

"I shall continue working along that same course if I am re-elected to serve a second term.

"I was born and raised in Crosby County. I live at Lubbock, do a little farming and am associated with a partner in the insurance business. Most of my time, however, is devoted to the business of representing the people of this district in the Texas Senate. My record, of which I am extremely proud, is an open book. On the basis of that record, I solicit your support and will greatly appreciate your vote.

"Sterling J. Parrish."

## Parchman To Run For Re-Election As Commissioner

W. T. Parchman of Justiceburg this week authorized the Post Dispatch to announce his candidacy for the office of Garza County Commissioner from Precinct 4. His statement follows:

"I have been a resident of Garza County for 13 years and am well-acquainted with the people and with the needs of the county. I feel that my experience in the County Commissioner's office enables me to serve you better during another term.

"I have tried to work for the best interests of my precinct and for the country as a whole to the best of my ability, and if I am re-elected I will continue to do so. I greatly appreciate the fine cooperation I have had in my work from residents in my precinct and throughout the county.

"Your votes and influence will be deeply appreciated.

"Sincerely, W. T. Parchman."

Mr. and Mrs. J. P. Manly returned yesterday from a visit with Mrs. Manly's brother-in-law and sister, Mr. and Mrs. W. A. Guinn, on Dove Creek, near San Angelo. The occasion was a birthday celebration in honor of Mrs. Guinn. It was highlighted by a fish fry which Manly knew he was going to enjoy before leaving here Tuesday—as the fish had already been caught.

Mrs. G. W. Bagley of San Bernardino, Calif., arrived Friday to spend several days here in the home of her parents, Mr. and Mrs. Ed Ainsworth.

## Bowen Announces For Re-Election To Judge's Post

J. Lee Bowen, who is serving his fifth term as Garza County judge, this week authorized the Post Dispatch to announce his candidacy for re-election. His statement follows:

"I wish to express my appreciation for the confidence the voters of Garza County have shown in me during years past, and for their splendid cooperation during the terms I have served in office.

"I have tried faithfully to perform my duties satisfactorily and I will continue to serve the people of Garza County in the same manner if they see fit to re-elect me.

My experience in this office has better qualified me each year to understand the problems and how to cope with them to the best interest of the people.

"Your votes and influence will be deeply appreciated.

"Sincerely, J. Lee Bowen."

## Parents Cooperate With Cub Scouting

Almost every Cub Scout in Post was represented by a parent at a most successful meeting of the Cub Scout Pack in the City Hall last Thursday night.

"With this kind of cooperation on the part of the parents, we will really put the Cub Scouting across. We can't do it without the help of the parents," the leaders stated at the meeting.

The parents learned that the Cub theme for May is Indians and received instructions as to how to help the boys get the most from the study of Indian lore and history that the theme will offer.

## Post Advertised As Gateway To Plains On Four New Signs

Four attractive gate-shaped signs have been placed by the Post Chamber of Commerce on Highways 380 and 84 at the city limit points. They advertise Post as being "The Gateway to the Plains."

The signs were made by Robert Gibson and students of the Garza County GI Vocational School. The materials were bought by the chamber of commerce, which also paid the cost of having the signs painted.

## Divorce Granted

District Judge Louis B. Reed of Lamesa, in district court here yesterday afternoon, granted one divorce.

### Grade School News

Tomorrow is Picnic Day for the Post Grade School. The first three grades will play games and eat lunch under the shade trees on the school grounds. At 12:30 p.m. they will go to the Garza Theatre to see "Rin-Tin-Tin."

The two third grades will go to the Roadside Park. The second grades had not decided where they will go by press time.

Today was the last day for pupils to enter posters in the Parent-Teacher Association contest.

#### Fifth Grade

Sidney Hart of Grade 1-2 made a poster on health and Jerry Windham of the same room made one on home and religion for the P.T.A. contest.

Pupils of Mrs. Stotts making posters for the contest were Richard Williams, health; Sonez Bustoz, religion; Cherry Dodson, home, and Erlinda Guerjardo and Mary Valdez, health.

Mrs. Stotts' pupils leading in reading achievement all year have been Ray Crispin, Jerry Sue Phe-mister, Ray Turner, Cherry Dodson and Billy Reno.

#### Second Grade

Mrs. Elsie Wright's pupils enjoyed making posters for the P.T.A. contest. They made one on religion and one on health.

Mrs. E. M. Martin is Mrs. Wright's room mother for May. The mothers will sponsor a picnic for the pupils tomorrow.

#### Fifth Grade

Shirley Bird of Grade 5-1 has returned to school, after having the mumps.

Pupils of Grade 5-2 honored their reading teacher, Mrs. Bill J. Davis, with a shower of birthday gifts Wednesday of last week. In return, Mrs. Davis served cold drinks and conducted a period of story and joke telling.

Jimmy Hutton, who has been living in Kermit, has re-entered the Post School and is in Grade 5-2.

**MOTHERS HONORED—**

(Continued From Front Page)  
and Van Tuyle Bouchier of San Juan, Puerto Rico, and the grandmother of Ronnie and Tommie Bouchier of Post and Jack and Laura Bouchier of Albuquerque.  
A native Texan, Mrs. Bouchier spent her girlhood in Colorado City, married there and moved to a ranch in Borden County before the turn of the century. From there, the Bouchiers moved to Post in 1913.  
Since that time, all members of the family have been prominently identified with church and civic activities of the city, contributing immeasurably to the progress of Post.  
The Post Dispatch wishes a Happy Mother's Day to Mrs. Bouchier and all mothers and grandmothers she typifies.
