## Garza County News Briefs

### Walker Wins First

Phyllis Walker won the first place prize in last week's Dispatch Football Contest, correctly picking all but six of the games and breaking a three-way tie with the best point spread on the tie-breaker.

She guessed 24-17 on the California - Texas A & M game, slipping by second place winner David A. Cheshire's 24-10 guess and third place winner Jimmy Jones' 32-16 pick.

Roger Blair and Shorty Hester also missed six games, but they chose A&M to win in the tie-breaker, eliminating them from the winning bracket.

Walker wins \$15, Cheshire gets \$10 and Jones is awarded \$5 in the contest.

The entry form for this week's Dispatch Football Contest is printed on the page with the advertising sponsors of the contest.

Contestants must use one of the printed forms in the Dispatch to be eligible and all entry forms must be submitted to the Dispatch office no later than 5 p. m. Fridays or postmarked no later than 5 p. m. Fridays.

### Booster Club at 7 p. m.

The Post Antelope Booster Club meets at 7 p. m. on Mondays at the Post Community Center.

Booster Club president Jimmy Redman reminds Antelope Boosters that orders for the booster jackets will be closed out this Friday.

People interested in ordering a jacket should contact Dedra Adams.

### Girl Scouts Organize

Area girls will be offered an opportunity to become active in Girl Scouts during an organizational meeting to be held Sept. 12 from 3:30 to 5 p.m. in the Girl Scout House located at 506 W. 7th.

Parents of prospective members as well as members who are re-registering are asked to attend.

For more information, call Betty Dennis 495-3444, Carol Peppers 495-3191 or Nell Morris 495-3214.

### \$300 Reward

A \$300 reward is being offered for information leading to the arrest and conviction of the person or persons responsible for setting fire to a pasture and hay on land four miles north of Post on Hwy. 207.

The incident was reported at 2 a. m. Thursday, Sept. 1.

The reward is posted by Lynn Cook and information may be relayed to him at 998-4115 or 998-4680 or to the Garza County Sheriff's office at 495-3201.

### \$200 Reward

The Post Crime Line is offering a \$200 reward for information leading to the arrest of an individual who caused a hit and run accident south of Post on US 84 August 23 at approximately 7:30 p. m.

Alfredo Fook-Tsang Lau, 26 of Lubbock was killed in the accident when he was thrown from the vehicle and was pronounced dead by Justice of the Peace Dee Justice.

The driver of the car, Jill Li, 25, also of Lubbock was hospitalized for broken vertebrae.

A composite drawing of the suspect was released this week and described as a white male, 25 to 30 years of age, with dark brown curly hair shoulder length, slender build and had a mustache.

### Wildcats to see 'Lope Speed Sat

By Wes Burnett

The Antelopes take on pre-season district favorite Amarillo River Road in Plainview at 8 p. m. Saturday with the Bold Gold scheduled to serve as home team on the neutral field.

Plainview High School has a Friday night game, resulting in a Saturday schedule for Post and River Road.

Friona slipped by the Wildcats 13-6 last Friday, and Post outscored River Road last year, the first time in pre-district and the second time for the Area Championship trophy.

"They're going to be fired up to even the score," coach Thompson observes, "and they are starting 10 seniors and a junior on offense and nine seniors on defense."

The offense is led by quarterback (12) Aurelio Campos, a 165 pound senior, with 170

(Continued on Page 4)

Bobby Brown rides BB&C's "Brookman's Velvet" at the National Finals in 1982 . . . Bobby is just one of the 30 top bronc riders to compete in this year's OS Ranch Match Bronc

Riding on Saturday and Sunday, October 1 and 2 in Post at the Post Stampede Rodeo Arena. (Photo courtesy James Fain, Logan, Utah)

## O. S. Saddle Bronc, Art Show to be in Post

The 1983 OS Ranch Match Saddle Bronc Riding, Art Exhibit and Sale will be held in Post this year, with activities starting Friday evening, Sept. 30 with a special preview party for art patrons at the Post Community Center.

Saturday and Sunday, Oct. 1 and 2, 30 of the world's best PRCA bronc riders will compete for top prize money, with action taking place at the Post Stampede Rodeo Arena just north of the city on Hwy. 84.

The art show will be open also on Saturday and Sunday at the community center, featuring the best of 35 western artists.

Other arena activities on Saturday and Sunday include Girls' Barrel Racing, Calf Scramble, Calf Dressing and a few surprises.

In addition to the rodeo arena activities, visitors to this year's big event will be treated to a Knife and Gun and arts and crafts show in the Junior Livestock Barn, with an expected 100 exhibitors displaying a wide variety of items.

In the area between the arena and the livestock barn will be other events, including a washer pitch, the popular Boys Ranch Bar-B-Q and the famous Kawadi Indian Dancers.

Topping off Saturday night, the OS Ranch weekend in Post will feature a country-western dance at Burlington Industries' huge air conditioned facility, which has 50,000 square feet of open space.

Hoyle Nix and his band are scheduled to perform for the dance.

### Food and Fitness

## Governor Endorses Program

Governor Mark White met with members of the Texas USDA's Food and Agriculture Council to endorse their newly initiated year-long food and fitness campaign.

In line with the national program, all state USDA agencies will support the informational and physical fitness programs being developed by the Texas Agricultural

Extension Service that will be made available to the general public in all communities.

The goals of this long-range cooperative venture are to emphasize the critical relationship between diet and regular exercise in maintaining total good health and physical fitness; to stress the importance of good nutrition throughout life; to promote the best use of natural, economic and human resources to assure continuance of the American food system and the furtherance of good health practices; and to demonstrate the vitality of the American agriculture system as evidenced in its ability to provide the world's most varied, abundant and nutritious food supply.

Working with the private sector that is involved with community activities for all age groups: schools, youth groups, parks and recreation, PTA, and Senior Citizens, the extension service promotion will involve individual and family fitness; fitness in the workplace, health fairs that feature home economics programming in the areas of foods, nutrition and health and sports activities.

Governor White's official recognition of the program urges all citizens to join in establishing within their daily lives a responsible and proper program of nutrition and exercise, and to increase their awareness of the importance of good food and fitness.

## One accident reported by DPS

The only Labor Day accident reported in Garza County during the long holiday weekend occurred Saturday morning at 4:30 a. m.

According to Department of Public Safety officials, the accident occurred approximately 13 miles North of Post on FM 651 and resulted in the hospitalization of all four occupants of the vehicle.

The vehicle, occupied by four Spanish males was traveling South on 651 when it ran off the road, when the driver tried to correct the situation, the vehicle slid across the highway and rolled twice, landing in a pasture.

A passerby took two of the passengers to Garza Memorial Hospital and informed hospital personnel that there were two more at the scene of the accident and an ambulance was sent to bring the other victims to Garza Memorial.

Driver of the vehicle was arrested for DWI.

## Burglary, DWI keeps sheriff busy

A burglary of a garage on West 8th was reported to Garza County Sheriff's Department Aug. 31. The burglary resulted in the loss of four 15" Firestone tires and a roll of plastic polyethylene was also reported missing.

In other activities, Joseph Mark Brooks was arrested Sept. 3 for making alcoholic beverages available to a minor and public intoxication and was released on a \$206 ball bond in Justice of the Peace Court 4.

Nelson Claude Martin was also arrested Sept. 3 for DWI and was released on a \$750 bond.

ANDY STELZER DAY — Andy Stelzer, center, was honored with an Andy Stelzer Day in the Post Community Center Saturday, Sept. 3. VFW members from across the state

attended the affair to honor Stelzer who was elected State Commander recently. Shown with Stelzer is County Judge Giles Dalby, left, and Mayor Giles McCrary, right.

## Obituary Dixie Louise Kinch

Funeral services for Dixie Louise Kinch, 64, were held Monday, Sept. 5 at 10 a. m. in the Hudman Funeral Home Chapel with Steve McMeans, pastor of the First Baptist Church officiating.

Born Jan. 31, 1919 in Chattanooga, Tenn., she died Sept. 2 in Garza Memorial Hospital following a brief illness.

She married Carlton Kinch Oct. 16, 1950 in Belton, Texas and had been a resident of Post for the last eight

years. Survivors include her husband; one son, Ronald Kinch of Lubbock; three daughters, Denise Truscott of Holbrook, Arizona, Bernedette Kinch of Post and Mary Glenn of Dallas and six grandchildren.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Pallbearers were Bo Jackson, A. D. Kit-chens, James Wise, Edgar Osby and Leon Davis.

## Annual Field Day

FIELD DAY SET — The annual Field Day has been set for Tuesday, Sept. 13 at 1 p. m.

## Field Day Set Sept. 13

The latest research on cotton and grape varieties, drought tolerant crops, and weed control will be featured stops for the 74th annual field day of the Texas Agricultural Experiment Station for Lubbock and Halfway. The event begins at 1:00 p. m., Tuesday, September 13, at the research site, just north of Lubbock International Airport.

Garza County producers will find the program particularly applicable, said Syd Conner, County Extension Agent.

Research efforts at the Lubbock and Halfway station focus especially upon needs of producers in Garza County and throughout the High Plains of Texas, Conner said.

The annual field day alternates between the TAES locations at

Lubbock and Halfway. Field tours will be conducted throughout the afternoon, with tractor-drawn trailers shuttling visitors to key research plots.

The field day is a cooperative presentation of TAES, the Texas Agricultural Extension Service, the High Plains Research Foundation, United States Department of Agriculture-Agricultural Research Service, and the National Weather Service.

The stops will highlight new techniques and products for weed control, development of new varieties to improve cotton fiber quality, the latest research on grapes, an increasingly important High Plains crop, and development of drought tolerant cotton to better utilize declining water

supplies and reduce irrigation requirements, Conner said.

Other features of the field day will be a display of computers and agricultural programs for computers,

a tour of the Texas Agricultural Extension Service Soil Testing Lab, and an open house at the Texas Forest Service greenhouse and facility at the station.

## Cost of Living Delayed

By Booth H. Robbins  
Field Representative

The automatic Social Security benefit increase based on the cost of living, previously effective each July, will be delayed for six months, to January 1984 under a new law designed to strengthen the Social Security system.

The purpose of the delay is to save the system money and to help it regain its financial strength. Largely because of economic conditions in recent years, Social Security has had an increasingly severe financial problem.

The new law is designed to meet the problem both in the near-term and into the years after 2000. Other changes made by the new law provide additional income to the system. They include:

The Social Security tax rate increase scheduled under previous law for 1985 will go into effect in 1984. The new 1984 rate will be 7.0 percent each for employees and employers, up from the previous rate of 6.7 percent. But, employees will receive a tax credit against 1984 taxes of 0.3 percent, which will be given when taxes are deducted from wages. In effect, 1984 employees taxes will remain at the level set under previous law. Also, part of the tax rate increase scheduled for 1990 will go into effect in 1988.

Starting in 1984, the Social Security self-employment tax rate will be equal to the combined employee-employer tax on wages. This will be 14.0 percent for 1984. Previously the rate for self-employed people was about 1 1/2 times the employee rate.

Under the new law, self-employed people will receive a self-employment tax credit of 2.7 percent of self-employment income for 1984; 2.3 percent for 1985 and 2.0 percent for 1986-89. After 1989,

these credits will be replaced with deductions designed to treat the self-employed in much the same manner as employees and employers are treated for Social Security and income tax purposes.

Anyone having questions about the new provisions of the law or any Social Security question, may call 743-7381 in Lubbock for additional information. The office is located at 1611-10th Street in Lubbock.

## South Plains Junior Miss

The Metro City Chapter of the American Business Women's Association will sponsor the third annual South Plains Junior Miss Scholarship Program.

The event will be held October 22 at 7 p. m. in Evans Junior High School in Lubbock.

Applications for contestants are being taken until Sept. 15 for contestants in this program. Junior Miss contestants must meet the national eligibility requirements and must be a senior in high school for the 1983-84 year.

Additional information may be obtained by contacting the chairman, Arla Adams, 806-799-0883 or 747-3201.

## Cotton Sweaters Prove Popular

Cotton sweaters are moving from specialty to main floor items in department stores, according to the National Cotton Council.

The Council cites a trade publication report that states retailers "are hungry to bring cotton sweaters onto the main floor for holiday-spring 1984, and manufacturers are equally eager to accommodate them."

## Change in cotton qualities with 1984

"Why isn't there a place in the cotton standards and in the Commodity Credit Corporation loan program for cotton qualities just below the Low Middling Light Spotted and Low Middling Spotted grades?"

Cotton producers have put that question to Plains Cotton Growers, Inc., Lubbock, hundreds of times over the years. And hundreds of times the answer has been the same: "We're working on it." But since August 16, there's been a change.

Thanks to an announcement on that date from USDA, PCG officials can now add "...and we're halfway there." Beginning with the 1984 crop, USDA said, Strict Good Ordinary Light Spotted and Strict Good Ordinary Spotted grades will be added to the official U.S. cotton standards on a trial basis for at least two crop seasons. The two new grades, according to USDA, on average should cover an estimated two-thirds of the U.S. cotton classed as "Below Grade."

"But this is only half the battle," says PCG Executive Vice President Donald Johnson, "because the Department turned down our request that the new grades immediately be made eligible for the CCC loan program."

However, he adds, "if the standards survive the trial period, and we have good reason to expect they will, loan eligibility would be the next logical step." Meanwhile Johnson has hopes, supported by previous USDA testing, that cotton classed as SGO Light Spotted and

SGO Spotted will get better price consideration in commercial trade than it would have gotten in the GB category.

USDA's Agricultural Marketing Service in 1978 and 1980 conducted fiber and yarn quality tests on 330 low grade and BG spinning lots and the results of these tests, which indicated that cotton which will fall within the new standards will have spinning potential equal to the existing Good Ordinary grade and better than the pre-1980 Low Middling Tinged grade, served as the basis for proposing the new standards.

When the new grades are in effect, USDA says further studies will be conducted on quality, quantity and spinning potential of the cotton they represent. And it follows that two years of trading cotton on the basis of the trial standards will yield more of the concrete data and price information needed to determine the commercial value of such cotton.

"We are confident that the new grades will earn a permanent place in the official standards after the two-year trial," Johnson says, "so there's reason to believe we're halfway home in the effort to get them declared eligible for the loan."

Cotton classed BG on the High Plains over the past five years has ranged from less than one percent in 1979 to a high of four percent or 140,000 bales of the record 3.5 million-bale 1981 crop. Nationwide, BG cotton has ranged from 1.4 to 1.9 percent of the crop over the last six years.

# J. V. Rip Roosevelt 54-18

The Post junior varsity Antelope football team gave fans here a preview of a continuing winning tradition last Thursday evening as they buried Roosevelt 54-18.

The young 'Lopes picked up 476 total yards, holding the visitors to a meager 134, with intercepted passes by Greg Adams and Greg Storie and three quarterback sacks by the defense.

Coach Ken Plumlee offered special recognition to Simon Salinas for his three touchdown runs, Ter-

ry Kennedy for a 60 yard touchdown pass, Storie for a 90 yard touchdown pass and his interception, Adam Perez on his touchdown and extra point.

Delton Osborne for a good defensive game, Donald Crenshaw for his two quarterback sacks, Lanny Willborn for an outstanding game at defensive tackle and Adams for his 80 yards rushing and interception.

The eight touchdown drives opened with an eight-play scoring march, covering 47 yards and Salinas

hitting paydirt.

The second touchdown came on a two-play effort eating up 60 yards and a scoring pass caught by Rodney George from Kennedy with Salinas getting the extra two points.

Number three took three plays and 27 yards as Salinas got the call again.

A four play drive and 93 yards, capped by a Storie pass to George put the fourth score on the board.

The score hit 34-6 following a 24 yard, five play drive when

Adams took the ball into the end zone from two yards out.

Adam Perez got the sixth touchdown following a 53 yard drive on six plays.

Salinas returned a kickoff 70 yards and Perez got the two points as the junior varsity reached 48-12.

Benny Hair rammed the ball into the end zone from 18 yards out as the junior varsity completed the scoring spree on a 62 yard drive.

The junior varsity hosts Lubbock Coronado Sophomores Thursday at 6:30 p. m.

Gregory Adams hits the end zone for the junior varsity 'Lopes toward the end of an eight touchdown scoring spree here last Thursday against Roosevelt.

# Freshmen Handle Eagles in 32-22 Win

The Post freshmen football team sent the Roosevelt freshmen home on the end of a 32-22 score last Thursday evening, with the Antelopes rushing for 219 yards and passing for another 48.

The young 'Lope defense shut down the Eagles to a total of 229 total yards.

Anthony Perez scored first on a 20 yard run after Robert Gill recovered a fumble on the 23 yard line, and Jay McCook got the two points after.

Later in the first quarter McCook found Lupe Perez on the end of a 27 yard pass, capping a nine play, 61 yard drive.

Anthony Perez got the third touchdown in the third quarter on an eight yard run after a 46 yard inter-

ception return by Lupe Perez.

Anthony, scoring a total of four times, got another six points on a 60 yard run in the third quarter and then in the fourth quarter he went on a five yard run.

Defensive highlights included Gill's fumble recovery, Lupe Perez' interception and run-back and his blocking of a place kick.

Coach Jay Kennedy praised offensive players, Jay McCook, Ron Graves, Bart Mason, Scott Hair, Steve Pena, Scott Lewis, Johnny Funk and on defense Marvin Lee, Rodney Guthrie, Corby Windham and Tony Angerer.

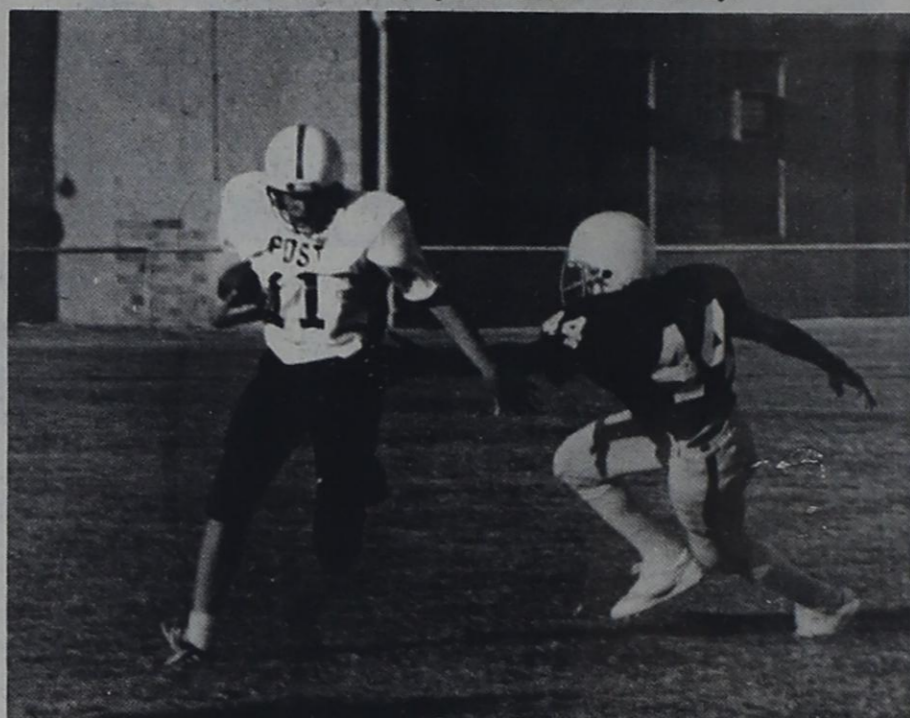

The freshman football team will host Cooper at 5 p. m. Thursday.

## FOLLOW THE ACTION IN THE DISPATCH

Todd Angerer (75) and Rodney Tidwell (right) converge on a Roosevelt running back as the junior varsity defenders shut down the Eagles last Thursday here. Russell Graves (70) and Tim Tanner (74) join in the action.

## -Sports-

Jay McCook cuts the corner for the freshmen Antelopes as they handily outscored Roosevelt here last week.

## Varsity vs. River Road

Continued From Page 1

pound senior fullback Robie Granger (43) handling running chores.

The Wildcats operate from the I and the double slot from the I formation and Campos is considered a good passer.

On defense the Antelopes will see a 4-3 alignment, with Joel Wilson (27), 190 pound sophomore defensive end and Mike Carter (64), 160 pound junior middle linebacker, leading the defenders.

Keith Osborne, who suffered a twisted ankle in the Roosevelt contest and Gilbert Perez, who jammed his neck, both returned to practice Monday and are reported to be ready for action.

## Antelopes Start Strong

"We are really pleased with the way we handled the football," coach David Thompson comments about last Friday's

41-6 opening win at Roosevelt.

The Antelopes collected 440 yards total offense and held the Eagles to a meager 123 yards.

"We executed well, had no offensive fumbles, very few mishandled snaps and our linemen were excellent on blocking," the coach adds.

And, he emphasized, the 'Lopes were only penalized once on offense, and that for five yards.

Defensively, the coach praised James Brown for his 12 tackles and credited Giles Dalby and Gilbert Perez with being in on nine tackles with Curt Greer hitting on eight. Ricky Moore picked off one Eagle pass.

"We need to work a little more on our kicking returns," coach Thompson added, "but other than that, we feel our team performed well."

Possibly an understatement, as the 'Lopes rammed 281 yards rushing and 163 passing at the Eagles, while allowing only 113 on the ground and 10 in the air for the opponents.

Milton Williams led

the rushing game with 124 yards on 19 carries and two touchdowns, followed by Daniel Gonzales with 92 yards on five carries and two touchdowns, Giles Dalby with 38 on eight carries and one touchdown and Felix Bustos with 22 yards on three carries.

Quarterback Joel Kirkpatrick connected on five of eight passes for 163 yards and two touchdowns, finding L. D. Harper for one and 74 yards, Charles Johnson once for 50 yards, Milton Williams twice for 35 yards and one touchdown and Daniel Gonzales once for four yards.

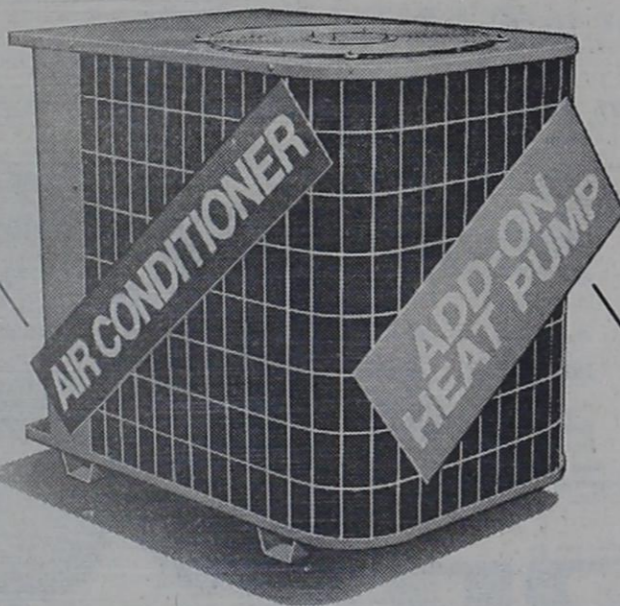

"We took 30 players to the game," the coach concludes, "and every player got a shot at playing in the game."

The add-on heat pump is an efficient air conditioner that cools your home when it's hot. But that's not all.

In cold weather, the add-on heat pump works with your present furnace to help heat your home.

## Replacing your air conditioner could actually save you money.

If your air conditioner breaks down, you have several choices. Repair. Replace. Buy a whole new system. All major investments.

Southwestern Public Service Company would like you to know about another option, a more efficient alternative: the electric add-on heat pump. The add-on heat pump is a very special air conditioner. It cools in the summer and helps heat in the winter for less than you'd spend on a new heating and cooling system.

It works with whatever kind of furnace you have, to improve the

performance of your furnace by keeping it off completely during a good portion of the winter. It will satisfy your home's heating requirements more economically while temperatures are above 30°. That's about 80% of our area's normal heating season.

As one of the most efficient ways to heat and cool, the add-on heat pump can really make a difference. Helping you use electricity efficiently is another way we're working to justify your trust.

Call us to see what your savings could be.

# Finding the Will of God

Steve McMeans  
Interim Pastor  
First Baptist Church

One of the biggest problems many Christians have is finding the will of God. Everytime there is a major decision to be made many people go into a tailspin because they want to know God's will but don't have the slightest idea as to how to discover it. The answer to this problem is easy to state but much harder to put into practice. It is very simply to let God teach us his ways and reveal to us His will. But how does that come about?

We have a clue as to how to begin to be taught by God in Psalm 25. In that portion of the Holy Word of God, David expresses his desire and prayer which is in agreement with ours. In verses 4 and 5 he says, "Show me thy ways, O Lord; teach me thy paths. Lead me in thy truth and teach me." David had a deep desire to be taught of God so that he could always know God's will.

We must have more than a common desire with David, however. We must know how to go about being taught of the Lord. Fortunately for us the Holy Spirit moved and guided David to include some of the things that we must do in order to be educated by the Lord.

The first thing we must do is to humble ourselves before the Lord. Verse 9 of this psalm says, "The meek (humble) will he guide in judgement; and the meek (humble) will he teach his way." You see, God is not interested in trying to teach the prideful, arrogant person. Such a person usually doesn't really feel a need to be instructed anyway. It is only those who bow before the Master of the Universe in true humility acknowledging their need that the Lord will teach. All others have disqualified themselves as students.

Besides humbling ourselves before the Lord, we must also fear or respect Him. Verse 12 of this same Psalm says that it is the man who fears the Lord that will be taught in the way. Verse 14 adds that

God will reveal His secrets and show His covenant to those who fear him. In other words, God is teaching us that He rewards those who respect Him.

So we see that the secret of being taught the will and ways of God is to have a humble, respectful, teachable spirit. If you have great difficulty learning from the Lord perhaps this is part of your problem. Perhaps you have not been willing to bend in humility to His will in the first place; therefore, there has been no reason for Him to reveal that will to you. If that is the case, now is the time for you to humble yourself in the sight of the Lord and to begin to respect him so that He can show you "great and mighty things which thou knowest not." (Jer. 33:3).

## Cullen Davis to speak

Cullen Davis is the vice-president of Kendavis Industries International, Inc., in Ft. Worth. He also serves on the boards of various other Kendavis Industries companies and subsidiaries. He was educated in Ft. Worth public schools and received a degree in industrial engineering from Texas A&M University.

Although he was raised in a home in which he was encouraged to attend church regularly, Davis did not fully commit his life to Jesus Christ until April 9, 1980. He and his wife, Karen, are active members of Bethel Temple in Ft. Worth.

Since that time, Davis has spoken to churches and Christian groups across the country on the influence on humanism and the effects of teaching evolution, particularly in the public schools. Stating that "evolution is the biggest hoax in the history of the world," Davis says, "Scientific discoveries all point to special creation of the Earth, and evolution played no part in it."

He will appear in Lubbock Sunday, Sept. 11 at 6:30 p.m. at the University Avenue Church of God, 26th and University.

# Our Father

Pastor Steve Traw  
First Christian Church

Beyond question the most widely known passage of scripture begins with the words, Our Father.

Following the short call to the Father, seven brief petitions, and an added doxology and close end the passage. Since the days of the apostolic fathers it has been read, repeated and memorized. Many peoples of the world know it by its first line. To us it is the Lord's prayer.

Yet repetition has not diminished the impact to those who voice its words. Rather it continues to shine with its enduring brilliance which attests to those truths as shared by the Lord

as he taught in this model prayer.

Its petitions were very different to the apostles' way of thinking. And likely if fully understood today would challenge much of our thinking about God.

It is concise. Only 36 words are used in the King James text. Despite its brevity, it unveils the strength and love of a sovereign God. Its repetition and hearing imparts inner strength and resolve to know this One even more fully.

During the next weeks at the morning services at the Christian Church, this most significant passage will be explored as we seek to know him who taught us how we ought to pray, saying, "Our Father . . ."

# Welcome New Southland Teachers

**KAPPIE COFFEE**  
A graduate of Texas Tech with an Elementary Education degree, she will be teaching the fourth grade for her first year of teaching. She will serve as Junior High Cheerleader Sponsor. A native of San Antonio, she and her husband, Blake, reside in Lubbock.

**CAROL J. CRESWELL**  
A graduate of Angelo State University with a BS degree in Elementary Education, she will teach Kindergarten and Migrant L.A. She has one year teaching experience in Artesia, N. M., where she taught first grade. A native of Artesia, N. M., she resides in Lubbock.

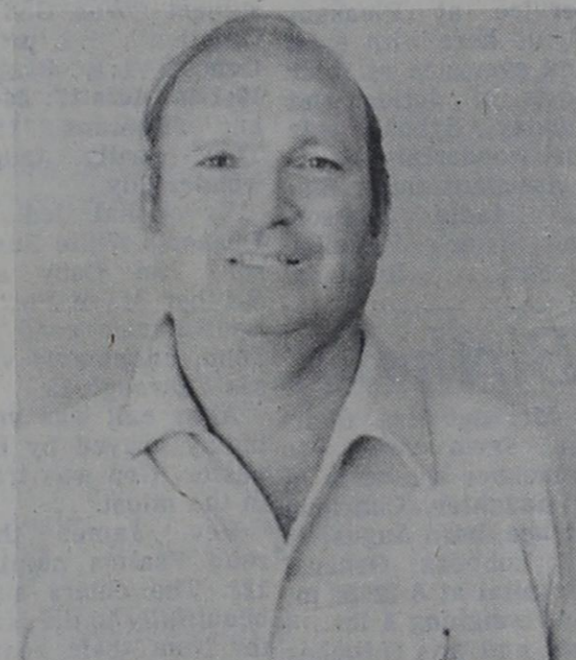

**BETTY EVATT**  
A graduate of Texas Tech with a degree in Education, she will teach the first grade. She has been a substitute teacher in the Lubbock Independent Schools. A native of Cisco, Tex., she and her husband, Kirk live in Slaton. He is a student at Texas Tech.

**KIM GOBER**  
A graduate of Texas Tech with a BS in Elementary Education, she will teach the fifth grade. Other teaching assignments have been in Wilton and Friona, Texas. She is residing in Lubbock and is a native of Bovina, Tex.

**MARILYN JONES**  
A graduate of Texas Tech with a BS in Elementary Education, she will teach Migrant Math and Math Comp. 7. A native of Odessa, she, her husband and two children reside in Slaton.

**WILLIAM (BILL) MCKEE**  
A graduate of Midwestern State University where he obtained his B. S. and Abilene Christian University for his masters. He will teach Science and has taught previously at Motley County. He will also serve as Junior Sponsor. A native of Wichita Falls, he, his wife and two children are residing in Southland.

**LISA McLEROY**  
A graduate of Texas Tech University with a BS in Elementary Education with Math Specialization, she will teach in the second grade. This will be her first teaching assignment. A native of Gall, Texas, she is residing in Lubbock. Lisa will also serve as high school cheerleading sponsor.

**JUNE SCHWERTNER**  
A graduate of Texas Tech with an Elementary Education degree, she will teach Special Education and Resource for her first teaching assignment. She served as a substitute teacher from January through May of the last school term. A native of Wilson, she resides in Wilson. June is working on a Master's Degree in Special Education.

# THE FIRST NATIONAL BANK

# Twin Cedar

By Tina Rodriguez  
This past week was party week and we just about partied all week.

We had two parties for Tuesday, first the V. F. W. Ladies came to give a party to honor Lucy Clary and we had a wonderful time. They served refreshments and the Country Cousins provided the entertainment. They all did such a great job and we were really glad to have them with us.

Tuesday evening we had another party for Lucy provided by her family. It was just great! All her children and grandchildren came. She also had many of her friends here. In all we had 45 guests. The Seniors provided entertainment. They did such a great job. They put on great skits and everything that day just went super. Lucy was so surprised. It was kind of hard to keep the secret in the bag but we managed.

On Wednesday, the employees all got together and made a surprise party for Wanda, our administrator. She couldn't figure out what we were all up to on that afternoon. Believe it or not, she is the hardest person to get out of the building, she just didn't want to go out for a walk with Pauline and Pauline wasn't so sure she wanted to go herself.

Wednesday evening, the Seniors came and provided entertainment for the residents. They all said they just had the best time. We always look forward to their coming through the door. We thank them very much for such a great job.

We thank the follow-

ing people for the special treats they brought this week: T. J. Cook, Maude Dobbs, Mr. and Mrs. John Gist, Frank and Ruby Bostick, Robert Craig, Mrs. Stelzer and the V. F. W. and Mr. and Mrs. Coy Samples. The Lord has a special place for all these caring people.

Special visitors this week were Lois Rosenbaum, Walter Ledbetter, Johnny, Marty and Jason Pennell, Martha Pennell, Darrell Roberts, Hilary, Jay and Clay Williams, Faye Maddox, Joe Pennell, Jewell Long, Susan Pennell and Mr. and Mrs. Leon Clary all of Post, Polly Hays, Chris Howle of Lubbock an Betty and Nancy Griffin of Levelland. We appreciate all of you and hope you continue coming.

Attention: Our coming event will be Family Night covered dish supper on Sept. 15, 6:30 to 7:30 p. m. We invite family and friends to join us on this date. For more information call Tina, Tricia or Wanda at 2022. We'd like to see as many people as can to come join us.

### Hints for Homemakers

Feeling like the overburdened woman who lived in a shoe?

Here's a nice little secret. You can join the fight against inflation with something as simple as baking soda. Homemakers are finding that pure, natural baking soda is far less expensive than many other cleaning and deodorizing products, yet works just as well.

**POWER, POWER AND POWER GROCERY** — From 1910 to 1914 James L. Power and sons Jim and Homer operated a grocery store in Post. They bought the C. W. Post Commissary in 1909. (Photo of Tom Power)

## Home Economics Highlights

By Colleen England  
County Extension  
Agent-Home  
Economics

Three Garza County 4-H'ers, Jana Middleton, Mike Johnson and Tommy Payton plus one 4-H leader, Cindy Johnson, attended the District 4-H Council and Leaders Forum in Lubbock Saturday, August 27.

Workshops during the Forum included: The 4-H Animal Project - Selecting a Champion, Conflict Management, What Parents Should Know about Drugs, and 4-H Clothing Project - The Style Show.

4-H membership is open to anyone from 9 to 19 and offers a variety of interesting and fun projects. If you are interested in 4-H please call your County Extension Office at 495-2050. Get involved in 4-H and see what fun you've been missing.

**September: National Sewing Month**  
The American Home Sewing Association is sponsoring a National Sewing Contest. For more details call 495-2050.

**Attention Quilters!**  
Swisher County is sponsoring a Quilt Block contest on Sept. 24 and 25 at Tulia in the Swisher Memorial Building. Entry deadline is Sept. 15. If you need an entry blank, please call or come by the County Extension Office.

**Keep Exercise Interesting**  
If the mere thought of touching your toes ten times wears you out before you even start, you are not alone. Like the typical American (especially if you're over 40) you've probably had a lot of false starts with exercise programs that quickly become routine and tedious. Perhaps that's why only 28 percent of the

population exercises regularly. But if you want to start exercising again and stick with it this time try some of the following hints from fitness experts.

Whether you walk, jog, swim or exercise, get another member of your family, or a friend to join with you. You will find that having the companionship of a co-exerciser will make the workout much more pleasant. That's one reason why exercise classes are often successful. Even if you can't attend a class, however, you can still get a partner or group of friends to exercise together.

Rather than face the same walls every day, change the scene. If you exercise at home, work out in different rooms. If you walk in your neighborhood, take a walk through the park instead. Change of locations occasionally prevents tedium.

Alternate your exercises from day to day so you're not always doing the same things. However, do start with the easier exercises first in order to warm up. Warm up exercises raise the body temperature and make the muscles and joints move more easily. If you don't warm up you are more likely to get muscle aches and injuries which will discourage you from continuing with the

exercise program.

Set a definite starting time for your daily workouts and stick to it. Keeping to the same time slot is usually the only way most people can work a regular exercise routine into their daily schedule. Don't over-

tire yourself. If you overdo it, your body will only become wearier and your enthusiasm gets lower.

Set goals for yourself and keep a chart of your progress, whether it's miles run or pounds and inches lost.

## Pleasant Home

By Annie Gilbert  
General worship service at Pleasant Home here with each and everyone at their posts of duties and Sunday School was just wonderful. Assistant Supt. Sister Madie Johnson and Sister's Priscilla Martin, Rosiland

Fields taught the school lesson on the subject "Was God of Creation", prints Genesis 1:1, Psalms 19:1-4a, Acts 17: 24-28, and Romans 1:20. They really taught wonderfully.

Devotional led by Deacon's Willie Burleson, Jim Osby and Brother Mack Porter. Bro. Porter read St. John, chapter 14 verses 1 through 13.

Altar call was very highly prayed by our pastor, God was truly in the midst.

Rev. James then read Psalms number 122. The choirs sang beautifully to the Master from their hearts and souls.

During the 11 a. m. service our pastor delivered a wonderful message from St. John, chapter 15 verses 13 through 15 and his theme was "What a Friend..." Rev. Kelly really poured out his heart and soul to the loving Master.

God truly was moving here in the midst.

You, the public are invited to attend at anytime, we really have a good time in the Lord. Please continue to pray for all the sick and shut-ins of the churches, homes and community.

Rev. Arthur Kelly Pastor  
Rev. James Associate Pastor

## Births...

Mr. and Mrs. Charlie Irvin wish to announce the birth of a daughter, Charlynn Renee, born August 31 at Lubbock General Hospital at 8:22 p. m. and weighing 4 lbs., 8 ozs. and was 17 inches long. Grandparents are Dollie Irvin of Post and Mr. and Mrs. Paul Preston of Albany, Oregon. Great-grandparents are Mr. and Mrs. David L. Bridges of Albany, Oregon.

Mrs. Willie Mason is happy to announce the arrival of her seventh great-granddaughter, Lyndsay Sue Stanford born August 25 at Valley View Hospital in Ada, Oklahoma and weighing 8 lbs., 13 ozs. She is the daughter of Marla and Wade Stanford. Maternal grandparents are Jimmy and Jackie Hutton of Fort Stockton, paternal great-grandmother is Kim Ensminger of Abilene and great-grandmother is Maude Pearce of Canyon.

Michael and Jackie Gonzales wish to announce the birth of their son, Michael James, born August 31, at 2:03 p. m. in Garza Memorial Hospital, weighing 6 lbs., 9 ozs. and was 20 inches long.

Grandparents are the late Aurora Melvin, Mr. and Mrs. Jim Melvin of Somerset, Wisc., and Mr. and Mrs. Mike Gonzales of Post. Maternal great-grandparents are Jesusa Mindieta of Snyder and George Mindieta of Post and Mr. and Mrs. Orlo Melvin of New Richmond, Wisc. Paternal great-grandparents are Matilde Torres of Post and Severa Gonzales of San Antonio.

## WINNERS & LOSERS

Americans are real winners when it comes to inflation, lately. As measured by the Consumer Price Index, it was only 3.9 percent for 1982. Many experts attribute this to our having a strong President with an effective fiscal policy.

Americans were losers to inflation under the last administration. In fact, the rate reached 13.3 percent in 1979. Many Americans want to keep winning the fight against inflation.

## Brook among gifted students at Tech

Brook W. Capps, son of Dwayne and Eydie Capps is among more than 160 gifted and talented youths from 64 cities throughout Texas who have successfully completed the second session of Texas Tech University's "Shake Hands with Your Future" program.

The summer enrichment program, sponsored by the university's division of continuing education, provides students an opportunity for advanced learning on a university campus. Participants chose from a variety of

courses and supplementary activities.

Upon completion of the second session July 23, participants were notified by Texas Tech Academic Affairs Vice President John R. Darling that they had been given pre-acceptance status to the university, pending completion of required high school units and filing of appropriate application materials.

"We hope Texas Tech will play an important role in your goal of continued growth and development," Darling said.

**SCHOOL AGE TEENAGER** - Dezzle H. Babb was a teenager in the Post schools when this photo was taken in 1914. She married Jim N. Power. (Photo courtesy of Tom Power).

For sale or trade: '79 Pontiac Phoenix, good condition. Firs trailer on left on Crosbyton Highway.

**Legumes For Texas Pastures**  
Legumes are a good bet for permanent pastures in Texas and planting time is here, notes a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. Legumes provide higher quality forage than most perennial grasses. They can also lengthen the pasture growing season and can provide options for pasture management. Among legumes that do well in various parts of Texas are vetch, Madrid sweetclover, Arrowleaf clover and Subterranean clover. County Extension agents can provide information on legumes for specific areas.

**Treating Hay With Ammonia**  
Giving poor quality hay a "shot of ammonia" can make it a better product, says a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. Treating hay with anhydrous ammonia-called hay ammoniation-will increase its protein level, digestibility and intake and thereby boost animal performance. The cost runs about \$6.50 to \$7 per ton of hay for 40 to 60 pounds of anhydrous ammonia and plastic sheeting to cover the hay. The plastic sheeting should be sealed over the hay with dirt or rocks and kept intact for at least 21 days after treatment. The hay should be aired out for two to three days before feeding.

## Making Choices

If you think a salesperson assists you're paying more but getting less when shopping for clothes lately, you fit the current profile of the American shopper, says Nancy Brown, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Recent surveys give interesting results about opinions of shoppers, some of which are:

More than half of the men and women surveyed believed the quality of apparel in stores today is inferior to that of five years ago.

Only 10 percent thought that prices for clothes were increasing less than prices of non-apparel items and 44 percent thought they were increasing more.

Sixty percent preferred to shop in self-service stores rather than in stores where

# The Post Dispatch Football Contest!

All entries must be submitted to The Post Dispatch at 123 E. Main or postmarked no later than 5 p.m. Fridays in order to be considered as a contestant.

Contestants must print legibly their names, addresses and telephone numbers. There is no limit to the number of entries allowed per person.

Winners will be determined by the most number of correct selections of the games listed. Contestants should circle the team they think will win the game.

All entries must be on the printed form in The Post Dispatch, facsimiles or

photo reproduced copies of the newspaper form are ineligible.

The tie-breaker score must be what the contestant thinks will be the actual score, and the tie-breaker will be determined on a point-spread basis.

The tie-breaker will only be used in case there is a tie between contestants on the total number of correct selections in the contest.

Dispatch Football Contest winners will be notified by telephone and the weekly winners' names will be published on the football contest page.

All decisions by the contest judges are final.

## Official Entry Form

Circle the team you think will win.

## State accepts bid from Lockney man

Texas Land Commissioner Garry Mauro announced the General Land Office has accepted a bid of \$53,405 a year from L. N. Johnson of Lockney, Texas to lease the state-owned 9,540 acre Hackberry Creek Ranch in Briscoe County for five years as part of a precedent setting land management agreement.

The surface lease, which allows for grazing and hunting on the land, is the first lease to designate guaranteed annual payments for permanent improvements to the property. Johnson has committed to pay the state \$21,465 for permanent improvements for each year of the lease.

Mauro said permanent improvements can include constructing and repairing windmills and fences, developing additional water sources and pipelines, brush control, establishing wildlife feeding sources, and erosion control.

"This lease agreement signals a new philosophy in land management of our state-owned lands. It marks the first time wildlife and land conservation measures have been built into a lease. Requiring annual payments for permanent improvements to the property creates a built-in incentive to follow sound conservation practices and to adhere to proper wildlife management techniques", Mauro said.

"This new leasing policy fulfills our obligation to preserve and protect our state-owned lands for future generations while at the same time deriving the maximum income from them for the Available School Fund," Mauro said.

"I'm delighted to have someone of Mr. Johnson's character win this bid. He has vast experience in ranching and his qualifications are excellent. He shares the General Land Office's commitment to developing this land to its highest and best use," Mauro said.

Johnson, who holds a B. S. in Agriculture from West Texas

State University, plans to implement a Soil Conservation Service-General Land Office-assisted deferred grazing plan for a cow-calf operation on the ranch and also to initiate a wildlife management plan during the first year of the lease. All conservation practices, sub-leases, and improvements will be reviewed by the General Land Office.

The Hackberry Creek Ranch was acquired by the General Land Office in December 1982 in a trade for 3,195 acres of land that was producing an average of 96 cents an acre in surface lease revenue for the state. The Hackberry Creek Ranch lease agreement will pay the state an average of \$5.60 an acre.

"This excellent lease agreement is in keeping with my pledge of running the General Land Office in a sound, efficient business-like manner while maintaining our state-owned lands for the benefit of all Texans," Mauro said.

## Stenholm Day set Saturday

Charles Stenholm and his wife, Cindy, will be honored at the fifth annual Funday Festivities, Saturday, Sept. 10 with the annual Texas-style, down-home picnic beginning at 5 p. m. and lasting until sundown.

The event will take place at the Ericksdahl picnic grounds of the Bethel Lutheran Church, just a few miles from the farm Stenholm grew up on, and 12 miles from his hometown of Stamford.

This year's Fun Day will draw several of Stenholm's colleagues from Congress including:

Congressman Ronald Coleman, Congressman Kent Hance, Congressman Sam Hall, Congressman Jim Jones, Congressman Marvin Leath and Congressman Bill Ratchford.

Tickets to the Funday Festivities, given by the "Friends of Charlie" are \$10 per person.

The menu will be fried chicken and barbecue beef and all the trimmings. For tickets or information, call or write: The Stenholm Re-Election Committee, P. O. Box 1032, Stamford, Texas 79553 or phone (915) 773-5521.

## PIK Outlook to be Given

Everett (Bud) Rank, Agricultural Stabilization and Conservation Service administrator, will discuss the status and outlook for the payment-in-kind program at the National Cotton Council's Board meeting in Lubbock Sept. 8-9.

Rank will speak during the open session beginning at 2 p.m., Sept. 8 at the Holiday Inn Civic Center. Board Chairman Ed Brehan, Lubbock, will preside over the meeting.

## Dawson Fair set Sept. 13-17

According to Extension agents, John Farris (ag) and Peggy Robertson (h. e.), Fair Board of Directors and superintendents will meet next Tuesday evening to review final details for the Dawson County Fair.

The fair is scheduled for Sept. 13-17 on the Dawson County Fair grounds and entries will be taken from Dawson, Terry, Lynn, Garza, Gaines, Borden, Andrews, Martin and Howard counties.

Extension Homemakers Council will operate concessions in the Dawson County Community Building and 4-H members and leaders will have concessions in the fair barn.

The event will begin at 9 a. m. Tuesday, Sept. 13 when the barn will open to take entries for each division.
