Quick Striking 'Lopes Win 29-12

By Wes Burnett

You might say it was a case of striking too fast, but in the end the Post Antelopes' defense proved stout enough to secure a 29-12 win Friday night over Amarillo River Road in Plainview.

Although the Wildcats controlled the football for much of the second and third quarters, giving the 'Lopes a solid test on defense, the Bold Gold struck twice in the early minutes of the game and put the game out of reach in the fourth period.

River Road had come to Plainview to avenge the two losses they suffered to Post last year, and the Wildcats showed they could get first downs.

A key turning point in the contest came in the third quarter, with Post leading 13-6 and River Road on the move.

Wildcat quarterback Aurelio Campos slipped through Antelope defenders over left tackle and raced 51 yards into the end zone

but the play was called back on a clipping penalty and the Wildcats could not get another shot, driving the ball to the Post 22 before turning it over on downs.

The next Antelope break came late in the third quarter as the Wildcats punted from their own 46 to Milton Williams on the Post 30, where he called for a fair catch.

An over-eager Wildcat tackled Williams, drawing a penalty to the 45.

On first down, quarterback Joel Kirkpatrick handed the ball to Williams over right tackle, and he shook loose from two would-be tacklers, crossed over to the middle and left Wildcat defenders on the ground as he went 55 yards in 10 seconds.

Loss of oil tax crimps city budget

Even though the city lost \$20 million in oil evaluation now and a possible \$20 million more after the first of the year, the tax rate was set at 20 cents to help meet the proposed city budget for the new fiscal year.

Last year's tax rate was set at 17.5 cents with only the 2.5 cents being added.

Following the public hearing, council members went into a general business meeting and heard a request from a local citizen concerning the drilling ordinance on their own proposed well. Following discussion, council members decided to turn it

over to city attorney, Harvey Morton to negotiate with those concerned, concerning the bond required during the drilling period.

After another mobile home variance request had been received from the council, and several others had been heard during the past several months, council members discussed with Morton an amendment to the present mobile home ordinance that would allow the variances council had recently approved. Morton told council members that he had come up with four items for their consideration and included: (1) all mobile homes would have to have the wheels removed and trailers would have to be skirted; (2) mobile homes would have to be

situated at least five feet from any property lines; (3) mobile homes would have to be tied down to withstand winds of up to 70 miles per hour and properly connected to sewer and utilities and (4) must be 15 feet from any permanent structure. The council added a fifth amendment which would be no more than two mobile homes in proximity to each other, otherwise it would fall under the mobile home park rules.

After approving the amendments, council also approved that mobile homes parking and storage clause must read that they would be 10 feet from any permanent structure and could only be stored there for

Ten years ago the Watergate conspiracy was headline news. Of those who were sentenced and have now served their prison time, is Nixon's former "hatchet man," Charles Colson.

The one-time White House counsel was at the pinnacle of success in his world of work and financial reward. As the legal system entrapped presidential advisor, his alleged profession of faith seemed only more muddy water in already troubled days of the nation.

A decade later, the man heads a ministry of 15,000 volunteers under a staff of 170 members. Colson's recent appearance in the strife-torn Northern Ireland demonstrates how God was greatly using one of the former conspiracy that tore at the moral fiber of our country. In an international symposium on prison ministry Colson appeared with both Pro-

testant and Catholic prisoners. Amid that Belfast setting, the two former bitter enemies shared that

their new life in Christ had brought them seeking together a peace for their country that was pos-

sible through this gospel message. Only months before they would have admittedly tried to shoot each

other. Yet our prisons too often remain forgotten areas to share the good news. Some like Colson or Chaplain Ray of the Dallas-based International Prison Ministry find continuing returns on their life and love of such God-directed work. It is a challenging response to the Lord's call to see those in prison and in so doing come to

ministry to the Lord. To that extent that we have done it to the least of them, the Lord reminds us we have done it as unto the Lord.

Pleasant Home News

By Annie V. Gilbert
Pleasant Home General Worship Services first on the agenda here at Pleasant Home Baptist Church was our pastor and wife fifth anniversary service.

It went over with a great boom from Sept. 4 through Sept. 11 and was a great success.

Devotional led by Deacon Jim H. Osby, Sister Annie Vernell Gilbert and Sister Gilbert read the Book of Number 24 Psalms.

Altar call was very highly and spiritually prayed by our visiting pastor, Rev. L. Slaughter from Lubbock, Tex. He truly poured out his heart and soul to God.

Rev. James read St. John, Chapter 3, verses 1 through 13 and prayed.

The choir sung very, very good to God from their hearts and souls. During the 11 a. m. service, our visiting pastor delivered a wonderful message from St. Luke, Chapter 11 verses 1 through 4. He used for a thought "Prayer changes things". The visiting pastor, Rev. L. Slaughter of Lubbock truly poured out his heart and soul to the loving Savior. God was in the midst.

Among our sick are Sister Sirloma Steel, Lizzie Milo and Brother Harry Trueblood, a resident in United Convalescent Nursing Home and Sister Sylvia Williams, a resident in Twin Cedar Nursing Home.

And the other seven are ill in their homes. Please pray for their speedy recovery, also for all others in hospitals, homes and

elsewhere here in our community.

There were two who let Christ be a light in their lives and the angels in heaven rejoiced.

Film Featured

First Christian Church will be showing a motion picture release of International Prison Ministry entitled, "Changed Lives in San Quentin."

Actually filmed inside the prison, this documentary features the stories of four notorious criminals. Interviews conducted by Art Linkletter and the director of IPM, Chaplain Ray, focus on rehabilitation as a result of conversion to Christianity.

From inside the gas chamber Jerry Graham says, "I came very close to ending it all right here." In stark contrast to his life of crime, he now directs a ranch for abused children. James Williams served time in San Quentin after a gun battle with police. Now he's employed by a criminal justice organization teaching men "the way to go out," as he puts it. Another changed life is George Meyer,

Al Capone's favorite driver. Now 74, he counsels teenagers about the evils of drug abuse. And Jack Burbridge, once an enforcer for organized crime, is now a preacher. The film concludes with a look inside the gas chamber.

It is free to the public and will be shown to the First Christian Church, 806 West 13th, on Sunday, September 18, at 6 p. m.

Why were the Dark Ages so dark? Maybe, because there were so many knights! Or more surely, because ignorance ruled the day. Men with long beards and longer words debated for years questions like, "How many angels can stand on the head of a pin?" and "Can we be certain that we are certain of nothing?" Will Rogers was right: "Everybody is ignorant, only on different subjects." The Presbyterians of Post gather every Sunday morning to engage hearts, and heads, in the worship and service of God, because no person can afford to be ignorant about God's love, God's will and God's ways. We invite you to join us. Think about it: wouldn't God's Good News light up your life?

Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated. The constitutional language governing the composition of the Board of Pardons and Paroles and the manner of filling vacancies on the Board is eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

'Lopes Stave off Pesty 'Cats

(Continued from P. 1)

The drive started with 1:26 on the clock and when Williams went into the end zone, the clock stopped with 1:16.

Leading 21-6 after Williams picked up the two point conversion, the Antelopes were able to breathe a little easier going into the final stanza.

Scoring Drives
The Antelopes opened up the game as they did last year, scoring in two and one-half minutes on a six play, 31 yard drive.

Williams returned the opening kickoff from the 14 to River Road 31, then Kirkpatrick began to work on the Wildcat defense.

On first down Giles Dalby blasted over right guard to the 23, then the 'Lopes drew the first of many offsides penalties, before the ball was snapped on second down.

Kirkpatrick pitched the ball to Williams who skirted left end to the 24, took it again over left guard to the 22, then on fourth down went over right guard to the 20 for a first down.

Kirkpatrick then faked to Williams, dropped back and found a wide-open L. D. Harper in the end zone for the touchdown.

The extra point kick by Chuck Morris was good, and the 'Lopes led 7-0.

River Road's Eugene Daniels was trapped at the six yard line on the kickoff and after three tries the Wildcats punted the ball dead on the Post 43.

The Antelopes started their second touchdown effort with 6:05 in the first quarter, and drew a penalty before the ball was snapped for offsides.

The officials consistently found different 'Lopes leaning over the line of scrimmage.

On first down, Kirkpatrick handed the ball to Williams, who burst over left tackle, slipped off one defender and went untouched the 62 yards for another six points. With 5:51 left in the first quarter, the 'Lopes led 13-0, after the extra point kick was blocked.

River Road drove the ball to the Post 14 as the quarter ended,

using a series of running plays and a "shovel" pass up the middle. But as the second quarter opened, the 'Lope defense held ground at the four and one-half yard line and took over on downs.

Then Daniel Gonzales got a good run to the 14, but fumbled on the tackle and the Wildcats took advantage of the turn over, scoring three plays later on a pass from

the 26 yard line. The extra point attempt was blocked.

The 'Lopes drove the ball to the River Road 15 as time ran out in the first half.

Post took the kickoff following River Road's last touch-

down with 4:31 left in the game.

The Wildcat squib kick went astray and was downed at the River Road 42 yard line.

Two plays and one offsides penalty later, (Continued on P. 7)

'Rabbits next on Lopes list

The Post Antelopes travel north to Ralls Friday for an 8 p. m. kickoff with the Jackrabbits in a non-district contest.

The Jackrabbits are 0-2 for the year, losing to Cooper 28-6 and Sundown 28-12.

They use a Veer offense, with running back Todd Mann, 155 pound senior, getting the football.

On defense Ralls operates from a 5-2 and 5-3 alignment.

The 'Lopes are in good physical condition and have had good workouts this week, according to athletic director and head coach David Thompson.

He reports that in the Amarillo River Road game last Saturday, the 'Lopes had 332 total yards offense, 259 on the ground and 73 in passing, and allowed 123 rushing and 155 passing for River Road.

Milton Williams carried the ball 21 times for 211 yards, three touchdowns and two extra points.

Giles Dalby carried the ball six times for 30 yards and Daniel Gonzales picked up one yard on four tries.

"The disturbing thing was River Road had 74 offensive plays to our 37," the coach comments, "I guess maybe we scored to quick . . . but we did win the game."

Tannehill pulls team ahead of A&M JVs

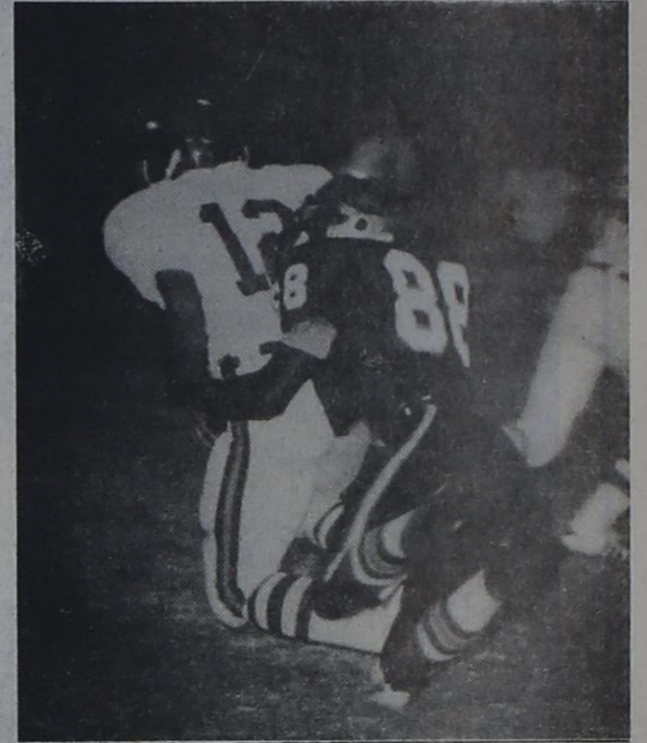

Tim Tannehill intercepted a pass and returned it 49 yards for a touchdown to help Kilgore College take a 13-6 victory over Texas A&M's junior varsity in the Rangers season opener at Kyle Field Saturday night.

Trailing 6-0 late in the game, Kilgore scored two touchdowns in two and half minutes to take the win.

Tannehill took over the quarterbacking duties for Kilgore in the second half and after being thrown for a 10 yard loss, on the third down, Tim scrambled to the five to give a fourth and two situation at the five yard line.

The Aggies' only touchdown came in the second quarter of play.

Defense Stiffens

(Continued from p. 6)

The 'Lopes led 27-12 as Williams cut through right guard and into the end zone, breaking two tackles on the way.

The 29 yard touchdown was set up by a Giles Dalby burst to the 24 on the first play in the drive.

Post was penalized again for offsides and Williams put in the two points over left tackle from the eight yard line.

The Wildcats

mounted a time-eating drive, which was snuffed out with 30 seconds left in the game when Curt Greer tipped a pass, which was intercepted by Felix Bustos in the end zone and

returned to the River Road 43.

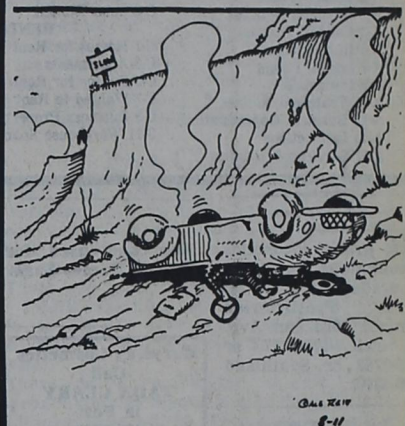

Williams took the ball over right tackle to the four, with three seconds left in the contest, and then over left tackle to the one as time ran out.

Grazing Management for Winter Pastures

Grazing Management For Winter Pastures Grazing management is the key to making winter pastures of wheat, oats or ryegrass pay for themselves, says a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. With variable costs for establishing winter pastures each year ranging from \$60 to \$100 per acre, grazing management is crucial. Grazing management means making sure the pasture has 6 to 8 inches of growth before grazing, grazing down to no more than 3 to 4 inches and limiting grazing to several hours a day. Winter pastures can extend the grazing season, can provide high quality forage, and can lower the winter feed bill if used properly.

180 days and unable to move back to the same location for at least 30 days before being parked again.

Council approved the request for a variance in the mobile home ordinance from a Mr. Littrell if his footage fell in the approved guidelines.

In other action: Council was told that sanitation services continue to be requested from residents outside city limits where monthly fees are \$15 for residential and commercial and that the city is accepting new requests with terms that collections would be made only on all weather roads with adequate turn areas, protected placement for bin and on or near established routes. Council gave their approval for continuation of these services.

In a discussion concerning the city utility deposit, council members approved an increase from \$15 to \$30 for residential areas and \$50 for commercial property.

Before adjourning, council voted to give the Community Center board \$4,999 for carpet in the main room of the center. The item was brought up to the council in lieu of time and a good bid received.
