

# 'Lopes Aim for Wildcats

by Wes Burnett

The Ralls Jackrabbits surprised the visiting Post Antelopes Friday night with a stubborn defense and inspired offense, but the top-ranked Bold Gold dug in for a 28-0 win, setting up a "Jim Dandy" shoot-out this Friday when the state-ranked number one 3A Littlefield Wildcats invade Antelope stadium.

Maybe the Antelopes, like a lot of Bold Gold fans, had their minds tuned in for the homecoming show-down with Littlefield, as the Jackrabbits came out ready to avenge a 61-0 trouncing from last year.

It appeared from the outset that the 'Lopes were in for a tough night, as the 'Rabbits took the opening kickoff and in nine plays were knocking on the door at the Post five yard line.

Only a hard-hitting goal line defense stopped the drive on fourth down as 'Rabbit

running back Todd Mann lost the football at the five.

The 'Lopes moved the ball to the Ralls 45 before punting and the first quarter ended scoreless, with Antelope fans and coaches just a little frustrated.

After Ralls recovered a fumble on their own 41, they marched downfield, only to fumble to the 'Lopes at the 20 yard line, and with 9:08 left in the first half, the Bold Gold offense began to come alive.

## Architect Questioned by Trustees

What started out as a progress report on the building project by architect Duane McQueen took more than an hour at the school board of trustees meeting Tuesday night in the high school library.

McQueen was asked several questions from board member Royce Hart, one being why the construction was not finished in time for school to start as has been originally stated in the planning. Hart told McQueen that the teachers had to put in a lot of long and tedious hours trying to put some kind of order into the utter chaos at the schools before the opening day and Hart felt like if the contractors had been doing their job properly instead of trying to be at two places at the same time, the job would have been completed as agreed. Hart and Don Payne told McQueen they knew for a fact the contractor was also working on another local project with help working one place for awhile, then going to the other job.

Several other items were mentioned concerning the building and remodeling that Hart was concerned about including the pouring of porches on the learning center, that there was no reinforcement being installed and that one entrance to the auditorium was below water level and what water would do to the carpet when a heavy rain did fall. Hart told McQueen that he had nothing against him personally but that several people around town had approaching him and thought the board was not getting their money's worth out of the project.

McQueen said in his defense that he had been down here observing the project at various times or a representative from his office to observe construction and that he could not tell the contractors how to spend their time and if this were true that time had been split between the school and other projects, he was sorry that this had happened. He also added that contractors only did what the original plans called for and that the porches had been reinforced according to plan specifications.

Concerning the entrance to the auditorium below water level, McQueen told the board that the proper calculations had been made and a French drain had been installed to take care of any rains that fall directly into this area. The drain is filled with gravel that absorbs the water and allows it into the soil with no damages to the auditorium. He also told the board that the auditorium should be completed by Nov. 1.

The question was also put to McQueen if he had inspected the new seats for the auditorium as the last rain had rained on

the containers of seats and the board thought there might be damage. McQueen said he had not inspected the seats, because when an area of building or remodeling was completed by the contractor, then he would inspect that area and if damage was incurred, the contractor would have to make good on such areas. McQueen added that when he made such inspections he would welcome a representative of the board to go with him and make the same inspection.

McQueen also told the board that the

## Medical Alert System Planned

A Medical Alert System was discussed by hospital board of trustees during a regular meeting Thursday morning.

If enough interest is shown by local citizens in need of such a system, the hospital would put the base station at the hospital with beepers or transmitter placements put in the homes of those wishing such service. The cost to each subscriber would be \$15 per month.

The system would be a portable transmitter which could be carried by those who have them, around their home or yard and if an accident occurred and were unable to reach a telephone, the subscriber would simply have to push the button on the transmitter to reach the hospital where a printout of the subscribers name and telephone number would come out of the base station at the hospital.

After receiving such information, the subscriber would try to be reached by telephone to ascertain the trouble, if no answer on the phone, then a designated person would go to the subscribers home to see if help were needed and an ambulance would be notified if needed.

The system would be available within the city limits of Post and in-house training

would be given to those subscribing to the service which would be available 24 hours a day, seven days a week.

Those who are interested in such a program are asked to call Hospital Administrator Marietta Reed at 495-2828 so that the board may have some idea as to how many citizens would be interested.

In other action, trustees approved the second reading of the policy on malpractice insurance for physicians;

Accepted the bid from Dwayne Capps in the amount of \$675 for the remodeling of the OB bathroom;

new learning center should be completely finished in two weeks after several minor repairs and asked one of the board members to also make the inspection with him.

It was also noted by McQueen that the plaster in the auditorium was worse than they had first suspected and that it would need to be replaced by gypsum board, tape, bed, texture and painted with wainscoat to be put on the walls high enough to go under the windows.

The architectural firm had been asked at a previous meeting to look into the athletic facilities and come back to the board in March with Master Plan.

The board advised McQueen Tuesday night to add facilities to these plans also.

McQueen said he would need opinions from the athletic staff, teachers, principals and coaches concerning the athletic facility as two different groups would be using such facilities including athletics and physical education.

The board approved the firm doing the Master Plan for the facilities with Hart voting no.

In other action, the board had received a letter from General Telephone concerning the purchase of the schools present system, continuing to rent such system or the purchase of more modern systems. After discussion, the board wanted more information from General concerning the charges now being applied before a decision could be made.

The board had also received a letter from the Sabine Valley Industries concerning the building of apartments in Post and wanted to know if the land in back of the school could be purchased for this purpose. This matter was tabled by board members.

Bus driver contracts were approved and include drivers: George Pierce, James R. Smith, Irvin Cross, Ruben Espitia, Sherry Bassinger, Shirley Bland, Hope Garza, Sid Pierce, Jo Ann Reed and Beatriz Mesa.

House Bill 21 was read to the board by Superintendent Bill Shiver which states that amendments sec. 4.33 and 4.34 of the Texas Education Code make it a Class C misdemeanor to disrupt a class room by unauthorized entry or to cause a disruption of the transportation of school children.

After going over the tax collectors report for the months of July and August, the next item on the agenda was a letter from school attorney Joe Boerner and the board went into executive session for over 30 minutes.

Following the executive session, the board approved the payment of bills.

Trustees tabled the list of substitute teachers until it could be gone over by board members and approved the hiring of Mrs. Sue Traw to replace Susan Cardinal at regular teachers pay until Mrs. Cardinal returned to her classroom duties.

There being no new business, the board adjourned at 10 p. m.

## Hospital Board —

(Continued From Page One)

Turned down two indigent applications, tabled one and approved one;

Accepted the proposal from John Strubhart, x-ray technician at Garza Memorial to fluoroscope Halloween candy. Mr. Strubhart would donate his time for this and a tentative time of 6 to 9 p. m. has been set for Halloween night. More details will be announced on this at a later date.

Before adjourning, the board voted to approve the minutes of the last meeting, monthly bills and voted to write off delinquent accounts in the amount of \$4,296.82 which is now ready to be turned over to a collection agency.

## AFRICAN VIOLETS NEED PLENTY OF LIGHT

African violets need plenty of light to bloom properly, says a landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Although they can't tolerate direct sunlight, African violets often need more light than most people give them. Fluorescent lights are excellent for growing African violets. However, don't crowd plants under light and keep about 8 inches between plants and lights. If plants seem to stretch, lower the light slightly or raise the plants. Plants that get plenty of light are symmetrical with closely spaced leaves and an abundance of flowers in the center.

# 'Rabbits Gang Tackle Williams

(Continued from P. 1)

Milton Williams, who was dogged all night by a jamming Jackrabbit defense, carried on three tries to the 34 for a first down.

Quarterback Joel Kirkpatrick picked up what looked like a big gainer to the 42, but the team was penalized back to the 26 for clipping.

On first and long, Williams took the pitchout on the sweep around left end to the Ralls 49 for another first down.

Then he cut the corner around right end to the 44, and punched over right guard to the 41 and on third down, Kirkpatrick faked to fullback Giles Dalby and threw the first of three touchdown passes to L.D. Harper.

He caught the ball on the 25 and out ran the secondary to the end zone and the Chuck

Morris extra point put the 'Lopes out front 7-0.

The defense held the 'Rabbits, who punted from their own 28, the ball sailed over 'Lope receivers and was downed on the 10 yard line.

Taking the ball with 3:48 left in the half, the 'Lopes ate up the clock on a 14 play, 90 yard drive.

Williams set the pace with a burst around left end to the 31, followed by Tracy Price to the 44 and Daniel Gonzales over left guard to the Ralls 47.

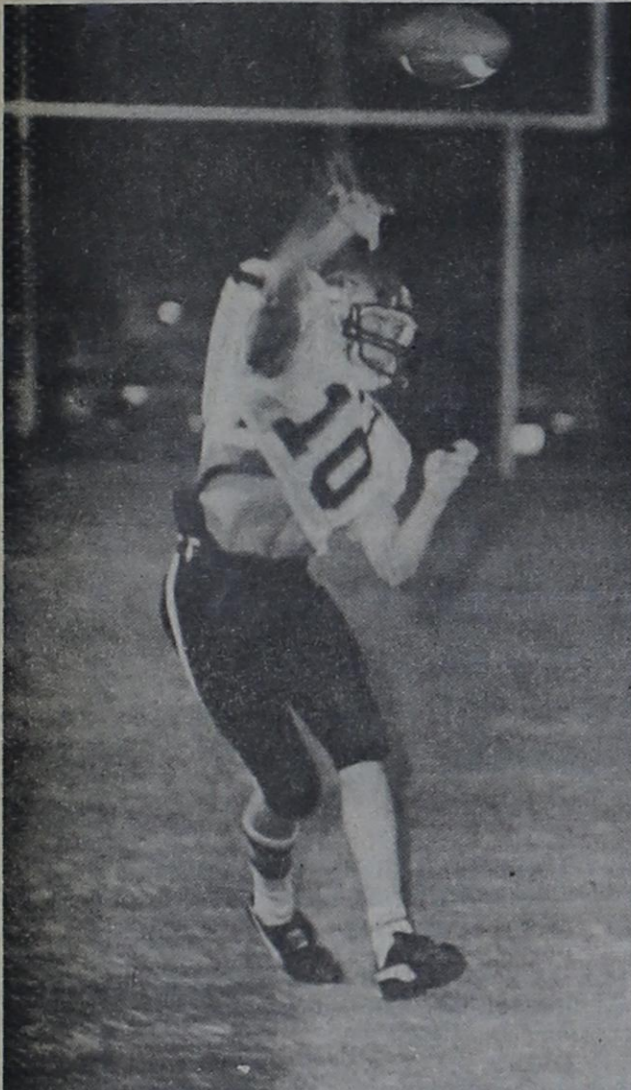

A third down screen pass to Gonzales netted another first down at the Ralls 40.

After a three yard loss, Kirkpatrick threw a strike to Harper on the 30 and he ended up on the 27 for another first down.

On second down, Gonzales pulled the screen pass again to the 16, with 54 seconds remaining in the half. (Continued on P. 7)

# as 'Lopes Tighten 28-0 Noose

(Continued from P. 6)

Then on second down, Williams got the call around left end, as he bulled his way to the three yard line.

He took the ball again over right guard to the one, with 16 seconds on the clock.

Post was called for offside, setting up second down at the six.

Kirkpatrick rolled to his right and zipped the ball into the end zone to Harper for the touchdown. Morris kicked the extra point...the 'Lopes went to the locker room leading 14-0.

Post fans were shaking their heads.

## Second Half

The second half started off looking about the same, with the 'Lopes unable to get a first down after receiving the kickoff.

Ralls couldn't do any better, as the 'Lope defense looked crisp and hard-hitting.

After an exchange of punts, Ralls ate up the clock with a drive to the Post 31, before being stopped on fourth down, with key plays by David Shults, Giles Dalby and Gilbert Perez.

The quarter ended with the 'Lopes on their own 34.

Tracy Price then took a hand-off from Kirkpatrick over right tackle, and put on a show for the fans as he surprised the 'Rabbits on a 64 yard scoring scamper, picking up good downfield blocking.

Morris' extra point put the 'Lopes on top 21-0, with 11:47 left in the game.

Another exchange of punts found the 'Lopes with the football on the Ralls 48, as Williams returned the ball from the Post 26.

The final touchdown drive started with 9:43 left, and featured runs by Williams and a big blast up the middle by Dalby from the

55 to the 18.

Gonzales took the ball to the 15 and on third down Kirkpatrick dove for the markers and ended up short at the nine.

With fourth and one, Williams followed the blocking over left tackle, pushing for inches to the seven and a first down.

He got the call again, getting caught in the backfield at the 10, then Kirkpatrick faked to Williams and threw the ball to Harper in the end zone, as he had crossed from his right to his left.

With 5:30 remaining in the contest, the Antelopes put the finishing touches to a 28-0 win.

Late in the game, Kenneth Gill hit 'Rabbit running back Robert Hall with a jarring tackle, causing a fumble recovered by the 'Lopes at their own 33.

Unable to beat the clock, the Antelopes huddled in midfield after the final buzzer, then lined up at the 50 and sprinted to the end zone as a farewell tribute and a signal of the preparation for this Friday's matchup with Littlefield.

## 7th Graders Slip to C. City 18-8

The Post 7th grade football team fell behind 18-8 to Colorado City Thursday evening there.

Coach Fred Postell offered special recognition to Keith Peel and Rolando Armentariz for their defensive efforts and to offensive players Felipe Vargas, Pete Aguilar, Tyge Payne, John Bilberry, Chad Davis, Trevor Thuett and Dale Gonzales.

The scoring drive went 63 yards, opening with Vargas off right tackle for six, then Mark Solis over

the left side for no gain. Vargas hit the right side again for three and Aguilar got the first down on a three yard plunge.

Gonzales got five more on the left side, putting the ball at the Wolf 46 and Vargas went over the right side and sidestepped his way 46 yards for the touchdown.

After a penalty, Gonzales went in from eight yards out for the two extra points.

The 7th grade teams hosts Littlefield Thursday afternoon.

# Frosh Whip C.City 36-22

Anthony Perez collected 173 yards in kick returns as the Post freshmen football team outscored visiting Colorado City 36-22 last Thursday evening.

Marvin Lee ran 40 yards for six on the first play from scrimmage and Eddie Moat took in the two point conversion.

After Colorado City scored later in the first quarter, Anthony Perez returned the kickoff 80 yards and Jay McCook threw a pass to Lupe Perez for the extra two points.

Moat scored a 20 yard touchdown run

after Anthony Perez returned a kickoff 45 yards and McCook took the ball in for two points.

The fourth touchdown came as McCook found Lupe Perez on a 33 yard scoring pass play, which came after Anthony Perez had returned a kickoff 40 yards.

Anthony Perez got the final touchdown on a 53 yard run.

The young 'Lopes were credited with 300 total yards of offense, allowing 306 to their opponents.

The freshmen travel to Littlefield Thursday.

# Eagles Win Again

The Southland Eagles zapped Patton Springs 54-20 Friday, Sept. 9, rushing for 344 yards and completing 134 yards passing.

Quarterback Jerry Hiracheta started the scoring spree with a 13 yard pass to Benny Arguello.

Jeff Lamb got the second touchdown on a one yard run and Johnny Garza hit paydirt on an 18 yard run.

Heath McGehee put another six on the score board with a two yard run and then Hiracheta threw a pass to Dee Farquhar who scored on the 45 yard play.

Hiracheta then intercepted a pass and returned it 75 yards for another Eagle touchdown.

Garza picked up the final two touchdowns on 40 and two yard scampers.

Coach Keith Gast complimented Hiracheta for his interception and score, Garza for his 173 yards on 19 carries and three touchdowns and Lamb for his 77 yards on 11 carries.

The Eagles picked up 21 first downs, holding Patton Springs to seven and restricted their opponents to 153 yards rushing and 111 passing.

Farquhar was credited with 19 tackles.

# J.V. Roll Past C.City 25-6

The Post junior varsity football team remains undefeated with a 25-6 win Thursday night here over Colorado City.

The 'Lopes gobbled

up 366 total yards offense and contained the visiting Wolves to 158.

Both teams came into the game with two wins and no losses.

"Donny Payne had a good game at linebacker," coach Ken Plumlee comments, "as well as Todd Angerer."

"Rodney George performed real well at corner and tight end," coach Lane Tannehill adds.

Keith Hart was praised for his running and interception of a pass late in the game.

Benny Hair was also credited with a good job of running.

Greg Adams opened up the scoring for the 'Lopes with a 60 yard scamper in the first quarter.

Simon Salinas picked up the second touchdown on a 10 yard run following a five play, 47 yard drive. Sam Binford kicked the extra

point, putting the 'Lopes out front 13-0 at halftime.

Adams scored again in the third quarter at the end of a seven play, 48 yard drive.

Salinas got the final touchdown with a 20 yard dash after another seven play, 48 yard drive.

The junior varsity travels to Littlefield Thursday.

Anthony Perez got 173 yards in kick returns during the Freshmen win over Colorado City here Thursday evening.

Rodney Oden (33), Russell Graves, Scotty Cline-Smith and an unidentified junior varsity Antelope recover a Colorado City fumble during second half action here Thursday evening.

## INVITATION ?

For a number of years, the O.S. Art Exhibit and Sale Preview Party invitation list has not been updated. We are concerned that you might be an art patron interested in receiving an invitation to the private showing...and we want to make sure we include everyone who wants to be a part of this important fund raising event for the West Texas Boys Ranch.

If you would like your name to be included in the invitation list for the O.S. Art Exhibit and Sale Preview Party, please call:

Jack King  
495-2804

This year the preview party will be held at the Post Community Center on Friday, September 30.

# 8th Grade Takes 26-20 Win

The Post 8th grade football team edged Colorado City 26-20 in a contest played there Thursday evening.

The first Post score came following a fourth down defensive stand at the C. City 29 yard line, where the young 'Lopes pushed their opponents back eight yards.

Taking it over at the 21, the 'Lopes scored in five plays with tailback Mike Bartlett going in from the five yard line.

Early in the second quarter safety Lex Dunn intercepted the ball at the C. City 25 and ran back to the four yard line, and in three plays Bartlett went in for the second touchdown.

Bartlett scored again on a six play, 81 yard drive after the 'Lopes recovered a fumble.

In the fourth quarter Bartlett got the call again, this time from four yards out,

ending a six play, 28 yard drive. He also ran in the two point conversion.

The 'Lopes picked up 232 total yards, allowing the Wolves 184.

Coach Darrell Radle offered special recognition to Dunn for his interception and 21 yard return and linebackers Ben Kirkpatrick and Bobby Gonzales for their hard hitting.

"Kirkpatrick ran hard and had some

key blocks to give Bartlett running room," coach Radle comments, "Bartlett ran a little tougher this week as did Blair Didway."

The coach also praised the offensive line for their blocking and Mike Ayala for his two pass completions.

"Eric Reese did well and gets better every week," he added.

The 8th grade team hosts Littlefield Thursday.

and clothing. The DHR approves only one program for each county and a single allocation to a county may not exceed \$100,000.

In other action, Ted Aten was named accident prevention and loss control coordinator for the TAC workers compensation self insurance fund and county safety.

Mike Harper met with the commissioners to ask for their consideration of appointing him constable of Pct. 4 again and commissioners advised Harper that their opinion had not changed since they last met with him and that the state attorney's office had informed them that it was at their discretion to appoint someone. Harper advised the commissioners that he was going to run for the position in the next general election.

Dawna Ray, new secretary for Judge Dalby, was approved by commissioners for bond in the amount of \$1,000 as was Mary Lou Duncan for the sheriff's department in the amount of \$5,000.

The court approved the SPAG Aging Grant in the amount of \$3,074.00 of Older American Monies to provide transportation service to the elderly in Garza County through Sept. 30. This money is used mostly for gas and oil.

The court also approved new personnel records and forms be ordered in order to keep better files and current status on employees, changes, attendance and employee history.

In discussion of a letter received from General Telephone Company, commissioners voted to continue to rent their present systems rather than buy or purchase new systems.

As of Sept. 1, a new law requires all county vehicles to have signs stating such and commissioners were advised that such signs were now on order.

Before adjourning, commissioners approved Justices of the Peace, Dee Justice and Shelia Melton attending JP school and approved the monthly reports and invoices.

Ralph Waldo Emerson observed that the power of the Gulf Stream will flow through an ordinary drinking straw if the straw is placed parallel to the current. That says something about the way we live. Are you your own worst enemy?

Do you always seem at cross-purposes with life?

Last Sunday in this space we mentioned that the Presbyterians of Post are celebrating their 75th anniversary of ministry to this community. Perhaps even more important than past history, surely more important, is that the Presbyterians of Post continue to gather every Lord's Day, hoping that together their lives can be lined up in the right way so that God's own power and flow through them into the lives of others.

If faith is like the straw that Emerson described, then some people have faith, and it is lined up correctly. Others have faith, but it troubles them, rather than moving them along. And others would admit, they have no straw, no faith.

Whatever way you describe yourself, there is a place for you in our community of faith.

We look forward to seeing you Sunday.
