## Country Caravan To Perform

Family entertainment is coming to Post, Texas when Country Caravan rolls into town May 25th for a performance of down-home country music.

Sponsored by Main Street and Chamber of Commerce, the 90-minute show of country music hits, both past and present, will begin at 9 p.m. at the Courthouse. Admission is free.

Country Caravan is produced annually by South Plains College in Levelland, Texas, and features a talented cast of vocalists, dancers and musicians from the college's unique two-year country and bluegrass music program.

The musical program presented by Country Caravan this season includes memorable country music classics, like Loretta Lynn's "Release Me," contemporary chart hits like Ricky Skaggs' "Uncle Pen," spicy instrumentals, country gospels and a dash of patriotism.

"Our goal for Country Caravan is entertainment, and plenty of it," said John Hartin, the show's general director. "We want people to leave our performance with that happy country feeling."

To achieve just that, Hartin and his cast rely heavily on the lyrical qualities of more than 30 country music songs that have deep roots in the country music industry and which in many instances have withstood the test of time.

Caravan's performance in Post is just one of the 42 planned for the show's 14th season this summer in towns and cities throughout Texas and Eastern New Mexico. The show will wrap up its tour July 4 with its traditional performance in Levelland.

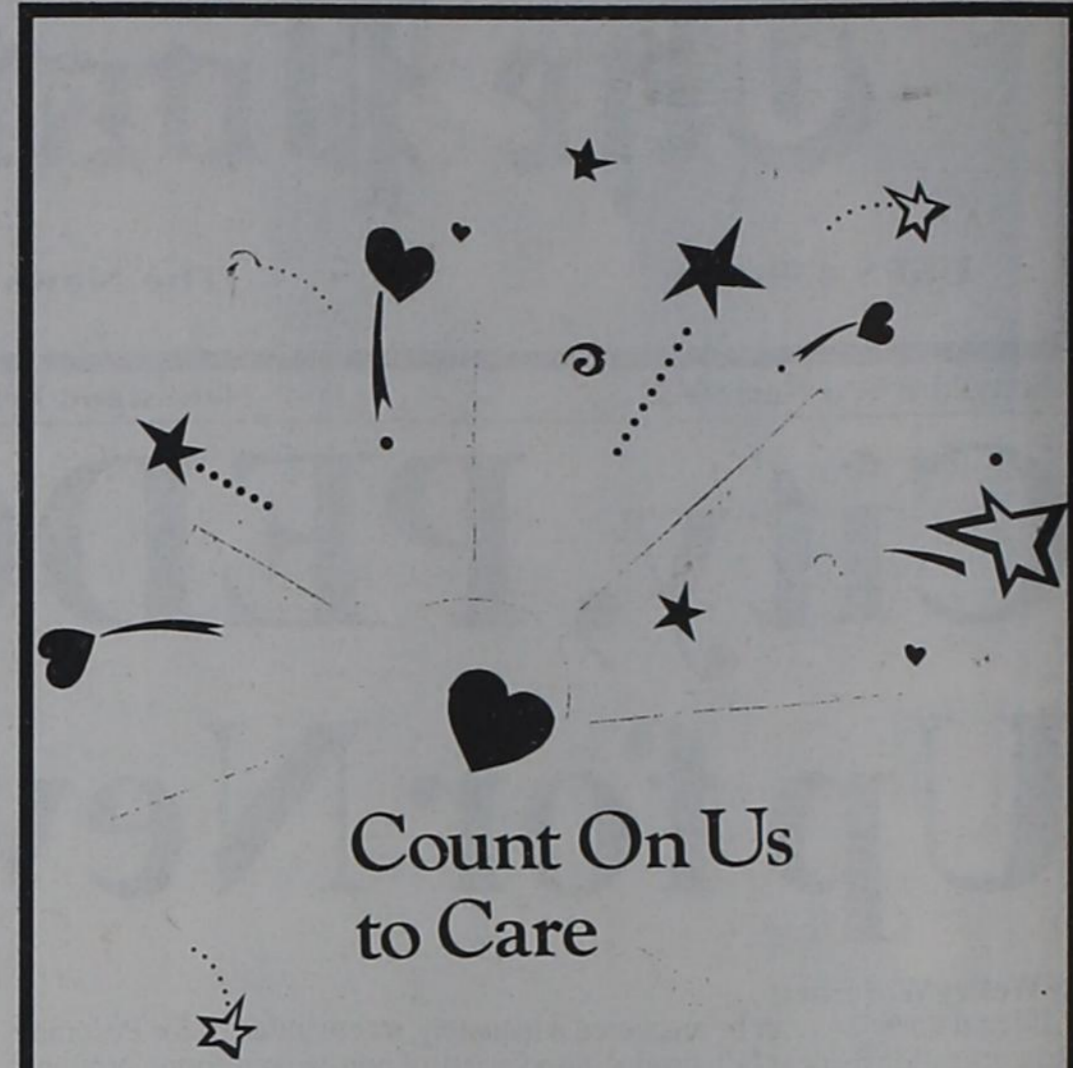

For more information about the show, contact Main Street at 495-4157 or the Chamber of Commerce at 495-3461.

Entered at U.S. Post Office, Post, Texas for transmission through the mails as Second Class matter, according to an Act of Congress, March 3, 1879.

## In the Neighborhood

by Wesley W. Burnett

Well, to all you Moms, let's take time to wish you a special day Sunday. And for you dads, whose children are too small or too forgetful, remember, it may be up to you to see that Mom gets something to remind her about how important she is. Oh, I guess that means me too!

I have to confess, I have not always lived up to that saintly idea, in fact, I haven't very often. But this year is different. By the way, I was able last week to be with my mother on a short visit to Northeast Texas,

and we just celebrated Mother's Day a little earlier.

They did have a lot of rain in that country, and late Wednesday and early Thursday Fannin County was under a tornado warning.

Now, where we live, when your county is under a warning, you go look outside to see where the cloud is and what's happening.

So, of course, I coaxed my younger brother outside, and all we could see was lightning blasts and the shadows of the trees. There are a lot of nice things about living with a lot of

trees, but one of the problems is cloud watching.

You just can't see a storm cloud when surrounded by beautiful trees. And that is a problem for a fellow accustomed to following the storm clouds.

Another thing that surprised me, the Dallas television stations had absolutely nothing on the screen to warn the people. In fact, when we wanted to get the accurate update and turned on the television around midnight, all Dallas stations were airing re-run tapes of their 10 p.m. news. Wow, big help that was.

I really appreciate our Lubbock television stations after being in the Dallas area.

We finally found an Ardmore, Ok. t.v. station on the cable that showed radar of the storm crossing from Fannin County to north of Paris in Lamar County, where the tornado struck, but did little damage.

Oh well, maybe they just don't take storm clouds as seriously there as we do here. But I was happy to get back to West Texas.

### All Sports Banquet

I was happy to have been at the Community Center last Tuesday night to enjoy the company of those at the table I sat as well as being with our high school athletes during the All Sports Banquet.

Texas Tech football coach Spike Dykes gave an inspirational talk, and I left with a new perspective about personal goals. Thanks to Spike and his story about Herschel Walker, I have launched into a quiet little effort at improving myself. Those who heard the story about Walker will know what kind of work that means. Spike reminded our young people that they have made a mark in West Texas, "you know when they keep score on you that you have made an impression...and believe me, those other folks are keeping score on your accomplishments," he emphasized.

Coach Dewayne Osborn and his staff introduced the athletes and Antelope Booster Club president Dr Charles McCook offered a personal salute to the young people.

### Judith Steel's Historical Novel

Those of you who enjoy historical novels will be happy to know that author Judith Steel has signed a new three book contract with Zebra Books of New York. The first book will be on sale in book stores August 1, 1990.

Three of her novels were published in 1989. They were "Lawman's Loving", "Apache Heartbeat" and "Seductions Raging Flames."

Judith is a native of Oklahoma and graduate of Oklahoma State University with a degree in business education. She is the wife of Curtis Steel and the daughter-in-law of Mr and Mrs J.C. Steel of Post. Judith and her husband live in Santa Fe, N.M.

### Robinson to Graduate at TTUHSC

Chester Robinson, son of Bob and Louise Robinson, formerly of Post, is to graduate May 19, 1990 from Texas Tech University Health Sciences Center School of Medicine. He will be living in Fort Worth, where he will be a resident at John Peter Smith Hospital for three years. He plans to practice family medicine.

### William Kerns Reviews Plays

I just have to say something about the professional work of Lubbock Avalanche Journal entertainment editor William Kerns and his review of plays at the Garza Theatre.

As I mentioned to one of the cast, it's one thing to get your name and photo in The Post Dispatch, but it's really something to see your name in print in the Avalanche Journal.

His comments are forthright, biased and he calls it as he sees it. That's even more reason why I am happy and thrilled to see such a top-notch journalist sitting in our theatre and then reporting it to such a wide audience.

Surely, you don't expect a serious entertainment editor to write all complimentary stuff? The very nature of reviewing as a "critic" is to give potential audiences the good and the bad.

One thing I know for sure, Kerns' attendance here can do nothing but inspire those of us on stage to do a little better and create great publicity for our community theatre.

By the way, the review in the Friday, May 4 edition also mentioned that Lubbock should try to recruit Will McCrary...come on, Mr Kerns, give us a break.

### Inflammatory Bowel Diseases

As many as 2 million Americans suffer from either of two major inflammatory diseases of the bowel or intestine. These two conditions - ulcerative colitis and Crohn's disease - can occur at any age, most often affecting individuals between ages 12 and 18.

Inflammatory bowel diseases often cause fever, cramps, weight loss and "bloody" diarrhea. Although the exact reason for bowel inflammation is unknown, some health experts believe a toxic or infectious material triggers an immune response that ultimately results in a painful and swollen intestine. The swelling may become so pronounced that it becomes difficult for waste materials to pass to the rectum.

Prescription steroids, such as prednisone, may relieve inflammation. Because of the potential side effects, oral steroids should be used with caution. Topical application of steroids such as beclomethasone, is accomplished through the use of steroid enemas. Other prescription medicines which have shown to be effective in the relief of bowel inflammation include sulfasalazine, 5-ASA, and ACTH. Diarrhea, if present, may be treated with diphenoxylate and loperamide. If anemia becomes a problem, iron and folic acid supplements may be needed.

# Relay Teams Face Stiff Competition at Austin Saturday

Getting ready for the state track meet this Saturday in Austin, the Post varsity girls' relay teams competed at Abilene last Friday, improving their time in the 1600 meter relay and taking first place in the 800 and 1600 meter events, placing second in the 400 meter race.

Lady 'Lopes competing in Austin are Ranetta Cruse, Sara Alexander, Megan Bush, Crystal Clay and Dana Morris, with alternates Dusti Cash and Lou Ann Ammons and manager Reshea Hair.

"We have the opportunity and potential to win all three relays and the state trophy," coach Bill Gordon says.

"But really, we're just concentrating on winning each relay as we run them," he adds.

The girls take their positions on the track at Memorial Stadium at noon Saturday for the 400 meter relay and will follow in turn with the 800 and 1600 meter events.

The state qualifier meet in Abilene gave the Post relay teams an opportunity to compete with Class 5A and 4A schools, and some of the best teams in West Texas.

Plainview edged the Lady 'Lopes in the 400 meter event with a time of 49.1, with the Post girls coming in with a time of 49.4. Their best was at Regional with a 48.83.

In the 800 meter relay the Lady 'Lopes were out front with a time of 1:44.3, followed by second place Abilene at 1:45.4.

The surprise came in the 1600 meter event with the Post girls racing by Odessa Permian in a sizzling 3:58.3. Permian posted a time of 3:49.6.

The Lady 'Lopes will need all the speed, endurance and execution they can muster at the state meet, where they will be challenged in the 400 meter event by Columbus, whose team recorded a 48.87 at the Region IV meet.

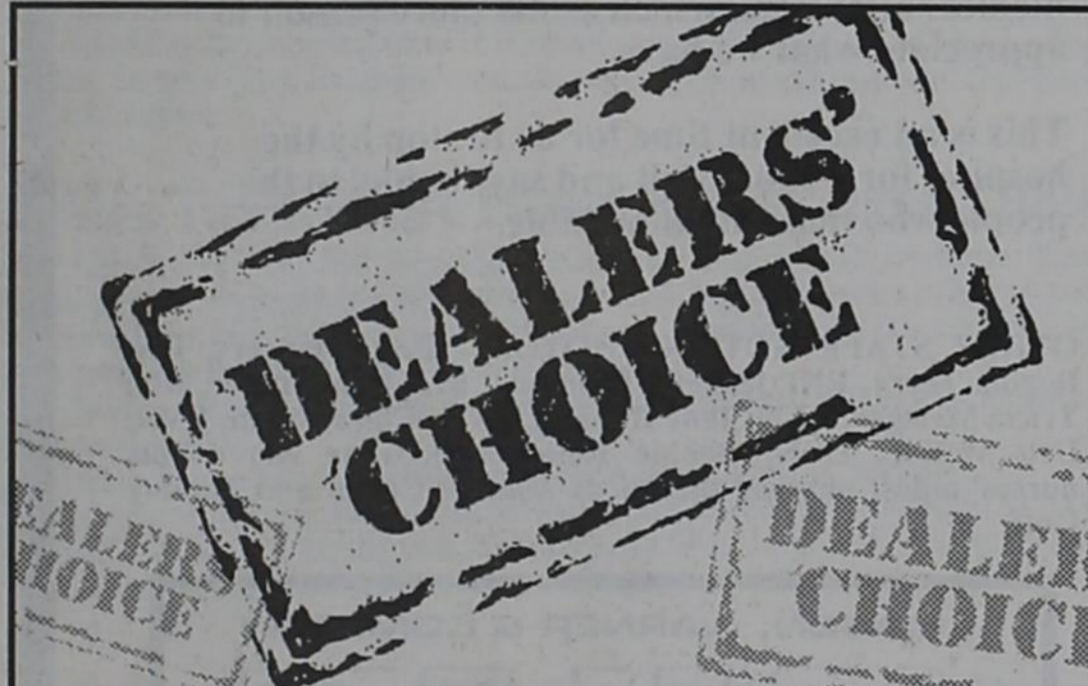

Marlin appears to be the team to watch in the 800 meter race, as they come to the state meet with a 1:44.27 time at the Region III finals.

Columbus, Cuero, Marlin and Bellville all posted better times in the 1600 meter relay in their regional meets than Post. The Lady 'Lopes took first place at Odessa with a time of 4:05.53, compared to Columbus' 4:01.43 time in the Region IV event.

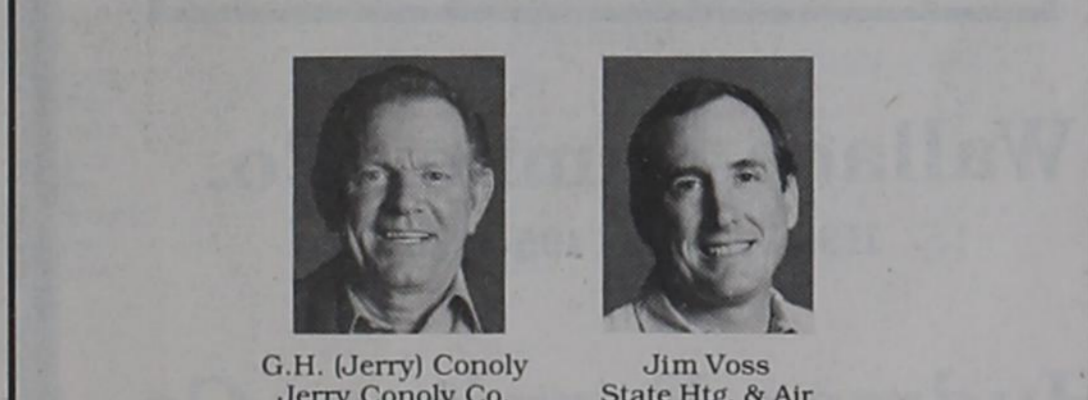

Cracking the four minute mark at Abilene will give the Lady 'Lopes an important edge as they continue to improve their times.

**SPORTS BANQUET SPEAKER** Texas Tech Football Coach Spike Dykes gave an inspirational talk to the students, parents, coaches and friends of Post High School athletes at the All Sports Banquet last Tuesday evening.

# We Salute Garza Memorial Hospital During Texas Hospital Week

## Serving the people of Garza County Since 1953

ADMINISTRATION - Business office manager Shirley Taylor, administrator Maritta Reed and medical records director Margie Harper.

OFFICE - Cindy Aguilar, Vee Gordon and Debbie Martin.

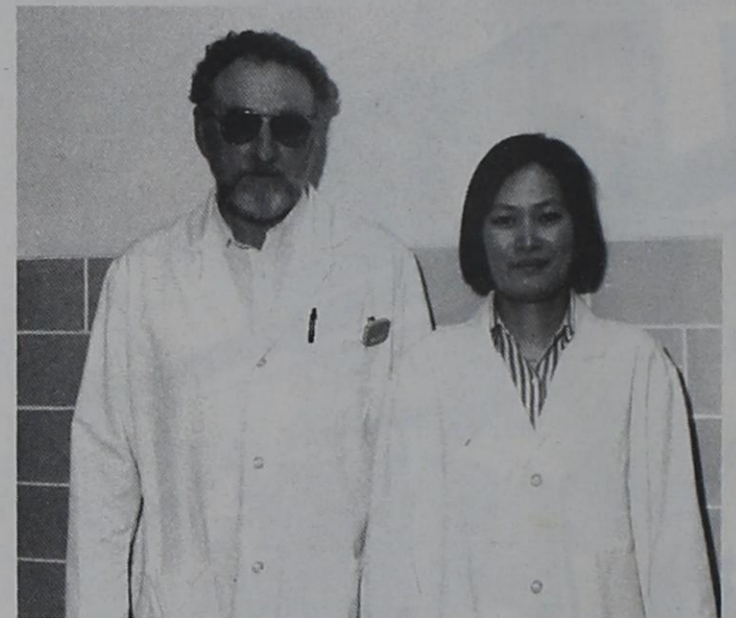

NURSES - Jane Redman, LVN, Francis LeClair, RN - D.O.N., and Ruby Ray, nurses aide.

MAINTENANCE AND HOUSEKEEPING - Chuck Ratliff, Carlos Martinez and Delores Harper.

NURSES - Rhoda Peralta, RN; Linda Bell and Bea Bustos, nurses aide; and Pauline Mathis, LVN.

LABORATORY - X-ray technician John Strubhart and lab technician Cessna Arriola.

The one time is your life you will be happy to have a hospital in your home town is when you or a member of your family have a real medical emergency...then you will be so thankful we live in a community with a hospital, staffed with qualified, trained and caring people such as our friends at the Garza Memorial Hospital.

Most of the time we just simply take for granted that GMH is there and give little or no thought to what it takes to keep our hospital operating.

We take this opportunity to say thanks to all of you at GMH for your dedication and your efforts to provide us with quality medical services.

We know that without you our community would be a much less valued place to live and work...we only have to look around us in West Texas to realize that many towns our size have lost their hospitals.

Imagine what our town would be like without GMH...we would have much less success in recruiting new industries or retaining those we already have. We would face every emergency with great anxiety. Living at the crossroads of two major U.S. highways, we know how valuable it is to have a real emergency room with professionally trained nurses and doctors on duty to respond to accidents.

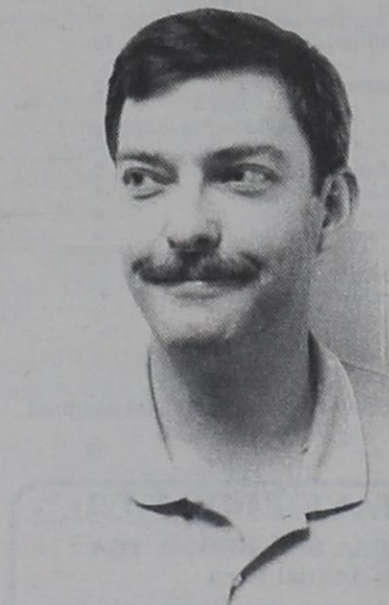

We also know what it would be like if a tornado or other natural disaster were to strike our community...and that possibility looms over us every spring and fall with each approaching storm. We would expect and demand immediate medical attention...which is one more reason to appreciate what we have.

This is an excellent time for us to stop by the hospital for a short visit and say thanks to the people who make it all possible.
