Comptroller to Assist Garza County Taxpayers

State Comptroller Bob Bullock has announced that a representative from his agency will be in Post, Wednesday, October 26, 1988 to answer questions about Texas taxes and assist taxpayers with paperwork and problems.

"I don't want to see state taxes turn into a burden for folks who can't get to a field office. Our visits are a service we're happy to provide to Texas taxpayers," Bullock said.

Lloyd Allred, Enforcement Officer, from the Lubbock Field Office will be at the Drivers License Room, Garza County Courthouse, from 2 p.m. to 4 p.m., along with County Judge Giles Dalby.

The public is welcome and there is no charge. "I'm sending my employees out to help people with questions, filling out forms, and working out problems on a local, one-to-one basis. There's some things you just can't do as well over the phone or through the mail," Bullock said.

Post area taxpayers who can't attend the courthouse seminar can still get individual tax assistance by calling the Comptroller's toll-free telephone number, 1-800-252-5555, from anywhere in Texas.

The Lubbock Office, headed by David Cain, serves 24 counties including Garza County.

At The Garza Theatre 'Sunshine Boys' Opens Thurs.

'SUNSHINE BOYS' CAST - Ready for opening night are (back row, left to right) Will McCrary, Mandy Swafford, James Burnett, (front row, left to right) Tommy Loving, Trina Moore and Lonnie Welborn.

One of Neil Simon's funniest comedies, "The Sunshine Boys," will open at the Garza Theatre tomorrow evening and continues through Sunday.

West Texas' own Will McCrary, who is designing and directing the show, is co-starring with area favorite Lonnie Welborn.

The show concerns two popular stage comedians who worked together in the final days of Vaudeville, but who years ago abandoned their act because of their complete dislike for each other. After not having spoken to one another for 12 years, in the play they are brought together again for a laugh-filled confrontation.

"The Sunshine Boys" opened on Broadway December 20, 1972 at the Broadhurst Theatre, directed by Alan Arkin and starred Jack Albertson and the late Sam Levine as the two old "Vaudeville" comics.

McCrary has done the part of 'Al Lewis' (movie goers will remember

George Burns in the part) several times in dinner theaters around the country during the early 1980s.

Welborn will portray 'Willie Clark', the role Walter Matthau played in the film version. Garza Theatre audiences will remember Welborn for his outstanding performance last March as 'Tom' in the "The Glass Menagerie."

Also in the cast are James Burnett, who audiences will remember as the young blind man 'Don Baker' in last spring's "Butterflies Are Free."

Tommy Loving from Brownfield and Trina Moore and Mandy Swafford of Slaton will be making their first appearances here, joining Jerry Fogerson also of Slaton, who appeared in September's "The Seven Year Itch."

Performances begin at 7:45 p.m. Thursday, Friday and Saturday and at 2 p.m. Sunday.

Tickets are \$6 for adults and \$3 for children 12 years or younger.

Reservations may be obtained by calling the box office at 495-4005. The box office is open 10 a.m. to 4 p.m. through Saturday.

Special Edition Delivered October 30

Commissioners Discuss Hazardous Materials

by Lonnie Welborn
Clerical help for both the Extension Office and the County Director's office and hazardous materials emergency management were on the agenda when Garza County Commissioners' Court met in regular session Monday, October 24.

It was decided that no replacement would be made for a clerk who has left the county's employ and that, instead, the Extension Office and the County Director's office will share the clerical services of a current courthouse employee after a suitable schedule, agreeable to both offices, is worked out.

The commissioners policy at this time is to use current employees to fill in for employees who are leaving, at least until after the first of the year when new court members take office.

The current commissioners' policy is also based on the fact that the salaries of employees who are leaving were used for the recent county employee raises and for employee insurance payments.

Syd Conner and Sandy Tomlinson of the Extension Office and Donald Windham, County Director, were present to discuss the emergency decision.

Donald Windham reported to the court that provisions had been made to update emergency management planning material for the county to include the "hazardous materials" section required by the Emergency Planning and Community Right To Know Act. This plan gives cities and counties two years to develop emergency plans relating to hazardous materials.

Local planning committees had been advised that any emergency management planning must be consistent with existing state laws. Such plans should be completed through emergency management plans already required by the Texas Disaster Act in accordance with standards and requirements adapted by the Governor's Division of Emergency Management.

These emergency guidelines establish a chain of command and tie all service people - the fire department, sheriff's department, ambulance service - together in case of disaster.

A plan had been presented to the court to use the services of E. Ray Hill of Lamesa to develop this county-wide plan at a cost of around \$2,000-\$2,500.

Western Artist Chuck DeHaan Judges Photo Show

Popular Western artist Chuck DeHaan has accepted an invitation to serve as judge for the Caprock Photographers Annual Fall Show, October 27-30 at the Algeria Art Center.

DeHaan is no stranger to photography, as he uses it extensively as a tool for his painting.

Chuck DeHaan's down to earth, true to life approach to the painting of the American West is a natural outgrowth of his own life. So much is he a part of what he paints that it is difficult to tell where the cowboy ends and the artist begins; the two are inseparable.

His work has appeared on the covers of practically all the major livestock magazines west of the Mississippi. In the past he has also illustrated school books and book covers. He turned his attention to the finer arts some 15 years ago, and since that time his work has been almost exclusively in oils and sculpture.

DeHaan lives on a ranch in West Texas, with his wife Joy and his daughter, where he keeps

horses and cattle. The ranch is also the setting for some of his work. He was the official "Texas State Artist" during 1986 and 1987 and in 1984 he was awarded the prestigious Gold Star Award for the best cover art of the year by the Western Writers of America. The same year Midwest Art published him in the top ten of the best selling Western artist list.

The Caprock Photographers Annual Fall Show is one of the finest photography shows in the area, and regularly attracts exhibitors from a wide local area.

Entries will be accepted at Algeria Art Center from 8 a.m. to 8 p.m., Thursday, October 27 and (Continued on Page 3)

PHS Marching Band Earns Division II

by Rodney Marshall
The Pride of Post High School marching band came back from marching contest held in Lubbock with a II rating Wednesday, October 19.

"We realize that times are tough, but that is even more reason for people to give careful thought to contributing this year," she adds, "most of the organizations that we serve rely almost 100 percent on United Way to operate."

The rating was the best in quite a while for the Post band and many, if not everyone, was pleased with it.

"If we are unable to reach our goal, then the youth of our community will not have the kind of programs they need," Macy adds.

"The kids did well Wednesday," commented head band director Jim Laughlin.

"One thing we want to emphasize about our United Way campaign is that it is open to everyone, and the broader the base of support the better, whether you can contribute \$5 or \$500...we need every single family in Garza County to give according to their means," she emphasizes.

Assistant band director Crispin Bradsher said, "They (the students) have really worked hard."

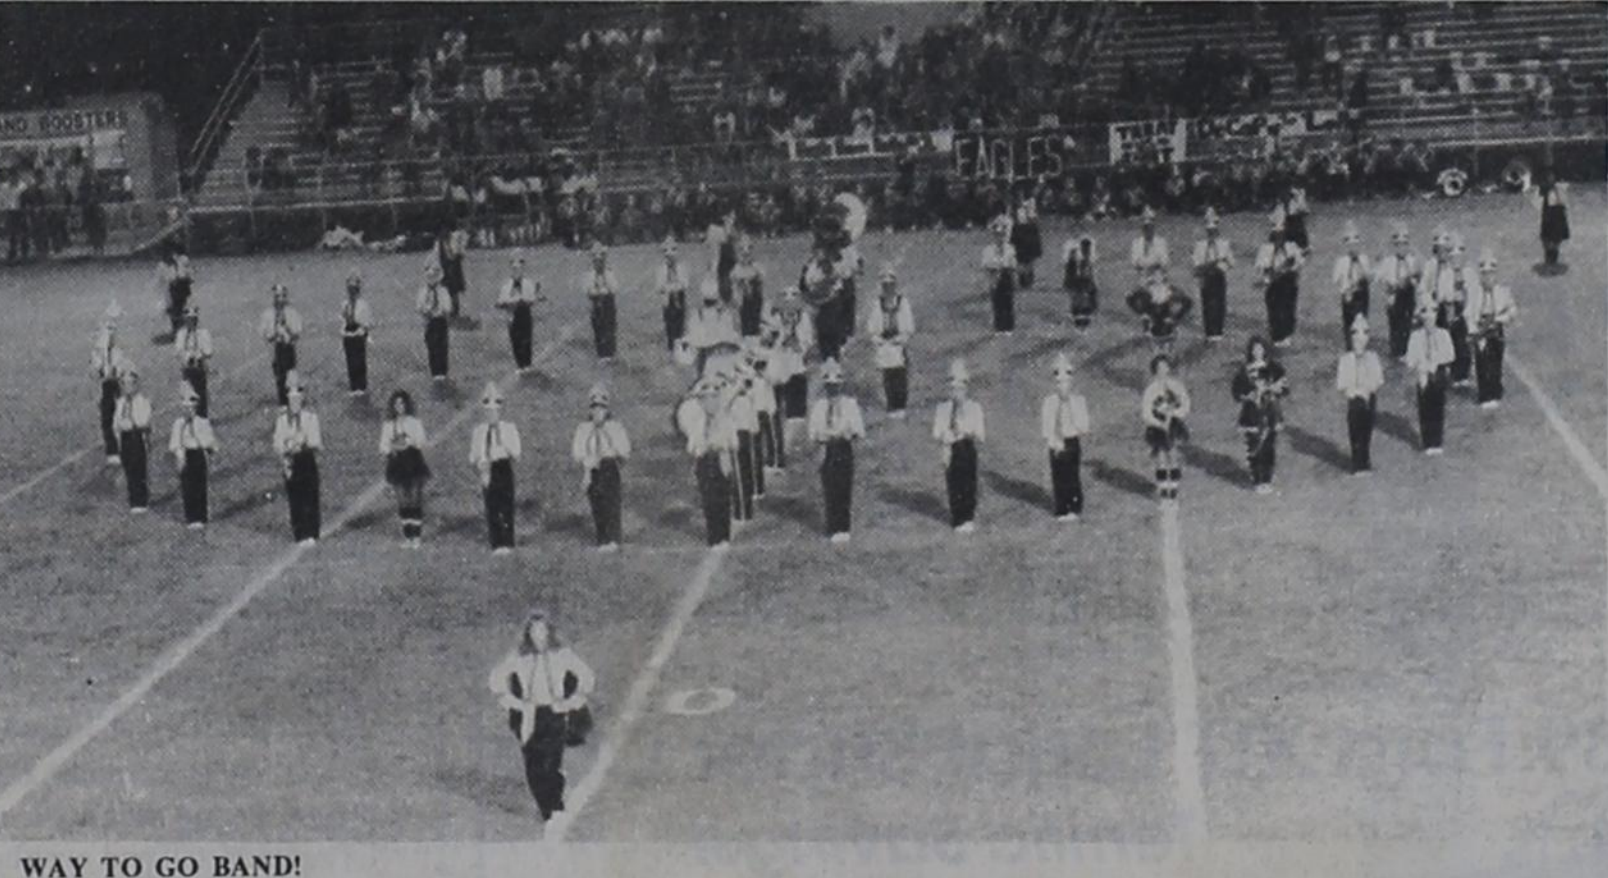

"I want to commend the directors and students for their hard work and effort," was the expression of high school principle Joe Giddens.

This is the second year that Laughlin and Bradsher have been here.

The final tally for the band was pretty close to a I.

"We were just that close to getting a I overall," Laughlin said holding his finger and thumb just inches apart.

The three judges actually went I-II-II. (Continued on Page 3)

Thousands of people are risking their lives every day to move from a Communist or non-Christian country to a Christian country. The United States, probably the most Christian country, is the choice of most immigrants. They seek a place where they can live in freedom, peace, love, and opportunity for a better life.

Have You Had Enough of Big Government?

Then you need to know about former Congressman Ron Paul, the Libertarian Party's candidate for President. Ron Paul's message of liberty is the same one that inspired the Founding Fathers to fight for our independence, that galvanized mass movements in the 19th century for hard money and personal liberty, and that mobilized millions in the 20th century. In the tradition of the Founding Fathers, Ron Paul will:

Balance the Budget by Cutting Government Spending.

Democrats and Republicans are all for balancing the budget when the other party is in power. But not when they can direct the cash to their interest groups. Only Ron Paul will balance the budget by eliminating \$500 billion in corporate welfare, social welfare and foreign military welfare. Big banks, corporations, and foreign countries should stand on their own feet. Not on the taxpayer's back. And churches and other private charities should be freed to care for the needy in a humane, non-governmental manner.

Abolish the Income Tax and the IRS.

The latest tax reform, contrary to government disinformation, has brought us more complexity, more anxiety and more taxes. 10,000 ravaging, machine-gun-toting IRS agents oppress the people and eat out their substance. They have the license to confiscate your wealth, seize your bank accounts, and force you to incriminate yourself without due process of law. The income tax extracts about 40% of the government's revenues, at the cost of our liberty. If we cut the budget 40%, we would be able to abolish the IRS. Ron Paul considers that a good first step towards responsible, Constitutional government.

Establish a Pro-American Foreign Policy.

The job of the U.S. government is to defend the people, property, and liberty of the United States. Period. It is not to run the world. It is not to fund wealthy clients like Germany and Japan. It is not to install and overthrow dictators in Central America. It is not to intervene on the side of totalitarian socialist Iraq and Big Oil in the Persian Gulf. Ron Paul would enforce the Constitutional foreign policy of Washington and Jefferson: peace and commerce with all who want them, no entangling alliances, no foreign meddling, and a strong defense for our shores.

Restore the Gold Standard and Abolish the Fed.

When the bankers and the politicians took control of the people's dollar, and established the Federal Reserve and abolished the gold standard, they set the stage for tremendous profits for themselves and untold suffering for the rest of us. Since the Fed was created, in 1913, the dollar has lost 96% of its purchasing power. Ron Paul knows that the Founding Fathers were right in rejecting paper money and central banking. He will protect the value of your money by restoring the gold standard and abolishing the Federal Reserve.

Protect Our Civil Liberties.

Why should politicians be able to tell us how we can behave on our own property, or what we can consume? In the 1920s, the unbelievable violation of our liberties called Prohibition strengthened public and private criminals at the people's expense. The same is true of the "War on Drugs." Government tells cancer patients what medications they can take, parents how to raise and educate their children, and churches and church schools how to operate. Government spies on American citizens for opposing its unconstitutional policies and invades our financial privacy in the name of "money laundering." It wants to make us all serfs on its plantation. Only Ron Paul puts the people before the government, and upholds our privacy and other civil liberties as absolute rights.

Does a thoughtful American have any other choice?

 Mr. Rodney Marshall
 Gentlemen:
 Just wanted you all to know how very much all of us on the 1988 Founder's Day Committee appreciate your excellent coverage of this year's festivities. As always, you all go over, above, and beyond the call of duty to report all the new and other fun happenings, and we do appreciate your efforts.
 We are looking forward to another wonderful Founder's Day Celebration in 1989, with your help and support!
 Thanks again sincerely,

Dear Editor:
 I would like for everyone in Post to know about the vandalism of political signs in our town.
 The Constitution of America says that we have the freedom to vote - that to me also means that we have the freedom to pick our candidate and the advertise the fact on our own private property.
 The removal of political signs to me is a sign of trying to make someone vote for someone they don't want to vote for!
 I would like to ask whoever is doing this to please leave m sign alone. I will support who I please.

Dear Mr Burnett
 Thanks for the editorials. I have been brooding about the Vice Presidential thing for a long time. It's good to know I'm not alone.

PHS Band
 (Continued from Page 1)

That is a great deal better than two years ago when the band received a III-III-IV and last years II-III-III rating.
 If you are like me, I had to ask what the ratings meant.
 Laughlin told me that a I was superior, II was excellent, III was good, IV was fair and V was poor.
 "We have a great group of seniors (27 in number) that have given this group a lot of leadership," commented Laughlin about why the band did so well.
 Bradsher continued that the students had wanted to do good making every Tuesday night practice with Laughlin adding that the summer's pre-band practice was attended by 100% of the band members.
 Not only did the band sound better but they also looked better in the brand new uniforms just acquired.
 "The new uniforms helped, not just with the judges but with the kids, because when you look better you are going to play better," said Laughlin.
 Laughlin and Bradsher continue to work with the band, teaching the younger students to understand definitions, knowing what they are playing, educating them to play musically, not just to play the notes.
 And with the progress they have made in two years then they have just one more step to make as Laughlin said, "We are going to work even harder next year to earn straight I's."
 Don't be surprised if they do it!

Happy Birthday Kimberly

In Texas we have felt the effects of the Republican Reagan/Bush Administration

ECONOMY

Since 1985, 23,582 small businesses have failed in Texas. Foreign investors now own 40% of the prime real estate in Houston.
 Democrats in the Texas Legislature supported a "Buy Texas" program requiring state, county and city governments to buy supplies from Texas businesses.

TRADE

Trade restrictions imposed by foreign countries on the United States created a loss of 107,000 manufacturing jobs in Texas.
 Senator Bentsen lead efforts to pass a bill to toughen U.S. trade laws, making them fairer for American businesses.

SOCIAL SECURITY

In 1985, George Bush cast the tie-breaking vote in the Senate to freeze the cost of living adjustment for people receiving Social Security and cut Medicare and Medicaid by \$17 billion.
 Democratic state legislators defeated Republican attempts to cut \$32 million from state nursing home funding.

DRUGS

Over the past 7 1/2 years, the amount of cocaine smuggled into the United States tripled. Heroin imports rose by 50%, and drug-related deaths doubled. George Bush headed the federal anti-drug task force during this time.
 The Dukakis/Bentsen Administration will not make deals with drug traffickers and terrorists.

ENERGY

Texas has lost 216,000 energy-related jobs in the last 5 years, and 4 out of 5 drilling rigs in Texas are no longer in operation.
 Democrats on the Texas Railroad Commission will work with Americans to expand the market for Texas natural gas, rather than deal with OPEC oil czars.

EDUCATION

The Reagan/Bush Administration fought to cut major student programs, including the Pell Grant and Guaranteed Student Loans.
 Michael Dukakis has proposed a workable student loan program allowing middle income students to attend college.

Texas Democrats believe the best America is yet to come.

Consider this when you vote:

- Can we trust George Bush and the Republican Party to keep their hands off Social Security?
 - Why do they want to give the extremely wealthy a \$30,000 a year tax break at the expense of hard-working middle-class families?
 - What plans do they have for putting the American Dream of college education, home ownership and health care back within reach of ordinary Americans?
 - What gives them the right to brand women facing the terrible personal dilemma of abortion as criminals?
 - How can they tell us that their answer to the shame of homelessness is mindless rhetoric about "a thousand points of light?"
- They can't answer these questions.

The newest Girl Scout troop for Post, the Daisy Girl Scouts, for kindergarten age girls, held its beginning investiture ceremony on September 26 at the Girl Scout House.

After making the Girl Scout promise, seven girls were presented their pins and certificates as official Daisy Scouts.

Also included in the ceremony were several girl scout songs, the traditional candle lighting to the Girl Scout promise and law and the presentation of daisies from the new scouts to their parents attending the ceremony. As their first "good deed," the girls then served refreshments to the parents.

At the next regular meeting of the troop, two more girls were invested as new Daisy Girl Scouts. They, too, were presented with pins and certificates after making the Girl Scout promise.

Post's Daisy Girl Scout Troop members are Camille Blevins, Jamie Dawson, Brailey Feagin, April Line, Penny Massey, Mandy Osborn, Heather Phillips, Lindsey Rudd and Laura Tobias. Leaders are Joy Dawson, Jaquita Blevins, Angela and Carol Tobias.

Culture Club Hears Program

by Katharine Cathcart
Buena Bouchier was hostess to the Woman's Culture Club, Wednesday, October 12 at 2 p.m. at the Woman's Clubhouse. Fall decorations were used and lovely bouquets of marigolds centered each table.

Katharine Cathcart presented the new yearbooks and called club members attention to the changes and additions that have been made. This year's theme is: "Reflections and Projections" and the course of study is: "Post: Present, Past and Future."

Donna Craig gave the study for the day on "C.W. Post, Man of Visions." She explained that Charles Wilson Post was born in Springfield, Illinois and was a soft-spoken perfectionist with a calm demeanor that belied the farsighted, energetic industrialist who was the real C.W. Post. He was a man of vision with the knowledge, initiative and determination to make his dreams into a reality.

Delicious refreshments were served to the following members: Iva Hudman, Ruby Kirkpatrick, Doll Haire, Joyce Strubhart, Craig Bouchier and Cathcart.

The next meeting will be Wednesday, October 26 at 2 p.m. in the Woman's Clubhouse, with Janet Ratliff and Joyce Strubhart as hostesses.

Panthers Fly High Over Eagles, 46-0

by Rodney Marshall
The Southland Eagles had a very tough time with Whitharrel losing 46-0 last Friday, October 21 in Southland.
The Eagles could only manage 54 yards in offense, 14 rushing and 40 passing.
The defensive unit of the Eagles did a good job against Whitharrel's run allowing them only one yard but the pass killed them as the Panthers threw for 176 yards.
Mike Langley was named the player of the week at the pep rally last Friday for his play against New Home.
The Eagles will travel to Smyer Friday, October 28, for a 7:30 contest.

Southland Jr. Hi. Lose to Whitharrel

The Southland junior high football team came back from Whitharrel losing 46-0 last Thursday, October 27.
"We really played good defense only allowing two touchdowns from the offensive line of scrimmage," commented coach Steve Osborn.
The other touchdowns were by intercepting of passes, punt and kick off returns.
The Southland junior high will host Smyer on Thursday with the game starting at 5 p.m.

PMS CHEERLEADERS HONORED - The PMS Student Council presented homecoming mums to the PMS cheerleaders at the pep rally last Thursday. Pictured are (left to right) Stormy Gass, Radley Nichols, Dani Brogden, Robert Baldree, LouAnn Ammons, Damon Curtis, Valerie Criado, Kyle Gildewell, Leslie Ayala and Valentin DeLosSantos. The young men presented the mums to the young ladies, pinning them on and then giving them a kiss on the cheek.

Lopes Work On Errors

"We were not prepared mentally and our offensive mistakes really hurt," Post Antelope football coach Dewayne Osborne observes about last Friday's 6-0 Homecoming win here over the Roosevelt Eagles.
"Homecoming has a way of distracting the players, and I have to take the blame for not preparing the team better," the coach adds.
"We played the best defensive game this year," he continues, "allowing Roosevelt only 75 yards total offense."
Victor Chapa led the defense with 20 or more tackles and assists.
"I guess you could say we played good enough to win," Osborne says.
The Antelopes travel to Seminole Friday for what could be the makeup of the season.
"They are a good football team, and except for their let down against Denver City, they've been in every ball game," Osborne comments about the Seminole Indians.
"We are both fairly evenly matched teams, they may have a slight advantage on weight, and they have a real good running back," the coach continues.
The Indian offensive line is anchored by 253 pound sophomore tackle Chris Gady (74) and 205 pound senior tackle Julian Alcalá (55).
Other linemen are 172 pound senior guard Lane Celander (64), 161 pound senior center Heath Blackmon (51) and 195 pound junior guard Darrell Ericson (71).
The best receiver for the Indians is 158 pound senior end Dean Ericson (83).
Directing the offense is 152 pound junior quarterback Jay Ray (10), who has good speed

and uses the excellent running talents of 160 pound senior tailback Jerold Hill (41).
A good runner is blocker is the way to describe Indian fullback Brandon Bryson (44), a 185 pound junior.
The Indians operate from the I formation with I wing right, left and split.
They have run the ball 123 times for 538 yards and passed 37 times for 268 yards.
"Seminole will be as good as anybody we've played, even though they can't get in the playoffs, they have good effort on every play," Osborne reports.
Defensively the Indians rely heavily on 235 pound senior end Guy Goffey (77), who plays to strength.
He is supported by 181 pound junior tackle Rudy Condarco (62) and 170 pound sophomore tackle Ben Abrigo (60).
The secondary is rated good, with quick reaction to the run.
Secondary defenders are Ray, 150 pound senior Mike Diaz (12), Hill and 135 pound junior Paco Conreras.

J.V. Trounce Roosevelt Thursday 50-6 There

The Post Junior Varsity football team demolished Roosevelt there 50-6 last Thursday, getting four touchdowns rushing and three passing.
"We had a great defensive game," coach Fred Postell comments, praising Kelly Crispin, Jacob Bustoz, B.J. Funk, Lance Bagby, Chad Kirkland, Jay Whitehead, Junior Gonzales, Mike Radle, Matt McCook, Michael Brogden, Chris Redman, Darren Brown, Robbie Blair and Donnie Ryan.
Blair played three different defensive positions - end, rover and linebacker.
Bustoz returned one pass interception 40 yards for a touchdown and Whitehead was also credited with an interception.
The young Antelopes collected 293 yards offense, 251 on the ground and 42 passing.
They limited Roosevelt to 127 total yards, 114 rushing and 13 yards passing.
Bustoz led the rushing with 90 yards on 18 tries, followed by Brown with 86 yards on 16 carries. Bustoz had one rushing touchdown, a two point conversion and a touchdown on a pass interception.
Brown was credited with two point conversion.
Gonzales rushed nine times for 35 yards, Whitehead had 13 yards on three tries and Matt McCook has seven yards on two tries.
Mike Radle carried the ball four times for 20 yards and was credited with two touchdowns and caught a pass for a 14 yard touchdown.
McCook threw three times, getting two completions for 34 yards and two touchdowns.
Radle completed one of one for eight yards and one touchdown.
Funk led receivers with two catches for 28 yards and two touchdowns, receiving one pass from McCook and one from Radle.
The first 'Lope touchdown was an 11

yard effort featuring running by Bustoz, Gonzales and McCook. Bustoz went over the middle for the final two yards into the end zone.
The second touchdown came on Bustoz' pass interception for 40 yards and Brown got the two-pointer.
The third score followed a fumble recovery by Bagby at the Eagle 14 yard line when on first down McCook threw a pass to Radle who stepped into the end zone.
The fourth touchdown went 30 yards in two plays with Bustoz running and then McCook pulled the "boot-leg" pass to Funk for a 20 yard scoring pass play.
The fifth scoring drive went 53 yards on 11 plays with Brown, Bustoz, Gonzales and Radle running the ball, capped by a Radle to Funk pass to the end zone and Brown getting the two-pointer.
The sixth touchdown was a 10 play, 60 yard effort with Gonzales, Radle, Bustoz and Whitehead running the ball and Radle taking the option keeper into the end zone. Bustoz got the two point conversion.
The final touchdown went eight yards in four plays with Brown and Whitehead on the running chores and Radle going in the final yard on a quarterback sneak.
Freshmen Lose To Littlefield
The Post freshmen football team was unable to mount an offensive drive at Roosevelt last Thursday, losing 37-0 to Littlefield.
"We didn't play well at all," coach Bart McMeans comments.
"We played good in spots but we couldn't get anything going. Littlefield deserves a lot of credit, they just lined up and beat us," the coach adds.
The team hosts Seminole tomorrow evening.

BLOCKING OUT FRONT for the Post Antelopes is Jarrett Dickson (76) as Lannie Lee (22) rounds the corner on the sweep against Roosevelt here last week.

Antelopes Squeak By Roosevelt Eagles 6-0

by Rodney Marshall
 With 4:11 left in the game Lannie Lee went through a huge hole on the right side of the line going virtually untouched into the end zone for the lone six points of the Antelopes in their 6-0 homecoming win over the visiting Roosevelt Eagles Friday night, October 21, in Post.

Both the offense and defense had good moments but the Antelopes kept the game on edge with penalties, fumbles and mental mistakes that made the game closer than it should have been.

First Half
 Matt Pennell kicked off to the Eagles to start the game.

Chris Atkins gathered the kick in at the Roosevelt 15 and brought it out to the 29 before being tackled.

Three plays could only net two yards forcing the Eagles to punt from their 31 yard line.

Justin Damron booted the ball all the way to the Post 29 where the Antelopes started their first drive.

The Antelopes wasted no time in showing the visiting Eagles their muscles.

Two runs by Jamie Perez and a keeper by Rance Sappington made it first down at the Post 41.

An illegal procedure penalty moved the ball back to the Post 36 but Perez brought it back to the 45 behind a great block by Tyge Payne.

On second down Sappington connected with Bill Rankin for a 10 yard pass moving the ball to the Roosevelt 45 and another first down.

Perez stepped off seven yards off the right side of the Antelope line bringing up second and three from the Roosevelt 38.

On second down Sappington faked to Perez, drifted back and threw a perfect strike to a streaking Bobby Blair down the left side of the field.

Blair hauled in the pass and was finally brought down at the Roosevelt 4 yard line giving the Antelopes first and goal.

Then the troubles started.

An illegal procedure penalty moved the ball back to the Roosevelt 9.

On first down Sappington just over threw Kevin Williams in the end zone.

Second down found Bobby Curtis with little running room for one yard.

On third Sappington was sacked in the backfield moving the ball back to the Roosevelt 15 yard line.

Time out was called by the Antelopes with 5:30 left in the first quarter to decide what play to call.

On fourth down Sappington rolled to his left and threw a pass to the corner of the end zone but Blair had turned toward the goal post thus the first mistakes of the Antelope offense turning the ball back to Roosevelt on the 15 yard line.

Now the Antelope defense was called on to stop the Eagles deep in their territory which they did in two plays.

After stopping Jesse Martinez for one yard the Antelopes caused confusion in the Eagles backfield on second down, causing a fumble which Antelope Lupe Perez recovered at the Roosevelt three yard line.

The Antelope offense came back on the field with a chance to recover their misfortune earlier.

On first down Perez banged over the right side of the line being brought down just 12 inches from the goal line.

A score smelled so sweet until the next play when Stephen Tidwell got the call up the middle, was hit, fumbling the ball and an Eagle recovering it at the Roosevelt one yard line.

The Eagles moved the ball in three plays to the Roosevelt 23 for a first down.

But that is where they stalled with the Antelope defense only allowing one yard in the next three plays.

The second quarter started with Roosevelt punting from their own 24 yard line.

Sappington received the punt at the Post 44 and returned it to the Roosevelt 43.

Three plays by the Antelopes gained only two yards forcing Rankin to punt from the Roosevelt 41.

Rankin's punt went into the end zone.

The Eagles offense came on the field starting from their own 20 yard line and determined to test the Antelope secondary.

First down saw a pass from quarterback Mike McClure to Martinez for eight yards.

Chris Atkins followed that up with a 10 yard run giving the Eagles first down at their 38.

Two pass plays later, with the help of a pass interference call against Post saw the Eagles with first down at the Post 47.

Three great defensive plays, a terrific hit by Victor Chapa, a pass knocked down by Lupe Perez and another almost intercepted by Jamie Perez, forced the Eagles to punt.

The Antelope offense took the field at the Post 26 yard line.

On first down Sappington skirted around the left end for twelve yards and a first at the Post 38.

Jamie Perez got the call on first down and responded by stepping off six yard over the left side of the line to the Post 38.

An incomplete pass saw Lannie Lee run the ball on third down leaving fourth and inches for the Antelopes at their own 42.

On fourth down Lee got the call over the right side of the line for 11 yards and a first at the Roosevelt 46.

Runs by Lee and Victor Chapa saw the Antelopes with another first down at the Roosevelt 34.

Chapa again hit the line of scrimmage for two yards before Lupe Perez got the call on a trap play up the middle where he followed some excellent blocking and out raged the Eagle secondary to the end zone for an apparent touch down.

But it was all brought back by a holding penalty on the Antelopes moving the ball back to the Roosevelt 42.

Two runs by Lee moved the ball to the 31 leaving the Antelopes with fourth down and six yards to go.

On fourth Sappington tried to hit Blair with a pass but Roosevelt Eagle Justin Damron stepped in front of the ball, intercepting it at the Roosevelt 22 yard line.

Two plays saw the Eagles with first down at their own 44 yard line but that is where the Antelope defense held tight.

After three plays the Eagles were forced to punt from their 32.

After a delay of game penalty moving the ball back to the 28, Sappington received the Eagles punt at the 50 returning it to the Roosevelt 41.

But another penalty, clipping, moved the ball back to the Post 26 yard line where the Antelope offense had to start.

An incomplete pass and a run by Sappington saw the clock run down and both teams going in at halftime with a 0-0 ball game.

Second Half

Roosevelt kicked off to start the second half with Matt Holly receiving it on the Post 20.

He handed off to Lannie Lee who skirted around the right side of the field all the way to the 50 yard line.

But the yellow flag from the official marred the Antelopes again seeing a clipping call against the home team, moving the ball back to the Post 14.

Runs by Lee, Chapa and Sappington brought the Antelopes to the 27 for a first down.

But, again, a clipping penalty on the

Antelopes pushed the ball back to the 31 of Roosevelt.

With 7:05 left in the game the Antelopes made their move.

Hard running by Lee and Chapa moved the ball to the Eagle 20 for a first down.

Two more runs by Chapa and Lee moved the ball to the 14 but on third down Sappington rolled to his left, was hemmed in, and lost ground back to the 19 of Roosevelt.

On fourth down Sappington rolled to his right, found Lee on the right sideline, threw the ball to him and he was finally knocked out of bounds at the 9 yard line.

On the very next play Lee went through a hole made by Davis, Richard Hudman, Matt Pennell and Bill Rankin virtually untouched for the touchdown.

The extra point by Pennell was wide to the right but the Antelopes had six points on the board with only 4:11 left in the game.

Pennell kicked off to the Eagles as Martinez received the ball at the 19 returning it to the 29 of Roosevelt.

The Antelope defense again played tough pushing the Eagles back to the 25 in two plays.

On third down, however, McClure connected with Naughton who ran to the Post 49 yard line before being tackled by Lupe Perez.

But in the tackle Perez grabbed the face mask adding five more yards for the Eagles to the Post 44.

Antelopes pushed the ball back to the 31 of Roosevelt.

With 7:05 left in the game the Antelopes made their move.

Hard running by Lee and Chapa moved the ball to the Eagle 20 for a first down.

Two more runs by Chapa and Lee moved the ball to the 14 but on third down Sappington rolled to his left, was hemmed in, and lost ground back to the 19 of Roosevelt.

On fourth down Sappington rolled to his right, found Lee on the right sideline, threw the ball to him and he was finally knocked out of bounds at the 9 yard line.

On third down, however, McClure connected with Naughton who ran to the Post 49 yard line before being tackled by Lupe Perez.

But in the tackle Perez grabbed the face mask adding five more yards for the Eagles to the Post 44.

There the Antelope defense stiffened pushing the Eagles back five yards in three plays.

On fourth down McClure drifted back to pass but Jimmy Holleman and Richard Hudman tackled him all the way back at the Roosevelt 44 yard line.

A holding penalty was called on the Eagles but declined giving the ball to the Antelopes at the Roosevelt 44 with 1:32 left on the clock.

Three runs by Lee produced two first downs moving the ball to the Roosevelt 21.

Bobby Curtis ran to the 15 on first down but the clock ran out before the Antelopes could pop the ball over the end zone giving the Antelopes the 6-0 win.

In The Neighborhood

by Lonnie Welborn

Last week I did a wrap-up on the Founder's Day Celebration and a section of the article didn't make it as far as the printed paper.

My first inclination, of course, is to blame it on the computer - that's what everyone seems to do these days.

Now I'm not saying it was the computer, and I'm not saying it wasn't. But if it was, it wouldn't do me a lot of good, because you just can't argue with a computer.

Be that as it may, there were some details left out and credit should be given where credit is due.

We've printed the results of the Harvest Festival which opened at the Community Center on

Founder's Day, but credit for the excellence of the well-attended fair should also go to the Texas Agricultural Extension Service, Syd Conner and Sandy Tomlinson of the County Extension Office, the Garza County Community Development Committee and the County Commissioners' Court.

The Caprock Cultural Association honored Danish Imports with the CCA's award for the "most spirited participation by a merchant" for the store's window decorations, inside decorations and the costumes worn in honor of Founder's Day.

All the participating merchants did a great job and are to be congratulated for dressing up the downtown area for the occasion.

Judging was completed on Friday and the award presented on Saturday morning.

Algerita Park was a lively place all day Saturday as food vendors began a Festival Food Court at 11 a.m., serving Southwest favorites. The vendors, arts and crafts booths and game booths did a brisk business throughout the day and crowds at the park were entertained later with appearances by the 4th Cavalry Regiment (Memorial).

At 1, 3 and 5 p.m., cast members from the Garza Theatre entertained large and appreciative crowds in the theatre with performances of "Rip Van Garza and the 9 Dwarfs," an original production adapted from the "Rip Van Winkle" classic by Garza Theatre's Will McCrary, especially for Founder's Day.

To round-out the busy day, the Founder's Day Celebration Dance began at 6:30 p.m. at the Dalby Ranch when a crowd of over 500 enjoyed a buffet, a silent auction and raffle, and danced into the night to the music of Jody Nix.

A lot of people deserve a lot of credit for the success of Founder's Day. Media coverage was very good, both locally and in the surrounding areas. In addition to heavy coverage by Radio Station KPOS and the Post Dispatch, area newspapers, magazines and radio stations were also carrying stories about the Celebration long before the actual event.

All three major television stations ran feature stories and spots, and Channels 11, 13 and 28 all broadcast at least once from Post.

And a further note on the \$7,000 yearly college scholarship set up jointly by Post Cereals and Mayor Giles McCrary. The scholarship will be awarded to a Post High School student the first year and to students in other West

Texas area schools in the following years.

Anyway - Founder's Day was a success - a big success. Congratulations again to Melissa Cunningham, the chairmen and coordinators for providing all of us with such a good time.

And I'll say it one more time...C.W. would've been proud...very proud!

Sausage Time

St. Joseph Altar Society will host their sausage and turkey dinner on Sunday, November 6 at St. Joseph Hall in Slaton. Dinner will be \$5 for adults, 10 and under \$3. Take-out plates will be available for \$5.

The Catholic Daughters will have their annual bazaar at St. Joseph School from 11 till 4.

Sausage will be available by the pound from \$2.75, Saturday 9 to 12 and Sunday starting at 11 a.m.

Photography Show

Don't forget the Caprock Photographers Fall Show at the Algerita Art Center this weekend. Viewing hours are 10 a.m. to 6 p.m. on Saturday, October 29 and 1 to 4:30 p.m. on Sunday, October 30.

To Amarillo

We are all sorry to lose Darrell and Billye Hackney to Amarillo...and that city should be proud and happy to welcome two such hard-working, civic-minded people. Darrell is already in Amarillo and Billye will be finishing up at the Frame Shoppe here before she makes the move.

Darrell has served for some time on the Chamber of Commerce Board and did an outstanding job as president of that organization for part of 1988. He was an active part of all Post's community projects - and his contributions will be missed.

A long-time member of the Post Art Guild, Billye has been an ever-present fixture at any happening at the Algerita Art Center.

Last week I read in the Dallas Morning News a story which confirms my previously stated fear of the socialistic movement in Texas.

The story outlined plans submitted by State Senator Dan Parker of Port Arthur for collecting all mineral tax monies in the state and then distributing that tax money directly to all school districts.

It is all part of the agonizing going on by state politicians on how to solve the massive state school funding problem.

I addressed this question of centralized funding two years ago, and it is not a new warning. Our own Post ISD superintendent Bill Shiver has alerted the trustees more than once that such ideas were floating around the state.

Parker's plan, if implemented, will take all tax money collected on oil and gas production and send it to Austin, where a formula on student population and other information would determine how much went to which school district.

No sooner had the plan been aired than came a rebuttal from the Fort Stockton ISD superintendent, howling foul play!

That West Texas school district would lose 80 to 90 percent of its funding base if such a plan were to be established...and the superintendent there called for all real estate values in all districts be treated the same way...

In other words, downtown Dallas skyscrapers would be included in the tax plan, so that Fort Stockton would get back some of that money too.

Sadly, that argument fits exactly into the plans of the socialists, whose goal really is to have one

ception and other CCA events, and there wasn't a harder working or more dedicated person around.

We thank the Hackneys for all they've done for us - and for being such good friends - and we wish them well in Amarillo.

centralized taxing authority for all property in Texas, from which the "experts" in Austin will decide how much goes where.

The idea of a unified tax rate state-wide has great appeal, especially among those oil and gas producers who spend a lot of time and money trying to keep up with the wide variety of taxing authorities across the producing areas.

The socialists are on a roll. They see a way to pit the financially poor school districts against the oil funded districts as well as the cities...splitting the coalition that has maintained the current funding system.

When all the dust clears, and the socialists have their day in Austin after our legislature meets there next year, we all may end up feeling like we lost another notch in the battle for freedom and individual liberty.

I personally am opposed to the centralized funding concept, mainly on philosophical grounds.

On the practical side, it should be clear that he who collects and distributes the money will also be the one to call the administrative shots.

In other words, when all property tax dollars are centralized in Austin, then we on the local level will have little or no say in how that money is spent.

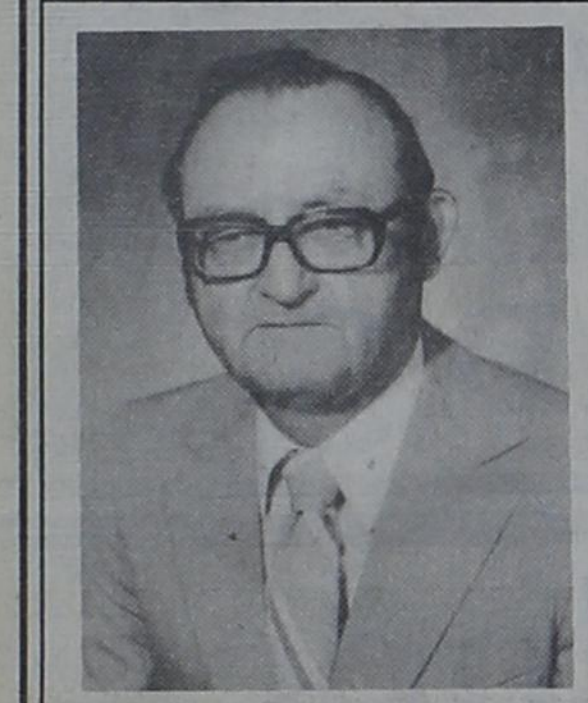

It's another way of putting through a form of socialism on the state level, and so far Texas has managed to resist the urge to copy the failing federal government centralization.

Friends, if we are to maintain what little freedom we have in our lives, we must resist this form of theft being offered as a solution to school funding.

It just won't work.
