

RESEARCH PLANT TOUR - During a recent tour sponsored by West Texas cooperatives, Cotton Incorporated's Weft Knit Engineer Jim Grow (far right), discussed new fabric developments with a producer group which included (left to right) Edwin Lewis of Post, Gilbert Steinhauser of Wilson, Lynn Macker of Lubbock, Joe Gamble and Max Jackson of Slaton and Billy Weaver of Southland.

Texans Tour Raleigh, NC Research Plant

Edwin Lewis of Post and Billy Weaver of Southland were among the 109 West Texas cotton producers who recently visited Cotton Incorporated's research facilities in Raleigh, North Carolina. During the tour the group saw, firsthand, how Cotton Incorporated's researchers work to strengthen domestic and foreign markets for United States upland cotton.

On the two-day trip the Texans gained information about the cotton research and promotion program from presentations on agricultural, textile and fiber quality research. To complete the visit, the group toured J.P. Stevens and Company's Scotland Plant in Wagram, North Carolina.

West Texas cooperatives, including Plainview Cooperative Compress, Plains Cotton Cooperative Association, Plains Cooperative Oil Mill, Farmers Cooperative Compress, Rolling Plains Cooperative Compress and local cooperative gins across west Texas, sponsored the tour.

Enter Now for Rotary's Benefit Golf Tourney

Entries are still being accepted for the Post Rotary Club Golf Tournament at the Caprock Golf Course, Saturday, September 23 and Sunday, September 24.

The fee to enter the two-man scramble is \$45 per person and tee-off times are set for 8:30 a.m. and 1:30 p.m.

Interested players can sign up at the golf course or register by calling Charles Hardin at 495-2804; Victor Ashley at 495-2801; or Joe Harris at 495-2891.

Proceeds from the tournament will benefit Rotary Club projects including Polio Plus.

Volunteers Needed for Help in Tax Preparation

As the 1990 tax season approaches, the American Association of Retired Persons (AARP) is accepting applications of persons interested in assisting the elderly with their income tax.

Locally, to obtain more information on the program or to apply as a volunteer, contact Margaret Barley, 401 Mohawk in Post, or call 495-2525.

Nationally, over 1.5 million persons were helped last season through the Tax-Aide Program co-sponsored by the Internal Revenue Service. In Texas over 80,000 persons were assisted, including many shut-ins.

Volunteers of all ages can perform this important service and AARP membership is not required. Training will be provided. Volunteers usually work four hours per week providing free income tax help to older adults in sites such as libraries, churches and senior centers.

AARP is the nation's largest organization of Americans 50 and older, retired and working. It is a non-profit, non-partisan organization which offers a wide range of membership benefits, legislative representation at the federal and state levels, and educational and community service programs carried out through a national network of volunteers and local chapters. The Association also offers a variety of educational and advocacy programs for older workers, who make up one-third of AARP's membership.

Constitution Week is September 17 through 23

In 1955, Congress passed legislation authorizing the President to annually proclaim the week of September 17-23 Constitution Week.

Every President since Eisenhower has issued an annual proclamation; a tradition that continues with a proclamation issued by President George Bush. These proclamations urge Americans to engage in programs to commemorate the Constitution.

In every state there are volunteer bicentennial commissions and committees that design activities to make the week of September 17 through 23 a time for Americans to reflect on their rights and responsibilities under the Constitution, not only for the years of the Bicentennial (1987-1991), but for years to come.

GMH Budget Approved Tax Rate Remains Same

The Board of Directors of Garza Memorial Hospital met in regular session Monday, September 12 and voted unanimously to re-appoint Jack Alexander as the hospital's representative to serve as a director of the Garza County Appraisal District.

The board also voted to turn delinquent hospital accounts in the amount of \$223.18 over to the HRS and delinquent accounts in the amount of \$3,145.79 over to Retail Merchants.

In an earlier, special session on August 31 the GMH Board of Directors met for a Budget Hearing for the fiscal year 1989-90. No one appeared at the hearing for discussion and the 1989-90 budget was approved.

The tax rate was also approved at .105 per hundred dollar valuation, representing no increase over last year's rate.

Present for the August 31 special session were Jack Alexander, David Tyler, David Nichols, Zoe Kirkpatrick and Maritta Reed.

Attending the Monday meeting were Jack Alexander, David Tyler, Ronny Ammons, David Nichols and Maritta Reed.

NEWS BRIEFS

Gospel Concert

The Church of God of Prophecy, 602 W. 14th, will present the Anchor Brothers and Fred Goldsmith in concert Sunday, October 1 at 3 p.m. The public is invited to attend the concert.

Cholesterol Screenings

The Texas Department of Health at the multi-services building on the Snyder Highway will sponsor cholesterol screenings Friday Sept 29 from 8:30 a.m. to 11:30 a.m. and from 1 p.m. to 4:30 p.m. The cost of the screening service is \$1.75.

Defensive Driving Classes

Defensive driving classes, approved by the Texas Safety Association, will begin Saturday, October 7 in the Senior Citizens Center. To pre-register call 806-983-3434

Steve Mason in Concert

The public is invited to hear Steve Mason, son of Gene Mason, who will be presented in concert at the Graham Methodist Church this evening, Wednesday, September 20 at 7 p.m.

Sales Tax Rebate Down 7.31 Percent

Although State Comptroller Bob Bullock announced recently that sales tax allocation payments to Texas cities increased again for the month of September, the sales tax rebate for the city of Post was down by 7.31 percent.

Post received a check for \$11,145.43, compared with a payment of \$12,024.58 for the same period in 1988. The September check brings the total 1989 payments to date to \$121,149.85, a 7.23 percent decrease from 1988's total payments for the same period of \$130,598.14.

Tahoka was the only area city reporting an increase, with a September 1989 check for \$4,587.19, a 13.77 percent increase over 1988's \$4,031.83. However, Tahoka's total to date, \$48,709.37, was down 0.41 percent from 1988's \$48,912.31.

Slaton received \$14,012.92, a 26.24 percent decrease from 1988's \$18,997.13. Slaton's total to date was down 5.24 percent - \$152,129.31 for 1989 compared with \$160,541.70 for 1988.

Crosbyton's monthly total was down 58.08 percent, from \$7,504.43 in 1988 to \$3,145.77 in 1989. Totals to date were down 10.43 percent from \$43,318.11 in 1988 to \$38,798.19 in 1989.

Ralls received \$4,365.83, a 17.52 percent decrease from 1988's \$4,080.60. 1989 payments to date were \$41,300.53, a 2.08 percent decrease from 1988's total of \$42,179.59.

Bullock said sales tax payments to 888 cities totaled \$72.5 million this month, an increase of 6.8 percent over payments sent during September 1988.

September's checks represent taxes collected by monthly filers in July and reported to the Comptroller's office by August 21.

Local TDH to Observe Public Health Week

Governor William P. Clements has proclaimed September 24-30 as Public Health Week in Texas, and the Texas Department of Health in

Post will observe the week locally with activities which include cholesterol screenings to be held at the Human Services Building on the Snyder Highway on Friday, September 29 from 9 a.m. until 11:30 a.m. and 1 p.m. until 4 p.m. The cost will be \$1.75. For more information, contact Shirley LeBlanc, R.N. at 495-3996.

Throughout the week, the Texas Department of Health and local health agencies will sponsor a variety of events to help educate communities about available public health services and the specific health needs of each area.

Dr. Robert Bernstein, Texas Commissioner of Health, said, "If a person enjoys clean air, safe water, non-contaminated food, dependable emergency medical care, and modern disease control practices, then he or she has reaped the benefits of the state's public health programs."

Building A Healthy Community

Boll Weevil Treatment to Begin September 25

Treatment of certain fields in Garza County for boll weevils will begin on or about September 25 and will continue until the first frost.

ULV malathion will be applied by aircraft and is toxic to bees, Plains Cotton Growers, Inc., advises. PCG is conducting the spraying activities, in cooperation with the Texas Department of Agriculture.

If you have bees it is suggested that you move them outside the proposed boundaries of the control zone.

NEW BOLD GOLD SIGN - First and second period agricultural mechanics class members (left to right) Harvey Polanco, Ronald Mathis, Manuel Perez, Chad Overton, Tony Patterson and Ricky Guzman completed their first class project, a BOLD GOLD sign, just in time for Homecoming at Antelope Stadium.

Post ISD Trustees Receive Report on School Repairs

Bill Stracener gave a report on repairs completed, repairs in progress and repairs to be done, when the Post Independent School District Board of Trustees met for its regular meeting Tuesday, September 12. Stracener's report included:

Painting stadium, \$3,500; screens for bandhall, \$862; replace FACIA, \$7,30/ft, not to exceed

\$2,828, for bandhall; cafeteria, engineering not to exceed \$700; paving at high school gym.

Approval was given for expenditure of funds for these improvements.

All school roofs are completed as of this date, but the high school job is still on a 30 day period of 10 percent pay suspension.

The board accepted the resignation of Mrs. Jo Anna Thomas and extended a 1989-90 probationary contract to Mrs. Jodi Adams as her replacement.

The appointment of W.F. Shiver to the Education Service Center XVII Regional Advisory Committee was approved.

A report was made to the board

concerning TEAMS test results. The targeted area for improvement is the last 14 weeks of the third grade, the entire fourth grade, and about 19 weeks of the fifth grade. Efforts are now being made to address these problems.

Jack Lott and Royce Hart were appointed to the Garza County District Board of Directors.

The following teachers were appointed to the Attendance Committee for the District: Candace McConnell, Lu Nell Gribble and Greg Henry.

Attending Tuesday's meeting were Dan Hodges, Don Payne, Jerry Hays, Ronnie Gradine, Royce Hart and W.F. Shiver.

Meals On Wheels Funded by Garza United Way

by Lonnie Welborn

The 1990 Garza County United Way campaign is now underway and the United Way committee is asking for your contributions to help support the many agencies funded by the project.

This is your opportunity to contribute, in one donation, to several charitable organizations and to help fund various programs that are important to the community.

The United Way has set a 1990 goal of \$17,375, with \$1,250 of that goal marked for Meals on Wheels.

Meals on Wheels is a not-for-profit organization which daily delivers hot meals to approximately 40 people in the area - people who are handicapped, ill, or financially unable to take care of themselves.

You may never have need of this United Way service, but you probably know someone who benefits or has benefited from the program. The goal of \$1,250 for Meals on Wheels will go a long way toward providing hot meals for the people of Garza County who have come to depend on the service provided by Twana McCrary and the Meals on Wheels' two cooks and part-time driver.

Please do your part and contribute to the United Way. A lot of people in Garza County are depending on it.

Donations, which are tax deductible, may be mailed to Garza County United Way, P.O. Box 425, Post, Texas 79356.

Participating organizations and budgeted goals are: Summer Baseball, \$4,760; Mental Health, \$400; Boy Scouts, \$3,600; Girl Scouts, \$3,600; Child Welfare, \$1,000; Red Cross, \$340; Salvation Army, \$750; Girls' Basketball, \$425; Trailblazers, \$500; Satellite School, \$250; Meals on Wheels, 1,250; and United Way, \$500.

Yesteryears

-Obituary-

Hubert Richard Gray

Funeral services for Hubert Richard Gray were held Saturday, September 16, 1989 in the First Baptist Church of Hamlin with Rev. Terry Sanders and Rev. Howard Jones conducting the services. Burial was in Hamlin East Cemetery under the direction of Foster-Adams Funeral Home. He was born June 22, 1912, in Palestine and died Thursday, September 14, 1989 in Abilene. He

was a son of the late Mr. and Mrs. Will Shaw.

He married Bertha Holden November 6, 1931 in Oklahoma and they moved to Hamlin in 1941.

A member of the First Baptist Church, he was a retired farmer and a former employee of the Celotex Corp.

Survivors include his wife, Bertha Gray of Hamlin; one daughter, Christine Long of Hamlin; four grandchildren, Donna Marie Jones and Norma Joy Smart, both of Hamlin, Sidney Gann, Middleton, Idaho, and Cynthia Smart of Denver City; Twelve great-grandchildren; two great great-grandchildren; three brothers, Edward Shaw of Mariposa, California, William Green of Fort Worth and Henry Shaw of Longview; two sisters, Olean Seals and Velmer Warren, both of Post.

He was preceded in death by a sister.

Pallbearers were Aubrey Burleson, Kenneth Berry, Hershel Gilcrest, Delmer Hill, Bill Carter and Daymond Gann.

to 7 at Hale Center for the Antelopes' first opening game win since 1966.

Post Jaycees have joined the Texas Jaycees' statewide campaign supporting prayers in space. The campaign is expected to reach its goal of 300,000 letters.

Donald Windham was selected as the new administrator for Garza Memorial Hospital.

30 Years Ago September 17, 1959

Post ISD trustees have awarded the construction contract for Post's new high school building to the Inland Contracting Co. of San Antonio, low bidder on the project at \$336,207. At the same time, the trustees voted to employ the Lubbock architectural firm of Atcherson, Atkinson & Cartwright to draw up the final plans for a new high school gymnasium.

Salaries of substitute teachers in the Post schools have been boosted from \$8 a day to \$12 a day.

Maxine Durrett has returned to Post from a two and on-half month tour of Europe, and reported that two of the nicest experiences of the trip were seeing fellow Postites John Boren in Heidelberg and Jimmy Ferguson in Frankfurt.

Garza County's Youth Center has been reorganized this week with a joint student-parent board of directors and a "sock-hop" scheduled for Friday night after the football game.

Post's assessed property valuations are up \$79,000 over a year ago, Mayor Powell Shyles announced.

If the weather stays clear and dry, there will be lots of cotton defoliated and stripped by machines in Garza County, County Agent Lewis Herron told The Dispatch.

40 Years Ago September 22, 1949

Harvey Cole Howard became Garza County's first oil field casualty when he was injured in an accident near Post and died during surgery at West Texas Hospital.

W.W. Johnson of the Graham Community received a \$25 award from the Post Chamber of Commerce as the first Garza County Plains farmer to have a bale of cotton ginned this season.

Mrs. Jewell Strasner, home demonstration agent, announced that Lenona Stone of the Graham Community was the winner of the 1949 4-H Gold Star award.

With 50 charter members already signed up and a useable site available, a golf course for Post is almost a certainty, Joe Moss re-

ported. "Health and Wealth from Soil and Oil," the slogan submitted by Lee Mason, won the \$10 first prize in the American Legion's city slogan contest.

The two PHS Vocational Agriculture classes have organized the

Post Chapter of the Future Farmers of America and elected the following senior officers: Robert Craig, president; Bennie Wilks, vice president; Vandon Thomas, secretary; Billy George Taylor, treasurer; Lathon Johnson, reporter; and Melvin Williams, watch dog.

Post 4-H Club Elects Holleman New President

by Kim Reiter
The Post 4-H Club met on Monday, September 11 at the 4-H Barn. Officers were elected and other 4-H news was discussed.

New officers are: Jimmy Holleman, president; Daniel Redman, vice president; Sid Estep, secretary-treasurer; Kim Reiter, reporter; Brandon Bird and Amber Harp, council delegates; Robbie Palmer and Stephanie Palmer, alternate delegates; and Amber Harp, sweetheart.

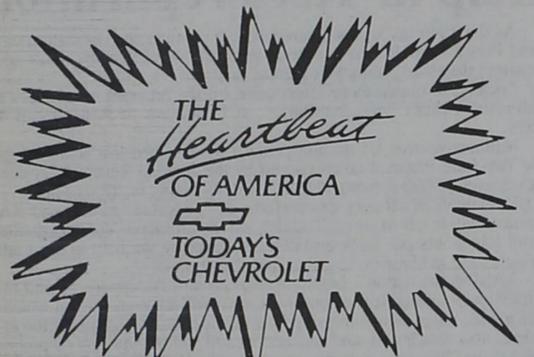

After the meeting, cookies and

punch were served.

Members and leaders attending the meeting were: Stormy and Quinton Gass; Bobbie Jo, Jackie and Bronc Davis; Angela Hammond, Sid and Dee Je' Estep, Daniel Redman, Kim and Christy Reiter; Shane Bevers, Melissa and Chelisa Williams; Amber, Sonya and Tonya Harp; Robbie, Stephanie and Miranda Palmer; Lane Jones; and Russ and Brandon Bird.

Leaders attending were Billie Williams, Darla Davis, Glenna Reiter and Pat Reiter.

Farm Safety Week

SAFEING THE FARM

AND RANCH

Sept. 17-23, 1989

President George Bush has proclaimed the week of September 17-23, 1989, as National Farm Safety Week, the 46th annual observance.

"Our farms lose nearly 3,000 lives and five billion dollars every year because of preventable accidents and fires," said T. C. Gilchrist, president of the Chicago-based National Safety Council, a primary sponsor of the week. "Though farming certainly has its hazards, those engaged in it can still prevent most accidental injuries, deaths and work-related illnesses with practical measures and safe, sensible work methods."

According to Council estimates, agricultural work accidents resulted in more than 1,500 deaths and 140,000 disabling injuries in 1988. The accidental death rate for agriculture was 48 per 100,000 workers, higher than any other major industry. The composite rate for all industries was nine per 100,000.

Several thousand farmers and farm workers also suffered work-related illnesses caused by excessive exposure to toxic gases, chemicals, dust, sun, noise and other farm health hazards. And, thousands more farm residents were seriously or fatally injured in home, highway and recreational accidents.

The nature of farming itself is one of several reasons for these relatively high accidental death and injury rates, according to Jack Burke, agricultural safety specialist at the Council.

"Most people leave home and go to another location to work," explains Burke. "Their families are not exposed to the hazards of the workplace. But most farm families live on the work site, and everyone is exposed to its hazards, small children included."

Burke also points out that instead of the usual working ages of 16 to 65 in most industries, the ages of farm workers range from eight to 80, and older. Farm children begin helping with work at

an early age, even operating machinery better suited to adults. And many individuals continue farming well past other industries' standard retirement age of 65. This is reflected in a high rate of accidental death and injury at both ends of the age spectrum.

Burke also cites other factors that contribute to farming's high death and injury rates, including harsh working conditions, long hours, lack of formal training and limited access to prompt emergency medical care.

"But in spite of these safety disadvantages, most farm injuries and illnesses can be prevented," adds Burke. "And usually, it costs nothing since the investment mainly consists of taking time to carefully read instruction manuals and labels and following safe work procedures. A farmer might have to spend a few extra dollars to repair a combine shield or buy a respirator, but that's a small amount compared to the cost of a serious injury or illness."

The National Safety Council suggests taking the following steps to make your farm safer and more productive:

- Be physically fit and ready for a safe day. Dress properly for each job, including the use of personal protective equipment (hard hat, safety shoes, respirator, protective goggles, etc.) if the job or conditions call for it. Take work breaks to stay alert.
- Be sure workers and family members are trained for the jobs they do. Recognize their abilities and limitations when assigning work. Keep children and non-workers off machinery and out of dangerous areas.
- Inspect all equipment and facilities periodically, making needed repairs and correcting hazards without delay.
- Read and follow directions and recommendations in operator's manuals and on product labels.
- Focus on each task at hand. Watch what you're doing and where you're going. Inattention is a factor in many accidents.
- Keep machinery shielding in place. Turn off

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows:

"Authorizing the members of a hospital district governing board to serve four-year terms."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

providing a bill of rights for crime victims."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Garden Club Opens New Year With Salad Supper

by Marge Barley

Now, this is more like it! All summer long I have thrown together whatever was in the fridge to, hopefully, create some sort of acceptable meal. But with the Garden Club meeting again, it can be said that we are definitely down to serious eating.

Salads and more salads were the order of the day when we met September 14 at the home of Jewel White. Marion Wheatley and Jewel transformed an ordinary salad supper into an "exquisite dining experience" - just like they say in the ads. It was a lovely dinner ladies - we appreciate you.

Just before we were all served, we formed a "kind-of" choir and sang "Happy Birthday" to Jewel. Can't blame her for not being overwhelmed - we didn't exactly raise the rafters.

Our new year has given us three fine new officers: Carlene Kyle, president; Marion Wheatley, vice president; and Ida Jones, secretary-treasurer. Might I say they all performed their duties admirably and we're looking forward to our new year under their leadership. The rest

of the "we" who were there on the 14th were: Gladys Blair, Thelma Epley, Marge Barley, Annie Laurie Francis, Alma Williams and Irene Mitchell.

During our informal dinner talk, we learned you should never stay above the eighth floor in a hotel because that is as high as the fire ladder will go. Also, you should take some wide tape to use around windows, doors, vents, etc., to keep the smoke out. This will provide up to one-and one-half hours longer for rescue. See, we may appear to only be eating, but we are actually storing away much important knowledge!

We also learned about "Texas Fur." That's that quite expensive stuff that looks like you had taken an old piece of cotton ticking, run over it a couple of times with the tractor shredder, then stitched it on your newest garment as trim. Well, anyway, the name is catchy, don't you think?

Next month we are going to be fortunate enough to have Melissa Cunningham as our program person. Can hardly wait!

Raenell Rogers and Derek Alan Sneed

Raenell Rogers Engagement to Derek Sneed Announced

Mr. and Mrs. Tommy Cole are proud to announce the engagement and approaching marriage of their daughter, Raenell Rogers, to Derek Alan Sneed of Hooker, Oklahoma. He is the son of Patricia J. Sneed.

First Meeting of Year for Gamma Mu Sorority

by Celia Mason

Gamma Mu sorority held its first meeting of the year on Thursday, September 7 in the home of Terri Cash.

Holly Brake, president, called the meeting to order. Members discussed the Rush Social and decided to use an Italian theme this year. The members also agreed to address envelopes again this year for Founder's Day and discussed a booth for the Founder's Day activities.

Members present were Melissa Cunningham, Amy Easterling, Lisa Kirkpatrick, Melinda Gunn, Metta Tyler, Holly Brake, D'Linda Chapman, Celia Mason, Susan Strawn, Gena Lott, Mendy Dalby, Michelle Mason, Terri Cash, Penny Redman, Leslie Tatum and Sheila Gregory.

- Births -

Brady Joel Ragland

Sharla and J.D. Ragland of Canyon announce the birth of a son, Brady Joel, who was born Wednesday, September 6, 1989. He weighed eight pounds and six ounces.

Proud maternal grandparents are Bob and Debbie Macy of Post, and Don and Nancy Beard of Amarillo.

Paternal grandparents are Ronnie and Kathleen Ragland of Ralls. Great-grandparents are Mary Belle Macy of Lubbock; Mr. and Mrs. O.E. Boyd of Ralls; and Mrs. Clara Ragland of Ralls.

Balloon Bokays for all occasions. Exciting new ideas in wedding or party decor. Birthday party package introducing "Rosie the Clown" with balloon delivery.

Featuring Coyote Country t-shirts and unique friendship bracelets.

Lucky Clover 4-H Holds Year's First Meeting

by Lori Hudman

The Lucky Clover 4-H Club held their first meeting for 1989-90 Tuesday, September 12 with 24 members present.

First vice president 1988-89, Labeth Jones, called the meeting to order. Sarah Hodges led the group in the Mo-Ho and pledge, and Amber Little gave the opening prayer.

New officers elected for the 1989-90 year are: Labeth Jones, president; Amber Little, 1st vice president; Sarah Hodges, 2nd vice president; Amber Cooper, 3rd vice president; Amanda Richardson, secretary; Mandy Little, treasurer; Lori Hudman, reporter; Jill Stelzer and Shawn Pennell, council delegates; Amanda Richardson and Clay Johnson, alternates; and Labeth Jones, sweetheart.

After announcements were made and the meeting adjourned, refreshments were served by Amber and Aaron Cooper.

CULTURE CLUB LUNCHEON - Special guests at the opening luncheon for the 1989-1990 club year for the Post Woman's Culture Club were (left) Mrs. E.B. Alderson, president of the Caprock District, and Mrs. E.J. Wicker, president-elect.

AND THE WINNER IS - During the recent State 4-H Fashion Revue in Tyler, Cody Stone won a \$250 savings bond when he placed first in the active sports-specialty category, buying division. Cody purchased a shirt with matching shorts/swim trunks as his entry. He is the son of Jerry and Carolyn Stone of Igale and the grandson of Albert and Imogene Stone, and Bill and Gwen Carlisle of Post.

NATIONAL FARM SAFETY WEEK

(Continued from Page 3)

the power before unclogging or attending to operating problems.

- If your tractor has a roll-over protective structure (ROPS), wear your safety belt to stay protected in an overturn. If it doesn't have ROPS, ask your dealer if it can be fitted.
- When applying pesticides, heed label directions to the letter. Wear protective gear. Post signs at treated areas. Safely dispose of empties and left-overs. Store chemicals in their original containers in a place protected from children.
- When on public roads with either a car, pickup or farm vehicle, obey all traffic laws, drive defensively and wear your safety belt.
- Be prepared for emergencies. Equip your home with smoke detectors and practice a home fire escape. Learn first aid and cardiopulmonary resuscitation (CPR). Post emergency numbers at every phone.
- Attend training sessions, meetings or demonstrations to upgrade your knowledge and skills. Other good sources of safety and health information include medical personnel, extension services, manufacturers of equipment and chemi-

icals, magazines, newspapers, and some radio and television programs.

National Farm Safety Week was established in 1944 to address accidents that were impairing wartime agricultural production. It continues to inform the farm and ranch community about safety and health problems and encourages the use of effective preventive safety measures.

Ballots made of broken pottery were used by the citizens of Ancient Athens to get rid of unpopular politicians. Whenever 6000 or more were cast, the official was sent into exile for 10 years.

Financial History of Arts

by JoAnn Mock

Dollars generated by development of the arts in Post now total a whopping one million, seven hundred, fourteen thousand, nine hundred and forty dollars and fifty cents (\$1,714,940.50).

The Caprock Cultural Association reports that since its beginning in 1983, and since the development of the Algerita Arts Center and the Garza Theatre, the arts dollars in Post have totaled \$244,991.50. (It is estimated by experts that each art dollar will generate from \$7 to \$12 in the economy. Using the \$7 figure, the generated dollars are almost one and three-quarters of a million dollars.)

Earnings from productions, classes, workshops, arts shows, exhibits and fund raising projects of the CCA, Garza Theatre and Al-

gerita Arts Center have amounted to \$104,575. The City of Post and Garza County have contributed \$21,570.50. Grants from the Texas State Agencies (Texas Commission on the Arts, National Endowment for the Arts, and the Texas Non-Profit Theatres) totaled \$18,167. Out of state donors were responsible for \$43,250 in contributions. Local donations in dollars totaled \$57,429, plus that much, and more, in hard work, time and efforts of dedicated groups of volunteers, boards and staff.

Five years' funding to the Post Art Guild through the CCA totaled \$22,232 and four years funding to the Garza Theatre through the CCA totaled \$21,957. The CCA has circulated a total amount of \$81,143.50 throughout the community. The funding for the arts devel-

The Post Dispatch Wednesday, September 20, 1989 Page 5

opments has consumed much of the CCA's energies and resources.

In 1987-88, the CCA began an Arts in Education project in Post and Southland schools claimed \$2,606 (the project was a joint venture of the schools and the CCA). This past summer the CCA was proud to help sponsor and fund and Texas Arts Council workshop for teachers in Lubbock. The good teacher attendance from local schools has presented the opportunity to conduct a similar workshop in Post next year.

The CCA's expenditures for office, administration, promotion, advocacy, and board training during the past five years was \$34,348 - an average yearly operating budget of \$6,869.60.

(This report was prepared by JoAnn Mock, administrator of the CCA, and presented to the Post

City Council and the Garza County Commissioners' Court. For complete charts showing arts dollars activities, or for more information, contact JoAnn at the CCA office, 495-4000.)

Sorority Hears Program on Tour

Xi Delta Rho Chapter of Beta Sigma Phi met September 11 at the Southwestern Public Service Company Reddy Room.

Christy Morris, at the invitation of Ann Stelzer, gave a program on her recent trip to Japan and displayed several unique items to accompany her interesting talk.

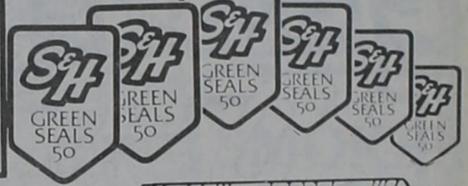

Following the program, Renea Boren was honored with a baby shower and individual gifts were presented.

Antelopes Come Alive at Homecoming Defense Dominates, Offense Takes Off in 35-0 Trouncing

by Wes Burnett

The Post Antelope defense took control of last Friday's Homecoming game here with the Idalou Wildcats, giving the offense plenty of opportunities to rout the visitors 35-0, setting up the annual show-down this Friday with visiting Littlefield.

The 'Lope offense sputtered and coughed through the first quarter before getting untracked early in the second quarter, following an absolutely dominating Post defensive unit. "All great football teams," coach Dewayne Osborne says, "and especially champions, play outstanding defense, and that's what we've been teaching our players...I think they see the value of that now."

Idalou was allowed only two first downs in the first half.

No one defensive player could be singled out in the effort, gang tackling and solid performance was consistent across the line and into the secondary.

The 'Lope offense moved the ball at times during the first quarter, but each drive was cut short by either penalties or poor execution.

The first touchdown drive was set up following Idalou's first possession of the second quarter, which started at their own 30 yard line following a failed fourth down effort by the Post offense.

On first down quarterback Billy Moreno's pass attempt was batted down by a high-flying Bill Rankin charge from his right defensive end position.

Second down wasn't any better for the Wildcats as fullback Travis Becton was trapped behind the line of scrimmage by defensive left end Jimmy Holleman, linebacker Victor Chapa and tackle Trey Jones.

The third down pass sailed incomplete and on fourth down Chris Criswell's punt dropped out of bounds at the Idalou 46.

Ten Play Drive
It took 10 plays, but with 4:12 left in the first half, the Antelope hit pay dirt as Darren Brown bounced outside around his left guard to the end zone and Junior Gonzales' kick was the first of five to sail through the uprights.

The drive featured hard running by fullback Floyd Slay, who picked up a first down across right tackle to the 27, quarterback Rance Sappington completed a clutch pass to Kevin Williams on third down to the 14 yard line, Slay pounded over right guard to the eight and on third down Brown broke through two tacklers, stretching out to the four for a measured first down and then took the ball over left guard for the touchdown.

All Cylinders Firing
Another stout defensive effort gave the 'Lopes one more chance to score before halftime as Idalou was unable to move the ball following the touchdown kickoff.

Hermleigh Outlasts Eagles 62-44

The Southland Eagles opened their 1989 football season at home last Friday, fielding six players and losing 62-44 to Hermleigh.

The Eagle team consists of John Beatty, Juan Macias, Dace Altman, Freddie Mendez, Joel Basinger and James "Bubba" Parker.

Hermleigh got on the scoreboard late in the first quarter, but the Eagles came back with 1:50 left in the quarter to tie the game as Beatty went 37 yards on third down for the score. His extra point kick put two more points on the board.

The visitors answered with a seven play drive and with 7:54 left in the half went out from 15-8.

The Eagles came roaring back and on second down Beatty found Basinger for a pass and run combination to the end zone, the kick failed, the home team trailed 14-15.

The next Hermleigh series was snuffed by a stout Eagle defense and the visitors took a safety, putting Southland on top 16-15.

The Eagle offense was unable to take advantage and on the next Hermleigh possession the visitors edged ahead 23-16.

Beatty kept the Eagles' hopes alive as he and Basinger combined on a pass play to the 10 yard line and the quarterback went the final yards to bring Southland to within one point at 22-23.

Hermleigh took two plays to score again and with 2:20 left in the half the visitors led 29-22.

Going into halftime Hermleigh zapped the Eagles on a three play drive with 45 seconds left on the clock, leading 35-22.

Second Half Action

The Eagles came out of halftime and in two plays narrowed the gap to 35-28 when Mendez got the home team to the seven yard line and then into the end zone.

It was an offensive ball game as Hermleigh came right back and scored in two plays, leading 41-28.

With 6:50 left in the third quarter, the Eagles scored on their next possession as Beatty connected to Altman for a 37 yard pass and run combination. The extra point kick was good and the teams were separated by a 41-36 score.

Southland's defense held, but the offense couldn't return and into the fourth quarter the score stood at 41-36.

Southland went ahead with 6:39 left in the game on a drive featuring pass receptions by Basinger and running by Mendez and Beatty. The touchdown was set up by a pitchout to Basinger to the four yard line and then Mendez went into the end zone and the extra point kick put the Eagles out front 44-41.

Hermleigh then went on a scoring rampage and led 48-44 with 4:22 left in the game, scoring again with 2:21 and then the final touchdown came with 15 seconds left in the contest.

The team travels to Cotton Center this Friday.

Publisher's Note: Our thanks to Jerry Taylor for reporting the Southland Eagle games.

Jamie Perez set up the poor Idalou field position as he slammed Moreno to the ground at the 11 yard line on the kickoff return. Lannie Lee had put the ball into the end zone.

On first down Holleman and Jay Whitehead sacked Becton for a loss to the nine, a second down pass to Becton was off the mark and on third down Becton was slowed by Benji Vargas at the line while linebackers and secondary defenders piled onto the runner at the 11. The fourth down punt was a 10 yarder, rolling dead at the Idalou 21.

Sappington led the 'Lope offense on a six play drive with 2:43 left on the first half clock.

Williams went around left end to the 14, a pass to Rankin went too high, Slay blasted over left tackle to the nine and his extra effort converted to a first down and goal.

Lee took the handoff over right guard to the eight and again on second down to the five and Post called a time out with 40 seconds left in the half.

On third down Lee got the pitchout around his left end and Trey Jones' clearing block gave the tailback a clean angle shot to the left end zone post for the touchdown. Gonzales' kick put the 'Lopes out front 14-0.

Idalou got one play after the kickoff and the halftime show began.

Second Half Charge
I'm not sure what kind of refreshments were served in the locker room at halftime, but the 'Lope offense came out smoking in the third quarter.

Taking the opening kickoff the 'Lopes stunned Idalou with a five play, 789 yard scoring drive and with 9:10 left in the third quarter the home team put a cap on the night with a 20-0 lead.

The touchdown came on a perfectly executed pass and run combination when Sappington faked to Lee, dropped back and put the ball 40 plus yards down the left sideline to a wide open Bobby Blair, who had gotten a 10 yard lead on the Wildcat defender. Blair took the ball in over his head on a dead run at the 20 yard line and raced untouched to the end zone.

The drive featured three consecutive runs by Lee, first over right guard to the 22, then around right end to the 29 and on third down the tailback blasted over left guard to the Idalou 49.

A second down effort by Slay to the 45 was brought back by a clipping penalty on Post to their own 40 yard line.

Sappington faked to Lee and caught Idalou completely offguard. Gonzales put the finishing touches on the drive and the 'Lopes led 20-0.

'Lopes Take Charge
Any doubts about the Antelopes' intensity was dispelled in the third quarter, and Idalou paid the price again following the kickoff. A first down pass from Moreno to Becton finally gave Idalou a first down at their own 34, then fullback Brent Respondek went over right guard to the 39, Moreno went on a scramble and was trapped by Jones and Rankin for no gain and on third down a pass to Cliff Alexander bounced incomplete when Jamie Perez slammed into the receiver. Another short punt set the 'Lopes up at their own 49.

Taking the ball with 7:12 left in the third quarter, the 'Lopes put the icing was on the cake in four plays. Lee set up the touchdown with an inspiring 39 yard scamper around his right end to the 10 1/2 yard line.

On first down Lee went over left guard to the nine, then Williams hit left tackle to the four and on third down Slay slipped through the left guard slot to the end zone...another Gonzales extra point put the home team on top 27-0 with 5:36 left in the quarter.

Snyder Wears Out Post Freshmen

Snyder outscored the Post freshman football team 14-0 in the first game of the season last Thursday there.

"Our youngsters played well, Snyder's players were quite a bit larger than we were and they wore us down in the fourth quarter," coach Bart McMeans comments. "We made some first game mistakes, but they can be corrected."

"We moved the ball, but we could never really establish anything offensively," the coach adds.

"Defensively we played well until the fourth quarter, 108 of their total 230 yards came in that quarter," McMeans said. "They were bigger and that took its toll."

The team travels to Littlefield tomorrow.

Everything Just Right

The next Idalou effort was snuffed out just when the Wildcats were beginning to put together a sustained drive, picking up two first downs when on second down from their own 49 yard line Moreno's pass to Alexander was picked off by Slay at the Post 32. A clipping penalty set the ball back to the 17.

The 'Lope drive, beginning with 2:06 left in the quarter, consumed 12 plays and ended on a fourth down quarterback keeper at the four yard line, leaving 7:40 on the game clock.

Holleman put the finishing touches on the Idalou effort when he sacked Moreno for a loss at the nine on third down and Whitehead took the punt at the Post 40 yard line, got a clearing block by Brown and raced to the Idalou 11 yard line before being brought down from behind. Four plays later the 'Lope second team offense ran out of steam at the five yard line and Idalou opened a two-play drive at that spot.

Moreno recovered the fumbled snap on first down, then on second down threw a pass into a crowd of Antelopes, intended for Alexander, and Perez grabbed the football at the 20 yard line and raced to the three before being forced out of bounds.

The one play 'Lope final scoring drive started with 2:47 remaining in the game and featured a strong offensive line surge with Curtis going into the end zone standing up over the left guard position. Gonzales, who found the mark in this contest, put the final point of the 35-0 win on the board.

The game wound down in the final two minutes as it started out...Idalou testing the Post defense, and you know who won that one.

J.V. Wins 26-6 at Abernathy

The Post junior varsity football team dominated the visiting Abernathy Antelopes 26-6 in the opening game of the season Thursday, September 7 as the offense picked up 295 yards on 55 plays, holding the visitors to 61 yards on 49 plays.

The first scoring drive featured eight plays and 58 yards with Brandon Bird getting the touchdown and quarterback Michael Radle pulling the option keeper for the two point conversion. The big play was a 37 yard pass and run from Radle to Tommy Ammons.

The second touchdown came on a four play, 66 yard drive, with a Radle pass to Michael Harper for 29 yards setting up a 33 yard Hiran Gutierrez touchdown run behind the blocking of Trey Payne, Ty Hill, Gabe Perez and Joe Garcia.

Willie Barbosa got the third touchdown when he returned a punt 45 yards to the end zone.

The final score came on five plays for 39 yards with Bird getting credit for the big plays, carrying twice for 28 and 39 yards. Gutierrez went the final seven yards for the touchdown.

Coach Fred Postell praised offensive players Gutierrez, Bird, Barbosa, Shane Horton, Payne, Garcia, Hill, Perez, Donny Ryan and Michael Harper and on defense Matt McCook, Isidor Morales, Chad Kirkland, David Dean and Ammons.

Junior Varsity Ties Idalou 6-6

A 6-6 tie at Idalou was the story for the Post junior varsity football team following last Thursday's contest, described by coach Fred Postell, who commented, "We could have played a lot better."

"We were inside the five yard line three times and could not get in for the score," Postell added.

He praised Mike Radle, David Dean, Shane Horton, Tommy Ammons and Danny Leach for their efforts.

The 'Lopes were credited with 250 yards offense, 85 passing and 165 rushing, and allowed Idalou 311 yards.

The team travels to Littlefield tomorrow.

How to Beat Littlefield

This Could be the Year

by Wes Burnett

It's been six years since the Post Antelopes outscored the Littlefield Wildcats, and this year's varsity squad has set their eyes on a win here Friday night as one of the best match-ups on the South Plains gets underway at 8 p.m.

Not since 1982 have Antelope football team claimed a victory over the always tough Wildcats, but if the stats and charts mean anything, the two teams are about as even as any two can be in 1989.

"We're about the same size," Antelope head coach Dewayne Osborne observes, "it's really a matter of our players believing they can win. I know one thing, we'll have to execute well if we expect to beat Littlefield."

As usual, the Wildcats come to Post well coached, playing a sound brand of football and a very strong defensive team.

"We're not too shabby a defensive team either," Osborne adds, "I think this bunch of

players is one of the best, they held Idalou to a total of 57 yards offense."

"I am really pleased with our effort, you know, we had 24 players on the field at one time or another on defense, they all wanted to get in on the action," the coach says.

And offensively the Antelopes proved their worth last Friday, controlling the football for 64 plays.

Littlefield outscored Abemathy last Friday 12-7 in its opening game of the season. In the two scrimmages and one game, the Wildcats have completed 50 percent of their passes for 203 yards, throwing the ball 21 times.

They employ a five man front and are very quick and aggressive on defense.

Littlefield's offense is led by senior quarterback, 137 pound Chad Merrifield, who has fair speed and is a consistent passer. The line is anchored by 197 pound sophomore end Jimmy Davis, 192 pound senior center

Johnny Castenada and 185 pound junior tackle Lance Nelson. Running chores are handled by 162 pound senior tailback Michael Willard and 136 pound senior wingback Michael Smith.

The defensive front are quick, react to the ball and seem to slant and pinch as well as stunt.

The Wildcats run from the I formation and run leads and the reverse.

The game of volleyball was invented in 1895.

FLOYD SLAY BLASTS INTO THE END ZONE following quarterback Rance Sappington's handoff on the play.

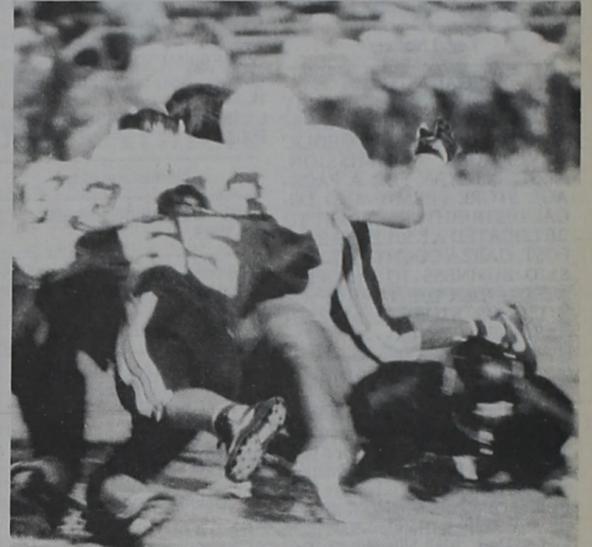

DARREN BROWN (11) grabs Idalou's Travis Becton as teammate Floyd Slay gets set to finish off the tackle.

JUNIOR GONZALES (44) slams into an Idalou runner during one of the kickoff returns as Keith Holly (75) moves away from a blocker to help out on the play.

IT'S REALLY A MATTER OF INCHES as the official's hand points to a first down near the goal line for the Post Antelopes during the second quarter touchdown drive.

MIKE BROGDEN (55) jumps into the pile as the defense stopped Idalou one more time during the 35-0 win here last Friday.

TDA Disaster Assistance Program for farmers

(AUSTIN)—"Those Texas farmers and ranchers who have received scarce rain for their crops and livestock this year will find federal disaster assistance to be just as scarce," Agriculture Commissioner Jim Hightower has said. "In spite of the obvious need for drought assistance, the Bush Administration refused to budge on Gramm-Rudman spending limits and would only authorize \$897 million in assistance nationwide, even though Texas alone has sustained over \$1.5 billion in crop and livestock losses thus far this year," Hightower said.

"Even if every penny came to Texas, producers would be receiving only 50 cents on the dollar. Obviously, it's going to be much less than that. Texas farmers and ranchers need to be aware that there will be a lot of competition all over the country for these available funds," Hightower said.

"Federal agencies have between 30 and 60 days to issue rules to implement the law. As soon as the new rules are issued, farmers and ranchers may start applying for assistance and will be able to apply through next spring.

"Texas farmers and ranchers should spend the next couple of weeks learning the fine points of the new law, documenting their losses, and preparing to seek disaster aid. TDA stands ready to assist producers with each stage of this process so as many Texas farmers and ranchers as possible qualify for federal aid," Hightower said.

A brief summary of the new law is as follows:

The Act affects producers of program crops -- wheat, feed grains, cotton, rice, peanuts.

Some non-program crops -- vegetables, fruit, pecans, hay, soybeans, sunflowers, honey, orchards, tree seedlings, Christmas trees.

Livestock -- Cattle, sheep and goats, etc.

Qualifying damages result from -- excess moisture, freeze, storms or drought and other related problems, such as insect infestations, plant disease and aflatoxin.

Limits on assistance -- \$100,000 maximum disaster payment. \$2 million gross income limit. Crop insurance benefits plus disaster payment may not exceed the income amount otherwise expected with a normal yield.

You must purchase 1990 crop insurance if your yield loss exceeds 65 percent of normal or payment yields.

If you purchased crop insurance --
(1) The first 35 percent of payment yield is like an insurance deductible--no assistance. However, the advance deficiency payment of this 35 percent portion of the yield will be forgiven.

(2) After 35 percent (of payment yield), you will get paid for each of those pounds (or bushels) that you fell short. The payment rate will be figured at 65 percent of the target price.

(3) If your FCIC yield is larger than your ASCS payment yield, you may substitute the larger yield for disaster payment purposes.

If you did not purchase crop insurance --

(1) The first 40 percent of payment yield is like an insurance deductible--no assistance. However, the advance deficiency payment of this 40 percent portion of the yield will be forgiven.

(2) If your yield loss was greater than 40 percent (of payment yield), you will get paid for each of those pounds (or bushels) that you fell short. The payment rate will be figured at 65 percent of the target price.

If you are a 50/92 or 0/92 participant -- If you had failed acreage or prevented-planting acreage, you may choose between 50/92, 0/92 or disaster program. Ask your local ASCS office to help you calculate which would be best for you.

If you produced a program crop but did not participate in the 1989 farm program -- Wheat, feed grains, cotton and rice.

(1) The first 50 percent of payment yield is like an insurance deductible--no assistance.

(2) If your yield loss was greater than 50 percent (of normal yield), you will get paid for each of those pounds (or bushels) that you fell short. The payment rate will be figured at 65 percent of the target price.

Non-farm program crops -- Yields will be set by USDA using the best available information to establish county average.

Soybeans and sunflowers --

(1) The first 45 percent of payment yield is like an insurance deductible--no assistance.

(2) After 45 percent (of normal yield), you will get paid for each of those pounds (or bushels) that you fell short. The payment rate will be figured at 65 percent of average producer market price.

Other crops -- Vegetables, fruits, pecans, hay, etc.

(1) The first 50 percent of normal yield is like an insurance deductible--no assistance.

(2) After 50 percent (of normal

yield), you will get paid for each of those pounds (or bushels) that you fell short. The payment rate will be figured at 65 percent of average producer market price.

Replacement of forest crops and orchards --

(1) Assistance to re-establish seedlings lost due to drought or wildfire in 1989.

(2) Orchard assistance: After a 45 percent deductible, USDA will pay 65 percent of the replacement cost to replant trees lost to freeze or related conditions. You must own 500 acres of trees or less to qualify.

Quality adjustment -- The act provides that the U.S. Secretary of Agriculture shall exclude from harvested amounts 70 percent of the quantity of a commodity that could not be sold in normal channels of trade due to damaging weather, as well as dockage, for purposes of calculating losses for disaster payments.

An additional 10 percent payment for quality loss on production losses between 45 percent and 75 percent.

Livestock -- Emergency Livestock Feed Assistance Program (EFAP) has been expanded to include feed grain that is currently under CCC loan and stored on-farm.

Assist constructing or maintenance of livestock drinking water. Includes constructing or cleaning out stock tanks.

Assist transportation of livestock to grazing locations.

Study of Animal Unit Determinations. USDA is directed to study the manner in which animal unit feed requirements are calculated.

If producers have any questions about the new law, they should call the Texas Department of Agriculture's Farmer Assistance Office at (512) 463-7679.

There are exceptions to this requirement. Crop insurance is not required where it is not available, and it is not required if premiums would exceed 25 percent of the benefits received under this program or if premiums in your area have increased by more than 25 percent between 1989 and 1990. This requirement may also be waived if it would create an undue financial hardship for your operation.

Farm program participants -- wheat, feed grains, cotton and rice. Benefits cover acreage planted, as well as acreage prevented from being planted because of a natural disaster.

Post FFA Chapter Elects Lance Bland President

by Brent McDonald
Monday, September 11, a meeting of the Post Chapter of FFA was held to elect the 1989-1990 chapter officers. The meeting was called to order by president Jimmy Holleman. The floor was then opened for nominations.

Each nominee was then allowed to come forward and give a short speech. After a show-of-hands vote, Lance Bland was elected the new president. His officer team for the year will be Bobby Blair, vice president; Trey Jones, secretary; Brent McDonald, reporter; Lance Bagby, treasurer; Jimmy Holleman, sentinel; and Alvaro Gutierrez, student council representative.

After the election of officers, Misty Bartlett was elected the 1989-90 Post Chapter Sweetheart.

September 16 was the date of the Dawson County Fair and Show. Participants in the lamb show were: Heather Dickson, placing second with her finewool lamb and 15th with her medium wool lamb; Jimmy Holleman, placing 12th with his medium wool lamb; Bobby Blair, 3rd place Cross lamb; Dana Morris, 18th medium wool lamb; Tamra Gerner, 19th medium wool lamb; and Lance Bagby, 10th

medium wool lamb. In the pig show, Brad McDonald placed 6th with a Hampshire pig and Brent McDonald was 5th with his Cross pig.

The Post participants in that show would like to extend a very special thanks to Rusty Morris, Rod George and Karl Gerner for hauling and helping prepare the livestock for the show.

The lamb exhibitors will also be showing their lambs at the upcoming South Plains Fair, September 30. Brandon Bird will also be showing steers at the fair.

The first and second period Agricultural Mechanics class have completed their first project for the year. The new BOLD GOLD sign on the north end zone was built by students Chad Overton, Ronald Mathis, Harvey Polanco, Ricky Guzman and Manuel Perez. Advisor Lance Dunn supervised the project.

Thanks to Donnie Stelzer for the use of his grill and for cooking the sausage for the FFA concession stand. Also, a special thanks to Ronnie Dunn for the donation of a pig for the sausage and to Bo Jackson for donating the sticks for the sausage.

BOLD GOLD BAND - Post's Bold Gold Band was a real crowd pleaser as its members took to the field at half-time to entertain Friday's Homecoming fans during the

Post-Idalou game. The Bold Gold Band is under the direction of Crispin Bradsher, with Aaron Rathbun as assistant director.

Fina Forms All-State Scholar-Athlete Team

The Fina Academic All-State Football Team will be replaced this year by the Fina All-State Scholar-Athlete Team, a program open to all men and women participating in interscholastic varsity sports, it was announced recently by Fina Oil and Chemical Company, the main operating subsidiary of American Petrofina, Inc.

The team will consist of 12 Texas high school scholar-athletes. Each member will receive a \$3,000 college scholarship. Fina will honor the 12 members of the team, along with their parents and coaches, at a June awards banquet in Dallas.

A candidate must be a high school senior who has participated in varsity athletics at the interscholastic level, be in the top ten percent of their class, and have a grade average of 90 or above. Although they must have received a varsity letter, athletic ability in itself is not the major determinant in the selection process. In addition to athletics and academic achievement, the candidate will be judged on leadership and participation in worthwhile school and community activities.

"Broadening the field for this prestigious award will enable any high school senior, male or female, who excels in the classroom, is active in his or her community and school, and letters in a UIL varsity sport to compete with the best in the state for the honor of being named to the team," said Ron W.

Haddock, president and CEO of American Petrofina, Inc. Haddock added, "Sports teach young people the value of commitment, dedication and excellence. It is therefore fitting that the program evolve to include all UIL athletics. We at Fina are proud to recognize their superlative achievements."

The Fina Academic All-State Football Team began in 1985 to accentuate the fact that the talent, dedication and enthusiasm of high school football players extended far beyond the playing field. In an atmosphere of negative publicity and education reforms to end athletic abuses, Fina made a commitment to recognize the young people who excel not only in football, but also in the classroom and the community, instead of giving all the attention to those few who have failed. The new Fina All-State Scholar-Athlete Program expands the program to provide eligibility to other scholars, male and female, who participate in other sports.

Application forms are being sent by Fina to all high schools in Texas. The deadline for entries is December 8, 1989. Sixty-four finalists will be named in late January and the 12 team members will be announced in March.

American Petrofina, Inc., is an AMEX listed company engaged in crude oil and natural gas exploration and production; natural gas marketing; petroleum products refining, marketing and transporta-

tion; and chemical manufacturing and marketing. Organized in 1956, it is part of an international group of companies affiliated with Petrofina S.A., headquartered in Brussels, Belgium.

Cotton Talks

from Plains Cotton Growers, Inc.

The 1989 annual meeting of the Plains Ginners' Association will be held Saturday, September 23 in the Lubbock Plaza and Conference Center, 3201 South Loop 289, at 9:30 a.m., according to PGA president Bob Newton of Enochs. Ad-journment is planned for 2 p.m.

Program content for the session, Newton says, has been tailored to fit the need of attendees for the latest information, together with knowledgeable projections, on current issues of importance to ginners and other components of the High Plains cotton industry. An estimated 200 interested parties are expected to attend.

In the order scheduled on the program after Newton gives his President's Annual Report to the membership, speakers include Steve Verett of Ralls, President of Lubbock-based Plains Cotton Growers; Charles Bragg, National Cotton Council Vice President for Producer Affairs, Memphis, Tennessee; Tony Williams, Executive Vice President of the Texas Cotton Ginners' Association, Austin; and State Representative Rick Perry of Haskell.

Topping the speakers' list, Representative Perry will provide insight into the Texas Legislature's long and continuing efforts to reform Texas workers' compensation law under which insurance premiums are among the highest in the nation while worker benefits are at the bottom of the scale. Perry has been a strong advocate of House Bill 1, a business-oriented reform measure authored by Representative Richard Smith of Bryan. Senate opponents rejected the bill in the Legislature's regular session and the two houses failed to reach a compromise in a special summer session. A second special session has been called for this fall.

Master of Ceremonies for the Saturday meeting will be Larry Nelson of Tulia, Vice President of both the PGA and the PCG. Nine new directors will be elected at the meeting as will new officers.

A luncheon and style show are slated to begin at 12 noon, followed by the presentation of golf trophies from a tournament to be played at Hillcrest County Club the preceding day.

1990 Crop Insurance New Options

Several new options and proposed changes are offered for Multiple Peril Crop Insurance for the 1990 crop year.

Beginning with upcoming fall-planted crops for the 1990 year, a high risk land exclusion option is proposed to be available for most field crops, said Dr. Ashley Lovell, economist-management with the Texas Agricultural Extension Service here.

He said that under the high risk land exclusion option, a grower will be aware of land which comes under this definition, or will become aware at the time of application. An example of such land is that in a flood plain.

Lovell said the high risk land exclusion option may be submitted prior to the sales closing date.

"A farmer applicant has the option of excluding high risk land in the county on a crop basis. The option is continuous and may be cancelled by giving written notice on or before the cancellation date for the crop," Lovell said.

Concerning the insurance costs, premium surcharges have been discontinued and a 10 percent premium discount will be given if the basic policy unit is not divided into two or more premium earning/optional guideline units.

Lovell said the total adjusted premium will be decreased 10 percent, and premium rate have been revised accordingly.

"Once optional/guideline units are elected by the insured and processed on the acreage report, the full premium, without discount is earned. However, if the acreage report is revised and the revision changes the unit arrangement, the 10 percent discount, if applicable, will be based on the revised acreage report," Lovell said.

He said the discount will apply for the 1990 crop year for 31 crops, including major Texas crops and small grains such as oats, barley, rye and wheat. The discount is implemented for qualifying crops with a filing date of June 30, 1989 or later.

He said there are no basic changes in the actual production history program for barley, oats, rye and wheat.

Lovell said farmers should contact a qualified Multiple Peril Crop Insurance representative of a local firm offering the insurance to obtain more details about the above as well as other program changes and additions.

"Producers will want to study all program changes very carefully to make better-informed decisions," Lovell said.

CHAMPION HEADER - Steve White of Gail was the recent winner of the heading trophy presented to the champion of the Dawson-Borden County team roping event by the Lamesa Rodeo Association. White, formerly of Post, is employed by the Muleshoe Ranch in Borden County. (Photo courtesy of Lamesa Press-Reporter)

In the Neighborhood.....

by Lonnie Welborn

Descendants of Henry Mack and Virgie Geneva (Lawrence) Tucker met recently at Lake Brownwood's Mountain View Reunion Hall for their 11th annual reunion.

Thirty-eight persons attended the event and enjoyed card games, Forty-two, Pokeno, swimming, fishing, photo taking and visiting. On Saturday evening, an auction of items made by family members were sold with funds to be used to finance the reunion.

A business session and election, led by Larry Cummings, was held and Walter Ford was elected to serve a one-year term as vice president. Sharon and Robert Shedd volunteered to serve as food chairmen for the next reunion.

Attending this year's reunion were Juanita Tucker McBee of Brownwood; Cloves and Ada Mae Tucker and Jeff of Lubbock; Max and Doris Tucker of Clifton; Maxine (Tucker) and Jerry Conoly of Post; Sharon and Robert Shedd and Andy of Garland; Kay (Tucker) and Jerry Moffett, Patrick, Jason, Justin and Kathleen of Rotan; Debbie and Walter Ford, Heather and Coby of Abilene; Vickie (Tucker) Rutherford, Amy and Max of Clifton; Larry Cummings, Kristopher and Traci of Liberal, Kansas; J.O. Cummings and son Trey of Amarillo; Staci and Bernhard Barsuhn, Grant, Dustin and Blayne and two guests, Staci and Heather of Seattle, Washington; and Ray and Edith Ingram of Burleson.

The next family reunion will be held in the same location in 1990.

Country Peddler
If your heart is in the country, you'll want to attend the Country Peddler Show September 22-24,

when professional folk artists and craftsmen from across the United States, who faithfully recreate heirlooms of the past to fit today's lifestyles, will be at the Lubbock Civic Center to help you add the appeal of country living to your home.

In addition to quilts and pottery, you'll also find other types of functional items, including furniture - handmade wood and canvas rockers, lawn furniture and swings, tables and chairs. There will also be an excellent selection of hand-crafted countryware and accessories - baskets, textiles, carvings, pottery, paintings, potpourri, porcelain and stenciling.

Other items on display will include jewelry - necklaces, pendants and earrings; and fashion items - country dresses, collars, vests, jackets and skirts. Entertainment will also be provided during the show by The Sweet Songs String Band of Arlington, featuring hammered dulcimer and other folk instruments.

Admission to the Country Peddler Show is \$3.50 for adults and \$1.50 for children. Show dates are September 22, 4 p.m. to 9 p.m.; September 23, 9 a.m. to 6 p.m.; and September 24, 11 a.m. to 4 p.m.

Coyote Opry
The second annual "Coyote Opry" will be held in the Borden County Show Barn, Saturday, September 30 beginning at 5:30 p.m. with a country music concert featuring local and area talent.

The event will benefit the Borden County Junior Livestock Association, and will include a spaghetti supper, cornbread and beans and a pie, cake and cobbler auction.

No admission will be charged, but donations will be accepted.

Also in Borden Co.
The Borden County EMS, Extension Program Council and Extension Home Economics Committee is sponsoring a Health Fair and Blood Drive on Friday, September 22 in front of the Borden County School.

84th Birthday
Agnes Barnes Rinker will celebrate her 84th birthday on Sunday, September 24 at the home of her daughter, Tommie Jean Davis, in Lubbock. Tommie Jean and Agnes' other daughters, Laverne and Dorine are asking friends in Post who remember Agnes to help them with a card shower for their mother.

Agnes moved to Post in 1907 and lived here until 1980 or 1981. If you'd like to say "Happy Birthday" to Agnes, send your cards to:

Agnes Barnes Rinker
