Area Teachers Attend Arts Workshop

Nancy Norman, Nancy McDonald, Debbie Palmer and Marge Tannehill, of the Post schools, and Ann Chaffin, Dena Gamble, Lynn Wilke and Jane Witt, of the Southland schools, will represent Garza County at the July 10-14 teacher-training fine arts workshop to be conducted in Lubbock by the Texas Arts Council, statewide nonprofit organization for local arts agencies, in cooperation with Region XIV Education Service Center.

Post's Caprock Cultural Association will be one of the workshop's hosts, along with the Lubbock Cultural Affairs Council, the Plainview Cultural Council and the Floyd County Arts Association.

"Coordinating the Fine Arts Across the Total Curriculum" is a 30-hour, five-day hands-on training program designed to educate

teachers in how to use the fine arts in the classroom, while emphasizing the importance of arts specialists in the school system. The Texas Arts Council will conduct 22 such workshops across the state during June, July and August.

Workshops will be led by teams of arts specialists, one each in music, visual arts and creative dramatics, using a format developed by the Center for Learning Studies in Houston. Teachers will participate in hands-on activities in music, visual arts and creative dramatics and learn how to coordinate these essential elements across the curriculum to enrich the teaching of other basic subject areas as well.

"We are very excited about this program," said TAC President Peter Fox, adding that although the State of Texas has mandated that

fine arts essentials be taught in the public schools, depleted state and local funds have made this task a difficult one in many communities.

"Too often there are no arts specialists in the critical lower grades, and the task of teaching fine arts falls to classroom teachers with little or no specialized training in teaching the arts. We feel that this program is meeting an immediate educational need in our state which is not currently being addressed in any other way, and will underscore the need for arts specialists in the lower grades," Fox added.

The course has been accredited by the Texas Education Agency for 30 hours advanced Academic

Training (AAT) credit which can be applied toward the career ladder. Graduate credit is available from Texas Christian University in Fort Worth upon completion of additional work.

Locally, the Caprock Cultural Association has collected funds to supply the teachers with the necessary workbooks and supplies, and CCA members will be present at the workshop to help with registration, refreshments and scheduling.

CCA financial supporters for the Arts in Education Workshop include Southland School Board, J. Ray Dickemper of Lubbock, Mr. and Mrs. Peter Heydon of Ann Arbor, Michigan, Post Chamber of Commerce and Wallace Lumber.

Summer Festival will Spotlight 'The Tempest'

The Garza Theatre takes great pride in presenting its 1989 Summer Shakespeare Festival production July 20-23 and July 27-30, one of William Shakespeare's finest comedies and romantic adventures, "The Tempest."

For the first time in his career, designer-director Will McCrary will step into the role of "Prospero," and as his daughter, "Miranda," Cheryl Thompson will return for her third leading role in a Shakespeare Festival production.

Weather Takes Heavy Toll on Texas Cotton

From the High Plains to the Coastal Bend, unfavorable weather is taking a heavy toll on the Texas cotton crop.

In some areas, it's a matter of too little rainfall, while in others it's too much moisture, hail or wind which is causing the problem for the state's \$1.3 billion cash crop.

Parts of the state have been spared - up to now - from the erratic weather. Among these areas are the "pima pocket" around El Paso, parts of the Rolling Plains and Central Texas Blacklands and some of the Rio Grande Valley.

But the high production areas of the High Plains and West Texas, which annually account for more than half of the state's cotton crop, literally have taken a beating, report county agents and crop specialists with the Texas Agricultural Extension Service.

The 25 High Plains counties around Lubbock, in which some 2.7 million acres have been planted to cotton, have lost an estimated 200,000 acres to thunderstorms, hail and winds in the last few weeks. Hale County alone lost 100,000 acres of the 190,000 planted a month ago.

Not only the severity, but the timing of recent heavy rains and hail across much of the state has cotton farmers in a squeeze, according to Extension Service cotton specialists.

It is too late to replant cotton and expect it to mature and provide a profitable yield in many of the storm-ravaged areas of the High Plains, said Dr. James Supak, cotton agronomist at Lubbock. Yield expectations decline sharply when cotton plantings are delayed beyond the optimum planting periods. For this reason, farmers participating in federal crop insurance programs aren't required to plant cotton after pre-determined cutoff dates.

On the High Plains, for example, the cutoff dates for counties in the northern sector were June 1-5;

Post's Little League Red Sox baseball star Jeffrey Redman, making his fourth appearance on the Garza stage, will enact one of Shakespeare's most famous roles, that of "Ariel," spirit servant of "Prospero." And as the juvenile lead, "Ferdinand," Danny Leach will make his West Texas stage debut.

Making their first appearances on the Post stage will be a trio of villains: James Bell as "Alonso," Charles Somerville as "Gonzalo" and Patrick Conner of Lubbock as "Antonio." Joining them will be Garza Theatre veteran John McCullough as "Sebastian."

The three young comics of the production will be Mike Nedela as "Caliban," Troy Timms as "Trinculo" and Junior Armendariz as "Stephano."

Also appearing in key supporting roles will be Ab Gutierrez, Russell Benham and Cole LeBlanc. During the second act, Mandy Swafford and Michelle Smith of Slaton and Roxa Hutchins of Southland will appear as the three goddesses, "Iris," "Ceres" and "Juno."

On stage in several scenes and enriching the spectacle will be 24 members of the Garza Theatre Summer Children's Theatre Workshop.

Call the Garza theatre box office at 495-4005 for information and reservations. The box office is conveniently open Monday through Saturday from 10 a.m. to 4 p.m.

Dickens Electric Refund Total Largest Ever

Dickens Electric Cooperative has announced that the Cooperative's capital credit checks have been mailed. The capital returned to those who were members of the Cooperative in 1970 totaled \$135,693.96.

The checks were sent to 1332 persons and businesses. The recipients will receive checks in a prorated amount according to the patronage they contributed during that year.

The amount of each individual check is determined by totaling the revenue left over after all expenses, then dividing it among those who used the service at that time on a patronage basis.

The members who used more electricity will receive larger checks while those who used less power will receive smaller checks, according to what percent of the Cooperative's total revenue they contributed.

A six-weeks project to tear up 8th Street from Broadway to Avenue S is expected to get underway this week as a part of the U.S. 380 resurfacing project from Post, west to the Lynn County line.

This week Post received its share of the 500 million new "Susan B. Anthony dollars" issued by the government.

S.H. (Sonny) Hart, son of Mr. and Mrs. Boy Hart, has been named president of the Farmers' State Bank of Ingalls, Kansas.

City Manager Pete Maddox said that the city is now spraying two nights a week to rid the town of mosquitoes.

A sportsmanship trophy went to Karl Gerner, and player award trophies went to Dustin Ammons, Greg Benham, Mike Wells, Trey Jones and Lex Dunn during the final game of the Minor League teams.

Funeral services were conducted Sunday for Loree Thaxton who came to Post over a half century ago to teach in the local schools.

Governor Bill Clements' veto of county road funding by the state is going to hit Garza County right in the pocketbook - to the tune of \$13,475, Judge Giles Dalby has announced.

20 Years Ago

Funeral services were held July 3 for Elton Nance, member of a pioneer Scurry and Garza County ranching family and a resident of Justiceburg since 1905.

Dr. William C. Wilson officially began his medical practice in Post, just one day before Dr. Harry Tubbs left on a month-long vacation.

County Agent Syd Conner was installed as president of the Rotary Club.

Rev. and Mrs. Roy Shahan were honored with a reception on their golden wedding anniversary in San Angelo's Immanuel Baptist Church. Rev. Shahan is a former pastor of Post's First Baptist Church.

Billy Max Gordon and Duke Altman fired a 55 to win the partnership handicap low-ball tournament at the Caprock Golf Course.

Babe Ruth League's first annual Jimmy Dooley Sportsmanship Award went to Reginald Moore and the Batting Championship Award to James McAfee in the league's closing ceremonies Friday. Both Moore and McAfee are members of the league champion Indians, sponsored by Wilson Bros.

Darrell Stone and Don Collier will leave July 20 for a six-weeks tour of Europe sponsored by the Foreign Study League.

The third time has proved a charm in efforts to get city mail delivery service in Post. Postmaster Harold Voss was officially informed Saturday that establishment of city mail delivery here has been approved the Post Office Depart-

ment. Voss said mail deliveries can be expected to start in "from 60 to 90 days."

The city of Post has asked the Rev. Almon Martin to undertake a thorough house numbering of all the residential areas of Post in advance of inauguration of mail delivery here.

The members of the American Legion Post 270 will become the first local group to fly the new 49-star flag when they raise it to the top of the Legion Hall Saturday morning.

Manna Square

by Jan Herring Crawford

Hope your 4th went with a bang! I am writing once again from beautiful MANNA SQUARE. There has been a smoke screen over short term growth in downtown Post for these past 18 months. Why? I am going to do my part to help blow it away!

Della Cockrell is opening her delightful party shop, The Balloon Post at #5 Petticoat Lane, MANNA SQUARE. When you need great ideas for a birthday party, wedding reception, surprise party, any gala, Della is now here to provide you with your entertaining needs. Her enthusiasm is contagious and I am excited too! Go in, meet her and welcome her to our community.

When I think of all the opportunities looming in the near future for MANNA SQUARE I nearly get speechless (you notice I said nearly). Just to think of all shops filled with new and interesting merchandise for us leaves me excitedly unnerved! We need so many things presently not available in Post.

Why not come along with Della Cockrell for a fun time! Let your entrepreneurial instincts start a new business in MANNA SQUARE. You don't have to scream your accomplishments or feel you have to prove anything but if you are well known for something you may as well flaunt it.

One does not have to look like a mountain of pepper-and-salt homespun or a stiff high starched collar to follow a modern conservative pattern of business.

Our business district is VERY UNBALANCED now but could become better equalized as we grow with TOURISM. We need new blood, new ideas to get out of our old rut. NOTE: I am still optimistic!

One merchant has said, "Post has a Main Street Project but no Main Street. How sad! The heart has been knocked out of it and spirits are at a low ebb." Bah! Things can happen to us only if we allow them to happen. So, merchants, change gears, get busy and FIGHT for TOURISM. A small town business district cannot survive without people. If there is people-flow there will be jobs!

The recent attempted coup d'etat jolted us out of our lethargic state which is good. A feudal situation makes for NO-WIN. NEITHER SIDE WINS. The town is the loser.

Our chief objective should be growth and progress for Post. Let us all raise our aims to the greatest level of concern and get on with what is left of the Main Street Program. Who turned its burner out? We were led to believe Post would shoot for TOURISM when we first were accepted into the project. In fact, some people moved here for that very purpose. I understand there is pro and con about this situation, fear too. We have a lot to offer this nomadic group so let's get poised to help turn the tide for TOURISM. It is inevitable.

Week of Golf Benefits American Cancer Society

A unique golfing event to benefit the Texas Division of the American Cancer Society, The "Longest Week of Golf," has been set for July 8-15 at golf courses across Texas.

The "Longest Week of Golf" hopes to raise over \$100,000 to benefit programs of the American

Cancer Society. The event is open to every player in Texas and their friends who want to come and enjoy golf for a good cause. Golf foursomes will play as many holes as possible from sunrise to sunset in one day in the week in order to raise funds for programs of the American Cancer Society.

"Almost one in three persons will be diagnosed with cancer in his or her lifetime. Through events such as the "Longest Week of Golf," we are hoping to make an impact in this statistic by providing the necessary funds to fight the disease. The money raised by the American Cancer Society is used to provide assistance to cancer patients right here in Texas, as well as to support major cancer research," said Myron Dees, Chairman of the American Cancer Society Golf Committee.

"Because of the efforts of the American Cancer Society and all those who battle against cancer, we are looking at almost half of all patients surviving. Earlier detection and treatment could save even more lives - proof that we need to increase the programs of the American Cancer Society," he said.

"The American Cancer Society is helping persons in every community in Texas because it is a community-based organization. So we are encouraging everyone to support all the local efforts to raise funds," he continued.

The American Cancer Society is active in providing education to the public as well as to health professions on cancer, its symptoms, treatment and prevention. It is a volunteer-based organization, relying on volunteer efforts of fund-raising and education as well as service and rehabilitation to cancer patients.

To sign up for the "Longest Day of Golf" or to be a sponsor, call you local American Cancer Society, or 1-800-ACS-2345.

Things they never told you about a heat pump.

Fact # 4

When you hear a sales pitch for a heat pump this summer, you need to think ahead to next winter.

A heat pump does such a poor job heating in our raw West Texas winters, they have to hook it up to a furnace to keep your family from being miserable when it gets cold.

After all, if your furnace has done a good job keeping your family warm all these years, does it make sense to attach something to it that doesn't work anywhere near as well?
