'Lopes Win Bi-District

Win 6-6 Edge Over Crane with Penetration Tie-Breaker

by Wes Burnett

The Post Antelopes will advance to the Area Championship game this week against Canyon, following the Bold Gold's 6-6 penetration-edge win over District 4-AAA Champion Crane at Seminole last Friday for the Bi-District Championship.

The Antelopes won the Bi-District game in a heart-stopping come-from-behind touchdown drive in the final minutes of the fourth quarter and edged out the Golden Cranes for the trophy with a five-to-two margin of penetrations inside the 20 yard line as the tie-breaker.

"It was just great...just great, what a fantastic bunch of winners these kids are," Post Antelope head coach De-

wayne Osborne exclaimed following the exciting finish at Seminole.

A blustery, cold north wind whipped across the field, chilling the hundreds of fans and creating problems for both offensive teams during the first half.

Leading in penetrations late in the game, the Antelopes could not muster a drive to the end zone, and with 5:55 left in the game, the Golden Cranes hit paydirt on a three play drive, highlighted by an 75 yard pass and run play from quarterback Mark Sanchez to tight end Rodney Lane on second down from the Crane 19 yard line. On first down from the five, tailback Jason Pettit scooted outside his left end between two Post defenders into the end zone. The point after attempt failed and

the Antelopes literally had their backs to the wall.

Matt Holly took the kickoff at the 15 yard line and handed the ball to Darren Brown who went right to the 37.

With 5:45 on the clock the 'Lopes went to work on the game-winning drive.

Lannie Lee broke through a tackler to the Crane 44 for a first down. Floyd Slay tried right guard for no gain, then Rance Sappington rolled to his right and completed a pass to Lee at the 40.

On third down Jamie Perez went over right tackle, pushing his way to the 35, setting up one of the key plays of the game with fourth down and two.

Perez got the call again over left

tackle, plowing his way to the 31 and a critical first down...time was running out.

On first down Perez went over right guard to the 24 and on second down Post fans were electrified, temporarily forgetting the cold, as Sappington ripped off a pass to Bobby Blair, who caught the ball on the run across the middle at the 15 and dragged a defender to the six for a first and goal with less than two minutes left in the game.

Perez clawed his way five yards to the one and on second down Lee got nowhere over right guard, setting up third down. Tension mounted as the

Garza County Target for New Youth-Elderly Program

Project Y.E.S. (Youth Exchanging with Seniors) is a program that partners the resources, talents and energies of the youth of the community, through 4-H Clubs and FHA organizations, with the elderly in rural areas. The pilot program, funded by a \$254,000 grant from the Robert Wood Johnson Foundation, Princeton, NJ, will cover a 20-county rural region of West Texas, including Garza County.

The Y.E.S. Project would supply and deliver social, health care and functional long-term daily living services for the area's 58,220 Seniors aged 60 plus. Functional daily living needs include the performance of routine activities such as: personal care, homemaker and chore services, eating and transportation, financial management and social interactions.

With tax dollars diminishing and philanthropic contributions being stretched by inflation and growing demand, states such as Texas (with the fifth largest aging populace) must develop alternative care strategies. Programs that help the elderly with maintaining independence and secure living options for as long as possible must be explored as alternatives to institutionalized care. Nursing home care is costly and often demoralizing for individuals who could remain in

policy 14.23:

"All transportation of students on school sponsored trips must be made in school owned vehicles, using state certified drivers. The Post Independent School District, the board of trustees, individual

Abduction Attempt Evidence Will Go to Grand Jury

No arrest has been made in the alleged October 27 attempted abduction of a seven-year old Post girl, but evidence gathered by the Garza County Sheriff's Department will be presented to the grand jury for a decision on an indictment in the case, according to Garza County Sheriff Freddy Cockrell.

The sheriff's department picked up a suspect shortly after an abduction attempt was reported October 27, but at that time District Attorney Ricky Smith ruled that the man could not be held since there was no positive identification made. The suspect later refused to take a lie detector test Sheriff Cockrell said.

members of the board and the superintendent of schools will not assume any liability for the violation of this policy."

The board also gave tentative approval of expenditures for play-off money for play-off expenses.

lapping daily needs which affect the total well-being of rural elders. The ultimate goal of this proposed project is to meet the needs of elderly and youth in rural communities through initiating ongoing interchange of the resources possessed by each group.

The 10,199 4-H members and 1,837 FFA members in the area are natural groups to develop as rural community-based human service providers for Project Y.E.S. Each organization is service oriented and enjoys a long and rich heritage in its dedication to the development of rural youth as involved and responsible community members and leaders. As such, they have earned the respect and acceptance of their rural elders, many of whom have themselves spent years of personal

Caprock Photographers Elect Officers

by Louella Bilberry
Caprock Photographers met November 7 with five members present and Bill Mueller presiding. In the absence of the secretary, the reading of the minutes and a treasurer's report were waived.

Old business consisted of talking over the photography show. We didn't break our record for number of entries, but we did come close. Of the 40 photographers who entered, nineteen of them were winners of ribbons. Next year we hope to have a "pick-up" station in Lubbock for the convenience of area

photographers who want to enter the show. We would be saving them one trip down to Post.

While on the subject of the show, we wish to acknowledge Bill Mueller for his hard work in organizing the show, Judy Weaver for publicity in this area, Marie Neff for getting the Purchase Awards and decorating for the show, and Carlene Kyle for the refreshments for the reception on Sunday. Thank you, Post Dispatch, for publicizing our show!

New business consisted of electing officers for the coming

year. Bill Mueller read the slate of nominees, which was seconded by Judy Weaver. Officers for the coming year are: Louella Bilberry, president; Bill Mueller, vice president; Joe Miller, secretary/treasurer; Judy Weaver, program chairman; Ed Neff, education director; Carlene Kyle, reporter; and Marie Neff, telephone chairman.

Bill extended an invitation to the club from the Lubbock Camera Club to be their guests November 14. He also had applications for membership in the Texas Photographic Society, Inc., of Austin. The TPS will be holding a workshop in Lubbock on April 7 of next year.

Environmentalists and Farm Bill Development

from Plains Cotton Growers, Inc.
Agricultural interests, to a degree, were caught napping in 1985 when environmental activists inserted "sodbuster" and "swampbuster" provisions into that year's Food Security Act.

Other than care requirements on set-aside acreage, that was the first time in the history of farm programs that soil conservation measures were mandated in farm law as a condition of eligibility for program benefits. And that was just a beginning.

As development of the 1990 farm bill gains momentum, the environmentalists are out in force, their appetites whetted by the 1985 success and their cause elevated almost to motherhood status by skillfully orchestrated public concern for food safety, air and water pollution, acid rain and a questionable prospect of global warming from ozone depletion. Their major objective, it appears, may be to tighten the sodbuster and swampbuster sections of the 1985 law while adding a "chemical-buster" section in the 1990 act. If left to write the law on their own, many believe the use of agricultural chemicals in production agriculture will be on the way out.

This subject was addressed at a recent Plains Cotton Growers, Inc. Board meeting in Lubbock by Frank Jones of Lamesa. Jones is a long-time PCG director who also serves as Chairman of the National Cotton Council's Environmental Task Force. The NCC group, Jones said, is closely monitoring various environmental legislative initiatives and, the political climate being what it is, has agreed that simply being against the proposals will not be enough.

Instead, Jones told the Board, "Agriculture has got to be FOR something." As an example of proposals threatening agriculture, he used a food safety bill introduced by Henry Waxman (D-CA) and another offered by Representative George Brown (D-CA). Both are efforts to impose on producers substantially more restrictive procedures for regulating chemical use without due regard for the adverse effect on maintaining the production of an abundant, healthy, reasonably priced food supply. Yet both have the support of the U.S. Department of Agriculture and the Environmental Protection Agency.

As an alternative, Jones said, his task force and the NCC will support legislation introduced by House Agriculture Committee Chairman Kika de la Garza (D-TX) and ranking minority member Ed Madigan (R-IL). The bill, by amending two current laws, would establish a new and less cumbersome process for pesticide rulemaking. It would also add a consistent and uniform method of evaluating pesticides and removing from the market those proven hazardous.

Thirty-nine members of the Agriculture Committee are original sponsors of de la Garza's bill which, in his own words, is aimed at the Committee's top priority "restoring public confidence in the safety of our food supply."

To that, Jones would add, "...without denying producers the use of perfectly safe chemicals we need to stay in business."

Come-from-behind win shows determination and conditioning...

(Continued from Page 1)

team broke the huddle, Sappington turned and handed the ball to Lee, who shoved his way over right guard behind Mike Brogden and Keith Holly, just inches across the goal line for the score.

With 1:18 left in the contest, the score was knotted at 6-6, Sappington's kick went ever so slightly to the left, giving the 'Lopes a technical edge on penetrations.

But there was no let-down from the fans, who had seen a few minutes earlier how quickly Crane could score.

Ricky Flores ran the kickoff back to the Crane 32, and with 1:12 left on the clock the Cranes started a two play drive that included a first down pass to Pettit to the 44, and after calling time out with 1:04 left, the Cranes came to the line of scrimmage.

Sanchez rolled to his left with Bill Rankin and Trey Jones in his face and a hard-charging Jimmy Holleman coming from the backside. Sanchez released the ball, only to see Bobby Curtis step in front of the receiver and seal off the Antelope win.

Curtis returned the interception down the left side to the Post 17.

From there it just a matter of running out the clock as the Antelopes took possession with only 51 seconds left in the game.

Defensive Highlights

The Antelope defense held off a determined first quarter surge by the Cranes, when a fourth down field goal attempt from the five yard line was high and short. Crane drove the ball following the opening kickoff from their own 48 yard line. Pettit got the Cranes to the seven yard line before the 'Lope defense settled down. Two delay of game penalties set the Cranes back to the 17, then on second down Felix Torres took the delayed handoff over left guard to the 13 and on third down Pettit caught a pass to the five, setting up the fourth down situation.

The 'Lopes counted with a drive to the Crane 23 before running out of downs. Two plays later Perez hit Ricky Flores at the Post 41, the ball popped loose and into the hands of Victor Chapa to give the offense another try.

Six plays later from the Crane one yard line, a pitchout from Sappington to Lee was fumbled and the Cranes took over from there early in the second quarter.

A strong defensive stand held the Cranes inside the five yard line and Brown took the punt at the 40, returning it to the 19. Jay Whitehead's sure tackle of Pettit on second down at the one was a key defensive effort.

A pass to Kevin Williams went incomplete, but a flag penalizing the Cranes for pass interference set the ball at the six. Brown went around right end to the five and personal foul penalty on the Antelopes put the ball back to the 21, three plays later Crane got the ball back at their own 23.

Two penalties aided the Crane drive, but on first down from the Post 44, Felix Torres was hit hard by Chapa and Rankin fell on the ball for the Antelopes at the 39.

Eight plays later a pass to Rankin went incomplete and the defense trotted onto the field again.

Sappington and Roger Adams took Pettit down at the 38, then Adams almost intercepted a pass intended for Coury Jones, after getting a first down, the Cranes threw two incomplete passes and punted on fourth down.

Neither team could mount a threat as time ran out in the first half.

Failing to capitalize on the opening drive of the second half, the 'Lope defense went to work again and in two plays Curtis scooped up the ball for the Antelopes at the Crane 22 when Ricky Flores dropped the ball.

The offense moved to the Crane 18 before turning the ball over on an interception by Lane at the 26.

Just as tenaciously, the 'Lope defense, led by Perez, Brown and Rankin, forced the Cranes to punt on fourth down from their own 41 yard line. The Cranes got the 16 yard line, but were thrown back by a clipping penalty.

At the beginning of the fourth quarter, the 'Lopes faced a fourth down and Rankin punted to the end zone.

Brown, Perez and Sappington teamed up on key plays to force another Crane punt four plays later.

The gave the ball seven plays later, punting from their own 47 and Crane began their touchdown drive from the 14 yard line.

Details of the Area Championship game with Canyon will be featured in Wednesday's edition of The Post Dispatch. Canyon, District 1-AAA runner-up, defeated District 2-AAA champion Floydada 17-14 to advance to the Area game.

NO, THIS IS NOT YUL BRYNNER - Post Antelope head coach Dewayne Osborne is a man of his word, just ask the players who shaved his head following the 49-22 win at Slaton last week. Osborne told the players that a 20 margin win at Slaton would be reason enough to allow a clean shaven head to be exposed to the winter air during the playoff season.
