Founders' Day Dinner and Dance Celebration features food, auction and music

by Wes Burnett

The big question around here is, "what to wear" to the big Founders' Day Celebration Dinner and Dance, the "Black Tie and Boots" event which features an all you can eat buffet, live auction, silent auction and music by the popular Jody Nix, all at the Dalby Ranch overlooking the Brazos River. The solution to the dress wear really is simple, do what the cowboys do, starch that favorite western shirt and jeans, or if you're inclined, put on a tux shirt for the "black tie".

Deadline for purchasing tickets for the event, which starts at 7 p.m., Friday, October 12, is Monday, October 11. Tickets may be obtained by contacting Wanda Mitchell at 495-4157.

Among the items for auction is the commemorative painting by Durwood Campbell, depicting the laying out of Post City by C.W. Post. Campbell spent a lot of time researching the history of C.W. Post and the early days of setting up the town to capture the spirit of the venture.

Other auction items include Amish tradition miniature quilt, sculpture, hand-crafted pottery, spurs, engraved pistol and original clothing. The silent auction includes a party at the Rocker A Ranch, leather gun case and hand-crafted candlesticks.

Tickets for the evening are \$20 per person.

The evening will include introduction of the Pioneer Lady and Gent.

Balloting for Founders' Day Pioneer Lady and Gent continues this week as Garza County residents are putting the name of their favorite lady or gent on the box top of a Post Cereal product and dropping it off at any of the participating Post merchants.

Remember, one box top, one vote. Write the name of your choice for Pioneer Lady on a box top, then the name of your Pioneer Gent on another box top.

The nominees for Pioneer Lady and Gent are Evelyn and Barney Jones, Ade Cook, Ruby Kirkpatrick, Sue and Quannah Maxey, Alma and Joe Williams and Faye and Preston Mathis.

Founders' Day activities open Sunday, October 7 with the Garza County Museum open house, and if you haven't been to the museum lately, you're in for a real treat. The museum board of directors have been working long and hard. This week I visited the museum and found a wealth of treasures on display, and heard more than one Lubbock visitor express surprise at the range of selections about the history of Post and its founder C.W. Post.

The museum open house will be from 1 to 4 p.m., then throughout the week it will be open from 10 a.m. to noon and 2 to 4 p.m.

The annual Double U Bull Sale gets things started Wednesday at the Double URanch at 11:30 a.m.

Thursday the Post Art Guild honors local artist Marie Neff and Ben Miller with a reception and preview showing from 7 to 10 p.m. at the Algerita Arts Center. Their works will be on exhibit to the public starting Friday from 9 a.m. to 6 p.m.

Also Friday the fourth annual celebration dance will be held at the Dalby Ranch. Tickets for the 7 p.m. dinner and dance to follow are \$20 per person. The "Black Tie and Boots" dinner and dance celebration will feature music by the popular Jody Nix.

The world's largest breakfast table, complete with favorite Post Cereal products and milk will be served free of charge on West Main Street, (east of the courthouse) beginning at 7:30 a.m.

Also Saturday morning, the Southwestern Championship Junior Rodeo Reunion breakfast, which begins at 8 a.m. at the rodeo grounds. Tickets for the breakfast are \$3 per person.

A hot air balloon extravaganza will take to the skies at approximately 8 a.m., with balloons lifting off from West Main Street (west of the courthouse).

The Post Century Plus Bike Ride will get underway at 8 a.m., departing from West Main Street.

Other Saturday events include the Art Guild's Neff and Miller art exhibit, the Caprock Cultural Association sponsored Main Street art exhibits, cowboy poetry and songs by Alvin Davis at the Garza Theatre with free shows at 10 a.m. and 11 a.m.

Changing our way of life...

The following is the continuation of a series of articles provided by the Women's Division of the Post Chamber of Commerce as part of an awareness program on protecting our environment. The articles are designed to inform Garza County residents of the importance, necessity and benefits of recycling.

Why Recycle?

As a nation, we dispose of more than 150 million tons of municipal solid waste each year. This means every day each American creates an average of five pounds of such waste. Most communities provide a collection system and disposal method for discarded waste, but it is expensive. Solid waste management ranks third only after schools and roads in most municipal budgets.

Recycling is only a partial solution to the solid waste management problem, but it is a phase in which every citizen can become involved. There will always be a need for landfills; however maximizing the separation of recyclable materials offers the highest and best use of our waste and should receive a top position in priority lists for proper solid waste management.

Benefits of Recycling

Recycling provides many benefits:

- * Conservation of natural resources and the reduction of the demand for both foreign and domestic raw materials.
- * Conservation of landfill space by reducing the amount of municipal solid waste.

and the winners are...

Three contestants correctly picked all but five games in last week's Dispatch Football Contest, and the winners were chosen based on the tie-breaker.

The first place winner was 13 points off the actual score of the NY Jets at New England contest of 37-13.

The names of the winners are published each week on the Football Contest page, which includes rules for entering. This week the Football Contest is on Page 14.

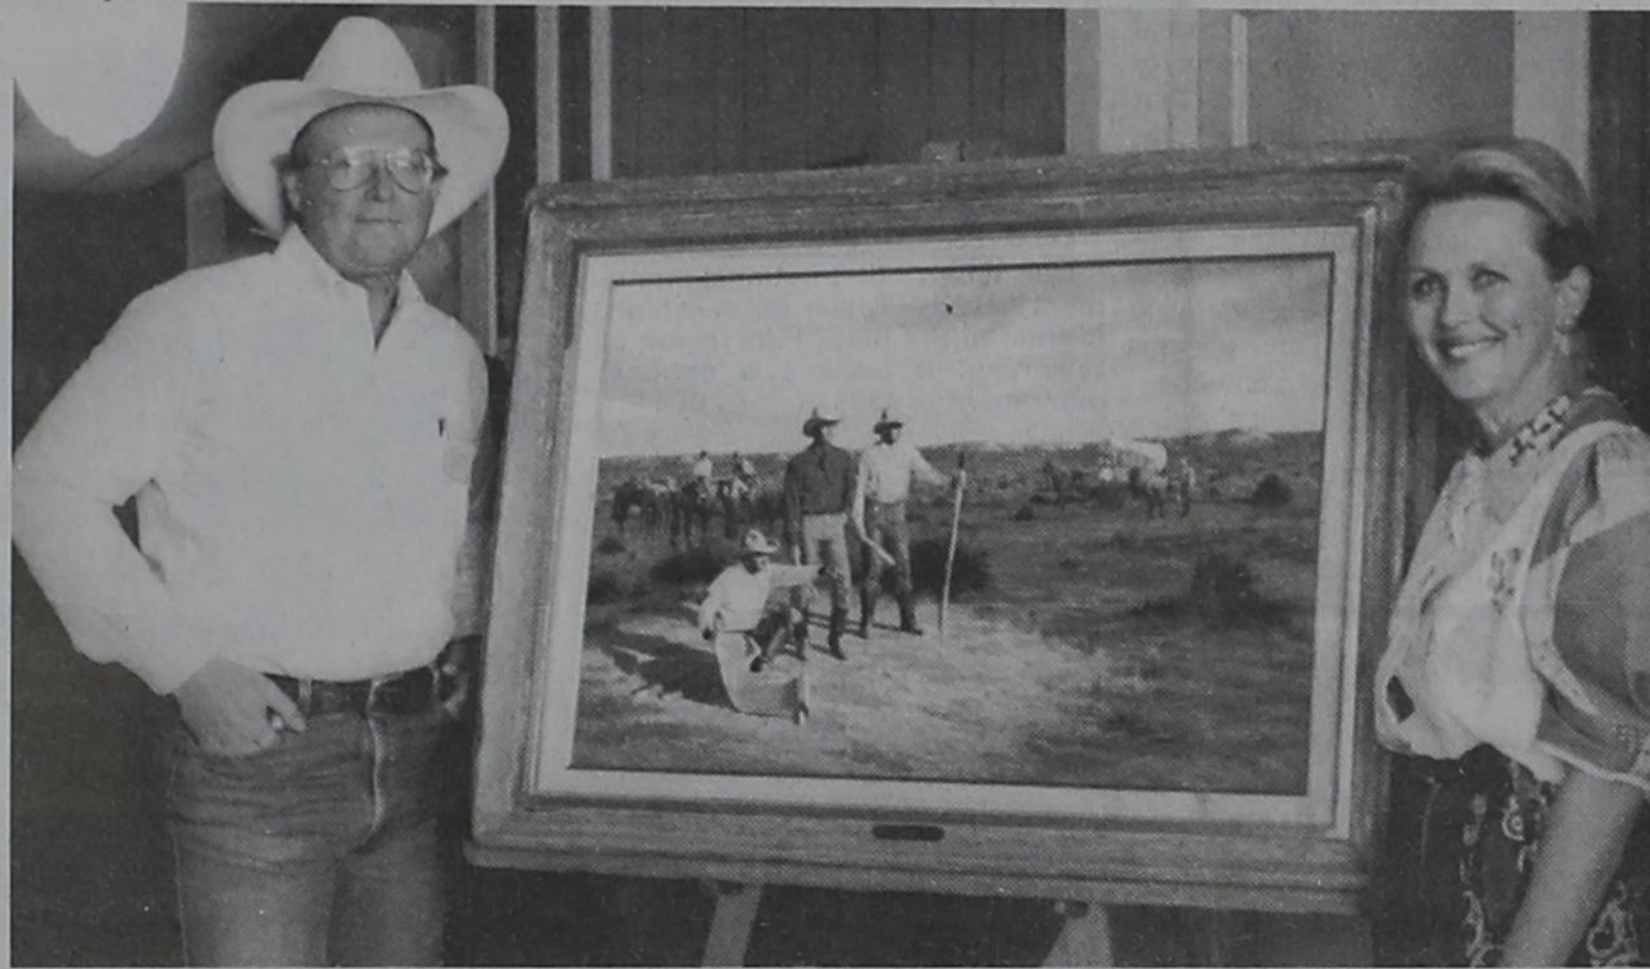

That's where you'll find the names of this week's winners of a total of \$75 in "Post City Bucks", which are redeemable for merchandise or services at any of the Football Contest participating merchants.

Founders' Day Ranch Competition starts with the chuck wagon meal at noon, followed by the competition at 2 p.m. at the Post Stampede Arena.

The Founders' Day Slab Dance begins at 8 p.m. with music by Jody Nix.

Sunday the museum exhibit continues, along with the Post Art Guild's exhibit and the Ranch Competition.

This Founders' Day has a full week of activity and something for everyone.

C.W. LAYS OUT THE TOWN - Western artist Durwood Campbell (left) and Patty Kirkpatrick display the special painting depicting C.W. Post looking over what would become the city of Post. Campbell's painting will be auctioned at the Founders' Day "Black Tie and Boots" celebration dinner and dance, Friday, October 12.

Post Art Guild show features Marie Neff and Ben Miller

The Post Art Guild will present an exhibit and sale during Founders' Day, featuring the works of Marie Neff and Ben Miller.

The exhibit and sale will be held at the Algerita Art Center at 131 E. Main. Gallery hours will be Friday and Saturday, October 12 and 13 from 9 a.m. to 6 p.m. and Sunday, October 14 from 1 to 5 p.m.

Marie has spent most of her life on the ranch, which has led her to paint the subjects she knows best. Familiar, yet ever changing scenes, provides unlimited subjects to photograph or to paint in oil or watercolor. When not at her easel, Marie shares her talents by teaching children and adults.

Ben lives in the ranching country of Borden and Garza Counties, near Fluvanna. He is a fourth generation rancher and still operates part of the family ranch established near the turn of the century. Inspired by the natural beauty of the Caprock Escarpment and its rich heritage, Ben recaptures the "Old West" as well as the modern ranching way of life with extraordinary realism in bronze sculpture.

Lions Club sponsors 'Magic Show' to benefit eye glass program

A magic show, entitled "The Magic of Sebastian," will be presented by the Post Lions Club Saturday at the Elementary School Auditorium, beginning at 7:30 p.m.

The award winning magician "Sebastian" has entertained young and old alike from New Mexico to Connecticut with mysteries such as the "Chinese Chopper," "Houdini Trunk," "Salute to the Red, White and Blue," "Garden of Flowers," "Sawing a Lady in Half" and the most beautiful of illusions, the "Floating Lady."

The 90 minute show features beautiful costumes, music, mystery, laughter, doves and, of course, a rabbit.

Ticket prices are \$2 for children and \$3 for adults, paid in advance, or at the door \$3 for children and \$4 for adults.

Lino DeLeon is president of the Post Lions Club and Paul Jones serves as secretary.

Meals on Wheels needs United Way support in its program

by Wes Burnett

Meal on Wheels, which serves approximately 700 meals per month to Garza County elderly, has requested \$1,000 this year from the United Way campaign.

Because the campaign fell short of its goal last year, all of the participating units have seen a reduction in the amount of money to be made available. So this year, Meals on Wheels will receive \$750, if the fund raising goal of \$15,300 is reached.

Every unit which is served by the United Way will benefit proportionately if the goal is exceeded, the downside is that if the goal is not reached, the same proportion of reduction in assistance will be felt.

Meals on Wheels serves "people who are shut-ins for all practical purposes," county director Donald Windham says.

Garza County 4-H youth and leaders observe National 4-H Week with achievement banquet Saturday

The Garza County 4-H Achievement Banquet will be held Saturday at 7 p.m. at the Post Community Center as youth and leaders observe National 4-H Week, "Celebration of Choices."

In addition to the "pot luck" supper, the program will include presentation of awards to youth and adults, and special recognition of 4-H program supporters.

The evening begins at 7 p.m. Families of 4-H members are requested to read the newsletter which was mailed last week. Those planning to attend the banquet should call the extension office at 495-2050 by noon, Thursday, October 4.

In observance of National 4-H Week, a special salute to the youth and leaders is published in this issue of The Post Dispatch in cooperation with community-spirited sponsors.

Obituary

Ruby Browning

Funeral services were held Wednesday, September 26, 1990 at the Fluvanna Baptist Church for Ruby Sarah Browning, 92, of Snyder, Texas. The Rev. Miller Robinson of Snyder and Rev. Tommy Harbin of Rotan officiated. Burial was in the Fluvanna

Cemetery with Bell-Cypert-Seale Funeral Home in charge.

Mrs. Browning died Monday, September 24, 1990 in the Rotan Nursing Center in Rotan, Texas.

She was born May 3, 1898 in Nolan County and was the daughter of James Wesley Sanders and Rhoda Jane Brandon. She lived

most of her life in Scurry County. She lived in Post from 1916 - 1919. She married James (Jimmy) Browning on May 21, 1921 in Scurry County. He preceded her in death on March 1, 1979. She was a housewife and was able to live alone after her husband's death until a month before her death. She was a member of the Baptist Church.

She was also preceded in death by two sons, Johnny Sam Browning and J.H. Browning; two brothers, Bill and Sam Sanders and three sisters, Vanette Day, Annie Williams and Bonnie Wren.

She is survived by three daughters, M.J. Merritt of Snyder, Ruby Nell Parks and Pat Kelly of Rotan; four sons, James (Temp) Browning and Nealy Don (Rusty) Browning of Post, Ellis Mac (Dick) Browning of Snyder and Billy Ray Browning of Dermott; one sister, Evelyn Jones of Post; one brother, Ellis Sanders of Abilene; 13 grandchildren and 10 great-grandchildren.

Grandsons Obie Kelly, Jr., Dale Helms, Nathan Kelly, Micheal Browning and Tiny Browning served as pallbearers. Honorary pallbearers were Stacy Browning and Dickie Wayne Browning.

Tex West and Friends gives Founders' Day Celebration extra touch of heritage

The Caprock Cultural Association, in conjunction with the Founders' Day Celebration, is offering two special free shows at the Garza Theatre, Saturday, October 13, featuring nine talented West Texans in "Tex West and Friends."

The shows, which will be emceed by Alvin G. Davis (Tex West), will start at 10 a.m. and 11 a.m. Poetry, song, music and storytelling will come from Dennis Gaines of Matador, Cecil Caldwell of Lubbock, Jack Douglas of Littlefield, Hiley Boyd of Shallowater, Kris Krahn of Lubbock, Andy Wilkinson of Lubbock, John Gaither of Guthrie, Chris Vandertwin of Lubbock and Burney Chapman of Lubbock.

Davis, formerly of Post, is executive vice president and general manager of the Ranching Heritage Association of Lubbock. His readings of his works have made him a popular speaker at a variety of gatherings. Davis harks back at times to the naturalistic tone of the traditional cowboy poets, but often he focuses his wit on modern problems, viewing them from the cowboy's whimsical perspective.

Gaines, a full time working cowboy at the Matador Cattle Company, says "I don't suppose it can be said that I have a hometown as such, having spent my formative years (for better or worse) moving to whatever Air Force base father was sent, although I did manage to graduate from high school in San Antonio."

"Somewhere in my foolish youth I made a wrong turn and wound up casting my shadow on the oilfields of East Texas, Louisiana, the Gulf of Mexico, India, Brazil, Alaska and the North Sea," he adds, "Fortunately, I came to my senses before I lost any fingers or toes and jumped ship to a safer occupation...cowpunchin'. Of course, the financial rewards of tending cattle for a living are renowned, as well."

"I have been reading classic and contemporary cowboy poetry and writing my own original verse for about one and one half years," Gaines says, "I write on a variety of topics, including history, tradition, morality, religion and cowboy buffoonery."

Hiley Boyd Jr. is no stranger to Garza County, his father was foreman for the Slaughter ranch for many years. Hiley relives the many years of ranching experience he had with his father when he "becomes" Hiley Boyd Sr., volunteer Ranch Host at the Ranching Heritage Center. He started his association at the RHC with the second Ranch Day celebration in 1972.

Because he did live in a structure exactly like the two story Long S Whiteface Camp Slaughter dugout at the RHC, Boyd finds it very easy to tell the stories that relate to that lifestyle. Besides telling the history of that structure, he often hosts the 6666's Barn and the Masterson JY Bunkhouse.

Hiley Jr is semi-retired from ranching and lives with his wife, Betty at Shallowater. He is active with his participation with the RHC in keeping with "the backbone of ranching history."

Letter to the Editor

Dear Editor:
I would like to take this opportunity to amend the thank you I put in your paper months ago to all the people of Post who gave me so much moral support, prayers, and so many other things that came out of their concern and caring.

I left out the four most important people in my life. My children have given me more than I could have received from any other source. They have had to be present through my moments of depression, my temper fits at a moment's notice for no apparent reason, my moments of self-pity with all the tears, and my trying to deal with the changes a head injury brings forth. It has not been easy for them, I know this.

I hope teachers and anyone else in contact with them realize what they have gone through and are going through. Yes, it is much better. The depression, temper fits, self-pity, and awkwardness are over, I think they will be stronger, more adaptable adults because of the experience they have been through.

I only hope they realize how much I love them for sticking by me and showing me their love. It has meant so much to me.

Don't take your children for granted, you never know what could happen to you, too.

Sincerely,
Kathie Hubble

Incorrect Medicine Use Can be Costly

Incorrect medicine use includes forgetting to take one or more doses, taking too much medicine at one time, or taking less medicine than has been prescribed.

The number of persons who do not comply (take medicines as they are prescribed) seems to be growing. Often the problem is deliberate. The cost of the medicine may be so high that a prescription is never filled. Almost 20 percent of all prescriptions are never brought to a pharmacy for dispensing. In addition, the fear of having a reaction to a medicine may cause some persons to not take their medicines. Still others may think that they do not really need what their physician has prescribed.

According to a recent article in the medical journal Archives of Internal Medicine, 10 percent of all hospitalizations among the elderly are related to noncompliance with prescribed medicines. In this study, the cost of treating problems caused by incorrect medicine use was more than \$2,100 per person. A study conducted by the U.S. Chamber of Commerce puts the cost of treating problems associated with noncompliance among American workers at \$15 billion annually. One way to prevent incorrect medicine use is to talk to your physician and your pharmacist about all of your medicines.

Stenholm accepts applications for service academies

Congressman Charles W. Stenholm is currently accepting applications from young men and women in the 17th Congressional District who are interested in attending one of the nation's service academies.

This December Congressman Stenholm will have the opportunity to nominate area citizens for appointments to the four U.S. academies: the Air Force Academy in Colorado Springs, Co.; the Military Academy in West Post, N.Y.; the Naval Academy in Annapolis, Md.; and the Merchant Marine Academy in Kings Point, N.Y.

Persons interested in the possible nominations should contact the Congressman's Stamford office as soon as possible. The deadline for completed application files is December 1, 1990.

To be eligible for an appointment, the applicant must meet certain requirements. The requirements are: American citizenship; good SAT or ACT scores; outstanding high school record; and good physical condition, including excellent eyesight. There is a very limited number of waivers for non-pilot candidates whose eyesight is less than 20/20.

Aside from academic achievement, emphasis is also placed on character, church and community involvement, extra-curricular activities and/or part-time employment. Applicants must be single with no dependents and at least 17 years of age, but not past their 22nd birthday upon admission into the academy on July 1, 1991.

Additional information may be obtained from high school guidance counselors or by contacting Jayne Schoonmaker in Congressman Stenholm's Stamford office at (915) 773-3623 or (915) 672-1322 or by writing P.O. Box 1237, Stamford, Texas 79553.

South Plains cotton crop production estimates

Cotton farmers here in the South Plains region, where half the state's crop is grown, are keeping an eye on the sky and sweating out the critical 10 weeks left until harvest, hoping to make the best of an already bad situation.

If the weather cooperates, the 25 counties around Lubbock should produce between 1.8 million and 2.2 million bales of cotton this year, said two cotton experts associated with Texas A&M University.

But that's still a major "if," especially if the long hot, dry spell continues, causing the cotton plants to shed many small bolls, agreed Dr James Supak, a cotton agronomist with the Texas Agricultural Extension Service, and Dr John Gannaway, a cotton breeder for the Texas Agricultural Experiment Station.

If farmers can make the high end of the harvest estimate, the 2.2 million bales will just equal the region's average annual cotton production for the 1980s.

That's not the way things started out in the spring, when farmers in the region planted 3.2 million acres and hoped for a yield of almost 3 million bales.

Drought and a prolonged period of hot weather in May and June was the first big setback.

"About 530,000 acres were abandoned due to drought," Supak said. "Another 30,000 acres were lost to hail."

July rains averted outright disaster and offered a glimmer of hope for the remaining crop. But the rains were followed by a period of cool, cloudy days that caused heavy vegetation growth rather than boll development. Then, the last two weeks of August turned dry and scorching hot.

"What we made up in the dryland area (with the rain), we lost in the irrigated crop" with the late August weather, Supak said. Last year, the region produced 1.6 million bales from 2.8 million planted acres.

The Texas Agricultural Extension Service, in cooperation with the Internal Revenue Service, is once again offering the Tax Practitioner Workshops across the state of Texas, in the Fall of 1990. These workshops are led by CPA's and attorneys who are experienced in the field of income tax reporting and planning. They provide valuable continuing education opportu-

nities for tax professionals seeking CPE and MCLE credit.

This year twenty-six General Tax Workshops, designed for practitioners who work mostly with individuals and small businesses, are offered in major Texas cities. The nearest one will be in Lubbock, on December 12th and 13th. Fifteen Advanced Tax Workshops are also offered. They are directed at the practitioner with substantial experience with individual returns, who does some business work, and feels

the need to develop more skills in business related work. One will be offered in Abilene on November 26 and 27th.

In addition to the General and Advanced Workshops, there will be four each of the Partnership Taxation and Estate Planning Workshops, and three each of the Income Taxation of Trusts & Estates and Problem Resolution Workshops. The Agricultural Tax Problems Workshop, which was introduced in 1989, will be offered this year in two locations - San Antonio and Amarillo.

We are also proud to announce a new S Corporation Workshop that is being introduced this year in response to numerous requests for a workshop on this topic. It will be offered in Austin, Dallas, and Houston.

For a brochure with a complete listing of the sixty Tax Practitioner Workshops offered in 1990, please contact your County Extension Agent, Lee Howard, at 495-2050. Or you may contact the Tax Practitioner Workshop Office, Department of Agricultural Economics, Texas A&M University, College Station, Texas 77843-2124, or call (409) 845-5446.

Xi Delta Rho hold meetings

Xi Delta Rho had their first meeting of the year on September 10th. It was held in the home of Anglea Hammond.

The members brought their high school annuals and wedding albums and had lots of fun looking back in the past and reminiscing.

Ten members were present with Anglea Hammond and Trena Woods being our hostesses.

On September 24th, Xi Delta Rho met in the home of Karen Palmer. Fourteen members were present with further discussion on Founders Day.

Hostesses were Karen Palmer and Renae Boren.

Amigos hold meeting

Mr Mark Greer demonstrated rabbit care to Amigos 4-H club members at their last meeting.

Mr Greer explained care, feeding needs and record keeping for rabbit raisers. He gave the group a tour of his rabbitry and showed them how to handle a young fryer.

Officers were installed for the 1990-91 year. The group also voted to "Trick or Treat" for the United Nations Children's Fund and to help decorate for the 4-H Achievement banquet, October 6.

Members present were Michael Sanchez, Sharline Hymes, Erma and Olga Torres, Amanda and Adrian Martinez, Adrian Gonzales, Homer and Ole Gomez, Amber Salvador, Carmela Garcia, John Barbosa, Johnny Espitia, Jakob Sanchez and managers Vera Sanchez and Mary Lynn Bell.

JODY NIX (left) and Noel White entertained guests and Founders' Day committee members at last week's Media Party, held on the ground of the Garza County Museum. Nix was performing on an original Bob Wells fiddle. He will be featured at this year's Founder's Day "Black Tie and Boots" dinner and dance as well as the at the Slab Dance during Saturday evening's Founders' Day activities at the Rodeo Arena.

Friends to host party for Ryans

Friends of Dub and Lola Ryan are extended an invitation to all to attend the celebration of their 50th wedding anniversary.

The event will be held Saturday, October 6, 1990 from 2 to 4 p.m. at the Post VFW Hall.

Ryan and the former Lola McKinney were married October 4, 1940.

The couple request no gifts please.

Fun Time Club holds meeting

The Fun Time club met September 24, 1990 for their supper and game time.

Those attending were Marion Wheatley, Exa Fay Gilmore, Ruth Martin, Claudine Bilberry, Doris Jones, Fannie Ballentine, Mary Welborn, Winona Ward, Lela Huntley, Pansy Smith;

Irene Ammons, Trannie Lea Ray, Doris Riddle, Helen Jones, Ella Mae Jones, Jewell White, Verna Roberts, Cleo Sappington, Hettie Dudgeon, Mary Gunn;

Mary Tillman, Inez Ritchie, Ruby Carpenter, Jeanette Hodges, Zillah Huddleston, Hooter Terry, Jean Tipton, Marietta Pruitt and Nona Lusk.

Woman's Culture Club

by Katharine Cathcart

Isabelle Stelzer was hostess to the Woman's Culture Club, Wednesday, September 26, at 2:00 p.m., in the Women's Clubhouse. A beautiful fall motif was used in decorating the entertaining rooms.

Maxine Earl was in charge of the program and introduced Gary Ward of Barnett, Ward, and Cook Attorneys-At-Law of Lubbock.

Mr Ward gave a very informative talk on "Estate Planning for the 1990's and Beyond."

Joyce Strubhart, first vice-president, presided over the business meeting in the absence of Donna Craig, club president.

Members signed as volunteers for various duties during Founders' Day Week.

Delicious refreshments were served to guest: Gary Ward, and to club members: Joyce Strubhart, Barbara Hardin, Lois Cook, Ruby Kirkpatrick, Doll Haire, Ruth Hall, Buena Bouchier, Lillian Potts, Nona Lusk, Dorace Wilson, Maxine Earl, Peggy Ellis, Isabelle Stelzer and Katharine Cathcart.

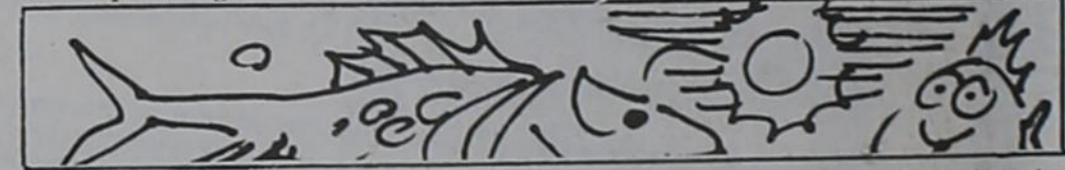

The next meeting will be Wednesday, October 24, at 2:00 p.m., with Lillian Potts and Katharine Cathcart as hostesses.

FOUNDERS' DAY publicity chairman Ruby Williams (right) chats with Alvin Davis (left) and Eddie Warren (center) during the Media Party held last week on the grounds of the Garza County Museum. Davis will be featured at the Tex West and Friends event at the Garza Theatre on Saturday, October 13 at 10 and 11 a.m. Davis will emcee the free event, which will include cowboy poetry, song, music and storytelling.

JOYCE STRUBHART (left) and Isabell Stelzer (right) welcome guest speaker Gary Ward at the recent Woman's Culture Club meeting. Ward spoke on estate planning.

Sea creatures living at depths below 3,000 feet have been found to be blind or to possess their own phosphorescent lighting system.

Citizens 'turn over new leaf' in campaign to reduce waste

A citizens' campaign to combat an annual fall crisis...for many public landfills across Texas has been inaugurated here and is expected to be duplicated in more than 100 cities throughout the state this fall. It is the Leaf Management Plan, a new part of the highly successful "Don't Bag It" educational program of the Texas Agricultural Extension Service. "Don't Bag It" has won national acclaim by reducing lawn grass clippings, conserving dwindling landfill space and returning valuable

nutrients to the soil.

The new program to ease the seasonal crush for city sanitation crews drew a rousing sendoff by state and city officials, community leaders and Extension Service faculty members. More than 250 persons joined in the program at the Amarillo Garden Center (September 26).

"We in Texas really do have a solid waste crisis," said Texas Land Commissioner Garry Mauro. Mauro oversees the management of more than 20 million acres of public land, which includes many landfills for local governments.

"Every one of us is producing three pounds of garbage a day," Mauro said. Multiplying that by the number of citizens and cities totals up to a

serious problem, he said.

"Existing landfills are stretched beyond their capacities. New federal regulations mean that many, if not most, Texas landfills will have to be closed due to dangers to the environment," Mauro said.

In most Texas cities, as in the nation, yard waste of grass, shrubbery clippings and leaves comprises 20 percent of the waste going into landfills, said Dr William Knoop, Extension Service turfgrass specialist at Dallas. "Leaves create a massive amount of solid waste in the fall," he said.

"The big problem with leaf disposal is that leaf drop peaks at one time," Knoop said. "All of a sudden, a freeze comes and all the leaves

almost at one. Then we have a mountain of leaves to go to the fill." Plastic bags of leaves buried in a landfill don't decompose quickly. The leaf management program incorporated into the "Don't Bag It" explains how residents can easily mow the fallen leaves and turn them into mulch or compost to improve their lawns, shrubs and gardens. Hours and information about the program are available from county extension offices. When we make beneficial use of our fallen leaves in our family landscaping and gardening, we relieve the strain on our landfills and city sanitation departments," Mauro said.

Mauro commended the Extension Service, the Amarillo Garden Center, the Keep Amarillo Beautiful organization and the Panhandle Regional Solid Waster Advisory Committee "for organizing this important initiative." The "Don't Bag It" educational programs are a central component of an effort that can save Texas communities valuable landfill space and municipal staff costs, Mauro said. "What's most important about it," the state official said, "it's an instance where each one of us can make a difference." "We're going to solve our environmental problems the same way we got to where we are: A little bit at a time."

"Each of us can take a positive step, make a positive difference in the environment, in our own back yard, by the Don't Bag It program," Mauro said. The "Don't Bag It" lawn care program was launched last year in Fort Worth and this summer in Amarillo and other Texas cities. It is a scientifically based plan of fertilization, watering and mowing which allows clippings and shredded leaves to be returned to the landscape as nutrients rather than being bagged and hauled to the dump.

Bold Gold roughs up Roughnecks 61-6

Explosive Post offense strikes nine of 11 possessions

by Wes Burnett
The Sundown Roughnecks were no match for the visiting Post Antelopes last Friday during the first district contest for both teams, as the 'Lopes scored on their first six possessions and used a dominating defense, strangling the home team in a 61-6 rout.

The Bold Gold scored nine times of their 11 possessions and emptied the bench as reserves took control in the second half.

The tone of the contest was established early, when Roughneck quarterback Ron Popejoy fumbled the first snap following the opening kickoff. Benji Vargas pounced on the ball for the 'Lopes and it was off to the races.

Floyd Slay got the first score with 10:27 left in the first quarter, following three quick pops to the one yard line by Darrin Brown. Junior Ray Gonzales, who got plenty of kicking experiences, put the ball between the uprights.

The Roughnecks got a first down on their second possession, then punted to the Post 46.

Four plays later the 'Lopes led 13-0 as Brown went the final 24 yards around right end. The drive included a Matt McCook pass to Danny Leach, who

caught the ball at the 30 and rammed to the 24. Gonzales' kick put the 'Lopes out front 14-0.

Sundown's next possession was stopped short by a pass interference by Whitehead at the Roughneck 28, setting up a first down for the 'Lopes at the 24 with 4:14 left in the first quarter.

Another four plays and the 'Lopes took a commanding 20-0 lead as Brown got his second touchdown from the nine yard line, behind a clearing block by Slay. A bobbled snap foiled the point after kick.

Second Quarter Scoring

The second quarter opened with the Roughnecks facing third down at their own 26, following a quarterback sack by Joe Garcia. An incompleting pass set up a fourth down punt to Whitehead at the Post 30, which he returned to the 44.

One play later Brown sputtered over left guard, broke a tackle in the secondary and turned on the afterburners for a 56 yard touchdown scamper. The point-after was wide left and the 'Lopes led 26-0 with 11:32 left in the half.

The Roughnecks got a first down on their next possession, then faced a fourth down punting situation following strong defensive effort by Lance Bland,

Gonzales and Bobby Curtis. On fourth down Alfred Hernandez dropped back to punt and the ball was blocked by Chris Redman, setting up a first down for the 'Lopes at the Sundown 29 with 8:14 left in the half.

Quarterback Michael Radle led the 'Lopes on a five play drive to paydirt, using Whitehead all four times. First he went over left guard to the 24, then around left end to the 17 and left tackle to the 11 and again over the same spot to the one and finally on first down into the end zone over right tackle. Gonzales put the ball through the goal posts for a 33-0 lead with 6:03 left on the clock.

David Dean and Whitehead caught Jeff Streetman in the backfield for a loss on Sundown's next third down possession, forcing another fourth down punt.

Post took the ball at their own 25 and marched the distance in six plays, with Slay taking the ball each time, pounding to the 30, then broke through two tacklers to the Sundown 19, brought down from behind by Larry Willson. Slay then went over right tackle to the 16, left guard to the seven and left tackle to the one and then over right tackle to the end zone. The point after kick went wide to the right and the 'Lopes settled in for a halftime lead of

39-0 as the defense held Sundown on three plays as the clock ran out.

Second Half Action

The Roughnecks kicked a low squirming kickoff, which B.J. Funk was unable to handle, and the home team set up for their lone touchdown drive at the Post 26.

It took 12 plays and three fourth down efforts to score, with Streetman going in the final yard on fourth down and a whole lot of extra effort. The point after kick was blocked by Slay and that ended Sundown's scoring for the night.

Slay took the kickoff at the 15 yard line and handed the ball off to Bobby Curtis who burst through to the left sideline, finally being dragged down at the Sundown 25 yard line.

Radle took control, handing the ball to Damon Curtis, who went over left tackle to the 17 and on second down the sophomore running back took a pitchout around right end, breaking a tackler and dragging another defender into the end zone, boosting the Antelopes to a 45-6 lead. The point after snap was high, Slay took the ball to his right, pitched it at the last second to Gonzales, who roared into the right end zone for the two point conversion, putting the cap on a 47-6 lead.

The Roughnecks mounted a seven play drive with two first downs, playing against stiff defense by Hiram Gutierrez, Whitehead, Redman and Garcia. David Maya punted on fourth down and the 'Lope offense got the ball with 2:40 left in the third quarter. Five plays later the pitchout was fumbled and Sundown got the ball back at their own 44.

The fourth quarter opened with the Roughnecks trying one more time, but Gonzales and Brown and the 'Lope defensive front stopped Sundown, forcing a fourth down punt to the Post 22 yard line.

Sundown got a taste of the Post Antelope patented inside trap play on the next snap of the ball. Radle handed the ball to Gonzales, who ran behind the great line blocking and was at midfield before the secondary discovered who had the ball. It was a foot race from there and Gonzales won, then kicked the extra point for a 54-6 score. Blocking on the touchdown run came from center Shane Horton, guards Lance Bland and Donnie Ryan and tacklers Benji Vargas and Joe Garcia.

The final Post score followed a defensive stand with Tommy Ammons, Gonzales and Redman leading the charge. On third down Redman slammed

Popejoy, the ball popped loose and Redman claimed it for the 'Lopes at the Sundown 49.

With 7:04 left in the contest Radle gave the ball to Bobby Curtis four times, and on third down from the 34 Curtis ripped over right tackle and got a clearing block downfield from Leach as the swift running back went into the end zone. Gonzales' kick capped the scoring for the night at 61-6.

Sundown's final attempt ended when Ammons tipped, then intercepted a pass intended by Drew Mitchell at the Roughneck 44.

Quarterback Damon Curtis led the 'Lopes in a nine play drive, eating up the final 4:14 left in the game.

Idalou comes to Post Friday for the second district contest, with a 7:30 p.m. kickoff.

Wildcats sport highly rated running back, quality quarterback and big linemen

"I just hope we'll be ready for this one," Post Antelope football coach Dewayne Osborne comments about this Friday's game here with the Idalou Wildcats. After a blow out at Sundown last week, the Antelopes will have to gear up for a tough battle, "which they always seem to give us," Osborne adds.

Ty Harmon is "an excellent quarterback, who threw over 1,000 yards in passing last year," the coach says.

Tailback Freddy Martinez, who has had a great year so far, is one of the best in this area.

The smallest lineman weighs 185 pounds and "they go up from there to 235," Osborne adds.

The Wildcats come to Antelope stadium sporting a 3-1 season record, whipping Olton 20-8, Muleshoe 14-0, losing to Abernathy in the final minutes 21-7 and last week edged Crosbyton 20-15.

"They do a good job of blocking and tackling," Osborne says, "and they like to run the sweep with Martinez and throw the ball to wingback Toby Lynn and split end David Carillo."

On defense the Wildcats are big and aggressive and get great effort from Carillo at corner and linebackers Keith Jackson and Harmon.

Game time is 7:30 p.m.

8th Graders swamp Sundown

"Our offensive linemen did a good job picking up stunts, and we had great blocking by Tim McElroy, Stewart Childers, Lucas Walls, Kenneth Schronk, Ruben Soto, Ray Perez, Manuel Zulia and Javier Saldivar," coach Darrell Radle comments about last Thursday's 8th grade football team 36-0 shutout of visiting Sundown.

The coach also praised the efforts of quarterbacks Casey Hart and Heath Eagle, "who played well." Hart had 22 yards passing and Eagle was credited with 13 yard passing.

Brad Lawson was leading rusher with 105 yards on six tries, followed by Lance Clay with nine carries and 64 yards, Oscar Acevedo with 45 yards on five tries and Cody Clay rushed six times for 41 yards.

Defensive standouts, according to Radle, were Saldivar, Childers, Noe Gomez, Russ Bird, Shad Blair, Soto, Lance Clay and Acevedo. "Bird blocked a punt and several fumbles were caused by big hits," the coach adds.

Scoring opened up in the first quarter on a three play, 70 yard drive, with Lawson going the final 55 yards for the touchdown and Lance Clay got the two point conversion.

In the second quarter the young 'Lopes scored at the end of a five play drive and 45 yards. Lawson went the distance on a 23 yard scamper and the conversion attempt failed.

Acevedo scored in the third quarter at the end of 24 yard run, capping a four play, 39 yard drive. The two point conversion attempt failed.

Scoring also in the third quarter was highlighted by a 13 yard pass from Eagle to Saldivar. Gomez took the ball in for the two pointer. The drive took six plays to complete.

The final points were put on the board in the fourth quarter on a two play drive, with Eagle taking the ball 11 yards and one for the touchdown. The two point conversion was successful.

The team collected 353 total yards, and allowed Sundown only 37 yard offense.

The Middle School team travels to Idalou tomorrow.

7th Grade team shuts out Sundown

Playing good defense and consistent offense, the Post seventh grade football team shut out visiting Sundown 20-0 last Thursday in the first district contest for both teams.

"Our defense played well in holding Sundown to 83 total yards," coach Chili Black observes.

He credited outstanding defensive play by Chris Perez, Guy Hernandez, Damon Dean, Bodie Simpson, Tory Harper, Ramond Garza and Saul Martinez.

The Post 7th graders were credited with 206 yards offense.

David Perez got the first score in the first quarter, going the final 16 yards on the trap play. The extra point attempt failed.

Ramond Garza got the second touchdown on a two yard run, and the extra point attempt again failed.

Garza took the second half kickoff and returned it 80 yards for the final touchdown. He then took the ball into the end zone for the two-point conversion.

The team travels to Idalou tomorrow.

Junior Varsity team holds scrimmage

Sundown did not sport a junior varsity team, so last Thursday Post coaches put together an intra-squad scrimmage for the players.

Divided into two teams, the black and white, players square off in a crowd pleaser.

The final score was 12 for the players in white and 6 for those wearing black.

The white jerseys blocked a punt for one score, then drove the ball for the other. Big plays came with two completed passes from quarterback Jim Reilly Simpson to Michael McClellan covering 24 yards.

The black team had one scoring drive with a 26 yard touchdown pass from Jay Mitchell to Russell Baldree.

"All the players got after it real well, some great hits were made on both sides," coach Fred Postell reports.

BOBBY CURTIS (20) takes the kickoff handoff from Floyd Slay (right) for a long return, setting up another second quarter touchdown for the Post Antelopes.

Rehearsals continue for revival of 'The Silver Whistle' at the Garza Theatre

One of the most popular productions staged by the Garza Theatre is returning to the stage this month with the revival of "The Silver Whistle," which was first performed at the Elementary School Auditorium in 1986.

The Garza Theatre building was not ready for an audience in those days.

Rehearsing for the current production are David Weaver, Alison Hoefler, James Bell, Anne Leake, Bill Kent, Pat Bilbo, Anne Chaffin, Ruth Longtin and director Will McCrary.

Seven performances will be offered Thursday through Sunday, October 18-21 and Friday through Sunday, October 26-28. Evening performances start promptly at 7:45 p.m. and Sunday matinees are at 2 p.m.

Tickets are \$7 for adults and \$3 for children 12 years of age or younger. Reservations for the performances may be obtained by calling the box office at 495-4005 Monday through Saturday from 10 a.m. to 4 p.m. The box office is located at 226 E. Main.

 - * Demonstration of community commitment toward reducing solid waste and the preservation of the quality of the environment.
- The Current Situation**
- Solid waste is not only a national problem, it is a global problem. The United States creates more waste than any other industrialized nation, yet recycles the least amount - only 11% of our waste is recycled.
- In order to address this problem, the Environmental Protection Agency (EPA) has recommended a minimum rate of 25% of all municipal solid waste to be recycled. This mandate is to be in full effect by 1992. The only manner that such an increase in recycling can occur, is if each individual will make the time commitment to separate recyclables from rubbish.
- Facts About Recycling & The Solid Waste Problem**
- * According to the EPA, 40% of the solid waste stream is paper and paper products.
 - * Newspapers take up an estimated 14% of the landfill space.
 - * Recycling one ton of newspapers will "save the lives" of 17 mature trees.
 - * Glass is 100% recoverable in the recycling process. In other words, one ton of recycled glass will create one ton of new glass product. There is no loss of product in the processing.
 - * Most materials can be recycled an average of 10 times before there is any loss of quality.
 - * It takes 700 watt-hours of electricity (enough to burn a 100 watt bulb for seven hours) to create one 12 ounce aluminum can from raw materials. It takes only 35 watt-hours (or 5% of the original energy) to create a 12 ounce can from recycled aluminum.
 - Within the new few years, technological advancements in the areas of tire and plastic recycling will help to save even more landfill space, create new jobs and industries and protect the environment.

United Way...

(Continued from Page 1)

Most of the funding for Meals on Wheels comes from the Texas Department of Human Services, which itself is feeling financial strains.

The United Way is designed to give people an opportunity to share the burden of giving in one gift, which reduces the number of organizations competing for donations.

This year those who will benefit from your contribution to the Garza County United Way are the hundreds of senior citizens who depend on the center, hundreds of young boys and girls involved in the summer baseball program, clients of the Garza County Mental Health program, Boy Scouts and Girl Scouts, children under the care of the Child Welfare Board, girls participating in the Post Junior Girls Basketball program, handicapped adults at the Post Satellite School, senior citizens relying on Meals on Wheels, abused women needing the help of Women's Protective Services and people in need of emergency help from the Red Cross and the Salvation Army.

This year, please make a commitment to contribute your fair share to the United Way, every little bit makes a big difference.

Contributions may be mailed to Garza County United Way, P.O. Box 425, Post, Texas 79356.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN — Texas voters could be paying a new state income tax — maybe as early as next year — if the Texas Supreme Court does not overturn the ruling that school finance reforms enacted after four special sessions are unconstitutional.

An Austin state district judge made the ruling last week, saying the hard-forged school finance bill was too scant and ordering the Legislature to try again when it meets in January.

Predictions from every faction predict the remedy as costly, and because every tax and rate category has been hiked to the maximum, the only viable option is to enact a state income tax.

This prospect is exactly what many legislators, judges and other statewide officials want — and what many others abhor.

The turmoil has begun anew because young, liberal State District Judge Scott McCown called a new tune and quickened the music for candidates dancing in elections to the statehouse.

As gasoline prices shot up last week, candidates and voters wonder whether local school property taxes will skyrocket next.

Voters In Or Out

The Supreme Court will make the call, either accepting Senate Bill 1 reforms or upholding McCown's ruling, virtually forcing new taxes.

Thus, the candidates for Supreme Court, usually little known, will be in the hotseat for the five weeks remaining until Election Day.

Gov. Bill Clements and Texas Republicans claim forced taxes can be avoided if the bench's Democratic majority is voted out.

But the top gun for the Texas Democratic Party, Ed Martin, disagrees because there are only three contested seats and, of those, liberal Oscar Mauzy returns as a regular if he doesn't win the race for chief justice.

Voters, Vetoes & Vouchers

In other words, there's a real question here of whether voters are still in the loop or out.

Martin is probably correct in assuming the attorney general's office and Supreme Court are stacked philosophically with McCown, but Clements is talking about the long haul.

McCown ordered the Legislature to come up with a new school finance plan by Sept. 1, 1991, but handed down no specific marching orders.

Hence, lawmakers are free to adopt a slight alteration or a radical plan, whether funded by the Democrats' state income tax or driven by a new "voucher" plan pushed by Republican Clayton

Williams.

Voters are still very much in the loop in this arena, for the philosophical make-up of the new Legislature and the new governor's skill with a veto stamp will be fundamental.

Will Mattox Appeal?

Lame duck Attorney General Jim Mattox said he is uncertain whether he will appeal the state's position to the Supreme Court. Actually, what matters most is whether his successor will.

The Democratic nominee, San Antonio state Rep. Dan Morales, promptly announced he would appeal, if elected, but his critics jeered that the "have-not" school district which originated the lawsuit lies in his legislative district.

He would appeal, they charge, but wouldn't fight as hard to win it as the Republican nominee, state Sen. J.E. (Buster) Brown.

Line in The Sand

Like a line in the sand, the choice between higher taxes and better education has polarized many voters, as emotional issues tend to do.

Quite likely, the state of the local school district will probably affect a voter as much as anything this year, and this late campaign development has the political gurus in Austin puzzled.

Speaker's Race

Texas Speaker Gib Lewis, enroute to a history-making fifth term, is meeting more resistance than usual in his bid for re-election in Fort Worth.

Lewis angered Tarrant County Democrats by endorsing the Republican incumbent over the Democratic challenger in nearby Arlington, although it is partly speaker politics to take care of his players in the House.

Folks say that Lewis is damaged by revelations of tax debts owed by his businesses, by laxness on ethics reform, and by not having former U.S. Speaker Jim Wright on the top of the local ticket.

Keep your eye on this race. It's the lightning rod of the state, if any House race is.

Pari-mutuel Tax Cut

State Sen. Gonzalo Barrientos, D-Austin, said last week he will introduce a bill in the 1991 legislative session to slash the state's 5 percent tax on pari-mutuel racing.

Flanked by a pair of thoroughbreds as he spoke on the Capitol steps, Barrientos said a tax cut would boost Texas' fledgling racing industry, "thereby guaranteeing thousands of new jobs and millions in revenues for the state."

His proposal, backed by the Texas Thoroughbred Breeders' Association, would lower to 1 percent the state tax on bets placed at horse tracks.
