Commissioners table delinquent tax collection question until January

by Wes Burnett

The Garza County Commissioners' Court, meeting in regular session Monday morning, tabled a decision concerning the proposal by attorney S. Rafe Foreman to provide delinquent tax collection services. Commissioners agreed that the issue should be tabled until January, when the newly elected court to take up the issue.

The county currently is under a 30 day contract with the Austin law firm of McCreary and Veselka for delinquent tax collections. Foreman, who had been employed by the Austin firm and was in Garza County preparing the court cases, has since opened an office in Post and is seeking to provide the services. Tax collector/assessor Chita Hataway told the commissioners that it appeared, "from my conversations with Rafe, that he would not be able to offer all the free services that we now enjoy," she said. Specifically, Hataway mentioned the annual print out of the tax roll and the paying for the cost of advertising the court cases.

In other action, commissioners discussed the \$100 per month insurance adjustment for employees, which took effect October 1. No action was taken, although commissioner Herb Walls pointed out that the county had paid the October insurance premium for employees and their dependents.

Sheila Gregory, secretary to Justice of the Peace Precincts Two and Four Dee C. Justice, submitted her resignation, effective November 1 and offered Justice's recommendation to hire Pat Self to the position. Commissioners approved both the resignation and the recommendation of Justice, who was unable to attend the meeting.

The court set Tuesday, November 13 for the next regular meeting, changing the date to accommodate the Veteran's Day (November 11) national holiday, which will be observed Sunday, but offices are scheduled to be closed Monday.

Henrietta Cruse was appointed to serve as election judge at Voting Box Number One.

1990 Founders' Day gets rave reviews

by Wes Burnett

This year's Founders' Day Celebration brought more than 7,000 visitors to Post, a conservative estimate presented at the Founders' Day Committee meeting held Monday night to discuss the event.

The weekend attendance to the wide variety of events included more than 600 touring the Garza County Museum to see the outstanding exhibits of our early farming and ranching heritage.

The entire week of activities was an excellent example of what can happen when lots of people volunteer to help, and working together for a common goal really paid off with big dividends.

Among the good news is that the Founders' Day Committee reports a surplus of funds, which provide assistance for next year's event as well as other community activities.

The 1991 Founders' Day Celebration has been set for September 27-29.

New events this year included the "Two-Man" art show at the Post Art Guild, the well designed and popular "Rendezvous of the Arts" downtown, coordinated by Carolyn Chapman and JoAnn Mock, the "Tex West" shows on Saturday, which were performed to two standing room only audiences, and the Junior Rodeo Championship Reunion Breakfast, coordinated by Anne Leake.

More than 800 people attended the "Black Tie and Boots" dinner and dance celebration, hosted by Nelda and Giles Dalby and Molly and Jack Lott at Dalby's Cross H Ranch. Included in that event was the silent and live auction, where more than \$5,000 was raised, and the purchase of the commemorative Duward Campbell painting by Louise and Giles McCrary for \$11,700.

Collectors still have an opportunity to purchase prints of the painting, which are beautiful and perfect for framing. The artwork is the first in a series for Founders' Day.

The ranch competition this year was enjoyed by more than 1,000 in the audiences as area cowboys and ranches competed in the popular event. Interest has already begun for next year. Approximately 500 people danced to Jody Nix music at the Saturday night "slab dance".

Pioneer Lady and Gent Faye and Preston Mathis were introduced at the "Black Tie and Boots" dinner and at the ranch competition. More than 800 Post Cereal box tops were deposited as votes by area residents in the event to honor Garza County pioneers.

The Century Plus bike ride, the hot air balloon and the Post Cereal free breakfast on Main Street were also well attended.

It was a lot of work for a lot of people, it was just terrific, great fun, and exciting to see so many people in our town having a good time. I can hardly wait until September 1991!

'Pride of Post Band' earns Division I rating at Tech Marching Festival, heads to U.I.L. competition Tuesday

The Pride of Post Marching Band attended the Texas Tech Marching Festival last Saturday and earned a Division I overall rating in the competition.

Two judges gave the band a Division I rating and one judge gave a Division II rating.

"We are excited about earning this rating at the festival," band director Crispin Bradsher commented, "the students worked hard for it and they deserved it."

The U.I.L. marching contest will be held next Tuesday, with the PHS band marching onto Jones Stadium at 2:24 p.m.

"This contest is the most important one," Bradsher added, "we feel our students are highly capable of getting some great ratings at that contest also. We want to thank all of our parents, boosters, merchants and townspeople for their support of the band this year," he continued.

The court approved the petition by clerk Sonny Gossett to provide absentee voting Saturday, October 27 from 10 a.m. to 4 p.m.

A meeting was scheduled for Tuesday, October 23 at 1:30 p.m. between Texas Highway Department officials, the commissioners court and land owners concerning the rights-of-way on the road leading to Lake Alan Henry near Justiceburg.

County attorney Preston Poole distributed a copy of the Texas Open Meetings Act "as a matter of information" for the court. "I know you don't intentionally violate the law, but a citizen requested that I bring this matter to your attention," Poole explained.

Commissioner Sam Ellis emphasized "you can assure them that there is no conspiracy" going on.

Attending the meeting were commissioners Wall, John Valdez, Ted Aten, Ellis, County Judge E.A. Howard, clerk Gossett and tax assessor Hataway.

City gets 22.6% increase in sales tax rebate check for Sept.

The City of Post received a check for \$13,454.13 this month, representing its share of the city sales and use tax from the State Comptroller's office for the period ending in September for sales in August.

The current rebate is a 22.6 percent increase over last year's \$10,973.78. The year to date total is \$130,490.58, compared to the same period last year of \$132,123.63, or a 1.24 percent decrease.

"Sales are staying strong throughout Texas and that means sales tax collections keep increasing at a steady pace," comptroller Bob Bullock commented.

City earns prestigious award for Main Street landscaping project

The Northwest Chapter of the American Planning Association held its quarterly meeting in Post last Friday evening, at which time the annual award for best streetscape was presented to the City of Post for its Main Street landscaping project.

At the association's annual banquet here, Frank Turner of Plano, president of the Texas American Planning Association, presented the award to Mayor Pro Tem Larry Mills, who accepted on behalf of the City of Post and the Main Street Advisory Board.

In his comments, Mills praised the city council and city manager Bob Turner for their foresight in the project and the Main Street Advisory Board and its chairman, Sammie Pollard, for the hard work and time spent on the project.

Mills also expressed appreciation to former Main Street manager Melissa Cunningham for her efforts in the project start-up and for her hard work toward the fund raising in the beginning. Mills also thanked the Texas Highway Department of its involvement and support in the landscaping project.

Attending the meeting were association representatives from Plano, Abilene, San Angelo, Levelland and Lubbock.

Following the meeting the group was entertained at the Garza Theatre with its current production of "The Silver Whistle."

"I believe we can honestly say that this is not the last time we will see these people," Main Street manager Mitchell said, "they added their names to the mailing list at the theatre and promised they would return to Post every chance they have."

and the winners are...

The first place winner this week correctly picked all but three games in The Post Dispatch football contest. He missed, as many contestants did, the Idalou-Ralls, New Deal-Sundown and Kansas City-Seattle games.

Second and third place winners were, who missed four games, were chosen based on their tie-breaker guesses.

The names of the winners are published each week on the Football Contest page, which includes rules for entering. This week the Football Contest is on Page 14.

That's where you'll find the names of this week's winners of a total of \$75 in "Post City Bucks", which are redeemable for merchandise or services at any of the Football Contest participating merchants.

Letters to the Editor

Dear Editor:

We're 70 years old this year and have been in the business of improving employment opportunities for women since the earliest days of this century.

Who are we? We're the Women's Bureau of the U.S. Department of Labor, the only Federal agency devoted exclusively to the welfare of wage earning women through better working conditions, better pay and increased employment opportunities.

Since our creation by Congress in 1920, we have been involved in many issues concerning women in the work force, including labor reform, training programs for women, on-site nursery schools during the war years, the Equal Pay Act and improved health and safety conditions at the workplace. With increasing numbers of women entering the work force -- 57 million today -- we are faced with many new challenges.

Our series of feature articles appearing in the October issue of News USA will give your readers information about the latest facts on child care, careers for women in the electronic media, women in management, women business owners, and more!

For free copies of our features, call News USA at 1-800-763-9872 and request ext. 149. A copy will be sent immediately to your fax machine. There is no charge for these articles.

To obtain electronic delivery, camera ready copy of computer diskettes free, call News USA's Andrea Lenart at 1-800-868-6872.

If you have any questions about the Women's Bureau and its 70th anniversary, please call Bernice Friedlander at 202-523-6652.

Sincerely,
Jean M. Curtis
Acting Director

Dear Editor:

The "Rendezvous of the Arts" was a tremendous success, thanks mostly to Coordinator, Carolyn Chapman with lots of help from husband, Earl. Her enthusiastic approach excited the entire town into community-wide volunteer efforts that will be talked about for years to come. The cooperation of the Founder's Day Committee, the related organizations, and individuals are greatly appreciated and just shows what can be done in Post by us all.

Thank you again, Carolyn, I loved working with you.

Ask These Questions About Your Medicines

According to the National Council on Patient Information and Education, there were only 656 prescription medicines on the market in 1961. Today we have four times as many medicines. And in the course of a year, the average American will take six or seven prescription medicines.

Surveys have shown that many Americans are not knowledgeable about the medicines they are taking. In one recent consumer survey, over half of the individuals were uninformed about medicine side effects and drug-food interactions. Thirty-eight percent did not know when to take their medicines. Surprisingly, many persons do not ask their physician or their pharmacist about the medicines they are taking. Some of the questions everyone should ask include:

- What is this medicine for?
- How long will I need to take this medicine?
- What times of the day are best to take this medicine?
- What are side effects that I should be concerned about?
- Should I be taking this medicine if I drink (or, should I not drink)?
- If I am pregnant, can I safely take this medicine?

Pharmacists can help consumers understand more about the medicines they take and the conditions for which the medicines are used. Ask your pharmacist.

Pioneer Harold Voss came to Garza County in 1915

by *Voda Gradine*
 Rex Harold Voss, who died Tuesday, October 16, 1990, a Garza County pioneer who instituted city delivery postal services, came here in 1915 with his parents, Joe and Jessie Wilson Voss from Ellis County, where Harold was born September 29, 1906.

He remembered attending the Graham Chapel Methodist Church when his father and some other men formed the church.

Harold's father died in 1921, so he, his mother and his two younger sisters moved into Post, where he graduated from high school in 1925. He then attended Simmons College, which is now Hardin-Simmons, and played in the band, which was featured at the governor's inauguration in 1927.

Before entering the Army Air Corps in 1942, Harold owned a tailor shop, where he made many suits. He sold the business to Cy Thaxton when he went into the service.

During World War II he was stationed at Saipan until he was discharged in 1945.

When he came home, Harold married Arbeth Clark, who had a beauty shop in the same building as the tailor shop. When they married Harold it was on his 40th birthday. On December 31, 1946 he was appointed postmaster at Post, when Phil Bouchier retired. During his tenure as postmaster, Harold supervised the moving of the post office three times.

It was also during his time as postmaster that city home delivery was begun here.

Wayne Thomas, who was transferred from Lubbock, was joined by Jimmy Redman and Roy Josey who served as the first three city postal carriers.

Ibey Metcalf, former bank president, and Harold designed the bank building and the Post Office block.

Harold suffered his first heart attack June 8, 1962, just as he entered Post from attending the state postmasters' convention in Austin. His failing health forced his retirement for disability on Dec. 31, 1965, when A.J. McAlister was appointed the new postmaster.

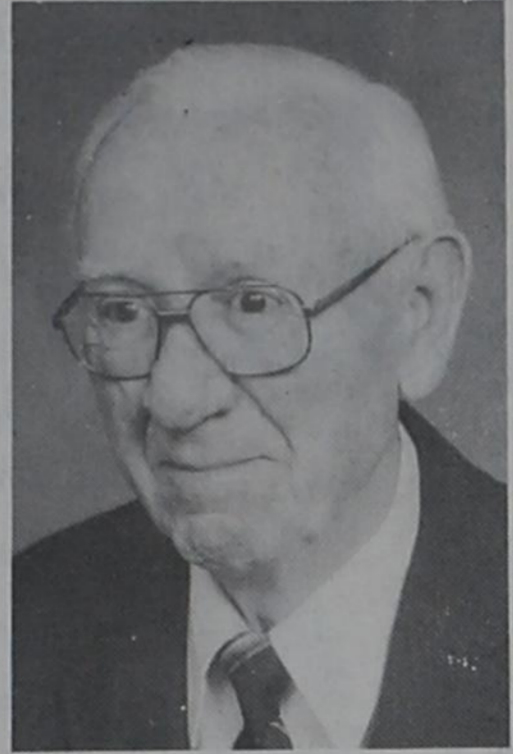

Harold was a member of the First United Methodist Church, serving on the board for many years and was head usher for 15 years and a member of the choir before becoming an usher.

He was a member of the Post Masonic Lodge and received his 50 year membership recognition in 1987, he also served as past master. Harold was also a lifetime member of the Post V.F.W.

His wife, Arbeth, died August 3, 1978.

In his later years Harold enjoyed visiting the Senior Citizens Center, enjoyed baseball games, but he really loved the company of his granddaughters, Arimy and Vondi.

He had been a resident of Golden Plains Care Center the final one and one-half years of his life.

David Conoly is hero to Lubbock family

David Conoly, a 1974 Post High School graduate and son of Jerry and Maxine Conoly of Post and Molly Reno of Detroit, Mich., is a hero to a Lubbock family following the rescue last week of four year old Jimmy Fair from a burning mobile home.

Conoly is manager of Texas West Mobile Home Park, located at 7745 19th St in Lubbock.

Conoly, according to a report in the Lubbock Avalanche Journal, was aided in the rescue by Craig Penik and Zander Hendrix.

The three responded to the fire, breaking a hole in the side of the mobile home and pulling the youngster to safety.

Five family members were sleeping in the structure before 9 a.m. "When Jimmy woke up and left the living room where he had been sleeping," the Avalanche Journal reported.

The child apparently went into an empty bedroom and began playing with a cigarette lighter, which appears to have started a fire in the doorway, leaving the young boy trapped inside.

Conoly and Penik, who were at the north end of the mobile home park, noticed the fire and ran to the front door.

After the other family members were safe outside, Conoly found a grubbing hoe and began tearing away the mobile home skin near the bedroom where the four year old was trapped.

"After I knocked the skin loose, I pulled it back and then knocked out the insulation and the interior wall. I certainly was relieved when I opened the wall and found the little tot near the wall," the Avalanche Journal quoted Conoly.

The youngster is the son of Arlan and Debbie Christopherson.

"THE CHECK'S IN THE MAIL."

"LOSE 30 POUNDS IN 30 DAYS."

"READ MY LIPS, NO NEW TAXES."

We've heard it all before.

At campaign time the Republicans always promise they'll never raise taxes.

Now, just like Bill Clements once did, Clayton Williams is trying to fool us with a promise to "veto any tax."

But we know the check's not in the mail.

We know we're not going to lose 30 pounds in 30 days.

And we know the Republicans are always willing to raise taxes on the rest of us so they can give tax breaks to the rich.

This time, let's vote for our pocketbooks and our families.

Brownie Come Along at Camp Rio Blanco

Last Saturday nine Brownies from Post's Troop 47 were among approximately 120 to attend the Brownie Come Along at Camp Rio Blanco near Crosbyton.

The girls earned their "Earth and Sky" try-it badge by learning about birds, soil erosion and weather. They also made a bird feeder and a terrarium to take home, along with clouds and weather forecasting charts given them by Don Morelli, weatherman for KAMC TV Channel 28.

All in all, a fun trip on a beautiful day was enjoyed by everyone. Girls attending included Belen Rodriguez, Lynette Mendez, Kristy Saldivar, Renee Dobitas, Dianna Williams, Tasha Laws, April Line, Camille Blevins, Laura Tobias and guests Megan and Michelle Mendez. Parents and leaders attending included David and Flora Mendez, Jaquita Blevins and Carol Tobias.

DPS encourages a safe Halloween

Halloween is fast approaching, a very special time for some very special little "Goblins". Although, private Halloween parties have taken over for the traditional door to door "Trick or Treats", still many young children will be taking to our neighborhoods for that all familiar chant.

Major Vernon Cawthon, Regional Commander of the Department of Public Safety, suggest that, "if you, as an adult, will be participating in candy give away this Halloween, turn on your porch light to let children know that they are welcome. Remove any obstacles that a child might trip over and keep lighted Jack-O-Lanterns or candles away from step or the front door where a child's costume could be ignited by flame."

Parents should instruct their children in pedestrian safety rules, insure that everyone carries a flashlight and costumes should be reflective to help motorists spot trick or treaters. Make sure the costumes aren't loose fitting, causing the child to trip. Painting the child's face is preferable to wearing a mask. If a mask is worn, insure that the child can see through it. Insure that all costumes are made of non-flammable material, especially wigs and masks. Parents should accompany their children, if possible. If not, the child should be instructed to go with a group and not stop at homes which are dark.

Motorists should drive slowly in residential areas and be especially on the alert for kids darting from between parked cars and walking in the streets.

Remember, let's all do our part to make this a Happy and Safe Halloween for everyone involved.

Riedel inducted into fraternity

Teri Riedel of Post has been inducted into the Western Texas College chapter of Phi Theta Kappa, a national honor fraternity for students in junior and community colleges.

Ms Riedel is a freshman business administration major at WTC and plans to transfer to Texas Tech University following completion of her studies here.

To be eligible for Phi Theta Kappa membership, students must have at least 12 hours of college

credit with a grade point average of 3.2 or more on a 4.0 scale and be pursuing either the Associate in Arts of the Associate in Applied Science degree.

Phi Theta Kappa was formed in 1918 and recognized by the American Association of Junior Colleges in 1928. There are now about 850 chapters in institutions throughout the United States. The Psi Zeta chapter at WTC was chartered in February, 1972, soon after the college opened in the fall of 1971.

Cotton Unlimited 'wraps world in cotton'

"We are going to wrap the world in West Texas cotton," Joe B. Pate, Jr., warehouseman and cotton farmer, said Friday at the grand

opening of the new Cotton Unlimited, Inc., manufacturing plant in Post, Texas.

Working with Paul Muncrief, a

Post inventor, Pate and other investors have spent the past few months retrofitting a former textile mill to manufacture an insulation product made principally from cotton fibers. Research and development of the product and organization of the start-up company have been in progress for more than four years.

The aims of the project are to capture a share of the United

States' \$20 billion-a-year insulation market and to create a new market for Texas cotton.

The insulation product, manufactured on a combination of conventional textile equipment and a new type of bonding oven developed by Muncrief, will have similar insulation properties to fiberglass but will require far less energy to manufacture.

Unlike fiberglass, Cotton Unlimited's insulation, made from a blend of 80 percent cotton fibers and 20 percent polyester, will not require that installers wear respirators or protective clothing. This will help to reduce costs to contractors who use the cotton insulation instead of fiberglass.

Cotton Unlimited's basic product, a non-woven textile blanket of insulating material, will be fire-retarded and can be adapted for use as insulation in homes, commercial structures, automobiles, airplanes and appliances.

"Cotton is a natural, renewable resource material and is better for the environment. We hope this new product will make us an industry leader in the effort to protect the environment," Pate said.

The Cotton Unlimited manufacturing plant is housed in a former textile mill that closed several years ago. The equipment is laid out according to the latest modular manufacturing techniques, with a single production line that can be expanded to as many as six production lines or "modules," as product demand increases.

"Our plant can consume 12,000 bales of cotton a year with the present line of equipment. If we gain a significant share of the insulation market, we could consume as much as 500,000 bales a year by the turn of the century," said W.D. Martin, company spokesman.

The West Texas start-up firm received technical and marketing assistance from a variety of public

and private sources, including Eastman Kodak of Kingsport, Tennessee, the manufacturer of the polyester that is blended with the cotton fibers to produce the insulation product.

The Texas Tech University Textile Research Center assisted the project with product development research, and the Texas Department of Agriculture assisted with market research. The Post Economic Development Corporation provide business planning and other resources, while Smart Machines and Mid-South Textile Machinery Co provided technical assistance on manufacturing processes.

Representatives of these public and private organizations, state and local elected officials, and members of the cotton industry attended the opening ceremonies.

For further information about Cotton Unlimited, please contact: Joe B. Pate, Jr., Cotton Unlimited, Inc., P.O. Box 64310, Lubbock, Texas 79464, (806) 791-1198.

RRC monitors federal programs...

Keeping abreast of developments in Washington that affect the Texas energy industry is the purpose of a new monitoring program announced by the Texas Railroad Commission today.

The Commission said its federal monitoring program will spotlight and analyze congressional actions, major policy statements and rulemakings by the Federal Energy Regulatory Commission, and other energy-related regulatory actions.

According to Chairman Kent Hance and Commissioners John Sharp and James E. (Jim) Nugent, Texas needs to be actively involved in the shaping of a national energy policy. The new program will provide vital information to the agency, helping it to take effective action as energy matters are being considered in Washington, the commissioners said.

Gary D. Compton, head of the oil and gas regulatory and government affairs section of the Amarillo

and Dallas law firm of Whittenburg, Whittenburg, and Schachter will assist the Commission with the program. Compton has held positions in the oil and gas industry, served as a legal advisor to the Railroad Commission's Blue Ribbon Natural Gas Rules Committee, and is presently a member of the legal committee of the Interstate Oil Compact Commission. Compton's law firm is affiliated with a Washington and New York-based firm.

DIRECTOR

Will McCrary on stage.

"This is where I want to be ... in Off-Broadway Theater. About 2000 miles off Broadway!"

"I have spent most of my adult life in the theater. This includes 25 years in New York City as well as time in California and on tour across the United States. But, this is where I want to be. This is where my roots are. I was born here. Five years ago, I came back and started a regional theater.

"It has been very successful and a wonderful experience for me. In this area, I have found a refreshing approach to life. There is a great environment in which to pass on my knowledge of the theater. Thomas Wolfe, notwithstanding, you can 'go home again.'"

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN - An old Capitol saying goes, "In politics, the first liar doesn't stand a chance," a humorous way of pointing out there's really never an end to the chain of distortions.

This election, some wonder if it's the voters who don't stand a chance.

Last week voters watched:
■ Congress fumble its deficit-reduction chore, while Saddam Hussein awaits us in Kuwaiti oilfields;

■ Prices on gasoline, food and education go up; stock market shares and test scores go down; all marching to a steady drumbeat of income class warfare.

■ Ann Richards and Clayton Williams argue like high school kids over who has the most character and professionalism and should lead this great state;

■ Texas reporters hanging on to their every insult and analyzing negative hype produced by out-of-state political consultants.

Welcome to the wonderful, wild, wacky world of Texas politics. We've got an election on our mind, what's left of it.

Guv Race Tightening

In the wake of Republican Williams' staged confrontation with Democrat Richards, during which he called her "a liar" for questioning whether his Midland bank launders drug money, the perception is that the race is tightening between the two gubernatorial hopefuls.

A nationally respected firm, Gallop Poll, said Williams one-time 15-point lead was down to between five and 10 points, linked to a loss of women supporters.

Political observers agree the tightening isn't unusual; races tend to get closer near the end, and Election Day is Nov. 6.

Negative Ratings Up

There's more to it than that, and it signals a shakeup.

The part about Williams registering higher negative ratings among women should alarm him, because he used to lead there.

But the poll showed Richards'

negatives increased too, all the way to 51 percent, and that should alarm her.

Then, there's a drop in approval ratings for both Congress and President Bush.

Unknown Reaction

Some say that great hope or greater anger is what drives voters in large turnouts.

Ugly campaigns produce low turnouts because they build no hope and what's the point of getting angry if one candidate appears to be as dirty as the other?

Perhaps we have that situation today in Texas, but here at crunch time, we've also got Congress making voters mad enough to drive to the polls. Then what happens?

Professional politicians aren't so sure how to call that unknown reaction; others dub it a movement to "clean house."

True brinkmanship. Congress has just a few days left to pass the budget and smooth things out on the homefront before the votes are cast.

Looney Bar Hearing

Austin attorney Bob Looney is attempting to subpoena Ann Richards and Bob Bullock, along with former first lady Betty Ford, for his disciplinary hearing before the State Bar of Texas.

Looney wants all three, who are recovering alcoholics, to testify about "prejudice shown against alcoholics."

Clayton Williams was also served with a subpoena last week. Looney said he wants Williams to answer questions about other addictions. He also wants Williams because Williams has admitted he patronized prostitutes.

"It's a publicity stunt," said Reggie Bashur, communications director for the Williams campaign. "It's beyond silliness."

Other Highlights

■ In LaPorte, 50 angry citizens had to be cleared from the chamber prior to the Texas Water Commission's 3-0 vote to approve a hazardous waste incinerator project.

Just days earlier, Agriculture Commissioner Jim Hightower met with the citizens group to support their protest, though the project is not connected to farming or ranching.

■ Jerry Hodge, acting chairman of the Texas Department of Criminal Justice, said the average prison inmate today serves 21 percent of his original sentence. Hodge said he was compiling statistics on short prison terms and when he releases them soon, "It's going to shock folks."

Ellis and Thuett elected directors to Garza SWCD

Sam Ellis of Southland and Ronald Thuett of Post were recently re-elected to the Garza board of directors on October 15, 1990. Ellis represents Zone 2 of the district while Thuett represents Zone 1.

The purpose of the Garza SWCD, with headquarters in Post is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As two of five individuals

serving on the district board of directors, Ellis and Thuett will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

Ellis is active in ranching and Thuett is active in farming.

In Texas there are 210 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Budget plan looks good for rural hospitals

The Budget Reconciliation Bill that was passed in the House of Representatives on Tuesday night will help protect rural hospitals, according to Congressman Charles Stenholm (D-TX).

H.R. 5835, the Omnibus Budget Reconciliation Act, was passed with a 227 to 203 vote. The bill contains revenue increases and savings in entitlements and other direct spending programs from 12 House committees. This is required by the reconciliation instructions contained in the congressional budget resolution recently adopted by the House and Senate. The legislation is expected to reduce the deficit by \$30.3 billion in FY 1991 and \$250.8 billion over the next five years.

"This Democratically-backed provision of the Ways and Means Committee's budget proposal is very fair to rural hospitals," said Stenholm. "It certainly won't take care of all the rural health problems, but it's one of many solutions

we have supported." The bill provides that an additional \$1.2 billion will be spent in the next five years in order to eliminate part of the difference in the levels of Medicare reimbursements between urban and rural hospitals by 1995. In addition, the bill continues to assure that community hospitals, essential access community hospitals and rural primary care hospitals will get 100 percent of Medicare capital payments.

Stenholm added that the Ways and Means Committee is also moving separate legislation to extend Medicare payments to rural health clinics that provide primary care services in rural areas as a way to encourage more clinics to operate in medically under-served rural areas. Ways and Means is also advancing legislation to improve payments for collection of lab tests in rural areas which is an important improvement for nursing home and home-bound patients in isolated areas.

Undefeated streak continues for 'Lopes

by Rodney Marshall

The Post Bold Gold Antelopes remain undefeated following last Friday's 18-6 cruising over the visiting Tahoka Bulldogs, but the contest was marred in the final seconds by a collision in the Antelope backfield when a Tahoka player rammed into Jay Whitehead, who fell back into quarterback Michael Radle, who crushed Floyd Slay.

At the end of the melee time had expired in the game and angry players were separated by the coaches. When the play started there were only 11 seconds left on the clock and Radle was attempting to set his knee to the ground to end the game.

No penalty flags were thrown, and Slay, who appeared the most damaged by the attack, is not seriously injured and is expected to see action this Friday at Seagraves.

Tahoka's defense lived up to its reputation, as they Antelope offense was put to the test during the contest.

On the first two possessions, the 'Lopes were forced to punt but following Bobby Curtis' interception of a Tahoka pitchout, the offense went to work.

The touchdown drive was set up when on third down Tahoka quarterback Trey Nance was rounding left end and tried to pitch the ball to running back Mike Jackson...Curtis had the play sniffed out and picked off the ball in mid-air, advancing from the Post 40 yard line to the 50.

Radle picked up a first down on the option to the 34, then three plays later, facing a fourth down, Darrin Brown got the call and the 'Lope offensive line gave the tailback room to romp as he rambled to the 21 yard line for another first down.

The 'Lopes looked at another fourth downsituation in the drive at the 19, when Radle rolled to his right and threw a pass to Slay at the 10.

A personal foul penalty on Tahoka on the next play put the ball at the three for another first down and Radle dropped back in pass protection and found B.J. Funk in the end zone for a touchdown pass. Jr Ray Gonzales' extra point kick failed and with 14 seconds left in the first quarter the 'Lopes went out front 6-0.

The Bulldogs' next possession following Shane Horton's kickoff was cut short when David Dean hammered Nance, knocking the ball loose, and

Brown recovered it for the 'Lopes at the Tahoka 38.

Three plays later, facing fourth and two at the Tahoka 30, Slay lost the ball and the Bulldogs got it back.

The visitors marched smartly down the field on hard running by Nance and Jackson and finally defensive end Joe Garcia put a stop to the running game at the Post 35. Curtis almost intercepted a third down pass attempt and on fourth down the Bulldogs attempted a fake punt, which did not fool the Antelope defense as Brown pulled Joey Stone to the ground at the Post 39.

The 'Lopes started their touchdown drive with 5:20 left in the first half and moved steadily down the field on runs by Whitehead and Brown and Radle's passing to Slay. A first down run by Brown to the Tahoka 18 was saved when Jr Nava fell on the loose pigskin.

Facing a third down at the Bulldog 17, Radle dropped back and saw Slay all alone behind the Tahoka defense, threw the ball and Slay took it in at the 10 and raced untouched to the end zone. The two point conversion attempt failed and with 2:26 left on the clock the 'Lopes led 12-0. Brandon Bird and Benji Vargas led the

defensive charge for the Antelope defense, forcing a punt. The offense moved the ball to the 18 yard line before attempting a field goal with seven seconds left in the half. The ball sailed just to the left of the goal posts and when Bird and Nava stopped Tahoka on its last play, the teams went to the lockers.

Second Half Action
The Pride of Post Marching Band performed another sparkling routine for fans at halftime. Led by drum majors Jamie Pewitt and Raeline Bagby, the band went through its drills with beautiful marching matched with crisp sounds.

The Antelopes got inside the Tahoka 20 yard line on the first possession of the second half, but turned the ball over on downs. The 'Lope defense took control and on third down from the Tahoka 35 Rene Luna tried to pitch the ball to Jackson and when the ball hit the ground, Funk was there to take possession for the Antelopes.

From the Tahoka 36 the 'Lopes took off toward the end zone, but not before converting on fourth down at the 31, when Radle spotted Darryl Leach all alone at the three yard line for a completed pass. Leach blasted into the end zone for the

touchdown. The two point conversion attempt failed and the 'Lopes led 18-0 with 4:04 left in the third quarter.

A determined Bulldog offense set up a first down on their next drive at the six yard line on a sustained drive. The Post defense stood tall in the trenches as Lance Bland, Bird and Vargas stopped Stone at the four, then Curtis saw the quarterback keeper coming and nailed Nance for a loss at the five.

The third down play featured Stone trying to bull his way into the end zone, but was stopped short by Bird and Garcia at the three. On fourth down Whitehead dove through the line, grabbed Stone by his legs just as he was getting the hand off and Garcia came in to finish off the tackle.

The 'Lopes took over on downs at the two yard line. In three plays the offense advanced the ball to the five, from where Gonzales was called on to punt from the end zone.

A short kick gave the Bulldogs one more chance, but the 'Lope defense came off the bench to take care of business and four plays later the Bulldogs were only able to reach the 17.

The Antelopes moved to the Tahoka 45 on three first downs before running out of

steam on fourth down with 1:44 remaining in the game.

In four plays the Bulldogs got their lone touchdown as Nance completed a pass to Cody Bailey in the end zone. The two point conversion pass attempt was broken up by Slay, and with 56 seconds left in the game, the 'Lopes went to work to run out the clock.

The Antelopes leave Post at approximately 3:15 p.m. Friday for the important trip to Seagraves for a 7:30 p.m. kickoff.

'This one is going to be tough...'

by Wes Burnett

"They are well coached, extremely solid football team," Post Antelope head coach Dewayne Osborne describes the Seagraves Eagles, who, like the Antelopes, enter Friday's District 4AA showdown at Seagraves undefeated.

The Eagles are coached by Jim Hamilton, a long time member of the coaching staff at Seagraves whose team is well disciplined.

The well balanced attack operates mostly from the Wing T formation, using the excellent talents of sophomore quarterback Timmy Cavazos and outstanding running backs senior Quincy Anderson at tailback, sophomore fullback Kendrick Anderson and junior wingback Tony Conde. The Eagles prefer the run, but throw the ball to keep a balanced offense, using favorite receiver senior Kent Cole.

Cole, a 1989 All-District selection at linebacker, returns to anchor the Eagle defense, which has perhaps the best front seven in this area. Cole and linebacker Lionel Navarro team up for most of the tackles, aided by a stiff front five linemen.

"We are going to have to really play with intensity and at our very best to win this one," Osborne adds, "I guess everyone knows how important this game is to us, and we sure need a lot of folks to make the trip and show our players their support."

The team busses will leave Post at approximately 3:15 p.m.

SWCD directors attend meeting in Austin this week

Sam Ellis and Richard Hart, directors from the Garza Soil and Water Conservation District, were in Austin, October 22-24, 1990 to attend the Fiftieth Annual State Meeting of Texas Soil and Water Conservation District Directors. The meeting was held in the Hyatt Regency Hotel.

James R. Moseley, Assistant Secretary, Natural Resources and Environment, U.S. Department of Agriculture, Washington, D.C.; State Senator Tell Bivins, Amarillo; State Representative Lena Guerrero, Austin; Robert Toole, Regional Representative, National Association of Conservation Districts, Oklahoma City, Oklahoma; and Wes Oneth, State Conservationist, USDA Soil Conservation Service, Temple were speakers to highlight the program of the Fiftieth Annual State Meeting of Soil and Water Conservation District Directors.

The purpose of the meeting is to review developments affecting state and national conservation programs.

Approximately 1,200 SWCD directors and other conservation leaders attended the meeting.

Speaking at the Tuesday morning general session was Assistant Secretary Moseley, Senator Bivins, and Representative Guerrero. Moseley is responsible for directing the activities and programs of the Forest Service and Soil Conservation Service. Prior to his current position, Moseley served as Agricultural Advisor to the Administrator of the Environmental Protection Agency on issues affecting the agricultural industry.

A rancher and businessman, Senator Bivins currently serves on the Economic Development Committee, the Natural Resources Committee and the Jurisprudence

Committee. Bivins' 31st Senatorial District covers 29 counties in the Panhandle and South Plains.

Representative Guerrero, who serves as Vice Chair of the State Affairs Committee, and as a member of the Committee's Budget and Oversight Subcommittee, will welcome the conservation district officials. She also gave an overview of issues the next regular session of the Legislature will be confronting.

During the general session, the Texas State Soil and Water Conservation Board reported on a study concerning the conditions of Texas watersheds relative to their physical conditions and how these conditions relate to water quality and quantity.

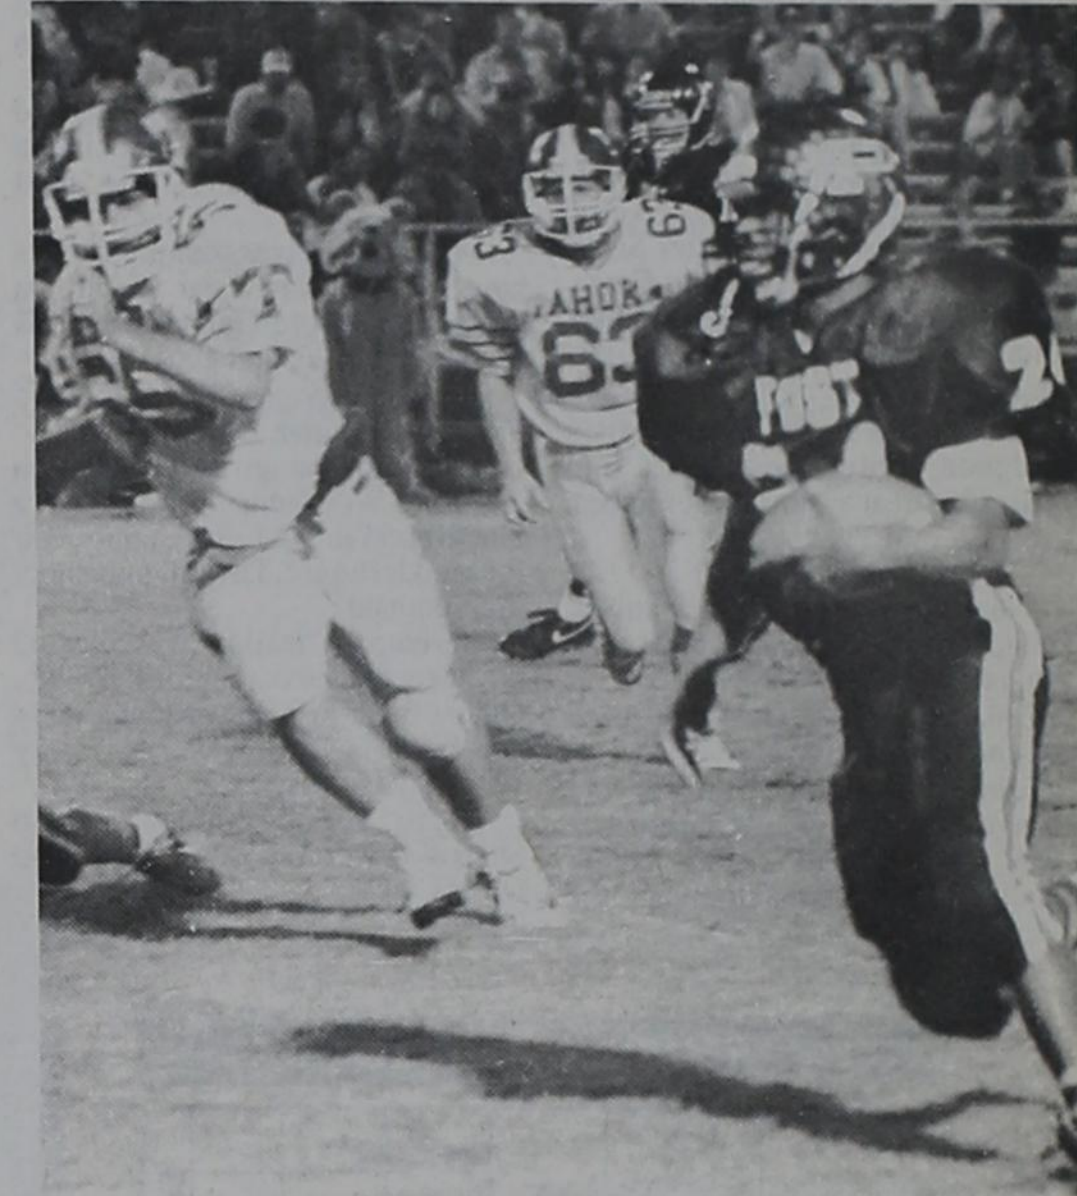

Toole discussed current operations of the National Association of Conservation Districts. As NACD's Southern Representative, Toole works with soil and water conservation districts in thirteen southeast and south central states and two territories.

Oneth addressed conservation district officials on Soil Conservation Service assistance to Texas SWCDs. He also talked about the agency's budget outlook for fiscal year 1991 as it relates to conservation programs in the state.

Clyde Hale of Sherman, president, Association of Texas Soil and Water Conservation District addressed the group on Tuesday morning.

Five workshops were held on Tuesday afternoon. The district operations workshop were primarily a training session for district directors and district employees concerning day-to-day operations of districts.

In the education/information workshop, discussion focused on improving communications among TSSWCB, SCS and district officials. A representative from the Texas Education Agency talked on

JAY WHITEHEAD (24) cuts around his left end for a big gainer for the Antelopes during their 18-6 win over Tahoka here last Friday. (Photo by Jerry Taylor)

how SWCDs may apply for and obtain approval for locally developed conservation education programs.

The agricultural and silvicultural nonpoint source management workshop involved detailed discussions of the draft results of the statewide watershed study. Talk also centered on an indepth explanation of the 1990 agricultural/silvicultural nonpoint source pollution assessment program.

In the legislative issues workshop, a panel of Legislative Leaders discussed legislation expected to be introduced in the upcoming session which could affect Texas Conservation Programs.

A presentation on the formation of underground water conservation districts with a discussion on the activities of UWCDs was the focus of the underground water districts workshop.

Regular elections for Association of Texas Soil and Water Conservation District Directors for State Areas Two and Four were held on Tuesday afternoon in the

area sessions. A president and vice-president of the State Association were elected at the Association's business session on Wednesday.

Amended Notice of Rate Change Request and Statement of Intent

Notice is hereby given that DICKENS ELECTRIC COOPERATIVE INC., (the "Utility") intends to establish a new load retention rate for qualifying large power loads over 2000 KW. The load retention rate includes a separate factor for recovering power costs associated with the customer's load. The Utility intends to change the power cost recovery factor applicable to all other customers to exclude the cost of power and KW sales to customers utilizing the load retention rate. The changes are proposed to be effective as soon as may be permitted by law. Based upon a test year ended December 31, 1989, the proposed changes result in a decrease less than actual test year revenues of \$224,542 or 1.6%. The changes are applicable to all areas, all customer classes, and all customers served by the Utility.

Implementation of the proposed load retention rate and other changes is subject to approval by the Public Utility Commission of Texas. A statement of intent including the proposed revisions of

tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Spur, Texas.

For many years, large high load factor customers have paid a disproportionate share of power costs. The proposed method of power cost recovery more accurately tracks the cost of providing service by placing more of the responsibility for payment of power costs on customers who cause the utility to incur those costs. Based upon a test year ended December 31, 1989, the proposed rates, if approved, will result in an increase in billings to all classes of affected customers. The amount of power cost that will be incurred in the future cannot accurately be predicted.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

BABY BORN AT GARZA MEMORIAL HOSPITAL was celebrated here last week when Timothy Andrew Gonzales was born October 17 at 10:05 a.m., weighing six pounds and eight and three-fourths ounces. Joining Julie Gonzales were her physician, Dr. Jeff Young (center) and husband Tommy Gonzales. The hospital also observed last week the first surgery performed here since April 1986 and the first use of the CT Scan, a new service. Hospital administrator Marita Reed reminds citizens that the hospital also offers physical therapy services. (Photo by Becky Warren)

ACS announces new program for patients

Diane Hudgens and Kelly Finley, R.N., co-chairmen of the Lubbock Metro Unit of the American Cancer Society, announced today the beginning of a new program to help local people undergoing treatment for cancer and their families. This new program, Look Good ... Feel Better, was developed by the Cosmetic, Toiletry and Fragrance Association Foundation to help women undergoing cancer treatment to improve their appearance with the help of specially trained members of the Texas Cosmetology Association.

"It is a wonderful program to help people look their best - even as they are undergoing cancer treatment," said Finley, the American Cancer Society Coordinator of Look Good ... Feel Better in the Lubbock Metro Unit. "Cancer treatment can be very difficult. Some people may lose their hair, others may gain or lose weight, still others may have troublesome skin

problems. Hopefully, by helping people improve the way they look, we can also help them to feel better."

Texas Cosmetology Association members who have been especially trained and are participating in the Look Good ... Feel Better program include stylist from Landa's Hair Salon, Becky's Hair Salon, The Upper Room and Hair by Diane.

"For me, this is a chance to give something back to the community," commented Hudgens of Hair by Diane. "I am excited with the idea of using my skills to help people in cancer treatment learn to cope with some of the temporary side effects of the treatment. It's always amazing to me what professional beauty advice and demonstration makeover can do for someone's whole outlook."

For more information on Look Good ... Feel Better please contact the Lubbock Metro Unit of the American Cancer Society at 792-7126.

RULES & INSTRUCTIONS:

1. The contest will continue through November 23, 1990. Each week is a separate contest with \$175 in prizes offered each and every week.
2. There are 21 games to pick each week. One game will be found in each participating sponsor's ad appearing on this page. Circle the names of the teams you believe will win. On the game designated as the "tie-breaker", guess the actual score of the game.
3. Anyone at least 12 years old or older may enter the contest. Only one entry per person. More than one entry will disqualify all entries for that person. Only the official entry form printed by The Post Dispatch on this page will be eligible for consideration. No facsimile, photo copy or other reproduction of the entry form will be accepted.
4. Entry forms must be submitted to designated sponsors no later than 5 p.m. each Friday prior to the games listed for that week.
5. Entry forms must be correctly completed and signed by the person submitting the form with the correct address. Incorrect entries will be disqualified. In all instances, the decision of the judges will be final.
6. Entry forms must be signed by the person submitting the form, entries known to be signed by a person other than the one who completed the form will disqualify that entry.
7. In the case of a tie, contestants guessing nearest to the actual "tie-breaker" game score will be declared the winner. The tie-breaker will be determined by the point spread method, picking the winner correctly. In case of identical scores, prize money will be divided equally.
8. Employees of The Post Dispatch and their families are ineligible to participate in the contest. Owners and employees of participating sponsors may enter the contest.
