## Fiestas Patrias celebration at rodeo grounds Saturday and Sunday

A community-wide celebration Saturday and Sunday, "Fiestas Patrias", recognizes the historic Mexican independence date of September 16, and this year will be held at the Post Stampede Rodeo grounds.

Sponsored by Los Mexicanos Unidos, the celebration begins at noon Saturday with Mexican food for sale, live music and games. A dance begins at 8 p.m., with the crowning of the queen at 10 p.m. There will also be entertainment groups from Mexico and West Texas.

The fun begins Sunday at noon, featuring Mexican food and a parade will be held downtown at 2 p.m. The activities at the rodeo grounds will include youth

dancing and games from 4 to 6 p.m. Entries are still being received for the parade.

"We want everyone in the community to join us for fellowship and enjoy the fine music and food," Irene Ammons comments.

"We also want to thank everyone for their help, donations and support... we could not be celebrating Fiestas Patrias if it were not for the help from the community.

"A very special thanks to the Post Stampede Rodeo Association for allowing us to use the grounds, Los Mexicanos Unidos says thank you very much!"

## Founders' Day plans made for Oct. 14-18 event

by Barbara Hardin  
Post Main Street Manager

Once again, Post, Texas, is gearing up for what is quickly becoming known as the annual fall festival of the South Plains.

Post, a Texas Main Street City, will honor its founder, C. W. Post, with its sixth annual Founders' Day Celebration, beginning Wednesday, October 14, 1992, with the Double U Bull Sale, and concludes on Sunday, October 18, 1992.

"THE RAINMAKER" cast is preparing for this evening's (Thursday) opening of "The Rainmaker" at the Garza Theatre. Cast members are (front, left to right) Jon Steele, Cassie Coker, James Bell, (back, left to right) Jay Goswick, Doug Burns and David Weaver Jr. Cast member Lino DeLeon was unavailable for the photo. IN 1906, cereal magnate, Charles William Post of Battle Creek, Michigan, had a dream to establish a model community in Texas where families could acquire a home with low down payments, easy monthly payments, and where the breadwinner of the family would be in a position to earn a living. Mr. Post acquired between 225,000 and 250,000 acres of land where the Caprock falls into the canyon and mesa country around the headwaters of the Brazos River. In 1907, a thriving city was set up, activities buzzing in every direction, streets laid out, and street lighting set in.

C. W. Post's vision and determination and dreams are still alive 85 years later in this progressive Main Street City. To celebrate the dream, and to honor the man, the City of Post and Garza County hosts this Founders' Day Celebration, sponsored in part by Post Cereals, Kraft General Foods, General Foods, USA.

The week of October, beginning October 14, the city will be alive with various activities at the Garza Theatre, art exhibits, and downtown activities. There will be something for everyone Wednesday through Sunday, from dances to ranch rodeos. Come join the fun!

For further information or ticket reservations, contact the Post Main Street Project at 495-4157.

## Self proclaimed 'pack rat' opens up unique collection for everyone to see

by Wes Burnett

When he was just a tad of a boy, Giles McCrary says he began collecting stuff and "I just have always been a pack rat."

Which turns out to be a delight for art lovers and collectors, since McCrary recently began displaying some of the "stuff" he's had packed away in boxes from sorties around the world.

In the planning for two years, the OS Ranch Foundation Museum, which opened with a gala reception last month, features a full range of art and McCrary, along with curator and director Marie Neff, welcome and encourage visitors.

The museum is open Monday through Friday 10 a.m. to 4 p.m. and by special arrangement with groups at other times. Neff may be contacted for special showings at 495-2051.

"Everything has a very personal meaning to me," McCrary emphasizes, "when I see something that really moves me, then I try to buy it. If a piece of art or craft doesn't excite me, I just pass it by."

You could say that the collection at the OS Ranch Foundation Museum literally comes from around the world... items are on display from every continent and more than 100 countries.

"We plan to change the items about every three months or so," McCrary added. Don't worry about duplications, he was unable to estimate how much

"stuff" is available to be displayed.

Among the art are bronze, porcelain, word carvings, native arts, baskets, ivory, framed paintings in various media, weaving, jewelry and true replicas of swords and daggers, stained glass and Russian boxes.

"I have traveled almost all my life," he explained, "and on early family trips I began picking up stuff and saving them. I still have an old wooden cigar box full of opals that I got when I was a child."

McCrary said that he has never sold or traded any item that he has brought home.

If you want to see what Giles McCrary is all about and what motivates him on his world trips, schedule a visit to the OS Ranch Foundation Museum... you have to see it to understand.

## Family support group hosts mental illness discussion

A meeting to discuss the chances of a second mental illness in a family where there is a mentally ill member and ways to promote good mental health are the focus for today's (Thursday) meeting at 5:15 p.m. in the SPS Reddy Room.

Hosted by the Garza County Mental Health Center's family support group, the program is titled, "Mental Illness in the Family - I'm afraid it could happen to me."

Brian Shannon, president of Llano Estacado Alliance of the Mentally Ill will open the meeting.

Refreshments will be served. For more information contact Sheri Cannon at 495-2813.

## Criminal mischief leads complaints

Garza County sheriff's deputies arrested a 28 year old man September 1, charging him with criminal mischief concerning a complaint of rocks being thrown through a vehicle windshield.

September 2 officers received a complaint from a resident who reported the apparent theft of fishing equipment from an unlocked boat shed. No suspects have been arrested. The owners said that the theft apparently happened while they were out of town.

An antique wash pot was reported stolen from the yard of a vacant house on September 3. The complainant said that the wash pot had been removed from the home of her deceased mother. No suspects have been identified in the incident.

## Train strikes, kills man lying near tracks

A south bound Santa Fe freight train was unable to stop near the crossing at East Main Street in Post early Monday morning, killing 55 year old Felix Rosas Srof Post.

The accident was reported by the Santa Fe Railroad conductor by radio to the sheriff's department at 1:15 a.m. Monday, September 7. He was pronounced dead by Justice of the Peace Sheila Melton. Results of an ordered autopsy in Dallas were not available at press time Wednesday.

According to the report, the railroad engineer saw a body lying near the tracks and before the brakes could be applied the train's guard struck the man knocking him to the side. The engineer said that Rosas did not appear to move. Rosas was lying on the southside of East Main Street on the west side of the tracks.

Sheriff Kenny Ratke said that the investigation has been unable to determine the exact reason Rosas was so near the tracks, but speculated that the man either had fallen or tripped near the crossing.

## Free trees for Arbor Day membership

Ten free trees will be given to each person who joins The National Arbor Day Foundation during September 1992.

The free trees are part of the nonprofit Foundation's Trees for America campaign.

The ten trees are the Sugar Maple, White Flowering Dogwood, Pine Oak, White Pine, Red Maple, Birch, American Redbud, Silver Maple, Red Oak, and Colorado Blue Spruce.

"These trees were selected to provide benefits every season of the year: lovely spring flowers, cool summer shade, spectacular autumn colors, and winter berries and nesting sites for songbirds," John Rosenow, the Foundation's executive director, said.

The trees will be shipped postpaid at the right time for planting between October 15 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow or they will be replaced free of charge.

Members also receive a subscription to the Foundation's news magazine, Arbor Day, which includes regular features about tree planting and care.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to Ten Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1992.

### Publish or Perish?

What's the best school from which to get a law education in America?

According to one recent study, it depends on how often their professors write articles for leading law journals, not how well they teach or how their graduates succeed at the bar.

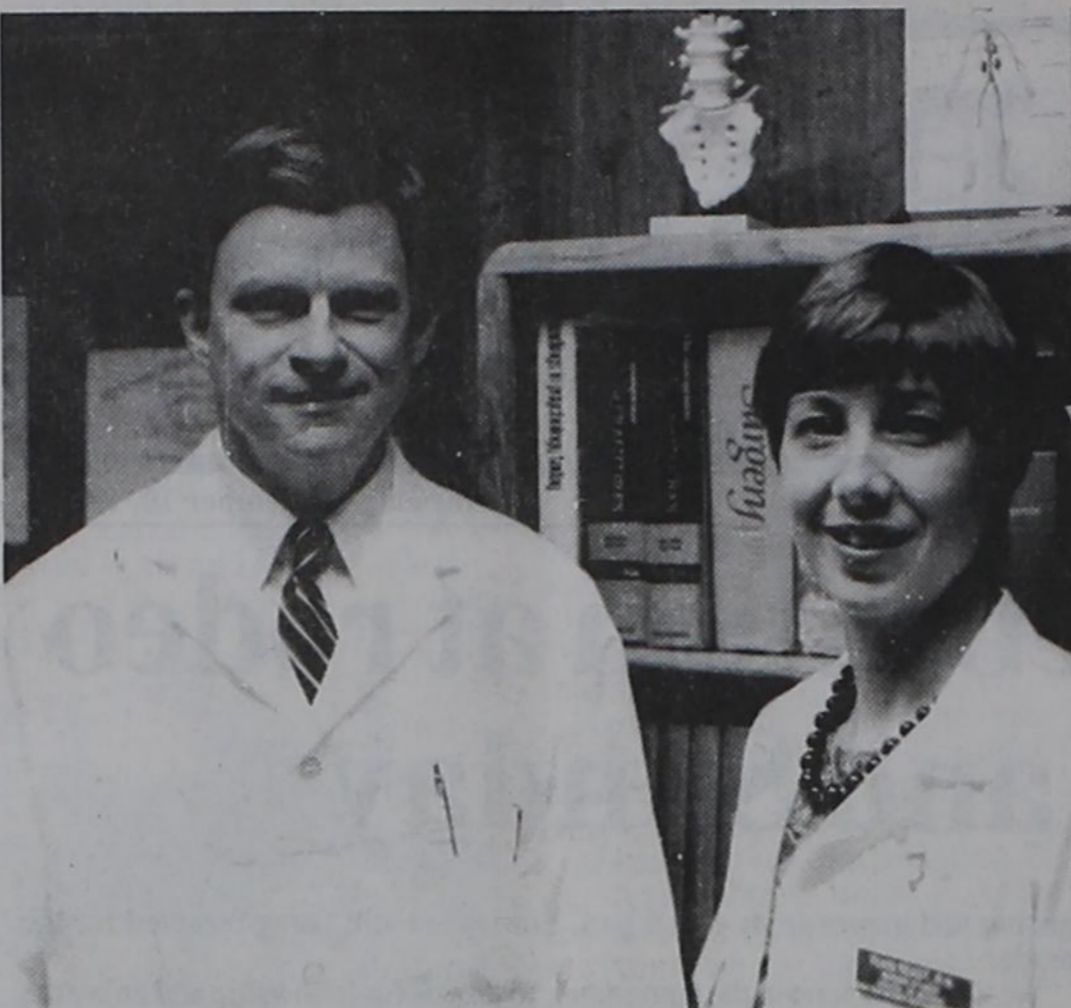

On this basis, the University of Chicago and Yale University took first and second place. No Texas school was even in the running!

### Fringe Benefit

Having a college or university in the community can be a financial boom to public schools.

Midland-Odessa taxpayers discovered that recently when the number of minority students exceeded the number of Anglos. The school districts weren't prepared to meet the educational needs of this changing student population.

The University of Texas of the Permian Basin in Odessa was prepared however. It created a special program to provide bilingual teachers to the area schools.

### A new Texas "first"?

Was Texas home of the first human inhabitants of North America?

Scientists aren't ready to say yet, but they're inclined to believe that one of the earliest habitations on this continent was 10 miles northwest of Austin.

Archaeologists at The University of Texas at Austin have uncovered the complete skeleton of an Ice Age woman, tools and other artifacts leading them to conclude that a settlement existed on the site as long as 11,000 years ago!

The skeleton, the oldest female human ever found in Texas, was discovered in 1982. Studies of the skeleton and tools found near her grave indicate that she lived thousands of years before the building of the Egyptian pyramids.

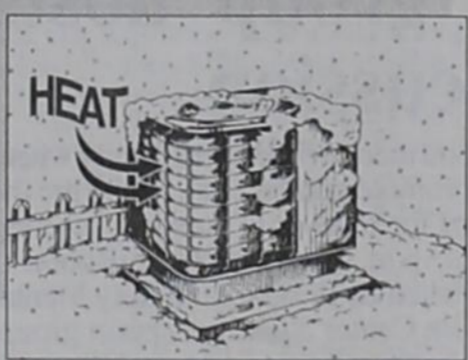

## THE WARMTH OF THE EARTH

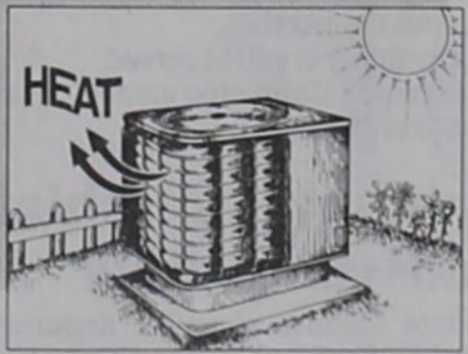

The heat pump captures it to heat and cool your home naturally.

The Dual Fuel Heat Pump uses existing heat to keep your home comfortable...naturally. Because it doesn't have to create heat, it's very efficient. For each unit of energy it uses, the Dual Fuel Heat Pump creates two or three units of heat.

Dual Fuel Heat Pump owners say it costs them less to operate than other systems. And, because it's electric, the Dual Fuel Heat Pump is cleaner.

There is heat in the air on the coldest days. The heat pump captures it to warm your home.

In summer, it becomes a high efficiency air conditioner. During hot weather, the heat pump captures the heat inside the home and takes it outside.

Contact your heat pump dealer or Southwestern Public Service Company for more information.

## Disaster Assistance Sign-Up Dates Announced

by ASCS Victor Ashley  
President Bush has announced that the 755million dollars allocated for Phase II and Phase III of the 1990/1991/1992 Disaster Assistance Program have been released. Signup dates for Phase II are September 8, 1992, to October 2, 1992, and Phase III signup dates will be October 13, 1992, to February 12, 1993.

The Phase II sign-up will be open only for the fall-seeded crops of winter wheat, oats and barley for harvest in 1992. Under Phase III, farmers can file a claim for any one of the crop years of 1990, 1991, or 1992, excluding any year for which they already have received a disaster payment.

A farmer who signs up for Phase II to cover 1992 wheat losses will be required to stay with 1992 under Phase III for any other crops on which he may have losses. Producers who have received disaster payments or losses in either 1990 or 1991 can claim a loss in one of the remaining two years under Phase III.

Both program and nonprogram crops will be eligible for Phase III payments. Contact the Garza County ASCS Office at 208 W. Main for information.

## NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes the tax rate for last year provides \$5,862 per student in state and local revenues. Under this statute the same rate now provides \$6,026 per student in state and local revenues.

State law only requires a minimum tax rate of \$.9263 for County Education Districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Southland Independent School District hereby gives notice that it is considering the adoption of a tax rate of \$.3922 that will provide \$5,675 per student in state and local revenues.

### Mitchell-Lewey family reunion '92

The Mitchell-Lewey family reunion '92 was hosted by Malachi (Smokey, Jr.) and Ruby Mitchell at their home in Killen on August 7, 8, and 9, 1992.

The gala event, which witnessed the return of more than 50 members of the families, kicked off at sunset on the August 7, with the traditional "Friday Night Fish Fry" that gradually merged into a candle light party in the Mitchell's backyard.

A Texas style barbecue, with all the trimmings, drew the relatives together at a picnic area on Ft. Hood overlooking Lake Belton on Saturday.

Sunday, August 9, was occasion for many of the family members to travel to Baileyville, birth place of many of those present, to attend Homecoming Gospel Services at Mt. Zion Baptist Church.

Mozella, matron of the Mitchell clan, stated that she had the opportunity to visit with friends and relatives that she had not seen for decades.

The families would like to express their sincere appreciation to all those efforts contributed to the successful outcome of the reunion, specifically, staff sergeant David (Duke) Bell of Fort Hood, who volunteered to help prepare the barbecue.

Doris Stamp's coordinating expertise definitely played a vital role in the overall success of the affair.

Awards were presented to Ophelia Master, senior member present, award for youngest member went to the son of Dr. and Mrs. Butch Baker of Austin, while James Brown of San Francisco gathered in the award for the most miles traveled to attend the reunion.

### Bertha King marks 100th Birthday

Bertha King of Welch celebrated her 100th birthday on Sunday, August 23rd with a party hosted by her children and grandchildren.

The party was given in the home of her daughter, Jeauldene Medlin of Welch, with approximately 75 friends and family present.

The guests were served birthday cake, punch, cheese balls, and sausage balls.

The centerpiece on the serving table was made by fresh roses picked from Mrs. Keener's (a life long friend and neighbor) rose garden. The cake was a white sheet cake with raised cake numbers of 100. The cake was baked by Mrs. King's granddaughter, Joyce Drennan.

Mrs. King, the oldest of seven children and the only one currently living, was born on August 26, 1892, in Runnels County to Jim and Ada Atkinson.

The family, which moved to Lynn County in 1901, made it's first home in a dugout. Mrs. King remembers the area before there were towns and when antelopes roamed the plains.

On June 5, 1911 she married Birt King in Colorado City. The couple lived in Tahoka after their marriage, where her husband was in the meat market business.

In 1918, the couple moved to the Windham Ranch in Terry County, south of Brownfield, and then to Dawson County in 1925 where she has lived for 67 years.

Mrs. King has four children, N.R. King of Post, Grady King of Seminole, Toy King of Loop and Jeauldene Medlin of Welch.

She has eight grandchildren, 16 great-grandchildren, and seven great-great grandchildren.

# Antelope debut falls short at Abernathy with 13-6 opener

by Mike Stearns  
The Post Bold Gold opened the 1992 football campaign this past week with a good showing against Abernathy.

The 13-6 loss to the Abernathy Antelopes showcased Post's improved defense and quick running game. It was a showing that could have ended up on the other side of ledger as a win for the Bold Gold.

Post received the opening kickoff but was unable to move the ball on their first series of downs. Bodie Simpson's punt and a clipping penalty against Abernathy buried the maroon clad Antelopes deep in their own territory at the 16 yard line.

The Post defense rose to the occasion and held Abernathy to only 3 yards in three plays forcing Abernathy to punt.

Post then went on a 14 play drive which covered 52 yards for the first score of the game.

Halfback Tim Bell hit the middle of the Post line and powered forward for three yards to start the drive for Post. Ricky Jefferson then followed the blocking of Kelly Line and Josh Bush for six yards on a well executed trap play. Bell hit the middle of the line again to give Post a first down at the Abernathy 40.

Russ Bird then powered forward on the first down play to the 35. Quarterback Casey Hart, who started the game due to the illness of Jim Riley Simpson, rolled left on

the next play but put the ball just over the outstretched hands of Ricky Jefferson.

Tim Bell took the ball on the next play for three yards on the sweep. Abernathy decided to help Bell along by grabbing the speedy tailback's face mask on the way to the ground. The penalty put the Bold Gold on the Abernathy 28 yard line.

After a two yard loss, Bell took the ball on a pitch from quarterback Hart and turned the corner for a twelve yard gain, a crushing block from Anthony Cruse sprung Bell at the line of scrimmage. The ball was spotted just short of the 18 and the Bold Gold needed inches on third down.

Bell got the call once again and responded by moving the ball down to the 14 of the hometown 'Lopes.

Then disaster almost struck. Russ Bird took the hand off in the Post backfield and exploded through the line for a big gain. As he was going down, an Abernathy player popped the ball loose and straight up into the air. An alert Ricky Jefferson fell on the fumble to set Post up at the 4 yard line of Abernathy.

Coach Osborne then called on speed of Bell and Tim responded by taking the ball straight up the middle for the touchdown. A low snap foiled the extra point attempt but the Bold Gold had the lead 6-0 with 3:51 remaining in the opening period.

"Tim did everything we asked of him", commented Coach DeWayne Osborne of the effort by his tailback on the drive. "Tim did a tremendous job and showed a lot of toughness. He is only 118 pounds but he never shyed away from a hit."

Post had an opportunity to salt the game away early as Abernathy fumbled the kickoff at their own ten yard line. Post fell on the ball and had it first and goal at the ten.

The Abernathy defense denied Post the score by shutting down the running attack that had propelled Post to their first score. Tim Bell was caught behind line for a two yard loss and then Russ Bird recovered his own fumble on the next play. Adrian Castillo was not as fortunate as Abernathy pounced on his fumble to take over at their own 14.

"We had the chance to put the ball game away and failed to capitalize", Coach Osborne lamented. "We had a great effort from the kids. The mental errors and the errors from inexperience killed us though."

Neither team could effectively move the ball through the rest of the first half. Post owned the lead 6-0 at halftime.

Post moved the ball well to start the second half but had to punt after picking up a couple of first downs. The teams traded punts as the defensive effort by both teams picked up.

# Post loses opener 13-6

(Continued from Page 4)

Abernathy finally got some good field position as they returned a Bodie Simpson punt to their own 49 yard line. Abernathy then got their ground game untracked with the one-two punch of Dennis Haney and Linc Lutrick. Abernathy moved the ball down the field to the Post 16 yard line on six straight running plays.

Quarterback David Carver then faked the hand-off to Haney and rolled left. He hit a wide open Brian Martin at the five and Martin waltzed into the end zone untouched. Martin added the extra point and Abernathy led 7-6.

Tim Bell took the kickoff and broke into open field to the 48 of Post. The runback was called back though due to an illegal block penalty called against Post. The Bold Gold set up shop at their own 23. The 'Lopes didn't move the ball only gaining 2 yards on the next three plays.

On fourth down and eight, Coach Osborne called the most daring play of the game. Bodie Simpson took the snap deep and threw a nice spiral down to Javier Saldivar near mid-field. Saldivar just missed catching the pass that would have given Post a first down and some much needed momentum. Abernathy took over at the Post 25 after the incomplete pass.

"If I had it to do over again, I'd call the same play", said Coach Osborne after the game. "They never expected it and the play was open. We just didn't catch the ball."

The Post defense got stingy as the fourth quarter got under way and it looked as though they had stopped Abernathy. But an offside penalty called against the Bold Gold on third and eight gave Abernathy the opening they needed. Lutrick ran the ball five yards for the touchdown on the very next play. Post stopped the extra point attempt but trailed 13-6.

The Bold Gold never gave up. The two teams traded punts back

and forth as neither team could move the football. Post got their opportunity with just over 6 minutes left in the contest.

Abernathy had the ball deep in their own territory at the 25. Carver took the ball and pitched it outside to Lutrick. Oscar Acevedo stepped in front of Lutrick and knocked the pitch down. Post recovered to give the offense a chance to score.

After a two yard gain on the first two plays, Hart tried to hit Russ Bird on a slant over the middle. Bird could not get to the ball bringing up fourth down and seven. Hart rolled left under a strong rush but couldn't complete the fourth down pass.

Abernathy had another strong defensive stand late in the contest to deny Post the touchdown they needed. Abernathy ran out the final 48 seconds to preserve the victory 13-6.

"We gave a tremendous effort tonight", said Coach Osborne. "We need to realize that this is a young team and they will get better every game. This is a step above JV that most of these guys are used to. They have to realize that it's a little more serious on Friday night and they're on a different level."

Post had the opportunities to win the game but could not put the ball over inside the twenty yard line. Tim Bell had a good night running the football with 50 yards on 25 carries. Casey Hart did a great job throwing the football after being pressed into service at the last minute. A few more catches at key times would have relieved the pressure on the running game and could have changed the outcome of the game.

But this is a great improvement over last year. Remember, Abernathy opened Post's season last year with a 42-6 drubbing. This year was certainly a different story. Look for it to be a different story on Friday night as Post opens at home against Slaton.

## Slaton Tigers invade Antelope Stadium for Home Opener

by Mike Stearns

Long time rival Slaton will provide the competition for the Post Antelope home opener this Friday night at Antelope stadium. Coach DeWayne Osborne will have his troops ready for the AAA Tigers.

"Slaton will be in the same shape as we are this year. They are not very experienced and will be trying to get the job done with a lot of Sophomores and Juniors."

Slaton is coming off the first win over the Bold Gold in many years as they beat Post 42-7 last year. But the Tigers graduated most the team

that tied for the district 2-AAA crown.

Slaton returns only three starters from last years team but they are key performers. Andrew Jones provides a speedy target for the Tiger passing attack. He also earned All South Plains honors as a defensive back this past season. Junior tight end Keith Kitten and Senior guard Fernando Zaragoza also return for the Tigers.

"We will have to play extremely well to beat them", commented Coach Osborne. "They will throw a lot of different sets at us on offense and we will have to play disciplined defense."

Osborne explained his focus in practice for the game. "Our offensive line play will need to be improved and we are going to work on our receivers. We need to continue our aggressive play and not let Slaton take that away from us by their different sets."

Quarterback Jim Riley Simpson may see some action in the contest. Simpson was suffering from an illness and did not see any action against Abernathy. Post also hopes to see Phil Leininger back in the line-up. At 6 foot, Phil would give Simpson a big target over the middle.

The face lift on the stadium will be complete by game time Friday night. The reserved seating area will have a fresh coat of paint and numbers for the opening night contest.

Both teams enter the game with one loss. Post dropped their opener last week at Abernathy 13-6 but looked strong on defense and with their running attack. Shallowater handed Slaton it's loss last week by downing the Tigers 15-6. Kickoff will be at 8 p.m.

## Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press \*67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Proposed Rates (monthly)*	Residence	Business
Calling Number only	\$6.50	\$ 8.50
Calling Name only	\$6.50	\$ 8.50
Calling Name & Number	\$8.00	\$12.00
Anonymous Call Rejection	\$3/\$1**	\$3/\$1**

\* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

\*\* Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

# Kevin Crispin marches 100 miles in four days

By B. John Smith

Before the sun could rise above the Netherlands' horizon, soldiers started to march out of their camp equipped with 22-pound backpacks and a goal to march 25 miles a day for four days, just to prove that they can do it.

Army Spc. Kevin B. Crispin, 22, son of Judy Bush of Post and Ray Crispin of Wilson, was one of more than 800 U.S. service members who participated in the 76th Nijmegen International Four Day Marches 21 through 24 July.

Marching 100 miles in four days is a difficult task, but with overwhelming support from the Dutch people, the pleasure of making international friends and proper medical treatment for punished feet, the groundpounders' march through the streets and countryside of the Netherlands a little easier.

Even with extensive support, after the second 25-mile day Crispin found that Nijmegen was a different experience.

"The march is painful, yet exciting. It's a special event because it has been going on since 1909," said the 1988 graduate of Post High School.

For the Dutch people, the marches are more than walking 100 miles in four days.

It's a demonstration of willpower and there is much admiration for those who take the challenge.

People line the sides of the roads as early as 4 a.m. to cheer and encourage the marchers during their hike.

Because of an allied victory called Operation Market Garden, the U.S. forces are well received.

During World War II, U.S., British and Canadian paratroopers won decisive battles with the Germans in the area where the march is held.

Although there were almost 8,000 service members from 14 countries, Nijmegen was not a military event. This year there were over 30 thousand civilian marchers.

In 1908, the Dutch people began participating in such long distance marches and since 1928 the marches have been open to international participation.

One marcher described Nijmegen as being like the United Nations, where the many nations come to march, have fun and make new friends.

These international friendships often generate in the center of the military camp, Camp Heumensoord, where there were several food vendors and the festival tent which served refreshments.

At night this tent became an international party of uniforms that often turned into a flag-waving sing-along.

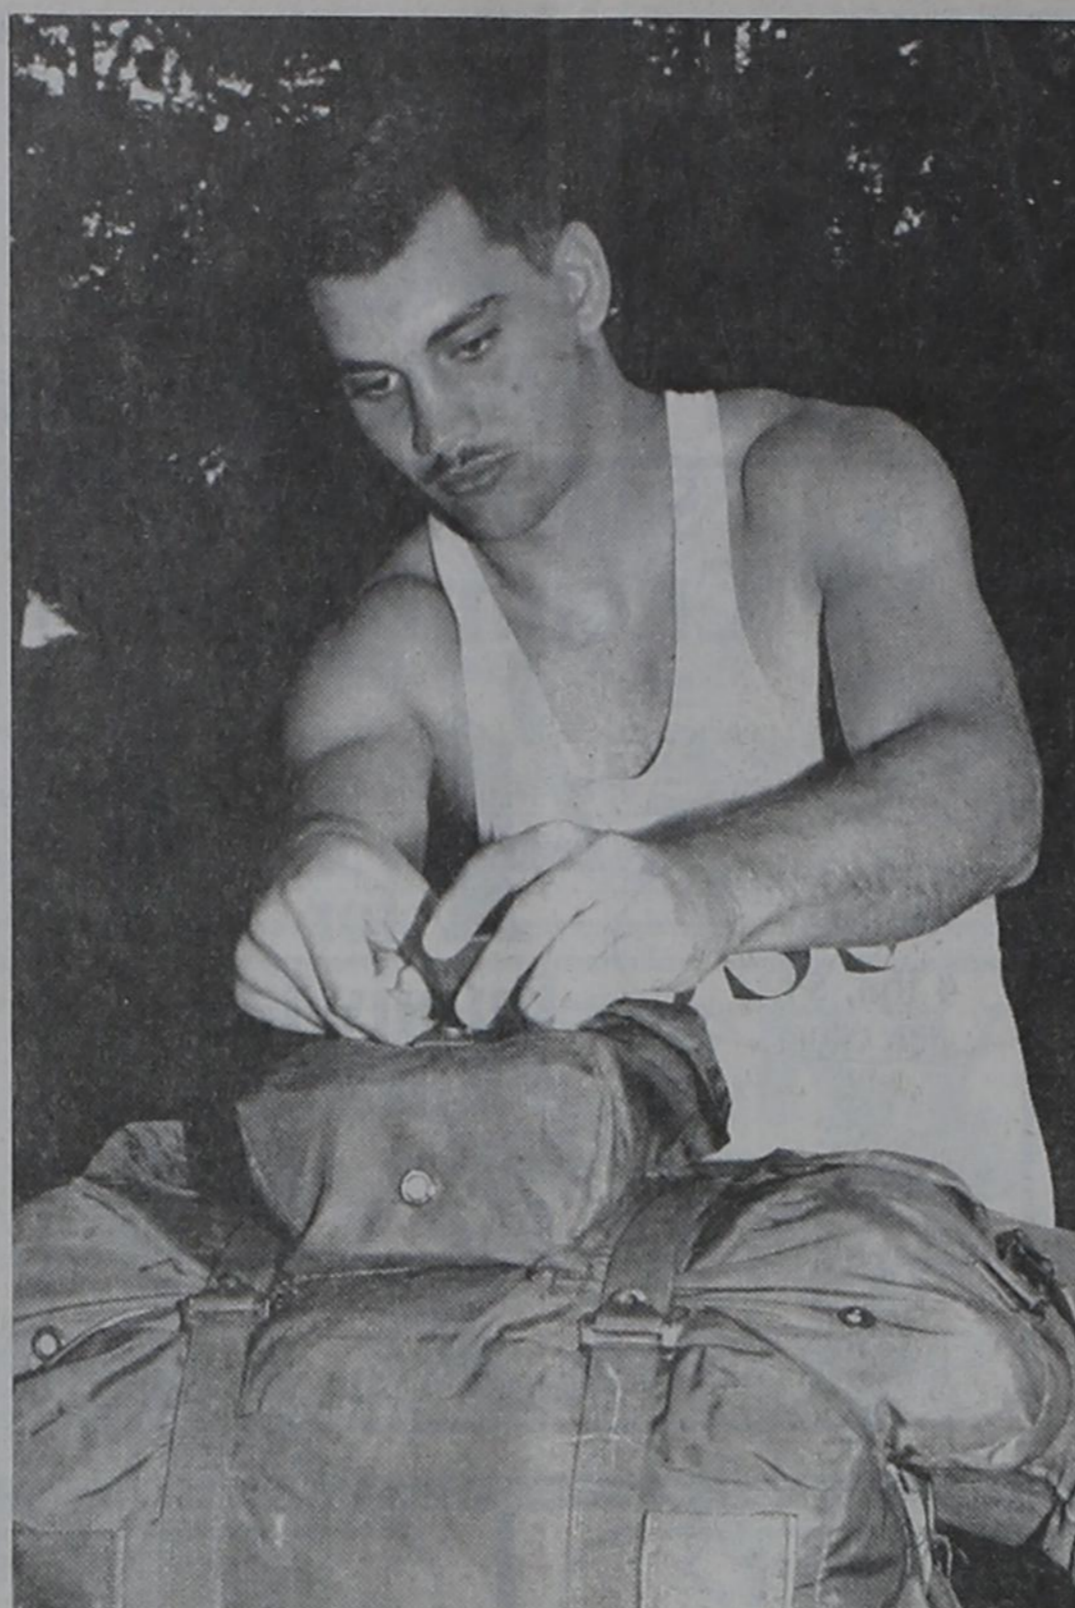

Heumensoord was also the support center for the marchers.

It supplied them with breakfast and dinner (lunch was eaten on the move), sleeping and shower areas, and the much needed medical aid stations.

Along each day's route, there are three mandatory aid stations and four U.S. stations within Camp Heumensoord.

Visiting the aid stations is not always a pleasant experience and because of the medics method of treatment they earned nicknames like, the meat grinders, butchers and psychos.

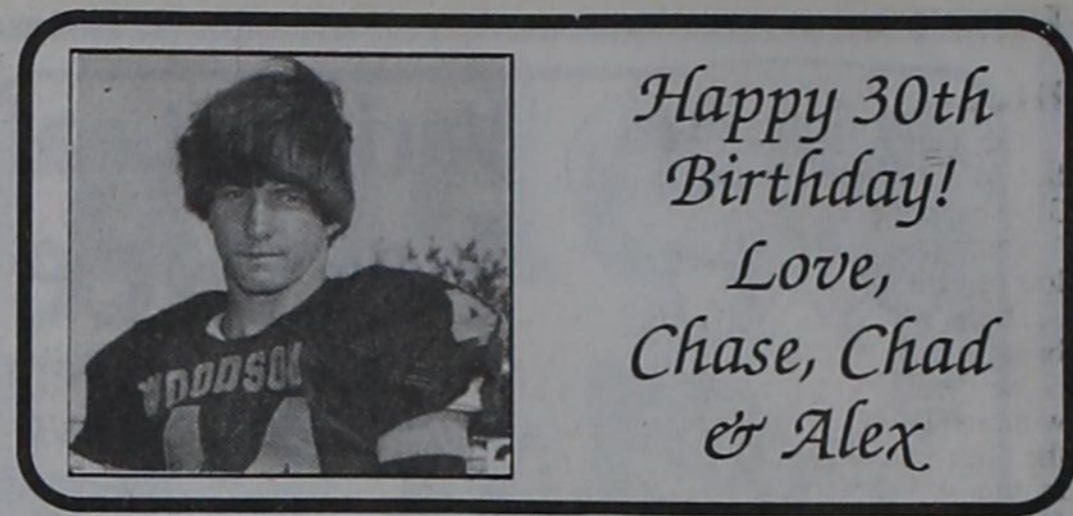

The calling for the medics was mostly for blister treatment.

ARMY SPC. KEVIN B. CRISPIN finishes repacking his backpack in preparation for another 25 mile march the next day during the 76th Nijmegen International Four Day Marches, July 21-24 in Nijmegen, Netherlands. (U.S. Army photo by Angela Stafford)

The marchers' blisters are drained and numbed, then Benzoin, which acts like a glue, is injected between the two separated skin layers and the foot is covered with cotton-coated Benzoin to give it an extra layer of skin.

Although treatment is painful, it's a necessity so the marchers may continue to punish their feet the following day.

Happy 30th Birthday!

Chase, Chad  
& Alex

## Post JV open with 14-12 win

by Mike Stearns

The Post Junior Varsity opened their season at home last Thursday night by holding on for a 14-12 victory over Abernathy.

Post scored first in the contest as Jason Wyatt scored in the first quarter for the Bold Gold. Alvin Reed then took the hand off from quarterback Heath Eagle and burst through the line for the two point conversion. Post led 8-0.

Abernathy took advantage of mistakes and fumbles by Post to score the next two touchdowns of the contest. Abernathy led 12-8 going into the fourth quarter.

Cody Bain intercepted an Abernathy pass and ran the ball 35 yards for the go ahead touchdown. Post held on the rest of the way to preserve the 14-12 win.

The Bold Gold was able to roll up a lot of yardage on the ground but fumbles stopped the 'Lopes in their tracks deep in enemy territory several times.

Coach Fred Postel reflected on his team's performance. "Although fumbles hurt us," commented Postel, "the kids did the things necessary after we went ahead to make sure of the win." Postel added, "We will get better."

The Post JV are next in action against the Slaton JV Thursday, September 10 in Slaton. Kickoff is scheduled for 6 p.m.

With Water Heating Costs

Did you know that water heating makes up 25% of your utility bill? That's why it pays to install an energy-efficient water heater in your home. Check with your local electric cooperative for details on the Centsible Water Heater Program. By installing a safe, energy-efficient electric water heater in your home, you can collect cash rebates and save on your utility bill, too.

- Install an insulating water heater jacket
- Set the thermostat to medium or low (120 degrees)
- Repair leaky faucets
- Insulate hot water pipes
- Check the tank and elements for sediment build-up

## How parents can help children's school performance

by Sandra Avant

The key to a child's success in school does not depend on parents' employment, but involvement, according to a family life specialist.

"Many working parents tend to feel a little guilty because they're not able to attend school functions during work hours, but they can do a number of things to help children with school performance," said Dr. Sarah Anderson, program leader for consumer and family sciences with the Texas Agricultural Extension Service.

Research shows no significant differences between school performance by children of employed mothers and those who do not work outside the home, she said.

All parents can enhance their child's performance and provide an environment conducive to learning by following some basic steps such as these:

\*Encourage children to eat a nutritious breakfast and lunch each day. Fueling the body is important for optimum performance.

\*Check school opening and closing times to determine proper times for arrival and departure. Children arriving early for school and staying after school should be involved in organized activities. In some areas, before-school activities are planned for children of employed parents.

\*Participate in parent activities or organizations related to school. Join support groups such as the PTA, PTO, band boosters. Volunteer to be a home-room parent. Even if you cannot attend every meeting or activity, you can make some contribution.

\*Keep a list of your child's class schedule at your workplace. This listing shows class, time, teacher and location. Note teacher conference periods. Also, list names and telephone numbers of school secretary, nurse and counselor as well as principal. Don't hesitate to call school personnel with questions, concerns, ideas or complaints.

\*Keep your child's complaints about school in perspective. As an adult, avoid criticism about the school in the presence of the child. Where intercession or parental involvement is necessary, obtain facts, determine the appropriate person with whom to confer and schedule a meeting time with a stated purpose.

\*Work through a school counselor or secretary if appointments are needed with more than one teacher beyond the hours of the regular school day.

\*Assist children with homework, but allow them to do the work. Provide a suitable study area with resources such as a dictionary, paper, pencils, etc. Plan together a regular study schedule, and show interest in the result of the child's work.

"Since more parents of school-aged children are employed outside of the home today, schools are taking steps to adjust," Anderson said. "Parents should share needs with school administrators and become involved in cooperative and supportive ways that lead to a good educational environment for their children."

## Booklet available for making a will

The Salvation Army is offering a free booklet to assist the seven-out-of-eight people who have not prepared a will.

With this booklet, the Salvation Army is offering information to help control the distribution of an estate to family, friends and charitable organizations. With an up-to-date will, an estate is distributed by one's own wishes rather than legal formulas.

Some think only wealthy people need a will, or that drawing a will is too expensive or complicated. The Salvation Army wants people to know that, without a will, the state will determine the disposition of assets, the welfare of one's spouse, and the guardianship of one's children.

For this free booklet write: The Salvation Army, Planned Giving, P.O. Box 2785, Lubbock, TX 79408.

## Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

	Residence		Business	
	Current Rate	Proposed Rate	Current Rate	Proposed Rate
<b>One Feature per line</b>				
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
<b>Two Features per line</b>				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
<b>Three Features per line</b>				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
<b>Four Features per line</b>				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling-30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

### Card of Thanks

We would like to thank everyone for all they have done for us while we were in the hospital and since coming home. We thank our neighbors, friends and family for being there when we needed them. Thank you for the phone calls, flowers, cards, visits and the food that was brought to our home. We are grateful for the many prayers said on our behalf. To the class of '43 the pot plant was very special to me. We are so grateful we have such good people to call our friends. To our children and grandchildren, we appreciate you and love you.

## Notice of Public Hearing on Tax Increase

The GARZA MEMORIAL HOSPITAL will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1991 by 7.95 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on SEPTEMBER 17, 1992 at 12:00 NOON at GARZA MEMORIAL HOSPITAL, 608 WEST 6TH, POST, TEXAS.

FOR the proposal: JACK ALEXANDER, DAVID TYLER, DAVID NICHOLS, ZOE KIRKPATRICK, BECKY WARREN  
AGAINST the proposal: NONE  
PRESENT and not voting: NONE  
ABSENT: NONE

The statement above shows the percentage increase the proposed rate represents over the EFFECTIVE tax rate that the unit published on AUGUST 19, 1992. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$ 20,000.00	\$ 20,000.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 0	\$ 0
Average taxable value	\$ 20,000.00	\$ 20,000.00 (proposed)
Tax rate	.1050/\$100	.1150/\$100 (proposed)
Tax	\$ 21.00	\$ 23.00

Under this proposal taxes on the average home would INCREASE by \$ 2.00 or 7.95 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would INCREASE by \$ 2.00 per \$100 of taxable value or 7.95 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

### Wright participates in Century race

Jason Wright, grandson of Post resident Opal Rudd, recently participated in the "Hotter than Hell Hundred" bicycle race, held Saturday, August 29 in Wichita Falls, with more than 10,400 participants. Riders entered races of 10 miles, 25 miles, 50 miles or 100 miles.

Jason completed the 100 mile course in less than 5 1/2 hours despite the 94 degree weather and winds of 25 miles per hour.

The race was the first "Century Ride" for Jason although he has competed in races of shorter distances.

Jason is the son of Lt. Col and Mrs. Garry Wright of Lubbock.

### Botanical heritage seminar set at Tech September 25-26

Protecting the region's botanical heritage through the use of native plants and wildflowers will be the message September 25-26 during the Charles Weddle Wildflower Distinguished Lecturer Symposium at Texas Tech University.

Benny J. Simpson, a research scientist of the Texas Agricultural Experiment Station in Dallas will return to Texas Tech, where he had earned a bachelor's degree, as the symposium's distinguished lecturer.

Simpson will speak on "High Plains Native Plants: Our Ice-Age Inheritance of Incredible Beauty, Richness and Diversity," during the opening session September 25.

Registration is \$30 if completed by September 11. Checks payable to "Native Plant Symposium" may be mailed to Native Plant and Wildflower Symposium, Department of Agronomy, Horticulture and Entomology, Box 42122, Texas Tech University, Lubbock, Texas 79409-2122. Late registration will be \$35.

On-site registration will begin at 6:30 p.m. September 25 in the Home Economics Building Room 169. The symposium begins at 7 p.m. Persons with disabilities who may need auxiliary aids or services are requested to contact Judy Decker at (806) 742-2837 at least two days in

advance so that appropriate arrangements can be made.

In addition to Simpson, Zoe Kirkpatrick, an author and wildflower enthusiast, will speak on "Wild Edibles" during the opening night.

Saturday's, September 26, morning session will begin at 9 a.m. with author Jill Nokes discussing "What is a Native Plant Garden?" Gail Haggard, owner of Plants of the Southwest in Santa Fe, N.M., will follow at 9:40 a.m. with "The Citizen's Garden: A Brief History."

The morning will conclude with Kirkpatrick speaking on "Wild Flowers of the Western Plains" at 10:30 and Leroy Williamson, chief photographer for the Texas Parks and Wildlife Department, discussing "The Big Ben State Natural Area: A 3-D Slide Show" at 11:10 a.m.

At 1:30 p.m., Simpson will lecture on "Wanted! One Landscape...of Native Indigenous Plants!!!" His presentation will be followed by the "History of American Gardening" by Haggard.

At 3:15 p.m., the symposium moves to the university campus greenhouses, where Cynthia McKenney, an instructor of horticulture at Texas Tech, will discuss "The Horticultural Gardens and Xeriscape" and give a tour of the facility.

The wildflower symposium is named for Charles Weddle, a 1936 Texas Tech graduate in horticulture. Weddle, who died in February 1987, was a renowned breeder of flowers and bedding plants. He received many national awards for his contributions to horticulture.
