Commissioners' Court sets joint meeting with GMH, Post ISD

by Wes Burnett

A joint meeting has been scheduled for October 5 at 7 p.m. between the three taxing authorities concerning the confusing and complicated delinquent tax issue on property in the old Burham townsite near Justiceburg.

The Garza County Commissioners' Court set the meeting date at the request of Judge Giles Dalby during the regular meeting Monday morning.

"For several years there has been an on-going attempt to clear up the delinquent taxes in the townsite," Dalby explained, "and now we have two parties interested in pursuing the matter."

Law officers stay busy with investigations...

Two women were arrested by Garza County deputies September 15 charged with suspicion of breaking into one of the Post Housing Authority unoccupied apartments.

The criminal trespassing charges concerned a broken window that had been removed from the northeast front window of the apartment and placed in a storage room at the rear of the apartment. A neighboring apartment occupant identified the suspects.

A Tahoka man was charged September 17 with destruction of county property following damage inflicted on a sheriff's department patrol car. Damage to the front and rear door on the driver's side was reported. The incident took place Sunday, September 6 and Texas DPS officers Jerry Cannon and John Ramsey were witnesses.

No suspects have been identified in the complaint of the theft of a 1/2 horse power lawnmower from a residence eight miles northwest of Post on June 24.

Garza County Health Fair

Garza County Health Fair will feature a variety of health screenings and educational information to participants at the October 7 event to be held at Post Community Center from 10 a.m. to 6 p.m.

Screening for cholesterol, blood pressure and glaucoma will be offered for minimal cost to participants at the fair.

St. Mary of the Plains Mammography unit will be on hand to provide their services to those who make appointments for Health Fair day, October 7. Cost of mammogram is \$65.

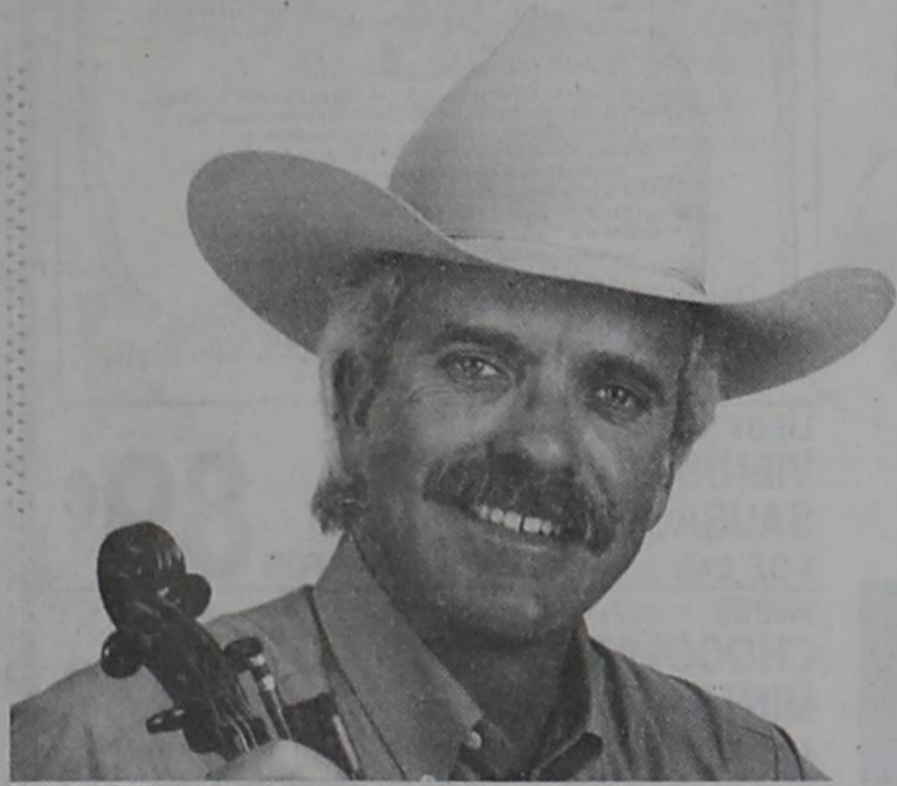

If weather and area emergencies permit, the Aero-Care helicopter will also be on display.

Garza County Sheriff's Department will provide finger-printing of children; Southwestern Public Service Home Economist, Kay Davis, will provide information and tasting of health-wise foods.

Groups participating in the Health Fair in addition to those listed above include American Red Cross, American Cancer Society, American Heart Association, Garza Memorial Hospital-Texas Tech Health Sciences Center, Catholic Family Services, Community Action, Texas Department of Health, Department of Health and Human Services, Child Protective Services, March of Dimes, Prevent Blindness, Mental Health-Mental Retardation, Garza County Homemaker Clubs, Garza County 4-H and Total Home Health.

Booths will remain open until 6 p.m. to allow citizens to attend the Health Fair after working hours.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

JODY NIX and the Texas Cowboys will provide musical entertainment at this year's "Black Tie & Boots" dance during the Founder's Day celebration. The band will perform Friday evening, October 16 at the "Black Tie & Boots" dance at the S Bar J Ranch and Saturday evening at the Rodeo Grounds. Tickets for the events are available by calling 495-4157.

"THE RAINMAKER" cast completed a very successful 12 performance run last Sunday at the Garza Theatre. Members of the cast were (left to right, seated) David Weaver Jr., Cassie Coker, James Bell, Jay Goswick, (standing, left to right) Lino DeLeon, Jon Steele and Douglas Burns. (Photo by Charles Wallace)

The meeting will give taxing authorities information from the interested developers in order to make a decision about the best way to bring the properties back on the tax rolls.

In other action, the court approved the purchase of an overhead projector and electric animal clippers for the extension office, using funds that had been set aside for the purchase of a laser printer from this year's budget. County agent John Senter explained that the laser printer was unable to be bought, so the funds could be used for the other items.

Agent Ann Nobles presented a certificate to treasurer Ruth Ann Young for her participation in a recent program and gave the court a final expense report on the summer food service program. The total cost the county was \$352.15, which Dalby said was "certainly one of the best investments we could ever make."

He praised the program and emphasized that with so many young people being served, "I think this was a resounding success!"

The court also authorized General Telephone's request for right of way along a portion of U.S. Hwy 380 just near the intersection of FM 399 on the north side of Hwy 380 to install underground cables.

Benny Thomas of Ted L. Parker Co. outlined a variety of options to the court on the health insurance plan. No action was taken with the options to be discussed at the October 12 meeting.

Attending the meeting were commissioners Sammy Ellis, Albert Stone, John Valdez, Judge Dalby, treasurer Young and clerk Sonny Gossett.

Dustin Ammons wins first place 'bucks'

Dustin Ammons edged out Angela Hammond and Dennis Bell in the tie-breaker to take first place in last week's Dispatch Football Contest.

All three winners missed two games.

Hammond guessed a closer point spread on the tie-breaker to take second over Bell, who won third place.

The "Post City Bucks" awarded to winners are redeemable for services and merchandise only at the participating sponsors on The Post Dispatch Football Contest.

'The Rainmaker' gives lots of hope and laughs

by Mike Stearns

It was a sunny day when I entered the Garza Theatre to catch the latest performance, "Rainmaker". I really didn't give the weather a thought as I was ushered to my seat to see this production of one of Will McCrary's favorite plays. McCrary was the founder and force behind the establishment of the theatre and the run of this production of "Rainmaker" was dedicated to his memory.

The scene is set in a tiny western town which is in the middle of a severe drought. The run of hundred degree temperatures has the main characters ill at ease.

The family Curry is just your typical ranch family. As the story unfolds, we see how typical they really are as they face the concerns that most people face with young adult children.

James Bell gives a remarkable performance as the old man of the house, H.C. Curry. His easy going manner fits well into the lighter moments of the play. Yet, James brings a depth to the character that is rare in stage performance. He is natural and at ease with the dramatic moments of the play as well as the slapstick and comic moments. The advice that H.C. gives to the various characters during the course of the play shows the wisdom of an old rancher that you would never find in the counselor's office.

Cassie Coker gives possibly her best performance of the year in her portrayal of Lizzie. Lizzie thinks of herself as plain and unattractive despite her father's tender encouragement. Lizzie sees the reality of life and is reluctant to follow her dreams until the con man Starbuck shows her how to dream. As the audience watches Lizzie grow from a cynical, downtrodden, young woman into a happy, beautiful, starry-eyed girl, tears and handkerchiefs become a reality. There could not have been a dry eye in the house as Lizzie discovers her beauty in a scene with Starbuck.

Cassie brings the audience through those emotional valleys and peaks with grace and beauty which have become the trademark of her performances. Coker has the rare ability of being able to put her audience in touch with her character's emotions. Her portrayal of Lizzie is excellent in "Rainmaker".

Starbuck is played by Jon Steele who has become a regular cast member at the Garza. The part of Starbuck is well suited to Jon as the character is flamboyant and talkative. Starbuck is just a dreamer and goes from town to town trying to make those dreams come true. "Things are never as pretty in your hands as they are in your head", says Starbuck. It's a philosophy that drought stricken people need to have.

Noah Curry is the cynical big brother. He feels burdened by the responsibilities he has running the ranch and the family. If there is a villain in this play, Noah is it. But in Weaver's portrayal, we find the desire not to be so cynical but being forced into it by the circumstances of his life. David's performance is solid as Noah.

Jay Goswick makes his first appearance on stage at the Garza theatre after providing backstage help for several productions. He shows that he should have been on stage all along. Jay plays the part of the exuberant little brother of the Curry clan, Jimmy. Jimmy is searching for his own identity and trying to step out from under his brother's shadow. Jay brings excitement to the character but still puts the audience in touch with Jimmy's frustration.

Lino DeLeon as Sheriff Thomas, and Douglas Burns as Deputy File are excellent in their supporting roles.

One can see why this was on of Will's favorite productions. You can see McCrary as Starbuck, it was just his type of role. Director Jane Prince-Jones should be very happy with the play. It would have made her friend proud.

The support staff for the production has reason for pride also. The lighting and stage management by the crew of Alison Hoefler, Sammy Basquez, Derek Burchfield, and Dustin Burchfield was perfect. All of the props were perfectly placed and there were no distractions to the play from a technical standpoint. Set design by Charles Wallace was also well done.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC. These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues. The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18. This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993. The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

One Feature per line	Residence		Business	
	Current Rate	Proposed Rate	Current Rate	Proposed Rate
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
Two Features per line				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
Three Features per line				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
Four Features per line				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling - 30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

'Lopes lose district opener

by Mike Stearns
 The Post Bold Gold showed promise this past Friday night as they opened the District 4-AA race against Ralls. Sometime during the third quarter, the promise was broken.
 The Bold Gold looked good in the early going. They looked as though they had found a way to overcome the offensive bluffs that had plagued them the previous week. But a few mistakes and a failed early drive resulted in a Post loss to Ralls, 21-6.
 The defense showed their consistency early. Ralls took the opening kickoff and marched from their 25 to the Post 27 before the defense stiffened.
 A holding call against Ralls and two great defensive plays had the Rabbits punting from the Post 44. The snap was high and the Bold Gold's Steven Espinosa nailed the Ralls punter at the Rabbits 44 to give Post the ball.
 The offense took the field fired up. Russ Bird hit a huge hole on the left side for a 22 yard gain on the first play from scrimmage. After two plays netted 6 yards, Bird found another hole and dove for the end zone after 14 yards. The officials ruled that he was just short and spotted the ball inside the Rabbits one yard line. Post could not get the ball in from there, however, giving the momentum and the ball back to Ralls on their own 18.
 "If we put that touchdown on the board, it's a whole different ball game," commented Coach DeWayne Osborne. "It was the turning point of the game. Every time we got close there was a question whether we could put the ball in against them."
 The defense held Ralls again and forced the Rabbits to punt. The kick was a good one to end the first quarter. Post had the ball on their own 34 and the score was still 0-0. Quite a different story from the early season trend.
 "I was impressed by the effort of our kids, they came to play and they showed a good attitude," explained Osborne. "It was just a few little mistakes, missed assignments, the wrong formation, that cost us. But we were one hundred times better than we were one week ago. I'm proud of the effort (against Ralls)."
 One of those mistakes happened the next possession for Post. Russ Bird took the ball on the first play of the second quarter and powered his way forward for five tough yards. As he

was going down, a Ralls player speared him right in his hands and forced the ball loose. Bird's tremendous effort resulted in a turnover that left Ralls at the Ralls 44. "It was just a lucky hit," commented Osborne, "one of these days those breaks will go our way."
 Ralls responded immediately with a 20 yard pass play from Bryan Adams to Rudy Salazar. Two plays later, Adams hooked up with Mike Hernandez for a one yard pass to give Ralls the lead. The kick after the touchdown split the upstarts and Ralls owned a 7-0 advantage.
 Post continued to surge offensively through the rest of the half. Coach Osborne used several Post players in the offensive backfield throwing a well rested runner at the Ralls defense all the time. Brad Lawson, Ryan Sappington, Jaime Ayala, Ricky Jefferson, and Tim Bell all showed bursts of speed to augment the running power of Russ Bird.
 Post did not score the rest of the half but they had made it a close contest at 7-0 going into the second half.
 Post received the kickoff and was unable to move the ball against the Rabbit defense. Forced to punt on fourth down, Post reached down into the playbook for an unsuspected trick. The short snap went to Casey Hart and he was not able to get the pitch back to Bodie Simpson, who had plenty of running room. The fake punt gave the Rabbits a first down deep in Post territory. The play seemed to take the wind out of the sails for the Antelopes.
 "The play was there," said Osborne. "We just didn't execute it properly. I take the responsibility for the play and I would make the same call again. We had the wind at our back and Ralls never expected the play like they would have at another point in the game."
 Ralls scored on the next play on a 19 yard run by Victor Perez. Post blocked the extra point attempt and the Rabbits led 13-0.
 Post drove the ball into Ralls territory during their next series of downs but the drive stalled at the Rabbits 36 yard line.
 Ralls returned the favor by driving deep into Post territory before missing a 24 yard field goal attempt. The third quarter ended 13-0 in favor of Ralls.
 The Rabbits scored early in the fourth period on a 43 yard drive after the wind caught a Bodie Simpson punt and gave Ralls great field position. Ralls scored on a 15 yard pass play to Rudy Salazar. Salazar made a great diving catch to put Ralls ahead 20-0.
 Post mounted their only scoring drive late in the contest. Jim Riley Simpson started to click on his passes as he completed 3 of 4 on the drive. Simpson hit Javier Saldivar on a 18 yard crossing pattern to open the drive. Simpson went for the long ball after a running play netted nothing and just missed Anthony Martin. He connected with Martin on the very next play though for a 10 yard gain.
 Ricky Jefferson burst through the line on a draw play that moved the 'Lopes down to the Ralls 30. The 'Lopes got into the end zone when Jim Riley hit Ricky Jefferson on a 10 quick in pattern to bring Post within 21-6. Simpson showed a liking to the drop back passing position. "It is a real credit to the young man's concentration," commented Coach Osborne. "He really showed improvement against Ralls."
 Ralls forced the 'Lope defense to show its strength again as the inside kick failed and Ralls had the ball on the 'Lope 29. Ralls called a timeout in an effort to get into the end zone one more time with 4 seconds left. The defense rose to the challenge and denied Ralls during the final four seconds.
 The 'Lopes showed great diversity on offense using several running backs and developing a drop back passing game which seems to be better suited to Simpson's style. This along with Post's outside running attack and roll out passing attack gives an extra added jolt to the 'Lope offense. The Post defense has been consistently strong and ranks ninth in double A.
 The Bold Gold travel to Seagraves this next week to face the Eagles.
 "They have a strong team, but they are extremely beatable because they don't have the speed in that they have had in the past."
 Kickoff is scheduled for 7:30.

KELLY LINE (center) sets up to block as quarterback Jim Riley Simpson turns to hand the ball to Rynn Sappington (44) near the goal line last Friday against Ralls. Tim Bell (left) and Anthony Cruse (right) move in to help out on the play.

8th grade roll up score...

by Mike Stearns
 The Post eighth grade boys dominated the Ralls Jackrabbits by scoring a 42-12 win last Thursday night. The seventh grade boys continued to garner much needed experience as they fell to the Rabbits 22-8.
 The eighth grade team completely dominated the game rolling up 252 yards of offense while holding Ralls to only 121 yards. The defense caused "too many fumbles to count" according to Coach Darrell Radle.
 "Wherever they ran (the Ralls offense) Coach Gordon had two guys waiting to hit them. The defense just played great."
 Post scored first on a 13 yard run by Armondo Ayala to lead 8-0. Post added 20 points more in the second quarter to lead at the half 28-6.
 Patrick Soto scored on a five yard run, Isreal Perez found Crawford in the end zone for a 40 yard touchdown pass, and Perez added a nine yard run for a score to account for Post's first half scoring.
 Josh Grisham got into the scoring act in the second half as he intercepted a Ralls pass and ran 37 yards for the score. Post led 34-6 at that point.
 Augie Menchaca scored on a four yard run capping a 27 yard drive on five plays. Post increased their lead to 42-6.
 Ralls added a score in the fourth quarter to bring the final to 42-12 in favor of the Bold Gold.
 Coach Chili Black was impressed with the seventh grade team despite the loss. "We played a little better than a week ago, but we still have a ways to go before we are a good football team," said Black of the performance.
 Post's only score came in the fourth quarter on a 22 yard pass from Jamie Hernandez to Anthony Flores. Hernandez ran in the extra point to make the final 22-8, Ralls.
 Both squads are in action on the road this week as the travel to Seagraves to take on the Eagles.

Reed shines in J.V. win

by Mike Stearns
 The JV showed a balanced attack in demolishing the Ralls Jackrabbits 48-8. Heath Eagle connected on 3 of 7 passing for 81 yards to add to the 323 yard Post picked up on the ground.
 The Bold Gold trailed early as Ralls got on the board first. Ralls drove 70 yards to put the ball in the end zone and led 8-0. Post answered back on a five play drive of their own. Alvin Reed took the ball in for the score on a 58 yard run. The score was all tied up 8-8.
 Reed scored again on a 4 play drive in the second quarter to make the score 16-8. Post added a score just before the half as they went 93 yards on 6 plays and took less than a minute to do so. Saul Martinez scored for the 'Lopes and they added the extra point to lead 24-8 at the half.
 Post came out fired up in the second half and scored four more touchdowns. Alvin Reed had TD runs of 31 and 75 yards as he proved to be a devastating breakout runner. B.J. Hart added a touchdown on a 23 yard scamper and Cody Bain returned a punt for 55 yards and a TD to round out the Antelope scoring.
 "This was a big win for us," said Coach Fred Postel. "A four and 0 start means a lot to us."
 The 'Lopes are in action Thursday night at Antelope Stadium against the Seagraves Eagles.

Garza County Extension Agent - Ag

4-H MAKING A DIFFERENCE

Four-H, the youth development program of the Texas Agricultural Extension Service, extends learning opportunities to 16,666 boys and girls in the South Plains counties which comprise Extension District 2.

Working with county extension agents and specialists through 224 organized 4-H clubs in the district, 2,103 volunteers continue the 4-H tradition of more than four generations.

National 4-H Week will be observed in Garza County as well as across the U.S. the week of October 4-10.

In Garza County, over 150 boys and girls take part in 4-H programs which help them learn by doing. The county has four organized clubs and more than 50 volunteers helping plan and direct the program.

The national 4-H program first began in Texas in 1908 when the first boys' corn club was organized in Jack county. T.M. Marks, holding a position similar to that of a county extension agent, enrolled 43 boys in the club to demonstrate to them the best practices in corn production. The boys' corn clubs were quickly expanded to beef cattle clubs and in 1912 to tomato clubs for girls.

Texas is also credited with adding the fourth "H" for health to the 4-H emblem. The first emblem, adopted nationally about 1911, had only three "H's" for head, heart and hands.

O.B. Martin, who later became the director for the Texas Agricultural Extension Service and the first national 4-H club leader for the U.S. Department of Agriculture, promoted the addition of the fourth "H".

The national 4-H development program has grown into the largest youth program in the nation. Through the years there has been a close affiliation between school, home and 4-H.

Adults in 4-H families have often been persuaded to adopt new practices as a result of the experience of 4-H youth. Today's 4-H youth development program involves youth as the primary audience, but serves volunteer adults as a secondary audience.

Since its establishment in 1914, the Cooperative Extension Service has provided staff and support to conduct informed, problem-oriented educational programs for 4-H.

The Extension Service is a cooperative effort among the USDA, the land-grant university system and county governments.

Youth development education is a vital concern of land-grant universities. Outreach initiative of the Texas Agricultural Extension Service and the Texas A & M University system are focused on helping families, schools, youth organizations and communities prepare young people to deal with life's challenges.

Some of the ways 4-H is unique in it's approach to youth development are:

*4-H uses meaningful, real-life experiences and allows youth to set their own goals for achievement.

*4-H incorporates the methodology of "learning by doing" personal development.

*4-H provides laboratory situations for individuals learning in practical projects and activities.

*4-H effectively uses the demonstration method of teaching.

*4-H utilizes the dynamics of peer-group influence to encourage youth to develop positive personal values and competencies. During National 4-H Week, take time to visit with any current member or leader about the values and experiences of 4-H.

If you have children who have entered the third grade or are at least nine years old, and are interested in becoming a 4-H member, feel free to come by our office in the Courthouse or call 495-2050.

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Table with 3 columns: Proposed Rates (monthly), Residence, Business.

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.
