Single member district plans to change ISD voting

Trustees study seven districts in proposed plan

by Wes Burnett

Following the administering of oaths of office to newly elected trustees Jeff Lott, S. Rafe Foreman and Royce Hart, members of the Post ISD board of trustees elected Barbara Hardin as its president, Mark Kirkpatrick as vice president and Foreman as secretary.

The meeting then launched into the second public hearing on proposed redistricting plans, with only four non-elected citizens appearing at the hearing. The lack of citizen participation in the hearing process was a matter of discussion with ISD attorney Don Dennis and demographic consultant Mark Turnbough.

Turnbough provided a detailed briefing at the hearing, explaining the newly proposed seven member district as the best possible plan to meet the U.S. Justice Department guidelines.

Turnbough and Dennis both emphasized the importance of community involvement, as did trustees, who expressed concern that at each public hearing very few citizens showed enough interest to attend.

Trustees discussed the appointment of citizens to an advisory committee, which will be included in a special called session Thursday, May 21.

The seven member district plan, when and if implemented, would replace the at-large system of electing trustees.

In other action, trustees heard a report from engineer Bill Stracener, who said that the middle school workout facility is expected to be complete within the 180 day deadline. He also said the new roof at the elementary gym is completed.

A brief discussion about the condition of the track included Stracener's plan to bring the contractor back for repairs, especially to the inside lane of the track.

High school principal Joe Giddens provided a report on the cooperative career planning initiated at the school.

"It is a good program and prepares more of our students for college college bound," Giddens said. "The plan was built by faculty and community employer input," he added.

Trustees approved renewal of certificates of deposit for \$1,075,258;

\$2,485,994 and \$340,342 at 3.24 to 3.32 percent for 30 days.

Trustees approved the appointment of an AIDS advisory committee, composed of Barbara Hardin, Patricia Thompson, Juanita Ammons, Sharla Wells, Judge Giles Dalby, Rev. Larry Hemp, Rev. Joel Horne, Rev. Steve Long, Paul Jones, Mike Tomlinson, Rev. John Walker, Dr. James Bell, Dr. Charles Somerville, Carlos Martinez and Arthur Kelly.

A lengthy discussion about the career ladder resulted in the approval of a one time payment from Post ISD funds for new teachers in the career ladder which would not have been paid due to shortage of state funding. Kirkpatrick said that the one-time payment of \$6,000 should be made, but that funding next year might not be available.

Lott suggested that a new plan be considered which would put \$80,000 of Post ISD funding into a pool to be shared among all three campuses with individual campus goals set. When the goals are reached, then all staff members would share in the campus bonus.

The idea will be discussed with Texas Education Agency staff to determine if the ISD can implement such a plan.

"Under the career ladder concept," Lott said, "we end up with teachers competing with one another, and that's not good. What we need is for all the teachers to be working together, trying to help one another, and to be working toward a common goal."

Trustees agreed to accept superintendent Bill Shiver's January 4 target date for retirement. The board agreed to investigate various personnel consultants before deciding on what action to take toward interviewing candidates for the position.

"We certainly want everyone who is qualified to apply for the position," Hardin explained, "and we want to seek the broadest possible list of candidates."

Lott, Kirkpatrick, Foreman, Rex Cash, Hardin and Gary Workman all supported the idea of using a consultant to screen applicants. Hart opposed the concept.

"We just do not have time as individuals to sift through however many applications might come in," Kirkpatrick said, "and we need professional help in finding the best qualified applicants."

Lott suggested that the recent experience in Borden County, which he said was very well received there, was worth investigating. "They hired a top notch superintendent and they all seem real happy with the consultant who helped them," Lott added.

The matter will also be considered at the Thursday, May 21 meeting.

'Think and Learn' program gets \$2,250 boost from grant

by JoAnn Mock

The Arts in Education "Think and Learn" program received a boost recently with a \$2,250 training grant from the Texas Commission on the Arts, the National Endowment of the Arts and the Texas Arts Councils.

The award to the Caprock Cultural Association will be applied to the Teachers' Workshop this summer.

More than 20 elementary teachers from Garza County plan to attend from one to three workshops each this July in the Regional Service Center in Lubbock, compliments of the CCA and supporters who believe and support this educational program.

The Hispanic Heritage Trunk presentations in Post and Southland schools April 27 through May 1 represented the first part of the total project.

The "Heritage" featured Michael Marinze of San Antonio and Patricia Zarvosky of Corpus Christi, who enchanted the students with stories relating to Columbus' discovery of "The America's", emphasizing the close ties and relationships between Texas and Mexico and the delightful mixtures of cultures of their peoples.

The CCA is confident that the response and results of the "Think and Learn" teachers workshops this summer will be equally as positive and that the students in Post and Southland schools will be inspired to more education, making the entire community and state the beneficiaries.

The Post Dispatch closes Monday

The Post Dispatch office will be closed Monday, May 25 in observance of Memorial Day. The newspaper will be distributed Thursday, May 28 with a Tuesday at 5 p.m. deadline.

The office will reopen Tuesday, May 26. Regular deadlines and printing schedules will return following the Memorial Day holiday.

Traditional Memorial Day observance set for May 30

Memorial Day will be celebrated in the traditional manner by members of the John Miller VFW Post 6797 on the traditional Memorial Day, Saturday May 30.

Following an early morning breakfast at the VFW Hall on the Clairemont Hwy, there will be a 10 a.m. flag decoration service of armed forces veterans' graves at Terrace Cemetery.

Recognition will be given to deceased Garza County war veterans. The public is invited to join members for the breakfast and the ceremony at the cemetery.

Because of several conflicts on the official May 25 Memorial Day, the VFW Post voted unanimously to hold the normal celebration on May 30.

Southland sets pre-kindergarten registration

Registration for pre-kindergarten full day program will be held Friday, May 22 from 2:30 to 3:30 p.m. in the Southland ISD library.

All four year old children who meet the state guidelines for economic disadvantage or unable to speak or comprehend the English language are eligible for the program.

Children enrolled in the program must have been born on or before September 1.

Parents should bring the child's social security card, birth certificate and immunization record. If for some reason the registration can be made Friday, parents are requested to call Peggy Wheeler at 996-5339.

Sales tax rebate shows 10% increase for Post

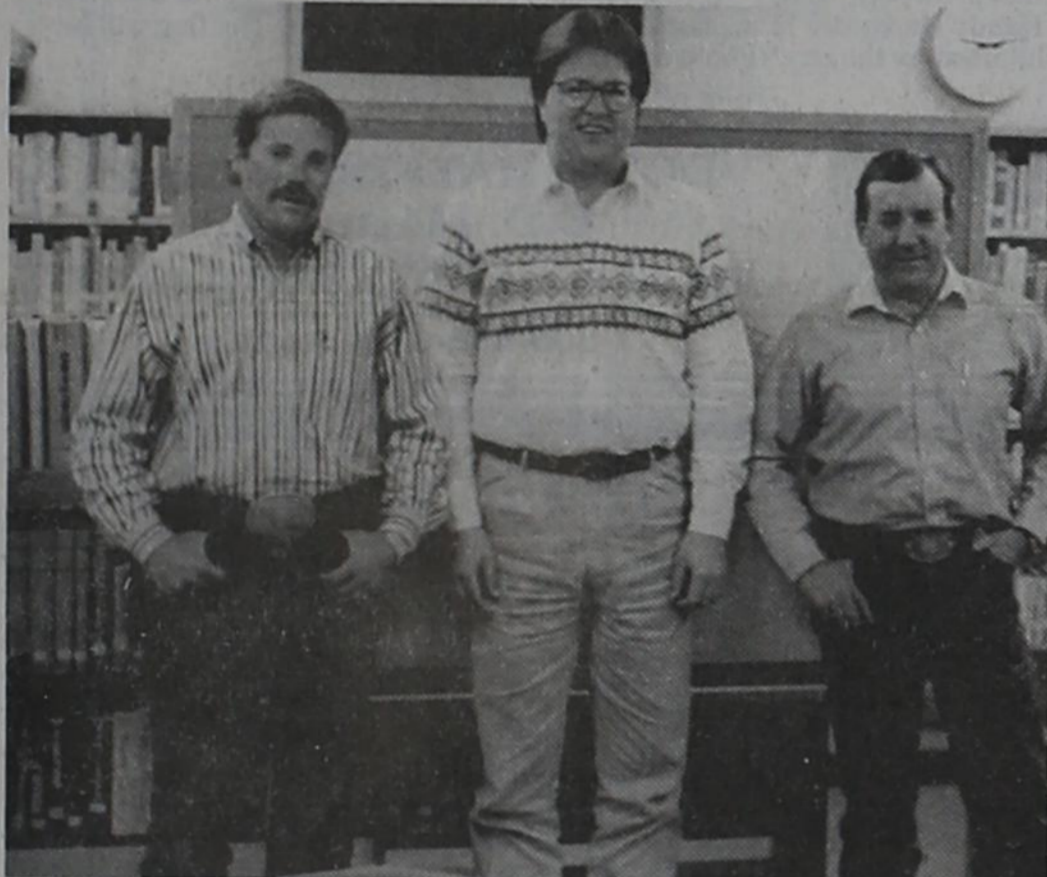

A 10.19 percent increase in the most recent sales tax rebate to the City of Post was reflected in the \$21,791.78 check from the State Comptroller.

The amount compares to \$19,776.28 for the same period last year. The year to date total of \$78,519.97 is slightly less than one percent lower than last year's total to date of \$79,126.22.

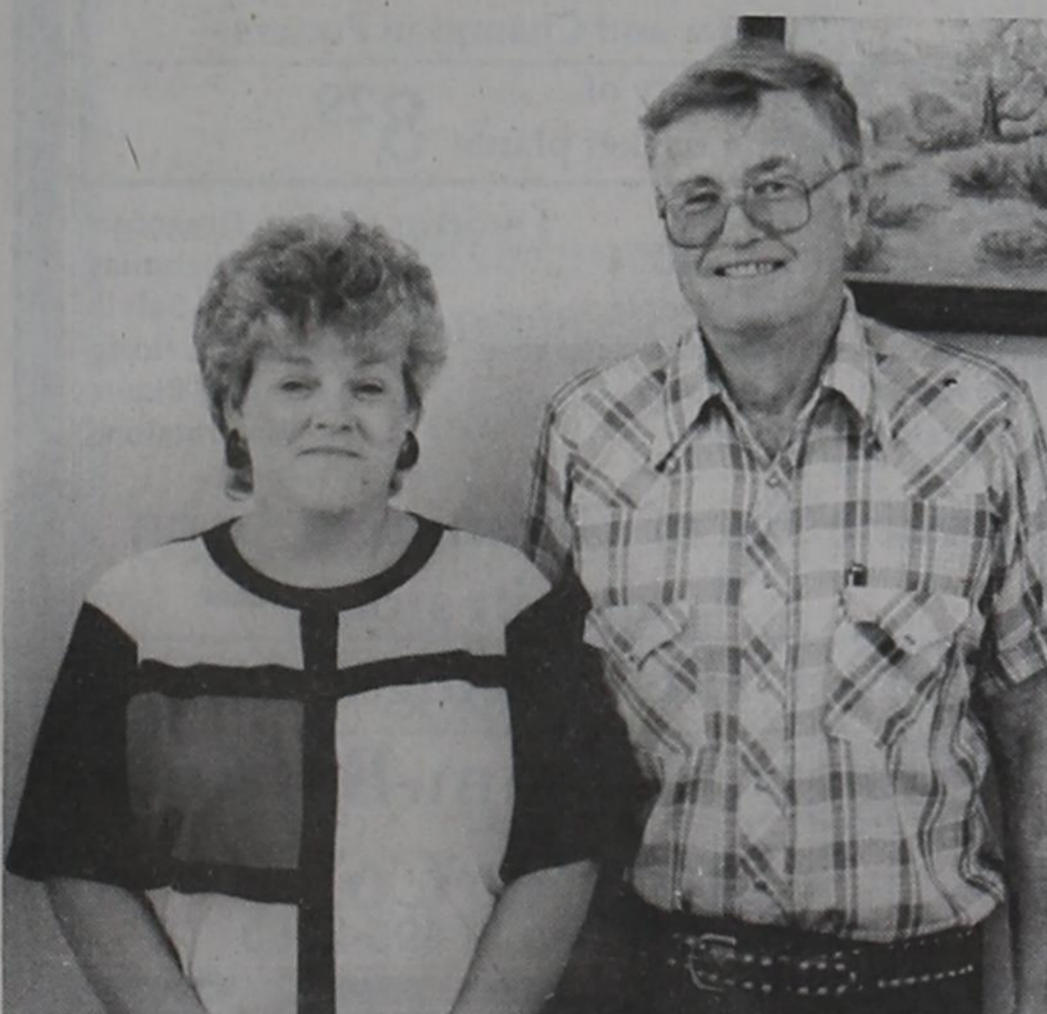

This month's sales tax payments include local taxes collected on March sales and reported to the comptroller in April by businesses filing monthly tax returns.

May's payments also reflect taxes reported by businesses filing quarterly returns for sales made in January, February and March.

The state-wide average payment showed 5.2 percent increase from the same period last year.

NEWLY ELECTED Post Independent School District board of trustee members (left to right) Jeff Lott, S. Rafe Foreman and Royce Hart accepted their oaths of office during last week's regular meeting.

BECKY WARREN (left) and DAVID TYLER were administered the oath of office at the recent Garza Memorial Hospital board of directors meeting. The two incumbents were elected in the May 2 election.

NEWLY ELECTED Post city council members Jim Shooler (second from left), Maxine Conoly and Jimmy Holleman are welcomed at an oath of office ceremony last Friday afternoon by Mayor Jim Jackson (left) and city manager Bob Turner (right). (Photo by Becky Warren)

NEWS BRIEFS

Nazarene Youth Group Needs Work

The Nazarene Youth group is available to do yard work and housework for donations! Call Rodney and Shal Tidwell at 495-3960 and leave a message or call the answering service at 495-3069. Call now before your calendar gets full!

Christian School to hold Bake Sale

The First Baptist Christian School will have a bake sale this Saturday, May 23, at United from 9 a.m. - ? You may support our Christian school by donating and/or purchasing baked items.

Bands to hold informal concert

An informal concert will be presented by the 5, 6, 7 & 8 grade bands at 5:30 p.m. today, Wednesday, May 20, at the high school track. Everyone is invited to attend.

4-H Clothing Project

Any youth age 9-19 are invited to participate in 4-H Clothing Project this summer. Project can be sewing or buying clothing. For more information contact the Extension Office at 495-2050.

Post Head Start Registration

The South Plains Head Start will be taking phone calls from those interested in enrolling their three or four year old child in the Post Home Base Program. Calls can be made to the Post Home Base Center at 495-4037. In a home base program the teacher comes to the home one day a week to work with the parent and child. The Post program includes Justiceburg, Southland and Two Draw. This preschool program is offered to eligible families of children who will be three years old or older on or before September 1, 1992. Eligibility is based upon income and/or handicapping condition. For eligible children there will be no cost for the services. If your child is three or four years old and has a handicapping condition and or special needs, she/he can receive services through the South Plains Head Start Program. The services include educational diagnosis, visual treatments and aids, speech and dental treatment, referrals, on-site teaching, and travel to and from service sights. No child seeking admission to this program will be discriminated against because of his/her race, creed, color, sex, national origin, or handicapping condition. Applications will be taken in June. If you are interested and leave your name, address and phone number at the Center we will be able to contact you in June to take the applications.

Pre-School Round-Up

Pre-school Round-up for children who will be four or five years old on or before September 1 will be May 20 at 3 p.m. in the Elementary School Auditorium. Please enter the building through the east front doors. Your child will be assigned to a room for the time you will be in the auditorium. Bring your child's Social Security number, birth certificate and immunization records. These will be copied later and you may pick the originals up at your convenience. For a four year old to qualify for pre-Kindergarten, the family must meet the guide lines for the free and reduced lunch program or qualify for the Bilingual program. Parents of children currently in the pre-kindergarten class do not need to come to this meeting. All kindergarten classes are full day.

Christian School Enrollment for 92-93

Registration is currently open at First Baptist Christian School for the 1992-1993 school year. Pre-school classes are available to those children who will be age three or four before September 1. Elementary classes are available for grades Kindergarten through seventh grade. Classes are filled on a first come - first serve basis. You may call 495-3554 from 9 a.m. to 4 p.m. for further information concerning enrollment procedures. A \$40 registration fee is required at time of enrollment. Birth certificate, social security number, and up-to-date shot record are also mandatory. First Baptist Christian School offers a quality, Christ-centered education with a low student-teacher ratio. It is staffed by qualified and committed Christian teachers. First Baptist Christian School is a member of the Association of Christian Schools International. FBCCS will be going into uniforms for the 92-93 school year. Early planning and purchasing is very important. For information, go by the church/school office at 402 West Main in Post.

Class of 1962 looking for classmates

The Post High School Class of 1962 will be having their 30th class reunion soon. We need some help in locating the following classmates: Benny Stanley, Wayne Gamblin and Benny Schlehuber. If you have any information on any of these please contact Sheila Melton at 495-2595 or 495-2107.

High Plains Jr Rodeo

The Post High Plains Jr Rodeo has been set for June 5 and 6 at 7 p.m. at the Post Stampede Rodeo Arena. Many local youth as well as cowboys and cowgirls throughout Texas and New Mexico will be competing in all events including: calf roping, barrel racing, poles, goat tying, bull riding, steer roping and more! Sponsored by Post FFA. Ya'll come.

Rendezvous of the Arts

Rendezvous of the Arts Emerging Artist application deadline is May 30, 1992. "EART" workshop by Buster Jones, professional artist & sculptor from Lubbock is scheduled for June 20 for emerging artist applicants only. Contact JoAnn at Caprock Cultural Association office, 127 East Main, 495-4148.

VFW to hold Memorial Day Service

The Veterans of Foreign Wars Post # 6797 will observe Memorial Day on Saturday, May 30, 1992. The program will begin at 10 a.m. All the public, veterans and family and school children are invited to attend.

Ushers needed at Garza Theatre

Volunteers are currently being sought to help at the Garza Theatre as ushers. People interested in helping should contact the theatre at 495-4005. The additional weekend of the current production of "Play It Again, Sam" has created a shortage of available volunteers.

Road to Recovery volunteers needed

The Garza Chapter of the American Red Cross is seeking volunteers to assist with transportation of cancer patients for regular doctor visits and treatment sessions. Volunteers will be provided training. Those interested in offering their time and vehicle for this important service should contact Sandra Scrivner at 495-2051 or Alice Cruse at 495-2764.

Lady Antelope All-Star Camp

The All-Star Basketball Camp will be held June 1-5 at the Post High School gym. Camp director will be LaDale McCalester along with the assistance of one of two Texas Tech Lady Raider basketball players. Contact Angela Hammond or LaDale McCalester at 659-2029 or 659-2563, for further information.

First Annual Eddie Warren Bike Ride

Registration for the First Annual Eddie Warren Bike Ride will be held Saturday, June 20, 1992 at the Algerita Park from 7:45 to 8:15 a.m. Registration fee is \$5 for all riders. If you would like more information on this please call 806-495-2015.

Commodities distribution

The commodities distribution will be held on Tuesday, May 19 at the Service Center on the Snyder Highway. The center will be open for the distribution from 9:30 - 12 and from 1-3:30 p.m. The distribution is held on the third Tuesday of each month.

Playday at Noel Whites

Playdays will begin Monday, May 25th at 6:30 p.m. Age groups are 5 and under, 6-8, 9-12 and 13-16. Everyone is invited! Entry fee is \$3 per event! If we have enough interest we will have breakaway calf roping with a \$5 cattle charge added to the entry fee. There is no membership fee! Exhibitions are welcome. For more information call Nancy McDonald at 495-3315.

Obituaries

T.B. Scrivner

Services for T.B. Scrivner, 86, of the Dermott Community were held at 10 a.m. Monday, May 11, 1992 in the Bell-Cypert-Seale Funeral Home with the Rev Wylie "Buff" Hearn, pastor of the First United Methodist Church, officiating. He was assisted by Virgil Streety and burial was in the Dermott Cemetery.

Scrivner died Saturday, May 9, 1992 at Cogdell Memorial Hospital after a lengthy illness.

He was a longtime resident of Scurry County. He married Marie West in 1927 in Snyder. He was a state game trooper. He was a member of the First United Methodist Church.

Survivors include his wife; two sons, Lowell Scrivner of Post and Jerry Scrivner of Snyder; a sister, Frankie Gaskill of Arkansas; a brother, Cyril Scrivner of California; three grandchildren and five great-grandchildren.

Irene Ammons

Funeral services for Irene Ammons, 77, will be held Wednesday (today), May 20, 1992 at 2 p.m. in the Church of the

Nazarene with Rev Jim Graham, pastor, officiating.

Burial will be in the Terrace Cemetery under the direction of Justice-Mason Funeral Home.

She died Monday, May 18, 1992 at 4:50 a.m. in HCA Medical Plaza in Fort Worth after an illness.

She was born January 21, 1915 to James Thomas and Hallie Maldon Carnahan in Alton Missouri and later moved to Sand Springs, Oklahoma, where she married Thomas Edward Ammons on October 4, 1941. She moved to Post in 1942 to work in the Postex Cotton Mill, where she worked until her retirement in 1974, due to health reasons. She is preceded in death by her husband on February 20, 1975.

Survivors include two sons: James Thomas "Tooter" Ammons and Lewis Ammons, both of Post; one daughter, Cissy Doss of Keller; 10 grandchildren and 11 great-grandchildren.

The soul of conversation is sympathy.
—William Hazlitt

Buchanan, Anderson receive high honors at Borden High School

David Buchanan, son of Mr and Mrs Bob Buchanan, has been named valedictorian of Borden High School.

David has maintained a grade average of 95.80 and a grade point average of 4.00 for the past four years. David is a member of the National Beta Club, FFA, band, and has participated in basketball and UIL literary competition. He was the district and regional winner in Current Issues and Events and will advance to state in this event. He also was the district winner in science and was selected to the all-star cast in the one-act play contest.

David is a National Merit Scholar and has received a National Merit Scholarship from Texas A&M University. He has also received a Presidential Scholarship from A&M and a College of Agriculture and Life Science Scholarship from that university. He will also receive an engineering scholarship from the Permian Basin Engineer's Society.

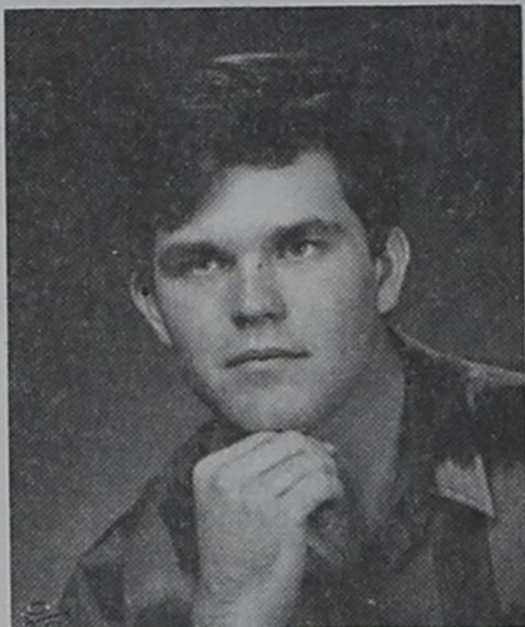

David will enroll at Texas A&M University in the fall and major in engineering.

Amanda Anderson, daughter of Delores Anderson and Sonny Anderson, has been named salutatorian of Borden High School. Amanda has maintained a grade average of 93.93 and a grade point average of 3.90. Amanda was a member of the girl's basketball team, varsity tennis team, the National Beta Club, FFA, and 4-H Club. She was selected to the all district basketball team for the past three years and was a state qualifier in tennis in 1989 and a district winner in 1991 and 1992, advancing to regional.

Amanda has received a Presidential Scholarship and a University Scholars Partnership Scholarship from McMurry University in Abilene and will attend McMurry in the fall where she will major in biology.

Baccalaureate services were held on Sunday, May 17, 1992 at 11 a.m. in the school auditorium.

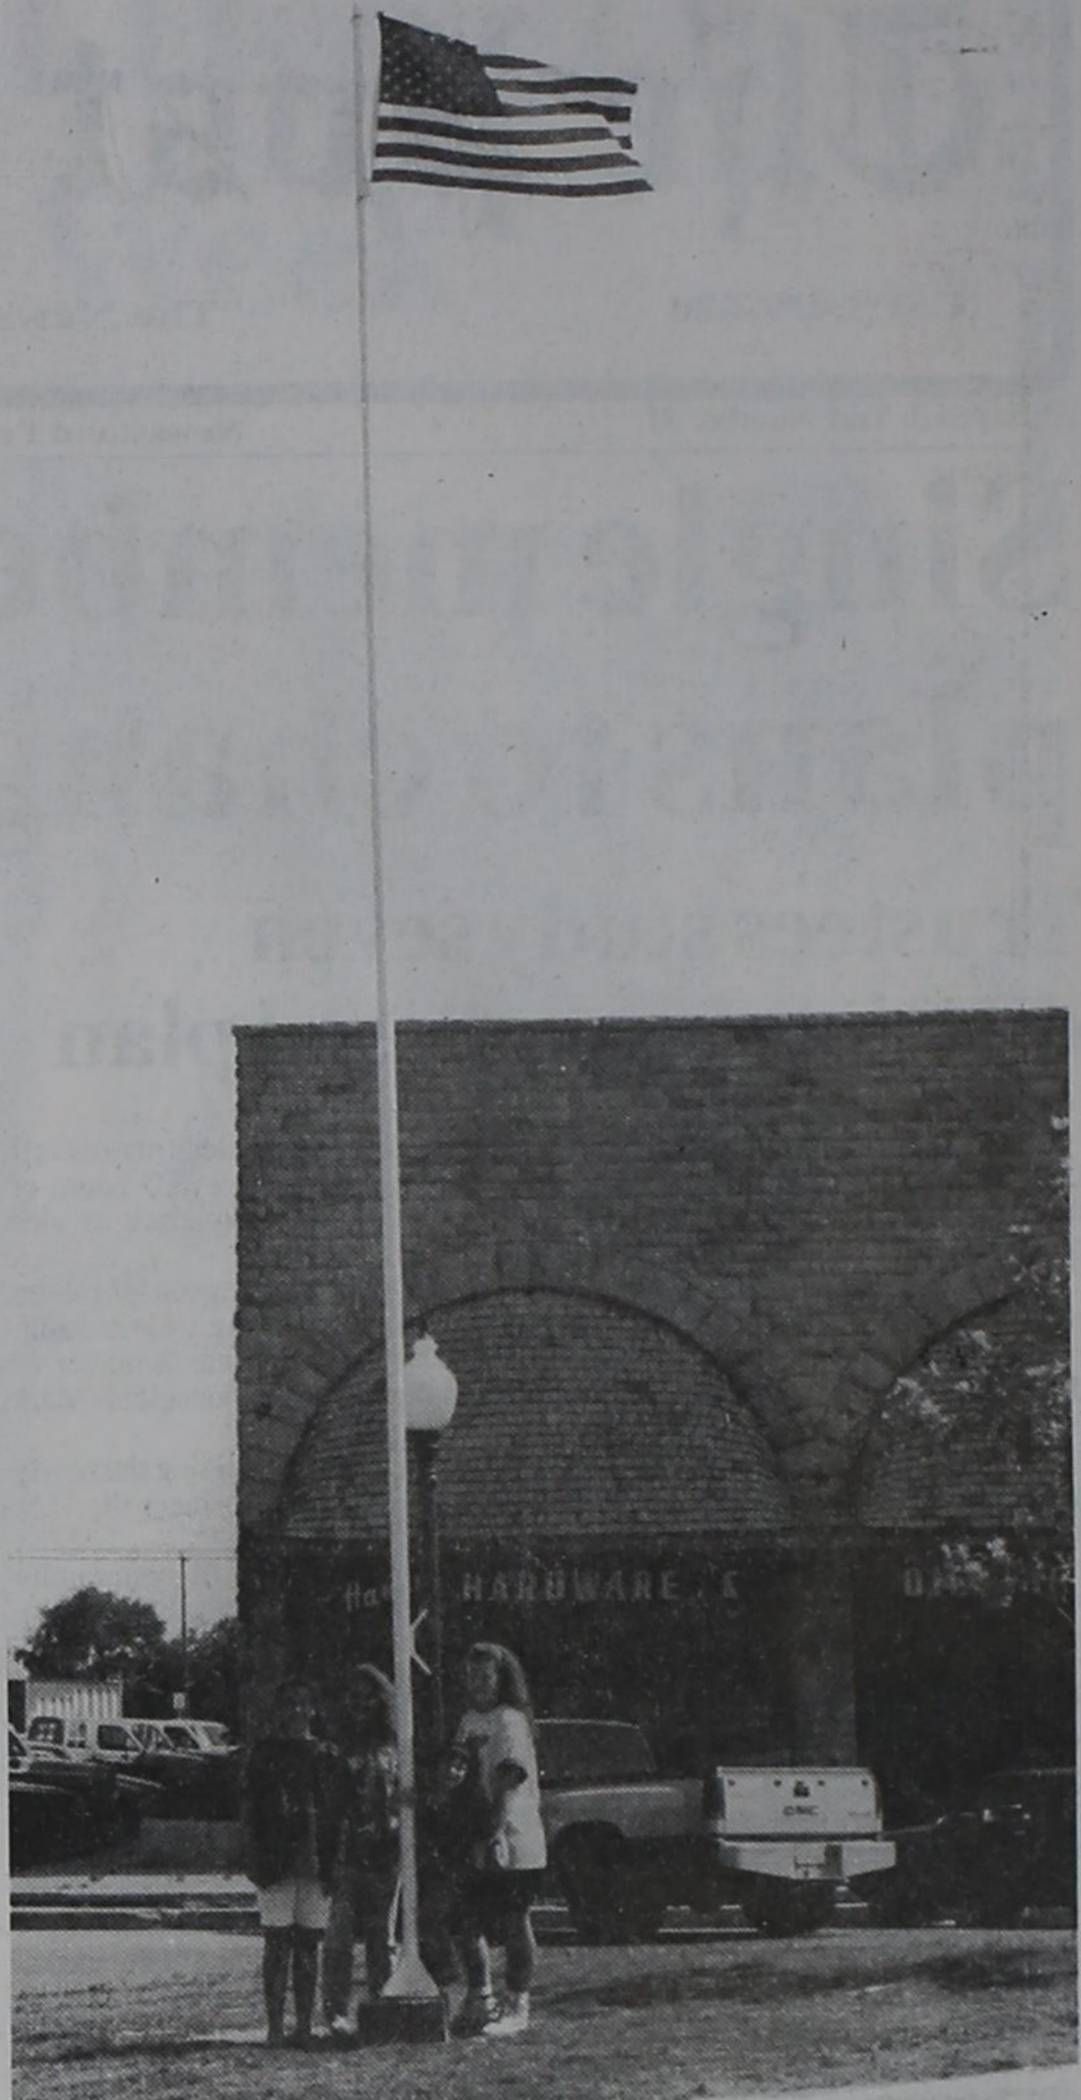

Commencement exercises were held Monday, May 18, 1992 at 8 p.m. in the school auditorium.

Borden County ISD valedictorian David Buchanan.

Borden County ISD salutatorian Amanda Anderson.

A NEW FLAG POLE on East Main Street was unveiled recently. Showing off the pole and flag are (left to right) Natalie Pollard, Jenni Martensson of Blentarp, Sweden; Jace Pollard and Nikki Pollard. The flag pole was donated by Handy Hardware in memory of Garza County veterans. The flag will be maintained by the city. (Photo by Mike Stearns)

Green Thumb Garden Club

by Sybil Cockrum

After dodging the sprinklers and finding a dry spot, The Green Thumb Garden Club members met at the City park for a picnic last Thursday evening.

Maurine Hudman, Ida Jones and Alma Williams, hostesses for the affair, presented each member with a calico knapsack filled with sandwiches, cookies and mints along with their favorite soda. Many comments were made about the clever idea.

Later a business meeting was held, minutes read of previous meeting, entertainment dates were discussed for the upcoming year, secret pals revealed and names drawn for 1992-93 year.

Eloise Gordon read names of committee members, who had been appointed by Margaret Barley, president for next year.

Others attending were Edna Owen, Carlene Kyle, Jewel White, Annie Laura Francis, Thelma Epley, Eloise Gordon, Shorty King, Marion Wheatley and Sybil Cockrum.

Entered at U.S. Post Office, Post, Texas for transmission through the mails as Second Class matter, according to an Act of Congress, March 3, 1879.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

Slow drains, or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective, they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to rooster your pipes. An expensive, temporary measure.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean. Its totally unique formula clings, and penetrates deep into the gook. That is what allows it to liquefy even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new... when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean with a money-back guarantee!

Saves Money. A 1 lb. container of Plumb Clean holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Clean costs about .35¢ per treatment. We don't know of anything that cleans drains for less.

Safe Too. Conventional drain openers are dangerous chemicals. They can injure eyes on contact. They can release deadly vapors, in some situations. Some may damage your fixtures. Plumb Clean will not burn skin, or eyes. It will not release harmful fumes. When used as directed, it is 100% safe for people, and of course, all plumbing.

So, if your drains are giving you a SIGNAL, act now. Get safe, guaranteed Plumb Clean today!

Texas: The Capitol of Natural

by Agricultural Commissioner Rick Perry

If you've ever thrown on a cotton sweater or slipped your feet into a pair of fine leather boots,

you know there just isn't any substitute for the feel of fibers that come straight from Mother Nature. And, if you're searching for the finest natural fibers in the world, Texas is the place to look.

As America's top producer of cotton, wool, mohair and a leader in hide production, Texas is the "Capitol of Natural." It's that production power -- and a strong dose of talent and expertise -- that is at the heart of a new marketing initiative at the Texas Department of Agriculture. Quite frankly, it is the most ambitious campaign ever initiated at the agency.

Dubbed "Naturally Texas," its aim is simple yet far-reaching. Through this sweeping effort, we plan to let the rest of the planet in on what Texans already know -- that our state produces the highest quality fibers in the world.

Naturally Texas is a comprehensive campaign designed to create consumer awareness and stimulate demand for items manufactured from Texas cotton, wool, mohair, and leather or processed in the state. Yet our goal is not only to highlight the vast potential in our

fibers industry, but to spark economic activity in this sector and throughout our state.

Naturally Texas is aimed at promoting our natural fibers industry like it's never been done before. The program is highlighted by special hang tags and labels to identify Naturally Texas items. But the campaign will also feature promotional activities, such as fashion shows, as well as a directory of Naturally Texas manufacturers.

Through Naturally Texas, we hope to spread the Texas mystique throughout the world. After all, Texas sells -- whether you're from New York or New Braunfels.

Our state is home to some 17.5 million consumers, the third largest market in America -- and still growing. Twenty-eight metropolitan markets thrive within our borders. In 1991 alone, Texans spent \$6.7 billion on apparel at the retail level -- about seven percent of the nation's consumption.

In fact, you might say the entire state is a garment district. We have dresses designed in Dallas. Sport coats stitched up in Bonham. And, denim jeans made in El Paso.

We enjoy all the resources necessary to make Naturally Texas a success: a powerful consumer market and unparalleled production of natural fibers.

Yes, Texas is truly the Capitol of Natural! Year in and year out, Texans harvest some five million bales of cotton -- roughly a third of America's total. We produce 17 million pounds of wool and more than 14 million pounds of mohair -- 90 percent of the country's production. What's more, Texans turned out nearly six million hides last year -- which ended up as boots, western wear and other items that are popular not only with Texans but with consumers the world over.

Texas has the know-how and expertise to rival the finished fibers industry in any state in the union. Our reputation as a quality

agricultural producer has already paced us at the forefront of the global marketplace. The Japanese look to us for raw cotton, mohair, and hides. Latin Americans want our western wear and leather tack. Europeans seek out Texas wool and mohair for their coveted knits, and buyers from around the world demand denim jeans -- many of which are produced in Texas. We are among America's top 10 exporting states in 12 different agricultural products, including our natural fibers.

By creating new markets for our products we help revitalize a sector of the economy that will, in turn, benefit not only farmers and ranchers, but all of Texas. And it won't end there. Texas agriculture -- including the natural fibers industry -- is constantly expanding. New markets are already materializing with the development of colored cotton and "exotic hides" such as emu and ostrich.

We do it bigger and better in Texas, and the natural fibers industry is not exception. Naturally Texas is just another way to capitalize on the wonderful resources that we've been blessed with in our great state. We have an appreciable fibers industry now. But to generate increased economic activity, we want to make a strong industry even stronger.

Naturally Texas makes natural sense -- and it makes good economic sense. So next time you're in the market go out and "buy Texas." It's a natural!

Garza County citizens are looking for solutions to the solid waste disposal problem. There are several things which we can do to buy a little time for the existing landfill and reduce the costs of whatever waste disposal plan we select.

Reducing the waste system (what goes into the landfill) is the more significant of all the options to manage waste. If we never generate the waste, then we never have to devise ways to dispose of it.

To reduce the waste we produce usually means lifestyle changes. Reduce the amount we buy in the first place. Purchase only the amount we need. We can also reduce the waste we generate by becoming better environmental shoppers.

Start analyzing what we throw away at home. Determine if we should buy certain products at all or if we can purchase them in more efficient quantities.

Do we really need to use disposable plastic or paper plates so often? Is it necessary to use paper towels? Do we buy recyclable products? What about the recycled ones? They are often a little more expensive. Is it worth it to us to pay a little more to support industries which are trying to reduce the waste stream?

Think about the goods, services and activities we buy or support. In what ways do they contribute to the solid waste problem? How can we purchase and dispose of items in ways that generate less trash? Can we participate in the "Texas Don't Bag It" program to fertilize, water and cut our grass in a way

that eliminates grass cuttings from the landfill?

Many of these decisions are difficult to make on a personal, day to day basis. Most of them sound easy to do, but when it comes down to our personally spending a little more money for recycled products or doing without disposable item, it becomes a different story.

Some things which we can do in addition to the ones mentioned above are:

- * Buy goods in returnable and recycled and recyclable containers.

- * Return and refill all products which are designed for such purposes.

- * Buy products which have eliminated excessive packaging.

- * Decide to spend a little more money, effort and time to reduce the solid waste we produce.

- * Determine to use few items such as paper and plastic plates, paper towels and napkins, polystyrene cups, disposable razors, pens, cameras, watches.

- * Purchase products which can be repaired not thrown away.

By making a few lifestyle changes we CAN reduce the amount of solid waste which enters our landfill system. Those changes are desirable today and will likely be required in the near future.

Choir wins honor at festival

by Mike Stearns

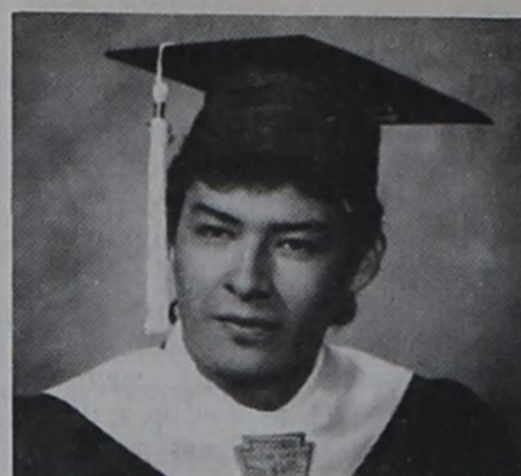

The Post High School Choir had a first rate performance at the Greater Southwest Music Festival in Amarillo. The contest, held May 8th and 9th, featured choral groups from the finest music programs in the region.

The Post High Choir received a first division rating at the event score all ones in their performance. The group placed second overall in the competition involving 2A schools.

The Post High School Choir is under the direction of Jenifer Byrd.

Southland High School valedictorian Cori Weaver topped the class with a 94.42 grade average.

South High School salutatorian Jessie Collazo earned a 90.92 grade average.

Hodges - Redman to wed June 12, 1992

Mr and Mrs Jimmy E. Hodges are proud to announce the engagement and approaching marriage of their daughter, Kristi Renea, to Daniel Keith Redman. Daniel is the son of Mr and Mrs A.E. Redman.

The bride-elect is a 1991 graduate of Post High School and is employed by Frame Shoppe and

Chaparral Restaurant. The future groom is a 1992 graduate of Post High School and is employed by United Supermarket.

The couple will exchange wedding vows on Friday, June 12, 1992 at 6 p.m. in Trinity Baptist Church with a reception following.

Woman's Culture Club News

by Katharine Cathcart

The Woman's Culture Club met Wednesday, May 13, at one o'clock in the home of Iva Hudman, with Dorace Wilson, Jan Crawford and Ruby Kirkpatrick as co-hostesses.

Donna Craig, president, introduced special guests: Mary A. Wicker of Littlefield, who is outgoing president of the Caprock District Women's Club, and Linda Malouf and Eunice Stanford of Plainview.

A delicious luncheon was served from beautifully decorated tables. Yes, Linda Malouf brought some of her famous cookies.

Mrs Wicker presented the club with a certificate from the Texas Federation and General Federation of Women's Clubs from Keep America Beautiful, Inc., "for outstanding achievement in Solid Waste Management."

Mrs Wicker installed club offi-

cers for the next two years (1992-93 and 1993-94), using different flowers to designate each officer. New officers are: Joyce Strubhart, president, Iva Hudman, first vice-president, Barbara Hardin, second vice-president, Ruth Hall, Recording Secretary, Dorace Wilson, corresponding secretary-treasurer, Doll Haire, press representative, Maxine Earl, literary chairman and Nona Lusk, music chairman.

We all appreciate Donna Craig and her leadership for the past two years, and we are looking forward to Joyce Strubhart's tenure in office.

Those present were: (guests) Mary (Tina) Wicker, Linda Malouf and Eunice Stanford, and club members: Ruby Kirkpatrick, Nona Lusk, Lillian Potts, Dorace Wilson, Ruth Hall, Lois Cook, Iva Hudman, Joyce Strubhart, Donna Craig, Jan Crawford, Maxine Earl and Katharine Cathcart.

Adrian Gonzales, a Southland fourth grade student, won two gold medals in the softball throw and the wheel chair racing at the recent Special Olympics.

Pleasant Valley Baptist Church listed at top

Pleasant Valley Baptist Church, Post, was among the top 50 out of 5,400 Texas Baptist congregations last year in per capita giving through the annual Mary Hill Davis Offering for State Missions.

The Post church gave \$27 per resident member through the special offering, which totaled \$4,518,860 in 1991. It supports many programs designed to help reach the goals of "Mission Texas."

"More than half of the state's 17 million people are not affiliated with a church of any kind, and their percentage is steadily increasing," said James Semple, director of the Texas Baptist State Missions Commission.

"But Texas Baptist -- committed to turning the tide -- have adopted 'Mission Texas,' a plan of praying, giving and putting feet to their faith.

BUCKLE UP!

Wider use of mammography screening could drastically reduce breast cancer mortality

Deaths from breast cancer in older women could be reduced by as much as 30 percent if more physicians urged their patients to undergo mammography screening, according to an article published in the May issue of Texas Medicine.

"Despite the existence since 1982 of national recommendations for annual mammograms for women 50 years and older, most have never had a mammogram," write the authors of the Texas Medicine article. "Moreover, only five percent of women in this age group are estimated to have annual mammograms."

Texas Medicine is the official news magazine of the Texas Medical Association. The article was written by Anne-Claire France, Ph.D.; Mark T. Nanney, M.D.; Elizabeth W. Riddler, M.Ed.; and Armin D. Weinberg, Ph.D. France works at the Memorial Geriatric Evaluation and Resource Center, Memorial Healthcare System, in Houston. Nanney is in the Department of Family Practice and Community Medicine at The University of Texas Medical School at Houston. Riddler works at The Methodist Hospital in Houston and Weinberg is at the Center for Cancer Control Research at Baylor College of Medicine, Houston.

In 1989, 42,000 women in the United States died of breast cancer and 142,000 new cases were diagnosed. The authors note that research suggests early detection provided by adequate screening could decrease deaths among older women by 30 percent. However, in Texas only 25 percent of women age 50 and older participate in regular mammography screening.

"One of the most prevalent barriers to screening for breast cancer is that physicians overestimate resistance to receiving a mammogram," the authors write. "They continue to believe that mammograms are too expensive. Cost was the single most important factor that discouraged physicians in 1989 from using screening mammograms more often with asymptomatic patients."

Reasons patients give for not having mammograms include lack of physician referral, lack of perceived need and fear of exposure to radiation. "Physician recommendation is the reason most women not only have their first screening mammogram but also adhere regularly to subsequent screenings," the authors state.

Eleven health organizations including the National Cancer Institute, American Cancer Society, American Academy of Family Physicians and the American College of Radiology, endorsed guidelines for mammography screening in 1989. Those guidelines recommend that the screening process begin by age 40 and consist of annual clinical examination with screening mammography performed at one-to-two-year intervals. Beginning at age 50, it is recommended that both clinical examination and mammography be performed annually.

TMA supports these guidelines. Through its Physician Oncology Education Program, TMA has distributed copies of the guidelines to all primary care physicians in Texas.

The Texas Medical Association is a professional organization of more than 31,000 physician and medical student members. It is located in Austin and has 119 component county medical societies around the state. The Association represents 82 percent of the doctors of medicine licensed and residing in Texas and 96 percent of the state's allopathic medical students. TMA's key objective is to improve the health of Texans through professional and personal development of its members.

Letters to the Editor

Letters to the editor policy:
Letters to the editor are encouraged and invited. Letters may be edited for brevity. Letters which are deemed slanderous or libelous will be rejected. Letters must be signed, but the name may be withheld from publication if requested.

Dear Editor:
We are writing you in the hopes that you will print this letter and that a vast amount of people will take the time to read this column. In June of 1991 our dad had a major heart attack.

The heart attack itself was enough to bring our family to its knees; let alone prepare us for what we would have to face in the near future.
At worse we thought we might be facing open heart surgery for our dad. After all he had never been sick a day in his life and was always on the go and active in doing for other people in need.

Our parents went to Lubbock for our dad to see the doctor in November of 1991 and were told that his heart was so bad he would require a heart transplant and the testing needed to begin immediately.

We can't describe the shock and total disbelief that our family found itself in at this point in time.

This is something that you read about in the newspapers about some family hundreds of miles away and you think to yourself, "That poor family," and then you never hear about it again.

Our dad was immediately admitted to the hospital and the tests began. Four days into the test and our dad suffered a stroke.

This stopped the testing and we were told that until our dad was 100% again that the testing couldn't resume nor could he be considered for the transplant list.

It seemed for our family that for every step we took forward we would slide back 10.

While going through this ordeal we learned of the other people involved in the process in one form or another.

More people we knew were having heart trouble and our attention suddenly changed to anyone with a heart problem and our hearts went out to them.

Our dad got over his stroke enough to finish the tests and finally be put on the heart transplant list.

We have considered ourselves lucky for being in this area at the

exact time that Lubbock Methodist Hospital was beginning the heart transplant process.

When the first transplant was performed on a resident of the Brownfield area we read it in the newspaper but at that time it didn't have anything to do with our family.

Little did we know that the subject would soon take up our every waking hour as well as being the main topic of every family conversation.

We were aware of another Lubbock resident who was also on the list and were thrilled to see the community get behind this family and try to help, but at the same time we also knew what the emotional strain was like to this family and how very helpless you feel every moment of every day.

Plus the fact that when you are on the transplant list you must wear a pager or have it with you 24 hours a day. When this pager beeps then you have to call the hospital to see if they have an organ for you or if it is a false alarm.

As in our dad's case his pager has beeped on at least seven different occasions which is added strain because you never know if it is going to be the real thing or a false alarm.

We now know that another man from Sundown has also been on the list and is yet another reason to bring this issue to the people of our area. We understand how hard it is to see a member of your family weaken from the need of a healthy heart.

The mind does strange things when you are put in a position of such stress and desperation.

We pay closer attention to a fatal wreck or a person who has taken their own life because these people represent to us a possible solution to saving our family member's life.

We have therefore gotten involved with the organ donor organization. This organization is the Lifegift Organ Donation Center of West Texas located in Lubbock.

In doing this and stressing to people that it is imperative that they at least consider donating their bodies to this cause.

There is a three year old in Amarillo waiting on a heart.

We know what we are going through as married children with our dad and we just can't imagine how hard it would be with a child, but this is happening every day all over our country.

When someone signs a donor card they have the option of not just helping someone with a bad heart but kidneys, eyes, bone, and

many other things that most people aren't aware can be donated.

While trying to write this letter a thought came to mind.

If anyone of us in Levelland or any other town in the South Plains area were to happen upon a life-threatening situation; we would most likely respond immediately with out any hesitation or thought of the possible death to ourselves.

We would react!!, but we don't or haven't considered giving our bodies to save several people in life or death situations when it does not endanger our lives because our life is already over.

Sincerely the children,
Sandra Cox

High Rollers capture State honors

by Mike Stearns

The High Rollers tumbling and trampoline team is fresh off an outstanding performance at the recent Division I State Championships. 500 competitors from over 50 different teams gathered in Levelland for the championships held May 2.

The High Rollers brought home two state championships from the meet. Donae Dalby placed first overall in three and four year old level 5A tumbling and second overall in level O trampoline. Ashton Smith competed in level two tumbling and came away with the top performance in the 3 and 4 year old age group. Ross Babb competed in level two trampoline in the 7 and 8 year old age division. Ross had an outstanding performance and placed third.

Other High Roller team members who placed in the top five were Rachel Redman, Mitchell Mills, and Sarah Adcock. Here are the results from the individual flights involving High Rollers team members.

3 and 4 year olds

Donae Dalby - Tumbling, first
Trampoline, second.

Jake Fluitt - Tumbling, third.
Laurel Tatum - Tumbling, third.
Jenee' Lott - Tumbling, fifth.
Ashton Smith - Tumbling, first.

5 and 6 year olds

Jett Lott - Tumbling, fourth
Trampoline, fifth.
Mitchell Mills Tumbling, fifth
Trampoline, first.

Sierra Reiter Trampoline, fifth.
Rachel Redman Tumbling, first.

7 and 8 year olds

Camille Blevins Tumbling, fifth.
Danny Reiter - Tumbling, third
Trampoline, fifth.

Ross Babb - Trampoline, third.
Matt Ramsey - Tumbling, third.

9 and 10 year olds

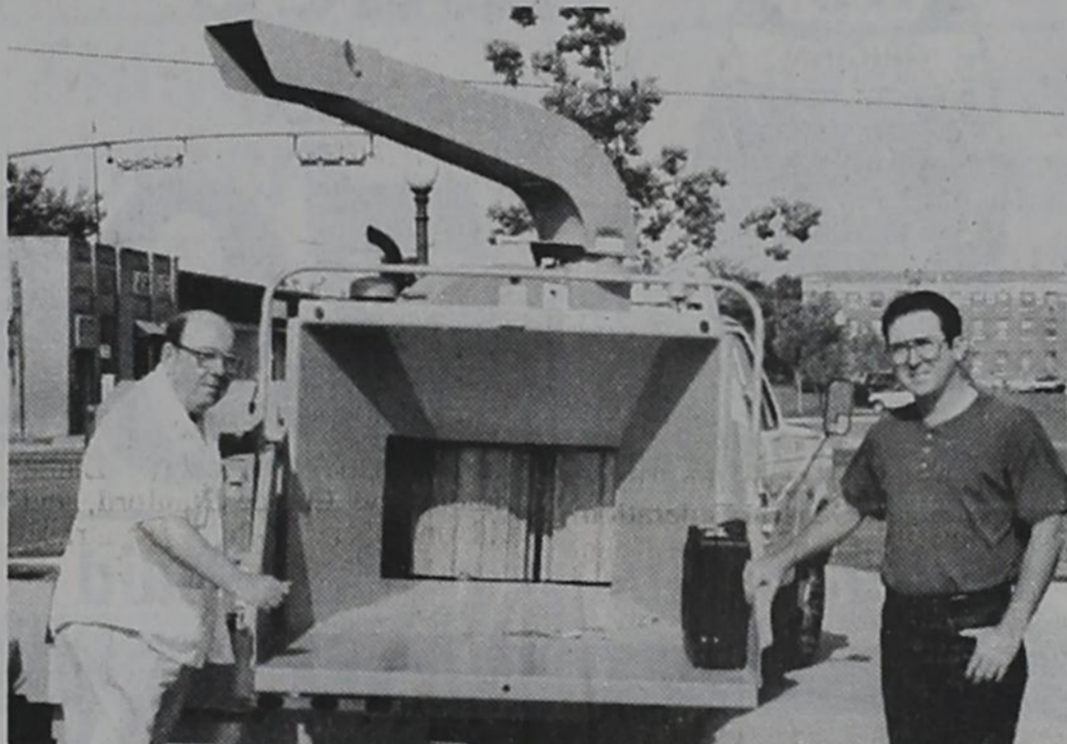

Sarah Adcock - Tumbling, second.
Travis Day - Tumbling, fourth
Trampoline, seventh.

Lindsey Rudd - Trampoline, eighth.

The High Rollers Tumbling Club is coached by Amy Thuett and Cheryl Thompson.

SOUTHWESTERN OKLAHOMA STATE UNIVERSITY students Eric Reece (left) of Post and Rhonda Hampton of Rosepine, La., were recently honored at the annual SWOSU biology department spring banquet. Reece was recognized for his inclusion in "Who's Who Among Students in American Colleges and Universities" and Hampton received the Charles Torbeck Service Award, Tri-Beta Outstanding Senior Biology Student Award and Who's Who Award.

CHIPPER TO SHRED BRUSH - City of Post city manager Bob Turner (left) inspects the newly delivered chipper with Caprock Vermeer Equipment Inc.'s Lanny Brinson here last week. Following employee training and safety sessions, city crews will be using the chipper to shred brush and limbs from alleys in Post. The machine is designed to eliminate brush from the landfill site.

DANCERS learning their steps in Post are (back row, left to right) Kimberly Ammons, (middle row) Shanna Windham, Kelly Moore, Deljah Vasquez, (front row) Monica Lujan, Christine Collier and Steffi Norman. Instructors for the dancers are Rhonda Norman and Traci Stevens. Not available for the photo were Amanda Workman, Kacie Osborne and Jackie Davis.

Reese Air Force Base schedules open house for Sunday

Colonel William C. Henny, commander of Reese Air Force Base's 64th Flying Training Wing, announced that the U.S. Air Force's Thunderbirds and the U.S. Army's Golden Knights will perform at Reese during the base's annual open house on Sunday, May 24, 1992.

"The two demonstration teams will have to share top billing with the Air Force's newest training aircraft, Reese's own T-1A Jayhawk," Colonel Henny said. He noted that "The T-1A will be on public display and make a flyover above Reese for the first time during an open house. Our personnel are really looking forward to giving our open house visitors their first look at our T-1As."

The Thunderbirds are the Air Force's renowned Air Demonstration Squadron from Nellis AFB, Nevada. The Golden Knights are the Army's famed Parachute Demonstration Team based at Fort Bragg, North Carolina. They both

will be helping the personnel of Reese AFB celebrate "fifty years of training the world's best military pilots," said Colonel Henny.

The base will be open to the public from 8 a.m. to 5:30 p.m.

Lt Colonel Bob Grosvenor, Reese Open House Project Officer, recommends that persons interested in visiting the base during open house arrive early.

Come for the Thunderbirds 9 a.m. arrival show and you can see two Thunderbird shows. We know that traditionally many visitors travel 100 to 400 miles to see a Reese Open House.

"Since Sunday is the second day of the federal government's Memorial Day Holiday Weekend, there may be even more visitors to the Lubbock area than usual, so make your plans early."

"Also, bring also plenty of lotion to protect you from the sun."

"There is no charge to attend any of the activities on base. There will be plenty of food, drink, parking, and rest rooms available."

"There will be a reasonable charge for food and beverages."

"We will have additional shuttle busses running from the farthest parking areas, and we will have rest stations with cold drinks and a first aid station in both the north and south parking areas," he states.

"Remember," says Colonel Grosvenor, "whether you are coming to Reese from a distance or from nearby Lubbock, the most important thing is to come early and try to avoid the last minute rush before Thunderbird showtime."

"When you are driving in the vicinity of Reese, please be patient and follow the directions of the law enforcement officials who will be trying to make each motorist's arrival and departure as smooth and rapid as possible."

"Just show the same courtesy to other drivers as you expect and we will all have an enjoyable show day."

Y.E.S. volunteers recently were treated to a dose of "old age" problems in the training program. Post High School student volunteers in the program to assist senior citizens were offered special devices to demonstrate a variety of physical problems faced by the elderly, including eyesight impairment, hearing and feeling.

News release from TMA

Tuberculosis makes unwelcome comeback

Tuberculosis, long considered a disease of the past, is making an unwelcome return. In 1951, Texas has 18 hospitals devoted solely to the treatment of TB. The disease declined steadily after 1953 because of public health measures, such as screening programs, and the introduction of effective anti-tuberculosis drugs. However, TB incidence started rising in 1985 and has increased ever since.

Tuberculosis is an airborne infection which spreads on droplets released from the lungs through

coughing. Although TB is contagious, it is not passed as easily as some other diseases, such as the flu or common cold. The average TB infection results from six months of daily, eight-hour exposure. Only 10 percent of carriers ever suffer symptoms and develop the disease. TB usually attacks the lungs, but also can spread to other parts of the body.

Why is TB back after almost being eliminated? The answer is complex. The increase in HIV, the virus that causes AIDS, is a major factor. HIV-infected people are especially at risk for tuberculosis because their immune systems are weakened. They can develop the disease from recent or past expo-

sure to TB. Also at increased risk are people who live in crowded environments, such as homeless people in shelters or prison inmates. The reduction in screening programs also has contributed to TB's resurgence.

Other at-risk groups for tuberculosis include immigrants from Asia, Africa, and Central and South America; alcoholics and intravenous drug users; minorities; diabetes victims; and the elderly. People who are not among these groups, but have contact with someone in one of these groups, also have increased chances of contracting TB. Examples include family members, fellow patients

or inmates, and health-care providers.

Texas Medical Association is a professional organization of more than 31,000 physician and medical student members. It is located in Austin and has 119 component county medical societies around the state. The Association represents 82 percent of the doctors of medicine licensed and residing in Texas and 96 percent of the state's allopathic medical students. TMA's key objective is to improve the health of Texans through professional and personal development of its members.

ATPE News Release on education

Many of the education reforms passed by the Texas Legislature in 1984 have not worked, according to a recent survey of public school educators. The random survey of 1,638 members of the Association of Texas Professional Educators shows that 81 percent of those surveyed say state mandated teacher evaluations consume too much administrative time; and more than half say the suspension period under the no-pass, no-play rule should be reduced from six to three weeks. "No-pass, no-play was designed to make students work harder and maintain passing grades, but instead, students are opting for less-demanding courses," said Beverly Sinkey, ATPE state president. The mandated 22:1 teacher/pupil ratio for kindergarten through grade four received the most favorable response of all the 1984 reforms. Twice as many teachers said the ratio in the classroom has improved, compared to those who said conditions had worsened. Three-fourths of those surveyed say school violence is on the increase in their district. "This is the most alarming response in the survey," said Sinkey. "Incidents of violence against students and teachers are becoming much too common. Learning cannot take place in an atmosphere of fear." Sixty-four percent favor year-round schooling if they are compensated accordingly; and only 28 percent favor consolidation as a solution to the school finance issue.

Law officers report 14 arrests here

Since April 29 Garza County Sheriff's Deputies and Texas DPS troopers have reported 14 arrests for a variety of violations. A 34 year old woman was charged on April 29 with revocation of probation and being held in the county jail. May 6 a 31 year old man was arrested on a DWI charge. The man paid a \$750 bond and was released. A 20 year old man was charged May 8 on a warrant for traffic violations. He served his time in jail. May 10 a 35 year old was arrested by DPS officers on a felony DWI charge. He was released following the posting of a \$5,000 bond. A 17 year old male and a 19 year old man were arrested May 13, charged with minor in possession of alcohol. The two spent time in jail in lieu of paying fines. Also May 13 a 29 year old man was arrested on a traffic warrant. A 17 year old man was arrested

May 16, charged with driving without a valid driver's license. He paid a \$200 fine and was released. Also on May 16 an 18 year old man was taken into protective custody and was released to the drug and alcohol counselor. A 32 year old man was arrested on the same day by a DPS officer, charged with DWI. He was released following the posting of a bond. May 17 a 30 year old man was arrested and charged with violation of the family assault codes. He spent time in jail on the charges. On the same day a 32 year old man was arrested and released on a charge of threat to the family and a 17 year old man was charged with public intoxication and disorderly conduct. Another 32 year old man was arrested on the same day, charged with family code assault. He was released following his serving of time on the charges.

SOUTHLAND elementary U.L.L. winners recently were (back row, left to right) Holly Patterson, fifth listening skills; Amanda Lopez, sixth listening skills; Caleb Basinger, first music memory; Paul Criswell, first music memory; fourth picture memory, fifth spelling; Chris Parras, fourth picture memory; (middle row) Christy Hubbard, second ready writing; Jackie Colbert, sixth spelling, second picture memory; Shayla Daugherty, second picture memory; Kyle McInroe, second picture memory; Adelia Garcia, sixth spelling; (front row) Melissa Jeffcoat, second creative writing; Lesa Monroe, sixth story telling; Rayle Taylor, fifth story telling and Stephen Sadler, second picture memory. Not available for photo, Steven Johnston, first number sense, first music memory and fourth picture memory.

Local special education advisory committee

A regular meeting of the Local Special Education Advisory Committee met at the Lorenzo Elementary School Library April 28 with Lydia Gonzales, secretary, presiding. Parents of students enrolled in Special Education were in attendance, including Mary Garcia of Ralls, Connie Hughes and Carmelita Pyle and Jean Gray from Idalou. The next meeting will be held in the fall of 1992-93 school year.

The program consisted of current special education trends and services presented by staff members Laura Taylor, Lori Hand, Pat Baker, Diane Broome, Marsha Norman, Susan Kelly, Daisy Breedlove and Cheryl Valentine.

SOUTHLAND HIGH SCHOOL varsity girls' golf team members winning the district championship and competing at regional were (back, left to right) Tina McCarl, Janie Anaya, (middle) Dawnie Bilberry and (front) Dora Anaya and Mary Jane Amaya.

The Minutemen—those volunteer soldiers of the Revolutionary War—got their name because they were prepared to fight "at a minute's notice."

Card of Thanks

We would like to thank each and everyone who has helped to make our loss a lot easier to bear; those who sent cards, flowers, brought food, called, prayed for us and to the EMT's for being so nice taking Donna to the hospital. Also for all the donations. God bless all of you.

David Gary
Elsie Mae Jackson
Ruthell Stanley
Trena Woods

Joe and I wish to express our love to all our friends and family for all the flowers, cards, food and gifts shown while we were both hospitalized. The kindness you have shown will long be remembered. Without our friends this would be a lonely old place to live. We both realize that we live in one of the greatest places in the world, Post, Texas. God bless each and everyone of you.

Joe & Alma Williams

We want to express our appreciation for all the prayers, thoughts, food, cards, and lovely flowers during our time of sorrow for the loss of our Mother and Grandmother. God bless and love to all.

Judy Lee & family
Robbie King & family
Rex King & family
Pat Jenkins & family

We want to express our appreciation to our many friends and neighbors for all the kindness bestowed upon us during Bill's recent illnesses. To each of you, whatever you did, a great big "Thank You."
Bill & Katharine Cathcart

The family of Castell Nelson wishes to express our deepest appreciation to the good friends and relatives who did so much for us during our recent sorrow. May we take this means of saying thank you to the doctors and staff of St. Mary's & Rehab Center. Thanks to the ones that send cards, food and flowers. Special thanks to Rev David Hohde for the comforting words and prayers. Also to Dee and Janet Justice for your help and kindness. God bless you all.

Legal Notices

PUBLIC NOTICE
The County of Garza, State of Texas acting by and through its Commissioner's Court, hereby give notice of its intention to lease the following farm property for a period of three (3) calendar years, 1992, 1993 and 1994.

Described property: North 185.7 acres of Labor 4 and 5, Leage 212, Garza County School Land, Bailey County, Texas, being ASCS Farm # 857.

Bids will be opened at 9:00 a.m. on June 8, 1992 in the Commissioners Courtroom in the Garza County Courthouse in Post, Texas.

The Commissioners Court reserves the right to accept or reject any or all bids at this time.
Giles W. Dalby
County Judge
Garza County, Texas

NOTICE OF BIDS
The Post Housing Authority invites contractors to submit bids for exterior painting. Specifications and details are available by calling 495-2233. Sealed bids will be accepted until 1 p.m., June 9, 1992. Bids should be submitted to the Post Housing Authority Board of Commissioners, P.O. Box 356, Post, Texas. The Post Housing Authority reserves the right to accept or reject any or all bids.

PUBLIC NOTICE
Notice of opportunity to make comments or request a public hearing is hereby given by South Plains Community Action Association, Inc., 410 Houston Street, Levelland, Texas on the continuation of rural public transportation services within Cochran, Lamb, Yoakum, Terry, Hockley, Garza, Bailey, Lynn, Rural Lubbock, Borden, Scurry and Mitchell counties. Financial assistance to provide this service is being sought from the Federal Transit Administration through the Texas Department of Transportation in the amount of \$440,748.00. Service will be for the general public, will be demand response, and fares will be charged for the service. Additional vehicle will not be required to provide this service. Written

comments or a written request for a public hearing are being accepted at South Plains Community Action Association, Inc., 410 Houston Street, Levelland, Texas 79336 until June 15, 1992. Further information can be found at the Spartan building, 410 Houston Street, Levelland, Texas.

Notice of Application For Fluid Injection Well Permit
The George R. Brown Partnership, 4700 First City Tower, 1001 Fannin, Houston, Texas 77002 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Glorieta South Deep formation, Garza Glorieta South Deep Unit lease, Well Numbers 104 & 1010 GL. The proposed injection wells are located in Post, Texas in the Garza Glorieta South Deep Field, in Garza County. Fluid will be injected into strata in the subsurface depth interval from 3570 to 3720 feet.

Elementary, Junior High bands earn high honors

The Post junior high band, under the direction of Aaron Rathbun, recently earned a Division II in concert and Division I in sight reading at the U.I.L. competition held at Frenship ISD.
The fifth and sixth grade bands, under the direction of Crispin Bradsher, earned the Sweepstakes award for its Division I rating in concert and sight reading at the Band Festival held in Hale Center.
All fifth and sixth grade band students performed solos with almost everyone receiving Division I ratings.

High Plains Junior Rodeo set here June 5-6

Sponsored by the Post FFA, the High Plains Junior Rodeo will be held here June 5 and 6, with performances beginning at 7 p.m. on both days.
The rodeo will feature calf roping, barrel racing, poles, goat tying, steer riding, bull riding, team roping and more.
Admission for the event is \$4 for adults.
Additional information may be obtained by calling Perry Smith at 495-4013.

Garza County Extension Agent - Ag
Beef Cattle Marketing Program

Area beef cattle producers will have the opportunity to participate in a unique program on Thursday, May 28. The program will be coordinated by our office and will be sponsored by Satellite Cattle Exchange, Ltd. Representatives from SCE will be on hand to present the program which will begin at 12 noon on the 28, at the Chaparral Restaurant in the Garden Room. Participants will be furnished with a buffet meal, compliments of SCE. The program is being coordinated by Keith Davis, local SCE rep. The possibility also exists for participants to actually take part in a planned sale that Satellite Cattle Exchange will be broadcasting during the same time frame. However, this part of the program depends upon satellite dish availability.

The idea of satellite broadcasted cattle sales was slow to gain popularity in the early developmental years. However, times has changed and this marketing avenue has become very popular to both the buyer and the seller. Research has shown that this means of marketing cattle for sellers has the following benefits: 1 - forward contracting cattle for future delivery without customary margin calls; 2 - exposure to nationwide buyers network; 3 - cattle are sold fresh, on the farm and still gaining weight and 4 - selling direct to the end user boosts selling prices.

Buyers have also come to rely heavily on videoed cattle sale because sales allow them to 1 - lower transaction costs due to trucking costs and shrinkage; 2 - bid on cattle from remote locations; 3 - reduce money and time searching for cattle; 4 - view large numbers of cattle at one time and, 5 - purchase healthier cattle that will have less exposure to disease.

Both registered and commercial cattlemen are urged to make plans to take part in the program and meal. Spring rains, winter moisture have started us on what could be a grazing year and this new marketing approach will offer beef producers a new insight into marketing. Make plans to be present for the program, the meal, and hopefully the actual sale on Thursday, May 28. Feel free to call our office if we can answer questions.

Local youth prepare for Texas 4-H roundup

by Ann Nobles, County Extension Agent - Home Economics

Three Garza County 4-H members earned the right to compete at State 4-H Roundup in College Station June 9-11 with their high placings in their respective contests at district competition in Lubbock on Saturday.
Lorrye Ledbetter and Shayla Wallace will compete in the Clothing Method Demonstration Competition. Labeth Jones will compete in the "4-H Promotes Youth Development" educational activity.

Roundup, the biggest 4-H event held each year, gives 4-H members an opportunity to gain educational experiences that support 4-H projects, demonstrate skills and practice leadership at the state level. Outstanding 4-H members compete in over 40 contests in which they showcase their speaking abilities, decision-making skills and talents.

Lorrye, daughter of Mr and Mrs Bruce Ledbetter, is a member of Graham 4-H Club. Shayla, daughter of Mr and Mrs Dicky Wallace and Labeth, daughter of Mr and Mrs Darrell Jones, are members of Lucky Clover 4-H Club.

Tracksters find rough going in Austin

by Mike Stearns

The tradition of bringing back medals from Austin got a jolt last Saturday as the Post High School track qualifiers had their hopes dashed on a rainy weekend in the capital city.

Henry Reed went into the 100 Meter dash with hopes and expectations of a medal in his first ever appearance at state. As he got into the blocks, he was ready for the most important 10 to 11 seconds of his life. Whether it was jitters or the moisture in the air. When the gun fired (to start the race), the false start buzzer also went off. Henry's starting blocks had moved causing the false start.

The runners got set in the blocks for a second time only to have the false start buzzer sound again. Chad Hicks of Beeville, the fastest qualifier in the race, jumped the gun and was disqualified.

So Reed and the rest of the participants returned for a third start for the championship run. This time, no one dared to jump before the gun.

When the gun fired, Reed took off but he was already a couple of strides off the pace. That told the story as Henry never was able to catch up. Henry's qualifying time was 10.87 but in this race on a muggy, wet Saturday, Reed ran a 11.1. Henry had not run over an 11 second 100 meters since the meet at Abernathy.

Coach Lane Tanehill placed part of the blame for Henry's performance on himself. "Henry had not worked out (on the track) since Wednesday. The weather canceled our workouts on Thursday and Friday. Henry could have gotten a better start. The fault could be with the training program." Coach Tanehill also felt that the false starts robbed Henry of his acceleration in the race. "We try to talk about it (competing in State), but until a person is actually there, they can't know the pressure."

Reed finished sixth in the race. Coach Tanehill was upbeat about the year in general. "Hopefully, this will be the start of something good, building for the future state meets."

The girls 400 meter relay team ran into similar circumstances in their medal bid. Starting in lane seven, Rannetta Cruse broke fast and had made up several positions before passing the baton to Tiffany Steele.

Steele then raced out ahead of the pack to gain a slight lead for the Lady 'Lopes. Wendy Clay increased the lead on the third leg and things looked good for the 'Lopes.

Then disaster struck. Clay's handoff to anchor Sara Alexander was not smooth and the girls could not get the exchange completed within the zone. The team was disqualified for breaking the exchange zone eliminating Post from the medal stand.

"We were peaked and ready to run," said Coach Bill Gordon. "It (the bad exchange) was just one of those things that happen in sprint relays. It wasn't really anyone's fault." Coach Gordon went on to add, "The competition is so good at the state level, you can't make any miscues or bobbles. It would take an exceptional athlete to overcome any mistake."

Coach Gordon also reminded his girls that they have had a great year regardless of the outcome. "Only eight teams make it to state. It's like getting to the Olympics and not placing. You are still one of the greatest athletes in the world." The Coach spoke for the whole staff saying, "We appreciate the support. A lot of fans came

down to see us run. Its kind of become an annual affair."

Now the girls and Henry can relax from the competition knowing that they have been

among the state's elite athletes. And those returning next year can begin to prepare for the 1993 state meet. For these young athletes the race will still go on.

RANETTA CRUSE bursts out of the blocks on the first leg of the 400 meter dash for the Post Lady Lopes at the state track meet last Saturday in Austin.

SARA ALEXANDER races toward the finish line in the 400 meter relay last Saturday afternoon in Austin. Although the team was disqualified on the last exchange, Alexander gave her usual 100 percent effort. The senior was making her fourth appearance at Memorial Stadium in the state track meet.

HENRY REED bolts out of the blocks during the 100 meter dash at the state track meet last Saturday afternoon. Reed, a sophomore at PHS, placed seventh in the event.

Varsity girls' golf team earns seventh place at state tourney

by Mike Stearns

When the Girl's Golf team arrived in Austin this past weekend, the first thing they did was check the placement board. When they saw the board, they knew it was going to be tough. The 'Lopes were seeded seventh out of the eight competing teams. San Saba, the regional champs, were only seeded third.

The girls knew that they would have to have a great first day in order to medal. "If you don't make a move the first day, the top teams won't let you close," commented Coach Chili Black.

Post shot well the first day but were hampered by the rain and the condition of the greens. Some of the players even had to complete their first round on the second day due to the rain.

Cara Cash shot a 87 the first day and a 133 for the tournament to place tenth. The tournament was shortened from 36 holes to 27 because of the weather.

Misty Bartlett shot 147 for the tourney, Cathi Cash recorded a

152, Raeline Bagby carded a 163, and Holly Hardin rounded out the scoring with a 183.

Bullard won the gold with a team score of 531, Quannah captured the silver with a 539, and San Saba scored a 558 to take the bronze.

Post finished seventh with a combined score of 595. The teams finished in the exact order as the seeding.

"We accomplished our goal of getting to State," said Coach Black of the team's performance on the year. "The Girls feel good (about their performance). They played as good a game as they could and they enjoyed Austin. That's what we came to do."

The Post girls golf team graduates three seniors from this year's squad but has a good group coming up from the middle school. Next years team could be as strong as this years.

The seventh place ranking in the state is the best performance ever by a Post High School golf team.

Raeline Bagby studies the green at Austin.

Misty Bartlett aims for the flag during practice time last Saturday in Austin.

Cathi Cash eyes the flag at Austin's Jimmy Clay Golf Course.

Cara Cash concentrates on her putting Saturday afternoon in Austin.

Holly Hardin takes a practice shot Saturday morning in Austin.

Diamond season closes with two losses

by Mike Stearns

The Post High School baseball team completed its first campaign on the diamond with losses to the top two teams in District 4-2A. The 'Lopes dropped their final game at home against district runner-up New Deal 9-3. Then the Lopes took to the road to face the high powered Ralls Jackrabbits. Ralls prevailed 21-1.

The 'Lopes closed out their home season last Tuesday night before a good crowd at Nichols Park. Shane Horton started the game for Post and pitched well. Horton's Antelopes were tied with the Lions 1-1 after the first inning and only trailed by two 5-3 at the end of four. Shawn Pennell hit a home run in the bottom of the fourth to lead the Lope attack.

But things fell apart for the Antelopes in the top of the fifth. New Deal scored four runs take a 9-3 advantage much to the dismay of the partisan crowd. "Errors tell the story", commented Coach Fred Postell after the contest.

New Deal then rode the strong pitching performance of Lorato, who registered 14 strikeouts in the game, and S. Adams, who struck out the side in the bottom of the seventh.

The trip to Ralls wasn't the best way to end the season. The Jackrabbits started off strong and never let up winning 16-1.

Ralls shutout the Antelopes in the first inning and then tallied 5 to lead 5-0 after one inning. Ralls added one more in the second and then added eight in the third after Post scored their only run in the top half of that inning. The game was called after 5 innings with Ralls ahead by more than 10 runs.

Ralls hit 5 homeruns in the contest, two of which were grand slams. "4 out of the 5 homers would have been caught in our park", comment Coach Postell after the game.

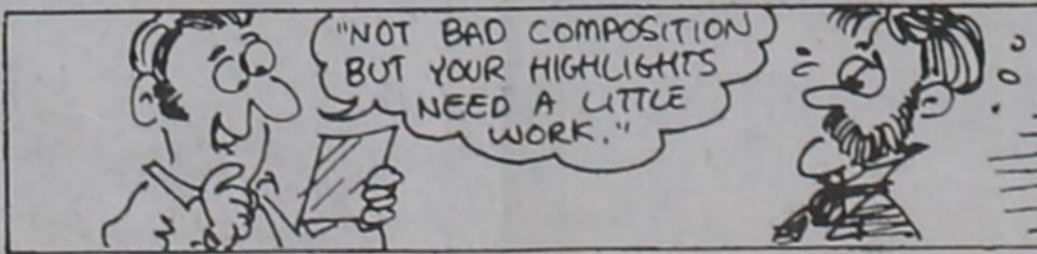

The 'Lopes finished their first year back into district 4-2A baseball with a 4-7 record, 2-6 in the district.

Coach Postell recognized the outstanding effort from his young team. "My thanks also to the Seniors, Shane Horton and Trudy Woods." Coach Postell would also like to thank Leno DeLeon who announced the home games.
