## Eight Tried In District Court Here

Six Mexicans, charged in three indictments with burglary and theft, were tried in district court yesterday.

One received a five-year suspended sentence, two were sentenced to two years and six months each and three were sentenced to two years and three months each in the state penitentiary.

A white man also tried in district court yesterday was convicted for non-support of his children and given a five-year suspended sentence.

A single case, that of Willie Fantroy, Slaton negro charged with receiving and concealing stolen property, kept the district court in session all day Monday. The jury returned a verdict at 11:40 p.m. and Fantroy was acquitted. He is to be tried at a later date on another, similar charge.

District Judge Lewis B. Reed of Lamesa presided over the court both days. He will return here April 6 to set more cases.

## Cemetery Dues Are Needed For Spring Cleanup Campaign

Directors of the Terrace Cemetery Association are urging members to pay their annual dues as soon as possible, as the money is needed for the Spring cleanup campaign which the association opened at Terrace Cemetery this week. The amount of work to be done will depend upon the amount of dues paid. T. R. Greenfield, president, announced.

Improvements made at the cemetery this year will include the installation of iron gates, which will be locked each night to prevent the stealing of shrubbery and the destruction of landscaping by vandals.

Money for the gates is being raised in a drive sponsored by the Women's Culture Club.

## ANNUAL ROLL CALL IS ANNOUNCED BY MASONS

Tuesday night of next week has been designated as Annual Roll Call Night in the local Masonic Lodge.

Members unable to attend are asked to notify the secretary, C. B. Everett, in advance.

## POST FOLKS AT WORK:

Kenny Cash (right) is shown checking a bill of groceries for Mrs. Jimmy Thomas at the Piggly Wiggly Store. He is typical of the pleasant, courteous employees found in Piggly Wiggly stores throughout West Texas. —Staff Photographer

As a starter for the sale of tickets to the Annual Firemen's Ball, Post Volunteer Firemen posed for a Post Dispatch photographer while selling tickets to the mayor and the president-elect of the Rotary Club. Left to right are Fireman Charles Woods, Mayor John Herd, Dr. Glenn Kahler, Rotary president-elect, and Fireman Dan Altman. Firemen in the background include Robert Cato and Fire Chief Homer McCrary. The dance will be given at the City Hall Thursday night, April 8.

## Truman Asks For Draft Law And Speedy Aid For Europe

### Mystery Comedy To Be Presented By Senior Class

The Senior Class of Post High School will present "Demon in the Dark," a three-act mystery comedy in the high school auditorium Friday night, April 2.

Setting of the story takes place on the island near New Orleans made famous by Jean Lafitte. The cast, directed by Mrs. H. T. Carr and Bill J. Davis, includes:

Duncan McTavish, N. W. Stone, Jr.; Janet McTavish, Claudia Ticer; Mary McTavish, Dolores Moore; Ethelred Trevor, Helen Thaxton; Bob Hildreth, Lester Jossey; Sondra Trevor, Jane Ann Turner; Lizzie Scruggs, Twila Welch; Dido Davis, Billie Louise Nichols; Juniper Jenks, Glenn Roberts; Deryk Vorse, Billy Patty, and "The Demon," Lloyd Shedd.

The play is open to the public. Admission prices will be 15 cents for grade school students, 25 cents for high school students and 35 cents for adults.

President Truman told Congress yesterday that the situation in Europe is "critical" and asked for a temporary draft law and universal military training and urged swift congressional action on the Marshall program of economic help for Europe.

The following paragraphs are excerpts from the Associated Press report of the President's urgent message, which was delivered in person before a joint session of Congress.

"The recent developments in Europe," he said, "present this nation with the fundamental issues of vital importance."

He pointed out then to the just-completed five-nation western European pact for common defense against attack.

He said of it: "This development deserves our support. I am confident that the United States will, by appropriate means, extend the free nations the support which the situation requires."

"I am sure that the determination of the free countries of Europe to protect themselves will be matched by an equal determination on our part to help them to do so."

Then plainly speaking of Russia, Mr. Truman said:

**Russia Is Blamed**  
"The situation in the world today, is not primarily the result of the natural difficulties which follow a great war. It is chiefly due to the fact that one nation has not only refused to cooperate in the establishment of a just and honorable peace, but—even worse—has actively sought to prevent it."  
The European pact Mr. Truman (Continued On Back Page, Col. 2)

## P.T.A. Program Is Postponed A Week

The night meeting of the Parent-Teacher Association, scheduled for this evening, has been postponed until 7:30 o'clock next Thursday night, when it will be held in the high school auditorium.

Supt. G. R. Day and Mrs. J. E. Parker will be in charge of a visual education program. Entertainment will be presented by pupils of Mrs. J. A. Stallings.

## Rural Board Trustees To Be Elected

Seven trustees of the Southland Rural High School will be elected at the Southland School Building April 3.

Candidates are J. H. Haire, William Lester, J. O. Roberts, Lee Mason, C. R. Scott, Kenneth Davies, Herman Dabbs, J. H. Hudleston, Chris Gindorf, J. R. King and Dillard Dunn.

Southland was made a Rural High School by an act of the Garza County Board of Education last summer when the following districts were annexed: Gordon, Hackberry and Pleasant Valley. The board members serving this year were appointed by the County Board of Education, J. H. Haire is president of the present rural Southland board.

The Southland board, at a recent meeting, elected C. S. Lindsey for two more years as Southland School superintendent. Teachers will be elected next month.

## Headquarters Of Post Air Scouts Donated By Mason

Marshall Mason has given the Post Air Scouts a room in his building, just back of Short Hardware Store, for a permanent meeting place. Beginning next week, the Air Scouts will meet there at 7 o'clock each Wednesday night.

Ten members are now enrolled in the troop, for which John Lott is acting temporarily as Scoutmaster. It is open to all boys who are 15 years of age or older.

The members will have an opportunity this summer to camp at an army base, go through the ground school, study maintenance and fly in army equipment with an army pilot.

Left, if the weather permits, will fly three of the members to a Senior Bivouac at Camp Tonkawa, Buffalo Gap April 30, May 1 and 2. The camp program will include swimming, boating, fishing, trap-shooting, archery and a dance at the Hotel Wooten in Abilene.

He announced yesterday that all Senior Scouts in the South Plains (Continued On Back Page, Col. 3)

## Candidates Invited To Southland Pie Supper

### Rodeo Directors To Help 4-H Boys

Directors of the Post Stamped and Rodeo Association, at a meeting last Thursday night at the City Hall, agreed to grant permission to the Garza County 4-H boys to build a barn on the rodeo grounds for the purpose of holding livestock and other shows and to contribute \$500 to the building project. The proposed building would be available to the rodeo associations during the rodeo each year.

Details of the 1948 rodeo were discussed, and it was announced that painting of the grandstand and fences at the rodeo grounds was begun last Thursday. The project, held up by inclement weather, had not been completed by press time.

## Downing To Be Speaker On April 5

The annual banquet of the Post Chamber of Commerce will be held the night of April 5 in the City Hall banquet room, the secretary, Sherrill Boyd, announced yesterday.

Delbert Downing, manager of the Midland Chamber of Commerce and one of the best known after-dinner speakers in West Texas has been engaged as main speaker. He is a speaker who can be hilariously entertaining while dispensing helpful information about chamber of commerce operation.

Plans for the banquet were made at a meeting of the Board of Directors Tuesday afternoon. The affair will be open to members and their wives and to all prospective members and their wives.

Four new board members will be elected between now and April 5 and introduced at the banquet.

## "Mrs. Ben" Gets Orchid, No Kiss From T. Breneman

It was appropriate that Mrs. Ben Williams, whose hobby all her life has been making other folk happy, should receive a "Tom Breneman Orchid" on the first Day of National Hobby Week.

Mrs. Williams was not present to receive the orchid at the Lindsey Theatre in Lubbock yesterday, but she heard the news of her good luck on the radio yesterday morning, as did a group of her neighbors who had reason to suspect that Mrs. Williams would be chosen from hundreds of other South Plains women for the honor.

The program was a highlight of a simulated Tom Breneman program sponsored by the Mary Martha Circle of the Asbury Methodist Church of Lubbock.

For the occasion Tom Breneman, the celebrated Hollywood "breakfast man," sent an orchid to be presented to an "outstanding neighbor" who was to be selected on the basis of letters submitted names of candidates.

Reading of the affair in the Sunday Avalanche - Journal, which erroneously stated that the program would be held today, Post friends of Mrs. Williams started writing "Mrs. Ben's" qualifications to the committee of three judges.

Mrs. J. A. Stallings learned early yesterday morning that the program was to be held Wednesday and would be broadcast over a Lubbock station. She telephoned several friends who had written letters, then rushed to Mrs. Williams home to see that she also listened to the radio broadcast.

They heard the announcer read excerpts from several Post letters, extolling Mrs. Williams' merits as (Continued On Back Page, Col. 3)

## Pipe Shortage Is Threat To Garza Oil Development

Despite a pipe shortage, which is due to get worse in proportion to the strike situation, drilling in Garza County has been going ahead this week.

A rig was put up last weekend on the Double U property, about two miles southeast of Post by Pete Morgan, who bought the equipment from the Stanforth Oil Company.

Kenneth Murchison of Dallas is the operator.

The Lynn Oil Company had drilled the Pennington, No. 2, east of the Postex Cotton Mills, to 2400 feet by last night.

A Comanche well, the Montgomery-Davies D-18, also east of Post, had drilled to 2620 feet yesterday and the operator said he expected to drill to 2875 with rotary.

## Drunks, Gamblers, Reckless Drivers In Justice Court

Jim King, justice of the peace, said that charges entered on his books over the weekend included three traffic violations, three or four drunks and two gambling cases.

"The drunks and gamblers" were fined one dollar each and costs and the traffic cases had not all been disposed of by press time.

Sheriff Nathan Meers said one of the traffic cases involved two Garza County youths who were arrested at 11 a. m. Sunday for speeding and reckless driving in downtown Post. One made bond and the other pled guilty and paid \$42 fine and costs.

He said he arrested two negroes for gambling in the flats Saturday night and two more on Sunday night.

Gospel formerly meant "good story" or "glad tidings."

Solomon was the most famous son of David.

Mr. and Mrs. Tom Power spent Sunday night visiting friends in San Angelo, then drove to Dallas Monday on business. They returned Tuesday night.

**MARSHALL MASON TO GO TO ANNUAL CONFERENCE OF REGION SCOUT LEADERS**

Marshall Mason, who was the third person in the area to receive the silver Beaver Award for outstanding work as Boy Scout leader, will be a special guest at the Region Nine Annual Meeting and Scouters Conference in Dallas April 8 and 9.

Winners of the Silver Award are being especially invited to the meeting to help train younger men who are coming into active leadership in Scouting.

A special Silver Beaver recognition period will be held in connection with the banquet on April 9.

Mr. and Mrs. John Lasiter have moved from Monahans to Colorado City. Mrs. Lasiter, the former Odell Safford, visited here several days last week in the home of her sister, Mrs. Arthur Talley.

**SOIL CONSERVATION DISTRICT NEWS**

**District Seed Available**

Truett Fry of the Fry Feed and Hatchery Company this week received \$415 worth of legume and grass seed. The seed was purchased by the Board of Supervisors of the Duck Creek Soil Conservation District for re-sale to district cooperators. The price of the seed was set by the supervisors at cost. Mr. Fry has agreed to handle the seed as a courtesy to cooperators of the district. Fry says: "I am willing to handle these seed at no cost so district cooperators will have them to carry out needed soil conservation work. I have a stake in the soil fertility of this community. From a business standpoint, to keep soil fertility up will keep up business."

**Chairman Wooten Says**

R. R. Wooten of Spur, chairman of the Board of Supervisors in making grass and legume seed available at Post, says: "The District Supervisors will continue in every way possible to provide district cooperators with seed, equipment, and technical assistance, to help them carry out their soil conservation work. As soon as the use of grasses and legumes become established to the point where a dealer is willing to handle them on his own, the District Supervisors will invest the district's money in some other way where help is needed."

**Price**

Fry received 100 pounds of African weeping lovegrass, 200 pounds of Madrid sweetclover seed, and 200 pounds of Blue grama grass seed. All of the seed is of high purity and germination. The weeping lovegrass will sell for \$2.75 per pound, Madrid sweetclover for 35 cents per pound, and the Blue grama at 35 cents per pound.

General planting recommendations for use in determining the approximate cost of seed per acre is 1/2 to 1 pound of weeping lovegrass, 5 pounds of sweetclover in 40 inch rows, and 3 pounds of Blue grama planted with a cotton planter.

**Conservation Leadership**

Jess Wright of the Post Implementation Company has a poster in his office that tells an impressive soil conservation story. It says THIS or THIS. The first THIS is a picture of farmland gutted with gullies and a deserted ghost town with its buildings falling down. The other THIS is a picture of fertile farming countryside and a prosperous well kept village. Among all of us there are those who lead, people whose opinions their neighbors respect.

Conservation leader, when your neighbor's son or his grandson takes over the farm, which picture will he find?

**Heritage**

Herds of gullies now remind us We should build our lands to stay. And, departing, leave behind us Fields that have not washed away.

When our boys assume the mortgage

On the land that's had our toil, They'll not have to ask the question

"Here's the farm, but where's the soil?"

**CARTER WHITE'S CALVES PLACE IN ODESSA SHOW**

Carter Gene White showed two Hereford calves at the Sand Hills Hereford show at Odessa last week. They placed fifth and 15th in their respective classes. The calves sold at auction Saturday and brought \$37 and \$38 per cwt. The calves were bred by E. E. Peel and by Bryan Williams of Post. The competition in this show was statewide and very stiff, local observers said.

**How to detect a water leak!**

Here's a simple method for determining whether or not you have a hidden water leak on your premises:

First, turn off all faucets and hydrants. Keep them turned off during your investigation.

Next watch the dial on the water meter marked "one cubic foot." This dial is marked off in ten parts, each division being one-tenth of a cubic foot. If the hand on the dial continues to move, a leak is indicated. The size of the leak may be determined by timing the meter, as one-tenth in 15 minutes, two-tenths in 15 minutes, etc.

A faucet leak may be easily located as the drip can be seen, but water closet leaks are harder to find. Sometimes yard hydrants, sill cocks and underground pipes leak and water soaks away into the ground. If possible, a leaky pipe or fixture should be shut off until repaired.

If you find evidence of a leak, call a plumber immediately. Do not allow a leak to continue indefinitely as it adds to your bill every minute.

## Three Wildcats In County Due To Run Production Tests

Three wildcats in the east side of Garza County are all due to run production tests on zones which have shown small signs of oil. Two of these projects have already set casing, in order to do the testing. The third is slated to run pipe in a few days.

The Ohio Oil Company No. 1 Swenson Land and Cattle company, in northeast Garza County, is bottomed at 7,976 feet, in a lime formation, thought by most observers to probably be the Ellenburger.

The project has casing set in cement at 7,975 feet. It is presumed that the operator will shortly drill out the plug and then perforate and test on the section above the total depth, which is supposed to have shown slight signs of oil and gas.

No official information has been released regarding any indications of production which this project may have developed.

Unofficial sources report that in at least one drillstem test, to about the current total depth, a small amount of free oil, and some salt water, was recovered.

Humble Oil & Refining company No. 1-G Humble fee, southeast Garza county exploration, four miles east of Justiceburg, has been plugged back from total depth at 8,357 feet in Ellenburger lime, which showed salt water, and no appreciable signs of oil or gas.

The new bottom is at 7,870 feet in the Mississippian. Operator ran a Schlumberger survey, and has now run 5 1-2-inch casing. That has been done in order to run tests on a Mississippian lime interval which had some small shows of oil, when checked on the drillstem while drilling was under way.

Proven Oil company, L. M. Glasco, et al. No. 1 George W. Herd, trustee, three miles south of Justiceburg, in southwest Garza county, is on a total depth of 3,750 feet in middle Permian lime.

It had some streaks of oil saturation between 3,150 feet and 3,250 feet, from which some sort of production might be developed. The operators were due to run a string of pipe through those horizons, and then test through perforations this week.

Modern polo was developed in India.

## Federal Government Has No Right To Be Tampering With Constitution Of Texas

By CONGRESSMAN GEORGE MAHON

The first test vote of the Session on the so-called civil rights question came in the House of Representatives last week. This question has provoked more hot words than any recent political issue.

Congressman Keefe of Wisconsin had succeeded in placing a rider on an appropriation bill at a subcommittee meeting which would prevent the segregation of whites and colored in certain hospitals. When the full committee on appropriations met to give final approval to the measure, I joined with other Democrats on the committee in an effort to strike the obnoxious language from the bill. We were able to get enough Republican votes to win the motion and amend the bill.

The next contest came on the floor of the House. Congressman Marcantonio of New York offered a motion to restore the language which we had been successful in striking from the bill in Committee. Democrats voted against the motion almost solidly and we were able to win sufficient Republican support to defeat the Marcantonio amendment.

### Has Always Opposed

The so-called civil rights program includes proposals for the passage of Federal anti-poll tax and anti-lynching legislation, plus a so-called FEPC law and legislation which would prohibit the segregation of whites and colored in inter-state travel, and eventually in the schools. In previous years

## Farmers To Fight For Ownership Of Underground Water

Some 700 farmers and ranchers from the Plains and Winter Garden areas of Texas unanimously adopted a resolution at a water hearing in Plainview March 8, emphatically setting forth their views "that this natural resource, the same as oil, gas, sulphur and other underground resources, belongs to and is the property of the surface owners of the land and that the unconstitutional proposition that underground water belongs to the state be forever forgotten and discarded."

The meeting was called by J. Walter Hammond, president of the Texas Farm Bureau Federation. The proposal also asked that agriculture take precedence over other industries in the use of underground water.

## ALVIN DAVIS ATTENDS TRACTOR MAINTENANCE SCHOOL AT TEXAS TECH

Alvin Davis, 4-H club leader, represented Garza County at a meeting of county agricultural agents, club leaders, farmers and implement dealers from 21 counties of the Panhandle-Plains area at Texas Technological College in Lubbock Wednesday and Thursday of last week for a tractor maintenance school.

Purpose of the school was to give information to 4-H club leaders and agents on methods of taking better care of farm tractors, with the hope that they will pass the information on to 4-H club members and farmers in their various communities.

A. R. Johnson, a representative of Standard Oil and Gas company; and C. N. Hinkle, also of Standard Oil, directed classroom instructions. Willie L. Ulich, agricultural engineer; W. N. Williamson, district agent; and Dave Sherrill, Lubbock county agent, of the Extension Service, conducted the school.

Tractors were furnished by Lubbock implement dealers.

The school was one of five to be conducted in Texas during the next three weeks.

Davis and D. F. Eaton of Lamb County, former Garza County agricultural agent, were included in a picture made at the school and published in the Lubbock Journal last Friday.

### GOVERNMENT PRINTERS OFFER INFORMATION ON VARIETY OF SUBJECTS

Up-to-date information on almost any contemporary subject of international interest can be had for a nominal sum by writing the U. S. Government Printing Office in Washington, D. C.

John Lott, who recently acquired some of the material on a variety of subjects, said he first wrote the printing office for a list of current releases and ordered the pamphlets he and a group of friends desired from the titles listed.

He said the titles included, "Your Navy," a story of the U. S. navy from its inception through World War II; "A Year of Potsdam," "A German Economic Survey Since the Surrender," "The Allied Campaign Against Rabaul," "Effects of the Atomic Bomb on Hiroshima and Nagasaki," "The U. S. Navy, 1941-45," "The United States and The United Nations," to list a few, and a large variety of titles on technical subjects, such as aviation.

# SPORTS

FROM A STRICTLY LOCAL ANGLE

## Twenty-five Candidates Work Out For Post Millers Baseball Club This Week

Approximately twenty-five candidates for the Post Millers baseball team reported to Manager George Sartain Sunday afternoon for the initial work-out at Postex park. They included most of last season's regulars and a number of newcomers.

As Paul Duren, keeper of such information, was out of town, a complete list of candidates was not available by press time. It includes, however, the following:

Joe Boren, Louis Mills, Carl Jones, R. M. Thomas, Travis Gilmore, Walter B. Holland, Bobby Cash, Glenn Norman, Harold Childs, Jerry Queen, Bob Reno, Dan Altman, Deamos Altman, Fritz and Dell Hester.

The Post Millers again will compete in the semi-pro Oil Belt League which is composed of eight teams. The season's schedule will be arranged Sunday at a meeting of league officials in Brownfield.

Letters also have been sent by Jim Hundley to Midland, Sweetwater, Big Spring and Lubbock inviting teams of each of those cities to play Post in a two-game series, one here and one there, before the Oil Belt season opens.

The Post Millers' improved baseball park is nearing completion. Yesterday a painter was putting advertising signs on the recently built fence, a lighted scoreboard is being added, and four additional lights for night baseball are being purchased, the club president, Oscar Garner, has announced.

### IF MEXICAN WAS SHOT LAST NIGHT, NOBODY KNOWS MUCH ABOUT IT

It was just a rumor. That is, if a Mexican bankrobber was killed by a Texas Ranger west of Post last night, the sheriff, funeral home and others whose business it is to hold inquests, etc., have heard nothing about it.

Sheriff Mears said the rumor may have developed when he and some highway patrolmen from Lubbock stopped on the highway, west of Post, about 8 o'clock last night for a 30 minute visit.

"It seemed that every car in Garza County passed while we were talking," he said, "and some stopped to ask what had happened."

Theodore Roosevelt was the youngest president of the United States.

A caravanserai is an Eastern inn where caravans rest at night.

## Texas Children Have Been Lucky Rather Than Safe In Face Of School Fire Traps

"If 1948 follows the average yearly fire records of 1942-47, over 375 thousand dollars in school property will go up in flames in Texas."

This was the warning given by Marvin Hall, State Fire Insurance Commissioner, in the first of a series of three articles he has prepared on fire hazards in school buildings.

Although no school fire deaths were reported to the Commissioner for 1947, he expressed the fear that Texas children had been lucky rather than safe.

He urged every Texas community to take an interest in and check the fire safety of their schools.

"Building construction is the most important phase of fire prevention in schools," the Commissioner continued. "Fire resistive outside construction is most desirable, but it can give false security if protection is not furnished for the combustible interior."

"A one-story building, with easy

access to the outside from any part, is the safest design," he stated.

**Safety Suggestions Given**  
Hall outlined the following suggestions for making old or new school buildings as fire safe as possible:

Stairways and other vertical openings should be enclosed by fire-resistant walls and doors to prevent not only the spread of fire but also the rising of equally disastrous smoke and toxic gases.

Rooms having more than the ordinary fire hazards—boiler room, manual training room, laboratories, etc.—should be so arranged as to minimize the danger of fire spreading to other areas.

Extensive floor areas should be divided by fire walls, supplemented where they are pierced with corridors with approved fire doors.

The National Electrical Code should be observed in all electrical installations. Only a competent electrician should install, inspect or make repairs.

... Madame Curie, famous woman scientist, has contributed most to our knowledge of radium.

## Doris Jean Cross Becomes Bride Of Marshall Tipton

Miss Doris Jean Cross, daughter of Mr. and Mrs. E. W. Cross, became the bride of Marshall Tipton, son of Mr. and Mrs. T. H. Tipton, at 2 o'clock Sunday afternoon in the home of the bridegroom's parents at Close City. The Rev. Huron A. Polnac performed the double ring ceremony in the presence of family members and close friends.

Tall baskets of pink gladioli stood on either side of the double windows where the couple stood. Palms provided the greenery. A bouquet of pink gladioli was placed on the piano.

Mrs. T. H. Tipton Jr., of Amherst played the traditional wedding marches and "I Love You Truly" and "Wonderful One."

The bride, who was given in marriage by her father, wore a white gabardine suit with black accessories and she carried a white Bible topped with red rosebuds. She also carried out the bridal tradition of something old, new, borrowed and blue.

Mrs. Geraldine Wells attended the bride as matron of honor. She wore a black suit with red accessories and a red rosebud corsage.

Dr. T. H. Tipton, Jr., of Amherst attended his brother as best man, and Peggy Wells served as ring bearer.

Immediately following the ceremony was a reception. A pink and white color scheme was carried out in decorations. The three-tiered wedding cake was topped with a miniature bride and bridegroom and was lettered with "Marshall and Jean" in pale pink. The cake was decorated with sugar roses, orange blossoms and petunias in pale pink and net frills.

When the couple left on a wedding trip to south Texas, the bride was wearing a tan suit with brown accessories. Mr. and Mrs. Tipton will be at home in the A. A. Suits apartment. The bride is a 1946 graduate of Post High School. Mr. Tipton is a graduate of Post High School and he has also attended Texas Technological College in Lubbock. He will continue to farm in the Close City Community.

Out of town wedding guests were Mr. and Mrs. C. W. Hunt and family of Muleshoe, Mr. and Mrs. J. E. Herring and son of Denver City, Mr. and Mrs. Bob Dietrich and family of Andrews and Dr. and Mrs. Tipton.

## McMurry College Guests Assist With WSCS Luncheon For High School Class

Seniors of Post High School were honored at a cleverly appointed luncheon given by the First Methodist Women's Society of Christian Service in the church basement yesterday. Guests, besides the Seniors, were the Post High School faculty, the room mothers and the Rev. and Mrs. A. B. Cockrell.

The W. S. C. S., in giving the luncheon, departed from its usual custom of entertaining the high school Seniors with an annual breakfast.

The Easter theme was featured most effectively in decorations of a U-shaped table, which was covered with a white cloth and centered with a wide gold, fluted paper streamer on which were placed, at intervals, Easter baskets filled with candy Easter eggs, bunnies and chicks. The baskets were tied with colored cellophane bows.

Each person's place was marked with an Easter egg caricature of himself, made by Mrs. John Lott. The faculty men's eggs were set in white paper collars and ties. The "men" had black curly hair and "barbershop quartet" expressions on their faces.

Imogene Preston, who is employed with the Universal C.I.T. in Lubbock, spent the weekend here.

Alice Ruth Carr and Faye Ruth Hamilton spent the weekend in Brownwood, where they visited Alice Ruth's brother, H. T. a Howard Payne student.

Betty Williams' mother is visiting her in Denton this week.

"Rusty" Bowen of Plainview was here over the weekend.

Carolyn Boren was seen taking a driver's test Tuesday afternoon.

Marshall Mason, Jr., of Jacksboro was home over the weekend.

Iris Floyd has joined the Hardin-Simmons Cowboy Camera Club. She seems to be taking it to heart, photography, that is. She and her roommate have a dark room for developing pictures in their dorm room.

Barbara Lewis had a slumber party at her home Saturday night. Peggy Johnston, Mildred Boren, Glenda Young, Helen Carr, Jean Sims, Anita Kennedy, Joy Stewart and Tinker Beauchamp had a big time.

Since this week in National Hobby week, we thought you ought to know one of two of the local guys & gals' hobbies. Kay Kirkpatrick since his early days has chosen model airplanes as his hobby and he has hundreds of them. And one of the most unusual

## Gossip About Garza Guys And Gals

**David Buster who is a student in T.C.U., Ft. Worth (as of the beginning of the spring semester) was here for the weekend. He said he saw Pat (Morrow) Jacobson at a distance the other day, and that he sees Alarah Pierce often, on the campus.**

## MRS. T. A. EDMONDSON CELEBRATES BIRTHDAY

Mrs. T. A. Edmondson celebrated her 75th birthday Sunday by having open house all day.

Out-of-town guests present were Mr. and Mrs. Henry Ammons and Mr. and Mrs. Glyndol Ammons and two children, all of Longview.

Adding to the pleasure of the occasion were telephone calls from her daughter, Mrs. Tot Rutledge, and her grandson, Delton Ammons, who live in California.

Many friends called at her home during the day.

## MRS. SURMAN CLARK IS HONORED AT BREAKFAST

Mrs. Paul Moore and Mrs. Ralph Welch were hostesses for a breakfast in the Moore home at 9 o'clock Tuesday morning in honor of Mrs. Surman Clark who is moving to Slaton. A lamp was presented to the honoree.

Coffee, frosted cake squares and Easter eggs were served to Mesdames Don Grove, J. E. Parker, Weaver Moreman, C. R. Smiley, A. B. Cockrell, Al Norris, Boone Evans, Tol Thomas, Emma Cash, R. A. Moore, the honoree and the hostesses.

I've heard of Tinker Beauchamp's. She papers her room in picture postcards and has odd signs sitting around, such as "calls limited to three minutes," by her telephone and such stuff. I don't know whether it is just a job she has to do or whether she will choose it as a hobby, but Melba Miller started the first of the week burning various brands with a wood burner on a new bedroom suite for her little bud.

## MERRY MAKERS CLUB IS TO QUILT ON MARCH 23

The Merry Makers Club met March 9 in the home of Mrs. Pearl Crisp with eight members and a guest, Mrs. Floy Richardson, present. The afternoon was spent piecing quilt blocks.

Tuna sandwiches, potato chips, cookies and hot chocolate were served.

At the meeting, March 23 in the home of Mrs. L. W. Dalby, the members will quilt. Each is requested to bring a tumbler.

## Easter Film Shown

A 30-minute Cathedral film, "Journey Into Faith," was shown by John Lott at the prayer meeting service at the First Methodist Church last night. It was a black and white sound film depicting the Easter story.

A. W. Walker of the Post-Dispatch knows that folks read the Classified ad section of last week's paper a group of household furniture for sale. Among the items was a bedroom suite to sell for \$80.00. The Dispatch quoted the price as \$8.00 instead. Mr. Walker says that everybody in the county came in to see the \$8.00 bedroom suit, so now there is no question in his mind about the folks reading the paper.

A Samurai was a member of the military caste in Japan.

**GETTING OUT**

On The **LIMB**  
By **EDDIE the EDITOR**

The crowds attending the boxing matches staged by the boys of Post High and Grade Schools, I'm sure, will support a boys' club this summer.

I—to mention only one of hundreds of spectators—was favorably impressed with the clean sportsmanship shown by the boys of all ages, both winners and losers. I liked the way the youngsters smiled at each other while boxing, and I liked the sincerity with which the loser of every bout patted the winner on the back.

Well, there was one other item—but I suppose "was out of the hands of the boys." The fights would have been noticeably improved had not so many of the boys needed haircuts. Those with long tresses spent so much of the time brushing their hair out of their eyes, it ruined their boxing form. I was not surprised to notice that the nineteen medal winners were the boys with their hair cut short enough not to interfere with their boxing.

If we can get this proposed boys' club started here this summer and if we can keep it up year after year, Post will benefit not only from the standpoint of improved small fry discipline, but from the standpoint of building outstanding athletes capable of offering good entertainment and bringing fame to our doorsteps.

Coach Bing Bingham has again expressed his willingness to sponsor the Boys Club and the Chamber of Commerce directors are interested in promoting it. What they all need now is a vote of confidence.

If you want this boys club, and if you want to go to a series of sporting events staged by the youngsters this summer, take the time to tell Bing or some of the Chamber of Commerce directors.

Such support will cost you the price of admission to all of these sporting events—and it might even cost you a contribution of money or time on the side, but won't it be worth it when the time comes for the physically trained youngsters get old enough to put Post High School in the state football and basketball championship brackets?

We of the Post Dispatch force are just recovering from an acute attack of Intertype fever. Our new typesetting machine arrived Wednesday of last week to put the entire staff in a dither.

We had been using a linotype that we bought 22 years ago, and none of us had seen one of the new postwar models. On Thursday the Intertype erectors arrived and began unpacking and assembling the more than a million parts that make up the world's most complicated machine.

Our youngest printers' devil was so excited, he couldn't go to school. We didn't make him, because we were too weak with "the fever" to exert the energy it would have taken.

If there's such a thing as a Santa Claus in March, it was St. Nick who brought the new Intertype. We have had one ordered for two and a half years, but the delivery is just now being made on typesetting machines ordered three and four years ago.

This machine was ordered three and a half years ago by one of our colleagues in the publishing business. It was so long in coming.

ROGER W. BABSON WRITES THIS WEEK:

**Overdue Recession Will Not Come During This Year**

**BABSON PARK**—Let us examine the prospects for general business during the remainder of 1948. In any such consideration, it is necessary to realize that the average of business volume the country over is a robust 31 percent above normal. Naturally, such feverish output cannot continue forever. If you have been following the Babsonchart, you have seen the business curve set all kinds of new records. In accordance with the Law of Action and Reaction upon which my forecast theory has for 40 years been based, it would appear that a

staggering recession—even amounting to a major depression—is overdue. This, however, will not come in 1948.

**Outlook For 1948**  
I am often asked if the break in stock and commodity prices is the beginning of such a toboggan slide. Even if the remarkable rate of activity registered in 1947, is not entirely duplicated this year, the average decline should be small. In fact, we expect a 5 per cent decline in 1948 business volume from the extremely high 1947 volume.

Purchasing power will move along at a very high level. I forecast that the national income for 1948 will about equal the \$190 billion estimated for 1947. The individual tax bill may be somewhat

lower. Therefore, the general picture is one of plentiful buying power. Farm incomes may possibly suffer some losses, but should not fall more than 20 per cent below current levels which are well above parity.

**Wholesale Commodity Prices**  
Whether the inflation spiral in wholesale commodity prices has yet fully run its course, remains to be seen. The recent drastic slump in the major commodity futures market may well have marked the turning point; but it would be unwise to be too inflexible on this score. A serious crop failure, plus a third round of wage increases could result in commodity prices again turning upward.

Record domestic employment level, at high wages, also spells

continued large public purchasing power, despite inflated prices. Production costs are unlikely to drop, and probably will advance further, should labor make a successful bid for increased wages as a result of advancing living costs. These major factors should be kept in mind.

**Labor And Stocks**  
Labor leaders have two primary aims for this year. The first is to obtain a third round of wage increases to offset advances in the cost of living. During the next few months a great many union contracts will expire and many others will reach the wage reopening phase. Before the third quarter of 1948 is reached, organized workers of the nation may have added a little more to their take-home

pay, but very little and in most industries nothing. Inflation has passed the stock market by. Greater value may exist dollar-for-dollar in the stock market today than in any other part of our economic system. Thus, it would be only natural to expect that stocks would turn up during the summer or fall, due to purchases of those desiring income. The stock market, however, will naturally be very selective. At any time in the stock market there are certain groups that have a more attractive outlook than others. In the bond market the long term is towards rising interest rates resulting in lower bond prices.

**International Outlook**  
During 1948 America's role in the international drama will be-

come more significant, more useful, more dominant than ever before. The hungry peoples of the world will continue to look upon our strength. Managers and labor, radicals and conservatives, farmers and industrialists, Republicans and Democrats—must join forces to secure and maintain a vigorous, healthy economy. Only as long as this we enjoys good health and harmony will it serve as a bulwark against communism, either abroad or home.

Switzerland's political divisions are called cantons. Nikolai Lenin was the first president of Soviet Russia.

**Garza and the World**

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By **EVELYN BOYD**  
The United States is fast losing the "cold war" with Russia. Newspaper headlines of the past two weeks have been most alarming to the people who have observed what it's like to live in a country wherein freedom is only a frustrated ambition.

I am, I suppose, the most alarmed of all because, in addition to reading the newspaper headlines, I have been taking a small section of a nationwide poll and I know that Garza County is not awake to the dangers that are lurking on our very doorsteps.

I found that Garza County folk violently disagree with President Truman on the Civil Rights ruckus. Yet, a few questions later, when I asked how they were going to vote (whether for a Republican, Henry Wallace, a southern Democrat who believes in white supremacy or Truman, should he get the nomination of the Democratic party) I was shocked to learn that the majority of the people interviewed would vote for Truman. Some of them explained by saying "I always vote the straight Democratic ticket."

This is what's wrong with our nation. The dogged stubbornness, in-a-rut attitudes and general indifference of the run-of-the-mill voters are making us putty in the hands of Russia.

Russia took up where Germany left off in trying to get a civil war started in the United States. Puppet Truman—in an effort to keep the southern Liberals from swinging toward Wallace and, at the same time, to grab off the votes of the Northern Negroes and Jews—made Stalin and Company mighty happy with his insincere Civil Rights speech.

While we here in Garza County have been concerning ourselves with nothing more important than the price of bacon, whether or not the veterans are going to get a state bonus and how much it's costing us to close our shops, every time there is a gas shortage, Stalin has expanded his sphere in rapid fire fashion across Rumania, Czechoslovakia and Finland and within another month, it looks like Italy will be in the Soviet clutches.

The U. S. supported National- he had made other arrangements and was willing to let us buy it.

**THE WOMAN**, God love 'em—  
Two old maids were discussing men. Asked one: which would you desire most in a husband—brains, wealth, or appearance?  
"Appearance," replied the other, "and the sooner, the better."

**What Our Contemporaries Are Saying:**

**JESTER GOES TOO FAR**—The public schools of the state have begun to encounter financial difficulties. Some of them have already gone into the red. Others are facing the new scholastic year with decidedly pinkish prospects. It all results from the absolutely necessary raise in teachers' salaries and Governor Jester's ill-advised pledge to prevent the levy of any new taxes. That, of course, was pleasing to many people and especially to the oil, gas, and sulfur interests. Governor Jester has scrupulously lived up to his pledge but if he continues to do so his protection of these big interests against "new" taxes will be at the expense of the school children of Texas. Only a small tax on natural gas and sulphur produced in this state would furnish abundant funds for our schools. Of course any tax levied on these products would be passed on to the consumer, but more than 50 percent of our natural gas and possibly 80 percent of our sulphur are being piped and shipped to consumers outside of the State of Texas, who are now using up these vast natural resources of our state practically tax-free in so far as Texas is concerned. We contend that if Illinois and New York and other states are going to eat out of our crib they should pay for our corn.—Lynn County News.

**MODERN PIED PIPER**—Burford Davidson, Hockley county's rodent eradicator, is somewhat of a modern "Pied Piper."  
He toots on no musical pipes to get rid of rats.  
But he does use plenty of poison, DDT and many traps to rid the county of contagion-bearing rodents and the parasites which cling to them.

Mr. Davidson, during a county wide campaign which has been in progress nine months, and which is sponsored by Hockley County, the State Department of Public Health, and the U. S. Department of Health, has killed 824 rats as specimens.

Of that number 13 were found to be infected with typhus. Three of those infected rodents were killed within one half mile of the city of Levelland.—Levelland Sun-News.

**GOOD GUESSESS**—When Ed Warren, editor of the Post Dispatch mildly suggested that Jack Benny was the you-know-who he was soundly voted down by staff and family and of course after Saturday night he was qualified to say, "Ya, ya, I told you so!"

Mr. W., who has too much on his mind these days to pay any attention to guessing games, was lost in a book one Saturday night not so long ago when a noise as of someone playing a cross between a breakdown and a scale on a violin was wafted from the radio. The sound penetrated his inner consciousness and when his wife, who hadn't missed a trick of the show, wondered aloud who it was, ole Ed said without looking up, "Why that's Jack Benny."

Warren explained, without getting his blood pressure up, that he had followed Benny's USO show several weeks as a member of a photographic unit of the Navy, and the humorist always started his skit with a run just like the one they had heard.

And when Grace Halsell of Fort Worth, former member of the Avalanche-Journal editorial staff, interviewed Gracie Allen when she stopped there recently en route to New Orleans, the comedienne said she was positive the w.m. was Jack Benny.

Ho hum, we've never guessed anything correctly. We can't even figure out a whodunnit until it is explained on the last page.—Lubbock-Avalanche.

The largest Protestant denominations in the U. S. are the Methodists and Baptists.

**FRIENDS MAKE OUR LIVES**—The war years carried off many individuals and families from Scurry County who have gradually been returning home. Folks went into military service, to war manufacturing plants, to governmental positions and kindred places of employment. As their jobs have been completed, the folks have come back to be among their friends.

After all, friends are the things that are worth coming back to—it's not the houses and stores and lands and climate.

We have heard time and again about this assertion: "Boy I've been away long enough just to appreciate the fine folks who are my friends here. People in other places just don't have the sincerity, consideration and friendliness of Scurry County people."

And, speaking of friends, we reread the other day that little gem of thought: "A friend is a person who remains true after he learns all your faults."

We may have wealth and position and health, but one's friends are his greatest asset.—Scurry County Times.

**Graham Gossip**  
Please Send News Not Later Than MONDAY to JENEICE FLUITT, Graham Correspondent

Everyone is invited to attend the Methodist Revival at Graham, March 21 through March 28. The Rev. Bill Fleming of Lubbock will conduct the services.

Judie and Janie Gossett were ill last week.

Mr. and Mrs. Preston Daniels and sons of Brownfield spent the weekend with the W. G. Fluitts.

Mr. and Mrs. W. C. Bush, Mrs. J. M. Bush, Mrs. Duncan, and Elmo Bush are vacationing in Hot Springs, N. M. Mrs. J. M. Bush and Mrs. Duncan will remain there for three weeks.

Mr. and Mrs. Gerald Gollehon of Hereford visited with Mr. and Mrs. Buck Gossett Sunday.

Elva Rea and Jean Peel are ill this week.

Mr. and Mrs. Norman Jones of Andrews and Mr. and Mrs. Hal Jones spent a few days here last week.

Mr. and Mrs. Hal Jones visited Sunday in Brownfield with the Zeddy Sherrys.

Jack Schmidt of Post spent Saturday and Sunday night with W. O. Fluitt. Ronald Babb also spent Sunday with him.

Mr. and Mrs. Elmer Jones visited over the weekend here with relatives.

Mr. and Mrs. Arthur Morris visited in Lubbock Sunday.

**Fifteen Tips For Spring Gardening Are Offered By Home Demonstration Agent**

- Spring being just around the corner, Mrs. Jewell H. Strasner, Garza County home demonstration agent, has released the following points to consider when landscaping:
1. Plant 2-3 plants in landscape evergreen.
  2. Prepare shrub beds carefully. Dig bed about 14 inches deep, work in leaves or other vegetable matter and small amount of barnyard fertilizer. Mostly fertilize plants from top of ground in order not to burn the plants.
  3. Select shrubs suitable for West Texas.
  4. Avoid having too many kinds of plants in a landscape—seven or nine is plenty.
  5. Remember tall plants at corners and on solid wall spaces (evergreen preferred). These could be Euonymus Japonica (upright), Wax-Leaf, Ligustrum, Arbutus Privet, some kinds of Cedars, Photinia, (Cherry Laurel is a nice plant but not too hardy here). For solid wall space and in corners Pyracantha is a nice shrub.
  6. Low-growing shrubs under windows—Spiraea, Vanhouttei, Snowberry (red), Cydonia Japonica (Flowering Quince), Forsythia (Folden Bell), Abelia, Red Bush Honeysuckle, Jasmine (Florida), Nandinas may be used if kept pruned; Mahonia is a good one.
  7. Doorstep plantings—Pfitzer Juniper, Jasmine (Florida) variety, low-dense privet, a Abelia (if keep pruned.)
  8. Plant several of same variety in a group, avoid spotty plantings. Do not plant foundation shrubs, or trees in straight row—plant in groups (the way nature does.)
  9. Avoid placing plants too close to the house. Judge the distance cut from house by the plants spread when full grown for example 6 ft. spread, place 3 feet out.
  10. Do not plant too many shrubs in landscape—remember they must have room to grow.
  11. Roses do best planted in beds of their own. It is easier to water and care for them. This is true of flowers, too. Do not plant shrub beds with flowers as shrubs need the moisture and food. The annuals sap the shrubs and often they die by being cheated.
  12. Keep shrubs pruned and neat in appearance—a ragged landscape is almost as bad as no shrubs at all.
- Lawn Is Important**
- Every landscape should have a pretty lawn to be pretty—as that is the canvas upon which the landscape picture is painted. Even if one cannot keep lawn green all summer, a brown one keeps down dirt and glare. It is best to set bermuda or buffalo grass roots rather than sow seed and much cheaper, or clumps of San Augustine may be used, especially under trees. Spade soil 14 inches deep, with light dressing of fertilizer set in rows 6" or 12" apart, and wet down thoroughly. It is best to set lawn when it is rainy season (which usually is in fall and spring). Avoid burning the lawn off as this burns grass seeds and plant food that the dead grass gives. It is a good idea to let grass clippings drop on lawn when mowing or put them around shrubs and work into the soil as well as put leaves that fall around plants—never burn leaves unless diseased. The soil needs vegetable matter to make it more porous and not pack so tight as it does in many parts of this county.
- Plant Windbreak**
14. This really should have been first—where possible plant a three or five row windbreak, at least a 100 feet from any building. The first row could be desert Willow, Salt Cedar, Wild Plum (low growing shrub type tree.) The next row Chinese Elm, American Elm, Honey Locust, Mulberry, Ash, and the next Western Yellow Pine, Arizona Cypress or Red Cedar or a mixture of these.
15. For shade trees which frame the landscape picture, avoid using the Lombardy Poplar for one story houses, also avoid planting the Italian cypress unless for a two-story building or building with chimney and fireplace. The wind blows these trees so crooked in West Texas they are not so good for this area. The best trees for the area are the American Elm, Western Green Ash, Pecan, Walnut, and fruitless Mulberry.
- Further information may be had by consulting the county home demonstration agent.

**HEADQUARTERS FOR AIR SCOUTS**

(Continued From Front Page) Area Boy Scout Council and their leaders and parents are urged to attend a meeting at the Hilton Hotel in Lubbock at 7:30 o'clock tonight for the purpose of planning the Senior program for 1948-49. He is planning to take a car load of boys.

Also of interest to Senior Scouts is the news that there is an opening for 27 Seniors from the South Plains Area to attend the 15-day camp at the Philmont Scout Ranch in Cimarron, N. M., June 24-July 7.

Boys 15 years old or older who wish to go should get in touch with Lott. The admission fee of \$50 a Scout will take care of all expenses.

The Philmont Scout Ranch, contributed by the Phillips Petroleum Company, is the national camping area for the Boy Scouts of America. It covers 13,000 acres.

Although there are three branches of Senior Scouting, the Air Scouts are the only local Senior troop and, incidentally, the Post Air Scouts are the only Air Scout troop in the entire South Plains Area Council.

**MRS. BEN WILLIAMS**

(Continued From Front Page) a "good neighbor." One of the letters they recognized as having been written by Mr. Stallings. The announcer said Mrs. Williams was the most outstanding among the hundreds of women whose names were submitted. Ascertaining that Mrs. Williams was not in the audience, the announcer said the orchid would be sent to Post by bus later in the day.

Amazed that such an honor should come her way, Mrs. Williams commented: "It was nice, except I didn't get to kiss Tom Breneman," referring to the climaxing fun of the real Tom Breneman radio show.

trained men in large numbers in an emergency, he said, could head off future conflict and help restore world stability.

Adoption of universal training in this country, he said, would supply "unmistakable evidence to all the world of our determination to back the will to peace with the strength for peace."

Temporary use of the draft, the President said, is needed to keep the armed forces at their proper strength.

He said these forces now lack the necessary men and have been unable to get them through enlistments.

Hence, Mr. Truman said, selective service is needed until universal training can be established solidly. Then it can be ended and regular forces maintained on a voluntary basis.

"We must be prepared to pay the price of peace," the President said, "or assuredly we shall pay the price of war."

**TRUMAN ASKS FOR DRAFT AND AID**

(Continued From Front Page) mentioned was announced officially less than an hour before he spoke. In it, Britain, France, Belgium, the Netherlands and Luxembourg pledged each other military aid if one should be attacked.

The 50-year treaty sets up a "consultative council" to meet immediately "to consult with regard to any situation which might constitute a threat to peace."

The treaty leaves the way open for other nations to join. It says the five countries "may, by agreement, invite any other state" to agree on its terms.

Mr. Truman told Congress there are times when it is "far wiser to act than to hesitate" even though action always involves risk.

He said his recommendations at this time for action represent "the most urgent steps towards securing the peace and preventing the war."

**To Support U. N.**  
The President stressed that the United States will continue to support the United Nations and will try every possible method of reaching international accord.

He went on: "At the same time, we must not be confused about the central issue which confronts the world today."

"The time has come when the free men and women of the world must face the threat to their liberty squarely and courageously."

And developments have reached the point, Mr. Truman said, at which America's position should be made unmistakably clear.

Mr. Truman then spoke of the high purpose of the United Nations charter, and added:

"We cannot, however, close our eyes to the harsh fact that through obstruction and even defiance on the part of one nation, this great dream has not yet become a full reality."

Therefore he urged supplementary revival of the draft, and swift action on the European recovery program.

**Time Now Of Importance**  
"Time is now of critical importance," Mr. Truman said of the European aid plan.

The Senate has approved European aid to be started with \$5,300,000,000 for the first year. The House has not yet acted.

In urging universal training, the President said the United States must remain strong enough to support European countries threatened with Communistic control and police state rule "so long as Communism threatens the very existence of Democracy."

Universal training, he said, is the "only feasible means by which the civilian components of our armed force can be built up to the strength required if we are to be prepared for emergencies."

America's ability to mobilize

**SCHOOL TEACHERS ASKED TO DISTRIBUTE POSTER CARDBOARD TO STUDENTS**

Notice to school teachers: The Post Dispatch is happy to cooperate with the Garza County schools in every way possible, including providing—whenever available—cardboard for poster assignments.

But the Post Dispatch staff is not adequate to wait on hundreds of school children who call at the office one at a time for a sheet of cardboard in a single day, as they did yesterday.

It is suggested that a teacher, assigning posters to students, call in advance at the Post Dispatch and buy the cardboard which she can re-sell to the students at school.

The Post Dispatch believes this plan will save trouble for its own employees and also for the students and their parents.

**WINDOW SHOPPING**

(Continued From Front Page) Service Station and Warren Drug and, perhaps, some other local places, each have one.

Even though our calendar says Saturday is the first day of spring you had better keep those red flannels close by for a few more weeks.

Hundley's Men's Store received a large shipment of swanky looking Northcoast suits for summer wear—wish my boss would buy one of the pin-stripe numbers.

The Post Dispatch wishes a Happy Birthday to everyone in Garza County during 1948. Every family is invited to mail in a list of all the birthday dates it knows. Birthdays to be acknowledged in the paper each Thursday should be sent to the Post Dispatch by Tuesday noon.

Mrs. H. G. Howard was called to Louisiana today to be with her daughter who is ill. She came to Post several days ago to be with her sister, Miss Vera Gollehon, who is ill.

# The Post Dispatch

VOLUME XXII POST, TEXAS. "THE GATEWAY TO THE PLAINS" THURSDAY, MARCH 18, 1948 "WHERE THE WEST IS WEST" NUMBER 17

## Men, Women To Attend Gathering

Farmers and their wives are invited to attend a Garza County Farm Bureau meeting at 8 o'clock Wednesday night in the Court Room to hear an address on the purpose, accomplishments and projects of the Farm Bureau.

Secretary-treasurer, Mrs. W. Morris, said that there were more than 2,000 women members of the Texas Farm Bureau and that all Garza County farm families are eligible for membership in the organization. A drive to get men and women members will be launched at the meeting.

Main speaker will be Larry Morris, director of the Iowa Farm Bureau. Morris sent the Post Dispatch a clipping from the Iowa Farm Bureau news-which shows some of the projects of belonging to the Farm Bureau.

Must credit the Farm Bureau for the consideration we received in Washington, D.C. Here is one instance: The parity concept has been accepted by congress, and legislation requires the extension of government to the principle of parity. This victory was won through Farm Bureau leadership.

It is worth many times the Farm Bureau membership fee. Membership will make the Farm Bureau more effective. In brother, give us a hand."

## Brethren Methodist Revival To Begin

Revival meeting will begin at the Methodist Church in the Community Sunday. Services only will be held. Pastor, the Rev. Bill Fleming, will do the preaching. Public is invited to attend.

## Formal Opening Of New Collier Drug Store Is Planned

Moving of fixtures and merchandise into the new Collier Drug Store was begun last weekend and it was hoped that the job would be completed by today.

The public is invited to visit the new store and to become acquainted with the owners and employees and the various services which the modern superdrug store will offer, Manager Bob Collier said this week.

Announcement as to the formal opening date probably will be made in next week's issue of the Post Dispatch, he said.

Co-owner Wynne Collier, Tahoka druggist, spent most of the week here helping with the opening of the store. He said that he expects to spend half of his time in Post but will continue to make his home in Tahoka.

Owner of a superdrug store in Tahoka, Wynne has become one of West Texas' leading druggists. He is past director of the United Wholesale Druggists Association, is vice-president of the Texas Retail Club, and is president of the West Texas Pharmaceutical Association.

His brother, Bob, was graduated from the University of Texas in February and he recently received a pharmacist's certificate from the Texas Board of Pharmacy.

Mrs. E. N. Gibson left Monday for Oklahoma to be with her mother who underwent surgery on Tuesday.

## Vehicle Licenses Are Going Slowly

During the past month and a half only 568 license plates for passenger vehicles, 47 commercial vehicle plates and 85 farm vehicle plates have been issued by the Garza County tax assessor-collector's office, T. H. Tipton, deputy collector said Tuesday.

The deadline for obtaining 1948 vehicle license plates is March 31.

## Day Is Elected To Delegate House At Teachers' Meeting

G. R. Day, superintendent of the Post Public Schools, was elected to the House of Delegates at the annual spring conference of the West Texas Teachers Association last Friday in Lubbock. Twenty-three delegates were also elected.

The House of Delegates elected the following officers at the meeting:

President, Dr. Doyle D. Jackson, professor of education and psychology at Texas Technological College in Lubbock; treasurer, D. A. Edwards, Crosby County school superintendent; state executive committeeman, O. J. Laas, Plainview school superintendent, and state executive committeeman to fill an unexpired term, J. W. Jones, Denver City school superintendent.

Continuing in office will be the secretary, Mrs. W. O. Low, Big Spring; the vice-president, W. A. Miller, Odessa, and a state executive committeeman, Roy Boyd, superintendent of Lubbock county schools.

Resolutions included endorsement of federal aid for education "without federal control;" recommendation that the Texas State Teachers association continue its effort to procure for Texas a teachers' tenure law; recommendation "that immediate steps be taken by school officials in every district of the state to provide equal educational opportunities for every race and color;" recognition that submerged lands of the state are "among the greatest sources of potential revenue for the public schools of Texas;" and a resolution stating that recent increase in the birth rate will require more teachers and additional teaching space and materials, and whereas "cost of teaching materials and buildings is greater than it has ever been, it becomes necessary that the public be informed that unprecedented rise in teaching cost will result if the present standard of our public schools be maintained;" that public information mediums be used in acquainting the public with that rise in teaching cost.

Eighteen resolutions were passed.

## IMPROVED BUS SERVICE IS EFFECTIVE THIS WEEK

Effective March 10, the New Mexico and Oklahoma Coaches Inc. has a new joint through service between Lubbock and Waco via Post. Four direct schedules are being operated daily with no change of busses necessary between Lubbock and Waco, the company announced this week.

The new schedules make direct connections for bus transportation from Waco to Marlin, Brenham, Hearne, Temple, Mexia, Palestine, and all central Texas points.

## "DEACON DUBBS" TO BE STAGED AT CLOSE CITY

"Deacon Dubbs" will be presented at Close City at 7:30 o'clock Thursday night. Proceeds will go to school lunch room. Admission prices will be 15 and 30 cents.

## Registered Calves Of Lee Byrd Are Taking Top Honors

Calves from the registered Hereford herd of Lee Byrd are winning all the top prizes in the 4-H Fat Stock Shows of this area.

Gene Carpenter, Garnolia Community 4-H boy whose 960-pound calf was Grand Champion of the Lynn County Fat Stock Show in Tahoka Saturday, was from the Byrd herd as were the Garza County Grand Champion calf belonging to Carter Gene White and the calf, belonging to Noel White, which took place in the heavy weight division of the recent Garza County 4-H Fat Stock Show.

The three calves, along with four other calves from Garza County, will be entered in the 15th annual South Plains Junior Fat Stock Show, March 22-25 at the Panhandle—South Plains Fairgrounds near Lubbock.

The other four calves will be the Reserve Champion of the Garza County Show, owned by Billie Taylor; E. P. Wicker's calf which won second place in the light weight division of the local show; another calf owned by Carter White and a calf owned by Vandon Thomas.

Highlights of the three-day show at Lubbock will include sifting of steers, barrows and lambs at 8 o'clock Monday morning, with judging of steers starting at 10 a.m.; judging of lambs at 3 p.m. Monday; a theatre party Monday night; judging of barrows Tuesday morning; open house Tuesday afternoon and Wednesday morning and the auction sale at 1 o'clock Wednesday afternoon.

Premium checks will be presented to the winners at a barbecue at 6:30 o'clock Tuesday night in the Judging Pavilion at Tech. The barbecue will be given for all exhibitors and their parents, county agents, vocational teachers, judges, superintendents and assistant superintendents by the civic clubs of Lubbock. Vernice Ford, general chairman of the executive committee for the show, will preside at the Tuesday night meeting.

Miss Nora Stevens' Beauty Nook was the scene of a Zotos-Lausteron demonstration on Tuesday. Two representatives from the Russell Morrison Supply company were here to give the beauty operators of Post a demonstration and instructions on the new permanents. Those who attended the special course were Mrs. Harold Voss, Mrs. Margie Childress, Mrs. Bertha McKinney, Mrs. Anne Heffley and Miss Stevens, representing Arbeth's Beauty shop, Maggie's Beauty shop, the Garza Beauty shop and the Beauty Nook, respectively.

## Southland Church To Open Revival

Sunday will be the opening day for a Methodist revival meeting at Southland. The Rev. T. L. Weaver, ministerial student at McMurry College, Abilene, will assist the pastor, the Rev. T. E. Rutledge, Jr., with the meeting.

The Rev. Mr. Weaver will preach at the opening service Sunday morning at 11 o'clock. There will be a special observance of the Lord's Supper on Thursday night, March 25.

The meeting will continue throughout Holy Week, March 21-28, with services each evening at 7:30 o'clock.

## It's Easy To Put Color In Yard All Through Year

It's easy to have color in the landscape the year around. It all depends on selection.

Mrs. Jewell H. Strasser, county home demonstration agent, says that color may be had in the garden during the winter by the use of shrubbery which produce bright berries during the winter. Shrubs require much less water and much less work to grow than annual flowers. Proper care, including spraying, dusting and fertilizing, is important, but there are fewer destructive insects and diseases to combat than for tender plants.

In selecting shrubbery, it is better to concentrate on six or seven favorite varieties. Mrs. Strasser says. There are many plants which grow well in this part of Texas for early spring blooms, such as bridal wreath, spirea, forsythia or golden bells, mock orange, and red bud. Flowering fruit trees are excellent additions to the landscape for spring blooms, and there are varieties adapted for this section of the state.

Hardy shrubs for summer and early fall bloom include althea, bush honeysuckle, crepe myrtle, lantana, salt cedar and vitex. For late fall and winter, berries furnish most of the color and coral berry, pyracantha and photinia are good selections.

## Graham H. D. Club

The Graham Home Demonstration Club will meet at 2 o'clock Tuesday afternoon in the school lunch room.

Mr. and Mrs. W. L. Davis are beginning their new home within the very near future. The house will be located across the street from the D. C. Morrell home and will be a ranch style frame house.

## J. W. Henderson Is Commander Of Local VFW Post

The following officers were elected for a year's term at a meeting of the local post of the Veterans of Foreign Wars last Thursday night at the American Legion Hall:

Commander, J. W. Henderson; senior vice commander, Charles W. Wood; junior vice commander, John Rogers; quartermaster, David Schultz; chaplain, Marvin Idell; post advocate, Allen Owen, and trustees, R. E. Shedd, Tom Power and John Shedd.

Henderson will appoint additional officers to be installed with the elective officers at the next regular meeting April 8. He will also appoint committees to work on plans to obtain a V.F.W. building here.

Ten new members were received.

## Mrs. Duren Dies In Pueblo, Colo.

Funeral services for Mrs. Fannie Duren of Pueblo, Colo., 79-year-old former Post resident who died Tuesday morning, will be held in the Davis Funeral Home at Pueblo, at 10:30 o'clock Friday morning. Burial will be held in the Trinidad, Colo., cemetery where her husband, A. L. Duren, was buried in 1921.

Her son, Paul Duren, left Tuesday morning for Colorado. Mrs. Paul Duren and son, Paul, Jr., who lives in Carlsbad, N. M., D. W. McElroy and Joe Herbert Duren, a grandson of the deceased, left early Wednesday morning for Trinidad.

Although the immediate cause of Mrs. Duren's death was not known here, it was known that she had broken a hip in a fall at her home about three weeks ago.

She is survived by nine children, Mrs. Lee Wendell Sherman, Joe Duren, Dale Duren and Mrs. Ruth Harmon, all of Pueblo, Colo., Fay B. Duren of Denver, Colo., Clyde Duren, a patient in the Fitzsimmons Hospital in Denver, J. B. Duren of Trinidad, Leroy Duren of Durango, Colo., and Paul Duren, and a number of grandchildren and great grandchildren.

The Duren family moved to Post in 1907, then moved to Colorado in 1918.

**ALLEN "DINK" RHOADES DIES IN PLANE CRASH RECENTLY IN ARIZONA**

Word has been received here of the death of Allen "Dink" Rhoades, former Garza County resident, in an airplane crash at Globe, Ariz.

An undated clipping from an Ontario, Calif., sent by his brother, Joe Rhoades of that city, described the accident, which must have happened this month. The clipping said:

Rhoades had been located at Globe for several years. Last Tuesday he started a flight from Cutter field there with a light plane he was testing. At the take-off the engine stalled. Observers related that he apparently attempted to land the ship on a road at the northeast edge of the field, but was unable to control it. The two-place craft was almost entirely demolished and Rhoades was dead.

**Close City News**

Please Send News Not Later Than MONDAY to MRS. WILL TEAFF Close City Correspondent

Mr. and Mrs. Howard Teaff and Howard Lee and Mrs. Will Teaff and Dennis Popham went shopping in Lubbock Tuesday.

Mrs. Curtis Butler, Curtis Jr., and Vendell visited in Plainview over the weekend. Mrs. Butler's daughter and granddaughter of Plainview returned home with them for a few day's visit.

Mrs. L. R. Mason, Mr. and Mrs. A. W. Smith and children visited with Mr. and Mrs. W. C. Maxey and children at Earth last week.

Visiting in the E. Henderson home Sunday were Mr. and Mrs. Abernathy of Lubbock and Mr. and Mrs. Gentry of Slaton.

Mr. and Mrs. Robert Gollehon of Hereford visited her mother, Mrs. W. A. Wilson, Sunday.

Miss Helen Williams visited her parents and sisters in Dora, N. M., over the weekend.

Tom Longshore and daughter, Melba, of Odessa visited relatives here over the weekend.

Mrs. R. H. Bratton is visiting her daughter in Snyder while the Rev. Mr. Bratton is in Comanche on business.

**Visit in Morton**

Mrs. Pearl Davidson and Fred, Mary Ann and Mason spent the weekend visiting Mrs. Davidson's sister in Morton.

Mr. and Mrs. John Rogers and children of Graham visited Sunday with Mr. and Mrs. Roy Maddox.

Mrs. Curtis Butler, Mrs. A. W. Smith and Mrs. Will Teaff attended a W.M.U. study course at the First Baptist Church in Lubbock Monday. They were accompanied to Lubbock by the Rev. Mr. Butler, who received treatment at the Plains Hospital for a throat ailment.

Visiting in the J. W. Brown home Sunday were Mr. and Mrs. A. O. Rosenbaum and Imogene, Mr. and Mrs. Paul Foster and Diane, Mr. and Mrs. L. C. White and sons and Mr. and Mrs. Oran Clary of Post.

Mr. and Mrs. Charlie Kiker and family have moved from Post to the Guy Shults farm, northeast of Ragtown. Their many friends are happy to have them return to the community.

**Guests From Tahoka**

Mr. and Mrs. Earl Terry and children of Tahoka visited Mrs. Terry's parents, Mr. and Mrs. J. F. Brandon, this week.

Mr. and Mrs. Archie Milsap and son of Plainview visited Mr. and Mrs. Ira Cook and Tom Parrish Sunday.

Mr. and Mrs. Frank Smith of Lubbock spent the weekend in the Virgil Stone home.

Guests of Mr. and Mrs. Billie Richardson Sunday were Mr. and G. R. Day and son, Victor Roy, of Post, Mr. and Mrs. R. L. Lewis of Brownfield, Mr. and Mrs. Weldon Gordon of Idalou and Mr. and Mrs. Glenn Dale of Floydada.

Mr. and Mrs. Henry Bartlett of Lubbock were weekend visitors of the Durwood Bartletts. Also visiting the Bartletts Sunday were Mrs. Kuykendall, Mrs. Littlefield and Mrs. Denson and son of Post.

Mr. and Mrs. Victor Kuykendall and children, Lewis Kuykendall, Mrs. Floyd Byrd and son visited Sunday evening with Mrs. A. W. Smith.

when attendants reached the wreck.

Rhoades and Gilbert Moyer were co-owners of the Globe airport.

Rhoades was rated as an instructor and engine mechanic.

Survivors include his parents, Mr. and Mrs. Ernest E. Rhoades; his widow, Thiel and two daughters, Susan and Arlene, and a son, Jimmy, by a former marriage, three brothers and three sisters including Joe and Claude Rhoades and Ida Leake and Donnie Childress, all of Ontario, and Emmett of Eaglhart, and Floy Stuart, of Texas.

Funeral rites were held at Globe, Memorial chapel with interment at Safford cemetery.

Mr. and Mrs. Burnon Haws and Mr. and Mrs. Shelley Camp spent the weekend in El Paso and Juarez.

**Bits Of News About Folks**

Mr. and Mrs. A. B. Haws are gallivanting around again this week, this time in the familiar haunts of Abie's old stomping ground. . . East Texas. He took a 22 along just in case he saw some squirrels and he and Eula expect to do some fishing. They were accompanied on the trip by Mr. Haws' sister and her husband of Idalou.

Students in high school welcomed Mrs. J. F. Storie back to the school room this week after an absence of two and one-half months. Mrs. Storie was hurt in an automobile accident before Christmas and has been confined to her home until a few days ago. She is still using crutches but is feeling quite well again. Mrs. W. F. Presson has been substituting for her in the school room.

Mrs. J. E. Amado and children, en route to Panama from Denver, have been visiting in the home of Mr. and Mrs. Tom Bouchier. Mrs. Amado is the former Yolanda Ramerix. Her husband is a lawyer and is associated with his father's law firm in Panama. He went to Panama earlier in the year after completing graduate work at the Denver college. He is a graduate of the University of Texas.

Weekend guests in the home of Mr. and Mrs. Kike Beauchamp were Mr. and Mrs. J. L. Liebfried and children, Jackie, Marilyn and Clara, of Lorenzo.

The little son of Mr. and Mrs. Pete Crispin has the mumps. Dr. and Mrs. B. E. Young made a business trip to Big Spring Wednesday.

Dr. and Mrs. T. H. Tipton, Jr., have moved from Ralls to Amherst, where Dr. Tipton on Monday became head of the dental department at the Amherst hospital. He is a son of Mr. and Mrs. T. H. Tipton.

Attending Dunlap's Style Show in Lubbock yesterday were Mrs. John Herd, Mrs. B. Tizard of Kansas City, Mo., Mrs. John Lane and Mrs. Giles Connell.

Happy Birthday: March 18, Glenda Kahler, Mrs. Lula Floyd, Nancy Robinson, R. B. Dodson and Hilario Jimenez.

March 19, Johnny Guthrie of Justiceburg and Louise Ferguson. March 21, Edwin Lewis of Route 1 and Bobby Dunlap.

March 22, twins, Roy Clyde Wells and Floy Jane (Mrs. Melvin) Hill, Otto Derriferous Cardwell and Lois Holland.

March 24, Mrs. T. D. Simpson, John F. Lott, Mrs. Ray Young, Pamela Wright, and Fred W. Meeks of Justiceburg.

Andrew Johnson is the only American president against whom impeachment charges have been brought.

A majority of U. S. presidents have been lawyers.

### Graveside Rites Held At Anson For Mrs. Lula Gibson

Graveside rites were conducted at Anson Saturday afternoon at 4 o'clock, for Mrs. Lula C. Gibson, who died here of a heart attack at the supper table Friday night in the home of a niece, Mrs. Hardy Parker. She was a member of the Baptist Church.  
 Mrs. Gibson was born in Callahan County February 25, 1876, and had been a resident of Garza county for 20 years.  
 She is survived by two brothers, John Butler of Slaton and Jim Butler of Anson; four sisters, Mrs. Willie Crawford of Dumas, Mrs. Dorothy Harris of Anson and Mrs. Mattie Owings and Mrs. Virgil Smith of Post; a son, Ernest Lee of Flomot. Four children preceded her in death.  
 Her body was taken to Anson by Mason and Company who had charge of the service. Post relatives attended.  
 Insect control is one of the most important steps in a sound cotton program.

### Southland News

Please Send News Not Later Than MONDAY to MRS. FLOY KING Southland Correspondent

The Rev. T. L. Weaver, ministerial student at McMurry College, will assist the pastor, the Rev. T. E. Rutledge, Jr., in conducting a revival meeting at the Southland Methodist Church, beginning Sunday. The Rev. Mr. Weaver will preach at the opening service at 11 o'clock Sunday morning.  
 There will be a special observance of the Lord's Supper next Thursday night. The meeting will continue through Holy Week, March 21-28, with services each evening at 7:30 o'clock.  
 The Woman's Society of Christian Service of the Methodist Church met at the home of Mrs. Fred Davidson Monday afternoon. The next regular meeting will be held Monday afternoon, April 5.  
 Mrs. E. H. Ussery and daughter, Ellen, recently returned from California where they visited Ed and Sonny Ussery. Ellen and her husband, who has recovered from a series of operations since last year when he was injured in a train accident in California, have bought a farm near Morton. He is now able to walk with only a slight limp and he has regained the use of his left arm.  
**Go To Haskell County**  
 Mr. and Mrs. Harry King and daughter, Mary Frances, and Mr. and Mrs. Henry M. (Babe) King and Elaine visited relatives in Haskell County from Friday until Sunday afternoon.

# Announcing

### THE OPENING OF OUR NEW STORE

It is with pleasure and pride that we announce that we have moved into our new building, three doors west of our old location.

We are offering the people of Post an up-to-date drug store with an enlarged stock of Rexall products, a modern new soda fountain, booths, an enlarged prescription department and a larger stock of drugs and sundries.

While we have not entirely finished moving—because of the delay in arrival of necessary fixtures—we are open for business, and we will be happy to have all our customers and the general public to call at the new store.

Watch the Post Dispatch for the announcement of the formal opening date, which will be set as soon as all fixtures have been installed.

**LEGAL NOTICE**

THE STATE OF TEXAS  
COUNTY OF GARZA  
NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION BY VIRTUE OF AN EXECUTION issued out of the 106th Judicial District Court of Garza County, Texas, on the 27th day of February, A. D. 1948, on a judgment rendered in said court on the 7th day of January, A. D. 1948, in favor of Guy R. Anderson, and against Midland Oil Corporation, in the case of Guy R. Anderson, plaintiff, against Midland Oil Corporation, defendant, No. 890 in said court, I did on the 4th day of March, A. D. 1948, at 4:00 o'clock P. M. levy upon the following described tracts and parcels of land situated in the county of Garza, State of Texas, as the property of the said Midland Oil Corporation, to wit:

"Being all of lots Numbers Eighteen (18), Nineteen (19), Twenty (20), Twenty one (21), and Twenty two (22), all in block Number Seventy nine (79) of the town of Post, Garza County, Texas, according to the map or plat of said town of record in Volume No. 13 at Page No. 1 of the Deed Records of Garza County, Texas, reference to which is here made;"

and on the sixth (6th) day of April, A. D. 1948, being the first (1st) Tuesday of said month, between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M. on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Midland Oil Corporation in and to said property.

Dated at Post, Garza County, Texas, this 4th day of March, A. D. 1948.

(Signed) Nathan Mears  
Sheriff of Garza County, Texas.

**Check-Up On Water Heater For Safety**

"Fires caused from hot water heaters have been on the increase since the beginning of the fall months," reported Marvin Hall, of Aetna, state fire insurance commissioner, in asking Texas housewives to follow safety precautions in using them.

Hall said that 21 water heater fires during the three-month period from September through November, did damage totaling \$68,874.

"Heaters too close to walls and overheated plants have been the worst offenders," he disclosed.

Of prime importance is the proper installation of the heater, Commissioner Hall believes.

"Heaters should have adequate clearance from woodwork and other combustible material," he stated. "Woodwork subjected to prolonged heat becomes excessively dry and requires only a spark, or perhaps a little extra warmth, to ignite it. This is likely to happen on a zero night when the apparatus is under forced pressure."

**Venting Is Important**

Heaters should be rigidly supported, supplied with fixed plumbing and should have proper venting and piping connections.

Hot water heating pipes should be so insulated that they cannot come in contact with combustible material of any kind, for any steam pipe may in the course of time produce charcoal from wood with which it is in contact, and charcoal is subject to spontaneous ignition.

No steam pipe should be within one inch of any woodwork, and every pipe passing through combustible floors, ceilings or wooden lath and plaster partitions should be protected by a metal tube one inch larger than the pipe and be provided with a close fitting metal cap on each side of the floor or partition.

"These pipes should definitely not be used for drying purposes," the Commissioner warned.

Combustible material, such as paper, cloths, boxes, should not be placed on top of or allowed to collect underneath water heaters, Hall said. Especially is the underneath dangerous as there is the additional hazard of the open flame in the bottom of the heater. The heater itself may become hot enough to ignite any combustible material that is left in contact with it.

**Use Approved Piping**

A vent should be used over a hot water heater. Approved vent piping is made of non-combustible and non-corrodible material designed to prevent the development of dangerous temperatures on adjacent wood where run through wood partitions with a specified minimum one-inch clearance.

If a heater is not automatic, special precautions should be taken to see that the heater is turned off after the water has become hot. Should the heater be left on, the water would continue to heat to such an extent that after a short space of time pure steam would shoot out of hot or cold water faucets when turned on. Danger of explosion is exceedingly great.

"Should a water leak develop a plumber should be called at once," Hall advised. "The water is very likely to extinguish the flame in the heater allowing gas to escape. Again there is the danger of explosion, plus that of asphyxiation to the occupants of the house."

Water heaters are commonly sold bearing the label of the American Gas Association Laboratory, indicating that they have been tested and found to be reliable and safe.

Mrs. L. A. Presson underwent major surgery Tuesday at Bethania Hospital in Wichita Falls Tuesday. Relatives here were informed yesterday that her condition was satisfactory.

Mrs. E. T. Dye, March room mother for Grade 6-2, served refreshments to the pupils Tuesday afternoon during their reading hour at the Post Grade School. In addition to the pupils, Mrs. Joe Norton, Mrs. Nola Brister and Mrs. Dye's daughter, Dolores, enjoyed the occasion.

### Hardening Of Arteries Can Be Prevented

Some folks are old at 60; others are mentally and physically alert at 80. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possibly worry and strain to a certain extent, is preventable, said Dr. George W. Cox, state health officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily too. However, when an elderly person complains of being overtired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With reasonable attention to certain well-defined and easily followed principles of personal hygiene, it is possible to grow old gracefully. Furthermore, it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

Wednesday is named for Woden, chief god in Norse mythology.

A swindler lives on the fat of the land.

### Second Annual Nationwide Conference On Cotton Mechanization Announced

The second annual nationwide cotton mechanization conference will be held October 14-15-16 at Lubbock, Director R. D. Lewis of the Texas Agricultural Experiment Station, announced this week.

Director Lewis said the mechanization group adopted as a theme for the 1948 meeting, "the challenges of the mechanization of cotton and related farm crops." He added that initial plans for the three-day program call for a demonstration of the various phases of mechanical cotton production, and for addresses by some of the nation's leading agricultural and mechanization authorities.

Holding the conference at Lubbock will give cotton industry members from other states an opportunity to study the highly mechanized operations on the High Plains of Texas, Lewis said. Already, he pointed out, some High Plains farmers have reduced the man-hour requirements for cotton production to 6.9 per acre.

Ransom E. Aldrich, Michigan City Miss., chairman of the permanent mechanization steering committee, advised Director Lewis that attendance at the 1948 conference is expected to exceed that of the first conference held last year at Stoneville, Miss. Nearly 1,000 representatives of agriculture, farm implement companies and governmental agencies attended the Stoneville meeting, Lewis said.

Mechanization demonstrations at Lubbock will be under the supervision of D. L. Jones, superintendent of the Lubbock substation. They will emphasize High Plains mechanization practices including harvesting the crop with strippers, Lewis said.

Hosts to the conference will be the Texas A. & M. College, the Texas Statewide Cotton Committee and the Plains Ginners Association, Lewis said.

### Five Minutes Only Needed To Iron Shirt

Homemakers who spend 15 or 20 minutes ironing each shirt can save time and energy by learning the "new way," says Mrs. Jewel H. Strasser, Garza County home demonstration agent. In a new publication, "Ironing A Shirt," a Texas Extension Service specialist explains how to iron a shirt in 5 minutes and turn it only three times.

The agent says it gives two suggestions in preparing to iron a shirt. The first is to use an ironing board 20 inches wide and a comfortable height. Sitting to iron saves much energy. The second preparation is to dampen and roll the shirt so it will be in good condition for ironing.

The rolled shirt is placed at the left end of the ironing board so the tail will fall over the side of the board and the yoke toward sleeve is ironed first and both hands are used to shift the iron over the surface. As the shirt is front side up on the board, the top of the collar and band are ironed next. The shirt is turned and the left sleeve, the back of collar and band ironed.

The next step is to put the yoke in position to iron and with a one-fourth turn the shirt is placed lengthwise of the board. The inside of the left side and back and yoke are ironed. The unironed left front is folded over the ironed back, smoothed and ironed. The buttonhole band is given an extra

### TWO CASES ARE TRIED IN COUNTY COURT MONDAY

Two cases were tried in county court Monday.

A Lubbock man was found guilty of driving while intoxicated and was fined \$50 and costs and suspension of his driver's license for six months.

Another man pled guilty to defacing public property and was fined \$200 and costs.

### Tuberculosis Is Still A Serious Problem In U. S.

"Carelessness and ignorance represent two of the most powerful factors in spreading communicable disease from man to man. No more emphatic example of this fact exists than the continued ravages of tuberculosis. In spite of the knowledge of its causes and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States," writes D. Geo. W. Cox of Austin, state health officer.

"It is true that tuberculosis no longer is first on the list of killing diseases as it was formerly," Dr. Cox said, "but despite having been reduced to fifth place in Texas, it still is responsible for more deaths between the ages of 15 and 45 than any other disease. And this fact exists even though the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied.

"Treatment of the early recognized case is essential. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result in the saving of thousands of lives."

"When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any especial susceptibility to the disease, but because it is communicable, being usually transmitted through close prolonged contact with the active case."

To reduce the number of deaths caused by tuberculosis, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the known active cases and contacts, regular examinations of high school children, isolation or hospitalization of the active tuberculosis case, and a more intelligent application of hygienic living principles.

The shirt is shifted slightly toward the back of the board and the inside of the right back ironed. Then the right front is ironed over the back and the button band pressed on the wrong side.

Folding is done without moving the shirt from the board so that the finished shirt is ready to be put away.

The bulletin is available in the home demonstration agent's office.

Charlotte Sue Hayes will celebrate her birthday Tuesday.

### NAVY IS RECRUITING MEN FOR ELECTRONICS SPECIAL STUDY COURSE

According to Chief S. L. Irwin, navy recruiter who was in Post Tuesday, the peacetime navy "has entered a world of diminished distances and extended vision with positions for high school graduates in the neoteric science dominating both—electronics."

He explained that high school graduates, who meet the physical and mental requirements, can now enlist in the U. S. Navy for the Electronics-Material School which can lead to the rating of electronics mate.

He said also that electronics technicians control the fields of sonar, radar and television and, when atomic powered missiles are finally developed, they also will be operated by electronics technicians. He said the navy operates and maintains 3,700 types of electronics equipment.

There is a navy recruiter in the postoffice here every Tuesday until 3:45 p. m.

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS Verbena Correspondent

Bill Fumagalli returned Monday night to N.M.M.I. after spending the weekend with his parents. He was honored with a dance given by his parents at the Legion Hall Saturday night.

Mr. and Mrs. Punk Peel were weekend visitors in the home of her parents, Mr. and Mrs. Jack Taylor. Mrs. Peel and Mrs. Taylor attended Sunday School here Sunday.

We wish to correct a name on the committee for the Red Cross Party. We stated that it was Mrs. Jack Taylor and it was Mrs. C. F. Taylor.

The Home Demonstration club will meet in the home of Mrs. C. F. Everett March 26, for a slip cover demonstration of furniture and a cutting bed demonstration by Mrs. J. W. McQuien. Each member is asked to bring six sandwiches for lunch and labels from a can, for a lesson on "Know Your Labels."

Mrs. Douglas Buchanan who underwent surgery in a Lubbock hospital has returned to her home in Pecos.

Mr. and Mrs. Marshall Reno and Mr. and Mrs. Harold Lucas and baby were Saturday evening visitors in the Allen Lucas home.

Jack Herring writes friends that he is improving satisfactorily after a major operation in the Scott-White Hospital in Temple and that he hopes to be able to go to his home in Belton soon. He has been a patient in the hospital more than seven months.

A. M. Lucas is helping his son out at the Triangle Service Station in Post this week.

Mrs. Bob Camp left Friday for her home in Phoenix, Ariz., after a two weeks' visit in the home of her sister, Mrs. Charlie Bird.

Mr. and Mrs. J. C. Fumagalli and son, Bill, were dinner guests in the J. D. McCampbell home in Post Monday evening.

Mr. and Mrs. Pete Kennedy and family visited Sunday with her parents, Mr. and Mrs. C. A. Richards.

Beverly, small daughter of the Charlie Birds, is ill with a cold this week.

#### Verbena H.D. Club

The Verbena Home Demonstration Club will meet all day on March 26 in the home of Mrs. S. F. Everett for an unholstery demonstration, beginning at 10:30 a.m. Members are asked to bring sandwiches for lunch.

#### Going To Lamesa

Mrs. Jewell H. Strasner, Garza County home demonstration agent, will attend an area clothing construction school for demonstration agents in Lamesa March 22, 23 and 24.

erece has announced.

### FIFTY-TWO STUDENTS ARE NOW ENROLLED IN BAND OF POST SCHOOL

Fifty-two students are now enrolled in the Post School Band, Supt., G. R. Day said this week.

The band students are taking their new work seriously and are looking forward to next fall, when they will parade and play for the football games.

The band uniforms, which were bought only a short while before Post's last high school band was disbanded several years ago, have been well taken care of and will be used by the Post band next fall.

Although the band will not be ready to assist with the 1948 Post Stampede and Rodeo, the superintendent believes it will be ready for all special occasions after the opening of the 1948-49 school term. The band students are being taught by Merle Jenkins.

The band has already mastered several songs, like "Auld Lang Syne" and "America" and, within a month, will be playing more difficult numbers, Jenkins believes.

Guests of Mrs. R. L. Wilcox Sunday were her son-in-law and daughter, Mr. and Mrs. Menta Simpson, and their son-in-law and daughter, Mr. and Mrs. Cletus Floyd, and son, Ronnie, all of Brownfield.

### Bit Of News:

Weeks this week: National Hobby Week started yesterday; Spring begins Saturday, as does National Wild Life Restoration Week.

Mr. and Mrs. H. A. Yarbrow, Miss Nola Murrain and R. E. Dendy recently visited in Breckenridge, where they went for an airplane ride with Mr. Dendy's brother.

Dennis D. Wood, former Post resident, wrote from Brewton, Ala., last week to subscribe to the Post Dispatch. He said "I lived in and around Post for several years; in fact, I was on the football squad of 1929, played right tackle. I would like to keep up with the local news of Post, as most of my family connections have left there and by taking the paper is the only way I can do so."

Mrs. Homer Gordon and daughter, Janice, and Myrna Kay Kaiser, daughter of an employee of Gordon's Flower Shop, have mumps this week.

Mrs. Winnie Tuffing returned Monday morning from Fort Worth where she visited several days with her daughter, Mrs. L. C. Cline, and family.

### HORACE G. SANDERS OF SLATON FORMERLY OF POST, DIES SATURDAY

Horace G. Sanders of Slaton, who owned a Piggy Wiggly store in Post eight or ten years ago, died at about 3:15 o'clock Saturday morning in the Lubbock Memorial Hospital. He had been ill about two years, but had been a patient at the hospital only a few days.

Funeral services were conducted at 3 o'clock Sunday afternoon at the Methodist Church in Slaton, and burial was in the Englewood Cemetery near Slaton.

Sanders formerly lived in Post, Fannin County, Throckmorton, Young County and Burkburnett.

Survivors include his wife; two daughters, Mrs. George S. Lemon of Lubbock and Mrs. E. G. Abington of Williams Field, Ariz.; three sons, Courtney Sanders of Morton, Greeley Sanders of Long Branch, N. J., and Malcolm Sanders, student of Texas Technological College in Lubbock; nine grandchildren; four sisters, and five brothers.

#### Delarosa Child Dies

## Measles Death More Prevalent Among Toddlers

With the incidence of measles more than three times higher than the seven year median, Dr. Geo. W. Cox, of Austin, State Health officer, has issued a statement concerning the use of gamma globulin for protecting very young or frail children from an attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him gamma globulin, Dr. Cox advised. "Through city, county or state health departments, doctors can obtain gamma globulin, free, when parents are unable to pay. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may postpone the disease if gamma globulin is administered within eight days from the time of exposure.

The state health officer emphasized the fact that gamma globulin cannot give a child permanent protection against measles and added that the protection against measles is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it now can be protected by it again in June or July. Gamma globulin can go on shielding him against measles until he

## Political Office Announcements

The Post Dispatch is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary, Saturday, July 24:

- 
- For Senator, 30th Senatorial District:**  
KILMER B. CORBIN of Dawson County.

BOONE F. EVANS (re-election).
- For Garza County Commissioner, Precinct 2:**  
L. E. (BUCK) GOSSETT, (re-election).
- For Garza County Commissioner, Precinct 3:**  
W. C. QUISENBERRY, (re-election).

## New Kitchen Is Designed For Special Comfort

A kitchen with maximum amount of comfort and convenience has been designed and built by the U. S. Department of Agriculture to demonstrate to farm women an arrangement where two women may work with the maximum amount of walking, stooping, lifting and stretching. Although planned primarily for farm women, it fits other homes in most respects. The room was on exhibit in Washington, D. C. the first part of February.

Mrs. Jewel H. Strasner, Garza County home demonstration agent, says that there are several outstanding features in the kitchen which Texas women might use in planning or remodeling kitchens. The unbroken U-arrangement of equipment around three adjoining walls forms a compact work center and provides a convenient dining center outside the work area.

Three key pieces of equipment—sink, refrigerator and range are placed within easy reach of each other, yet there is enough space for two to work comfortably. The work moves from right to left and there is adequate counter space for each job. Ample storage space is planned and all supplies and equipment are within comfortable reach of the place where they are used first.

Special features of the kitchen, Mrs. Strasner says, are double deck flour bins. A small bin is just above the mixing center and above that is a big reserve flour bin which quickly feeds flour into the small bin when a metal shutter is opened. The pull-out boards automatically lock into place when pulled out. They push back under counters when a simple gravity-stop underneath is released. The corner cupboards are circular, "lazy Susan" shelves which turn on center poles and are built in the two corners of the kitchen, above and below counter-space. Mrs. Strasner points out that shelves of this type require skilled workmanship and excellent materials.

Plans are being made, Mrs. Strasner says, to make working drawings of this experimental kitchen available to the public.

is old enough and strong enough to stand an attack without serious consequences.

During an outbreak of measles Dr. Cox said that it is well to keep children under five years of age, and more especially frail children, away from all other youngsters who might serve as sources of infection. Statistics show that nine tenths of all measles deaths occur in children under five years of age.

A sound cotton program leads to balanced production, lower cost, better cotton and higher profits.

Pierre Charles L'Enfant, French engineer, planned the layout of Washington, D. C.

Huguenots were French Protestants of the 16th century.

## Plainsman Milo Excels In Tech Feeding Tests

Plainsman milo maize excelled Martin milo in rate and economy of grain for fattening lambs by two and one-half per cent during the third year of an extensive feeding project by the animal husbandry department of Texas Tech College, according to a report from Prof. Ray C. Mowery, who was in charge of the experiment.

The project, conducted from Oct. 31 to Feb. 14 with 110 grade Rambouillet lambs, indicated further that difference in grain and feed required for lambs in the open and for lambs under shelter is insignificant. Gains for lambs in dry lot and in a field of Plainsman milo were approximately the same, except during the final three weeks of the experiment when severe cold and snows caused field lambs to fail to gain as rapidly as those in lots.

All maize feeding was supplemented with rations of cotton seed meal, alfalfa and salt.

Cost per 100 pounds gain on Plainsman milo for a group of 20 lambs kept under shelter was \$21.27. Average daily gain for the group, with an average initial weight of 69.8 pounds was 312 pounds per head. They consumed 869.29 pounds of feed per 100 pounds gain.

Another group of 20 lambs fed Martin milo under shelter cost an average of \$21.76 per 100 pounds gain. Average initial weight was 75.6 pounds, with animals showing an average .305 pounds gain per head per day, and consuming 891.28 pounds per 100 pounds gain.

A third group of 20 lambs fed Plainsman milo without shelter showed an average gain of 312 pounds per head per day, at a cost of \$21.21 per 100 pounds. Initial weight was 70.38 pounds, and this lot consumed 867.1 of feed per 100 pounds gain.

The group of 50 lambs tested in a field of Plainsman milo showed an average daily gain of 27 pounds from an initial weight of 69.96 pounds. Cost for each 100 pounds gain in weight was estimated at \$20.70 with 35 cents per hundred weight being charged off the grain to allow for the cost of harvesting and hauling.

A government, under the right of eminent domain, can take private property after making compensation to the owner.

**Yeast Bread Is  
Produced From  
Sorghum Grains**  
Development of tasty yeast  
bread recipes using flour from  
sorghum grains is the aim of a  
research program being launched  
at Texas Technological College.  
Mrs. Jonnie McCreary Michie,  
head professor of foods and nutri-  
tion, and Miss Faye Hattox, in-  
structor, are in charge of the pro-  
ject.  
They expect to continue the ex-  
periment throughout the year.  
Wheat flour will be used to sup-  
plement sorghum flours in the re-  
cipes since sorghum is low in glu-  
ten, needed to cause products  
leavened with yeast to rise. Much  
of the work will be testing various  
combinations of ingredients to get  
the proper proportion of wheat to  
sorghum flours.  
The experiment is a continu-  
ation of a project conducted dur-  
ing 1941-42 when a number of  
sorghum flour recipes were devel-  
oped. At that time, however,  
emphasis was on quick breads  
rather than yeast breads. Recipes  
concocted at that time received  
much favorable attention from  
interested persons over the United  
States.  
In addition to developing the  
yeast bread recipes, the women  
will conduct bio-assay tests on  
white rats, comparing growth in-  
duced by feeding wheat flour  
breads with the sorghum pro-  
ducts.  
A new type sorghum produced  
by the state agricultural experi-  
ment station at Lubbock will be  
used in the research. Advantages  
of this particular grain are that  
it is relatively high in protein  
and is white, free from water-  
soluble pigments. Grain will be  
ground at the Harvest Queen Mills  
in Plainview, on machinery de-  
signed for the purpose.  
Two members of the Chevrolet  
firm, Mrs. Homer McCrary and  
Dan Altman, attended an all day  
Chevrolet meeting in Lubbock on  
Tuesday. Altman attended the Ser-  
vice Managers' section and Mrs.  
McCrary attended the Bookkeep-  
ers' section.

Church was well-attended Sun-  
day. The Rev. Monroe Teeters  
preached a good sermon. A num-  
ber of visitors were present.  
New shrubbery was set out at  
the church last week and materials  
have been hauled in for sidewalks  
and curbing.  
Mrs. Mary Robinson and sons  
of Midland returned home with  
Mrs. Verna Chase Friday and  
spent the weekend with relatives  
here. One of the sons returned  
home with her Sunday, but the  
other, Ellery, remained in the  
home of his grandmother.  
Mr. and Mrs. Bennie Harvin of  
California and Dallas are visiting  
his father, J. I. Harvin, and sister,  
Irene, and other relatives.  
Mrs. Sam Saunders and son of  
Marietta, Okla., recently visited  
Mrs. R. W. Saunders and other  
relatives.  
F. L. Ward, E. W. Curry and  
J. B. Robinson made a business  
trip to San Marcos the first of the  
week.  
Mr. and Mrs. T. H. Bartlett have  
been in Southland quite a bit this  
week with his mother, Mrs. J. I.  
Bartlett, who is seriously ill.  
Mrs. Bill Crisp of Dove Creek,  
Colo., visited early this week with  
friends here.  
Mrs. B. D. Robinson and daugh-  
ter, Mrs. S. J. Johnson, visited  
Tuesday afternoon with Mrs. Bill  
Roach in Slaton. Mrs. Roach is  
the former Marylee Crisp.  
Mrs. and Mrs. J. C. Roberts vis-  
ited in the home of Mr. and Mrs.  
J. I. Bartlett in Southland Sun-  
day.  
Guests in the J. D. Chaffin  
home Sunday were their daughter,  
Mrs. Dee Hodo, and family of  
Clovis, N. M. Shirley Chaffin, who  
had been spending two weeks with  
the Hodos returned home with  
them.  
Mr. and Mrs. F. W. Hall went  
to Snyder Saturday to visit Mrs.  
Hall's parents.  
Among the folks who really en-  
joy hobbies are Lyda Everett and  
Jo Webb. These two girls, even  
though they are career girls, find  
time to sew a fancy seam, not just  
now and then but at all times.  
Since this is National Hobby Week  
(17-23) we think these two lovely  
people should be given an orchid  
for the lovely thing they are al-  
ways making for members of their  
families and for their friends.
