

HAROLD LUCAS OWNER OF FIRST 1946 CHEVROLET

At long last, the sale restriction was lifted on Chevrolets this week.

The dark blue four-door Chevrolet sedan that has been on display in Connell's window since November 4, 1945, was driven from the show room by Harold Lucas. The ex-serviceman was on the waiting list and he was the happy person when at long last he was permitted to claim his car.

Jude Manly and all the Chevrolet bunch were beaming with smiles too. No prediction was given though as to when other '46 models would be available but it is hoped that before long Harold Lucas will be joined by others in driving the new Chevrolets around Post and Garza courts.

SHOES ARE AIRY

Spring shoes are things of beauty, requiring great deftness in the making, because of the degree of openness they feature. Open toes, sling backs and barefoot tanks appear in varying degrees of airiness.

John Lott Shows Color Film For Lubbock Camera Club

Hub Cine and Eub Hobby club members and their families saw a vacation picture projected by John Lott. He was assisted by Dr. B. E. Young. Both men are members of the club.

The film "The Riders of the Pecos" was in color and was made by E. M. Banard of Kansas City and won an honorable mention in a Movie Maker magazine contest. The scenes were of a family's vacation experiences on Valley ranch in New Mexico from the day of arrival until the day they left for home.

Sixteen persons attended the showing which was held at Seaman's Hall in Lubbock.

Will Attend Furniture Convention

Mr. and Mrs. Victor Hudman will attend the Furniture convention in Galveston this week-end. The two Hudman children will stay with Mrs. Hudman's sister in Lubbock while their parents are away.

Ben E. Keith Company Celebrating Anniversary

In January 1906 the Ben E. Keith Company was born. Although the firm was first organized as the Harikrider-Morrison Co. its name was later changed to the Harikrider Keith Cooke Company and operated as such until 1931 when the present firm name, of Ben E. Keith Company, was adopted.

Mr. Keith has been with the firm since it was organized. He was the first salesman, a member of the first board of directors and since 1918 has been president of the company.

The first branch house was established in Wichita Falls in 1907, with George Keith, Sr. as the manager. A second branch called Merchants Fruit Co. was added in 1912 at Fort Worth. This steady growth continued with houses being opened in Abilene in 1919, Dallas in 1923, Lubbock in 1925, and Longview in 1931.

It was in 1918 that Mr. Keith purchased the controlling interest in the firm, and in the reorganization that followed Ben E. Keith was elected president, George D. Keith Sr., vice-president, and Frank Taylor, secretary-treasurer, which offices they have held from that date to the present.

Today the Company identifies its superior products with yellow and blue "Fresh from Keith's" markers which serve as guides to housewives in purchasing the best quality fruits and vegetables at their favorite independent retail dealers.

"GORGEOUS" IS THE WORD

Handbags have never been more dramatic than they are this spring, with gleaming surfaces in the ascendancy for popularity. Capacious exteriors open to reveal spacious interiors—exquisitely fitted.

Across The Tracks
By H. H. H.

Whenever a returned serviceman is engaged in conversation, he is inevitably asked; where did they send you? The writer, being in a public business and being an ex-sailor (sailor—did you say?), becomes the recipient of about forty such questions every day. In order to spare ourselves further ticklish explanations (and our customers any further shocks), we wish to hereby go on record as having settled the thing, one and for all.

Our two and one-half years of service in Uncle Sam's Navy was spent largely in Oklahoma! Not on the U.S.S. Oklahoma (we've somehow managed to give some of our customers that impression) but up in a section of the state known as the Cherokee Strip—where the total supply of water wasn't adequate to float a middle-sized duck, and the only battleships we ever saw were painted on the walls of the local taprooms. After having spent two year's service up there, we're at a loss to understand why the Indians put up such a stiff fight for the place—we don't even know why a Naval Base was situated there—but "Ours not to reason why... etc., etc., etc." The only reassuring things we found in the whole Territory were the service stations featuring Texaco Products and "You're Welcome" Texaco service.

Besides being far removed from both the Atlantic and Pacific Oceans, the Oklahoma Navy presented other difficulties to the would-be sailor. The rigors of Navy life, the fornicades, and the natural instincts of the Okie to gather as many peas as possible before the boom ended, made life anything but free and easy.

It was the unanimous opinion of officers and men alike that some award should be given the men who fought the war of Cleveland county—and so an appropriate medal was drawn up and approved for stamping—but, at the time of our departure from the Navy, the galley department had not yet salvaged enough empty pork and bean cans for production of said medals to begin.

But, anyhow, we're glad to have served in the Navy—even the East Bowl Navy. Early in our Naval career, we adopted as our personal slogan the words of the immortal John Paul Jones—"I have not yet begun to fight"—a policy which we cling to throughout the war.

Well—that's that, folks. Come in and let us sell you some—
TEXACO GAS AND OIL
Sincerely,
HANS HUDMAN

FUNERAL SERVICES FOR BETTY JEAN WITHERSPOON HELD LAST SATURDAY

Little Betty Jean Witherspoon, eight year old daughter of Mr. and Mrs. R. Y. Witherspoon, passed away March 21 in the Lubbock Memorial hospital after a short illness. At the time of her death she was a resident of Muleshoe, but formerly lived in Post.

Funeral services were conducted Sunday afternoon, March 24, in the First Nazarene church in Lubbock by Rev. Albert F. Laing, pastor of the same church. First the choir sang "Precious Jewels" which was followed by a scripture reading and a prayer by Rev. J. S. Norton, pastor of the Nazarene church of Post. A duet, "Gathering Buds," was rendered by the Knott sisters of Lubbock. Rev. Laing gave an impressive talk from the scripture, "He will gather the lambs in his arm, and carry them in his bosom"—Isaiah 40:11. The closing number was another duet, "Does Jesus Care," which was sung by Mrs. Lindsay and Albert F. Laing. Mrs. J. S. Norton of Post played the piano. Interment was made in Lubbock cemetery by Rix Funeral Co.

"To know Betty Jean was to love her," say her classmates and friends of Post Grade school as well as other people of Post and Garza county who knew her. She won the admiration and affection of all.

A number of Post people attended the funeral.

CITY TAXES TO BE ASSESSED IN APRIL

Announcement was made Wednesday by W. F. Presson, city tax assessor, that assessment of city taxes would be taken during the month of April. He is preparing his inventory sheets and making ready to begin the work the first week of the month.

Post Lumbermen Attend Area Meeting Monday

Attending the South Plains Lumber Dealers association meeting in Lubbock Monday night from this city was Tom W. Bouchier, manager of Higginbotham-Bartlett Company, and Robert Cox, of Wilkinson Lumber Company. The meeting and dinner was held in the Hilton hotel with S. Lamar Forrest, Lubbock lumberman and president of the National Retail Lumber Dealers association, as principal speaker.

Bouchier is a director of the South Plains association.

Ed Lawrence Robertson Home On 14-Day Leave

Ed Lawrence Robertson, son of Mr. and Mrs. Ed Robertson of Lubbock, was visiting relatives and friends here this week. Ed Lawrence, a member of the U. S. Navy, is assigned to a destroyer and has been in the Pacific for many months. He is on a 14-day leave. He thinks that sometime within the next few months he will be given a discharge. The former Post boy has been in service for 19 months.

Colored cotton is being grown in Russia.

Mrs. W. V. Roy is being visited in the week. She fell weeks ago while in Ft. Worth and has been in the Memorial hospital since until about two weeks ago.

Mr. and Mrs. Clint Herring and daughter, Paula, visited relatives and friends in Lubbock Sunday forenoon.

PLANS SHAPING UP FOR ANNUAL DAIRY SHOW IN PLAINVIEW

Plans are rapidly shaping up for the nineteenth annual Panhandle Plains Dairy Show, scheduled to be held in Plainview April 13-19, inclusive. The largest event in the history of the show is forecast by C. B. Martin, general superintendent.

Prize money for this year's

Additional Society News:

LETTERMEN'S CLUB HOST TO DANCE FRIDAY NIGHT

The Lettermen's club of Post High school was host to a group of high school students at a dance on Friday night, March 22. The music was furnished by a nickelodeon and proceeds from the dance went into the fund for the Junior-Senior banquet which is to be held soon.

Guests present included Coach V. F. Bingham and wife and High School Principal, W. A. Skinner.

JUNIOR G. A. GROUP MET IN REGULAR SESSION

The Junior Girl's Auxiliary of the Baptist church met in regular session on March 15 at 4 o'clock at the church.

Joyce Short, daughter of Mr. and Mrs. Lowell Short who have recently moved to Post, joined the group.

The regular study course was given and several songs were sung by the twelve members present.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

Receiving his honorable discharge recently from the armed service was Harold F. Johnston, Johnston.

Max Tucker, son of Mr. and Mrs. H. M. Tucker, arrived here Monday morning after having received his honorable discharge from the Army at Ft. Bliss, El Paso, Texas on March 24. He arrived in the States on March 12.

Max has been in the service 30 months, serving 22 months overseas on Luzon, New Guinea, Philippines, Morotia and Japan. He wears the New Guinea and Philippine campaign ribbon with two battle stars.

Max served as baker in the 1384th Petroleum Distribution Company with the 6th and 8th Armies.

show totals \$3,033, the largest amount in the history of the exposition. A tent has been rented to take care of the overflow of entries. Last year approximately 500 animals on display could not all be placed in the barns.

Rev. A. C. Hardin of Sundown was a visitor in Post Saturday.

MISS GLORIA BESS DARDEN MARRIED LAST SUNDAY IN MORNING CEREMONY

Miss Gloria Bess Darden, daughter of Mr. and Mrs. O. L. Darden of 2603 Broadway in Lubbock, and Major Frederick William Hess, Army Air Forces, son of Mr. and Mrs. H. W. Hess of Clarksville, West Virginia, were married Sunday morning at 8:30 at the First Baptist church in Lubbock.

Rev. C. J. McCarty read the double ring ceremony before an altar outlined with palms and flanked with baskets of white carnations and soap dragons, tied with white satin bows.

Proceeding the ceremony, tapers were lighted by Miss June Haney and Mrs. Betty Jean Runyon. Miss Imogene Webster played the traditional wedding music and accompanied Rex Webster as he sang "I Love You Truly," "Because," and "O' Promise Me."

The bride, given in marriage by her father, wore a white slipper satin gown fashioned with a sweetheart neckline, fitted bodice, and leg o'mutton sleeves. Her fingertip veil of illusion fell from a halo of orange blossoms. She carried a bouquet of orchids.

Mrs. Walter M. Hord of Brownfield was her sister's matron of honor. Her gown was of blue satin designed like that of the bride and she carried white flowers. O. L. Darden, Jr. served as best man.

Reception Held In Darden Home

Mr. and Mrs. Darden were host for a reception at their home immediately following the ceremony. White and gold colors were used in arrangements for the table and in flowers for the receiving rooms.

The couple will be at home in San Francisco, California, after a two weeks wedding trip. For travel the bride chose a blue gabardine suit with black accessories.

Mrs. Hess is a graduate of Lubbock High school and attended Mary Hardin-Baylor college. She is a member of eBta Sigma sorority. Major Hess is a graduate of the University of Virginia and studied law three years.

Mrs. Darden was hostess Wednesday, March 20 from 7 to 9 p. m. at a tea to announce the approaching marriage of her daughter. She was assisted in receiving guests by Mrs. Hale Eubanks, Miss Darden, and Mrs. Walter Hord.

Spring Fashion Notes

Boilers are going to be more important than ever, and so are belts, wide ones, slim ones and colorful belts. Peplums are in to stay too.

Skirts are longer for street wear, shorter for dancing, these ideas taking their cue from ballet styles. Speaking of the ballet, you will notice that bathing and beach apparel have been much influenced by this classic form of the dance, too.

Tunic suits are being seen more and more frequently in this trend of longer jackets.

If you have a large build, wear garments with broken lines to make you look smaller.

If you're young and long for coquettish accessories, select a plaid taffeta bag and hat. Draw-string bags that swing freely are high in favor.

Bits Of News:

Mr. and Mrs. Rex Everett left Saturday to spend several days in Hot Springs, New Mexico.

Mr. and Mrs. Charlie Smiley and children visited her brother in Levelland Sunday.

Harvey Herd of Midland is transacting business in Post this week.

Guests in the home of Mr. and Mrs. T. D. Scott over the week end were Mr. and Mrs. Aubrey Hardwick of Austin.

Mrs. Walter Hyde is in Fort Worth and Dallas this week where she is transacting business in the interest of the Stevens Style Shop.

Tom Wood of Lamesa was transacting business in Post on Tuesday.

Tommie Lou Scott, daughter of Mr. and Mrs. T. D. Scott, spent the week end in Seminole visiting friends.

Mrs. D. L. Carmichael, Mr. and Mrs. E. K. Cass, Harold Cass, and Mrs. Keith Kemp and children visited Sunday in Midland with Captain and Mrs. Ebel Harrison.

Capt. Harrison will report April 13 at Letterman hospital in San Francisco for further surgery.

Mr. and Mrs. Irvin Cross and children of Snyder visited Sunday with Mr. and Mrs. Edsel Cross.

Mr. and Mrs. Gordon Treadway and children, Frank and Gilley of Lubbock were guests of Mrs. Frank Gilley on Sunday. Recent guests of Mrs. Gilley were Mr. and Mrs. George W. Dodson and J. C. Dodson and wife. The Dodsons were en route from Abilene in Brownfield where they will make their home. Mr. and Mrs. Dodson are former Post citizens.

MR. FARMER

Make Your Cotton Planting Seed Go Farther

HERE IS HOW—

Let us delint your seed by the Kemgas Process then you can plant half as many seed and secure a better stand.

WHY IS THIS TRUE?—

The Kemgas Process removes ALL the lint, then recleans, grades and treats the delinted seed with cerasan. Seed processed in this manner will germinate 3 to 5 days quicker than fuzzy seed. Tractors plant 25% more seed land in a day because there is absolutely no lint to choke planter boxes and one filling of the planter box will run 3 to 4 hours.

PLANTING ATTACHMENTS—

No special planting attachments are required—just an ordinary corn plate will plant these seed.

PLANTING SEED SCARCE—

Good planting seed is scarce this year. Get the most out of your seed by letting us process them. We are equipped to do a first class job.

We are able to supply a limited amount of Kemgas Delinted Seed in the following varieties:

- Hi-Bred Northern Star
- Macha (Storm Proof)
- Western Prolific
- D and P. L.

All these seed are first year from originator and are \$10.50 per hundred.

POST CITIZENS RECEIVE CRIPPLED CHILDREN'S EASTER SEALS THIS WEEK

Garza county citizens this week have the opportunity to buy the 1946 Easter Seals which were mailed to hundreds here by the Texas Society for Crippled Children. The thirteenth annual sale will give 650,000 Texas citizens an opportunity to contribute to the Society.

This season's seals are very pretty, printed in pastel shades of blue and rose with the design of a little girl looking at a blue bird, with an overprint in blue, "Crippled Children." Proceeds derived from the sale of the seals makes possible the Society's work of locating handicapped children in need of medical care, procuring material aids, such as crutches and wheelchairs, rehabilitation and prevention of crippling diseases. During the past year, the Society also sponsored and saw passage of state legislation providing special education for the thousands of Texas' mentally alert youngsters too physically handicapped to attend regular school.

The seals come 100 to the sheet, for which you are to send the Society at least one dollar.

SOCIAL SECURITY MAN TO VISIT POST SOON

John Palmer, Social Security Board representative will be in Post at the U. S. Post Office at 2 p. m. Wednesday, April 3. He is in Post one day each month for the purpose of answering any questions people may have on Social Security; discussing possible benefits and taking claims from persons who may be entitled to benefits; and for taking applications for Social Security account number cards.

NYLONS OR JAIL!

A woman driver in Charleston, S. C., never knows whether she will get a traffic ticket or a pair of nylon stockings when she is ordered by a policeman to "pull over to the curb, lady."

Careful women drivers whose skill at the wheel attracts the attention of traffic officers are being rewarded with nylons in a campaign for better driving, backed by the civic clubs.

Swing of Southwest Farm Markets

Last week saw continued fair demand and steady prices for most southwest farm products, according to USDA's Production and Marketing Administration.

Cotton prices advanced during the past week with spot markets a little less active. Total 1945 ginnings now stand at 8,781,455 bales, the smallest crop since 1921.

Southwest egg market felt a weaker undertone this past week as spring production climbed toward its peak. However, demand remained fair since the government increased its purchase program for dried eggs from 25 to 45 million pounds. Current receipts were quoted mostly 30 to 31 cents per dozen in Dallas, Fort Worth, and Denver.

Continued good demand for lighter receipts of poultry resulted in stronger prices at most southwest markets last week. Heavy hens brought 22 to 24 cents per pound, Dallas and Fort Worth; 22 to 25 cents, Denver; and around 29 cents, New Orleans.

Grain prices stood firm at ceiling with no let-up in demand. No. 1 hard wheat with ordinary protein content was quoted at \$1.83 to \$1.85 per bushel, bulk, in carlots, with all charges paid to Fort Worth and Galveston. Sorghums realized \$2.70 per hundred. No. 3 white oats brought 89 to 91 cents a bushel in Fort Worth and 91 to 93 in Galveston.

Most southwest cattle markets closed the week with steady to stronger prices. Medium steers and yearlings brought \$13.50 to \$15 per hundred pounds. Houston and \$14 to \$15.25 Ft. Worth. Medium and good short fed steers and yearlings sold for \$13.50 to \$16.25 and medium heifers at \$12 to \$14.

Last week saw no change in the broad demand and active competition for light receipts of hogs at most southwest markets. Prices remained at ceiling with top butchers quoted at \$14.50 per hundred pounds, Wichita; \$14.55 Oklahoma City; \$14.65, Fort Worth and San Antonio; and \$14.80 Denver. Stocker pigs brought \$13 to \$14 per hundred pounds, Wichita; \$12.50 to \$13.50, Oklahoma City and \$10 to \$13.50, Ft. Worth.

STATE HEALTH OFFICER CAUTIONS ON CARE TO AVOID MALTA FEVER

Undulant (Malta) fever is a disease which is transmitted to human beings by infected animals. Individuals may acquire the disease (1) as the result of direct contact with infected animals or (2) following the use of raw dairy products obtained from infected dairy cows. If the disease is due to contact with infected animals or their waste products, the germ gains entrance to the human body through the skin, stated Dr. Geo. W. Cox, State Health Officer.

Persons who live on farms are more subject to undulant fever than those who live in cities. On farms, the disease is more apt to affect men due to the fact that men come in contact with hogs and cows to a much greater extent than do farm women. Farmers have direct contact with animals during loading and unloading for market. The handling of infected cows or sows and of the young at time of birth represent hazardous types of contact. The danger of undulant fever may be reduced greatly by avoiding as much as possible all forms of direct contact with animals which may be infected. The wearing of heavy gloves if contact is unavoidable should aid in protecting the skin against exposure.

Prevention of undulant fever, whether due to contact with infected animals or to ingestion of contaminated dairy products, is dependent to a further extent, upon the eradication of contagious abortion from farm animals and careful pasteurization of dairy products.

SNYDER HEREFORD BREEDER BELIEVES IN CULLING OUT

Winston Bros. or Snyder, who have one of the largest herds of registered Herefords in Texas, are great believers in close culling of the breeding herd.

"I believe that about 10 percent of the cattle cause 90 percent of the trouble," Harrie Winston, member of the firm said.

He and his brother, Wade, ride every day in their herd of more than 400 breeding cows and know each individual animal. They watch them closely and if there is one causing trouble, such as having to be milked out, or not giving enough milk, etc., she is culled.

It has been observed on the Winston ranch that heifers pretty well inherit the characteristics of their dams and if animals with faults are kept in the breeding herd, there always will be trouble.

Mrs. Pannil Le Master of San Francisco, Calif. is the guest this week of her sister, Mrs. Ben Williams.

I'm a Big Boy Now!

It wasn't so long ago that only a few farmers in the Panhandle-Plains area knew that the finest potatoes in the country could be grown in this area. It was a small crop then and didn't amount to much.

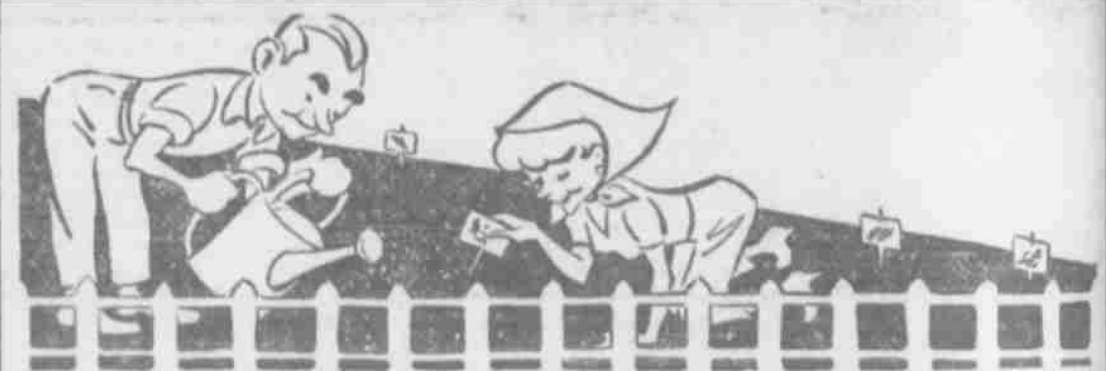

But look at the potato crop now! It's important and becoming more so every year. Our potatoes are superior to those from the northern states. They taste better—bake better, Agriculture experts will tell you that! And our potatoes are easily marketed.

Yes—we have everything in the Panhandle-Plains—including an abundant supply of cheap, dependable electric power for irrigation and processing of agricultural products.

Growth And Improvement Indicated For Neighboring West Texas Towns

News from towns over the region shows considerable activity about bond elections for various projects and much interest in city elections in several places.

All papers are reminding car owners that only a few days remain to purchase new license plates.

Interest is still keen in Calf and Pig shows of FFA and 4-H clubbers. Rodeos are being revived again in many towns.

Hamlin is setting the pattern for West Texas when it stages its first after-the-war rodeo on April 12 and 13. Two shows each day with five events on each show will be staged for prizes exceeding \$1,000.00.

Haskell headlines concerned an increased oil interest and the good county terracing record. Another extra section of the week's paper was devoted to history, activities, and pictures of the Haskell Camp Fire Girls.

The Colorado Record front-paged a detailed report of just how the \$325,000.00 bond issue money will be used.

Crosbytown people are pleased with the report their public school system is in the best financial condition in its history.

P. B. Ralla, a Spanish-American war veteran and draft board chairman for both World War I and II was honored by the Ralls American Legion. He had applied for membership along with his son when it was learned Spanish-American veterans were not eligible, he was made honorary sponsor of the organization.

Slaton citizens were informed that the present erratic water supply was due to the water tanks being cleaned. Front page of the Slatonite carried pictures of the winners in the recent Lubbock County Fat Stock show.

Spur is interested in a water improvement project.

Levelland school board has let a contract for a new Ward school building. Mayor Rodgers has resigned and will be succeeded by L. E. Mabe.

The Terry County Herald last week was a three-section paper devoted to the Calf show to be held Saturday, March 30. The FFA boys will show 51 Hereford calves and 29 sows and gilts and 4-H clubbers will show 40 calves.

Tahoka will have a Livestock and Farm Equipment show on April 13.

Wilson will have five new school buses on May 1. These new Dodge buses will have a capacity of 198 pupils.

O'Donnell has organized the Farmer's and Business Men's Club, a civic organization dedicated to the material and commercial welfare of the town.

Denver City hopes to be on the new super highway originating in New Mexico. A new airport site is for use of civilian fliers.

The Morton Tribune has been purchased by Carl and Ann Eng-

HOT STUFF!
 There'll be plenty of pepper soon. Directors of OPA district offices are being informed that real pepper will again be available to the public but prices will be slightly higher.

Virginia was named after Queen Elizabeth, who was known as the Virgin Queen.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or nervous pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Es Compound, a 2 weeks' supply, mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 1 tablespoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Es will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Es compound is for sale and recommended by

WARREN'S DRUG STORE

INFORMATION GIVEN ON THE NEW 80 PERCENT FLOUR TO BE OFFERED

Enriched 80 per cent flour, to be on grocery shelves soon, has the same vitamin content as enriched white flour, but is higher in protein value—energy—according to Miss Edith Lawrence, food preparation specialist at the Texas A and M College Extension Service.

The story of American flour, Miss Lawrence says, goes something like this: For many years modern white flour has been losing important values in milling. In order to have it white and fine, and of good keeping quality, the outer coat of the grain was removed. With it went around seven-eighths of the thiamine and niacin, three-fourths of the riboflavin, and four-fifths of the iron, as well as some calcium, phosphorus and better quality protein.

Some of these values were returned when bread was enriched with the three lost B-vitamins, thiamine, riboflavin and niacin, also iron.

Only about 65 per cent of the flour and flour products on the market, however, have been enriched. Flours rank in this order in nutritional value: whole wheat, enriched 80 per cent flour, enriched white flour, unenriched 80 per cent flour, and unenriched white flour.

The new 80 per cent flour is much finer and lighter in color than whole wheat flour. Unenriched it has only about 40 per cent as much thiamine as whole wheat flour, only half as much riboflavin and iron and one fourth as much niacin.

On the foods preparation end, tests conducted by the USDA Bureau of Home Economics under commercial baking conditions revealed that the difference in bread made with the old and new flours was not as great as had been expected. The loaves made from the 80 per cent flour did not rise quite as much as those from white flour, and the bread had a slightly off-white or creamy cast. The Bureau of Human Nutrition and Home Economics has had reasonably good success in making biscuits and pastry with the 80 per cent flour.

BUT NO ONE DOES ANYTHING ABOUT IT

You have heard many people say—at various times—such remarks as "What's wrong with everybody?" or "What in the world is the matter with this club or that?" or "What's wrong with this town?"

As Mark Twain long ago commented on the weather "Everyone talks about it, but no one does anything about it." Most of us are guilty of just talking about whatever subject is uppermost at the time.

If Dr. Gallup should poll the town to determine how many individuals have asked such silly questions, it would be amazing, no doubt, what per cent of the population had been guilty.

But if Dr. Gallup should get an accurate poll on the number who have done any thing about trying to correct the thing or things about which they are puzzled—he would likely discover a very small per cent who have actually done anything toward correcting the condition about which they complain. How many of us ever do anything except gripe? So how about the next time something comes up which is not to your liking just start some action instead of so much conversation.

HE'S NOT AIR-MINDED, BUT SEES NEED FOR AIRPORT

For one who isn't too much in favor of sky transportation, so far as he is personally concerned, A. M. Jackson, editor of The Star of Houston, was one of the first to see the need for an airport in his city, and writes the following in his column "Real Talk" in his last week's issue.

"In several towns smaller than Houston agencies for airplanes have been established, among them Tithon and H. H. Hester. These towns have airports that accommodate four- and six-plane but if one ever looks around that it will be at the owner's risk. We should begin to think about establishing an airport here for the future, it is inevitable. Personally the only way I could ever get hold of one of the things would be because I could not get to where I want to go in any other way. The airports are not yet open to all the citizens in the town, but I still feel a lot of things that a few years ago were not true and one can imagine the wonder a few years ago when sleeping around?"

TAXATION

For so many years we have been paying our taxes and the amount has increased in amount, but now, it has increased in the amount of the tax by having to pay the transportation tax. The amount of the tax has been more or less paid in the past, but now it has become a part of the transportation tax.

Such tax laws have made it more difficult to pay the amount of the tax. Therefore, we all pay more taxes than we should be paying.

STAR ROUTE CARRIERS DESERVE A BREAK

The bills designed to help Star Route carriers are now pending before Congress. It is a good thing that they are pending, for the carriers are in a bad way.

The carriers who maintain the mail service for the purpose of the transportation of mail to isolated portions of the country. The law which was passed in 1935 was the first time that the carriers were given a break.

The post office department, however, in 1935 announced a new regulation requiring Star Routes to perform postal and delivery service. In 1938 the department added full rural delivery to any Star Route which it wished to perform that service, so that now 67.4-2 per cent of the Star Routes perform full or partial rural delivery service.

The Star Routes are not by contract based on bids received, and those who are familiar with the system claim that the conditions under which it is operated have brought bankruptcy and ruin to thousands of contractors, resulted in excessive administrative costs and caused much confusion in the mail service.

Congress should get busy and push these bills to passage into law and correct a condition which is 100 years old. Star route carriers should be put on the same basis as regular rural carriers.

When the wife poured the soup on the pork chops that caught fire, we decided then and there that she was eligible for a high ranking commission in the Navy.

What I can't understand is how a jury composed of six men and six women can be locked up in a jury room for twelve hours, come out and say "not guilty."

The wife has a terrible memory. She never forgets anything bad we have ever done.

When a man has a birthday he takes a day off, but when a woman has a birthday she takes a year off.

Registered Bulls For Sale! . . .

Sidelights . . .

FROM WASHINGTON, D. C.
By Congressman Geo. Mahon

An intelligent national effort to do something about preventing and curing mental diseases has been long overdue. A few days ago the House passed a little-noticed bill on the subject which should prove to be of far reaching importance.

We provided for the creation within the Public Health Service of the National Institute of Mental Health. The Institute will devote its efforts to study and research in the field of mental disease, and to a program of cooperation with the states and with public and private hospitals and institutions.

The mentally ill have been confined in public and private institutions, but no determined and sustained national effort has ever been made to find the cure for mental illness and to discover methods of prevention. The emphasis should be upon a cure for mental patients, and not merely upon confinement in institutions as too often has been the case in the past.

Here are some of the striking facts. More than one-half of all hospital beds in America are occupied by mental patients. The American people, through public and private channels, are spending about a quarter billion dollars annually to care for mental patients, but only a small fraction of that amount is being spent for research in the field of prevention and cure.

During World War II, 1,700,000 men were rejected for military service because of mental illness. Members of the medical profession have pointed out that medical colleges in the past have placed inadequate emphasis on subjects having to do with mental illness; there is a "scarcity" of specialists in this field of medical science.

The bill is endorsed by outstanding members of the medical profession and by the American Medical Association, the American Legion and numerous organizations. The medical profession has long been in an effort to get the bill passed, and it is hoped that the bill will be passed with the next American medical tradition.

As is well known, the Senate will meet with the House, and the bill will be sent to the President for his signature.

MRS. TENNIE ASHCRAFT WRITES INTERESTING LETTER TO DISPATCH

The Dispatch received a letter last week from Tennie Ashcraft who worked for so many years in the Post Mill. Mrs. Ashcraft is living in Quanah, Texas, now but she remembers fondly her many friends here.

She is asking that friends write her at her new home. She has been there a month and feels that she would not be quite so lonely if she could hear from those she left in Post.

It is almost a history of the finishing room at the mill to read her letter. Mrs. Ashcraft went to work on September 29, 1913 and stayed over 32 years. And she has an almost unbelievable record—never in that length of time did she lose any time from sickness.

Times and wages have changed considerably since she first began work. Her first week, Mrs. Ashcraft worked 9 hours a day, six days a week and made 95 cents a day. The next week she made \$1.05. She worked nine months on the inspection table for \$8.10 a week. When she quit recently she was drawing \$25.00 for a 3-1-2 day week.

Mrs. Ashcraft worked under six foremen in the finishing room. An Englishman, Mr. Hardeman, was the first. He was succeeded in turn by Walter Duckworth, William Robinson, Miss Rebecca Graham, Blondy Hill, and Vachel Anderson. She said she liked all her bosses and she wrote praising the present one.

She remembered kindly Herbert Jones and his family and felt sincere regret when Mr. Jones was no longer present with the mill.

The Dispatch wishes Mrs. Ashcraft well in her new home as do her many friends because she was a part of the growth of the mill and a wonderful neighbor to her friends.

AIR TAXI SERVICE STARTED WEDNESDAY BETWEEN FT. WORTH - DALLAS

An air taxi service between Ft. Worth and Dallas was started on Wednesday by the Texas Air Transport, Inc. Time of travel totals twelve minutes.

The new type of service was established to serve an increasingly heavy air passenger traffic between the two cities.

REV. J. E. STEPHENS' LIFE SKETCHED IN RECENT NEWSPAPER ARTICLE

Rev. J. E. Stephens of Garza county was the subject of a very interesting article last week in the column Notes About Folks in the Amarillo Times. Wm. W. Wilkinson authors the column which is devoted to news of people of interest in public life.

Since Rev. Stephens is well known here we feel the article will be enjoyed by our readers and are reprinting the greater portion of it. Rev. Stephens is living at Grassland where he is supply pastor. He was pastor of the Methodist church in Post for a number of years.

Rev. John Edward Stephens was born in Erath County, Texas, 73 years ago. He attended common state schools, studied under a private tutor, taught two years in public schools, and was a correspondent student of the Theological School of Vanderbilt University.

In Rev. Stephens own words he gives this sketch of his life. "My first appointment was Dendemonia Mission in Eastland county. As best I could judge, my most fruitful meeting was in Floyd county in 1910. My most difficult meeting was held at a school house on Flat Creek in Erath county. This was my first charge as a boy preacher 21 years of age."

Bro. Stephens related a very amusing though embarrassing event which happened during this meeting. It seems he had a nervous habit of pulling his nose while trying to think what to say next. There was an old time tin reflector oil lamp on the desk he was using for a pulpit and in moving it around got his fingers black. Then as he pulled his nose the audience began to smile. Soon he mopped his perspiring face and as he did so smeared the lamp black over his face. This was too much for the congregation, they broke into laughter. "Looking down my nose, I discovered—I had made a colored preacher of myself."

What the Church Needs Today

"I think the most needed thing in the Christian church today is the recognition of the divine requirements of a true Christian, and as Jesus said 'If any man will be my disciple, let him deny himself and take up his cross and follow me.' The world is tired and disgusted with shams and pretensions. We need so much to awaken to the sublime truth, that the true Christian must be a follower of Christ's way of life.

"For 53 years I have been a Methodist minister, 47 years an active pastor in the Northwest Texas Conference. I was superannuated at 72 years of age, as the law of our church requires, in 1944. Since then I have served as supply pastor because of the scarcity of pastors, many of whom served as chaplains.

"My life has been a happy one, though not always smooth. Most of my ministry has been in the Western part of Texas and there are multitudes scattered over West and Central Texas who are former parishioners."

He speaks of the many he has baptized and received into the church. Many memories of marriages performed and last words said to dying and their family are parts of an eventful life.

"As I shall soon sit by the wayside in the shadows of the eventide, I shall rejoice to see the blood washed throngs go marching on and join the throng on the other side."

Bro. Stephens advice to young preachers might well be heeded by others. After stating they should be positive of their calling he exhorts them to make thorough preparation. And as a final word "After your equipment of natural and acquired ability, nothing can take the place of a consecrated life. What you are is the supreme thing with God and men. To be good men and true is the first and supreme prerequisite."

SCOTCHMAN SAYS

"Now is the time to begin planting dahlias," says the Scotchman, known to everyone in this section for his "green thumb." He is receiving many inquiries daily about the planting of dahlias and gladioluses and gives the following pointers on these plants.

Begin now to plant bulbs. Stagger the planting for a period of several weeks in order that you may have flowers blooming all through the summer and fall.

Plant dahlia bulbs from April 1 to April 15. Among the most popular bulbs for this section are Mrs. Knudsen, Cherokee Brave, Cherokee Rose, Thomas Edison, Hill Pink, Supreme, Sultan Hillcrest, Jersey Beauty, California Idol, Commodore Jean Trimble and M. C. Taylor. This group gives you a good range of color.

Plant gladioli bulbs from April 1 to June 15. The most hardy plants for this section are Picardy, Sensation, Beason, Shirley Temple, Maid of New Orleans, Blue Beauty and Fair Angel.

Mrs. Burton Haws spent three days last week visiting her parents, Mr. and Mrs. McReynolds in Plainview.

Garza Man Inducted Into Army

One Garza county man, G. W. Martin, was sent Monday, March 23 by the local Selective Service Board for induction in the armed service.

THURSDAY, MARCH 26, 1946 THE POST DISPATCH

Mr. and Mrs. Malcolm Bull left Wednesday for their new home in Albuquerque, New Mexico, after visiting several days with her parents, Mr. and Mrs. Noah Stone.

Mikhail Kalinin is president of the Soviet Union.

Russia is famous for its "kool-hoz" or collective farms.

SERVING THROUGH SCIENCE

a new kind of rubber
brings you a great new
INNER TUBE

The
U.S. ROYAL
BUTYL TUBE

OUT OF THE WAR came a new kind of rubber—*butyl*. Because of its special properties, it makes the *best* inner tubes you've ever known. It's tough and strong. It resists splits and tears. And it holds air far longer than ordinary rubber.

United States Rubber Company scientists pioneered in developing *butyl* inner tubes for the Armed Forces. On every front, in every service, they dramatically surpassed all previous standards of tube performance. Now, U. S. Royal Butyl Tubes are ready for you. —to bring you better, safer motoring.

See this great new tube at your U.S. Tire Dealer's now

* HOLDS AIR MANY TIMES LONGER...

U. S. Royal Butyl Tubes hold air in your tire many more times longer. Less checking — less danger of under-inflation—more miles of dependable, trouble-free service.

* FIGHTS PUNCTURES... Makes Driving Safer

Nail holes won't spread in U. S. Royal Butyl Tubes—the tube contracts right around the nail, holds air in. No sudden leakage — fewer roadside tire changes.

VETS SHOULD BE TOLD OF JOB POSSIBILITIES

A veteran engaged in "on-the-job" training must be given "reasonable assurance" of employment when he finishes his course, or be told frankly none will be available, so ruled the Veterans administration at Washington last week.

Veterans enrolled in state-approved on-the-job training establishments receive \$65 a month for subsistence if single and \$90 if they have dependents.

Under tightened-up regulations, a veteran will not be permitted to take any longer to complete a course of training "than the time necessary under reasonably good conditions." Other provisions:

A veteran must not be allowed

EMPLOYEES, PAYROLLS DROP IN FEBRUARY

Austin—Taking the pulse of industrial activity in Texas, the Bureau of Business Research of the University of Texas today announced a February decrease in both employes and payrolls.

The survey included 1,699 industrial establishments both manufacturing and non-manufacturing.

The number of wage earners decreased 4.9 per cent from January. Weekly payroll decline was 5.7.

to continue in training status merely to augment his income through the subsistence allowance.
