

Firemen Of Mid-West Area Attending Parley In Our City Today

The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, OCTOBER 3, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 42

Up And Down Main Street

Fireman, Fireman, Save My Life... is a quotation that until now was just a quotation to us. However, firemen from all over the area are assembling here to try methods of saving lives and property and to have a little fun in business hours.

The more the Fires, the more the Losses; the more the Cost, the less you have to Spend, to remove the hazards, and catch the end-of-Fires."

Mr. Hyde, a resident of Post for the past 15 years, died at his home Monday morning at 8:30 after a prolonged illness. He was 65 years and 5 days of age having been born at Taylor, Texas, on September 25, 1880.

Walter Hyde attended A & M College for three years, Ohio State University for two years and received his civil engineering degree from Yale University. For several years after receiving his degree he was employed as engineer for a railroad company in New York City.

Mr. Hyde came to Post as a civil engineer with the State Highway Department. He had worked over most of the state for the department having had headquarters in Central Texas and at Lubbock for many years. For the past twelve years Mr. Hyde had managed the Pickett Abstract Company.

Funeral Rites For Walter W. Hyde Read Here Tuesday

Funeral services for Walter W. Hyde were held Tuesday afternoon at 4 o'clock at the First Christian church. Rev. J. E. Stephens read appropriate Scripture and spoke words of consolation to relatives and friends who had gathered in final tribute. A chorus of mixed voices rendered favorite selections.

He is survived by the widow; four brothers, Horace and Carroll of Houston, Arthur and Tommie of Taylor; a sister, Miss Grace Hyde; and a son, Billie of the U. S. Marine Corps.

Serving as pall bearers were Ollie Wenckley, Lee Bowen, Ira Lee Duckworth, Dean Robinson, Bennie Sargee and Ed Warren. Members of the Post Fire Department were named honorary pall bearers.

Attendants for the beautiful floral offering were Ruth Stewart, Jo Webb, Mina Rose Evans, Lucile Meador, Vera Gollehon, and Wilma Pirtle.

NATIONAL NEWSPAPER WEEK

OCTOBER 1 - 8

A Free Press is the theme of National Newspaper Week. A Free Press illumines the minds of all who read it, showing the trend of world, state and community events. He who reads the American Newspapers is informed factually and honestly.

As long as you can read the printed word, you can have the world before your eyes. Foreign diplomacy, farmers food facts, fashions in Paris, the rebuilding of war's devastated lands, politics in the U. S. A., the latest society romance, gossip via grapevine from Main Street to Hollywood and Vine; the arrival of Mr. and Mrs. Jones' new baby, what the stores have for you to buy, weddings, deaths, school and church news, and general recordings of all types of events.

Then if you are looking for a job or offering one; got a house and lot for sale or want to buy or trade, the newspaper is a clearing house. Your newspaper devotes literally thousands of inches each year to worthwhile community causes. The office of the newspaper editor is a central meeting place where many of these community projects are planned. A newspaper is of little value if it doesn't promote civic interests.

You see a newspaper every day. You read it with interest. But if you have never seen how it is put together, you are missing a fascinating experience. All this week, we're having "open house": come and see the private life of a typical American newspaper!

Serving every member of the family, this newspaper is dedicated to furthering the interests of democracy by best serving the interests of this community.

These nineteen men are a part of the 14000 Volunteer Firemen in Texas who stand ready 24 hours a day to serve their various communities, thus displaying a "never present desire to be of unselfish service to their fellowmen."

Fire fighting is hazardous, requiring a "ruggedness of life." Firemen risk their health, even their lives, every time they make a run because of the danger of wrecks, explosions, falling walls, burns, and such. Men who voluntarily work together as a fire fighting team deserve much credit and appreciation.

Through the years members of the local organization have attended meetings such as the one being held here today and the state conventions. There they heard all the phases of fire fighting discussed by expert men to the advantage of the bearers who return to their home group with their new knowledge, thus a provision and maintenance of more efficient service results.

Post firemen with records of long service are Dick Wood, 29 years; Floyd Stanley, 22 years; Walter Crider 20 years; Ira "Dad" Greenfield, 12 years. Others on the force have served from six years to only a few months. Their saying "Once a fireman always a fireman" is pretty well proven.

Many of our citizens have served with distinction in past years as chief of the department: Bill Caldwell, George Walker, John Fumigalli, Jim Hundley, Ernest Fumigalli, Walter Crider, Dick Wood. They with the present chief, Dad Greenfield, did and are doing their best to build a department which would be of service to the city.

Seventeen Veterans Enroll In Vocational Class Tuesday Night

Seventeen Garza county War II veterans were enrolled Tuesday night in the vocational school which opened officially under the tutorage of Lewis (Sonny) Nance, teacher co-ordinator. After enrolling was completed, a schedule for future class meetings was worked out by the class.

For this week's field demonstration, an interesting afternoon will be spent on the Spinning ranch, said Mr. Nance, who offers thanks to Hinton Fluitt, ranch foreman, for his splendid co-operation. A lecture on life history, treatment, and control of cattle lice and horn flies will be given by Frank Eaton, County Agent. After this, the class will witness the actual spraying of several hundred head of cattle with the new type Nixon Spray which gets the cattle as wet as the dipping process without the use of this extra equipment. Interesting and helpful demonstrations are being lined up for future meetings.

Veterans who have enrolled in the class include: Elvius R. Davis, Burnice Floyd, W. H. Childs, Guy Gearhart, Edward Neff, Billy Richardson, Wayne Stewart, Calvin Cooper, E. J. Henderson, Dee Caffey, J. C. Steel, Albert Stone, Wesley D. White, Arlie Romage, Howard Teaff, Gerald Ramage, and J. F. Brandon, Jr.

Mr. Nance said Wednesday that he is being asked a number of questions by veterans who plan to enroll in the work, and would like to present them along with his answers. Question: When may I enroll in the school? Answer: Now that classes have started, you may enroll any time. Q: May non-veterans attend this school? A: Yes, non-veterans may attend and select the subjects they want by paying the tuition fee of \$25.00 (Continued On Back Page, Col. 2)

WHITE AUTO STORE LOOTED SAT. NIGHT

J. N. and Tom Power, owners of White Auto store, reported to the sheriff's department Sunday morning that burglars who broke into their store during Saturday night rifled a cash register of \$25 in change, and some small items of merchandise.

The thieves entered a south window of the store, and broke through the service department to make their way into the main department of the store.

The robbery was discovered Sunday morning when J. N. went to the store and had occasion to open the cash register. Several flashlights and other small items of merchandise have been discovered missing.

Post And Snyder Fire Grid Rivalry Here Friday Night

Olin Culberson, chairman of the Texas Railroad Commission, and secretary of the Texas Foremen's Association, will speak this afternoon to the convention in the auditorium of the city hall.

Local Rotarians Attend Inter-City Meeting In Lubbock

Most of the members of the Post Rotary club attended the inter-city meeting of West Texas and New Mexico clubs last night at Lubbock. Twenty-six clubs were represented in the 23rd annual gathering sponsored by the Lubbock club.

The meeting was an all-stag affair and was held at the stock judging pavilion of Texas Tech college. Featured speaker on the program was W. Aubrey Stephenson, of Abilene, district governor of the 127th district of Rotary International.

Another feature of the meeting was a chicken barbecue served picnic style preceding the speaking program.

The inter-city meeting displaced the regular Tuesday noon luncheon of the local club.

FIRST SUNDAY SINGING TO BE HELD AT GRASSLAND

First Sunday singing will be held Sunday, October 6 at 2:30 at the Nazarene church in Grassland. The Spears quartet from Slaton and singers from Lubbock are to be present.

The public is cordially invited to attend.

The Post Antelopes, last week victors over the highly touted Seagraves Eagles, will renew an old gridiron rivalry on Antelope field Friday night when they tangle with the Snyder Tigers in a non-conference tilt which could easily develop into one of the most exciting of the Antelope schedule.

Snyder is expected to be a strong contender for championship of their district. The Tigers have a strong team, and heavier team than the Antelopes. On the other side of the ledger we find a fighting bunch of Antelopes, and if they repeat their last week's playing it will take more than the Tigers to stop them.

Coach Bingham has some injury worries this week and has little to say regarding tomorrow night's fracas. "I do not have any idea about the game... we'll try and play them a good game, but they are supposed to have the best team in their district," was his casual remarks.

The injured list includes N. B. Teaff, leg injury; Hugh Ingram, foot; Junior Malouf, pulled muscle in left leg; and Neal Clary with a strained back. Some of the boys may see some play, but that remained doubtful Wednesday afternoon.

The coach indicated his probable starters would be Roy Williams, left end; H. T. Carr, left tackle; undecided on left guard; Bud Everett, center; Carter White, right guard; Jimmy Smith, right tackle; Andy Wylie, right end; Sonny McCrary, quarterback; Shorty Hester, left halfback; R. E. Josey, right halfback; and Ronnie Bouchier, fullback.

The starting whistle will sound at 8 o'clock sharp for the kickoff.

Winners Announced In Last Thursday's Local 4-H Club Show

With more than one hundred exhibits entered as the County's annual 4-H club show last Thursday morning, judges found the competition keen, while visitors declared it to be the most successful show ever to be staged by the Garza 4-H clubbers.

Sharing in the one hundred and fifty dollars in cash prizes offered by the Post Chamber of Commerce were the following boys: First and second winners in best showmanship were Carter Gene White, \$5, and R. E. Josey, \$2.

In the fat calf division, Carter Gene White, won first and second, \$10, and \$7.50; Gene Claymeter, third, \$5.

In the dairy calf division, E. P. Wicker, Jr., first, \$10; Carter Gene White, \$7.50; H. C. Griddle, \$5.

Fat pigs—D. G. Fosterfield, first, \$5. Breeding Gilt—D. C. Taylor, \$5; D. G. Fosterfield, \$3; E. O. Young, Jr., \$2.

Bovine—Donald Carpenter, first and second, \$5 and \$3. Breeding Sows—Carter Gene White, \$5; Pete Madiox, \$3; Jackie Carpenter, \$2.

Sows with litters—E. F. Wickes, Jr., \$5; Mack McCullough, \$3. Horses—Jimmy Avery Moore, \$5; Roy Josey, \$3; Jackie Hicks, \$2.

In the poultry division, Billy Bob Hoover, \$3; Jerry Stone, \$3; J. E. Thomas, \$2; Bobby Odum, \$1.

Winner of \$1.50 awards in field crops were: Larry Tankersley, Charlie Hunt, R. E. Josey, Darryn Howell (2 prizes).

One dollar awards in field crops went to: Charlie Hunt, Vernon Lusk, Jim Bob Porterfield, (2 prizes), J. E. Thomas, (2 prizes), Wayne Carpenter, Arlen Smith.

41 West Texas Towns to Send Departments

Prominent Speakers, Barbecue, And Dance Are Program Features

Welcome visiting firemen! Early registration of firemen this morning at the city hall indicated that departments from all of the forty-one towns of the Mid-West Texas association would be here by noon for the afternoon business session and entertainment, planned for the 10th semi-annual meeting of the association.

Highlighting this afternoon's program will be a talk by Olin Culberson, Texas Railroad Commission chairman, and secretary of the State Firemen's association, and Pat Bullock, State senator. Mayor J. A. Stallings will welcome the visitors and hand over the key to the city. The afternoon program at the city hall will close with a business session held by the association.

Following the business session, pumper races will be staged by the various departments attending the convention, in which cash prizes are to be paid the winning teams. The pumper races are slated to get underway at 4:30 o'clock and an invitation is extended Post citizens to witness the races.

During the business session of the convention the ladies will inspect the Postex Cotton Mills as guests of the local Department and management of the mills.

At 6:30 o'clock a barbecue will be given for the visitors and a dance will follow about 8:30 o'clock at the city hall.

Officers of the association are John W. Mansfield, Merkel, president; Leonard Henderson, Colorado City, first vice-president; Walter Crider, Post, second vice-president; James C. Ashbury, Baird, secretary. The district comprises the following counties: Scurry, Mitchell, Fisher, Nolan, Jones, Taylor, Shackelford, Callahan, Stephens, Eastland, Throckmorton and Garza.

The organization got its start in 1928 when Baird firemen conceived the idea of an association. First president was Ashbury.

BOOSTER CLUB WILL MEET THURSDAY NIGHTS

Members of the Antelope Booster club are reminded that the club will meet tonight at 8 o'clock at the High school auditorium, and each Thursday night preceding each Friday night football game, according to R. C. Outlaw president.

All members and others interested in promoting a better athletic program in our schools are urged to attend the meetings.

NEW PANHANDLE SERVICE STATION OPENS TODAY

Announcement is made today by Max Gordon and Thurman Francis that they have opened their Panhandle Service Station on Main and are now serving the public with Panhandle Refining Company's products.

APPEAL TO FOOTBALL FANS

PLEASE DON'T: Please don't run up and down the side lines at the football games or you distract the players and prevent them doing the very thing you want them to do.

Please don't go out and talk to the coach at any time during the game. He needs to keep his mind on the job he has been hired for and we feel sure he knows more about it than you do anyway.

Please don't go around where the coach is trying to talk to the team during halves and quarters. He knows what he wants to tell them and you can't help a bit—you can add do interfere.

Let's be good sports and sit in the bleachers. One person is just as interested as another in seeing the team win and each is just about as important as the other thinks he is.

No one would want some one to come into his place of business and take over—the coach has a business, let's respect it.

If you are good and love the game then hire out as a coach.

Southland Vet Is One Of First To Get
Automobile Given Amputation Victims

William Elbert Carey of Southland, 21-year-old ex-infantryman who lost a leg in the Italian campaign, has received his specially equipped Oldsmobile club sedan, awarded by the government to all amputees. He became the first West Texas veteran to receive one of the automobiles.

Carey, a student at Texas Tech, said when he received the automobile that it was a good thing. His leg had been bothering him because he did so much walking to and from classes and "I might have had to drop out of school." The young veteran, son of Mr. and Mrs. O. R. Carey of near Southland, and who before entering the Army was a student in Southland high school, received injuries necessitating amputation of one of his legs seven inches from the body in the Arno river campaign in Italy in August, 1944, when an enemy shell caved in his foxhole, killing the man next to him. He was hospitalized 11 months and was discharged in July, 1945. The Army fitted him with an artificial leg, which he used with crutches for two days, then with a cane for about a month. He now walks well on his artificial leg, which is hardly noticeable.

Carey is enrolled in the division of agriculture at Tech with the hope of some day being a county agent. He is attending the college under the Veterans Administration vocational rehabilitation program for disabled veterans. His new car will be of great help to him in his college program.

World War II veterans who are entitled to compensation for the loss of a leg are entitled to purchase a passenger automobile, station wagon, jeep or tractor not to cost more than \$1,600, at gov-

ernment expense.

GARZA BOYS SHOW
SWINE IN DISTRICT
SEARS PIG SHOW

Several Garza county boys were among those from ten counties of district 2 extension service, to place entries in the Sears Pig show at Lubbock Saturday.

Bailey county entries "stole the show," winning first place in both gilt and boar divisions of the annual 4-H boys club exhibition. The show was judged by Fred Hale, of the animal husbandry department of the experiment station system of College Station.

Placed twentieth in the gilt show was D. C. Taylor of route 2, Post, with his Poland China gilt. His award was \$20. Donald Carpenter, also of rt. 2, Post, placed fourth in the boar division with his Poland China.

The pigs were distributed as part of the Sears livestock promotion campaign, with eight gilts and one boar awarded to as many 4-H club boys in each county last spring. County shows are held during the week prior to the district show and winners are named for district competition.

ROGERS' ELEVATOR PUT IN
SHAPE FOR GRAIN CROP

Earl Rogers, manager-owner of the Earl Rogers Feed Store and Elevator, announced the first of the week that repairs have been made at the elevator and additional storage space has been provided to handle the grain crop, which is now being harvested in the county. The elevator, according to Mr. Rogers, was damaged considerably some time ago by heavy rains. A work crew has re-built and repaired the elevator and constructed a large warehouse for storage of grain.

THIRTY-THREE POLIO
CASES ARE REPORTED

Polio cases reported in Texas for the week ended Sept. 21, numbered 33, the State Health Department reported Tuesday.

Though the worst of the polio situation is believed to have been passed for the year, the 33 cases compare with a median of 10 cases as the seven-year median for this period of the year.

Arizona means "place of the small springs," and not "arid zone."

Bert Childers
and the Melon Patch

Bert Childers put an ad in the Clarion the other day. Here's what it said:

"Planted more melons than I can eat this year. Stop by and pick as many as you want. All free."

As you can guess, plenty of folks sent their kids over and plenty of the parents came too. Stripped Bert's melon patch in no time. And as they went away, Bert treated the kids to lemonade, and offered the grownups a glass of ice-cold sparkling beer.

Naturally it puzzled some folks... but Bert explains: "It gives me a kick to share things when I can afford to—whether it's the melons, or the lemonade, or beer. I guess I just like to indulge my whims."

From where I sit, if we had more "self-indulgent" people like Bert—who believe in share and share alike, live and let live, this tired world would be a whole lot better off!

OCT. 6-12 FIRE PREVENTION WEEK

One of the fastest and most destructive forces is fire. In no time at all fire can destroy your home and belongings — your business and future security. Precaution on the part of each individual can prevent overwhelming loss of life and property caused by fire. During Fire Prevention week be sure to inspect your home and business premises and remove all fire hazards.

A PROCLAMATION

KNOW ALL MEN, WOMEN AND CHILDREN BY THESE PRESENTS:

THAT, WHEREAS, the health, happiness, life and safety and general welfare of each citizen are dependent upon existing living conditions, and

WHEREAS, the lives and property of our people are endangered by fire caused by rubbish accumulations in homes, offices, stores, alleys and streets, and

WHEREAS, a city is judged by its general appearance, cleanliness and beauty, and

WHEREAS, fires to a very large degree are preventable by the proper application of education in fire prevention and fire protection;

NOW, THEREFORE, I, J. A. Stallings, Mayor of the City of Post, Texas, do hereby proclaim the week of October 8th to 12th as FIRE PREVENTION WEEK, during which week I most respectfully urge our civic and commercial organizations, our school officials and teachers, and our citizenship as a whole, to cooperate and work with the Fire Chief, Fire Marshal and other city officials in an effort to control this useless loss of life and property by fire. Every home, office and place of business should be inspected carefully and all fire hazards removed.

IN TESTIMONY WHEREOF, I hereunto sign my name and affix my seal of office on this the 28th day of September, A. D. 1946.

LARGE ELK PENNED AT STOKER RANCH

A large bull elk, believed to have escaped from some zoo, was penned at the Stoker ranch early Saturday morning by Willard Kirkpatrick and J. Jones.

According to Mr. Kirkpatrick the elk was traveling north in one of the pastures near the ranch headquarters when a ranch employee discovered him. He was chased and penned in the barn.

The elk has an antler spread of four or five feet, and appears to be fairly gentle. A number of pictures were taken of the elk Sunday by Darwood Billings, local photographer.

Kirkpatrick early this week was a bit puzzled at what to do with

RURAL YOUTH DAY AT STATE FAIR WILL ATTRACT LARGE CROWD

What promises to be the largest gathering of young farmers and farm girls assembled in one locale will take place at the State Fair of Texas at Dallas on Oct. 3. Rural Youth Day at the State Fair. Over 10,000 rural youth are expected to come in that day as guests of the State Fair, announced Ray Wilson, Chairman of the Junior Livestock and Agriculture Committee.

Highlight of the program is the awarding of Scrolls of Honor of the State Fair of Texas to the 32 outstanding 4-H club boys and girls and Future Farmers of America. The scrolls will be awarded to the honored youth by R. L. Thomson, President of the fair. The program will be broadcast over KGKO at 1:00 p. m.

Other features of the day are a free lunch to the young farmers and farmettes by the Dallas Chamber of Commerce, an entertainment program at 12:00 by radio stations WFAA, KGKO, and WRR preceding the awards and a Variety Show to follow the presentation of honors.

Judging of Junior steers, hogs and poultry, educational exhibits in the Poultry Building, a meat identification contest by the National Livestock and Meat Board in the Agricultural Building, and the other many entertainment facilities of the State Fair will furnish education and fun for all.

GARZA COUNTY BOOTH TO BE SET UP SUNDAY AT SOUTH PLAINS FAIR

The Garza county agricultural exhibit will be set up and arranged for display Sunday when County Agent Frank Eaton and George Samson carry the exhibit to Lubbock for the 29th annual Panhandle-South Plains fair, which opens Monday.

According to Mr. Eaton a fine exhibit has been assembled and will be displayed during the week's fair. Garza county residents who attend the fair are urged to visit the agricultural building and view the booth.

SOIL BUILDING PLANS ARE CHANGED IN '47

Plans for the 1947 soil building program under the Triple A, received the first of the week by Robert H. Gibson, county ACA secretary, vary slightly from the 1946 program in that the agency will pay for more than one practice on any stipulated acre or number of acres.

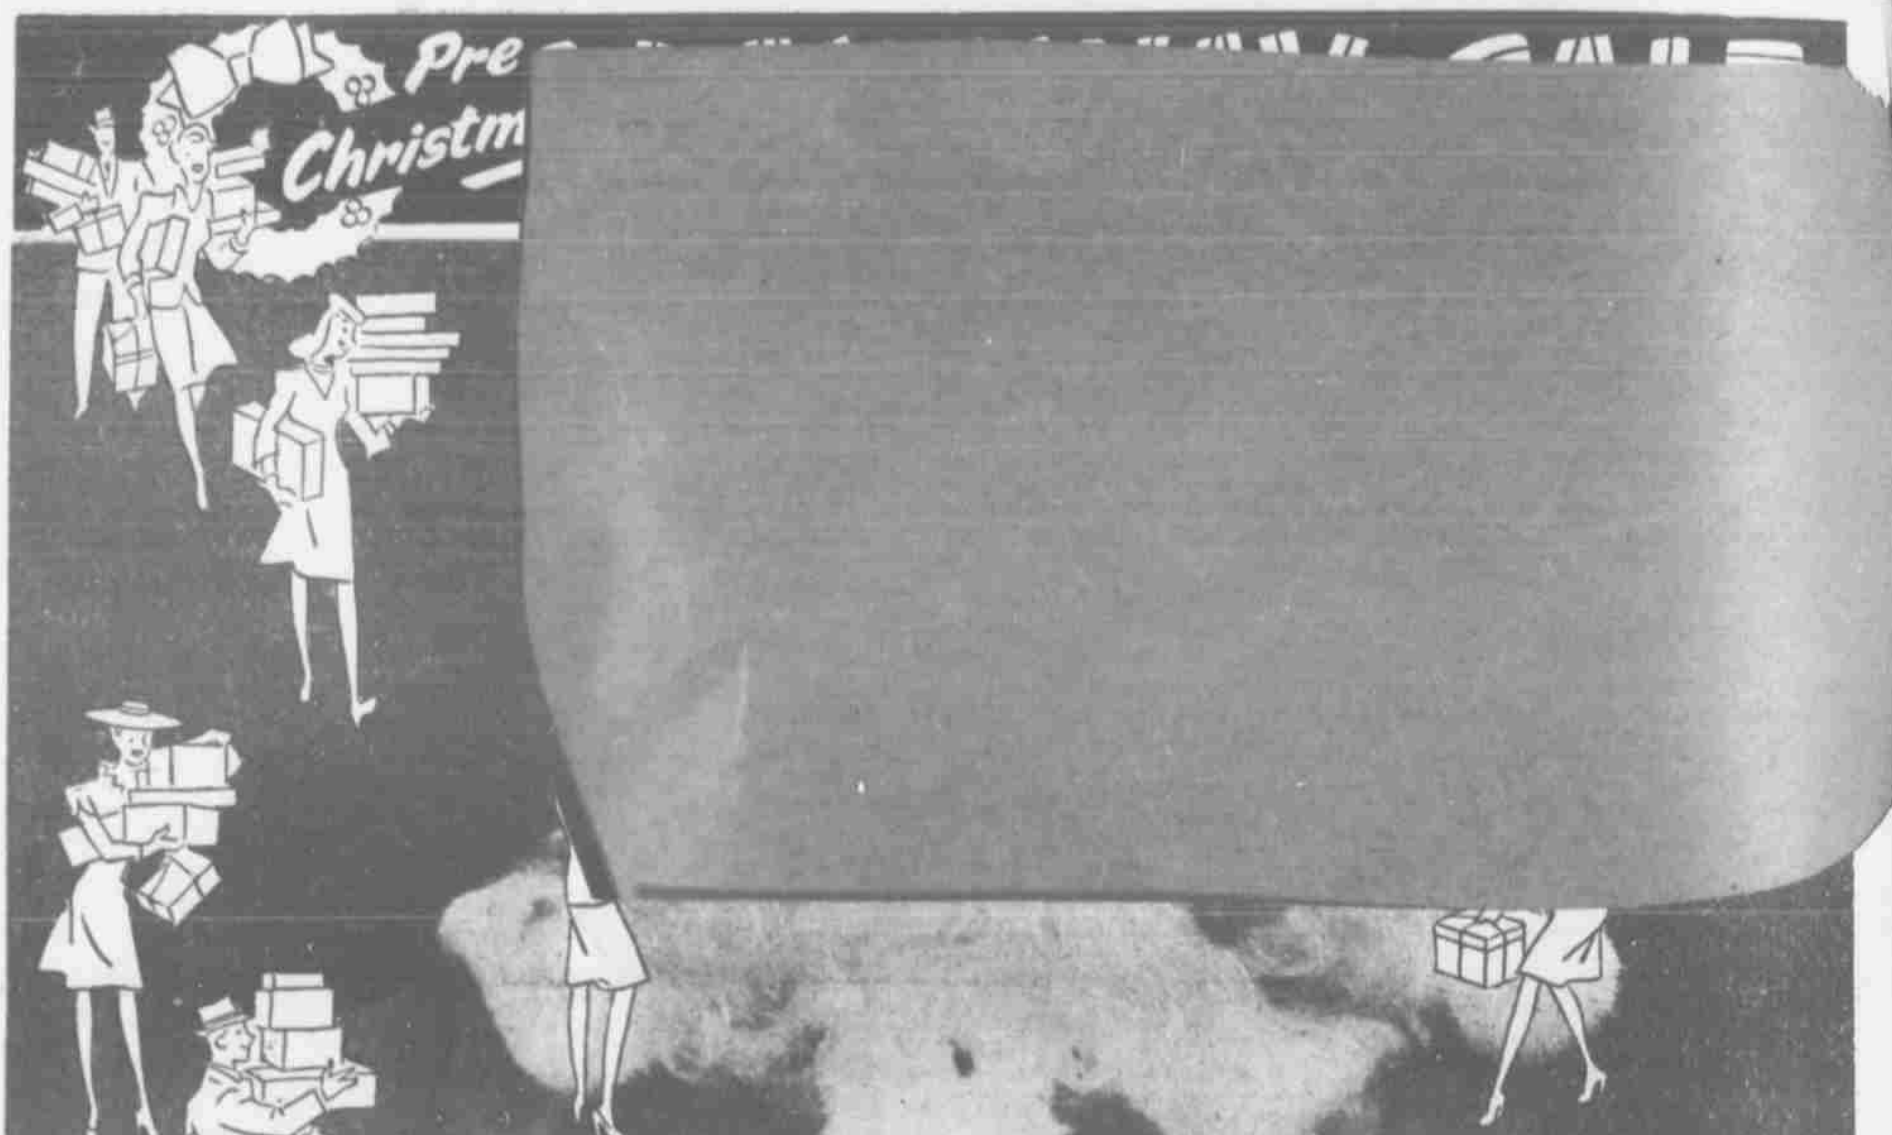

The program, otherwise is about the same as this year, with payments on about the same basis, providing that farmers must obtain prior approval for all practices before they are put into operation, Gibson said.

FORMER POST TEACHER IS PROMOTED TO CAPTAIN

Herbert O. Boulter, former teacher in Post schools, has been promoted to the rank of captain in the Army Air Corps, according to information received here the first part of the week.

Captain Boulter received his promotion on Sept. 19 at Presidio of Monterey, California, where he is now stationed. He is attached to the Adjutant Military Intelligence Service Language school.

He served overseas with the 8th Air Force as communications officer while in England.

**POPULAR POST COUPLE
MARRY IN SNYDER
SATURDAY**

The marriage of Miss Arbeth Clark, daughter of Mrs. Carl Clark, of Post, and Harold Voss, son of Mrs. Jessie Voss of Post, was celebrated on Saturday, September 29, at 4 o'clock in the Methodist parsonage in Snyder, by Rev. O. B. Herndon. An impressive double ring ceremony was read.

The bride was beautifully attired in a navy blue suit with a white blouse trimmed in lace, a blue hat with navy veil, and white accessories. She carried a corsage fashioned of a white orchid and white ribbon. The groom wore a suit of borrowed and blue was also borrowed.

Guests present at the wedding were: Mr. and Mrs. Roy Baker, Mr. and Mrs. Homer McCrary, Mr. and Mrs. Voss are well known residents of Post, both have been in business here for a number of years, and they will be at their home in Post. For the first time they will be at home in Snyder.

The couple returned to Post immediately following the ceremony and were entertained with an informal dinner party at the home of Mr. and Mrs. Homer McCrary, which was also in honor of Mr. Voss's birthday on that date. News of the wedding was a surprise to many, and was made known by miniature bride and groom surrounded by fern and pink carnations flanked by tall pink candles in crystal holders which formed table decoration. Guests of the wedding party were Mr. and Mrs. Floyd Stanley, Mr. and Mrs. Ira Greenfield, and Mr. and Mrs. Dan Altman.

GRANDDAUGHTER OF MR. AND MRS. SATTERWHITE MARRIES IN LUBBOCK

Of wide interest to friends in this section is the marriage of Miss Lois Marie Thompson, granddaughter of Mr. and Mrs. W. J. Satterwhite of Post.

Miss Thompson, daughter of Mr. and Mrs. Brent G. Thompson of Lubbock, was married Friday night at 8:30 o'clock at the St. John's Methodist church, to Mr. Troy Odell Lawrence of Lubbock.

Pinks, baskets of white gladioli and tapers in candelabra were arranged on the altar. Wedding music was offered by Bob Scroggin, organist, who played traditional wedding marches, "Liebestraum" and accompanied Miss Norma Schudell as the sang "Because." Candles were lighted by Wanda Lawrence, sister of the bridegroom.

The bride, given in marriage by her uncle, W. H. Cravy of Seminole, wore a gown of ivory satin, fashioned with a fitted bodice, a high yoke, long sleeves extending to points over her hands and a bustle back with a train. Her fingertip veil of illusion fell from a coronet of lace and seed pearls. She carried pink camellias on a white Bible, which belongs to her grandfather.

For something old, the bride wore her great-grandmother's engagement ring; for something blue, she pinned a tiny blue bow on the hem of her dress; and for good luck, she wore a penny in her shoe.

Mrs. J. D. McCampbell and Mrs. W. H. Cravy, aunts of the bride assisted in hospitalities at the reception which was held immediately following the wedding.

Following a wedding trip, the couple will be at home at 1406 Ave. U.

Both the bride and bridegroom are graduates of Lubbock High school and plan to attend Texas Technological college next semester. The bride attended Tech one year and pledged Sans Souci social club. Mr. Lawrence served overseas with the Armed Forces.

Mr. and Mrs. Satterwhite and Mr. and Mrs. McCampbell and son Don of Post attended the wedding.

Mrs. Troy Odell Lawrence who was Miss Lois Marie Thompson before her marriage on Sunday in Lubbock. The bride is the daughter of Mr. and Mrs. Brent Thompson who are well known in Post and the granddaughter of Mr. and Mrs. J. W. Satterwhite of this city.

MRS. TOM BOUCHIER, MRS. T. L. JONES HOSTESSES TO CULTURE CLUB

The Woman's Culture club met Monday night at the home of Mrs. Tom Bouchier with Mrs. T. L. Jones as co-hostess. Thirteen members were present.

Mrs. Jones, president, called the meeting to order and gave remarks and requests for the year's work. She also presented two new members, Mrs. H. T. Carr and Miss Mabel Harris.

Mrs. Lee Davis talked on parliamentary procedure and gave her plans for the year as parliamentarian of the club.

Refreshments were served by Mrs. Bouchier and Mrs. Jones assisted by Mrs. J. E. Parker.

The club will have its next meeting at the home of Mrs. L. A. Presson, Tuesday night, October 9th, at 7:30, with Mrs. Lee Davis as co-hostess. Plans are being made for the program by Mrs. Tom Bouchier, chairman of the calendar committee.

MRS. BILL SANDERS IS HONORED WITH BRIDAL SHOWER SEPTEMBER 21

A bridal shower honoring Mrs. Sanders, formerly Miss Hel-Wall, daughter of Mr. and Mrs. W. Wall, was given Saturday, September 21 at 3:00 o'clock in the home of Mrs. James Henderson.

Several delightful games were played after which the bride was presented many useful and beautiful gifts for her home. Delicious refreshments of sandwiches, cake and punch were served on beautiful china, imported from Germany, by Mrs. Louise Sanders, Mrs. Viola Edwards, sisters of the bride. Many guests called approximately 30 attended. Mr. Sanders is the son of Mr. and Mrs. Dan Sanders of this city.

NIGHT MEETING IS SCHEDULED FOR P.T.A. AT HIGH SCHOOL, OCT. 10

Minute Prayer
O God, giver of light and power! We know that all things are possible to him that believeth and that faith-filled prayer whether it be fellowship with Thee or intercession for another, is efficient prayer. Help Thou our unbelief. Help us to come so closely and truly into Thy fellowship that we shall be filled with power not our own. May we be truly identified with Thee. So teach us in the school of true prayer, that this day may be one of continued joy because Thy power has free course in us.

A zone rally of the young people, the missionary societies and Sunday school classes of the Nazarene churches is being held this week, October 3, at O'Donnell. Rev. N. J. Benson, pastor at Lamasa will be in charge. The local Church of the Nazarene is being well represented there.

There will be a working day at the local Church of the Nazarene Tuesday evening. Everyone who can come is urged to do so and bring hoes, rakes and any other items that can be used.

Church services will be held at the Presbyterian church Sunday morning at 11:00 o'clock. Rev. W. R. Mann of Midland will be in charge of the services. All members are urged to attend and visitors are cordially invited.

Preparations are being made this week in the organization of a young men's Sunday school class at the Methodist church. Mrs. B. E. Young will teach the new class which will begin Sunday.

Mmes. B. E. Young and J. E. Parker will attend a Methodist zone meeting at Lamasa Friday. Some business will be discussed and reports given on that zone.

The Methodist men tried out the new barbecue pit at the church Monday night when the group enjoyed a Fellowship supper. A delicious menu of beans, weiners, hamburgers and hot coffee proved to be the center of attraction for the evening. Other such meetings are being planned for every two weeks.

The revival which closed Sunday night at the First Baptist church proved to be quite successful with good attendance each night. A total of 15 additions to the church were added during the week. Baptismal services will be held Sunday night.

The WMU of the First Baptist church met Monday afternoon for a business meeting and social honoring the new officers. During the business meeting, it was announced that a book, "Things We Should Know," will be taught by Mrs. Morton of Lamasa. During the meeting, Mrs. Ira Weasley presented a corsage of red roses as a birthday gift from the group. Mrs. J. P. "Robber" Hens Today—No Profits Tomorrow

No profits! That's the danger if you put up with feed-eating, non-laying "robber" hens. Many of these birds are soon doomed to die from organic disorders, anyway. Let Eamesway cull them out now, while you can still get them to market.

The Eamesway System of Poultry Inspection pays for itself many times over on feed saved. Time and again it eliminates 85% of a flock without decrease in egg production. Stop this feed-wastage now. Let an Eamesway technician find which are the "robber" hens in your flock.

Panhandle-South Plains Fair To Open Gates Monday, October 7th

The 20th Annual Panhandle South Plains Fair opens Monday, October 7, in Lubbock with a bang up "Welcome Home" day celebration for veterans of World War II. Beauford Jester will speak the night of the seventh. On the same platform with him will be Col. T. G. Lanphier, deputy administrator of Veterans Administration, Branch Office No. 10 in Dallas, who will talk on the benefits veterans can gain from the various VA offices. Jester's speech will deal with the veteran's role in state government.

Throughout the opening day of the 1946 "Show Window of the South Plains" veterans of World War II in uniform or wearing discharge buttons, will be admitted to the Fair grounds free upon payment of the 10c tax which the government requires be collected from each Fair visitor. Admission to the grandstand for the addresses by Jester and Lanphier will also be free.

Capping the day's program, Fair officials have scheduled a gigantic free fireworks display to follow the addresses.

Other outstanding attractions lined up for the Fair include six days and nights of one of the biggest carnivals in the country, the Bill Hames Shows. There will also be five nights of rodeo presented by Buck Steiner of Austin, Texas, six afternoons of midget auto racing, and daily showings of the army's Technical Services Mobile Exhibit.

This exhibit will show residents of the South Plains many weapons and much equipment formerly classified as "Top Secret." The army will have on display barrage balloons, the "Snoopercope," the bazooka, flame thrower, smoke generators, "Goon Gun," and many others. Also combat moving pictures, taken in actual battle zones and demonstrating these weapons and equipment in action, will be shown.

Fair officials reported this week that a record breaking number of counties had entered exhibits in competition for the more than \$400 in cash premiums which will be awarded in that division. Counties included so far are: Crosby, Hockley, Swisher, Briscoe, Lamb, Hale, Parmer, Castro, Howard, Floyd, Garza, Lynn, Scurry, and Armstrong. Lubbock county is not permitted to enter an exhibit. Other exhibits have also been pouring in. The Fair Association expects to award nearly 7,000 in livestock, agriculture, and home-

making premiums. The Garza County exhibit, which is being prepared by County Agent Frank Eaton, is getting its finishing touches this week and will be taken to Lubbock the latter part of the week.

Homer D. Grant, president of the Fair Association, said he wished to extend a last invitation to the school children of the South Plains to attend the Fair, Wednesday and Thursday have been set aside as school days at the 1946 Fair.

Swing of Southwest Farm Markets

Southwest markets reported higher prices for cotton, grain, poultry and eggs last week, stronger trends for livestock, and a weak undertone for most vegetables, according to USDA's Production and Marketing Administration.

Prices of most grain moved higher last week as supplies began to tighten. Wheat gained one to two cents a bushel, oats and corn three, and barley two cents. Sorghums lost gains made early in the week but closed higher. Feed was unsettled.

Cotton jumped about \$4.50 a bale this past week to reach a new 26-year high. Farmers sold freely and received prices unusually high in relation to central market prices. Sales in the 10 spot markets totaled 172,500 bales last week compared with 129,500 bales a week earlier and 142,200 bales for the same week last year.

Meager supplies of hogs brought ceiling prices at all markets.

Most southwest cattle markets reported light receipts last week with heavy runs of stockers. Active trading cleared most offerings at steady to stronger prices. Houston quoted stocker steers \$13.50 and canner and cutter cows 50 cents higher at \$6.50 to \$8.50 a cwt. Medium and good cows brought \$10.50 and stocker calves \$14 to \$15.65 at San Antonio. Medium and good slaughter steers and yearlings realized \$15 to \$18, Ft. Worth and \$15.25 to \$17.25, Oklahoma City. Denver sold common and good stocker and feeder steers at \$10 to \$16. Wichita moved medium and good light stocker steers and yearlings at \$14 to \$16.

Poultry and eggs found only fair demand last week despite meat shortage. Most dealers attributed this to rising prices. Current receipt eggs ranged from 40 to 45 cents depending on locality. Heavy hens brought 40 to 41 cents a lb., New Orleans; 28 to 30, Ft. Worth, 28 to 30 Denver and 26 to 28 Dallas.

Do you know what a little nip did? That's right, he killed a lot of Americans. But we're not talking about the nip from Tokyo now—we're referring to those short, quick nips that some motorists take. The Texas Safety Association reports that one out of every seven drivers involved in accidents had been drinking. When the wassail's flowing free, leave your car at home—park it—do anything with it—but don't drive it!

HYDRAULIC POWR-TROL IS NEW FARM EQUIPMENT BEING SHOWN IN POST

Farmers of this community will be interested to know that Bryant-Link Company, local John Deere Farm Equipment dealer, is announcing one of the most important new farm equipment developments in recent years... the new John Deere Hydraulic Powr-Trol.

Engineered by John Deere, this time—and labor-saving device is a radical departure from the conventional method of lifting, lowering, and regulating drawn implements by hand. Safe, smooth, positive, hydraulic power does the job—relieves the operator of reaching for hand-lift levers on drawn implements, lifting and lowering by hand, and tugging on ropes. He merely drives the tractor and watches his work.

At a touch on a convenient control lever, Powr-Trol raises and lowers plow bottoms or disks... grain drill openers... mower cutter bars... combine platforms... corn picker gatherers... potato digger shovels, etc.—angles and straightens disk harrow gangs—instantly changes working angle, depth, or height of drawn implements to meet varying field and crop conditions without stopping the tractor or even slowing down.

Duke Travis, manager of the local implement firm claims that the new John Deere Hydraulic Powr-Trol means easier, faster, better work on every job. It's an exclusive John Deere feature, designed for John Deere Models "A," "B," and "GM" Tractors and companion John Deere farm equipment. According to Travis, Powr-Trols will be available in very limited quantities during the next few months.

KINDLING WOOD BEING SOLD AT ARMY AIR FIELD

The South Plains Army Air Field has announced that several truck loads of kindling wood are available to civilians at \$1.00 per load.

There are approximately 30 truck loads of wood available and no limit is placed on the number of loads purchased by each customer. Interested buyers may come to the field at any date on Mondays through Fridays between the hours of 8:30 a. m. to 4:30 p. m.

On arriving at the field prospective buyers must contact Mr. W. G. Price of the Salvage office who will accompany them to the location of the kindling wood. The sale will continue until the supply of available wood is exhausted.

The Texas Safety Association says that when a driver starts up the motor of his car, he automatically assumes the responsibility for the load he hauls, the car he drives, his life, the lives of any persons riding with him, and the welfare of those who share the highways. A car can be replaced; the load can be replaced, but nowhere are there storerooms where we may find a replacement for a life!

FIRE PREVENTION WEEK - OCTOBER 6-12

One of the fastest and most destructive forces is fire. In no time at all it can destroy your home and belongings—your business and your security.

Caution of the part of each individual can prevent overwhelming loss of property caused by fire.

During Fire Prevention Week, October 6 to 12, and during the area men's convention meeting in Post today, it is very fitting that a few of fire prevention methods be studied.

Post's Volunteer Fire Boys have submitted the following points along this line. Study them carefully.

Pay attention to all electrical appliances and keep them in good repair. Have due respect for all wires, plugs, etc.

Instruct children concerning the danger of playing with matches and fire.

Do not attempt to start or quicken a fire with gasoline or kerosene.

Extinguish matches, cigarettes and cigars before throwing away. Keep ash trays available wherever smoking is permitted.

When smoking, never lie down to read.

Ventilate your home and other places with fresh air when using kerosene as a fuel.

Protect gas heaters with screen guards to prevent clothing of children and older people from catching afire. Place screen guard in front of open fireplace.

Use rigid metal pipe and screw connections on gas heaters, and make sure heater remains stationary. If you must use rubber hose connections on gas heaters, be sure they are of the approved type.

Securely attach heater and source of gas supply. Check for gas leaks annually for leaks, and be sure your gas stoves and lanterns are in good condition. Have trained persons do this for you.

Do not permit gasoline to enter the home. It is not a household necessity any more than dynamite and both should be rightfully stored.

Do not use naphtha, benzene or gasoline for cleaning purposes. Cleaning of wearing apparel should be done in the daytime out of doors always.

Never—not for one minute—should small children be left alone in the home. A lighted lamp, gas heaters, open fires and electrical appliances have caused the death of many small children left alone in the home just for a minute.

Keep chimneys and stovepipes clean with all joints and connections tight. Provide separate metal cans for ashes and rubbish. Never mix—it may start a fire.

Trash and other combustible waste materials cause many fires. Do not allow it to accumulate. Remove it daily from your home and premises.

Oily and greasy rags may ignite spontaneously. Keep them in closed metal cans.

Christmas is a Season of Joy, but it is often turned into one of sorrow by the use of improper decorations. Use safe lighting appliances and non inflammable decorations.

Two good safety points—(a) Make it a point to know the location of the fire escape in every building you enter to work or sleep. (b) Never sit in a closed room or office. Always ventilate with fresh air. Protect your health and life.

WILL THIS BE "THE LAST GENERATION?"

Just what do the people of the world think when they read reports to the effect that some of the principal military and political leaders believe that a third World War is as inevitable as the rising and setting of the sun? What do they think, when they see peace conferences degenerate into impotency because the old game of power politics is being played as ruthlessly as ever?

Here at home, we read that our armed forces are vigorously pushing the development of new weapons of unimaginable destructive force—including some that may prove to be more militarily effective than the atomic bomb. This is, of course, the plain duty of our military chiefs. They must prepare for the worst, and as rapidly as they can. And in the meantime, some of the nations seem to be doing everything possible to make certain that those weapons will be used, and soon.

At the end of World War I, there was much talk of "the lost generation." The problem at the end of World War II seems to be whether or not this shall be "the last generation." If we once more permit the world to resort to force of arms, no nation and no individual will escape the awful consequences.

—000—

WHAT OUR CONTEMPORARIES ARE SAYING:

PEOPLE SHOULD NOT BECOME TOO ALARMED over recent downward trend in the stock market, because a rising curve of industrial production, manufacture of home appliances and the outlook for government income during the next three months means that a general recession could not get very far along before next spring...

Right now, strikes are the most crippling thing we have to contend with and if we can get people back to work stock market fluctuations should not vary more than a few points during the next 60 days...

Investors, after all, should have a little consideration, and one can hardly blame those who sold some holdings to get ahead of the strike and the resultant production stalemate. —The Scurry County Times.

—000—

A SMILE COSTS NOTHING, BUT GIVES MUCH. It enriches those who receive it, without making poorer him who gives it. It takes but a moment, but the memory of it may last forever. None is so rich or mighty that he can get along without it; none so poor but he can be made rich by it. A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship.

It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and is nature's best antidote for trouble. It cannot be bought, borrowed, begged or stolen, and is of no value unless it is freely given away.—The Hamlin Herald.

Solomon, King of Israel, and George Washington, the first president of the United States, lived about alike. They rode in horse-drawn vehicles, wore hand-loomed clothes, used animal oil for light and wood for fuel. They lived nearly 3,000 years apart. Think what you have now and remember that Washington died less than 150 years ago; more industrial progress in the last 150 years than in the previous 3,000.

A strong Antelope eleven bottled up the Seagraves offensive on their own grid for a rousing win of 13-6 Friday night. This makes the Antelopes victors of two of the 3 games played thus far and gives us the authority to chalk up our first conference game win. The team is really beginning to do us proud and by this time next week we hope to have that changed to three out of four victories.

Going into the game a three-touchdown underdog, the Antelopes took little time to prove that pre-game critics are often wrong.

Post kicked off to Seagraves and on a wide reverse by Cain, Seagraves speedster, the Eagles' returned to the Post 31 yard line. There the Antelopes' forward held for three downs without gain, but on the fourth down, Cain fired a 22 yard pass to Shaw, Eagle half-back who in turn outran the Post secondary for the first score of the game with less than three minutes of the ball game gone. Seagraves attempted to run their try for an extra point across, but the Antelope forward once again refused to give ground.

Seagraves then kicked off to Post with Malouf returning the ball to the 22 yard line. On nine successful plays, the Antelopes drove the leather to the other goal, without ever giving up possession, for the second touchdown of the game with Malouf plunging across from the 4 yard line. Post's try for the extra point was wide by inches, and this ended the scoring in the first half.

Starting the second half, Seagraves kicked off to Post. Hester received the ball and ran it back to the 26 yard line. Then in six successive plays the Antelopes carried the ball to the Eagle 24 yard line to be halted short of a touchdown when Rains, backing up the line for Seagraves intercepted McCrary's pass intended for Williams. But the hard charging and tackling Antelopes never gave the Eagles another chance to cross the 50 yard line.

A few minutes later Post took over in their own 44 yard line and without losing the ball, drove to the Eagles' 7 yard line where McCrary plunged across and made the second touchdown for Post. Ingram placed the ball squarely through the upright to make the score 13-6 in favor of Post.

The last quarter was all Post's, and it was disheartening to the Coach and to the fans to have what looked like a sure touchdown called back three different times with the ball placed first on the one foot line; then on the one inch line; finally on the 3 yard line. The game ended with the Antelopes in possession of the ball with the third down coming and only 4 yards short of another touchdown.

For Post it was the usual teamwork of eleven guys that go only when they all pull together. Coach Bingham is proud of his boys and said, "We don't have any stars on our team, but we have 11 good jewels when they like to shine."

During the intermission between the halves, the red and black uniformed Seagraves band led by several baton-twirling majorettes paraded for the entertainment of the spectators. They marched to the 50 yard line, and facing the Antelope boosters formed a large "P," then returned to their side of the field to form a huge "S" for the home folks.

The band was quite small, however, since we do not have one of our own, I think almost everyone from Post enjoys seeing a band perform.

To condition them for a victory, just before the game the boys

were served poached eggs on toast and hot tea. Following the game a delicious plate lunch with fried chicken was served to the players. Yum, yum. That would taste good to anyone! The lunches were paid for out of the football treasury.

Due to the distance from home, transportation was not provided for the Pep Squad to the game. However the members that were there along with the Post boosters that went along sent quite a bit of noise drifting through the elements.

I remind you that Post will entertain Snyder here this Friday night so make it a date to be there for if you are not, you're sure to miss a good game and an enjoyable time.

LEGAL NOTICE:
Citation By Publication
THE STATE OF TEXAS
TO: R. H. DAVIS,
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 21st day of October, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Garza County, Texas. Said Plaintiff's petition was filed on the 19th day of August, 1946. The file number of said suit being No. 854. The names of the parties in said suit are: Mrs. Kate Davis, as Plaintiff, and R. H. Davis, as Defendant. The nature of said suit being substantially as follows, to-wit: A suit for divorce alleging marriage of the parties on September 9th, 1909, abandonment of plaintiff by defendant on April 2nd, 1923, and that all children of the marriage are now over twenty-one years of age, and that there are no property rights to be determined. Plaintiff prays for judgment of divorce, costs of suit and general relief.

Issued this 6th day of September, A. D., 1946.

Given under my hand and seal of said Court, at office in Post, Texas, this 6th day of September, A. D., 1946.
