All Church Groups Plan Observance

The annual Union Thanksgiving Religious Service will be observed by all churches Thursday morning in a program, beginning at 10 o'clock, in the First Baptist Church. Dr. David H. Templeton, who will preside, and the Rev. Huron A. Poinac, Baptist pastor, have announced the program, as follows:

Doxology followed with invocation by the Rev. Joe Norton, pastor of the First Church of the Nazarene; song service, directed by Billy Baker and Mrs. J. A. Stallings; scripture and prayer, Dr. Templeton; sermon by the Rev. A. B. Cockrell and benediction by the Rev. Mr. Poinac.

The public is cordially invited to attend, the arrangements committee has announced.

Holly Funeral Held Monday In Church Of Christ

Funeral services were held at the Church of Christ Monday afternoon for Hase Holly, long-time resident of Garza County who died suddenly from a heart attack last Friday evening at the Post Clinic.

Price Bankhead, pastor of the Grassland Church of Christ, assisted by Paul Mayr, pastor of the local church, officiated. Burial was in the Justiceburg Cemetery under direction of Mason and Company.

Pallbearers were Roy Henderson, J. E. Humphrey, Lawrence Hill, Thurman Holly, Buddy Holly, Arthur Holly, Billy Hill and Leroy Holly.

Holly, who first came to this county in about 1903 or 1904 and who had spent a total of 29 years in ranch work here, is survived by his wife; four sisters, Mrs. G. T. Stagner of Petersburg; Mrs. Ray Hill of Swenson; Mrs. Viola Humphrey of Lubbock and Mrs. C. K. Henderson; a daughter, Mrs. Ann Gilmore; a son, Sgt. Haskell Holly of Louisville, Ky., and a granddaughter, Patsy Holly. Three sons, Joe, W. H., and an infant, preceded him in death. Sergeant Holly arrived from Louisville for the funeral.

Holly was employed on the Beggs Ranch at the time of his death. He was born on August 5, 1883, in Rising Star.

Firemen To Be Honored With Annual Dinner

A banquet honoring members of the Post Volunteer Fire Department and their wives will be given by the City of Post at 8 o'clock next Wednesday night, December 3, at the American Legion Hall.

The affair is an annual Thanksgiving gesture in appreciation of the unselfish, volunteer work done by the firemen during the previous year for the general benefit of the city.

Attending with the firemen and their wives will be Mayor John Herd, Commissioners Vachel Anderson and Clint Herring and City Secretary Sherrill Boyd and their wives.

Santa Suits Available

Wackers has received two Santa Claus suits which may be rented for various Christmas activities in Garza County.

Booking dates have already been started, but there are still some dates available.

"Enter into His gates with thanksgiving, and into His courts with praise: be thankful unto Him and bless His name. For the Lord is good; His mercy is everlasting and His truth endureth to all generations."—Psalm 100.

GIVE THANKS

For the spiritual yearning of all of us everywhere to catch up with the scientific and mechanical advances of our time. Although we have learned to work incredible miracles with nature's resources, we still have to discover how to live together amicably. We have been concerned in recent years with bombs and death, yet through it all was the tightly held hope for peace.

For the custom of observing this day, handed down

Thanksgiving

from our Founding Fathers, who out of their humility expressed gratitude for the earth's bounty.

For homecoming, reunion, feasting and gaiety.

For hope, faith and courage that outweigh selfishness, prejudice and fear.

For churches and the faith of tolerant men and women who worship there.

For a country where there are no trials without jury, no secret police, no heartless dictator ordering everything that we do. That we live in a country where every man's voice goes into the law, that are made and where every man has the right to question those whom he elevates to power.

For those who regard ambition and energy and accomplishment as characteristically American traits and who refuse to live on unemployment insurance benefits.

For those who seek no private gain which would hinder the good of all.

For those who have a firm conviction that America once again will be the country where men's ingenuity and enterprise reap rewards.

For simple comforts to be found in reading your favorite newspaper, in listening to a symphony over the radio, in a cup of freshly brewed coffee and a game of gin rummy with a friend who asks nothing other than your friendship, for the exhilarating sting of a walk in the early morning.

For football games and for young men who today are wearing uniforms adaptable to the pigskin game and not the garb of war, for a roof overhead, your family and homely cheer.

For daily bread, for those whose talk and laughter makes the life pleasant and comfortable.

For blue skies whose sounds are the whispering of birds flying over and not the menace of armored planes.

For lighted windows that mirror happy people, for the joys that dirty-faced youngsters find in the morning sun, for the peace that only the aged know at twilight.

For those who accept as a challenge the need to extend the American faith in mankind around the globe.

For the love behind the faces of those we love and those who love us, which can't be seen but may be felt.

For the love of country which we have in our hearts and which we cannot show but which we feel when we stand as "The Star Spangled Banner" is played before a football game or when the flag of the United States flies on its staff.

For God whom we cannot see, but who makes all of the seen things worthwhile by enduring us with love and faith and courage.

Everybody To Enjoy Holiday Thanksgiving

This week's Post Dispatch is being published a day early, in order that members of the staff may enjoy a Thanksgiving Holiday.

Most of the stores will be closed tomorrow, on Thanksgiving Day.

Both Thursday and Friday will be holidays for all of the Garza County Schools.

Although many people are taking trips to visit relatives or to see college football games, most of the Garza population will remain at home, entertaining guests of their own, attending the traditional union religious observance which, this year will be held at the First Baptist Church at 10 o'clock Thursday morning, and, of course, attending the traditionally interesting Post-Slaton football game on the Antelope Field at 2:30 p. m. Thursday.

Lake Survey Is Weather-Logged

Because of inclement weather, it has been impossible to run the line to determine how large a dam will be necessary for Two Draw Lake, Jim Hundley, president of the committee, said last night.

If sunshine continues for a few days, local technicians should be able to run the line by this time next week, he said. Mike Custer of the Garza County ACA office and Garza County Agricultural Agent D. F. Eaton are to make the survey on their own time.

Soil Conservation technicians, working on their own time, are making a survey to determine the water-shed.

BABY CONTEST WILL BE PART OF CORNZAPOPPIN

A baby contest will be held in conjunction with the production, "Cornzapoppin," which the local American Legion post will sponsor December 4 and 5 in the Post High School auditorium, as a benefit for the Legion Memorial Fund.

The contest is open to all Garza County children between the ages of one day and six years. The winner will be the one who receives the most votes at one cent each. All contestants' names should be presented to Mrs. James Minor, as soon as possible, the Legion committee for the show said last night. The parents of each little contestant is asked to decorate a quart glass jar and attach a snapshot of the contestant.

Cornzapoppin To Be Staged By Legion Dec. 4 and 5

Rehearsals are under way for "Cornzapoppin," local talent show being sponsored by the American Legion to be presented the nights of December 4 and 5 in the Post High School auditorium.

The play, a three-act hilarious comedy with an all-male cast, is under the personal direction of Miss Cleo Krumholz of Minneapolis, Minn., who arrived here last Saturday afternoon. She has been directing the play for a year in various cities of the nation and, under either her direction or that of other especially trained dramatic experts, "Cornzapoppin" has played successfully to 2,500 audiences in 1947, each time as a benefit. The local show will benefit the Memorial Fund of the American Legion post.

Dick Allen plays the part of Elviry Judkins who "rules the roost" in the Judkins household, including her husband, Henry, played by Jess Wright, and her daughter, Sue, played by Bud Cason.

Sue Wants Bob

Elviry has her heart set on Sue's marrying Squire Hicks (Walter Duckworth) who is the town sheriff and lawyer combined. However, Sue says that the squire is old enough to be her father and she is much more interested in Bob Sandrock (Bob Cash) who lives down the road.

To tell more of the plot would be to give the interesting climax away, Miss Krumholz says, but here are the other members of

the cast: Linney Pearl (Judge J. Lee Bowen); Miss Twitty (Homer McCrary); Elmer Judkins (Coach V. F. Bingham); "Aunt Bess" (L. N. Roberts) and Maizie Mae (Weidon Jobe).

The play will be supported by four choruses made up of a total of 30 Post High School girls who will do some clever song and dance routines in costume. There will also be a men's chorus, cast for which will be announced next week, Miss Krumholz said.

An incomplete list of chorus girls includes Ethel Maye Williams, Wanda Jean Bilberry, Bonnie Faye Williams, Anita Fern Echols, Mary Jo Stephens, Dorothy Mason, Jane Preston, Helen Thaxton, Jeanne Kiker, Doris Turner and Glenda Young.

Garza Folk To Enjoy Family Dinners, Trips And Guests

Of all the comings and goings in and out of Garza County each Thanksgiving and New Year's Day, the oldest tradition is the semi-annual gatherings of Mr. and Mrs. Walter Roy, Mr. and Mrs. O. P. Thrane of Abilene, Mr. and Mrs. O. L. Weakley and Mr. and Mrs. C. D. Morrel.

The four couples will be entertained by the Roys tomorrow with a dinner at the Bluebonnet Hotel in Sweetwater. As these twice a year gatherings are related among the hosts, it follows that the Thranes will be hosts for the New Year's dinner; the Morrels will be hosts for the 1948 Thanksgiving dinner, and the Weakleys will be hosts on New Year's Day in 1949.

Started 40 Years Ago

This tradition was started in January, about 40 years ago, when Mr. Thrane, then a bachelor, was invited to dine with the newly wed Roys. He returned the invitation the following Thanksgiving, and one thing led to another until about 17 years ago when the

Weakleys and Morrels were invited to have a holiday dinner with the Roys and Thranes.

During the past 17 years, the dinners have been held per schedule twice a year, without fail. In the 23 years which preceded, there were five times that the Thrane and Roys missed celebrating together.

This year the families plan to spend Thursday night and most of Friday in Sweetwater. The Post residents among them will return here Friday night, and the Weakleys will attend the Texas Tech-Hardin Simmons football game in Lubbock Saturday.

To "Jag" Dinner

Mr. and Mrs. John Herd will have Thanksgiving dinner in Midland with Mr. and Mrs. Harvey Herd and children tomorrow. Mrs. Herd left Sunday for San Angelo to visit her sister, Mrs. Judith Arnold and family. Mr. Herd joined her there Tuesday and they went hunting on the Herd ranch, near Menard, today. They hoped to bag their own meal

to be served in Midland tomorrow. The Herds will return here for the Parker-Power wedding Friday night, then go to Lubbock Saturday for the college football game.

Dinner On The Run

Dean Robinson's Thanksgiving trip to the Texas State Teachers Association meeting will not deprive him of a Thanksgiving dinner with one member of his family. His daughter, Billie, a student at Texas State College for Women in Denton, will accompany him to Austin early tomorrow.

As Mary Margaret Duckworth gets only tomorrow as a Thanksgiving holiday at Baylor University in Waco, she did not plan to come home. Her parents, Mr. and Mrs. Ira Lee Duckworth, will dine with their other daughter, Mrs. Shelley Camp, and family.

In Manly Home

Only two of the Manly children will be home, but the J. P. Manlys are planning a festive dinner just the same. Price will be home

from Amarillo and Ruth and her husband, E. S. Stewart, will be there.

The J. A. Stallings family will have a reunion tomorrow, with James and his wife and son, Jimmy, and Kathryn and her husband, Royce Durham, all home from Lubbock. Mrs. Stallings' mother, Mrs. J. W. McCoach will, of course, have dinner with the group. James' wife and Jimmy arrived here Tuesday, in time for Jimmy to attend Nancy Power's birthday party.

Visiting Greenfields

Mr. and Mrs. Bill Edwards and Sharon and Lynn arrived here Saturday night. Bill had to return to their home in Fort Worth Sunday, but will be back for Thanksgiving dinner with his parents-in-law, the T. R. Greenfields, and a visit with his mother, Mrs. B. J. Edwards, and his sister, Mrs. Bill Shepherd, who will be here from Los Alamos, N. M., for the Parker-Power wedding.

Mr. and Mrs. R. H. Collier are

preparing a big turkey dinner for tomorrow when all of their descendants will be home. Lucille will arrive tonight from Lubbock; Wynne and family will come over tomorrow from Tahoka and Bobby and his wife, the former Mattie Evelyn Stone, will arrive tonight from Austin.

The Bobby Colliers also will share their Thanksgiving holiday with her parents, the Noah Stones, who also will be having a family reunion. Mrs. Malcolm Bull, the former Margaret Stone, and husband are expected to arrive here from Roosevelt, Ariz., this week to make their home.

In Ramage Home

Enjoying Thanksgiving dinner tomorrow in the George Ramage home in the Graham Community will be: Mr. and Mrs. Dee Walker and daughter Faye Nell, of Camp Springs; Mr. and Mrs. Dee Myrnes and sons, Mr. and Mrs. Jimmy Walker, Mr. and Mrs. Blake Walker and daughter, Mr. and Mrs. Bob Walker, all of Snyder; Mr. and Mrs. Gerald Ramage, Mr. and

Mrs. Arlie Ramage and Mr. and Mrs. Ira Farmer and sons, all of Post.

Thanksgiving dinner guests of Mr. and Mrs. L. J. Richardson, near Post, will be Mr. and Mrs. L. S. McCrary and children, Bill, Lanny and Sherrill, of Amarillo, Mr. and Mrs. L. J. Richardson, Jr., Mr. and Mrs. Preston Mathis and daughter, Willie Ann, and Mr. and Mrs. Floy Richardson and children, Larry and Danny.

McCrarys Having Guests

L. S. McCrary and family will spend part of the day with his parents, Mr. and Mrs. S. W. McCrary, and his grandmother, Mrs. J. M. Ainsworth, and he, of course, will take time out for the Post-Slaton football game. The McCrary's son, Lanny, has been here a week or more. Other guests in the S. W. McCrary home for Thanksgiving dinner will be a daughter, Mrs. Alice Cunningham, and children, Janie and Jack.

ROGER W. BABSON WRITES THIS WEEK:

Newspapers Are Trusted To Keep Feet On The Ground

BABSON PARK, MASS.—The revival of the Third International should rouse every American to action. Action of what kind? And against what and whom? This is the most important problem facing both employers and their workers today—far more important than prices or wages.

The Russian leaders are wiser than we want to admit. They have studied people, conflict, and revolutions. Their moves are calculated like those of the expert chess player to make us use our own strength to destroy ourselves. The Communists know that the idea of a bridge is more

important than the bride. It may be easy to destroy the bridge and very difficult to rebuild the bridge if you lost the idea. Therefore, reason the Communists, let us try to destroy the idea of democracy. Since ideas tend to be perpetuated by intellectuals, colleges, schools, the press, and the like, Communism has made a point of successful infiltration into these ranks.

Can Trust Newspapers
American businessmen, on the other hand, have too often forgotten the school, church, press, and radio in their plans. They have sometimes failed to realize, as the Russians have realized, that the idea of their very freedom of enterprise is in a great measure entrusted to be imparted in classrooms, on the screen, and through radio. The newspapers have

their feet on the ground and can be trusted; but some of the other groups are now going wild in their race for votes, money or circulation.

Let's Not Kid Ourselves
Communism most certainly has the dual goals of (a) building up a strong defense within, through the cultivation and development of natural resources and (b) building a subtly strong offensive of party members in the western hemisphere who, like termites, bore away under cover.

Let's stop kidding ourselves. There can be no peace between democracy and dictatorship. Sooner or later the one or the other will be annihilated. The course of the world might have been different had we acted when Japan walked into Manchuria or when Mussolini raped Ethiopia.

The world will be markedly different if we do not soon awaken to history's object lessons.

Must Recapture Youth
Communism is fired with a highly combustible and destructive fanaticism. Has democracy, on the other hand, become too passive and too contented? There seems to be no longer the urge to win souls. Where, today, in this great country of ours is there real enthusiasm for democracy? It just does not seem to exist.

Our democratic way of life, purchased and hallowed for us by sweat and blood, was once also fired with passion and enthusiasm. Today, too often our way of life is taken for granted. It, therefore, now must become the obvious challenge to every businessman to rekindle that spirit and enthusiasm. This especially ap-

plies to members of school committees, of boards of directors, and those on the production line, at home, and in the church.

I am reminded of Jesus's parable of the talents. Democracy is a sacred talent. "To him that hath, it shall be given. To him that hath not, even that which he hath shall be taken away."

Oranges, tomatoes or tomato juice, grapefruit, raw cabbage and salad greens are excellent sources of vitamin C and should be included in menus for winter days.

Provide plenty of dry roughage for dairy cattle to supplement pastures and concentrates.

GETTING OUT

At this time of year, I feel moved to pass along some of my knowledge and research as to companionate and lively dishes concerned with furred and feathered game, for whatever help it might be to the boys returning from Mason County laden with venison and wild turkey and to the gentlemen gourmets who direct the preparation of the Thanksgiving dinner.

I find that the undisputed authority on the finer points of culinary art is a gentleman by the name of Charles H. Baker, Jr., who spent some 30 years eating in all parts of the world, in quaint and exotic restaurants, and collecting the recipes for the most interesting dishes. I take the liberty of quoting from his book entitled, "The Gentleman's Companion."

"May heaven shield us from setting this down in cold print, but when cooking game . . . Women, by and large, seem to lack the proper psychology or respect for this serious business. Actually it isn't their fault, poor dears. They really haven't gotten much chance to cook game, for most men after coming to shaving age are bright enough not to take wives, sweethearts, or other feminine attachments, on camp-hunts or into duck blinds.

"Beyond wiping with a damp cloth, no game seems to gain from washing in water, although everyone does it everywhere, thus sending much flavor down the drain.

"Venison, except when too young to be legal, is apt to be tough. When roasted it is imperative that basting be unremitted, and this basting, together with cooking juices, forms the basis for later sauces. This recipe dates back to the year 1592:

"One large mild chopped onion, two tablespoons chopped spring onions, three or four whole cloves, one cup tarragon vinegar, two large chopped carrots, one half teaspoon each of usual sweet herbs, five tablespoons olive oil or butter, lots of pepper and salt.

"Fry out vegetables in the oil, add herbs and seasoning, then put through a coarse sieve. Brush venison with oil, dust lots of pepper and enough salt, and pour this marinade over the meat. Turn every two hours of the 8 the venison is kept in soak. Sear in hot oven at first, then cook slowly until done—basting with the marinade every few minutes to keep moist and tasty.

"Roy Lammers' Pepper Stuffing for Turkey, which is a classic in the Pacific Northwest:

"Remember the tempo of this stuffing is very hot and high. Keep adding pepper and sage until we have reached our limit in pungency. Then stuff bird and roast him—Take enough stale bread almost to fill the turkey, reject crusts and tear into small pieces. Work in three big chopped mild onions, two teaspoons of baking powder mixed well with the salt; lots and lots of sage; lots and lots of black pepper—preferably ground with a hand mill. Moisten with just enough milk to make stuffing mesh together without too much compression, bearing in mind that the contented version in tin will harmonize just as well as dairy fresh. This is a masculine stuffing for those who want warm innards and hot seasoning. Better taste as we mix in herbs and pepper, not forgetting that sage under cooking heat is far stronger than sage uncooked and dried, in packages.

By EVELYN BOYD

The Marshall Plan—which has now been officially renamed the European Recovery Program—has been nicknamed ERP.

With Congress debating ERP's merits, Texas's erstwhile Senator Wilbert L. O'Daniel is doing a bit of "ERP'ing" of his own. Regarding the President's recent message, O'Daniel gave out with this official press release:

"The President's message, which I cannot believe is his own brainchild, recommends radical communistic opiates as a cure for the dire consequences of 14 years of New Deal delirium tremens."

All over the nation, there is much doubt as to the merits of the plan. Of the questions raised, the New York Times describes these five as the fundamental ones:

- (1) Won't American aid to Europe be pouring money down a rat hole?
- (2) Isn't Europe's trouble simply that the Europeans simply don't want to work?
- (3) Can we afford to give more billions to Europe without wrecking our economy?
- (4) Can't we get along without Europe anyway?
- (5) Why should we support Socialist governments?

Space will not permit reproduction of the New York Times' full answers to the questions, but I will attempt to boil them down to a few paragraphs, numbering the answers to correspond with the above questions.

(1) Europe has already demonstrated its powers to recover. This recovery is strong proof that our aid has been put to effective use. There is no reason to assume the impossibility of contriving reasonable and adequate safeguards to insure proper use of future relief funds. It is our responsibility to devise such safeguards. This problem will undoubtedly receive

about cooking the turkey: Be sure and lard the sharp edge of breast bone, and the ankle ends, with strips or rashers of salt pork or bacon, fasten on with string or skewers. This prevents burning before rest of the bird is done. Roast face down for all but the last half hour, then turn over. A plump turkey cooked in an uncovered roaster needs occasional basting. But please don't spoil the delicate natural gravy by adding a lot of uncooked starchy flour, when a slight amount is all we need. Just brown the flour out after working smooth with an equal amount of melted butter, then add.

THE WOMEN—God Love 'em: It is always better to conciliate the female sex. A kind word to a woman is like apples to guinea pig or nuts to a parrot; it induces pleasure and a willingness to serve.

What Our Contemporaries Are Saying:

POPULATION SOARS—Level-land's population has pushed over the eight thousand mark, according to estimates made this week by Sam Billingsley, manager of the Chamber of Commerce. Figures released by the chamber executive list 8,389 persons now living in this city—Hockley County Herald.

SPORTS TEACH FAIR PLAY—Interest in high school sports is the highest now it has been for several years, and that's a good sign for any community. Such interest not only reflects solidarity in a community by evincing loyalty for one's school, children and neighbors' children, but maintains greater interest in all activities of that school.

Community spirit is no less important than the feeling of cooperation among the players and spectators on the sidelines. Nothing will so teach a youngster to be a good winner or a sweet-natured loser than a good game of school football or basketball. Tenets of fair play, team-work and directed aims acquired in modern day athletics will stay with the boys and girls of Scurry County and help them to play better in the game of life.

Let us older sportsmen encourage our youth to participate in clean sports at school. Let us support them by words of commendation for displays of sportsmanship. We will be repaid in young manhood and womanhood with more cooperative minds and spirits that will build better homes and communities.—Scurry County Times.

STILL COMPLAINING—Six months of dry weather and the people cried for rain. A week of wet weather, and still we are complaining. But complaining is an old American custom that is everybody's right, and nobody means half of what they say about the weather.—Crosbyton Review.

WHITE CHRISTMAS ORDERED—This prediction I am making on the assumption that something like this is apt to happen at least twice in a lifetime. I saw a white Christmas once in Amarillo although it was a little black in spots, as the snow had been on the ground several days and the Amarillo winds had not helped the appearance of the snow.

It has never been quite clear to me why a white Christmas is desirable for I don't like cold weather, the snow usually means that ones feet are going to get wet, that ones nose is going to drip and that you will be thoroughly uncomfortable most of the time, but if it is necessary to have a white Christmas and I can wrangle one for this section I am going to use all my influence with the

THE POST DISPATCH

The birth rate on farms in 1946 was apparently the highest since 1929. There was an increase of 2,360,000 in farm population in 1946 over 1945, and of this number 773,000 were babies born during the year.

People living on farms owned an estimated \$22,077 million of currency, bank deposits, United States Savings Bonds and stock in cooperatives at the beginning of 1947, in comparison with only \$4,975 million early in 1940.

Spanning Canyon Diablo

Another new bridge on the Santa Fe

A new double-track steel bridge now spans Canyon Diablo (a giant gash 225 feet deep in the tableland of northern Arizona) on the main line of the Santa Fe between Chicago and California. This new bridge, which replaces the old single-track viaduct, is 544 feet long, 32 feet wide at track level, and contains over 2,000 tons of structural steel. The heaviest trains can cross it in both directions at once, and it's

built to handle anything in rail traffic the future may bring. Canyon Diablo Bridge is just a part of Santa Fe's continuing program of improvements—typical of the Santa Fe spirit of progress and initiative—to provide Santa Fe passengers with smoother riding, and Santa Fe shippers with more efficient freight handling. It is another good reason for traveling or shipping "Santa Fe—all the way."

Thanksgiving

This country is rich in traditions which are so basically sound, they will outline all the changes which may take place in another three centuries of progress and existence.

MOTOR CARS may give way to flying vehicles. Our baths may be plastic rather than porcelain; all our foods processed, compressed or fed to us like pills; the tempo of our music and lives speeded-up and slowed down in alternating generations.

Still the great humane urges to tolerance, personal freedom and individual security characteristic of those who gave us the tradition of Thanksgiving will never be forsaken.

TOM POWER DISMISSED FROM HOSPITAL AFTER INJURY IN COLLISION

Tom Power, who was injured in an automobile mishap near San Angelo on Wednesday night of last week, was dismissed from the Shannon Memorial Hospital in that city Sunday. He was brought to Post Sunday evening by his brother, J. N. Power, and Miss Iris Joy Parker.

Power was on a business trip, and was en route to San Angelo when his 1947 automobile hit a trailer and automobile that were traveling ahead of him without light. Tom said he had his choice of hitting the trailer and car or an oncoming heavy truck at the left. A culvert on the right prevented passing the car and trailer on the wrong side. Even so, his car sideswiped the truck as it hit the other two vehicles.

Power was thrown through the top of his car, which was a convertible coupe. He was treated at the hospital for a broken ankle, neck and bruised arm.

The driver of the car with trailer paid a fine in San Angelo for driving without lights and the truck driver paid a fine for hit-and-run driving, Power said.

Marshall Plan Believed Boon To U. S. Farms

How would the Marshall Plan affect American agriculture?

According to Secretary of Agriculture Clinton P. Anderson, its adoption would mean that the success of American foreign policy for at least four more years would continue to rest in a large measure on the shoulders of farm people, the Garza County ACA Committee believes.

If funds are supplied to finance the aid requested by the 16 Western European Nations, Secretary Anderson has stated, it would have these three effects on U. S. agriculture:

1. It would mean continued high U. S. food production during all four years, particularly in the grain producing areas of the nation—and, in general, would require continued full use of the farm plant.

2. It would continue the strain on our rain-producing areas and further delay needed shifts to grassland agriculture.

3. It would mean a self-supporting European market for our farm products after the four-year period which would be considerably larger than could otherwise be expected.

The plans proposed by the Western European nations include provisions for widespread aid from nations other than the United States. In addition, the co-operating nations state that if the requested aid—particularly fertilizer and farm machinery—is furnished, they would expect to have their agricultural production up to about prewar levels by 1950-51.

Scarlet Fever On Upgrade In State Of Texas

The incidence of scarlet fever is at present time nearly one-third higher than the seven-year median in Texas. One of the most disabling and dangerous of the diseases usually associated with childhood, actually it is confined to no age limit, according to Dr. George W. Cox of Austin, state health officer. Fifty-five cases were reported in the state during the week ending November 15, bringing the year's total to 1,242.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms, including sore throat, vomiting, fever, and headache, may appear in three or four days after exposure. These are followed by the distinctive scarlet rash which gives the disease its name, Dr. Cox stated.

"A child with any kind of sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment the doctor prescribes will do much to alleviate discomfort, and reduce the possibility of dangerous complications."

SPORTS

FROM A STRICTLY LOCAL ANGLE

Buckskins Win Over Redskins In Grid Tilt

By HANS HUDMAN
Booster Club Sports Writer

On Monday night we donned our long underwear and journeyed over to the Antelope Field, reconciled to seeing a bunch of tired, old men stagger impotently through perhaps two quarters of football and then give the whole thing up as not being worth the effort.

What we witnessed, instead, was 60 minutes of bruising, hard charging football in which the Buckskins, coached by Jess (Shorty) Wright and Tommy Simpson, staged a picture show finale to nose out the Redskins headed by Coaches Monk Gibson and Bing Bingham, 7-0.

Late in the fourth stanza, Jess Compton, former star of the Littlefield Wildcats, rifled a 15-yard aerial to Jess Wright to set the ball up on the Redskins five-yard line. Big, bruising Rusty Dean then powered through the Redskin line for the game's only touchdown.

Included among a star-studded Redskin lineup were three Allman brothers, Ed, Dan and Deamos, Coach Bing Bingham, Monk Gibson, formerly of the Snyder Tigers, Dell Hester (Antelope star of the thirties), Temple Lee (former Ralls Jackrabbit), Truman Riddle, Harry Woods, Billy Joe Lofton, Gayle Bowen and many others.

The Buckskin lineup included such notables as Jess Wright, Tom Simpson, Jess Compton, "Rusty" Dean, Clay Johnson, J. W. "Dub" Hodges, Neal Clary, Bud Everett, "Punk" Peel, Lawrence and Luther Bilberry, Charl-

of this community several years.

When Mrs. Will Cravy arrived home from Eugene, Ore., last weekend she had to stay in town for a few days, because of the muddy roads out to the ranch. She spent the weekend in the home of Mrs. Vida Brant. Mrs. Cravy's daughter, Mrs. George Waldrop of Hobbs, N. M., and Mrs. H. G. Brant and children of Canton were also weekend visitors in the Brant home.

Congratulations and best wishes are extended to Mr. and Mrs. Hal Jones, Jr., who were married last week. Mrs. Jones is the former Jean McQuien of this community. A party is being given for her tonight at Verbena.

Post Lad Puts Boys Ranch On Football Map

The Post Dispatch this week received a clipping from the sports page of the Amarillo Globe, November 17, which should be of interest to local sport fans. It is quoted, in part:

"Coach Bullet Gray's Boys Ranch Juniors staged probably the biggest upset of the 1947 Kids, Inc., football season yesterday afternoon when they skipped over the league-leading Maverick Club team 13-19.

"The Boys Ranch eleven had not even scored in three previous battles, two of which they lost and tied the other. Two victories, both forfeits, completed their season record before yesterday's doped-kicking stunt.

"Eddie Baker, a little 117-pound back (from Post), was the main reason for the Boys Ranch triumph. He marked up all three of the touchdowns and also turned in an outstanding defensive performance. Baker made the first score in the second quarter on a one-yard center plunge which gave the Ranchers a 6-0 halftime advantage.

"Then the first play after the third quarter kickoff, Baker broke away for 50 yards and another six points. A 45-yard touchdown added the final counter and Pee-wee Wilks registered the extra point on a run."

Boy's Ranch has one more game remaining on its season's card.

es Hudman, et al.

The Redskin team operated from Coach Bingham's familiar "T" formation, while the Bucks ran largely from the oldtime, but still effective, short punt formation.

The proceeds went into the Booster Club coffer and will be used for the benefit of the Post Antelopes.

Lorenzo Uninjured

Lorenzo Alexander, Post negro, was uninjured last night when his heavy sedan hit the wreckage of a head-on automobile collision which shortly before had taken the life of Elma Woodrow Webb and injured Frank Stuart, Jr., both of Tahoka, about two miles east of Tahoka on the Post-Tahoka highway. Webb and Stuart were each driving alone when their cars crashed, about 6:15 o'clock.

The Homecoming at Texas Tech, which is scheduled for Saturday in Lubbock, probably has something to do with it, but among the throngs of spectators at the Antelope-Tiger football game tomorrow afternoon there will be about 50 ex-students of Tech.

The coaches of the two teams, V. F. Bingham and Clarence Tillery, were roommates at Texas Tech while both were star players on the Red Raider eleven. Three other members of their team, Pat Farris, Joe Bob Foster and Jimmy Williamson, all of Lubbock, will serve as officials in the game. At least eight other men, who played football with the two coaches and three officials at Texas Tech, are coming from all parts of the state to witness the game, before proceeding on to Lubbock to see the Tech-Hardin-Simmons game.

Coach Bingham believes the guests will see the best football game of the season here tomorrow, beginning at 2:30 o'clock, on the Antelope Field.

The Antelopes have a slightly better record than the Tigers, but Slaton has walloped the tar out of some teams like Amherst, a traditional winner in the district northwest of here.

Slaton lost to Tahoka by 14 more points than Post lost to the district champions. And here's a far-fetched, but a significant, indication of how the Antelopes may have the edge on Slaton. Local fans will remember that Post tied Spur. Spur beat Haskell 12 to 0. Rochester, which beat Slaton 18-13, trounced all over Haskell to the tune of 45-0.

The boys of both the Antelope and Tiger teams, however, are in tip-top shape and Bingham knows it will be the season's best. Traditional rivalry will assure an interesting game, as it always does.

In addition to the ex-Tech guests, Post will be host to a large majority of the Slaton population tomorrow. Tillery telephoned last night that there would be no special train, but that there would be a long motorcade from Slaton to Post.

The Antelope starters probably will be: Roy Williams and Hugh Ingram, ends; George Pierce and Bobby Maxey, tackles; Calvin Storie and Buddy Hays, guards; Jimmy Smith, center; Pleasant Hill, George Hester, Stanley Benge and Junior Malouf, in the backfield.

The Tiger starters will be: Joe Tucker and Tom Smith, ends; Guy Gentry and Gene Moore, tackles; Ed Burton and Sam Burnett, guards; Jim Cherry, center; Tip Culver, John Smith, Ray Walters and Lawrence Morgan, in backfield.

Liver is a rich natural source of needed iron and vitamins. Beef and pork liver are just as valuable as calves' liver in this respect.

Antelopes Shuffled To High Interscholastic League Loop

Booster Club Plans Bonfire And Pep Rally

A large crowd is expected to attend the Antelope Booster Club meeting at 7:30 o'clock tonight and the bonfire and pep rally which is to follow. The meeting will be held in the grade school auditorium, and is open to the public.

Marshall Gibson, president of the club, said that it is important that all school students and as many adults as possible attend the bonfire and rally, which will be held in preparation for the traditional Thanksgiving football game between the Post Antelopes and the Slaton Tigers.

Carter Gene White and Alvin G. Davis, who will attend the National 4-H Club Convention in Chicago November 30-December 4, were interviewed, along with other boys and girls from the South Plains who are attending the convention, over Radio Station KSEL in Lubbock this morning at 11:30 o'clock.

The Post Antelope promoted from District 4-A and, to have competition with stronger schools like Littlefield, Levelland, Dalhart, O'Donell, and Tahoka.

The shuffle was Monday by the League setup in District A and shuffled into the state.

District 6-A this year, O'Donell, Slaton, Next year, Abilene, District 3 with Fritch, Ralls and Spur, which throw in the third quarter in the with the Antelopes mentioned in the new schedule.

District 6-A of 1948 include Colorado City, Dalhart, Snyder and Slaton. Brownfield, a former of District 1-AA, is in application for readmission to the higher loop.

Our Father, on this Thanksgiv-
ing Day, we give thanks for life
and all its blessings. Above all
we thank Thee for thy son, Jesus.
Support our lives by Thy grace
and continue to bless us, for
Christ's sake. Amen.

Noah Webster defines Thanksgiv-
ing Day as: specifically, in the
United States, a day set apart
each year by executive authority,
for public thanksgiving and praise
to God, and celebrated by religio-
us and social festivities, particu-
larly family reunions.

Our American Thanksgiving
Day began in 1621 and has since
been declared a national holiday.
We read David's declaration of
thanksgiving for the manifold
blessings he has received in
Psalms 18:3: I will call upon the
Lord, who is worthy to be praised;
so shall I be saved from mine
enemies. Psalms 18:49: There-
fore will I give thanks unto Thee
O Lord, among the heathen, and
sing Praise unto Thy name
Isaiah who had been ill and was
recovered thanked God for his
recovery and in Isaiah 38:19: he
said: The living, the living, he
shall praise Thee, as I do this day:
the father to the children shall
make known Thy truth. And in
Paul's first epistle to the Corin-
thians, verse 4, he wrote I thank
my God always on your behalf,
for the Grace of God which is
given you by Jesus Christ. Peo-
ple have always had thanksgiving
although it was not a certain day
of the year, but every day.

There will be a union Thanksgiv-
ing service at the First Bap-
tist Church at 10:00 a. m. Thurs-
day, The Rev. A. B. Cockrell
will preach the sermon. Every
one is cordially invited to attend.

Sunday evening at 6 o'clock at
the Church of Christ, the young
people will present a program.
The program is composed of a
Bible quiz, special songs, and a
dramatization of a Bible narra-

churches are urged to be present.

The Rev. Joe Norton is home
again and he will fill the pulpit
at the regular services of the lo-
cal Nazarene church Sunday. His

"The Hands of Jesus."

The Rev. Roy Clayton was
guest speaker at the Methodist
Church Sunday. He is a field
representative of the United Tex-
as Drys.

ter and J. Lee Bowen. The

Choir concert, under the direc-
tion of Dallas Alford. The con-
cert was held in the city auditori-
um.

STANDARDS LOWERED BY NAVY DURING TEMPORARY PERIOD FOR RECRUITING

Chief Verlin J. Hurst, U. S. Navy recruiter of Lubbock who comes to Post each Wednesday morning for conferences, has announced that the standards for enlistment in the navy have been lowered for a temporary period. He stated the situation, as follows:

"Color blindness is no longer disqualifying, and if your eyes are 2-20 but correctable or 20-20 with glasses you are acceptable. Additional rates have been opened up for ex-navy men. If you were discharged with most any of the left arm rates, you can go back with a rate regardless of how long you have been out."

"This offer only holds good until December 31, 1947, unless extended by the bureau. Those interested should contact me at the postoffice on Wednesday mornings."

Chief Hurst also explained that American defense and victory medals are still available to all ex-navy men who have not yet received them. Those wanting the medals should bring their original discharge and notice of separation to Chief Hurst.

Stop Soil Erosion the Whirlwind Way

Are soil erosion and loss of moisture cutting into the fertility and productive capacity of your farm?

There's no better way to put a stop to this damage than by using a Servis Whirlwind Terracer—the modern, economical machine for building terraces and drainage ditches.

Soil is thrown accurately as far as 20 feet with this powerful dirt-mover, at a height of 2 to 5 feet. And talk about speed... the Whirlwind puts up a mile of 24-in. by 24-ft. terrace in 10 hours!

Pull it with any farm tractor of sufficient power, in any type of soil, at regular plowing speeds. Available in two sizes. See us about the Whirlwind now.

"Our harvest being gotten in, our Government sent four men on fowling, so that we might after a more special manner rejoice together after we had gathered the fruit of our labours..."

Marry Young? Marry Old?

That's why I'm not worried about our younger married couples. They were raised in a country that respects one another's right—a country of tolerance and temperance (a lot of bridegrooms are ex-G.I.'s, and it looked to me like their favorite beverage was beer.)

From where I sit, it isn't when you marry that's important. It's the all-important spirit of tolerance and understanding that you bring to marriage.

No. 1 Slaughter Try Abandoned But Other Oil Prospects Go On

Oil activities in this area were reported last weekend, as follows:

The Plymouth Oil Company No. 1 Slaughter estate, 10 miles south of Post in section 32, block 2, T&NO survey, has been plugged and abandoned.

It topped the Ellenburger at 8,384 feet, on an elevation of 2,490 feet. The project was drilled to 8,400 feet and a drillstem test was taken with the packer at 3,384 feet.

The tool was open for one hour. Recovery was 5,200 feet of salt water, with no shows of oil or gas. The wildcat drilled on down to 3,125 feet, and operator ordered it plugged.

This was an old shallow hole above total depth of 4,506 feet, which was deepened in an effort to develop production in the Ellenburger.

Drillstem Test Taken

Humble Oil & Refining Company No. 2 Elkins, southeast step-out to the Polar field in southwest Kent county, and 1,980 feet from north and west lines of section 37, block 3, H&GN survey, was bottomed at 7,815 feet, in the Ellenburger topped at 7,783 feet, on an elevation of 2,347 feet.

A drillstem test at 7,785-7,800 feet, open for one and one-half hours, had a recovery of 210 feet of drilling fluid, cut with oil and gas. The bottom 2,550 feet of the drill pipe carried free gas.

The project drilled ahead to 7,815 feet, and a drillstem test was tried with the packer at 7,780 feet. The tool failed to open and there was no recovery. At the end of the week operator had conditioned the hole and was preparing to attempt another test to the total depth of 7,815 feet.

Making New Hole

Union Oil company of California and Cities Service Oil company No. 1-A Davies, northeast Garza county exploration to 9,000 feet, seven miles northeast of Post in section 7, block 4, K. Aycock survey, was bottomed at 3,481 feet in lime and anhydrite and had set an intermediate string of 8 5/8 inch casing at that point with 700 sacks of cement.

Operators will drill out the plug and start making new hole around the first of the week.

Rigging Up Tools

Ohio No. 1 Swenson Land and Cattle company, a slated 7,500-foot prospector in the extreme northeast corner of Garza county, in section 23, block 2, H&GN survey, was rigging up rotary tools and is expected to start making hole within the next seven days.

State Congress Of PTA Installs New Officers

The 39th annual convention of the Texas Congress of Parents and Teachers in Galveston closed last Friday with installation of officers and the passage of resolutions. The Associated Press reported that the delegates voted:

1. To support Texas officials in efforts to retain state title to potentially oil-rich idlelands.
2. To urge state officials to eliminate any gambling or drinking at high school football games and other interscholastic League activities.
3. To extend the Texas Congress health program to include physical checkups of all children through grade school and high school and to institute an immunization program for diphtheria, typhoid and other communicable diseases.

Mrs. J. H. Moore of Deport was installed as president, succeeding Mrs. E. H. Becker of Brenham. Other officers included: Mrs. H. G. Stinnett, Jr., of Plainview, first vice president; Mrs. T. J. W. Shoemaker of Fort Worth, recording secretary, and vice president of Region Eight (Districts 14 and 16), Mrs. H. F. Godeke of Lubbock.

No delegates from the Post High-Elementary Parent-Teacher Association were able to attend the convention, the president, Mrs. Tom Bouchier, said. The local association is in District 14.

TED FIO RITO DIDN'T GET TO COME TO POST BUT HE WAS WILLING

Office personnel of the Post Chamber of Commerce was surprised to receive a telegram late Saturday saying that Ted Fio Rito and his World Famous Dance Orchestra was available for booking here on November 23 and 24.

This was because Fio Rito's engagement in Lubbock had to be canceled because of a fire ordinance law regulating use of the auditorium where the band was to play for the usual price of \$1,000 per night.

In order to avoid a complete financial loss, the band and its "sensational floor show" were offered to Post for \$295.

The Chamber of Commerce had to ignore the offer because it had less than 24 hours in which to find a dance hall large enough to house a crowd big enough to raise \$295 plus other expenses and in which to get word of the event to enough prospective customers, Secretary Sherrill Boyd said.

SOCIAL SECURITY MAN TO BE HERE ON DEC. 3

Elliott W. Adams, Social Security Administration representative, will be at the local Post Office at 2 p. m. Wednesday, Dec. 3, for the purpose of answering questions on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

Some employees who have moved and who have lost their social security account number cards seem to think it is compulsory to secure a duplicate card from the office where they secured the original. The facts are that any field office of the Social Security Administration will be glad to accept an application for a duplicate and thereby save the applicant time and expense in wiring or writing back to the office where the original was issued, Adams announced this week.

So who not celebrate. A Military review was staged and there were games of skill and chance and for three days the Pilgrims and their guests had themselves a time.

Of course, although not on the menu, some wild turkey might have been served during those first days, for any type of food was welcome. Legend, not history, says that the company enjoyed some of the long-legged turkeys whose speed on foot in the woods constantly amazed the Pilgrims.

And there were cranberries by the bushels in neighboring bogs. It is doubtful, however, if the Pilgrims had yet conceived a happy use for them.

Nor was the table graced with a later and even more felicitous invention—pumpkin. The celebration, according to Mr. Willson, was a big success, warmly satisfying to body and soul alike, and

We stand on the threshold of another Thanksgiving Day. Our grain is garnered from our fields, fruit from our rich orchards. After years of war, our land is still ours, unscarred, beneficent. Our children are well fed.

Few of us are intimate with hunger. But to the people of many lands, hunger is a constant companion.

In the midst of our bounty let us all over the land give thanks. HAPPY THANKSGIVING holiday!
