"THE GATEWAY TO THE PLAINS"

NUMBER 30

Extension News

Every hour's labor on the farms is valuable this year when it is scarce and farm leaders are hoping that there will be a reduction in the number of farm workers who are annually overworked by heat exhaustion and sun stroke, says E. C. Martin, State chairman for the Farm Safety program, and Assistant State Agent for the A & M College Extension Service. National Farm Week is set for July 22-28.

According to the National Safety Council, heat exhaustion and sun stroke are two entirely different things, although both seem to result from exposure to high external heat. It is easy to tell one from the other. With heat exhaustion the skin is cold and clammy, while with sun stroke the skin is hot and dry," Martin said.

A simple rule may serve as a guide and avoid confusion regarding treatment," states Mr. Martin. "If it is this; If the patient feels hot, make him warm; if he is hot, make him cool."

In case of sunstroke, place the patient in a cool shady spot, remove tight fitting clothing, place back with head and shoulders down. Place ice cold towels on the head, and cool the body gradually with a cool bath. Call a doctor immediately, and administer cool drinks if the patient is conscious.

The following measures are suggested by the National Safety Council to prevent heat exhaustion among farm workers: Avoid alcohol and ice water; drink cool water or lemon or other citrus juices; eat vegetables and fruits; eat easily digested foods; wear light clothing; avoid overexposure to the sun; get plenty of rest; replace body salt, lost through perspiration by salting drinking snits water, or by salt tablets; and keep the skin covered.

Leaf Hoppers ... are to the extremely mild for all kinds of insects are abundant now. Grape Leaf Hoppers are extremely prevalent now, and are beginning to do quite a damage. The leaf hopper is a reddish colored insect about eighth inch long and about half as wide. It is very active, and if the vines are disturbed it will fly quickly. This hopper will attack several garden vegetables and do great damage. The hopper is easily controlled by spraying the vines thoroughly with a spray made up with 50 parts water, and one half part of a solution of DDT.

Grain Harvest 95% Over ... Recent information from J. B. ... Farm Labor Field Assistant ... indicates that the grain harvest in Texas is complete, and that there is need for combines or harvesters in Kansas and Oklahoma will need any more combines. ... Nebraska will need a few combines by July 15, but their needs are limited. ... South Dakota will need out-of-state combines.

Bunk Floyd To Receive Special Work In Morocco

North African Division, ATC, Casablanca—The military career of S/Sgt. Burnice Floyd, son of Mrs. Lula V. Floyd of Post, was advanced still further when he was named to receive specialized training at the North African Air Transport Command Division's Non-Commissioned Officers' School at Pedala in French Morocco.

Sgt. Floyd was one of the hand-picked upper-grade non-commissioned officers selected from throughout the vast North African Division to attend the school which is housed in a pre-war resort hotel where the wealthy of France and Morocco spent their holidays.

The personal project of Brigadier General James S. Stowell, Commanding General of the North African Division, ATC, the school's enrollment is limited to men who have "graduated with distinction" from base unit schools throughout the Division.

Purpose of the school is to offer top men of NAFT-ATC instruction in preparing them for the Division's military mission in moving a total war half-way around the world to Pacific and Asiatic mainland. In addition they are given a course of study designed to bring about an understanding of the people among whom NAFT personnel may find themselves living.

The school, first of its kind in the entire global Air Transport Command, combines formal instruction in current events, an analytical study of world conflict, post-war problems, military customs and traditions, and supervisory and competitive sports.

Following graduation from the NCO school, Sgt. Floyd returned to his duties at the ATC base at Marrakech where he is assigned as NCO in charge of fuel control. The sergeant's wife, Mrs. Zelma N. Floyd and their two-year-old daughter, live in Lubbock while he is serving overseas with the ATC.

Governor Predicts More Beef This Fall ... Austin, July 10—Texas' ranchman Governor Coke R. Stevenson predicted today that there will be more beef on tables this fall as a result of changed regulations. Stevenson endorsed as good common sense the reported plan of U. S. Secretary of Agriculture Anderson to permit unlimited slaughtering.

CECIL THAXTON IMPROVING BUILDING FOR CLEANING PLANT TO OPEN SOON ... Cecil Thaxton has announced that he expects to open a cleaning and pressing establishment here the first of August. The building, bought sometime ago and occupied until a few weeks ago by the Buffalo Club (pool hall), is being repaired and put in condition for the new business. Plate glass windows across the entire front are being added. The interior of the building is also being painted.

Military Leaders Discuss Postwar Policy

WASHINGTON, D. C.—The Army chief of staff and other top-ranking military leaders above appeared before the House postwar military policy committee and urged Congress to establish compulsory military training without delay. Shown during the hearing are (left to right) Fleet Admiral Ernest J. King, Chief of Staff Gen. George C. Marshall, Rep. Clifton Woodrum, chairman of the committee, and Gen. Alexander Vandegrift, U. S. Marine Corps commandant.

U. S. Casualties Now Are 1,036,937

Washington—American Army, Navy and Marine Corps casualties through Thursday, July 7, totaled 1,036,937 dead, wounded, missing and prisoners.

This was an increase of 6,258 over the previous week. United States Army casualties were reported as follows: Killed, 191,684; wounded, 566,117; missing, 38,343; prisoners, 115,253—a total of 911,397.

Of the wounded, 342,869 have returned to duty and of the prisoners, 92,080 have been listed as exchanged or returned to military control.

Two Garza Boys Have Job Of Keeping Bombers Ready

The job of helping keep America's giant bombers in fighting trim for the aerial assaults is the part two Garza boys are playing in the war program.

Pvt. Weldon G. Rogers was graduated this week from the AAF Training Command basic airplane and engine mechanics course at Keiser Field, Biloxi, Miss. and Pvt. Dalton D. Lightfoot was enrolled in the same course. Rogers is the son of Mr. and Mrs. John P. Rogers of route 2, and Lightfoot is the son of Mr. and Mrs. L. L. Lightfoot of route 1.

The course just completed by Rogers and just begun by Lightfoot extends over a 76-day period during which time instruction and actual experience in aircraft maintenance is given. The training program includes in addition to aircraft maintenance, basic fundamentals, instruction in airplane electrical systems, structures, fuel oil systems, propellers, instruments, hydraulic systems, engine operations and basic airplane inspection.

Two Ball Games Scheduled For Sunday Afternoon ... An announcement of interest to baseball fans in Post is that made by White Graham. A fast baseball game is scheduled to be played here Sunday, July 15, at 4:00 p. m. between the White's Cafe team and the O. K. Garage team of Lubbock.

William Ingram, Liberated POW, Arrives Home

Flight Officer William Ingram who was a German prisoner of war for sixteen months arrived in Post a few days ago for a 60 day's leave. He and his wife, former Margeline Wright, are now visiting his mother in Hobbs, New Mexico, while his step-father, who is also a member of the armed forces is there on leave. He arrived in the states on June 25th after being liberated from Luft No. 1 or Barth camp in Germany. He reports to San Monica, California when his visit here is terminated.

Ingram, a bombardier, was shot down over Gerulag soon after being assigned to overseas duty. Over 10,000 prisoners were interned in the Barth camp. Many harrowing experiences took place there and in camps near by in that particular area of Germany.

The Ingrams will return to Post in a short time and will visit in the home of Mr. and Mrs. Will Wright.

Mrs. Neil DeLaven, the former Kitty Fairer, spent a short time in Post last Wednesday while en route to the Stamford rodeo. She was accompanied by her husband and friends. The DeLavens moved from Oceanside, California, last week to Lubbock.

Mrs. Ina Connell spent a week with her sister, Mrs. W. E. Dent, and her brother, Charles Morrow. She returned Friday to her home in Fort Worth.

New Mailing Regulations

The Dispatch has received the following instructions from the Branch Office of Public Information, Eighth Naval District, Dallas.

"Facing gigantic mail problems the Navy is putting into effect regulations restricting the mailing of newspapers and magazines to Navy, Marine, Coast Guard personnel overseas. Beginning July 1, 1945, post offices will accept only publications that are requested in writing."

This order removes quite a number of subscribers from our mailing lists. Parents and wives who have ordered the paper sent to their sons or husbands serving in the Navy, Marine, Coast Guard, should procure signed orders from their sons or husbands for the paper and file it with the Dispatch.

Unexpired Term Of Late D. W. Parsons To Be Filled By Wife

Mrs. Alice Parsons was named commissioner for Precinct Two to fill the unexpired term of her late husband, D. W. Parsons, who passed away last week.

The appointment was made when commissioners met in session at the commissioner's court room on Monday morning. Lee Bowen, county judge, made the announcement to the Dispatch immediately following the meeting.

Mr. Parsons was serving his second term as commissioner. Other matters of business were completed following the appointment of Mrs. Parsons.

Jack Samson Is One Of Hospital Train Unit Personnel

Jack Samson is traveling all over the United States as a member of the Service Command Unit, a Hospital Train Unit that evacuates wounded men from ships to hospitals near their homes. General headquarters are at Letterman Hospital in California.

The hospital unit was activated last July. The unit is responsible for providing personnel and property for the specially designed hospital cars which transport the wounded men to various inland hospitals near their homes. On these cars there are sleeping accommodations for 32 patients, a separate compartment for the medical department personnel, a roomette in each car for the doctors and nurses, shower bath, etc.

A hospital train is in reality a mobile hospital and as such requires a medical staff. The train commander is usually a Captain in the Medical Corps. He is assisted by several military officers and five or six army nurses with 50 or 60 medical detachment enlisted men who act as train attendants.

The train is so organized that individual coaches may be dropped off at division points to provide on their own or attached to other trains until the destination is reached. The train commander accompanies the train to its final destination, personnel assigned to individual cars can stay with the car and return when the patients have been detained. One of the features which adds interest to a train trip is the possibility that the train, any of the coaches or all of the coaches, may be ordered to proceed to other hospitals to effect transfer of patients from the East to the West coast. So, when a doctor or a nurse or a corps man leaves Letterman en route to a designated hospital in the East, there is no guaranty of his speedy return. The exigencies of the service may send him from San Francisco to New York from New York to Charleston, etc.

Million Dollar Rain Falls Over West Texas Area

Long over-due rains hit Garza county Sunday night. Precipitation ranged from one inch to six inches over the county. A torrential downpour of six inches was reported from the Verbena community. The lowest precipitation of one inch was reported in the town of Post. Pleasant Valley reported about three inches. Calgary 2.15 of an inch, Justiceburg 1.25, Clairmont 2 inches.

With the exception of a few scattered showers and light rains of last week in the northwestern part of the county, this is the first rain of any value to be recorded here this season.

This most beneficial rain will carry the Garza crops through and will be of untold benefit to the few acres of cotton that survived the hot weather.

Rains which were general over this section will assure farmers a good crop of feed. Ranchers who were distressed over the lack of water in tanks are sighing with relief as most tanks received some water. One rancher declared the rain was worth a million dollars. He said it would not only help the stock tanks but would put the range land in excellent condition.

Heavy clouds and low temperatures are reported from various points of the area. It is believed this section will receive more rain in the next few days.

Former Post Boy Naval Casualty

Relatives received word here on June 30 that Ralph Shelton, MO-32, was drowned in the service of his country in New Guinea.

Ralph is the son of Mrs. C. F. Sanders, who now lives at Broadview, New Mexico. She and Mr. Sanders formerly resided in the Close City community.

In the Navy a year and a half, Ralph had served overseas one year. He attended school at Close City and has many friends in and around Post. His brother, Wilbur, is a fireman in the Navy and is stationed now at Camp Crowder, Missouri.

A step-brother, Carroll Sanders, had left Post a few days ago to return to his ship after a 30-day leave with his family. On receiving the message about his step-brother Carroll returned to Post on a 10-day emergency extension.

Womanless Play Is To Be Sponsored By Post Lions Club

Rehearsals are underway for "Pep Parade," a womanless play being sponsored and presented by Post Lions club members. The play is to be presented on July 19 and 20 at the High school auditorium. An all-male cast is being featured.

The play is under the personal direction of Miss Clarinda Roark of Kansas City who has had much experience in this type of work. Miss Roark states that she is greatly pleased with the cast and anticipates one of the finest shows she has ever directed. All club members received directions with much enthusiasm, the director asserted.

A called meeting was held by the club Monday night and plans were completed for the presentation.

The cast was selected at the Monday night meeting. A synopsis of the fun-filled play and members of the club who will take part are as follows:

Hugh Belvina plays the part of Gusie Peck who "rules the roost" in the Peck household including her husband, Henry, played by Dick Wood and daughter, Judy, played by Elmer Long.

Gusie has her heart set on Judy marrying Keith Trevelyan, Bake Robinson, Jr., whom she fondly refers to as a banker although in reality he is only a clerk, but Judy is determined that the one in her life shall be Tommy Meadows played by Ralph Carpenter, who lives next door and is studying at the Ag. College.

Lester Presson as Aunt Mattie Hotchkiss throws the "monkey wrench" into the works however, when she arrives, enriched by the death of her husband and succeeds to take over. There's only one trouble. That is, Aunt Mattie has a mania for phony fortune tellers and at present is in the clutches of Madam De La Claire played by Will Scarborough and is about to invest her money in fake oil stock.

To prevent such a catastrophe Judy and Tommy decide to do something about it with Tommy emerging as a "foot-ologist" who tells fortunes by reading the soles of the feet.

That's all right with Wenew Meyerson who as Hortense Johnson the Swedish maid is looking for a man and consults with Tommy as Professor Medwick. Bud Rosella, the colored cook, portrayed by George Barber, wants no part of any fortune teller and doesn't hesitate to say so.

So it's Tommy Meadows' all dressed as the famous Russian footballist against Madam De La Claire in trying to tell Aunt Mattie how to invest her money. What a mix-up! What a situation! And to complicate matters, Dr. Dora Deigman, a lady chiropractor, played by Walter Crider who is slightly deaf, arrives to treat her patient.

But it's all well that ends well, and it does and well.

According to advance notices, "Pep Parade" is a riot of comedy and entertainment and it promises to be just that here in Post.

Rev. Guy Ament Is New Pastor of First Christian Church

Rev. Guy L. Ament of Clarendon, Texas, has been selected as pastor of the First Christian church of Post. Rev. Ament will fill the pulpit for the first time on Sunday, July 15th, for both the morning and evening hour.

He will serve the local church as pastor two Sundays each month, dates of which will be announced later.

The public is invited to hear the new pastor.

SGT. DAN ALTMAN BACK IN STATES

Mrs. Dan Altman was elated to hear her husband's voice last Friday morning when he called her about 4 a. m. from Florida to tell her he had flown to the States from Italy.

He thought it would be about a week before he would be home. Mrs. Altman was informed Wednesday that Dan would be here Friday.

 brought to the attention of the
 management.

Entered at the Post Office at
 Post, Texas, as second class mail-
 matter, according to an Act of
 Congress, March 3, 1879.

Theodore Roosevelt had this
 legend on his White House desk:
 "The value of a smile—costs nothing—
 but creates much. It is rest to the
 weary—daylight to the discouraged—
 sunshine to the sad—and nature's best
 antidote for trouble! Yet—it cannot be
 bought, begged, borrowed or stolen—for
 it is something that is no earthly
 good to anybody—until it is given
 away." —Exchange

A Bible and a newspaper in
 every house, a good school in every
 district—all studied and appreciated
 as they merit—are the principal
 support of virtue, morality and
 civil liberty. —Franklin

**Your Mutual
 Minute of Prayer**

By
WILLIAM K. APPLEBERRY
 Minister, Brookside Baptist Church
 Oakland, California

Let us pray:
 Our Heavenly Father, reverently we
 pause before Thee in the spirit of prayer
 and supplication. We pray for the weak;
 the suffering; the discouraged; and all
 who sorrow. May wars cease and a
 golden era of peace descend upon the
 earth. May the hatred in human hearts
 be changed into love. Teach us once
 again the supreme value of spiritual
 things and guide each one of us on our
 holy walk of life. In Jesus' name.
 Amen.

MAN WANTED

Wanted—A man for hard work
 and rapid promotion; a man who
 can find things to be done without
 the help of a manager and three
 assistants.

A man who gets to work on time
 in the morning and does not imperil
 the lives of others in an attempt
 to be the first out of the office
 at night.

A man who is neat in appearance
 and does not sulk for an hour's
 overtime in emergencies.

A man who listens carefully
 when he is spoken to and asks
 only enough questions to insure
 the accurate carrying out of in-
 structions.

A man who moves quietly and
 makes as little noise as possible
 about it.

A man who looks you straight in
 the eye and tells the truth every
 time.

A man who does not pity him-
 self for having to work.

A man who is cheerful, cour-
 teous to everyone and determined
 to "make good."

This man is wanted everywhere.
 Age or lack of experience do not
 count. There isn't any limit, ex-
 cept his own ambition, to the num-
 ber or size of the jobs he can get.
 He is wanted in every business.

—Exchange

"Technological improvements,
 no matter how meritorious, can
 accomplish little unless somewhere
 there is someone willing to invest
 his dollars in installing the im-
 provements which the inventors
 devise. And that hardheaded fel-
 low with the dollars is willing to
 spend them in that way only when
 and where he sees a reasonable
 chance of getting his money back
 and of earning a profit." —Robert
 S. Henry, Association of American
 Railroads.

No man is ever cheated out of
 an honorable career unless he
 cheats himself. Believe in your-
 self. Do your work the best way
 you know how and you will not be
 cheated—your efforts will bless
 all who come in touch with you.
 —Emerson

The fine and noble way to
 destroy a foe is not to kill him;
 with kindness you may so change
 him that he shall cease to be so.
 —Ateun

The sun is an emblem of cheer.
 As it rises in the East and floods
 the earth with warmth and beauty,
 so should the sun of cheerfulness
 ever be in the hearts of us human-
 ans to help brighten the lives of
 others. —Exchange

**WAR BONDS
 in Action**

Official U. S. Navy Photo
 Check-up. Mechanics go over SOC
 scout bi-plane after mission over
 Jap territory. War Bonds pay for
 parts and equipment needed to keep
 these air fighting 'eyes' in con-
 dition for service.
 U. S. Treasury Department

DON'T TIP OFF THE JAP

The Office of War Information
 has reminded the American peo-
 ple that we are still at war with
 a clever and dangerous foe, Jap-
 an, and asks people not to write
 or talk about the movement of
 American troops, ships, air units
 and navy vessels being deployed
 against the Japanese.

The warning is timely. Most of
 us have grown careless in conver-
 sation and text. Now more than ever
 the obligation of keeping military
 secrets falls on every citizen. A
 careless word spoken here or
 there, or put in a letter, or printed
 in a newspaper or magazine,
 might do untold damage to our
 Pacific forces—might even cost
 the life of the careless person's
 loved one.

One of the surest things in this
 world is that Japan has her spies
 in this country, always on the
 prowl for useful information. They
 might be Japs, Germans, Italians
 or almost any other nationality—
 even traitorous Americans.

Don't talk carelessly. Keep your
 lip buttoned up.

There's a war on.
 —The Fort Worth Press

Army planes now can lay tele-
 phone wire. In a recent test a
 twin-engine transport plane laid
 16 miles of army telephone wire
 in a little more than six minutes
 over rough wooded slopes with
 elevations between 1500 and 500
 feet.

The idea of using a cross in
 place of a signature dates back to
 early medieval times.

**Sidelights
 from Washington**

By **GEORGE MAHON**

On all sides one hears comments
 to the effect that President Tru-
 man has got off to a good start as
 President. He is friendly, and he
 would not know how to be ar-
 rogant or aloof. There has prob-
 ably never been a more informal,
 down-to-earth, friendly sort of
 fellow in the Presidency than
 Harry Truman.

Most people in public life have
 referred to former Presidents as
 Mr. President or Mr. So-and-So.
 Even President Roosevelt was
 generally called Mr. President or
 Mr. Roosevelt by his associates in
 public life. But scores of men in
 public life call President Truman
 by his first name, Harry. It seems
 to fit in perfectly with the man.
 He appears to think of himself as
 just an ordinary fellow with a big
 job to do and who needs a lot of
 people to help him.

He was extremely well received
 when he appeared before the Sen-
 ate last week to deliver the United
 Nations Charter. The Senate has
 been consulted from the beginning
 of the proposed plan, first by
 President Roosevelt and later by
 President Truman, and the ground
 work for favorable Senate action
 has been well laid.

Speaking of President Truman's
 informality, on the first occasion
 when he addressed a joint session
 of Congress, he forgot to wait un-
 til Speaker Rayburn presented
 him before proceeding with his
 speech. He was about to do the
 same thing on the next occasion,
 when Speaker Rayburn whispered
 audibly, "Hold on, Harry, let me
 introduce you!"

Not long ago I had occasion to
 call on President Truman at the
 White House. He had on a blue
 shirt and was in his shirt sleeves.
 With complete informality, he be-
 gan the conversation by inquiring
 about the conditions in Lubbock,
 recalling his visit there last year.

Of course, the President has a
 hard road ahead of him, but all
 our people wish him well, particu-
 larly in the field of foreign
 policy and in his capacity as Com-
 mander-in-Chief for the knock-
 out blow against Japan.

Are you downcast and discour-
 aged? Try doing good to someone
 who needs help, courage, cheer.
 You will be surprised at the men-
 tal uplift it will bring you. You
 may never know the encourage-
 ment such kindness gives to the
 struggling soul. The highest wor-
 ship of God is doing for others.

**LET'S REVERSE SCARCITY
 PHILOSOPHY**

After reading the statistics and
 arguments relating to various
 phases of rationing and price con-
 trol in the United States, one
 comes to the inevitable conclusion
 that the job of telling each family
 what it can eat and wear, and
 each farmer and manufacturer
 what he can produce, involves
 over-all planning of interlocking
 details that would stagger even
 the creator of all things.

The effort to make all phases
 of production and retailing a mat-
 ter of statistics, has become a job
 beyond the conception of man.
 The factors that went into past
 production and selling costs, may
 have little or no bearing today
 because of entirely changed con-
 ditions that fact producers and re-
 tailers. The confusion and short-
 ages which the consumer faces
 on every hand do not mean that
 the idea of rationing is unsound,
 but they do mean that incentive to
 produce and sell in too many cases
 has been stifled by red tape.

Quoting statistics alone will
 not fill the bread basket. There
 must be developed in this coun-
 try a friendly governmental at-
 titude toward producers and retail-
 ers. Cooperation must be a two-
 sided affair. It is all right to hold
 down prices, but when necessary
 there must be a quicker adjust-
 ment in the cost of producing and
 selling.

Instead of perfecting plans for
 more rationing of scarcities, why
 not put more emphasis on adopt-
 ing policies which will produce
 plenty?

**Gems Of Thought
 PRAYER**

Prayer is not overcoming God's
 reluctance; it is laying hold of His
 highest willingness. —Trench

Remember, whatever warrant
 you have for praying, you have
 the same warrant to believe your
 prayers will be answered. —J. Phillips

Let not him who prays, suffer
 his tongue to outstrip his heart,
 nor presume to carry a message
 to the throne of grace, while that
 stays behind. —South

The prayer that begins with
 trustfulness, and passes on into
 waiting, will always end in thank-
 fulness, triumph, and praise.
 —A. Maclaren

Who rises from prayer a better
 man, his prayer is answered.
 —George Meredith

In January, 1945, Texas oil
 fields produced 2,137,000 barrels
 of crude oil daily.

"Thunderhead-Son of Flicka" At Garza Monday - Monday

of the greatness that was "Friend Flicka," a grander with even greater heart, "Thunderhead-Son of Flicka," the brilliant 20th Century-Fox's brilliant color film of "Thunderhead-Son of Flicka," based on O'Hara's best-loved, best-selling story, plays Sunday and Monday at the Garza Theatre. With Roddy McDowell, Preston Foster and Johnnie Johnston heading the cast and the picture being the most spectacular out-door production of the year, the film is being acclaimed as a truly thrilling adventure, a magnificent and wonderful anything yet screened.

sequel to "My Friend Flicka," "Thunderhead-Son of Flicka" tells the story of Ken McLaughlin, the wistful, sensitive boy who has horses, Rob McLaughlin, his father, and Nell, the sister of the family, on from its sensational success—screen predecessor left off, Roddy McDowell, Preston Foster and Rita Johnson playing original roles in which they

NOTICE

The Garza County War Price and Rationing Board will be closed on Saturday afternoons.

Mrs. Brode Puckett, the former Wynona Chaney, was a week end guest of Mrs. Kenny Cash and Mr. Mrs. S. M. Puckett, Sgt. Puckett, who is with the Intelligence Division of the Army Air Corps, is stationed in Muroc, California. Mrs. Puckett is making her home in Lubbock.

won such tremendous acclaim. The picture's tremendously exciting action sequences take place against the breath-takingly beautiful settings of America's colorful Western mountain ranges. Famed Bridal Veil Falls and the rugged Oregon gorges are the scene for much of the film. For the first time in motion picture history, Utah's fabulous Bryce Canyon is seen in all the colors of the spectrum. The impressive grandeur of Zion National Park spreads out in a panorama of varicolored majesty. Fantastic formations of Red Rock Canyon and Cedar Breaks National Monument are back-grounds for the picture's stirring climax. All this beauty is used to heighten dramatic effect, and makes "Thunderhead-Son of Flicka" a spectacle of eye-filling splendor.

THE PEACETIME JEEP IS HERE!

The unique balance of power, weight, size, four-wheel drive, dependability and ruggedness which characterized the famous military Jeep, have been adapted for peacetime service by Willys-Overland Motors. The new postwar Jeep, just unveiled to the public, combines the basic functions of tractor, light truck, mobile power unit and passenger conveyance. The pictures above show some of the new Jeep's many farm applications: harrowing, wood, pulling a trailer load of baled hay, plowing and digging holes for fence posts.

Legal holiday work shall be paid for at the regular governing rates.

100,000 POW's Help Harvest Farm Crops

Washington—The War Department will provide prisoners of war for labor on American farms in the peak autumn harvest season, according to the Agriculture Department.

This will be 15,000 more than called for under an agreement between the two departments covering prisoner labor available to farmers for the period up to Aug. 1.

The increase under the new agreement will go largely to New England, Mid-Atlantic and Great Lakes states. The maximum number of prisoners who will work on farms will be reached in October and the first half of November.

Mr. and Mrs. O. B. Redman and two daughters of Amarillo were guests of Mr. and Mrs. Raymond Redman last week e. l.

Southland News

Mrs. Floy King, Correspondent

Everyone is invited to hear Rev. Dial who begins his meeting at the Church of Christ on Friday night, July 13, through July 22. Those visiting Rev. and Mrs. E. C. Armstrong Sunday were the J. B. Robertson.

Mr. and Mrs. Don Pennell and children and Mr. and Mrs. A. A. Ferguson visited their parents, the J. P. Howards, of Post Sunday. Others present were the George Sartain family and Robert Sartain, Mrs. Jack Bishop and son and Mrs. Cedarholm.

Among those that went to Buffalo Lake Sunday were Mr. and Mrs. Wesley Donohoo, Lewis Donohoo and boys, Mrs. Dozier and daughter and Lena Mae Samples.

Among those attending the funeral at Post Tuesday for Arthur Dickson were Mr. and Mrs. Arville Ferguson, Mr. and Mrs. Grady King, Mrs. Don Pennell and Mrs. Edd King.

Mr. and Mrs. R. R. Jones had their children all home for dinner Sunday. They were Mr. and Mrs. Bob Jones; Mr. and Mrs. Buford Jones, Mrs. John Leake and family, Mrs. Heywood Basinger and family and Mrs. Gladys Hafer and children of Vernon. Those present besides the family in the afternoon were Mr. and Mrs. C. H. Price of Vernon, their two granddaughters, Onid and Lucille and Georgie Charlene Carpenter of Earth, Texas, Mrs. A. P. Guthrie and son George of Lubbock. All these afternoon visitors accompanied the Leake's home in the late afternoon.

Lavonne Ferguson has returned home after an extended visit with her aunt in Amarillo.

The R. B. Loveless family of Cooper spent the week end with her parents, the L. Collinsworths.

Mr. and Mrs. Herman Whited and son of Odessa have returned home after a week's visit here with her mother, Mrs. Annie Landers, and his parents, the J. L. Whiters.

Those visiting the S. M. Truelocks Sunday were her two sisters, Mrs. Odum and Mrs. Carleton of Post.

Mrs. Phillips of Slaton spent the 4th here with her son, Millard

Phillips, and family.

Mrs. Dave Draper and children of Slaton and Mrs. Pauline Childress spent Saturday night with their parents, the W. W. Gillilands.

Elton Truelock spent the week end with his sister, Eva Faye of Lubbock.

Capt. Jack T. Martin of Lubbock, son of Mr. and Mrs. Sam Martin of near Southland, is assigned to the supply and maintenance department at Tanapah Army Air Field, only 4th Air Force B-24 combat crew training station in Nevada. Capt. Martin's wife lives at Lubbock with her mother, Mrs. Edwards.

Mr. and Mrs. Edd Martin received a telegram from their son, Roy S. (Ding) Martin, saying he was up for sea duty now after about seven weeks hospitalization.

Pvt. Lee Roy Voigt reported back to the hospital in Oklahoma July 7.

Mrs. Nettie Kellum has a new grand-daughter, Sharon Linda, born July 1. The proud parents are Mr. and Mrs. Huley (Pete) Kellum.

Those visiting the Oscar Barkleys Sunday were Mr. and Mrs. Carlos Barkley and three daughters and Mary Frances King.

Mr. and Mrs. L. K. Anderson and children returned Wednesday from their trip to Olney, Wichita Falls, and Stamford.

Mr. and Mrs. Albert Basinger of Lubbock visited his parents the Basingers Sunday. Mrs. Basinger has not been as well as usual the last few days.

Mrs. Flora Truelock and children visited Mrs. DeBunk and children Saturday evening.

Mrs. Juan Reyes is still in the Mercy hospital in Slaton.

Ronald Amundson is presumed to have met his death in the Arctic wastes on the night of June 18, 1928, at the age of 56, while searching for the Noble Expedition.

CRIME CLUES

Can You Name This Villian?

by Karl Swenson "Father Brown" on MRS

In 1888, the city of London was terrorized by a series of the most gruesome, impudent and extraordinary murders in the history of the world.

The killings were all committed in the notorious Whitechapel District. The victims were always middle aged women of questionable morals. The butcherer murderer always used the same business-like methods, slipping up behind his victims in dark alleys, street corners or lonely rooms and slitting their throats.

For over three months the phantom murderer went nonchalantly about his ghastly work, leaving a trail of mutilated bodies behind. Experts agreed that the killer had a professional knowledge of the human anatomy, but even Scotland Yard failed to uncover the slightest clue to his identity.

Years later, in Buenos Aires, a Dr. Stanley told an amazing story before he died of cancer. His son, dying because of the duplicity of some young lady of questionable virtue, the doctor swore vengeance on all such women. He claimed he was the long-sought killer known as:

1. Blackbeard
2. Rosputin
3. Jack the Ripper
4. Landrean

ANSWER: Jack the Ripper

It takes ten inches of snow to equal in water content one inch of rain.

Karl Swenson "Father Brown"

CARD OF THANKS

We wish to thank our friends and neighbors for their many deeds of kindness and the sympathy expressed to us during our recent bereavement. Your thoughtfulness was a great comfort to us in our hour of sorrow. We also appreciate the beautiful flowers. May God bless each of you and spare your such tragedy. Mrs. A. J. Dickson and family

NEGLECTED "PINK EYE" MAY LEAD TO CANCER EYE

... BLINDNESS AND SLAUGHTER, AUTHORITIES SAY

Any breeder who says "Pink Eye is just a harmless infection that will go away by itself" is flirting with tragedy. Cattle are its only for slaughter when Pink Eye develops into Cancer Eye and Blindness. Play safe! At the first sign of Pink Eye, reach for the Security Pink Eye Solution bottle that has successfully treated more than 200,000 head of cattle. Names of top-flight breeders regularly using Security Pink Eye Solution read like the Breeder Blue Book. — Cameron Dutton, L. L. Fox, H. P. O'Quinn, Dennis O'Connell, H. H. Snyder, R. S. Thurman, Accomack Ranch and many others, U. S. Dept. of Agriculture shows that just cattle may lose one-third their weight in 30 days from Pink Eye. Young calves and lambs are particularly susceptible. Send today for Security Pink Eye Solution. Apply to agent or druggist. Money-back guaranteed if you're not completely satisfied. Get Security Pink Eye Solution today!

T/Sgt. James McNally Now Stationed At LAAF

Lubbock Army Air Field, July 5.—T/Sgt. James M. McNally, son of J. M. McNally of Post, is now stationed at LAAF where he serves as an airplane mechanic on a B-17.

Sgt. McNally returned in May from a tour of combat duty in Europe. He flew 34 missions as an engineer in a B-17, has been awarded the Air Medal with four Oak Leaf Clusters, and three battlestars on the theatre ribbon.

Dr. A. C. Surman who has been in El Paso in the home of his daughter, Mrs. Doyle Justice, and Capt. Justice, returned home a few days ago. Mrs. Surman who accompanied him to El Paso remained there for an indefinite visit.

Stanley Mathis Now In Burma

Mrs. Stanley Mathis heard from her husband this week for the first time in 49 days. The Post soldier, attached to the Army Engineers in the China-Burma theatre as a cook had been in a rest camp for 30 days he informed his wife. The Engineering group has seen some very rugged duty in that area and Stanley really welcomed the period of rest. He is the son of Mr. and Mrs. H. G. Mathis.

O. E. S. NOTICE

Members of the Post chapter of O. E. S. are reminded that Tuesday night, July 17, is regular meeting night. There will be an initiation.

Miss Freda Lemon To Marry T-Sgt. Poff On September 2

Mr. and Mrs. W. I. Lemon of Wilson are announcing the engagement and approaching marriage of their daughter, Freda, to T-Sgt. Doyle T. Poff, son of Mr. and Mrs. J. W. Poff of Wilson but formerly of Southland.

The marriage will take place on Sept. 2 in Pueblo, Colorado. After a trip to points of interest in Colorado, the couple will make their home in Great Bend, Kansas, where Sgt. Poff is now stationed.

Miss Lemon is a 1943 graduate of Wilson High school and for the past two years has been employed as assistant cashier at the Wilson State bank.

Sgt. Poff is a former student at Texas Technological college and was a member of the National Guard for a short time before transferring to the Army Air Corps. He returned last September from nine months overseas duty in the Mediterranean theatre.

Shower Is Given In Honor of Mrs. Opal Carmichael

Mrs. Opal Carmichael was complimented with a bridal shower on June 29. The lovely party was held in the home of Mrs. L. C. Hunt of the Grassy community. Guests assembled at 3:00 o'clock in the afternoon.

Many beautiful and useful gifts were presented to the honor guest after which a delicious refreshment course was served to the following: Mrs. Carmichael, and Misses Royce Dobbs, M. P. Smith, Wallace Smith, Melvin Hill, Mutt Graves, J. J. Wilks, Pippin, Hunt and Misses Alyne Francis and Mary Dell Pippin.

Many friends who were unable to attend sent gifts to the charming young lady who expects to join her husband at his parent's home in Indiana as soon as he returns from overseas. It is believed he is now en route to the United States.

The honoree expressed a most sincere "thank you" to those who made the occasion such a happy one.

FRISCILLA NOTICE

Mrs. H. G. Smith will be hostess Friday afternoon, July 13, at 3:30 to members of the Priscilla club.

Society - Clubs

Mrs. Bonnie Cearley, Society Editor, Phone 187J

Series of Parties Being Enjoyed By Visitors; Sub-Debs

A series of parties have been in progress by members of the Sub-Deb club. Additional gaiety was added to the affairs as two charming young out-of-town visitors have been included in the guest lists. The visitors, Miss Wanda Bedford of Weatherford, house guest of her aunt, Mrs. A. B. Haws, and Miss Jo Perry, granddaughter of Rev. and Mrs. I. A. Smith, have shared honors at the parties.

Mrs. A. B. Haws Entertains With First of Series of Parties

A party to introduce her niece to the Sub-Deb club members was given by Mrs. Haws last Thursday night. A pastel color theme was effectively used in table decorations to add an attractive note to the foursome tables from which a delicious fried chicken dinner was served. Centerpieces for the tables were arrangements of summer roses and petunias in pastel colored vases.

The following guests found their places by means of novel mirror place cards upon which their names had been written: the honor guest, the California visitor, and Misses Marian Edwards, Pat Morrow, summer guest of her aunt, Mrs. Ollie Weakley, Peggy Sue Robinson, Mary Robertson, Norma Hudman, Hazel Cash and Iris Parker.

Out-Door Party Given By Marian Edwards

The two out-of-town guests, Melba Miller and Sub-Deb members who attended the party in the home of Mrs. Haws were guests of Marian Edwards on Friday night when she was hostess with a picnic supper. The outdoor affair was held in the attractive back yard of the Edwards home and Mrs. Edwards served a picnic menu to the gay young ladies.

Following the supper the group attended the theatre as guests of Mrs. Edwards.

Iris Parker Was Hostess With Slumber Party

The same group of girls continued their round-the-clock festivities when they gathered at the home of Iris Parker for a slumber party following the show. Chatter and various forms of fun and eats filled the midnight and early morning hours before "slumber-time" finally was announced around 5:00 a. m.

A delicious two course breakfast was served at 10:00 a. m. the following morning by Mrs. Parker. A dainty springtime floral motif was used on the attractive breakfast table.

Mary Robertson Is Hostess On Sunday

Colorful zennias arranged in an attractive manner formed a very handsome center decoration for the table when Mary Helen Robertson was hostess on Sunday morning with a breakfast for the group at 10:00 o'clock. Places for the guests were marked by miniature place cards which carried out the chosen floral theme. Mrs. Robertson served a most appetizing three course meal to the guests.

Fun Day Enjoyed By The Group On Wednesday

A Dutch-treat fun day was thoroughly enjoyed on Wednesday when the group trekked to Lubbock by train in the early morning. Bowling, miniature golf, swimming, shows, etc., as well as luncheon and supper at favorite spots, filled the day. The group returned Wednesday night, tired but happy, over their many hours of informal fun the past few days.

Other such entertainments are being planned for the remaining summer days.

Miss Etta Mining and Hardy Storms Married Saturday

Miss Ben Etta Marie Mining of Southland and Mr. Hardy Storms of Bovina were married recently. The wedding took place at the Hackberry church on Saturday night. The bride is a graduate of Southland High school.

Melba Meeks and Net McGehee of Santa Fe, New Mexico, are visiting their parents. Mr. and Mrs. J. A. Meeks and Mr. and Mrs. Ben McGehee of Pleasant Valley community. The young ladies are telegraph operators. They served several months in Springfield, Mo. before being transferred to Santa Fe.

Wedding Date For Miss Nedra Jo Evans Revealed At Tea

The approaching marriage of Miss Nedra Jo Evans and Lieutenant Robert Donnell Foster, AAF, was revealed last Thursday, July 5, when Misses B. F. Evans and N. C. Quotlaw were hostesses for a tea in the Outlaw home.

Mrs. Outlaw greeted the guests and presented them to Mrs. Evans and Miss Evans, then to Mrs. W. C. McCelvey and Leroy Sims of Lubbock. Mrs. McCelvey is an aunt of the bride-elect.

The announcement was made by the inscription on the napkins, which read "Nedra 'n' Don—July 27, 1945." The wedding will be here at the First Methodist church at 9 o'clock p. m. Miss Evans has not announced her attendants.

Miss Wynona Sims of Lubbock and Miss Martha Ray Roach presided at the table, which was decorated in a quaint combination of colonial and military themes. On the lace cloth was laid a huge V of red, white and blue ribbons. The centerpiece was formed of a beautiful nosegay of Shasta daisies on a round reflector. Extending from this were tiny, pale blue ribbons held out by bluebirds, for happiness. White tapers burned in crystal holders at each corner of the table. Tea was poured from a silver service and served with cakes and salted nuts.

L. Foster's picture was displayed at the registry table where Mrs. John Sutton secured the names of the callers.

Musical selections, both vocal and piano, were rendered by Miss Jo's Joy Parker and Mrs. Weldon Jobe.

Shasta daisies were the featured flowers, bouquets of them being arranged throughout the entertaining rooms.

Sixty-five guests called during the hours from 4:30 till 7 n. m.

Miss Evans is the charming and accomplished daughter of Mr. and Mrs. B. F. Evans and was reared in Post. She graduated from High school and attended West Texas State College. The past year she taught in High school here.

L. Foster is the son of Mr. and Mrs. R. E. Foster of Canyon. He is a graduate of West Texas State College with a B. S. degree. He is stationed at present at San Marcos Army Air Field.

R. P. Tomlinsons Showered by Fellow Church Members

Mr. and Mrs. R. P. Tomlinson were honored last week when members of the First Baptist church showered them with gifts of china, linens and canned goods. The Tomlinsons suffered the loss of all their household possessions when their house burned recently.

On Wednesday night the regular prayer service was held then all present went to view the gifts which were on display in the Men's Bible class room.

Rev. Polnac read a Scripture and made a short talk as he presented the couple with a Bible given by the church.

A complete set of pottery was included in the shower, along with bed and table linens and other needed things.

Punch and cookies were served by several ladies of the church.

NEEDLECRAFT CLUB

The Needlecraft club will meet in the home of Mrs. F. C. McNally Friday, July 13.

Mrs. J. T. Rogers of Laramie, Wyo., is visiting her sister, Mrs. M. B. Ray, and brother, H. F. Anderson, and wife.

Fat-Salvage Bee To Aid in Licking National Fat Shortage

It's been ages since we had an old-fashioned "bee" in these parts, but just as we've always pitched in to help a neighbor, so must we pitch in for our country.

To help make hundreds of battlefront and home-front essentials, more used fats are needed than are on hand. City folks are trying to make up the deficit of over 1,200,000,000 pounds. But their fats aren't enough.

Women in small cities, towns and rural districts must also save every drop of fat. Not just big amounts. But scraps of plates, meat trimmings. Melt them down once a week. Your butcher will give you up to 4¢ and 2 red points a pound. If you have any difficulty, call Home Demonstration or County Agent. Approved by WPA and OPA. Paid for by Industry.

Fifth Birthday Is Observed by Benny Jo Clary on July 7

Benny Jo Clary celebrated his fifth birthday, Saturday, July 7, when his mother, Mrs. Iven Clary, entertained from 4 till 6 p. m. Sixteen little friends visited with Benny and his brother Rickey.

Games were played on the front lawn. While the youngsters rested punch was served. Then the presents were opened and inspected.

The birthday cake was white with pink decorations and topped with five blue candles. After the candles were blown out the cake was served with ice cream.

Enjoying the party with Benny were Gerald and Darlene Carpenter, Linda, Carol Johnson, Beth Ellen and Johnnie Kemp, Judy Altman, Frances Dietrich, Linda Bilberry, Leslie Anita Nichols, Marthana Cearley, Don E. Cockrum, Elvus Curb, Don Davies, Homer Cato, John Edwards and Sonny Lancaster.

Mrs. Marian Evans Duncan Meets Glider Pilot Husband In Amarillo Last Week

Mrs. Marian Evans Duncan met her husband, Flight Officer Duncan, a glider pilot, in Amarillo on July 4. Duncan has been in the European theatre of war for a year and was flown back to the United States last week. He telephoned his wife who was visiting in Childress with his mother to meet him in Amarillo. "We have received no other word from them, so we presume they are en route to a redistribution center. We expect to hear in a few days," Boone Evans, father of Mrs. Duncan, said Tuesday.

(It has just been reported that Mr. and Mrs. Duncan arrived in Post Wednesday for a visit.)

Dr. Glen Kahler, returned veteran of more than three years service has been assisting Drs. Surman and Williams in their offices since his return to Post. Dr. Kahler was flight surgeon of the U. S. Army and was stationed in England on his last assignment before coming back to the states. His first overseas assignment was in Australia.

A Westinghouse research engineer, P. B. Cochran, invented a red paint that automatically indicates when machinery is overheated. It turns back at 150 degrees and remains that way until the machinery is cool again, then resumes its brilliant red color.

Miss Mary Margaret Duckworth had as her guest over the week end Miss Ola Margaret Leath of Snyder. Both young ladies were students in Baylor University the past year.

Mr. and Mrs. L. V. Presson have as their guest their daughter, Mrs. Lee Hedgecock of Bloomington, Indiana.

Calvary Baptist Church News

The hour is come in the life of the Calvary Baptist church for every member to be at his or her post of duty. We have our Sunday School rooms finished and they are now being used to the comfort and teaching of our classes.

The hour is come for a revival in all departments of our church activities.

The hour is come for many of our soldier boys to return home. They will need a church home filled with Christian activities.

The hour is come for prayer, much prayer, for our church, and for each individual member that we may be laborers in the field that is white unto harvest.

The hour is come for us, Christians to think very seriously about his influence as a child of God.

We are soon to be in our revival meeting. Are we ready for it? If we are not ready now, when will we be? Is there a better time to get right with God than now?

Bro. Polnac will be with us for our revival and Mrs. Ray Smith will play the piano for us. The singer is yet to be secured.

And now the hour is come for everyone to get ready for a great harvest of souls for our Lord. Will you be one to help? Or will you be one to hinder? Shall God have our best efforts? Or shall we be cold and indifferent in regard to the salvation of the lost men and women, boys and girls?

The hour is come.

H. C. Bristol, pastor

B. J. Edwards and Lee DeWitt attended the Stamford rodeo last week.

Mr. and Mrs. Emmett DeWitt Wednesday for Lubbock to spend the remainder of the week with Mr. and Mrs. Gordon Sanders and children.

Mr. and Mrs. W. E. Jackson of El Dorado, Ark. left last week after visiting in the home of Mr. Jackson's mother, Mrs. R. P. Cowdrey.

4-H Girls To Show How To Make and Mend Clothing

Intent upon following the wartime example set by 4-H Club members in "Making and Mending for Victory," rural girls in this state will enter their records of caring for, conserving and repairing family wardrobes in the 1945 National 4-H Clothing Achievement.

This is the fifth consecutive year of the activity, which is conducted by the Extension Service of the State Agricultural College and USDA cooperating. Awards donated by the Spool Cotton Company's Educational Bureau comprise silver medals to county winners, National 4-H Club Congress honors to the state champion, and \$200 college scholarships to 12 national winners.

Among the activity's objectives are to have participants learn how to dress appropriately and healthfully; in keeping with a well-planned family budget; to develop initiative and imagination that will enable them to use to best advantage all available clothing material, and to be of service to community organizations that are carrying on civilian or military clothing projects.

Miss Zora Ann Outlaw who has been in Carlsbad, New Mexico, visiting with her grandparents, Dr. and Mrs. Pate, returned home Tuesday. Her grandparents came with her for a few days visit.

One for the Book

The Favorite War Story of **WALTER COMPTON**

At a certain German prison camp in our great midwest the prisoners had gotten a little out of hand. They had rebelled against the food served and had created several disturbances that had the commanding officer quite worried.

One day he was approached by a sergeant who claimed to have the solution to the whole problem. The C.O. naturally was interested, but impressed the sergeant with the importance of using no physical force on the German prisoners. The sergeant agreed and was given a temporary free hand.

Immediately he rounded up five buddies, marched them into the barracks of the prisoners and announced in a booming voice, "This new detail is now in charge of you prisoners of war, and I think you should meet them. Their names are Cohen, Kaplowitz, Rodinski, Goldberg, and Rubenstein. Now get the hell to work."

There was no further trouble.

Mr. and Mrs. Phil Bouchier and Mr. and Mrs. Novis Rodgers attended the Stamford rodeo last Wednesday.

Miss Wanda Bedford, niece of Mrs. A. B. Haws, left for her home in Weatherford a few days ago after visiting here two weeks.

Small Business Prospects Are Better In South Now

Washington—The South is a "No. 1 frontier" and it would be "hard to select a region in the U. S. with greater opportunities," says an article in this month's issue of Domestic Commerce, published by the Department of Commerce.

Willford White, chief of a special studies unit in the Bureau of Foreign and Domestic Commerce, is the author. He says that the

South—described as including Texas, Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North and South Carolina, Oklahoma and Virginia—is an "area abundantly fortified with raw materials and amply equipped with manpower." He points out that the war has greatly stepped up the South's management know-how, skills, plant and equipment.

"Markets are people," White's article says, "but people as markets must be considered in the light of where they live. In this respect the markets for goods manufactured in the South can be divided into three groups—those in the South itself, those in the remainder of the U. S., and those abroad. This article is concerned with markets in the South. Certainly that is the first place to look in selling products produced in the South."

"It is not possible to produce in the South all the products that are needed and desired. But many are produced and as time goes on more varieties will be manufactured. For most of those products in large plants with expensive machinery are not needed. Small buildings in the smaller cities, towns or villages can be used where a good business can be developed, creating new jobs, steady employment and purchasing power."

The Commerce Department estimates that in 1943 the 13 Southern states had a total income of 26 billion dollars, about 19 per cent of the nation's income.

Sgt. Raymond Redd is visiting relatives here.

Sergeant Raymond Redd is visiting this week in the homes of his sisters, Mrs. O. V. McMahon and Mrs. Z. P. Lusk. Sgt. Redd, a veteran of three years Pacific duty, is a member of the Army Medical Corps. He spent two years in Hawaii and a year on Siapan. His mother, Mrs. E. L. Redd and a brother, Levi Redd, of Georgetown, Texas, are also visiting here this week. Sgt. Redd has to report on July 31st to San Antonio for reassignment.

The first modern practical machine gun was invented by Dr. Gatling of Chicago, in 1862. It was not in general use until eight years later.

MASONIC LODGE NEWS...

LODGE BUYS \$500 BOND

About twenty-five brethren were in attendance at our last stated communication. In the absence of our Worshipful Master, Bro. Ira Lee Duckworth took the East and opened a Master Mason's Lodge in due and ancient form. Routine business matters were disposed of and the lodge voted to purchase a \$500.00 bond. The committee having made a favorable report, the ballot was ordered spread and Mr. Oscar C. Garner was duly elected to receive the first three degrees in Masonry.

The following officers were elected and appointed, to serve for the ensuing year: J. A. Stallings, WM; J. B. Mabler, SW; Truett Fry, JW; Ira Lee Duckworth, Treasurer; C. B. Everett, Secretary; G. F. Barker, Tiler; R. N. Smith, Chaplain; Keith Kemp, SD; Lester Nichols, JD; W. L. Wood, Senior Steward and Oscar Bowen, Junior Steward. These officers will be installed at regular meeting this week.

There being no further business the lodge was duly closed—Peace and Harmony prevailing.

COMMITTEES APPOINTED

The following committees have been appointed to serve for the ensuing Masonic year:

Fellowship—
Dean Robinson, chairman, Phil Boucher, Bob Warren, L. S. Turner, Tom Williams.

Attendance—
A. B. Haws, chairman, W. A. Cash, Cecil Osborne, N. W. Stone, Russell Wilks, Jr.

Education

John Cearley, chairman, Homer Patty, Truett Fry, Lester Nichols.

Special Education—
Ira Lee Duckworth, chairman, A. C. Surman, Rex Everett.

Resolutions

Ira Lee Duckworth, chairman, Ray N. Smith, Charley Everett.

Program

O. L. Weakley, chairman, C. R. Thaxton, Lee Bowen.

Bulletin

B. J. Edwards, chairman, Rex Everett, Dan Cockrum, George Barker.

Building

W. S. Duckworth, chairman, A. C. Surman, W. L. Wood.

ENTERED APPRENTICE LODGE

An Entered Apprentice Mason's was opened Monday evening, June 18th for the purpose of conferring the first degree in Masonry upon Mr. Oscar C. Garner. The Secretary being satisfied, the job was well done by a team headed by Bro. Ira Lee Duckworth in East. Our Worshipful Master, Bro. Rex Everett, delivered the lecture and Bro. George Barker gave the charge.

There being no further business the lodge was closed in due and ancient form.

NOTICE TO CHAPTER MEMBERS

The Chapter is doing quite a bit of work now and your attendance at these meetings will help the work along a great deal. Watch for the dates of the Chapter Degrees.

MASONIC BIRTHDAYS

The following brethren were raised in July, and their Masonic Birthdays will be celebrated at our next stated meeting, which will be Thursday, July 12.

W. M. Cunningham, 7-21-21; Dr. D. C. Williams, 7-31-15; E. A. Warren, 7-12-25; W. F. Lancaster, 7-30-40; Homer E. Cravy, 7-7-44; I. L. Chandler, 7-24-44.

New Officers To Be Installed At Next Regular Meeting

Thursday night, July 12 is our next regular meeting and your new officers will be installed at that time. Come out and make the attendance of this meeting a record breaker. The new officers will be encouraged by your presence and will do a good job better, if you are there to encourage them.

In the United States there are 15,627 Masonic Lodges and 2,509,496 Master Masons. There are 3,456 Chapters, R. A. M. with a total of 497,886 Royal Arch Masons; 1,261 Councils, R. & S. M., with 183,856 Select Masters; 1,825 Commanderies with 244,117 Knights Templar.

Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach.

This successful prescription is now put up under the name of **ADLERIKA**. Get a bottle of Adlerika next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle lax through bowel action follows. Good for old and young. Contains one only as directed. Get Adlerika from your druggist today.

The Favorite War Story of **STAN LOMAX** Conductor of "THIS IS HALLOBAN"

THIS is the story of Sergeant Harry Holland, tank commander, Second Division, a typical G.I. to whom all enemy soldiers really look alike.

Holland was in the third wave that hit the beach at Fedala, North Africa, back in the early days of the war. No sooner was Holland's tank ashore than the Germans heaved the "military book" at him. A German SS lobbed over and exploded nearby, sending shrapnel ripping into his stomach and foot. But this didn't stop Holland.

The Sergeant's wounds were patched on the spot and the tank rolled on to run amuck into six Italian armored cars. The Americans knocked off three and the others quickly surrendered.

Impatient to be off again, Holland turned in his prisoners for safekeeping, only to spot a German staff car headed toward him and his men. The Americans' first shot blasted away the front wheels and the Nazi car came to an ignominious stop. Five startled German soldiers spilled out with their hands raised high. They all looked alike to Holland who, as matter of routine, turned them over to an infantry major and plunged ahead. Consequently, the much-surprised Sergeant received the Croix de Guerre and the Distinguished Service Cross.

One of the prisoners, Von Thuma by name, turned out to be a general—the first to be captured in World War II.

Lanotte Furniture Store Installs New Elevator This Week

A new elevator has been installed in the building which houses the Lanotte Furniture Store No. 2 The store is next door to the Haws Dry Goods store. With the addition of the new piece of equipment, furniture can now be stored in the spacious upper story of the building.

Mr. Lanotte has recently returned from eastern furniture markets where he bought new furniture for both stores.

Ester Cleveland, President Cleveland's second child, born September 9, 1893, was the only child of a president ever born in the white house.

YOUNG MEN OF SEVENTEEN

Join the Marines today... Patriotic young men of your age may enlist in the U. S. Marine Corps now. If you can obtain the consent of your parents and pass the required examination, you can start at once to serve with the nation's most colorful military organization—the United States Marine Corps. You need only remain with the Marines until the present emergency is over when you will be given your discharge. Good pay! Interesting duties! Free education! Inquire regarding this opportunity at your local post office. If you are eligible and desire enlistment your Postmaster will make the necessary arrangements for your transportation and subsistence, at government expense, to the nearest Marine Recruiting Office.

Now Is Time To Paint

If your awnings, deck chairs, canopies, golf bags, and grass tennis rackets, have a drab, disheartening appearance, do not be discouraged. You may obtain a supply of paint made especially for the purpose of freshening these canvases. It leaves the fabric pliable, crackless, and water repellent. It protects from mildew, is so easy to apply and so easy to wear. A stiff brush or spray gun may be used to apply it. One coat is usually sufficient, and it dries in 15 to 20 minutes.

Insurance surveys reveal that persons 40 to 44 years of age, who are over 5 feet 10 inches tall, and whose average weight for their height show an increased mortality of 10 per cent.

!!WARNING!!

Don't Be Misled By "New Car" Talk

The car you now own may have to last you for many more months—because new cars, when they come, will be few, and likely will be rationed to essential users. It will be many months, perhaps a year or more, before the car shortage is relieved to any extent.

IN THE MEANTIME...

CRIME CLUES
Can You Name the Murderer?
Dawn was just breaking over New York's swank Beekman Hill district when a pretty young brown-haired heiress returned to her suite after a gay evening in the city's night spots. Her young son was asleep in an adjoining room, and as the young woman prepared to retire, her estranged husband knocked at the door.

Rodger DeKoven
"The Professor"
About noon the following day her bloodstained body was found in her bedroom, with a heavy candlestick identified as the murder weapon.
New York detectives made short work of this case and immediately picked up the husband, an air craftsman in the RCAF. His alibi was quickly broken down when he could not explain what had become of his Air Force uniform. It was later found with the garments badly bloodstained.
The young killer, who had murdered his wife because she refused to furnish him with more money, was brought to trial in April, 1944, and was convicted of second degree murder. He is now serving a 25-year to life sentence in Sing Sing.
This case, reported by Rodger DeKoven of Mutual's "Crooked Square," was known as:
1. The Starr Faithful Case
2. The Hall-Mills Case
3. The Langford Murder
4. The Longeron Murder

ANSWER:
Life insurance figures show that one child out of every 280 children born in the United States is born after its father's death.
The windiest point in the United States is on top of Mt. Washington in New Hampshire.

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago
Released by Western Newspaper Union

Lesson for July 15

GOD'S PURPOSE FOR ABRAHAM
LESSON TEXT—Genesis 12:1-9.
GOLDEN TEXT—In thee shall all families of the earth be blessed.—Genesis 12:3.

Separation, which means release from the influence of those things which hinder full development, is a blessing even though it may be difficult. God had a great purpose in mind for Abram, but to accomplish it He had to get him out of his own country, away from the downward pull of heathendom, and out into a new adventure of faith with Him.

Down in the midst of those who worshiped the heavenly bodies was a man who had found that there was no satisfaction for his soul in such worship. He had found the true God, and was ready to respond to His call. We find Abram

I. Hearing God's Call (vv. 1-3).
Men who have been used to accomplishing great and good things in the world have, like Abraham, been willing to step out into the dark. They have not foreseen greatness nor even striven for it, but have gone out at God's call, obeying Him day by day, and He has been responsible for the outworking of their destiny.

How important it is to have the listening ear, and the obedient heart. He was attentive to God's word, and willing to take Him at His word.
Abram was strongly attached to his homeland. He was a man of such strength of character and obvious ability, that he undoubtedly held a place of real importance in his own country. To leave that and go out to an unknown destination (Heb. 11:8) called for real faith—and Abram had it!

God had a purpose in calling him out—the establishment of a great nation. Through Abram all the nations of the earth were to be blessed. That stupendous eventually hung in the balance until he decided to obey God, and we are glad he did.
When God takes anything from us, we can be sure that He is planning a greater blessing to take its place. Material loss often brings spiritual blessing. Separation from family may give a broader relationship to others. Sacrifice for the Lord's service brings hundredfold returns (Matt. 19:29).

II. Responding to God's Command (vv. 4-6).

As the Lord spoke, so Abram departed. He was to be the channel of God's blessing, and he put himself in God's hand for His use. The lives of each of us may, in our own way, be the channels of God's blessings to those round about us; but only if we, like Abram, respond to His call.

The migration of Abram from Chaldea to Canaan is one of the most important events in all history. It was one of the grand turning points in the story of the human race.

The fact that Abram took with him his entire family into the promised land, reminds us that we are not to go alone into the Lord's heavenly kingdom. We are to take our families with us.

Note also that Abram brought his substance, his riches, with him. That tells us anew that when a man comes into the household of God through Jesus Christ, he is to bring his purse with him. Consecrate your substance as well as yourself and your service to God.

The journey of Abram ended (v. 6) in what is said to be the most beautiful spot in all of Palestine—but even here difficulty faced him, for "the Canaanite was then in the land."

Even so, the Christian life is not one of ease and idleness, but of heroic endeavor and victory. The Promised Land is a type, not of heaven, but of the Christian's life and experience. We, too, find the Canaanite in the land. There is a constant struggle with the world, the flesh and the devil, but there is victory in Christ.

III. Receiving God's Blessing (vv. 1-9).
God kept His promise to Abram. True he did not see the entire fulfillment of it, but it is that necessary to the man of faith? God says it, we believe it; it becomes our present possession by faith, though the enjoyment of it may be yet to come.
Note that wherever Abram pitched his tent he built an altar. He was not too hurried or busy to remember God. We, too, are pilgrims and strangers in this world. Let us not fail to raise an altar to God. Wherever we may be, let us leave a testimony for Him.

For such a man, God could well have a high purpose. He was among that noble company who in all ages have "simply obeyed each day the divine orders which were given them, took each day the way of prayer, of righteousness, of duty; content if they had light enough for that and the next step, leaving to a higher will all that should come after. And God charged Himself with their destiny" (J. G. Greenough).

Army To Probe Alleged Burning Of Supplies

London— Army authorities promised an investigation today of the alleged destruction of American equipment at United States supply bases in Britain.

British civilian defendants at recent black market trials testified that American soldiers were burning and destroying valuable equipment that could not be removed when their supply bases were closed down.

Mr. Irvin L. Ravel, Austin, Tex., commander of a depot at Westbury, Wiltshire, where one such incident was alleged to have occurred, said nothing of value had been destroyed at his base up to the time it was closed.

GERMAN GUN HAS RANGE OF 82 MILES

Paris— A German gun designed to fire six-inch shells against London has been found, partly installed, in sand coastal trenches.

It looks like an oil pipe line. Additional sections of tubing supply "booster" chambers giving initial muzzle velocity of 4,500 feet a second. The range is 82 miles.

Little known German weapons found include the world's biggest gun, a 1,750-ton railway gun firing an 8 1/2 ton shell 30 miles and used against Sebastopol; a 15-inch rocket projector on a Tiger tank chassis; and a 10-ton, self-propelled motor firing a projectile of more than a ton 1,400 yards.

Mrs. Andy King returned Sunday from a two-weeks visit with her son, Pvt. Leland King, of Santa Ana, California. She also visited other relatives while she was there.

Paul Revere practiced dentistry along with his other trades.

Price Trends For Southwest Farm Products Quoted

Only occasional easy spots blured the steady to firm picture on price trends for Southwest farm products during the first week of July, according to USDA's Office of Marketing Services. Demand for practically all commodities, with the possible exception of peaches and tomatoes, continued to exceed the supply.

The first Texas Elberta peaches of the season to arrive in Fort Worth brought up to \$3.50 per bushel. Peaches sold in this county for as low as \$2.00 per bushel. Commercial vegetable movement is becoming more general with prices mostly steady as a result of the good demand for both canning and fresh use.

Cotton prices continued to decline early in the week but regained part of the loss toward the close, when Middling 15/16 inch was quoted at 22.40 cents a pound in New Orleans, Galveston and Little Rock, 22.35 in Dallas, and 22.30 in Houston.

Grain sorghums held firm but wheat and oats turned slightly lower in spite of rains which curtailed harvest operations. As the week ended, Fort Worth quoted No. 1 hard ordinary wheat at \$1.02 1/2 a bushel, bulk, in carlots, No. 3 Texas Red oats 78 1/2 cents a bushel, milo and kafir \$2.48 to \$2.62 per cwt.

Poultry and eggs continue strong with available quotations at ceiling levels. Poultry movement consists largely of culled-out hens, but marketings are not up to dealers' expectations because of the continued heavy demand for eggs.

Mrs. Breat Thompson of Lubbock spent four days of last week with her parents, Mr. and Mrs. J. W. Satterwhite at the U Lazy S ranch.

Father of Local Woman Buried At Frederick, Okla.

Willis Henry Corey, 90, father of Mrs. Albert Pinkerton, died June 22 at the home of a daughter in Frederick, Oklahoma. He had made his home with Mrs. Burkhardt for the past ten years but had visited several times here with Mrs. Pinkerton.

Funeral rites were conducted on Sunday, June 24 at 5 p. m. at the First Baptist church in Frederick. Rev. Milo Arbuckle, pastor, paid a splendid tribute to the deceased and brought a comforting message to the survivors and friends.

Members of the Masonic lodge at Frederick attended in a body and conducted the beautiful and ritualistic graveside service. Paul B. McLeelan served as orator.

He was preceded in death by a daughter, Etta, who died in infancy, and his wife, who passed away in 1935. Five daughters, Mrs. Pinkerton; Mrs. George Burkhardt; Mrs. Ernest Mayhue of Siloam Springs, Ark.; Mrs. John R. Davis of Bremerton, Washington; Mrs. Mark Bollinger of Tucson, Arizona; and one son, Walter C. Corey of Siloam Springs and one sister, Tonia Corey of Joplin, Missouri survive this fine old gentleman. Mrs. Bollinger and Mr. Corey were the only children unable to attend the service.

Hugh Bowers has returned from Glen Rose where he took medical treatment for several weeks.

Mr. and Mrs. R. P. Cowdrey returned a few days ago from a visit with relatives in Fort Worth.

Mr. and Mrs. Weiden Smith of Odessa were guests of Mrs. Smith's parents, Mr. and Mrs. Wells, over the week end.

Jeep Experiments Prove Impressive On Recent Farm Tests

Firing Range or Texas Range—it will make little difference to the high-flying "Jeep."

Proof lies in the impressive performance of the doughty Army vehicle in the rigid on the soil tests it has been put through for the past six months by the engineering division of Texas Agricultural Experiment Station at Texas A. & M. College. This information was released from the Texas A. & M. College.

Now hearing completion, the experiments give uniform indication, according to H. P. Smith, chief of the division, that the jeep, as a combination light tractor, pick-up truck, passenger car and mobile power unit for both ranch and farm.

Typical of the scout car's feats on the range was the checking of stock within a 640-acre pasture in half an hour—a task that ordinarily takes from 2 1/2 to 3 hours on a horse. Fence inspection of another area, similar in size, for which half a day is normally allotted, was completed with the jeep in one hour. Gasoline consumption for the two operations average 18 1/2 miles per gallon.

The jeep pulled a 1900-pound sprayer with ease over rough pasture land and soft dry lake beds on one ranch; on another, its four-wheel drive was employed to haul a special two-horse van with a trailed weight of 4600 pounds over difficult back roads.

Taken to a number of rice farms in the vicinity of Beaumont to determine its usefulness in the preparation of the seed bed, planting of the crop and tending of levees, the vehicle exhibited the same dependability and ruggedness that made it such an outstanding performer in world-wide battlefields.

When it was hitched to a 600-pound land roller, for example which its farmer-owner did not believe that the jeep would even be able to move out of its tracks, the scout car drew it around a field with a drawbar pull of 750 pounds.

One of the first state agricultural colleges to receive governmental permission to put the military model through its paces with an eye toward peace-time use, Texas A. & M. also is conducting secret tests with a civilian version of the vehicle which has been developed by Willys - Overland Motors on the basis of changes suggested by leading agriculturalists in various sections of the country.

The new model, expected to be unveiled by the motor firm sometime this summer, is designed to overcome objectionable features of the military jeep for farm use.

Dickinsons Leave for San Antonio
Mr. and Mrs. C. I. Dickinson have gone to San Antonio to visit Mrs. Joy McCartney, a sister of Mrs. Dickinson. Mrs. Babbb accompanied them as far as Winters, where she met her son, John H., there on business.

The Dickinsons will transact business in Fort Worth and Dallas before they return here to continue their visit with the J. N. Powers.

When Mr. and Mrs. Dickinson return to New York they will go by Kalamazoo and Battle Creek Michigan, and by Chicago to visit her brother, John H. and family.

Cpl. Wagoner Johnson New In Brazil

Word has been received from Cpl. Wagoner W. Johnson by his parents, Mr. and Mrs. J. A. Johnson, Cpl. Johnson who was in Italy for 18 months is now stationed in Brazil. He writes that it is certainly a wonderful feeling to be sleeping between sheets and on a real bed again. "We have the best food we've had since arriving overseas," he continued.

Wagoner is now doing clerical work. While in Italy he was in the communications division.

Softball Standings

Up to Jr.'s 11

Team	W	L
White's C. fc	5	1
Cantees	5	2
Postex Mill	3	3
Wolves	2	5
Fireboy	2	5
Pirates	0	7

Winner of one game is undecided between White's Cafe and the Postex Mill because it came to a standstill before the end of the fifth inning.

Judge Louis B. Reed of Lamesa was transacting business in Post on Monday.

Mrs. W. R. Graeber is in Carbondale, Ill. visiting her sister for several weeks.

A guest in the home of her grandparents is Miss Jo Perry of Los Angeles, California.

The geyule rubber plant may become a rival to cotton in Texas as the big cash income crop.
