

WINDOW SHOPPING

Up And Down Main Street

"January is the open gate of the year," so says a passage in the "English Book of Verse." To many folks up and down Main Street thought hit a responsive note. We've heard many plans and hopes expressed during this month which is only nine days old.

To A. T. McCampbell who just last week purchased the Gulf Service Station on the corner of Broadway and Main from E. C. McNally, the new year holds many new plans. First on the agenda are remodeling plans for the station such as a new roof, new concrete driveways and a general clean-up of the entire building. McCampbell and his crew, Carl Hughes, Edsel Stewart and Leonard Phemister were seen welding beams and mops with a great deal of energy early this week as they set things in motion for operating the station.

"Pay As You Drink Machine" was installed recently at Floyd's Service. The giant Coca-Cola machine installed on the interior of the new station where Mr. and Mrs. Guy Floyd are on duty is a popular piece of equipment.

Mrs. O. V. McMahon joins the ranks of busy, busy people this week when she begins a Clearance Sale on Ready to Wear and other items at the Lavelle Shop.

In this New Year we'd like to be able to look at a menu without feeling our appetite and to know there is coco-cola in our cokes, chicken in our chicken salad, nuts in the nut rolls, etc. We'd also like to think of strikes as belonging only to a ball game.

"1947 Arrived On Time," says E. R. in an "Appreciation" advertisement in this week's issue of The Dispatch. In case readers were not familiar with the address, E. R. makes it a point to point out that Greenfield's Hardware Store is in the U. S.

Whipping Cream Is Back Again! This is good news to Garza households. Person's Dairy, operated by owner Parsons and John Boswell, made this announcement via a "Read All About It" and other things pertaining to the dairy business.

Chamber of Commerce business will begin picking up when manager Sherrill Boyd gets the city office set in motion. He was seen by the roving reporter doing planning and rearranging chores in the office at the City Hall. An "Open For Business" sign will be out this week-end.

Name Flames are what many boys and John are flashing around this Christmas. These clever leaf folders with names stamped in gold can be obtained from Egan Flower Shop on Broadway.

Today it's hard to get even a decent look out of a renting agent, so say all the new folks who are making inquiries about houses and apartments.

Basketball Talk is what you'll hear around the soda fountains at Green's, Hamilton's and Collier's these days. Both boys and girls are all wrapped up in the sport and are adept at making "believe-it-or-not" out of anyone who will listen. Blonde and beautiful Alma Oulson, along with dozens of cute little kids, is an avid player as well.

A bit of research on the part of a roving reporter revealed that basketball is the only major sport which is purely of American origin. All other games are direct variations from foreign lands. The game was first played with men on a side, then nine, then ten. Now it is five. At one time a game consisted of three periods of 20 minutes each. Now it is 30.

The sport has more players than any other sport—about 20 million throughout the world. More than take part in this game at any other sport. A popular game is creating a new way of fun and relaxation for the young. If you've been missing the gym—now you're really on the way. Why not get in on the fun by watching these boys play the All-American game?

The Post Dispatch

VOLUME XXI POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, JANUARY 9, 1947 "THE GATEWAY TO THE PLAINS" NUMBER 4

January 31 To Be Deadline On Taking Cotton Insurance

Garza County cotton farmers can help stabilize their 1947 income by applying at the ACA office now for federal all-risk crop insurance, advises B. F. Vance, state director of the Production and Marketing Administration. January 31 will mark the deadline for signing applications.

All-risk insurance, which protects the cotton crop from all unavoidable hazards from the time that it is planted until it is ginned, gives the farmers protection on up to 75 percent of the average farm yield. Insurance on cotton seed can be included at a 20 percent premium increase, Vance says.

"Every year farmers suffer enormous crop losses due to hazards over which they have no control," says the director. "All-risk insurance gives them protection and assures cash income in case of crop failure."

During 1945, Vance explains, 57 different hazards caused crop losses to farmers. Cotton losses led the list with 42 different hazards taking their toll of crops.

"While insured farmers collected indemnities, many farmers suffered total losses because their crops were not protected," Vance says.

Closing dates for signing applications are January 31 for the South Plains area.

Gulf Service Station Sold To McCampbell

F. C. McNally sold the Gulf Service Station to A. T. McCampbell several days ago. McNally's plans for the future were not complete, he told a Dispatch reporter early this week. He is investigating business advantages in Odessa but says he may remain in Post.

McCampbell took over management of the Broadway and Main Street Gulf Station Monday. He plans to make a number of improvements in the station as soon as weather conditions become favorable for such work. New concrete drive ways, new roof and other repairs will be made.

Assisting McCampbell in operating the station will be two employees of McNally, Edsel Stewart and Leonard Phemister, and a new employee, Carl Hughes.

Through an advertisement Mr. McCampbell issues a formal invitation to folks in the county to visit the station at any time. The station will continue to operate on a 24-hour schedule.

SPARE SUGAR STAMP VALIDATED LAST WEEK

We forgot to call your attention to it last week, and maybe you've already found out by now, but anyway a new consumer spare sugar stamp for five pounds of sugar became valid January 1, and will be good through April 30.

1947 Auto Tags To Arrive Soon, Feb. 1 To Open Sales Date

Automobile and truck registration tags are expected to arrive in Post sometime during the middle part of this month so that they may go on sale February 1, according to T. H. Tipton, deputy tax assessor-collector.

The new plates will be of white numerals on black background, and will be prefixed by two letters of the alphabet. Tipton said he did not know as yet what letters would be given Garza county.

The tags will be placed on sale February 1. Early purchase of plates will assist the collector greatly, as shortage of help keeps the office force busy and often causes patrons to have to wait in line.

Thirty-Five Boys Will Receive Court Of Honor Awards

Thirty-five Post boys will receive awards Monday night when a Boy Scout Court of Honor is convened by Alfred Smith of Lubbock, district Scout executive, in the district court room of the County court house.

In charge of the program will be John Lott, local Scout committee chairman, and Scoutmaster Frank Eaton. Thirty of the boys will receive tenderfoot awards, one a merit badge, one first class, and three second class.

The public is invited to attend the program, and parents of boys in scouting are urged to attend.

HOME DEMONSTRATION COUNCIL TO MEET SATURDAY, JANUARY 11

The Home Demonstration council which was to have met Saturday was postponed due to unfavorable weather and will be held this coming Saturday, Jan. 11, at 2:30 p. m. in the district court room.

Miss Jewell Hipp, Garza County Home Demonstration Agent, stresses the urgency of this meeting as plans for the year's work will be made at this time. All members of the standing committee, counting officers and presidents of the Home Demonstration clubs are asked to make every effort possible to be present.

LESTER MAXCEY MOVES REAL ESTATE OFFICE TO HIS RESIDENCE

Lester Maxcey and C. W. Hunt who have been partners in a real estate office here for several months has dissolved partnership. Maxcey announced this week.

Hunt has moved to Anton where he is farming. Maxcey has moved his office from the Double U building to his home which is located four blocks south and one block west of the High School.

SEA-LEVEL CANAL FOR PANAMA MAHON IDEA

Possibility of a sea-level canal across Panama some time in the future was foreseen last week by George Mahon, 18th District congressman.

Mahon, his constituents in this district recall, headed a special house appropriations military subcommittee which visited the Canal Zone to study conditions generally there.

1947 Farm Program To Be Run On Same Procedure As 1946

Garza county farmers and ranchers are being advised that the 1947 Agricultural Conservation Program year began the first day of January and that all 1946 Prior Approvals expired at that time. In those cases where prior approvals were given on 1946 practices and the practice was not completed the producer should report the amount of the practice completed and request a 1947 approval for the balance, announced Robert H. Gibson, Secretary, Garza County ACA.

In 1947 the ACA program will be the same as last year, in that a prior approval must be obtained for all practices before work is started, if a payment is to be made for carrying out the practice. Every producer should bear in mind that it is essential to get prior approval before beginning work on a practice, otherwise payment cannot be made.

Prior approvals are being issued at the present time for terraces, earthen dams, wells, deep plowing of sandy cropland, contour listing and contour farming. Those producers who wish to earn a payment for any of the above practices or for any practice should contact the County Office before work is started. Gibson pointed out that the payment for contour listing of cropland will be paid only where the land is listed at least 60 days before a crop is planted, therefore, the producer should make application at the earliest possible date.

C. C. Secretary Is Moving Office This Week To City Hall

The Post Chamber of Commerce is in the process of moving its office from the home of the secretary, Sherrill Boyd, to the City Hall.

The move was decided at the monthly meeting of the C. of C. Board of Directors Monday night.

The board made tentative plans for a 1947 program to include: Sponsorship of a Garza County 4-H Club show and of an agricultural booth at the Panhandle-South Plains Fair in Lubbock.

The board also decided to acquire new Christmas decorations for the city of Post, replacing old wiring that is beyond repair. A committee will be appointed to work out a new decoration scheme for next Christmas.

It was announced that the board is unanimously in favor of local observance of the following holidays by closing all places of business: July 4, Labor Day, Armistice Day, Thanksgiving Day, Christmas Day and New Year's Day.

The proposed Broadway to the Big Bend Highway was discussed, with the board deciding to support the project's local committee, Judge Lee Bowen and the Garza County commissioners in any way possible in their efforts to make the highway through Garza County a reality.

rites For Father Of Post Man Held In Abernathy Tuesday

Funeral services for G. W. Tannehill, 71, of Abernathy, and father of A. O. Tannehill of this city, were conducted in Abernathy Tuesday afternoon at 3 o'clock.

A retired farmer, Mr. Tannehill had been a resident of Hale county since 1908. He died Sunday morning at 10:30 following a heart attack.

Disappearance Of Post Man Is Being Probed By Officers

Officers of the South Plains have been called on to investigate the disappearance of a Post man's father, who was last seen in Amarillo on December 24.

The man, W. C. Ryan, about 50, and father of W. C. Ryan, Jr., of Post, was last seen on a bus according to reports. He wired his son Christmas eve that he would be in Post the following day to spend Christmas here, but only a suit case believed to have been owned by the man arrived here.

According to information given to Sheriff Nathan Means the lost man had been working near Amarillo for several months and was believed to have accumulated some money which he was carrying with him.

Young Ryan, who lives north of Post on the O. G. Hamilton farm, plans to go to Amarillo to check with officials today.

Deadline Nears For Payment Of '47 Poll Taxes, 619 Issued

Poll tax payments have been coming in slowly, declared employees of the County tax collector's office Tuesday, "and we urgently ask all those who are eligible to come in as soon as possible so that the office force will not be swamped at the last minute," said T. H. Tipton, deputy collector.

The last day for paying 1947 poll taxes is January 31, and although this is an off year for state and federal elections, there might be a possibility of an election taking place in which everyone will want to vote, pointed out Tipton.

Up to Tuesday only 619 Garza residents had paid their taxes. Last year 1302 poll taxes were purchased at the office.

World War II veterans who have been out of service 18 months or more before an election cannot vote free, and in order to qualify they must have poll taxes.

FUNERAL SERVICES FOR MRS. DOZIER HELD JANUARY 2 IN SLATON

Funeral services for Mrs. Betty Dozier were held Thursday, Jan. 2, at 2:30 p. m. at the First Methodist church in Slaton with Rev. R. L. Kirk officiating.

Mrs. Dozier was born at Knox City, Texas, on February 6, 1894, and died, following a five week's illness, in Slaton on December 31, 1946. She had been a resident of Slaton for 22 years and was well known and had many friends in Slaton and Southland.

She is survived by two daughters, Mrs. Edmund Wilke and Mrs. Lewis Donohoe, both of Southland, a father, T. D. Cummings of Knox City and four grandchildren.

NEW ARRIVALS

Mr. and Mrs. Paul A. Foster are announcing the arrival of a daughter weighing 7 pounds, 10 1/2 ounces at 2:53 a. m. Sunday in the Lubbock Memorial hospital. The new daughter was named Lois Diann. Mrs. Foster is the former Geneva Jo Rosenbaum.

Mr. and Mrs. Jack Bishop are announcing the arrival of a son on January 7th weighing 8 1/2 pounds. The new baby was named Darrell Royce. Mrs. Bishop and baby are at the home of her parents, Mr. and Mrs. Elmer Howard, at this time.

Flight Officer and Mrs. "Cotton" Dean are announcing the arrival of a son on December 22. He was named Michael Curtis and weighed 3 pounds and 13 ounces. Mrs. Dean and young son are living in Manitowish, Wisconsin, while Mr. Dean is stationed in the Aleutian Islands.

Bank Statement Reflects Gain In County's Wealth

The current statement of the First National bank appearing elsewhere in this issue of the Post Dispatch, despite an almost total cotton crop failure last fall, reflects considerable gain in the County's wealth, and lists deposits near equal to the record high at the close of 1945.

Deposits when the year-end call came from the Comptroller of Currency December 31, 1946, totaled \$2,996,888.75, as compared with \$3,027,585.86 at the close of 1945.

Loans and discounts have increased in the past few months, indicating a better volume of business, the bankers pointed out. Loans totaled \$395,468.69, as compared with \$189,232.83 at the close of 1945.

The high deposits and increases in loans and discounts feature the statement of the local bank, and reflect considerable gain to the County's wealth which has been brought about by oil and ranching activities, production of a fine grain crop, and the better financial standing of farmers and business men, when compared to statements of several years back.

Glancing back at statements of yesteryear reveal that deposits have increased six times since 1935, at which time the statement showed \$493,252.30. The deposits have continued to climb since that date, reaching over the one million mark in 1944, with a record high to that date of \$1,173,238.47.

INFORMATION MAY BE OBTAINED ON REMOVAL OF WAR DEAD

The Post Dispatch publisher is in receipt of a pamphlet, put out by the National Selected Morticians, which might be of interest to Garza county folks who are next of kin to World War II heroes buried in foreign lands.

The booklet carries on advertisements, nor does it urge the removal of bodies of heroes from foreign lands to the U.S.A. It merely gives advice in case nearest kin do decide on such removal. The pamphlet contains 14 pages and covers all the grounds necessary for next of kin to begin proceedings for such removals.

The government of the United States stands the costs. If there are those in this county who contemplate such removal of their loved ones from foreign countries to home cemeteries, the Dispatch publisher advises that they procure the copy of the pamphlet which we have at the office, and suggests that it be read carefully.

MR. AND MRS. WEST ATTEND FUNERAL OF ASPHYXIATION VICTIMS

Mr. and Mrs. Lewis West were called to Panhandle Monday to attend the funerals of their aunt and uncle, Mr. and Mrs. I. O. Ainsworth, who were found dead Sunday in their home. Their deaths were caused by asphyxiation.

According to reports reaching here the couple had been dead for three days before their bodies were found by friends who went to the house to make a social call.

Mrs. Ainsworth was 60 and the husband 63. Services were conducted Tuesday in Panhandle.

YOUTH CANTEN TO HOLD MEETING JAN. 20

There is to be a meeting at the Youth Canteen on Monday, Jan. 20, for all parents of the canteen members and all other citizens of Post and surrounding communities who are interested in this project for the teenagers. The committee urges you to be there promptly at 7:30 p. m. and give this meeting your ardent support.

Taking Leave of Absence

Tom Power is taking a leave of absence from the White Abito Store to go on a business transaction trip to Houston. His address while gone will be: c/o Jack Roach, 615 Broadway, Houston, Texas.

Chairmen In Polio Drive Announced

Meeting Of Workers Set For Tonight At 7:30

Announcement of chairmen to conduct the annual March of Dimes campaign, slated to get underway next week in Garza County, was made Tuesday afternoon by County Judge J. Lee Bowen, drive chairman, and followed by the calling of a meeting of workers Thursday night in the county court room of the county court house at 7:30. Final plans for the campaign will be mapped at tonight's meeting.

Chairmen for the two-week drive, which begins Monday and ends January 30, are: Ted Hibbs, vice-chairman; Homer McCrory, chairman of larger gifts committee; Mrs. Willard Kirkpatrick, chairman of ladies' division; B. J. Edwards, chairman of theatre activities and collections; Dean A. Robinson, chairman of rural school campaign; G. R. Day, chairman of city schools drive; and J. P. Hewlett, chairman of Southland schools drive.

The Post campaign will be headed by Bowen, Hibbs and McCrory, who will send out dime-cards, advertising materials and collection tubs. Mrs. Kirkpatrick will work with the ladies' clubs of the town. The school men will promote drives in the various schools of the county, and Edwards will carry out some sort of theatre project.

Not only will study clubs and churches be counted on to assist in the campaign, but service clubs and various other organizations will contribute to the cause.

Last year Garza county conducted a very successful campaign which netted the local chapter of the National Foundation sufficient funds to take care of the county's needs. At present time one Garza county child, little nine-year-old Peggy Peacock of Southland, is in the polio clinic at Plainview for treatment of infantile paralysis. She became a victim of the disease December 22 and was sent to the clinic at the expense of the local chapter.

The annual March of Dimes is the only means the National Foundation and local chapter has for financing their battle against infantile paralysis.

When you are called on next week to contribute to the March of Dimes do so generously. People of Garza County can help to stop the affliction of twisted bodies and spasm-drawn limbs—combat polio with your donation.

\$75,000 Allocated For County Program

A total of \$75,000, which approximates the amount received last year, has been allocated to Garza county for payment to farmers in the 1947 soil practices and conservation program, reports Robert H. Gibson, secretary of the County ACA.

Payments are made on the basis of various methods of soil improvement, but rules require that participants must have approval in writing for any practices engaged in, and must be obtained prior to beginning of such work.

The County Committee has set-up twenty-one approved practices for Garza farmers.

This year's allocation approximates the same amount of money for the farmers as was received last year. Last year \$82,000 was appropriated for the county, out of which administrative expenses were taken, but this year no expenses will be taken from the \$75,000.

Lumber Storage Sheds Being Completed

Storage sheds for lumber are being completed this week at the Plains Lumber Company's new yard here in Post. The large storage sheds, which extend the length of business lots, 160 feet, are being built along the west side of the yard, and will extend across the back of the plot.

### Sophomore Soup...

Everyone is staying at home this week, it seems. I wonder if they might be studying for mid-term exams?

As soon as those mid-term tests are over the Sophomores have a real treat in store. You've guessed it! A party! It is almost a pleasure to take the tests when something like that is ahead of them.

We are happy to have H. C. Gribbles, a member of our class, back with us after being accidentally shot Christmas day while hunting in Oklahoma.

### Sophomore Personality...

She is a very cute blonde. She has blue eyes and a smile is always on her face. This is her first year at Post High school but she is a very popular girl. Everyone, boy or girl, likes her. Who is she?

### Basketball News...

Basketball games weren't too plentiful this last week. Some of the games were not carried out as scheduled for certain reasons. The main cause being bad weather, causing the roads to be too dangerous for teams to come and go very far. However, this did not stop the game between the Antelope cagers and the Tahoka Bulldogs.

The boys are doing very well in conference play having won all games so far. Roy Williams was high point man for the Antelopes last Friday night with 14 points. Hugh Ingram stood close behind with 13 points.

Two other games were played Friday night between Post girls' teams. The Senior girls beat the outsiders while the Senior girls B team played the Junior team and beat them 27-7.

Games postponed last week will be played in the near future.

### Canteen Capers...

"The New Year's party was quite a success" seems to be a saying that was heard all around town. The games that were played were quite exciting. The first game's purpose was to "get acquainted" and that was not hard to do, I assure you.

For the second game the members were divided into three groups. Those choosing sides were Jiggs King, Sonny McCrary and Louis Mills. Everyone was searching for nuts that were hidden around the room. Winning the game was Jiggs' group. Betty Mills won the next game by winning the largest number of boy's hearts. Lucky girl!

The next game found everyone with a suitcase full of clothes. The same three groups had a race at dressing. We found again that Jiggs had the fastest team. By this time everyone was in a dancing mood so we had an old-time Paul Jones. Bill Lawrence and Mack head played some very good dance music for the kids. We had to close rather early for the preview. We want to thank all our chaperones for the swell party.

Saturday night, Theona Beau were suprised and pleased when champ and Bonnie Ethel Gary Mrs. Dodson made the announcement that boys would do the cleaning-up from now on. Theona and Bonnie say that it is about time. Thanks girls, you did a nice job.

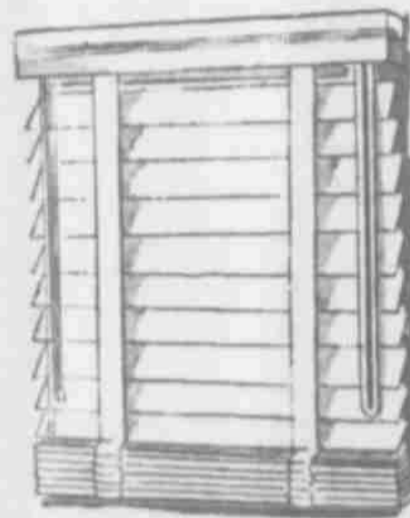

Mid-term exams are scheduled to be over at High school this afternoon, which means a holiday for the students on Friday. Registration for next semester will begin Monday. The 8th grade, Sophomore and Freshman classes are scheduled to register Monday morning and the Juniors and Seniors on Monday afternoon.

### Returns To Scott Field

Pfc. Raymond E. Daugherty who has been visiting his mother, Mrs. Arthur Turner, and Mr. Turner of Route 3, Post, has returned to Scott Field, Ill. He arrived here December 22nd. He wants all his friends here to write him and gives the following address: Pfc. Raymond E. Daugherty, 18028875, Sqdn. K-1, Box 478, 3505th AAFBU, Scott Field, Ill.

Mr. and Mrs. Odell Stanley and children spent the recent holidays in Ft. Worth and Tyler, combining the pleasure trip with a business trip.

### NEWS NOTES FROM... Duck Creek Soil— CONSERVATION DISTRICT OFFICE AT POST

Charlie Witt, Duck Creek Soil Conservation District supervisor, and cooperater with the Kalgary conservation group, states that the large amount of crop residue left on the land which has been in combine grain sorghums can be used to good advantage if it is huddled in the right way. If left on or near the surface of the soil it will reduce wind erosion, increase water penetration, reduce evaporation and cause the soil to have a better tilt. Due to the wind erosion hazard, sandy land should not be plowed until after April 1st. If winter weeds become a problem they can be killed with sweeps.

Experimental results show that a plater with wings removed leaves 75 per cent of the crop residue on the surface, and that a one-way operated shallow and at a slight cutting angle, leaves 90 percent on the surface.

The freezing weather of last week caused the ground to be frozen to a depth of five to seven inches, according to observations made by technicians of the Soil Conservation Service assisting the Duck Creek Soil Conservation District. "This alternate freezing and thawing provides an excellent soil condition and is one of nature's ways of cultivating the land," said Durwood Bartlett, district cooperater in the Close City conservation group.

### Seven Garza Men Receive Honorable Discharges

### Southland News

Mrs. Floy King, Correspondent

Rev. R. L. Kirk of Slaton preached at the local Methodist church here at 10:00 a. m. Sunday. Rev. R. B. Waldon is still physically unable to preach but very much improved over his recent illness.

Henry Martin (Uncle Henry) passed away Monday night at the home of his son, Myrt, at San Angelo and was buried at Phantom Hill, near Abilene. This 73-year-old man had lived here for 22 years. Mr. and Mrs. Edd Martin and sons, Dickie and Ding, left immediately for San Angelo after being notified of his death. Mr. and Mrs. Audy Matlock also attended the funeral.

E. C. Stabino suffered a broken jaw, injured ear and several head bruises, due to an accident which occurred when he was attempting to start a tractor.

Mrs. James Buckner and infant baby were carried to Mercy hospital by ambulance Saturday morning. Mr. Buckner's mother and his two brothers and families arrived Saturday night from Roscoe to be at her bedside.

Edward Lee Samples was thrown from a sled while riding behind a car on the snow Sunday and was injured, but not seriously.

Roella Rankin spent the holidays with her parents, the R. O. Rankins.

Mr. and Mrs. Harry McDonald and daughter of California have been visiting friends and relatives here for the past week.

Mr. and Mrs. Troy Moore went to Lubbock Monday where Mr. Moore received medical treatment.

Mr. and Mrs. R. B. Roberson and daughter spent the holidays with relatives in Greenville.

The Juan Reyes have returned from Mexico where they spent several days with a daughter and her family.

Among those visiting the G. D. Ellis' Sunday were Mr. and Mrs. Harry McDonald and little daughter of California. Mr. and Mrs. Sam Ellis and family, Mr. and Mrs. Leonard Anderson and Kay, Mr. and Mrs. Hub Haire and John and Mr. and Mrs. (Skinny) King.

School started here again Monday. The snow made a mid-winter vacation for all last week. It was reported that there was more sledding and less accidents on the streets than there has been for several years.

The two-year-old son of Mr. and Mrs. Alva Allbright is seriously ill.

Monday was a very busy day at Blondie's Laundry with all washers in use and many waiting. It has been about five years since our town has had a laundry and we all wish success to this local enterprise.

Mr. and Mrs. Bob Tillery and four children moved from a nearby farm to the apartment next door to the Buddy Carpenters. The Lawrence family who formerly lived there, moved away before Christmas.

The Lewis Donohoe family was quarantined for scarlet fever during the holidays but Olene was the

### Growth And Improvement Indicated For Neighboring West Texas Towns

Snow, sleet, rain and cold weather in general covered most of the surrounding territory last week and proved to be the main source of news in the area, according to our regional exchange papers. Nolan county feared a heavy loss in cattle due to the cold wave while Scurry and Jones counties report the heaviest snow and lowest temperatures in those areas in several years.

Also news in the surrounding counties were the new county officials who took office last week.

Water and sewerage improvements were discussed for Lamesa when prominent Lamesa business-

#### SHARP KNIVES WILL SAVE TIME-LABOR DECLARES MISS HIPP

We all know that sharp knives are one of the housewife's best time and labor savers . . . and after your knives are once well sharpened, there are a few rules of proper care that you should follow to keep those edges good and sharp. Taking proper care of your knives prevents dull edges about as much as anything else, says Miss Jewell Hipp, County Home Demonstration Agent, Garza County.

To help prevent edges from becoming nicked and dulled, keep your knives in a rack on the wall or in separate compartments in a drawer. Or a wall pocket made of leather, with a division for each knife, is also convenient to use.

Always clean and dry knives thoroughly before putting them away, the Agent says. If a knife is to be stored and not used for a while, coat the blade with heavy oil, paraffin or lard to prevent rusting. If lard is used, be sure there is no salt in it.

Never use a knife to cut wire, tin cans, kindling wood, boxes and other hard materials. Nearly all broken knives are the result of using them for heavy work that they aren't intended for.

One of the greatest causes of dull knives is cutting material on metal, porcelain or earthenware surface. Always place a cutting board under the material to be cut.

Leaving knives in water to soak will rust the blade, rot the wood and loosen the handle, so keep them out of water as much as possible. Another precaution to take, the agent says, is to keep knives off hot stoves . . . extreme heat will destroy the temper of the blade.

only one of the four children to have scarlet fever. They plan to move to Slaton as soon as the weather permits.

Local people, other than relatives, attending the H. Martin funeral were Wilbur Woods and his mother, Pete Kellum of Dora, Pa., Walter Kellum, and their mother, Mrs. Nettie Kellum.

Mr. and Mrs. Pete Kellum and children returned to Pennsylvania after visiting here since Dec. 19.

Adapted to East Texas and the Gulf Coast, lespedeza is said to yield more feed value and soil fertility than any other crop within the region, for the same investment in time and effort.

# 1947 Arrived On Time

We haven't taken the time to thank our customers for the excellent Holiday business with which you so generously favored us. We have completed our inventory and are now ready to fill your hardware needs for 1947.

Allow us to say again and again that we appreciate your business as well as your visits to our store all during 1946 and we want you to continue your visits during 1947.

To our friends to whom sorrow has come the past year we extend our sincere sympathy and mean it.

Let us all work together to make our businesses, our schools, our farms, our churches, and our homes better during the present year.

Don't forget to visit our store often and always—

**Moves To Lubbock**

Mrs. Jess Barnes and two children, Jena and James, moved this week into an apartment in the A. T. McCampbell home. Mr. Barnes moved to Lubbock this week where he is to be associated with the Kuykendall Motor Company. Mrs. Barnes and children will join him there when school is out in May.

**Visits Sister in Hospital**

On Monday Mrs. Ott Nance visited her sister, Mrs. H. H. Bell, of Corpus Christi who is a patient in the Snyder General hospital. Mrs. Bell was a visitor in the home of her mother, Mrs. L. N. Perriman, when she became ill and was rushed to the hospital in Snyder. Her daughter who is a trained nurse came from Corpus to assist in her mother's operation.

**CARE MUST BE TAKEN IN CLEANING MIRRORS ADVISES MISS HIPP**

Special care must be taken in cleaning mirrors, not only to keep the glass clear for a good reflection, but also to preserve the silver coating on the back. Miss Jewell Hipp, County Home Demonstration Agent, Garza County, advises wiping the glass with a cloth moistened in water containing a little vinegar or ammonia and then drying it with a soft, clean, lint-free cloth. Of course we all know that soap will streak glass, so avoid using soap in cleaning mirrors.

Take care that no water runs down between the frame and the glass or gets on the back of the mirror. Water damages the silver covering on the back, the agent says.

To clean a gilt mirror frame, go over the surface lightly with a soft brush which has been dipped in alcohol containing a few drops of ammonia. Allow the frame to dry for five minutes and then go over it with a brush dipped in clear water. Here again, take care not to use too much water.

One further point from the agent: Never let the sun shine directly on any mirror. Direct sun rays may affect the silver coating on the back and cause a faulty reflection.

**WESLEY NORTHCUTTS PURCHASE AMERICAN**

A business transaction of interest to Post and Garza county residents is that which took place the first of the week in which Mr. and Mrs. Wesley Northcutt became owners of the American Cafe. The Northcutts purchased the cafe from Mrs. Bounds, who had been operating it since last fall.

Both Mr. and Mrs. Northcutt will be associated in the business. They took over management Monday.

**TEN BEST PICTURES**

According to movie goers over the nation the ten best pictures of 1946 were:

- The Lost Weekend
- The Green Years
- Anna and the King of Siam
- The Bells of St. Mary's
- Spellbound
- Saratoga Trunk
- Henry V
- Notorious
- Leave Her to Heaven
- Night and Day

Ray Milland, the poll revealed, received the largest number of votes to be polled by any actor since votes were cast in 1941 on *Gone With the Wind*.

**Justiceburg News**

**Mrs. R. J. Key, Correspondent**

Mrs. George Evans visited her mother in Plainview several days this week.

Mr. and Mrs. Marvin Dorman visited his parents, Mr. and Mrs. Chester Dorman, of Snyder, Saturday.

Mr. and Mrs. V. A. Lobban and family spent Sunday in Colorado City with relatives.

Mr. and Mrs. Aubrey Seabourne of Snyder visited Sunday afternoon in the home of Mr. and Mrs. R. J. Key and son, Jerry.

Mr. and Mrs. Scoop Reed and family of Polar visited his parents, Mr. and Mrs. Jeff Reed, Sunday.

Mr. and Mrs. Harry Evans of Amarillo, returned to their home Sunday after a visit with his parents, Mr. and Mrs. George Evans.

Mrs. Roland Sullinger and family were in Snyder during the past week visiting her mother, who is seriously ill.

Mrs. Lee Nolan spent the week end at Lubbock.

Henry Key visited his mother, Mrs. J. C. Key, of Lewisville, during the past week.

**Bits Of News:**

Emmett Dent left Monday with his son Woodrow and wife for their home in San Diego, California, where he will visit for six weeks. Woodrow and his wife have been visiting here for a number of weeks. While Mr. Dent is away, Mrs. Dent will visit in Lubbock, Ft. Worth and Socorro, New Mexico.

Mrs. C. J. Potter and little daughter are visiting her parents, Mr. and Mrs. Claude Bailey, for a short time. Mrs. Potter is the former Rose Jean Bailey. Her husband, who was stationed in Victorville, California, until his discharge from the Army Air Corps recently, is going into the electrical supply and appliance business in Breckenridge.

A reunion of the immediate members of the W. E. Dent family was held here Sunday at the home of Mr. and Mrs. W. E. Dent. Their son, Woodrow, and his wife who returned to their home in San Diego early this week, their daughters, Mrs. Gordon Sanders of Lubbock, Mrs. Carl Hughes and Mrs. Howard McCampbell, and their families were among those who attended the affair. Mr. Dent returned to San Diego with his son for a six week's visit.

**Bits Of News:**

Mrs. John B. Slaughter who is a patient in the West Texas hospital is expected home Friday if the weather is permissible.

Ted Hibbs and Garland Davies attended the Safety Meeting of the Southwestern Public Service Company held in Lubbock Tuesday night.

Mr. and Mrs. J. W. Satterwhite accompanied by their daughter, Mrs. J. D. McCampbell, and their grandson, Jerry Don, attended to business in Seminole early in the week.

Misses Loyce and Juanice Hill of Oklahoma City spent the Xmas holidays with their parents and family, the E. C. Hills of the Graham community.

Albert Howard and family moved recently to Arizona where he is working in a body and fender shop. Jack Bishop is operating the Howard & Bishop Body and Fender Shop in Post.

A house guest of the Sherrill Boyds who arrived here Wednesday is Miss Lois L. Smith who formerly lived in Amarillo. For the past few months she has been serving as a nurse with the Veteran's Administration hospital in Wadsworth, Kansas. During the war she served as nurse with the Air Evacuation Corps of the Army and served overseas. Miss Smith is also a former airline stewardess. She plans to remain here for several weeks. Accompanying her to Post for a few days visit was Miss Fern Heetland of Wadsworth, Kansas.

Mr. and Mrs. T. W. Meador arrived Monday from South America. They flew from Venezuela, S. A. to Miami and were en route here to be with Mr. Meador's brother. Upon reaching the U. S. a telephone call to the Meador home here informed him that his brother, W. W. Meador, had already passed away. From Miami the couple made the rest of the journey by train. They expect to remain here for an indefinite stay. The couple formerly lived in this county before going to South America where he is associated with an oil company.

A complete farm inventory each year has the advantage of showing the farmer whether he is overburdened with buildings and equipment in comparison with his crop and livestock system, and tells him the exact amount of cash he has on hand to operate his capital investment.

**MRS. McREE ENTERTAINS WITH BUFFET SUPPER**

Mrs. Lillie McRee entertained a group of friends with a buffet supper in her home Monday night. Thirteen guests, including Misses I. L. Gollehon, J. P. Manly, A. Q. Rector, F. I. Bailey, Gladys Hyde, Charlie Bowen, L. W. Kitchen, and Fleming and Misses Vera Gollehon, Bonnie McMahon, Nora Stevens, Harris and Cox, were served a delicious menu of baked ham, creamed carrots, potatoes, English peas, jelly salad, cranberry sauce, pecan pie and fruit cake from attractively arranged tables.

An informal social hour was enjoyed following the supper.

Duke Travis attended a meeting of Bryant-Link officials in Stamford Tuesday and Wednesday. Accompanying him as far as Hankell were Mrs. Travis and Mrs. R. D. Travis where they visited Mrs. Travis' sister.

**JOE DUREN AND FRANK STOKES HONORED AT DANCE MONDAY NIGHT**

A large group of young people gathered at the Legion hall Monday night, January 8, for a dance given in honor of Joe Duren and Frank Stokes by Junior Rhinehart and Duke Beauchamp.

The group enjoyed dancing to various numbers ranging from boogie-woogie to waltzes played by a record-player for several hours. At intermission, delicious sandwiches, fruit punch and coffee were served.

The honored guests, Joe, who is home on a short furlough, and Frank, who recently received his honorable discharge from the Army, were introduced by the master - of - ceremonies, Victor Sweeten. Messrs. and Misses L. P. Kennedy and Jack Taylor served as chaperones for the event.

Tom Wood of Lamesa is transacting business in Post this week.

**WELCH-SIEWERT VOWS EXCHANGED SATURDAY IN HOME WEDDING**

Miss Aileen Welch, daughter of Mr. and Mrs. L. H. Welch of Garnolia, was married Saturday evening at 6:30 p. m. to R. Arval Siewert, son of Mr. and Mrs. J. G. Siewert of Union Center community.

The wedding took place in the home of the bride's parents. The double ring ceremony was performed by Rev. L. H. Welch, father of the bride and vows were repeated before members of the family in a simple ceremony just at twilight.

The bride chose a white suit with brown accessories and wore a corsage of white carnations. She carried out the tradition of something old, new, borrowed and blue. For something borrowed she carried white gloves belonging to her mother and for something old she wore a dinner ring presented to her as a graduation gift.

The only attendant to the bridal pair was little Leslie Welch, brother of the bride, who acted as ring bearer.

The bride, a graduate of Whiteface High school, attended Hardin-Simmons University and Texas Technological College. She received her BS degree in 1945 from

**TIPTON-NORTH VOWS EXCHANGED IN SLATON; COUPLE TO LIVE IN AUSTIN**

Miss Imogene North, daughter of Rev. and Mrs. W. T. North of Slaton, became the bride of Dr. T. H. Tipton, Jr., son of Mr. and Mrs. T. H. Tipton of Post, at 3 p. m. Dec. 26 at the home of the bride.

Mrs. T. H. Tipton, Jr. with her father officiating for the double ring ceremony.

The bride wore a gray girdling suit with brown accessories and a corsage of deep pink carnations.

Miss Sue North, sister of the bride, was maid of honor. She wore a winter white wool dress with brown accessories and a corsage of red carnations.

Miss Melva Joyce North, sister of the bride, sang "I Love You Truly," accompanied by Mrs. C. S. Cox of Ft. Worth, sister of the bride.

A reception was conducted after the ceremony.

After a wedding trip to northern Louisiana the couple will be at home in Austin. The bridegroom is employed by the state health department. He plans to begin dental practice soon.

The bride attended Wayland college at Plainview. The bridegroom attended Texas Technological and was graduated from Loyola Dental school in New-Orleans in June.

**Church News**

MELBA JO MILLER

"As many as I love, I rebuke and chasten: be zealous therefore, and repent."

"Behold, I stand at the door and knock: if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with Me."

"To him that overcometh, will I grant to sit with Me in My throne, even as I also overcame, and am set down with My Father in His throne."

Rev. 3:19, 20, 21.

**Minute Prayer**

O Lord, help us to recognize Thee and to open our hearts to Thee in shadow, in joy or in sorrow. Show us that we need Thee more than anything that Thou may give us, and that Thou are more than all Thy gifts.

Members of the Women's Council of the Christian church met Monday afternoon, at which time plans on beautifying grounds around the parsonage were discussed. Following the business meeting, Rev. F. B. Nickerson, pastor of the church, taught the lesson which was taken from the book of Esther.

The schedule of the Sunday services at the Church of the Nazarene is as follows: Sunday school, 9:45 a. m.; preaching service, 11:00 a. m.; group services, 6:30 p. m.; preaching service, 7:00 p. m.

Regular prayer meetings are held each Wednesday night, Friday noon and Saturday night. Prayer is especially being emphasized for the revival meeting with Rev. W. H. Snow which is scheduled for January 20 through February 2.

Next Sunday morning there will be a communion service.

The Junior GA's of the First Baptist church met January 6, with nine members present. The leader for this meeting was Miss Jo Panter who led for the foreign mission program which was presented. Members of the organization are all urged to be present at the next meeting which will be Monday at the church.

A lovely installation service of the new officers of the First Methodist WSCS was held Sunday night at the church with Rev. I. A. Smith conducting the service. The new officers who were installed are as follows: president, Mrs. J. E. Parker; vice-president, Mrs. B. E. Young; recording secretary, Mrs. R. A. Moore; corresponding secretary, Mrs. B. J. Edwards; treasurer, Mrs. Noah Stone; secretary of christian social relations, Mrs. J. R. Durrett; secretary of missionary education, Mrs. T. L. Jones; secretary of status of women, Mrs. L. A. Presson; secretary of student work, Mrs. Tol Thomas; secretary of youth work, Mrs. Surman Clark; secretary of children's work, Mrs. Ralph Welch; secretary of spiritual life, Mrs. I. A. Smith; secretary of supplies, Mrs. Ted Hibbs; membership and fellowship chairman, Mrs. Jessie Voss, missionary personnel, Mrs. H. G. Smith and literature and publications, Mrs. R. H. Collier.

The WSCS of the First Methodist church met Monday afternoon in the home of Mrs. J. E. Parker for the first meeting of the year. New officers presided at this meeting and the president, Mrs. J. E. Parker, outlined the plans for the year. Mrs. I. A. Smith gave the devotional followed by Mrs. B. E. Young, who was in charge of the program, giving a topic entitled Stewardship for the Year. The annual financial report was given by Mrs. Stone and was preceded by the pledge service in which the ladies pledged their time, money and prayers to the service. A social hour was then enjoyed at which time the hostess served refreshments of open-face sandwiches, fruit cake, fresh dates and hot chocolate. The group will meet next Monday in the home of Mrs. B. E. Young at 4:00 o'clock when Mrs. H. J. Edwards will be in charge of the program.

The Presbyterian Ladies Aid members will meet next Monday at 3:30 p. m. with Mrs. Ben Williams.

MRS. T. H. TIPTON, JR.

**MERRYMAKERS CLUB NOTICE**

The Merrymakers club will meet Tuesday, Jan. 14, with Mrs. Mabel Caldwell, instead of Mrs. Scott Storie, as was formerly reported.

Hoyt Hill is spending a few days in Oklahoma City visiting with his sisters.

**NEEDLECRAFT CLUB NOTICE**

The Needlecraft club will have a business meeting Friday, January 10, at 3:30 p. m. in the home of Mrs. A. A. Suits.

Miss Peggy Sue Robinson visited a few days this week in Lubbock with Miss Ganell Babb.

**WINIFRED ANDERSON HONORED AT GA MEETING MONDAY, JANUARY 6**

The Alice Stover Girl's Auxiliary of the First Baptist church honored Miss Winifred Anderson, who is soon to move to Seminole, with a social at the home of their counselor, Mrs. Huron A. Polnac on Monday, January 6, at 4:00 p. m.

Bible games were played during the social hour after which refreshments of apple cake and hot chocolate were served to the following members: Winifred Anderson, Bonnie Ann Bowen, El Wanda Davies, Wanda Jean Bilberry, Doris Turner, Mary Nell Bowen, Annie Mae Pierce and Anita Kennedy. As the refreshments were being served, Winifred was given a paper bag in which she was told was a lunch for her to carry with her from her G. A. friends. Upon opening the bag, the honoree found that it contained many lovely gifts from those present.

During the business meeting which followed, new officers for the year took charge and they include: president, Annie Mae Pierce; vice-pres., Billie Louise Nichols; secy-treas., Wanda Jean Bilberry; reporter, Anita Kennedy.

A program from The World Comrade, the G. A. magazine, will be given next Monday.

**Clever Announcements Tell Of Birth of James A. Stallings, Jr.**

James and Aileen Stallings issued cleverly styled announcements upon the birth of their new son James Alfred Junior.

The proud father, who is a photographer, took pictures of the mother and baby when the baby was two days old. He had already made up the folders and completed them as soon as the baby arrived.

Friends here enjoyed the announcements and appreciated the original manner by which the popular couple told of the birth of their son.

**PRISCILLA CLUB NOTICE**

The Priscilla club will meet Friday afternoon, January 10, at 3:00 o'clock in the home of Mrs. Ben Williams.

Mr. and Mrs. H. N. Crisp and Mr. and Mrs. Scott Storie left this morning for Hartinger where they will visit former Garza folks, Mr. and Mrs. Ray McNabb, for a few days.

Texas Tech and has been employed in school teaching for several years.

The groom is a graduate of Post High school and is also a veteran of World War II, having served for over three years in the Army Air Corps. He received his discharge in February of 1946.

Immediately following the ceremony, the couple left for a short wedding trip. They will make their home in Post.

Cotton production goal for Texas in 1947 is 2,296,000 bales.

### THE ROLE OF THE MERCHANT

Authorities on retailing have observed that a very considerable segment of the American population has little understanding of what retail merchants have done to limit price increases—and have a misconception of the merchant's role in the distribution machine. The fact that such activities as "buyers' strikes" are usually directed at the merchant, is one proof of this.

The attitude of merchants toward the public was well demonstrated in the early days of the war, before ironclad OPA controls were imposed. Stores were simply requested to hold the price line, in spite of shortages, increasing demand and the decline in normal competitive measures. The vast majority of stores, chain and independent alike, complied, and price boosts were limited to the absolute minimum.

Since the virtual demise of OPA, the stores have been in an exceedingly difficult position. Heavy and inevitable price increases occurred in most manufactured and agricultural products—the result of higher wages, material costs, etc. The merchant has had no choice—he has to raise his prices if he is to survive. But it should be known that most stores have voluntarily adopted the policy of limiting these increases as much as possible. In many cases they have reduced their narrow margin of profit in order to protect the consumer's dollar, to the best of their ability.

The store, like any business, cannot escape the economic conditions of the times.

### WHAT OUR CONTEMPORARIES ARE SAYING:

**THE LIFE OF A NEWSPAPER EDITOR**—In recent weeks we found an amusing bit of copy concerning the "beefs" of the editor appearing in neighboring papers, and we are in need of something to fill this space, we've decided to pass it on to you . . . this is the piece:

"I don't know how newspapers got into the world and I don't think God does, for He never mentioned them in the Bible. Maybe the editor was one of the Fallen Angels, for he seems to fall for about everything that people tell him. If the editor makes a mistake folks say he ought to be hung; if a lawyer makes a mistake he appeals the case; when a doctor makes a mistake they say nothing 'cause they don't know Latin, and they couldn't read his writing if they did.

"An editor make a mistake and there's a lot of hollering, cussing makes a libel suit, while when a Dr. makes one there's a funeral with flowers and crying and perfect silence. A doctor can use a word a mile long and it doesn't make any difference if he knows what he means folks will think he's educated while an editor has to spell any word he uses. If a doctor goes to see another man's wife he charges for the visit, while if the editor goes he gets shot.

"People that call the doctor and get well think he's a great man. If they don't get well they're dead and can't say anything. Two-thirds of the folks in town are sore at the editor all the time, either because the paper said something about them they don't like or said something nice about somebody else."

**A KINDLY TIP**—A kindly tip to the fathers of sons who play hide and seek in the family car at night: an indignant citizen who has been run down, run over and kept up all night by ears careening around his property is preparing a bear trap. If your son phones you at 2 a. m. and says some drunk has just run into his car and left it to be carried home in a basket—don't exactly believe it. The man is a bit tired of being jarred out of bed by those kids. He figures if he can wreck a couple of cars some night, everybody would be better off. We would give the man's name, but we're so confounded anxious for somebody with some intestinal fortitude to stop that monkey business, we're rubbing the hands—and smiling! —The Rails Banner.

An irate gentleman called a newspaper editor on the telephone, stating his name. "Did you put that notice of my death in the paper?" he shouted. "Yes, I did," the editor admitted, "er . . . by the way . . . where are you calling from?"

The Department of Agriculture is offering loans to cotton growers at 92.5 percent of parity.

World shortages of fertilizer means the farmer should order his 1947 supply of fertilizer early.

Sack says

Many a man has imagined himself famous when he has only met an editor who was hard up for material.

The Force that Holds Up the "Goblet of Venus" . . . OIL-PLATES Your Engine!

Strange phenomenon of nature is the "Goblet of Venus"! Stranger still is the tremendous force of molecular attraction that enables the stem to support the huge bowl!

Utilizing this mighty force of molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:

1. added protection during the vital periods when you first start your engine
2. added protection from corrosive action when your engine is not in use
3. added protection from wear that leads to fouling sludge and carbon
4. added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now . . . at Your Conoco Motor Merchants. Look for the red triangle. Continental Oil Company

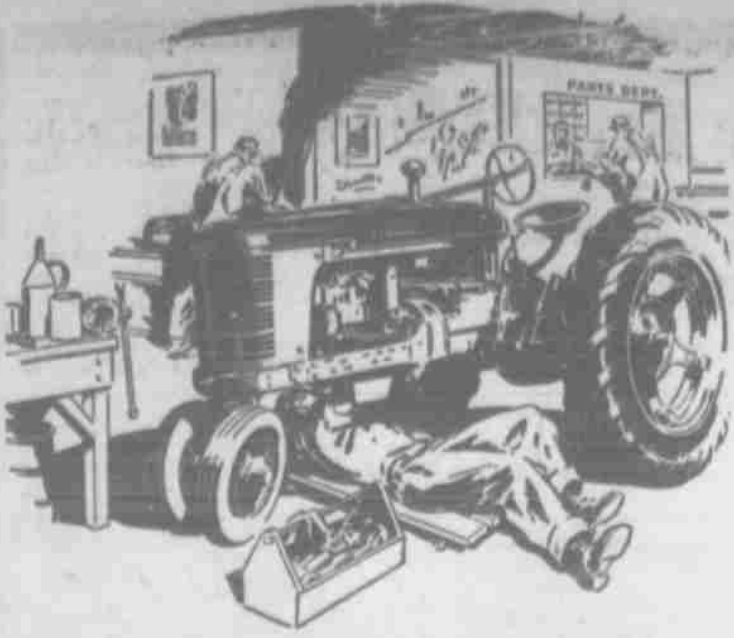

Better OIL-PLATE Now!

**ANYTHING FROM A SET OF PLUGS TO A "MAJOR OPERATION"**

At the first sign of an ailing tractor call on us. You can be sure of expert, professional care for any piece of your equipment when you bring it here. Farm machines are our business. This year they are more important than ever and we are working with all our might to keep the greatest possible number of them in good running condition.

More new Farmall tractors and McCormick-Deering implements are now coming from the factories. If you need new equipment and haven't placed your order, now's the time to do it.

In the meantime we're ready to supply you with expert service and genuine IHC parts—anything from a set of plugs to a "major operation." And we guarantee the work will be done to your satisfaction.

**POST TRUCK & TRACTOR COMPANY**

**ROOM TEMPERATURE SHOULD BE KEPT AT 68 TO 70 DEGREES**

With the advent of cold weather, Dr. Geo. W. Cox, State Health Officer, has issued some timely advice concerning room temperatures and its relation to health.

"It is very important that inside temperature be maintained at around 68 to 70 degrees," Dr. Cox said. "Thousands of homes are continually overheated in the winter, and a degree of heat is often demanded that would not be tolerated in the summer-time."

In a room that is overheated, the body pores are open, and physical harm may result when outside temperature is encountered. Colds, influenza, bronchial troubles and even pneumonia may take advantage of this bodily abuse, and take a serious toll in sickness and even death.

"An inside temperature of from 68 to 70 degrees is not only more healthful, but actually more comfortable," Dr. Cox said. "When, added to these factors, the resulting economy is considered, it might be well to check up and see what your thermometer reads. A room temperature within the range suggested, plus the careful maintenance of proper humidity, will help to prevent needless sickness and protect the good health of your family."

**UNITED STATES COTTON GOAL FOR 1947 ASKS FOR 26 PER CENT INCREASE**

The suggested United States goal for 1947 calls for an acreage increase of 26 percent over the small 1946 acreage. The prospective demand for cotton and textiles in 1947 is being considered with about as much interest as the supply.

Questions facing the cotton industry, as summed up by the U. S. Department of Agriculture, are: Will the present high rate of domestic consumption be maintained? How much cotton can we export next year? New crop 1947 futures prices continue substantially below old crop futures and spot prices.

Cotton prices gained ground last week despite the lull brought about by the holidays. Prices for middling 15-16 inch in the 10 spot markets averaged 33.79 cents per pound the day after Christmas. An important price strengthening factor is the comparatively small supply of cotton in this

**More Earthen Tanks Built Last Year In County Than In 1945**

Farmers of Garza county built sixty-two earth dams on their farms and ranges in 1946 under the Agricultural Conservation Program. This compares with fifty in 1945, according to Chairman Will Wright of the County Agricultural Conservation Committee.

He said these dams will be valuable protection against flood damage, and will control soil erosions by preventing excessive run-off of water. On many farms and ranches the dams also insure water for livestock and encourage even grazing of rangeland. He pointed out, however, that there should be about three times as many dams as there are in the county to make the best use of land and pasture resources.

More watering-places mean wider grazing and cut down overgrazing around old ponds. This is a valuable conservation gain because pastures and ranges which are over-grazed lose their cover of grass and become erosion hazards. Chairman Wright said that farmers who need help in staking out dams, getting a contractor to build them or with any other problems, can get help through the county offices at Post. Because earth dams and other conservation measures benefit the whole Nation, the Government shares the cost with farmers, through the Agricultural Conservation Program. Program assistance for building dams is 10c for the first 3000 cubic yards and all in excess of that will be paid at 8c per cubic yard of dirt moved, with farmers making up difference between that amount and the contractor's price.

**FARM FAMILIES ARE LOOKING TO BETTER HOMES IN FUTURE**

Electricity, running water and modern bathrooms are at the top of the list of improvements that farm families are making as materials become available.

Rural families who are planning to build new houses or remodel old ones may be helped by the experience of others who have completed home improvements, says Mrs. Bernice Claytor, home management specialist of the Texas A and M College Extension Service. A recent survey by the U. S. Department of Agriculture showed that families who have done remodeling rated modern conveniences—lights, water, and bath—at the top of their improvement lists. Almost all the families who remodeled made kitchen improvements. Insulation and central heat also ranked high as a popular improvement.

Many families put in more and bigger windows, and made arrangements for more storage space. More than half the families added bedroom closets, and a third of them included a closet for work clothes. For the most part, planning was a family affair, with all members taking part. Ideas for improvements were found in magazines and trade publications, and from observing houses of neighbors. Local carpenters and plumbers also lent a hand, and some help in planning came from the Extension Service and other education and service agencies. Half the families interviewed used some credit to finance their improvements.

country, points out the USDA, however, the world supplies of foreign cottons are at record high.

**INCREASED SUGAR RATIONS MAY BE POSSIBLE BY APRIL**

Texas homemakers can now look with renewed hope toward an improved sugar supply.

Miss Jewell Hipp, County Home Demonstration Agent, calls the attention of housewives to a recent statement by Secretary of Agriculture Clinton P. Anderson concerning possibilities of increased home sugar supplies:

"Barring unpredictable disasters, sugar will be available to increase rations in the United States by one 5-pound consumer sugar stamp by April 1, 1947. It is believed that the sugar supply situation will warrant further increases later in the year, but at this time it is too early to specify amounts."

A step toward a better sugar supply was taken January 1, says Miss Hipp, when a spare stamp for five pounds of sugar was made good by the OPA. The spare stamp will be valid until April 30.

Judging from reports from the U. S. Department of Agriculture, it is likely that the second consumer stamp for 1947 will be made good before the spare stamp expires, predicts Miss Hipp. When this happens, the present ration of five pounds of sugar every four months will be increased.
