GIN GETS NEW LOOK—Shown here are some of the many improvements made at the Graham Cooperative Gin, which is housed in a new all-steel building. In the top picture, gin manager J. W. (Bill) McMahon is shown in front of the five new feeders, through which a bale of cotton is running. In the bottom picture, he and two workmen are standing in front of a brand-new Moss Super CleanerMaster, which had just been installed. Other new equipment includes latest type stick extractors and other machinery. The new cleaner will handle 12 bales an hour.—(Staff Photo).

'Dimes March' Dinner Set For This Evening

Mike Hyer of Abilene, a regional director of the National Foundation for Infantile Paralysis, will speak at 7:30 o'clock tonight at a March of Dimes dinner at Levi's Ranch Cafe.
Announcement of the dinner has been made by Almon Martin, newly-appointed director for the 1957 March of Dimes in Garza County.

The dinner is for officials of the Garza County Chapter of the NFIP and for campaign workers and their husbands or wives, the chairman said.
Chapter officials are J. Lee Bowen, chairman; Mrs. J. L. Ballentine, secretary; Miss Wilma Partie, treasurer; Martin and Bob Poole, co-director.

Members of the board of directors are J. L. Ballentine, O. L. Weakley, Walter Crider, Mrs. James Minor, Mrs. J. Lee Bowen, Mrs. Bob Poole, Mrs. Sid Cross, Mrs. H. V. Wheeler, Mrs. Lonnie Peel and Mrs. J. W. McMahon.
Drive workers recently appointed by Martin include Paul Jones, large gifts chairman; Mrs. Lee Davis, women's groups chairman; Mrs. Pat N. Walker, Mothers' March chairman, and the following community chairmen:
Mrs. Lee Reed, Justiceburg; Mrs. R. D. Williams, Southland; Mrs. Wilburn Morris, Graham; Mrs. O. F. Pennell, Barnum Springs; Mrs. Cecil Lee, Pleasant Valley; Mrs. Adrian Cook, Garnolia; Mrs. Will Teaff, Close City; Mrs. Ozell Williams, Grassburg; and Mrs. Arnold Sanderson, Verbenia.

Grand Jury Brings Two Indictments

Two indictments were returned Monday by a 10th Judicial District grand jury, which was in session about three and a half hours.

Only two charges were investigated, with an indictment of fraudulent disposition of mortgaged property being returned against F. M. Bratcher, and one of defrauding with worthless check against John D. Barfield.
L. G. Thuet Jr. was jury foreman. Other jurors were D. H. Mayfield, Ted R. Hibbs, Sam Ellis, James Stone, Howard Teaff, B. Gregg, Jack Burkett, Sam Sanders, W. A. Long, Mrs. Juy Floyd and Bandy Cash.

Powers Funeral To Be This Afternoon

Last rites for James Martin (Jim) Powers will be conducted this afternoon at 4 o'clock in the First Methodist Church, with the Rev. W. L. Porterfield, pastor, officiating. Burial will be in Terrace Cemetery under the direction of Mason Funeral Home.

Mr. Powers died at his home yesterday morning after being in ill health for some time. He was born Nov. 24, 1879, in Tennessee, and the former Miss Ola Spencer were married in 1914 at Frost. They lived in Electra, Breckenridge and in 1922 moved here from Graham. They farmed west of town for several years before entering the cafe business here. He was a member of the Methodist Church.

Survivors are his wife and one sister, Mrs. Myrtle Wells of Dallas.

Jimmy Moore Is Top Winner At Clifton

Jimmy Moore of Post carried off top money at Clifton's Central Texas Fair and Rodeo, which ended Saturday night.
The Post cowboy placed first in both go-rounds of the bareback bronc riding and second and third in the two go-rounds of bull riding.

TO MAP PUBLICITY
Secretaries and managers of the Chambers of Commerce of Post, Spur, Crosbyton and Ralls will meet at 1:30 p. m. Friday in Ralls to map a publicity campaign in support of the Oct. 27 confirmation election on the White River Water Control and Improvement District. Mrs. Fritz Greenfield will represent the Post organization of the meeting.

Confirmation Election On White River Water Control District Set For Oct. 27

Saturday, Oct. 27, has been set as the date of an election for the purpose of confirming the organization of the White River Water Control and Improvement District and electing a board of directors for the district.
The election was set Tuesday afternoon at a meeting of the temporary board of directors at the community clubhouse in Kalgary, near where the proposed White River dam is to be built.
The confirmation elections are to be held in the cities of Post, Spur, Crosbyton and Ralls, whose corporate limits comprise the district.

Eligible to vote in the election are qualified electors of the district who own taxable property therein. A majority of the votes cast will be necessary to confirm the district's organization.
The ballot will read: "For Confirmation of District"; "Against Confirmation of District."
Also on the ballot will be the names of the five members appointed by the State Board of Water Engineers as temporary directors, and five blank spaces for write-in choices.
Present directors whose names

will be on the ballot are Lynn D. Buzbee of Spur, Robert Work of Crosbyton, R. J. Jennings of Post, M. A. McLaughlin of Ralls and Tom W. Bouchier of Post.
Voting places and election officials will be:
Post, City Hall, Walter Crider, presiding judge; Harold Lucas, assistant judge; Mrs. Lucille Acker and Mrs. Irene Rodgers, clerks.
Spur, Dickens County Electric Co-op, John L. Green, presiding judge; Mrs. E. B. Blumberg, assistant judge; Mr. Jack Rector and Mrs. John F. Moore, clerks.
Crosbyton, City Hall, L. B. Parkhill, presiding judge; S. P. Covington, assistant judge; R. R. Jones and F. M. Dunn, clerks.
Ralls, City Auditorium, Tim Lyle, presiding judge; W. W. Watkins, assistant judge; Mrs. John Fowler and Mrs. C. O. Edwards, clerks.
At Tuesday afternoon's directors' meeting, Bouchier was elected president of the board; McLaughlin, vice president, and Work secretary.
Those from Post attending the meeting were Bouchier, Jennings and Mayor James Minor.

County Budget Is Adopted Monday

Garza County's budget for 1957 was adopted Monday by the commissioners' court, which is to reconvene Friday to set the tax rate.
Final figures on the new budget were not available Wednesday, but County Judge Pat N. Walker said it is slightly less than the \$425,988.46 budget adopted last year, and is based on a valuation of approximately \$12,500,000.

The county tax rate will be set at 95 cents, the same as last year. The general fund will get 35 cents; jury fund, 5 cents; special road and bridge fund, 15 cents; permanent improvement fund, 25 cents, and hospital sinking fund, 15 cents.
Common school district tax rates for the new fiscal year will be: Graham, \$1.50, which is an increase of 25 cents over last year; Grassburg, \$1; Justiceburg, 80 cents, and Garnolia, \$1.50.

High School Choir Chooses Officers

Ronnie Morris, son of Mr. and Mrs. Chester Morris, has been elected president of the Post High School choir for the 1956-57 school year.
Other officers elected were Dixie Davis, vice-president; Arlene Barron, secretary; Linda Davis, reporter; Don Beard, librarian; and Barbara Stone, Student Council representative.
George M. Wilson, choir director, has selected a girls' trio and a boys' quartet following recent try-outs.

Trash Containers In Downtown Post New Project Of Jaycees

Trash containers on the city's Main Street is a new project of the Post Junior Chamber of Commerce, it was announced following Wednesday's luncheon meeting at Judy's Cafe.
Lee Ward, Jaycee president, said members are contacting dealers for prices on the containers.
The Jaycees also decided Wednesday to endorse and support the White River Water Control and Improvement District confirmation election set for Oct. 27.
Percy Parsons and Malcolm T. Bull were named to supervise the Jaycees' cushion rental at the next home football game, which will be Oct. 5. Rentals last Friday night brought the Jaycees approximately \$18, with the proceeds going to the Little League baseball fund.

ANNUAL LIONS CLUB EVENT SET FOR OCT. 5-6

Fair To Feature Amateur Contest

The annual Garza County Fair Oct. 5 and 6 will feature an amateur talent contest on the final night, it was announced Wednesday following Tuesday night's meeting of the Post Lions Club, which sponsors the fair.
Bob Meisch and Al Norris are in charge of plans for the contest. Meisch said there will be two classes of competition—one for performers through 14 years old and the other for those 15 years of age and over. Awards will be presented first and second place winners in each class.
Noon of Friday, Oct. 5, the opening day of the fair, has been set as the deadline for entries in the amateur contest. Those wishing to enter may do so by writing to Meisch or by telephoning him at 571, or by calling Norris at phones 300 or 449, or by contacting Lion Secretary Weaver Moreman at Mason & Co.
The contest is open to both individual and group performers, Meisch said. The contest will be held on an open air stage at the fairgrounds where a piano will be available.
"We hope to have a large number of contestants," Meisch said. Meanwhile, fair committeemen from the Lions Club are continuing their efforts to secure a carnival or kiddies' rides for this year's event. Norris and Lion President H. W. Schmidt were in Lubbock Wednesday to see about booking a carnival.

City Formulates Pay Plan On Street Paving Project

With five complete blocks and parts of 15 blocks signed up for paving, it appeared this week that the city's proposed paving program will be carried out after all.
Interest bearing time warrants, not to exceed \$50,000, will be issued by the city to finance paving costs for property owners who are unable to pay the entire amount of the cost at this time.
A schedule of time payments has been worked out by the city for the benefit of some of the property owners desiring paving. The property owner may take advantage of either of the following payment schedules:
1. 25 per cent down, three years to pay, with payments to be made annually.
2. 20 per cent down, four years to pay, with payments to be made semi-annually.
3. 10 per cent down, six years to pay, with payments to be made monthly.
Property owners wishing to avail themselves of one of these methods of paying for paving costs are asked to contact Mrs. Jackie Miller at the City Hall, telephone 134.
Engineers and contractors on the paving job are here this week getting the project under way. First to be paved will be streets in new additions in the southwest part of town.
Consulting engineers on the project are Roberts, Merriman & Bowden of Lubbock. The contractor is C. C. Asphalt Paving Co. of Colorado City.
Cost of the paving, according to City Councilman Powell Shyles, will be \$3.35 per front foot, which will include paving, curbing and gutters.
Property owners availing themselves of the time payment plans are to sign the liens at the City Hall. Both the husband and wife must sign, with the signatures to be notarized. Those unable to go to the City Hall to sign the papers are asked to notify Mrs. Miller and arrangements will be made

'Caprock' Staff Is Named By Sponsor

Kenneth Mills, son of Mr. and Mrs. Ellis M. Mills has been named editor of the 1956-57 edition of the "Caprock", Post High School yearbook, Mrs. Ray N. Smith, faculty sponsor, has announced.
Other staff members are Linda Livingston, assistant editor; Lexa Acker, business manager; Jimmy Short, assistant business manager, and B. A. Ford, photographer. Class representatives on the staff are Auvy Lee McBride, senior; Mike Ray, junior; Victor Hudman, sophomore, and Sara Mills and Clinton Smith, freshmen.
Bob Madison is photographic advisor.

Rotary Student Is Luncheon Speaker

Gerre Hancock of Lubbock, who attended the University of Paris on a Rotary fellowship from this district, spoke at Tuesday's luncheon of the Post Rotary Club. Giles McCrary was in charge of the program.
Young Hancock expressed his appreciation of the Rotary International program which makes the fellowships possible, and also told of some of the customs of the French people.
A film on Southwest Conference football highlights of 1955, released by the Humble Oil & Refining Co., will be shown at next Tuesday's luncheon, with Harold Lucas in charge of the program.

Coltrane Resigns As HS English Teacher

W. A. Coltrane, Post High School English teacher, recently resigned to accept a teaching position at New Deal, according to Supt. R. K. Green.
Coltrane, who had been a member of the faculty since school opened Sept. 3, accepted the New Deal position in order to be nearer his home in Lubbock, where Mrs. Coltrane teaches.
Mrs. Lee W. Davis has been substitute teaching following Coltrane's resignation. The superintendent said the board expects to fill the faculty vacancy soon.

County ASC Committee Is Re-Elected Tuesday

The chairman, vice chairman and regular member of the Agricultural Stabilization and Conservation Committee of Garza County were re-elected Tuesday at a meeting of newly-elected community chairmen at the ASC office.
Will Wright was re-elected chairman of the county committee; Avery Moore Jr., vice chairman, and Hansel D. Hallman, member.
George F. Carpenter was elected as first alternate and Bandy Cash as second alternate. Cash succeeds Homer W. Huddleston on the committee, while Carpenter fills a vacancy created several months ago by the resignation of Claude Spence. At the time, Spence was serving as regular member and Hallman moved up from first alternate to replace him.
The county committee is scheduled to begin its new year's work at a meeting at 9:30 a. m. Monday at the ASC office. Its duties include administering the Soil Bank programs; handling of crop allotments and grain and cotton loan programs, setting up and approval of Agricultural Conservation Program practices, and administration of drought emergency relief and wind erosion control programs.
Results of the Sept. 20 community committee elections were announced this week.
Those elected were:
"A" Community—Neil Crosby, chairman; Ed Cummings, vice chairman; Weldon R. McGehee, member; Charles W. Scott, first alternate, and Leo C. Stolle, second alternate.
"B" Community—John E. Nelson, chairman; Fred Babb, vice chairman; Aubrey A. Ritchie and Lowe C. White, and J. M. Haley, second alternate.
"C" Community—Tom A. Gilmore, chairman; Bruce Tyler, vice chairman; Jack Taylor, member; Walter Boren, first alternate, and John W. McQuisen, second alternate.
Each newly-elected chairman served as delegates to Tuesday's meeting at which the county committee was elected.

\$200,000 Suit For Damages Continues

The case of Hattie Louise Cade et al vs. Henry A. Bates, in which the defendant is being sued for more than \$200,000 as the result of a traffic accident near Justiceburg Sept. 17, 1955, went into its fourth day Thursday in 10th Judicial District Court.
Mrs. Cade and her sons of Lubbock are suing Bates, a Brownfield resident, for \$150,000 damages from the death of their husband and father, Richard Melvin Cade. Mrs. Cade is also suing for injuries she received in the accident.
J. W. Benson of Runnels County, whose truck was involved in the three-vehicle accident is suing Bates for \$4,000 for damages to the truck.
Mrs. Cade's original petition alleges Bates of negligence on 11 counts.
Jurors hearing the case are Walter Stolle, Lowell Scribner, Jack Kennedy, Earl Rogers, Stanley Stuber, J. E. Birdwell, Marshall Reno, Bob Willoughby, Bobby Pierce, B. B. Hodges and Delmer Cowdry.

JAYCEE CUSHION SALESMEN—Bill G. Humphrey (left) and Jess Michael were in charge of cushion sales for the Post Junior Chamber of Commerce at Friday night's football game. The Jaycees have been granted concession rights on cushion rentals for all home games. Proceeds will go into the Little League baseball fund.—(Staff Photo).

Thursday to Thursday

By CHARLES DIDWAY

LAST FRIDAY WAS the first day of autumn, but about the only way to tell it was to look at the calendar. Summer is staying with us, and we haven't felt the fall "nip" since autumn of last year.

FOOTBALL IS IN the air, of course, and that helps to make us realize that the season has changed. For awhile Friday, it looked as if we'd have the dustiest home football game since the O'Donnell contest of 1953 (remember that one?), but game time found ideal weather conditions, and the only dust we saw was that kicked up by the Denver City Mustangs.

ON THE SUBJECT of football, Coach DeWitt Weaver of Texas Tech said Sunday that it looks like a "long season" for the Red Raiders. But Coach Weaver and his team aren't in that boat all by themselves. When you stop to think how few the games are played each weekend, you've got to realize that half the teams have to lose. It'll be a long season for scads of them.

SOMEONE HAS MISTAKEN this column for an information bureau. We've received a postcard asking: "How can I keep my husband from fixing things around the house?"

AFTER RECENTLY examining the income tax returns of two New Mexico ranchers involving a joint venture, a U. S. Internal Revenue Service agent requested records from the pair to verify the transaction. One of the partners sent the following reply: "Well, I'll tell you. We sat on a corral fence and figured the deal out on a piece of board. Then I gave Sam a check for his part and threw the board away."

THAT REMINDS US of the season we served as statistician for the Oil Belt Baseball League. In trying to round up the score sheets after each Sunday's games, we learned that some of them were kept in much the same manner as the New Mexico ranchers kept the records of their deal.

JESS MICHAEL of Western Auto Associate Store says he's convinced that Post has an energetic group of young salesmen who'll go far if they decide to make careers of it. Jess relates that when a TNM&O bus stopped here Friday afternoon, some of the youngsters selling football programs for the Post-Denver City game boarded the bus and sold programs to most of the passengers.

SOMEONE TELLS US this actually happened a few miles out on the Clairemont Highway. At the side of the road a woman looked helplessly at a flat tire. A passerby stopped and fixed it for her. Then the woman said, "Let the jack down easy. My husband is sleeping in the back seat."

IN FRONT OF Hundley's Men's Store the other day, we heard a heated argument that had to do neither with politics nor the weather. One fellow was arguing that the object bobbing about in the show window was a space ship while the other fellow said it was a satellite. We didn't offer an opinion, because we've wondered ourselves ever since Jim installed the object.

THIS YEAR'S SOPHOMORE class at Roger W. Babson Writes This Week:

Seems Common Sense To Begin Education By Teaching Child About His Own Brain

GLOUCESTER, Mass.—If I have any real hobby, it is the study of the human brain. In fact, if I were to live my life again, I should devote myself to the development and harnessing of the human brain.

Teaching Young School Children
Any school superintendent who insisted that first-grade children should be taught psychology would probably be called "crazy." On the other hand, I believe if he did not use this long word, but merely began in the early grades to teach the child about his own brain, he would be praised. After twelve years spent in the Gloucester public schools, and four years in the Massachusetts Institute of Technology, I had never heard of psychology. Yet it seems only common sense to begin education by teaching a child about his own brain, with which he will learn everything in the years to follow.

As so many children are starting their first formal education this month, I urge that their interest be aroused in the wonderful machine which every one of them has in his head. It makes me cross to see the attention which is given by the press to the new electronic computers, while so little space is devoted to the human brain. In fact, Mr. Thomas J. Watson, late President of International Business Machines until his death a few weeks ago, once said to me, "If one of my machines is worth a half million dollars, the brain which every child has is worth ten million dollars!"

Brains Compared With Telephone Systems
Every child who has entered school this month has in his head the equivalent of three pounds of mental switchboards. These are connected by the equivalent of telephone wires to every part of the body. Whenever we touch anything, see anything, hear anything, smell any odor, a telephone message is immediately sent to our brain. There it is automatically directed to one of these switchboards, which in turn makes a permanent impression upon some part of the brain similar to the small circular impressions on a long-playing phonograph record.

There are many such "switchboards" with millions of plugs. The chief switchboards are the following twelve: DESIRE-INSTINCT-MEMORY-INDUSTRY-COMMON SENSE - EXPEDIENTY-REASON-INSPIRATION - IMAGINATION-RELI-

THE TIME MAY COME . . .

Reports from thinly-populated areas throughout the nation indicate that Garza County is not alone in its problem of finding volunteers for the Civil Defense's Ground Observer Corps. It appears that the idea of alien planes penetrating our outer defenses is so remote that those living in areas not heavily industrialized just can't get worked up over the GOC plan.

The county judge, who is the county's Civil Defense officer, says that he has found it next to impossible to get anyone to volunteer for ground observer posts, which have been established by area GOC officials. He points out that while there is nothing pressing in the program, CD officials are justifiably anxious to get their organization completed nationwide. To do so, they can't have "gaps," not even when those gaps are in non-industrial sections of the nation.

There are all types of citizens engaged in out-of-door work who could easily qualify as ground observers. The nature of the duties are not such as to put undue demands on anyone. It's on a voluntary basis, with no pay except the personal satisfaction of engaging in something of benefit to your country.

And, who knows? With "powder kegs" sizzling in the Middle East and other parts of the world, the time may not be far off when ground observers to spot alien aircraft may be as essential as were the air-raid wardens during World War II.

The county judge has all the necessary information for those wishing to offer their services as ground observers. Posts have been set up here and at Justiceburg, Southland and Pleasant Valley. Other area counties have completed their set-ups. Let's not lag too far behind with ours.

Many a man's idea of charity is to give unto others the advice he can't use himself.

You can't choose your ancestors, but maybe they wouldn't choose you either, if they had any choice.

Post High School has taken a long step toward changing the trend of class mottos. Instead of picking a time-worn one, they came up with: "Save Your Confederate Money, Boys, the South Is Going to Rise Again."

MEN WOULD BE a lot better off if they'd quit trying to understand women and just enjoy having them around.

A GROUP OF Post "working girls" gathered at Judy's Cafe for a luncheon one day last week as the first step toward organization of a Business and Professional Women's Club here. They picked a good time, since their luncheon came only a few days before opening of the 29th National Business Women's Week.

SUCH AN ORGANIZATION would be an asset to the city. The national organization was founded in 1919 and is headquartered in Washington, D. C. There are 3,300 member clubs in communities over the 48 states, Alaska, Hawaii and the District of Columbia. These clubs are affiliated with similar clubs from 20 other countries in the International Federation of B&PW, which was founded in 1930.

WONDER WHY THEY call that big bite out of your pay "withholding"? It's never WITH you and you can't come close to HOLDING any of it.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: About the only thing left in this world that can be shocked is grain.

A chrysanthemum by any other name would at least be easier to spell.

I'VE JUST READ in John C. White's Long Star Agriculture release that Texas' turkey crop this year is to be the biggest on record—so big, in fact, that bird-raisers are not expecting much profit from their flocks.

Turkeys naturally bring up thoughts of Thanksgiving, and I'm of the opinion that in the future Texas should get in step with the rest of the nation in its celebration of Thanksgiving Day.

This year the annual holiday is held Nov. 22 in all states of the Union and all territories except Texas. In this state Thanksgiving Day this year is Nov. 29, as designated by the Legislature last year.

It's time the confusion over Thanksgiving Day ended.

President Roosevelt started it when he named the next-to-last Thursday instead of the last Thursday of November which had been observed traditionally. Roosevelt said that his idea was to help the merchants get the Christmas buying season under way a week earlier.

A great many people resented this shifting around. Some states, including Texas, refused to go along and as a result Thanksgiving Day was observed on one Thursday in some states, on another in other states. In some states, including Texas, there were two, federal buildings closing on one and state and local offices and business houses observing the other.

Finally Congress took action, designating the fourth Thursday of November as Thanksgiving Day. That's fair enough. The fourth Thursday is not always the last Thursday, but this plan keeps Thanksgiving near the end of the month where it has been historically.

It's time for Texas to get in line and observe Thanksgiving Day at the same time the rest of the nation does.

A man's character is made by what he stands for . . . his reputation by what he fails for.

Did you know that slow drivers are worse than women drivers, and fast drivers the worst of all?

IT APPEARS to me that the smart schools nowadays are those which have put off integration for at least a year. The way things are going in some of the places that have integrated, something is likely to be worked out before the beginning of another school term. Hence, schools which have put it off have only to sit back, wait and see what happens. Something's got to give, maybe not by the opening of the 1957-58 term, but most certainly before too long.

This integration in the South has proved a funny business. All types of Hades have been raised in some places, including one small district in Texas, whereas other schools in this part of the nation have integrated peacefully. Pecos integrated last year without any sort of disturbance, and Littlefield followed suit this year, also minus disturbances.

Many school districts, including our own, added high school facilities for Negro students, probably just in time to stave off having to take action on integration this school year.

It's undoubtedly one of the biggest issues ever to face the nation, and one which must be worked out. And, as pointed out earlier, school districts which have managed to put it off for a year might well find themselves in the position of profiting from what's being worked out in those districts which went ahead and integrated, peacefully or otherwise.

Nowadays, whatever is not worth saying is sung.

Life started from a cell, and if justice is done a lot of it is going to end there.

WHAT'S IN A name? Well, it turns out, a lot more than often meets the ear.

The name of Vice President Richard M. Nixon, for example, holds a meaning unwelcome to Democrats in an election year. Nixon means "Nick's son," and Nick is a pet form of Nicholas, which means "people's victory". Democrats may get some consolation, however, from the fact that Adlai Stevenson's last name stands for "son of Stephen" and Stephen is derived from "crown or garland."

President Dwight Eisenhower and Estes Kefauver, the Democratic vice presidential candidate, have names that hold a lot of history.

Dwight means light-complexioned, and it also means a descendant of Dion, possibly a pet form for Dionysus, the Greek god of wine. Eisenhower means iron miner or a man who made Eisenhauers, a German saber blade strong enough to shear through iron nails.

Estes is derived from gracious, and also "son of the East." Ke-

The Fall Guy

Our Contemporaries Are Saying . . .

Change In Sounds
Childhood impressions have experienced many changes in the past three or four decades and future changes promise to be more dramatic. As a youth I liked to hear the plodding of horses' hoofs, the chime of trace chains and the soft thud of wagon wheels playing on the axles. Today the sound has changed to whining gears, the exhaust of motors starting in unison and soft tires slobbering over bricks in the paving. —"Trail Dust" in Matador Tribune.

Fall Guys, Beware!
For a time we were afraid school wouldn't be able to open this fall, what with wedding bells decimating scholastic ranks during the vacation period. As it is, enrollment for the first time doesn't exceed the previous year's attendance, and the summer romances are gone. The girls are now looking for fall guys.—"It Sez Here" in The Rails Banner.

Pity Poor Spellers
People are generally becoming poorer and poorer spellers and, to make matters worse, the industrial teachers and inventors keep coming out with longer and longer words.

That's Something!
See in a big city newspaper where Pelvis Elvis Presley, that swivel-hipped former truck driver turned singer (that's singing?), drawing from his full 21 years of knowledge and wisdom, has decided Adlai Stevenson is the man to support in the forthcoming election. Now ain't that something? —Youakum County Review.

HOME IMPROVEMENT LOANS for GROWING FAMILIES... Family outgrowing its present living quarters or facilities? Looks like it's time for expansion! May be an extra room or two finished off in the attic or an added wing . . . possibly a second bathroom. If your question is "What shall we use for money?" . . . we've got the answer in a Home Improvement Loan specially arranged to meet your needs and means. Come in and talk it over!

extra point all season, had to change their guesses after substitute halfback Charles Morris booted the ball squarely between the uprights. All that came after Denver City had scored two touchdowns, one in the first quarter, the other in the third.

The only other time that the Antelope offense clicked was late in the first stanza. Behind, 7-0, they received the kickoff on their 25 and drove to the Denver City 19 before the drive fizzled. Offside and backfield in motion penalties, coupled with miscues and ineffective passing, helped bog down the goalward march, and the Mustangs recovered a fumble on their 31 to squelch the drive for keeps.

The visitors recovered a Post fumble on the Antelope 21 to set up their first quarter touchdown. The payoff came when hard-running John Johnson took a pitch-out and circled Post's right end for the touchdown. Substitute Ray Sefcik was called in off the bench to boot the extra point.

Denver City's third quarter touchdown came after they took Ronnie Kennedy's punt on the midfield stripe. The scoring play was set up after the Mustangs recovered one of their own fumbles on the Post 2 for a 16-yard gain. On the first play, J. M. Nelson blasted through the left side of the Antelope line for the TD. The try for point failed.

The Post backs, who had rolled up impressive yardage in their victories over Rails and Crosbyton, just couldn't get going against Denver City. More times than one, a Post back bumped into one of his own men before reaching the line of scrimmage. The backfield faking was badly off, with neither the fans nor the Denver City players ever finding it necessary to wonder who had the ball.

The beefy Mustang line held the Antelopes to a measly 65 yards net on running plays, while the Denver City backs were reeling off a 248-yard net total.

Defensive standouts for the Antelopes were center Jackie Carpenter, whose work included blocking one Mustang punt, and Ronnie Kennedy, who was in on most of the tackles. Halfback Ray Gary gained 36 of the 65 yards chalked up by Post, his longest run being a 12-yard jaunt.

Following is a play-by-play account of the game:

FIRST QUARTER

Denver City elects to receive, defending north goal. Noel Don Norman's short kick is taken on the Mustangs' 46.

DENVER CITY — Jackie Carpenter piles Donnie Reed after 4-yard gain. A slant at left end is halted by Ronnie Kennedy and Robert Carlton after 1-yard pickup. Jimmy Allison takes ball from quarterback Mike Tinley on criss-cross and passes to end Jerry Kirby on Post 14, where Don Ammons and Ray Gary make the stop. John Johnson circles right end for first down on 4. Sammy Martin and Ammons, tackling, Johnson plows for 1, but fumbles and ball is recovered by Post across their goal line, the ball coming out to the 20.

POST—Gary gains 10 at the right side, but Post draws a 5-yard penalty which wipes out the play. Gary gets loose for 12 to the 27. A handoff is fumbled and Delsie Duncan, Mustang lineman, recovers on the Post 21.

DENVER CITY — Kennedy and Ammons stack line play after gain of 3, and Andy Schmidt stops J. M. Nelson after another yard is added. Gary halts try at end after 1-yard gain, and Tinley, back to pass, is nabbed by Robert Carlton and Kennedy for 2-yard loss, but Antelopes draw 5-yard penalty on play. A lunge at the right side of the line gains to the 11 for a first down. Two more

line plays gain one yard each as Post defense stiffens, but Johnson takes pitch out from Tinley and circles left end for 9 yards and a touchdown. Ray Sefcik comes in off the bench to boot the extra point, and the Mustangs lead, 7-0.

Williams takes kickoff on 19 and gets back to his 25. POST—Gary rips between right tackle and end for 7, but Williams is halted for no gain. Kennedy gets 2 at the line, and Williams pulls a quarterback sneak for 3 and a first down on the 37. Williams gets 6 around left end, and Gary spins for 6 more and a first down on the Post 49. Williams fakes a handoff, then turns into line for 1 yard. Noel White takes Williams pass on Denver City 40 and gets to the 36 for a first down. Gary goes for 8 more, and Williams cuts back for another 7 and a first down on the 23. Gary gains 4, but the play is nullified, with Post drawing a 5-yard penalty as the first quarter ends.

SECOND QUARTER

POST—Williams' pass to Jack Morris on the Mustang 10 goes incomplete. Williams picks up 6 after being almost trapped on attempted pass. Williams is hit from behind just as he passes and ball wobbles out of bounds. A fumble in the Post backfield is recovered by the Mustangs on their 31.

DENVER CITY—Johnson takes a pitch-out around his right end for 7, and Kirby travels for 15 more on an end-around play for a Mustang first down on the Post 47. Tinley recovers his own fumble for no gain, and Johnson plows for 3. White stops Reed for no gain at end, and Denver City is penalized 15 for holding. Martin stops Nelson after gain to Post 42, and Antelopes recover fumble pitchout on their 43.

POST—Gary gains 6 at right end, but play is wiped out by 5 yard penalty assessed against Post. Gary recovers fumble for 4-yard loss, and Morris is thrown back for 6-yard loss after taking handoff. Williams gains 2, and Post guard Arlon Ford kills Kennedy's punt on Denver City 48.

DENVER CITY—A fumble is recovered for no gain, and Tinley, faking beautifully, goes for 35 yards and a first down on the Antelope 17. Gary Welch stops Johnson after center plunge gains 3, and another try at the line is stacked by Leon Davis after 1-yard pickup. Johnson rambles for 5 to the Post 5, then hits right side of line for another yard and first down on 7. Kennedy bats down Tinley's goal line pass, but the Mustangs draw a 5-yard penalty on the play. Johnson can't hold Tinley's pass on the 10. Another pass is complete on the line of scrimmage, but Martin stops receiver for no gain. Allison's pass is caught by ineligible receiver, and the Mustangs are penalized to the 28. Martin stops Tinley for no gain at end, but Post is penalized 5 for offside. Schmidt comes in fast to throw Allison for 3-yard loss and Antelopes take over on own 36.

POST—Three passes are incomplete and Norman comes in at quarterback for Williams. Kennedy fakes a punt and runs, but gains only 2 yards and ball goes to Mustangs on Post 37.

DENVER CITY—The Mustangs are penalized 5 for illegal forward pass. Allison, back again to pass, turns it into run and gains 12 to Post 30 as first half ends.

THIRD QUARTER

Post receives, Gary bringing kickoff back 18 yards to 28, but Mustangs were offside and kick again from their 35. This time, Gary returns 16 yards to the 31.

POST—Kennedy gets 3 at the line. Morris goes for 5 more, but gain is rubbed out when Antelopes draw 5-yard penalty. Morris recovers fumble for 10-yard loss. He gains 5 at the line, and Kennedy punts to the 50. Davis and White nailing receiver there.

DENVER CITY — Mustang line jumps offside and 5-yard penalty is assessed. A quarterback sneak gains 2, and Johnson goes for 6

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride

The New Kind of Ford sits six people as no other low-priced car has ever sat them

yard in two tries. Williams passes to White who is in clear across Mustang goal line. Halfback Charles Morris placekicks extra point, and it's 13-7.

Norman's kickoff is returned from goal line to 16 after being momentarily fumbled.

DENVER CITY—Nelson gets 2 at line, and Kennedy and Martin stop next try after 1-yard pickup. Johnson gets 6 to the 25, and Reed's fourth down gamble is good for a first on the 28. Reed runs left end for 5, and Nelson gets loose for 14 and a first down on Mustang 47. Gary tackling Tinley sneaks for 1, as Mustangs work to run out the clock, but draw a 5-yard penalty for delay of game. A fumble under center is recovered for no gain as the game ends.

Pharmacist Of Post Attends Conference

Mr. and Mrs. Bob Collier were in Plainview last Thursday where he was a member of the Pharmacy Management Conference held by the University of Texas Pharmacy Extension Service.

Registrants were awarded certificates in recognition of their participation in the conference and the instruction they received at the meeting.

The conference program was tailored to meet the professional and administrative needs of the attending members. Emphasis was given to pharmaceutical practices and management methods.

Visiting lecturers spoke and led conferences on merchandising and professional management.

Guests in the O. E. Montgomery home over the weekend were Mrs. Emma White and son, Howard, of Dickens.

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957!

Coming October 3rd.

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because... This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whirlwind action—and the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field. To make a car truly elegant, you must start deep-down inside.

The New Ford Choice
Ford offers not only one, but two sizes of cars... each with its own extended wheelbase... each with its own body shell... each with its own styling.

First, two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious inte-

riors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high-priced in every way except price.

The New Ford Performance

You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts

It starts at your Ford Dealer's show room! The cars will be there on Wednesday, October 3.

These are the best Fords of our lives. They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

With the first loss of the season chalked up against Post in Friday night's game with Denver City, 13-7, the Antelopes are even more determined to win tomorrow night when they go to O'Donnell to play the Eagles. Let's see a good crowd there to back the boys!

Pete Hays, who is stationed at Barksdale AFB in Shreveport, La., spent Thursday through Monday here visiting friends and relatives.

Glenn Huntley, who is in the Navy in San Diego, Calif., is here visiting friends and his parents, Mr. and Mrs. Sexton Huntley. He will begin school in Norman, Okla., soon.

Anne Osborne of Snyder attended the Post-Denver City football game here Friday night.

The guys and gals at PHS are really living it up since the new Coke and orange drink machine was installed there last week. They are given time twice during the day for a "Coke break."

Denver City might have had 50 or more students in their band than Post—but our majorettes completely outlasted theirs!

The Post schools turned out at 2 o'clock Monday afternoon for the Panhandle South Plains Fair in Lubbock.

Ernie Popham returned to San Diego, Calif., during the weekend after having spent several days here visiting friends and relatives.

Would like to say that Don Clary is doing a good job on Sunday "Platter Party" on KRWS and also on the other programs he acts as DJ on. Don is a junior in PHS this year.

Harold Kennedy, Linda Hedgepath, Herman Tanner and Jo Ann Odum attended the Lubbock Fair Monday—as did several other kids from PHS.

Dickey Beggs, Anne Porterfield, and her roommate, who are attending Howard County Junior College in Big Spring, were accompanied home this weekend by Walter Didway of Snyder.

JONES JB BLAIR

HOUSE PAINTS

LAST LONGER • COVER BETTER
HOLD THEIR TRUE COLOR
BECAUSE THEY'RE

Tailor-Made for Southwestern Climate

Most paints are made for "average" temperatures throughout the whole country. Jones - Blair paints are made for the Southwestern climate, formulated expressly to withstand its hot sun and rigorous temperature changes. Long research and testing in the Jones-Blair laboratory, largest in the Southwest, produced this exclusive formula—there's no other like it.

Jones-Blair House Paint is definitely superior to ordinary house paint; it is the best house paint that can be made. Its well-balanced formula lets it flow on smooth and easy, and it has excellent hiding ability. J-B House Paint goes on to stay. It ages smoothly and uniformly. It collects less dirt and dust and leaves a perfect surface for re-finishing years later.

Jones-Blair paints cost less not only because they last longer, but because they cover more surface with greater hiding power. And you can't find more beautiful colors—over 24 of today's most desirable colors—unusual intermixes and beautiful trim colors.

Before you repaint your home, it will save you money to find out more about Jones-Blair paints—the finest you can buy—so nice to come home to!

VA Questions And Answers

Q. My daughter is eligible for schooling under the War Orphans Education program. She'd like to start school at the beginning of the fall term, but can't possibly get her final approval from VA on time. What should she do?

A. She should file her application as soon as possible. She may enroll after she gets VA's "provisional approval" indicating that she meets basic eligibility requirements. She should enroll in a course that has been approved for veterans under the Korean GI Bill, since such courses also will be approved for students under the War Orphans program. Her VA regional office can tell her whether the course she wants is GI-approved.

Q. I heard that all World War II and Korea Veterans whose GI insurance expired now get a chance to get it back, under a new law. Is that correct?

A. No. The only World War II and Korea veterans now permitted by law to reinstate expired GI term insurance policies are those who lost their insurance since July 23, 1953, because they failed to pay either or both of the last two monthly premiums. VA is going through its records to notify veterans who are eligible to reinstate under the new law.

Q. Under the new GI loan deadline for World War II veterans, must the loan be closed and completed by July 25, 1958?

A. Not necessarily. The veteran must apply for the GI loan before the new deadline of July 25, 1958. But it may be guaranteed or insured by VA if the loan is closed by July 25, 1958.

Q. I am applying for schooling under the Korean GI Bill. Could I speed up things if I sent my application to VA headquarters in Washington, D. C.?

A. No. You would only delay matters. Your application should be sent to your nearest VA regional office, for that is the office that will handle your case. If you sent your application to Washington, D. C., it would merely have to be sent on to your regional office.

County Past Halfway Mark Toward \$160,000 Savings Bonds Quota

Garza County has achieved 55.9 per cent of its 1956 Savings Bonds quota of \$160,000, according to T. R. Greenfield, county chairman.

During August, Garza countians purchased Series E bonds in the amount of \$5,137, bringing the total for the first eight months of the year to \$89,397.

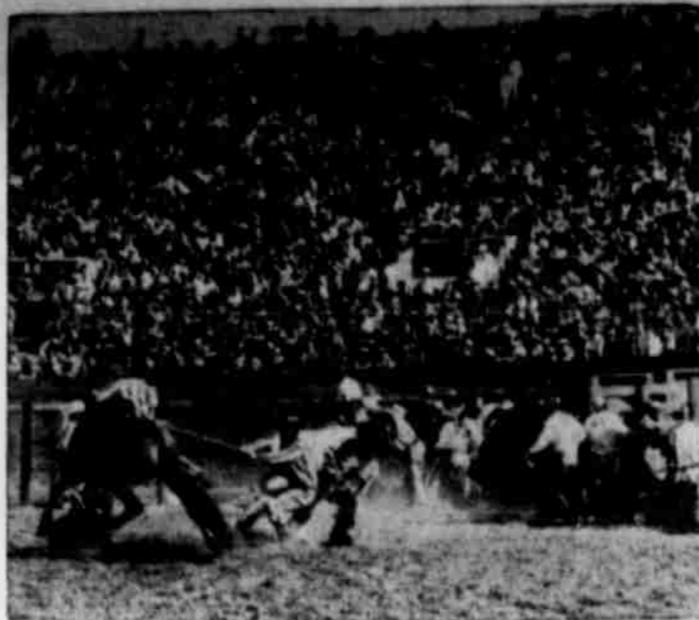

Statewide, the chairman said, Texans are continuing their record purchase of Series E and H bonds. During the year of 1955 and the first eight months of 1956, Texans have purchased more bonds than during any like period since the war years of 1944-45.

Sales in Texas for the first eight months of 1956 were \$139,902,185.

Chairman Greenfield reminded those people whose Savings Bonds have been lost, stolen or destroyed that the bonds can be replaced by contacting their bank or the Federal Reserve Bank.

ATTENDS SCHOOL

Mr. and Mrs. Bob Mitchell were in Oklahoma City two and one-half days recently, where he attended a school at the General Motors Training Center. Mitchell is service manager at Caprock Chevrolet, Inc.

OUTLAW VS. OUTLAW!—The "Wild Horse Race" provides plenty of action when three-man teams of convicts try to ear down, saddle up and ride range-wild broncs. Ten wild broncs and ten convict teams truly action-pack the arena. And this is just one of many exciting events in the 25th annual Prison Rodeo filling four big Sundays in October with thrills, Oct. 7, 14, 21 and 28.

Annual Prison Rodeo Is Set For Four Sundays In October; New Box Seats

HUNTSVILLE (Spl)—The annual Texas Prison Rodeo, "The Biggest Show of Its Kind on Earth," will start on a four-day Sunday season when it gets underway at 2 p. m. on Oct. 7. This year, the silver anniversary of this big event, the management has provided special feature attractions by way of commemorating this birthday.

"Only the best performers—human and animal—will be put into the arena this year," says Albert Moore, who has served as rodeo director for the past 24 years. "Riders will be culled from the more than 135 volunteers for this year's show. Only the best of these cowpokes will be in the arena for the four performances in October. 'Would-be' waddies and second-rate riders who do not meet our high standards will be eliminated in a special 'try-out' rodeo, which is no practice session."

An outstanding series of acts, professional rodeo entertainers, have been booked for between event entertainment. Moore has stated that this year's specialty acts look like the best ever. Especially featured will be the Hendricks Family, doing trick rides, jumps, and featuring the zany antics of "Crazy Quilt" and his canine friend.

The Angelina County Mounted Quadrille will appear in the arena at the first two shows, Oct. 7 and

Conference On Short Staple Cotton Is Scheduled By PG

An event which will have far-reaching consequences and benefit to the South Plains is in the planning stage by the Plains Cotton Growers, Inc. This is a Short Staple Cotton Research Conference to be held in Lubbock on Oct. 18 and 19. W. O. Fortenberry, president, has announced.

The South Plains area produces approximately one-tenth of the entire U. S. cotton crop and nearly one-half of the Texas crop. Production has expanded rapidly during the past decade or so and many problems have arisen in connection with this rapid expansion. Many different varieties of seed have been tried with more or less success and satisfaction, but there has been little effort at standardization or organized seed distribution. The short growing season on the Plains gives rise to problems existing only in this area. Storm resistance and early maturing in combination are only two of the important factors which must be developed.

Modern concepts of cotton marketing are bringing up a new factor in the marketing picture which is of tremendous importance to the Plains area. This is the rapidly expanding use of the micronaire in cotton merchandising, and the real possibility that the micronaire value may soon be included on the Smith-Doxey classing card. Such a move would undoubtedly inject the micronaire into the loan picture, and would carry tremendous implications for the Plains. These are only a few of the many problems which must be faced and solved in the near future.

The purpose of this conference is to study and explore the entire short staple cotton situation. It is expected to develop a master plan for action through both immediate and long range research programs to improve the quality of Plains cotton, to reduce costs, and strengthen the competitive position of short staple cotton in the market.

To initiate a sound program of research and marketing it is necessary to collect and thoroughly analyze all the facts and work out an integrated plan which will take into account every segment of the cotton industry.

To accomplish this the Plains Cotton Growers are inviting the

top cotton leaders in the United States to this conference. Outstanding men in research, production and marketing will be included. These will include scientists from the USDA, the Texas Agricultural Experiment Station, the Texas Extension Service, private breeding firms, technical experts from the National Cotton Council, and outstanding leaders from all segments of the cotton and allied industries.

Advanced experimenters in the fields of cotton genetics, plant physiology, plant pathology, entomology, production, harvesting, ginning, warehousing, crushing, marketing, utilization, economics, and market research are being invited, and a number have already accepted.

The conference will not be of large proportions; instead it will be a working committee of outstanding and experienced men who can contribute to the general consensus of thinking on the over-all short staple problem.

The goals of this conference are:

Post Roper Wins First In Littlefield Rodeo

Jimmy Bird of Post won first place in calf roping at Littlefield's 11th annual Jaycee Rodeo, held recently. Bird, with an average of 13.2 seconds for two go-rounds, was leading money winner with \$133.

In the opening day parade, the Hockley County Sheriff's Posse won first place; Cochran County Sheriff's Posse, second place, and Earth Riding Club, third place.

DEVELOPING THE BRAZOS

The Brazos River's great flood of 1913 brought public reaction that ultimately caused creation by the state of the Brazos River Conservation and Reclamation District, which today is the Brazos River Authority. In large part, the Authority has sought to pay its own way. It has been careful that its projects would conserve water, help curb floods and produce income. Such are the benefits derived from the three major dams already located in the Brazos basin—Possum Kingdom, built by the Authority, and Whitney and Belton, built by the federal government at the suggestion of the Authority. Besides these, there are many smaller dams on tributaries of the Brazos.

of the short staple area

2. To stimulate interest and support for expanded intensive research on short staple cotton.

3. To develop a master plan and to set guidelines for and on short staple cotton in an integrated and coordinated manner.

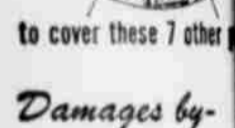

4. To establish committees to study and report on the various phases of the problem, and to develop a Short Staple Conference.

5. To take initial steps toward development of a complete research center for the study of the problem.

6. To give proper publicity to the program and to the improvement launched by the Cotton Growers.

FRIENDLY TABERNACLES

The author of the 84th Psalm was a great lover of the earthly habitations of God. The temples, shrines and holy places of Israel were his chief delight. He found them friendly, inviting and comforting to his soul.

In one of his moments of spiritual ecstasy he broke forth in song: "How amiable are thy tabernacles, O Lord of hosts!" he sang. "My soul longeth, even fainteth for the courts of the Lord."

There are millions today who look upon God's earthly houses — the churches of the land — in much the same way. They are glad when the church hour comes and they can mingle with others in worship and spiritual fellowship.

The church around the corner or over in the next block is not a cold and formal place, once you come to know it. It breathes friendliness and sympathy. It comforts and inspires and points the way to a kind and loving God.

Come to Church on Sunday and enjoy the fellowship of God's people.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Conservation Reserve Program Sign-Ups To Conclude On Oct. 15

COLLEGE STATION (Spl.)—Any farm land regularly used in the production of crops including tame hay may be included in the Soil Bank's Conservation Reserve, advises R. G. Shrauner, chairman, State Agricultural Stabilization and Conservation Committee. Land not eligible under the program includes non-crop land, land that is designated for the Acreage Reserve and land owned by the Federal Government.

When an approved practice is carried out on land designated for the Conservation Reserve, the farmer will receive a payment varying by practices but which may represent up to 80 per cent of the cost of establishing the practice. He will also receive an annual payment, including the first year, based on a rate for the county. The average of the county rates in Texas is \$10 an acre.

To qualify for payment, the farmer must reduce the prior 2-year average acreage for crops harvested on his farm by the number of acres he places in the Conservation Reserve.

Shrauner advises that the closing date for signing up in the Conservation Reserve program for 1956 is Oct. 15. Information on practice specifications and contract forms which must be submitted before the closing date are available at county ASC offices.

Post Ball Carriers Have Rough Night

Halfback Ray Gary carried the ball nine times for a net gain of 38 yards—4 yards per carry—to lead Post Antelope leather-luggers in their 13-7 defeat by Denver City here Friday night.

It was Post's worst night of the season from an offensive standpoint, with a net of only 55 yards being gained against the stubborn Denver City defense.

Ronnie Kennedy, fullback, carried seven times for a net gain of 13 yards, and quarterback James Williams nine times for a net of 36 yards.

Halfback Jack Morris with two good gains called back because of penalties, wound up with a minus five yards on four carries.

Antelope 'B' Team Is Loser To Rotan '11'

The Post Antelope "B" team was defeated by the Rotan reserves, 13 to 0, last Thursday night at Antelope Stadium. It was the first game of the season for Coach Burl McCoy's "B" gridders.

Heavily outweighed by the visitors, the Post team yielded one touchdown in the first half and another in the second half.

Coach McCoy started Kenny Poole and Ken Rankin at ends; Darrell Jones and Leon Braddock, tackles; Bryan Williams and Victor Hudman, guards; Billy Williams, center; Sidney Hart, quarterback; Jerry Windham and Forrest Claborn, halfbacks, and Lewis Holly, fullback.

Southland To Clash With Wellman Team

The Southland Eagle six-man football team, which has lost to Patton Springs and won from Spade, plays at Wellman Friday night.

H. E. Lewis, Southland coach, has released the following schedule for the remainder of the season:

Sept. 28, at Wellman; Oct. 5, Union; Oct. 12, at Three Way; Oct. 19, open date; Oct. 26, Smyer; Nov. 2, Cotton Center Nov. 9, at Pettit; Nov. 16, at Bula.

Mr. and Mrs. Blane Whaley of Lubbock were guests in the L. O. Ticer home during the weekend.

Mr. and Mrs. Oscar Gray of Lubbock spent Tuesday visiting friends and relatives here.

Post Plays At O'Donnell Friday

The Post Antelopes, with a 2-1 record, wind up their non-conference schedule against the O'Donnell Eagles Friday night on the Eagle gridiron.

O'Donnell, which hasn't won from Post since 1945, is given a good chance this season of upsetting the Antelopes. The widest margin of victory in the long series came last season when the Antelopes swamped the Eagles, 62 to 0, at Antelope Stadium.

In 1944, O'Donnell trounced Post, 34-0, and did it again the following year by a score of 26-0. Since then, however, it's been all Post, with the following results:

1946—Post 19, O'Donnell 12
1947—Post 27, O'Donnell 0
1948—Post 31, O'Donnell 0
1949—Post 56, O'Donnell 7
1950-51—Did not play
1952—Post 13, O'Donnell 7
1953—Post 19, O'Donnell 13
1954—Post 33, O'Donnell 6
1955—Post 62, O'Donnell 0

The Eagles, operating in Class A, opened their season with an impressive 45 to 7 victory over Cooper. Last Friday, they lost a hard-fought 21-12 decision to their "county cousins," the District 2-AA Tahoka Bulldogs.

The Eagles' backfield offensive spark is provided by Bennie Richardson, Leo Bairrington, Mack Forbes, Johnny McLaurin and Gerald Barton, all said to be dangerous broken field runners, with Forbes also a threat in the aerial department.

In their one-touchdown loss to Tahoka, O'Donnell scored one touchdown on a 55-yard pass from Forbes to Richardson, and scored again on Bairrington's 50-yard drive.

SPORTS

District 2-AA Teams' Non-Conference Schedule Ends With Friday's Clashes

All seven District 2-AA teams see action Friday as they complete their non-conference schedules before heading into league play.

Strong Abernathy, conquerors of Sundown last Friday, play host to the Dimmitt Bobcats, while undefeated Lockney journeys to Ralls. Floydada plays at Paducah, Post at O'Donnell, Spur at Crosbyton and Tahoka at Seagraves.

In knocking over Sundown, one of the state's top-ranked Class A teams, the Abernathy eleven established itself as the team to beat for the District 2-AA title. They have lost only to Olton of District 1-AA by one point, 20-19.

Kenneth Jordan, Abernathy fullback, scored the only touchdown, driving through right tackle from six yards out to climax a 90-yard drive. Thomas Vecchio carried the ball across for the extra point.

The Lockney Longhorns continued impressive by downing Tulsa, 20-0, one of the touchdowns coming on a 56-yard run by Clifford Hardy.

Name Committees For Pony League

Appointment of a sponsors' committee and four members of the league board was announced Tuesday by Leo M. Acker, chairman of the executive committee of the Pony Baseball League.

The chairman explained that the duties of the sponsors committee will be to confer with firms or organizations wishing to sponsor the two Post entries in the Post-Tahoka four-team Pony League planned for next summer.

The four members appointed to the league board will serve with all local policies in regard to the Pony League, Acker said.

Members of the sponsor's committee are Bryan J. Williams, chairman; S. E. Camp and S. C. Storie Jr. Representatives of firms or organizations interested in sponsoring a team are asked to contact a member of the committee.

The four appointed to the league board are James Minor, Phil Bouchier, Pat N. Walker and Acker.

Visiting Mrs. E. C. Hill and Hoyt over the weekend were Mrs. Letha Edwards of Tulsa, Okla., Mrs. Melvin Hill and son of Sand Springs, Okla., Mr. and Mrs. Ples Hill and children, Mr. and Mrs. Surman Hill and son and Dennis Herman and Linda of Lubbock, Mr. and Mrs. Wiley Hill and daughter and Mr. and Mrs. A. V. Nelson.

What The Antelopes' Opponents Are Doing

Here's a brief look at what the Post Antelopes' 1956 opponents did in last Friday's games:

The Tahoka Bulldogs broke into the win column for the first time by defeating the Class A O'Donnell Eagles, 21-12. Two of the Bulldog touchdowns were scored on line plunges and the other on a 19-yard pass play from quarterback Karl Prohl to halfback Jimmy Harter.

The Floydada Whirlwinds proved they may be stronger than was expected by defeating a good Ralls team, 27 to 7. Post only managed a 6-0 win over the same team. Fullback Robert Stovall made three of the Floydada touchdowns, one on a 25-yard off-tackle smash.

The Slaton Tigers showed improvement by holding the Class A Sudan Hornets to a 14-13 victory. Sudan had defeated Denver City,

Jordan Holds On To Scoring Lead

Kenneth Jordan, Abernathy fullback, scored the game's only touchdown in his team's 7 to 0 victory over Sundown to maintain his lead among District 2-AA scorers.

Dickie Thomas of Slaton came up to second place by scoring all his team's points in its 14-13 defeat at the hands of Sudan.

Roughage Aid Is Halted In Texas

The Farmers Home Administration of Texas has instructed its county offices to stop issuing certificates to farmers for buying hay and other roughage.

The \$7.50-per-ton roughage assistance program is being halted temporarily to allow "a reappraisal of cash requirements needed to continue the program," Walter T. McKay, state director of the FHA, said.

The \$1,000,000 allocated by the Department of Agriculture for the program already has been exceeded, McKay said.

He said K. L. Scott, director of credit services for the Department of Agriculture, instructed him to halt the program.

Agent's Sons Place With Fair Exhibits

The cloth situation in the Postex Sewing Room looks good now. We have been predicting this for several weeks, (which no one believed), but it is now true.

Practically all of the mill building expansion program is now complete, and if you will notice, Clyde Knowles' crew is now at work cleaning up and already painting the new buildings. They will certainly look nice when they are finished.

If any of you have been wondering how much more production the expansion will mean for the Sewing Room, you can look at it this way. We now have 216 wide sheeting looms and 36 pillow case looms in operation. We have installed 108 new wide sheeting looms at Postex and 120 new wide sheeting looms at the Sherman Plant. Each loom will produce approximately 450 yards per week. The 228 new additional looms will produce about 100,000 yards per week. That extra yardage will make approximately 2700 dozen sheets. From the above information, everyone can see that we are going to have all the production we can handle in our Sewing Room.

Repainting of the interior, the first phase of a remodeling program at the Pioneer Natural Gas Company office at 105 North Avenue I, has been completed, Dick Wood, manager, said Tuesday.

The walls were repainted a light tan and the ceiling, white.

The manager said it is indefinite at this time just when other phases of the remodeling will get under way.

CONTROLLING THE BRAZOS

The usually tranquil Brazos River, in the 41 years between 1891 and 1932, was responsible for 542 deaths and a loss of \$54 million in property damage. Water conservation, flood control and power generation would be achieved by completion of the 13-dam program of the Brazos River Authority.

WATER USE TO DOUBLE

If Texas continues its present rate of growth for the next 50 years, water use by urban dwellers alone will be doubled. This fact is pointed out in a publication released by the Brazos River Authority. It is noted that this expected increase in water use does not include industrial needs.

Mrs. Alton Clary and Judy and Miss Faye Taylor spent Saturday evening in Tahoka.

PACK MEETING

Cub Scout Pack 16 will meet this evening at 7:30 o'clock in the City Hall. All members and their parents are urged to attend. Parents with boys of Cub Scout age, 8 to 11, are also urged to be present.

Sunday guests in the Joe Moore

home were Mr. and Mrs. E. O. Moore of Rails and Mr. and Mrs. Cecil Moore of Marysville, La. The Joe Moores and Cecil Moores left the first part of the week for a trip to Arkansas.

From where I sit... by Joe Marsh

Changed Her Whole "Point of View"

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them—Miss Williams—got homesick.

"To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a coal yard—my heart just sank!"

But, when Miss Williams noticed a pot of geraniums on the window sill—and a note saying "Look at these instead. (signed) Last Occupant"—she decided to stick it out. She kept those flowers

watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

FORREST FINANCE PLAN

REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

1. What is Forrest's "Revolving Credit Plan"?
It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.
2. What may be bought on Forrest's Revolving Credit Plan?
Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.
3. When may additional purchases be made?
At any time... up to the agreed on total balance.
4. What size account is available?

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400
5. May more than the scheduled amount be paid at one time?
Certainly. This will increase the amount that may be added on.
6. Can the total limit ever be increased?
Yes, with the approval of the Credit Manager.
7. What happens when the entire balance is paid off?
The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.
8. Is there any charge for this service?
Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.
9. What is the purpose of the RCP Identification Card?
The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.
