

Thirtieth Year

'Mother's March' Is Set For Thursday

The Mother's March on Polio will be held here Thursday, Jan. 31, as the crowning event of Garza County's 1957 March of Dimes. Announcement of the date was made today by Mrs. Pat N. Walker, chairman for the event. She said the march will be staged throughout the city between 7 and 8 o'clock Thursday evening. The chairman also announced the following team captains, each of whom will name her own assistants: Mmes. Malcolm T. Bull,

Garza Resident Dies Thursday At Son's Home

William Jason Burcham, 84, retired Garza County farmer, who died last Thursday at the home of his son, Morris Burcham, in Las Vegas, Nev., was buried here Sunday after funeral services in the Hudson Funeral Home chapel. The Rev. Almon Martin, pastor of the First Christian Church, officiated, assisted by Otis Proffitt, minister of the Church of Christ. Pallbearers were Marvin Williams, R. E. Shedd, D. H. Bartlett, Buster Shumard, Pat Blacklock and Vester Smith. Mr. Burcham, who was born Dec. 6, 1873, in Wayne County, Mo., had been a resident of Garza County for 30 years. Since his retirement, he had made his home here with a daughter, Mrs. Claude Williams. He had been visiting his son the past four months. Mr. Burcham's wife died in 1918. He is survived by two other daughters, Mrs. Abbie Poston of Dallas and Mrs. E. G. Lewallen of Sapulpa, Okla.; one sister, Mrs. W. H. Lee of Lincoln, Ark., and two brothers, John Burcham of Little Rock, Ark., and Fred Burcham of Sand Springs, Okla.

Options Sought On Land At Lake Site

Negotiations to obtain land options for the proposed White River lake area will be resumed at 2 o'clock this afternoon at a meeting in Spur of members of the land committee of the White River Municipal Water District and the three landowners involved. Powell Shytle of Post, a member of the land committee, reported at a directors' meeting here Thursday that the committee had been unable up to that time to reach an agreement with the landowners as to price and other details. Shytle said Tuesday that the committee is hopeful of being able to complete option arrangements for the land at today's meeting. Also at Thursday's board meeting, the name of the organization was changed from White River Water Control and Improvement District to White River Municipal Water District, and the original board members—three from each city—were reappointed for the following terms of office: One Year—Jim Cox, Ralls; Dr. A. C. Surman, Post; Dr. Dale R. Rhoades, Crosbyton; George Gabriel, Spur. Two Year—E. B. Blumberg, Spur; R. J. Jennings, Post; Jack Robertson, Ralls; Perry Bell, Crosbyton. Three Year—Lynn Buzbee, Spur; Tom W. Bouchier, Post; M. A. McLaughlin, Ralls; Robert Work, Crosbyton. Cap McNeill of the concessions and recreation committee presented a map showing 350 to be the estimated number of cabin sites, and said that his committee soon would contact a Mr. Spence of the Colorado Municipal Water District for advice on matters of recreation and concessions. The board's next regular meeting is to be held at Spur at 6:30 p. m. Thursday, Feb. 21.

Election For Mayor And Councilmen Is April 2

Post voters will be balloting on a mayor and two city councilmen April 2, the date set Friday by Gov. Price Daniel for the election of his successor in the U. S. Senate. Terms expiring are those of Mayor James Minor and Councilmen Roy Baker and John N. Hopkins. Candidates for city office are required to file 30 days before the election to get their names on the ballot. Gov. Daniel said in setting the April 2 date for the senator's election that it was intended to coincide with the election dates for Texas municipalities in order to cut down on cost of holding the elections.

Nine Charges Filed After 'Raids' Here

Nine liquor law violation charges were filed against seven persons Tuesday following a series of raids in the northeast part of town Monday afternoon by Texas Liquor Control Board men, Sheriff Carl Rains and Deputy J. W. "Red" Floyd. Two charges each were filed against Elizabeth Isles and Emma Ewers and single charges against Nathan Wilson, Sammy Daugherty, Edith Cole Fields, Bessie James and L. C. Frazier. Bonds were being set for the seven defendants Wednesday afternoon. Intoxicating beverages were confiscated at four of the five places raided by the officers. A "wall stash" in one home yielded beverages valued at about \$1,500 on the bootleg market. It included 368 quarts of beer, 316 12-ounce cans of beer, and 129 half-pints, 229 pints and 27 four-fifths quarts of assorted whiskey, vodka, gin and wine. Liquor control board men taking part in the raids were Leon C. Bowman, deputy supervisor of the Lubbock District, and Frank Camunes, inspector.

Last Rites Are Conducted For Garza Farmer

Funeral services for William Allen Oden, 72, Grassland community farmer, who died of a heart attack at 10:10 a. m. Saturday, were conducted at 3 o'clock Monday afternoon in the First Methodist Church. The Rev. S. M. Bean, pastor of Grassland Methodist Church, and the Rev. W. L. Porterfield, First Methodist pastor, officiated at the services. The choir sang "The Old Rugged Cross," "No Night There" and "Nearer My God to Thee," with Mrs. T. L. Jones as organist. Members of the Order of Eastern Star, of which Mr. Oden's daughter, Mrs. Bonnie Johnson, is worthy matron, sat in a body at the services. Interment was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were James Babb, Jim Bob Porterfield, Roy Lemond, Noah Stone, Jess Propst, L. S. Turner, Elmer Hitt and Walton McQueen. Mr. Oden, who had suffered from heart trouble for the past year and a half, died while sitting in his pickup truck at the C. R. Scott farm where he and a hired hand had gone after irrigation pipe. Mr. Oden was born near Stephenville on May 19, 1884, and spent most of his boyhood in the Indian Territory, now Oklahoma. He and Miss Ada Mae Potter were married Nov. 21, 1909, at Abilene and moved to Garza County in 1916 from a ranch near Aspermont. He was a member of the Methodist Church. Mr. Oden is survived by his wife; one daughter, Mrs. W. S. (Bonnie) Johnson Jr.; two grandsons, Allen S. and Robert Johnson; two sisters, Mrs. W. C. W. Morris of Post and Mrs. E. N. Ray of Sudan, and three brothers, Oscar Oden of Patterson Calif., Orshel Oden of Levelland and Alfred Oden of Post. He was preceded in death by a son, William Elton, in 1929. Among the out-of-town relatives and friends attending the funeral were Mr. and Mrs. N. C. Potter and Mr. and Mrs. Hugh Hazlewood of Fort Worth; Mr. and Mrs. E. N. Ray of Sudan; Mr. and Mrs. Alvin Ray of Morton; Mrs. H. A. Oden, Bobby Oden, Mr. and Mrs. Everett Lightner and Bruce Shepherd of Levelland; Mrs. Charles Billings of Lubbock; Mrs. Blanche Gray and her sister-in-law, Mrs. Jay of Clarendon; Mr. and Mrs. Leonard Morris and family and Mr. and Mrs. Junior Banks and family of Slaton; Mr. and Mrs. Emmett Allison of Seminole; Mr. and Mrs. Orville Morris and family and Mr. and Mrs. Vic Arnold and family of Tulsa; Mr. and Mrs. Arthur Morris of Plainville; Mr. and Mrs. J. D. Morris of Edmondson; Mr. and Mrs. Cecil Farrar of Brownfield and Mrs. Howard Hopkins of Lorenzo. Guy Floyd.

Discovery Applications For Two Recently Completed Wells In The South Rucker "A" Area Of Southeastern Garza County Have Been Filed By Neville G. Penrose And Penrose And Anderson, Operating From Fort Worth.

Dually completed as a Glorieta discovery and San Andres confirmation was the No. 1-GX Miller, drilled as a twin to the same operator's No. 1-X Miller, Strawn discovery in the area. Producing from Glorieta perforations between 3,000-04, 3,013-19 and 3,060-66 feet, the well pumped \$2.84 barrels of oil plus nine per cent water in 24 hours. Gravity tested 37 degrees and gas-oil ratio was too small to measure. Exposed interval was treated with 2,500 gallons of regular acid. Pumping from perforations opposite the San Andres from 2,397-401 and 2,482-486 feet, the well made 46.69 barrels of oil plus 50 per cent water daily. Gravity was 37 degrees and gas-oil ratio too small to gauge. Treatment was with 9,000 gallons of acid. The dual pumper spots 330 feet from north and west lines of Section 29, Block 6, H&GN Survey, three miles southwest of Justiceburg. The Penrose and Anderson No. 1-S Nance has been finished as a Wolfcamp discovery. It pumped 123.98 barrels of 26-gravity oil plus 10.78 barrels of water on 24-hour potential. Production is from perforations between 5,422-434 feet after 500 gallons of mud acid. The new pay opener spots 660 feet from north and east lines of Section 42, Block 6, H&GN Survey, one location west of the Strawn discovery for the area. Penrose and Anderson were prepared to swab after 6,000-gallon fracture treatment of their No. 2-GX Miller, San Andres and Glorieta prospect, 990 feet from north and west lines of Section 29, same block and survey. Pay interval previously was acidized with 1,900 gallons.

Glorieta, Wolfcamp Openers Completed Near Justiceburg

Discovery applications for two recently completed wells in the South Rucker "A" area of southeastern Garza County have been filed by Neville G. Penrose and Penrose and Anderson, operating from Fort Worth. Dually completed as a Glorieta discovery and San Andres confirmation was the No. 1-GX Miller, drilled as a twin to the same operator's No. 1-X Miller, Strawn discovery in the area. Producing from Glorieta perforations between 3,000-04, 3,013-19 and 3,060-66 feet, the well pumped \$2.84 barrels of oil plus nine per cent water in 24 hours. Gravity tested 37 degrees and gas-oil ratio was too small to measure. Exposed interval was treated with 2,500 gallons of regular acid. Pumping from perforations opposite the San Andres from 2,397-401 and 2,482-486 feet, the well made 46.69 barrels of oil plus 50 per cent water daily. Gravity was 37 degrees and gas-oil ratio too small to gauge. Treatment was with 9,000 gallons of acid. The dual pumper spots 330 feet from north and west lines of Section 29, Block 6, H&GN Survey, three miles southwest of Justiceburg. The Penrose and Anderson No. 1-S Nance has been finished as a Wolfcamp discovery. It pumped 123.98 barrels of 26-gravity oil plus 10.78 barrels of water on 24-hour potential. Pay interval previously was acidized with 1,900 gallons.

Deadline Nears On Paying Poll Taxes

Only a week remains in which to pay 1956 poll taxes, T. H. (Talmage) Tipton, Garza County tax assessor-collector, reminded today. Up to noon Wednesday, 562 poll tax receipts had been issued at the tax office, which is only a little more than one-third the number issued last year. Since tax office workers are busier than usual collecting state and county taxes, many last-minute poll tax payers are going to have to "stand in line," the tax official said. Meanwhile, Tipton reports that collection of 1956 state and county taxes are continuing at a steady pace, but reminds taxpayers that unpaid taxes become delinquent on Feb. 1. Up to Jan. 1, the last time a total was "run," collection of \$210,301.73, which is more than 90 per cent of the \$239,832.54 tax charge. Many other property owners have paid taxes during January. See POLL TAXES, Page 8.

Negro Is Indicted On Murder Charge

An indictment of murder with malice against Jesse Skiff, 53-year-old Post Negro, was returned Monday by a 106th District Court grand jury. Skiff is charged with the fatal stabbing Nov. 26 of Alfred Hall, 40-year-old Slaton Negro, at a residence in the northeast part of town. Skiff's bond was set at \$10,000. The indictment was the only one returned by the grand jury. L. G. Thuet Jr. was foreman and other members were Dowe H. Mayfield, Ted R. Hibbs, Sam Ellis, James Stone, Bandy Cash, Howard Teaff, E. B. Gregg, Jack Burkett, Sam C. Sanders, W. A. Long and Mrs. Guy Floyd.

TEACHERS TO HEAR CARLOS RIVERA OF EL PASO MONDAY

Linguist To Address CTA

Carlos Rivera, director of the El Paso program to teach Spanish in the elementary grades, will be guest speaker at 7:30 p. m. Monday at a meeting of the Classroom Teachers Association in the Post Elementary School auditorium. The public is invited to hear Rivera, who will be introduced by Leonard Tittle, president of the Post unit of the CTA. Rivera has been director of the El Paso program since 1951, directing and coordinating the teaching of Spanish from the first through the sixth grades. He has written the materials to be taught and has planned the expansion of the program. A native of El Paso, he attended the public schools there and received his BA degree from Texas Western College in 1938. He served as translator for the Department of War until his induction in the Armed Services in 1942 and assisted in the war criminal trials at Heidelberg, Germany. He studied at the University of Heidelberg, teaching English to German-speaking children. He also studied at the University of

Paris and was honored for work done in teaching French to Spanish-speaking refugee children. After leaving the Armed Services, he taught at the University of Texas, where he received his MA degree in 1947.

During the summers of 1953-55, he directed bilingual workshops at Texas Technological College while working on his doctorate, which is to be conferred from Texas Tech this summer.

In August and September of 1955, Rivera was invited as visiting consultant to the Venezuelan Ministry of Education in establishing a bilingual language program in the American schools in Venezuela. He will direct bilingual workshops at Texas Tech June 18-28 and at the University of Colorado July 22-Aug. 10.

He is author of "A Phonetic Approach to Conversational Spanish," and of a series of articles that have appeared in "Hispania," quarterly journal for teachers of Spanish.

Assistance Needed In School Census

Census blanks to be filled out by parents have been sent home by school children, Green said. Since the school has no contacts with many parents of pre-school age children, they are asked to telephone either of the three schools and someone will be sent to their home with a census blank. Since state aid payments to the district are based on the number of school children, it is important that every child of school age be enumerated, the superintendent said. Pre-school age children, Green said, are those who will be six years old on or before Sept. 1, 1957.

School Boards Of Post, Graham Meet Together

Matters of mutual interest to both districts were discussed at a joint meeting of the boards of trustees of the Post and Graham school districts Wednesday night of last week, according to S. E. Camp, president of the Post board. "They had a few problems to present to us and we had a few to present to them," Camp said. He added that no definite future policy was arrived at, but that the meeting was considered successful in cementing relations between the two boards and that it indicated a satisfactory solution of mutual problems.

Post Represented At Area Assembly

Mayor James Minor and R. J. Jennings represented Post at the opening sessions Tuesday of the Midwinter Forum, West Texas Assembly on Regional Development, in Lubbock. R. H. Tate, City of Post superintendent, attended Wednesday's session of the forum. Most of the participants in the two-day assembly were delegates from West Texas communities which have held roundtable discussions on recommendations for regional development. Mayor Minor made the report on Post's roundtable discussion, which was held late in 1956. The Post report was the only one covering all eight topics listed for roundtable discussions, the mayor said. Dr. Walter Prescott Webb, University of Texas professor, spoke at the assembly's annual banquet held Tuesday night. Dr. Webb, nationally recognized See POST REPORT, Page 8

TWO GENTLE REMINDERS—These two junior high school girls, Jane Francis (left) and Kay Gordon, are helping remind Garza countians that Jan. 31 is the last day to pay a poll tax to qualify for voting and that Feb. 1 is the date the "new look" automobile tags go on sale. Jane, daughter

of Mr. and Mrs. Thurman Francis, is holding a poll tax receipt book, while Kay, daughter of Mr. and Mrs. Max Gordon, displays one of the new license plates. The girls are eighth grade students. —(Staff Photo).

OIL FIRM MAKES LARGE LEASE PURCHASE FOR \$705,000 ON U LAZY S RANCH HERE

The largest lease purchase in Garza County history was consummated recently when Shell Oil Co., acquired a five-year lease on 42,142.57 acres of the J. B. Slaughter Estate Lands on the U Lazy S Ranch in the southwestern part of the county. Shell is reported to have paid approximately \$705,000 for the lease. The firm already had held a geophysical option on the acreage, for which it paid \$1 an acre, 75 cents of which was to go toward the bonus if lease rights were exercised. The firm recently plugged back its No. 1-A J. B. Slaughter Estate, Section 11, Block 30, T-7-N, T&P Survey, an 8,432-foot Ellenburger, 12 miles south of Post, but the operation was drilled prior to the new lease deal. Six miles north of the Shell failure, Paul C. Teas, Dallas, is in the process of completing a Strawn lime discovery. Humble Oil & Refining Co. already holds lease on over 20 sections of Slaughter land with expiration due in April. There were 43,000 acres unleased, and Shell took all but about 1,000 of this.

Committeemen of the Post Chamber of Commerce Will Plan the year's work for the organization at a breakfast at 7:30 o'clock Thursday, Jan. 31, at the City Hall. Bryan J. Williams, C. of C. president, has announced. All committeemen are urged to attend.

The newly appointed committeemen are member relations, city and county affairs, public information, retail business, community services, community government, municipal development and committee coordination.

CARLOS RIVERA

Thursday To Thursday

By CHARLES DIDWAY

IT'S BEEN POLL TAX paying time since last Oct. 1, but unless business picks up between now and next Thursday's deadline, there won't be enough receipts issued to line an average-sized husband.

THE TREND OF poll tax payments certainly isn't indicative of the importance of this year's elections. At the same time city elections are held in April, there'll be a special one to select a U. S. Senator. The all-important White River project bond issue also is to be voted on within the next few months.

LET'S BE FIRST CLASS, not second class, citizens by paying our poll tax before it's too late.

THIS WEEK HAS been designated as "Jaycee Week" in recognition of the Texas Junior Chamber of Commerce and its members. Post has an active Jaycee organization, and its pet projects include poll tax payment campaigns and "get out the vote" drives.

LIKE THE ROTARIANS and Lions, the Jaycees have the community's interest at heart and are deserving of the support of non-members as well as members. Let's give a thought to this group of enterprising young men during Jaycee Week.

WASHINGTON SAYS there is little chance for a cut in income taxes during 1957. The little in this case is a cousin of zero.

INSTEAD OF WEEPING because your dreams don't come true, rejoice that neither do your nightmares.

CONGRATULATIONS TO Coach Frank Krut and his freshman basketball team on winning the championship in the 16-team Floydada Invitational Tournament. This first basketball team Frank has coached since his graduation from college and if it sets the pattern, then he has a highly successful coaching career ahead.

IN-LAWS ARE ABOUT alike at all levels and under all circumstances. A sister-in-law of President Eisenhower blabs right out before everybody that he can't really cook.

FOR THE BENEFIT of youngsters who might be interested in entering the newspaper business, we are reprinting the following comment by Tony Weitzel, Chicago Daily News columnist:

"You'll never get rich at newspapering. You may never get to lead a normal home life. Unless you can immerse yourself in it as a holy man immerses himself in a monastery, it's not for you. But it's a job that pays off in the place where a man should keep his soul."

WHILE ON THE subject of newspapering, congratulations to Kenneth May, Avalanche-Journal reporter, on winning the Associated Press' top news award for 1956. Kenneth did it with his story on last February's blizzard in the South Plains area.

KENNETH HAS MANY friends in Post, where he has "covered" Chamber of Commerce banquets, senior and junior rodeos and other events. This year's C. of C. banquet here was the first one he has missed in a number of years. They had one at Rails the

Roger W. Babson Writes This Week:

Death Rates And Health Conditions Depend Mainly Upon Ourselves, Not Where We Live

BABSON PARK, Mass.—I am much interested in a Gallup Poll on six questions of where to live. I will not discuss the answers to three of those, namely—which is the "Most Beautiful State"—or "which is the Healthiest"—or "which is the best for a Winter or Summer Vacation." The answers to all these questions are most interesting. I, however, am not qualified to pass thereon.

The Ten Most Popular Of the six questions, Mr. Gallup gives the ten first choices. Based upon the Law of Averages (in which I have great faith), the following nine states appear in the answers to most of the six questions. These are California, Florida, Colorado, Washington, Oregon, Texas, New York, Michigan, and New Mexico or Arizona.

Based upon my extensive travels and the opinions of thousands of friends, I honestly believe that every one of our forty-eight states possesses to some extent all the six advantages mentioned in this poll. This means to me that every reader should continue to live in the state where he is now located.

Let Us Look At The Record Statistics show that death rates and health conditions depend 90% on the heritage and habits of us individuals and NOT upon where we live. The joy which we get from a vacation depends far more upon the people we meet than the scenery we see. None of the things which we really want can be purchased with a railroad ticket!

I, however, should be an authority on the best places to get a job. If you mean NOW, the answer is "probably Southern California or wherever airplane plants are located." But, when the fear of World War III is over, these same sections will suffer much unemployment. In fact, directly after a previous World War, 80% of the bus and taxi drivers of Los Angeles were said to be college graduates.

Wages And Investments Wages are higher when work is plentiful in some cities, but such work is likely to fluctuate more. Statistics indicate that the total yearly "take home" wages, adjusted according to liv-

IMPORTANT TO THE SCHOOLS

"Operation Census," which is of the utmost importance to every school district in the State of Texas, is under way during January, with school officials hopeful of enumerating every child of school age.

In the more populous cities and counties, teams of workers conduct the census, but in smaller ones such as Post and Garza County the school officials depend to a large extent upon the pupils and the patrons to help make the census complete.

Since State Aid funds are apportioned to the districts on the basis of the scholastic census, it can be seen that the operation is highly important and that every child between the ages of 8 and 18 and those who will be starting to school for the first time next September are enumerated.

School officials in districts such as ours hub the most trouble in trying to get a complete count of pre-school age children—those who will be six years old on or before Sept. 1, 1957. Except through the parents, they have no way of including these youngsters on the census rolls. Those already in school present no enumeration problem, but those not yet attending must, in many cases, be searched out in order to be included.

Since it means close to \$70 for every student included on the census rolls, school officials ask the help of everyone in seeing that all these pre-school age children and all other scholastics are enumerated. The schools will send someone to the home to do this enumeration. All that is necessary is to call one of three telephone numbers—53, 29 or 571—and give the street address.

Let's all help to make this year's school census 100 per cent complete.

As long as we taxpayers keep our hands out for government aids, the story will never change. We'll never be our own boss.—Colfax, Iowa, Tribune.

It is apparent, that while the Soil Bank program provides a certain type of "insurance" to the farmers of America, participation in the various plans thus far make it equally evident that the farmer still is an individualist, adventurer and experimenter. . . . At any rate, the present farm program as we see it . . . is in theory and final results a far better plan than over-production, expensive storage surplus and government payment for crops for which there is no adequate disposal plan.—Lennox, S. D., Independent.

same night and Kenneth was assigned to it, with another A-J "staffer" being sent here.

ONE THING LEADS to another, and speaking of rodeos, Connie Connell, daughter of Mr. and Mrs. Wilson Connell of Scurry County, is one of 25 girls in the nation invited to compete in the Ranch Girls' Barrel Race at the Southwestern Exposition and Fat Stock Show in Fort Worth.

CONNIE, A FREQUENT performer in rodeos here, will make four appearances in the event, the first one scheduled for Friday night.

A SEER SAYS the world will come to an end on the night of March 19, but we doubt it. That's less than a month before the income tax return deadline.

IN THE MEANTIME, don't forget to pay your poll tax, contribute to the March of Dimes and attend to other pressing business.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: Wonder what the birds and bees tell their little ones about human beings.

President Eisenhower urges people to ride bicycles for exercise. It is assumed he means people who can't afford to play golf.

TAXPAYER'S DOLLAR, a publication of the Chamber of Commerce of the United States, passes on this definition of a taxpayer:—"a person who doesn't have to pass a Civil Service test to work for the government."

That's more than a good gag. A man with two dependents who earns \$80 a week must work 4.9 weeks to meet his tax bill. If he has no dependents, he has to work 8.2 weeks. And, of course, the tax rates rise with almost bullet-like rapidity as incomes rise—and the amount of time a man has to work for the government rises with them.

So, in this fashion, we're all government workers. And we have to do a great deal more work on behalf of the government than most of us realize.

"Rock and roll" is just an over-activated Indian war dance, only in my estimation the Indians did it much better.

If people who wonder what is becoming of their money would watch themselves closely for 30 days or so, they would probably find out they are spending it.

A POST MAN stepped up to the cashier of a local store, presented a five dollar bill and asked for change.

"Certainly," said the cashier, and opened his till. But a queer look came over his face. "I have \$14.19 in my till," he said, "but I can't change your bill, sir."

"Then give me change for this dollar, if you please," requested the man, handing the cashier a dollar bill.

"Nor can I change your dollar," declared the cashier.

"I can get along if you will change this half-dollar or this quarter," said the man.

"I am sorry," stammered the cashier, "but I cannot change those either."

"Very well," said the patient man, "give me a couple of nickels or pennies in change for this dime."

The cashier's face turned red. "I cannot change your dime," he managed to exclaim. "The fact is, I cannot change anything."

Now what do think of that? What kind of money did the cashier have that he could not change anything out of the \$14.19 in the till? (See answer at bottom of this column.)

I WAS TOLD the other day by Postmaster Harold Voss that Jan. 17—Benjamin Franklin's birthday—had been designated by Postmaster General Arthur E. Summerfield as Postmaster's Day.

Everybody knows about Benjamin Franklin, of course, who was not only our first Postmaster General under the Continental Congress, but was a Colonial postmaster back as early as 1737.

Other examples were William Brewster of the Pilgrim Fathers, who had been an innkeeper and postmaster in Old England some years before he came over on the Mayflower, and Abe Lincoln, of course, who, as many people know, was the affable postmaster of New Salem, Ill., back in 1833.

"So, we postmasters have had some pretty high standards of conduct established for us over the years," Harold said.

"I suppose, too," Harold continued, "that you might say the job of postmaster has always been one very close to the people, and postmasters are certainly among the best known of public servants anywhere—or at least we postmasters like to think so. And, today, I believe this role of postmaster is more important than ever, because Americans are sending more mail than ever before."

"We expect it to be some 58 billion pieces of mail in this country this year—more than 300 pieces for every man, woman and child in America, and more mail than the rest of the world combined."

Harold finally got around to admitting that what he was trying to say was that with all that mail flowing through the post offices, people should try to make things easier for the postal workers. They can do that, he said, by making sure that mail is properly addressed.

"With more people sending mail every day, we can ill afford the time required to process poorly addressed mail. So, please resolve to address your mail correctly and legibly this year. Otherwise, the letter that is lost may be your own."

ANSWER TO CHANGE puzzle appearing above: The cashier had in his till a five dollar bill, four two-dollar bills, a 50-cent piece, a 25-cent piece, four dimes and four pennies.

One of every four American families moves in an average year, says the Census Bureau.

THE AMERICAN WAY

Always—the Forgotten Man!

Our Contemporaries Are Saying . . .

Loud Howl Heard The Post Office Department must be getting a loud howl these days from all quarters about the glue on the stamps. It doesn't stick; especially when you are trying to mail hurriedly. One of the modern ideas that didn't jell before it was put into use—"Views and Comment" in The Floyd County Hesperian.

On The Level "Nobody gets hurt on the corner of a square deal." Now ain't that just about the whole truth? Just as long as we keep our dealings on the level and on the square we never have any trouble, but the very moment that we start slicing off a corner here and making a slight dip from the level there we find that not only our fellow man get scratched but we are sure to get nicked on the deal our very own self. Maybe sometimes we even get by with the thing at the time but if we take advantage of our neighbor or even just our fellow man we cannot help but live in regret—"Plowin' Out the Corners" in The Donley County Leader.

This Week's Definition Marriage. A union between two people in which the man pays the dues—"Standing on the Corner" in The Lynn County News.

The Good Old Days Pop, next time you start telling your son or daughter about the "good ol' days" when you had to walk so many miles through so many feet of snow and hud-

die around a wood stove during classes, just make it a point to visit our "modern" classrooms in the junior or high school buildings one of these cold mornings. It'll make you wish for that ol' belly stove again—"Whoa, Now" in The Texas Spur.

A Hopeless Task? I think the average physician or salesman knows more practical truths concerning the operation of the human mind and personality than the average author of psychological textbooks. I think the psychologist's task is a hopeless one because the patterns of human motivation are as diverse as the number of people in the world.—The Winkler County News.

Makes A Difference A Sunday School teacher asked her class who was the first man. "George Washington," promptly announced a restless boy. "Oh, no," corrected the instructor, with an amused smile. "Well, then I suppose it was Adam," muttered the boy, "if you are counting them foreigners."—Yaukum County Review.

Yep, We'd Heard It Probably you've heard about the two fellows who were hard of hearing, but didn't want it known. They met one March day in West Texas, and the first man said to the other, "Windy day, isn't it?" To which the second one replied casually, "Oh, no, it's Thursday." And then the other one answered back, "Yeah, so am I. What'll we drink?"—"Twilight Zone" in The Hamilton Herald-News.

CHARLES DIDWAY E. A. WARREN

Entered at the Post Office at Post, Texas, for transmission of the mails as second class matter, according to an Act of March 3, 1879.

Any erroneous reflection upon the character of any person appearing in these columns will be gladly and promptly upon being brought to the attention of the management.

Remembering Yesteryears

Five Years Ago This Week

Tickets are now available for being honored at a party at the Edgar Bergen-Charlie McCarthy show to be staged in the high school football stadium at 8 p. m. next Thursday; new personality at the Post Clinic is Bonnie Faye Williams, daughter of Mrs. Maysel Williams. Bonnie Faye replaces Margaret Stone Bull; Charles Morris and Noel K. Garza County winners of the South Plains 4-H Cotton Yield Per Acre Program; Mr. and Mrs. Slaton Mercy hospital Jan. 4; Miss LaVonne Ferguson, bride-elect of Mitchel Malouf, Jr.,

Franklin brought the to the United States to France 175 There were approximately 4,100,000 babies born in the United States in 1955, according to life insurance statistics. Cuba's economy today depends largely on sugar. Other chief exports are tobacco, copper and manganese.

Responsibilities Of SCS In Soil Bank Is Outlined By Worker

Responsibilities of the Soil Conservation Service in the Soil Bank program have been outlined by Guy W. Nutt, SCS work unit conservationist here.

And the SCS duties cover three main phases of the program: program development and counseling, assistance to farmers in selecting land to put into the Soil Bank program, supervision of performance of structural practices.

Program development and counseling, according to Nutt, includes program formulation and setting up practices and specifications of practices within the framework of state standards.

Assisting farmers in selecting land to put in the Soil Bank program is some of the technical assistance available to prospective Soil Bank participants.

Recommendations on putting land into the Soil Bank are based on SCS soil surveys. Land which is very steep, shallow, badly eroded, or subject to severe wind erosion is always recommended over better land which can be farmed with less hazards, Nutt emphasized.

And if adequate surveys are not available when assistance is requested, special surveys will be completed to assist landowners with needed soils information.

If conservation plans which have been worked out on farms are not adequate to meet Soil Bank planning, assistance will be given by SCS personnel in revising these plans to include Soil Bank plans, Nutt said.

With the setting up of structural practices in the Soil Bank County Handbook, SCS personnel have the same responsibilities that they have under the county ACP, the unit conservationist explained.

Former Post Resident Heads Slaton C. Of C.

Truett Babb, son of Mrs. Nellie K. Babb of Post, has been elected as new president of the Slaton Chamber of Commerce and Board of City Development. He will succeed Francis E. Perry, publisher of The Slaton Slatonite at the organization's annual banquet Feb. 25.

Babb, a 1939 graduate of Post High School, teaches vocational agriculture in Slaton High School.

An airliner took off on a flight within the United States more than once every eleven seconds during 1955, Civil Aeronautics Administration studies show.

WATER FOR THE THIRSTY SOIL—Irrigation ditches carry precious water to a cotton crop outside Navasota. In the 1956 growing season, during the worst Texas drought on record, irrigated cotton in the Brazos River bottoms between Hearne and Navasota made two and one-half bales to the acre, while dry cotton in Central Texas did well to make a bale to six acres. The long-range plan of the Brazos River Authority calls for 13 more dams on the Brazos and its tributaries to save water when it rains and create an assured supply for agriculture, cities and industries. Power will be an incidental by-product of some of the dams.

SOUTH PLAINS COUNCIL OFFICIAL ANNOUNCES

New Mexico Scout Camping Sites Not To Curtail Use Of Camp Post

Addition of three new camping sites in New Mexico will not mean a reduction in the use of Camp Post, H. P. Clifton, vice president of the South Plains Council, Boy Scouts of America, has announced.

Camp Post has been the principal camp for the South Plains Council the last several years and will continue a year-round program of activities, Clifton said.

Clifton announced the addition of the three new camping sites and a roster increase of 1,300 boys in a program meeting at Lubbock last Thursday night of lay and professional Scout Council leaders.

The projected overall increase in scope of the council program will be aimed for a total enrollment of 8,170 boys during the Scout year beginning July 1 rather than

the present enrollment of about 6,700.

Council Field Director Phil Peques outlined the new summer camping program which will make three sites in northern New Mexico available to troops.

Generally located in the Santa Fe area, the sites are named "Tres Ritas," "Holy Ghost Canyon" and "Horse Thief Camp on the Consuelo."

They will be used initially this summer. All are in the National Park area of the state and will not mean added expense to the council camping program.

Buddhist fishermen in Caylon refuse to kill. When they catch fish, they explain that they do not kill; they just take them out of the water.

RAILROAD COMMISSION HEARINGS SHOW

Wildcat Locations Are Included In Garza County Oil Activities

Six new locations, including two wildcats: one corrected location and four completions are reported by the Railroad Commission in stepped-up oil activity in Garza County.

The new locations are: Dorward—Humble Oil & Refining Co. 2-B F. B. Fuller, 500 feet from north and 1,800 feet from east lines of Section 112, Block 5, H&GN Survey, nine miles southeast of Justiceburg; rotary to 2,700 feet.

Wildcat—Edwin L. Cox No. 1 J. P. Ray, 330 feet from south and west lines of Section 1210, W. T. Young Survey, A-749, five miles north of Post; rotary to 3,800 feet.

Dorward—Humble Oil & Refining Co. No. 5-B M. A. Fuller, 2,310 feet from south and 2,210 feet from west lines of Section 112, Block 5, H&GN Survey, eight miles southeast of Justiceburg; rotary to 2,700 feet, to be dually completed.

Dorward—Humble Oil & Refining Co. No. 7 Birdie R. Alexander, 2,310 feet from south and 330 feet from east lines of Section 140, Block 5, H&GN Survey, eight miles southeast of Justiceburg; rotary to 2,700 feet, to be dually completed.

Wildcat—The Southland Co. No. 2-S R. Clyde Miller, 330 feet from north and west lines of southeast quarter of northwest quarter of Section 39, Block 6, H&GN Survey, three miles southwest of Justiceburg; rotary to 3,150 feet.

Garza-Glorieta — Midhurst Oil Corp. No. 1-G W. A. Cash, 330 feet from south and 990 feet from west lines of north half of section 1215, Block A-337, TTRR Survey, four miles northwest of Post; 4,000 feet.

Correction: Dorward—Humble O & Refining Co. No. 2-B M. A. Fuller, 2,310 feet from south and

990 feet from east lines of Section 112, Block 5, H&GN Survey, four miles east of Justiceburg; rotary to 2,700 feet; originally filed 1,900 feet from south and 960 feet from east lines of section.

The week's completions are: Dorward—Humble Oil & Refining Co. No. 29 M. A. Fuller et al, 560 feet from south and 1,800 feet from west lines of Section 113, Block 5, H&GN Survey, at total depth of 2,550 feet, with pay topped at 2,426; perforations, 2,426-70; pumped 139.26 barrels of ions.

Sims-Glorieta—W. E. Bakke No. 3 J. T. Sims, 1,650 feet from north and west lines of Section 646, Block 1, CC&SF Survey; total depth, 3,850 feet, with pay topped at 3,648; perforations, 3,649-58; pumped 44.35 barrels of oil per day plus 25 per cent water; gravity, 32; gas-oil ratio, 212; fractured with 10,000 gallons.

Justiceburg-Glorieta—Cecil Oil Corp. No. 8 J. S. Reed, 660 feet from west and 1,320 feet from south lines of Section 117, Block 5, H&GN Survey; pay topped at 2,558 feet; perforations, 2,558-64; pumped 145.16 barrels of oil per day plus 22 per cent water; gravity, 38; gas-oil ratio, nil; acidized with 3,000 gallons.

Garza—Ken-Tex Oil Corp. No. 36 Post Estate, 330 feet from east and 990 feet from south lines of Section 7, Block 5, K. Aycock Survey; total depth, 3,142 feet, with pay topped at 2,924; perforations, 2,924-3,006 feet; pumped 76.56 barrels of oil per day, no water; gravity not reported; gas-oil ratio, nil; acidized with 5,000 gallons.

Most of those songs which Jimmy Durante warbles in night club and movie appearances are composed by himself, including such classical lyrics as "Inka Dinka Doo."

MORE AMERICANS LIVING LONGER

Nursing Homes Are On The Increase, Is Report From State Health Officer

AUSTIN (Spl.)—Oldtimers may yearn for the "good old days" but it is the good new days that make it possible for more and more Americans to live long enough to reflect on those "good old days."

Nursing homes are on the increase. The Nursing Home Licensure Section of the Texas State Department of Health has issued permits to 598 nursing and custodial-care homes, and this figure increases about five per month. Many oldsters live with their families. This, of course is ideal when conditions are such that they may be well cared for. Under other conditions, grandpa might be better off in a home where he is able to associate with cronies his own age and assured of proper care at all times. Retired persons living alone, however, are left to their own devices and often, for one reason or another, are not overly careful about their health.

This is especially true with meals. Often, diets which should continue to be nourishing and attractive are relegated to tea and cracker affairs, the reason being that oldsters find it difficult to adjust to small scale shopping.

Lowered incomes affect buying habits, but eating regular and healthy meals is too important to give up. Dr. Henry A. Holle, commissioner of health, offers

these suggestions for better eating habits among retired persons: Buy only what you use immediately so that there will be a minimum of waste. The large economy size wastes more than it saves for most old couples.

Do not buy meats or vegetables by the pound, instead switch to servings as a basis for food purchases, buying only that amount which you can eat.

A few weeks experimentation will determine how much you eat per meal, so that you may plan your buying accordingly. Leftovers, never desired as a meal, are especially distasteful to oldsters.

You have lots of time, so go ahead and experiment with new recipes; you will probably settle on a nucleus of good, mutually attractive menus which will serve as a basis for most meals.

Balanced diets are more necessary than ever, but many foods become difficult to eat because of dental problems. Don't eliminate the food, just change the preparation.

Cube or grind meats which are difficult to chew and let your knife do most of the work instead of your teeth.

Time will pass faster, you'll sleep better and get much more enjoyment out of life if you take care of your health, letting good eating habits lead the way.

OBSERVATION MADE BY TEXAS TECH PROFESSOR

Boost By Legislature Will Help The Texas Egg Industry Boom To Front

By JOHN C. WHITE
 Commissioner of Agriculture
 Texas egg production may come into its own during 1957 if the Legislature gives it the needed boost through a uniform grading and inspection law.

Such legal protection assuring the consumer of good quality by approved standards should increase considerably the value of the egg on the market shelf. The next logical step for the farmer is to get increased egg production through efficient management.

High egg production high efficiency and low mortality in the laying flock are going to be related to the bird's comfort. An extra two dozen eggs per layer a saving of one-half pound of feed per dozen on all eggs produced and a reduction in mortality of 5 per

cent can mean \$120-\$150 extra income per 100 laying hens.

One item often overlooked is ventilation. Proper ventilation of laying houses is necessary for providing fresh air and removing excessive moisture. Faulty ventilation can result in wide variations in house temperatures which will affect feed consumption and egg production.

Insulation of the poultry house makes ventilation fairly easy and helps: (1) Conserve heat in winter. (2) Keep houses cooler in summer (3) Prevents extremes in temperature changes (4) Promotes better circulation because of temperature difference between inside and outside air.

The tendency is to under-ventilate in cold weather to avoid chilling the birds. Reports from a number of experimental stations show that the "comfort zone" of laying hens is between 40-65 degrees.

Card of Thanks

We want to thank all our friends and neighbors for their kind words of sympathy, for food that was brought and served during our hour of sorrow in the loss of our father.

The children of William J. Burcham
 Mr. and Mrs. Claud Williams
 Mrs. Ratie Lewallen
 Mrs. Abbie Poston
 Mr. and Mrs. Morris Burcham

We wish to take this means of expressing our heartfelt thanks for the many acts and deeds of kindness and sympathy shown during the illness and at the death of our son and brother. May God bless each of you.

Dr. C. J. Lewis Jr. and family

As a rule inlets for bringing fresh air in through openings not less than two feet above the floor.

Windows and other openings should be adjusted to protect birds from direct drafts. In general, "top tilt" windows are most satisfactory and they should be protected with side shields. Outlets for foul air should be at the highest point of the ceiling and should be designed to permit closing to stop drafts or excessive heat losses.

Attention to these factors will help reach the goal of a more profitable laying flock.

Although having only a total length of 277 miles, the Clinchfield railroad extends into five states.

SANTA FE CARLOADINGS

Santa Fe carloadings for the week ending Jan. 19 were 21,685 compared with 24,074 for the same week last year. Cars received from connections totaled 12,055 compared with 12,557 for the same week in 1956. Total cars moved were 33,740 compared with 36,600 for the same week in 1956. Santa Fe handled a total of 34,070 cars in preceding week of this year.

TO REQUIRE TESTS FOR BELOW 'C' GRADUATES

TCU Will Tighten Its Admission Regulations Beginning Next Fall

FORT WORTH (Spl.)—Texas Christian University will tighten its admission regulations beginning next September, by requiring aptitude tests for high school graduates with grades below "C" average and by raising units in designated areas of study from 8 to 12.

The announcement was made this week by Pres. M. E. Sadler, after recommendation by Dr. T. F. Richardson, Dean of Admissions, and approval by the Deans' Council.

Under the new regulations all graduates of accredited high schools whose transcripts show a "C" average or above and who meet all other requirements will be admitted without condition.

Those whose average is below

"C" will be expected to make a satisfactory score on the TCU College Aptitude Test, or the equivalent, if they live in a distant part of the country.

Present requirements for admission call for 15 high school units, including 3 in English, 2 in History, 2 in Mathematics and 1 in Science. The new regulations will require at least 4 other units either in the same subjects or in Foreign Language, the Fine Arts group or Social Studies, including Civics, Geography or Sociology.

"I do not believe that the new requirements will greatly affect enrollment," Dr. Richardson said. "Of the students we have been admitting on probation with less than a "C" average 93 out of 100 drop out of school with failing

grades in the first semester."

He emphasized that only those students with high school averages below "C" will be required to take the tests. Starting in the spring these tests will be given at TCU on Saturdays for those students living within commuting distance of the campus. They will continue through the summer.

In the area of required units of study Dr. Richardson pointed out that some students may be admitted on condition if circumstances warrant, and make up the missing work in the freshman year at TCU.

"The addition of the four required units, either in the basic subjects or Languages, Fine Arts or Social Studies will give the students a better academic foundation," he continued. "Too often units submitted are in non-academic fields such as shop or other technical areas, so that the student is not equipped basically to handle college work."

"MR. RODEO"—Va. Platteville, Colo., was the first rodeo in London ever saw, producer of the western indoor rodeo at the 1956 Exposition and Show in Fort Worth through Feb. 3.

James Babb Is Honored At Dinner In Mathis Home Friday

James Babb, the former Caylor, was named as 15 hostesses entering the home in Mathis.

Babb. The honor guest was attired in a pink knit suit with matching accessories. Her pearl trimmed corsage was fashioned from white carnations. Others in the receiving line wore pink rosebud corsages.

Miss Sue Stephens presided at the guest register, where 30 guests signed the bride's book between 7 and 8:30 o'clock. A miniature bridal couple decorated the registry table.

Mrs. L. A. Barrow and Mrs. W. W. Stephens showed the miscellaneous gifts.

The lace covered serving table featured a centerpiece of pink and white stephanotis and pink tapers in crystal holders. Silver and crystal appointments were used. Cake squares decorated in pink and green, nuts, mints and coffee were served.

Matrons Club Thursday At F. A. Gilley's

Post and Southland Post Matrons Club met last Thursday at the home of Mrs. O. H. Gilley, with Mrs. O. H. Gilley as hostess.

Refreshments were served and refreshments consisted of sandwiches, iced tea and coffee with whipped cream.

Guests were Miss Theilma Hub Hair, Mrs. Jack Myers, Mrs. D. D. Nichols, Mrs. D. D. G. N. Smallwood, Mrs. L. G. Stallings, Mrs. L. G. and Mrs. Will Wright. The next meeting will be Feb. 4 at the home of Mrs. O. H. Gilley. The S. S. Study Club will meet at that time.

Wife To Become Of F. W. Hendrix

Post residents is announced the marriage of Miss Melba Dean to F. W. Hendrix, Jr.

The couple are Mr. Arthur R. Neely of Post and Mrs. Hendrix of Lubbock.

Neely, a graduate of Texas High School and Tarleton State College, Stephenville, is a journalism major at Texas Tech.

Neely received Bachelor of Science and Master's degrees from Texas Tech. He is employed by the Post as a reporter.

Neely is a member of the Post and Southland Post Matrons Club. He will be in the Post office on Friday, Feb. 2.

CLUB TO MEET

The Post Matrons Club will meet at 7:30 p. m. on Friday at the home of Mrs. O. H. Gilley.

The club will have a social hour and refreshments will be served.

A son, Abel, was born to the Benito Cardenas of Southland at 6:46 a. m., Jan. 20, in Garza Memorial Hospital. He weighed seven pounds, 11 3/4 ounces.

Mr. and Mrs. J. J. Wells are parents of a daughter weighing eight pounds, eight ounces. She was born at 9:07 a. m., Jan. 20, in Garza Memorial Hospital and has been named Linda.

Mr. and Mrs. J. J. Wells are parents of a daughter weighing eight pounds, eight ounces. She was born at 9:07 a. m., Jan. 20, in Garza Memorial Hospital and has been named Linda.

J. J. Wells Feted At Party Sunday

About 75 guests called at the Wiley Johnson home Sunday afternoon honoring her parents, Mr. and Mrs. J. J. Wells on their 50th wedding anniversary.

Those attending from out-of-town were Mr. and Mrs. J. S. Varner, Mr. and Mrs. J. Glaze and children and Mr. and Mrs. Leroy Norman and son of Abilene; Mrs. Florine Barron and daughter of Sweetwater; Mr. and Mrs. Van Glaze and children and Mr. and Mrs. Gus Coveart and children of Tarzan.

Also Mr. and Mrs. Walter Schluter, Mary and Maxine Allen and Mr. and Mrs. Will Marrs of Mrs. E. E. Wilson and Mr. and Mrs. Noel Wilson of Slaton and Mr. and Mrs. Johnnie Johnson of Lubbock.

From 11 a. m. until 12 noon, there will be a general session for reports from the group sessions and evaluation. Lunch will be served at the church at 12 noon.

From 1:30 to 3:30 p. m., there will be discussions on "My Job" with the following leadership: older youth, Rev. Cecil R. Matthews, Lubbock; seniors, Mrs. H. W. Barnett, Aiken, Billy Phillips, Lubbock; intermediates, Mrs. H. H. Bratcher, Pampa, Mrs. Marvin Boyd, Midland; youth division superintendents, Mrs. H. C. Leon, Lubbock; woman's society of Christian service secretaries of youth work, Mrs. Alby Cockrell, Hereford; and sub-district counselors and district directors, Barbara Somerville, Lubbock, conference youth director.

J. Chess Lovern, host pastor, will be the speaker for the closing worship service at 3:30 p. m. Betty Shewbert and Don Ford, both of Lubbock, will serve as organist and song leader, respectively.

Mrs. Adamson Is Hostess To Club

Mrs. Bonnie Adamson of Tahoka was hostess to members of the Merry-makers Club Tuesday afternoon in the home of Mrs. J. F. Storie.

During the business session, the group voted to contribute \$5 to March of Dimes Drive.

Following an hour of visiting, the hostess served sandwiches, cookies, nuts and spiced tea to Mrs. H. N. Crisp, Mrs. L. W. Dalby, Mrs. Homer Gordon, Mrs. Alice Parsons, Mrs. Lonnie Peel, Mrs. S. C. Storie, Sr., Mrs. H. F. Wheatley, Mrs. Nora Willingham and Mrs. Storie.

The next meeting will be Feb. 12, with Mrs. Crisp.

CULTURE CLUB TO MEET

Woman's Culture Club will meet Wednesday afternoon in the basement of the First Methodist Church. Miss Maxine Durrett will be hostess.

Girl Scouts Have Recent Ceremony At Little House

Girl Scout Troop 14 had an investiture ceremony at the Little House recently. Mrs. Charles Mills and Mrs. Wiley Hill are troop leaders.

Invited were Darlene Bratcher, Gayle Heaton, Billye Ruth Hill, Yonda Gene Howell, Ann Long, Barbara Mills, Elaine Wheatley and Wanda Williams.

Mrs. Ben Howell and Mrs. M. D. Heaton, committee women, assisted with the ceremony. Other committee members who were unable to attend are Mrs. W. C. Windham and Charles Mills.

Following the program, refreshments were served to the group.

Post Methodists To Attend Meeting

Post First Methodist Church will be represented at the Northwest Texas Methodist Conference Convocation for Adult Workers With Youth, which will be held tomorrow and Saturday at the First Methodist Church in Lubbock.

All workers in local churches, counselors, teachers, superintendents, pastors and parents of youth are invited to attend.

Registration will get under way at 7 p. m. Friday, followed by a worship service at 7:30 p. m. featuring a drama by youth of the host church and an address by Charlie Lutrick, Lubbock, executive secretary of the conference board of education, at 8 p. m. There will be a fellowship period at 8:45 p. m. in Memorial hall.

Saturday's activities will get under way with a general session at 8:45 a. m., followed by group discussion on counseling from 9 to 11 a. m. Leaders will include: pastors, Rev. Hubert Bratcher, Pampa district superintendent; older youth, Mrs. Cecil R. Matthews, Lubbock; seniors, Jane Kern, Amarillo, Rev. Vernon Henderson, Brownfield district superintendent, Rev. Wayne Cook, Lubbock, Rev. James Carter, Panhandle, Mamie Adams, Midland; intermediates, Mrs. C. E. Nolan and Rev. John English, both of Lubbock.

From 11 a. m. until 12 noon, there will be a general session for reports from the group sessions and evaluation. Lunch will be served at the church at 12 noon.

From 1:30 to 3:30 p. m., there will be discussions on "My Job" with the following leadership: older youth, Rev. Cecil R. Matthews, Lubbock; seniors, Mrs. H. W. Barnett, Aiken, Billy Phillips, Lubbock; intermediates, Mrs. H. H. Bratcher, Pampa, Mrs. Marvin Boyd, Midland; youth division superintendents, Mrs. H. C. Leon, Lubbock; woman's society of Christian service secretaries of youth work, Mrs. Alby Cockrell, Hereford; and sub-district counselors and district directors, Barbara Somerville, Lubbock, conference youth director.

J. Chess Lovern, host pastor, will be the speaker for the closing worship service at 3:30 p. m. Betty Shewbert and Don Ford, both of Lubbock, will serve as organist and song leader, respectively.

Church News

A sunshine box for former Post citizens, Mr. and Mrs. H. R. Swaim, of Bloomingdale, Ind., was packed at Monday afternoon's meeting of the Christian Women's Fellowship, held at the church. The Swaims were instrumental in organizing the First Christian Church here, of which they are charter members. Mr. Swaim designed and made the altar furniture. The sunshine box will be mailed to the couple this week. Mrs. Swaim is now confined to her bed. Mrs. Victor Hudman presided for the business session at Monday's meeting and Mrs. Almon Martin directed the study, taken from the first four chapters of the Book of Romans.

The Lubbock Association of Brotherhood meeting at the First Baptist Church here Monday night was attended by 305 men. Coffee and doughnuts were served to the group in the church dining hall before the meeting began. Walter Crider is president of the host organization, and David Crisp of Lubbock is president of the association. The Post Mexican Baptist Church was awarded a permanent attendance banner for the best attendance record for three consecutive years. Southside Baptist Church of Lubbock won the attendance banner for this year. Although only 47 active members are on the roll, average attendance at each meeting has been 54. Royce Dowell conducted the song service; Crider read a scripture and offered prayer; special music was presented by a quartet composed of Crider, Jack Lancaster, Elmer Butler and Henry Tate; Lewis Kenley of Lubbock, and formerly of Post, gave a chalk talk and John J. Toombs of Abilene was speaker for the evening. Twenty-six churches were represented.

The Presbyterian Women's Organization and the Mattie Williams Memorial Circle will have a joint meeting at the church at 2 p. m. Monday.

"Mission Work in the Mississippi Basin" was the topic of study when members of the First Baptist W.M.U. met at the church Tuesday evening. Mrs. Walter Johnson was program leader. She was assisted in presenting various phases of the work by Mrs. Henry Tate, Mrs. Dowe Mayfield, Mrs. Howard Maddera and Miss Louella Eades.

At 5:30 p. m. Sunday, the junior and senior high young people will meet in the social hall at the Presbyterian Church. A team of youths from Brownfield, Lamesa and Snyder will present the purpose and methods of organizing a Westminster Fellowship here. Refreshments will be served.

The Rev. Roy Shahan, First Baptist pastor, reports: "Beginning next Lord's Day, the pastor will begin a series of messages at the evening worship services on the general subject, 'God's Great Salvation.' (Rom. 1:16). Subjects of the five messages on this theme will be 'God's Great Salvation—Why We Need It'; 'Why God Provided It'; 'What It Does Within Us'; 'What It Does Through Us' and 'What It Leads Us To'. The Sunday morning subject will be 'Regaining Our Sense of True Values' (Gen. 1:28; 2 John 8). Our morning service is now broadcast a full hour, from 11 o'clock until noon, over Radio Station KRWS. If you cannot attend these services in person, we invite you to be one of our radio audience."

At 7 o'clock Sunday evening, the Westminster Fellowship Team from Brownfield, Lamesa and Snyder will have charge of the Presbyterian service. "It promises to be a very worthwhile service and we urge the members and friends to attend and give our young people the assurance of our interest and support," the Rev. Clinton Edwards, pastor, said.

"Women in Southeast Asia" will be the study topic when members of the Christian Women's Fellowship of the First Christian Church meet Feb. 4, in the home of Mrs. Almon Martin. Mrs. E. A. Warren will be program leader and Mrs. Porter Roberts will be worship director.

Mr. and Mrs. Marvin Hudman spent Sunday in Midland with their daughter, Norma, and her husband, James, who have just re-established their home there after two years in the Army.

Mr. and Mrs. J. F. Storie plan to be among the many Garza County folks to be in Fort Worth this weekend for the opening performances of the Southwestern Exposition and Fair Stock Show.

Mrs. Emmett Dent is in Houston this week visiting the Carl Hughes family.

NEEDLECRAFT CLUB

The Needlecraft Club will meet at 3 p. m. tomorrow in the home of Mrs. Pat N. Walker.

Clubs * Personalities * Churches

Please Send or Telephone News to GANELL BABB, Women's Editor, Telephone 111, Not Later Than Wednesday Morning.

Miss Storie, J. Dudley Brown Marry In Kansas Church Jan. 14

Miss Jeanette Storie and J. Dudley Brown exchanged wedding vows Jan. 14, in the First Baptist Church of Arkansas City, Kans. The ceremony was read by the Rev. George Dick at 9 o'clock in the evening.

Parents of the couple are Mr. and Mrs. S. C. Storie, Jr., and Mr. and Mrs. C. W. Brown, Sr., of Ardmore, Okla., and formerly of Post.

Culture Club Has Meeting At Hudman Home Wednesday

Mrs. Victor Hudman and Mrs. Howard Maddera entertained the Woman's Culture Club last Wednesday afternoon in the Hudman home.

Roll call was answered with "A Beautiful View I've Seen" and Mrs. Dowe H. Mayfield, president, showed a film on the great southwest, "American Harvest."

TO BE HONORED SUNDAY

Plans are being completed this week for a birthday dinner honoring Mrs. Jean Elizabeth Jackson Sunday. The dinner, which will be attended by family members, will be at the home of the honoree's daughter, Mrs. Marvin Hudman.

Immediately following the ceremony, the wedding party was served cake and coffee in the Arkansas City home of Mr. and Mrs. Johnny York.

Mr. and Mrs. Brown are at home in Wichita, Kans., where he is employed by Frontier Chemical Co.

MYSTIC CLUB TO MEET

Mrs. Jim Shipley will be hostess to the Mystic Sewing Club in her home tomorrow afternoon.

PRISCILLA CLUB

The Priscilla Club will meet at 3 o'clock Friday afternoon in the home of Mrs. Robert Cox.

Post Freshmen Win Championship In Floydada Tournament

Defeat Lockney, 38-29, For Trophy After Wins Over Three Other Teams

Post's freshman basketball team defeated Lockney, 38 to 29, Saturday night to win the championship trophy in the Floydada Invitational Basketball Tournament.

Earlier in the day, Coach Frank Krhut's team defeated Happy, 34 to 26, in a semi-finals game. They beat Spur, 43-20, in their opening game, then downed Canyon, 35-31, in the quarterfinals Friday evening.

Presentation of the first place trophy to Coach Krhut and his team was made following Saturday night's finals.

Lockney had won their way into the championship contest by defeating Matador, Abernathy and Tulla.

In Saturday night's title game, the two teams were all even, 10-10, at the end of the first quarter, but Post was ahead, 18-15, at halftime. The end of the third period found the Antelope freshmen ahead, 32-23.

Dan Rankin and Scotty Pierce led the Post scoring with 14 and 10 points, respectively.

In the semi-finals game with Happy, Post trailed, 4-9, at the end of the first quarter, but were ahead, 15-13, at halftime and 23-18 at the end of the third quarter. Pierce scored 16 points and Curtis Didway nine to pace the Antelope scoring.

In Friday evening's Canyon game, Post was behind, 4-10, at the end of the first quarter, but trailed by only one point—14-15, at halftime. They led 26-23 at the end of the third period. Pierce and Didway were high scorers for Post with 12 and eight points, respectively.

In their opening round victory over Spur, Coach Krhut's team led all the way. They were out in front, 10-2, at the end of the first quarter; 22-6 at halftime, and 31-8 at the end of the third period. Clinton Smith topped the Post scoring with nine points, while Pierce, Rankin and Forrest Claborn also scored.

Four Late Points Help Tahoka To 58-54 Win

Four free throws in the last 45 seconds enabled the Tahoka Bulldogs of District 2-AA to defeat Seagraves, 58-54, Tuesday night in a non-conference game on the Eagles' court.

Marlin Hawthorne with 22 points and Jay Gurley with 13 were high scorers for the Bulldogs. Seagraves won the "B" team game, 34-27.

born came through with eight each.

Post Reserves Lose Twice In Tourney

The Post Antelope "B" team was eliminated from the Wilson Invitational Basketball Tournament Saturday when it lost a consolation game to the Tahoka "B" cagers by one point, 36-35.

The Antelope reserves had lost a first round game to New Home, 40-34, to be eliminated from championship contention.

New Deal won the championship in the boys' bracket by defeating Cooper, 71-65. Wilson won the girls' championship by edging past New Home, 53-49. Lorenzo defeated Tahoka "B", 45-33, for the consolation title, while the girls' consolation crown went to Cooper by virtue of a 39-39 victory over the Post "B" girls.

Following are the Post "B" boys' box scores in their two games:

Tahoka Bulldogs Defeat O'Donnell Team, 45-34

The Tahoka Bulldogs of District 2-AA rolled over the O'Donnell Eagles, 45 to 34, Thursday night in a non-conference game at Tahoka.

Jay Gurley scored 21 points and Jerry Brown 14 for the Bulldogs. The O'Donnell girls evened up the night's action by scoring a

GIRLS LOSE IN OVERTIME CONTEST, 48-46

Antelopes Snap Slaton's Eight-Game Winning Streak With 55-53 Triumph

The Post Antelopes snapped an eight-game winning streak for the Slaton Tigers at Slaton Friday night, winning a District 2-AA basketball game, 55-53.

The Slaton girls took a 48-46 overtime victory from Post in a preliminary game.

Coach Burl McCoy's Antelopes got off to a 14-9 first quarter lead over the highly regarded Tigers on two field goals by Noel White, two by Jerry Hays and one field goal and four free throws by Kenneth Martin.

Post scored 18 points in the second quarter, one less than Slaton, and led, 32-28, at halftime. Antelope scorers in the second period were Martin with four, Daymon Ethridge with six, Jimmy Short with four, Jerry Hays, three, and Troy Cartmill, one.

The Antelopes outscored the Tigers, 17-14, in the third quarter to lead, 49-40, at the end of that period. Hitting for Post were Martin, one; Ethridge, four; Wayne Runkles, five; White, six, and Bill Stephens, one.

The Tigers rallied in the fourth quarter to almost overtake the Antelopes. They scored 11 points while holding Post to six on field goals by Auvy McBride, Hays and Stephens.

Kenny Martin, with 11 points, was high scorer for Post. Doug Corley had 15 for Slaton and Larry White 12 points before he sprained an ankle in the second quarter and had to leave the game.

In the girls' game, Marie Howard had 18 points and Louise Gerner, 17, for Post. Linda Smith led the Slaton attack with 23 points, followed by Alma Jean Winn, with 16.

The box score of the boys' game follows:

Slaton (53)	fg	ft	pf	tp
L. White	4	4	1	12
Corley	4	7	5	15
Houge	0	2	0	2

46-39 triumph. Jan Thomas, with 16 points, was high scorer for Tahoka.

ABILENE (Spl.)—Texas taxpayers will be required to pay out approximately \$3,152,020,000 in Federal taxes as their share of the cost of the Federal spending program of \$71.8 billion proposed by President Eisenhower for the Federal fiscal year 1957-58, according to an estimate today by the West Texas Chamber of Commerce.

The regional chamber pointed out that any reduction which Congress may make in this budget will, of course, reduce the amount that Texas taxpayers will have to bear.

The \$3.15 billion share which would be borne by Texas tax-

payors to support the President's proposed budget is almost four times the amount of money spent in the fiscal year ending Aug. 31, 1956, to finance the entire government of the State of Texas, the West Texas Chamber said.

The WTCC calculations show that Texas residents and taxpayers presently bear 4.39 per cent of the total Federal tax burden. Since Federal expenditures are met by taxation, Texans' share of the Federal Government's spending burden for the Federal fiscal year 1957-58 will be 4.39 per cent of \$71.8 billion, or \$3,152,020,000, the WTCC reported.

The West Texas Chamber expressed deep disappointment over the continuing rise in expenditures since the fiscal year 1955 when the spending total was \$7.2 billion less than is proposed for 1958. It said that these rising expenditures are preventing much needed tax reductions which would otherwise be possible from the increasing revenues generated by the nation's economic prosperity.

The West Texas Chamber also noted that the spending proposals in the budget offer no encouragement for reductions to come but, rather, point toward even higher spending beyond 1958. It said this is supported by the

fact that for the second successive year new spending (or obligatory) authority requested is even greater than expenditures.

It added that while national security spending accounts for a large part of the increased budget, many new domestic programs are proposed for initiation in the coming year. These include a one and one-fourth billion school construction grants program and several lesser projects, the cost of which would rise in future years after a modest first year's outlay.

The puma, panther, cougar, catamount, mountain lion, American lion are all the same animal.

MANY BENEFITS FROM DEMONSTRATIONS

Range Management Program Makes Gains Despite Continued Drouth

COLLEGE STATION (Spl.)—Range management demonstrations conducted last year under the supervision of local county agents involved 3,469,105 acres of Texas rangelands, report extension range specialists A. H. Walker and G. O. Hoffman.

The specialists, in their year end report, further stated that 7,751 range operators conducted demonstrations which stressed the efficiency and economy of pro-

duction under drouth conditions. These demonstrations, because of the improved practices used, increased the returns or savings to the ranchmen by approximately four and a quarter million dollars. Educational benefits from training meetings and field demonstrations in the form of new knowledge on accepted range practices were estimated by the specialists to have been worth another \$700,000 to the state's ranch operators.

A total of 10,734 ranch operators in 225 Texas counties received assistance during the past year on range management problems while some 985 meetings were attended by 28,500 interested livestock producers. Field days held in the counties numbered 133 with an attendance of more than 8,300. Flexible stocking demonstrations were conducted by 2,000 operators; 11,977 new watering facilities were constructed while more than 1,400 ranchmen used a salt distribution practice to get more uniform utilization of their range vegetation.

Twice as many 4-H boys received training in grass and plant identification as in 1955 while 38 counties for the first time trained range judging teams. A statewide, week-long range management training camp for a selected group of 4-H boys was also held as was a two-weeks course for county agents.

The specialists worked in each of the 12 Extension Districts during the year and gave assistance to local county agents by revising five publications, preparing exhibits, appearing as speakers at county meetings and field days, by preparing news stories, magazine articles and radio talks. Also by issuing each month their "Range Notes" which gave the results of work being done in the counties as well as late research information.

4,812,000... Interstate Commerce Commission report of Nov. 21, 1956, disclosed that 89.8 per cent of trucks last checked had one or more defects or deficiencies.

COUNTERPANE CATHEDRAL

There was a man who had stopped going to church because, he said, "Church doesn't make me feel any nearer to God."

One night he stepped into the children's room to kiss them good night. And suddenly he felt as though he were in church. There was a pillowed altar and a devout congregation in prayer. Yet he didn't feel any nearer to God.

And in that moment he learned the truth that every soul must learn; religion is not some outer force that brings God close to a man. Religion is man's inner yearning which reaches up and discovers how near God is.

And so, from the example of his children, he learned how to find the faith which had eluded him. And, finding it, he returned to church to share with other Christians the rich experience of worship... to receive the spiritual gifts of Word and Sacrament... to serve Christ in the vital, challenging work of the Church.

He knows that in church—or in a moonlit nursery—God is near those who want Him near!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible, daily.

Industrial Talks On Program For Annual Session At Abilene

ABILENE (Spl.)—Program for the fourth annual West Texas Industrial Development Conference will be an A-to-Z presentation of community industrial development techniques, according to E. L. Buelow of Abilene, chairman of the industrial committee of the West Texas Chamber of Commerce.

The conference is scheduled for Jan. 24 in the Wooten Hotel in Abilene. Opening session of the one-day event is at 9:30 a. m.

Only two speakers are to be presented this year instead of the usual six to eight.

"So much time is consumed in introductions and acknowledgments of speakers, our time for actual discussion is reduced," Buelow said in explaining the planning committee's action.

"There is also the chance of omission of important aspects of the subjects and of duplication and overlap of others when we use a great number of speakers," Buelow said.

Dr. W. Paul Brann, associate director of industrial research at the University of Arkansas, will discuss "Preparing the Community to Attract Industry." The WTCC's conference planning committee expects this to be the "first half of the story" of community industrial development.

Digging of the Panama Canal began in 1882.

Trust your employees

Of course you do. Yet most cases of "fixed books" and pilfered cash drawers involved "trusted" employees. Bonded employees are better employees. Let us tell you about Fidelity insurance. Ask us today—in fairness to your employees and also for your own protection.

Roosevelt Loses To Freshmen, 40 To 24

Post High School's freshman basketball team got off to a good start in the Slaton tournament Monday night by defeating Roosevelt, 40 to 24. They are to play again today, taking on the winner of a game between Idalou and the Slaton "B" team.

Coach Frank Krhut's team led, 8-3, at the end of the first quarter against Roosevelt, 22-15 at half-time and 32-17 at the end of the third quarter. Clinton Smith was high point man for Post with 14.

The Post box score follows:

	fg	ft	pf	tp
Smith	6	2	1	14
Pierce	4	3	4	11
Rankin	1	0	4	2
Claborn	1	1	4	3
Didway	5	0	4	10
Jones	0	0	1	0
McClellan	0	0	2	0

Auto Dealers Attend Association Meeting

Five Post automobile dealers were in Lubbock Monday night for a dinner meeting of the Lubbock New Car & Truck Dealers Assn., held at the Lubbock Hotel.

The program included talks on how to figure the cost per car of doing business, benefits to be derived from dealer cooperation, and the West Texas National Automobile Show to be held in Lubbock March 29-31.

Post dealers attending the meeting were Tom Power, John F. Lott, Dowe H. Mayfield, Noah Stone and Harold Lucas.

Australia's annual wool crop amounts to about 900 million dollars.

TOP RODEO ANNOUNCER—Cy Tailon will be at the "mike" during the world's greatest indoor rodeo at the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 25-Feb. 3. The Great Falls, Montana, man has a record of 21 consecutive years as announcer of the Pike's Peak or Bust Rodeo in Colorado Springs, Colo. He works the major shows including—besides Fort Worth—Denver and San Francisco.

Rotarians Hear Talk On School System

"Post is a good place to live; let's improve our schools and make it a better place to live," said Supt. R. K. Green at the conclusion of a talk Tuesday at the Post Rotary Club luncheon.

The superintendent told the club members that as Rotarians it is their duty to evaluate any criticism of the schools and help make them better.

He said administrators here are well pleased with the steady progress being made by the Post schools, and that the school district's financial condition is in the best shape it has been in for several years.

He said 40 per cent of the cost of operating the schools is borne by the state and the remaining 60 per cent paid locally. Teachers' salaries, he said, account for about 65 per cent of the budget.

Poll Taxes—

(Continued From Front Page) ary, bringing the collection total much nearer the tax charge than it was on Dec. 31.

Of the total collected up to Jan. 1, \$108,960.33 was county taxes; \$25,715.81, county school taxes; \$31,186.18 road taxes, and \$44,439.41, state taxes. The 1956 total tax assessment was based on a county valuation of \$12,943,725.

Those paying state and county taxes in October received a 3 per cent discount. There was a 2 per cent discount in November and a 1 per cent discount in December.

SLIGHT MISTAKE

HOMINY, Okla.—A customer of Cal Newport complained he could get no warmth from the heater in the new car he was driving. Newport checked and found he had the air conditioning, rather than the heater, turned on.

Unlocked Safe Yield Nothing to Burglars

Would-be burglars apparently left empty-handed Tuesday night after breaking into the Rogers Feed & Tractor Store at 131 South Avenue I.

Sheriff Carl Rains, who is investigating the break-in, said owner Earl Rogers told him nothing was missing, although the intruders ransacked the firm's safe, which was unlocked. Papers taken from the safe were left on the floor and kicked back under the vault.

Entrance was gained through an unlocked window on the south side of the building, the sheriff said.

Officers also reported the theft of two hubcaps Monday night from the automobile of a Petersburg man who was here attending a Baptist Brotherhood meeting.

Post Report—

(Continued From Front Page) as an authority on water problems told the group that the age of free water is past. He predicted that the State Legislature now in session will take steps to have the state "assume the responsibility that it ought to assume" in an attempted solution of Texas' water problems.

Bits of News From Here and There

Mrs. Lee Bowen, Susie and Butch and Skippy Slone visited in Idalou Sunday with Mrs. Bowen's grandchildren, Linda, Kerry and Jane Cannon.

Mr. and Mrs. Carroll Bowen and children of Levelland will visit in the Lee Bowen home this weekend.

A. R. Robinson, Racy Robinson, Mr. and Mrs. C. K. Robinson and Linda and Mrs. D. C. Roberts, accompanied by Z. G. Robinson of Levelland attended the funeral of their cousin, L. S. Robinson, Olney City Manager Sunday at Olney. Others going from here were Mr. and Mrs. Henry Tate.

Mrs. W. E. Dent and Mr. and Mrs. Howard McCampbell and daughter visited in Monahans Sunday and Monday with Mr. and Mrs. Carl Hughes and Mr. and Mrs. Bill Sherrod and daughter.

Mrs. S. W. McCrary has returned home after spending two months in California with her children and their families. Mr. and Mrs. R. C. Stoner of Ontario, Mr. and Mrs. Efford McCrary of Lawndale and Mr. and Mrs. Erman McCrary of Van Nuys. While in Ontario, Mrs. McCrary visited with former Postites, O. B. and Bud Kelly.

Ferrel (Dink) Taylor left Monday for his Navy base, San Diego, Calif., after spending 30 days here with his parents, Mr. and Mrs. O. B. Taylor.

Mrs. S. W. McCrary and Mrs. I. N. Poole were in San Angelo Sunday for the golden wedding anniversary celebration of their brother-in-law and sister, Mr. and Mrs. Bud Woolever. They were accompanied by Homer McCrary and Mrs. R. L. Kirkendoll.

Mrs. Gordon Hamilton and son, Billy, who have been in South Texas since September, have returned to their home here. Mr. Hamilton went to South Texas about ten days ago and returned with them.

Visiting in the home of Mr. and Mrs. J. T. Curb over the weekend were their son, E. L. Curb, and wife of Portales, N. M.

Mrs. B. E. Young returned Sunday after undergoing surgery in Methodist Hospital in Lubbock the previous Tuesday. Her condition is satisfactory.

Gene Young will spend the weekend with his parents, Dr. and Mrs. B. E. Young. Gene is a student at McMurry College.

REVIVAL MEETING

The Rev. William B. Little of Ralls will be the evangelist for a revival meeting beginning at 7:30 p. m. Sunday at the Assembly of God Church here. Services, to which the public is invited, will be held each evening at 7:30 o'clock, according to the pastor, the Rev. J. R. Brincefield.

Positte Re-Elected County Is To Girlstown Board In Bond

County Judge Pat N. Walker has been re-elected to a three-year term as a member of the board of directors of Girlstown, U. S. A., near Whiteface.

All officers and three directors were re-elected at a board meeting Saturday at the home for underprivileged girls.

Directors expressed satisfaction with the operation of Girlstown, named Miss Amelia Anthony managing director for another year and discussed plans for expanding the home and raising funds to complete a new dormitory now under construction.

Garza County among the 10 counties in percentage of Bonds sales in 1956, county savings man, announced during the past 15 amount represents the 1956 quota of chairman said. Chases totaled \$6,125. The only county to top Garza County of quota attained County, with 92.8

Buyers Of Yuletide Seals Are Thanked

AUSTIN (Spl.)—"Thanks to all the people in Garza County who bought Christmas Seals in the 1956 campaign to raise funds to fight TB."

Those were the words of Mrs. Alice Naylor Spoon in a letter received today by the Texas Tuberculosis Association from McKnight State Tuberculosis Hospital near San Angelo.

A patient in the hospital since March 25, 1955, Mrs. Spoon said she hoped to be well enough to return home to Andrews by next Christmas.

"You can be sure I'll be one of your Christmas Seal volunteers wherever I am next year," she said. "I want to tell people what it means to be separated from your family and friends by tuberculosis. I've had to watch my little three-year-old daughter grow up through a hospital window."

help prevent this from ever happening to you." To those who haven't got around to sending in their contribution she said, "Get out your Christmas Seal letter and answer it today. With your contribution the tuberculosis association can increase its efforts to check the spread of TB. We must all share in this work, as we hope to share in the benefits."

Mrs. Lee Davis plans to leave Friday for several weeks in California with her son, Buddy, and his wife, Jane, and with her daughter, Sally, and her husband, Charles, and their children. Charles, who was seriously burned about the arms and legs while cleaning the garage floor at their home with gasoline, was released from the hospital last week. It is not known yet if skin grafts will be necessary. He has been in the hospital for several weeks.

CUTS FARM COSTS—Lower maintenance and operating costs are features of the new Ford tractors which are factory-equipped with liquefied petroleum (LP) gas engines. All 11 tractor models produced by Ford Motor Company's Tractor and Implement Division now are available with the LP option in addition to gasoline models. These LP-gas operated tractors are on display at Garza Tractor & Implement Co.

New Ford Tractor Equipment Goes On Display At Implement Company Here

Two important farm machinery developments are being announced by Ford Motor Company, according to Earl Rogers of Garza Tractor & Implement Co. For the first time in Ford's 40-year history of tractor production, liquefied petroleum (LP) gas engines are being made available as a factory-installed option in all tractor models, and three new optional front wheel arrangements for row crop tractors also are being introduced.

Citing an announcement by Irving A. Duffy, Ford vice president and general manager of its Tractor and Implement Division, Rogers said that the growth in demand for LP gas tractors has been very rapid and extensive. The low operating and maintenance costs of these units are the main reason for their growing popularity, he said.

The three front end options for row crop tractors of single-wheel tricycle, dual-wheel tricycle or adjustable front axle four-wheel design are engineered to permit the farmer to select the equipment of greatest applicability to his operations, the dealer said.

Rogers invites residents of the Post area to see this new Ford equipment on display at his showroom at 131 South Avenue I.

In addition to these special options, the new Ford tractors have been equipped with numerous

other improvements. The all-purpose and row crop models have as standard equipment swinging drawbars and ASAE-standard power take-off. Power adjusted rear wheels are now standard equipment on two row crop models and are available as extra-cost options on all other Ford tractors. Power steering continues as standard equipment at no extra cost on all row crop tractors.

MRS. DILLARD THOMPSON OF GRAHAM WRITES

W. D. White Suffers Heart Attack Tuesday, Is Carried To Lubbock

Sunday guests of Mr. and Mrs. Earl Gregg were their daughter and family, Mr. and Mrs. Gean Nunn and Jimmie of Abernathy, Mr. and Mrs. B. A. Norman and Wade Gerner of Lubbock and Mrs. E. M. Norman.

Mrs. Woodrow Bowen was a guest of her brother, J. C. Howard and family last week. She accompanied her husband and daughter home on Sunday.

Roy Priest, Church of Christ minister, suffered a heart attack Sunday afternoon and is a patient in Slaton Mercy Hospital.

Mrs. Dwight Kinard and Kelley of Memphis, who are spending several days with Mrs. Jewel Graham visited in the Glenn Davis home Thursday night.

Mr. and Mrs. Jimmy Doggett and children visited in Lubbock on Friday night with his sister and family, the Don Ellisons.

Orabeth Maxey spent the first of the week in Post with Mrs. Sexton Huntley, while her husband was visiting in South Texas.

Mrs. O. A. Crockett of Shallowater and Mrs. Orvell Crockett of Abilene spent Monday with Mrs. J. C. Howard, who was dismissed Thursday from Lubbock Methodist Hospital.

Mr. and Mrs. Earl Gregg were in Wichita Falls for a Nazarene Church convention from Tuesday until Thursday of last week.

Carol Davis and Gene Peel toured Carlsbad Caverns Sunday.

Mr. and Mrs. Hugh Blevins and family of Abilene visited Saturday and Sunday in the Jimmy Doggett home here and with the Walter Criders in Post.

W. D. White suffered a heart attack Tuesday morning and was carried to a Lubbock hospital. Mrs. Elmo Bush spent the day in Lubbock with Mrs. White.

Mr. and Mrs. James Stone, Mrs. Elva Peel and Mrs. Bryan Maxey attended the ball games at Slaton Monday night and also visited with Roy Priest, who is hospitalized

Dates For Spring Term Tech Registration Set

LUBBOCK (Spl.) — Texas Tech will hold spring semester registration Jan. 30-31, with 7,000 or more students expected. Students with spring semester dormitory reservations may enter their rooms Monday, Jan. 28. The semester will get underway officially at 8 a. m. Tuesday, Jan. 29, in the Aggie Memorial Auditorium with orientation for entering freshmen.

On Thursday night, Jan. 31, Lubbock churches will hold open houses and receptions for students. First spring semester classes will be held at 8 a. m. Friday, Feb. 1.

Wednesday, Feb. 6, will be the last day for registration, changing or adding courses and payment of fees.

Registrar W. P. Clement said more than 6,700 students already have pre-registered for the semester.

VERSATILE HOUSE

BLANCO, Texas—What used to be the Blanco courthouse has served as a skating rink, bank, school, and is now a hospital. It was built in 1868.

Inspection Of Motor Vehicles Continues To Lag In County

The motor vehicle inspection division of the Texas Department of Public Safety again this week urged Garza County motorists to have their vehicles inspected as required by state law now—before the rush begins to meet the April 15 deadline.

"Our records show that the 1956-57 inspection period is more than half over and that less than 15 per cent of the vehicles in Garza County have been inspected, said Tom Barnes, MVI division inspector.

Barnes pointed out that there are 3,097 vehicles registered in Garza County and that approximately 2,500 of them have not been inspected.

"The state law requires that all motor vehicles, trailers, semi-trailers, pole trailers, and mobile homes and house trailers, except those house trailers under 4,000 pounds, be inspected by April 15," Barnes said.

He pointed out that by waiting until the last minute, Garza County motorists may not be able to have their vehicles inspected in time.

Law provides, he said, that the vehicles cannot be operated on public highways of the state after the April 15 deadline, and that a fine is provided for those who violate the law.

Inspection stations in Garza County are Tom Power, Inc.; Caprock Chevrolet, Inc.; Dowe H. Mayfield Co., Inc.; Wilson Bros., and Service Welding & Garage, all of Post, and Southland Hardware at Southland.

MRS. WILL TEAFF OF CLOSE CITY WRITES

Two Go To Lubbock Associational W.M.U. Meeting At Trinity Church

Visitors in the home of the Rev. and Mrs. R. E. Bratton last week were their daughter, Mrs. Marshall Boyd of Snyder and Mrs. Floyd Hodges of Post.

Mr. and Mrs. C. Brewer and children of Casa Grande, Ariz., are visiting her parents, the Rev. and Mrs. C. D. Nowell.

Mrs. A. M. Smith and baby and Mrs. Bernice Jones attended the associational W. M. U. meeting at Trinity Baptist Church in Lubbock Tuesday.

Ellen and Estelle Nowell, Frances and Diana Barron and Mrs. Will Teaff visited Sunday afternoon in the Walter Brown home.

Mr. and Mrs. A. O. Rosenbaum and Imogene spent Sunday with the Paul Fosters at Snyder.

Mr. and Mrs. Jim Bob Porterfield of Grassland visited Sunday

in the R. V. Blacklock home. A. M. Smith spent the weekend in Artesia, N. M., with his brother and family, the Pete Smiths.

Mr. and Mrs. Glen Cearley were guests of the Royce Waldrips at Levelland and the J. B. Cearleys at Woodrow last week.

Sunday visitors of the Glen Cearleys were Mr. and Mrs. Wayne Cearley of Levelland.

W. M. U. met Monday afternoon at the church for Bible study led by Mrs. Will Teaff. Those present were Mrs. C. D. Nowell, Mrs. A. M. Smith, Mrs. Glen Cearley and Mrs. Teaff.

Lacy Richardson was transferred from Garza Memorial Hospital to Methodist Hospital in Lubbock Saturday. He entered the Garza hospital Friday.

ORPHANS ORPHANS

Usually about this time of the year, every trip to the Post Office we hear Orphan Chickens hollering waiting for someone to adopt them and feed and water 'em.

Just on that account—we have all kinds of feeders, waters, etc. for little chicks and bigger chicks priced from 15 cents to \$6.00 each.

If you have adopted a bunch of these ORPHAN CHICKENS and need feeders and water fountains SEE US—chances are good that we can fill your need.

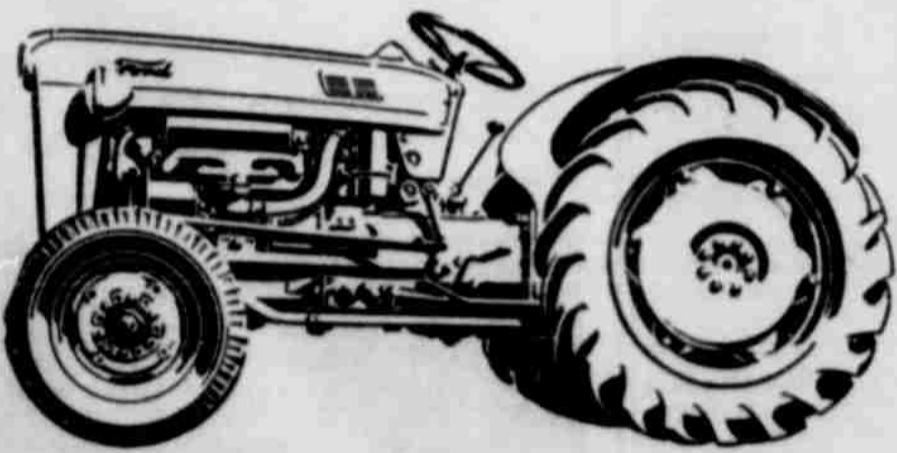

DON'T FORGET too, SPRING will be along before you know it and you'll be needing rakes, hoes, shovels and all kinds of yard tools.

WE HAVE THEM TOO.

EARL ROGERS

Chevrolet shows you some important differences in low-priced cars just by the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish... that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy anytime you care to come in. This week, maybe?

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE

"A GOOD DEAL DEPENDS ON YOUR DEALER"

Smallwoods Entertain in Home Duggie's, Fourth Birthday

Smallwood, Mrs. D. D. Pennell, Mrs. Hub Haire and Mrs. Jack Myers attended a meeting of the Past Matrons Club of the Order of Eastern Star in Post last Thursday evening.

Mr. and Mrs. T. J. Davis of Lubbock were recent visitors in the home of his brother-in-law and sister, Mr. and Mrs. Tom Sims.

Mr. and Mrs. Dwight Corbell and daughters of New Home were Sunday afternoon visitors in the home of his mother, Mrs. L. L. Corbell.

Mr. and Mrs. Arthur Smallwood entertained in their home Wednesday night with a party honoring the fourth birthday of their son, Duggie. A barbecue supper and birthday cake were served to the grandparents, Mr. and Mrs. Fagin Ross, and Don of Slaton, Mr. and Mrs. E. C. Smallwood, and friends Mr. and Mrs. Herbert Pinkert and children of Ropesville, Mr. and Mrs. Harvey Hancock and Tracy of Robertson and Mr. and Mrs. Joe Ross of Slaton.

Mr. and Mrs. Marvin Cox of West Point, Ark., and Mrs. Sally Paine of Abilene have returned to their homes after a visit here in the J. O. Reed Sr. home. The ladies are Mr. Reed's sisters.

Mr. and Mrs. Wes Anthony of Lubbock visited in the W. A. Basinger home last Wednesday. The Anthonys lived in this community for a number of years before moving to Lubbock.

Mrs. H. D. Hallman reports that the baby of her niece, Mrs. J. B. Bybee, is seriously ill in a Lubbock hospital.

The members of the Woman's Society of Christian Service met at the church last Monday afternoon with Mrs. Jay Oats bringing the lesson on "Youth Responsibility in Society and Christian Concern." Mrs. William Lester gave the devotional and Mrs. Dixon made a talk.

J. C. Harris received word last week that his sister, Mrs. A. A. Moore, had died in her sleep in her home in Mineral Wells. Mr. Moore is a brother of Mrs. Harris.

The members of the WMU met at the church Monday afternoon

New Well Drilling Method May Bring Huge Cost Savings

A savings of 30 to 50 per cent in the cost of drilling and completing oil and gas wells may be in store for many operators if the promises of a new method of completion are fulfilled. The new technique, which is described in detail in the January issue of "The Petroleum Engineer," is reported to have been used successfully on 19 wells drilled to depths of 2,300 to 7,500 feet in West Texas and East Texas. The savings ran from 30 to about 50 per cent of the normal completion costs in the same areas, according to the developers.

The new idea is based on substituting a small "macaroni" string of pipe for the large diameter casing. This small string is strapped to ordinary oil well tubing which is run to the bottom of the hole. The macaroni extends down to about 30 feet above the uppermost pay section to be tested and produced during the life of the well. The two strings are interconnected at several points by means of sleeve-type mandrels which can be selectively opened and closed by wire line tools.

After the two strings are run in the hole and cemented all the way up into the surface pipe, the drilling rig is moved off and the remainder of the testing and completion work is done with wire line service trucks. In many instances this can sharply reduce the cost of the well.

The primary purpose of the macaroni string, which is usually about one inch in diameter, is to provide a means of reverse and direct circulation for fracturing, squeezing, and other operations that will be performed on the well during its life.

The sharp reduction in costs comes from drilling small diameter "slim" holes, reduction in rig time and simplification of well equipment.

Former Post Resident Buried At Whiteface

Funeral and burial services were conducted at Whiteface Wednesday for Billy Joe Brock, 28, of Wichita Falls, former Post resident, who died Sunday in Dallas.

Brock, who was born in Post on Dec. 22, 1928, had resided in Wichita Falls for the past four years. He was a veteran of the Korean War.

He is survived by his wife, two daughters, Vickie and Connie; his parents, Mr. and Mrs. Fred Brock of Aspermont; one brother and three sisters.

for Bible study. Mrs. Kenneth Davies taught the lesson from the Baptist Fundamentalist.

Mrs. L. L. Corbell had a telephone call from her son, Elmo, in Houston, who has been quite ill with a heart condition. He reported he never felt better.

Mr. and Mrs. Tom Sims visited a daughter and family, the Jack Hams, at Big Lake last weekend.

Weekend guests in the Roy Williams home were Mr. and Mrs. Oliver Conley of Carlisle, the Leonard Connors of Slaton, a son-in-law and daughter, Mr. and Mrs. Donald Sikes of Slaton and a son, Billy, of Ardmore, Okla.

Mrs. Don Pennell visited in Post last Thursday.

Andy Adam, Former Post Resident, Is Given Year's Assignment In Turkey

D. A. (Andy) Adam, veteran employee of the Texas Agricultural Extension Service and a former resident of Post, will leave College Station Sunday for Washington, D. C., for orientation and briefing in preparation for a year's assignment in Turkey. Mrs. Adam will accompany him.

During the past six years Adam has served as staff assistant and has handled the foreign visitor program which has involved cooperation between the Texas A&M College System, USDA, International Cooperation Adm., agencies and private organizations, foundations and foreign governments.

Despite his physical handicaps, Turkish officials requested that Adam be sent to their country to fill a vacancy on the ICA staff. They knew of his ability for planning and conducting training programs and in Turkey he will serve as Extension Advisor to the Minister of Agriculture. As an ICA staff member, he will work closely with Turkish extension staff members in developing programs, methods and teaching techniques.

Adam has been an extension employee since 1928 when he was named county agent for Lamb County. In 1935 he was transferred to the same position in

Post Man Heads Study Group For 'Scouters'

John F. Lott of Post was in charge of a study group on leadership training last Thursday night in a program meeting at Lubbock of lay and professional Boy Scout leaders of the South Plains Council.

Other study courses were conducted on camping activities, health and safety, finance, organization and extension and advancement.

The study group meetings followed a general session conducted by H. P. Clifton, council vice president, in the absence of Dr. Davis Armistead, president.

The Egyptian pyramids were built between 3000 and 1800 B. C.

EXPENSIVE EXPERIMENT

PUEBLO, Colo.—Rudy Cruz found the engine of his pickup truck frozen, thought building a fire beneath it would thaw it out. The fire did the trick all right. Firemen estimated the flames caused \$40 damage to the truck.
