

Up And Down Main Street

The fine fun everybody had at the Fireman's Ball was still being talked about up and down Main street as we went about beating the bushes for the Dispatch early Monday morning.

We've always wanted to go to a Fireman's Ball and now we can say that we've had that experience. The affair can best be described by offering apologies to the composer of "The Dark Town Suptlers Ball" when we use some of his words by saying:

"Firemen all gathered at the City Hall,
Everybody was shagging 'bout half past eight.
Firemen and their honeys, they weren't late.

They danced out all their shoes As Nina played the Boogie-Woogie Blues.

Last Thursday night at the Visiting Firemen's Ball."

Yes, sir, it was fine fun and the cool boys who planned the affair for the area firemen are to be commended for putting on the best convention in the 8-year history of the organization. The "best convention" was acclaimed by no less than Olin Culberson, visiting dignitary from the State Railroad Commission office and who is a fireman from way back, and all other firemen with whom we talked and danced.

The barbecue supper held at the Embury Williams home was a great feast too and everybody voted it a tip-top Western.

Nice going, boys—the Dispatch had a swell time.

They have Catsup in Dallas but the Hotel Rooms—so we're disappointed again for we didn't get to the opening of the Dallas last week end since the big sign on all hotels. Our boss wrote reservations weeks ago but all the word received was that no rooms were available.

However, about that time we did receive this word about Catsup.

A reader from Dallas sent word the roving reporter that they had had Catsup for months and that was the matter with us that he hadn't seen it, etc. Well, this reporter made a re-check of all papers to see if they had been talking out on us. We still stand on our assertion that until a VERY SHORT TIME ago there was no "nary" a bottle of Catsup on any shelves in Post. This nice fellow knew our reader (though a local one) and his neighbors had had all the Catsup they wanted all these months. We hope here long that they have plenty of hotel rooms.

The boss says the time the old died on was probably beef.

"Come and Get It" is the invitation displayed on Piggly Wiggly windows—or it is a reasonable facsimile. Paul Jones and his crew were advertising Bar Soaps, Powdered Soaps, Toilet Tissues and a few days ago. We can remember, not many moons ago, when Soap was at a premium anywhere in town and grocers didn't put a box of washing powder on the shelf for fear of causing a riot.

Maybe, 'tis a sign that the good days are not long off.

Forty-five shopping days 'til Christmas is the idea. Billings Studio is selling the public and very good idea too for that time and busy season just past us and throw us into a huffing-duffing.

If you are planning to use the services of Junior or Jane or what you call your Christmas greet-card this year, Darwood advises you to place your orders early. Cards and designs are on display at the Billings Studio on Main street.

Goose your heart with just a look at the lovely new pieces of hammered aluminum on display at the Justice Shop. These items are exquisitely proportioned, luxuriously heavy and are made by master artists who have turned them to a long, useful life.

"What's For Me?" will probably be the statement housewives will hear when in search of plyers, screw drivers, hammers, or other hardware items needed in and around the house, for we've yet to see the woman who can identify a piece of hardware and tools by name. (See Back Page, Col. 3 Please)

The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, OCT. 10, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 43

Cotton Legislation Will Be Discussed Before Congressmen

Congressman George Mahon announced from his Lubbock office this week that on October 24th a Congressional Committee would hold a hearing in Lubbock in regard to future policies and legislation affecting cotton and cotton producers.

The purpose of the hearing is to get the views of cotton producers with respect to legislation to be considered by the next Congress. A portion of the AAA law, including that part which enables producers to establish national and local cotton acreage quotas will expire next year.

The Committee is coming to West Texas upon the invitation of Representative Mahon. The Committee will be headed by Congressman Steve Pace of Georgia, author of the well-known Pace Parity bill. Mr. Pace is an influential member of the House Committee on Agriculture. Six other members of this important Committee are scheduled to accompany Mr. Pace to Lubbock for the hearing. In this group will be Congressman Bob Pong of Waco, well known in farm circles.

Mahon said that the committee would hold two hearings in Texas, one at Cameron in Central Texas and the one at Lubbock on Oct. 24th.

Mahon emphasized the importance of cotton to the future prosperity of West Texas and expressed the hope that each county in this District would have at least one representative at the Lubbock meeting.

Dr. Jackson To Be Guest Speaker At Meeting To-Night

The Post Parent Teacher Association will meet Thursday evening at 8:00 p. m. at the High school auditorium.

Dr. Doyle D. Jackson, head of the education department of Texas Tech, Lubbock, will be guest speaker and will speak on the subject of Laying The Corner Stone.

Mr. and Mrs. Marvin Hudman and Mr. and Mrs. Tom Sims will serve as the hospitality committee, greeting patrons as they enter. Mrs. Lillie McRee's grade school students will render musical numbers.

Everyone is invited to attend the meeting.

Constructive criticism toward this newspaper, your city and county governments will be welcomed from not only the grown-ups, but from the younger people of Garza county. We want you to make your desires known for you are the leaders of tomorrow, and the sooner you develop civic pride and take an interest in making our town a better place, the better leaders you will be tomorrow when you take over management of our community.

Your letters, if they prove to be worthy of publication, will appear soon after we receive them. The publishers reserve the right to edit all letters and to return those we do not choose to publish.

Funds Are Available For Construction Of Approved Terraces

Cropland terraces save water and conserve soil, Chairman Will Wright of the Garza County Agricultural Conservation Association Committee says. In the end, this means more and better food and improved health for all, he said.

Farmers cooperating with the Agricultural Conservation program can receive assistance in terracing their farms, he continued. Experiments prove that terraced land yields more and retards water erosion. Properly constructed terraces slow water runoff and hold it on the land where it can be used by growing crops during the dry period of the year.

Recognizing the extensive need for terraces and the expense of their construction, the Federal Agricultural Conservation Program helps farmers to pay part of the costs. The Government's share of the cost is \$1.50 per 100 linear feet, which amounts to \$79.50 per mile of terrace constructed.

The County ACA Committee recommends this practice as a means to prevent soil washing and water conservation.

There is still sufficient funds in the county allotment to pay for the construction of approved terraces under the 1946 program. Producers who wish to build terraces before January 1, 1947 should contact the county office at Post at the earliest possible date.

CHURCH OF GOD MINISTERS TO HOLD CONVENTION HERE

Ministers of the Church of God will hold a convention in Post beginning on October 11 and continuing through October 13.

Eight churches are to be represented. L. E. Silvers, state representative, will preside at the convention which will be held in the Southside Church of God.

Everyone is welcome.

\$415,000 GRANT GIVEN LYNTEGAR CO-OPERATIVE

Information was received last Saturday by the Post Dispatch from Helen D. Richardson, clerk to Congressman George Mahon, advising that approval for grant had been made by the REA in Washington to the Lyntegar Rural Electric Cooperative in the amount of \$415,000.

The funds will be used by the Lyntegar for construction of more rural lines in eight counties now served by Lyntegar, including this county.

Tickets For Slaton Special Train To Be Sold Here Saturday

Tickets for the special train to the Antelope-Tiger football game at Slaton tomorrow night week, Friday, October 18, will be placed on sale here Saturday and will be sold through Tuesday night, according to N. C. Outlaw, president of the Booster club.

The tickets, \$1.14 for adults and 97 cents for children under 12, will be sold at a booth which is to be set up some place along Main street where it is to remain until the sale ends.

According to present plans, arrangements are to be made at Slaton whereby citizens of that city will meet the train and carry riders of the special to the game, and return them to the train after the game.

Arrangements for the train and ticket sales are being sponsored by the Antelope Booster club. Post fans are urged to buy sufficient number of tickets to make possible the chartering of the special.

Open Meeting Of Chamber Commerce Planned October 18

Attention is being called by Joe S. Moss, president of the Post Chamber of Commerce, of a meeting of all members of the organization slated for Friday morning, October 18, at the Garza theatre.

The meeting has been called for the purpose of discussions on chamber of commerce matters, planning of a city-wide clean-up campaign, and to get thoughts from individual members on projects which may be undertaken by the directorate.

The meeting will be at 10 o'clock and there will be doughnuts and coffee served to all who attend.

Post High Classes Organize And Elect Officers For Year

Classes at the Post High school have been organized and have recently elected class officers. One of the clubs, the Dinner Bell club, met last week and elected officers, the others have not as yet organized.

The Seniors elected as their president, Rufus Gerner, vice-pres., Sonny McCrary; secy-treas., Alma Outlaw; and reporter, Betty Kennedy.

Junior class officers are as follows: president, Jane Ann Turner; vice-pres., Billie Nichols; secy-treas., Billy Bob Hoover; reporter, Stanley Bengte.

Sophomore class officers include: President, George Hester; vice-president, Carter White; secretary, Elsie West; treasurer, Jane Wiley; and reporter, Alma Floyd.

The Freshmen class officers are: President, Raymond Gary; vice-pres., Charles Bowen; secretary, Betty Mills; treasurer, Wayne Thomas; and reporter, Daisy Holly.

The Eighth grade class chose for their officers: President, O. K. Bowen; vice-pres., Peggy Johnson; secretary, Barbara Lewis; treasurer, Mary Nell Bowen; and reporter, Leon Miller.

Two Lubbock, Texas, brothers, both veterans of World War II, soon will play an active part in "keeping 'em riding" in the Great Southwest. For Vincent and J. B. Thompson are seen here working in the boot shop of a Texas leather company where they are learning the art of making western boots under the G. I. Bill educational program.

Visiting Firemen Declare Post Meeting To Be "Best Ever"

Area firemen and distinguished visitors declared the one-day convention of the Mid-West Texas Firemen's association held in Post last Thursday to be the best in the eight-year history of the organization. The association was in its sixteenth semi-annual meeting and was attended by more than one hundred and fifty visitors.

Towns represented by firemen included Snyder, Colorado City, Merkel, Baird, Lorraine, Slaton, Spur, Levelland, Camp Barkley, Abilene, Rails, Crosbyton, Lubbock, and Childress.

Olin Culberson, State Railroad Commissioner, voiced effectively the opinion of the people when he gave unbounded praise to the men who fight fires. He, in very appreciative terms, declared the people of Post had really gone all out to make the convention a success.

Culberson urged service above seeking of material gain, stressed the importance of training young men to replace veteran firemen, and predicted staggering fire losses in the next few years.

Others who expressed opinions which reflected the thoughts of all in regard to firemen and who presented informative talks on the [Turn To Back Page, Col. 1]

Sunshine Looks Good To Garza Farmers

Garza county farmers, who only a few weeks ago were praying for enough rain to bring life to a parched feed crop, this morning were scraping the mud from their boots and gazing at clearing skies with hopes that the drenching downpours would let up until the same crop, which has now reached the harvest stage, can be gathered.

The heavy rains, which have persisted for almost a week now, have disrupted rural traffic, filled field lakes, and kept usually dry creek beds running water for days. The downpours are said to have damaged a small amount of cotton, but otherwise caused little other damage to crops.

The precipitation in Post for the spell measured 3.74 inches up to about mid-afternoon yesterday, at which time clear skies made their appearance.

The rain has virtually assured winter wheat pasture and range turf for livestock.

POSTEX MILLS OFFER EMPLOYMENT TO GARZA HANDICAPPED VETS

Realizing that handicapped war veterans offer a wide variety of skills, and being firm believers in the slogan "Hire the Handicapped... It's Good Business," which is being used this week in connection with National Employ the Physically Handicapped Week, the management of the Postex Cotton mills is seeking to employ as many physically handicapped Garza county veterans as care to work.

Garza County's Fair Exhibit Gets 5th Place

Local Farmers And 4-H Club Boys Share Honors

Garza county's agricultural exhibit, arranged and shown by County Agent Frank Eaton and Sherrill Boyd, chamber of commerce secretary, scored 899 points to take fifth place at the Panhandle-South Plains Fair Monday in the judging. The prize amounted to fifty dollars in cash.

Floyd county's booth took first place, and the \$100 prize with a score of 917 points. Farmer county second, Scurry third and Hale fourth. Eleven South Plains counties were judged in the county exhibit division. In charge of the judging was George Samson of this city, assisted by Cecil Ayers, professor at Texas Tech. Dr. Young of Tech judged the individual agricultural exhibits.

Samson, who returned to Post Tuesday night, said Garza's exhibit scored high in general appearance, 92 points out of possible 100, and high on grain sorghums and watermelons, 35 out of a possible 36 points. He rated the booth as creditable to the county.

In individual judging on agricultural exhibits, a number of prizes were won by Garza farmers and 4-H club boys. The winners included: Second place on yellow milo, E. P. Wicker, Jr., second on begari, Gerald Smith; third on millet, E. P. Wicker; and second on yellow yams, Doyle Howell. Jasper James took first on apples, and E. P. Wicker placed second.

The Garza booth will remain set-up at the agricultural building throughout this week's 29th fair.

SOUTHLAND MILKING SHORTHORN BREEDERS PLACE WELL AT FAIR

E. K. King & Sons, milking shorthorn breeders of Southland, all but "took the show" Tuesday when judging was completed in the Milking Shorthorn division of the Panhandle-South Plains fair. Their eight winnings included 4 firsts, 1 second, and 3 fourths.

King & Sons' entries placed in the following divisions: Caprock Glendon's Lad, calved before July 1, 1945, won first place in the mature bull division.

Caprock Ace of Hearts, won first in the senior yearling heifer's division. Caprock Lewis Beauty, won second in the heifer calf division.

In the bull calves division, Caprock Ruby's Prince placed fourth; in 2-year-old heifer division, Caprock Fullpail placed fourth, and King & Sons' entry in the junior yearling heifer's division, also placed fourth.

The breeders took first place on their entry of pair of cows in milk; and first on highest graded herd.

BOOSTER CLUB WILL NOT MEET TONIGHT

The regular Thursday night meeting of the Booster club will not be held tonight at the high school because of the special meeting planned by the P-T-A, announced N. C. Outlaw, president, this morning.

Antelopes To Play Eagles Friday Night

Visitors Expected To Be Tough Opposition For Crippled Antelopes

The Post Antelopes will play host to O'Donnell Eagles tomorrow night in a conference game which may turn out to be one of the best home games on the 1946 card.

The Eagles, though off to a slow start, and having already had their feathers ruffled by Sundown and Seagraves in conference tilts, have gained strength since the beginning of the season. Last Friday night while the Antelopes were taking an 18-0 beating from the Snyder Tigers, the Eagles were putting up a tough battle with the Seagraves Eagles, and held them to a close count, losing 6-0. The Antelopes managed to edge-out the Seagraves Eagles the week before, but it was a different brand of football the locals were playing that night, in comparison to the showing they have made at their two home affairs.

Coach Bingham said Wednesday he expected his boys to make a better showing this coming Friday night. He indicated he would have quite a few changes in his starting string and that several of his best men would be on the bench with injuries, but despite this, "the boys will play a better game than the one last week."

He listed his injured as Junior Malouf, who has been out of practice all week; Bill Joe Lofton, a bad knee; Neal Clary, still out from the Seagraves fracas; and Hugh Ingram, as doubtful because of a leg injury. Shorty Hester may also be out of tomorrow night's play as he has missed a couple of afternoon's practice.

Tomorrow night's starting whistle will sound at 8 sharp.

FUNERAL RITES FOR ARRIS SHEPHERD HELD WEDNESDAY

Funeral rites for Arris Shepherd, son of Mrs. W. J. Shepherd, were held Wednesday afternoon, October 9, at five o'clock at the First Methodist church. Rev. J. W. Stephens, pastor of the Grandland Methodist church officiated and offered consoling thoughts to his family and friends.

The deceased who was a farmer was born on June 18, 1907, and died on October 8, 1946. He had lived in Garza county for twenty-six years.

Surviving besides the mother are eleven brothers and sisters. They are: Otis and Truman Shepherd, Mrs. Fred Babb, Mrs. Irving Chandler, Dixie and Joy Shepherd, all of Post, J. B. Shepherd and Mrs. Smith Lawson of Los Angeles, Bruce Shepherd, Mrs. Verma Roberts and Grace Shepherd Ward of Lubbock.

Full bearers were R. L. Cummings, Jr., Bob Lusk, Amos Gerner, Wade Terry, W. C. Bush and Glenn Vues.

Flower girls were Genevieve Babb, Vera Jean Branson, Billy Cowdry, Bobby Chandler, Jimmy Chandler, Betty Kennedy and Peggy Sue Robinson.

Interment was made in Terrace Cemetery with Mason & Company in charge.

Growth And Improvement Indicated For Neighboring West Texas Towns

News over the area last week included principally the activities and drives being made by the various civic clubs. In checking our regional exchange papers we find that interest is also being shown in civic improvement.

Tahoka announced last week the construction of 23.25 miles of farm -to-market roads, work on which is to begin around November 1. Work will begin at a point south of Draw and nine miles east of O'Donnell, extending west a distance of 14 miles, north approximately 3 miles, and west again six miles to Newmoore. This road will cross the Tahoka-O'Donnell highway at the northern outskirts of O'Donnell.

Tahoka also announced that work is proceeding on the construction of a 14-mile stretch of road which will extend south from the Post highway through Draw. The project also includes a stretch of road four miles long extending east from the Draw road to a point one mile south of Grassland.

Lamesa put into use last week their new packer-type garbage truck. The new Ford truck, including a bed, will replace an open dump truck system which has been used in the collecting. Delivered also were tractor and loader. Replacing the open dump system, the garbage will now be compressed and dumped into a large pit to be covered up immediately by the bulldozer.

The DAV's, VFW's and Legion members of Lamesa began work last week in an effort to begin a financial drive for the purpose of obtaining funds for construction of a veteran's club house. A 150x160 ft. tract of land with water-well rights on the Seminole highway has already been donated for the building. Construction of the club house will begin within 90 days.

Six schools in Crosby county are now taking advantage of the new lunch room set-up which is sponsored this year by the State Department of Education. Ralls has already purchased lots near their present school campus for the purpose of erecting a building to house a school sponsored lunch room. Schools which are no operating lunch rooms charge from 15c to 25c for meals. An improvement also being noted is the installation of butane systems at the Cone and Farmer schools.

The Sweetwater police department is sponsoring a police school which is scheduled to last through October 17, instructors to be furnished by the FBI. Various subjects such as Juvenile Delinquency, Crime Prevention, Raids and Crimes, Texas Law, etc. are being taught to peace officers of the area.

A five-week school in basic fireman training is being conducted in Ralls by Bob Dohann, A & M college instructor. The group will attend two-hour sessions twice weekly, classes of which will cover such subjects as the nature of fire, combustion, spreading of fire and extinguishment. Also a number of practical demonstrations will be held. A dinner for the firemen will be given by fire marshal P. B. Ralls at the conclusion of the school.

The Central West Texas Fair to be held in Haskell is scheduled to get underway this week. Farmers, women's home demonstration clubs, 4-H and Future Farmers of America organizations, home economics and agriculture students, ranchers and merchants have pooled resources and products which now indicate a record-breaking display of stock and products is in the offing. Other than exhibits, there will be many entertainment features such as a carnival, a minstrel show and a mammoth aerial fireworks display to be staged on two nights. Fair officials are optimistic with prospects for one of the best fairs ever to be staged there.

Construction of 11 new FHA houses in Senegaves is scheduled to start immediately. Grading work on the site of the home to be built on Snyder street has al-

ready been started and foundation work for two of the homes is already underway. The homes are to be offered for sale to World War II veterans for a period of 30 days after they are completed.

INFANTILE PARALYSIS CHAPTERS RECEIVE SUPPLEMENTARY AID

Walter Crider, chairman of the Garza County Chapter of the National Foundation for Infantile Paralysis, disclosed today that \$2,492,281 in supplementary aid has been sent so far this year by the National Foundation to its chapters in 36 states.

This financial assistance was necessary to replenish chapter treasuries depleted in providing treatment and care of infantile paralysis patients stricken this summer and in aiding victims of prior outbreaks.

Mr. Crider made this disclosure following receipt of a statement from Basil O'Connor, President of the National Foundation, which reemphasized the fundamental policy followed by the Foundation and its chapters in providing for care and treatment of infantile paralysis victims.

Mr. O'Connor's statement in part said:

"The National Foundation for Infantile Paralysis has accepted a public trust through the annual March of Dimes. The voluntary contributions of the American people to this annual appeal in January is their insurance that no infantile paralysis patient need go without the best medical care and treatment, regardless of age, race, creed or color.

"It has always been the policy of the National Foundation to aid any person stricken by this disease, where the financial burden would otherwise lower his or her family's standard of living.

"Such aid covers transportation of the patient to and from hospitals and clinics; payment of hospitalization, medical care and treatment until maximum recovery is achieved; the defraying of nursing and physical therapy charges, and costs of orthopedic surgery, as well as provision of such special appliances as may be indicated."

FIRE DESTROYED \$200,000.00 IN RURAL PROPERTY LAST YEAR

In connection with Fire Prevention Week, which began Monday, President Harry S. Truman has asked "every citizen to do his part by learning how to detect and eliminate all possible causes of fires in his home and in his business."

According to a U. S. Department of Agriculture report received by the Texas A & M College Extension Service, the answer to the President's request must come to a great extent from the rural people. Last year, fire destroyed \$200,000,000 in rural property—almost half of total fire losses in the United States. Fire also took 3500 lives on farms last year and 30,000,000 acres of forest land were destroyed by fire. These losses are now at a 16-year high and are climbing steadily.

For every week as well as Fire Prevention week, the Department of Agriculture has made these suggestions to rural people for stopping fire losses:

Keep handy at all times at least a few firefighting tools, such as water pails, tall ladders and fire extinguishers. Establish fire breaks around haystacks, farm buildings and maturing crops of high fire hazard and go over the farm carefully looking for fire hazards and getting rid of them. Enlist the aid of local fire officials in making frequent inspections of the premises; install proper lightning rods, and try to make new buildings fire-safe. Remember that the best way to fight fire is to keep it from starting.

A hand grenade will explode in four seconds after the ring is pulled.

Montana is aptly named as the word means "mountainous."

From where I sit... by Joe Marsh

**Are Returning Veterans
"Different"?**

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life . . . how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs . . . going with the same nice home-town girls (getting married, some of them, and setting up families) . . . renewing the same old friendships.

Even their associates are the

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes . . . enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance . . . tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

**The Force that
Supports the World's
Biggest Bridge...**

OIL-PLATES Your Engine!

In the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between the forces of gravity and molecular attraction. Because the attractive force between the molecules in the cables balances the down-pull of gravity the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine. So strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...pre-

vents it from all draining down to the crankcase, even overnight...you get these benefits:

- added protection when your engine starts
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

"WE ARE PLANNING TO ADD TO OUR FAMILY..."

Heretofore I had made very discreet inquiries over the bridge table as to how my friends disposed of their garbage. They blithely retorted, "Oh, we just burn it!" I came home, armed myself with a pocketful of matches, used them up and my patience too. I have found from bitter experience, that refuse has to dry for days in the Texas sun before it will kindle from sheer despondency, after playing host to a myriad of flies and countless neighborhood dogs who playfully scatter it over the premises.

We were very pleased to hear about the excellent plan of regular weekly garbage collection here in Post. This plan has been a very

stringent rule in all cities and small towns throughout our nation since the turn of the century. Our enthusiasm was short lived. The weeks soon lengthened between pickups. Our building can was a habitat for germs. We called the city hall—described the size of our family, and asked how large a container we should buy. Our present one was proving inadequate under existing conditions. We were told to buy the largest container we could find. We immediately bought the granddaddy of all garbage cans. Oh, things were looking up. Now if the clean-up committee missed us now and then we could cope with the situation.

Alas, 'twas just wishful thinking. It has been weeks since I've heard the welcoming sound of the thunderous refuse truck (Sans sides, but no matter).

We have come to a momentous decision. We plan to add to our family. We're buying a hog tomorrow. We have decided he will be more effective than our city clean-up committee, and what's more, we can eat him afterwards!

A Reader

LIKES 4-H CLUB WORK...

Dear Mr. Warren:
Having received my first copy of the Dispatch in some two months or more because of a little boat ride which carried me from New York to this fair Isle I want to write this letter in appreciation of your publication. No doubt during the war it brought much enjoyment and a touch of home to the GI's all over the world and that still holds true to those of us who are fittingly called "guardians of Victory." The issue I received was of Sept. 19, as our Air Mail is very fast and efficient so I am rather up-to-date on happenings in the old home town now.

Of special interest to me were the articles on the coming county 4-H club show and also other 4-H club happenings since my major accomplishments have been in that field. My heart is still in the work too although I am physically absent. At present I am making plans to re-enter 4-H club work when I get discharged next July and have already contacted the TO Ranch at Raton, New Mexico, in regard to furnishing me with some calves to feed for showing at the major Texas shows and possibly in other states. Their calves have taken grand-championships at every large show in the country in the past. At the end of my 4-H eligibility I plan to go back to Texas A & M to complete my schooling.

My work in the Army over here is along the clerical line and our set-up is very nice but, of course, wherever you go the Army is still the Army.

Sincerely yours,
Alvin G. Davis

Report Given On GI Vocational Training Class

By LEWIS NANCE
Teacher-Co-Ordinator

Classes got underway last week and future classes will meet at 7 p. m. on Monday and Wednesday nights. On Monday night, the class will decide on the afternoon of that week to meet for their field demonstration.

The class all agreed that last week's demonstration proved both interesting and helpful. This was a study of the control of Hornflies and Cattle Lice with DDT. In a lecture to the class, County Agent Frank Eaton gave a description of the Hornfly, then stated that it was not uncommon to see four thousand flies on a single animal throughout the spring, summer, and fall months. The only time the Hornfly leaves the animal is when it is off laying its eggs or is going to another animal. He pointed out that five hundred cattle lose about one gallon of blood daily during the hornfly season (approximately 8 months). Raw places caused by hornflies feeding are often infected with screwworms. Animals cannot make normal gains when fighting flies and there is even a loss in weight and reduction in milk. A group of feeder steers in a feed lot treated for hornfly control gained thirty pounds more per animal than an untreated group during the same feeding period of sixty days.

The treatment given at the Spinning ranch was the use of a 2% DDT mixture made by using 3 1-3 pounds of 50% wettable DDT to 100 gallons of water. This preparation was sprayed on the cattle by using the Nixon sprayer which is a box-like affair that holds one cow. There are twelve separate nozzles placed at different angles in the "box" so that all portions of the cow will be touched by the spray. This powered by a four-horse motor and insures enough power on the spray to have the animal dripping wet when coming out of the sprayer. Maximum speed reached during this process was 125 cattle per hour. Figures showed that the actual cost of this spraying was about two cents per head. This first treatment protects the animal from hornfly damage for about two weeks. The second treatment will last for three weeks which should protect the cattle until the first killing frost.

For this week's field work, the class will go to the Lubbock Fair to observe the various livestock and agricultural exhibits.

Iowa means "sleepy ones."

NEWS NOTES FROM . . .
Duck Creek Soil—
CONSERVATION DISTRICT
OFFICE AT POST

The week of October 6 to 12 has been designated as National Fire Prevention Week by the President.

The Duck Creek Soil Conservation District Work Plan lists "the practicing of fire prevention and suppression for pasture, cropland, and wildlife areas," as one of the important practices for a coordinated soil conservation program. This is listed as one of the practices that can be put into effect with assistance. The District Supervisors have repeatedly urged farmers and ranchers to practice fire prevention and suppression and commended them for no longer burning their crop residues.

J. A. Mangum of the Barnum Springs conservation group is planning to rehabilitate a Johnson grass meadow. During the past year the meadow became infested with buffalo burrs. With the assistance of Soil Conservation Service technicians assigned to the District, Mangum worked out a cropping and tillage plan to suppress the buffalo burrs and encourage growth of the Johnson grass.

Rain reports from Friday night until Tuesday morning were as follows: Lee Reed of Justiceburg,

LUBBOCK COUNTY TURNED THUMBS DOWN ON BEER

Lubbock county remained legally dry Saturday by a vote of nearly two-to-one when voters balloted 7,979 against the sale of beer, to 4,041 for legalizing beer.

The vote of 12,020 ballots lacked only 497 of equalling the all-time record of 12,717 votes cast in the July 27 primary this year. Wets of the county made an all-out attempt to legalize beer by appealing to war veterans, who could vote legally without a poll tax. The dries resorted to organized committees in blocking the third attempt to make Lubbock county wet.

On August 26, 1933, beer lost by 1,819 to 1,294, and again on March 3, 1933, beer was shoved aside by Lubbock citizens, 3,026 to 2,201.

DOW MAYFIELDS BUY ALVIS PHILLIPS HOME

Mr. and Mrs. Dow Mayfield of Southland last week purchased the Alvis Phillips home, better known to Post folks as the Walter Clark house. The couple expect to move within a few days.

Mayfield is manager of the Post Truck & Tractor Company and is maintaining offices in the Greenfield Hardware store until the new building on Main is completed.

1.99 inches; S. M. Lewis of Pleasant Valley, 3.51 inches; Bud Stevens of Graham Chapel, 2.79 inches and C. P. Witt of Calgary, 3.07 inches.

ALBUQUERQUE, N. M.—Clean milk and milk products will always command a good market, according to Secretary of Agriculture Clinton P. Anderson, who isn't worrying about farm surpluses—either on his own 600-acre dairy farm-ranch near here, or on the nation's farm front. He believes the war actually stimulated one market for milk and milk products. Here he is shown examining one of the milking machines used on his farm. Anderson is particular about maintaining high standards of farm cleanliness because he is convinced that American farmers must continue to improve quality and production of their milk in order to hold the peak market. The Secretary milks about 150 cows.

VANDALS PLAY HAVOC WITH PROPERTY IN AMERICAN LEGION HUT

Wanton destruction of much of the property in the James C. Cole American Legion hut last week was described by Legion officials as one of the worst acts of vandalism in Post's history.

The hall was entered by a window which was smashed, and the intruders after unlocking the doors from the inside, jimmied the locks and hacked up the wood floors. Framed pictures and citations on the walls were broken with pool cues, and the felt coverings on the pool tables were ripped and torn beyond repair. An expensive "juke-box" owned by one of the local dancing clubs was also smashed beyond further use.

The vandals evidently found the smashing of windows a bit too noisy, so they turned to other destructive measures after smashing several.

The damage was discovered last Thursday afternoon by Legionnaires when they visited the hall to make preparations for a Friday night dance in the building. The sheriff's department was immediately notified and a number of finger-prints were taken.

It is the belief of Legion officials that the acts were committed by small boys.

COMANCHE WELL NEAR TOWNSITE IS PRODUCER

After being treated with 10,000 gallons of acid, by stages, Herman and George R. Brown and Comanche Corporation's No. 1-A Post estate, one quarter mile south of the Post townsite, is said to have a 24-hour pumping potential of 91.80 barrels of oil, from pay at 2,770-3,040 feet. The producer has been placed on a pump.

The well is located in section 1228, about two hundred feet south of the overpass on highway 380 and about one mile north of the nearest producer in the Garza field. Several other wells are being drilled in the section.

Mrs. Glen Kahler and daughter Katherine spent last week in Crowell with Mr. and Mrs. Foster Davis. Dr. Kahler went over Saturday night and they all returned on Sunday.

DOCTORS ATTEND MEDICAL MEETING IN LUBBOCK

Attending the Panhandle District Medical Society held in Lubbock on Tuesday was Dr. Glen Kahler. Attending the banquet on Tuesday night were Dr. and Mrs. D. C. Williams and Dr. Kahler was joined by Mrs. Kahler.

Dr. and Mrs. Surman attended the meeting on Wednesday.

About 100 physicians and surgeons from this area attended the two-day meeting.

ELECTED REPRESENTATIVE OF STUDENT COUNCIL

Marshall Mason, jr., senior engineering student at Texas Tech has been elected a representative to the student council. In a campus election held last week he and five other students were selected by popular vote to represent the engineering division, which has the largest enrollment in the institution's history and for the first time outnumbered any other division at the college.

GUINN LOYD VISITS PARENTS IN POST

Guinn Loyd, former Post citizen, who several weeks ago was released from the Army after serving eleven months in Korea, visited his parents, Mr. and Mrs. T. A. Loyd several days the first of the week. Mr. Loyd is moving back to Los Angeles to make his home.

The Railbird . . .

Jane Ann Turner

Say folks, do you suppose there is a jinx on our grid? Despite the strong moral support of the hundreds of Post fans and the Pep Squad, the eleven gridders failed to get that ball across the scoring line Friday night causing the Post Antelopes to bow to the Snyder team by a score of 18-0. No, we really do not believe in that jinx stuff, for even when two good teams clash, one of them has to lose. The Tigers are a strong team and are supposed to be the best in their district, but even at that, they did not run roughshod over the Antelopes. The Antelopes, having never recovered from injuries received in the previous game, fought the Tigers to a standstill for almost two quarters before Burke, speedy 157 pound halfback, slid off his right tackle and scampered 37 yards for the first score of the game.

Post was forced to play boys receiving their first taste of game competition which weakened our team, but Coach Bingham was well pleased with the showing they made.

Snyder came back to the last half and faked Post's halfback out of position, then threw a long pass to score their second touchdown. A few plays later Gorman slipped outside his own right end and outran the Antelopes secondary for the final score of the game.

The statistics prove that the game was even closer than the score indicated.

Snyder made 8 first downs. Post made 6 first downs.

Snyder gained a total of 173 yards.

Post gained a total of 156 yards. The most outstanding players on the Post team were: Jimmy Smith who played the position of tackle; Billy Jo Lofton who played the position of guard; Stanley Bengt who played the position of halfback.

I would like to add a word of thanks from the Junior class to those who patronized our little food booth at the football game. It really stimulated our treasury which was nearly on rock-bottom, if you know what I mean.

COTTON GOODS LIKELY TO REMAIN SCARCE

Cotton dresses and other cotton goods will probably remain scarce for the next few months, the agriculture department reported Monday from Washington.

Officials attributed the shortage simply to the inability of textile mills to turn out cloth fast enough to meet the demand. Heretofore, the trouble had been labor and material shortages but these have eased.

Cotton supply and demand will probably be brought into balance by midsummer, 1947, the department said.

MELBA JO MILLER

Therefore I say unto you, take thought for your life, what ye shall eat, or what ye shall drink; and yet for your body, what ye shall put on: is not the life more than the meat, and the body than the raiment?

Would the fowls of the air: they sow not, neither do they reap, nor gather into barns; yet so heavenly Father feedeth them: are ye not much better than they?

Matthew 6:25-28

Prayer

Almighty God, Thou who art Creator, the Preserver and the efficient Ruler of the universe, praise and magnify Thy name, only because of Thy Majesty, Thy Glory, but also because of Thy Divine Love and Compassion, thank Thee for Thy goodness, for all the blessing of life, and most humbly beseech Thee to give our sins, to increase our faith, and to make us love Thee and to serve Thee better.

The Deacons and Finance committee of the First Baptist church met Monday with an excellent attendance of 17 present. A discussion was held on the new building and a committee made up of Messrs. A. A. Suits, Ray Smith, W. L. Davis are to make definite plans for the project. During the meeting, the ordination service for recently elected deacons planned followed by other items of business.

The regular conference and officers and teachers meeting for first quarter of the new year held Wednesday at the First Baptist church. It was announced that the Lord's Supper will be served Sunday morning and annual services for the new year to the church will be Sunday night following the regular service.

The RA's of the First Baptist church met for the first time of the new year Monday with 14 members present. The regular program was given under the direction of the program chairman, Bowen. The officers installed for the new year include: G. Bilberry, ambassador-in-chief; David Pennington, 1st assistant; Darrell Stone, 2nd assistant; Robert Smith, secretary; H. Huron Polnac, steward; O. Bowen, custodian; Leon Miller; and Dannie Redman.

The Church of the Nazarene, by morning the pastor, Rev. Horton, plans to bring a message on the subject, "Christ, the Sent Savior."

Friday night the gospel team of the Church of the Nazarene have charge of the meeting. Edwin Perkins directing the team. Herbert Buchanan, local pastor, will bring the message.

Herbert Buchanan has been asked to fill the pulpit at the Grass-wood Church of the Nazarene Sunday morning as the regular pastor. A. G. Johnson, is away on a revival meeting.

The Ladies' Council of the Nazarene church met Tuesday afternoon in the home of Mrs. F. Jones with sixteen members present. The meeting was opened by Mrs. B. C. Manus, president. Mrs. Thompson gave the lesson and also served as pianist in the absence of Mrs. Kirkpatrick. Prayer was given by Mrs. Davis.

Lesson from "The World Magazine" was omitted in that a heavy slate of business would be transacted.

Next meeting will be held Monday, H. F. Giles as hostess.

The WSCS met Monday in the home of Mrs. B. E. Young with sixteen members present. Mmes. Ralph and B. J. Edwards served as hostesses. Mrs. N. W. Stone presided at this meeting with Mrs. H. Durrett, J. E. Parker and H. Collier discussing the lesson. Mrs. H. G. Smith presided at the regular meeting. The regular meeting was then held in the report given by the officers. One new member, Mrs. Moore, was added to the group at the close of the meeting.

B. E. Young was hostess for the Sunday school class of the First Methodist church on Oct. 8, with Mmes. Tolson and Boonie Evans as co-hostesses for the regular monthly meeting and social meeting.

Refreshments were served for the group to play. Very interesting and amusing games were enjoyed.

At the close of the meeting, the group served delicious refreshments consisting of pie and coffee.

Mrs. E. Young and Rebecca attended a Methodist zone conference at Ball, Wednesday, Oct.

MRS. J. L. STEWART NAMED HONOR GUEST THURSDAY AT BIRTHDAY PARTY

Mrs. J. L. Stewart was honored last Thursday afternoon, October 3, when her seventieth birthday was celebrated by friends. Much to her surprise she found herself to be the center of attention after arriving at what she had thought to be a Sunday School class party.

Mrs. J. R. Durrett and Mrs. R. H. Collier were hostesses in the Durrett home. Party hours were from four until six o'clock.

The clever program used the theme "Life Story of Betty Stewart." Mrs. Durrett read the passages from this book, after a foreword of explanation, beginning with the birth of Betty in the home of Mr. and Mrs. Huse in Georgia 70 years ago. Music and pantomime by students of Mrs. Stallings illustrated the story. The chapter titles were sung by El Wanda Davies, Laftue Stevens, and Anita Kennedy.

As Baby days were discussed little Clara Frances Smiley rocked her dolly to Brahms' Lullaby music. Then during School days the little junior group of singers gave "Shoo-Fly Pie" and "Five Minutes More." These tiny youngsters in full sleeved white satin blouses and black swirl skirts and black trousers quite captivated the audience.

During Courtship and Marriage the wedding scene was re-enacted with little Allayne Norris as the white-clad bride and Mike Eaton as the groom.

For the Home in the West chapter, eight youngsters in bright plaid shirts, blue jeans, and big cowboy hats sang "Gonna Build a Fence Around Texas" and "Sioux City Sue."

For the chapter on Marriage and Home, Mrs. Stone read the beautiful poem "A Parable of a Good Mother." At the conclusion of the story "Memories" was sung by El Wanda Davies. The poem "Touching Shoulders" was read by Mrs. Jones as an appreciation from her friends. A tribute from her "Neighbors" was given by Mrs. Stone. The toast "Birthday Wishes" was read by Mrs. Collier and then the entire group sang "Happy Birthday dear Betty."

Beautifully wrapped packages were opened by Mrs. Stewart revealing various lovely gifts. She was also given a corsage fashioned from purple asters and pink carnations.

Mrs. McCoach was honored by being presented a white gladioli corsage.

Purple dahlias were used as a centerpiece for the refreshment table and also in the other entertaining room.

A three tiered white cake with 9. Rebecca Moreau, representative sent by the local WSCS to a Negro missionary course in Arri-llito, spoke to the group. Business was discussed and reports from the district officers were given.

Both circles of the First Baptist WMS met Monday, Oct. 7 at the church for a Bible study program.

Tuesday, Oct. 8, twenty-one ladies met at the church for an all-day Home or State Mission Week of Prayer program. The group enjoyed a delicious covered dish luncheon at the noon hour.

Herring's

TWANA LEE TEAGUE CELEBRATED NINTH BIRTHDAY OCTOBER 1

Twana Lee Teague celebrated her ninth birthday on Tuesday afternoon of last week when her mother, Mrs. M. C. Pennington, entertained for her with a birthday party. Various games were played and prizes were awarded the winners of several contests. Then the little guests assembled in the living room for the opening of the many gifts.

Following this the birthday cake was cut and served with iced cake and assorted candies to the following: Jo Ann Moreman, Judith King, Carolyn Hudman, Barbara and Sue Stanley, Linda and Joyce Billberry, Dan Cochrum, Connie Martin, David King, Lorene Johnson, and Kay and Joy Martin.

MRS. GORDON HOSTESS TO S. S. CLASS SOCIAL

The Leader's Sunday school class of the First Baptist church met Thursday night for their business and social meeting in the home of Mrs. Max Gordon, with Mrs. Hansford Hudman acting as co-hostess.

The class colors of purple and white were carried out in various floral arrangements.

New and old business was brought before the group and the following officers were elected for the ensuing year: Eloise Gordon, president; Mary Gale Young, secretary-treasurer; Lucile Morris, membership chairman; Talley, minister's chairman; Estelita Nichols, stewardship chairman; Maurine Hudman, program chairman; Earlene Brown, group captain; and Opal Curb, missionary chairman.

Mrs. W. L. Davis who has served as teacher of the group for four years was unanimously elected to serve through another year. For the social hour, games were played with forfeits being payed into the treasury of the class.

Delicious refreshments were served to the following: Mmes. W. L. Davis, Iven Clary, Carl Hughes, Ralph Carpenter, Tommy Anderson, R. H. Smith, Monty Moore, Nell Windham, Wayne Pennington, Keith Kemp, Dan Cochrum, Eulus Brown, Lester Nichols, Cloyd Curb, Hansford Hudman and Max Gordon.

NEEDLECRAFTERS MEET IN HOME OF MRS. FAULKNER

The Needlecraft club met in the home of Mrs. John Faulkner last Friday afternoon. Members enjoyed visiting and sewing after which they worked a few cross word puzzles and contests.

The hostess and her daughter, Dezzie, served delicious refreshments of chicken sandwiches, potato chips, angel cake and coffee.

Those present were Mmes. Durrett, Campbell, Geronals, Suits, Robinson, Welch, Jones, Malouf, Grace, Smith, Boucher, Kennedy, Greenfield, Evans, Clark, Terry and McAnally.

PRISCILLA CLUB NOTICE

The Priscilla club will not hold its regular meeting this week.

pink birthday decorations was cut and served with coffee. Thirty-five guests enjoyed the fine party for a dear friend and neighbor.

Society - Clubs

SOUTHLAND OES MET THURSDAY NIGHT IN REGULAR MEETING

The Southland Chapter of the OES met Thursday night, Oct. 3, in regular meeting. Seven members were present with Belle Wood, Worthy Matron, presiding. The secretary reported on the play given by the OES on Oct. 19th. The Christmas cards have been received and were shown. Several orders were received.

Shirley Mayfield, our associate conductress, informed us that she and Mr. Mayfield were moving to Post. We are sorry to lose them as citizens but very glad that she would be here for our regular meetings.

The Worthy Matron and those who go with her will leave Sunday morning, Oct. 20th, for Grand Chapter at Houston, Texas.

—Reporter

PRISCILLA CLUB MEETS WITH MRS. KEITH KEMP

Mrs. Keith Kemp was hostess to members of the Priscilla club on Friday afternoon of last week. Despite the rain attendance was good and a very pleasant afternoon was spent with the ladies visiting as they worked on many kinds of fancy work. A contest, a play on the letters of their individual names, was solved by the guests.

A refreshment plate of cheese crackers, pickles, potato chips, apple brown betty, and coffee was served by the hostess to Mmes. Webb, Ben Williams, Collier, Hibbs, McCampbell, Hundley, Burrow, H. G. Smith, Redman, Hudman, Altman, Neff, and Cearley.

MRS. PRESSON HOSTESS TO CULTURE CLUB

The Senior Culture club met Tuesday, Oct. 8, in the home of Mrs. L. A. Presson with an unusually large attendance. Mrs. Lee Davis served as co-hostess. Mrs. Tom Bouchier was in charge of the program which is the study of great short stories. Mrs. T. L. Jones gave a very interesting review of the short story, "The Necklace." Following the program and the discussion of some business, the hostesses served refreshments of pecan pie and coffee to the group.

BAPTIST YOUNG PEOPLE ENJOY SOCIAL OCTOBER 3

The Young People's Sunday school department of the First Baptist church enjoyed a social at the church Thursday night, Oct. 3.

The group played several interesting games followed by the presentation of a lovely gift to A. A. Suits, former superintendent of that department.

Bits Of News:

Ted Hibbs of the Southwestern Public Service Company attended a safety meeting in Lubbock last week.

Mr. and Mrs. Claude Weatherbee of Snyder were visiting her parents, Mr. and Mrs. C. W. Terry, and friends here last Tuesday and also witnessed the Snyder-Post football game. Mrs. Weatherbee is the former Frances Terry.

Mr. and Mrs. Shelley Camp and son, Roger, have moved into their new home, just recently completed out on West Main.

Mr. and Mrs. Embry Williams are transacting business in Fort Worth this week.

Dr. and Mrs. D. C. Williams left Wednesday for Fort Worth where they will visit and join their daughter Betty who is a student in TSCW in Denton.

Mr. and Mrs. Melvin Hill and son, John Everett, and Mr. and Mrs. Wiley Hill and daughter, Billie, spent the week end in Paducah with their grandmother and also with an uncle who is real sick.

Vernon Giles of Fort Worth is visiting his parents, Mr. and Mrs. H. F. Giles, this week. Other relatives of the Giles' from Fort Worth are also visiting here this week.

Mrs. Jess Cornell and two sons who have been visiting in the home of Mr. and Mrs. Lee Davis have returned to their home in Roswell, New Mexico.

Mrs. Vernon and Mrs. Alton Stevens of Waco are guests of their aunts, Miss Nora Stevens and Mrs. W. W. Hyde. Miss Stevens plans to return with them and go to Temple where she will go to the Scott-White hospital for a medical check-up.

Ele and Hoyt Hill were called to Paducah last week due to the serious illness of their brother.

Norma Hudman and Iris Parker of Texas Tech spent the week end in Post with their parents.

Mrs. Jessie Voss has returned from Ruidoso where she has spent the last four months.

Mr. and Mrs. K. Stoker and Mr. and Mrs. Willard Kirkpatrick were in Abilene Tuesday helping celebrate the 83rd birthday of Mrs. Stoker's father, Mr. R. L. McFall.

Rev. I. A. Smith is attending a church meeting in Albuquerque, New Mexico, and is also visiting a daughter who lives there.

At the close of the evening, the group was served delicious refreshments of tuna fish sandwiches, cookies and hot chocolate.

Jack Hoover has returned to Post to make his home after being away for about eight months. After he was released from the Army Air Forces last year he moved to California. He is the son of Mr. and Mrs. O. H. Hoover of Graham community.

Mrs. R. B. Dodson and daughter, Mollie, returned last week from St. Louis where Mollie underwent medical treatment.

WICHITA, KAN. — Remarried on their fifty-fifth wedding anniversary by the same minister who presided at their original ceremony in 1891, Mr. and Mrs. H. G. Warwick of Wichita, Kansas, said they experienced almost the same emotions of fright and happiness as they did years ago. The Reverend W. B. Barton, Methodist Minister, dressed in his Preacher's coat, read the vows from a chair in his own living room. He has been in ill health for several years and was unable to stand during the repeat ceremony.

THE FUTURE OF AMERICAN FREEDOM

The rising tide of inflation is sending ominous chills tingling along the spines of the American people. It is not pleasant to see the value of savings and pay checks dwindle as the price indexes climb. Two thousand dollar autos and fifteen thousand dollar homes were not included in the postwar plans of most people. They indicate hardship, not prosperity, in the future, and not so far in the future at that. In fact hardship, real hardship, is already here for the great number of "unorganized" workers and those who live on fixed incomes.

The feeling is inescapable that only now is the homefront beginning to come face to face with the consequences of the "total" war. With inflation developing, the question arises of how strong are our ideals of free government. Repeatedly, supposed realists express fear that should depression sweep the country, it would inevitably shake the foundations of basic American institutions. They point to other lands where desperate, hungry people turned to despotic government for direction.

The people at home, for the first time in over a century, have a chance to demonstrate their faith in the general idea of individual initiative and opportunity. If the realists are right in the theory that economic trouble will lead to the kicking out of private industry and destruction of principles of government that have lifted the individual in this country to an eminence never before known, America and all her people will get just what they deserve—serfdom.

It is difficult to believe that the future of American freedom will turn on material considerations. More than that, it is fantastic. It is, in effect, believing that the soul of the greatest nation on earth will perish if the people cannot have all the refrigerators and automobiles and gadgets they want.

WHAT OUR CONTEMPORARIES ARE SAYING:

VANISHING AMERICAN—Look at the situation any way you like. CPA has so befuddled the marketing and distribution picture the ordinary meat animal—be it a hog, steer or even horse—has reached a stage where the critter is justly the vanishing American. And in many instances even the smallest cut of meat animals has disappeared entirely from store and butcher shops.

With the army requisitioning 25 per cent of packer's output, henceforth, to meet the barest needs of our armed services the picture for meat and meat products looks, indeed gloomy.

The Texas and Southwestern Cattle Raisers Association this week voiced the sentiment of practically all citizens when a spokesman said (of livestock raisers) "all we want is to be left alone by government agencies. We haven't even a single bill we want the Texas Legislature to enact." If left alone, the livestock raiser will do his full part to relieve our critical meat situation, and only by channels of sense can we, again, have plenty of meat for the militia and civilians. —The Scurry County Times.

OCTOBER—Those fortunate souls who have a fireplace in their homes and plenty of wood to burn face some real living in the days ahead.

With October comes cooler weather and longer nights and more time to sit around the fireside and read and talk and plan. It's a wonderful place to forget the turmoil and trouble of the world and let one's soul relax and get down to the business of living.

If there are youngsters in the family, they'll be getting the corn popper out and ready . . . and there are few smells that can permeate the home than the fragrant smell of hot, freshly popped corn—and, of course, the delicious smell of new apples to mingle with it.

And when the ashes get deep enough in the fireplace and you have a sweet potato patch, you can slip one or two yams into the ashes and turn out a luscious morsel unrivaled for taste.

But many of us are so modern we can't enjoy these family fireside parties. Gas burners have replaced wood—and of course there are no ashes. Electric lights have replaced the coal oil lamp and eliminated those close-knit circles around the light—and with a gas stove or a furnace to heat the rooms, the kids can go off to themselves and leave pop and music to their own thoughts and entertainment devices.

But October is here—and it is a very pleasant time of the year. —The Nolan County News.

SEES NEED FOR LANDING STRIPS—Greatest argument one could advance for the building of a "landing strip" at the Crosbyton airport, and at other small airfields all over the nation, was the death last Friday of a pilot from California, who nosedived into a field near the Owens store and was instantly killed. The pilot, who we understand was ferrying a plane from Oklahoma to the West Coast, was only one of five pilots who became lost in the dense fog and apparently ran out of gasoline before he found a piece to land. Two of the remaining four planes found their way into the Lubbock airport, and the other two lost for several hours, were finally reported at Big Spring.

At least two of these planes circled the local airport but apparently decided against landing because of the soggy condition of the field. Who knows but that the life of this pilot might have been saved had there been an all-weather landing strip at the local field, and some kind of beacon to guide him in through the fog.

Of course, the building of such a strip would be too great an undertaking for Crosbyton alone. It would require federal assistance, and this assistance was at one time recommended for Crosbyton. Surley, with death the alternative, we can get something done on this worthy project. —The Crosbyton Review.

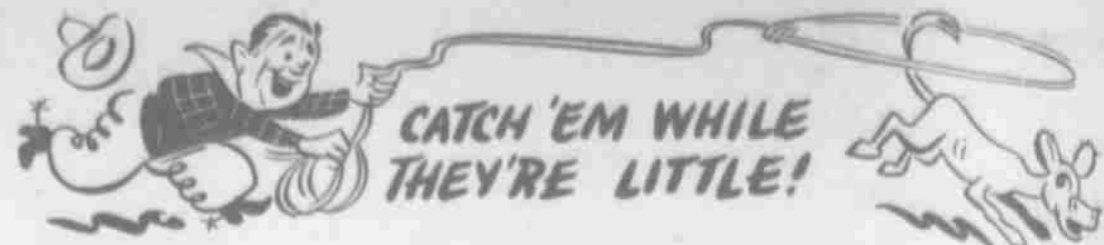

The time is rapidly approaching when the girls who have wanted bare legs to look like they are stockings will be wanting stockings to look like they are bare.

It doesn't irritate us so much to make a new mistake as it does to make an old mistake over again.

Opportunity would have to knock the door down before some people would become interested.

Our hair must be very ambitious. It is determined to come out on top.

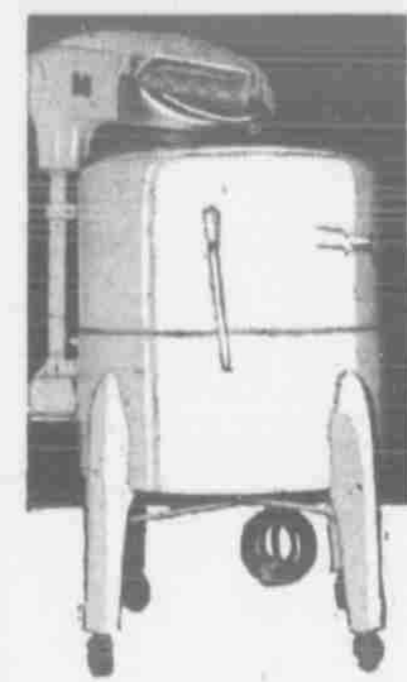

Many a girl suffers from her belief. Belief that she can wear a number five shoe on a number eight foot.

Those little rattles, squeaks and buzzes in your tractor . . . let us fix them before they grow into something big that might delay your work next season. Call us now, so we can put your name on our advance service schedule and have plenty of time to order any parts needed to put your tractor in prime running order.

SMITH-DOXEY TOTALS HIT NEW HIGH

Applications for the Smith-Doxey cotton classing and market service have been received to cover 5,039,238 Texas acres for the current year, or around 84 per cent of the 1946 cotton acreage.

The service is offered through the Cotton Division of the USDA Production Marketing Administration.

Applications are on file from 147 of the 164 Texas cotton counties according to F. E. Lichte, cotton gin specialist of the Texas A & M College Extension Service and long-time (since the enactment of the Smith-Doxey Act in 1937) chairman of the Texas Smith-Doxey Committee.

A "cotton" county, according to the U. S. Census system, is any county with three or more cotton gins.

The committee has processed 1048 applications covering 91,971 cotton producers and 1416 cotton gins, Lichte said.

A completed record of the ever-growing Smith-Doxey service since the time of its establishment is maintained by the committee and a current five-year file is available for information. A report of cotton classed for the preceding season is tabulated in April of each year.

Under the terms of the Smith-Doxey Act, samples of cotton ginned for producer members is sent in by cooperating gins for free classing by government cotton classifiers. A daily market service gives the current market price of the various grades and staples as an aid to farmers in marketing their cotton.

SNYDER CONTESTANT PLACES AT GARDEN

Lanham Riley of Snyder was third place winner in the calf roping contest at the Madison Square Garden rodeo Sunday night when he chalked up time of 18 1-5 seconds. The event was won by Royce Sewall of Brownwood, Texas.

Southland News

Mrs. Floy King, Correspondent

Thursday night of last week at the Slaton gridiron, the Southland six-man football team downed Wilson in a thrilling game by a score of 20 to 13. In the last period of play, tension mounted as Wilson ran up a tying score of 13 to 13, but in the last minutes of play Southland ran across the third touchdown and widened the margin by running over the extra point. H. Barkley made two of the winning touchdowns and B. J. Trimble ran over the third. Wheeler made the extra points.

Mr. and Mrs. Fred Wiley and daughters left Thursday afternoon, returning Sunday night, visiting her sister and family at San Angelo.

Saturday afternoon Everett Samples visited Rev. R. W. Walden at Lubbock who is a patient there in the hospital. Rev. Walden hopes to be able to return home soon.

The D. A. Mayfields will move to Post this week after having lived here the past two years. Mr. Mayfield took over management of the former Greenfield Implement Co. some time ago.

Sixty-nine parents registered Tuesday afternoon at the initial P-TA meeting. Mrs. Stott's room had 15; Mrs. Rankin's room, 10; Mrs. Hall's, 11; ninth grade, 5; tenth, 4; eleventh, 3 and only one for the Seniors. The group decided to meet each first Tuesday at 2:30 p. m., a decision commended by Supt. J. P. Hewlett, as the mothers will then come early enough to visit their children's rooms. The membership fee is 50¢ per person or 75¢ for both parents. Of this amount, 20¢ goes to the state, 5¢ to the national board and 25¢ to be used locally. Following the meeting the women were served doughnuts, coffee and cocoa at the flower decorated tables of the school lunch room.

Mrs. Buddy Hall, who resigned from the school last week, was presented several lovely gifts Thursday by the faculty and seventh and eighth grades. Mrs. Hall has taught here the past three years.

Last Monday afternoon, nine members of the WSCS met at the local Methodist church and set their weekly meeting time as every Monday at 3:00. Those present for the meeting were Mrs. Mmes. Troy Moore, J. B. Robinson, T. L. Weaver, Earl Morris, J. C. Harris, W. A. Field, R. C. Green, Clay Johnston and V. H. Wheeler.

Mr. Buckner of Roseco was busy erecting a grain elevator here early this week. They hope to have the platform scales installed this week and will soon have storage space available.

Mrs. Hansell Sartin who formerly owned the Charlie Whitman farm, was here Monday. For the past five months she has been in the grocery and service station business in Kentucky.

Those attending the slumber party of Jimmie Lee Hudman Thursday night were Betty Barkley, Laquita Shelton, Emma Lou Bassinger, and Mary King. Also Laquita Brewster and Neida Roper were there the early part of the night.

LT. COTTON DEAN VISITS MOTHER HERE

First Lieutenant Troy "Cotton" Dean, accompanied by his wife, spent several days in Post last week visiting his mother, Mrs. Amons. Lt. Dean was enroute to San Francisco and expects to be "shipped out" either to the Pacific area or Alaska soon.

Dean, who participated in the European campaign during the war was shot down in his fighter plane by the Germans and remained a prisoner of war until the conflict ended.

His wife, after accompanying him to San Francisco, will return to Wisconsin to live with her mother until he returns to the States.

Justiceburg News

Mrs. R. J. Key, Correspondent

The Mother's club met on Friday afternoon, reorganizing and electing new officers. Mrs. Hazel Beggs was elected president, Mrs. Jim Tidwell, vice-president, and Mrs. R. J. Key, secretary-treasurer. Meetings will be held the last Friday of each month.

Mrs. O. L. Jones and Mrs. W. A. Eastman, visited their sister and daughter, Mrs. V. A. Lobban and family Friday and Saturday. Mr. and Mrs. George Evans spent the week end with relatives and friends at Amarillo.

Mrs. D. Bassinger, Mrs. J. C. McMeans of Marietta, Okla., Mrs. W. M. Wallace and Mrs. W. M. McDaniel visited their daughter and sister, Mrs. R. J. Key and family recently.

Mr. and Mrs. Jim Tidwell and family visited her father at Colorado City who has been ill.

Mr. and Mrs. Roland Sullinger and family visited relatives at Snyder Saturday.

Mr. and Mrs. Edwin Reed and son of Dermott visited his parents, Mr. and Mrs. Jeff Reed.

Mr. and Mrs. R. J. Key and son, Jerry, were in Snyder Saturday.

Mr. and Mrs. Joe Griffin and son, Dan, of Lubbock visited her parents, Mr. and Mrs. Jeff Justice. Hollis Drake was in Snyder Friday.

Swing of Southwest Farm Markets

Cotton, poultry and eggs continued to climb higher, fruits and vegetables picked up strength, livestock and most grains except sorghums were steady to strong at southwest markets last week. USDA's Production and Marketing Administration reported.

Cotton advanced about \$6 a bale into new high ground last week. Nearly all grades found ready buyers. Demand continued stronger with shippers buying current ginnings mainly to fill back orders. Farmers generally sold cotton as fast as they ginned it. Sales in the 10 spot markets jumped to 200,700 bales last week compared with the 172,500 bales the preceding week and 179,300 a year ago for the same period.

Wheat went up a cent a bushel and rice advanced in line with new ceilings. Corn held steady but barley and oats were below the previous week's close. Sorghums lost a nickel a hundred nearly every day last week. Feed held firm, but good pastures in most southwest areas reduced demand below normal for this season.

Eggs and poultry continued to advance last week as broad demand accentuated by the meat shortage quickly cleared light supplies at most southwest markets. Turkeys were firm too with young toms selling mostly at 33 to 35 cents a pound at Ft. Worth.

Southwest cattle markets reported slightly heavier receipts last week. Prices held generally steady for light runs of slaughter calves, but stockers had a weak undertone. Common and medium cows brought \$8.25 to \$11.50, Houston; \$9 to \$11.50, Wichita and \$9 to \$12, Oklahoma City. Common to good cows brought \$10 to \$14, Denver and medium and good grades, \$10.50 to \$12.50, San Antonio. Common and medium steers and yearlings realized \$11.50 to \$14.50, Houston, while medium and good grades brought \$14 to \$18, Ft. Worth.

Southwest hog markets continued to sell all weights and classes at ceiling prices as meager supplies failed to satisfy the broad demand.

Milk and butter prices held firm as supplies continued inadequate to meet demand.

Visiting this week in the home of Mr. and Mrs. I. A. King are their children, Lt. and Mrs. Kenneth L. Noble, and daughter, Patricia Adrienne, of Barksdale Field, La., and Mrs. G. L. Davis and daughters, Judith and Brenda, of Waco, Texas.

ATTENTION, MOTHERS! If looking for a better remedy for Children's Chest Colds try **Durham's No-Mo-Rub**, the new Guaiac-Comphor treatment. Remember—double the purchase price refunded if you do not find this Modern Chest Rub more effective.—35¢ and 50¢ at R. H. COLLIER DRUG CO.

FIRE CONVENTION—

(Continued From Front Page)
 program were State Senator Pat Bullock of Colorado City, and Bayne Satterfield, a member of the firemen's retirement board of Austin.
 The firemen were welcomed by Mayor J. A. Stallings. The roll call was by Secretary James Asbury, Baird, John W. Mansfield and Merkel presided.
 Short talks were made by Chief Hugh Nation of Crosbyton; Chief H. B. Johnson, Levelland; and Hamilton Wright of Abilene. County Judge J. Lee Bowen of Post spoke briefly to the visitors.
 The Melody Maids under the direction of Mrs. Alfred Stallings entertained the visitors with their special style of personality songs. This group of talented youngsters always top the applause meter whenever they appear but on this occasion they exceeded their own record.
 In the six-man pumper race, which followed the business session, Colorado City won first place in 35 seconds. Snyder second in 43 1-4 seconds. The local department set the pattern with 22 seconds, but did not compete for a prize. Merkel in 30 seconds won the six-man hose hook-up.
 The day's session was climaxed

MICKEY EDWARDS TO OPEN HELPY-SELFY LAUNDRY MONDAY

A new helpy-selvy laundry is being opened next Monday by Mickey Edwards. The new service firm is located at the rear of his home on 101 West 11th Street and is to be styled as the Edwards Helpy-Selvy Laundry.

New washing machines and other new equipment has been installed and plenty of hot water will be available at all times.

Edwards is inviting the public to inspect the laundry and to patronize the new business. Read Mr. Edwards' advertisement in this week's issue of the paper.

NEW ARRIVALS

Mr. and Mrs. Junior Day are announcing the arrival of a son on October 2. The baby was named Barry Lynn and weighed eight pounds.

Mr. and Mrs. W. A. Hays are announcing the arrival of a son on Monday evening, October 7. The new baby was named Gary Dale and weighed eight and a quarter pounds.

with a barbecue, followed by a dance at the city hall.

 their proper names.
 The new "See-All" display counter installed by T. R. and his bunch this week at Greenfield's Hardware store has a place for almost every type of shelf hardware implement belonging to the hand-tool family. The women can now just point to the tool they need. The new counter is really quite nice and contains more hardware stuff than we've seen in a long time. T. R. is unpacking loads of new stuff.

High, Wide and Handsome are the new leather belts being shown in ready-to-wear stores these days. Seen at Heering's are styles in tooled and nail studded leather; at Della's we saw black and red patent numbers. It takes a tall figure to wear some of the styles—they are "that" wide. One who can do that to perfection is Faye Mathis of Haws Dry Goods. That bright red belt she wears sometimes is very wide, very high and very handsome.

Sectional Seats in sunny lime color add an arresting color note to Mason and Company windows. The new modern style furniture is designed to give zest to your home.

Autumn may be the end of one growing season, but it's also the prelude to another. Gordon's Flower Shop is cocking one eye on the future for folks here-about by getting things ready for the Shrub Season. The new nursery yard on Broadway will be equipped to supply shrubs and trees very soon now.

Auto seat covers made to order are on display at White Auto Store. A variety of styles, colors and materials to suit almost any make auto are available.

Things must be getting back to normal we've seen a hat that actually resembles a hat.

Glen Kahler (the new doc) said that with new scientific feeding and care, babies who are born now may live more than a 100 years. Well, that's fine, because the way things look it will take them that long to find a place to live.

FOR SALE—
