VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, JULY 25, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 32

County Agent Hopes To Organize County Flying Farmer's

Efforts are being made by County Agent Frank Eaton, who is one of the air-minded agricultural agents of the State, to stimulate interest among Garza county farmers to form a Flying Farmer's association in this county. He believes such an organization here will be profitable to each individual member and he would like to see this county affiliated with one of the twelve chapters to be formed in the State.

To acquaint Garza farmers and ranchers with the program, which is growing by leaps and bounds over the State, he quotes from his latest bulletin pertinent facts concerning the organization and its purposes:

"The purpose for which this association is formed is to promote the educational and scientific development and advancement for the use of the airplane in the agricultural industry of Texas, and shall be an organization to express the ideas, hopes and wishes of those engaged in rural aviation in Texas. It shall also be the purpose of this association to affiliate with other similar groups, including the National Aeronautical Association, recognizing that aviation is in a pioneering state, especially as it relates to rural aviation, it will be the purpose of this organization to work closely with the Land-Grant College of the State.

"The members of this association shall be composed of Texas Flying Farmers. To be eligible for membership in this association, it is necessary that fifty-one percent (51%) of capital investment be in some type of farming operation. The minimum requirement for membership is that either husband or wife is holding some type of a flying license. Where either husband or wife is eligible for membership the other can become a member of the association. The annual dues for members in this association shall be two dollars."

Eaton declares that present plans call for twelve chapters in the State, with about 19 counties comprising a chapter. Should an organization be formed in this county it will be affiliated in chapter 2.

Rotary Sponsored Boys Club Organized Here By Post Coach

Between fifteen and twenty Post boys, with the number increasing daily, are taking advantage of the Rotary club sponsored Boy's club, a youth organization which was formed here Monday by Coach Bing Bingham, Post high school athletic director.

Bingham informed Rotarians Tuesday at the weekly luncheon hour that much interest were being shown in the training program, and that he is directing a general athletic program for all youths from eight to 14 years of age through the summer season, to August 30.

The first meeting of the club was held Monday evening at the high school gymnasium, and since that time the boys have been enjoying daily training under Bingham. The program includes baseball and other games, and each day's session is followed by showers in the gym.

Dues are one dollar per week, payable every Monday morning. Boys who have not enrolled in the club may do so at any time, and efforts are being made by Rotarians to boost the roster to at least sixty youths.

NEW PRODUCER IS ADDED TO PHD FIELD

Plymouth Oil Company No. 1 Crisp has been added as a producer to the PHD field in north-west Garza county, according to information given the Dispatch Monday.

The well, located in section 12B1, BSAF survey, has been completed as a 106.88 barrel pumper. The well was treated with 2,800 gallons of acid of a specific gravity of 1.46 to 1.575. The oil tests 37 gravity.

CITY DIRECTORY TO BE IN HANDS OF PRINTERS AUG. 1

Post's first city directory will be ready for the printer about August 1. L. A. Presson, chairman of the arrangements committee, has announced.

The directory is sponsored by the Post Lions Club which has almost completed the project of naming the city's streets and numbering the homes and business houses, a project which was necessary for the completion of the city directory.

Presson requests that all persons who have moved their homes or places of business since the house numbering project was begun should report their new addresses to a member of the directory committee immediately, in order that corrections may be made in the city directory before August 1.

The committee consists of Presson, Elmer Long, Garland Davies, Weaver Moreman and Ralph Welch.

Forms Being Made Up By Adjusters On Crop Insurance Loss

The cotton crop insurance adjusters are making preparations to begin execution of "statements in proof of loss" on those farms where a total loss occurred, reports Robert Gibson, ACA secretary. On farms that were partially damaged or destroyed, no settlement will be made by the Corporation until the crops are harvested.

No computations will be made by the adjusters in the county office. All statements in proof of loss will be sent to the State Director for computations and audits.

Every effort is being made to execute these forms as quickly as possible and each producer will be notified as to the time for signing this statement. Therefore producers should not make a request to sign his form unless he has been notified. Requesting to sign these forms when they are not ready for signatures causes a confusion and delay in their preparation. In order to avoid this undue delay please do not ask to sign these forms until you have been notified.

Performane Reports Must Be In July 31

There are only six more days remaining to turn in the reports for contour farming of row crops, states Robert H. Gibson, Garza County ACA secretary.

Records in the local office reveal that there are over two hundred farms on which reports have not been received. If a producer has not made his report he should do so immediately, or by July 31 in order to be eligible for payment, Gibson said.

The regulations governing the payment for contour farming state that payment cannot be made unless performance has been reported by the expiration date. The expiration date for reporting contour farming is July 31. Gibson requests that every producer turn in his report either by bringing it to the county office or mailing. He said those reports which are not on file by August 1, 1946 will be canceled and no payment will be made. You are again urged to get this report to the county office.

POST SUPERINTENDENT URGES TRANSFERS BE MADE WITHOUT DELAY

"It is very necessary for all high school students, who reside in rural school districts, and whose grades are not taught in home districts to transfer to Post or other high school centers," said G. R. Day, Post school superintendent, Tuesday. "The transfer, to be effective, must be made before August 1, 1946."

"Let me urge all parents who have children as mentioned above to attend to the transfer matter now, as the time is very short," urged the Superintendent.

Evelyn Boyd Will Assist In Publishing Texas Magazine

Evelyn Boyd will leave for Austin this weekend to spend two or three weeks helping launch Texas Week, a news magazine which is to be edited and published by Raymond Holbrook, one of Evelyn's former co-workers on the Amarillo Globe-News. Evelyn will assist in editing the first issue, which is scheduled to go to press August 2, and to help in the permanent organization of an editorial staff.

After her return to Post, she will serve as correspondent for the West Texas area.

Holbrook and the director of advertising of Texas Week, Inc., Bruce Collier, are Plainview men. Collier formerly was in the advertising department of KFYO in Lubbock. The magazine's business manager, Harry G. Seeligen, is also a West Texan, having been in the furniture business at San Angelo before the war. All three of the young executives served overseas in the armed forces during the war.

Texas Week, Evelyn says, will be a weekly magazine devoted to all types of news from all parts of Texas, including government and politics, business and industry, oil, labor, agriculture and ranching, Texas in Washington, sports, theatre, art and music, Texans in the world news and Texiana.

The magazine will be published in Austin where the editorial office will be situated. The business office will be in Dallas.

Evelyn, who accompanied her husband to the Chamber of Commerce institute in Dallas last week conferred there with the Texas Week executives and completed plans for her part in the first issue.

Seminole Coming Here Sunday To Mix With Local Team

Most of the fire in the Oil Belt League the next two weeks will center on the three-way fight for fourth place and a place in the post-season Shaughnessy playoff.

Kermit, one of the erstwhile leaders, has been sniped two straight Sundays and has fallen back even with Post and Levelland. Post improved her position last Sunday by tying Seagraves 7-6. The Levelland club, running neck-and-neck with the locals, took Odessa, 11-1 last Sunday to hold her fourth place spot along with Post.

Last Sunday's win for the locals gives them a good chance to make the playoff, as they have the two bottom teams of the district coming up to complete the season's play. Next Sunday Seminole comes here and the following Sunday Jal will be here for the final game of league play. While on the other hand, Levelland, crowding Post for the Shaughnessy saw-off, has two hard games, Sunday the Rednecks play against Kermit and their final game is with the league-standing Sundown nine.

FUNERAL SERVICES FOR SOUTHLAND MAN ARE HELD SUNDAY

Funeral services for John S. Irwin, Garza resident, were held Sunday afternoon at 4 o'clock at the Southland Baptist church with Rev. B. W. Allen, pastor of the Southland church, assisted by O. J. Harmonson, conducting the rites.

Irwin came to West Texas in 1905 and worked for the O-B-O ranch in Scurry county, later working for the Johnson ranch. He moved to Camp Springs in 1923, and came to this county, locating east of Southland in 1925.

He is survived by his wife, Mrs. Frankie Irwin; one son, H. E. Irwin of Lubbock; three daughters, Mrs. J. M. Lambright of Slaton, Mrs. E. O. Merrill of Southland and Mrs. Clark Richmond of Nevada, Mo.; and three sisters.

Burial services were held at the Irwin home in Southland cemetery.

STATE TAX CUT WILL SAVE GARZA COUNTY \$10,687

Garza county tax payers will pay about \$10,687 less into the Texas ad valorem general fund this year as a result of the automatic tax board action the first of the week in reducing the state property tax rate to 37 cents per \$100 valuation, the lowest in thirty-four years. Last year's tax was seventy-two cents.

The county rate of eighty cents is not affected. The taxable valuation of Garza county property is around \$5,014,412, reports Percy Printz, county tax collector. Last year \$4,313,497 was assessed for taxes, and \$716,888 was exempt under the \$3,000 homestead law.

Approximately \$22,869 is to be paid into the State from 1945 taxes as compared with approximately \$14,207 to be paid in on 1946 assessments under the reduction offered by the board.

County rolls show that this year's valuations on state assessments have climbed approximately \$745,000 over 1945 assessments.

Twenty-One Garza War Vets Sign For GI Flight Training

Twenty-one Garza county war veterans signed up for "government paid flight training" Monday when they met with Conner Parsons, Post flyer who is making arrangements to conduct a training school here for veterans, and others, at the local airport.

Parsons said all the men he talked to could qualify for the training under the GI Bill of Rights. The group included a number of Post businessmen who are interested in learning to fly.

War veterans who are not taking advantage of the educational program provided by the GI bill, can qualify for flight training to include a private pilot's license, commercial license and instructor's license.

The local post will be operated as an auxiliary field to the Breedlove Flying Service at Lubbock. Plans for training will be supplied by Breedlove, with Parsons serving as instructor.

64 Ballots Marked By County Absentees

A total of sixty-four absentee ballots for Garza County's Democratic primary election next Saturday had been marked up to late Tuesday afternoon, at which time absentee voting ended. The total may have a few more ballots added to it, as seventeen ballots which were mailed out by County Clerk Ray N. Smith had not been returned at that time. Of these remaining ballots, those postmarked July 23 will be accepted and added to the number.

This year's absentee voting was only about half of that in 1942 and 1944, said Mr. Smith. More than two hundred ballots were mailed by Smith last election to Garza residents who were in the armed forces and working in defense areas. However, asserted Smith, the percentage of returned ballots was much more this year, at two-thirds of the ballots mailed out were voted in absentee, while of the many that were requested last election only a small percent were returned.

LOCAL MEN ATTEND FLYING FARMER'S MEETING SATURDAY

Attending the Flying Farmer's convention in Sweetwater last Saturday from this county were County Agent Frank Eaton, Conner Parson and John Lott. The trio flew to the convention in two planes, one piloted by Conner with Eaton as passenger and Lott flew his personal plane.

A number of commercial planes, including a C-46 transport, were displayed at the meeting. About forty-five private planes were flown to the convention city by members of the Flying Farmer's organization.

A feature of the day was a glider show at the municipal airport.

Bid For Construction Of Post-Rails Road Given Commission

A low bid of \$118,160.41 for construction of farm-to-market road No. 122 from Post to eight miles north was submitted by Holland Page of Austin Tuesday, according to information received this morning by the Post Dispatch from the State Highway Commission. It is not known at this time whether the Commission will accept or reject the bid received, nor if a contract will be awarded on the basis of such bid.

The bid calls for grading, drainage structures, flexible base and double asphalt treatment on 2 miles of the road that will one day become the crow-flight route from Post via Ralls and Floydada to Silverton.

Construction is expected to begin within 30 to 60 days, provided formal contracts are approved by the State Highway Commission and concurrence obtained from the Public Roads Administration. Specifications will require that the projects be completed within 125 working days after construction begins.

Highway Commission Chairman John S. Reddit announced that thirteen Farm-to-Market projects involving 99 miles of road had been completed in Texas since the current program got underway earlier this year.

The Garza project is among twenty-two Farm-to-Market projects in the State in which the Commission received bids Tuesday and Wednesday. If contracts are awarded on all these there will be a total of 1,284 miles of Farm-to-Market roads on 131 projects that have been placed under contract since last January.

All are a part of the State Highway Department's three year program which will bring a paved road to within one mile of 62% of all Texas rural dwellings and within two miles of 74% by the end of 1948.

FUNERAL RITES FOR MRS. HAYNIE BEING HELD THIS AFTERNOON

Funeral rites for Mrs. Bertha Haynie will be held this afternoon at three o'clock at the First Baptist church with Rev. Harold Polman, pastor, officiating.

Mrs. Haynie died in the West Texas hospital on Tuesday night July 23, at ten o'clock. She had been critically ill for more than ten days. Cause of death was attributed to a brain tumor.

Mrs. Haynie had lived in Post for thirty-five of her fifty-two years. She was an active member of church and civic affairs and had a host of friends who mourn her death.

Besides her husband, Walter Haynie, she leaves one son, Byron Haynie, and a granddaughter, Janene.

Other survivors are Paul father, L. T. Ashim, Sr. of Post, her daughter-in-law, Mrs. Evelyn Haynie; six brothers, Leonard Askins of Los Angeles, Harry of Colbridge, Arizona, Howard of Phoenix, Arizona, Willard of South Gate, California, L. T., Jr. of Lone Peak, California, and Wayne of Post; three sisters, Mrs. Grace Dunn of San Antonio, Mrs. Ethel Barrow of Phillips, Texas, and Mrs. Eleanor Pappin of Long Beach, California.

Mason and Company funeral directors will have charge and interment will be in Terrace cemetery.

Tile And Brick Laying To Begin This Week On New International Home

Tile and brick laying will get underway this week and on the new International building being constructed on Main east of the court house by the Post Truck & Tractor Company.

The concrete foundation for the large 80x96-foot building was completed Tuesday and forms are being removed today, preparatory to mason work. The structure is to be of building tile walls on sides and rear, and white face brick frontage, with ample plate glass window display across front.

Steel is expected to arrive today, said Bill Basinger, one of the owners, and mason work to begin-height will be completed by next week end, if no delays are encountered, said Basinger.

County Ready For Balloting On Saturday

Record Vote Could Be Racked Up By Voters, But Is Not Expected

With politics seemingly about as dead as Aunt Biney's old peach orchard as we reach the end of the vote-swivying stage, about Garza countians care to do so they could pile up the heaviest pool in the county's history next Saturday in the Democratic primary election.

County records show more than 1,800 eligible voters in the county, including 1321 who have paid poll taxes, about four hundred returned veterans who are entitled to "free votes," and many others and unders who qualify to vote without poll taxes. The combined figures total well over 1,800.

In the last primary election in Garza County, the presidential election of 1944, slightly more than 1400 votes were cast.

Just what Garza will vote though, remains to be seen next Saturday night, and it is doubtful if the county will poll much more than an average vote. The reason, of course, is lack of interest in local and district politics. Aside from the governor's race, with fourteen candidates and a likely half dozen of whom will receive enough votes to know they were in the race, the Mahon-Halsey congressional race, the local sheriff's campaign, and possibly a little side interest in precinct commissioner's races, Garza voters have little else to attract them to the polls.

There are to be no contested elections in either the 106th judicial district, or the 118th state representative race, and the incumbents in each place will coast in for re-election. Of the county's six offices only one race will be a contested affair, that being the sheriff's race with four candidates. In the sheriff's race Percy Printz, incumbent, Chas. O. Reed, Fay Claiborn, Jr., and Nathan Mears. Three county commissioner precincts afford contested campaigns, with two candidates in each. In precinct one, Ernest Henderson, incumbent, is opposed by B. F. Evans. Precinct two has two new aspirants, Conner Parsons and Buck Gossett, and in precinct four, W. T. Parchman, incumbent, is being opposed by Lee Hess.

Ballots will open at 10 precinct locations at 8 a. m. Saturday and will remain open until 7 p. m. Saturday night as returns are tallied they will be put on a large bulletin board in front of Greenfield Hardware store for persons interested in keeping results by boxes.

Two Garza Boys Are Being Selected To Attend 4-H Round-Up

Two Garza county 4-H club boys and a sponsor are being selected this week by county club leaders to represent local 4-H clubs at the 4-H Round-Up to be held at College Station, August 27-30, reports County Agent Frank Eaton. Their names will be announced in next week's Dispatch.

Two boys are to be selected from each county in the state to attend the Round-Up. The selections are made on the basis of accomplishment in 4-H club work. County agricultural agents from every county will also attend the three-day meeting.

The boys will receive instruction in beef and dairy cattle, swine, poultry, sheep and goats. Outstanding boys will participate in panel discussions under direction of J. P. Schmidt, supervisor of Farmer's Institutes and Professor of Rural Sociology Extension with the University of Ohio.

Entertainment highlight will be a magician show and party at State Hall for both adult leaders and club members.

CALLED SESSION OF VFW POST PLANNED FOR MONDAY NIGHT

Members of the John Miller Veterans of Foreign Wars post, No. 6781, are urged to attend a called meeting of the organization next Monday night at the Legion hall.

The main purpose of the meeting, said Henry Aten, commander, is to elect a delegate to the national convention in Boston. Funds for the delegate will be purchased by the post.

One hundred per cent membership attendance is urged.

Joe Bartlett Strayhorn of Bonham spent Monday night and part of Tuesday visiting the Phil Bouchiers and the Ed Warrrens.

TERRY COUNTY FLEAS FOUND TO BE INFECTED WITH BUBONIC PLAGUE

Fleas taken from rodents in low-lying valley areas of Terry county carry bubonic plague infection, reports State Health Officer Geo. W. Cox. The laboratory findings were announced Monday from Austin.

In the announcement Dr. Cox emphasized there have been no cases of bubonic plague reported in Texas and that findings have been limited entirely to presence of the infection in fleas. The infection, said Dr. Cox, was discovered as a result of research work conducted over an area of 33 square miles near Morton in Cochran county.

The fleas for the laboratory tests were taken from ground-squirrels, prairie-dogs, rats and mice.

J. G. Stacy of Levelland spent Monday in Post transacting business.

CARE SHOULD BE TAKEN IN HOME FREEZING OF DAIRY PRODUCTS

Butter, cream and some kinds of cheese may be preserved successfully in a home freezer unit if a few precautions are taken, says Gwendolyn Jones, specialist in food preservation for the A and M College Extension Service.

Butter to be frozen should be made from pasteurized milk or cream. If the milk has not been pasteurized the butter gets rancid or acquires off flavors in two or three months.

Prepare and season butter as for eating. Although some authorities say unsalted butter keeps fresh longer than salted butter, Miss Jones says salt will not cause it to get old if the butter is of high quality and is kept only three to six months. Pack in half pound or one pound rectangular molds, wrap in cellophane paper, and package tightly in waxed cartons or clean, dry, plain tin cans. Avoid leaving air space or excess water in the package.

Only the best quality heavy cream should be frozen. In handling milk, avoid containers and equipment which are made of copper or iron. Pasteurize the cream at 175 degrees F. for 30 minutes. Stir well. A teaspoon of salt or a tablespoon of sugar or corn syrup per cup of cream helps to keep a better texture. Chill the cream and then pour it into leak-proof containers and freeze. When ready to use allow to thaw in the refrigerator. This cream does not whip as the original cream does, but it may be used otherwise as fresh cream.

Well-ripened cheese is cut in about 1-4 to 1-2 pound blocks, wrapped in cellophane and frozen. When cheese thaws it dries out rapidly and should be used soon. Cottage cheese does not freeze very well.

Contact Representative Of Veterans Administration To Be Here August 2

T. L. Jones, commander of the James C. Cole American Legion post, is in receipt of a letter from the Veterans Administration advising that S. Roscoe Clark, contact representative of the Administration, will be in Post Friday, August 2 to confer with war veterans.

Mr. Clark will be at the district court room of the county court house on that date, between the hours of 9 a. m. and 12 noon, and will be pleased to give information to veterans or their dependents concerning veterans benefits.

Garza county war vets are urged to keep the date in mind if they have problems to discuss with the representative.

World sugar production in 1945 was 18 per cent below pre-war figures.

FARMERS FASHION FORK LIFT WITH MODEL T PARTS

The gears of a Model T and the brains of J. B. Horn and some neighboring Karnes County farmers put 15 men out of work. According to County Agricultural Agent A. P. Morris the farmers fashioned a fork lift on their tractor with the Ford parts to bull rake their hay and put it into 8-foot ricks. The homemade lift will also be handy in loading the hay on wagons if it is found necessary to haul it to the barn or stack it in feed lots, he says.

The men power the machine.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

Spencer A. Kuykendoll, MoMM 3-c of the Navy, and son of Mr. and Mrs. S. A. Kuykendoll of route 1, Post, has been given his honorable discharge from the Naval Air Station at Charleston, S. C., and returned to his home here. Kuykendoll entered the service would replace is Mr. Morris' own estimate.

vice January 30, 1945 and served seven months in the Pacific area.

Other Garza county men who have been reported as having received their honorable discharges this week include Virgil Lee Smith, Orvil V. Morris, William B. Richardson, Joe Marshall Tipton, Samie E. West and Claude W. Chapman.

Mrs. Robert Cox and daughter and Miss Barbara Cox, accompanied by Mrs. Jess Hendrix and son of Lubbock, spent last week in San Saba and Menard. They were met at Menard by Mr. Hendrix and Mr. Cox.

Joe Duren who has been making a 30-day furrough with his mother and friends left Monday for Virginia. He has been in the army seven months.

PHOENIX, ARIZ. — (Soundphoto) — With water stored in huge dams for irrigation and power sources rapidly diminishing in an unusually long drought period, the U.S. Navy has come to the rescue by providing a giant steam-electric generating train for use of the Salt River Valley Water Users Association. Designed and used to provide emergency power in bombed-out areas, it will now enable Arizona farmers to pump water for their crops. Photo shows Lt. Comm. Robert H. Moore of the Navy delivering papers to Lin B. Orme, President of the Valley Association. The Navy boasts the \$2,500,000 plant is fitted handier and more compactly than a submarine.

Altman - Holland
 Pitch Locals to 7-6
 Win Sunday

Post baseball team maintained their grip toward the Oil Belt League play off Sunday afternoon when they defeated a fine Seagraves team 7-6. It was the brilliant pitching from the Post combination, Ed Altman and Walter Holland, that kept the Seagraves team well in hand and it was the Post infield and outfield that backed their pitching staff by making five beautiful double plays during the game.

Post's big ace left hander moundman, Ed Altman, proved to be back in top condition after suffering several weeks with a bad arm. He whiffed the third strike by six batters and gave up only four hits in seven innings before giving over to Holland who gave only six hits the rest of the way.

Lefty Cortney did the hurling for Seagraves and was touched for eleven hits, including a home run by Deamos Altman in the seventh inning.

Post took the lead in the second inning Sunday when Weaver, Gilmore, and Deamos Altman scored on three hits, one walk, and three costly errors by Seagraves. Third baseman Gentry scored for Seagraves in the last of the second inning after receiving a walk on a hit ball and later scoring. Right fielder Weaver scored for Post in the fifth inning after reaching first base on an error by pitcher Cortney. This ended all scoring until in the seventh inning when Deamos Altman drove the ball between right and center fielders for a home run, this put Post ahead 6-1 but not for long. Seagraves came back in the last of the seventh and scored Haynes and Gram on four long singles. Still fighting to stay in the ball game, Seagraves came back in the last of the eighth and scored Gorman, Willingham, and Gentry on a walk, two singles, and two costly errors by Post infielders. The game was tied 6-6 at the end of the eighth inning, and Post came to bat for their last time. Gilmore singled and was replaced at first by Shorty Hester. Fritz Hester singled, Deamos Altman whiffed out at the plate, Frinch sacrificed, and Shorty Hester slid across home plate for the winning score.

Line-ups for the game was the following:

Post	AB	R	H	O	A	E
Lemons 2b	6	0	1	3	2	2
Walker ss	5	0	2	2	2	2
Karr 3b	3	0	1	0	3	1

PLAINVIEW TO STAGE RODEO THIS WEEK END

Plainview will be the mecca for bronc busters and calf ropers this week end when the Plainview Rodeo association presents its initial show in the new roomy arena recently constructed. The rodeo, which runs two days, will get underway at 8 o'clock Friday evening. Another performance will be presented at the same time Saturday night, and the final show will be unveiled Sunday afternoon at 2 o'clock.

The recently organized Plainview Rodeo Association has approximately 100 members, with L. Q. Long as president.

In the last five years the government has built \$115,000,000 worth of housing in Texas.

Swing of Southwest
Farm Markets

Cotton reached a new 23-year high last week as prices of other farm products continued to rise, according to USDA's Production and Marketing Administration.

Last week's peak cotton prices were about \$8 to \$9 a bale higher than the previous week and nearly \$23 a bale higher than two weeks ago. Spot markets were rather active. New crop cotton from South Texas was in broad demand. Reported sales in the 10 markets totaled 63,200 bales last week against 70,100 bales the previous week and 98,600 bales for the same period last year. This drop in sales was largely the result of limited offerings.

Southwest egg and poultry markets registered weaker undertones throughout the past week. However, prices continued to stand well above former OPA ceilings. Demand was fair for ample offerings.

Higher prices brought record livestock receipts to the country's chief markets this past week. Sheep and lamb prices were steady to \$1.50 a hundred pounds higher than the previous week's close. Common spring lambs brought \$13 to \$14.50, San Antonio; \$12 to \$13.50, Ft. Worth; and \$15 to \$16.75, Wichita. Top springers realized \$19 a hundred, Oklahoma City and \$20, Denver.

Hog prices rose sharply early in the week, declined later and closed 25 cents to a dollar higher than previous weeks. Trading was generally slow. Friday's quotations for top butchers were \$18.25 to \$18.50 per hundred pounds, Wichita; \$18.75, Ft. Worth; and \$19.50 San Antonio, Oklahoma City and Denver.

Cattle prices reached new highs last week but sagged later. However, Friday's quotations were generally above the previous week's close. Common and medium cows were quoted at \$9.50 to \$12.75, San Antonio; and \$9.50 to \$13, at Oklahoma City and Wichita. Ft. Worth sold medium and good cows at \$10 to \$14. Common to good cows realized \$11.50 to \$15.50, Denver.

WINDS CAUSE LOSS MOISTURE, BIG FEED CROP SUFFERING

Garza county's many acres of small grain have taken a beating the past week from dry winds which have sapped up moisture. The small feed is said to be deteriorating rapidly and if rain is not received within a few days the crop will suffer greatly.

Cotton is facing well, but also needs more moisture to make it mature for good production.

Mr. and Mrs. Morris Cox and children of Lubbock spent Saturday afternoon with Mr. and Mrs. H. E. Cox.

Smalls are eaten as a delicacy in France.

TO THE VOTERS OF GARZA COUNTY:

Friends and Neighbors of Garza County: It has been a pleasure to serve you in this capacity for almost two years. And I feel that I am much better qualified to serve you for the next two years. You know what a hard time we all had getting help and keeping it. At present I have very efficient and conscientious assistants. And I feel that by getting a little help from the citizenry of Garza County that I can do a much better job for the coming two years than I have done for the past. And I feel that I am capable of dealing with and assisting our boys that are home and are coming home from the terrible strife that our country has been in as I personally served a year overseas in World War I, was with the famous 90th Division. With that experience and the experience I have had as a Peace Officer here at home I feel that I can do a lot in helping them get readjusted. So when you go to the polls Saturday, July 27th, please give me due consideration.

Yours very respectfully,

SCHOOL TRANSFERS MUST BE MADE BEFORE THIS MONTH ENDS

Attention is again called to the fact that all transfers of school children from one district to another must be made before Tuesday of next week.

This means, according to County Superintendent Dean A. Robinson, that all students living in any district who desire to attend high school in another district must be transferred, and that if arrangements have been made for all the children in one district to attend school in another district, they likewise must be transferred.

Parents of all children desiring

Mrs. Ivan Stutter and daughter, Francis, visited here last week and. They went to Abilene Saturday night. Francis started to work for Miller-Perkins Ready-to-Wear store there on Monday.

transfers should file applications for their transfers with the County Superintendent.

IT'S WILL GET BONDS OR TERMINAL LEAVE PAY UNDER LATEST PLAN

According to news released Wednesday morning from Washington, the Senate Tuesday passed legislation granting an estimated 2,000,000,000 to \$3,000,000,000 in terminal leave pay to enlisted men in the armed forces at those already discharged.

The Senate is reported to have approved the measure and returned it to the House, which had passed a similar bill unanimously under the latest plan enlisted men now discharged would receive compensation up to 12 days pay on the basis of 2 1-2 days leave for each month of service.

The Senate provided for making the bulk of the payments in interest bearing, non-transferable bonds instead of cash. Garza county discharged enlisted men will welcome the pay, and no doubt in receiving the bonds will have a

POST CAMERA CLUB MEMBERS TO SEE EASTMAN FILM TONIGHT

Members of the Post Camera club and their guests will see an Eastman film, "Highlights and Shadows," when they meet tonight in the basement theatre of the John Lott home.

Mr. Lott has arranged to accommodate about forty people and most members have invited guests.

The film is supplied by the camera club division of Eastman Kodak Company of Rochester, New York. Besides the screening of the movie, Alex Webb, vice-president of the club, will discuss "Principles of Picture Making," a

feeling of security in knowing that now they have Washington "brass hats" looking after them in seeing that they "save, and lay-away cash for a rainy day." Officers have been entitled to cash terminal leave pay.

What Goes In The Rural Communities

AS REPORTED BY OUR RURAL CORRESPONDENTS

Justiceburg News

Mrs. R. J. Key, Correspondent

The Bible Study class met in the home of Mrs. Jeff Justice Thursday afternoon. The usual crowd met for the reading and discussing of certain Bible verses. Refreshments were served to those present.

Mr. and Mrs. Frank Wilson of Snyder, Mrs. W. D. Moore and children of Harlingen and Jeff Hill of Klonklee were Sunday guests in the home of Mr. and Mrs. George Evans.

A. G. Gordon visited his sister, Mrs. Leonard Reed and family of Slaton Sunday.

Mrs. W. A. Eastman and Mr. and Mrs. Othel Jones of Trent, spent Sunday with their daughter and sister, Mrs. V. A. Lohman and family.

Mr. and Mrs. Ed Eckert visited Rev. and Mrs. D. W. Reed of Close City Monday. Mrs. Reed has been ill recently.

Mr. and Mrs. Jack McGinnis and family of Lubbock visited here Sunday with his brother, W. A. McGinnis and family.

Mrs. McAllister and sons, Clide and A. J., and Mr. and Mrs. Ed Eckert attended church at Pleasant Valley Sunday night.

Miss Joyce Clarkston of Littlefield visited her mother, Mrs. Eita Clarkston, over the week end.

Mr. and Mrs. Tom Hale of Olen and Mrs. Eddie Kinsler of Levelland visited here with Mr. and Mrs. C. B. Twice and family.

SOCIAL SECURITY REPRESENTATIVE TO BE HERE AUGUST 7

Elliott Adams, Manager of the Social Security Board Field Office will be in Post at the U. S. Post Office at 2:00 p. m. Wednesday, August 7 for the purpose of answering any questions you may have on Social Security, discussing possible benefits and taking claims for persons who seem to be entitled to benefits; and of taking applications for Social Security account number cards.

Delay in filing a claim for old-age and survivors insurance benefits can cost the claimant money. Upon the death of the insured wage earner, his widow and children or his dependent parents are eligible for monthly or lump sum insurance payments if they meet certain requirements. If the wage earner has no family, then a lump sum may be paid to the person who paid the funeral expenses. Delay in filing claims may result in the loss of several monthly checks, especially among survivors who had not been informed about their rights.

Texas Leads Nation With 391 Polio Cases

Texas is reported leading all states of the nation in the number of polio cases for the year. Infantile paralysis already has struck more people this year than in the comparable period of 1944. Texas leads the nation with 391 cases and Florida runs a close second with 338.

Up to July 13 this year, there were 2,596 cases throughout the country, compared with 1,752 for the similar period of 1944. Texas leads the nation with 391 cases and Florida runs a close second with 338.

lecture supplied by the same company. The meeting begins at 8:30 o'clock.

Mr. and Mrs. J. R. Glenn and son, Darrell, visited Mrs. Glenn's parents, Mr. and Mrs. George Huffman and family last Friday. Mrs. Huffman returned home with them for a visit.

Mr. and Mrs. Max Sullivan and family of Caprock and Mr. and Mrs. Dewitt Caylor of Post visited Mr. and Mrs. J. A. Smith Sunday. Mr. and Mrs. C. C. Kyser of Caprock visited their son, Frank Kyser and family.

Mrs. Shoemaker's sister of Stanton is visiting Mr. and Mrs. J. A. Shoemaker and family this week. Also visiting the Shoemakers were Mr. and Mrs. J. P. Beck and family of Caprock, Mr. and Mrs. Ray Shoemaker and family and H. Shoemaker and wife.

Miss Colleen Moore of Childress visited her sister, Mrs. Wygol and family last week.

Mrs. Lena Nicholson and her son and daughter, Don and Zelda, spent three days last week at Andrews visiting another daughter, Mrs. H. P. Price and family.

Mr. and Mrs. Richard Elder had as Sunday guests, Mr. and Mrs. R. G. Crane.

Mr. and Mrs. Elmer Norris and family spent last week end in Sweetwater.

Mrs. Vannie Williams visited last week in the home of Mr. and Mrs. I. E. Crane.

Mr. and Mrs. Guy Price are spending the summer in Canyon Valley at their summer home on their ranch.

Roger Crane and Jimmie and Sam Shoemaker spent last Saturday in Big Spring.

Mr. and Mrs. L. A. Wygol and sons, Bennie and Jimmie, spent Saturday and Sunday in Amarillo visiting Mrs. Wygol's sister, Mrs. Earl R. Stone, and family.

The Canyon Valley women's club will meet in the home of Mrs. Pete Pennell Friday, July 26.

NEWS NOTES FROM . . . Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

At their regular monthly meeting in Spur on Thursday, July 18, the Supervisors of the Duck Creek Soil Conservation District approved conservation plans on the following farms served by the Post Work Unit: Jeff D. Justice, Otto Klaus, E. F. Parker, S. C. Storie, H. V. Wheeler, T. F. Ashley, Herman L. Morris, C. W. Hinson and Z. D. Kemp. These nine farms total 5,782 acres. Assistance to these landowners in the development of their conservation plans was given by Soil Conservation Service technicians.

The Supervisors also approved 16 applications on 6,882 acres, setting up a new conservation group in the Grassburr area. The applications approved for conservation planning are: W. G. Hinson, C. W. Hinson, H. J. Bingham, S. C. Storie, Scott King, Carl Rains, O. W. Pierce, Bradley Estate, W. E. Havens, Homer Robinson, C. C. Sanders, Mrs. J. M. Malsier, Basil Puckett, Ralph Welch, J. L. Williams and Russell Wilks.

Carl Rains of the Hartford conservation group planted some rye in one of his sandy fields last year. Before it was hailed out Mr. Rains estimated that it would produce three or four times as much grain as would some wheat that he had planted in another field. Mr. Rains plans to plant more rye next year because it gives good cover, does not blow out easily, and is otherwise adapted to sandy soils.

Mr. Rains also plans to plant some alfalfa on some subirrigated bottomland along the Yellow-house Fork.

Former Post Woman Buried In Colorado Springs

Jack Kennedy left here Monday night to join relatives in Colorado Springs to attend the funeral of Mrs. Davidson, who was until her marriage Mrs. Pennington of this city. Mrs. Davidson had been a patient in a hospital in Colorado Springs. Mrs. Selma Kennedy and Mrs. Crispin, both of Post, and a sister from Houston were with their mother when she died.

Mr. and Mrs. Chas. Walden were visiting in Post Tuesday. Friends will be sorry to hear that they will soon move away from here to Bronson, Okla. to make their home.

It took more than four pages of the Congressional Record, in July 1945, to list the wars in which some part or another of the world had been involved since 1800.

Southland News

Mrs. Floy King, Correspondent

Rev. McFarridge of Plainview delivered the message at the Baptist church Sunday as Rev. Brooks is holding a meeting at Valley View.

The meeting is now in progress at the Church of Christ with Ollie D. and Oran Dial in charge.

There was good attendance at the Methodist church Sunday with exceptionally good services.

Arthur (Big) Smallwood was suffering with an arm injury which he received in a car wreck Saturday night. He was carried to Abilene Hospital Sunday.

Glendale King, little son of the Grady Kings, is back home from the hospital where he was being treated for throat infection.

Mrs. J. I. Bartlett, who underwent surgery at the Mercy hospital recently is somewhat improved.

Harvey Ray Stotts, Jr. is home on furlough.

Mr. and Mrs. Jiggs Hampton have moved back to Southland.

Mr. and Mrs. J. D. Hord were in Southland Sunday.

Mrs. J. L. Whited and son, Wayne, and Vernie Chase left for Dallas last week. They plan to come back by Bonham.

Mr. and Mrs. Ben Bloxom and children, Mr. and Mrs. Terry and Mr. and Mrs. Adams were dinner guests of the C. W. Gorys Sunday.

Mrs. Earl Harmonson and children are visiting Rev. and Mrs. O. J. Harmonson.

NORTONS RETURN FROM TWO WEEKS VACATION

Rev. and Mrs. Joe S. Norton returned Saturday night to Post from a two week's vacation in Oklahoma and Arkansas. Their trip included a stop at Cherokee, Oklahoma, where they visited two of Mr. Norton's brothers and a sister, a visit to Siloam Springs, Arkansas, with his uncle and aunt, and on their return route they stopped in Oklahoma City to visit Mrs. Norton's mother. Returning to Post with them from Oklahoma City were Miss Elizabeth Thompson and Mrs. Norton's brother, Bert M. Armstrong. The couple was married here Sunday morning by Rev. Norton.

MERIT SYSTEM EXAMS ARE ANNOUNCED

The Merit System Council in Texas has announced competitive examinations for positions of stenographers, field worker, and various other positions with the State Department of Public Welfare and other state agencies. Detailed information and application blanks may be obtained from State Department of Public Welfare, Austin. The closing date for filing an application is July 30, 1946. Examinations will be held at various points throughout the state.

BILL J. DAVIS WORKING AT HAWKS DRY GOODS

New business personality at Hawks Dry Goods store is Bill J. Davis. Bill, son of Mr. and Mrs. W. L. Davis, was recently given an honorable discharge from the U. S. Navy. He is employed under the GI On the Job Training Program.

NOTICE!

To my friends and fellow citizens of Garza County:

I want to take this opportunity of making a statement in regard to Lt. Governor John Lee Smith and his candidacy for Governor of the State of Texas.

I knew John Lee Smith about thirty years ago as a country school teacher. During that time he became a private in World War I. He spent much time in France and Germany. His son, John Lee, Jr., served in the Pacific Theatre in World War II. He raised the Texas Flag on Okinawa.

When John Lee was twenty-five years of age he was elected County Judge of Throckmorton County, and served six years in this office.

I knew John Lee Smith in his private law practice. I knew him as a neighbor; as a high standing citizen in the community in which we both lived.

I fully believe that if every voter in the State of Texas could know John Lee Smith as I know him there would be no run-off in this primary.

I can honestly testify to his integrity and honesty, as being well qualified as a statesman.

I have not been requested to make this statement by anyone. It is totally unknown to John Lee Smith or any of his assistants, it is only because of my interest in the government of our great state.

Friends, let us elect John Lee Smith as our next Governor.

L. H. Ingram

—Paid Pol. Adv.

Mr. and Mrs. Ira Green... transacted business in Lubbock on Tuesday.

Mr. and Mrs. Paul Jones... children have returned from vacation in Long Beach, Calif., Phoenix, Ariz., and Sonora, N. M.

JOHN LEE SMITH FOR GOVERNOR

VETERAN OF WORLD WAR I. FILED AS CANDIDATE BY VETERANS OF WORLD WAR II.

JOHN LEE SMITH

1. Smith served in France in an artillery regiment as private soldier in World War I.

2. Served as County Judge, State Senator, and Lieutenant Governor.

3. Favors full payment of pensions to the needy aged; we are trifled about this too long.

4. Denounced war-time victory as treasonable to our fighting men.

5. Has opposed the C.I.O. P.A.C. as a threat to American principles.

6. Advocates labor claims to settle disputes and promote costly strikes.

7. Opposes "Closed Shop" as being unfair to returning veterans.

8. Advocates preference to veterans on all jobs, both public and private.

He says: "We gave the soldier an A-1 card to fight. Let's give him an A-1 card to work."

Smith's name was filed for Governor by 25 World War II veterans of Harris County.

This Ad Paid For By Garza County Friends

A LAST MINUTE REMINDER

With the election so close at hand, I'd like to take this means of reminding you that I want to be your next SHERIFF.

I have endeavored to contact every voter in the County since I announced for this office sometime ago, but just in case I have overlooked someone, I want it known that it was unintentional.

I want you to consider me for this office when you vote Saturday . . . your vote will be greatly appreciated.

I served my country during the war, and now I want to serve you.

Charlie O. Reed

Society - Clubs

FOR a hairdress that looks equally well both with and without hats, try the one pictured here which combines the best points of both the "up" and "down" styles. Be sure your hair is lustrous and shining, for that is a prerequisite to any attractive hairdo. For this you might try a liquid shampoo like Drene with hair conditioning action.

CREAM PUFF—Sally Victor's little hat of rough white straw, so fresh and feminine with its bunch of navy taffeta bows at the back and its coquettish dotted veil is bound to be a favorite the country over. It is charming with either an "up" or "down" hairdo, demanding only that the hair be neatly coiffed and beautifully fresh.

HIDING HIGH—Sailors are always in the spring millinery picture. And Lilly Daché, renowned milliner, can always be counted on to give any hat fashion a new slant. This high-riding little navy straw sailor, by Lilly Daché, is banded and bowed with dark red taffeta, giving importance to the coiffure it tops.

ANGEL CHILD—Lacy straws are much in vogue in spring millinery. Sally Victor, famous New York milliner, used Tuscan straw to fashion this hat which she so aptly calls "Angel." With its flattering ruffle around the face and huge bows at the back this hat looks as airy as the season it launches.

Photos by Drene

DOUBLE WEDDING OF FORMER POST COUPLES PERFORMED RECENTLY

Miss Nadine Clem and Mr. Archie Rogers, formerly of this city and brother of John W. Rogers of this city and Miss Betty Collier and Robert Rogers, cousin of Archie Rogers, were united in marriage recently in a beautiful double wedding ceremony. The single ring ceremony was performed in the home of Mr. and Mrs. Weldon Dodson of Livingston, New Mexico by Rev. Shaw of the Lovington Methodist church. The room was methodically decorated with red roses, gladioluses and fern.

The brides wore dresses of aqua blue and corsages of white carnations. Following the ceremony, a reception was held with cake and punch being served to forty-one guests. Most of the guests remained for the party which followed the reception.

MR AND MRS. RAMAGE HONORED WITH SHOWER RECENTLY

Mr. and Mrs. Arlie Ramage were honored with a miscellaneous shower at the Graham school house recently. Many nice and useful gifts were received. Following the opening of gifts and the playing of several games, refreshments of punch and cookies were served to eighty guests.

Carroll Bowen, who has just recently been given an honorable discharge from the Navy, is visiting in Lovington, New Mexico, with his sister, Mrs. John Sutton, and Mr. Sutton. He was accompanied there by a younger sister, Bonnie Ann.

The sermon subject for next Sunday morning at the Church of Christ is "The Lord's Supper" and for the evening service "God Loves and Hates."

There is a district camp meeting this week being held at Cisco for the Church of the Nazarene. The main speaker at the meeting is Rev. W. T. Tidwell of Chattanooga, Tenn., who has been pastor of the church in Chattanooga for 45 years and who has during that time doubled his membership on an average of every 5 years and organized a new church in that city. Those who attended the meeting from the local Church of the Nazarene, included Rev. J. S. Norton, Pauline and Edwin Perkins, Herbert Buchanan, Jimmy Light and Wanda Rogers. The group will return Friday.

Doyle Kelly, minister of the local Church of Christ, wishes the public to know that any kind of religious books may be obtained through him. He was recently appointed agent in this community to distribute these books for the Universal Book and Bible House. If you are interested in increasing your religious library, he asks

THOMPSON-ARMSTRONG WEDDING VOWS READ SUNDAY, JULY 21ST

In a simple ceremony at the Church of the Nazarene Sunday, July 21, following regular services, Miss Elizabeth Eleanor Thompson of Edinburgh, Scotland, was united in marriage to Mr. Bert M. Armstrong of Oklahoma City, Okla. Rev. J. S. Norton, pastor, performed the ceremony.

The vows were exchanged before an altar flanked with pink and white gladioli. Mrs. H. J. Dietrich played appropriate quiet music during the ceremony.

The bride wore a navy blue crepe dress, embroidered with tiny pink and rose flowers across the front of the bodice. Her corsage was of matching pink and rose carnations. Her accessories were of white.

Mrs. Armstrong arrived by plane in Oklahoma City from Scotland Saturday. She was met there by the groom and his sister, Mrs. Joe Norton, and family.

After a wedding trip to Carlsbad Caverns, Ft. Worth and Dallas, the couple will be at home in Oklahoma City where the groom is employed at Tinker Field.

SHEETS SHOULD BE SELECTED FOR THEIR WEARING ABILITY

With sheets soon to be available, or so the news reports from Washington reveal, the ability to make a wise selection is once more an important factor.

Thread count is of prime importance between a good and a poor sheet. Whether a weave is fine or coarse can be determined fairly well by holding a sheet to a light and stretching it tightly between the hands. Signs of a poor sheet include loose weave, threads that show small knots or unevenness, puckers, and missing warp threads.

If the sheet is hemmed with long coarse stitches, it also will be cheap, flimsy, and without good wearing qualities. Small stitches characterize a good sheet. By rubbing parts of the sheet together one can learn whether starch has been added to give it a smooth, soft finish. If the starch is present, a fine powder comes off.

Important to the strength of a sheet is the selvage, which should be closely woven, almost like a tape, and free from wrinkles at the edges. Since all sheets shrink in the first few washings, they should be 108 inches long to give an ample, 20 inch turnback.

A few words about care in washing. Do not wash colored sheets with white ones. Hang colored sheets in the shade and do not wash them in boiling water. Use a soap you can trust. Too much water softener will turn white fabrics yellow.

Mr. and Mrs. H. L. Patty visited in Lubbock Sunday with their daughter, Mrs. June Caffey, and Mr. Caffey. They also attended the Hopkins county reunion at Mackenzie Park where a number of their friends were spending the day together.

KENNETH KARR AND RAMONA GILMORE HONORED WITH PARTY

Kenneth Karr and Ramona Gilmore, both of whom are leaving soon, were honored with a party Monday afternoon given by the music class of Mrs. Elmer Long in her home.

Several games were played and the class prophecy was given by Kenneth Karr followed by a life story and prophecy of Kenneth given by Helen Thaxton. Both Kenneth and Ramona were presented with a gift from the class.

Following the games, delicious refreshments of punch and cookies were served to the eleven present.

BAPTIST WMU MEMBERS HOLD BUSINESS MEETING MONDAY AFTERNOON

The First Baptist WMU met in business session Monday, July 22. A new book in Bible study was ordered entitled "Topical Study of the Bible."

Jeff Justice, Jr. will give a book review of "The Brother" to the entire WMU on Monday, July 29 at 4:00 p. m. All the women are urged to be present for this meeting and to notice the change in time.

Bits Of News:

Mr. and Mrs. Monroe Lane of Lubbock spent a portion of their vacation at the Barrow ranch and in the home of Mrs. Lane's mother, Mrs. L. A. Barrow.

Billy Patty left Friday for Carlsbad, N. M., to spend two weeks with his brother, Tom, and family.

Lucille Cass and little daughter, Sonys, spent several days recently in Friona, Texas, visiting Mr. and Mrs. Dub Curtsinger and sons, Jimmie and Jerry.

R. D. Harper of Houston is visiting his grandmother, Mrs. W. C. Stephens.

Miss Joyce Stephens and Mancel Richardson of Lubbock visited in the Wesley Stephens home last Thursday.

W. R. Graeber Showing Slight Improvement

A slight improvement was noted Wednesday in the condition of W. R. Graeber, prominent Post citizen, who is seriously ill in the Lubbock Memorial hospital. Graeber underwent major surgery several months ago. He and Mrs. Graeber were in Carbondale, Ill., when it seemed advisable for him to return to the hospital. It is hoped that he will begin to improve rapidly and can return to his home here very soon.

Mrs. W. V. Roy In Temple Hospital

Mrs. W. V. Roy was taken to the Scott and White hospital on Tuesday via Mason and Company ambulance. She was taken ill suddenly on Sunday and has been under the care of a physician since that date. No report on her condition was available as we went to press.

FRISCILLA CLUB NOTICE

The Friscilla club will meet Friday, July 26 at 3:30 in the home of Mrs. Walter Duckworth. Mrs. W. A. Cash will be hostess at this meeting.

NEEDLECRAFT CLUB

Mrs. George Samson will be hostess to the Needlecraft club on Friday at 4 p. m.

Mary Margaret Graham of Amarillo is visiting her parents, Mr. and Mrs. Oscar Graham.

**GARZA'S SOUTH TEST
O BE PLUGGED**

Northern Ordnance, Inc., No. 1 Walker, south-central Garza wild-cat has been abandoned and will be plugged this week as a dry hole.

The test, bottomed at 3,522, has slight show of oil in the San andrus zone between 2,410-75 feet, but testing in that zone developed considerable quantities of

Visiting in the home of Mrs. S. A. Stanley last week were her two brothers, Jeff Hubbert and Cleve Hubbert and son, Elmer Cleve Hubbert, and son, Elmer Still, all of Alabama. The reunion was the first in 19 years. Mrs. Stanley accompanied the group home the latter part of the week.

**4,488 PENSION CLAIMS
HAVE BEEN FILED BY
WEST TEXAS VETERANS**

Included in the 4,488 claims for compensation or pension entered with the Veterans Region office in Lubbock are a number from Garza county war veterans, and of this number 3,042 have been acted upon to date, advises Benjamin O. Murphy, of the staff.

This means that 3,042 West Texas veterans, including several here, will soon know whether or not they are going to receive a pension or compensation check from the Veterans Administration.

Of the claims pending adjudication, additional information from the veterans, physical examinations, or service records are holding them up and veteran's whose claims have not gone through are being notified.

One out of every four veterans of World War II has filed a claim with the VA for disability pension. VA records show Disability pensions range from \$11.30 a month for 10 per cent disability to \$113 a month for total disability.

**PAYCHECKS RECEIVED
BY POSTAL WORKERS**

Paychecks for Post's postal workers were received the first of the week, and now everyone is happy up the post-office way.

The checks were held up four days pending approval of the national Treasury-Postoffice appropriation bill by the Senate and signing of the bill by President Truman.

**Post CC Secretary Quotes Excerpts
From Talk Heard At Dallas Meeting**

Sherrill Boyd, secretary of the Post Chamber of Commerce, returned this week from Dallas where he has been attending the Southwestern Institute for Commercial Organization Executives, sponsored by the U. S. Chamber of Commerce and two Southwest organizations. The lectures were by experienced men from cities both small and large that have successfully completed outstanding civic improvement programs.

Classes included a study of chamber of commerce organization, meetings and committee-management, finance, office management, industrial activities, program of work, membership, publicity, commercial activities, civic activities, aviation, agriculture and industry, tourist trade, rural problems, industrial development and cartels.

Complete texts of some of the talks are included in the material which Boyd brought home. Some of these, he believes, will be of interest to the average Post business man; particularly the address, "A Business Man's View of the Chamber of Commerce," by Ben H. Wooten, vice president of the Republic National Bank of Dallas. Here are some excerpts from Wooten's address:

"Business has been the whipping boy for reformers for a long time. The last decade began that way. During the last two or three years there has been a movement on foot to segregate business into two groups—large and small—and play one group against the other.

"If we have another recession, we will hear the old story, 'business failed to cooperate.' When political plans go wrong, 'business is to blame.' When politics fail to bring the promised prosperity, increased production of wealth and attendant employment and well-being, somebody has to be found that can be blamed and it is easy to blame business because business has never in an intelligent way fought back.

"No conscientious judge will attempt to pass upon the merits of any case without complete evidence; yet, every day, the people of America, lacking complete evidence, sit as judges in the Court of Public Opinion and form their impressions of business in general. These impressions will last until business tells its story.

"It seems to me that the U. S. Chamber of Commerce, since it is the mouthpiece of business, should sponsor an educational program—having as its purpose the calling to the attention of the average American the attributes and blessings he has and is receiving through the American system. The campaign need not be 'anti' anything. The affirmative story will sell itself to the majority of Americans. I was happy to read in 'Business Action' of July 8 that a program of this nature is now being considered by a special committee of the Chamber of Commerce.

"Privately owned business will grow or decline in the direct ratio to the manner in which it presents its cause and its worth to the public. The public is the final tribunal—there can be no further appeal.

"Private enterprise is becoming a long shot in the worldwide race with state control of business . . .

"The Chamber of Commerce of the United States, assisted by each local chamber, now has greatest opportunity since its inception: the opportunity to again establish in the minds of the American people the ideals, practices and environments of free men."

The next regular meeting of the Post Chamber of Commerce will be held at 8 o'clock Monday night, August 5.

The Wesley Brients are established in their Mike O'Daniel-owned apartment until Sept. 5, following an out-of-court settlement of the eviction case which threatened early this month to force the Pacific veteran, pictured above sitting on the stairs, and his family onto the Dallas sidewalks. Brient, an insurance company employee, said Monday he had been transferred to Indianapolis, Ind. He made arrangements with the son of U. S. Senator W. Lee O'Daniel to remain in the apartment through Sept. 5, date of his transfer. The Aug. 2 eviction notice served by O'Daniel and its accompanying notice of an increase in rent from \$67.50 to \$100 a month, whipped American Veterans committee members into action in the form of a picketing demonstration. The incident drew wide comment because of Senator O'Daniel's bitter opposition to renewal of OPA price and rent controls.

Mrs. L. A. Barrow is expected home next week from a visit in California with a sister. She went from Post to Hobbs where she joined another sister. They went to El Paso where they went by air transportation to Los Angeles.

Dr. D. C. Williams and Marshall Mason have returned from a pleasant fishing trip to Creed, Colorado.

**Allan Shivers Is
Fully Qualified**

Senator Allan Shivers is the only candidate for lieutenant governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the lieutenant governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is also the only war veteran seeking the lieutenant governor's office. —Pol. Adv.

Proposed Amendments To Be Submitted To Voters in General Election:

H. J. R. NO. 19 HOUSE JOINT RESOLUTION

Amending an Amendment to Article VIII of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; and the amount contributed by the State to such Fund; providing for the investment of the funds of such Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide for appointive officers and employees after favorable election for such Fund, limiting the amount contributed by the county to such Fund; providing for investment of such Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; providing for an election, in any form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose in the income of each such person, and shall not exceed at any one time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

All funds provided for the compensation of such person, or by the State, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas shall be invested in bonds of the United States, the State of Texas, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States; provided that a sufficient amount of such funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said pension retirement funds or direct aid from the State of Texas, shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid.

H. J. R. No. 49 HOUSE JOINT RESOLUTION

proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-a"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

ALL KINDS OF INSURANCE

Be Protected Against Heavy Losses

Many people foolishly trust to luck that nothing could happen to THEIR homes. Then, when least expected and when least prepared for it, something does happen and wipes away everything. So unnecessary. Take a lesson from their mistakes and be prepared. A small amount each month—that you'll never miss—may save you heavy losses later. Act now!

Post Insurance Agency

Office in The First National Bank

for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

"Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all re-funds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law; provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each County under the laws in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose."

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

"FOR the Constitution Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

* According to an opinion by the Attorney General of Texas.

H. J. R. NO. 5 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General election to be held in November, 1946, at which election each ballot shall have printed thereon the following words:

"FOR the Amendment to the Constitution of the State providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expense of such publication and election.

"AGAINST the amendment to the Constitution of the State of Texas providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

"Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all re-funds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law; provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each County under the laws in effect on January 1, 1945. BROTHER OF FORMER POST MAN DIES IN BROWNFIELD

His legs broken and his body crushed by a road maintainer, Lester Barton McPherson, 61, maintenance foreman in Terry and Youkum counties for the State Highway department, and brother of George McPherson, formerly of this city, died last Friday morning enroute to a hospital.

McPherson, it was said, was walking along the right side of a maintainer while it was being towed by a truck in an effort to start the machine. The foreman had a screwdriver in his hand and was attempting to make an adjustment on the magnet when the right wheel of the machine ran onto his foot. McPherson fell forward face down, and the wheel crushed the left side of his body, from his legs to his left shoulder.

The accident occurred at the department's warehouse in Brownfield between 8:30 and 9 a. m. His injuries proved fatal while a Brownfield funeral home ambulance was carrying him to the hospital.

McPherson had lived in Brownfield 40 years and was employed by the highway department about 15 years.

Funeral services were held at 4 p. m. Sunday at the First Baptist church with Rev. A. A. Brian conducting. Burial was made in Terry County Memorial cemetery under direction of Brownfield funeral home.

Pall bearers were men of the Highway department who were employed under Mr. McPherson. Flower girls were his nieces representing each family present.

He is survived by his wife, three sons, Ulee of Brownfield, J. W. of Pecos and Barton of Alaska; two daughters, Mrs. Shorty Brown of Brownfield and Mrs. Homer Craig of Artesia, N. M.; two brothers, Matt of Houston and George of El Paso; and two sisters, Mrs. Will Mathis of San Antonio and Mrs. H. H. Longbrake of Brownfield.

Those from this city who attended the funeral included Mr. and Mrs. Earl Thaxton, Mr. and Mrs. Tom Miller, Mr. and Mrs. Jake Webb, Mr. and Mrs. Ike Webb, Mr. and Mrs. R. D. Travis, Jr., L. P. Kennedy and Jude Manly.

Mr. and Mrs. George McPherson and Mrs. Dick Shannon of El Paso arrived here Saturday and went from there to Brownfield with their daughter.

KENT COUNTY DEEP TEST IS ABANDONED

Humble Oil & Refining Company plugged and abandoned as a dry hole last week their No. 1 Moore after no sign of oil show had been found to a depth of 7,978 feet.

The exploration, one half mile west of the initial Ellenburger producer in the Polar area, had drawn quite a bit of attention from oil men of the area. Location was in the northwest corner of section 45, block 5, H&GN survey.

The test developed 1500 feet of sulphur water in a one hour drill stem test at a section of 7,929-78 feet.

Mr. and Mrs. Jack Coetzum and children of Seminole were visiting here Sunday and Monday.

A. B. Haws transacted business in Dallas the first of the week.

IN ADDITION TO COLUMN ONE OF THE ABOVE:

20% Increase for Service Overseas.
30% Increase if Member of Flying or Older Crews.
5% Increase in Pay for Each 3 Years of Service.

Highlights of Regular Army Enlistment

1. Enlistments for 11, 2, or 3 years. (One-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 90 days after last honorable discharge.
4. Up to 90 days' reenlistment furlough with pay, depending on length of service, with prescribed travel allowance paid to home and return, for men now in the Army who reenlist.
5. Consult your Army Recruiting Officer for other furlough privileges.
6. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. (Retirement income in grade of Master or First Sergeant up to \$185.63 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits under the GI Bill of Rights assured for men who enlist on or before October 3, 1946.
9. Choice of branch of service and overseas theater (if those still open) on 3-year enlistments.

POLITICS

The majority of aspirants for office seem to enjoy the excitement the endless round of handshaking and speech-making, the back slapping and last, but not least, the baby kissing during "politicizing" time. No crossed fingers are evident when they admit to this enjoyment, but from our observation post we'll have to be honest and say some look a little pale around the gills after a tremendously busy day of beating the bushes for votes.

Several candidates have said that it would be pleasant if primaries could be held in the winter or early spring. This is only a pipe dream, however, for they know that people will go to football games in rain, snow and slush, but not to a political rally.

Several states, including Texas, get a double dose of primaries. The run-off does not involve as many contestants—only two for each office, unless the first round develops a majority for somebody. This run-off is pretty tough on the campaigners, especially the losers.

Some states have tried the preferential primary, and almost as many have abandoned it. In this type of primary, the voter indicates his first and second choice. If nobody gets a clear majority of first choices, all but the two leading contenders are dropped from that race, and the first and second choices of the two top men are added. The fellow whose combined first and second choice votes add up to more than his competitor's gets the plum without further formality.

This type of primary saves wear and tear but it has not become popular. Maybe its because people like the fan-fare that goes with a run-off election and prefer the double dose voting, hot or cold weather, rain or shine.

Campaigning is a big job and a tiresome one but its worth the trouble or so many candidates would not be involved.

—000—

WARTIME CLERKS

It's about time somebody said something nice about the wartime clerks, waitresses and other service people in Post.

Of course, occasionally we were mistreated by careless and incompetent clerks who just didn't care whether they did a job for their employers or not. Then too, once in a while, we'd run across an employer, getting rich fast, who was very independent and who just wasn't a bit nice about anything.

But the point we'd like to make is that when folks make a sweeping indictment that everybody was discourteous during the war they are being very unjust to a large rank of people.

The vast majority of salespeople, clerks, waiters, filling station attendants, grocery clerks, etc., deserve no indictment.

These people made a real contribution to the home front. They worked hard, treated impatient and demanding people with courtesy and reflected credit on their employers. In fact we've figured the good outweighed the bad by a margin of 20 to 1.

Folks in service jobs had some trying jobs during the years just behind us so when you say all sales clerks and other service people were discourteous you'll have to prove it to us. We've worked with them, talked with them and had business with them and with only a very small percent it was just not so in our town.

—000—

"MANLESS" TRACTOR

F. O. Masten, who was awarded Master Farmer honors by The Progressive Farmer and the Texas Extension Service in 1928, has been operating a "manless" tractor on his farm in Collingsworth County.

"I have been very busy all winter and spring flatbreaking 3,000 acres," says Mr. Masten. "Out here in Lamb County, we broke 10 to 12 inches with moldboard plows. Because of mesquite grubs, it was necessary to have drivers on the tractors to reset the plows when the beams tripped as a result of hitting mesquite roots. For this reason, we could not run at night or on cold days. But on my 420-acre farm in Collingsworth County we have no grubs to bother us. So we set our tractors and plows to running day and night without drivers. There were no stops except for refueling, greasing, oiling, watering, changing plow shares, etc. On this farm we plowed 12 to 14 inches deep. Many hours of man labor were saved, and the plowing season was greatly shortened. The cold weather made no difference; plowing went on just the same."—From The Progressive Farmer.

DO YOU WANT TO LIVE LONGER?

One of our contemporaries has laid down the following rules for a longer, happier life. Seems these rules are well worth following:

Learn to like what doesn't cost much—reading, conversation, and music.

Plain food, plain cooking.

Fields, trees, woods, brooks, fishing, rowing, hiking.

Learn to like people, even though some of them may be as different from you as a Chinese.

Learn to like to work and enjoy the satisfaction of doing a job as well as it can be done.

The song of the birds, the companionship of dogs, and laughter and gaiety of children.

Gardening, carpentering, putting around the house, the lawn, and the automobile.

Learn to like the sunrise and sunset, the beating of rain on the roof and windows, and he gently fall of snow on a winter day.

Learn to keep your wants simple. Refuse to be owned and anchored by things and the opinions of others.

—000—

The only thing we have found that does any good for a bald head is a hat.

—000—

Womankind suffers from the delusion that marriage will reform a man.

—000—

Almost any man can attract a girl, but only a diplomat knows how to get rid of her.

—000—

Mothers spend months trying to teach their babies to talk; then spend years trying to keep them quiet.

—000—

Doc Young says "Be true to your teeth or they will be false to you."

—000—

The clothes that make the woman are the same that break the man.

Smokeless powder is made from nitrocellulose, which in turn comes from white spruce, yellow pine, or hemlock.

The good man has absolute good, which, like fire, turns everything to its own nature, so that you cannot do him any harm.

"It's a buy!—with an OIL-PLATED engine!"

You want an eye-ful of 1946 style. . . . And you're taking in many an earful on chassis features. . . . And you can have an OIL-PLATED engine—a wear-fighter!—by simply saying a mouthful. Just say you want Conoco Nth motor oil—because you want minimum carbon and sludge, plus fat mileage. Those gains depend largely on wear-resistance, and that's exactly what OIL-PLATING is for. Here is how it works . . .

In any make of new car—or equally well in your old car—OIL-PLATING will make an addition to inner engine surfaces. That's where it's fastened durably—across the path of wear—by Conoco Nth oil's magnet-like action. This power to OIL-PLATE and protect comes from the added Conoco Nth ingredient. It will add to the safety of your new car investment. . . . It will add to your veteran car's chances! . . . And the cost it adds is a few cents! Get Conoco Nth oil—from Your Conoco Mileage Merchant, Continental Oil Company

BETTER FARMING?
Electrically

WE'RE BUILDING AHEAD OF A FAST GROWING TERRITORY!

Ask any farmer who has electric service about its conveniences, its advantages and how it brings more production and more profits.

He'll say, "I wouldn't be without cheap electric power. I will never go back to the old fashioned method of farming."

Our vast expansion program is designed to bring more power to more farms at a lower cost than ever before. Of course, you are interested in electrifying your farm. Your nearest Public Service office or R.E.A. office can tell you how.

HOP HALSEY TALKS TO LARGE AUDIENCE HERE SATURDAY

Hop Halsey, Lubbock businessman and candidate for Congress from the 19th District, spoke here Saturday evening before a large audience gathered at the corner of Washington avenue and Main. He spoke from his richly painted campaign bus over a public address system.

The candidate was accompanied here by the popular Drug Store Cowboys, who rendered musical selections preceding and following his address.

Halsey, who is 32 years of age and the father of two children, told Garza countians that he was experienced as a State legislator, as a business man, and was a capable, sincere, hard-bitten war veteran. He said that he opposes the CIO in its plan to stifle the price of cattle, grain and cotton; that he believed the school teachers salaries are too low; and that he believes that the aged should receive the full federal old age assistance regardless of whether the State matches the funds. He stressed that it was time to unshackle the merchant, the farmer and rancher, and said that he was

Growth And Improvement Indicated For Neighboring West Texas Towns

Sweetwater heads the regional news this week with the announcement of the giant political rally which will be held there tonight in the Mustang Bowl. All candidates whose names appear on the Nolan county Democratic primary have been invited to climax their campaigns in the county by appearing at the rally. Invitations have been sent to all candidates, state, district, county and precinct and indications are that all Congressional candidates will be there in person. There also may be some gubernatorial candidates present. The Hardin-Simmons Cowboy band from Abilene and Tom Michael and his string band of Sweetwater will furnish music for the rally. An added attraction will be free ice cold watermelon for everyone following the rally.

An auction sale of 39 bales of Mitchell-grown alfalfa was held on a downtown corner at Colorado City last Saturday. The crop, which is a new crop to Mitchell county and an encouraging gesture to agriculture experiment,

was harvested by H. M. Moore who lives one-half mile west of Buford. Moore's success with the new feed brought more than optimism from agriculture enthusiasts and specialists. The county agent reported that approximately 98 acres of alfalfa are now producing in Mitchell county.

The Colorado Record also announced that it will publish a pictorial World War II Service Book for men and women of Mitchell county who served in World War II. There will be no cost for placing pictures and write-ups in the book and the Record earnestly solicits a picture of every service man and woman from Mitchell county.

Hamlin Independent Consolidated school district now has a scholastic census of 1,107 after the consolidated elections held last Saturday. Three additional area school districts were added to the district making the territory composed of 141 square miles. Additional school buses will be operated in the district at the beginning of the coming school term, according to school authorities.

Final steps are being taken in the construction of a reception center or labor camp in Dickens county. Farmers of this county have announced that additional farm labor will be needed at harvest time in spite of adverse weather conditions on crops. By constructing this labor center, the migratory labor can be afforded a temporary camp until placed on some farm. The camp site has already been purchased and is located on the cut off road east of the business section of Spur Lights and water will soon be provided at the camp and construction of the buildings expected to begin soon.

The Scurry County robes which was held last week proved to be the finest Scurry county has ever produced. The attendance taken from reservations were the highest it has ever reached in numbers and the long list of contestants ranged from local and surrounding communities to many far out of the state.

The Scurry county Boy Scouts also had their day as they loaded on a big truck last Tuesday morning and headed for an encampment at Camp Fawcett near Kerrville. After leaving Snyder, the truck stopped to pick up scouts in Herndrich and Insdale. The boys returned the last of the week.

Construction of the Lynn county federal road work was begun last week in precinct 2. The first work began on the one-half mile cemetery road, and will continue on the Draw and Grassland roads. Other contracts will be let upon the completion of the drawing of plans of the engineers.

A new business was put into operation in Tahoka last week with the opening of a new frozen food locker plant by A. L. Smith. The new plant is located south of the Davis and Humphries store and contains about 900 lockers.

Mrs. Walter Hyde spent the first of the week in Fort Worth where she attended the fall merchandise market. A scalpel is an instrument used by a surgeon. Read the Classified Ads.

FIRST ACTUAL FILMS OF BIKINI A-BOMBING TO BE SHOWN HERE

Pictures the nation has been waiting to see, Paramount News presentation of the actual atomic bombing of Bikini, has been booked by the Garza Theatre to be shown Sunday and Monday, in connection with the regular picture program, announces B. J. Edwards, manager of the movie house.

The photographic log of Joint Army-Navy Task Force One, including all the highlight incidents, including dramatic last-minute preparations on Kwajalein, ships of the guinea pig fleet in Bikini lagoon, activity aboard Admiral Blandy's flagship, the Mount McKinley, and all other preparatory steps taken for the great event.

The films also include awesome sights of the huge pillar of fiery smoke mushroomed 39,000 feet in the air, a cosmic spectacle with precedent in modern science. Results of the test conclude the film, in which the damaged vessels of the 73-ship fleet are shown.

The heavily censored film, presents the camera story of Atom Bomb No. 4. The shots were made by newswire cameramen, Marine Corps, Army, Navy and Coast Guard photographers.

demanding that the veterans be represented in Washington.

He closed his address by declaring that too much law making and law enforcing has been taken from Congress, and that it has been placed in the hands of too many non-elected, appointed agencies.

His band concluded the program by dedicating a number to Garza county's war dead.

Mr. and Mrs. K. Stoker are vacationing in Rudosa this week.

COTTON PRICES DROP SHARPLY TUESDAY

The cotton futures market broke sharply Tuesday with the price declining the daily permissible limit of 8 1/2 cents. Selling was said to be influenced by Washington reports indicating there may be some roll back in cotton textile ceilings from levels recently established in the free market.

Mills were the principal buyers on the scale down.

TEXAS' SHARE ON LAST USO CAMPAIGN TO BE \$800,000

In typical style Texans are accepting their responsibility to put the state over the top in the next and final USO drive, Governor Coke R. Stevenson, General Chairman, said today.

Texas' share of the \$19,000,000 quota is \$800,000. Stevenson added, "We are particularly pleased with the manner in which Texans are accepting the responsibility of leadership in the counties throughout the state. These leaders are providing the backbone of the organization necessary to make this drive a success."

Stevenson pointed out that there are still approximately 125,000 Texans in the service and we certainly cannot overlook our responsibility to them.

JUNE PRICES WILL RETURN WITH OPA

June 30 ceilings on most items which are not exempted specifically from controls will be re-established if pending legislation to revive OPA authority is approved. The bill is expected to be passed to President Truman today for signing.

OPA officials made it clear, however, that a return to former ceilings would be temporary in most cases, under the pending legislation, OPA has from 30 to 60 days to apply the new pricing standards set up. These standards, officials said, will require higher prices on a big block of products.

LADY NEARLY CHOKED WHILE LYING IN BED—DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Garza County. Adv.
