FARMALL- the Key to Better Farming

Farmall-M—the popular tractor for average size farms.

Farmall power unlocks the treasure house of increased production. It is the key to better, more profitable farming. It will enable you to do more work, better work, and a greater variety of work than by any other means.

The Farmall fits most effectively into contour farming practices. Use it for building and reworking terraces to save productive soil. The Farmall's maneuverability makes it unexcelled for following rows and farming on the contour.

Use Farmalls today for better farms tomorrow!

FARMALL-M For average farms, 160 to 200 acres. Pulls two 14-inch bottom cuttages up to 32 acres a day with a 2-row subsoiler, operates a 2-row pull-type corn picker, drives a 28-inch chisel and does other work in proportion.

FARMALL-M For the larger farms and heavier jobs. Pulls three 14- or 15-inch bottom cuttages, handles four row bar machines. Operates a 2-row mounted corn picker, drives a 32" chisel, and does other work in proportion.

See us for full particulars on Farmall Tractors and Farmall Equipment.

Post Truck & Tractor Co.

SYMBOL of SERVICE MARK of QUALITY

PITTSBURGH, PA.—During the war specially engineered multiple glazed units on B-29's and other aircraft helped make Allied planes superior. These units were designed for insulation value as well as vision and protection. The techniques used in making such windshields have been employed since the war in developing a double glazed insulating window known as Twindow for the home. During tests of the new insulating window, to determine resistance to atmospheric pressure changes, several were flown to high altitudes in a plane. Hostesses Mariana Bruner and Betty Atkinson are shown holding two of the Twindows units.

Garza County 4-H Club Boy Tells Of Trip To State Round-Up At A. & M.

By Carter Gene White

The three 4-H club boys and county agent left Post at 4:00 a. m. Tuesday August 27th enroute to the Texas 4-H club round-up held at A and M College August 28-30. We stopped at Rosewood, due to car trouble, and the boys spent an hour touring the business district. Our next stop was at Weatherford and we saw several groups of boys and girls from other counties also enroute to College Station. After arriving at A and M College at 4:30 p. m. we received dormitory reservations and spent the remaining time before supper in getting acquainted with the other boys in our dormitory. That night we went to a picture show and then came back to the dormitory and finally got to bed at about 2:00 a. m.

We were up at 6:00 a. m. for breakfast which was served at one of our meals in Duncan Hall. This is a large hall and they feed 4,000 students each meal in it during school.

All the boys and girls had a joint meeting Wednesday morning and were assigned to various groups for the afternoon. The group our county was in discussed the 4-H club record books. We suggested changes in the old record books which were adopted and will be noticed in the 1947 4-H club demonstration record books.

Wednesday night we made a tour of the A and M campus and after supper we were free to mingle with the other boys and girls at the Roundup.

Thursday morning we gathered in a group and heard an address by Mr. J. P. Schmidt from Ohio State University on 4-H club work. That afternoon we visited the Dairy Department of Texas A and M and were shown how to care for, feed, fit for showing, and to judge dairy cattle.

We then had a judging contest in which I won second place. Then

School Apples

Sweet apples, large apples, red apples, canning apples, eating apples. Fine pears. Special quantity prices. Fine OIC pigs, bred gifts, young boars.

SHANKS NURSERY
APPLE ORCHARD
Clyde, Texas

we visited the Beef Cattle Division and were shown the same thing of beef cattle. Some of the boys visited the sheep, swine and poultry divisions according to the one they were interested in.

That night we went to a party held in Susan Hall where we saw a stage performance and then played games or danced.

Friday morning we gathered in Queen Hall and heard the results of the district rifle matches. One team placed 7th place. We then witnessed the Dress Review put on by the 4-H club girls. We were dismissed at 11:00 a. m. and after saying the friends we had made there we left for home at 1:00 p. m. We stopped at Post Worth for an hour and spent the night at Decatur at our County Agent's parent's home. Saturday morning we went squirrel hunting and left for Post at 11:00 a. m. We made it fine and we got to Haskell where we had car trouble and had to catch the bus on in to Post.

We feel like we had been rewarded for all our work so far and we are more determined to go on with our 4-H club work and win a State or National trip.

SWINE BREEDERS DIRECTORY SOON TO BE AVAILABLE

An official Texas Swine Breeders Directory will soon be available to hog growers, farmers, 4-H and FFA boys all over the state.

The directory, put out by the educational committee of the Texas Swine Breeders Association, will contain a description and brief history of every breed of hog in Texas, plus a list of breeders in the state with the particular type swine that each raises. In addition the directory will have educational articles on swine breeding, selection and management, written by outstanding authorities.

According to E. M. Regenbrecht, swine husbandman with the Texas A and M College Extension Service and secretary of the Texas Swine Breeders Association, the directory will also be distributed, through educational agencies, in Mexico and South Central American countries as well as the United States.

The Texas Swine Breeders Association is an educational, non-profit organization devoted to the improvement of the swine industry in Texas. President of the association is Lucian T. Jones, of San Antonio. E. D. Heath, H&E Center, is vice-president.

Information in the directory was compiled by the association's educational committee, consisting of Ray Wilson, Dallas, chairman; E. S. Ballew, Clarendon; John H. Adams, Tulsa; R. Beal Pumphrey, San Antonio; W. A. King, Fort Worth; and F. I. Dahlberg and Fred Hale of College Station.

Forty thousand copies of the directory will be printed, says Regenbrecht. It will be a 100 page publication, 40 pages of which will contain educational material.

130,195 PEOPLE VISIT MACKENZIE STATE PARK DURING AUGUST

Visitors at Mackenzie State park during August totaled 130,195, making a total attendance for the 1946 season to 691,736. K. N. Clapp, chairman of the Lubbock Parks board reported Tuesday that attendance this season, which still has September to go, has already exceeded last year's attendance by more than 100,000 persons.

Texas was in the park totaled 33,026 for August with out-of-state cars numbering 252, 735 were overnight visitors and 129,460 day-time visitors.

Word was received this week that Sol Davis has arrived in the States and is expected to be home within a short time. He has been serving in Japan for the past year.

RALEIGH, N. C.—Human friendships rarely endure as long as the one existing between Mrs. LeRoy, (Ma), Franklin and her goose, "Bertha." Mrs. Franklin, who lives in the shadow of ancient Grandfather mountain in North Carolina, is 85 years old. "Bertha" is 58. Mrs. Franklin is sure of "Bertha's" age because she was hatched from an egg the same day one of Mrs. Franklin's sons was born. Last year the ancient goose decided she would like to have some offspring, so she climbed aboard some eggs and hatched out four goslings.

Farm Loan Association To Meet in Tahoka

The Post-Tahoka National Farm Loan Association, comprised of more than 400 members in the two counties, will hold its annual meeting in Tahoka Saturday. Carl Giffing of Tahoka, secretary, has announced.

The business meeting will be held at 10 o'clock in the morning in the county court rooms, and at noon a barbecue will be served to members and their families. Officers of the association are: R. C. Wood, president; W. W. Terry, vice-president; Mike Custer, J. B. Haskins and Oscar C. Roberts, directors.

Mrs. Irene Rodgers spent the first of the week in Colorado City with her daughter, Mrs. Ernest Griffith. Mrs. Griffith spent all last week in Post. While here the Rodgers family attended the "Lubbock exercises at Texas Tech" where Don received his degree from the college. Prior to that Mrs. Rodgers, Mr. and Mrs. Noels Rodgers and daughter, Nonie, returned from a vacation in Colorado.

Mrs. Floy King, Correspondent

Rev. I. J. Duff was in charge of services Sunday, replacing Rev. Brooks, who is still away in a revival meeting.

Rev. R. B. Walden is back home after holding a meeting in Halfway.

Mr. and Mrs. Wilbur Donohoo and children and Mr. and Mrs. Marcy Donohoo and baby left for Nebraska Sunday after spending a week here with their parents, the Wes Donohoes. Mr. and Mrs. J. D. Donohoo have been here a week also visiting his parents, the Wes Donohoes.

Clyde King arrived home Friday with his discharge after being in Guam for nearly a year.

Mr. and Mrs. Bill Gregory and sons are here visiting her parents, Mr. and Mrs. J. I. Bartlett.

Mr. and Mrs. Herman Whited and son, Don, spent the week end with his parents, Mr. and Mrs. J. L. Whited, and her mother, Mrs. Annie Landers.

Mr. Green, a new teacher in the school, and family moved here Thursday to be ready for school Monday.

Anna Jo and Glynis Rufer left Saturday for their home in Vernon after visiting the John Leakes for several days.

Mrs. Nellie Mathis and Carolyn Sue visited Sunday with Carolyn's grandmother, Mrs. Kaysinger, who is in a hospital in Sundown.

Mr. and Mrs. A. Wilkie, Marcus Wilkie and family and Mr. and Mrs. Wallace Becker returned from Wisconsin Tuesday night.

Mrs. Lewis Donohoo underwent an operation in Mercy hospital last Saturday morning.

Mr. and Mrs. C. W. Gary and children who were vacationing in New Mexico returned home Sunday night.

The heavy rain shortened the crowd at the opening school exercises Monday morning. The buses could not run but several cars of rural students came, and books were issued to the students. All of the teachers were present.

Because of the muddy roads, near Hacıberry, the revival there closed Tuesday night.

Laver Ferguson spent the week end in Post.

Mrs. Bill Wood and Mrs. Nettie Kellum accompanied Mrs. Nellie Mathis to Sundown Sunday.

Mr. and Mrs. Clarence Terry visited Tuesday with her aunt and cousin in Post.

The H. D. Hollmans and Lena Mae Samples returned Monday from California where they have been vacationing.

Mr. and Mrs. J. C. Arthur and two sons of Amarillo spent the week end here with his parents, the B. R. Arthurs.

Thursday evening Misses Lu Verne and Ruthell Brooks were hostesses to the Intermediate Sunday school class of the Baptist church. After games were played, ice cream was served to the teacher, Mrs. Clarence Terry and husband, Jack, J. H. and Jo Anne Trimble, Duane Gilliland, Hollis Barkley, Harley Martin, Billy and Tommy Leake.

The annual conference of the local Baptist church was postponed for a week.

Tuesday afternoon a Sunbeam band met with Mrs. Marvin True-lock. Eight children attended and four older girls were present to assist. After this week, the meeting time will be changed to 3:00 o'clock on Mondays for the convenience of women attending WMU.

Mr. and Mrs. Sammie Hendrix and son, Jimmy, of Hobbs, N. M. spent the week end here with her parents, Mr. and Mrs. John Leake.

H. G. Howard, jr., of Lubbock and Robert Golden of Heford were visitors in the home of Mrs. I. L. Goffman during the Labor Day weekend. Elmer Gullikson, Alon of Berylford, visited his mother for a short time Monday evening.

KENT TEST WITHIN 50 FEET OF ELLENBURGER

American Liberty Oil company No. 1 Connell-Young, in southwest Kent county, was slated to start coring the first of the week from 7,729 feet in soft lime. The formation is understood to be the lower Pennsylvania lime, and the prospector should go into the Ellenburger in the next 50 feet.

The exploration is one mile northwest of the discovery for Ellenburger in the Polar field.

The Federal Government is again offering "all risk" crop insurance to wheat growers this year. The insurance is now available in all states.

NAKE BITE IS FATAL TO MATADOR YOUTH

The deadly Texas black-banded rattlesnake has added another victim to its list, the first in some time in this immediate area. The victim was three-year-old Bobby Rich, son of Clyde Rich of near Turkey.

The child was bitten at 6:30 o'clock Saturday evening and died at a Matador clinic Monday.

Plunkett Variety Show Plays To Good Audiences

The Plunkett Variety show, which completed a three-night engagement here last night under sponsorship of the Post Volunteer Fire Department, played to a packed house each night.

The show was pleasing, entertaining and thoroughly enjoyed by Post and Garza county show-goers, many of whom saw all three performances. Most popular among the entertainers was Captain Fizz Plunkett, who offered three specialty acts, one with dogs, trained seals, and monkeys. The Plunkett family, comprised of ten members in the show cast, are fine entertainers and their return to Post will be looked forward to by all who saw this season's presentation.

RETURNS FROM WHEAT HARVEST LAST WEEK

John Baker, owner of the John Baker Wrecking Company, who has the past five years taken a great liking to the outdoors, last Friday returned to Post from a four-month's vacation-work trip to the wheat growing states.

Baker the past five years has been "making the harvest" as he calls it. He operates trucks and follows the wheat harvest from Oklahoma to the Canadian border. Although there is lots of hard work connected with the wheat harvest, Baker declares it to be more of a vacation, as he enjoys being outside in the fields.

He left Post May 15 and began operating two trucks in the wheat fields around Grandfield. As the harvest moved north he followed through Kansas, Nebraska, Colorado and North and South Dakota. At the close of the season the gang foreman, Felix Winchell, custom combine operator, treated the crew to a week's trip in Canada which, according to Baker, accounts for the foxy mustache he is now wearing. "I just had to sprout me to get along with those Canadian Frenchmen," said the Postite.

WELDON JOBE ACCEPTS JOB WITH WHOLESALE COMPANY

Weldon Jobe reported to the W. B. Reynolds Wholesale Distributors office in Houston early this week to take over a new job with this company. Jobe, formerly with the Greenfield Hardware Company here and more recently with a firm in Tahoka, will be assigned to the West Texas area. The Reynolds company sells appliances. Jobe spent part of Monday here visiting his little daughter, Sharon.

Mrs. Tom Morgan returned last week from a visit in Wichita Falls with her brothers, whom she had not seen in seven years.

WASHINGTON, D. C. — (Soundphoto) — Acting Secretary of State Dean Acheson, left, is shown here at a recent news conference where he explained the United States' position in regard to Yugoslavia to the assembled newsmen. Yugoslavia continues to remain in the news as officials from both countries try to smooth out differences in policy. U.S. correspondence to Yugoslavia is channeled through the Yugoslav Charge d' Affaires in Washington.

BANK BUILDING BEING REPAIRED THIS WEEK

Repair, re-finishing, and re-painting of the First National bank building, which was damaged by fire several weeks ago, was begun the first of the week by the Joe Telford construction crew of Lubbock.

The exterior of the building, which was badly smoked, is being completely gone over with brush and trowel. The brick work is being re-pointed, and the stone columns at the entrance, and stone coping, are being cleaned and brightened with steel brush and file.

New celotex will replace the smoke-damaged ceiling and wall materials, and the woodwork, and plastered walls, will receive varnish and paint. New lighting fixtures are to be installed and a new heating system is to replace the present plant.

Returns To Denver

Mrs. Ella Norrme Moreman Jordan, who has spent the past few weeks here with her mother, Mrs. Harvey Moreman, left last week for her home in Denver, Colorado. While she was here she and her mother visited her late husband's relatives in Fort Worth for a few days. She received confirmation of his death from the War Department sometime ago. He served overseas as a captain for many months with the Army Air Corps.

Nursery School To Open Here

A nursery school is being opened in Post by Mrs. E. N. Gibson. The school will be operated at her home on the Tahoka highway and parents are invited to get in touch with Mrs. Gibson if they are interested.

CLUB REPORTERS NOTICE

With the resumption of clubs and other women's organizations, a reminder is in order on turning in club reports to the Dispatch.

Reporters are urged to get reports in by Tuesday afternoon.

Write only on one side of the paper.

Sign name to all articles in order that editors may contact you in case some question arises.

Remember to employ the five W's in writing your articles—Who, When, Where, What and Why.

Names always make news. When more than one person in your organization has the same name, like Williams for instance, be sure and identify by initials or given name.

When members put time and effort into preparing a program, reporters should give them recognition for their efforts.

MASON'S BURIAL ASS'N. RECEIVES ITS CHARTER

Announcement is made this week by Mason's Burial Association that the organization has been completed, and that the permanent charter has been granted.

The five hundred charter members were secured in less than four weeks, reports Marshall Mason, president of the association. "We feel that we have set a record in forming our organization, as we understand that no other burial association has equalled our record in securing membership in so short a time," declared Mason.

Membership of the organization is expected to reach several hundred more now that it is completely organized and chartered.

MODERN SERVICE STATION TO BE ERRECTED ON CORNER OF MAIN AND BROADWAY

Construction of a modern brick service station on the corner of Main and Broadway to replace the Star Service Station, which was razed by fire several weeks ago when a gasoline loaded truck crashed into the building and caught fire, will get underway within a few days. Workmen this week are cleaning up debris of the old station and wrecking out the small cafe building which was also destroyed by the blaze.

The new station will be 80 by 80 feet in size, and besides affording an office, stock room, rest rooms, and inside washing and greasing department, will accommodate offices for the Texaco wholesale agency. The Texaco Company will occupy a space 20x20 feet on the east side of the building.

The station, according to Ira Lee Duckworth, owner, will be two-bay in design, with a Broadway drive-in and Main street drive-in. The roof will be low and flat and of modern design. The service departments are to be equipped with new electric pumps, electric-lift washing and greasing rack, and other modern service station equipment.

The building is to be completed in forty-five working days by Joe Telford of Lubbock, who holds the building contract.

Guy Floyd, who operated the station about a year before the fire, will lease the new station.

TEXAS' THIRTY-SIXTH TO BE HONORED MONDAY, REUNION IS SLATED

Monday September 9, has been proclaimed by Governor Coke R. Stevenson as Salerno memorial day. At the same time the famed Texas Thirty-Sixth division will hold its second reunion at Fort Worth.

James L. Minor of Post, who served with the Thirty-Sixth with rank of lieutenant-colonel, said this morning he was making plans to attend the reunion which begins Saturday and runs through Monday.

Citizens of the State are urged by Governor Stevenson to memorialize those who died in the invasion of Salerno three years ago, and to honor all members of the 36th Texas Infantry division with such observances and celebrations as they deem appropriate.

Mrs. H. F. Giles and Mr. and Mrs. Dick Roach returned Monday from Ft. Worth where they were visiting with Mrs. Giles' children.

MARY SIMMS AND
HEN McCLENDON ARE
MARRIED SUNDAY

Wedding of much interest was that on Sunday, Sept. 10, of Miss Mary Simms to Mr. H. E. McCleendon in Lubbock at the home of the officiating pastor, Dr. C. A. Buckley, pastor of the Asbury Methodist church. An impressive double ring ceremony was performed before a hushed altar of gladness and

The bride wore a Pekin blue tulle suit with Sultan brown accents. She carried a white prayer book topped with an ivory something old she had inherited from her mother's wedding ring. For something borrowed she wore diamond earrings belonging to her grandmother's mother.

Miss Myrtle Giddis, served as maid of honor. She wore a Dan-ger suit with Claster grey accents and a shoulder corsage made from pink roses. Serving the groom as best man was his cousin, Bill Murfee. The bride is the charming daughter of Dr. S. A. Lowrie of this city. She completed her high school work here then attended a normal school. For the past two years she has been employed by Lubbock National bank.

The groom is the son of Mrs. H. E. McCleendon of 1913 Tenth in Lubbock. He was attached to the Air Corps for three years during the war and served as a gunner. He is now attending the Technological college. The couple will reside at 1918 in Lubbock.

Wedding Breakfast Honors
Following Ceremony

Following the ceremony a wedding breakfast was held at the home of Miss Lowrie. The table was set in shades of pink and green and combined with greenery and used effectively to decorate the room and as a centerpiece on the breakfast table. The table was with a handsome cloth made up by the bride's mother. The table holding the beautiful cake was also covered in shades of pink and green.

Wedding guests in addition to bride and groom were the bride's mother, Mrs. McCleendon, Murfee, Robert Russell, Max-Jobe, Dr. S. A. Lowrie and Edwards. The couple left following the feast for a wedding trip to New Mexico.

MISS MARY SIMMS

POST TEACHERS TO BE
HONORED WITH TEA
ON SEPTEMBER 12

The initial meeting of the P-TA for this year will be a tea given Thursday, September 12, at 4:00 o'clock in the Home-making department of the high school. The occasion will be in honor of the teachers in grade school and high school for this year. Following the tea, a short business meeting will be held with the president, Mrs. Willard Kirkpatrick, presiding. Introduction of high school teachers will be given by Supt. G. R. Day followed by the introduction of grade school teachers by Mr. J. L. Miller. Mrs. B. E. Young will outline the programs for the year at the close of the meeting.

Officers of the organization are president, Mrs. Willard Kirkpatrick; vice-president, Mrs. John Lott; recording secretary, Mrs. N. C. Outlaw and treasurer, Mrs. J. D. McCampbell. Chairman of the various committees include: Membership, Mrs. L. P. Kennedy; Entertainment, Mrs. Lester Nichols; Finance, Mrs. Tommie Anderson; Program, Mrs. B. E. Young; Publicity and Corresponding Secretary, Mrs. Nola Bristor; Founder's Day, Mrs. Ralph Welch; Parliamentarian, Mrs. Lee Davis; Historian, Mrs. C. R. Thaxton; Goals, Mrs. H. T. Carr; Music, Mrs. Ray N. Smith; Publications, Mrs. Ira Farmer; Life Membership, Mrs. Tom Bouchier; Safety, Mrs. S. D. Strasser; Health, Mr. J. L. Miller and High School Service, Mrs. Tol Thomas. The P-TA theme is "Building

Church
News
MELBA JO MILLER

"Be ye therefore followers of God, as dear children; and waff in love, as Christ also hath loved us and hath given Himself for us an offering and a sacrifice to God for a sweet-smelling savour." Ephes. 5:1-2.

Minute Prayer

Our Father, Who dost so deeply care about all that we have to do this day, help us to do everything as in Thy sight. Make us faithful in all our work, and help us always to do our best. In all our work and play, help us to be fair and honest, considerate of our friends, and even more anxious to play square and well than to win. Keep us thoughtful of others and friendly toward them. Bind us more firmly to our dear ones and our friends this day, and so ring us to the end of the day wiser and stronger, and more able to serve Thee better tomorrow.

Jonathan Edwards, widely-known minister of another generation chose for his personal guidance the following five rules of conduct:

1. To live with all my might while I do live.
2. Never lose a moment of time.
3. Never do anything which I would despise in another.
4. Never to do anything out of revenge.
5. Never to do anything which I would be afraid to do if it were the last hour of my life.

Whether or not you and I would select these particular rules, were we called upon to choose, is not important here. The fact is, no life can achieve the highest and best that does not set before itself definite ideals and worthy goals. One doesn't drift into business success. Nor can one drift into right conduct. Character must be achieved. There is no place like the Church for us to relate ourselves to God—no better place to tap those spiritual resources which give us personal victory.

All of us, and especially the children, need the teaching of the Church to help define the goals of life.

A zone rally is being held in Lamesa Friday for all the Nazarene churches of this zone. The churches included in this zone are Tahoka, Grassland, O'Donnell, Post, Snyder, Brownfield, Sa-graves and Denver City. Services will be held at 10:30 a. m. and 2:30 p. m. A night service will also be held. Main speaker at the meeting will be Mrs. Eva Gardner, well-known special Sunday school worker. A large number of people from the local church plan to attend the meeting.

The revival meeting which is being held at the Nazarene church this week is progressing rapidly. The services being conducted by Rev. E. E. Hale of Bethany, Okla., begin each morning at 10:00 o'clock and each evening at 8:00. Special group meetings are also being held each evening at 7:30. The meeting will close Sunday night.

The WSCS of the First Methodist church held their regular business meeting Monday in the home of Mrs. L. A. Prussan with Meses, T. L. Jones and T. R. Greenfield as co-hostesses. Mrs. Ralph Welch was in charge of the program which was given by Meses, Sorman Clark, T. R. Hibbs and J. R. Durrett. During the business session, the group voted to serve the Rotary Banquet which will be held Sept. 17. Following the business hour, the hostesses served delicious refreshments to the eleven members present.

The Ladies Council of the First Christian church met Tuesday in the home of Mrs. F. I. Bailey with nine members present. Mrs. Stok-er began the meeting with a prayer followed by the devotional and lesson taken from the 12th chapter of Romans and given by Mrs. Lee Davis. Following the business meeting, a short social hour was enjoyed by the group and delicious refreshments were served by the hostess.

The Baptist W.M.U. of the Lubbock Association met at Slaton on Tuesday, Sept. 3. The program began at 10 o'clock and lasted until 3 p. m. A delicious lunch was served in the church at noon. Main speaker for the meeting was Mrs. A. C. Donath of San Angelo, who has been serving as a missionary in Africa for 10 years. During the meeting Mrs. Twitty of Lubbock was elected president of the association for this year. The ladies attending the meeting from the local church included Meses, Morris Neff, Kelly Sims, J. P. Manly, Iven Clary, Dan Cockran, Ralph Carpenter and Keith Kemp.

Firm Foundations" and the organization meets each second Thursday at 3:30 at either the grade or high school auditorium.

Making your own accessories is fun, says Vilma Kurer, lovely Austrian actress on Mutual's "True Detective Mysteries." Here Vilma models her latest easy-to-make wardrobe fancy designed to ward off rainy weather blues; a black silk umbrella cover topped with a black-and-white ruffle bordered in black velvet. A complementary scarf of black and white taffeta to match, completes this attractive spring outfit.

Society - Clubs

BETTY WILLIAMS, IRIS PARKER, BILL DAVIS TO FEATURE CLUB PROGRAM

The opening program of the Senior Woman's Culture club will be a Fine Arts program taking the form of a musical feast honoring those children of the club members who have made outstanding accomplishments in music here at home and while at college.

This program will be held in the First Methodist church on Tuesday night, September 10, at eight o'clock.

Betty Williams, who has made a brilliant record as an organist at Texas State College for Women, will be featured in organ recital. Iris Parker, a talented young student in the same institution where she took voice last year, will render vocal numbers. Bill J. Davis, whom we have all heard with much pleasure and who now plays with the Lubbock Symphony Orchestra, where they accept only violinists of real worth, will render violin numbers.

The club members have watched the club children grow from infancy and they take an especial pride in presenting them in this opening meeting of the new year.

The Junior Culture club members are invited to be special guests and are requested to invite others. This first program of the year is open to the public and a large attendance is expected in honor of these young people.

PRESBYTERIAN WOMEN HEAR DISTRICT PRESIDENT IN SPECIAL MEETING

The Presbyterian women of the local church heard Mrs. Lora, district president of the Presbytery whose home is in Breckenridge, talk on many phases of the women's work when she appeared here Tuesday.

A luncheon was held at the Algiers hotel at one o'clock to honor the visitor. Pink roses decorated the center of the luncheon table and the visitor was presented with a lovely corsage of white carnations.

A report on the national convention held at Grand Rapids, Michigan, was given and most interesting phases of the church program were presented.

Place cards in the chosen flower design marked places for Meses, D. C. Williams, J. A. Stallings, Ben Williams, George Samson, W. E. Dent, Frank Eaton and J. E. Mc-Mim.

Regular sessions of the Ladies Aid are held on the second and fourth Monday of each month. Mrs. D. C. Williams is serving as president.

GREAT SHORT STORIES OF WORLD WILL FORM BASIS OF CLUB PROGRAM

The Senior Woman's Culture club yearbook for 1946-47 is in the making according to Mrs. T. L. Jones, president of the club. The executive board chose as a course of study The Twelve Great Short Stories of the World with miscellaneous programs interspersed. The program promises to be one of the most interesting in several years.

The committee hopes to have the yearbook's ready for distribution in about two weeks, Mrs. Jones stated.

Mrs. Sam Morrow of Ft. Worth, Mrs. J. M. Brass and daughter, Flo Wilks of Socorro, New Mexico, visited a few days last week in the home of Mr. and Mrs. W. E. Dent.

JACKIE THOMAS AND JOHN R. KIKER MARRY IN CALIFORNIA

Miss Jackie Thomas, daughter of Mr. and Mrs. Mike Thomas of Karnes City, Texas, and granddaughter of Mrs. Allie Lamond of this city, became the bride of John R. Kiker of Novato, California on August 28.

The quiet ceremony was officiated by Rev. D. Harvey of the Presbyterian church in the parsonage.

The bride wore a gold hand-made wool abstrus dress and black accessories. She held a bouquet of gardenias and orchids on an opened white Bible.

The couple left for a few days trip through Nevada visiting points of interest. They will be at home August 29 at the Diamond K Ranch in Novato, 30 miles north of San Francisco.

The bride is a former resident of Post and was employed as deputy county clerk and gasoline clerk of the OPA during the war. She has been residing in San Francisco for the past year and held a position in the company of Ansel and Robinson, as private secretary.

The groom, a native of Philadelphia, Penn., has been recently discharged from twelve years service in the Navy as Chief Petty Officer.

FORMER POST GIRL MARRIES AUGUST 25 IN ARIZONA

Alma Rugers, daughter of Mr. and Mrs. Hayden Rogers of Mirfa, Texas, formerly of Post, was married to R. Arthur Mechem, son of Mr. and Mrs. L. M. Mechem of Phoenix on August 25 in Mesa, Arizona.

The short but impressive ceremony was read by Judge Byrd, personal friend of the family in the home of the groom's parents.

The bride's only attendant was her sister, Mrs. Edwin Myrnes.

Attending the groom was his father. The bride's gown was a light green wool two-piece suit with black accessories. Her corsage was white carnations.

Those attending the wedding were the groom's parents, Mr. and Mrs. L. M. Mechem, Mr. and Mrs. Gerald Mechem, Mr. and Mrs. Melvin Mechem and Sherry, Jack M. Goodwin, Mr. and Mrs. Jennings Johnson, Miss Kathryn Mechem and Mr. and Mrs. Edwin Myrnes, former Postites.

A reception was given following the wedding by Mrs. L. M. Mechem. The bride and groom cut the beautifully decorated two-tiered wedding cake.

The young couple left for a short honeymoon in Phoenix. They are now at home in Mesa, Ariz.

JUNIOR CULTURE CLUB WILL HOLD FIRST MEETING TUESDAY

The Junior Culture Club will hold their first meeting of this year on Tuesday, September 10 at 7:15 p. m. in the home of Mrs. John Lott. A short business meeting will be held after which the club will adj. on to the Methodist church to attend the open house being held by the Woman's Culture club.

New officers have been elected recently and include: President, Jo Martin; vice-president, Sally Luttrell; secretary, Carolyn Tom Ross; treasurer, Martha Rouch; parliamentarian, Thelma Clark; librarian, Wynona Gossett and reporter, Wanda Cox.

VICTORY CLASS ELECTS OFFICERS AT RECENT SOCIAL MEETING

The Victory Class of the First Methodist church enjoyed a watermelon feast at the roadside park recently.

Fourteen members attended the feast. Games were played and the class elected new officers to serve for the next six months. Steve Stramer was elected president; Glenn Voss, vice president; Vivian Cooper, secretary-treasurer; and Mabel Harris, social chairman.

MERRY MAKERS CLUB MEET WITH MRS. CALDWELL

On August 27 nine members of the Merry Makers club met with Mrs. Mabel Caldwell. There were three visitors, Mesdames Parsons, Oyster and Lottie Sanders. The afternoon was spent doing needle work and in visiting. It was gift day and many nice gifts were exchanged. Most every one heard from their club pals.

Refreshments consisting of freezer ice cream and angel food cake were served. The club adjourned to meet Tuesday, Sept. 10, at the home of Helen Livingston.

—Reporter

TRENDS FOR FALL

Tweeds take the lead, boldy, but with finished sophistication. Colors are striking in plaids. You will find tweed coats over wool dresses... tweed suits in better quality and bright russet browns is a predominating color. It is often combined with black. Bold tweeds require accessories of size and weight. Russet brown bags, combine well with the popular beiges, new greens, gold and black.

The costume ensemble is black again... coat and dress made together. There are exciting new versions, versatile and varied; slim torso coats in diagonal; plaids or monotonous over jersey or wool dresses in beautifully blended colors.

First suit jackets are longer and materials range from tweeds to failles. They are snugly buttoned, dented at the waist line and most models have the slim narrow skirt. The new long suit jackets do not exclude shorter ones... a jacket length is a personal thing, depending on the height of the individual.

Something new—those are words of magic when women see wardrobes. The fall fashion picture is teeming with magic this year.

Mr. and Mrs. S. C. Caldwell spent the week sight-seeing in Colorado Springs and Denver and other points of interest in Colorado and New Mexico.

Mr. and Mrs. Dan Altman and little daughter, Judy, are spending an extended visit in Petersburg and Pampa with friends and relatives.

Swing of Southwest Farm Markets

Southwest farm products continued to find a broad demand at most markets that kept prices generally steady to strong, according to USDA's Production and Marketing Administration.

Cotton gained \$2 to \$3 a bale last week in moderately active spot markets. Prices stood well above 36 cents a pound. Demand was strong for a wide range of grades and staple lengths.

Most southwest egg markets reported top quality offerings firm under declining receipts and broad demand, with prices gradually working higher. Hens and fryers held steady under fair demand, but turkeys were dull and weak.

Livestock producers rushed record loads of cattle and hogs to most markets early last week because of expected OPA action on ceilings and drought in some areas, but receipts dropped off during the latter part of the week when OPA indicated a boost in former ceilings and when rains broke the drought, in general, cattle prices were steady but had a tendency to drift lower last week.

San Antonio and Houston reported steady prices and gains of 25 to 50 cents a cwt. on slaughter calves and beef cows over the previous week's close. Trading remained active all week.

Southwest hog markets registered declines of \$1.50 to \$3 a cwt. last week compared to the previous week's close. Top butchers were quoted at \$16.50 a cwt., San Antonio and Ft. Worth; \$16.75 to \$17, Wichita; \$17 to \$17.50 Oklahoma City and Denver.

Most grains moved considerably higher last week than the previous week's close. Rice markets were active, but trading was slow because of uncertainty of new price ceilings. Feed prices showed some evidence of weakness.

Former Post School Teacher Appointed To School Job

Anthony Hunt of Abilene and former teacher in the Post schools was appointed deputy state superintendent of schools for the West Texas Area, according to a news release Monday morning.

Hunt has been USO director at Bryan as representative of the YMCA. He resigned a deputy superintendent in 1943 to accept the USO position. His father, the late Dr. J. W. Hunt, was founder and first president of McMurry college.

Sandra Beth Price of Lubbock visited last week with her grandparents. Mr. and Mrs. Cameron Justice.

Post Area Representative Attends Coffee Sales Meeting At Houston

Stanley Brunson of Post, representing Duncan Coffee Company of Houston, Texas in this area, attended the 26th Annual Sales Meeting at the River Oaks Country Club in Houston, August 29, together with 150 other Duncan Coffee Company representatives and officials.

Faul E. Tarr, Production Manager, presented the latest developments in research and packaging as it applies to the coffee industry, and discussed various phases of the company's business as it pertained to purchasing supplies.

The Fall advertising program was dramatically presented in a plan form by the Steele Advertising Agency, Inc. of Houston, setting forth the newspaper and other advertising for the Fall 1946 Campaign.

Mr. H. M. Duncan, President of Duncan Coffee Company said, "This is our greatest expansion since the founding of the company, both as to advertising appropriation and territory in which Administration Coffee will be distributed."

MILLION DOLLAR CATTLE DEAL MADE AT LUBBOCK

A million-dollar contract was signed recently representing one of the year's largest cattle transactions and may help restock dry Texas ranges.

Between 12,000 and 13,000 cattle valued at around \$1,000,000 were bought last week from Red River Cattle Company of Tucuman, New Mexico by Sam C. Arnett, Sr., banker-rancher, and Tobe Foster, oilman-rancher, both of Lubbock. Delivery is expected by Dec. 1.

Arnett and Foster report that the cattle are to be resold to ranchers in small lots in order to restock some of the dry ranges in this part of the country.

The cattle are now on the 450,000-acre Bell Ranch in New Mexico and are reported as being in fair condition due to late rains.

An undivided half interest in the cattle was sold later to Joe W. Eppy, Fort Davis banker-rancher.

TRACTOR-MOUNTED SWEET POTATO DIGGER SIMPLIFIES HARVESTING

A tractor-mounted sweet potato digger, which simplifies the harvest of potatoes, has been developed at the Sweet Potato Experiment Station at Gilmer, Texas.

The digger consists of an old grader blade, bent and mounted on the rear of a tractor. The blade plows beneath the potatoes and they ride out of the ground on a finger-like arrangement attached behind the blade. The fingers free the potatoes from the soil and leave them on top of the bed.

Potatoes harvested with the digger are not cut and bruised as much as those dug with ordinary equipment.

BEAUMONT PASTOR TO TAKE LUBBOCK CHURCH

Dr. J. Ralph Grant, pastor of the First Baptist church of Beaumont the past seven years, has accepted the pastorate of the First Baptist church of Lubbock, according to an announcement in the Lubbock Avalanche Monday.

He is a member of the executive board of the Baptist general convention of Texas and formerly was a pastor at Anson and San Angelo.

He will move to Lubbock September 15 to succeed Dr. C. E. Hesterford, who goes to Corpus Christi.

NEWS NOTES FROM... Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

At the last meeting of the Supervisors of the Duck Creek Soil Conservation District Mr. R. E. Jackson, Superintendent of the Spur Experiment Station, gave a report on water conservation on the Experiment Station during the heavy rains of June, pointing out many opportunities in making use of outside water. Proposed studies on land preparation for erosion control and use of stubble were also given.

Conservation plans on farms belonging to J. T. Simmonds, G. D. Ellis, Dee Boren and Ted Schultz were approved by the Supervisors, along with applications for assistance in soil conservation work from E. O. Merrell, J. M. Lane, Sug Robertson, H. W. Davis, Buck Gossett and J. H. Waller.

Rainfall was reported for last week as follows: C. P. Witt of Calgary 46 inches and R. L. Cummings north of Post 77 inches on Thursday, August 27. On Wednesday, August 28, Bud Stevens of the Graham conservation group reported 4.20 inches and S. M. Lewis of the Pleasant Valley conservation group 4.29 inches. The report for Lewis included rainfall of August 27. Lee Reed of the Justiceburg group reported 1.00 inches for August 28.

MISS VERA GOLLEHON APPOINTED TREASURER

Miss Vera Gollehon, who for the past several months has been serving as deputy tax collector in the county office, has been appointed by the County Commissioners Court to fill the unexpired County Treasurer's term, which vacancy came when H. D. Moreman passed away several weeks ago.

Miss Gollehon's term runs until January 1, 1947.

TEXAS WEEK MAGAZINE CREATING WIDE INTEREST

Texas Week, a new magazine featuring strictly Texas news, is in its first month of publication. Mrs. Evelyn Bebb Boyd, widely known newspaper woman whose home is in Post, is one of the magazine's associate editors. This fact along with the fact that the magazine is one of much merit is creating a great deal of interest in this section.

The magazine has a wide and varied field to cover in its weekly coverage and the editors are doing a bang up good job of giving the public interesting news stories of Texas.

Editorial offices for the magazine are located in Austin. Mrs. Bebb is in Austin and has been for several weeks but expects to return to Post in the near future and cover assignments in this immediate area.

Ask for Texas Week on the newstand—it is a magazine all Texans will enjoy.

ARMY RECRUITING MEN TO BE HERE TUESDAYS

U. S. Army recruiting representatives of the Lubbock office have announced they will be in Post each Tuesday from 9:30 a. m. to 3:00 p. m. Garza county men desiring information about the regular army may contact the representatives between these hours. They will headquarter at the post office.

Mr. and Mrs. Ray McNabb and children, former residents, were visitors in Post during the week end. They were en route to their home in Harlingen after a vacation in New Mexico.

'AMERICA'S NEWEST, MOST MODERN PREMIUM TIRE...

U.S. ROYAL Air Ride

There's a great new premium tire on the way—the U. S. Royal Air Ride. Although it has not yet been released for sale, you can preview this important development in tire design at your U. S. Tire Dealer's today!

The Air Ride is more than a new tire. It represents a completely new concept of tire engineering. The result is a wholly new kind of tire performance.

The Air Ride principle is a simple one: more air where it does the most good. You'll get all the dramatic advantages of greatly increased air volume at lower air pressure—for air-cushioned riding and driving ease such as you've never known before. And because of the Air Ride's unique tread and

shoulder design, it is a magnificently balanced tire—a nimble, foot-fasting tire that achieves a new high in effortless steering, driving comfort, car control.

When U. S. Royal Air Rides are available for your car, you'll have a new understanding of what smooth riding really means—a new feeling of safety and confidence as you drive. And you can count on these great new tires for thousands of extra miles of safe, dependable service.

The new U. S. Royal Air Ride is now at your U. S. Tire Dealer's for display only, prior to its announcement for regular sale. It's worth seeing, and worth waiting for—the tire you'll want on your car tomorrow. See it now—today!

JUDGE J. E. GARLAND DIES AT HIS LAMESA HOME SUNDAY MORNING

Post and Garza county residents are saddened this week over the death of Judge J. E. Garland of Lamesa, which occurred Sunday morning at his home in Lamesa. Judge Garland, who on many occasions served as special judge in 106th district court here, and who occupied the bench during the time Judge Louis B. Reed served in the armed forces in World War II, was 68 years of age. He passed away Sunday morning at 11:15 o'clock and was buried Tuesday afternoon in the Lamesa cemetery.

The passing of Judge Garland ended many long years of public service to this area and the legal profession. He had been a member of the Dawson county bar association for 39 years. After he was admitted to the Texas bar in 1901 after "reading" law in New Boston and in Texarkana, he served as Dawson county judge during World War I, and during the recent conflict served as 106th district judge. He was called to post many times to serve as special judge in the 106th district court during the many years he has resided in the neighboring county.

His survivors include his wife, two sons, Edward B. Garland and James Garland of Lamesa, and a daughter, Mrs. Margaret Noble of O'Donnell.

"TRUSKY", FINE CUTTING HORSE WINS AGAIN

"Trusky", prize cutting horse belonging to Jesse Everett of Snyder and ridden by Melt Bennett, recently won additional honors in cutting horse contests and added laurels to an already well filled feed-bag of similar honors.

The event, a two-horse match, was held in Mineral Wells and was watched with keen interest by horsemen from over this area. "Trusky" was the favorite at the Post Stampede last June.

The Mineral Well's match was between Everett's horse and a horse named "Badger" ridden by Grady Blue of Palo Pinto. The Snyder horse won his owner a \$1,000 cash purse.

CIVIL SERVICE EXAMS

EARLY MAILING OF CHRISTMAS PARCELS TO SERVICEMEN URGED

One hundred degree weather seems to cause one to think about most anything other than Christmas, but it isn't too early for folks who have sons, brothers, and husbands overseas serving with the armed forces to begin thinking about those Christmas parcels which are to go to their kin.

The period for mailing Christmas parcels for Army personnel overseas is October 15 to November 15, just one month's time, and only six weeks off, reminds Phil S. Bouchier, local postmaster. Parcels destined for delivery in China, India, the Middle East and the islands of the Pacific should be mailed as early as possible during the first part of the mailing period. Since Navy, Marine and Coast Guard personnel may receive parcels without a request at any time of the year, it is not necessary that parcels be mailed at any particular period. However, asserts Mr. Bouchier, parcels intended as Christmas gifts should be mailed not later than October 15 to afford some degree of probable delivery before Christmas day.

Christmas cards to Army personnel, as well as all branches of the service, may be mailed at any time, but should be in the mails prior to November 15 for Christmas delivery. Cards must be sent in sealed envelopes and prepaid at first class rate, said Bouchier.

There are restriction on the size of Christmas parcels and each must be weighed and measured before presented to the office if there is doubt about size and weight. Parcels shall not exceed 70 pounds in weight or 100 inches in length and girth combined. Not more than one Christmas parcel or package will be accepted for mailing in any one week sent by, or on behalf of the same person, to or for the same addressee.

Each parcel must be securely tied with strong cord. It is absolutely necessary that all articles for overseas be packed in boxes of metal, wood or solid fiberboard, or strong double-faced corrugated fiberboard. Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Valued articles should be registered or insured, advises the postmaster.

Addresses must be legible, and printed in ink, or written on a typewriter. The address should show, in addition to the name and address of the sender, the name, including the full first name, rank, Army aerial number, branch of service, organization, APO number of the addressee.

Perishable matter will not be accepted, and the sending of fragile articles is discouraged.

PEOPLE ARE EATING MORE MEAT

Amounts of meat eaten per person reached a high in 1944, despite so-called war-time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services and to its war-time allies, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, who compiled the report from U. S. D. A. reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was 85 per cent above the figure for 1935-39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat," nearly 30 pounds of chicken and turkey, and 390 eggs, last year, the Timm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-39 period. Consumption of beef, pork, lamb, and mutton per person went up seven per cent for each of those meat products.

Office No. 10, 1301 Santa Fe Building, Dallas

These will be written examinations and appointments made as a result of these examinations will be provisional appointments. Application form may be secured at the local post office.

SCALP TROUBLE! You must find DURHAM'S RESORGIN the best preparation ever used for itching scalp, loose dandruff or falling hair or purchase vice promptly refunded. Large bottle only 75c at R. H. COLLIER DRUG

Heavy rains were reported in most of the counties in the surrounding territory last week bringing an end to a prolonged drought. According to our territorial exchange newspapers, most of the counties' cotton and feed crops will be able to benefit from the late rain to some extent.

Approval for an agricultural and industrial school for returned veterans was received last week in Tahoka, with instruction to begin the middle of the month or the first of October. Cleveland Littlepage has been selected as teacher for the south half of the county and Floyd Heck for the north half. Servicemen are eligible for training in the school under the GI Bill.

A donkey ball game was played last Saturday in Slaton between a Lions club team and an independent team, both of Slaton. Bunting was done in the regular fashion but the bases had to be run on the back of a donkey.

Lorenzo staged its VFW rodeo last Saturday before a large crowd from over the territory. To start the rodeo events, a street parade was held Saturday afternoon. Highlight of the event was the giving away of a new Chevrolet car. Many cash prizes were awarded for the rodeo events.

An all-colored rodeo is to be presented September 21 in Liberty, Texas. The negro farmers of Liberty and Chambers made the plans for the rodeo to be held to help sponsor the Bi-county negro exposition on November 1-3. Contestants will be made up of negro cowboys from Texas and Oklahoma. Seats will be reserved for white guests.

It seems that rodeos are in season with Colorado City presenting its 11th annual Frontier Roundup and Rodeo this week. Formal opening was last night with a parade in downtown Colorado City. Some of the world's best rodeo performers are to be present and a total of \$2120 in cash prizes plus entry fees will be hung up for the performers in the four night show.

Hilton and Bethel common school districts voted last week not to consolidate with the Hamlin Consolidated Independent school district. Consolidation of the two districts was ordered several weeks ago when voters in the two districts signed a petition asking for the election. Six other regional schools this year had voted to merge with the Hamlin district.

A tri-weekly mail route was begun yesterday on the route southeast of Seagraves. The new mail route was established about three weeks ago to serve patrons in the Sawyer and Williams communities. It is approximately 50 miles long and delivery will be made on Monday, Wednesday and Friday of each week. Roads in that area have been improved and mail boxes have been set up by 153 families of this new service.

Enter A. & M. College

Two Garza county boys, Joe Stokes and Gene Ashley left Saturday for College Station where they enrolled the first of the week in A. & M. College. Both boys are 1946 graduates of Post High school.

About half of the world's population was undernourished even before the war.

The Force that Holds a Giant Stalactite Up...

OIL-PLATES Your Engine!

THE tons-heavy stalactite—the giant "icicle" of stone—is held tight to its cavern roof by the tremendous attractive force of molecules pulling up against gravity. Utilizing the force of molecular attraction (basic force that holds things together) Conoco scientists bring to America's motorists the benefits of new and better oils.

By molecular attraction, a special ingredient of Conoco Nth motor oil is bonded so strongly throughout your engine that cylinder walls and other parts are OIL-PLATED! And because molecular attraction holds Conoco OIL-PLATING up where it belongs ... prevents it from all draining down to the crankcase, even overnight ... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now ... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

WOMEN DRIVERS

Women are proclaimed to be the safest drivers. This fact was emphasized last week in Washington when a young woman, wife of an FBI attorney in Washington, was proclaimed the safest driver by the American Automobile Association.

Her husband probably said Oh Yeah! but the fact remains that after painstaking checking by experts who followed hundreds of drivers through traffic of all types, at all hours, the women came through the winners.

The automobile association says of the woman driver: "She is courteous and skillful and is particularly considerate of the safety of others. She gives distinct arm signals for stops, turns, changes in lanes and drives in a manner that demonstrates real ability and sound judgement."

Men are surprised that the award went to a woman for as a rule they believe that women are the world's worst drivers. For the record though it is a known fact that women have a record for accident-free driving so men check up on your driving habits. It is not going to hurt to be more observant of the traffic rules.

STIFF SHOT OF COURAGE IS NEEDED

"Oh, a trouble's a ton or a trouble's an ounce, or a trouble is what you make it, and it isn't the fact that you're hurt that counts, but only how did you take it," says a current writer.

If ever the nation had need of a good stiff shot of courage it's now. Predictions of all sorts of woe are heard all around us—its time we put the skids on this kind of thinking and get a new brand of courage for good old common every day living.

WHAT OUR CONTEMPORARIES ARE SAYING:

THE ZEAL IS GONE... "The missionary zeal that characterized school teachers in years gone by is dead."

O. C. Thomas, in a plea for an understanding of the plight of Texas schools before the Rotary club Friday, declared the question of schools belongs to the public now. "We have done all we can do" with the meagre salaries we have to offer.

There was a time when people loved teaching children enough to devote an entire lifetime to education. They did it at a great sacrifice. The public took advantage of that zeal, and trafficked upon it by paying miserable salaries. It got to the point where a man or woman had to have a private or supplementary income to indulge the desire to teach the young.

The picture has changed. Teachers, like other human beings, want to support families, own homes, drive a car and enjoy a few luxuries. They are leaving the teaching field by thousands for jobs befitting their education, experience and ambitions.

In Texas, the man who mows your lawn commands a greater income than the skilled teacher who labors with children.

John Q. Citizen is provoked. He says teachers are ungrateful—for what? He says they are after the salary—and who isn't?

John, recognizing inadequacy of public schools, sends his child to a private institution, paying as high as \$100 a year so Junior can have the best possible instruction. The same man gripes about paying \$10 a year in public school taxes so Junior, and a million others, can have an equal opportunity in education.

John asked for it. He will pay for good instruction for his children, or his schools will close.

Our own schools in Ralls are understaffed, underpaid, underequipped and misunderstood. They could close in view of current teacher difficulties.

It might be a good thing for our schools to close. There is no more forceful way to bring the matter to a head. John has been on his educational "gravy train" long enough.—The Ralls Banner

LET'S GET BACK TO BRASS TACKS—These elections are good for the country. They get people back to thinking about their government... who is running the government, the kind of folks who hold office, the functions of certain offices and how long some of our officers hold their places. We need politics to keep us alert to our form of democracy—to remind us that, after all, the people rule themselves through their own voting power.

But too many of us get stirred up over charges and counter-charges about this candidate and that candidate. We get into heated arguments, and sometimes say things to our neighbors and friends we live to regret. Let's be as forgiving of the nasty things our neighbors said as we want them to be of our remarks.

The power to forget our bitterness and work hand-in-hand with our fellow citizens for the churches, schools, civic organizations and general welfare in every-day business dealings is typical of good sports in any contest. We trust the folks of our area are ready to get back to brass tacks again.

Besides, no matter how any of us voted, we have the same officers in office now. They should be our choices for the places.—The Hamlin Herald

Well, it is all over for another two years at least. We had a grand old Texas Democratic fight—there not being enough Republicans or off brand parties to interest us. So, we can but our cave-man clubs away for another two years, now, and if we don't feel like kissing the guy who stood for the other man and measures, we can at least shake hands and act like we are friendly again. But keep your froggitchers bright and sharp for the battle two years hence.—The Terry County Herald

Our idea is that we will not hear much more in Texas of "academic freedom." Furthermore, that association of college professors in the North and East who have been trying to run the University of Texas was put on notice last Saturday that Texas is competent to run its own university.—The Lynn County News

The wife contends that she would be an easy sucker for a counterfeit money passer, inasmuch as she hasn't had her hands on enough real money since she married, to know what the stuff looks like.

Just hear a radio announcer give a nice plug to a nationally advertised product, and then say "Our next number will be 'I Didn't Mean A Word I Said'."

Blue Point oysters originally came from Blue Point, a village on Long Island near the eastern end of Great South Bay. Now, however, most small-sized oysters are called Blue Point.

David Barnoff, president of Radio Corporation of America, was once a messenger boy.

The national drink of Japan is sake, distilled from rice.

The Fourth of July was celebrated nationally in 1790, or 23 years after the signing of the Declaration of Independence.

ELECTRICITY AT WORK

For the Future!

All over this vast rich area of ours electricity is at work for the future.

The Panhandle Plains Pecos Valley area is building ahead for a future of more industry, better farms, and more livable homes.

Everywhere you'll find the advantages of reliable low cost electricity, even more abundant now, thanks to the 12 million dollar expansion program of your Public Service Company.

For 22 years, this company has been serving your area, and today, with you it looks forward to an even brighter future. Look forward, too... toward electrical living.

A PIONEER IN BUILDING AHEAD FOR THE FUTURE

SOUTHWESTERN PUBLIC SERVICE COMPANY
22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

**THAXTON CLEANERS
LIGHTEN UP FIRE
DAMAGE WITH PAINT**

C. R. Thaxton cleaning and painting establishment, which sustained considerable damage from the fire several weeks ago, has been put back in tip-top shape last week by an interior and exterior paint job, and the rearing of a new plate glass front. The exterior of the building was smoked and considerable effort was put forth in cleaning the colored face brick. All of the glass front was cracked, and windows searched and cracked.

**WORK RESUMED ON
PLAINS LUMBER YARD**

Construction of the Plains Lumber Company's yard here, which was halted temporarily for several days because of the heavy rains, was resumed Wednesday morning when workmen started completion of the office and supply building.

The structure is to be modern in every respect, and the firm will offer a complete stock of building materials.

Mrs. Mike Thomas having spent a few days with her mother, Mrs. A. Lamsd, has returned to her home in Karnes City, Texas.

LISBON, PORTUGAL.— (Soundphoto) — The Dardanelles are definitely in the news with Russia's demand for a share in their control. The plane carrier Franklin D. Roosevelt, now on its way to the Dardanelles is shown at Lisbon. She is accompanied by two cruisers and three destroyers. This brings U.S. Naval strength in the Mediterranean to one crack carrier, four cruisers and four destroyers—a medium sized task force by wartime standards.

**THE CASH DRAG WILL BE SMALL, BUT—
You'll All But Keel Over When You Find
Leave Pay Blanks To Be Minus Red Tape**

If you are one of Garza County's several hundred GIs who will soon fill out GI terminal leave pay blanks, don't be building sky dreams of a pocket full of cash for a couple of weeks of mountain trout fishing in New Mexico or a casino spree in cool Colorado Springs.

If you are stacking your hopes on this, you're in for a losing, for the cash drag is going to be small. The pay will come in \$25 savings bonds, which mature in five years.

In other words, if you are due \$299.50 for leave which didn't come while you were on some Pacific island or in Europe, then you will receive a check for \$24.50. The rest, \$275, will be by bond. Whether you favor it or not, whether you think it is the thing to keep down inflation, or thoughtful of those congressmen who want to look after you and see that you save your money, that is the way the back pay will arrive in five years.

But what's going to cock-your-platibow fellows, is the simplicity of the terminal application blanks (officially called for "unused leave") . . . it is so easy to fill out

you don't need any help, and for once you will think maybe a PPC was consulted instead of a 30-year West Pointer.

About all you need to do is fill in your name, serial number, branch of service, date and place of discharge, rate at time of discharge, number of days of leave received and number of days due, brig days and OWL days—if you can remember. The information has to be sworn to before a notary public and then attached to original, photostat, certified copy of certificate in lieu of discharge.

Directions say a person discharged from U. S. Naval service before September 15, 1944, must also attach NAPUERS Form 553 (certificate of service).

There are three types of application forms. The first, described in previous paragraphs, is to be used by the veteran himself who saw service between Sept. 8, 1939, and Sept. 1, 1946, and who has been honorably discharged or separated from such service.

Second type will be for claimants whose next-of-kin veterans have died since discharge and before making their own applications. They will write for spe-

cial application blanks.

The third type of application form will be used for persons in service on Sept. 1, 1946, and discharged or separated at later date.

In case you want to obtain a preliminary total of your back leave pay, here is the way: Figure number of leave days, based on 2 1/2 days of leave for each month in service (subtracting all regular leave days) obtained; then compute by using base pay at time of discharge plus longevity, plus 70 cents per day subsistence for all enlisted men. An additional \$1.25 per day allowance for quarters is to be computed for first three pay grades.

You need not be in a big hurry to make out your application, for you have until September of 1947 to do, and your bonds will be dated as of the date of your discharge. . . . you will find that Uncle will be in no hurry, and why should he be because your bonds will not be cashable until five years after the date of your discharge.

But, remember, even if it does figure for \$687.36 . . . you still get only \$12.36 in cash.

**NEW PLATE GLASS PUT
BACK IN MOST OF THE
FIRE DAMAGED STORES**

Most of the store buildings which were damaged by the fire of several weeks ago, which completely destroyed two business firms when a gasoline truck overturned and crashed into a service station, have been repaired.

At least a half dozen buildings in the block on Main street from Adams to Broadway have new plate glass windows. So intense was the heat from the flaming gasoline which ran down the street gutters that practically all the plate-glass show windows were cracked.

New glass fronts have been in-

Justiceburg News

Mrs. R. J. Key, Correspondent

Sunday school and church services were held here Sunday. An unusually large crowd attended as it was the first day of the revival meeting which is being held here.

Herschell Beavers, son of Mr. and Mrs. Sam Beavers, has reported landing in the U. S. and is expected home soon.

Mrs. W. A. Eastman has returned to Trent, from a visit with her daughter.

Marvin Dorman is now living in Seminole, where he is employed.

Mr. and Mrs. Hern Pettigrew and family visited friends and relatives here during the week end.

Mrs. George Evans was in Lubbock Tuesday.

Mr. and Mrs. Herbert Beavers and daughter of Corpus Christi returned with their parents this week to make their home here.

A new service station is being put into operation in Justiceburg by V. A. Lobban. He plans to be ready for business within a few weeks.

**RODEO OBTAINED FOR
SOUTH PLAINS FAIR**

The entertainment program for the Panhandle-South Plains fair to be held Oct. 7-12 was completed this week with the booking of a rodeo for the affair. A contract has been negotiated with T. C. (Buck) Steiner of Austin to furnish the animals and produce the event.

Purses totaling \$2,500, plus entrance fees, will be given for five events, bareback bronc riding, calf roping, saddle bronc riding, bullfighting and brahma steer riding. Various specialty acts will also be presented.

The rodeo has received the approval of the Rodeo Cowboys' Association and will be open to all weddies who have not been "blacklisted" by the organization.

There will be five rodeo performances, one every night except that of the first night.

**MANSFIELD WINS IN
MIDLAND RODEO**

Took Mansfield of Rankin, Texas, five time holder of the world calf roping championship, won the match calf roping contest over Homer Pettigrew of Grady, New Mexico, Tuesday at Midland. Mansfield roped and tied 12 calves in 208.4 seconds for an average of 17.2 seconds per calf. Pettigrew got his 12 in 218.2, averaging 18.1 seconds per calf.

Sony Edwards won the buck-pot roping with time of 18.8.

Bill Edwards of Ft. Worth visited here over the week end.

**VETERANS TO BE
ASSISTED IN GETTING
SCARCE COMMODITIES**

During the next several months supplies of fats and oils are expected to be short of demand in many areas of the country. Moreover, supplies of raw materials are insufficient to permit expansion of civilian production of shortening, cooking oils and salad oils, declares Robert H. Gibson, ACA secretary.

Since the production of these fats are limited and there is no regulation requiring manufacturers to give veterans special consideration in sales of these products, many veterans who have re-established or are attempting to establish themselves in business are finding it difficult to secure edible fats and oils needed for operation of their establishments, explains Gibson.

Due to these facts the Department and Edible Oil Refining Industry have agreed that veterans who qualify should be assisted in obtaining these scarce commodities.

The PMA can guarantee no actual deliveries of these articles, but extensive applications will be accepted at the local AAA office and forwarded to the PMA Sub-State Office for approval, said Gibson. It will be determined at the PMA Sub-State Office if the veteran is eligible and if so the amount of fats and oils the applicant should be assisted to obtain, a letter of recommendation will be issued to the applicant and if necessary, an attempt will be made to obtain assistance from local suppliers that such amounts will be furnished.

**Preview Of Latest In
Tires Being Held At
Connell Chevrolet Co.**

The Connell Chevrolet Company, local U. S. Tire dealer, through an advertisement in this issue of the Post Dispatch is inviting Garza folks to preview America's newest, most modern premium tire, the U. S. Royal "Air Ride".

Although Royal's new tire has not yet been released for sale, J. P. Manly, manager of the firm, invites you to see it at their place of business. The "Air Ride", as Manly explains, is simple in principle . . . more air where it does the most good. "You'll get all the dramatic advantages of greatly increased air volume at lower air pressure, for air-cushioned riding and driving ease such as you've never known before."

"You'll like the tire, but first you will have to see it to appreciate it," asserts Manly. Come in and see it today.

Reported Improved

S. B. Kemp is doing as well as can be expected after undergoing surgery Tuesday at Lubbock General Hospital. Mr. Kemp lives in Tahoka now. He is the father of Keith and Nathan Kemp and Mrs. J. D. Foster.

Three months of formal schooling comprised the education of Thomas Edison, who patented 1033 inventions.

From caddy to professional golfer is the record of Ben Hogan, sensational golf pro from Hershey, Pa.

SHORT AS USUAL

TRIPLE-A DISTRICT MEETING TO BE HELD IN LUBBOCK

A two-day District Meeting is being held Thursday and Friday of this week in Lubbock for AAA officials and employees for the purpose of discussing 1946 Application for Payment under the Soil Conservation Program and also for discussion of the 1947 Cotton Crop Insurance Program.

Those attending from this county will be Will Wright, Julius C. Amagalli, and G. W. Basinger, County Committeemen, Robert H. Gibson, Administrative Officer and Juanita McBe, Chief Clerk.

STEVE LUCE CONTRACTING STREET PAVING PROJECTS

Steve Luce, who for the past several months has been with the State Highway Department since his release from the Navy, was in Post Wednesday "talking street paving" with a number of citizens. Mr. Luce says he is "on his own" and hopes to contract several street paving jobs in this area. He has assembled the necessary equipment and says he is now figuring with a number of West Texas towns on paving projects.

Leo Dodson returned Tuesday from a 3-week visit with friends and relatives in Kippert and Waco.

ANTELOPE BOOSTER CLUB TO BE RE-ORGANIZED

The Post Antelope Booster Club, which has as a purpose promotion of a well developed athletic program in Post schools, will be re-organized at an early date, said James L. Minor, president, Monday.

"We plan to have a meeting of members, elect new officers, and make plans for the year's program," said Minor. Plans are underway now to show movies of the 1944-45 national championship Army team at the first meeting of the organization.

The club will also sponsor a season's football program for all home games, said Minor, and will conduct a membership drive before the football season gets started.

DR. AND MRS. YOUNG ATTEND FAMILY REUNION

Dr. and Mrs. B. E. Young, accompanied by Dr. Young's parents, Mr. and Mrs. J. W. Young, spent the week end in Fort Worth at a family reunion of the Rev. C. W. Young family, Rev. Young is doctor's grandfather.

This occasion is an annual affair but was interrupted by the war. Seventy-five members of the family attended.

LEGAL NOTICE:

This is to notify the public that the Pickett Abstract has been sold to M. K. Bingham and J. Lee Bowen, and that the undersigned, Walter W. Hyde, individually and as executor of the estate of Julia R. Pickett Hyde, deceased, and the heirs of the estate of Julia R. Pickett Hyde, deceased, have no further interest in the conduct of the business of the Chas. L. Pickett Abstract Company as of August 28, 1946.

Signed—Walter W. Hyde, Individually and as Executor of the Estate of Julia R. Pickett, Deceased. 10-12

LESS HOGS, BUT MORE MONEY, QUALITY MORE IMPORTANT

In January of 1947 there were 288,000 more hogs in Texas than there are today.

That sounds like a blow to Texas swine production, but a comparison of values shows that prices and quality are more important than mere quantity in production. Even though there are almost 3,000 less hogs in the state now than in 1947, today's value of Texas hogs is set at \$34,005,000, as compared with the 1947 value which was only \$4,202,000.

These figures were released from the Agricultural Economics Service Center which has been recently set up at the Texas A and M College Extension Service.

Figures from the service center are reminders of what did and can happen to values of farm and ranch products. For instance, hogs in 1919 were averaging \$18.60, but were at a \$2.59 average in 1933.

For an over-all view of what the "depression days" did to agriculture in this state, the service center has figures showing that it took Texas farmers 13 years to again reach a cash income of 20 million dollars after seeing it fall below that figure in 1933.

NEW SUBSCRIPTIONS TO BE TAKEN DURING BARGAIN DAY RATES

The Post Dispatch has been authorized to accept new subscriptions, as well as renewals, on the Fort Worth Star Telegram during yearly reduced Bargain Day Rates.

"The offer is the first in a number of years in which new subscriptions have been offered by the Star Telegram. It will no longer be necessary for present subscribers to bring in their old date slips in order to renew their subscriptions.

The Bargain Rate on the Star Telegram, daily and Sunday is \$10.95

And on the Star Telegram, daily without Sunday \$9.60

The Star Telegram, as you know, has not made a change in subscription rates since January 1942. Throughout the war years, most every periodical did, and now with increases in newspaper paper, wages, materials, services, in fact everything that goes into making a newspaper, a slight increase in price has been added.

The Post Dispatch will continue to hold its TWO DOLLAR rate through the remainder of this year, but will not offer reduced combination rates with any of the daily publications. You can subscribe for the two papers at our office, Star Telegram at \$10.95, plus \$2.00 for the Post Dispatch, making both papers cost you \$12.95

Bits Of News:

Mrs. Allie Lamond and Mrs. Mike Thomas returned August 30 from a two months vacation in California where they visited friends and relatives in San Francisco, Sacramento and Los Angeles. Mrs. Thomas has three sons, John, Bill and Jim, in San Francisco. Also a daughter, Jackie, who was recently married to Mr. John R. Nicker of Novato, Calif.

Mrs. Mervin Hudman spent a few days visiting with her mother in Stamford.

EXAMINATIONS ARE OUT ON RENEWING LICENSES

Effective immediately, any person who has ever held a Texas driver's license of any type may renew that license into any type of license they wish without an examination, regardless of the date of issuance, according to information received this morning by the Post Dispatch from a State Highway patrolman.

All persons who have started an examination and have not passed must finish the test before a license can be issued, said the patrolman. The driver's license examiner is in Post the first, third and fifth Thursdays of each month.

POST BASEBALLERS MATCH TWO POST SEASON GAMES

Sunday the Post baseball team will go to Levelland for a post-season game with the Refiners, run-up winners of the Oil Belt championship, and the following Sunday the Levelland delegation will come to Post for a return game, announced Jim Hundley, this morning.

Several other games are being planned to be played within the next three weeks.

BAPTISTS OF STATE PLAN BIG BUDGET

A \$4,000,000 budget for missionary work was approved Wednesday in Dallas by the quarterly meeting of the executive board of the Baptist General convention of Texas.

A \$900,000 expansion program was approved for Baylor University and Hardin Simmons will receive \$750,000.
