

New Year Will Largely Be Continuation Of Past Year

ROGER W. BABSON
The great event of 1947 will be the beginning of a movement of population from the big coastal cities to the small interior cities. Definite steps are taken for disarmament.

surpluses have not yet been disposed of. . .
4. Inventories, quoted both at their peak values and their volumes, will increase during 1947. Both raw material piles and manufactured goods will be in greater supply in 1947.

at present. The prices of some of the food products may decline. . .
7. The unit sales of some department stores will begin to decline sometime during 1947; but the sales of food and variety chains may continue at peak figures.

come for 1947 should hold up fairly well. But farmers should diversify more in 1947. . .
10. There should be an increase in certain fruits, fish products and vegetables with a decline in prices. The United States will have more to eat in 1947 than in 1946, probably 10 per cent over the prewar level.

Taxes
13. Taxes will not be increased during 1947; and there should be further reductions. More nuisance taxes may be eliminated altogether. . .
14. The Federal debt will be decreased during 1947 and the Federal budget may be balanced by June 30, 1948.

not of the wages desired.
Retail Sales
17. The total volume of all retail sales will be about the same as in 1946. Poor quality goods will suffer, but many items now unavailable will be purchased. . .
18. The total dollar value of all retail sales should exceed 1946 with an increased demand for woolen and cotton textiles.

Foreign Trade
21. The United States will own 50 per cent of the world's shipping in 1947 and foreign trade will increase. . .
22. We will continue our policy of making foreign loans, provided the borrowers will agree to spend a fair proportion of the money in America.

Down Shopping And Down Main Street

With fingers crossed, pray to heaven we have a happier Forty-seven.
Above two-line ditty by Sullivan seems to fit the mood of all the guys and gals interviewed up and down Main Street in the ending of the old year and the beginning of the new.

66 Found Wanting . . .

There has been a crazy year—no one can deny it. Found Americans demanding too much and expecting to pay too little for it.

Light For The New Year . . .

Light for the new year just gone. We want to resolve many things. We know of no better way to start a new year than by reading Henry Van Dyke's "A Light for the New Year."

Harold Voss Takes Over Postmaster's Duties Wednesday

Harold Voss, World War II veteran, was installed as acting postmaster Wednesday morning after being checked into the local office Tuesday afternoon by a postal inspector. Voss replaces Phil S. Bouchier, who has been transferred to fill a rural route carrier's position.

Rainfall Last Year Totals 17.96 Inches

Farmers and ranchers of Garza County, reviewing the moisture situation find that although the past year's rainfall came close to equaling the County's average of a fraction more than 20 inches, look to the early months of the year as the cause for the poor cotton crop, which average later was converted to small grains. The rains aided by sufficient late moisture and ideal weather, produced a fine crop.

Garza County's rainfall for the year, beginning January 1, and ending December 31, totaled 17.96 inches as verified by J. R. Durrett, government weather gauger. The first five months of 1946 brought only 6.14 inches, and came as follows: January 1.44 inches; February 2.25 inch; March .30; April .22; and May 2.12.

TOLKS, FOOD, FUN . . .

No day in the modern calendar has as much family significance as Christmas. There may be family reunions at other times of the year but Christmas holidays invariably call for a gathering of all members of the clan who are within possible traveling distance.

The New Year

IT CAN BRING GREAT PROMISE IF WE STRIVE FOR HARMONY.

With the passing of the old year it is well that we look back over the 12 months past to see what progress, if any, has been made; to weigh the mistakes that have been made and to determine what steps to take to eliminate the errors in the year ahead.

The nation as a whole has made some progress, but there remains much to be done to set up a lasting peace, and when it is all summed up the old year has yielded little more than just hope . . . and Americans need more than hope to surmount their obstacles.

As for Post and Garza County, there is nothing in our life's history during 1946 to brag about. There has been some progress during the year, but nothing particularly startling. An oil field has been developed, some city growth recorded, and prosperity has blessed many—but there remains much that could and should be accomplished here at home.

There is nothing this nation can't do, once a goal is set and all the people are united toward that goal's achievement. Americans have proved their capacities since 1776 every time they've been called to war.

On the home front we can accomplish the same goals, but it must be done with more harmony if our efforts are to be effective. We lay down our lives to fight for the four freedoms of the world, but on the home front we go in for dissension on a BIG SCALE.

In the New Year each person should strive to settle down and work for a more peaceful and prosperous nation; to be more thoughtful and helpful towards neighbors and friends; and to be more cooperative in business matters.

It is up to us in peacetime to outdo ourselves and keep employment up, keep our spirit of community, national and international cooperation.

We need to do more, to erase shortages and write in the kind of figures throughout 1947 which will be an index to lasting peace through plenty!

In our humble opinion, one of the biggest needs of Post and Garza county is unity of thought and action.

Garza County Farmers Are Busy With Early Bedding, Terracing

Garza County farmers the past several weeks, since completing their grain crop harvest, have been as busy as bees with early bedding and flat breaking operations. In addition to this work, a major terracing and soil conservation program, in which approximately \$5,000 will be spent each month for the next three or four months, is being carried out by farmers.

New County Officials Are Sworn In Office Wednesday Morning

Garza County's official family was changed Wednesday by ten new faces when county officers took their oaths in the district court room at 10 o'clock.

After the retiring county commissioner's court approved the bonds of the new court, County Clerk Ray N. Smith administered the oath to Judge J. Lee Bowen, and the new court which is made up of three new faces. B. F. "Boone" Evans replaced Ernest Henderson as commissioner precinct 1; Buck Gossett succeeded Mrs. Alice Parsons as commissioner of precinct 2; and W. C. Quisenberry was sworn in to replace Wren Cross as commissioner of precinct 3. W. T. Parchman was returned as commissioner of precinct 4.

The oath was then given to Smith by Judge Bowen, and after approval of bonds was made by the new court, Smith administered the oaths to all other members of the official family.

Taking oath as sheriff, tax assessor-collector, was Nathan Mears, who succeeded Perry Printz. T. H. Tipton was sworn-in as tax-assessor-collector deputy and Fay Claborn, Jr., who was a candidate against Mears and Printz in last summer's election, was made deputy sheriff. V. J. Campbell succeeded Carl Webb as county attorney.

AGED GARZA FARMER TO BE BURIED HERE THIS AFTERNOON

Funeral services for a prominent Garza County retired farmer, A. H. Storie, 94, are scheduled to be held this afternoon at 4 o'clock at the First Methodist church with the Rev. J. E. Smith, pastor, officiating.

Mr. Storie, a resident of Garza County for thirty-two years and who was actively engaged in farming in this county until his retirement several years ago, died about 6 o'clock Wednesday morning following a brief illness of only a few days. His passing was attributed to pneumonia.

Mr. Storie was born in North Carolina on November 1, 1852. He had been a member of the Methodist church for more than fifty years.

Mr. Storie leaves four sons, all living in this county, Frank, Marshall, Albert and Scott Storie, and several grandchildren.

Funeral services will be held by Rev. Richard Nelson, pastor of the Methodist church, at 4 o'clock this afternoon at the home of Mrs. W. W. Stephens, and W. W. Dalby.

Burial will be in Terrace cemetery under the direction of Mason & Company funeral directors.

In spite of snow and cold weather, a large number of members of the First Baptist church met for a New Year's Watch service at the church from 8:00 p. m. to midnight Tuesday night. Plans for the evening were under the sponsorship of the Young People's Department of which Mrs. Kelly Sims is superintendent and Mrs. Dove Mayfield was associate superintendent. Both ladies acted as hostesses for the occasion. Before the program proper began, an officers and teachers meeting was held after which followed a group singing led by A. A. Suits.

Refreshments of tuna fish and pimento cheese sandwiches, fudge squares and hot tea and coffee were served to the group. Each department then separated for a short social hour with the superintendent of each department in charge of the program. The entire group then assembled in the auditorium where the closing program was held. The song service was again led by A. A. Suits, followed by a prayer led by L. W. Dalby. A responsive reading of Romans 10:8-15 was held preceding an appropriate reading by Jo Panter. Bill J. Davis then rendered a violin solo accompanied on the piano by Mary Nell Bowen. The devotional was given by the pastor, Rev. Huron Polnar, on Psalm 1 and 2. At the midnight hour, the group sang "I Surrender All," closing the program. Misses Mary Nell Bowen, Mary Margaret Duckworth and Elwanda Davies served alternately during the service as pianists.

THE GOAL MUST BE JUSTICE

The nation may be on the verge of a witch hunt. Inflation has reached hardship stage. And when economic hardship prevails, some group usually takes the rap. This time, if care is not exercised in the needed revision of labor laws, labor will suffer. Arrogant labor leadership has created an incalculable reservoir of popular resentment. The resentment is justified. Generally speaking, a man may not hold a job in a basic industry today without paying tribute to a labor boss whose union is legally accountable to no one. The danger is that short-sighted politicians will try to cash in on this resentment, just as a decade ago every demagogue in the country sought office with sweeping attacks on industry.

There were two outstanding domestic events in 1946. First, was the November election which, partisanship to one side, was a magnificent reaffirmation of the doctrine of free government at a time when most of the world seems to have deserted to the forces of reaction, which the super-state represents. The vote amounted to an indictment of labor abuses as well. Millions of people who belong to labor unions spoke unmistakably at the polls for a return to first principles.

The second event was the coal strike and its dramatic, unprecedented conclusion. There could be no mistaking the public's sense of outrage when one man callously decided to subject the whole nation to industrial paralysis, widespread unemployment, and actual destitution. Mr. Lewis' defeat was foreordained—no man and no group of men can forever be contemptuous of the public welfare. As one magazine put it, an era had ended—a long era, in which labor leaders, drunk with power and free of public responsibility, had received almost anything they demanded. This was the real significance of Mr. Lewis' surrender to the forces of law and public opinion. When special interest and the general interest are joined in conflict, the general interest must win.

Judged by volume of comment by editors and columnists, correction of union abuses should be the first order of business of the 1947 Congress. There is a chance that before the year is out an individual may once more have the right to work, and pay tribute to no one. There is a good chance that unions will have to give an accounting of themselves before the law, the same as any corporation. It is a practical certainty that the license of a union leader to call a strike and cripple an entire nation at the nod of his head, will be terminated. But the line between needed correction and the witch hunt can easily be crossed. And that will actually be the great problem of 1947—not to cross the line. To cross this line now when our country is bedeviled with the racking strains of inflation, would be disastrous.

Industry itself, which has suffered an era of political persecution, can now prove to be labor's staunchest ally. Industry knows the havoc that punitive legislative attacks can wreak. It is extremely encouraging that both industrial and labor leadership seem opposed to taking the easy way out, which is to have the government make all the decisions. Once that philosophy can be entrenched, both labor and industry would find themselves facing what amounted to dictatorship.

The outcome of any war may be determined by events far from the shooting. So it is with the labor problem. For fifteen years the Federal government of the United States has never known a balanced budget. The public debt has climbed beyond comprehension. The result has been as inevitable as night following day. The value of money is not what it used to be. Even the patient school teacher has had to resort to strikes to keep body and soul together. Only aggressive public backing of economy-minded representatives in government can solve this phase of the "labor problem." If we make a single resolution for 1947, it should be a prayerful one for solvent government.

Once the people understand that solvency in government is necessary to the control of all living costs, we will be on the road to practical solutions of most of today's uncertainties—including labor problems.

WHAT OUR CONTEMPORARIES ARE SAYING:

THOSE NEW YEAR RESOLUTIONS—This week folkies will be busy figuring out what resolutions they can make that can be broken with less expense. Among the hardworking New Year Resolvers will be the woman who resolves to eat only one handful of chocolates instead of the usual two. And there's the one who will cut down on cock-tails and another will sentence herself to rolling on the bedroom floor in behalf of a better figure. At least one out of ten will resolve to keep a better house and speak more civilly to that loathsome oaf who comes home nights with bread and butter. Every smoker will have the urge to cut his smoking in half. Cigarette manufacturers suffer during January, and it isn't until latter February that the directors can cut another melon. Those who have a cantankerous Aunt Minnie will resolve to be nicer to her this year—until they find out that Aunt Minnie's New Year resolution is never to speak to them again! All in all, there are indications that the New Year and its resolutions has made more liars out of us than a free discussion on the size and resources of Texas!—The Rails Banner.

SIGHTS STILL SET HIGH—Farmers and ranchers in this territory, greatly encouraged by the government's production goals during the war years, will find production goals for 1947 and 1948 still at mighty high levels. Our sights are still set high, and the world at large is praying that America is blessed with a good crop year.

Prices are guaranteed on most commodities for two years after the war (which hasn't ended yet), and if we are let alone for a full 12 months, with no more work stoppages because of strikes, we can really get into the swing of reconversion to peacetime and peaceful production methods. We need at least a year's breathing spell to again get acquainted with our neighbors and fellow men; we need to set our sights high spiritually as well as for all things temporal. —The Scurry County Times.

The young son of a professor spent the week-end on a dairy farm. Returning home he looked up one of his friends and related his experiences. "If you ever go to a farm, Jimmie," he cautioned, "and you see a big cow off to herself in a stall with bars, and she has a ring in her nose and don't have any faucets, she's a bull—and you'd better avoid her."

Senior Gab . . .

Happy New Year Everybody! Ah, New Year's Time for resolutions. Soon we will be dating our school papers '47, instead of '46. Those of you who don't believe time flies take a look at this—Within your lifetime we had a world war, an atomic bomb, and a Van Johnson Boy, some lifetime.

Freshman Frolics

We would like to thank the Seniors for the Christmas program which they put on just before the holidays. It was really good and I believe that we all enjoyed it. It appears that many of the "scholars" around Post High really made a haul this Christmas. If you will notice, and how can you keep from it, many are sporting new watches and sweaters. Of course there are other things but these things seem to have been on the top of old Santa's list.

Mr. King and Mr. Day, girls basketball coaches, have been having a time with the girls since Xmas. It seems all had too much cake, candy, etc. If we can get over our "hangovers" we should have a good chance in the forthcoming tournament at Hermleigh.

We are all very proud of the new score board in the gym. It represents a lot of work but I believe we will all agree that it is well worth it.

Canteen Capers

Saturday night found about the largest crowd since the Hallowe'en party at the canteen. Everyone was looking forward to the New Year's party on Tuesday night. A larger crowd than usual was seen on the dance floor, dancing old-time dances with a touch of jitterbugging now and then. Just leave it to Bud Everett to show you some fancy steps. We got another new record. It is "Girl In Calico" by Tommy Dorsey.

The ping-pong parlor was busy with flying balls and buzzing gossip. Am Floyd and Betty Kennedy were showing everyone the bracelets Santa brought them. Most everyone was sporting new wearing apparel of some sort. We saw everything from wrist watches to hand scarfs. You could hear remarks being made about everything that has to do with Xmas from gifts to turkey dinners.

Tuesday was the last day of 1946. Let's try to make 1947 the best year PHS ever had, in attendance, school drives, and all other activities. This will depend on the effort each student puts forth. Nothing can be accomplished unless everyone strives to do his best. When we make our New Year's resolution, let's make this number one: "I will put more effort into my work. I will strive to do my best in everything I undertake."

Annual Xmas Program . . .

Beautiful weather, fall leaves of many hues, and the spirit of Christmas in the air all gave us a merry spirit for Christmas last Friday.

It was indeed a time to be happy and cheerful, it was the time when everyone said, "Merry Christmas!" instead of "Hello," and laughter rang up and down the hallway.

To celebrate the annual holiday the Senior class planned and presented the Christmas program. We all enjoyed a Christmas speech given by Bro. Poinac. Many songs were then sung by the student body, under the direction of the Glee club. There were also a number of specials. Helping in these were Jena B., Wylene M., June T., Jimmy R., Clonnie G., Charles C., and Rufus G.

Afterwards Christmas vacation started—a whole week in which we didn't have to find out why there is night and day, or when the War of 1812 was fought, and nobody cared if X does equal Y in Algebra.

What's New . . .

How could you help but notice the new watches that all the students have been flashing around. They are all good looking—so keep showing them off—the only thing we might regret is that we don't have one.

Have you noticed the bright red sweater that Hugh I. has been wearing to school, (we wonder if that is what Santa brought him?) The next time you see him take a look and see for yourself—it really is a whiz.

It seems that Santa kinda overloaded Mrs. Storie's stocking when he left her a new '46 Chevy.

The thing that is really new is the new electric score board that was being put up in the gym. It is really a dilly—and don't let anybody tell you that we aren't proud of it.

We wish to thank the members of the Senior class who had charge of Christmas decorating for the program Friday. Everything looked swell—Thanks a million.

Basketball News . . .

Now that the holidays are over and the teams have had a rest, there should be some mighty good basketball games. Two games were scheduled for last Tuesday night, December 31, with the Wilson Senior boys and girls teams. This was their last game in 1946 but they hope to start the New Year off right by defeating the Tahoka boys in a conference game here Friday night, Jan. 3. There will also be some other conference games between other teams. Our Junior girls will go to Hermleigh that night for a game. The boys have a game scheduled with Spur for Tuesday night, January 7.

There are several games to be played yet but remember to see all the games you can because it is all coming to an end sometime in February.

Watch for the dates on a tournament to be held here in the future.

SOCIAL SECURITY REPRESENTATIVE TO VISIT POST JAN. 18

Elliott W. Adams, manager of the Social Security Administration in Lubbock, will be in Post, at 2 p. m., Wednesday, January 8 at the Post Office.
