

WINDOW SHOPPING
Up And Down
Main Street

Curly got the best of us as started out on our beat this week. We joined the crowd and watched the interesting maneuvering of two sign wickers in front of the American Cafe. Installing signs is an intricate business and one that takes a bit of time and patience. Another new Neon sign is the one installed recently by Herbie's. It advertises Red Hot about and is attracting attention.

A Bright New Top—is what catches your eyes when you go north on the highway. The Conoco Service Station has a bright new sign and more paint is being laid over the exterior and interior of the building. Even the Conoco station always has "fresh as a daisy."

Moderate wins are wise Simon. This product that polishes as clean as on sale at Post Auto Supply on Adams Street where Fish, Jess and Dale will vie with each other to tell you the merits of their product. They'll talk about the new DeSoto, too, with the merest bit of encouragement.

The Talk is what we heard when we visited Max Gordon and Thurman Francis of the Garza Tire Shop. The place out on Main Street really busy these days with so many Garza folks getting ready for vacation and such.

Jude Manly and his bunch are demonstrating a new wheel balancer at Connell Chevrolet Co. Seems as though the new piece of equipment can balance everything—even the budget.

Weed-No-More—after the recent fair many a gardener will be interested in a new product Early Hamilton showed us at Hamilton's Drug Store. This new "Weed-No-More" weed killer, kills Dandelions, Ragweed, Milkweed, Thistle, Poison Ivy, etc. Just mow the grass. (We think our lawns should have some of same.)

A Crunchy Hunch is what you'll find with the cucumber pickles that are returning to the grocery shelves. While down Washington Avenue this week we shopped in Southside Grocery where we picked up a bottle of saucy, spicy, crisp cucumber pickles. Scientists have come forth with the bit of information about the cucumber: "How cool is a cucumber? According to tests the cucumber is 30 degrees cooler than its surroundings. (Official air temperature is 96 degrees, ground temperature is 98° but temperature inside the cucumber is 78°." The cucumber seems to have found a self-conditioning process.

Fancy at Nothing—play clothes have been in shop-windows are lined down to the merest minimum.

All Indications Point To A Full House Saturday at Hudman Furniture Co. Activities around the store this week lead us to believe that as soon as the doors open on the Fire Sale that Marvin, Vic and Jimmie will have a full house lined. A notice on the window says—"First Come, First Served." Everything in the store will be put on sale. Doors Open at 9 A. M. Saturday, June 29." So you busybodies who are in the market for bargains had best get in that line that forms to the right.

When Summer Gets Too Hot to Handle—why not let yourself go and express your own fruit and vegetable salad ideas with the crisp, cool, fresh vegetables and fruits you'll always find at Pure Food Market. Being seen on the display shelves there, too, these days are products by Mr. Welch. We're certainly happy to be able to take home a bottle of Welch's grape juice and the Welch's grape jam is really about the best there is.

War bath no fury like a soap war. If you don't believe it, saunter around to Piggly Wiggly some morning after a shipment of soap has been received.

Over Bits About Brides . . . Unmarried girls who live in Tarrant, Italy, aren't allowed to attend weddings, we've heard. In Syria every bride's wedding gift to her husband is a dagger. The groom is to plunge it into her breast if she ever proves unfaithful.

The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, JUNE 27, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 28

"MISS POST" GOING TO STAMFORD—Billie June Kennedy, who was "Miss Post" during the recent Post Stampede and Rodeo, will represent the city again at the annual Texas Cowboy Reunion at Stamford July 2, 3 and 4, the Post Chamber of Commerce has announced. Riding her own horse, Dixie, Billie June will participate in the Cowgirl Sponser Contest, and she has been notified that she will be one of the honor guests at the Sponsors' Ball the second night of the Reunion. Her escort will be Lewis "Sonny" Nance. Billie June will be accompanied to Stamford by her parents, Mr. and Mrs. L. P. Kennedy, Jr. Her father plans to enter in the roping contest.

Stockholders Of Post Stampede To Meet July 8

At a meeting of directors of the Post Stampede, Inc., Tuesday night at the city hall, it was agreed to call a stockholder's meeting Monday night, July 8, for the purpose of electing directors and officers for next season's annual rodeo.

The directors also approved the secretary's financial statement of the recent rodeo and will publish it in next week's issue of the Post Dispatch. The report, although not complete, due to a number of outstanding bills, revealed a net profit of approximately \$2,300.

Plans for next season's rodeo will be talked when the stockholders are called together and other important matters are to be submitted by the directors to the stockholders.

ALL 16 OF COUNTY'S CANDIDATES PAY PRIMARY FILING FEE

All sixteen candidates who had previously filed for county and precinct places on the July 27 ballot had paid their filing fees before the deadline ended Saturday, according to information obtained by a reporter from the County Democratic Chairman's office.

Places on the ballot have been drawn and the ballot will be printed next week.

GARZA'S SOUTH TEST DRILLING BELOW 3,600

Garza county's south central prospector, Plymouth Oil Company No. 1 Slaughter, was drilling below 3,600 feet in lime last week end. No shows of oil have been reported from the test, which week before last drew considerable interest from the oil fraternity when the San Andres formation was topped higher than in other tests in the area.

The test is located in section 22, block 2, T&NO survey.

METHODIST MEETING CLOSED WEDNESDAY

A most inspirational two weeks meeting was brought to a close Wednesday night at the First Methodist church.

Rev. J. E. Sheehert, evangelist from Sweetwater, and Rev. Frank Beauchamp of Abilene, were guest preacher and singer.

The pastor, Rev. I. A. Knott, reported a fine meeting.

COUNTY RAINS ARE AGAIN SPOTTED

Rain gave another spotted performance again Sunday morning and Tuesday night and left light precipitation in some sectors which will benefit farmers.

Fast and scattered localities over the Plains sector of the county received light showers Sunday morning to help the serious moisture situation.

Tuesday night's spotted showers varied in occupation ranging from 10 inch to 25. Scattered rains were reported from the northern and western part of the county.

Drought where moisture was received last week is said to be progressing, with most farmers turning "all their land into grains.

ABC Rodeo Being Staged At Lubbock

Lubbock's annual rodeo, sponsored by the American Business Club to raise funds for Lubbock's Boy's club, got off to a big start last night at the fairgrounds with thousands of spectators over the area in attendance.

The four-day western show officially opened yesterday afternoon with a parade through downtown Lubbock in which many cowgirl sponsors representing West Texas towns participated.

REVIVAL MEETING AT THE ASSEMBLY OF GOD TO BEGIN SUNDAY

The Hundley boys trio of Floydada will be in charge of both song services and preaching services at the revival meeting of the Assembly of God church. The meeting is to begin Sunday, June 30 with services to be held each evening at 8:15.

Everyone is given a cordial invitation to attend these meetings.

Damaging Hail Reported Just Over County Line

Hail "nearly as large as hen eggs" fell in Dickens county, a few miles east of the Garza county line late Tuesday afternoon to cause considerable damage, according to reports received here.

The hail extended over a wide area but played out about five miles west of Spitz Spur itself received a light rain shower.

Financial Statement Published For Garza County Tax-Payers

Garza county tax-payers will be pleased to note the healthy condition of the county when they read the annual statement published elsewhere in this issue of the Post Dispatch.

The statement, among other things, shows the source and amount of income received and how the monies have been expended.

The report is briefed from the auditor's statement which covers the fiscal year ended December 31, 1945.

Draft Extension Bill Is Okayed

The draft extension compromise and its companion pay increase measure cleared final congressional hurdles Tuesday and left public interest centered on when the twin bills will become law.

The draft will be extended nine months beyond June 30, and pay boosts to military personnel will range from 10 to 20 per cent. Other provisions of the measure include:

- An 18-month limit on compulsory service; no further indictments of fathers; a clause that fathers now in service may now apply for release after August 1.
- The War Department plans no inductions during July and August so that a pool of some 32,000 men between 19 and 26 will be available for draft at the end of that period.
- About 12,000 are expected to be called in September.

PRECAUTIONS AGAINST POLIO ARE OFFERED BY LOCAL NFIP CHAIRMAN

With epidemic of infantile paralysis now prevalent in many communities and impending in others, and with 144 cases reported in the State, as compared to 71 at this same time last year, Walter Crider, local NFIP chairman, offers two precautionary measures against polio.

These precautions, which have been advised by the National Foundation for Infantile Paralysis represent the results of scientific research, and as simple as lightly: "Avoid over-tiring and extreme fatigue from strenuous exercises; avoid sudden chilling such as we did come from a plunge into extremely cold water on a very hot day."

Mr. Crider further reminds that in case polio should reach this county the local chapter has funds to provide for the care of the patient and the victim should be reported to the chapter immediately.

A clinic to care for paralysis victims of the area, is being set up at Plainview at this time and will be in operation soon, said Crider.

MOTHER OF MRS. T. R. GREENFIELD BURIED TUESDAY AFTERNOON

Funeral services for Mrs. R. J. Taylor of Bertram, Texas, were held Tuesday afternoon at 4 o'clock.

Mrs. Taylor died at her home after a long illness. She was 57 years of age. The beloved "Grandmother" Taylor had many friends in Post as she had at various times made her home with her daughter, Mrs. T. R. Greenfield.

Mrs. Greenfield returned from Bertram just last Friday. She received word of her mother's death on Monday and left that night accompanied by Mr. Greenfield.

SOUTHLAND STATION IS ROBBED OF \$300

Three hundred dollars was reported missing from the cash drawer of a Southland service station and grocery Wednesday afternoon. The money disappeared while an attendant was outside waiting on gasoline customers.

Two men and two women, traveling in an automobile, were described as possible suspects.

The station-grocery is operated by Mrs. Alvy Morris.

DISPATCH WILL BE MAILED ONE DAY EARLY NEXT WEEK

To enable the Dispatch Publishing Company's employees to have next Thursday, July 4, as a holiday, the Post Dispatch will be printed and mailed next Wednesday instead of Thursday.

City subscribers will receive their papers late Wednesday afternoon, and rural subscribers will get their papers at the usual time Friday morning, as rural mail carriers will not make delivery on the holiday.

The Dispatch office will be closed all day Thursday in observance of the holiday.

Quarterly Dairy Production Payment To Be Made July 1

The Dairy Production Payment for the April, May and June 1946 Production Period is still uncollected. Announcement has been made of the rates of payment for the April, May and June period with the provision that Community Credit Corporation reserves the right to revise or terminate the program prior to June 30, 1946.

In the absence of any notice to the local AAA office of termination of the offer prior to June 29, the dairy committee will make payment to the producers for the April, May and June period beginning July 1, 1946 through August 31, 1946.

If the program is to be continued, evidence of sales must be presented in the usual manner. No application will be accepted before July 1, 1946.

MR. AND MRS. L. C. HICKS LEASE GARZA CAFE

Friends of Mr. and Mrs. L. C. Hicks will be happy to know that they have again leased the Garza Cafe located in the Garza theatre building.

The cafe is open for business and open house is being held all day today. Free doughnuts and coffee are being served. Many former customers as well as new ones have been visiting and a cordial welcome is extended by this couple for all Garza folks to visit them anytime.

NEW ARRIVAL

Mr. and Mrs. Wayne W. Chaffin of Bryan, formerly of this city, are announcing the arrival of a baby girl on June 15. The young lady weighed 8 pounds and 3 oz. and was named Shirley Ann.

Post Business Houses Will Observe Holiday July 4th

Post business firms, with exception to some of those which remain open on Sunday and holidays, will close next Thursday in observance of the anniversary of America's hard won independence.

No formal program has been planned for the city, but store operators are closing so that their employees may take the day off and go to neighboring cities where Fourth of July celebrations are to be staged.

Many Post and Garza county rodeo enthusiasts will attend rodeos at Stamford and Levelland. The annual Texas Cowboy Reunion will be in full swing on that day, as will Levelland's annual rodeo.

All places of business in the city will open Friday morning.

Locals Play Sundown Here Next Sunday

POST GAME WILL GET SPOTLIGHT OF LEAGUE

The Oil Belt league's spotlight will be focused on Post again Sunday when the locals cross-bats with Sundown. The visitors, tied for top spot in league play with Seagraves, have won seven and lost two, one of them to Post.

The Post-Sundown fracas gets top billing on the league card, while much interest will also be focused in the Seagraves-Kernit all-time Struld Post rivalry their early season win over Sundown, and Kernit takes Seagraves, top place in league standing will be shared by Seagraves, Sundown and Kernit, with 7 wins and 3 losses, and Post stepping up for second standing with only one game behind the three.

Kernit passed up a chance to move into a three-way tie with Sundown and Seagraves for leadership of the Oil Belt league last Sunday by dropping a 7-5 decision to Post.

Meantime, Sundown was taking advantage of all possibilities by winning from the league-leading Oilers 12-9.

Levelland remained tied with Post by virtue of a 9-1 victory over Seminole in a game studded with good pitching.

Odessa moved Jal further in seventh place with an 11-1 win that reiterated Odessa's promise last week of stronger competition for other league teams during the second half.

Sunday's schedule, besides the Post-Sundown game, will find Seagraves at Kernit, Seminole at Odessa and Jal at Levelland.

Legionnaires Plan Annual July 3rd Servicemen's Supper

Plans are being pushed forward, and everything made in readiness for the biggest annual July 3 servicemen's supper ever staged by the local American Legion post, it was announced the first of the week by T. L. Jones, commander.

The supper, for all Garza county servicemen, will be at 7:30 o'clock at the barbecue pit north of Post near the stock pens, said Jones.

Tickets for the entertainment are being sold by the entertainment committee and quite a number of Legionnaires have been buying them in numbers to take along a returned veteran. To defray the expenses of the entertainment all servicemen will be expected to pay for their supper and all returned war vets are invited whether or not they are members of the post.

The entertainment, which has been staged annually for many years, is just a big get-together of servicemen. After the supper the Legionnaires will open the ball to the servicemen for games.

HUDMAN FURNITURE STORE ANNOUNCING BIG FIRE SALE

The \$18,000 Hudman Furniture store stock, which was damaged by smoke and fire Saturday night when a fire destroyed the store room at the rear of the building, will go on sale Saturday morning at 9 o'clock and will continue until every item is cleared from the floor.

"Every piece of furniture we have in stock has been drastically reduced in price to move quickly," said Victor Hudman, one of the owners. "Most of our stock was only slightly damaged, and some of it might get damaged at all, but it will all go at fire sale prices."

The owners Victor and Marvin Hudman, say they are going to continue the sale until every item is sold. After the stock is cleared up they plan to remodel and repair their building and begin all over with another brand new store.

The store is one of Post's newest businesses, having opened last December.

LEVELLAND PLANS JULY 4-5 RODEO

Completion of a new all-steel grandstand at the Levelland rodeo grounds has tripled the seating capacity for Texas' largest arena which will be the scene for the arena's annual show July 2, 3 and 4.

Over \$1,650.00 in added prize money will go to winners in seven events—saddle bronc riding, calf roping, team roping, bulldogging, steer riding and two-way sponsor contests. Both junior and senior cowgirl sponsors will compete.

Street banners, placards, circulars and western attire of citizens are heralding Levelland's annual three-day rodeo. Afternoon performances scheduled all three days will begin at 2 o'clock. Night shows on July 3 and 4 will get underway at 8 o'clock.

Included in the specialties will be the picturesque mounted quadrille, clown and trick riding. President W. J. Robertson of the Levelland Rodeo Association has announced.

Dramatic parades will be fore-runners of the rodeo performances.

Dealer trips to towns within a 200-mile radius will begin on June 24. Advertisers of the annual rodeo will also along musicians to stage their busier programs in towns of the area.

August 31 Last Day For Filing for Beef Production Pay

The offer of Commodity Corporation to make Beef Cattle Production Payments expires June 30, 1946. In accordance with the terms of this offer the following must be observed in making application for payment:

(1) In the case of a feeder-slaughterer applying for payment under the program, a beef animal otherwise eligible will not be eligible for payment unless slaughtered before midnight, June 30, 1946.

(2) In the case of a feeder who sells directly to a slaughterer for slaughter, a beef animal otherwise eligible will not be eligible for payment unless sold before midnight, June 30, 1946 to a slaughterer for slaughter.

(3) In the case of a feeder who sells to a person other than a slaughterer, a beef animal otherwise eligible will not be eligible for payment unless the animal is delivered before midnight, June 30, 1946, to a slaughterer for slaughter.

All applications for beef cattle production payments must be sub-

Farm Markets Swing of Southwest

Cattle, eggs and poultry held steady; cotton prices remained near the 22-year high; and grain and hogs stood at ceiling, but on the other hand, sheep and lambs as well as some vegetables were slightly lower last week at most southwest markets, according to USDA's Production and Marketing Administration.

Cotton prices advanced to new high ground early last week but later declined. Demand for spot cotton continued strong. Reported sales in the 10 spot markets totaled 64,500 bales this past week as compared with 61,600 bales in the previous week and 73,300 a year earlier.

Southwest egg prices were stronger Friday compared to last week's close. Good demand continued to absorb liberal supplies. Current receipts brought 30 1-2 to 31 cents a dozen, Fort Worth; 31 to 32 cents, Dallas; and 32 to 33 1-2 cents, Denver.

Fairly heavy culling brought more hens to market. Good demand kept prices about steady. Heavy hens were quoted 24 cents a pound, Dallas; 24 to 25 cents, Ft. Worth; 23 to 26 cents, Denver; and 25 to 29 cents, New Orleans. Fryers were short of demand with prices firm at ceiling.

Widespread harvesting of southwest grains failed to jar prices away from ceiling levels last week. Commercial grain and feed supplies remained tight and demand good.

Fewer hogs arrived at southwest markets last week compared to the previous week. Top butchers remained at ceiling of \$14.50 per hundred pounds, Wichita; \$14.55, Oklahoma City; \$14.65, Ft. Worth and San Antonio; and \$14.80 Denver.

Cattle brought steady prices at most southwest markets last week compared to the previous week's close. However, some lower grades were slightly down. Houston received large runs of yearlings with medium grades quoted at \$14 to \$14.50 per hundred pounds. San Antonio sold medium and good steers and yearlings at \$14.50 to \$16, while medium beef steers and yearlings ranged from \$13.50 to \$15.50, Ft. Worth. Oklahoma City quoted medium and good steers at \$14.50 to \$16. Denver sold common and good cows at \$10.75 to \$13.25. Common and medium cows realized \$9.50 to \$11.50, Wichita.

POLAR DEEP TEST DOWN TO 5,538 FEET.

Humble Oil & Refining Company No. 1 Moore, in southwest Kent county, one-half mile west of the discovery for Ellenburger production in the Polar field, last week end had penetrated below 5,538 feet in shaft. It is located in northwest quarter of section 43, block 5, H&GN survey.

American Liberty Oil Company No. 1 Connell-Young, one mile north and west of the Polar field, was making hole at 3,859 feet. This test is in section 35, block 5, H&GN survey.

Your new gas range —What it does for you

The oven of your new gas range is a trusty and obedient servant. It will turn out oven meals on the days when you want to get the work over in advance and be free for that hour or two before dinner. And the oven temperature control makes baking and roasting carefree work.

The broiler fills the need when quick, delicious combinations must be produced in a hasty half hour, or when you crave the succulent tenderness of a barbecue.

The top of the range does more than half the cooking for most families. For thrifty use economical combinations may be prepared in a covered skillet over a single burner. The low heat position, called simmer, cooks vegetables nutritiously in a small amount of water, and from the wide variety of heats up to high you can select the right temperature for each food.

Organization Of Camera Club Completed Tuesday

Organization of a local camera club, which will be limited to thirty members, was completed Tuesday, June 16th when "starter bugs" met at the Billings Studio and elected officers and made plans for a five month's program and study course.

Officers elected were: Woody Billings, president; Alex Webb, vice-president; and Jack Martin, corresponding secretary. A program committee, with E. A. Warren, chairman, John Lott and L. J. Allinson, was named and set to work arranging the study course.

The club favored following, E. A.

Mrs. Myrtle Moore is now employed at the Modern Beauty Shop which is owned and operated by Lela May Young. Miss Moore came here from Tahola and is an experienced beautician. She is making her home with Mrs. T. L. Pease.

Local residents interested in improving their picture taking ability are invited to enroll in the club and should apply for membership to Mr. Billings.

The club will meet semi-monthly, on the second and fourth Thursdays of each month.

"But here's a 1946 plus . . . got an OIL-PLATED engine"

Please see above. . . Two cars alike—from paint to price. . . Except that the keen buyer got himself a real plus—he got an OIL-PLATED engine. Its sleek inner finish—the engine's very soul—is under guard of OIL-PLATING. This special way of fighting wear fights carbon and sludge for fair!

And the way for you to adopt this type of protection is to get a fill of Conoco Nth motor oil—patented.

You'll get Conoco Nth oil's added OIL-PLATING ingredient, acting magnet-like, to make inner surfaces attract and hold OIL-PLATING. It seems part of the metal—stands off lots of the rub—thwarts its big share of wear. It's THE correct start for a new car. . . Or if yours is a veteran, there's lots of new hope for it, in changing to Conoco Nth oil—today—at Your Mileage Merchant's Conoco station. Continental Oil Company

FROM WASHINGTON, D. C.
By Congressman Geo. Mahon

It would, of course, be incorrect to assume that primary elections in all states will be held this year on July 27, the date set for the Texas primary. The fact is that as of the date this is being written, June 22, primary elections have already been held in 18 states, involving a total of 213 seats in Congress. A total of four members in Congress have been defeated in the primary elections held thus far.

The earliest primary was held on April 9 in the state of Illinois. Primaries were held in Massachusetts and Michigan this week. On Monday the primary will be held in Maryland, Mississippi and Oklahoma, and their primaries on July 2.

Yesterday afternoon the House passed the War Department Appropriation Bill. This bill was written by the eight-man committee of which I am a member. We devoted six weeks to the job of conducting the hearings, writing the bill and passing it through the House. It required a printed volume of 1183 pages to record the testimony of the witnesses.

The bill involved more money than any bill presented to Congress this year, and we felt that six weeks of work was not too long a time to devote to such important matters as were involved in deciding how much money should be spent for national defense by the War Department during the next twelve months.

In my remarks in the House of Representatives, I discussed in some detail the program of research and development, particularly with respect to aviation. I said:

"If this committee has its way, you'll find that our Nation, which is already cut in front in the field of aviation, will go forward, ahead of the parade, in order that we may be more secure in the future, and that no nation will dare challenge us at some future time. While we talk of money, airplanes, weapons and research and development, we realize that military might alone cannot insure the peace and security of this Nation and the world."

This is the fourth major bill which I have helped write in Committee and pass through the House this year.

... The Hobbs Anti-Racketeering Bill, which passed the House

ON TRIAL FOR JEWEL THEFT

Information Given On Production Pay On Sheep - Lambs

The existing offer of Commodity Credit Corporation to make Sheep and Lamb Production payments provides that the program expires June 30, 1946.

In accordance with the existing offer the following must be observed in making application for payment:

(1) In the case of a feeder-slaughterer applying for payment under the program, a sheep or lamb otherwise eligible to be slaughtered by such feeder-slaughterer will not be eligible for payment unless slaughtered before midnight, June 30, 1946.

(2) In the case of a feeder-slaughterer applying for payment under the program, a sheep or lamb otherwise eligible, sold to any other slaughterer for slaughter, will not be eligible for payment unless delivered before midnight, June 30, 1946, to the other slaughterer for slaughter.

(3) In the case of any person, other than a slaughterer, applying for payment under the program, a sheep or lamb otherwise eligible will not be eligible for payment unless delivered before midnight, June 30, 1946, to a slaughterer for slaughter.

"Delivered to the slaughterer" means that the sheep or lambs were weighed to the slaughterer and complete ownership is vested in the slaughterer before midnight, June 30, 1946.

All applications for sheep and lamb production payments must be submitted to the county office not later than August 31, 1946. In instances where all of the evidence cannot be secured within this time limitation, it will still be required that an application must have been filed not later than August 31, 1946. Additional time may then be allowed for securing such additional evidence.

months ago, was finally approved last night by the Senate. It now goes to the White House. The measure prohibits violence and threats of violence in Industry-Labor controversies involving interstate commerce.

The present law permits a United States national debt of 300 billion dollars. The House did a significant and hopeful thing this week in passing legislation reducing the authorized national debt to 275 billion dollars. This is the first time that the Federal Government has taken such a step in a number of years.

LADY NEARLY CHOKED WHILE LYING IN BED—DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, set on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Garza County. Ad.

Church News

Church News—Miss Melba Miller will furnish you readers with Church News in the week Mrs. Bonnie Cearley is able to continue this column. You know you readers have enjoyed the religious news furnished by Mrs. Cearley as your comments have been quite accurate. Your continued cooperation in sending in religious news will be appreciated by our reporters and by the editors.

The Lord is good, a strength in the day of trouble; and He will bring them that trust in Him." Ps. 17.

ever-increasing good that comes from putting faith in the Lord was told in a very convincing manner by Rev. J. E. Shewman who conducted the revival at the First Methodist church which closed Wednesday night. The music under the direction of Rev. Frank Beauchamp, with Iris Miller, Betty Williams and Maxine Jobe serving at the piano, was thoroughly enjoyed and brought many comments of favor. The revival closed Wednesday night with a total of 15 additions to the church.

Members of the church have been entertaining the visiting members in their homes each week. The visitors, along with Rev. J. E. Shewman, Rev. and Mrs. E. Stephens and other friends, were guests in the T. R. Greenfield home on Monday when Mrs. Greenfield received word that her mother had passed away. All were saddened over the news as "Grandmother" Taylor was loved by all who knew her. She made her home with Mrs. Greenfield for many years.

Something new in labor troubles was reported from Singapore recently. The following story was told in a recent ladies aid meeting here: The Peking Buddhist Association of Chinese priests announced that it would refuse to conduct prayers until granted \$150 more a week for special prayer meetings. They now receive the equivalent of \$10.00 a month, plus food and lodging.

Members of the Assembly of God church are looking forward to some fine music during their approaching meeting as the trio of preachers, so all musicians. Rev. Owen, pastor, invites you to "pick up your neighbor and attend the services each night."

Plans are being made by members of the First Christian church to employ a pastor sometime in the near future. Work is still being done on the parsonage.

An enrollment of 81 children through Tuesday morning has been announced for the Bible school which is being held this week at the Church of the Nazarene. With Tuesday being only the second day of the school, the enrollment is expected to climb to at least 75 during the week.

The Bible school will close Wednesday, July 3, at which time a program is being planned for the group. Perfect attendance certificates will be presented during this program.

FIRST CHRISTIAN WOMEN MEET IN T. A. PIERCE HOME ON TUESDAY

The last lesson of the book, "Disciples of Christ in Africa," was taught by Mrs. Lee Davis when the women of the First Christian church met in regular session June 18 with Mrs. T. A. Pierce as hostess.

The session was called to order by the president, Mrs. B. C. Manis, after which Mrs. Arnold Voigt offered a prayer preceding the lesson hour.

A business session was held. A discussion pertaining to the repairs underway at the parsonage was held.

During the tea hour guests presented Alarah Pierce with gifts of linen. Miss Pierce, an active member of the church and daughter of the hostess, left this week to enter Texas Christian University in Ft. Worth.

Delicious refreshments were served.

J. H. VERNER HONORED WITH BIRTHDAY DINNER

Mr. J. H. Verner of Phoenix, Arizona, who is spending the summer with Mr. and Mrs. Allen Cash, was honored on his 85th birthday with a dinner Sunday, June 23 in the Cash home.

Following the opening of gifts, a delicious dinner was served with a lovely white tiered birthday cake decorated with yellow candles serving as the center of attraction. Those present to enjoy the occasion with the honoree included Mr. and Mrs. O. W. Crockett and grandson, Mr. and Mrs. W. J. Tipton and Mr. and Mrs. Allen Cash.

During the afternoon Mr. and Mrs. Walter Duckworth, Mr. and Mrs. Roy Stevens and Mr. and Mrs. Curtis Davies called to congratulate the honoree.

MRS. PEEL IS HOSTESS TO GRAHAM HOMEMAKERS

The Graham Homemakers club met Thursday, June 20 in the home of Mrs. Lonnie Peel with ten members and one visitor present.

The next meeting will be in the home of Mrs. Pearl Wallace on Wednesday, July 3, which will be gift day.

All members are urged to be present for this meeting.

Plans are being made for the Young People's society of the Church of the Nazarene on July 4th.

Baptismal services for the Church of the Nazarene will be held Sunday, June 30.

A Sunday school teachers and officers meeting of the First Methodist church was held Tuesday night in the home of Dr. and Mrs. B. E. Young. Following the delicious barbecue dinner, L. A. Lipcomb, district superintendent and R. C. Carlton, pastor of the St. John church in Lubbock, spoke to the group.

Rev. Astor Lee of Roscoe, who is a ministerial student at Howard Payne college, delivered the message at the First Baptist church at both morning and evening services. The pastor, Rev. Huron Polnac, has been in Gorman with his wife, who is a patient there in the Blackwell hospital.

Rev. Polnac will, however, be back for this Sunday's services.

The offerings at both Sunday school and church services at the First Baptist church Sunday will go into the special building fund for the educational building.

Picnic, a delightful pastime for hot summer days, according to lovely Toni Darnay of Mutual's "True Confessions," can be as refreshing as the cool drinks found in your picnic thermos bottle. Toni's perfect picnic recipe for a delicious fruit drink that will keep in an ice-filled thermos bottle includes a mixture of two oranges, two lemons, and a thermos of grape juice added together and sweetened to suit the palate with an ample supply of sugar. A few mint leaves add color and zest.

VISITORS ENTERTAINED DURING BRIEF BUSINESS TRIP TO POST

Executives of the Double U Company were entertained informally during a short business trip to this section of the country. Kenneth Montgomery, trustee of the Montgomery estate, Mrs. Florence Irish, manager of the Montgomery estate, C. L. Dickinson, vice president of the Double U Company, and Mrs. Dickinson, the former Mrs. Jim Power in this city, have all shared honors at several dinner parties the last week.

Mr. Montgomery and Mrs. Irish have returned to Battle Creek, Michigan. Mr. and Mrs. Dickinson will remain here through July 4 and will visit with members of the Baby and Power families before returning to New York.

BAPTIST LADIES HOLD FELLOWSHIP MEETING

The T.E.L. and Amiga Classes of the First Baptist church entertained the women of the church with a fellowship meeting on June 19.

Mrs. Hinton Fluit presided at the beautifully appointed table, assisted by other members of the Amiga Class.

After the tea hour the group assembled in the auditorium where they heard Mrs. Snowden give the devotional. Other numbers on the program were piano solos by El Wanda Davies and Mary Nell Bowen, a violin solo by Mrs. Shelly Camp, and a vocal solo by Mrs. Frank Lanotte of Albuquerque. One of the highlights of the program was the address "Abundant Living," given by Mrs. Tom Boucher. A duet sung by Meses Alvin Young and L. G. Thuet, Jr. concluded the program. Fifty-two women registered.

GOSSETT-RAMAGE VOWS EXCHANGED TUESDAY

The wedding of June Gossett, daughter of Mr. and Mrs. L. E. (Duck) Gossett of this city and Melvin Ramage was performed Tuesday morning, June 25, at the Methodist parsonage. Rev. I. A. Smith, pastor of the local First Methodist church, officiated for the single ring ceremony.

Both bride and groom attended Post High school.

The couple will make their home here when Mr. Ramage will be engaged in farming.

DAVID McCAMPBELL HONORED ON BIRTHDAY

David Howard McCampbell, little son of Mr. and Mrs. Howard McCampbell, was honored with a birthday party at his home on June 20 at 4:00 o'clock.

Outdoor games were enjoyed, followed by the opening of gifts and serving of the birthday cake.

Those present included: Russ and Pat Morrow, Drura Ann Hughes, Bob Terry Blevins, Jackie Bill Bishop, Billy and Jerry Clark and Meses A. T. McCampbell, W. E. Dent, Reese Blevins, Jack Bishop and Surman Clark.

FORMER POST GIRL MARRIES IN CALIFORNIA

Mr. and Mrs. L. D. "Les" Cartwright of Los Angeles, California, formerly of this city, are announcing the marriage of their daughter, Billie Louise to Mr. Wally Gundersen of Los Angeles. The wedding took place Thursday, June 13 at 9:00 p. m.

The bride is a graduate of Post High school. She moved to Los Angeles in 1941.

Bits Of News:

Mrs. Tom Gates and daughter, Ann, of Lubbock, are spending a few days with Mr. and Mrs. Bob Warren.

Mr. and Mrs. J. E. Parker and Iris left Monday for Denver, Colo. where they will attend a family reunion of Mr. Parker's family. They plan to return Sunday.

Locals Take Kermit 7 To 5 Last Sunday

A crowd of nearly five hundred watched Post baseball team win a hard fought thriller from the Kermit Oilers Sunday afternoon by a score of 7 to 5, behind the air-tight elbowing of Walter Holland who held the Oilers to four hits, fanned eight and walked only two.

In the meantime, his teammates popped three Kermit hurlers for eleven hits, including home runs by Punk Peel and Polly Duren. Duren was the big hitter of the day receiving three hits in five times to the plate.

Barker started for Kermit and left the game in the second frame, with the loss pinned on him. Hall finally came in from leftfield to finish the game after Davis had toiled unsuccessfully, and Hall was the victim of Duren's long single to centerfield which drove in the two winning scores in the first of the ninth.

Post took the lead in the first of the second inning when Peel drove the ball over leftfield for a home run. Again in the third the Post team scored when Duren drove the ball over rightfield fence for the second home run and the second tally. Gilmore doubled in this inning and later scored on Holland's single to centerfield, giving Post their third score.

Kermit came back in the sixth inning and scored second baseman Clark who had received a double and later scored on a long high fly to centerfield. Kermit came back strong in the seventh and took the lead, scoring four men on a single, a walk, an error by leftfielder, and a home run by Duren.

This ended the scoring for both sides until late in the first of the ninth inning when Holland reached down and with two men out and two good strikes gone and only one little strike from the end of the ball game, drove the ball to centerfield for a single and to start the bingles which won a whale of a ball game. Peel came up with a beautiful single. Car-Jones followed with a single to score Holland. Parker stepped up to the plate stuck out his chest and received a walk. Deamos Altman reached first on an error and Peel scored on the play and also tied the score, then the long lusty single wallop off the bat of Polly Duren followed which scored Jones and Parker for the two winning tallies, making the score 7 to 5 in favor of Post.

Line-ups for Sunday afternoon's game were the following:

Growth And Improvement Indicated For Neighboring West Texas Towns

Scattered rains was the reason for a brighter outlook for most of the farmers in the surrounding territory. We find in checking our exchange papers this week that most counties within a wide radius received enough rain to break what seemed to be an inevitable drought.

Levelland's rodeo which is to be held July 3, 4, and 5 will be presented from Texas' largest arena. The completion of a new all-steel grandstand at the rodeo grounds has tripled the seating capacity. Levelland also announces that booster trips will be made to towns within a 200-mile radius on June 24. Musicians will accompany advertisers of the annual show to stage booster programs in towns of the area.

New community home nursing classes will begin in Lamesa on July 1. Several classes began earlier are nearing completion. Mrs. Ann Rullerford, working with Mrs. Carl Cox, local Red Cross home nursing chairman, is conducting the classes at the band hall on North Houston.

Construction work on a livestock auction barn was completed last week in Colorado City. Owner of the barn, S. K. Hardegree, and his son, W. C. Hardegree, held the first sale Monday. The concern is located on Highway 80 in east Colorado City and is to be known as the Mitchell County Livestock Auction.

In connection with the water relief, we find that Slaton's water shortage is to be relieved with the drilling of a new water well. For several weeks Slaton, along with many other towns in this section, has been inconvenienced by an acute shortage of water. Effects were especially felt in the hospitals. The new well had been drilled to 165 feet last Monday afternoon and connections are being made for the city as quickly as possible. However, with Santa Fe wells and the compress storage tank full of water, it was announced that there is not an immediate danger from the lack of water in case of fire.

The Hamlin Herald announces that brick work will possibly start this week on the new \$125,000

elementary school building which is being constructed in Northwest Hamlin. All footings on the east front of the building were run several weeks ago. The work has been held up several days awaiting arrival of steel reinforcing materials.

Spur was the scene of a formal opening of two new business houses Saturday. The Traker-Godfrey Furniture Company was completed recently on the west side of Burlington, north of the post office. The new building has a floor space of 3750 square feet and is air-conditioned. The G. F. Wadler Store enhanced its recent move and enlargement. The new location is in the building formerly occupied by Hogan Patton Gents Furnishings and the Firestone store. It now has a sales floor space of 5,000 square feet other than the storage space offered in the balcony and basement.

The second annual championship outdoor regatta will be staged by the Jaycees of Sweetwater on July Fourth at Sweetwater lake. Ten events have been listed and approximately 40 out of the South-west's leading outboard racing drivers will be there to compete for part of the \$1,000 offered in prizes. The Nolan County News also announced that five Sweetwater women qualified for the sixth annual Women's West Texas Golf association's tournament in Abilene last week. They include Mrs. E. J. Woodward, Mrs. Oscar Taylor, Mrs. E. B. Lovvorn, Mrs. Mace Newman and Mrs. Paul Hill.

KEEP YOUR INDEPENDENCE

Do you want to keep your independence—in other words—are you interested in living? Then drive carefully on the approaching Independence Day holiday, July 4.

The State Department of Public Safety reported a few days ago that there is a sharp upward trend in automobile fatalities and accidents. With the July 4 holiday right around the corner traffic cops are crossing their fingers and hoping everybody will live through the day but everything points towards a traffic accident rise. They base their opinion of the records quoted here.

In May of this year there were 108 deaths and 730 injuries compared with 101 deaths and 405 accidents of May 1945.

The safety department figured the economic losses, including damage to vehicles, totalled \$20,380,650.00 for the first five months of 1945.

Figured in percentages, the increase in traffic deaths for the first five months in 1948 compared with the same period last year was 40 percent.

Drive carefully—watch the other fellow—but give plenty of thought to your own driving too.

TOO MANY HOLIDAYS

We have too many holidays. To solve the vexing problem of the multiplicity of armistice days is something that should be solved by the powers that be now.

World War II had two armistice days, neither of which coincided with the original November 11 fixed by all allied nations as a holiday. Obviously it would be inconvenient to make a holiday of all war-endings, including the half dozen or so this nation has engaged in.

But since World War II overshadowed World War I in every particular by which wars are measured, it would be unthinkable to pass up the greater conflict in the tablets of our memories.

The North originated May 30 as Memorial Day in honor of the dead in the war between the states. In the South, the equivalent Decoration Day varies as to date with the several states, hardly any two coinciding.

Perhaps it would be just as well to merge all our memorial days into one national holiday, selecting some Saturday and Sunday for the two-day event—Saturday for celebrating the end of war, and Sunday for religious commemoration of the men whose supreme sacrifice made victory possible. The last Saturday and Sunday in May would be as good a time as any, replacing May 30 as Memorial Day.

This would contribute to better observance of the solemn occasion. The present divided and scattered time of rejoicing and memorializing would be replaced by an occasion that would truly represent the nation's gratitude.

BEWARE OF "HELP WORLD WAR II SOLDIERS" GRAFTERS

(The Canyon News)

Citizens are warned to beware of grafters who are out to "help World War II soldiers." A fellow is under arrest for fleecing Canyon citizens under the guise of buying wheel chairs for crippled soldiers. This outfit is wanted in many towns. While service men, who came thru the war safe and sound, may think they have been badly treated at times by their government, there is no complaint from those who were wounded. Our government is doing a fine job for these men. They are not dependent upon charity, and every one of them would resent any attempt to make them subjects of charity. Fellows who run over the country under the guise of raising money for the sick and crippled veterans are grafters of the worst type, and should be treated like any other racketeer.

GOLDEN ANNIVERSARY

The automotive industry celebrated its fiftieth birthday last week. Looking back we can see the changes that the automobile has made in our national life, and looking forward we can see the expansive prospects for the future.

To the middle-age and elderly, many of whom wore leather dusters and goggles in motoring during the "hey nineties," cars were "mindless buggies." The first gas-powered buggy was invented by Charles Duryea in 1892 and the first car was driven in the streets of Detroit in 1898. The father of the automobile actually was Captain Nicolas J. Cugnot of France, who made the first steam car in 1769.

Prospects for 36,000,000 cars on the highways by 1950 whet the appetites of millions of Americans who want cars. We wonder what the next fifty years will bring in the way of transportation.

WHO IS THE GOVERNMENT?

More and more good honest people are asking who runs our government. They see powerful labor leaders defying the government with impunity.

They see the maritime unions asking that American merchant ships manned by United States sailors be considered "coast" ships so that union members will refuse to unload them.

They see the head of the musicians union, James C. Petrillo, threaten the United States Supreme Court in these words: "If the Supreme Court rules the Les Bill constitutional, the small stations (radio) won't get any music." With reference to the possibility of Congress passing a law against the union collecting royalties on photograph records, Mr. Petrillo said: "If that happens, I would send out a little letter saying A.F.M. men would not be allowed to take part in making transcriptions."

Is it any wonder people ask who is running the government?

People wouldn't brag so much about their ancestors if they'd just remember that the older the seed the poorer the crop.

Some fellows are so suspicious they quit their fingers after shaking hands.

The honeymoon is really over when the wife starts complaining about the noise that hubby makes in getting breakfast.

Lubbock To Be Host To Legion Conventions

Attending the Legion Convention in Lubbock this week and will be Herman G. Nami, Department Commander of Austin. (Story below).

Lubbock will be host to two American Legion Conventions, those of the 19th District and of the Fifth Division, the weekend of June 29 and 30.

At 7:30 o'clock Saturday evening, June 29th, A. C. Jackson, of Lubbock, commander of the 19th District, will call his convention to order at the American Legion Hall at Lubbock, Sunday morning at 9:30 o'clock in the same place. Henry Teubel of Tulsa, Fifth Division Commander, will convene delegates, alternates and visitors to his convention.

Delegates and alternates to the National American Legion Convention, to be held in San Francisco early in October, will be elected by both Conventions. A new Commander will be chosen for the fifth division; Jackson holds over another year as commander of the 19th district.

Attending both conventions will be three Department Officials of the American Legion. These will be Herman G. Nami, Department Commander; G. Ward Moody, Department Adjutant; and Herschel L. Hunt, also of Austin, Editor of The Texas Legion News.

District Commander Jackson has the 21 counties in the 19th Congressional district under his supervision. Under his leadership the district has seen a phenomenal gain in membership. Last year the district membership was 2390; to date its 1946 membership is 4984.

Division Commander Teubel has all The American Legion Posts in the 16th, 17th, 18th, 19th, and 21st Congressional Districts under his supervision. To date, 1946 memberships in Commander Teubel's Fifth Division stands at 23,027 as against 1945's total of 14,833.

The post post, Lubbock, 148 headed by H. J. Kendrick as commander, is one of the "Big Ten" in the state. It has a 1946 membership of 1319 as compared to 319 in 1945.

Mr. and Mrs. Bill Owen of Amherst accompanied by Mrs. Rue of Lubbock visited with Mrs. W. J. Owen on Sunday.

Connell Chevrolet Company Installs Wheel Balancer

A new Merrill electronic wheel balancer, the very newest post-war electronic product for the automotive service industry, and designed for one man operation in which the operator can determine and correct both static and dynamic balance without removing the wheels from the vehicle, has been installed by Connell Chevrolet Company.

The new device has three features, states J. P. Manly, manager of the firm, which are said to provide unprecedented perception and utility in a wheel balancer and made possible the rapid attainment of both static and dynamic balance.

A magnetic pickup unit, which is attached to a fixed part in relation to, and adjacent to, the wheel. Sensitive to vibration amplitudes as small as .002 of an inch, this pickup unit transmits current impulses to a meter calibrated to transduce the vibrations into a dial reading indicating the degree of unbalance in the wheel.

An electronic assembly. This is an electronic amplifier, similar to a small, four-tube radio set. The electrical energy created by the pickup is amplified to furnish power and control.

A stroboscopic light. This is a neon gas-filled tube which flashes when the car vibrates against the pickup unit, the flashing creates a visual effect of "stopped motion" for the operator. Projected at the wheel being balanced, it shows the operator the exact spot at which the wheel is out of balance and opposite which corrective weights must be placed to bring it into balance.

Another outstanding feature of the new equipment, points out Manly, is that it takes only a few minutes to correct and balance each wheel.

Mrs. B. M. Robinson, Mrs. B. J. Edwards and Mrs. Lee Davis are in Russia this week.

Texans Buying Peacetime Bonds

With the first peacetime promotion for the sale of Saving Bonds by the U. S. Treasury only nine days old, Texans have invested almost nine-fifths of their \$33,000,000 quota in Series E bonds. Sales through June 15th were reported at \$6,429,123.75 with a total of \$9,206,200 in all U. S. Savings Bonds at that date.

In encouraging the citizens of Texas to increase their purchases of Savings Bonds during the present promotion Nathan Adams, Chairman of the Texas Advisory Committee on Savings Bonds said, "A bad case of inflation would be a national catastrophe affecting each and everyone of us. It would destroy every economic value, private and public. Investing in Savings Bonds will go a long way toward averting inflation. We must invest our savings and take as few dollars as possible to market until production shall match demand."

"Spending money recklessly, buying scarce goods at inflated prices," Mr. Adams continued, "is like cutting down the tree to get at a few green apples. The thing to do is to wait until the apples are ripe before you eat them. Leave the tree to bear fruit in years to come."
