awards to youths

Detroit, Mich. . . . Four university scholarships of \$5,000 each from offered to the boys of America in an announcement today of the formation of the Fisher Body Cransman's Guild, an organization dedicated to a program of education in manual arts and to perpetuate the ideals of the ancient craft guilds.

The scholarships and more than 900 other awards having a total value in excess of \$50,000 will be given to the boys who build the best miniature models of a Napoleonic boach. The contest is open to every pay in the nation between the ages of 12 and 19 inclusive. Owing to the wide age range, there will be two class it visions: juniors aged 12 to 15 years, and seniors aged 16 to 19 years; with equal awards to each group.

The Fisher Body Craftsman's Guild and its educational program are sponored by leading educators and industrialists. Dan Beard, national compissioner of the Boy Scouts of America, is honorary president of the Guild, and William A. Fisher, president of the Fisher Body Corporation, is

If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle. some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Our modern fire departments preof ancient times. It was not until nam Saturday. after the great London fire of 1666 that fire fighting was given serious study and organized fire departments turned home Sunday.

In this country the first fire fighting organizations of importance were the volunteer "fire societies" which combined preparedness for fire with social diversions. The first successful steam pumping engine was adopted and used by Cincinnatti, Ohio, in 1853.

Nowadays the up-to-date fire department is equipped with deluge sets, turrent pipes and water towers capable of projecting streams of water ground. Vast progress has been made work of training them on Tuesday of in the perfection of our fire fighting this week facilities, and they are still in process a high-class fire fighting organization, well equipped, is one of the best weeks. possible investments.

Mother Leaves Chil dren and Faces Death

Says Farewell Hard, But Recovery Easy Due to Crazy Water.

In May, 1929, I was critically ill with Rheumatism; in fact, I was an invalid and had to be helped around. My husband decided to bring me to Mineral Wells, as it looked as if there was no hope for me if I remained at home. But I had no confidence in Mineral Wells; in fact, I did not believe that anything or any place would relieve my surrering. You can imagine how I felt when I told my children "Goodbye" when I did not expect to see them again.

I arrived in Mineral Well; on May 10th, last year, and in co week of the Crazy Water Tres ment, I was able to walk and thirty days from the time I arrived I well again, only a little weak.

I heartily recommend to every one suffering from deseases caused by faulty elimination that they spend a few days rest at the Crazy Water Hotel in Mineral Wells, Texas, the home of Crazy Water.

WHAT DR. CALDWELL **LEARNED IN 47** YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. sin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.

Bo not let a day go by without a bowel movement. Do not sit and hope but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, c. write "Syrup Pepsin," Dept. PB, Monticello. Illinois, for free trial bottle.

Timely Topics

To nominate the Democratic state and congressional ticket in Vermont cost only \$1.80, according to the official report of expenditures. And, Vermont's voting habits being what they are, the nominations cost more than they are worth, at that.

Asserting that cannibals will not cat a man who has used tobacco, a reformer asks if that is not a potent argument against the filthy weed. To famed stunt flyer, is now Mrs. Oliver which the Macon Telegraph retorts: "No; who is going to do without tobacco just to pamper a cannibal?"

For the fifth time gallant Sir Thomas Lipton has failed to lift the American cup, his latest challenger, the Shamrock, having been defeated in four straight races by the American sloop Enterprise. He is now 81 years old and will probably abondon his efforts to capture the coveted trophy, begun 31 years ago. His fine sportmanship has won the admiration of the world, however, and the esteem in which he is held by his fellowmen is worth more than a hundred prize

Among the many races on land, water and in the air, one of the oddest is the annual turtle derby held at 101 Ranch at Ponca City, Oklahoma. The competing turtles are released from an enclosure in the center of a big circle, the prize going to the one which croseses the outer line of the big circle first. This year several thousand turtles were entered, first prize of \$7,100 being won by Goober Dust, owned by Mrs. Cora M. Day of Ponca City.

Gallant Fox, winner of this year's Kentuckey Derby and other famous stakes, has won more money than any other American racehorse, \$317,865. His winnings have been slightly exceeded by only two horses in the history of the turf, Ksar, and Mon Talisman, both French. Earle Sande is the

jockey who piloted Gallant Fox to his famous victories.

Seldom has the irony of fate been illustrated more strikingly than in the recent death of Van Lear Black, milfionaire Baltimore publisher and aviation enthusiast. After flying about 125,000 miles over some of the most desolate parts of the world without serious accident, he fell from his favorite perch on the rail of his yacht and was drowned.

Out of the spotlight: Ruth Law, Hudson, housewife; Gene Tunney is connected with a car wheel factory; Gertrude Ederle, first woman to swin the English Channell, is a swimming instructor at \$75 a week.
