## Committees Make Reports In General Rotary Meeting

Business and trends of Rotary were discussed at the general assembly program held last Tuesday night when District Governor ... made an official visit to Post club. Rotary president ... Young, presided over the assembly which was well attended.

## Farmers Who Want Cows Tested Should Notify R. K. McCoy

How long has it been since you have had your milk cows tested for contagious abortion or Bang's disease? Bang's disease of cattle is transmissible to man, and is known as undulant fever and is a very hard disease to combat since it gets a start. It requires from several weeks to several months to get it cured if it is ever cured.

## Revival Meeting at Grassland Is Progressing Nicely

The revival meeting in progress at the Nazarene church in Grassland will close Sunday, Feb. 18. Mrs. A. G. Johnson of ... California, evangelist, have been bringing some wonderful messages. They have had several years experience in this type of work. Meetings open at 8:30 o'clock each night.

## Mother of Grassland Woman Dies of Wounds

Mrs. E. A. Thomas of Grassland learned word that her brother, ... Kenneth Fox, died of wounds five days after he was actually reported wounded in action on December 12.

## Howard Price Given Promotion By Navy

Howard Price, former Post High school coach, has been given a promotion to the rank of Pharmacist Mate 2-c in the U. S. Navy, it was learned this week.

## Memorial For Boys, Girls In Service Is Started By Baptists

It was voted in the regular conference session of the board of deacons of the First Baptist church to create a building fund as a memorial for the boys and girls of the church who are in the armed forces. Each board member contributed a bond to begin the fund. The new building will be, when it materializes, and addition to the Sunday school building and will be used for the young folks of the church for their various activity programs.

## W. O. Stevens, Vice Pres. of Dallas Bank Formerly Lived Here

William Oscar Stevens, who as a boy lived in Post and later returned as vice-president of the First National bank of Post, is a vice-president of the Republic National bank of Dallas which February 14 observed its 25th anniversary. Mr. Stevens is the son of the late W. O. Stevens, sr., who settled in Post as manager of the C. W. Post interests to develop the vast ranch holdings of the Battle Creek cereal manufacturer.

WILLIAM OSCAR STEVENS, elder Stevens was president of the Post bank which his son later served as vice-president.

The Republic National bank observed its Silver Anniversary with an all-day open house to which all friends of the bank were invited.

## County Chairmen; Red Cross Director Meet Mon. and Tues.

Mrs. Wauvita Hutchinson, general field representative of the St. Louis office of the Red Cross, was a visitor in Post on Monday and Tuesday. She met with T. L. Jones, Red Cross chairman of the county, Dean A. Robinson, roll call chairman, and Ollie Weakley, public service chairman, to discuss problems of the organization and to lay plans for the forthcoming Red Cross membership drive.

## A New Butterfly Comes to Life

WICHITA, KANSAS — Airwise residents during the past few months have been startled at the sight of a queer-looking airplane with a tail that resembles the half-opened wings of a butterfly. It flies without either horizontal or vertical tail surfaces and has a V tail with only two elements and so was nicknamed "Butterfly" tail. The unique design originated at the Beech Aircraft Corporation and their purpose in building this experimental unit is to investigate the possibilities of simplified structure, elimination or reduction of compressibility effects at high speeds, simplified controls, and the effect on control, stability and handling ease which may be offered by such a radical departure from conventional construction.

## Baptist Churches of County to Take Part In Study Work

Rev. Huron Polnac announced that a Sunday School Training Union will be held at the Post church from February 18th to the 23rd. The following Baptist churches in the county will take part in the study course—The First Baptist, Calvary Baptist, Justiceburg, Friendship of Close City, Southland, Grassburg, Haeberry and Pleasant Valley.

## Cpl. Franklin Jones Receives Bronze Star

With the 84th Infantry Division in Belgium—Cpl. Franklin S. Jones, Post, has been awarded the Bronze Star for meritorious service during military operations against the enemy.

## This Means He's A Veteran

When you see this gold-plated lapel button — the dexter eagle within a circle, wings extending beyond the circle's edge — remember, the Disabled American Veterans points out, that the wearer is an honorably discharged veteran of World War II, and maybe disabled. To familiarize the public with the discharge button that plea has been issued by the DAV, chartered by Congress and recognized by government as one of the organizations to which veterans can apply for free information in filing claims. Vivian D. Corby, National DAV Adjutant, in announcing the program, said: "When you see that gold-plated postive discharge button it means the wearer has seen service in World War II. He may even be disabled as a result of his service and deserves every consideration possible."

## Churches of Post To Observe World Day of Prayer

Post's observance of the World Day of Prayer will be held at 2:00 o'clock at the Church of the Nazarene under the direction of the Church Women's Federation with Mrs. Willard Kirkpatrick of the First Christian church as leader.

## Harrison Brown, Pioneer Citizen Is Buried Here Sunday

Funeral rites for one of the county's pioneer citizens, S. Harrison Brown, were conducted Sunday afternoon at three o'clock in the Justiceburg school building. Rev. J. A. Smith, pastor of the Methodist church at Post, and Rev. D. W. Reed of Close City conducted the service for the citizen who had made his home in this county several years before it was organized. Brown died Friday in the Slaton hospital.

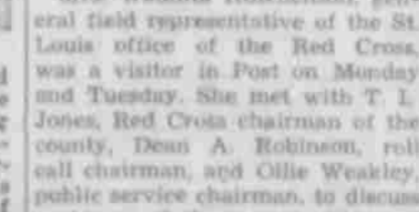

## Lions Club Installs Eight New Members In Recent Meeting

Eight persons were inducted into the Lions club at a recent meeting of the club at Jennie's Tea room. The impressive induction ceremony was under the direction of President Walter Crider. He was assisted by Lester Presson.

## County Chairmen; Red Cross Director Meet Mon. and Tues.

Mrs. Wauvita Hutchinson, general field representative of the St. Louis office of the Red Cross, was a visitor in Post on Monday and Tuesday. She met with T. L. Jones, Red Cross chairman of the county, Dean A. Robinson, roll call chairman, and Ollie Weakley, public service chairman, to discuss problems of the organization and to lay plans for the forthcoming Red Cross membership drive.

## NEW ARRIVALS

Pvt. and Mrs. Jack Ward of 1106 B 17th St., Lubbock, are announcing the arrival of a daughter born February 7th at the South Plains Base Hospital. The new baby weighed five pounds, 7 ounces, and was named Linda Sue. Mrs. Ward is the former Gertrude Shamber of Post.

## SOLDIER OF THE WEEK

Pfc. Roark Martin, son of Mr. and Mrs. M. W. Martin of Close City expects to be sent back overseas before long. He is now stationed at Camp Callan, California and was at Camp Swift, Texas. He spent twenty-six months in Alaska. He has been in service three years.

## Postal Receipts For 1944 Show Big Gain Over 1943

Postal receipts at the Post Office have made a big gain this year over those of other years in the history of the office, according to Phil S. Bouchier, local postmaster.

## WAR BOND QUOTA FOR FEBRUARY SET AT \$18,500

Garza county citizens must buy \$18,500.00 in Series E, F and G bonds during the month of February if they maintain their monthly quota, announced by County Chairman John Herd and T. B. Greenfield.

## Three New Tests Staked In Garza County Field

Locations for three new test wells in the northwest part of the county are creating excitement among Garza county folk and oil operators in this section. The No. 1 Well in section 2, block 1 of the HE&WT Survey of the Honolulu and Devonian Oil Company which was to treat with acid and test was also coming into the limelight for its share of interest. It was to treat a saturated section bottomed at 3,563 feet with acid. The project has shown some amount of oil on natural swabbing tests.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Entered at the Post Office at Post, Texas, as second class mail matter, according to an Act of Congress, March 3, 1917.

There is a lot of smoke coming from the clashes between Congress and some of the war agencies, and when there is smoke there must be fire.

Those who are in charge of manpower and wish to extend their controls over all the activities of both business and agriculture have some kind of plan they wish to put into action before the effects of total war are gone, probably most of the members of Congress are aware of this, but are not in position to come out before the public and put up a fight, but there is a lot of fire burning back of the wall that is between the public and Government going on. —Slaton Slatonite.

### Gems Of Thought

JUSTICE

The sentiment of Justice is so natural, and so universally acquired by all mankind, that it seems to be independent of all law, all party, all religion.

—Voltaire

Justice discards party, friendship, and kindred, and is therefore represented as blind.

—Addison

Justice is the great and simple principle which is the secret of success in all government, as essential to the training of an infant, as to the control of a mighty nation.

—Simms

The just, though they hate evil, yet give men a patient hearing; hoping that they will show proofs that they are not evil.

—Sir P. Sidney

Recompense to no man evil for evil. Provide things honest in the sight of all men.

—Romans 12:17

As our super bombers now roar to the far corners of the earth, we should pause long enough to realize that money alone could not have produced those planes. The pioneers of American aviation had them on drawing boards and in actual service long before the first billion for defense was voted by Congress.

### SURPLUS THE EASY WAY

Government in business in competition with its private citizens is daily becoming an issue of greater national importance from two angles:

First, because government in business, no matter how you try to quill it, is state socialism, facism, or communism. Whichever name it goes under, it means that the liberties and opportunities of individuals are restricted.

Second, because government in business destroys local control and taxation in the fields it invades; it demands tax exemptions, public subsidies, freedom from state regulatory laws, etc.

To illustrate, the government-owned Bonneville and Grand Coulee power plants in the Northwest, show that the gross revenues from their sales of power "passed" the \$50,000,000 mark on December 1, 1944. The system claimed an accumulated net surplus in excess of \$12,000,000, after payment of all power costs, operation and maintenance expense, depreciation and interest on the Federal investment.

It is interesting to note there is no mention of any taxes paid.

On a \$50,000,000 gross income, private electric companies would have paid some 18 to 25 per cent in taxes to local, state and Federal governments before they could set aside any "surplus." Therefore, if these tax-exempt Federal plants had paid taxes on the same basis as private companies, they would have earned little or no surplus on \$50,000,000. Who couldn't show a surplus with such tax-exemption privileges?

### "STORM SIGNALS"

Farmers "are warily watching the economic weathercock for signs of a postwar depression storm," says Ray Anderson in the Farm Journal, "and they are taking little stock in political promises of succor. Very few are counting on what the government may do, or what schemes industry and labor may come up with. They are putting their faith in themselves, and their ability to get in shape now for whatever the future may have in store."

This growing attitude is in a large measure the result of the helplessness many farmers feel under farm subsidy programs which are ostensibly to hold down the cost of living, but which, in reality, make the farmer depend on government as the costs of production advance, and the subsidies which the farmer must accept in lieu of the true production price for his crops, are added to the growing tax burden of the nation.

Farmers are smart enough to know that this process is but a makeshift, and that sooner or later it will leave them high and dry, or else they will become merely farm tenants of the government with their income entirely subject to political manipulation.

Class legislation and taxation which destroy the savings and businesses of any group of citizens, are a curse in any country, particularly our own, which is supposed to stand as a model of freedom of opportunity for the rest of the world. It is a sorry spectacle to see the time of Congress taken up debating measures to limit, rather than promote postwar production, distribution and employment.

### Soil Conservation To Maintain Health

Man and Animal Depends Upon Fertility of Soil

Hope for better health for Americans in the postwar period lies in fuller conservation of our soil resources, according to Dr. William A. Albrecht of the University of Missouri.

"It is the fertility of soils that has contributed to our prosperity as we followed through our subscription to the advice of Horace Greeley," he

said. "It is the fertility equivalent in prairie soils in the different parts of the world as a whole that has determined the places where human population centers of great densities have established themselves.

"Neglect of the soil in terms of fertility content has been at the basis of pessimistic view of future human health. That there is hope ahead, however, is readily recognized when we consider that the soil contributes only 5 per cent of the plant, and only 5 per cent to the human body. When there are only one dozen chemical elements within this small contribution by the soil, it is no great task to replace within the soil this list and this small amount.

"A ton of fresh vegetable growth would call for but 40 pounds of chemical elements to be put into the soil. By placing this list of elements into the soil as fertilizers we can do the equivalent of pushing the soils out of their unfavorable climatic conditions into a situation favorable to the promotion of human health. By putting these essential minerals into Nature's hands, she will fabricate them into organic complexes much more serviceable in the guarantee of human health than if we consume them as drugs and pills.

"Soil conservation has started as a growing national philosophy. It must become an action program for each of us. We are about to enter a new age in which our efforts in soil improvement will not only be a struggle to retain the mass or body of the soil, but also to restore its chemical fertility and active organic matter content."

### Farmers Intend to Use 'Jeeps' for Many Purposes

Farmers are planning to use "Jeeps" after the war for everything from sawing wood to spraying orchards, according to a nationwide survey conducted by Willys-Overland Motors, the firm which developed the famous blitz-buggy.

Many of the country's rural citizens—particularly those with small farms—want to use a postwar version of the scout car as a four-purpose replacement for the horse, tractor, power unit and light truck, the study showed, while others have earmarked it for such specialty jobs as a snow plow, fire fighter, stump remover and road grader. Among the general utility purposes suggested were plowing, harrowing, seeding, cultivating, harvesting, running silo fillers, buzz saws, threshing machines, hay balers, milking machines and grinders.

### Live Stock Disease

Vital statistics on live stock disease would prove of considerable value to farmers. Not only would it enable research men to focus more efficiently on those disease problems which are of major importance but it would make livestock more efficient and profitable.

The first step has been taken. The American Veterinary Medical Association has inaugurated a plan for a nationwide vital statistics service for reporting live stock diseases. It has recommended that the service be placed under the U. S. Bureau of Animal Industry with the cooperation of state live stock and veterinary associations.

### Agricultural Facts

Caraway seed is now being raised in the United States for the first time. It is harvested with combines.

Despite their high water content milk and bale give more calcium than fruits, root vegetables, meats or breadstuffs.

American farm property valued at about \$25,000,000 was destroyed by the last year.

### THE NEW LINK IN TRANSPORTATION CHAIN

Few industries will enter the postwar era with a wider field of operation before them, than will air transport. For increased business, the world is its market. No longer will it be confined to one country. This fact, however, will create problems because the companies will become subject to a multiplicity of regulations by various governments.

In spite of the hurdles that lie ahead, the industry plans to keep the United States in the lead in the field of air activity. Air cargo transport will accelerate the entire tempo of postwar merchandising, in fields of fashions, specialty goods, perishable foods and exports, in the opinion of Major Benjamin H. Namm, first vice-president of the National Retail Dry Goods Association. Mr. Namm's visions entirely new markets opened up.

The coordination of airplanes with existing methods of transportation, including trucks, express, railroads, steamships, and storage warehouses, is essential to give our nation the last word in transport service. The people of the United States are such great travelers and shippers that it will take the combined facilities of every agency to meet their needs. The airplane will add the last link to give the super service.

### HOME TOWN THOUGHTS

Advertising makes goods cost less, by increasing the volume of business done. When the volume of trade is thus increased, the cost of handling each article so it can be sold for less.

The stores of Snyder have done a grand job in this wartime, and period when there have been scarcities of merchandise and shortage of labor. The store people have worked very hard, they have been successful in meeting the needs of the people, and the public appreciates their tireless effort, patience and courtesy.

A football team is helped if it has a good cheering section. So a town is aided to make progress if its people are enthusiastic about it, and are constantly praising its achievements. —Scurry County Times.

With the ruthless Russians rushing in from the East and the terrible Texans tramping down the hords of Hitler and Himmler in the West, there are evidences that the nasty Nazis are now wishing they hadn't started it. —Lynn County News

Buy A War Bond today!

### Agriculture in the News

#### Peanuts Gain.

The application of chemistry to agriculture has resulted in the ground pea or peanut becoming a real factor in its own name as well as a serious competitor for other farm crops, particularly the soybean.

The peanut furnishes a cork substitute, they yield more oil per acre than cottonseed and they rank high as an energy food. A fiber similar to rayon is now being made from peanut protein. It can furnish artificial butter and a substitute coffee.

#### Peanuts

Cheep, milder and less stimulating than coffee, it might become a competitor to real article.

The peanut can be used in the manufacture of salad oils, shaving lotions, cosmetics, soaps, dyes, axle grease, massage paste for infantile paralysis, bases in medicine, flour, candy, insulation, explosives, paper board, textile lubricant, glycerine, floor sweeping compounds, fertilizer, stock and poultry feed and as fuel.

#### Diet Saves Pigs

Market savings in weaned pigs as a result of improved diets fed during gestation and lactation periods was found by B. W. Fairbanks of the University of Illinois. Successful weaning was increased from 7 to 83 per cent.

Satisfactory results during lactation are dependent in part upon feeding during gestation. The feeding regime during gestation must not be ignored when the question of high mortality among baby pigs is being considered. The addition of 10 per cent alfalfa meal to the ration brought the increased results.

#### Mastitis of Cows

Chronic infectious mastitis is a slowly progressive disease of the udder and in many cows causes partial and sometimes complete destruction of a large proportion of the milk-producing tissue. The quality of milk is often lowered because of increased bacterial contamination and is not desirable for human consumption. There are often no clinical symptoms observed until milk production begins to fall and the cow becomes an expense.

### CARD OF THANKS

We take this opportunity of thanking each and every one of their kindness and loyalty during the long illness and death of our dear beloved mother; also the beautiful floral offering; and especially to Bro Lofton who spoke such comforting words to the bereaved family. God saw fit to choose of our family to make Heaven more beautiful.

**Southland News**  
**Mrs. Marylin Trustock, Community Correspondent**

Saturday evening from 7:30 to 9:30, a large crowd of people attended the house warming at the new home of Mrs. Nellie Mathis. Many others sent gifts. Refreshments of coffee, cocoa and cookies were served by Meses. D. H. Mayfield, H. V. Wheeler, Herbert Dunn and O. J. Harmonson.

Mr. and Mrs. Abb Usery and baby moved to the buildings across the highway from Dunn's Food Store last Tuesday. Mr. Usery, who was formerly employed by his brother in Lubbock, has opened a blacksmith shop here. They have a son in Lubbock High, who will continue in school there.

Mrs. Lonnie Collinworth was brought home Sunday from the hospital in Lubbock after staying there several days.

Robert Sartain came home from Lubbock Saturday and was a supper guest of the A. M. Tanners that night. The doctors had broken his arm to reset it, gave him a quart of blood in transfusion, and will graft new skin on his burned arm this week.

We regret to hear that Mrs. Cliff Johnson is showing no improvement. She was taken to a hospital in Lubbock Monday.

Last Friday night our three basketball teams went to Idalou where the Senior boys won 30-29, the Senior girls lost 38-20 and the Junior boys were also defeated.

Next Friday the teams will enter a tournament at Sundown.

The Senior play "So Help Me, Hannah," will be given in two or three weeks. Practice will begin next week.

Thursday afternoon Billy Ray Williams had a party celebrating his seventh birthday. Sandwiches, doughnuts, cocoa, ice cream and cake were served to the host and Kay Anderson, Sherry Taylor, Sue Lancaster, Betty and Shirley Gary, Lois Ann Collins, Joe Moore, E. L. Dunn.

Mrs. E. C. Armstrong's sister, whose husband was buried recently, received word last week that her son-in-law was killed in action.

Mary Frances King spent the week end in Slaton with her uncle, Edd King, and family.

Sunday Mr. and Mrs. A. M. Hawthorne and Gale of Monroe visited Mrs. L. B. Mathis.

**PREVIEWS OF SOCKS AND SHOES GIVEN TO PUBLIC**

Cushioned socks and air-conditioned innersoles developed for use in military footwear are expected to be popular with civilian sportsmen, come the peace.

There will be some gay shoes in store windows before long, with bright colors and high heels. And a real improvement is promised in the supply of shoes for babies. Leather and skins will remain tight, however, and you must look to fabrics for most of your pocket-books and gloves for months yet.

Buy a War Bond Today!

**Sets Example**

CHICAGO, ILL.—Would you be willing to shine your own shoes if it would help shorten the war? That is the question that regional director of the War Manpower Commission, Dean Spencer asks. Spencer is shown here as he shines his own shoes, and thereby releases an "unemployed" bootblack for a job with a war plant. The WMC is checking all types of work and may order war jobs for those that are not in war work.

**Tax Returns Are Still Due On March 15 Say Tax Experts**

In spite of all the changes in the income tax laws, March 15 is still the deadline for filing final income tax returns warns Rex Everett, Ira Lee Duckworth, John Cearley, Carl Webb and others of Post who assist the citizens of Garza county in filing their returns.

March 15 is less than five weeks away, and before that date many thousands of people must file their 1944 income tax returns. While the forms for filing returns this year are much simpler than in prior years, many people will still probably want help in preparing them.

Ever one who had a gross income of \$500 or more in 1944 must file a return. This even includes minor children with \$500 or more gross income. In addition, many wage earners whose salaries were subject to withholding will not owe a tax for the year, but must, nevertheless, file a return in order to obtain a refund of amounts withheld by their employers from their salaries or wages.

Watch that deadline date and get your returns in early.

**Nation's Population Placed At 138,100,874**

According to recent Census Bureau statistics, the nation's population, including military personnel overseas, stood at 138,100,874 as of July 1, 1944. This is an increase of 1,600,000 over the previous year.

Of this figure, women outnumbered men by approximately 6000 as compared with 700,000 more males in 1940. During this four year period, 13,000,000 children were born and 7,000,000 deaths were reported.

**Gift of Sea**

Italy's Mediterranean climate is largely the gift of the sea which surrounds the country on three sides. How important this moderating influence is can be seen by tracing the Italian outline on a map of north-central United States. Extending from northern Minnesota to southern Illinois, the corresponding American area is one of "continental" extremes of heat and cold. The lowest temperature ever recorded in temperate Rome, halfway along the west coast of Italy, was 16 degrees above zero. In a United States city of Rome's latitude, Des Moines, Iowa, the mercury has dropped to 27 below zero.

Many insects bear with their legs and not their heads, says research laboratories. Auditory organs in crickets and some other insects are situated in the fore legs; in grasshoppers and sisadas the "ears" are located on the body.

"Imagine! An airman without Wheaties for breakfast!"

**Justiceburg News**

**Mrs. J. R. Key, Correspondent**

Justiceburg school children defeated Dermont in a base ball game 39 to 17 Wednesday afternoon. Ice cream and cookies were served them as a treat for their work by the mothers of the community. We are expecting Dermont up to play a game here Friday afternoon, Feb. 18.

Mr. and Mrs. Jim Tidwell and son Bobby spent the week end with relatives at Colorado City.

Skeeter Smith of Tahoka visited her parents here, Mr. and Mrs. Cecil Smith.

Mr. and Mrs. L. N. Perlman of Snyder attended funeral services here Sunday and visited their daughter Mrs. Ott Nance and Mr. Nance.

Mr. and Mrs. Clint Reed and Mr. and Mrs. R. A. Samples of Snyder visited Mr. and Mrs. Jeff Reed Sunday.

Mr. and Mrs. Chester Dorman and family spent the week end with the Calvin Dormans of O'Donnell. A family reunion was held there on Sunday.

Mr. and Mrs. Euwelle Morgan and family and Edna Gilliland of Slaton visited Mr. and Mrs. Claude Pettigrew.

Mrs. Hern Pettigrew and children of Slaton visited friends and relatives here over the week end.

Mr. and Mrs. D. Boren, former residents of this community, visited friends here Sunday.

V. A. Lobban, jr., son of Mrs. V. A. Lobban has returned home from Snyder hospital, where he has been under treatment there. Mrs. Cecil Smith substituted as teacher here, while Mrs. Lobban was in Snyder.

Mr. and Mrs. Shorty Hagood and daughters were in Wichita Falls over the week end.

Add Jones transacted business in Lubbock this past week.

Mr. and Mrs. S. G. Lunsford of Snyder spent Sunday with Mr. and Mrs. R. J. Key and son.

Ambergris, a waxy substance found floating in tropical seas and used in the manufacture of perfumes is almost twice as valuable as gold, with a price of about \$500 per pound.

The stroke of a whale's tail, which can smash even a large boat, is the most powerful blow that can be struck by an animal.

John D. Tipton Graduate From Radio Operator's School

San Diego, Calif., Feb. 15—Marine Staff Sergeant John D. Tipton, of Route 2, Post, was among the January graduates of a high-speed radio operator's course, it was announced at this Marine Corps Base. Staff Sergeant Tipton is the son of Mrs. Augusta Tipton of Post.

**NOTHING EQUALS GAS FOR COOKING**

**BUY WAR BONDS TODAY FOR THE CP GAS RANGE YOU'LL WANT TOMORROW**

Draw the plans for your new post-war kitchen around a glamorous new CP Gas Range. For CP Gas Ranges are built by America's leading manufacturers to meet the highest uniform standards of scientific exact Cooking Perfection. They are the standards by which all other cooking appliances are judged. Take the first step to your new post-war kitchen now by buying War Bonds for the CP Gas Range you'll want tomorrow.

**WEST TEXAS GAS COMPANY**

**THIS SEAL MEANS Certified Performance**

Gas Ranges bearing the CP Seal meet the rigid cooking performance standards established by home economists, gas companies and range manufacturers combined. This Seal is your perfection. Look for it on the Gas Range you buy after the war.

**How to build a home with SHEARS!**

Planning a home for after the war? Lots of people are. Some of them are war brides. Some are home-lovers who wanted to build but had to wait. If you're one of them, you know there's not much chance now to build or furnish.

However, that's no reason to stop planning. Now's the time to get your IDEAS together. Go shopping with shears for things to make your future home livable and comfortable.

Electric appliance makers have already given a preview of what they expect to produce. Home-makers' magazines are full of plans for step-saving kitchens, for better-arranged rooms throughout the home. New lighting of all kinds is shown. Why not start your "new home" scrap book today?

When you do, remember that the All-Electric Home will give you the most convenience, comfort and livability. If you are going to build, make your house plans all-electric. You be sure you include adequate wiring in your ideas. Your architect or builder can help you.

### "Cake Walk" To Be Staged By Barnum Springs Club On 16th

The Barnum Springs Home Demonstration club met with Mrs. Lewis West in an all day meeting with five members present. A delicious dinner was served at the noon hour.

We finished a quilt and put another one in the frames and quilted quite a lot of it.

The president called us to order at 1:30 o'clock. We decided on a way to make some extra money for the club fund. It was decided to have a "Cake Walk" at the Barnum Springs School House Friday night, Feb. 16, at 8:30 o'clock. Everyone is urged to come and the women are asked to bring a cake.

We then adjourned to meet with Charlene Haynie Feb. 22 in the afternoon. The new county agent will be with us. Everyone come. —Reporter

### Mrs. Edna Peed Is Hostess To Graham Homemakers Club

The Graham Homemakers club was entertained Thursday afternoon by Mrs. Edna Peed. The club was called to order by the vice-president, Mrs. Dovie Young. A very pleasant meeting was spent in sewing and just visiting.

A refreshment plate was served to 12 members present: Alma McBride, Pearl Wallace, Ada Tucker, Frankie Baldwin, Dora Redman, Iris McMahon, Jonnie Wallace, Viva Davis, Lola Peed, Minnie Wright and Dovie Young.

The next meeting will be in the home of Myrtle Peed on Feb. 22nd. —Reporter

Mrs. Robert G. Burch of Lubbock returned to Post Monday night where she will make her home for awhile with her parents, Mr. and Mrs. Wesley W. Stephens. Her husband, First Lt. Robert G. Burch, was sent to Altus, Okla., a few days ago from SPAAF. Mrs. Burch spent over 18 months in service and was stationed at SPAAF. She will be remembered to Zelma Stephens.

### Before and After

Official U. S. Marine Corps Photos  
**GUADALCANAL — (Passed by Censor) —** Can you picture a modern laundry in a jungle 7,000 miles from home? Here it is. Only a few months ago, U. S. fighting men on this South Pacific island had to knuckle-scrub their clothes in open streams, as shown in the large photo. Then Uncle Sam rushed out a small-scale laundry on trailers, which provides same sanitary job furnished by laundries at home. Small photo shows marine private putting clothes in stainless washer cylinder used today. The mobile unit supplies 10,000 men weekly with fresh, clean clothes.

### Trees and Shrubs Suitable For Garza County Are Listed

Many requests have been made for a repetition of information given this paper last year by George Samson on suitable shrubs and trees to be planted in Garza county. Among the trees and shrubs that grow well in this section are listed below:

Shrubs suitable for screens and method of propagation:

Spiraea—by cuttings; salt cedar—by cuttings; Vitex—by cuttings; Armoor River Privet—cuttings or seed; Wiegla—by cuttings; Mock Orange—cutting; Smoke Tree—cutting.

Trees and shrubs, suitable for hedges, and method of propagation:

Chinese Arbovita — cutting or seed; Salt Cedar (or tamarac) — cutting.

Low untrimmed shrubs and method of propagation:  
 Chinese arbovita — cutting or seed; low-dense privet — cutting; Spirea—by cutting.

Tall, untrimmed trees and method of propagation:

Red Cedar—cutting or seed; Arizona Cypress—seed only; Salt Cedar, by cutting Armoor River Privet—by cutting or seed; Russian mulberry—by cutting.

Watch this paper for instructions for making cuttings and cutting beds. Cuttings made now will be good plants this time next year.

Visitors in the home of Mr. and Mrs. G. R. Evans on Sunday were Capt. and Mrs. Tyler and two children and Jimmie Banger all of Lubbock.

Harvey Howard of Earnum 8-rings community bought the Newt Graham home in north Post and is remodeling it and will move in it in the near future.

### Open House To Be At Youth Canteen Thursday, Feb. 22

Plans were set in motion at a meeting last week for a formal open house at the youth center in the Double U club rooms. The affair will be held on the night of February 22 and a Colonial theme will be stressed in the decorations and program. Officers of the Canteen will be official hosts and hostesses and will be dressed in Colonial costume.

Parents of all Canteen members will receive written invitations and a blanket invitation will be extended to all interested persons. The Canteen has been in operation for several months and is proving one of the most successful projects undertaken by adults for the benefit of the youths of Post. Approximately 150 teen-agers are members of the Canteen. The Canteen was organized on a trial basis but is proving so successful that it is felt that the center is now an established organization. Members are not charged membership fees and all expenditures for the furnishings, library, games, etc., have been donated by interested persons. A recent donation that is a boon to the Canteen is the gift of \$250.00 from the High School P-TA. This gift enables the members to buy additional tables and chairs for the library, more couches, game tables and other needed furnishings. Other clubs and organizations in town are also assisting in many ways to keep the ever expanding Canteen in operation.

There is a need for more yearly subscriptions to magazines. The Woman's Culture Club recently gave a year's subscription to the Readers Digest. This magazine is one of the most popular in the library. Yearly subscriptions have also been given to Life, Look and Popular Science. Requests have been made for Colliers, Saturday Evening Post, Time and Popular Mechanics. Many persons are also giving back copies of all these magazines.

In preparation for the open house, canteen members are waxing the floors, painting all the furniture, hanging draperies, covering couches, etc. They are taking great pride in having a place of their own in which to spend their leisure hours. They work and play under the supervision of an adult advisory board.

The program for the open house will consist of songs, dances, such as the Virginia Reel and Minuet and other Colonial numbers, and

### Canyon Valley News

The Canyon Valley club met with Mrs. Loyd Wygal on Feb. 9. Quilting and embroidery was the work for the day. Those present were: Mmes. I. E. Cross, M. E. Norris, Eunice Gauney, Arthur Huffman, W. M. Price, Jerry Spurten, Nicholson, Smith, Overby, J. Shoemaker, B. W. Pennell, Pete Pennell and the hostess.

The next meeting will be with Mrs. George Huffman.

Mrs. Tot Coles and baby spent last week end with her parents in Colorado City.

Mrs. George Huffman has returned from Odessa where she has been at the bedside of her son-in-law whose condition is still serious.

Visitors in the home of Jesse Smith Sunday were: Mr. and Mrs. Tom E. Niel of Post and son, Pvt. Ray Daniel who is on leave from North Carolina.

Brother and Mrs. Payne of Crosbyton spent Sunday in the home of Mr. and Mrs. Loyd Wygal. Brother Payne is pastor of the Cap Rock church.

Mr. and Mrs. Alvin Jamerson and children have moved to the farm of his brother who was recently inducted into the navy. The farm is close to Ralls. We regret to lose these good neighbors.

Pvt. Harold (Huskie) Shoemaker was in Balls Saturday. Huskie has been released for 45 days from the Brooks hospital in San Antonio. He was wounded in Italy and received the Purple Heart.

### Bridal Couple Honored With Shower-Tea On January 28th

Mr. and Mrs. Bill Braddock were honored with a lovely party on January 28 at 3:30 o'clock by Mr. and Mrs. Ben Briggs.

Those who attended were Messrs. and Mmes. C. C. Murray, E. R. Braddock, G. Preston, G. P. Briggs, L. C. Hicks, Lee Braddock and Misses Geraldene Hodgson, Jewel Murray, Jane Preston and Mrs. C. Foster.

The guests brought surprise packages for the new married couple and after refreshments of tea and cookies were served and a series of games were enjoyed, the couple opened their many lovely gifts.

A variety of other numbers by the members of the Canteen. The program and official hosts and hostesses will be announced in next week's issue of the Dispatch.

### Close City H-D Club Met At Lunch Room

The Close City Home Demonstration club met at the Lunch Room on Tuesday afternoon, Feb. 6th.

There were eight members, two new members and two visitors present at this meeting.

There were several committees appointed and several things discussed for the new year.

A demonstration on "Curtains made of Cheese Cloth" with crochét and tassels hand made was given by Mrs. Mangum.

We adjourned to meet for our next regular meeting with Mrs. Caldwell or at the school house. Our new agent will be with us at this meeting and a demonstration on "Cold Frames and Gardens" will be given by the agent.

The ladies of the community are invited to attend. —Rep.

### "THANKS"

I wish to thank Mr. Bill Wood and all of his teachers for splendid March of Dimes Program rendered at the High school auditorium the evening of January 10th for the benefit of the Indiana Paralysis Fund. I also wish to thank each student who participated in the program as well as the audience who gave so much time and money. To all who in Post who made a liberal contribution last Sunday for this cause I wish to express my thanks. A sincere thank you is also extended to the Boy Scouts who donated \$59.52 to the fund.

J. Lee Bowen, County Chairman

Mrs. Bill Wood and family were visitors here last week with Mr. and Mrs. Wilf Scrogg and friends. Mrs. Wood and family recently with parents, Mr. and Mrs. C. Walden.

## THERE ARE BOOBY TRAPS ON THE HOME FRONT, TOO

THE ONLY difference is, the ones here have price tags on them.

People who are buying a lot of things they don't need with all the extra money they're making right now, might just as well label them "Souvenirs of the Great War Boom."

And in later years when goods are plentiful, and prices come down to normal... when an uncertain future stares them in the face...when others are getting four dol-

lars for every three they've loaned to Uncle Sam—it'll be these people who'll have booby-trap scars, and not much else.

If you want the best security and the best investment in the world today, just sock your money into War Bonds. Don't settle for a bunch of mighty attractive souvenirs. And once you've got those Bonds, hang onto them, keep your dollars fighting—and get your full interest back when the time comes.

## Executive Meetings Held Recently By P-T Associations

Recent executive meetings of Parent-Teachers groups are being reported by reporters of this organization.

### Elementary P-TA

An executive meeting of the Elementary Parent-Teacher Association was held Feb. 7 in a classroom of the Grade School building. Five members were present. Mrs. B. E. Young reported that Miss Ruth Haggard ordered Tubercular Patch Test ten preceding Feb. 7. Mrs. R. L. ... had been added to the ground equipment. Material and labor amounted to \$37.40. Mrs. Redman also reported an estimated cost of \$10.00 for material for a new basket ball goal. The group voted to buy the basket ball equipment. Executive meeting adjourned.

### High School P-TA

An executive meeting of the High School Parent-Teacher Association was held Feb. 7 in the home of Mrs. J. E. Parker with Mrs. Parker presiding. A nominating committee was elected: Mrs. A. C. Surman, chairman, Mrs. J. A. Stallings and Mrs. N. W. Stone. A hundred dollar donation was voted to the High School library and two hundred-fifty dollars cash gift to the Canteen for necessary equipment. Executive meeting adjourned.

Howard McCampbell left Monday for a camp in South Carolina for a ten-day visit here with his wife and baby and with his parents. Mrs. McCampbell has moved into an apartment at the home of Mr. and Mrs. Graeber and will make her home here for the duration.

## Your BABY

By Lillian B. Storms

By the time your baby is five or six months old, he has been introduced to several foods besides his milk and to other methods of eating than sucking liquid through a nipple. Orange juice usually is diluted with boiled and cooled water and fed from a bottle, a small sized bottle is convenient. He has water from a bottle, then from a spoon, and later from a cup. Change the orange juice to a spoon and then a cup as soon as you think he is ready.

When cereal is started and then his strained vegetables are gradually given to him, one at a time, the spoon is used to feed them. Let him help feed himself as soon as he appears to want to do so.

There comes a time, usually before he has more than two or three teeth when he wants something to chew on. Fingers of toast or Zwieback give him practice in chewing, also something he can hold and feed himself.

After vegetables have been started and perhaps one or two strained fruits have become familiar, then finally grated egg yolk, carefully separated from the white of the egg, may be given.

During the balance of the first year or fourteen months, other strained foods are given and the amounts he eats will gradually increase. After the first year or around 14 to 16 months of age, the chopped foods may gradually replace the strained. Custard and fruits usually are continued almost indefinitely.

All of these foods are in addition to his milk for milk is the foundation food for babies and children.

Mr. and Mrs. E. W. Dent spent last week end in Lubbock with Mr. and Mrs. Gordon Sanders.

## Committees Are Named for 4-H Clubs of Garza County

Six girls' 4-H clubs have been organized and two 4-H committees have been set up in Garza county for 1945.

The clubs and their officers are as follows:

Post High School— Marjorie Freeman, president; Elsie Verna West, secy-treas.; reporter, Pansy Adams; song leader, Roberta Boswell; sponsor, Mrs. J. A. Boyd.

Close City— Pres., Marilyn Curry; v-p and song leader, Jeanne Kiker; secy-treas., La Nell Brown; reporter, Billie Jean Longshore; sponsor, Mrs. June Kiker; co-sponsor, Mrs. W. C. Maxey.

Southland— Pres., Margery Becker; v-p, Dian Haire, secy-treas., Joan Saunders; song leader, Josephine Becker; reporter, Joyce Linmer.

Graham— President, Janet Stewart; v-p, Janiece Pluitt, secy-treas., Juanita Peel; reporter, Joy Stewart; sponsor, Iris Steen McMahon; sponsors, Mrs. V. N. Stewart and Mrs. H. B. Peel.

Post Grade School— Pres., Mary Nell Bowen; vice-pres., Mary Ann Hundley; secy-treas., Verna Dell Long; song leader, Zoe Sims.

Justiceburg— Pres., Betty Lou Hagood; v-p, Gloria Tijernia; secy. and reporter, Janyce Lobban; sponsor, Mrs. V. A. Lobban.

Committees have been set up in the Cross Road and Grassburr communities with Juanita Williams as chairman and Grassburr community with Marjorie McElroy as chairman.

There is either a 4-H club or committee in every school in the county and any girl in the county who desires to get the excellent training offered through 4-H club work can do so.

A recent visitor in the home of Mrs. V. A. Hartman was Mrs. Tom Gerald of Canyon. Mrs. Gerald was enroute to see her father in Abilene.

## Founder's Day Tea Held By P-TA's Of Post Schools Feb. 7

Post High School and Elementary School Parent-Teacher associations held a joint meeting Feb. 7 in the Elementary school auditorium and observed Founder's Day. The objects of the associations were read in unison at the opening of the program.

Willard Kirkpatrick gave a production to the program which she mentioned the Parent-Teacher Founders of forty years ago, Mrs. Burney and Mrs. Hurst. She also read a Founder's Day Message from the National Parent-Teacher Association.

A pageant entitled February House was effectively presented by six mothers and members of the Grade School Choral Club, assisted by Mrs. J. A. Stallings at the piano. The pageant was arranged by Mrs. Kirkpatrick and Mrs. Stallings, Founder's Day Chairman of the two associations.

Mrs. Ralph Welch represented February, a disturbed lord of democracy who needed encouragement and a new vision of hope. This hope was restored to Lord February through encouraging words from the lives of February heroes and the National Parent-Teacher Associations whose growing members cherish a good life for every child and a world founded upon brotherhood of nations.

It was around February's throne where Mrs. Clayborne Pirtle, Mrs. L. H. Ingram, Mrs. L. C. Hicks and Mrs. M. K. Bingham spoke immortal words from the lives of George Washington, Abraham Lincoln, James Russell Lowell and Henry W. Longfellow.

Each lady placed a gorgeous bouquet of flowers on the shrine in memory of these February heroes. Then Mrs. N. C. Outlaw represented the ideal of love upon which the National Parent-Teacher Association was founded—the ideal which was born in the House of February.

During the Pageant the Choral Club girls sang America, Battle Hymn of the Republic, America the Beautiful and Columbia the Gem of the Ocean. The pageant ended with the National Anthem. The Choral Club girls assisted by Mrs. Brister were: Sue Bell Brister, La Rue Stevens, El Wanda Davies, Mary Ann Hundley, June Pirtle, Wanda Bilberry, Billie Hunt, Anita Kennedy and Mary Nell Bowen.

Mrs. B. M. Robinson gave an interesting report on the Canteen Project.

Mrs. J. E. Parker, district Endowment Fund chairman, explained the meaning and payment of the endowment fund, Texas birthday fund, and the National Birthday fund.

Mrs. B. E. Young, program chairman of the Elementary Association, announced the Open Night Program which will be held at the next regular meeting on March 7 in the Grade School auditorium and invited everyone to be present.

Mrs. K. Stoker and Mrs. Noah Stone served as hospitality committee. Class awards went to Mrs. Marion Duncan's fourth grade, Mrs. Camma Snowden's fifth grade and the Freshman class.

The meeting ended in a tea with members of the Elementary P-TA in charge. The library with its new tables and chairs was the tea room. Mrs. J. E. Parker and Mrs. Tol Thomas, the presidents, poured tea.

## Priscilla Members Meet Friday In Home of Mrs. Haws

Mrs. A. B. Haws was hostess to members of the Priscilla club in her home last Friday afternoon. Sewing and visiting were enjoyed.

Plans were discussed for the annual husband's night party to be held Friday, February 23rd, at Jennie's Tea Room. Mrs. Everett appointed a committee on arrangements.

The Valentine motif was employed by Mrs. Haws to lend color to the refreshment plates. Open heart shaped sandwiches, potato chips, olives, fruit cake with whipped cream, and coffee and tea were served to two guests, Mrs. Rector and Preston Mathis and the following members: Ben Williams, H. G. Smith, Collier, Duckworth, Webb, Rudman, Karpe, Everett, Camp, Hedman, Thaxton, Outlaw, Hundley, Cash and Altman.

Approximately twenty-one times as much plant life is washed away by erosion yearly as is taken care of by the plants.

## Miss Carrie Becker, Pvt. Kallenberger Married On Jan. 30

Miss Carrie Becker, daughter of Mr. and Mrs. Ed Becker of Southland and Pvt. Marty Kallenberger of North Bloomfield, Calif., were united in marriage in the home of the bride's parents on the evening of Tuesday, Jan. 30.

Rev. E. Herber, Lutheran pastor of Southland, administered the wedding vows at the double ring ceremony.

The bride was dressed in a white wool street-length dress with black accessories. She wore a corsage of white carnations and red rosebuds with flowers in her hair.

Miss Myrtle Wilke, cousin of the bride, was maid of honor. She wore a pink crepe dress with a white carnation corsage.

Sgt. Elden W. Sanders of Hamilton, Ohio, was best man.

Attendants were Miss Dorothy Sue Foster of Wilson and Cpl. Morris Dick, Bronx, N. Y.

Following the ceremony a supper with a two-tiered wedding cake was served to close friends of the couple.

## Calvary Baptist WMS Led By Mrs. J. C. F. Caylor Monday

The WMS of the Calvary Baptist church met Feb. 12th at the church with eleven ladies present. Services were opened by the president, Mrs. H. C. Bristow, followed by a prayer by Mrs. W. A. Johnston. Mrs. C. F. Caylor had charge of the Bible study. There were three new members: Mrs. J. O. Miller, Mrs. Lucy Wade and Mrs. Ruby Wright. The meeting was dismissed by a prayer by Mrs. H. C. Bristow.

We are starting a Training Union next Sunday evening at 6:45 o'clock. We hope all that will to come.

We are proud of our church and its progress. We think all that were present last Sunday evening for the pantomime enjoyed it. Our new pastor, Rev. Bristow, brought a wonderful message following the program. His subject was, "What I Would Do If I Was the Devil."

We extend to all a hearty welcome to come to Sunday school and church. We had a great increase in attendance at Sunday school last Sunday.

**LOCKSMITHS MEN DECIDE TO POSTPONE CONVENTION**

Complying with the recent ban on large conventions not related to the war effort, the Fambandle Hardware and Implement Association will not hold its annual meeting this spring, it was announced by local hardware men.

The convention, which would have been the thirty-sixth annual gathering for the organization, was originally scheduled for Feb. 5 and 6, in Amarillo.

The convention was postponed indefinitely.

Cultivation of cotton first began in the South about 1821.

**Drawing a Bead on a Nip**

This American sniper is taking advantage of a second story window of a wrecked house at Myitkyina, Burma, to watch for any careless Jap who might show his head. The battle to take Myitkyina was a long, hard and desperate one. The Nips fought to the last man. That means our war in the Far East may be a long one and your War Bond purchases are needed to keep our far flung outposts supplied with the best war material we can provide.

**Clifton Cook Visits Parents**

Clifton Cook left several days ago after visiting his parents, Mr. and Mrs. O. R. Cook, for over two weeks. He has quite a long list of points in the news on his itinerary for the past year such as the Solomon, the Philippines, New Guinea, Panama, etc. Wherever there was action Clifton and his crew were somewhere near as his ship carried critical supplies to the armed forces in the Pacific theatre of war. He reported to New Orleans where he will be reassigned for duty. He was in charge of his crew and served as everything from doctor to chaplain or what-have-you.

One thing he thoroughly enjoyed while at home was food—"No more dehydrated food for me when I get out of this man's army," he said. Eggs were always on the top of the list at mealtime.

Sgt. Elmer Dee Jones of Santa Anna, California, spent a 30 day furlough here with his parents, Mr. and Mrs. Hal Jones.

Buy A War Bond Today!

**CANADIAN PLANES FLY SUPPLIES OVER BURMA**

London—Planes of a Royal Canadian Air force Squadron are operating extensively over Burma and have made a trans-continental flight from their training station in "Northwest India," the British radio reported recently.

"One of the Squadron's recent jobs was to carry urgent supplies across the Chin Hills and the Chin River to the British 14th Army driving toward Mandalay," the radio cast said.

"In three days the Canadians carried more than 200 American tons of supplies to the front, including petrol, ammunition, rations, and equipment."

**Jack Wright Now Stationed At Amarillo Army Field**

Jack Wright, son of Mr. and Mrs. Will Wright was transferred recently from Sheppard Field in Wichita Falls to the Army Air Field at Amarillo. He will have several weeks of training in a Technical school of the Air Corps while he is at the Amarillo field.

**SCHOOLMEN CALL OFF MARCH IS CONCLAVE**

West Texas Teachers association will not hold an annual spring meeting originally scheduled for March 18, R. H. Hanson, superintendent of the Post schools announced this week.

The conclave has been called off, Mr. Hanson said, in keeping with the "no convention" rule laid down recently by War Mobilizer James F. Ryner, in order that excessive or unnecessary travel might be avoided.

The West Texas Teachers association covers 18 counties in this general area.

Mrs. T. R. Greenfield left Thursday for Bertram where she went due to the illness of her mother, Mrs. R. J. Taylor.

Round silos are preferred to the rectangular type because silage may spoil in the corners.

**Cattle Shipments In 1944 Surpass Those Of 1943**

Shipments of cattle, calves and sheep in Texas in 1944 surpassed total shipments in 1943, but shipments of hogs was less than as much as in 1943.

Total cattle shipments in 1944 were 5,823 rail cars, 1,323 cars, calves were shipped and 637 loads of sheep were shipped.

Hog shipments dropped to 1,278 in 1944 to only 436 in 1943. Total shipments of all livestock in Texas in 1944 were 8,219 rail cars, and in 1943, 7,942 cars.

Rev. Austin Moore, pastor of the Nazarene church, and C. McMahon, superintendent of Sunday school, attended a day convention in Lubbock Thursday and Friday. Yearly reports were given and plans for the year's work were outlined.

**Insulate...**

FOR **Comfort and Economy!**

**TAYLOR-MADE "Insl-Cotton" INSULATION**

Insulation Keeps Your Home Cool In The Summer— Warm In The Winter ... Saves Up To 30% Fuel Costs!

Reasons Why You Should Select Insl-Cotton:

**EFFECTIVE IN STOPPING HEAT OR COLD**— Insl-Cotton is one of the most effective heat and cold stoppers to be offered to the public for insulating homes.

**EASY TO INSTALL**— Insl-Cotton is so light and put up in long rolls that it is extremely easy to handle. The installation is usually a one-man job. A tack hammer, tacks and a pair of scissors are all that is required to make an installation. It is soft, fluffy and easy to push into difficult corners.

**FLEXIBLE**— Insl-Cotton is as flexible as a cotton quilt and can be tucked into difficult places, corners, behind pipes, electrical wiring and hard-to-get places.

**LIGHT WEIGHT**— Insl-Cotton is one of the lightest insulations known. This feature makes it extremely easy to handle and install. It weighs only about 20 pounds for 100 sq. ft., 3 inches thick. It causes no strain on the ceiling or walls.

**VERMIN RESISTANT**— Insl-Cotton has been chemically treated to repel vermin and is not subject to the attack of rodents or insects.

**NON-BURNING**— Insl-Cotton itself is non-burning. Exposed to a blow-torch Insl-Cotton merely chars. Insl-Cotton is flame-proofed in accordance with strict Federal specifications and every foot of it is manufactured under supervision of a Federal inspector. It has withstood flame tests up to 1500 degrees Fahrenheit.

**NON-SETTLING**— Insl-Cotton does not sag or settle. Cotton insulation differs in this respect from all other insulations; when heated or when warmed, cotton insulation expands.

**MOISTURE RESISTANT**— Cotton possesses a natural oil which causes it to resist moisture infiltration through capillary action. Insl-Cotton will float in water for days. The vapor proof backing on each Insl-Cotton batt has been treated with asphalt, which is famous for its water-resisting qualities.

You are Cordially Invited to Meet the Special Representative

of the **Kahn Tailoring Co.** of Indianapolis who will be at our store on **SATURDAY, FEBRUARY 24.**

with a **Special Showing of Newest Suitings and Coatings for Men and Women Made to Your Order**

You are cordially invited to inspect his large display of "suit length" samples in smartest new patterns and colors. Let him take your measure for immediate or future delivery.

**HUNDLEY'S CLEANERS & MEN'S WEAR**

Ladies and Gentlemen NOTICE

On account of Government freezing of all raw wool, there is going to be a shortage on yardage material that will be available to the civilian public. Only that wool woven into material at the time of freezing several months back, will be all that the public will get. The supply will last only about 3 or 4 weeks. I suggest that you come in and let me measure and order your suit on Saturday, February 24th.

**Freshman Class . . .**  
 The Freshman class welcomes Alton Gary who comes here from Roswell, New Mexico. Alton is the son of W. Gary.  
 The Freshman class plans to have a Valentine party next Thursday night in the gym. The various committees are planning for it to be the nicest party of the season.  
 The Freshman class is very happy to announce that they won the \$5.00 given by the P-TA for having the most mothers present at the last meeting.  
 —P. H. S.—

**Senior Personality . . .**  
 Jimmie Teaff has been chosen as Senior personality this week. She is the daughter of Mr. and Mrs. J. W. Teaff of the Close City community. Jimmie is a very good student. For past-time she likes to read.  
 —P. H. S.—

**Sophomore Class Has Four Members**  
 The Sophomore class is glad to welcome four new members. They are: Allen Roberts, son of W. B. Roberts of Tahoka; Albert Bayer, son of Bayer of Ropes; Rilla Faye Mathis, daughter of F. B. Mathis of Los Angeles, Calif.

**"Maybe Love" Selected As Junior Class Play**  
 "Maybe Love," a 3 act comedy by Kerry Norman, has been chosen as the Junior class play. Judy Corbin, a high school girl of 16, is taken out of school because Cornelis tells Mrs. Corbin that she has seen Judy dancing at the Tip Top, a high school hang-out. Mrs. Corbin engages Richard Lance, a good looking young man, as a tutor for Judy. As he is teaching Judy, he stumbles on to some of Judy's poetry entitled "Maybe Love."  
 Vincent Atwater, the richest boy in town, arrives on the scene under the most unusual circumstances. He is a spy, carefree, reckless sort of person who leaves the impression that he wants to take Judy to a Ball, the social event of the year. Judy is thrilled with the expectations of attending the ball with Vincent even though there is a lot of trouble in store.  
 Suddenly Judy grows up and her affections are changed. What was "maybe love" only in groping imagination and wistful poetry has begun to look more concrete and realistic.  
 The play is to be presented March 9, at 8 p. m. in the High school auditorium. We shall expect to see you there.  
 —P. H. S.—

**Future Homemakers Are Busy Sewing**  
 At any time during the day you can find girls sewing in the home-making lab. The first year girls are still puzzled over it all, but each day there seems to be more light on the subject. These girls are making aprons. In each class there is just one design, but each girl's material is different. Here we saw girls using feed sacks for their material and it was very pretty.  
 Dresses and sun suits predominate in the second year class. A pre-school child's garment is being made and again we saw a number of feed sacks. Self-help features are being emphasized.  
 In the third year class, everyone is having fun! This class is the most advanced class in home-making and their problems are harder.  
 Visiting during this period, we saw evening dresses, spring coats and suits, dressy dresses that were more tailored.  
 We enjoyed our visit to the home-making classes to see what they were doing. You, too, are cordially invited to visit the home-making classes at any time.  
 —P. H. S.—

**Sophomore Class . . .**  
 The Sophomores had a class meeting during classes to decide on their class color, flower and motto. There were several suggestions but the red and white as color won with a red rose for flower and for the motto we chose "The elevator to success is not running, take the stairs."  
 We are also glad to welcome new members to the Sophomore class. With these students we now have 64 members.  
 —P. H. S.—

**Library . . .**  
 Man! These new books surely went fast. They were ready to check out Thursday morning and by that afternoon they had disappeared.  
 There are quite a few students who may not have magazines for a week due to the fact that they didn't get their magazines in by five minutes until the bell. We would like to ask all students to please not ask after the bell and please have the magazines in by five 'til . . . Thanks.  
 —P. H. S.—

**Did You Know . . . ?**  
 The class of '24 selected the Antelope as the school emblem?  
 That 23 seniors graduated in the year 1923?  
 That there are only 13 more weeks of school left?  
 That 3 of the High school teachers graduated from PHS?  
 That Charles Ray is back in Study Hall after week's of confinement in Room 2?  
 —P. H. S.—

## Strike in Sulu Sea

**Official U. S. Navy Soundphoned**  
 Surprised by carrier-based U. S. Navy planes in the Sulu sea, the Jap battleship "Yamashiro," foreground, and another battleship believed of the "Kongo" class, maneuver frantically in a vain effort to evade the winged attack. These two war ships were the dominant units of the force which was completely wiped out in the Sargass Straits.

**Song Hits . . .**  
 "I Dream of You"—Don to Iris.  
 "My Beloved Is Rugged"—Sonny McCrary.  
 "Forgotten"—Marion and Bill.  
 "I Don't Want Anybody At All"—Holmes McLish.  
 "It Had To Be You"—Gene Rylant to Joyce Evans.  
 "Don't Fence Me In"—David Rogers.  
 "It Seems To Me I've Heard That Song Before"—Marion Hodge.  
 "I'm Beginning To See The Light"—Wayne Hundley.  
 "Night and Day"—Mae Head and A. C. Thomas.  
 —P. H. S.—

**Seniors . . .**  
 The Senior class met in the Auditorium February 8th to decide where to go "Senior Day" and what to leave for the school.  
 It was decided that we should take a picnic lunch and go somewhere.  
 The gift to the school will be a contribution to a fund which we will start for an inter-communication system.  
 Ideas for Senior shirts and blouses were given but nothing definite was decided.  
 —P. H. S.—

**Guess Who?**  
 This week's Guess Who is a boy from the Senior class. He is short, has brown curly hair and wears glasses.  
 Last week's Guess Who was Faye Ruth Hamilton.  
 —P. H. S.—

**Welcome . . .**  
 We wish to welcome a new student, D. C. Roberts, Jr. to Post High school. D. C. attended school at Wilson before coming here.  
 He is interested in sports and played football at Wilson.  
 D. C. is an average student and has made many friends already with his pleasant personality.  
 —P. H. S.—

**Tax Revenues**  
 The federal government fared considerably better than the states if the revenue picture of the last two calendar years is viewed exclusively in terms of the three major excise taxes—cigarette, gasoline and alcoholic beverages—levied by both levels of government.  
 Taken together the three taxes yielded the federal government \$2,810,000,000 in 1943 as compared with \$2,340,000,000 in 1942, an increase of 19.5 per cent. The states' yield from these sources was \$1,100,000,000 in 1943 as compared with \$1,550,000,000 in 1942, a decline in collections of 28.9 per cent.  
 When individual taxes were considered in terms of total revenue for both levels of government, only the cigarette tax succeeded in bringing in more money in 1943 than in 1942. This was the result largely of a rise in federal rates, the addition in 1943 of Delaware, Florida and New Mexico to the list of states taxing tobacco, and a few changes in state rates.

**Raining Frogs**  
 Possibly small reptiles, fishes and other small forms of life may be drawn up in a waterspout and dropped, but an actual rain of reptiles is not a matter of scientific record.  
 Weather bureau reports show that in some parts of the country frogs have been observed as falling during a rainstorm, but the explanation is that frogs were drawn-up in a waterspout or vortex of whirling storm from a pond and carried some distance before being precipitated. Moreover, during a protracted period of dry weather, frogs and toads bury themselves in the earth, digging down in search of water and relief from heat. Following a heavy rainfall they emerge from the ground and persons seeing them hoping about, themselves hop to the conclusion that the frogs rained down.

**Only 23 states observe Lincoln's birthday as a legal holiday.**

## Grade School News

Vynonna Clark, Reporter

In assembly Friday afternoon, Mrs. Snowden's fifth grade presented a playlet giving the life story of Abraham Lincoln and making a re-dedication to the things he stood for.

The program was well prepared and was enjoyed thoroughly by the student body and several visitors.  
 The following 4-H club girls were awarded first year pins this week for having completed a year's work and sending in check sheets: Verna Dell Long, Mary Ann Hundley, Myrtle Frances Bryan, Mary Nell Bowen, Zoe Sims and Jean Sims.

Barbara Jean Northcutt won the contest for Sports Queen at Grade school. Her escort was Dan Redman.

The other contestants and their escorts who appeared in the coronation at the High school gym Tuesday night were:  
 Betty Mills, Boyd Bowen; Verna Dell Long, James Barnes; Mary Nell Bowen, Giles Dalby; Patsy Bostic, Ernest Teal; Charlotte Brown, John Hilberry; Billie Williamson, Gaylord Anderson; Jackie Sue Dale, Kelly Luck; Dora Ann Hughes, R. B. Taylor; Sara Lou Ray, Gene Young; and Esther Ann Bird, Jimmie Bowen.

### "MIGGIE" GRAHAM JOINS LAS VIVARACHAS SOCIAL CLUB AT TECH

Miss Mary Margaret Graham of Post has pledged Las Vivarachas social club at Texas Technological college this semester. She is the daughter of Mr. and Mrs. Oscar Graham and is a freshman in the division of commerce at Texas Tech.  
 A total of 47 women students were asked to join the five women's social organizations on the campus at a convocation which ended a week of dateless rushing.

The difference between a prejudice and a conviction is that you can explain a conviction without getting mad.

When mother tries to teach daughter-in-law economy, daughter-in-law is unchanged, but mother became more extravagant.

Lt. Tommy Harmon, crack AAF pilot and former college gridiron star was a Boy Scout.

Guests in the home of Mrs. Ed-die Warren and Mrs. A. R. Tyson last weekend were Mrs. A. R. Tyson, Jr. of Philadelphia, Penn., Mrs. B. G. Reeves of Abilene, and Mrs. Rob Strayhorn of Rotan. Mr. Strayhorn arrived Sunday for the day.

**NEWS BRIEFS**

Word has been received here by Mr. and Mrs. A. Q. Rector that their son, Major Bill Rector, has left the States for overseas service. The Rectors moved here recently and A. Q. is the brother of S. R. Rector.

Major Rector entered the service in 1942 and received his officers' training at Fort Benning, Ga., and did extensive work in Washington. Until he received his overseas orders he was stationed at Camp Shelby, Mississippi as a member of the 260th Infantry. His wife and baby are making their home in Denton with her mother.

Cadet Nurse Joyce Stephens spent the week end in Post with her parents, Mr. and Mrs. Wesley W. Stephens, and sister, Lucille Cam. Joyce is training at the Lubbock General hospital.

Buy A War Bond today!

**Former Post Boy Killed On Leyte On December 24**

T/Sgt. Gale Charles Clem was killed in action on Leyte Island in the Philippines on December 24, according to a message from the War Department received recently by his parents, Mr. and Mrs. C. A. Clem, who now reside on the McGonagill farm east of Tahoka. The family lived in Garza county until 1938 moving from Close City to New Home.

Sgt. Clem was a veteran of many Pacific battles, having taken part in the Attu, Kiska, Kwajalein, Leyte and possibly other campaigns.

Born at Hugo, Okla., Aug. 6, 1917 Sgt. Clem was 27 years old. The family moved to Garza county in 1923, and young Clem attended school at Close City, and graduated from high school at Post. They moved to New Home in 1938, and with the war approaching, Clem enlisted Dec. 1, 1941. He trained at San Luis Obispo, and Fort Ord, Calif.

Sgt. Clem then went to Hawaii, and from there his outfit invaded Attu, in the Aleutians, and then Kiska. Next he was in the invasion of Kwajalein in the Marshall Islands, where he was wounded on February 4, 1944. For 28 days he was in a hospital at Pearl Harbor, and spent several more weeks there recuperating. After returning to duty he was not heard from again until Nov. 24, and he was then on Leyte Island with the invasion forces.

Several months ago, the family received the Purple Heart awarded their son for wounds received in the Marshall's engagement.

Mr. and Mrs. Clem have two other sons in the service. Cpl. Roland W. Clem of the Marines is at Palau and has been overseas 25 months, and Pvt. Vernon Clem who recently entered the service and is stationed at Camp Wolters.

Mrs. Ren Cross had as her guest on Sunday Mrs. Bob Stewart of Washington, D. C. who was en route to the west coast to join her husband.

Peanuts may be salted in the shell by soaking in a ten per cent salt solution before roasting.
