## Dimes Piling Up As Drive Nears End

Reports On Progress  
Of Campaign Not  
Available This Morning

While dimes are marching in through the mails, and through coin receptacles all over the business area, no reports were available this morning as to the amounts that have been received to date in the March of Dimes which is to close this week end, reported J. Lee Bowen, drive chairman. Bowen did, however, express his satisfaction at the progress of the campaign, and stated that he believed this year's drive would exceed last year's campaign which netted between five and six hundred dollars.

"It will be impossible for us to accurately estimate just how much Garza County will contribute to the March of Dimes before next Monday," said Mr. Bowen. "The coin envelopes are being returned to the Committee daily, but they will not be opened until Monday, at which time the coin containers will be picked up and their contents counted along with the other contributions we are receiving."

Some of the churches of the town have taken up collections and there are others that will make special offerings next Sunday. While none of the churches have reported the results of collections to the Committee, a Dispatch reporter was informed Monday that the First Christian church took an offering last Sunday, and that the forty-two members of the Sunday School contributed four times the customary Sunday offering to the March of Dimes.

Only one rural community has reported up until this morning, that being Graham with a generous contribution, Mr. Bowen said that he had been informed that most all of the communities of the County are staging active campaigns of various forms.

Most of the rural schools of the County are taking part in this year's March of Dimes. County Superintendent Robinson, in the school contribution.

Day, who has been at the Post school's home, said this morning that only three Post High school classes had reported, and each of these accounted for 200 per cent cooperation of students, (Continued On Back Page, Col. 2)

### FORMER POST CITIZEN SUCCUMBS AT HIS HOME IN SAN ANTONIO JAN. 17

Garza County residents will be saddened to learn of the death of "Uncle Peter" Watkins, which occurred January 17 at San Antonio where he had been residing since 1940. Funeral rites were conducted from his parish church, St. Gerards, and burial was in San Fernando cemetery at San Antonio, "Uncle Peter," as he was affectionately known here, was born in the parish of English, King County, Ireland, on October 12, 1869, and came to the United States when he was twenty-five years of age. He married Mary Whalen in Chicago in 1898, and lived in South Haven, Michigan until 1914 when he moved to Post. Until 1940 he resided here and engaged in the cotton buying business. He had a wide acquaintance in this and adjoining counties, and until he retired and moved to San Antonio to live with his daughter, Miss Catherine Watkins, he operated a successful cotton business here.

His survivors, besides his widow, include three sons, W. P. of San Fe, New Mexico, E. F. of Chickasha, Oklahoma, and J. C. of Slaton; two daughters, Miss Catherine of San Antonio; and Mrs. L. E. Edmondson of Landley Field, Virginia; three brothers, Thomas and Sam of Ireland, Richard of Jacksonville, Florida, and William of San Antonio. He is also survived by twelve grandchildren.

### PRESBYTERIAN PASTOR TO BEGIN PASTORATE HERE SUNDAY

Dr. David H. Templeton will begin his ministry at the Presbyterian church Sunday morning. Church school services will begin at 10 o'clock with regular church worship at 11 o'clock.

Dr. Templeton comes here from Waller, Oklahoma, and has a creditable record. Members are looking forward to work with renewed inspiration. The public is cordially invited to visit and hear the new preacher.

## Scout Week To Be Observed By Local Troop Feb. 7-13

The Boy Scouts of America, now numbering 1,980,000, will observe the 37th anniversary of the organization during Boy Scout Week, opening Friday, Feb. 7 and closing Thursday, Feb. 13. It is the nation's largest birthday celebration among young citizens and will be observed in every city, town, village and hamlet.

Post Boy Scout troop 16, which is now comprised of thirty-six boys, is making extensive plans for the observance here, according to Charles Moore, junior assistant Scoutmaster. While plans for the full week are being arranged at this time and will be announced next week, among the activities already planned are: on Scout Sunday, Feb. 9, the troop will attend church in uniform; on Scout Day all members of the troop will be dismissed from school to "take charge of the city" and police the town; a Court of Honor will be held sometime during the week; steps will be taken during the week to form a second troop; and a number of productive projects are slated to get underway.

The theme of the observance is "Scouts of the World—Building for Tomorrow." Through the World Friendship Fund of voluntary gifts established two years ago by the Boy Scouts of America, they have given \$110,464.36 to (Continued On Back Page, Col. 4)

## BENEFIT BALL GAMES TUESDAY NIGHT NET \$35.46 FOR POLIO FUND

Thirty-five dollars and forty-six cents were added to the county's March of Dimes drive Tuesday night after proceeds from a 3-game basketball game were turned over to the fund, reported G. R. Day, superintendent of Post schools.

The games were arranged by the athletic department of the school last week, and all basketball followers were asked not to use their activity cards for admittance and urged to contribute an admission to the March of Dimes. "We wish to thank all who attended the games for their cooperation," said Mr. Day.

With Wilson furnishing the opposition for the two high school teams, and Brownfield an independent girl's team, three fine games were witnessed. The Antelope girls tripped the visitors, 19-10, with Roy Williams scoring seven points to pace the locals. In the girls' match Alma Outlaw scored nine points to lead Post in a 27-12 decision over Wilson. The local independent girl's team was edged out by Brownfield, 20-18, in a closely contested match.

## MRS. W. R. WARDLOW DIES FOLLOWING SHORT ILLNESS

T. J. Wardlow of this city received word Tuesday morning of the death of his mother, Mrs. W. R. Wardlow of San Benito, Texas. She was a long-time resident of Garza county and friends here will be shocked to learn of her death. She passed away January 27 after a short illness.

She is survived by her husband, five sons, several sisters and brothers.

Funeral services were held in San Benito Wednesday.

## Poll Tax Payments Are Slightly Higher Than Last Off-Year

Garza Countians, with memory of a heated state election still fresh, are paying their poll taxes slightly better than they did in the last off-election year of 1945, but are far short of the last year total.

A check-up made at the county tax office Wednesday morning by a nosy Dispatch reporter revealed that 866 poll taxes has been issued up to that time, which compares to 801 issued four days before the 1945 deadline, and a total of 847 issued for the off year. It will be anyone's guess just how many will be issued between now and tomorrow night, as usually there is a last minute rush which may bring the total above the nine hundred mark before the deadline.

Last year 1302 purchased poll tax receipts.

## Verdict Favored Defendant In Civil Case Last Night

A civil case, which was called for trial Monday morning at 10 o'clock was completed last night, following a 3-day session in 106th district court, when a Garza jury rendered a verdict in favor of the defendant.

The suit, styled W. F. Pierce Truck & Grain Company vs. Scott Storie, suit for damages on non-completion of contract, which resulted from a contract between the men for five cars of maize for November 1945 delivery, developed into the longest session of district court here in years.

Testimony in the case was begun Monday morning shortly before noon and was not completed until about 4:30 Wednesday afternoon. Arguments were begun last night and the jury returned a verdict about 11:30.

## FUNERAL RITES FOR MRS. SNOW CONDUCTED FRIDAY

Funeral services for Mrs. Iris Lillie Snow, 25, a resident of Post for two years, were conducted Friday afternoon at 3:30 o'clock from the Calvary Baptist church with Rev. I. V. Walker officiating. Mrs. Snow entered the Slaton Mercy hospital Tuesday where she died Thursday afternoon.

Survivors include her husband; two daughters, Opal and Joyce; three sisters, Mrs. Eddie Widdle at Temple, Mrs. Lee H. Snow, and Mrs. Clara Davis; and one brother, John B. Guthrie, all of Post.

Pall bearers were Walter Crider, Tom Carter, Bill Hughes, James Armistead, E. B. Billingsley and E. J. Horton.

Burial was in Terrace cemetery with Mason & Company funeral directors in charge.

## With GI School

Bill J. Davis, who for the past several months has been employed with the Haws' department store, has accepted a position with the Garza County GI Vocational Agriculture school as secretary. Mr. Davis is officiating in the county court house with Louis Nance, county co-ordinator.

## Post Girls Place Second In Union Dawson Tourney

After drawing two byes, and defeating one opponent for rights to play in the championship game, the Post High School girls' basketball team wrapped up second place trophy in the Union Dawson tournament last week end.

The local girls squared away on the hardwood at 2 o'clock Saturday afternoon against Sparenburg, after drawing byes earlier in the tournament, and won a hard-fought game, 23 to 22, to place them in the finals with Union Dawson.

In the Post-Sparenburg game, the local line-up was Outlaw, Nichols, Stewart and Fluit, forwards; Chandler, Moss, Tiger, Williams and Kennedy, guards. Sparenburg used Fisher, Hanchin, Moore, McGee, Truite, Lauderdale, forwards; Atterbury, Davis, Culp, Lassater, Hudson and Hank, guards.

In the finals, Saturday night at 8, the Post team lost a closely-contested match, 32-27 to Union Dawson. The local line-up was Outlaw, Nichols, Stewart, Fluit, forwards; Chandler, Williams, Tiger, Moss and Kennedy, guards. Union's line-up was Hogg, Moore, Robinson, Gary and Robinson, forwards; Entinger, Neil, Crane, Carr and Ham, guards.

On the individual tournament team Alma Outlaw tied with Wynell Robinson, as forwards, and each girl received a gold basketball.

## JOHN DEERE DAY IS ANNOUNCED IN THIS ISSUE OF DISPATCH

Appearing elsewhere in this issue of the Post Dispatch is the announcement advertisement of John Deere which is being sponsored in Post February 12 by Bryant-Link Company.

Final plans for the full-day of entertainment are being completed this week by Duke Travis, manager of the local store, and everything is being put in readiness to make this year's John Deere Day the greatest ever.

The picture show, starring Bob Burns in "The Wandjamer," will be free to everyone, and will be screened at the Garza theatre. The remainder of the program will be arranged and announced in next week's Dispatch, said Mr. Travis.

He urges that you begin making plans now to attend the entertainment, which he promises will be educational, interesting, and enjoyable.

## ELMER TEAL RESIDENCE DAMAGED BY EXPLOSION

The Post fire department answered a call about 8:30 o'clock last Thursday at the Elmer Teal residence at 310 West 12th street when a butane explosion caused considerable damage to the small stucco residence.

The explosion occurred at a time when no occupants of the residence were at home. The entire front of the house was blown out and the roof badly damaged.

## Cub Pack Meeting Tonight

There will be a Cub Pack meeting tonight at 7:30 at the Grade school. All cubs, their parents, and friends are urged to attend. John Lott will show a sound film illustrating the life of cub in the home.

## Five Inch Pipeline Replacing 2 Smaller Lines To Oil Field

Eight thousand feet of 5-inch pipeline is being laid this week by Scurlock Oil Company from the Santa Fe loading tracks to the Garza central oil field to replace the 2-inch and 3-inch lines which have been serving the field the past year.

The Company is reported to be handling all of the production from the central field, approximately 100,000 barrels per month, and moving it through the pipeline. The new 5-inch line will connect with the two and three inch gathering lines running through the field to the center of the pool.

Scurlock is also purchasing the production of the PHD field, in northwest Garza County, and is moving this crude by truck. The present production from the field is said to be about 5,000 barrels monthly.

The Company is using an average of 450 railway tank cars monthly in shipping out the crude.

Construction of the pipeline is to be completed by next week end.

## Housewives Digging From Under Worst Sandstorm In Years

Post and Garza County housewives are digging out from under one of the most severe sand-storms in years this morning after the greater parts of Lynn, Lubbock, and Terry counties moved in on this county yesterday and last night.

The deep red clouds of sand appeared rolling in from the west about 9:30 Wednesday morning and enveloped Post a few minutes later to cause all business houses to turn on lights and people to desert the streets and seek shelter inside stores and residences.

A number of motorists were reported marooned along the highway between Post and Lubbock as clouds of sand swept the (Continued On Back Page, Col. 2)

## DEE COLEMAN RESIGNS FOREMANSHIP OF OS

Dee Coleman, who for the past five or six years has served as foreman of the O. S. ranch in southeast Garza County, has resigned his position as foreman to become effective February 1, the Post Dispatch has been informed.

Mr. and Mrs. Coleman are moving to the Colonial Apartments from the ranch home this week end.

Mr. Coleman has not announced future plans, and it was not learned whether or not he has been replaced as top-hand at the OS.

## Bookkeeper Employed

Lewis Price, who since his release from the Army Air Force about a year ago has been employed with the Southland Hardware Company, has moved to Post to be associated with the Post Truck & Tractor Company as bookkeeper.

Mr. Price, with his wife and baby, moved to Post last week and the family is making their home at 22 1/2 North Monroe Avenue.

# Texas Owned And Operated Air Lines Makes It Possible For Garza Residents To Book Transportation From Lubbock Around The World

By EVELYN BOYD  
Texas Week Associate Editor

The Texas owned and operated Pioneer Air Lines, by reason of its unique position of being the nation's first experiment in "feeder" lines, makes it possible for a resident of Post to book transportation all the way from Lubbock to Asia, or anywhere else in the world where there is air transportation.

Before the war the air transportation industry, as well as those phases of government concerned with aviation, had realized that the nation eventually would be covered with a network of feeder air lines for the purpose of moving passengers, mail and cargo into the main channels of air transportation. It was a logical step in the development of aviation.

Pictured above is one of eight 24-passenger Douglas DC-3 Aircraft which Pioneer Air Lines, Inc. will use in bringing new air transportation service to the South Plains.

The Civil Aeronautics Board, aviation's regulatory body which functions as the Interstate Commerce Commission and the Texas Railroad Commission do for railroads and motor lines, had no precedent for considering feeder

air line applications. As there were no means for measuring, beforehand, the need of communities for this type of air service and for determining the best methods of operation, the CAB needed a pioneer.

The Corporation, formerly Es-sair but now known as Pioneer Air Lines, was willing. Here in the Southwest, the Pioneer leaders reasoned, is the ideal ground to begin development of the new phase of a great industry. Here, in Texas, there are vast distances separating communities of common interest. There are businessmen who need the speed of air transportation for travel, for mail and for the products they buy and sell.

For the experiment, Texas offered the most ideal flying weather

of any place in the nation—covering as large an area—almost every day in the year.

Operations were begun August 1, 1945, with flying schedules between Houston and Amarillo, by way of Austin, San Angelo, Abilene and Lubbock.

By September, 1946, the passenger revenue was 14 times what it was the first month; the number of passengers had increased 18 times; express ton miles had increased more than 10 times; and schedules of miles flown had doubled. The public and business interests of the communities served had approved.

The approval justified the substitution of new 24-passenger Douglas planes for the 10-passenger (Continued On Back Page, Col. 3)

Mary Margaret Duckworth spent the week end in the home of her parents, Mr. and Mrs. Ira L. Dukworth.

Mrs. Della Justice returned Monday morning from Dallas where she attended the Spring Market.

### Senior Gab . . .

Mrs. Smith is indeed fortunate to have such intelligent students in her class. The other day she asked D. G. if she was supposed to spell headache with a hyphen and D. G. said, "Mrs. Smith, I guess you would if it is a splitting headache."

Another bright student, Sonny, defined "wind as it when it gets in a hurry."

But best of all was the theme written by Roy. It read: "What a wonderful bird the frog are! When he stand, he sit, almost; when he help; he fly; almost; he ain't got no sense, hardly; he ain't got no tail, hardly; when he sit, he sit on what he ain't got, almost!"

Of course Coach has some smart students in his class too. The other day he asked Bud to tell the class about the manners and customs of the people of the Fiji Islands. Bud thought a minute and replied, "They ain't got no manners and they don't wear no customs."

In Mrs. Bingham's speech class, I heard Leola ask Connie why Bill was yawning in the middle of his speech. "I guess he is listening to it," was Connie's reply.

When Albert was asked what George Washington was noted for he immediately said his memory. The teacher asked why he thought his memory was so great and Albert said, "Well, they erected a monument to it!"

### Senior Personality . . .

This is the girl who has the latest girl's GI haircut. She wears it in a very becoming style in a curly halo around her head. With her brown hair she has big brown eyes to match. She is above the average in her grades and seems to have quite a way with the teachers. She is a very charming person to know—only more people would know her better if it were not for her main fault—zigzagging! Now you should know—who is she?

Our last week's personality was Hugh Ingram.

What fun—the third year H. E. girls feel as if they were in grammar school again, since they are getting to spend their regular class period getting water colors all over them. They have been experimenting with colors and learning what color becomes them, and that's not all—for instance, did you know that black is not a color and white is every color, and that when a color is put in total darkness that there is no color to it—and that doesn't mean that when you hang your clothes in the closet at night that they turn white either—Mary Jo.

Mr. King's junior team came home Saturday with quite a few bruises as a result from their game

### QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing

with Idalou in which they were defeated. The girls who went to this game were: Versa Long, Helen Thaxton, Laneil Brown, Am Floyd, Frances Benson, Vada Holly, Joyce Lofton, Alice Carr, Joy Stewart, Elsie West, Minnie Dye, Marjorie Freeman and the manager, Betty Mills.

The Infantile Paralysis drive is going in full blast at PHS, but the saphaneres are lagging behind. Let's go—sophomores—don't let a cripple child down.

Home projects such as dresses, skirts, blouses, pajamas, brunch coats, etc. are being stacked in HE this week.

### Personality . . .

She is a cute brunette with blue eyes and a smile is always on her face. She plays basketball very well. Her nickname was given her on a freshman picnic last year. She is liked by every one. Who is she?

### Freshman Frolics . . .

The plans for the freshman party have been changed as the canteen was not available. We are sorry about this but at the time these were our plans. The party will be held sometime soon.

### Requirements for All Teachers!

Must have rheumatism in both legs.

Must be in a general run-down condition.

Must be lazy.

Must have a great sense of humor and be broadminded enough to disregard taunts placed in the seat.

Must have education as far as the third grade.

Must be deaf.

Must be blind.

Must wear loud cow bells on neck and ankle to warn students of approach.

Must not know what the word "roll call" means.

Must be fat enough to make it impossible to arise from chair quickly.

Must have as a motto "the students are always right."

### Eighth Grade Personality . . .

She is a new student in PHS. She is a blond and wears glasses. Who is she?

### Canteen Capers . . .

Joyce Evans, as usual, was the center of the noise Saturday night. It seems as though Joyce just can't keep out of trouble. Her parents even come with her but even that does no good.

The main interest was the outcome of the junior girls basketball game at Southland Saturday afternoon. The girls didn't seem very happy and who could blame them. They were also wondering how the senior girls were doing at Union.

I guess the boys have finally become men. Almost every boy who came in the door had a huge cigar stuck in his mouth.

Monday night it was decided that Thursday night would be set aside for repairs. Mr. Thomas and Mr. Evans have agreed to fix the ping-pong tables and the floors are to be waxed. If you kids want to see the canteen really shining just come next Saturday night.

### Basketball News . . .

Last Friday night the Antelope Cagers and the Girl's A team met the Slaton boys and girls again. Both teams were victorious. The girls winning 33 to 11, and the boys won to the tune of 12 to 9. The Post outsiders also played Tahoka outside girls and beat them 17-16. O'Donnell defeated Tahoka

### LOCAL GYM SCENE OF OUR LATE MATINES LAST FRIDAY NIGHT

Four matched games were played in basketball last Friday night at the Post High gymnasium before a good sized fan crowd.

The play got underway at 6:30 o'clock with Post "outsider" girls taking the court against an "outsider's" team from Tahoka. The local girls won the game by one point, 17-16. In the Post line-up was Norma Hudman, Joy Shepherd, Wanda West, Oleta Richardson, Jimmie Pierce, Wynona Gossett and Marion Sheppard. Tahoka line-up: Billy Dreger, Fay Johnson, Frances Jolly, Betty Ingram, Charlene Barton and the girls' coach, Punk Peel refereed.

The Post High school girls lost to Roosevelt girls, 22-19, in the second game of play. Local line-up included Outlaw, Bains, Stewart, Barnes, Fluit, and Nichols, forwards; Chandler, Williams, Ticer, Taylor and Moss, guards. The Roosevelt line-up included: Jones, Weaver, Samoles, Kelsa and Judd, forwards; Holmes, Sheppard, Wier, Lumberg, Hampton, guards.

In the final game of the evening, Post boys wallpiped Roosevelt in a fast game, 30-21. The local line-up included: McCrary, Williams, Hester, Malouf, Hays, Carr, Young, Jones and Wiley. Roosevelt used Speer, Barnett, Hugh, Pusley, Sides, Sersey, Durham, Daniel, Trotter, Helter, Rogers and Ray.

### POINTERS GIVEN BY HOME DEMONSTRATION AGENT ON SOAP MAKING

Most common problem in home soap making is separation, and all you homemakers who have made soap have probably seen it . . . that dark, jelly-like mass that forms a layer in the bottom of the mold when the soap has cooled.

Miss Jewell Hipp, County Home Demonstration Agent, gives some pointers on how to prevent separation. It is often caused when too high a temperature is used, or when your soap ingredients are not well mixed. In stirring, use slow even strokes in the same direction. Don't stir fast. This can cause separation too. Rancid or salty fat is another cause of separation.

If you've already made a supply of soap which has separated, you can reclaim it. Shave the soap into flakes in a kettle. Then add the layer of lye that has formed in the bottom of the mold, along with about five pints of water. Melt the mixture with gentle heat and stir it occasionally. Then increase the heat until the soap boils gently. It should become thick and syrupy . . . if it doesn't, add more water, a pint at a time, and continue stirring until the mixture becomes rosy and hairy when dropped from a spoon. When it reaches this stage, you can pour it into a mold and cover. That ought to do the job . . . and give you some good, even-textured soap.

### in a conference game here.

The Post A girls went to Union Dawson tournament Saturday and after defeating Sparenburg 28-22 they lost to Union 32-27 but won second place. The Post boys and girls were scheduled to meet the Wilson teams here Tuesday night. Proceeds from this game will be given to the March of Dimes.

Thursday night the Post girls will play Southland for county winner. Then on Monday night they will play them at Southland.

Friday night the Post Antelopes will play the Tahoka Bulldogs in their last conference game in this quarter of the district. After this game they will play someone from the other half of the district and if they keep on winning they will go to the state. Finals will be played sometime in the latter part of February.

## Sam Hackney Reports on the U.S.A.

Sam Hackney and the missus just returned from a trailer trip around the country. They're tired, and glad to be home, but mighty impressed with what they saw.

As Sam reports—every section has something different; a different way of talking; different tastes in food and drink; different laws and customs. But bigger than all these differences is the American spirit of tolerance that lets us live together in united peace.

"Of course," says Sam, "you run into intolerance from time to

time. Individuals who criticize another's right to speak his mind, enjoy a glass of beer, or work in any trade he chooses. But those are the exceptions—and we're even tolerant of them!"

From where I sit, more of us ought to make a trip like the Hackneys—to realize firsthand how America is bigger than many differences . . . how tolerance of those differences is the very thing that makes us strong.

**Maybe You Grow 'Em, Maybe You Just Eat 'Em, Anyway Here Are Some Facts About Blackeyed Peas You Don't Know**

The common blackeyed pea originated in India some 3,000 years ago. It came to America from England in 1734, when it was first planted in Georgia in the Jilgethorpe Colonies.

No one knows for certain when the pea first came to Texas, but it had been grown for food throughout the southern states for the past 50 years and it is probable that the first settlers brought the seed with them.

Peas belong to the family of Vigna Catjang and are closely related to both English peas and various beans. The popular name for the blackeyed pea is "cowpea" but now that the canners have shown an interest in the crop and it is being introduced on a large scale to the nation's consumers, an effort is being made to disown the "cowpea" name as lacking in consumer appeal. In the same way, "mutton" has replaced "sheep meat," although producers and handlers have been less successful in substituting "chevon" for "goat."

Blackeyed, cream and purple hull varieties have become increasingly popular as a food during the past five years. Texas canners have contracts with Eastern jobbers for as many cases of canned peas as can be produced, and it appears to be an outstanding cash crop in the sandy areas of East and South Texas.

The production of peas for canning purposes has centered around Tyler and Athens but the acreage is increasing rapidly in the Rio Grande Valley.

During the past season, growers received an average of \$65 and a top of \$85 per ton of green field peas in the hull. Production ranged from 1500 to 3000 pounds per acre under field conditions.

Figures on total acreage of peas for all purposes are now known, but since peas are also a popular hay and soil building crop, it must be considerable.

One outgrowth of the new market for field peas is the revival of the old custom of eating black-eyed peas on New Year's Day "for luck."

**Swing of Southwest Farm Markets**

Dullness and lower prices featured the farm market last week, as reported by the Production and Marketing Administration, USDA. Hogs furnished the only bright spot, registering net advances during the period.

Butcher hogs were up 25 cents to a dollar, and sows gained 50 cents to \$1.25. Stockers and feeders were steady to \$1.00 higher. Good and choice medium weight butchers brought \$23.50 to \$23.75 at Fort Worth. Closing top at Oklahoma City was \$24.00, and Friday's packer top was \$24.35 at Denver. The week's top was \$22.50 at San Antonio.

Cattle showed definite weakness, as most classes lost from 25 to 50 cents during the period, and some cows were down \$1.00 to \$1.50. Medium cows sold for \$11.50 to \$13.00 at San Antonio. Common and medium kinds brought \$10.25 to \$12.75 at Houston; \$10.50 to \$12.50 at Wichita, and \$11.50 to \$13 at Denver. Medium and good beef steers turned at \$15 to \$22 at Fort Worth and \$16 to \$20 at Oklahoma City.

More liberal receipts of poultry found dull trading last week, and egg markets weakened. Current receipt eggs sold for around 35 to 41 cents per dozen. Broilers began to arrive in plentiful supply and demand was only fair at 30 cents per pound in Dallas and 28 to 33 cents in Ft. Worth. Heavy hens brought 22 to 24 cents in Ft. Worth and 23 to 25 in Dallas.

Cotton registered a net decline of \$1.50 to \$2.05 per bale for the week. Friday's closing price on middling 15-16 inch was \$30.60 at Dallas; \$30.76 at Galveston; \$30.65 at Houston; and \$30.70 at New Orleans.

Johnnie Calo who is a nurse at the West Texas hospital in Lubbock, was a week end visitor in the home of her mother.

She who gorges is never gorgeous.

**"THE WINDJAMMER" Starring "Bazooka" BOB BURNS**

To be shown here on JOHN DEERE DAY.

Popular Farmer's Day Program to Be Held February 12 by Local John Deere Dealer

Free to farmers, in this and neighboring communities, is the big John Deere Day Program to be held at Bryant-Link Co. on Wednesday, February 12.

According to Bryant-Link Co., local John Deere dealer, this year's John Deere Day Program will provide a full measure of top-notch entertainment every farmer and his family will long remember.

The main attraction is a 55-minute Hollywood feature, "The Windjammer," which stars "Bazooka" Bob Burns, famous

radio and screen comedian. The "rib-tickling" story is built around a windy character, Bob Newton by name, who claims to be able to make animals talk. His experiences, and those of his charming daughter, in filming a talking animal picture in Hollywood will be enjoyed by everyone.

In the supporting cast are such well-known artists as Gale Robins, Scott Elliott, Kenneth MacDonald, Ida Moore, Eddie Kane, Dan Duncan, and Sam Flint.

**FOUR OTHER ALL-TALKING PICTURES**

In addition to "The Windjammer," four other new, all-talking pictures will be shown. They include "Headliners in Tractor Value"—the story of the new John Deere Models "A" and "B" Tractors for 1947... "New Power for the Smaller Farm"—an important announcement of a new tractor with a complete line of integral equipment for the small acre-

age farmer... "Conservation Farming with Regular Equipment"—an educational picture on how to keep your soil "at home" with the equipment you have on your own farm... and "New Pages in John Deere Progress"—a newsreel on newly developed John Deere integral and drawn machines for 1947.

Duke Travis cordially invites every farm family in this area to come to this big farmer's day program. He promises a good time to everyone who comes.

**AREA SOFTBALL LEAGUE FORMED WITH POST MAN ON RULES COMMISSION**

An area softball league was formed Tuesday night at Lubbock when representatives from several towns attended a meeting in Lubbock and named Wade Holland of Tahoka president of the organization.

Travis Gilmore of Post, who managed last season's Postex ball club, was named a member of the rules and protest commission.

Other officials included Lovick Lison of Lubbock, statistician, Ralph Bumpass, Lubbock, secretary-treasurer and Arthur Miller of Plainview will serve with Gilmore as the third member of the commission.

Sixteen men representing seven teams attended the session. The next meeting has been scheduled February 11 at Lubbock.

**VFW MEETING TO BE HELD FEBRUARY 5**

Veterans of Foreign Wars are urged to be present February 5 at the Legion Hall at 7:30 p. m. This is a special called meeting and a barbecue supper will be served.

The only thing harder than paying bills is collecting them.

**CURRENT ISSUE OF LIFE MAGAZINE PICTURES BROTHER OF POST MAN**

In the January 27 issue of Life magazine, Ralph Welch, troubleshooter for the local Southwestern Associated Telephone Co. exchange, found among the three-page section of pictures of Henry Know Sherrill being installed as leader of the U. S. Episcopalians, a picture of his brother, the Rev. Ross Welch, who is standing by an altar with the Bishop.

The picture appears on page 38 of Life, the third bottom picture from left, with Rev. Welch pictured standing at left. The photograph was made in the Aleutians during the war at which time Rev. Welch was serving as a navy chaplain and Bishop Sherrill as chairman of the Army-Navy chaplain commission.

Rev. Welch is now serving as pastor of the Nixon, Texas, Methodist church.

Mrs. Winston Wharton and daughter, Ann, of Tahoka spent Sunday here visiting Mr. and Mrs. Doug Morrel.

Twice as much waste matter is discharged from the human body through the skin as through the lungs. For this reason the skin is often spoken of as the third lung.

**SOCIAL SECURITY REPRESENTATIVE TO BE IN POST FEB. 5**

Elliott W. Adams, Manager of the Lubbock Field Office of the Social Security Administration will be in Post, Wednesday, February 5 at 2:00 p. m. at the post-office.

Mr. Adams will answer any questions regarding Social Security and also take applications for account numbers and employer identification numbers.

**Buster McNabb Arrived Home Last Week From Tokyo**

Buster McNabb has returned home with an honorable discharge from the army after having served his second hitch overseas. McNabb arrived here last week. He flew from Tokyo in a little more than 40 hours, landing in San Francisco where he was met by his wife, the former Maxine Justice, daughter of Mr. and Mrs. Cameron Justice.

McNabb was stationed in Tokyo both times that he was sent overseas.

**Undergoes Surgery**

O. G. "Shorty" Hamilton underwent surgery in the Shannon hospital in San Angelo last Friday. He was accompanied to San Angelo by his daughters, Faye Ruth and Beth. They returned home on Sunday.

**"MYSTERY LETTERS" CAUSING CONFUSION TO VET ADMINISTRATION**

"Yours, truly, Bill Jones," and so ends hundreds of letters with no further identification, received daily by the Veterans Administration West Texas Regional Office at Lubbock.

These are called "mystery letters," and are usually the cause of veterans and their dependents not getting a prompt reply from the VA.

On advice from S. Roscoe Clark V A Contact Representative at Lubbock; when writing to the Veterans Administration, always give full information about yourself. This is because the VA has thousands of similar names in its files. Be sure to give full name, address, service serial number, claim or insurance number.

In the West Texas VA Region alone there are 1200 Smiths, 1100 Jones' and 1500 Browns'.

The VA Regional office Master Index file contains 6400 names of veterans. 6400 to one is pretty long odds in a guessing contest.

**Union Meeting of Postex Employees To Be Held Sunday**

The Postex employees will have their regular union meeting Sunday, February 2, at 3:00 o'clock p. m. at Jennie's Tea Room.

## Bits Of News:

Wallace Barnett of the Plains Lumber Company transacted business in Fort Worth during the week end.

Mr. and Mrs. Otho Collins of Lubbock and little daughter, La Wanda, spent Sunday with Mr. and Mrs. J. C. Johnson.

Guests in the home of Mr. and Mrs. P. E. Stevens Sunday were Mr. and Mrs. George Small of Tahoka, Mrs. Walter Hyde, Miss Nora Stevens and Betty Jo Stevens who visited her family for a week between semesters before returning to Texas Tech college.

Mr. and Mrs. Harold Davies and children of Cisco spent the week end with Mr. and Mrs. Elbert Davies and other relatives.

J. G. Stacy and other members of the Mason & Company firm in Levelland met here in a business meeting with members of the Post firm on Friday.

Mr. and Mrs. Jess Cornell and two children of Roswell, New Mexico, spent last week as guests of Mrs. Cornell's parents, Mr. and Mrs. Lee Davis.

Mrs. Bob Warren returned to Lubbock on Sunday with her daughter, Mrs. Tom Gates, Mr. Gates and Ann for several days visit.

Mr. and Mrs. G. N. Leggett are visiting and transacting business in Post for about three weeks. Their home is in Socorro, New Mexico.

Miss Mary Helen Robertson, daughter of the Ed Robertsons of Lubbock, came in last Wednesday afternoon for a short visit with relatives and friends here. She was an overnight guest of Dr. and Mrs. Kahler. News of her brother, Ed Lawrence, will be of interest to their many friends in Post. He is a student in NTSTC in Denton and is making a place for himself in football. He recently was awarded a "Letter" in a ceremony held for members of the team.

Members of said, cake, coffee and tea were served to the following members: Mesdames Stone, Boucher, Welch, Ida Robinson, Suits, Moore, Surman Clark, Smith, Tomlinson, Faulkner, and one visitor, Mrs. Hartman. —Rep.

## WIDE BOARD MAKES IRONING EASIER

Many housewives are finding that ironing can be made much easier by using a wide, 20 inch board, constructed to fit over the regular ironing board.

Mrs. Florence W. Low, associate specialist in home management of the Texas A and M College Extension Service has introduced the wide ironing board attachment to many homemakers in the state, and they've found that it saves a lot of effort normally spent in shifting articles about on a regular-sized ironing board.

The wide board is not a replacement for the regular board, but it is a useful added feature, Mrs. Low says. Most suitable material to use in constructing the attachment is 7-8 inch plywood, sawed out to extend two inches beyond each end of the regular board. To hold the wide board in place, four wooden strips, placed underneath to fit the edges of the regular board, can be screwed in place. The attachment is easily put on and removed, and the wooden cleats hold it firmly in position, says Mrs. Low.

Most ironing boards now in use are approximately 14 inches wide, with a taper at one end. The advantage of a straight, long board, six inches wider than the average board, is easily seen, Mrs. Low says. Many homemakers have found it especially handy for ironing flat pieces, such as sheets, table linens and hand towels. It also saves a lot of "shifting" when ironing trousers, slacks and shirts.

—Reporter

## Bits Of News:

Mr. and Mrs. W. B. Little and daughter, Billy Ruth, and Les Jean McCarey of Littlefield were week end guests in the Noah Stone home.

Miss Catherine Watkins, formerly of Post but whose home is now in San Antonio, was visiting with Post friends last Friday and Saturday. She is teaching in Sidney Lanier High School in the South Texas city.

Rev. Nickerson, pastor of the First Christian Church is spending a few days in Enid, Oklahoma, with his son and wife and visiting with a new grandbaby.

Mr. and Mrs. Joe Shirley and children of Lubbock spent Sunday here with the George Shirley and Tom Boucher families.

Mrs. A. R. Tyson who arrived here for a short visit with her daughter, Mrs. Ed Warren, left Tuesday for Abilene, her former home. She will go in a few days to Atlanta, Georgia, where she will remain indefinitely.

James Stalling, who has been in Florida with his wife and new son, was a recent visitor here with his parents. He will bring Mrs. Stallings and baby back to West Texas when the weather is more desirable.

Mr. and Mrs. Robert Johnson and baby of Lubbock came in Monday for a short visit with the B. J. Edwards family and to be here for the birthday celebration of Mr. Edwards on Tuesday.

Miss Verlaine Smith, daughter of Rev. and Mrs. I. A. Smith, left recently to make her home in Detroit, Michigan. She was associated with Maggie's Beauty Shop while she lived in Post.

Mrs. Gladys Price spent last week in Clovis, New Mexico, with her daughter, Mrs. Wallace Simpson, and family.

Mrs. Tom Welborn of Lubbock visited with Mrs. John B. Slaughter at the U lazy S ranch on Monday.

H. R. Ferguson and family, Mr. and Mrs. Elmer Houston, Mrs. James Houston, and Mrs. Eva D. Wright were Sunday guests of Mr. and Mrs. Jess Wright.

### DAWSON FARMERS FIND BLACKKEYED PEAS TO BE GOOD CASH CROP

Blackeyed peas have developed into a big cash crop in West Texas. In Dawson and surrounding counties, the 1946 crop of green field peas brought farmers an average of \$110 per ton in the hull, reports Dawson County Agricultural Agent T. A. Barfield. The blackeyed pea acreage in Dawson County alone last year was between 20,000 and 25,000 acres, Barfield says. Fields were reported to range from 400 to 2000 pounds per acre.

Commenting on the value of the peas as a cash crop, the county agent states, "Our minimum price at Lamesa was \$80 per ton, and competitive buying boosted the top price paid to \$130 per ton. I judge that the average price paid at Lamesa in 1946 was \$100 or \$110 per ton."

The green peas have helped Dawson County farmers to restore some "much needed nitrogen" to the soil, Barfield says, as well as bring in cash during the last two dry years that the county has had.

Large acreages were also planted to the peas in Lubbock, Lynn, Terry, Bailey and Hale Counties, says Barfield, and "some fabulous yields" were reported on land under irrigation.

"Buyers seem to like the superior quality of the West Texas blackeyed peas," the county agent continues, "and they tell me that the peas have fuller pods, which make them yield more cans of peas per ton."

He adds that many Dawson County farmers will be planting blackeyed peas as long as there is a market for them.

Miss Alene Jones of Brownfield was a Post visitor Sunday.

### Southland News

Mrs. Floy King, Correspondent

College students who were home between semesters were Wilma Wheeler, Margaret Duff, Joe Gayle Fleming and Wilmette Hewitt.

Week end guests of the G. N. Smallwoods were Neil and family of Midland.

Miss Martha Owen of Bonham and Mrs. Johnnie Baker and baby of Portland, Oregon, are visiting in the home of their aunt, Mrs. J. L. Whited.

Mrs. S. A. Fleming returned home Saturday after a week's visit with relatives in Vernon, Amarillo, and Goodlet.

Sidney Smallwood has been added to the Lubbock Police Force.

Visiting the Roy Williams were Mr. and Mrs. Lonnie Collingsworth of Lubbock and Mrs. Sam Evans of Slaton.

Mrs. E. M. Bwinger, Southland's oldest citizen, is improving nicely in the Mercy hospital at Slaton. She was taken there Sunday.

Mrs. S. M. Truelock is suffering from asthmatic bronchitis.

### HUMBLE ACQUIRES MORE ACREAGE AND STAKES NEW LOCATION IN POLAR AREA

Humble Oil & Refining Company is reported to have plugged the No. 1 Blair wildcat in southwest Kent county, near the Garza line, after it developed sulphur water in the Ellenburger, and failed to produce in the Mississippian. The Company moved over to a north stepout from the discovery well in the Polar field and set up to begin drilling the No. 1 Mrs. Jennie Boren in section 45, block 3, H&GN survey.

The Company also acquired a block of 9,760 acres in southern Kent, east of the discovery well. The acreage includes sections 1, 2, 15, 16, 17, 18, and 32 in block 4, G&GN survey; sections 717, 718, 719, 720, 767, 768, east half and southwest quarter of section 701 and west half of section 702, block 97, H&TC survey. The block, it is understood, does not involve a drilling obligation.

The Blair well, about two miles southwest of the initial Ellenburger producer in the Polar field, made only sulphur water in the Ellenburger at 7,880-7,923 feet. The well was plugged back to 7,600-85 and tested in the Mississippian and after being treated with acid failed to show any signs of oil or gas.

The Boren well is slated to drill to 8,000 feet in the Ellenburger.

Mr. and Mrs. Harold Lucas and Mr. and Mrs. Bake Robinson, Jr. spent the week end visiting in Amarillo with Mr. and Mrs. Vernon Algood and Kay.

## Of Interest To Farm Women Will Be EXTENSION SERVICE ACTIVITIES

The activities on January 20 included two girls' 4H club meetings at Cross Roads and Gramsburr. The following girls showed exhibits at Cross Roads: Betty and Jean Cooper—cup towels; Willa Foy Graves—sewing box and stuffed toy; Darrene Howell—sewing box. They also had material for head scarfs.

The following Gramsburr girls showed: Sewing boxes—Caroline Abraham, Ann Castro, Vincenta Castro, Betty Jean Eubanks, Mena Angelita, Kay Marlar, Betty Lou McElroy, Rexene Welch, and Sidora York.

The HD agent demonstrated "Crayola Magic" used in making headscarfs and cup towels and cup towels and scarves. Each girl will make one article using the crayola stenciling by next meeting with the agent. The next meeting with the sponsors will be spent working with the scarves.

On Jan. 21 the HD agent contacted people in and around Justiceburg for the purpose of reorganizing a Home Demonstration Club. The ladies of Justiceburg and Lee Forest communities and any other ladies who are interested in a HD club are invited to attend a meeting at the Justiceburg schoolhouse at 2:30 p. m. Feb. 4. At this time the agent will give a demonstration on "Making and Framing Pictures."

The agent met in an all day meeting with Barnum Springs HD club on Jan. 22, Verbena HD club in the afternoon of Jan. 23, and Close City HD Jan. 24, demonstrating "Making and Framing Pictures." On Jan. 28 she will meet with the Graham HD club women at the club room and on Jan. 29 will meet with Close City and Graham 4H clubs and will meet with Southland for organization on Jan. 31, and will meet with Justiceburg 4H girls for a demonstration in the morning of Jan. 31.

The HD Council will meet Feb. 15 at 2:30 p. m. instead of Feb. 1 as formerly announced. The Close City HD club will meet Feb. 5 at the club room at the school house at 2:30 with demonstration on Cleaning Sewing Machines.

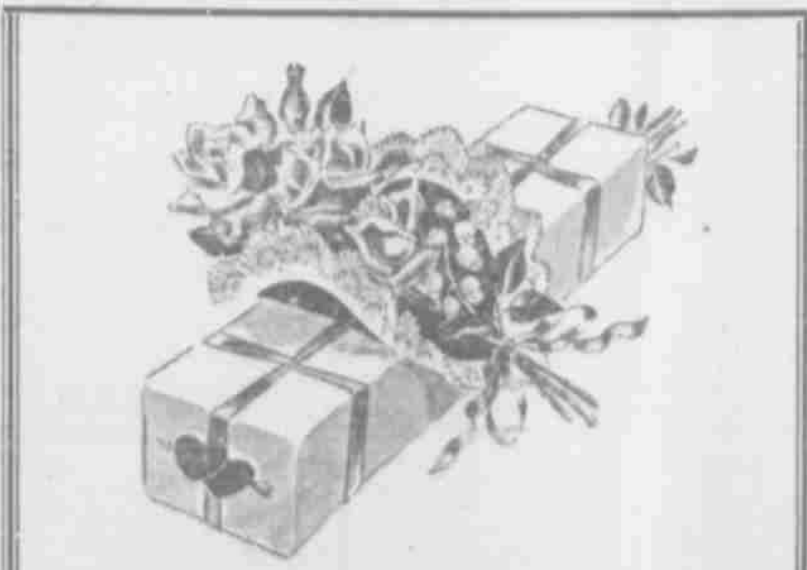

### NAVY VET ENLISTS IN REGULAR ARMY

Mike Castaneda Perez, son of Manuel Perez of Post, and who served with the Navy from October 1941 to August 1946, enlisted in the Regular Army January 21, and has been sent to Goodfellow Field, San Angelo, for training. The Post Dispatch was informed by the Army public relations department Tuesday.

During the war Perez served with the Navy in the Pacific.

Week end guests of the Baker Robinson's were Mr. and Mrs. Dickey Robinson and John Robinson of Midland.

## George Mahon Named to Budget Balancing Group

Congressman George Mahon has been selected as one of ten House Members to cooperate with a similar number of Senators in the task of estimating the Federal revenue for the coming year and fixing a figure for Government expenditure which will assure that Government outgo will not exceed Government income. The Post Dispatch has been informed this Committee came about as a result of legislation passed last year providing for a reorganization of Congressional procedure. The idea is to balance the budget. For more than a decade the Government has been spending more money than it has been collecting in taxes. Present law prohibits a continuation of this practice and the Joint Committee of ten House Members and ten Senators is charged with the responsibility of doing the ground work on this job and securing approval of the program by the Congress on or before February 15th.

Mahon, in commenting on this new assignment said that it just does not make sense for the Government in 1947 to spend more money than it collects in taxes. "If I have my way about it," he said, "we are going to spend less money than we collect in taxes and use this excess to make a payment on the 260 billion dollar public debt, a debt largely brought about by the war. If we cannot begin to balance income and outgo and pay a little on the debt now, I don't see how we can ever expect to do it."

"It is easier to talk about cutting Government expenses than it is to cut them," Mahon continued. "Personally, I am not willing to cripple the program for veterans, the Soil Conservation and REA programs for farmers and ranchers, and such activities as the Social Security and Public Roads programs. The biggest single item of expenditure is for national defense, and we could balance the budget in a hurry by slashing the heart out of our national defense program. But that should not and will not be done."

Mahon said that he had been shocked to see that practically all Government agencies except the Army and Navy have asked Congress to appropriate more money for them for the coming year than they spent last year. "That cannot be justified," he said. "The Republicans," he remarked, "are doing a lot of talking about reducing expenditures. I will be glad to join them in streamlining the Government agencies, reducing the number of Government employees, and in abolishing any unnecessary bureaus, but I cannot join with them in any effort to wreck the operations of Government agencies which I think the people favor and which I believe are in the public interest. All is quiet in Congress now, but it won't remain that way for long."

David Williams, son of Dr. and Mrs. D. C. Williams of Post, was recently elected spring semester president of Centaur, men's social club at Texas Technological college.

### Mrs. Gladys Hyde Attends Benefit Show For Paralysis Victims While At Market

Mrs. Gladys Hyde, owner of the Stevens Style Shop, was among the large group of business folks who attended the "March of Mercy" benefit in Dallas recently.

Dallas firms usually present a large courtesy entertainment for visiting men and women during Spring Style market week but this year the merchants were asked to attend the benefit show given in the interest of the infantile Paralysis drive.

The fashion show and dinner dance staged by the Dallas manufacturing firms was one of the biggest and best ever staged and a big name band, notables and celebrities from the film capital were on the program.

Mrs. Hyde returned the last of the week from the Dallas markets.

Week end guests of the G. C. Clusters were Mr. and Mrs. Glenn Brown of Odessa.

### TOWARD PRICE STABILITY

It would be a daring man indeed who would state categorically that the peak of the price rise has been reached—or that prices in general are due for an immediate and substantial downturn. But the all-out inflation that some forecast when OPA vanished into the shadows has certainly not occurred—and in some very important fields, including foods, a degree of price stability has been reached.

The good sense of most consumers is in part responsible for this—more of them have turned away from articles which they considered excessively priced. An increase in the supply of goods has also helped. And, finally, the attitude of retail distribution toward consumer problems has been of immeasurable value.

The typical retailer works on the principle that a main duty is to protect consumer purchasing power so far as he can—and to sell honest merchandise at a fair price. Long before OPA, retailers voluntarily held prices down when there was no law to prevent them from profiteering to their hearts' content. All during the war, retailers opposed hoarding and other inflationary influences. And since the war ended, they have led in efforts to keep prices from running wild.

We are beginning to see the success of these efforts now, as more and better goods flow into the stores. No one knows what the "normal price-structure" of the future will be, or what relation it will bear to 1941 or any other year. But we can feel confident that American productive methods, plus efficiency and competition in retailing, will give the consumer maximum protection against exploitation.

### WHAT OUR CONTEMPORARIES ARE SAYING:

**TWO GOVERNORS FOR THE PRICE OF ONE**—Once upon a time, Texas was able to have two governors, but both at the price of one, when Ma Ferguson reigned supreme at the governor's mansion, with Pa Ferguson as Governor Consort. Georgia has at least called our number, but not at the price of one. —The Terry County Herald

**NO TIME TO BREATHE**—Americans, as a race, are living too fast, and even our most conservative medical authorities say we cannot continue the pace we are going without nervous breakdowns, neurotic setbacks and premature graying before the years age people as nature intended.

Most people haven't time to draw a deep breath during these days of transition and hurry. They haven't time to visit like people did 20 and 25 years ago; the former type of neighbor-to-neighbor fellowship has been briefed to "hello" and "goodbye" and goodness only knows how the trend will end.

We are entering the atomic and jet propulsion age, and with coast to coast flights a matter of just a few hours we have advanced almost every type of theory on saving time—and traveling with the sun—to the point some bright fellow will say we haven't time to eat . . . When that situation arrives people will probably have to eat dehydrated foods in tiny capsules or just take a super, super vitamin tablet or two and imagine their stomachs are overloaded—or go to the extreme and do away with eating entirely. —The Hamlin Herald

**COKE HAS SERVED WELL**—Our retiring governor, Coke R. Stevenson, who has visited Snyder on several occasions and who has many personal friends in this area, is to be commended for recommending only limited proposals to the 50th Legislature.

The retiring governor, well versed in the zig-zag course of politics and the kick-backs which often result from the best laid of political plans, with more restraint than his friends thought he should alluded to the gigantic accomplishments of his long administration.

Best advice any retiring head of state could give to Texas lawmakers was admonition of Coke for lawmakers to vote no new taxes until revenues anticipated have been exhausted.

Governor Stevenson is handing down to his successor a long list of achievements, including aid to education, soil conservation, highway improvements, sound condition of state finances, elimination of a \$34,000,000 deficit that not long since stared Texas in the face and has set a policy of conservation and good management that will indeed be very difficult to equal. His stewardship of office is commanding the respect of even political opponents.

If our new governor turns out to be a ribbon cutting, banquet hungry maestro a bathing suit pincher at beauty contests and picture conscious every time he turns around, we might as well deed Texas back to Mexico and invite that mythical statesman of East Texas, Levi Garrett, to introduce a bill for this state's secession from the union.—The Scurry County Times

### CAPSULE COMMENT . . .

Did you ever stand in a spotlight? You'll notice it's mighty difficult to see what's going on about you.

Don't ever expect too much from the person who talks loud and long about what he did instead of what he's doing.

It seems to us that what the world needs most is a lot more open minds and a lot less open mouths.

When you mix genius and sweat you get about the best recipe there is for success.

We learn to talk in only a few months then spend the rest of our lives learning to keep quiet.

The person who lives only for himself is engaged in a very small business.

The man who has no tolerance for the faults of others is generally stone-blind to his own.

The laws of nature are about the only laws that we are not trying to break.

Character is what we are when we think no one is watching us. There is more power in gentleness than there is in dynamite.

At eighteen, one adores immediately; at 21, one loves; at 30, one desires; and at 40, one reflects.

No. 543. State of Texas vs. Pablo Solis. Offense: Contributing to the delinquency of a minor. Filed Jan. 10, 1947. Tried 1-13-47 on plea of guilty. Found guilty as charged and fined \$25.00 and costs.  
No. 544. State of Texas vs. F. R. Briggs. Offense: Possession for purpose of sale of whiskey. Filed Jan. 15, 1947. Tried 1-15-47 on plea of guilty. Found guilty and fined \$125.00 and costs.  
No. 546. State of Texas vs. J. D. White. Offense: Common nuisance. Filed Jan. 27, 1947. Tried 1-27-47 on plea of guilty. Found guilty and fined \$25.00 and costs.

### POINTERS GIVEN ON COMBINING COMMUNITY LOCKER WITH HOME UNIT

Whether to buy a home freezer or rent space in a community food locker when the space is available—that's a question that many frozen-food conscious farm families are trying to decide now.

A good answer to that riddle for an average family of four is a combination of both sides of the question, says Miss Jewell Hipp, Garza County Home Demonstration Agent. Combining rented locker space with a small home freezer of about six cubic feet is a solution that appears to strike a good balance between cost and convenience.

Here's how she has it figured: a six-cubic-foot home cabinet with separate freezing compartment will provide enough space for freezing and storing those fruits and vegetables that are brought in each day, until they are ready to be taken to the locker. And when the growing season is over, the cabinet furnishes plenty of storage space for a number of packages of each type of frozen food, as well as space for left-over cooked foods. Assuming that such a home freezer would last ten years, and figuring in the purchase price and operating costs, a six-cubic-foot box will cost the family about \$73 a year to own and operate.

Then, renting three food lockers at \$12.50 each, and using locker plant facilities for handling meat, the total cost per year of both the lockers and the home freezer amounts to about \$155. This plan costs a family only a little over 80 cents a week more than if they depended entirely upon the community food locker, says Miss Hipp. And in return they have a good supply of frozen fruits and vegetables due to faster handling from garden and orchard to the home freezer.

Mr. and Mrs. Herman Taylor of Slaton were Sunday visitors in the home of her parents, Mr. and Mrs. M. K. Bingham.

Scientists maintain that the right side of a person's body is slightly heavier than the left side.

## Justiceburg News

Mrs. R. J. Key, Correspondent

V. A. Lobban, jr. suffered a broken arm when he fell at school one day last week. He is being treated by Dr. Cockrell of Snyder.

Mr. and Mrs. Jim Tidwell and son, Bobby, were week end visitors of relatives at Colorado City. Mr. and Mrs. Chester Dorman and family of Snyder visited his son, M. A. Dorman, and wife here Sunday.

Mr. and Mrs. O. L. Jones and Mrs. W. A. Eastman of Trent spent Sunday with their sister and daughter, Mrs. V. A. Lobban and family. Mrs. Eastman remained over for a visit with her daughter and family.

Mrs. R. J. Key and son, Jerry, were in Snyder Saturday.

Mrs. M. A. Trice was in Sweetwater Tuesday.

Mr. and Mrs. Hollis Drake and family, former residents of this community, spent Sunday with Mr. and Mrs. R. J. Key and son.

### JANUARY AND FEBRUARY ARE MONTHS FOR PRUNING MOST PLANTS, SAYS AGENT

This month and next are suitable for pruning most plants, says Jewell Hipp, County Home Demonstration Agent.

The only plants which should not be cut back at this time, the agent says, are those which bloom very early, such as spirea, flowering quince, redbud and pyracantha. These should be pruned immediately after they bloom.

In the case of flowers, cutting back moderately will give the gardener more and larger flowers and improve the shape of the plant by getting rid of awkward limbs. Pruning also relieves plants of cross branches that rub each other and form places for diseases to enter, and taking off dead limbs is also insurance against plant disease. From a landscaping standpoint, says Miss Hipp, probably the best reason for pruning is that it keeps plants near the size needed to fit into the landscape picture. Overgrown plants spoil the yard.

### Post Man Initiated Into T-Association

Guy Troy Harrison, former Post High school football player, has been initiated into the T-association at East Texas State Teachers College. Membership in the T-association is limited to students who earn letters in football, basketball, track, tennis, golf and other sports.

Harrison, a junior, lettered at end last fall for Coach Bob Berry's Lions, runnersup with Sam Houston State Beavers in the Lone Star Conference.

Entering the Army in 1943, Harrison served until April, 1946. He played on the 33rd Infantry Division football team.

Pvt. George L. Owen, formerly station at Keener Field, Miss., is visiting relatives and friends here for a few days, delay en route to California.

What this country needs is a good cigar that sells for less than 5c a puff.

## NEWS NOTES FROM... Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

S. F. Everett, cooperator in the Verona conservation group, is outlining his terraces with his own equipment. He is using a six disk on his tractor and is now to build about one-quarter mile per day. He is terracing some steep land that has washed badly in the past. The District is getting seed for Everett to use in returning some of his steeper land which is unfit for cultivation to grass.

Roy James of the Crossroads conservation group reports that although he got a poor stand of weeping lovegrass when he planted last fall, what did come up survived the cold weather and is making good growth.

Ed Cummings of the Hackberry conservation group is very fortunate in that four of his terraces parallel each other, having no point rows between. This eliminates waste of land that would ordinarily be in turn-rows and reduces time spent in tillage operations. A check by Soil Conservation Service technicians assisting the district revealed the possibility of having the terraces parallel each other and the system was established by carefully laid out terrace lines.

Terraces have recently been constructed on farms belonging to Al Bird, Dr. A. C. Surman, M. J. Malouf, Ed Cummings, Ben McGelhee and J. P. Harrison.

### BE CAREFUL WHEN CLEANING GLASS COOKING WARE WARNS MISS HIPPI

In cleaning glass cooking ware, Miss Jewell Hipp, County Home Demonstration Agent says never use knives or rough scouring materials.

Scraping with a knife or scouring with steel wool may scratch the protective surface of the utensil and cause the glass to crack. Even a slight scratch may make the glass less resistant to breakage, the specialist says.

Generally, glass cooking utensils need only to be soaked in luke warm water and then washed in soap suds. This should clean them thoroughly enough. When baked food on the glass becomes hard to loosen, you can add a little baking soda to the soaking water to help loosen these hardened foods. If some brownish stains still remain, you can remove them by rubbing with dry baking soda.

### DAUGHTER BEATS MOTHER

In relieving the discomfort of children's simple chest colds by using Durham's Nu-Mo-Rub, the modern Guaiacol-Comphor chest rub, Doctors agree that its 29% Guaiacol-Comphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style colives. Try Nu-Mo-Rub for croupy coughs. Double the purchase price refunded if you do not find Nu-Mo-Rub more effective. In 25c and 60c jars at your Druggist or.

**ONLY ONE MORE DAY REMAINS FOR PAYING TAXES WITHOUT PENALTY**

All city, school, county and state taxes must be paid by tomorrow night, January 31, to avoid a penalty, according to local delinquent rolls and will be subject to a penalty and interest charge.

Collections for 1946 were very fine, report the collectors, but there are always some taxes to fall back on the delinquent rolls, as will be the case again this time.

**NEW ARRIVALS**

Mr. and Mrs. W. W. Morris are announcing the arrival of a son weighing 7 lbs., 12 ozs., January 27, in the Lubbock Memorial hospital.

Mr. and Mrs. Dan Rodgers are announcing the arrival of a daughter, January 28, weighing 6 lb., 15 oz. She was named Susan. Paternal grandmother is Mrs. Irene Rodgers.

Mr. and Mrs. J. F. Brandon, Jr., are announcing the arrival of a daughter, Linda Diane, weighing 7 lb., 8 oz., January 22 in the Plains hospital in Lubbock.

Mr. and Mrs. Wesley Scott of Southland are announcing the arrival of a 7 lb. boy born January 22 in the Mercy hospital in Slaton. Mrs. Scott is the former Betty Hill.

Mr. and Mrs. Elsie T. Horton are announcing the arrival of a 9 lb., 8 oz. boy born January 27. Mrs. Horton is the former Dorothy Fay Byrd.

Mr. and Mrs. Douglas W. Gossett of Abilene are announcing the arrival of a son, born January 9 at Hendricks Memorial hospital. The young man, who has been named Douglas Warren, Jr., weighed 7 pounds and 13 1-2 ounces. Mrs. Gossett is the former Miss Beatrice Cummings.

Mr. and Mrs. Sidney Pierce are announcing the arrival of twins on January 30. The girl weighed 7 pounds and the boy 8 1/2 pounds.

Mr. and Mrs. Charlie Reed are announcing the arrival of a baby girl on January 26th.

Mr. and Mrs. O. W. Smith are announcing the arrival of a baby boy on January 28th.

**Attend Funeral**

Among relatives and friends who attended the funeral of Mrs. Walter Duckworth's father in Lubbock last Thursday afternoon were Mr. and Mrs. Ira Lee Duckworth, Mrs. Shelley Camp and son, Roger, Rev. Huron Polnac, Mr. and Mrs. Allen Cash, Mmes. Curtis Davies, Roy Stevens, L. A. Burrow and Ollie Weakley. Rev. Polnac assisted in the funeral rites which were held at the Central Baptist church and Allen Cash served as one of the pall bearers.

Common sense is the most uncommon thing in the world.

**CHARTER PLANE SERVICE OFFERED POST RESIDENTS**

Charter plane service to all points in the United States, and connections with major air lines, is being announced this week by Jim and Jimmie Hundley, with the establishment in Post of the Hundley Flying Service.

The Hundleys have qualified to operate charter service and have already filed application with the Civil Aeronautics Administration at Washington for permit.

They recently purchased a new 140 Cessna plane, equipped with two-way radio, landing lights, instrument flying panel, and other accessories for the comfort of pilot and passengers.

The plane is being flown by Jimmie, who has held license for a number of years, and who served with the Army Air Forces.

Offices for the service will be at Hundley's Men's Store.

**MARCH OF DIMES**

(Continued From Front Page) with each class member contributing 20 cents or more to the cause. All other classes are taking part in the drive and will meet their goals, expressed in the night's benefit basketball games added thirty-five dollars and forty-six cents to the over-all school campaign.

Southland school is conducting a March of Dimes drive under the direction of Superintendent J. P. Hewlett, but the report had not been received this morning, said the drive chairman.

As a final reminder to those who have not already contributed to the March of Dimes, Mr. Bowen said that no cash contribution will be too large, or none too small to this worthy cause. He urged that you send your offering before the week ends so that a final report can be made the first of next week.

**YESTERDAY'S SAND STORM**

(Continued From Front Page) highway reaching a velocity of sixty miles an hour. All traffic beyond Lubbock, to the north and west, was halted by highway patrolmen just outside Lubbock, and area radios sounded warnings of dangerous traveling and asked motorists to stay off the highways.

Officers reported at least three persons injured at Plainview from collisions caused by the dense dust and high wind.

The storm abated during the early morning hours and at daybreak this morning the sun in all its glory was casting its glorious colors into the sky.

Among the college students who were home for a few days between semesters were: Joe Stokes from A & M; Mary Etta Norman, Billie Kennedy, Betty Jo Stevens, Ernestine Short, Josh Cook, Norma Hudman, Polly Cook, Matilda Maleuf, Iris Parker, Glen Dav. Marshall, Mason, and Louis Mills from Tech; Hazel Cash, Jimmy Bird, Wayne Hundley, and A. C. Thomas, from McMurry.

**PIONEER AIRLINE**

(Continued From Front Page) senger Lockheed Electras which inaugurated the service. Each of the new planes bears the name of a Texas pioneer, such as "The Sam Houston," "The Stephen F. Austin," "The William B. Travis" and "The James Bowie."

Having received the National Safety Council's Certificate of Safe Operations, in recognition of having flown 1,408,269 miles in 1945 without a fatal accident, the corporation has installed additional safety devices in the new planes in order to maintain that record.

These include Bendix dual automatic radio direction finders, carbon monoxide detectors in the hot-air system and smoke detectors in the rear baggage compartment with warning signal on the pilot instrumental board.

Pioneer originally bore the name of Essair, Inc., Essair having been granted authority by CAB to operate the present Route 64. After the initial flight in August, 1945, the line was operated under the Essair name until May 15, 1946, when the name was changed to Pioneer Airlines, Inc., to illustrate the company's pioneering position it occupies in Southwestern Air Transportation. Corporate headquarters of the company are in Dallas, and traffic, operations and treasury headquarters are in Houston.

While making the change in name, other changes were under way in the experiment. Robert J. Smith, former executive vice president of Braniff Airways, joined the company as president on March 23, 1946. Changes were made in the financial set-up, with the result that many of the corporation's stockholders are residents of the communities served by the airlines.

CAB has improved extensions to include Midland, Dallas, Fort Worth, Mineral Wells, Breckenridge, Bryan, Big Spring, Sweetwater, Temple and Waco. Operations to some of these points are scheduled to get underway by February 1. Others will be inaugurated as soon as necessary personnel and office facilities can be obtained.

By way of justifying its new name, Pioneer's President Smith has figured up a few "firsts."

(1) Pioneer is the first new company to receive authority to transport mail, passengers and property since the award of mail contracts by the Post Office Department following the wholesale cancellation of contracts in 1933.

(2) It is the first new company to receive a certificate of convenience and necessity from the CAB since the body was formed in 1938.

(3) It is the first company to receive a certificate for "Feeder" type air transport operations.

(4) It is the first company to actually inaugurate and operate "Feeder" type air transport service.

Now comes a couple more "firsts." On January 4, the United Press announced:

"Pioneer Air Lines has become the first feeder line in the nation to receive a CAA permit for the use of instrument navigation. With this equipment it will be no longer necessary to cancel some flights because of weather. This equipment places Pioneer on an operation par with the major trunk lines."

On January 15, Pioneer will become the first air line feeder or major, to heed "one of the greatest complaints of the traveling public."

The company's northern regional traffic manager, Edward P. (Eli) Whitney, announced that the

**MICKEY EDWARDS CLOSING LAUNDRY SERVICE AND SELLING EQUIPMENT**

Announcement is made in this issue of the Post Dispatch by Mickey Edwards that he has closed his Edwards's Laundry service and is selling his equipment and real estate.

In the advertisement, appearing elsewhere in this issue, will be found the listing of items for sale, which include several new washing machines, a boiler and the real estate.

The Edwardses are moving to California, where Mr. Edwards plans to go back into the grocery business, which he operated before coming to Post.

**BOY SCOUT WEEK**

(Continued From Front Page) help Boy Scouts overseas rebuild their organizations.

To give the most helpful assistance within their capacity, the Boy Scouts of America have dealt only with Scout officials overseas recognized by the International Scout Bureau in London. Already 119 shipments of Scout literature, equipment, office supplies and other Scouting materials have been sent to 32 countries.

As part of the observance of Boy Scout Week, countless Troops will make additional contributions to the World Fellowship Fund. Some will raise funds through their own neighborhood Scout shows. Others will contribute Troop dues for February.

The anniversary theme will color the organization's major activities throughout 1947 with the Sixth World Jamboree as the prime dramatic event in World Scouting. The World Jamboree will be held next August 9 to 21 on a large estate at Moisson on the River Seine about 60 miles from Paris.

The observance of Boy Scout Week throughout the nation does not follow a fixed pattern. Boy Scouts, their younger brothers, the Cub Scouts, and the young men in Senior Scouting determine their own methods of playing hosts to their parents and friends, and will demonstrate some of the many useful skills they acquire through Scouting.

**FIRE SWEEPS THROUGH WILSON BUSINESS DISTRICT**

Fire swept through Wilson's business district last night and leveled three of the four main buildings of the little town which is located between Slaton and Tahoka. The fire fanned by the high winds was estimated to be a \$100,000 loss.

The Wilson State bank, W. I. Lemon grocery and Wilson Drug company were completely destroyed.

The fire is said to have started in the drug store.

company has simplified its reservation and ticketing procedure, "so that all a passenger has to do is call the field, make a reservation which is instantly confirmed, and report to the field in time for departure. He will then buy his ticket and board the aircraft without delay. This eliminates the necessity of going to the city ticket office for tickets and cuts down on the number of telephone calls previously necessary to get a seat."

Whitney, whose headquarters are divided between Lubbock and Amarillo, is a frequent visitor in Post.

Texas, with its 254 counties stocked with a large number of cattle, sheep and goats, swine, chickens, turkeys, horses and mules, has only about 300 veterinarians engaged in private practice.
