

The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, NOV. 21, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 40

Farm Committee Elections Are Slated For December 10

This year Garza county farmers will have an opportunity to vote for Community Committeemen by mail, Robert H. Gibson, secretary of Garza County ACA, announces. The election will be held Dec. 10, 1946.

Official ballots will be sent to each eligible voter, Gibson explained. On this ballot, there will appear the name of one candidate for each position who was selected by a nominating committee of farmers in the community and also space for the farmer to write in the name of any farmer he wants to represent him as community committeeman if he does not want to vote for the nominee. Each farmer will vote for three regular members of the community committee and two alternate members.

At the same time, voters will elect a delegate and an alternate delegate to represent their community at the county conventions. At that county convention the delegates from all the communities within the county will elect three farmers to serve as the County Conservation Committee for 1947. Delegates may or may not be the same persons selected as committeemen.

The ballots are to be sealed, secret ballots, Gibson said. Voters may mail the ballots to their county ACA office, or bring them to the ACA office and place them in the ballot box in person, or they may take them to the polling place in the community on the day set for the election in that community.

Any person participating in the 1946 Agricultural Conservation Program or the Sugar Program or any person who has a contract with the Federal Crop Insurance Corporation is eligible to vote in the election. This includes owners, operators, and tenants on farms where the conservation or sugar program is being carried out. The wife of every eligible voter is also eligible to vote. Any eligible voter who does not receive a ballot may secure one by calling at the ACA office or may go to the polls on election day and vote.

Gibson said that the voting procedure was changed to assure a greater participation in the elections, so that the men who are elected truly represent the choice of the farmers in the community. He stresses the point of electing men with good judgement to the committeemen jobs. He explained that the farmers elected as committeemen will be called on during the next year to perform many important duties. They will make important decisions about soil conservation, about crop adjustments, about Government price supports, and other Federal farm programs. He urged that every eligible voter cast his ballot, and give his support to the men he wants to represent him as his committeemen for 1947.

DOUGHTY CURIOS ARE GIVEN TO MUSEUMS

The large collection of exhibits and curios of natural history which were gathered by the late George D. Doughty were contributed to two museums recently by Mrs. Doughty.

The University of Texas received about half of the collection for their museum, and the remainder of the valuable collection was given to a museum in Battle Creek, Michigan, which was donated to the city by the late Mrs. C. W. Post Edward Brigham, representing the Lella museum of Battle Creek received the collection when he visited Mrs. Doughty several weeks ago.

The collection, most of which was unsorted in this county over a thirty year period, included many pre-historic specimens.

Mr. Doughty held a life-time membership to the National History Museum of New York City.

NEW ARRIVALS

Mr. and Mrs. Stanley Mathis of Childress, Texas, are announcing the arrival of a baby boy on Nov. 14. The new baby has been named James Homer and weighed 8 pounds. Mrs. Mathis is the former Pauline Thompson.

Mr. and Mrs. L. D. Hedgecock of Minneapolis, Minnesota, are announcing the arrival of a baby boy on November 18. The new baby was named David Lee. Mrs. Hedgecock is the daughter of Mr. and Mrs. L. A. Presson of this city.

Mr. and Mrs. Allen Owen are announcing the arrival of a baby boy on November 20 at 12:10 p. m. in the Lubbock Memorial hospital. The new baby was named Walter Allen and weighed nine pounds and five ounces.

RURAL PICTURE CHANGES AS Garza Farms Grow In Size, But Decrease In Number

Farms in Garza county have grown in size, and decreased in number the past six years, according to figures released to the Post Dispatch by the Department of Commerce Census Bureau. The average size of the Garza farm today is 1,039.1 acres, as compared to 645.0 acres in 1940, and there are 448 farms in the county today, as compared to the 721 of six years ago.

Cropland harvested last year, as reported on 403 of the 448 farms, totaled \$2,333,333, while in 1940, 646 farms accounted for 78,968 acres of cultivated land.

There are today 1,634 persons living on Garza county farms in the 414 dwellings remaining on

farms. The report does not list the number of persons on farms in 1940.

The report reveals that there are fewer automobiles and tractors on farms today than in 1940. Last year there were 410 automobiles and 430 tractors, which compare with 663 automobiles and 468 tractors in 1940.

Garza county farm products sold or used by the households last year approximated \$2,565,630, as compared to \$1,458,093 in 1940.

The farm labor picture has also changed since 1940, the report reveals. Garza farmers paid out for hired labor \$543,918 last year, while in 1940 it cost them \$175,091 to operate with farm labor.

City-Wide Clean-Up To Be Continued Several More Weeks

The Post Chamber of Commerce Cleanup Committee, meeting with the chairman, Tom Power, Monday decided to continue the cleanup campaign for a few more weeks.

Although city officials, civic groups and many individuals are doing their part in cleaning up their own property, cold weather, winds and lack of employees have prevented many individuals from making the original cleanup deadline around their homes, vacant lots and places of business.

The Chamber of Commerce is urging everyone in the city to do whatever he can in putting his property in tidy order as soon as possible, believing that city cleanliness should be a year-round project instead of a once-a-year-spring project.

City officials have removed all the old trees from the Main street parkway between the highway and the court house. They have announced plans for planting shrubs and grass, which will add much to the beauty and general neat appearance of downtown Post.

Post Churches Will Hold Union Service Thanksgiving Day

Announcement was made this week by the local pastors, that a special Thanksgiving union service will be held on Thanksgiving morning, November 28, at the Methodist church at 10:00 o'clock. Rev. F. B. Nickerson, pastor of the First Christian church of this city, will conduct the special service.

The public and members of all the local and out-of-town churches are given a cordial invitation to be present at this service. Especially are the choirs of the churches urged to be present and help render the song service.

MANAGERS FOR PLAINS LUMBER COMPANY MOVE TO POST LAST WEEK

New citizens in Post are Mr. and Mrs. W. F. Barnett who arrived last week from Dickens, Texas. The couple will operate the new business firm—the Plains Lumber Company. While in Dickens Mr. Barnett was associated with the Norris Lumber Company. They are living at present in an apartment in the Bingham home near the grade school building.

The main office of the new lumber firm is open but the entire plant will probably not be completed until the first of the year. Construction work on the lumber sheds just west of the main office was started Tuesday.

The Plains Lumber Company is owned jointly by T. A. Porter and C. A. Forrest of Slaton. Porter also has partnership interests in other yards over West Texas. He is a frequent business visitor in Post.

ROADSIDE PARK DRIVES ARE HARDFACED

Paving of drive-ways in the roadside park one mile north of Post on the Lubbock highway has been completed by the State Highway Department.

The park, one of the finest of its kind in the area, has become a favorite site for Post picnickers the past several summers.

Football Fans Will Welcome Change In '47 Conference Play

If present plans of the State Executive Committee on redistricting regions 1 and 2 follow through, Post school officials, as well as football fans, will be pleased over the change in district 6-A football for 1947.

The proposed change takes the five oil towns, Andrews, Denver City, Sundown, Sengraves and Seminole, which have been in 6-A the past several years, and puts them into district 7-A.

The change will be welcomed here for more reasons than one. The new 6-A district groups the six teams, Post, O'Donnell, Slaton, Tahoka, Abernathy and Petersburg into a closer district, which will make it possible for fans to see more away-from-home games. The change will also put the Antelopes into a class with schools of approximately the same scholastic and financial standings.

The tentative assignment of school in the regions, announced by the State Executive Committee follows:

4-A—Crosbyton, Floydada, Lockney, Matador, Paducah, Ralls and Spur.

5-A—Levelland, Littlefield, Morton, Muleshoe, Olton and Slaton.

6-A—O'Donnell, Post, Slaton, Tahoka, Abernathy, and Petersburg.

7-A—Andrews, Denver City, Sengraves, Seminole, Sundown, Kermit, McCamey, Monahans, Pecos, and Wink.

A&M Students To Study Conditions Of Garza's Range Land

Twenty-eight A. & M. college senior students will be in Garza county over the week end studying, in connection with their college work, range plants and range conditions of this area, according to Jack Martin of the Duck Creek Soil Conservation service. The group will be accompanied by Dr. Vernon A. Young, head of the range department of the college.

The students will visit a number of ranches in this county, and will complete their tour of the area Monday when they visit the Paddles ranch near Clairmont. They will inspect the ranges of the U. L. Lay S. ranch, the Bryan Williams ranch, Horace Wheeler ranch, and pasture land east of Southland.

The group will arrive here Friday via bus and will be here over Sunday. A barbecue is being planned by Martin.

NEW SERVICE STATION TO BE OPENED SOON

Guy Floyd, who before fire razed his Star Service Station on the corner of Main and Broadway, was all smiles this week when he inserted an advertisement in the Dispatch advising his patrons to watch for the opening date of his new station which will be styled Floyd's Service.

The new station is nearing the final touches to completion and will be one of the finest in the area. Mr. Floyd has purchased quite a bit of fine equipment and plans to "open up the first day after he can get the building crew out of the way."

Farmers Will Get Three Choices On Cotton Insurance

Plans are underway in the local AAA office to begin writing applications for 1947 Cotton Crop Insurance, stated Will Wright, Chairman AAA County Committee. Letters are being mailed to each producer in Garza county advising them of the opening of the sales campaign.

Under the 1946-48 insurance program the applicant could choose either 50 or 75 per cent coverage; whereas, under the 1947 program the applicant has a choice of insurance in three levels—level A offers you a small amount of insurance at the lowest cost; level B offers a moderate amount of insurance at a higher cost; level C offers the highest amount of insurance at the highest cost.

Farms with approximately the same average productivity are placed in what is called a "coverage group," and all have the same amount of insurance per acre. The coverage group in which your farm has been placed, and also the premium rate for the individual farm may be obtained in the county office.

The amount of insurance increases by stages as the crop grows because more costs have been incurred and because the crop is worth more to the farmer. There are four stages:

First stage—After it is too late to replant but before the first cultivation.

Second stage—After the first cultivation but before laying by.

Third stage—After laying by but before harvesting.

Fourth stage—After harvesting and to the end of the insurance period.

Mr. Wright said that other provisions of the insurance program were practically the same as in the 1946 program. The producer is insured against loss in yield of lint cotton due to unavoidable causes, including drought, flood, hail, wind, frost, winterkill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation and plant diseases. It does not, however, cover losses resulting from avoidable causes such as neglect, poor farming practices or failure to poison for insects where practicable.

Insurance may be obtained against loss of cottonseed which will result in an increase of 20 percent in the premium and the amount of loss, if any, computed for your farm.

The insurance covers all farms in the county in which the producer has an interest at the time of planting.

The closing date for accepting applications under the 1947 insurance program will be January 31, 1947, Wright said.

BASKETBALL SEASON IS OFFICIALLY OPENED WITH GAMES TO BE IN POST GYM

To open the '46-'47 basketball season, the first home game of the year will be played here with Jayton at the high school gymnasium, Tuesday night, November 26 at 7:30. Both senior boys and girls will play.

The girls' game played Tuesday night at Meadow was won by the local senior girls, 13-9. The junior girls were out-pointed by two points, 17-15.

S. J.intendent G. R. Day announced that the senior teams of both boys and girls will compete in their first tournament of the season at New Deal, December 12 and 13.

The senior boys begin conference play December 10.

SEMINOLE-SEAGRAVES GAME FRIDAY MAY DECIDE DISTRICT CHAMPIONSHIP

With only one team standing between them and the district 6-A championship, the Seminole Indians will go to Seagraves Friday afternoon to attempt to clear their slate of the Eagles in a franchise scheduled to begin at 2:30 o'clock.

A triumph over the Eagles will give the 6-A title to the Indians and advance them into the district play-off against the 6-A winners.

Up And Down Main Street

Up and down Main, feel the dove of peace which arrives at the headlines last week. It was a nice week for general peace of mind. The Russians declared that they wanted to disarm. Republicans and the president declared in loud and lusty tones that they loved one another. The home front we were buying soap, sparibers and without any trouble at all.

Week to date, has been generally too, even means using the headlines and gossip into the hands of the news.

Piggly-Wiggly boys are all in ties. Even Jack Burdette is wearing a tie. Seems it's the rule of the store for employees to wear ties.

Played at Ruby Carpenter's this week are many items for that cute little

The Post Antelopes battled Seminole Friday night, falling before a heavier and more experienced Indian team, but not before fighting them with all the power they possessed. The Antelopes put up a good fight tackling and blocking like a college team and in doing so, five big Indians were carried from the field in spite of all this, the Antelopes went down 28-0.

Post kicked off to Seminole and used a short side kick trying to gain possession of the ball, but Riders received the ball in the 45 and ran it up to the 49. Chaffin, left halfback, on a plunge into the right side of his line picked up 5 yards. Then a hand-off, outside his left end from Walker to Hood, was good for 7 yards and a first down. On a series of plays with Hood, Chaffin and Walker alternating, Seminole went across for the first score of the game. Chaffin booted the extra point to make the score 7-0.

Seminole kicked to Post. Malouf received the ball in the 32 and returned to the 43. On the first play from scrimmage, Hester hit the right side of his line which was good for 4 yards. On the next play, McCrary gave a pass to Williams good for 9 yards and a first down in the 44. Josey was trapped behind the line in the next play for a 3 yard loss, then Hester faded back to pass but was smeared for a 5 yard loss. Hester stepped back and facing a strong west wind kicked out in the 21 yard line.

Post fought the big Indians on even terms until just before the half when Walker slipped outside his right tackle and raced 41 yards for Seminole's second touchdown. Chaffin converted again and the half ended at 14-0.

The Antelopes received the kickoff to start the second half and started a drive that carried them to the Seminole 20 yard line, but there bogged down. Post held and Seminole kicked out. Post once more drove to the Seminole 27 to have their drive stopped by Walker intercepting Malouf's pass intended for Ingram.

The teams again fought on even terms until the end of the third quarter when Chaffin circled his left end and ran 38 yards for a touchdown. Chaffin converted to make the score 21-0.

About the middle of the first quarter, Hood hit the right side of his line, spun away from two tackles, reversed his field and raced 51 yards for the final touchdown. The extra point was good

AUTO OWNERS WARNED TO BABY THAT BATTERY

According to the opinion of Post's garage and service station men, a limited supply of batteries will force thousands of automobiles off the roads this winter when really cold weather sets in and it becomes difficult for the old battery to kick over the engine on wintry mornings.

These men and auto accessory dealers warn auto owners that extra care should be given the old battery now in use. Starters, armatures and generators should be checked regularly to be sure they are giving the maximum service.

Almost every garage and service station in town is equipped to give you expert battery service. Auto owners are urged to use the service regularly for when the battery is worn out in many instances it will be too late to do much about it—so baby that battery.

and scoring ended Seminole 28-Post 0.

Post brought the fans to their feet in the fourth quarter when Hester passed to Malouf who ran down the sides for 26 yards to be brought down on the Indian 23, but Seminole held them on the 14 yard line.

A few plays later Hester passed 40 yards to Ingram who took the ball on the 4 yard line, spun, and ran four steps for what looked like a sure touchdown, but the Seminole safety man came across and knocked the ball from his hands. The ball was recovered over the goal line to have the officials rule it an incomplete pass. Post protested loudly, but nevertheless, Post was penalized 15 yards and the ruling stood.

Later in the game, Post drove down inside Seminole's territory twice. Once with Ronnie Boucher leaping high in the air to take a pass from Hester. Boucher ran to the Indian 11 yard line but there the game ended.

Coach Bingham said the boys gave all they had and that is all you can ask of anyone.

Football season has come and gone. It made its first appearance with that easy, happy victory over Halls. Then, remember, the next game we played was with Tansica and we lost by a few points. Next the Antelopes batted up the Seagraves Eagles 13-6 in a game which is said to be one of the best Post played. Another grid fuss was settled with Snyder 18-0 in their favor. The Antelopes next applied their special brand of acid to O'Donnell in a thrilling game to defeat the Eagles 19-12. Then came the most satisfying win of the year when Post romped over the Slaton Tigers 13-6 to break an 18 year jinx. The Antelopes tasted defeat at the hands of Andrews in their seventh game to the count of 20-0. Defeat was ours again by 22-0 when we played the mighty Sundown Roughnecks. The ninth game was played with Denver City and, though we lost again in score count, the Antelopes showed a flash of brilliance which they had heretofore kept hidden. We wound up the last game with a 28-0 licking dealt us by the powerful Seminole Indians.

Yes, football season is over and we can neither say it has been wholly unsuccessful. First, we would like to thank Coach Bing Bingham, for without him and the superb training he gave the boys, we could have done nothing; at the same time we would like to thank each Antelope, for without you we would have missed all those games and that grand entertainment. Next we would like to thank Mrs. Bingham and the pep squad, who gave the boys a solid backing throughout the season. Also, we wish to thank the Booster club and all it contributed to the success of the season. Then, we would like to thank the football fans who tramped with us tirelessly from place to place, win or lose.

The games may be over but we shall not forget the football season of '46.

What Are The Seniors Doing!

During the past week the Senior boys have been turning in those black and gold football suits and helmets with tearful eyes, (but I noticed that the girls eyes weren't so tearful—I suppose that they are thinking that the boys will have some time for them now) but when they started their basketball training they were their old selves again with all of their vim and vitality for a new basketball season.

The feminine side of the Senior class are happy to say that the Homemaking Department has received some sugar. This week we have tried our skill at three desserts, custards, gelatins, and cookies. They tell us that a way to a man's heart is through his stomach—but with science inventing all kinds of new gadgets, it seems that they could find an easier way for us girls.

What is this unusual class that everybody wants to visit? We have been hearing that they have some interesting, as well as educational speeches in there, so it must be Speech. The students say that it is almost a sin that everybody in school can't hear some of the speeches that are made in there and especially those two made just recently. They were "What I Dislike About Girls," given by Audye Wiley, and "What I Dislike About Boys," given by Iris Floyd.

Another class that has proved to be interesting the last week or so is the civics class. They are still having court—and what Wylene Moss won't do to get her name in the paper (last week she knocked herself out by falling out of a chair) and this week she is being tried for murder in the civics class. The other two suspects were Bud E. and Audye W. and Bud who receives all the burdens and cares of everyone else was found guilty of murder and sentenced to seven more months at PHS.

The Senior girls are planning a basketball trip to Meadow Tuesday, November 19. We defeated the Meadow girls here last week.

We really miss our two favorite teachers who are out of school this week, Mrs. Smith and Mrs. Thaxton. Mrs. Smith has been ill and Mrs. Thaxton is home with an injured ankle, which was hurt in a car accident. We wish them both a very speedy recovery.

The Seniors Can't Imagine . . .

Joyce Evans without bangs.
Students without chewing gum.
Iris Floyd being true to someone.
Lisa stepping out on Betty.
Homemaking without flops and failures in cooking.

We were happy to have two visitors last Friday in our assembly. They were Edward Smith and Ervin Cross. Both boys are ex-students of PHS.

Sophomore Soup . . .

We regret that one of our teachers, Mrs. C. R. Thaxton, will be out of school for a few weeks, due to an accident which injured her foot.

Well, football season is over and everyone's thoughts have turned to basketball. Many boys from our class came out for basketball and we expect some of them to make the Senior team.

It looks as though everyone will really have to study this week for the tests which we will take Wednesday and Thursday.

Miss Harris' English II classes have been reciting some poetry in choral speaking the past weeks. We have had quite a few laughs at some students with loud voices, etc.

Freshman Frolics . . .

The Freshman homemaking girls have been improving on their culinary efforts, so I hear. The results have been good, especially so, if you consider that for most of the girls, this is the first year of "home ec." Lately they have been studying the preparation of vegetables and soon expect to start on salads. Many of us, when we get whiffs of those mouth-watering aromas that often escape into the other rooms, are tempted to quit science, and that for me and the others who so hate to cook, is saying a lot.

Meanwhile, the boys have been supposedly busy in the afternoon making experiments, answering questions, and discussing everything except science. Last week Mrs. Carr took the classes across the street behind her husband's half built structure to show us the hole that is being dug. We

could hardly hear her explanation of how dirt settles in layers for the argument between Wayne Thomas and Doyle Purcell over whether it would be easier to jump across the hole from one side to the other or from one end to the other. Personally, they can jump alone.

We are sorry that Mrs. Thaxton cannot be at school for some time. Get well soon, Mrs. Thaxton!

Canteen Capers . . .

Several people must have been out of town or on the sick list according to the number of members present at the canteen Saturday night. Everybody seemed to prefer sitting and talking or just standing rather than dancing and playing games although several were as busy as usual with their checkers and ping-pong games.

Visiting with us was Pat Valentine, from Lubbock, who spent the week end with her cousin, Dale Cravy.

Monday night we were honored to have Bill Lawrence and Mack Head to entertain us with a program. After the program they consented to play for the dancers. Some more new steps were learned and those who didn't dance were content to listen to the music.

Bobby Maxcey is sure fast to catch on to new dances especially when the teacher is Betty Kennedy. She and Iris really enjoy being teacher to the boys who don't know the latest steps. They say that they may put in a dancing school if June will help them.

POST HUNTERS BRING BACK THREE BUCKS

Three happy hunters returned home, each with a large buck which they killed in the mountains of New Mexico. The trio, Homer McCrary, Bill McMahon and Jess Barnes left Saturday week and spent several days hunting, returning to Post last Friday. McCrary bagged an eleven point buck.

O. G. Hamilton, L. A. Presson, Business Men of Post, Are Much Better

Two of Post's business men, O. G. Hamilton and L. A. Presson, who were taken suddenly ill the first of the week are much better, members of their families report. Mr. Hamilton, owner and manager of the Hamilton Drug store, was stricken suddenly on Monday morning soon after open-

SOUTHLAND'S SIX-MAN FOOTBALL TEAM WINS TEN OUT OF ELEVEN

Southland's six-man football team defeated the Cooper sextet, 40-28 last Friday in the season's finale. The victory gave the Southland crew their tenth win of the season in eleven starts. Southland's attack was carried on by Billy Stone who racked up 24 points, with Harley Martin and Hollis Barkeley chipping in eight.

MAIN STREET PARK CLEARED OF TREES

Trees, some of which had become unsightly and badly shaped, were removed from the parkway of Main street the first of the week preparatory to beautifying the strip.

According to city officials, the center parkway from the post office to court house is to be beautified with new grass and shrubs.

Family Reunion In Fry Home

The Truett Fry home was the scene of a very special gathering last Sunday. The immediate family of Mrs. Fry were together for the first time in nine years.

Present for the visit was Mrs. Fry's father, W. H. Taylor, Mr. and Mrs. L. L. Williams and four sons of Lubbock, Mr. and Mrs. Clifton Williams of Lubbock, Mr. and Mrs. R. D. Taylor and two daughters, Mr. and Mrs. E. M. Bass and son and daughter.

R. D. Taylor, brother of Mrs. Fry, just recently moved here after nine years residence in Danville, Kentucky.

ing the store. Cleo Ferguson was with him in the store at the time. Mr. Presson, associated with the Corner Grocery, who became quite ill suddenly Sunday morning, was at his home with Mrs. Presson.

NEWS NOTES FROM . . . Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

"The proper management of crop residue is an important part of a coordinated soil and water conservation program," said Will Wright, one of the supervisors of the Duck Creek Soil Conservation District. "A good cover of dead vegetative matter causes the soil to soak up water from three to seven times as fast as does uncovered soil. It also reduces evaporation and moderates soil temperatures. If sandy land has a good cover of vegetation it should not be plowed until after April 1st." Wright continued. By removing the wings from listers or mold-board plows, from forty to eighty percent of the crop residue is left on the surface. If a one-way plow is used and is set at a slight angle and operated shallow, as much as ninety percent is left on the surface.

S. C. Caldwell of the Close City conservation group has purchased a side disc plow which he is using to build up his old terraces.

Bits Of News:

Mrs. Ted Hibbs is visiting a daughter in Oklahoma City this week.

Miss Verlaime Smith is visiting relatives and friends in Detroit, Michigan.

Mr. and Mrs. M. H. Hamilton visited in the home of her mother, Mrs. E. J. Robinson, and her sister, Mrs. Tom Ashley, for a few days. They expect to locate in Fort Worth, Texas.

Guests of the John Herds for the week end were Mr. and Mrs. Jack Henry and son, Jackie, of Floydada and Mr. and Mrs. Bob Echols of Lubbock. Other Lubbock friends and those from Post were guests on Saturday night. Mrs. Herd returned to Floydada with the Henrys for a few days visit.

DEAN ROBINSON IMPROVED

County School Superintendent Dean A. Robinson, who is a patient in the veterans hospital at Amarillo, informed members of the Post Rotary club, of which he is president, that he is much improved and will be home within a short while. The card was received Monday by Lee Bowen and read to the club.

Return From Hunting

The P. E. Stevens family and Sammy West have returned from a hunting trip in the Capitan mountains of New Mexico. Mr. Stevens was fortunate in bagging an eight point buck.

and six respectively.

BOOSTER CLUB WILL ENTERTAIN ANTELOPE AND PEP SQUAD FRIDAY

Marking the end of the football season of '46, the Antelope football team and pep squad will be honored Friday night, November 22, with a banquet given by the Antelope Booster's club at the Methodist church at 8:00 o'clock. The banquet program will carry out the theme of Sportsmanship with an out-of-town guest as main speaker.

A delicious venison dinner will be served the group with the venison being furnished by Homer McCrary, who recently returned from a deer hunt with a huge 11 point buck.

FIREBOYS AND WIVES TO BE HONORED WITH BANQUET MONDAY

The Post fireboys and wives will be honored Monday night, November 25, with a banquet given by the city officials and wives at Jennie's Tea Room.

The Thanksgiving theme will be carried out in decorations, etc. The menu will consist of turkey and all the trimmings.

Definite plans have not as yet been made for the program.

W. F. Presson, city secretary, stated that between 45 and 50 people are expected to be present at the banquet.

FIRST CHRISTIAN COUNCIL IN MEETING AT CHURCH TUESDAY

The Women's Council of the First Christian church met in regular session at the church on Tuesday afternoon.

Mrs. B. C. Mania, president of the group, opened the meeting with appropriate remarks as she turned the devotional portion of the session over to the new pastor, Rev. N. F. Nicholson who was meeting with the group for the first time.

The lesson was adequately and interestingly presented by Mrs. Bess Thompson.

Following the lesson, a financial report and a review of the projects of the year were given by Mrs. Willard Kirkpatrick.

Members who attended the meeting were Meses. Mania, Kirkpatrick, Thompson, Stoker, Dent, Davis, Owens, "Shorty" Pierce, Bailey, Robinson and Pierce. Mrs. A. R. Tyson was a guest.

The next meeting will be held in the home of Mrs. Kirkpatrick.

MRS. PIERCE HOSTESS WITH SUNDAY SCHOOL SOCIAL

The members of Mrs. Ira Lee Duckworth's Sunday school class enjoyed a social Wednesday afternoon at the home of Mrs. Charlie Pierce.

Several outdoor games were played followed by delicious refreshments of ice cream and cake. Those members present for the occasion included: Janice Barrow Pierce, Mozelle Edwards, Charlotte Martin, Ruby Dee Montgomery, Joyce Pharris, Jaton Denson and Julia Smith.

WILMA PIRTLE HOSTESS TO JUNIOR CULTURE CLUB

The Junior Culture club met Tuesday, November 12, in the home of Wilma Pirtle. During the business session, roll call was held and the treasurer's report was given. Plans were discussed for helping the Chamber of Commerce in the city clean-up campaign. A committee composed of Virginia Carter, Lorene Cash and Martha Roach was appointed to formulate plans for the club's Christmas social.

The program for the evening was a round-table discussion of etiquette in the home, led by Jo Martin.

A delicious refreshment course was served by the hostess to the following members: Jo Tracy, Jo Martin, Doris Easton, Virginia Carter, Skeeter Smith, Jean Bingham, Fern Jones, Wanda Norton, Wynona Gossett, Lorene Cash and Martha Roach.

Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimnings" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive . . . in nice surroundings that

along with the enjoyment of wholesome beverage of moderate

And Andy, of course, is a wholehearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that tavern selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize" just for the quality of the product—but for the "trimmings" too.

Joe Marshall

MISCELLANEOUS SHOWER GIVEN IN HONOR OF MRS. BOBBY PIERCE

Mrs. Bobby Pierce, the former Mrs. Bubbie Chandler, was honored Monday, November 18, with a miscellaneous bridal shower given in the home of Mrs. Delmer Stalling.

Delicious refreshments of punch, cake and chocolate mints were served to the group.

Many beautiful and useful gifts were received from the 105 guests who were registered during the morning hours.

MRS. BAYER HOSTESS TO MERRY MAKERS CLUB

The Merry Makers club met Monday 12 in the home of Mrs. Bayer with five members present. There were two visitors, Mrs. Nora and Mrs. Will Teaff, at the meeting.

The afternoon was spent in singing followed by the serving of delicious refreshments consisting of sandwiches, hot chocolate and cake.

The club adjourned to meet Tuesday, November 26, in the home of Mrs. Ida Wheatley. Anyone is asked to bring a

BARNUM SPRINGS HOMEMAKER CLUB MET WITH MRS. HODGES

Ten members of the Barnum Springs Homemaker club met Wednesday of last week with Mrs. Annie Hodges with one visitor present.

Diversions for the afternoon was needlework. In the business meeting which followed, officers for another year were elected and are as follows: president, Mrs. Gladys Pannell, vice-president, Mrs. Estell Askina; secretary-treasurer, Mrs. Velma Long; vice-secretary-treasurer, Mrs. Jewel Long and reporter, Mrs. Opal Norman.

The next meeting will be Wednesday, November 27, in the home of Mrs. Velma Long for an all-day meeting.

MRS. ROBINSON HOSTESS FOR BRIDGE PARTY WEDNESDAY AFTERNOON

Mrs. B. M. Robinson, Sr., was hostess Wednesday afternoon, November 13, to a bridge party given at Jennie's Tea Room.

Chrysanthemums and other seasonal flowers were attractively arranged throughout the entertaining rooms.

Following a delightful afternoon of bridge and bingo, high score bridge prize was presented to Mrs. O. L. Weakley and the bingo prize was presented to Mrs. Madge Mathis. The prizes were thrilling and come early to help quilt.

Pictured are a recent bridal couple, Mr. and Mrs. L. J. Richardson, Jr., as they cut their wedding cake at the reception immediately following the wedding ceremony at the First Baptist church. The bride is the former Nora Jo Blacklock, daughter of Mr. and Mrs. V. D. Blacklock.

LOCAL OES CHAPTER IN STATED MEETING TUESDAY NIGHT, NOVEMBER 19

Post chapter of the Order of Eastern Star met Tuesday night for the stated meeting for November. Worthy Matron Berenice Propst and Worthy Patron Lester Nichols presided. Twenty-five members were present. It was a pleasure to have two visitors, Sisters Willie Thomas of Tahoka chapter and Jean Bingham, whose membership is in a Lubbock chapter.

Secretary Lyda Everett read the minutes and regular business was conducted. The Worthy Matron gave a report of her attendance at Grand Chapter in Houston last month at which 2,230 delegates from 551 chapters in Texas attended.

After the meeting was closed refreshments of angel food cake and lovely handmade pillow cases.

Delicious refreshments of pumpkin pie topped with whipped cream and coffee were served to the following ladies present: Meses. O. L. Weakley, W. V. Roy, C. D. Morrel, John Herd, Glen Kahler, Bob Warren, J. A. Stallings, Robert Johnson, Madge Mathis, John Lott, D. C. Williams, Willard Kirkpatrick, Marshall Mason, Bryan Williams, Ira Greenfield and J. N. Power.

NEEDLECRAFT CLUB NOTICE

The Needlecraft club will meet in the home of Mrs. T. R. Greenfield Friday, November 21, at 3:30 p. m.

THANKSGIVING AND SAFETY PROGRAM PRESENTED BY P-TA

"Giving Thanks" and a Safety program was presented when the P-TA held its regular meeting on November 14 at the high school auditorium.

Mr. Laws of the State Highway Department, accompanied by Mr. Whitmer, also of the Highway Department, who were introduced by high school principal S. D. Strasner, safety chairman, spoke on Safety Education. He stressed the fact that conditions on the highways must be corrected as there has been a tremendous increase in deaths caused from traffic accidents. He also stated that there is not enough manpower to enforce proper driving and expressed the opinion that many accidents can be controlled through a course in driver education. Superintendent G. R. Day expressed the hope that a course in Driver Education will be conducted in this city in the near future.

Following a Thanksgiving prayer given by Mrs. B. E. Young and several musical numbers given by pupils of Mrs. Kitchen and Mrs. Brister, Mrs. A. W. Bouchier, leader for the Thanksgiving program, gave a talk on Thanksgiving. Mrs. Bouchier suggested that the children of the city be given a picture of church-going on Thanksgiving, since they now have only a mental picture of the Pilgrims attending church.

Announcements of the P-TA State convention which is being held in Amarillo Wednesday, Thursday and Friday, November 20, 21, and 22, were made and it was announced that Meses. Lee Davis, B. J. Edwards and Willard Kirkpatrick would attend the meeting.

The association voted to donate \$400 to the schools to buy library books. They also decided to give each class in grade school one-fourth of the money received from the Halloween queen contest. The classes will use this money in a way that will benefit their own rooms.

Plans were also discussed on possibilities of having a course in Character Education to be given next spring.

The class awards went to Mrs. Nola Brewer's third grade and Mrs. Lillie McRee's seventh grade. The eighth grade and Junior class tied for the high school award.

Mrs. J. C. Caylor and R. L. Redman served as the hospitality committee at the meeting, greeting patrons as they entered.

Priscilla Club

Mrs. Shelley Camp will be hostess to the Priscilla club on Friday at 3:30 o'clock in the afternoon.

Tea and coffee were served by Thelma and Thelma Fry, Faye and B. J. Edwards.

Several members were reported as still unable to attend because of illness. They are greatly missed by their fellow members.

The next meeting will be a joint session on Tuesday night, November 25, for the purpose of conducting an initiation ceremony.

What makes up the membership of the Priscilla club is composed of 24 names. This week with the 1946.

Church News

MELBA JO MILLER

The Lamesa zone of the Church of the Nazarene will have a rally on Thanksgiving Day, November 28, at Tokio, Texas. Included in this zone are the following churches: Snyder, Post, Lamesa, O'Donnell, Tahoka, Brownfield, Seagraves, Denver City and Tokio.

Night services at the Church of the Nazarene will begin at 7:00 o'clock instead of 7:30 as they have been meeting. The NYPS and all the other group services on Sunday evening will be at 6:30.

The Calvary Baptist church completed an eight day series of revival services last Sunday evening, with glorious results. Rev. J. M. Oswalt, pastor of the Blanchard Baptist church, Blanchard, Louisiana, was evangelist, and provided many inspirational messages. Mr. David Kendall, a music talent at Wayland college, Plainview, Texas, was director of music during the meeting and was assisted by Mrs. J. M. Oswalt.

During the course of the services, there were forty-four decisions.

The Sunday evening service concluding the meeting, was set aside for baptismal services. The twenty-eight plus one additional person were baptized.

Rev. F. B. Nickerson, pastor of the First Christian church, announced that his subject for Sunday morning will be "Why Give Thanks?" centered around the Thanksgiving theme. Morning services at the church begin at 10 and evening services begin at 7:30.

A praising service will be conducted Wednesday night, following the regular prayer meeting service, at the First Methodist church, for Rev. I. A. Smith, who was recently returned as pastor to the local church.

The WSCS of the First Methodist met Monday afternoon in the home of Mrs. J. A. Smith, for their quarterly Spiritual Life program. Meses. H. G. Smith, J. R. Durrett and B. E. Young discussed the various topics. There were fourteen ladies present at the meeting.

Choir practice is held each Thursday night at 7:00 at the First Methodist church.

A district laymen's meeting of the Methodist churches will be held at Lubbock today, it was announced by Dr. J. O. Haynes, new District Superintendent. The purpose of the meeting is to plan the work for the coming year.

There was a good increase in the Training Union at the First Baptist church November 17. About 85 were present. Mrs. W. L. Davis was recently elected new director and Oscar Bowen, associate director. Dean Robinson is secretary.

The Business Women's circle of the First Baptist church met in the home of Mrs. Ray N. Smith, Thursday night, November 14. Mrs. Charles Pierce, chairman of the circle, presided. A song, "Hark, The Voice of Jesus Calling," followed by a prayer by Mrs. Huron Polnar. Bible study was then led by Mrs. Tom Bouchier. The meeting was closed with a prayer by Mrs. Charles Pierce. Others present, other than the above mentioned, included: Meses. Preston Mathis, Odessa Cummings and Misses Agnes Windham, Jo Parlier and Melba Jo Miller. The circle will meet with Mrs. Tom Bouchier Thursday night, November 21, when Mrs. Mona Moore will begin study of the Mission study book, "Now Is The Day."

A very inspirational ordination service was held at the First Baptist church, Sunday, Nov. 17, at which time three deacons were ordained. Moderator of the ordination council was L. W. Dalby and secretary was J. Lee Bowen. Ray N. Smith presented the candidates, Lary Richardson, Oscar Bowen and Bill J. Davis, to the council. Examination of candidates was conducted by the pastor, Huron A. Polnar, followed by the ordination prayer by Rev. R. E. Bratten of Clovis, Charge. The candidates was given by Rev. O. J. Harmonson of Southland and charge to the church was given by Rev. I. J. Duff of Southland followed by a short sermon by Rev. Polnar. The benediction was given by W. L. Davis. Other members of the council were S. M. Buckett, Dorse Mayfield, Bill Lester and Marvin Dunlap.

Choir practice is held each Wednesday night following prayer meeting at the First Baptist church.

The Junior GA's met Monday, Nov. 18 in the home of Mrs. Ray Teaff. There were twelve members present. A missionary drill program was given at the meeting.

STOP AT THE SIGN OF SKILLED SERVICE

Swing of Southwest Farm Markets

Cotton took the spotlight at most Southwest markets last week as it moved back to the 30 cents per pound level. Also wheat, sheep and hogs made small gains, but other farm products were steady to weak, according to USDA's Production and Marketing Administration.

Cotton went up about \$17.50 per bale last week as market activity in cotton, textiles increased following the end of price controls. Spot market prices strengthened a little in relation to March futures. However, country buyers' prices were generally low in relation to central and future market prices.

Turkeys were about steady to 35 to 38 cents per pound for hens and 26 to 28 cents for young toms at most southwest markets last week. Some rural prices were 3 to 5 cents per pound below these. Hens and fryers held about steady too, although demand was weak. Eggs reversed recent trends as expected holiday demand began to strengthen prices.

Cattle prices went up and down last week at most southwest markets despite active trading. However, no great losses or gains were registered. Top quality slaughter classes were steady to higher. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston and \$11 to \$18 at Ft. Worth. San Antonio quoted common and medium grass fat steers and yearlings \$14.50 to \$16.50. Medium and good steers brought \$18 to \$20 at Oklahoma City while medium light steers realized \$16 to \$18 at Wichita. Medium to good steers ranged from \$17.50 to \$25 at Denver.

Last week saw hogs move gradually higher under active trading at most southwest markets. Friday's quotations for top butchers stood at \$24.50 per hundred pounds at San Antonio; \$24.50 to \$24.75 at Wichita; \$25 at Denver; \$25.25 to \$25.50 at Oklahoma City and \$25.50 at Ft. Worth.

Wheat went up a penny or more per bushel last week while corn lost 3 to 4 cents per bushel, barley 1 to 4 cents, oats about 2 cents and sorghums around 7 cents per hundred. Bran, shorts and soybean meal dropped \$3 to \$6 per ton too, but other feeds stood at recent high levels. Widespread snow

Growth And Improvement Indicated For Neighboring West Texas Towns

News in our regional exchange newspapers this week included various celebrations plus the regular development of civic improvements.

Members and guests of the South Plains Sporting club gathered at the Lee Woodward ranch last Thursday for an elk-deer-antelope barbecue. Approximately 20 men were present who brought their bird dogs to show. A special sports program was featured with outstanding state apartments as principal speakers. Most of the dogs on display were pups from three to nine months old.

A home-coming program for all ex-students of Tahoka public schools was held last Friday afternoon at the high school auditorium. Students now attending and ex-students from near and far were present to renew acquaintances and to have a good time.

Scurry County Judge F. C. Hairston issued last Saturday an order of election to consider consolidation of Canyon Common School District with the Ira Independent school district. Canyon district is composed of 2 square miles, has two teachers and 43 scholastics. Ira Independent school district is composed of sixty-four square miles, having seven teachers and 219 scholastics. Election date for the decision has been set for Saturday, November 30.

In an election to be held December 3, Snyder people also vote on three bond issues totaling \$150,000 for City of Snyder, \$50,000 bonds for the purpose of constructing, repairs, extensions and improvements to the water works system owned and operated by the City of Snyder, \$75,000 bonds for the purpose of constructing, repairs and extensions and improvements to the sanitary system owned and operated by the City of Snyder, \$25,000 bonds for the purpose of constructing repairs, extensions and improvements to the streets in and for the City of Snyder.

The first Armistice Day Junior Rodeo for Snyder and Scurry county which was held Sunday and Monday has been reported as being a great success. A Junior round-up street parade was staged Monday led by the high school pep squad. A number of servicemen participated in the street parade as well as a number of prominent county ranchers. Events of the rodeo included steer riding, ribbon roping, calf roping, and the cowgirl sponsor contest. The two-day boots and saddle round-up attracted large crowds at both performances.

The three buildings comprising Newman High school in Sweetwater held open house last Friday night. New, richly colored, velvet curtains and a new ripple gray cyclorama which were installed last Wednesday, dressed up the stage in the auditorium where a general assembly was held. Principal Nicholas enumerated the aims of American Education Week preceding several musical numbers. Following the visit through the school plant, a party was held in the gymnasium sponsored by the Student Council. A film entitled "My Community" made last year by the Sophomores was shown.

and rain increased the demand for hay and strengthened prices.

Mrs. Hub Haire and son, John, and Mrs. Jack Burris spent last week visiting in San Antonio, Liberty Hill and German.

Telephone Etiquette

THIS NOT THIS

Emily Post may not have this touch of etiquette in her rules of conduct, but it's only proper to employ correct techniques in using your telephone. Always speak directly into the mouthpiece, with your lips about one-half inch from it. You can use your ordinary tone of voice—but speak distinctly.

Your telephone is a mirror that reflects your personality. Try to give just as pleasing an impression of your personality over the telephone as you do in person.

SOUTHWESTERN ASSOCIATED TELEPHONE COMPANY

PRICES JUMP 7 PER CENT SINCE DECONTROL.

OPA economists estimated last week end that the prices of 28 major commodities jumped an average of 7.4 per cent in the first two days of trading after last week's sweeping decontrol action. Sharpest increases were reported in 16 industrial raw materials which rose 12.4 per cent. The remaining 12 items included in the OPA survey were foodstuffs, which advanced about 1 per cent. Officials noted that compared with last June 30, when the OPA "holiday" occurred, foodstuffs have outdistanced raw materials in price rises with a total gain of 56 per cent. This contrasts with 38 per cent for the rest of the list. The over-all percentage increase since June was 45 per cent.

Gives Friends Her Address

The Dispatch this week received a renewal subscription from Mrs. Annie Ellis who now lives in Ft. Worth. She is well remembered here as she was a long-time resident of this city. She has requested that the Dispatch inform her friends as to her new address, which is 5029 Sherwood Drive.

Mrs. Burnon Haws who has been recuperating at the home of her parents in Plainview arrived home last Thursday.

Southland News

Mrs. Floy King, Correspondent

Southland's six man football team defeated the Cooper sextet 40-26, Friday night on Cooper's grounds in the season's grid finale. The victory gave the Southland crew their tenth win of the season in eleven starts. Billy Stone led the Southland attack with 24 points, with Harley Martin and Hollis Barkley chipping in eight and six respectively. Kenneth Pierce led the losers with 24 points.

Rev. R. B. Walden, who has been ill so long, is reported as feeling fine. His visitors Sunday were his son, J. C. Walden, and wife of Lubbock.

Mrs. J. L. Whited is reported as being ill. Her son, Wayne, who is attending Texas Tech, spent the week end at home.

Mrs. Marvin Truelock and children, Glenda and Calvin Grantham, visited her parents, Mr. and Mrs. W. M. Fletcher of Plainview over the week end. Marvin Truelock has gone deer hunting.

Miss Lavern Brooks and Joy Trimble visited Lena Mae Samples Sunday.

Mr. and Mrs. Henry (Babe) King and little daughter, Elaine, of Levelland spent the week end with his parents, the Harry Kings.

The Harry Kings received a letter from their son, Bryce and wife of Phoenix, Arizona, saying that she was busy "contesting" in her spare time and had recently won a radio, a wool blanket and a year's supply of canned peas and corn—"the sponsor's products," as prizes in a letter contest sponsored by a Hollywood radio program.

Mrs. Joe Childress and baby Beverly Jo, have moved to Slaton to make their home.

Roy Williams, O. R. Carey, Elbert Carey and Walter Williams have gone deer hunting around Uvalde. They plan to stay a week or ten days.

Zelda Harris of Plainview spent a week here with her aunt, Mrs. Sampson Gilliland, and family, her paternal grandparents, Mr. and Mrs. J. C. Harris, and maternal grandmother, Mrs. Tom Walker of Slaton.

Mrs. Will Basinger has returned from Oklahoma where she visited her mother, Mrs. Donohoo, who is ill.

Mr. and Mrs. Edward Ussery returned from California Sunday. They and her parents, Mr. and Mrs. Sam Marsh, and daughters, were Sunday dinner guests of his parents, the E. H. Usserys.

Last Tuesday afternoon there was a P-TA meeting replacing the regular meeting which was missed because of the rain the week before.

Last Tuesday night, 16 men met at the Baptist church and organized a Brotherhood. J. L. Gary was elected president; Ray Dick, vice-president; I. J. Duff, program chairman; Ben Bloxom, secretary; O. Quisenberry, social chairman; S. A. Fleming, membership chairman; and Earl Lancaster, choirster.

Jim Hundley is transacting business for Hundley's Men's Wear store in Dallas this week.

YOUR THANKSGIVING TURKEY

Will Be

More Tender... More Delicious

When Baked In A

CP GAS RANGE

MORE tender and more delicious because only in the fresh-air oven of a Live-Flame Gas Range, with CONTROLLED and sustained low temperature, do you get finest baking results. Not only will the turkey be uniformly done throughout, tender and juicy, but with low temperature, so easily and accurately maintained, you have minimum shrinkage. Nothing equals GAS for superb baking or roasting.

West Texas Gas Company

PLAY IT SAFE!

Why take any chances on not having all your equipment in good running order next season when you can have it all fixed up now. That's our business—expert repairs on any tractor, implement or tool used in farming. We have the mechanics, the special shop equipment and a big stock of genuine IHC parts to do your work right.

The main thing is to give us a little advance notice when you can. Most of the time our shop is swamped but when we know ahead of time we can schedule your jobs and have your machines ready when you want them.

Just give us a ring. Then when you're coming in, on the next trip, load up your tractor or any other piece of equipment and drop it off here. You'll find our service as good as the McCormick-Deering machines we sell. Our prices are reasonable. And we guarantee your satisfaction.

ARE WE COASTING?

"The consensus of opinion among industrial and business leaders is not that man lacks the capacity to do, but rather that he is not doing—he is coasting," said Calvin Coolidge in years gone by.

This same situation seems apparent in many fields today. Of course, there are many shackles, much red tape and far too many bureaus and too much politics but it is our hope that we as a nation and as individuals can work and plan together so that we may get back into the daily course of sound thinking and genuine democracy. We need to have more self respect, self confidence, and individual dignity.

We should do our own thinking for awhile.

SADLER AS AUTHOR

Jerry Sadler is writing a book.

If the book is all it ought to be, it may start a spectacular row, if not, the book may fizzle.

The name of the book is "The Honey-Money Boys." A tentative subtitle is "Who They Are and How They Operate." It seems that this book is a study of corporation money in Texas politics—who puts up the money, how much, where, how often, and in whose behalf. Also: What benefits accrue to the giver?

There is no doubt whatever that Mr. Sadler knows the answers to all those questions. The chances are pretty good that he not only knows the answers but also can prove them, with affidavits, photographs, and tall stacks of other documentary evidence. If Mr. Sadler tells all he knows, or even half of it, something very like a riot may ensue. He has indicated, with dark hints, that he is going to tell considerable.

On the other hand, there are those around the Capitol who say that Mr. Sadler is only kidding. These skeptics argue that there is a long tradition in Texas against disclosing the details of financial transactions, either in newspapers or in speeches from the stump. This tradition is one of the few authentic survivals from the magnolia-scented ante-bellum era, when only gentlemen entered politics, when every gentleman was a landed proprietor, and when every landed proprietor had money of his own, with no need to pass the hat around among the oil companies to raise a stake. —From The Texas Spectator

WHAT OUR CONTEMPORARIES ARE SAYING:

SOUND AND FURY—A Washington newspaper printed a picture the other day of a so-called "Atomic Cake." The cake, a large and fancy affair, was dubbed an "atomic" model because it was fashioned after the now famous picture of an exploding atomic bomb. It was used at a party attended by several high ranking Navy officers, including Adm. W. H. P. Blandy, who was in charge of the atomic bomb experiments at Bikini. Admiral Blandy was shown in the photograph, along with the cake.

Immediately after publication of the photograph, a Washington preacher, who must have been short on sermon material, came "unbuckled." He termed the picture "utterly loathsome," criticized the whole procedure, taking the position that the idea of an "atomic cake" is immoral, unmoral and thoroughly reprehensible.

For our part we give the preacher not only the right to his opinion, but also the right to express it where he chooses—in or out of his pulpit. At the same time, we are of the opinion that he could have preached a sermon on something a lot more helpful to his flock.

Most people go to church to hear discussion of the Gospel, or some phase of it, not to hear a preacher set himself up as a censor of either newspaper photography or the baking art. The Washington preacher should know that. Maybe he does know it, but just wanted to get his name in the paper!—The Lubbock Avalanche-Journal.

Christmas, the season of peace, quiet contemplation, religious observance of the birth of Christ and of universal brotherly love is shaping up for a bang-up celebration in the good old American way—firecrackers and fire-water! Lubbock has forestalled celebrators by banning sale of firecrackers. Ralls should move to enforce the same regulation, which is already on the books.

We can't legislate against hillary boys who drive the highways in reverse in the perverted acknowledgement of the birth of Christ; but we can certainly prevent the fireworks. If not, keep the car windows rolled up. It'll save an eye or a hand. A caution cracker is no good unless you can toss it through an open car window!—Ralls Banner.

HE LIKES THE TEXAS HIGHWAY MAP—During this year this editor has traveled quite a little bit, and in these rambles we have visited the gulf coast of our own state; got within 200 miles of the Atlantic coast in North Carolina, and of late the Pacific coast. During that time we have tried at state highway headquarters as well as filling stations and received many maps of various states, but none compare to the Texas State Highway Department map. And while we are about it, let us also state that no state we have visited compares with Texas in marking highways so the stranger may easily follow them—not even California, and we'll have to admit it stands about second.—The Terry County Herald.

We knew a Scotchman who was so tight he fried his bacon in Lux to keep it from shrinking.

CHRISTMAS SEAL MONTH PROCLAIMED

Governor Coke Stevenson Wednesday issued a proclamation officially designating the period from Nov. 23 to Dec. 25 as "Christmas Seal Month" and urged all Texans to support the Texas Tuberculosis Association and its affiliated county associations by "buying and using Christmas Seals during this month."

The annual Christmas Seal Sale will open Monday and continue until Christmas.

In issuing the proclamation, Governor Stevenson pointed out that tuberculosis is the greatest disease cause of death among Texans between 15 and 35 years of age, and that because of its communicable nature, tuberculosis is our greatest health problem.

Mr. and Mrs. Dick Wade have as their guest Mrs. Wade's brother, Johnny Sutton, of Dallas. He arrived last Thursday and will remain through the remainder of the week.

REASONS FOR SUGAR SHORTAGE EXPLAINED

Here are the main reasons, according to USDA's Production and Marketing Administration, why each of us is getting only 7 1/2 pounds of sugar each year instead of the 100 pounds we want.

U. S. Beet and cane sugar production is now only about 30 per cent of the predicted '46 distribution, a situation that is still due to the high war demands for other food crops.

Another reason for the continued sugar shortage is traced back to the Japanese invasion of the Philippine Islands, from which the U. S. imported a million tons of sugar annually back in the days of plenty. And war damage in those islands was so extensive that we probably will not be getting great amounts of Philippine sugar until 1948. Java, another former fruitful source of sugar for the United States, is also war-ravaged to the extent that she won't be exporting sugar for another two years.

During the war, Cuba became the "world's sugar bowl," and although Cuba increased her production substantially, she could not offset losses suffered in all other parts of the world. Submarine warfare also prevented many tons of Cuban sugar from reaching us, and the worst drought in Cuban history in 1945 caused a loss of 900,000 tons of sugar.

Production and Marketing Administration predicts that additional amounts of sugar will be available by April of next year, but unlimited supplies, due to the reasons named, will not be coming in for many months.

LIGHTING THE HEN HOUSE FOR MORE EGGS

By stringing up a few electric lights in the hen house, you can get more eggs during the fall and winter months when production is usually low and prices high. Rural electrification specialists of the U. S. Department of Agriculture say that lights in hen houses can be used at either end of the day . . . or at both ends. Just so the normal work day for the hen is extended to 12 or 14 hours. If you burn them in the evening, be sure to dim the lights about 7 p. m., and then turn them off a few minutes later. Dimming is necessary so the hens can find their way to the roost. Another system consists of keeping the lights burning all night . . . using just enough light so the birds can see their food and water. This system is easy to operate, since no dimming device is needed.

As for the amount of light . . . a 15 or 20 watt bulb, for every 200 square feet, is plenty for all-night lighting. For morning and evening lighting, a 40 watt bulb is needed for each 200 square feet.

If you do start lighting your hen houses, be sure to continue it through the season. Irregular lighting causes moulting and laying slumps. Break into the use of lights gradually. A 15 minute increase each day is a good way to break the hens into a longer working day.

TWO MORE YEARS BEFORE AUTO MANUFACTURE REACHES FULL PRODUCTION

Two more years before the present demand for automobiles can be met is a statement made Friday by the president of the General Motors Corporation. This in spite of the fact that production has reached prewar proportions.

He predicted that consumer demand will never be met until strike threats cease and said the lack of basic raw materials is the greatest current hindrance to production.

NOVEMBER 23 TO BE SISTER KENNY DAY

Saturday, November 23, has been designated Sister Kenny Day in Texas, in a proclamation issued by Governor Coke H. Stevenson. Campaigns are now being conducted in more than 150 Texas counties.

Chairman Francisco has announced the Texas quota as \$150,000. These funds will be used in training technicians, and building up a fund which will be used in establishing a Kenny clinic in Texas where the Kenny method of treating polio, the most successful yet known, will be available to all victims.

Tilling with a Hundred Teams of Steel

More power on the farm means more food . . . more jobs.

If a farmer had three teams of horses twenty-five years ago he was well equipped. Now, with over two million tractors and thousands of other power producers, most farmers command the equivalent of . . . a HUNDRED TEAMS.

Wise use of their power, which can be packed into a few tons of steel, is enabling U.S. farmers to keep abreast of unprecedented food requirements. It is one of the secrets of national progress.

Steel horsepower does more than produce bigger crops with less labor. It has released, for production of human food, millions of acres once needed to feed horses and mules,

and has created thousands of new jobs for town and city people who process and sell the increased harvests.

The benefits of farming with steel are the result of teamwork between farmers and industry. The farmer knows what he needs; industry knows how to supply it at a price he can afford. This teamwork must continue if America is to remain a land of abundance.

Farmers need still more power. The country needs still more food. Uninterrupted industrial production will permit industry to catch up with the pent-up need for more farm power.

LOST—Wagon sheet between Post and Graham Gin, finder return to Graham Gin for reward. 1

THOMAS' MOTION FOR NEW TRIAL OVERRULED

According to a press release from Sweetwater Wednesday, District Judge Albert S. Mauzey Tuesday overruled the motion of Jim Thomas for a new trial on a charge of murdering Dr. Roy Hunt of Littlefield, and sentenced him to life imprisonment. The release further stated that Thomas' attorneys filed a notice of appeal.

Thomas, 51, was convicted Oct. 19 for the third time for the slaying of Dr. Hunt and assessed life imprisonment. On two previous convictions of the same charge juries had decided the death sentence should be the punishment.

The bodies of Dr. and Mrs. Hunt were found mutilated and bound in bed at their residence on October 26, 1943.

Mr. and Mrs. John Lott and children will leave Friday for a ten days' visit in Kansas City with Mrs. Lott's parents and other relatives and friends.

Mrs. Della Justice has as her guest this week her sister and husband of Quitque.
