

**GARZA COUNTY
Development
ACTIVITIES . . .**

County oil development last week included both "not-so-good" news, including two new prospects in the central field, south of the abandoned two mile and 990 feet from lines of northwest quarter block 7, block 5, K. Aycocker. The prospect will go to 3,000 feet and drilling is to begin shortly.

Corporation's No. 1 Stoker, 320 feet from north and west from lines of section 2, H&GN survey, is 990 feet east of closest completed wells on the southeast of the field. The test is to go 3,000 feet, with drilling scheduled to get underway by March 30.

Two unsuccessful prospects in the PHD pool were:

Western Producers, Inc., block 4 at No. 1 Johnson, northeast quarter of section 2, 555, about two miles from the PHD field, was drilled and plugged at 3,800 feet. It developed sulphur at 3,612-3,700 feet, and no evidence of oil or gas.

John Oil Corporation and John Oil Company No. 1, located 2,300 feet from and 140 feet from east lines in 1906, block 1, TT survey, about one mile south of the production in the PHD was also plugged. The test returned at 3,908 feet and shows oil or gas.

**DOWN SHOPPING
Up And Down
Main Street**

March lion has the weather well in hand but the roaring of the wind and slashing of the sand, county folks are being reminded that it is garden-time.

Reminder is seen in the bank-union plants and seed pods displayed in front of the Wigly and Corner Groceries. At vantage points in the gardeners can also feast eyes on hundreds of packages of garden and flower seeds in plastic packages. Good Friday usually the day when Garza folks get down to serious planting.

Trunge sight was the sign for Rem's displayed in the Link store window this week. We imagine that many have been made concerned about room as space to park that is at a premium.

Men's Drug store is under a face-lifting job with Charman, the operator in charge of brush and bucket, Merle throughout the store is re-arranged and as we pass Wednesday Odell "Red" Robb's was busily engaged in dust cloth over all the boxes in the cosmetic department.

Have you ever stopped to read bulletins displayed in Southland Public Service Company? Current government bulletins build a prominent place in the store, always interesting and figures and pictures in field of electric service can be read if one has the time to read.

Cleaners have installed brand new Hoffman steamers for their modern cleaning.

**FRIT "42" PARTY TO
HOLD MONDAY NIGHT**

Will be in a series of benefit parties will be held Monday at the City Hall.

Parties have been sponsored to raise money for their last ball team's coming season.

A number of games were played and the sponsors were pleased with the response to the parties.

NEW ARRIVALS

Mr. and Mrs. Truman Riddle of Levelland, formerly of Post are announcing the arrival of a little son, born Monday, March 4 at 8 p. m. The baby has been named Michael Ray.

Mr. and Mrs. J. H. Jones are announcing the birth of a son, weighing 6 pounds 11 ounces, Monday, March 11, at West Texas Hospital in Lubbock. Richard Houston is the name given the young man. The father is a farmer in the Gordon community.

The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, MARCH 14, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 13

Bryan Mathis' Death Confirmed By War Department Message

Lt. Bryan Mathis has been officially declared "Killed in Action" by a telegram received February 21 by his mother, Mrs. Madge Mathis, from the War Department. The letter which followed revealed no further information.

Mrs. Mathis received the first telegram from the War Department on March 27, 1945, advising that her son was "Missing in Action" as of March 13, 1945. The last letter received from him was dated March 12.

Bryan Mathis volunteered for service in February of 1943 while he was a student at the University of Texas. He was accepted and sworn in the following May 30, his eighteenth birthday. At the University he was a member of Phi Kappa Tau fraternity.

Preliminary training was received at Santa Ana, California, Claborne Flying Academy at Wickenburg, Arizona and Meadow Field at Bakersfield, California.

He finished training at Stockton, California and received his commission on June 27, 1944. He had the distinction of being the youngest man ever to be commissioned in the Air Force.

Bryan went overseas September 9, 1944 and flew his first combat mission on the first day of October. A member of the 37th Bomb Group of the 9th Air Force, Bryan was co-pilot on a B-26, called the "Hun-Conscious," based at San Quentin, France. Bryan's group participated in the heaviest bombardment of Germany of the entire war. His plane was shot down by anti-aircraft fire while on a combat mission.

Bryan had received the Air Medal and also six oak leaf clusters. Mrs. Mathis has received the citation showing the award of a Purple Heart but has not received the medal.

Young Mathis was born and reared in Garza county and graduated from Post High school. His grandparents are Mr. and Mrs. Ed L. Gossett and Mrs. E. B. Mathis.

He was one of Post's finest young men and during his high school days was one of the school's best liked pupils. He took part in all school activities in addition to his class work. He participated in football, tennis and track and was a member of the Speech and Debate clubs. He served on the annual staff and took part in the Senior play the year he graduated.

Organization Of Base Ball Club To Be Talked By Legion

Organization of a base ball club under sponsorship of the James C. Cole American Legion post will be discussed next Tuesday night when the Legion holds a called session at the hut at 7:30 o'clock, reports T. L. Jones, post commander.

All Garza county veterans who are interested in organizing a base ball team are urged to attend the meeting.

A number of requests have been made by members of the Legion to sponsor a team, asserted Jones, "so we will see what we can do about it Tuesday night. We urge all veterans to attend the meeting."

COMMITTEE CHAIRMEN BEING SELECTED TO PROMOTE LOCAL RODEO

Committee chairmen, who select their committees to assist in promotion of the 4-night rodeo slated to be staged in Post June 5-8 inclusive, are being selected this week by E. W. Williams, Post Stampede manager.

Williams said that all of the fellows he had contacted to serve as chairmen were anxious to get to work on the rodeo and that they will name their committees in time for publication in next week's Post Dispatch.

Contract for the rodeo livestock has been made with Bill Lyon of Petrolia, Texas, and many of the pre-arrangement details have already been completed, asserted Williams.

The four-night show will be staged in the large arena south of the high school building.

HOWARD-BISHOP BODY SHOP TO OPEN FRIDAY IN NEW BUILDING

After a two months shut down of business, due to construction of a new building, the Howard & Bishop Body and Fender Works will open Friday morning in their new 30x80 foot building on Broadway.

The modern stucco building, equipped with a paint department, sales room, and three 15x30 foot stalls for metal and upholstery work, was completed the first of the week and the owners have been arranging equipment all week making ready to begin service work this week end.

The owners, Albert Howard and Jack Bishop, both discharged war veterans, opened the body works here several months ago, but had to close down and vacate the building they were in when it sold.

Their new building has been designed and constructed especially for their business, and affords the best working conditions possible for their body works.

TWO POST BOYS TO ARRIVE HOME THIS WEEK

T-5 Adrain Cook was supposed to arrive in Post today from Fort Sam Houston where he received his discharge. He is the son of Mr. and Mrs. O. R. Cook.

Sgt. Alvin Eugene Julian is to arrive this week, accompanied by his wife Mrs. Jessie Julian, who met him Saturday in El Paso.

Both these boys arrived in the States last week, coming home from service in the China, Burma, India theater.

OFFICIAL PLEASED WITH REPORT

County Red Cross Roll Call Reaches Two-Thirds Of Goal

The Red Cross drive received added impetus the last few days and the total figure on contributions through March 12 was \$1,554.28.

The county drive officials are pleased with this report and feel that the quota of \$2,550 will be reached very easily.

The report by groups include the following figures: Graham community has sent \$200; Justiceburg, \$80.73; Cross Roads, \$48.25; city workers have turned in \$151. The larger gifts committee has reported a collection of \$1,414.

Local Girls Make Creditable Show At State Cage Tourney

Post High School's girl cagers were nosed out by one point in the quarter-final games at the state basketball tournament at Hillsboro last week. The local team was defeated, 15-14, by Friona.

In the first bracket Post played fine ball, winning over Brook of Parker county, 34-25. Brook has been a district winner every year, except one, since the girls basket ball league was organized. Billie Crowder was high point scorer with 15 points.

The second game played was against Friona, of Parmer county, a third time contender for the title. Friona came from behind in the last minute of play and by a very lucky long shot earned the right to play in the semi-finals. Joy Shepherd was high scoring girl in this game.

Friona went on to play Seagoville and then met the defending champions of Aquilla, only to lose 26 to 29.

The Post girls made a creditable showing since they were defeated by a team which was trying the third time for the state crown.

Twelve girls, Billie Crowder, Joy Shepherd, Alma Outlaw, Jimmie Chandler, Bobbie Chandler, Mary Ella Norman, Josh Cook, Claudia Titter, Ganell Babb, Peggy Sue Robinson, Betty Kennedy and Jo Ella Crowder, made the trip. They left here Tuesday, March 5, in a school bus, accompanied by their coach, G. R. Day, and Mrs. Day, Mr. and Mrs. Lonnie Peel and son, Mr. and Mrs. N. C. Outlaw, and Mmes. Delmer Crowder, C. N. Chandler, Elmer Crowder, and Bake Robinson.

The group enjoyed the entire trip and reported they were treated royally by their hosts. Each girl on every team was presented a gift by the Hillsboro Lions club. The club also entertained the visiting coaches with a breakfast on Friday morning.

Littlefield Man Buys Doughty Hardware; Duckworth Home

A business transaction has been completed whereby Lowell Short of Littlefield became owner of the George D. Doughty hardware store and business building, and the W. S. Duckworth residence in northwest Post.

Mr. Short, who for the past twenty-three years has been associated with Higginbotham-Bartlett Lumber Company, and who for the past thirteen years has been with the Littlefield yard, moved to Post with his family Saturday into the residence he purchased from Walter S. Duckworth. He has a wife and six children.

The firm was established here in 1916 by the late George D. Doughty and Mrs. Doughty, and its thirty years of operation has experienced a wide patronage from not only Garza county citizens, but those of neighboring counties due to the complete hardware merchandise stock carried by the Doughtys. The store has been under management of Mrs. Doughty the past year and half due to Mr. Doughty's illness and death. Mrs. Doughty has requested the Dispatch to thank her patrons of the past thirty years for their splendid support and offers her best wishes to the new owner.

The business will be operated under the styling of Short Hardware store, and the new owner plans to enlarge the stock and remodel the building.

The stock is being invoiced this week and the store will be open for business within a few days.

Garza Farmers Show Little Interest In Cotton Insurance

With only about half dozen Garza county farmers filing applications for 1946 cotton crop insurance to date, indications are that the insurance coverage in the county this year will be much less than in 1945 when 297 cotton growers took out insurance.

At least fifty applications for Federal all-risk cotton crop insurance must be signed in Garza county if the insurance program is to operate in the county, declares Robert H. Gibson, local ACA administrative officer. Deadline for signing up for the crop insurance is April 25, but applications must be filed before the crop is planted.

Three School Board Trusteeships To Be Decided In April

Regular spring elections covering three trusteeships Monday night were set in accordance with law by the Board of Trustees of Post Independent School district, reports Ralph Ranson, superintendent. Qualified voters of the Post district will cast their ballots on the first Saturday in April, which falls on April 6.

The three trusteeships open for election are those currently held by King Bingham, Bennie Sargee and Marvin Hudman. None of the outgoing trustees have been contacted by the Dispatch as to whether they anticipate seeking re-election.

The board is now composed of Willard Kirkpatrick, president; Marvin Hudman, secretary; Allen Cash, Raymond Redman, Bingham, Sargee and Tom Bouchier.

TWO FIRE CALLS MADE IN BUSINESS DISTRICT

Two fire calls in the business section of Post were answered Wednesday by the Volunteer Fire-boys.

The first alarm sent the truck to the rear of the Post Auto Supply store where a truck was on fire. The second call about three hours later sent the group to the rear of Warren's Drug building where a trash pile was on fire. Both fires were under control in a very short time.

Senior Play To Be Presented At School Tomorrow Night

"Enter Mr. Patricia" promises to be one of the most entertaining 3-act plays ever to be given here when it is presented by the Senior class on Friday night, March 15 at 8:00 o'clock at the Post High school auditorium.

The cast was selected and rehearsal begun several weeks ago. Special numbers have also been arranged and will be presented between acts.

The public is cordially invited to attend. Admission prices are 40c for adults and 25c for children and tickets may be purchased from members of the Senior class.

MIGRATORY LABOR CENTER TO BE TALKED IN MEETING TONIGHT

A joint meeting of farmers and merchants has been planned tonight at the district court room of the courthouse for the purpose of discussing a proposed state migratory labor center for Garza county, according to County Agent Frank Eaton.

Attending the meeting and leading in the discussion will be C. D. Davenport, State Migratory Labor assistant. He will answer any and all questions in regard to the location of a center in Post.

Committees named several weeks ago to work on the project have laid the ground work, procured a site, and located second-hand lumber suitable for building the center. Funds for the purchase of the real estate have been donated by the County.

It is the desire of the County Agent and Mr. Davenport to get this joint problem before both the businessmen and farmers of Garza county. The camp is of as much interest to one as it is to the other because of benefits derived by both, declared the County Agent.

Garza Farmers Show Little Interest In Cotton Insurance

With only about half dozen Garza county farmers filing applications for 1946 cotton crop insurance to date, indications are that the insurance coverage in the county this year will be much less than in 1945 when 297 cotton growers took out insurance.

At least fifty applications for Federal all-risk cotton crop insurance must be signed in Garza county if the insurance program is to operate in the county, declares Robert H. Gibson, local ACA administrative officer. Deadline for signing up for the crop insurance is April 25, but applications must be filed before the crop is planted.

TOM POWER BECOMES ACTIVELY ASSOCIATED WITH WHITE AUTO STORE

Tom Power, who will go off in active duty status with rank of Major in the Army Reserve after completion of 109-day terminal leave, arrived in Post Wednesday to become actively associated with his brother, J. N. Power, in operation of the White Auto Store.

Power came back to the states last October from Japan and the Philippine area, and for the past four months has been stationed at New Mexico Military Institute, Roswell, as military instructor. He received his promotion to Major March 3, after serving four years and eight months in the Army.

He has been a partner in the dealership since the White Auto Store was established here in November. The brothers plan to expand the business and this week are announcing the opening of a radio and electrical appliance repair shop, to be operated separately with the White Auto Store, and have secured the services of Randy Deneman and Seth Smith to operate the repair department.

VETERANS FOREIGN WARS POST TO BE ORGANIZED HERE TUES. MARCH 25

A Veterans of Foreign Wars post will be organized in Post Thursday night, March 25, when Garza county Veterans meet at the city hall to complete organization and make application for a charter, it was announced Monday by Weldon Jobe, who is assisting in forming the post.

The meeting will be attended by Ollie W. Smith of Levelland, district organizer, who made preliminary plans for the organization of the post when he attended a meeting here last week.

All Garza county veterans, who served on foreign soil, or on the seas in any war, are invited to affiliate with the organization.

Paul Jones Purchases Residence In Post

Paul Jones, who recently moved to Post from Benning and assumed management of the Wigly Wagon store here, has purchased a four-room house at the west end of Main, which is being erected by Igo Lee-Duckworth.

Southland Men Buy Truck And Tractor Dealership Here

A business transaction of interest to Garza county farmers as well as Post citizens, is that which is being completed this week between T. B. Greenfield of this city and G. W. Basinger and D. H. Mayfield of Southland, in which Basinger and Mayfield have purchased the International Harvester Company dealership here from Greenfield.

Inventory of the parts department and equipment is being taken this week and final papers are being drawn to complete the transaction within the next few days. The new owners will continue to operate the business in its present location in the Greenfield Hardware store until they can erect a large building on real estate being purchased from the Double U Company.

Greenfield, who several weeks ago announced his thirtieth anniversary of business in Post, took over the International dealership in 1921 and has been operating it in connection with his hardware store since that time.

Under present plans, Mr. Mayfield will be in Post to operate the dealership here and Mr. Basinger will continue to operate his International Harvester dealership at Southland. In addition to taking over the International Harvester dealership, including the sale of Farmall tractors, implements, International trucks and other Company products, the tractor repair shop has been leased by the two from Mr. Greenfield.

The dealership will go under the styling of the Post Truck and Tractor Company, and when building materials become available will be housed in a large building on block 88, south of Dr. Young's dental clinic. Abstracts are being prepared for purchase from the Double U Company of 11 business lots in the block.

R. H. Ranson Resigns Head Of Post Schools To Enter Business

R. H. Ranson, who came to the local school system as Superintendent in October of 1944 to replace L. V. Beardsley, who resigned the position to become associated with Steek Publishing Company of Austin, tendered his resignation to the Board Monday night and requested that he be released to enter business at Levelland.

Two resignations, according to Board members, was accepted and G. R. Day, who is now serving as High School principal, was elected to replace Mr. Ranson for the remainder of this year's term and the 1946-47 term. Weldon Skinner, science teacher, and who served as Elementary school principal before entering the Army in 1942, was elected principal to replace Mr. Day.

Mr. Ranson, according to information given the Dispatch, is entering the grain and elevator business in Levelland and plans to leave the school system this week end. Before coming to Post he served as superintendent of a school system in Dawson county.

Mr. Day, the new superintendent, came to Post in January of last year to assume duties as High School principal from Terry county where he had served as superintendent of a consolidated rural school for ten years.

Electric Power Line Extended To Garza's Central Oil Field

Showing confidence in the future development of Garza's central oil field south of Post, the Southwestern Public Service Co. last week completed a two and half mile 22,000 volt electric line extension from Post to the field.

The high voltage line supplies feeder lines to five different leases in the pool. Comanche Corporation, with extensive holdings in the field is being supplied electricity to pump a number of wells with electric motors and a distribution line is under construction at this time to Kenneth Murchison's lease. The three other feeder lines under contract are being erected.

High Wind Damages John Herd Residence

The unusually high wind last Thursday caused considerable damage to property in addition to bringing dirt to vex homeowners. The worst vandalism in the last two years seems to be the consequence of opinion.

The combined force of west and north winds blew the chimney off the John Herd residence. The bricks broke through the slate shingle roof and through the ceiling of an upstairs bedroom. The damage was estimated at about \$3,000.00.

Many small farm structures were swept as well as numerous feed stacks blown down. A water tower on the Johnny Lane farm was blown down.

Paul Jones Purchases Residence In Post

Paul Jones, who recently moved to Post from Benning and assumed management of the Wigly Wagon store here, has purchased a four-room house at the west end of Main, which is being erected by Igo Lee-Duckworth.

Paul Jones Purchases Residence In Post

Paul Jones, who recently moved to Post from Benning and assumed management of the Wigly Wagon store here, has purchased a four-room house at the west end of Main, which is being erected by Igo Lee-Duckworth.

A. S. Roberts left last Thursday for Bakersfield, California, to visit his daughter, Mrs. A. D. Brown and family, and son-in-law, Darrel C. Eppel.

Mrs. Leah Gross of Sweetwater has been visiting her sister, Mrs. Bob Warren.

EARLY SETTLER OF COUNTY DIES AT HIS NEW MEXICO HOME

Funeral services for Dave Stiles, one of the early settlers of this county, were held Friday, March 8, in Farmington, New Mexico. He was an active member of the Baptist church. Grave-side rites were conducted by the Masonic Lodge.

Mr. Stiles passed away on March 5. He had been ill only a few days and death was quite unexpected.

A true pioneer, Dave Stiles settled in the Verbena community and carried on a ranching business before Garza county was formed. He was present at the meeting in 1907 when the county was organized. He served with the first elected set of county officials as tax assessor.

A "mighty good man" said some of his friends here. Many people here and in Dickens county will mourn his passing. He made his home here for many years before moving to New Mexico.

He returned to Post many times for visits and it was always a happy privilege to meet his friends. He enjoyed especially attending the Old Timers Reunions which were held a number of years under the sponsorship of the Rotary club.

Mrs. R. L. Kirkendoll left Wednesday, March 6 to attend her brother's funeral. Two other sisters accompanied her, Mmes. Sam Bradbury and Warren Sturgeon of Snyder, as did a nephew, Henry Stiles of Girard, Texas. Raymond Kirkendoll of Gallup New Mexico, but formerly of Post, also attended the funeral.

Mrs. Kirkendoll will remain in New Mexico for an extended visit with relatives.

NEWS NOTES FROM . . .

Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

O. G. Hamilton of conservation group 63 has purchased a special terracing blade for his Ford tractor and is constructing his terraces with it. Terrace lines were run last week on the remainder of Mr. Hamilton's farm.

Ardie Long is now constructing his terraces with a two disc plow. He can build about one-quarter mile of large ridge type terraces in one day with his plow.

The county equipment is now building terraces on Arthur Flock's farm in conservation group 39.

Terrace lines were run on R. B. Wilson's farm this week. Terrace construction will probably be started next week.

Terraces were checked last week for completion on the W. A. Hamilton and H. D. Hallman farms of the Pleasant Valley conservation group.

Across The Tracks

By H. H. H.

Several weeks have elapsed since we forsook the benevolent company of Uncle Samuel's Navy and returned to our native haunts to resume our business of keeping the wolf away from the door. At the time of this writing, we haven't even been able to locate a dog.

Driving around residential Post the other day, we were surprised at the number of small houses being hauled in, built up, slugged together, or otherwise fabricated on almost every vacant lot. Give a Post citizen an inch and he'll rent it!

Personal difficulties aside, we're honestly very glad to see the old home town on such an upswing. We don't expect Post to outgrow New York, Chicago, or even Lubbock, but the current trend is certainly toward a bigger volume of business and consequently a bigger and better town.

Incidentally, folks, the purpose of this column is to put in an occasional plug for our Texaco Service Station, located East of the tracks on highways 84 and 280, where you'll always be welcomed with 100 octane courtesy. By golly, we've even acquired an official address! Prior to our receiving the nod from the local draft board, the "old water hole" was simply referred to as "across the tracks" or "out on the corner," but now its official designation is 321 S. Main St. Sounds kinda dignified—something like Number 10 Downing Street.

That's all for now, folks. Remember, we'll be expecting you at 321 S. Main.

Sincerely,
HANS HUDMAN

HUDMAN
Service Station

TECH 1946 HOMECOMING

The 1946 Homecoming at Texas Tech has been set for October 19. Baylor University will be the football opponent of the Red Raiders on that day.

Mr. and Mrs. J. P. Rogers and family of Graham community spent Sunday with Cleo Ferguson and Mr. and Mrs. Jewell. They enjoyed attending two services at the local Church of Christ.

Mr. and Mrs. Walter Cider and daughter visited last week in Bowie and Bellevue with Mrs. Cider's parents, Mr. and Mrs. J. W. Lawson who are former Post residents. Mr. Lawson was carpenter for Double U Company and helped to build the town.

Hazel Louise Cash of McMurry college in Abilene spent the week end here visiting her mother, Mrs. Edna Cash.

Mrs. John Reed visited last week end in Florida.

What Goes In The Rural Communities

AS REPORTED BY OUR RURAL CORRESPONDENTS

Southland News

Mrs. Floy King, Correspondent

A large crowd attended the supper at the close of the enlargement campaign at the Baptist church Tuesday night which was conducted by Rev. Wiley of Afton.

Rev. R. B. Walden is still improving. He is now able to take his place in the pulpit of the church. A good service was held both Sunday morning and Sunday night at the Methodist church. Several visitors attended the morning services.

Rev. and Mrs. Walden spent last week in Amarillo visiting their daughters, one of whom is a patient in the hospital there.

Those visiting Rev. and Mrs. Walden Sunday were Mrs. Floy Wood, Mrs. E. Everheart and daughter, all of Lamesa.

Another Southland boy with a discharge is Billy Becker. He is visiting in Portland, Oregon before coming home.

Those visiting Rev. and Mrs. Brook over the week end were their daughter, Lavern, his mother, Mrs. J. A. Brooks, and brother, Royce, and wife, all of Winters.

Those visiting Mr. and Mrs. John Leske Sunday were Mr. and Mrs. O. P. Guthrie and son, George, and Mrs. Pearl Caldwell all of Lubbock.

Levies, Mack and Bobby Field of Dalhart, formerly of Southland were visiting friends here part of last week.

Mrs. Clyde King and little son, Michael Clyde, visited Mr. and Mrs. Edd King Sunday.

Mr. and Mrs. A. M. Tanner and son, Carrol, who is home on leave from the Navy, were in Southland last week.

Mr. and Mrs. Glenn Allen of Plainview and Amarillo visited her parents, Mr. and Mrs. J. C. Harris last week.

Mrs. Clarence Basinger and little son are now home and doing fine.

Mr. and Mrs. G. D. Ellis and B. R. Arthur spent the week end in Amarillo where the Ellis' visited his brothers and Mr. Arthur visited his son, J. C. and family.

Tom Kasinger of Sundown visited his little daughter, Carolyn Sue, and the Muthis' part of last week.

G. N. Smallwood underwent an operation at a Lubbock hospital Thursday and was doing nicely Sunday.

Mr. and Mrs. Neal Smallwood Dorothy Sue and Harvey, all of Midland spent the week end here.

Mrs. J. H. Young, who is staying with her parents, Mr. and Mrs. Edd King, visited the Harry Kings Sunday.

Those visiting Mr. and Mrs. F. O. DeBusk Wednesday were Mrs. Bill Lawrence and children of Post, also Lee Wormick of Post visited the DeBusks last week.

Mr. and Mrs. Sampson Gilliland and children left Sunday for Plainview where they will visit her sister, Mrs. Ennis Harris and family.

Those visiting Mr. and Mrs. W. W. Gilliland Sunday were Mrs. Dave Draper and children and Miss Anita Sokol, all of Slaton.

Mr. and Mrs. August Becker and family visited their daughter Mrs. Mueller, and husband of Lubbock Sunday.

Mrs. Swafford of Slaton spent Saturday night with the J. L.

Justiceburg News

Mrs. J. R. Key, Correspondent

Sunday school and church services were held Sunday, conducted by Rev. D. W. Reed of Close City. Rev. Reed was guest of Mr. and Mrs. W. A. McGinnis.

The Mother's club met Thursday afternoon at three o'clock. Arrangements and plans were made for an outsiders play to be presented at Justiceburg in the near future.

Mrs. Ewell Morgan and son, David, of Slaton spent Sunday with her parents, Mr. and Mrs. E. C. Pettigrew.

Mr. and Mrs. Gene Caffey of Lubbock and Clifford McReynolds of Slaton were week end guests of Mr. and Mrs. W. L. Cantrell.

Mr. and Mrs. Leonard Reed and family of Slaton spent Sunday with his parents, Mr. and Mrs. Jeff Reed and daughter, Dorothy.

Mr. and Mrs. James Brooks and family of Slaton visited Mr. and Mrs. Lee Reed and sons Monday.

Mrs. Harrison Brown is visiting relatives at Slaton.

Mr. and Mrs. Johnnie Beas and son, Dickie, attended the Fat Stock Show at Fort Worth this week.

Mr. and Mrs. V. A. Lobban were week end guests of relatives at Childress.

Mr. and Mrs. Hilton Henslee of Dallas spent the week end with Mr. and Mrs. Cecil Smith and daughter, Miss Skeeter.

Mrs. E. C. Pettigrew, Jr., and children are visitors in the home of Mr. and Mrs. E. C. Pettigrew.

Mr. and Mrs. H. T. Griffin and son, W. C. of Lamesa were week end guests of Mr. and Mrs. R. J. Key and son, Jerry.

Mr. and Mrs. Tom Keen of Slaton visited Mr. and Mrs. Cecil Smith and other relatives here over the week end.

Mr. and Mrs. Kenneth Hale were week end guests of Mr. and Mrs. Zeke Rhea of Plainview.

Loyd (Scoop) Reed of Polk

Whiteds.

La Vonne Ferguson spent the week end with her grandparents.

Mr. and Mrs. Lonnie Collinsworth of Lubbock were visiting in Southland Sunday.

C. T. Anderson is visiting in New Mexico.

Mrs. R. B. Loveless of Lubbock route, formerly of Southland, is now at home after spending several days in the Plains hospital.

Mrs. Roy Williams and Mrs. Harry King visited the John Bakers of Slaton Monday.

Friends and neighbors of Clyde Shaw of near Morgan, who was recently brought home from a Lubbock hospital, gathered at his farm and stacked his feed. Those who helped were Spencer Brower, Fred Davidson, John and Leroy McGeehee, Robert Mock, Raymond Stovall, Dick Denton, John Mayo and son, Ott Miliken and T. L. Weaver sent a hand Mrs. T. L. Weaver brought some food at noon and helped with the dinner.

Mr. and Mrs. L. F. Goz are announcing the birth of a daughter on February 25 in Milwaukee, Wisconsin. The young lady was named Barbra and weighed eight and half pounds. Mrs. Goz is the former Olga Mae Jones, daughter of Mr. and Mrs. Buford Jones of Gordon, formerly of Southland.

Mahon Wants U. S. To Keep Bomb Secret

George Mahon, Congressman from this district, who has known about the atom bomb since it was still in the preparatory stage, says the time is not yet here to share that secret with the United Nations Organization.

He declared, "Certainly I hope and pray that the atomic bomb will be used as an influence for peace. It must be so used, and it is so powerful an instrument it can, if properly controlled, contribute to the success of the UNO. "But until the UNO is a more seasoned and stable body we can not afford to entrust in its hands the most terrible of all weapons invented by man."

Representative Mahon is ranking member of the House Military Affairs appropriations sub-committee, the small group the government took into its confidence because they had to provide the \$2,000,000,000 needed for the project.

Mahon was allowed by the War Department to reveal hitherto undisclosed facts when he asked to be allowed to honor Representative Snyder's memory by telling of the vital part played by this committee which Snyder had headed.

visited his parents, Mr. and Mrs. Jeff Reed, Friday.

The Bible Study class met in the home of Mrs. W. A. McGinnis Thursday afternoon. Mrs. Sidney Cross was honored with birthday gifts. Refreshments were served to all.

Mrs. Jimmie Bunger of Lubbock spent Sunday here with her parents, Mr. and Mrs. G. G. Evans.

Miss Odell Stafford, accompanied by her nephew, Bubber Talley, visited her parents in Leuders last week end.

Visiting Mr. and Mrs. Guy Floyd this week was his mother, Mrs. B. W. Ellison, of Snyder. Also visiting the Floyds is Mrs. Floyd's mother, Mrs. R. B. Hester, of Snyder.

B. C. MANIS
BLACKSMITH SHOP

NASSAU COUNTY, N. Y.—Acting Police Captain Adam Yulch has taken the dividends out of crime for many a law-breaker. The Nassau police officer, a consultant for the F.B.I. on his specialty, traces criminals through laundry marks on their clothes. For instance, if a thug binds his girl victim with a laundry-marked handkerchief, Yulch can check through his files, compare identification, and usually have the man arrested within a few days.

The recent murder of 8-year-old Susanna Degnan in Chicago hinged in its solution on the question of laundry marks, according to the American Institute of Laundering. The murderer used a handkerchief marked with the name of a man who, it turned out, was innocent. But Yulch usually can "get his man." Even the new invisible laundry marks, now used by some laundryowners, come to life as plainly as neon signs when Yulch puts them under ultra-violet light.

Benefits Being Paid Farmers On 1945 Practices

Benefits are now being paid to Garza county farmers for soil building practices carried out in the 1945 program year, and to date \$7,016.12 has been paid, covering ninety-four farms, which is approximately 15 per cent of the farms of the county, reports Robert H. Gibson, ACA administrative officer.

The maximum amount available to any farm is \$2 an acre for cropland, plus 20 cents an acre for pasture land, said Gibson. Garza county had been allotted \$82,106 to pay for all practices, which is less than the maximum if everyone earns his allowance.

Practices on the 1946 program, which is already getting well underway, will be paid as outlined below by Gibson:

Construction of earthen dams or reservoirs, 10c per cubic yard for the first 3000 cu. yds., and 8c per cubic yard in excess of 3000 yards.

Drilling or digging wells for livestock water only, at \$2 per foot.

Contour furrowing noncrop land at 15c per 1,000 feet of furrows.

Strip cropping on the contour at \$1.50 per acre. Strips of cotton alternating with grain sorghum or sudan. Strips from four rows to 50 rows wide.

Strip cropping not on the contour at 50c an acre. Same specifications as strip cropping on the contour.

Protecting summer fallowed acreage by contour listing at 75c per acre. Must be plowed before June 15 and kept clean all year.

Contour farming row crops at 75c an acre. Rows must follow terraces or guide lines established at not more than the regular terrace interval. Straight rows will not qualify.

Plowing fireguards on noncrop open pasture and range land.

Growing green manure or cover crops of cane, sudan grass, peas, small grains, except wheat, will qualify. Second growth will not qualify. A good stand and grow-

RICKER BABY'S CLAIM TO BEING FIRST TEXAS BORN IS QUESTIONED

The claim of Alan David Ricker, son of Mr. and Mrs. Hazen Ricker of Post that he is the first child born in Texas of an English mother, has been questioned by a child in Childress.

"Little Churchill" Rucker, 14 months old native of Childress, Texas, and his mother, Mrs. Patricia Rucker, wait the return of their father and husband, Ervin R. Rucker, from Guam.

Mrs. Rucker lived near Liverpool, England, and came to the United States a month after her marriage in January, 1944.

This may devolve into quite a contest. It all started February 28 when a Houston couple announced the birth of their child that day, making the claim for it.

LOCAL MOVIE THEATRE TO PARTICIPATE IN RED CROSS DRIVE

With the designation of the week of March 20 through March 26 as the Motion Picture Industry Red Cross Week, the tremendous facilities of over 16,000 theatres throughout the country will be concentrated in efforts toward supporting the Red Cross drive.

B. J. Edwards, theatre manager, announced that the Garza theatre would participate in the annual drive. Edwards cognizant of the splendid support given by local movie-goers to the Red Cross in the past, is confident that they will lend their support again this year.

Special short subjects and events are booked for showing during March 20 through March 26 at the Garza.

REVIVAL IN PROGRESS AT GRASSLAND CHURCH

Services at the revival meeting of the Grassland Church of the Nazarene are being well attended. Rev. and Mrs. Carter are presenting excellent work, both as to preaching and singing.

The pastor, Rev. A. G. Johnson, is issuing a very special invitation to everyone to attend the meeting, which will close Sunday night, March 17.

th must be obtained. Control of destructive plants on pastureland (mesquite).

Gibson said more detailed specifications might be obtained at his office. "Please remember that you must ask for and receive approval in writing to carry out any practice for which payment will be made in 1946," Gibson said.

Bits Of News:

Darwood Billings transacted business in Dallas several days last week.

Among the Post couples attending the Russ Morgan dance at the Cotton Club Wednesday night were Mr. and Mrs. Delmo Gossett, Mr. and Mrs. Charles Luttrell, Miss Martha Roach and Marshall Gibson.

Miss Catherine Royalty was a guest of Post friends last week end. The former Post High English teacher was honorably discharged from the WAVES the first of February. She has been stationed in San Francisco at the Fleet Post Office headquarters for two years.

Frozen food removed from quick freezer locker and thawed should not be refrozen.

Geneva, Switzerland, was the seat of the League of Nations.

FRUIT TREES SERVE A TWO-FOLD PURPOSE

Because fruit is practical is no reason why it can't be ornamental and add to the decorative scheme of the home grounds—thus serving two purposes.

The larger trees like apple and pear provide shade over the kitchen window, spring bulb garden, or humble chicken house. The smaller trees like plum may be used in screen plantings at the back of the lot. Bush cherries fit into shrubby groups, furnishing early blossom beauty whether fruit ever materializes or not.

Currant and gooseberry bushes make dividing partitions or hedges in the vegetable garden, but place them carefully if a plow must get in each spring. Grapes may cover arbors, screen out unsightly views or add a leafy pattern when trellised on the side of the house. Even the strawberry plants fit into a compact scheme by edging flower beds or paths.

Plan your planting of trees and bushes so that you will get the greatest enjoyment out of your garden.

SETTLEMENT REACHED ON GM'S LONG STRIKE

Settlement of the 113-day old General Motors strike, which cost an estimated \$1,000,000,000 in lost wages, sales and commissions and cut the automobile industry's production to one-sixth of advance estimates, was announced at Detroit, Wednesday.

The settlement cleared the way for 175,000 striking CIO Auto Workers to return to their jobs and start the machinery moving to produce automobiles.

TOMORROW LAST DAY TO FILE INCOME TAX

To-morrow, Friday, March 15, is deadline for filing 1946 income tax reports to the Treasury Department. Everyone who has a gross income of \$500 or more for 1945 must file a return. Minor children with \$500 or more gross income, are also included.

Returns must be in the mails by tomorrow night.

TEXAS ACCEPTS NEW NATIONAL GUARD PLAN

Governor Stevenson said last week end that the National Guard Bureau's allocation to Texas had been accepted.

Assigned to Texas will be the 36th Division plus attachments and two of the three combat commanders of the 49th Armored Division, whose third combat company will go to New Mexico. In all, the Texas National Guard will consist of about 29,000 men.

Max Tucker Arrives In States

A telegram was received Tuesday, March 12 by Mr. and Mrs. H. M. Tucker stating that their son, Max, had landed in the States. He sailed from Yokohama and landed at Seattle, Washington.

Max has returned from 23 months overseas duty in the Pacific Theatre of operations and has been in the service since September 1943.

The telegram further stated that he would be home in a few days.

Miss Mattie Myrl Ferguson visited last week in Austin.

Society - Clubs

Mrs. Bonnie Cearley, Society Editor, Phone 187J

The Woman's Culture club met last night with Mrs. D. C. Lamb and Mrs. Lee Davis as guests in the Williams home. The regular business session was held with the president in charge. A program of news in general phases of the club was presented and Mrs. Durrett presented an address on Towns that Plan for the Future.

Both circles of the First Baptist WMU met Monday afternoon at the church for a Royal Service program. Sixteen ladies were present. Members of the Mattie Hamilton circle had charge of the program and presented an interesting study on America's Part in Building a New World.

VARIOUS MEETINGS FILL MARCH CALENDAR OF POST LIONS CLUB

Rev. H. C. Bristow was guest speaker Tuesday night at the regular meeting of the Lions club. Speaking on Courtesy Rev. Bristow mentioned the intrinsic values of courtesy. When practiced it results in so much for so little.

Beauty and Flowers

ELKTON, MD. — Francy Lane, blonde radio songstress, takes good care of her garden with DDT, mixed to order by a "prescription method." Mixing DDT by the prescription method, even small amounts, insures use of the proper solution for a particular problem, in the opinion of experts of the National Magnesium Corporation of Maryland.

A delegate from the local club addressed the district convention in Annapolis last week. A report on the year's activities was made. The hostesses served a delightful refreshment plate during the afternoon.

Mrs. Iven Clary was leader and introduced the subject and her assistants. Mrs. Pirtle spoke on Building Needs in Cities and Mrs. Carpenter spoke on Needs in Rural Communities. Mrs. W. L. Davis discussed Needs Among Races. Cuba and Panama were discussed by Mrs. Boyd. Mrs. Redman spoke on Building in New Fields. Mrs. Hughes gave a resume in A Call for Workers. The meeting was ended with the singing of Rescued the Perishing.

On March 21, there will be a zone meeting in Lamesa to which all Lions and their ladies are invited.

FORMER POST RESIDENTS ANNOUNCE THE RECENT MARRIAGE OF DAUGHTER

Wedding vows for Miss Gwendolyn Thomas, daughter of Mr. and Mrs. H. J. Thomas of 304 South Windomere in Dallas, and Sgt. Johnny G. Nungezer of Jacksonville, Florida, were read Sunday, March 3, at 2 o'clock.

INSPIRING SERVICE HELD FRIDAY OBSERVING A WORLD DAY OF PRAYER

A disappointingly small crowd made the effort Friday afternoon to attend a service observing World Day of Prayer. Only about seventy persons were present to engage in prayer and hear the main address and two inspiring devotionals.

Mr. and Mrs. Richard Robinson visited last week in Elctra in the home of his sister, Mrs. L. W. McGlothlin. It took John Hays Hammond, famous engineer, two days to earn his first dollar. He did it at the age of 11, panning gold in Nevada.

NEEDLE CRAFT CLUB ENTERTAINED FRIDAY IN K. STOKER HOME

Mrs. K. Stoker and her daughter, Mrs. Willard Kirkpatrick, were charming hostesses to the Needle Craft club Friday afternoon, March 8th.

This being the World Day of Prayer the program at the church was continued by prayers led by Mrs. Graeber and Mrs. Boucher and the group singing My Faith Looks Up to Thee.

WCS REGULAR MEETING HELD MONDAY AT THE PARSONAGE

Eleven members of the Methodist WCS met Monday afternoon at the parsonage.

Mrs. Graeber led the opening prayer. During the business session plans were made regarding the Senior Breakfast which will be given Wednesday, March 27th.

The devotional, The Lord's prayer, was given and discussed in a most inspirational manner by Mrs. Durrett. Study on the Bible lesson was conducted by Mrs. Smith. Parts of the program were given by Mmes. Tol Thomas, T. L. Jones, Welch, Collier, Barnes, H. G. Smith, and Edwards.

JAMES HOWARD DAVIES HONORED ON ELEVENTH BIRTHDAY, MARCH 6

James Howard Davies was honored on his eleventh birthday on March 6 when a group of his friends gathered at the home of his grandmother, Mrs. Dovie Davies. Games were played for an hour and pictures taken of the group. Following this entertainment, red and white cake and ice cream were served to the honoree, Charles Osborn, Bernard Welch, Don Davies, Sharon Jobe, Wanda and Betty Jones, Mr. and Mrs. Curtis Davies and Elwanda and Mr. and Mrs. Garland Davies.

Mrs. Dora Justice was a Lubbock visitor on Sunday.

WEDDING VOWS FOR MISS GWENDOLYN THOMAS, DAUGHTER OF MR. AND MRS. H. J. THOMAS OF 304 SOUTH WINDOMERE IN DALLAS, AND SGT. JOHNNY G. NUNGEZER OF JACKSONVILLE, FLORIDA, WERE READ SUNDAY, MARCH 3, AT 2 O'CLOCK.

Rev. C. E. Matthews, Baptist minister, read the double ring ceremony in his home. The fireplace decorated with fern, white gladioli and carnations formed a floral setting for the wedding scene.

The bride wore an aqua wool tulle with white accessories. Her corsage was of white gardenias.

Mrs. David Weatherford was her sister's matron of honor and Mr. Weatherford served as best man. Mrs. Weatherford wore a grey suit. Her corsage was red roses.

The couple left immediately after the ceremony for Jacksonville where they will make their home. The bride chose a three piece beige gabardine ensemble with black accessories for traveling.

SUNDAY, MARCH 17, IS ST. PATRICK'S DAY

All good Irish may wear their green shamrock on Sunday, for on that day is honored the patron saint of Ireland, who died on March 17, 493, at Saul in County Down, at the patriarchal age of 106. He was buried in the chieftain's fort two miles outside of town.

From all parts, it is recorded, bishops, priests, and people gathered round his tomb to honor the venerable father of their faith.

For over fourteen centuries, this same spirit of reverencing the memory of Patrick has survived in the hearts of Irish men and women in every part of the world. In all cities where Irish settlements are large enough, parades and other celebrations mark the day.

Guests in the home of Mr. and Mrs. Lefty Davies last week end were Mr. and Mrs. Harold Davies and two daughters from Cisco. Sunday dinner guests were Mrs. Dovie Davies and grandson, James, Mr. and Mrs. Curtis Davies and Elwanda, and Mr. and Mrs. Garland Davies and son, Don.

Robert Billings of Northfield, Vermont, arrived Wednesday night to visit his brother, Darwood Billings, and Mrs. Billings.

Mozelle Backley and Mother Move To Dallas

Mozelle Backley and mother, Mrs. L. B. Backley, moved this week to Dallas to make their home. They have lived in Post many years and have many friends who wish the best for them in their new home.

Cotton is needed in livestock production.

LIEUT. KENT PRESSON FURLONGS AT FRENCH RIVIERA RECENTLY

A news release from Wiesbaden, Germany received this week by the Post Dispatch reveals that Lt. Kent Presson, son of Mr. and Mrs. W. F. Presson of this city, found his recent furlough to the French Riviera to be a thrilling occasion. The Post officer recently re-

EARLY REGISTRATION OF AUTOMOBILES URGED BY COUNTY TAX COLLECTOR

As the deadline of March 31 approaches, Tax Collector Percy Printz has visions of long lines of impatient motor vehicle owners waiting to register their vehicles during the last few days of March.

He urges all Garza county vehicle owners to get their documents in order and apply early for registration to avoid waiting in line.

Under the laws of Texas, a certificate of title in proper order and the current year's registration receipt must both be presented at the Tax Collector's office before new license plates can be issued.

"The certificate of title is the same to a motor vehicle that an abstract is to a plot of real estate," Mr. Printz points out. "Each time a vehicle changes hands, the assignment of title on the reverse side of the certificate must be completed and application made for a title in the new owner's name through the Tax Collector's office," he said.

Buyers of used vehicles should insist sellers give an assigned certificate of title and the current registration receipt at time vehicle is delivered. Purchasers of new vehicles should obtain a manufacturer's certificate.

Unless changes of ownership are recorded through the Tax Collector's office, the files of the State Highway Department at Austin will continue to show the seller as the legal owner of the vehicle. It is to the advantage of both buyer and seller to keep the titles clear.

When a lien against a vehicle is paid, the owner should protect his interest by securing a release from the lien holder and submit it to the Tax Collector with application for a corrected title.

Mr. Printz appealed especially to owners of vehicles bearing out-of-state license tags, urging them to apply early for registration since it may require from five to ten days to get a proper Texas certificate of title required before the vehicle can be registered in Texas.

turned from a ten day furlough to the internationally famed Mediterranean resort, now a vacation spot for American officers in Europe. A picture accompanying the news release shows Presson skiing. The Post soldier is now serving with the 790th Field Artillery Bn. in Camp Pittsburg, France, and has been overseas 13 months.

He has served with the Third Army in Germany and has been stationed in England, France, Belgium, Holland, Luxembourg, Germany and has visited Switzerland and the Principality of Monaco.

Mr. and Mrs. Glenn Cearley of Levelland visited in the O. R. Cearley home Sunday.

Mr. and Mrs. Tilden C. Brown of Levelland, formerly of this city, transacted business here Friday.

Swing of Southwest Farm Markets

Most Southwest farm products found fair demand at steady prices last week, according to USDA's Production and Marketing Administration.

Cotton prices reached another 28-year high this past week, but later declined.

Grain went up last week in line with new OPA ceilings. Prices were increased three cents a bushel for wheat and corn; two cents a bushel for oats; four cents a bushel for barley and nine cents a hundred for sorghum grains. No. 1 hard ordinary wheat was quoted \$1.83 to \$1.85 per bushel, bulk, in carlots at Ft. Worth and Galveston; sorghum grains \$2.70 per hundred pounds and No. 3 white oats 89 cents a bushel in Ft. Worth and 91 cents in Galveston.

Southwest egg markets remained about steady under a good demand with receipts in line with the approaching heavy production season. Current receipts brought 28 to 33 cents per dozen, New Orleans; 31 to 32 cents, Dallas; 30 to 30 1-2 cents, Ft. Worth and Denver.

Poultry movement continued light, demand fair, and prices steady. Heavy hens brought 27 to 28 cents per pound, New Orleans; 23 to 24 cents, Dallas; 21 to 23 cents, Ft. Worth; and 22 to 24 cents, Denver. Most Southwest markets quoted fryers at 28 to 30 cents a pound.

Cattle supplies were meager at most Southwest markets during the past week, yet prices were barely steady compared to the previous week's close. Medium steers and yearlings realized \$13.50 to \$15 per hundred, Houston and \$13.75 to \$14.75, Ft. Worth while good steers and yearlings brought \$14.50 to \$15.50 at San Antonio, and \$15.50 to \$16.50, Oklahoma City.

Southwest hog receipts were light this past week and demand broad with prices fully steady at ceilings. Top butchers were quoted at \$14.50 per hundred pounds, Wichita; 14.55, Oklahoma City; \$14.65, Ft. Worth and San Antonio.

GRASSLAND 4-H CLUB GIRLS HOLD MEETING

The Grassland 4-H Club girls met March 8 with Miss Anderson, Lynn county home demonstration agent. The topic discussed by Miss Anderson was "clothing and posture." She suggested that a frame garden be built for the lunch room. The girls all approved the idea and with the help of the boys are going to build one.

A terrace system, no matter how well laid out and constructed, must be maintained if it is to keep on doing the job it was intended for.

Milk is one of the most important foods in the human diet.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

W. L. Thomas arrived here Thursday, Feb. 14 from El Paso where he received his honorable discharge Feb. 13. He has been in the army 30 months, serving overseas in New Guinea, Japan and the Philippines for 21 months. W. L. is the son of Mr. and Mrs. J. E. Thomas.

Wayne and J. T. Nipp of Robinson community visited friends here Saturday. Wayne was discharged in October after three years service in the Army. He served overseas as a cook in Hawaii. Later he was transferred to the Medical Corps and saw front line duty on Leyte, in the Philippines. He came home from Okinawa.

Honorable discharges from the armed service were given Lee Wayne Hardin and Noah McClellan, jr. this week.

IS YOUR CERTIFICATE OF TITLE IN ORDER?

CERTIFICATE OF TITLE TO A MOTOR VEHICLE

The State Highway Department certifies that the applicant herein named has been duly registered in the office of the Department on the level owner of the Motor vehicle described below.

PLATE No.	1204768	REG. No.	3999 Coach
CHASSIS No.	100-001	REG. No.	2900
OWNER	John Doe, Dallas, Texas		
SELLER	John Doe, Dallas, Texas		
BUYER	John Doe, Dallas, Texas		
DATE	2-2-46		
PRICE	\$500.00		
SELLER'S ADDRESS	1214 Main Street, Dallas, Texas		
BUYER'S ADDRESS	1214 Main Street, Dallas, Texas		

APPROVED: *John Doe*
D. C. Greer, State Highway Engineer

SEE THIS CERTIFICATE BY TITLE IN A SAFE PLACE. DO NOT ACCEPT THIS CERTIFICATE UNLESS YOU RECEIVE THE ORIGINAL.

Tax Collector Percy Printz warns Garza County vehicle owners that under law no vehicle can be registered unless the owner presents proper Certificate of Title similar to sample above. Also required is registration receipt for last year. Printz urges early registration to avoid a long wait while hurried special and regular deputies cope with a last minute rush. **MARCH 31 IS LAST DAY FOR REGISTERING VEHICLES WITHOUT PENALTY.**

DO YOU LEGALLY OWN YOUR CAR?

ASSIGNMENT OF TITLE

(To be filed in the office and delivered with vehicle to the purchaser. Application for new Certificate of Title must be made by purchaser and immediately filed with the County Tax Collector.)

FOR VALUE RECEIVED I (WE) HEREBY SELL AND ASSIGN TO

Name of Seller: _____
Address: _____
City: _____ State: _____

Name of Buyer: _____
Address: _____

 upon the character of any
 person or firm appearing in
 these columns will be gladly
 and promptly corrected upon
 being brought to the atten-
 tion of the management.

MERCHANTS VS. STOREKEEPERS

The general impression received from giving Post the once over is that the town has a new face. The business set-up is undergoing a radical change in management, personnel, and appearance.

Many old established firms have recently changed ownership, others have employed new workers, and still others are changing their looks with paint, lumber, fluorescent lighting and eye-catching display of merchandise.

Judging by Noah Webster's definition of merchants Post is fortunate in having so many forward looking men doing its business of buying and selling. Some few store keepers remain doing the same old job at the same old stand, but the trend now is change.

Seems that to be a merchant one must be ever alert in thinking and planning for the advancement of the business. Then by a friendly, helpful attitude a merchant must encourage the confidence of customers.

So considering time and patience, work and worry, businesses are begun and carried on by men who feel not simply a desire to make money but to render a service for fellow citizens.

It takes more to be a merchant than to merely keep a store.

THIRTY-FOURTH BIRTHDAY OF GIRL SCOUTS

On March 12 the Girl Scouts of America celebrated their 34th birthday and during the week all branches of the organization will observe the time with appropriate ceremonies.

Post has no Girl Scout Group, mainly because too few people had the time and interest to devote to such a work. Some years ago an effort was made to organize but due to a lack of response the effort was abandoned.

Nevertheless, the organization serves a worthwhile purpose and fills an urgent need in many places. The time has long since passed when little girls, or little boys, are 'seen and not heard.' So actions and speech must be channeled where they develop character.

Any program or group which in any appreciable measure contribute to the formation of finer, cleaner life is surely worthwhile.

A salute to Girl Scouts and their adult sponsors whose far-reaching influence is contributing to a nobler and more humane world.

ORANGE WEEK — MARCH 15-22

Oranges, along with other citrus crops have been most responsible for the growth and development of the Lower Rio Grande Valley.

Seven orange trees on the Laguna Seca Ranch north of Edinburg constitute the oldest grove in the state. In 1904 the first commercial grove was planted but it was fully a decade later that the industry received its first impetus. It was found that budding oranges on the native sour orange tree resulted in a fruit adaptable to the Valley.

An official tree census in 1944 revealed 2,689,312 plantings. Practically all oranges in Texas are used as fruit fruit. The production is 3,000,000 boxes a year.

RIDING FOR A FALL

Commenting on the strike situation, George W. Hopkins, editor and publisher of "The Lake Region," Eastia, Florida, says in part: "Organized labor has the full protection of the United States government today in the wholesale strikes it has instituted. Whether detrimental or not to our economic well-being, the Congress has put its seal of approval upon them, and the people must abide by the consequences.

"A monopoly in restraint of trade is no more damaging to the economy of the nation than a monopoly in restraint of labor. Both should be outlawed in a free democracy."

The right to work and earn a living, whether one joins or does not join some specified organization, has been destroyed in the United States.

Why do we talk about "world freedom" when we tolerate such conditions at home?

Mother: "I think our daughter has a one-track mind."

Father: "Yes, and the train on it is a troop train."

Sidelights ...

FROM WASHINGTON, D. C.
 By Congressman Geo. Mahon

This column is being written on Saturday afternoon, March 9, and will be air-mailed to Texas before 8 p. m. During the war, mail service between West Texas points and Washington, D. C. was quite erratic and undependable. The service is now improving. Regular mail requires about three days, sometimes four, and airmail deliveries are usually made in two days.

Recently I made some tests on airmail service between Washington and the two towns in our District that have commercial air line service—Lubbock and Big Spring. All of the letters were delivered within two days; a few of them were delivered overnight.

The eight cent air-mail postage rate is too high and, in my opinion, it will be only a matter of months before the rate will be reduced and the service improved.

There has been a serious breakdown in the delivery of mail to and from the far Pacific on account of the reduction of Air Force activities. I presented a number of complaints which I had received to the Adjutant General some time ago, urging that immediate steps be taken to provide adequate air-mail facilities to our men in Japan and China and other Pacific areas. Nothing short of good mail service to these areas can be tolerated.

Yesterday I had a talk with Claude Wickard, head of the Rural Electrification Administration, about something which I regard as very important to all rural America. That is the question of rural telephone service. There is hardly a rural area in the U. S. where the telephone service is adequate to meet the need. Instead of increased coverage with the development of science, there are less rural telephones today than there were twenty years ago. More rural homes have electricity than have telephones.

We have some legislation pending which would encourage the development of rural telephone service through the REA set-up. Other methods have also been proposed. There is no good reason why rural areas should be denied the advantages of telephone service. I have joined with others here who are seeking a way to help meet this important need.

This morning I joined a group of fifteen other Members of Congress in a meeting with Clint Anderson, Secretary of Agriculture. We met to discuss the cotton situation. The Secretary reported on the progress of our export program. It is moving along well. Government-owned cotton is rapidly being sold. By August, the Government-owned stock, instead of totaling millions of bales, will probably have been reduced to one-half million bales.

We renewed our urgent request, originally made in January, when the proposal was first made, that the threat of ceilings on raw cotton be entirely removed. Again we pointed out that such ceilings would be unworkable, unjust and unnecessary, because there is no shortage of raw cotton. Since no final assurance has been given, we will continue our efforts against the proposed ceilings. We plan a further discussion of this subject with OPA officials.

Lee Ozbirn, head of the Farm Security Administration in Texas, told me this week that funds for Farm Security loans to veterans and others who need assistance through the FSA for farming purposes have been exhausted. This has been confirmed in communications from a number of counties of our district. Mr. Lasseter, National head of the Farm Security Administration, came to my office this week to discuss plans. We are going to try to get some quick action in Congress in order to provide an additional loan authorization so that the more urgent demands can be met. Action must be taken within the next few days or else it will be too late. Chances for an additional FSA loan authorization are good.

A special delegation of Texans enroute home from the REA convention in Buffalo, New York, stopped by Washington yesterday for a one-day visit about the city and at REA headquarters.

Members of Congress from Texas joined the group—about 80 in number—for breakfast in the Capitol building. Most of the Congressional Districts in Texas were represented. The largest group was from our District. Our delegation sat at the same table, and Claude Wickard, head of REA, was our special guest.

White people of Houston raised \$180,000 for the Houston College for Negroes.

Andrew Carnegie made his first money by peddling a coat full of gooseberries for a farmer in Dunfermline, Scotland.

FREE COTTON CLASSING IS AGAIN AVAILABLE

Free cotton classification and market news service as provided under the Smith-Doxey Act will again be available to organized cotton improvement groups in Texas, John L. McCollum, southwest area cotton branch manager, USDA Production and Marketing Administration, Dallas, has announced.

Applications for the service should be filed as soon as all members of the group have planted their cotton but not later than July 1 for counties lying or for the most part east of the 100th meridian and July 15 for those entirely or for the most part west of the 100th meridian. F. E. Lichte, cotton gin specialist of the Texas A & M College Extension Service, has pointed out.

The 100th meridian passes between Sweetwater and Abilene and a little to the east of Childress, Sac. Angelo and Eagle Pass. Instructions and application blanks may be obtained from county agricultural agents or

Checking on news in general from our neighboring towns we find most of the interest centering around stock shows—mostly junior shows, displaying results of 4H and FFA work done on calves and hogs.

Several towns have decided the approaching spring season necessitates cleaning-up and are admonishing residents to brush up their premises.

Snyder reports the recent Junior Fat Stock show was very successful and resulted in \$10,000 in sales for youngsters who exhibited animals. The other main local news was the \$65,000 loss sustained by fire at the cotton warehouse.

Hamilin also reported a very good show held by 4H and FFA boys. The mayor authorized clean-up week.

Haskell's city council had made plans toward installing parking meters but the merchants were not in favor. A vote will be taken at a called meeting and the council will abide by the decision of the merchants. Renewed activity was noticed in county's oil drilling and leasing.

Ralls reports a survey of the rural telephone situation is to be made in an effort to secure an allocation for improvement and extension of telephone service. The P-TA has announced that they are to purchase \$300 worth of playground equipment.

Slaton news this week included the announcement of the formal opening of Johnson-Hoffman Hardware store. Teague Drugstore suffered loss of \$100 worth of narcotics through robbery.

Tahoka will have a new cold storage plant. Work was begun last week on the structure which will be just west of the Super-Market on the Post-Brownfield highway. Lynn County voters approved the recent \$350,000 road bond issue so many new farm-to-market roads will benefit the farmers.

Colorado City is very proud of Stuart Herklerson of Hyman, whose steer, T-O Atomic, was judged grand champion at the Ft. Worth show.

Littlefield won the right Saturday to be county seat of Lamb county. Olton has been the county seat since the county was organized in 1908. The election Saturday was the fourth such held and Littlefield was able to win because of an increased population.

Levelland basketball fans were disappointed that their fine team was nosed-out in the State Class A finals by Pasadena, 50-35, on Saturday.

LOCAL BLACKSMITH HAS NEW METHOD OF SHARPENING LISTER POINTS FOR FARMERS

B. C. Manis, owner and operator of the Manis Blacksmith shop, claims he has a new method of sharpening lister points that is the best yet. The new system involves arc-welding and re-pointing the lister-point in such a way that soil can not accumulate on the bottom and "foul-up" the point.

from PMA branch cotton offices at Abilene, Austin, Dallas, El Paso, Galveston and Lubbock.

Polly Cook, daughter of Mr. and Mrs. O. R. Cook, visited with parents and friends here over the week end. She is a Junior student of Texas Tech college in Lubbock.

ATTENTION FARMERS!!

Applications for electric service will be received at any time between now and March 16 at the office of Lyntegar Electric Cooperative, Tahoka.

The applications received at this time will be the E Section, and will be submitted to Rural Electrification Administration for approval as soon after March 16 as possible. July 1st begins the new fiscal year for REA, after which time new allotments will be made.

If you wish to be included with our next allotment, please make your application not later than March 16th.

Lyntegar Electric Co-operative

TEXANS URGED TO PLANT ONE MILLION GARDENS

The goal of three quarters of a million home gardens in Texas, previously announced for 1946, has been upped to a full million by B. C. Heston, horticulturist of the Texas A and M College Extension.

Clovis Hudman Family Returns To Home Town

Mr. and Mrs. Clovis Hudman and son, Charles, returned to Post Sunday. They plan to take up residence again in Post after an absence of more than three years.

The hens of the United States require about 320,000 eggs a year to put the eggs they lay. They have lived in Los Angeles and been employed by Lockheed Aircraft Corp.

-FRY-
 FEED & HATCHERY

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES have taken the place of **PRODUCTION LINES!**

...so don't blame your Implement Dealer!

YOUR implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	NOV. 1945	DEC. 1945
Tractors.....	7,271	7,432
Combines.....	2,345	2,526
Cultivators.....	3,482	3,308
Hay Loaders.....	209	982
Plows.....	6,185	6,702*

*Plows are made in our Canton and Chaffin Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employes were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15 1/2. If present wage proposals are adopted, this figure will become \$1.33 1/2 per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they account for some all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

HERE'S ONE WAY TO FIGURE IT, IF YOU LIKE ARMY LIFE

The following clipping was sent in by Troy McNeil who is still in the Army, and might well be used by Army Recruiters:
 With the help of a little mathematics I got this thing figured out where re-enlisting isn't so bad after all. With 365 days in a year, a 30-day furlough leaves only 335 days left to serve. Ten days traveling time cuts it down to 325 days. Then a guy gets eight hours sleep a day and that's approximately one third of a year amounting to about 122 days leaving a guy only 203 days to put in the Army.

Then with about six hours a day for recreation it amounts to 61 days leaving 142 days to serve. Two hours a day for meals amounts to about 30 days a year, leaving a guy 112 days. The Regular Army offers a half day off on Wednesday and Saturday amounting to 52 days a year leaving only 60 days to wear GI garb. Then there are 52 Sundays a year and that cuts the time down to eight days. All legal holidays are observed in the Army such as New Year's, Washington's Birthday, Fourth of July, Memorial Day, Armistice Day, Labor Day and Thanksgiving and that leaves only one day to stay in the Army. And, gee whizz, that day falls on Christmas so really this re-enlistment deal is all right.

Mr. and Mrs. Joe Moore of Falls visited their daughter and family, Mr. and Mrs. Robert Cox, last Sunday.

Mrs. Weldon Jobe and Mrs. Woody Billings were Lubbock visitors on Tuesday.

Texas 4-H Girls Show Outstanding 1945 Record

The year 1945 shows record achievements of the 45,529 4-H Club girls in Texas, according to Lorene Stevens, 4-H Club specialist of A and M college extension service. Food production, food preparation and preservation, home improvement, community recreation, home marketing, home nursing and first aid, and wildlife and nature study are just a few of the activities they carried on "to make the best better."

Miss Stevens reports that 24,804 girls planned and served 563,442 meals and canned 1,889,007 qts. of fruits, vegetables and meats.

In the sewing line, 30,923 club members made or renovated 115,201 garments, including underwear, dresses, suits, coats and accessories.

Interior home improvement was a project of 12,392 club girls last year. Their work included re-papering, refinishing woodwork and furniture, adding windows, re-arranging furniture for comfort and convenience, or otherwise improving their homes by adding drapes, window shades, or bed linens. Miss Stevens says that 7,710 made nearly 25,000 articles for their homes.

The much-needed home food production was carried on by 24,459 club girls last year who helped provide their families with fruits, vegetables and poultry. Nearly 2,000 carried on phases of livestock production.

These are results that can be tabulated. The development of leadership and personality through club work is also very important, says Miss Stevens. Demonstrations, exhibits, achievement events, club publicity work and organization all contribute to these less tangible results of 4-H Club work, she concludes.

DON'T WATER FRUIT TREES TOO EARLY

Spring—probably West Texas' most fickle season—is in the air. For the fruit grower it is sometimes a disastrous season. We refer to the practice of watering fruit trees. It is a natural inclination to dig in the soil and turn water on vegetation at the first hint of warm weather.

This watering, however, can in a large measure be responsible for the build-up to later ills of the fruit grower and to a more or less degree affect all other vegetation. This is the opinion of experienced agriculturists.

The first warm days of spring starts sap to rising, and "it will usually rise too fast for the season in this section. Late freezes are common to this area. Watering serves to increase and speed this flow of sap, and consequently the plant goes into bud ahead of its normal time.

So don't water fruit trees too early is the advice of those in the know. Many times only a few days might mean the difference between a fruit crop on a tree and none at all.

Another hazard widely used is removal of burrwood mitter from around a tree or other plant. This should be left, and added to, rather than removed, because a tree in its natural state sheds its dressing in the fall and this serves to protect its sap feeder roots in cold weather.

One authority here suggests that no plant watering should be done before the middle of April or later because "we are due this year for an April freeze, which may or may not come."

MCDONALD PROTESTS FIXED COTTON PRICE

A protest against "reported plans to fix cotton prices at 27 cents a pound" has been sent to the Department of Agriculture at Washington by J. E. McDonald, Texas commissioner of agriculture, according to a news release Tuesday.

In a telegram addressed to Secretary of Agriculture Anderson and released in Washington by Ralph W. Moor, Washington representative of state agricultural commissioners, McDonald claimed that the proposed cotton ceiling price together with a plan to increase margin requirements in cotton trading would reduce cotton production.

LYNN COUNTY BOND ISSUE APPROVED

Lynn county's \$850,000 road construction and improvement bond issue carried by a vote of more than two to one, according to unofficial reports released to the press the early part of the week.

Up until that time unofficial tabulations had been received from all voting boxes except two. The bonds are for construction and improvement of farm-to-market and bi-lateral roads in all precincts of the county to accommodate rural areas.

J. W. Floyd of Snyder visited Sunday in the home of his brother, Guy Floyd, of this city.

JUNIOR FAT STOCK SHOW AT LUBBOCK TO BE REVIVED

Entries for the South Plains Junior Fat Stock Show to be presented at Lubbock on March 25, 26 and 27 this year, after discontinuance during the war years, are now being received by the Lubbock Chamber of Commerce. Hundreds of future ranchers, farmers and businessmen will be the guests of Lubbock during the three days of the show when they bring their calves, pigs and sheep to the Hub City to compete for prizes and honors.

Another feature to be revived this year is the annual 4-H-FFA Boys Parade, which will be held March 27 at 11 a. m. Invitations have been extended to all bands in the 15 county area adjacent to Lubbock, and in Roosevelt, Lea and Curry counties New Mexico to compete for prizes. The first entry is that of the Lamesa High school band.

SPARE STAMP NO. 9 GOOD FOR PURCHASE OF HOME CANNING SUGAR

Spare stamp No. 9 in War Ration Book No. 4 became good Monday, March 11, to purchase sugar for home canning purposes.

Each stamp is good for five pounds of sugar and will remain in effect until October 31.

Validation of this stamp marks a departure from the method used last year. Consumers were required to make special applications at their ration boards. This new system is much simpler requiring much less time and effort, and attains the same result.

This new stamp validation requires that every Ration book owner must save Book No. 4, as these spare stamps will be used as long as the sugar shortage remains acute.

According to the Department of Agriculture, the shortage will be eased only slightly this year. Cuba and Puerto Rico are still shipping sugar to the U. S. but the Philippines and Java will be slow get-

Stock Show Visitors

Among the Post and Garza county folks who have been visiting the Fat Stock show in Fort Worth are Ed Kelly Sims, Benny Porter, Glen Day, Sonny Nance, Wayne Hundley, Mr. and Mrs. Willard Kirkpatrick and children, Mr. and Mrs. James Kennedy, Miss Nora Stevens, Mr. and Mrs. Giles Connell, Mrs. Blanche Dalby, Mr. and Mrs. Novia Rodgers, Sam Bardwell, Cliff Clark, and Boy Hart.

Many other Garza folks are enjoying the show but at this writing their names were not available.

ting back into production.

This means housewives will have to continue to economize in the use of sugar in the meal preparation for her family.

Mrs. Cecil Cearley and daughters-in-law, the Forrest B. parents-in-law the Forrest B. Cearleys, this week.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVYAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock, Thursday and Friday, March 21 and 22, 9 A. M. to 4 P. M.

Mr. Shevyan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevyan will be glad to demonstrate without charge, 6309 N. Artesian Ave., Chicago 45. Large incisional hernia or rupture following surgical operation especially solicited.

Presidents Calvin Coolidge, U. S. Grant, Andrew Jackson, Thomas Jefferson and Martin van Buren were redheaded.
