From where I sit ... by Joe Marsh

Who Gets Off Easiest— Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sus envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sus knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

Southland School Provides Fine Meals At Only 10c

By Mrs. Julia Kellum, Manager of Southland School Lunchroom

I have been asked over and over again to tell the public how we operate our lunchroom for only ten-cents per pupil per meal. Here are our plans and methods of operation:

There are three of us workers. We start work at nine a. m. as we can. We have a system to our work so that every minute and step counts.

Our menu consists of one meat or meat substitute, one salad, two vegetables, and a dessert. The

desserts are always prepared by us; such as cobblers of fresh fruit, puddings, individual pies, sauces, layer cake or cake muffins. Cold milk is served to every child that will drink it. We try to encourage all to drink milk. We always use fresh vegetables and fruits for salads. We also use fresh vegetables as much as possible to cook, as they are much less expensive, and helps prevent loss for our county plus benefit for pupils. We bake corn bread muffins, whole wheat muffins, or serve enriched bread; crackers when soup is served. Our menus are planned by the week and are carried out as best we can.

At 12 noon, we feed our first group from 110 to 115 plates all being ready. We wait anxiously for fear the food will be cold. "Here they come marching. Yes, marching, every teacher with her group." Quick as mice they form a line, a teacher standing at the entrance to admit them. Each group sits together with a teacher. We workers stand by to see and help the timid ones to be seated. After all are seated, every best is bowed and thanks is offered by a teacher. Each one has her turn.

At this time we have three high school girls to help us serve. All the surplus food is in containers, and the girls are waiting to serve a child as he finishes the food on his plate and gently raises his hand for more. Every worker is aware of her duty, and food is being passed and served as long as a child is hungry. We never give large servings at first, as this encourages waste. As a child finishes, he rises, and most every one takes time to express his appreciation to me of us.

We are proud of our lunchroom, teachers, pupils, and everyone. We have cooperation from all.

At the first of school we did not know whether we could continue to feed for 10c, as there was such an advance in the price of food. But our superintendent, J. P. Hewlett, said, "We shall try, but do not reduce our meals or skimp in any way; but we shall not give any extra dinners as we have always had on special days. We will do our best not to raise the price paid by the pupil." To my knowledge we are serving better meals than ever—"yes" for 10c. Thanks to our State Superintendent for our menus. We do our best to follow them from day to day.

Now it is 12:45 o'clock and every thing is ready to serve the second group—85 to 100 always escorted by the faculty of high school. Same procedure as for the first group. Food is served and reserved as long as a boy or girl will eat.

Now all are fed and time to do the dishes and pots and pans, sweeping, cleaning tables and benches, and mopping. These all being done, we three feel like we've had a grand time. As for me I believe the others love our work and the good it is to our country. We appreciate our salary, however, it isn't large. We are hoping to improve that in time to come. First we want our lunch program over the entire state as well as Southland to be a success, something that everyone should be proud to have. Then we want our lunchrooms to be attractive and clean. We want them well equipped, we plan to have ours like that some day, and with our ever increasing interest and God's help, we will.

Yes, we get criticized, but we like it; it makes every one of us try all the more, and keep searching our hearts to do more for the up building of our youth and country.

Swing of Southwest Farm Markets

Easy trends showed up on most farm products at southwest markets last week, reports USDA's Production and Marketing Administration. Livestock prices started to level off followed by sharp cotton losses and steady declines on sorghums, poultry and eggs plus an easy undertone on most vegetables.

Cotton rallied last week after markets closed Wednesday to allow the trade to recuperate from a loss of \$22.50 a bale during the first part of the week. Prices in general dropped about 4 to 5 cents per pound below the previous week's close but were about 7 cents above last year. Demand for cotton was slack because of the unsettled market. Farmers held nearly all current ginnings and took steps to put more cotton under government loan.

Oats and barley were up about two or three cents a bushel last Friday compared to the previous week's quotations, wheat held steady, but corn and sorghums started down grade. Sorghums dropped about 40 cents a hundred from the previous week's close. Southwest egg and poultry markets reported weaker prices and dull demand for most offerings last week. Trade was barely normal for this season of the year. Turkeys held steady.

Last week saw hog receipts fall about 5000 head below the previous week's arrivals at principal southwest markets. Prices were steady to stronger at Fort Worth and San Antonio but were off about a dollar a hundred at other terminals. Friday's quotations for top butchers stood at \$23.25 to \$23.35, Wichita; \$23.50, Oklahoma City; \$24, Denver and San Antonio and \$25, Ft. Worth.

Less cattle arrived at southwest markets last week compared to the week before, and prices began to decline. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston; \$12.50 to \$16, San Antonio; and \$12 to \$16, Fort Worth. Oklahoma City quoted common and medium steers \$13 to \$16 while Wichita quoted medium and good steers at \$17 to \$20. Denver moved medium and good shorted steers around \$20.

Chill breaded chops or cutlets in the refrigerator several hours before they are cooked. Bread crumbs will stick better to the chops.

Minors Visiting Here

On a two weeks leave, Lt. and Mrs. Max Minor are visiting in Post with the James Minors, and with Mr. Minor's parents, Mr. and Mrs. J. W. Minor of Tahoka. Lt. Minor, a pilot in the Army Air Force, recently completed twin-engine training at Enid, Okla., and has been assigned to a B-29 unit at Fort Worth.

Mr. and Mrs. Jesse Propst and Mr. and Mrs. W. T. Cook were in Amarillo Thursday and Friday attending the Shrine convention.

SECOND PRODUCER IS ADDED TO POLAR POOL

Completion of the second well in the Polar pool in southwest Kent county, three-quarters of a mile northeast of the discovery raised the principal West Texas oil development last week. The well is just over the Garza line in Kent county.

The producer, Humble No. 1 Irene Elkins was finished for a 24-hour flow of 239.84 barrels of 40.9 gravity oil. The gauge was through a 3-4 inch tubing choke and casing perforations at 7,795-7,825 feet. The well was treated with 5,000 gallons of acid.

The well was credited with entering the Ellenburger at 7,787 feet, 20 feet low to Humble No. 1 Vick, the discovery. It is in section 26-5 H&GN survey.

It is reported that Humble has made another location in the pool, one and one-half mile southwest of the initial producer. The well will be No. 1 O. N. Blair, which is to drill to around 8,000 feet, or deeper, if necessary to test the Ellenburger.

Guests in the home of Mr. and Mrs. Sherrill Boyd on Sunday were Miss Margaret Turner, Mrs. John S. Turner, Miss Ruth Ford and Mrs. Dorothy Ford Wright, all of Lubbock.

Southland News

Mrs. Floy King, Correspondent

Rev. R. B. Walden who has been ill for several weeks now is able to sit up some and is feeling fine.

Storace Wheeler is the chosen delegate to go to the annual north-west Texas conference of the Methodist church. A five day general business and devotional meeting will open Wednesday at Pampa with Bishop Chas. E. Seiecan presiding.

G. C. Anderson spent the week end with his son and family at Roberson.

Mr. and Mrs. R. I. Hoge of Santa Barbara, Calif., are visiting her parents, Mr. and Mrs. Edd Denton, and other relatives.

Mr. and Mrs. R. E. King of Plainview spent the week here with their son, Bob (Skinney) King, and wife and friends of Southland.

Mrs. Wilbur Woods and Mrs. Alex Williamson of Trent visited Mrs. Roy Williams Saturday.

Mr. and Mrs. O. E. Boyd of near Falls visited her parents, Mr. and Mrs. G. W. Basinger, Sunday.

Mrs. Millard Phillips received a broken shoulder Thursday morning from a hard fall.

Elton Truelock underwent an appendectomy at the West Texas hospital in Lubbock Sunday afternoon.

Tuesday visitors of Rev. Emmett Brooks were Mmes. Raymond Hale and Lois Williams of Rosco.

Mr. and Mrs. C. A. McArthur returned recently from a two weeks vacation, visiting her brother, W. J. Crozier, of West, Texas, relatives at Bryan, their son, Wilmett and wife, also of Bryan and her sister of Ft. Worth.

Tuesday night, twenty members of the Baptist Adult classes enjoyed a social at the C. W. Dean home. Sandwiches, punch, and cookies were served.

Monday night of last week, the Baptist Young people had a party at the home of their leader, Mrs. J. L. Gary. Pop corn was served to about 35.

Bernice Neugebauer, daughter of Mr. and Mrs. Joel Neugebauer, was chosen as one of the beauties of Texas Technological college at Lubbock. Miss Neugebauer is a Sophomore student and represents the Las Vivarachas club. Her picture will be among the 16 beauties featured in the 1947 year book.

G. C. Anderson's sister, Mrs. Barnes, of Corpus Christi, spent the week with the Andersons. Miss Bertie Anderson of Lubbock spent the week end with her parents, the G. C. Andersons.

Wilmeth Hewlett who is attending Tech in Lubbock spent the week at home.

Miss Wilma Wheeler of Tech also spent the week end with home folks.

Visiting Rev. and Mrs. Walden over the week end was their daughter, Mrs. A. B. Morgan, and family of Amarillo.

Mrs. J. L. Whited and Junior Ford went to Bonham over the week end to visit Mrs. Whited's sister and family.

E. L. King attended the stock sale in Ft. Worth the past week.

Mrs. Dave Draper and children and Mrs. Joe Childress and baby visited their parents, Mr. and Mrs. W. W. Gilliland Sunday.

Gaynell Corley of Lubbock, formerly of Southland, underwent an appendectomy last week in Lubbock. She is reported as improving satisfactorily.

Thursday afternoon on the home grid our B six-man footballers smothered the Wilson B squad 39-0. Glen Wood Limmer scored their points while ours were piled up by Billy Bullard 18, Gene Anderson 12, Richard Becker 6, Martin Basinger 2, Larry Tankersley, 1 point.

Friday afternoon at Fluvanna our boys defeated that team 29-13. Wayne Rogers scored 24 points, making a 60-yard dash for one of his touchdowns. Other scores were made by Richard Becker, Billy Bullard, and Charles Stotts, with Skinny Chapman of Fluvanna making all their scores.

Our boys play Wilson at Slaton Friday night for the district championship.

There was a large crowd at the Halloween school carnival Friday night. The Junior class had worked hard for election of their queen, Juanita Wright, and king, Ferrell Wheeler, having secured a tabular of groceries from merchants in nearly towns to be sold by auctioneer Hubert Taylor. Harold Voigt was lucky man at the drawing of the pair of nylon hose; Supt. Hewlett, the turkey; but Junior Jackson must have been the luckiest as he drew the Freshman class' five pounds of sugar.

Last Sunday guests of the J. R. Woods were, the A. M. and Gale Hawthornes of Monroe, Mrs. Giles Mathis and her mother of Grassland and Mrs. Nellie Mathis and Carolyn Sue.

Tuesday afternoon the first four grades had a Halloween costume party at the Gym. Patty Cooper won the costume contest dressed as a ghost receiving a prize of a necklace and bracelet and Paul Wheatley was second, dressed as a clown, winning a gun. The gym was gaily decorated with hanging apples. After the games, the teachers, Mmes. H. R. Stotts and I. J. Duff served apples and cookies.

Forces of Attraction Hold the Moon "Up" in the Sky....and OIL-PLATE Your Engine!

THE moon isn't really "up" in the sky, but it is held from flying off into space by gravitational attraction between it and the earth.

Exploring the realms of molecular attraction, Conoco chemists have been able to bring America new and better oils. In fact, the force of molecular attraction bonds a special ingredient in Conoco Nth motor oil to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight, you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

BETTER OIL-PLATE NOW!

JOSCAR J. FOX PRESENTED RECITAL HERE TUESDAY

A native Texan, Oscar J. Fox, of San Antonio, composer and accompanist and a new arrival in Texas, also of San Antonio, Lawrence Donsett, lyric baritone, were heard in Post Tuesday morning at 1:00 o'clock in a recital at the post high school auditorium.

Mr. Fox is a former director of the Men's and Girls' Glee clubs of the University Choral society of the University of Texas and has contributed much to the musical life in Texas in the past few decades. Perhaps the best known of Mr. Fox's songs is "The Hills of Home." He also has put many cowboy ballads to music and is composer of a number of famous love songs.

Mr. Donsett has recently appeared in school, college and musical recitals on the Pacific coast and before a vast radio audience.

Tuesday's program consisted of the following numbers: Texas songs— "Sun Boudoin, Will You Come to the Bower, How Sweetly Goes the Moonbeam Smile and The Bluebonnet; Cowboy songs— "Tiding Along, Rounding Up in Tory, and Old Paint; Concert songs— "When a Man Comes Home, My Heart Is a Silent Violin, Rain and the River, and the Amos Hills of Home.

Never use metal, mesh or wire brushes to clean enamelware utensils as they discolor, scratch, or may even chip the enamel.

MARSHALL MASON ATTENDS REGIONAL BOY SCOUT MEETING

Marshall Mason, local Boy Scout leader, unit member of the South Plains Area council executive board, attended the annual regional meeting in Lubbock Wednesday. Several national and regional officials were present for the meeting which drew Scout leaders from western Oklahoma, New Mexico and West Texas.

Principal speaker for the occasion was Dwight M. Ramsay, widely-known member of the national staff of the organization. Council presidents gave reports on activities. A luncheon was held at noon with E. H. Bakken, national director of rural scouting, as speaker.

The afternoon session was made up of group meetings, and the all-day session was closed with a dinner at 6 o'clock with E. Urner Goodman, director of the program division of the national organization, as speaker.

Mr. Mason has attended the annual affair regularly since it was begun years ago.

W. C. Coffey, Jr., left this week to make his home near Morton, Coffey who has been an employee of the Plecty Wiggy store here will manage a store near Morton.

Mrs. A. B. Hawk, Jr., is with her parents, Mr. and Mrs. McFeyolds, in Plainview. She was released from the hospital in Lubbock on Tuesday.

Growth And Improvement Indicated For Neighboring West Texas Towns

Halloween celebrations highlighted most of last week's activities in towns of the surrounding area according to our regional exchange newspapers. Secondary in news included civic development and improvement.

Crosbyton changed over last week from a 6-inch to a new 8-inch main which runs from the water tower to the business district and around by the court house block. Work on the main was being continued this week and its completion will depend on the weather and the amount of lock encountered in making the change.

Hamlin area people now have an all-weather outlet to U. S. Highway 180 with the completion of the 7.96-mile section of the Hamlin-McCauley highway. The pavement of the farm-to-market road, joining old pavement immediately southwest of Hamlin, parallels the Santa Fe through McCauley and intersects U. S. Highway 180 in Fisher County east of the overpass.

Plans for the Haskell Lions Club Carnival were shaping up last week. At least eight concessions will be open with cold drinks and other concessions probably to be added. Plans are being made to have a bingo table, several tables and wheels of lucky numbers, doll racks and other stands that prove popular in professional carnivals. Proceeds from the carnival will go for local projects.

Spur celebrated its 37th Anniversary on November 1. The town was established November 1, 1903 and in this week's edition of The Texas Spur, an editorial written by Geo. S. Link, sr., long time resident of that community, relates the hardships and beginning of the town. A tribute was also given in the article to the late Charles A. Jones, recognized by pioneers of the city as father of Spur.

South Plains Sporting Club members are reporting their elk-deer-antelope barbecue to be held at the Lee Woodward ranch near Lamesa on November 14. A program is being planned for the barbecue including several guest speakers and music by Hop Halsey and his Druggstore Cowboys of Lubbock. More than 230 members have already reported that they would be present.

The REA is being extended rapidly in the area between Baumann in Mitchell county and Champion in Nolan county, according to the Colorado Record last week. Poles have been set on over 100 miles of new line up to the present time and will serve widely scattered areas in Mitchell, Scurry, Nolan, Howard and Borden counties. A survey is also being made on another 100 mile stretch to serve additional people who have applied for service. Delay in completing lines under construction is due to contractors being unable to secure raw materials.

Largo county proved last week that although Christmas is still a few months off, they are already making big plans for their city. The Largo County News announced that Christmas lights and decorations will be strung along in Largo's downtown section. The city is a double to hope these decorations last year due to shortages.

TED HIBBS GARLAND DAVIES ATTEND SAFETY MEETING IN LUBBOCK

Ted Hibbs and Garland Davies attended a safety meeting in Lubbock Tuesday night. This safety meeting is a regular monthly affair sponsored by the Southwestern Public Service Company.

Hibbs and Davies arranged the program and presented J. W. Reid of Lubbock as guest speaker for the group. Reid is Safety Director of the Lubbock Public Schools and gave some very pertinent facts on safety measures.

Approximately 50 persons, all employees of the company, attending which was held in the Lubbock office.

GOING UP! . . . Paint, Floor Coverings, Other Items Going Higher

Housing costs rose again Tuesday as OPA raised its price ceilings for paints, floor coverings, etc.

Floor coverings for base linoleum and floor and wall coverings were raised 12 per cent, a 24 per cent increase was noted on all paints. Retail prices on paint may go even higher as distributors and retailers may tack on their customary profit margins.

OPA attributed most of the increase to a sharp rise in costs of linseed oil which was released from price control last week. Pricing officials said the oil is selling at about 32 cents a pound compared with previous ceiling prices of 14.5 to 17.8 cents.

OPA previously had raised ceilings on enameled bathtubs, sinks and other plumbing as well as hardwood flooring, plaster lath and a number of other lumber items required in most homes.

OPA promised to continue to watch market prices of linseed oil to determine if further price action will be needed on paint. The manufacturers' increase varied from 31 cents a gallon on semi-gloss paint to \$1.31 a gallon on colors in oil.

HELPFUL HOUSEHOLD HINTS

When using the food grinder for nuts, raisins, glazed fruits, add a little flour. This keeps them from sticking in the grinder.

Before baking your next macaroni or cheese casserole, add two tablespoons of your favorite pickle relish. Adds zip and zang in addition to a brand new flavor.

Mrs. Surman Clark left for Burleson Monday night to be with her mother, Mrs. H. C. Gordon, who is ill. Mr. Clark took the children, Bill and Gerry, to Big Spring to stay with Mrs. Clark's sister.

VOTE FOR THE VETERANS TODAY

The special amendment being voted upon today appears to be a sound and workable proposal to help the veterans who desire to place their future in the soil. So far they have been hindered by high prices, arduous terms and other insurmountable obstacles.

If the voters pass the amendment today it could help make available to veterans millions of acres of federal and state owned lands at the lowest possible cash price or on long, easy terms.

The Dispatch hopes voters will avail themselves of the opportunity today to go to the polls. The amendment, we believe, will benefit Garza county, the South Plains and all of Texas.

\$300,000,000,000 IN THE RED

The war has been over more than a year, the country is undergoing a spending boom, employment is at an all-time high, tax revenues are unprecedented for peacetime—and the budget remains unbalanced. There, in a nutshell, is the discouraging fiscal picture as it exists in this nation today.

We are demonstrating an extraordinary irresponsibility so far as our national credit—which the credit of every individual and every business must ultimately depend—is concerned. It is true that the President has ordered some reductions in the Federal establishment, and that minor cuts have been made. But almost nothing has been done in the direction of real economy.

This is a suicidal policy for a country with a \$300,000,000,000 public debt. It is a policy whose consequences must be more inflation, more dollar depreciation—and, if it is not checked, ultimate bankruptcy. Government economy now means infinitely more than saving a few million or billion dollars. It means the preservation of our institutions and our way of life.

Cynical politicians regard retrenchment as bad business in an election year. The nation, on the other hand, should see retrenchment in its true light—as a necessity if every dollar or savings, in life insurance, war bonds, or other investments, even the dollar itself, is not to become worthless.

WHAT OUR CONTEMPORARIES ARE SAYING:

ACTION—OR ELSE—“Water, water everywhere nor any drop to drink,” the Ancient Mariner situation, is duplicated in this part of the vineyard by the existence at Camp Barkley of millions of feet of good lumber doing nobody any good, while thousands of war veterans and their families in this territory look for housing relief in vain.

So nine West Texas communities centering on Abilene have banded together to request the WAA to make the Barkley materials available to veterans of Abilene, Cisco, Robert Lee, Anson, Ranger, Winters, Aspermont, Albany and Breckenridge.

Veterans' organizations, city governments, civic organizations and contractors joined hands in trying to break the stalemate.

The anomaly of plenty of materials close at hand and a total inability to get it for the benefit of houseless veterans has existed for months, in spite of repeated efforts to get action.

This cooperative action should at least get a flat yes or no from the authorities in charge. Many scandals have reared their ugly heads in the disposal of surplus war materials, but none is any more inexcusable than the absence of any visible disposition on the part of the authorities to help veterans acquire materials for house-building.

This time, there should be some action—or else.—The Abilene Reporter-News.

HALLOWEEN MARKS END OF SHORTAGE OF RARE SOAPS—It took a bunch of school kids to give the lie to the current hullabaloo about the shortage of soap.

If all the soap smeared over plate glass last night in Dallas could be laid pound-to-pound, it would make the Russian army 100 per cent pure. If the kids put a fraction of that soap on their necks and ears, parents wouldn't have anything to scream about before every meal except their sluggish livers.—The Dallas Banner.

SPUR CELEBRATES BIRTHDAY—Spur is 37 years old tomorrow and this issue of the paper is being dedicated to the hardy pioneers who came first to build Spur. Only a very few of those who were here and who have contributed to the building of the city have been mentioned, but it is merely a recognition of the work and sacrifice that have been made to effect the city we now enjoy as our home.—The Texas Spur.

BEAUTIFUL FALL WEATHER—A lot of folks talk about the beautiful fall weather but to me it is depressing. In the morning when the breezes blow, my shorts are too short, by noon when the sun is doing its worst; they are too long, the foliage on the trees is dying and all of the flowers and vines are getting as bare as the top of my head, the bills for fall hats are beginning to arrive, there are no water-melons, cantaloupes, no spring chickens, ice cream has lost its flavor and the gas bill has gone up. Nope give me summer, mosquitoes, sun burned neck, and good old honest sweat.—The Slaton Slatonite.

COTTON GOODS TO COME DOWN—Consumers might as well get prepared for the fact cotton goods will come down after Christmas, reflecting an increased supply and a sharp break in raw cotton prices... The reduction, however, will be gradual and garment prices should not take a wild plunge as prices are pegged to an average raw price rather than the latest market quotations... It looks like now that pre-war shirts will not be back for a long time—if ever—but costlier shirts will be of better quality than now—probably be early February.—The Scurry County Times.

SENIOR GAB

Looking In On The Seniors ...

Book reports were being given in the Senior English classes this week. Some interesting ones that were well told and enjoyed by all the class were as follows: Jane Kyre by Bronie, given by Alma Outlaw; Tortilla Flat by Steinbeck, given by Jena Barnes; The Virginian by Wister, given by Melvin Clearley; If Winter Comes by Hutchinson, given by Albert Bayer; Bird of Dawning by Mayfield, given by Audrey Wiley.

Latest attractions that have appeared in the speech classes are pantomimes. By talking to some of the speech students I have learned that the ones most enjoyed were those given by Dolores Moore, whose subject was, "Al the Movie," and Helen Williams, who acted the part of an opera singer.

We are sorry to hear that our speech teacher was ill the first part of the week, and we hope she is back with us soon, but we are both happy and fortunate to have a substitute teacher like Brother Norton to fill her place while she is out of school.

Who's Who In The Senior Circle

He is a football player this year and also a football letterman. We might say that he is tall, dark and handsome. He is an average student in books—but to hear the girls talk he is not average in all of his ways. He is a happy-go-lucky boy and is a friend to everybody. His last name is very seldom spelled correctly and he is very rarely called by his real given name. He has been called by his nickname all of his life. Who is he?

Assembly From The Senior's View ...

Our first assembly was held on Thursday of last week. At this time two important announcements were made—the first was the announcement of the Halloween queen, and we are happy to say that the Senior queen won, and the second was the announcement of the Football queen. The lucky girl chosen for this was Miss Jane Ann Turner, but running her a very close race was Miss Alma Floyd.

We were happy to have with us some visitors of the P-TA. Mrs. Kirkpatrick made some announcements and told how much money each class had turned in. The Seniors were first and right on their heels were the eighth grade, who gave us a very close race for queen. Our second assembly was held on the following Friday. We met for our regular pep rally. After a few yells and our school song we were dismissed.

Jokes On The Seniors ...

Hugh L.—"Sonny, what is it that had six legs, black and yellow, about a foot long, and makes a hissing noise when it crawls?"
Sonny M.—"Gosh, I don't know."
Hugh I.—"Well, I don't either."

Prue's Gossip...

Effie Has The Worst Memory. She Remembers Everything.

Phone 25W for Pick-Up and Delivery

Plenty of Hot Water and Steam

**EDWARDS
HELP-UR-SELF
LAUNDRY**

Corner Jefferson and 11th

but there's one in the bottom of your locker."

Truth From The Seniors ...

Better a donkey that carries you than a horse that throws you off. Misfortunes one can endure; they come from the outside. But to suffer for one's fault—and there is the sting of life.

You Might Like To Know ...

That our library has received some new books. They are: Getting the Most Out of Life from the Reader's Digest; America To West, by Hanagan; Mid Country by Wemberly and a new set of Compton's Encyclopedias.

JUNIOR JIVE

The Junior class had the honor of having the Football Queen chosen out of their class. She is Miss Jane Ann Turner, daughter of Mr. and Mrs. L. S. Turner of the Graham community. She was crowned at the half of the game between Post and Sandown and was escorted by co-captains Heister and Williams.

The Junior class is sponsoring a "42" party at the High school at 7:30 p. m. November 7. Admission is 25c and everybody is invited. The party is for raising money for the Junior class.

The Junior class wants to thank the merchants for the contributions to the food booths at the ball games.

Eighth Grade News ...

All visitors of the freak booth which was sponsored by the eighth grade last Thursday night at the carnival either came out laughing or looking a little mused up. The main attraction was the double-headed lady who brought many laughs. We also had the fastest runner in the world, (of course it was a pair of silk hose). The bearded lady and the wild woman also brought quite a bit of comment.

After going to the program presented by Mr. Fox, a famed composer, Tuesday morning most of the eighth grade boys looked rather sad, sad that is. The reason was, they glanced over to take a look at their best girl and found she was looking at that singer like he was Frank Sinatra. Although you can't help admitting, they were both plenty good.

The Railbird ...

If there be such a thing as a satisfactory licking, I suppose that is what the Sundown Roughnecks gave to Post Friday night on the Antelope field. The fiery team of Roughnecks with a desire to win pushed the Antelopes all over the field to win with ease 32-0. It seemed we were a little out-matched. Although a good team won, it was a good team that lost, too.

We know that there weren't 32 points difference in the two clubs, but we can never prove it unless the Antelopes start playing the type of ball we have seen and know they are capable of playing.

Boy, we would like to see you end your season by playing ball, and then if you have to take a licking we will still be proud of you and for you.

The Roughnecks were accompanied by a gay, colorful band that entertained us at the half after which the football queen was crowned.

Now, only two more games remain in the football season and both are to be played away from home. The next game is to be played at Denver City.

Sophomore Soap ...

The Sophomore class ranked third in the race for Halloween queen, and our queen, Bobbie Jo Roberts, and her escort, Carter White, represented our class in a splendid manner at the carnival.

Mr. King's Junior basketball team is scheduled to go to Union-Dawson tonight to play their senior B string.

This week everyone is looking far and near for a novel, especially one written by Hawthorne. You see, Miss Harris is having her English II group do some outside reading this six weeks. Also we are looking for Bible stories for Mr. King's World History class. This means some studying at home for some of us.

All the Sophomore class stands together in wishing the Antelopes good luck at Denver City. They are a wonderful bunch of boys and we are all very proud of them.

WHO? She is tall, and very friendly. Her last name is a color.

**W.T.C.C. TO HOLD 29TH
CONVENTION FRIDAY
IN HEADQUARTER CITY**

The 29th convention of the West Texas Chamber of Commerce, and the fifth of the directors' assembly type, will be held Friday at Abilene, headquarters city of the organization. Predicted is a record breaking attendance of directors and delegates from the 145 affiliated towns, at the one-day all-business session.

Governor-elect Benford Jester will be among the 200 expected attendants. He will speak at the chamber's annual luncheon session at Hotel Wooten, given in his honor and for the West Texas delegation of 50 senators and representatives who will serve in the 50th Legislature. Return cards indicate many will be on hand. Preceding the luncheon, the legislative group, with Rep. Harley Sedler of Sweetwater as chairman, will stage an informal reception for the governor-elect in the Colonial room at the Wooten Judge Chas. E. Crombie of Stamford, as past president of WTCC, will be luncheon toastmaster and present the speaker.

She is cute and comes from Clovis City.

Raffle Results ...

The lucky winner of the new automobile tire that the Freshman class raffled off, was George Runge. Incidentally his ticket number was thirteen. Mrs. Lillie McRee, a teacher at Post High, won the two pounds of beefsteak. The five pounds of sugar, which became so popular, was won by Frank Collins.

At first we thought it would be a snap—this being without General Arithmetic textbooks. But we had so much homework that we were really glad to buy those new workbooks that came in last week.

Canteen Capers ...

As usual everyone was excited about one thing or the other Saturday night. After everyone finally drifted in, there was quite a crowd there. Mrs. Evans and Mrs. Anderson sold the canteen membership cards at the door. Everyone will be required to hold a card to attend.

It seems as though "Don't What Comes Naturally" is the favorite record for Junior, Am, Bud and Betty. Another favorite was "I Don't Know Why." If you'd looked close, you could tell everyone was enjoying it immensely. Even Sonny McCrary says that one is "really good."

Monday night seemed to find everyone more interested in "42" and checkers. Everyone had something to do and was enjoying it. Later, a few danced, and of course, there is always the "ping-pong" players.

We've never seen a hot head who didn't have cold feet.

NEWS NOTES FROM . . .

Duck Creek Soil— CONSERVATION DISTRICT OFFICE AT POST

A conservation group application was held in the Polar conservation group last Wednesday. Among those attending were A. B. Cargile, Garland Wolfe, Cecil Randolph, Charlie Cochran and C. E. Cargile. The cooperators discussed their intentions for terracing, winter cover crops, and other seasonal conservation practices.

Soil Conservation Service technicians assisting the Duck Creek Soil Conservation District recently helped J. M. Robinson and J. B. Robinson develop coordinated conservation plans for their respective farms. They each plan to use several conservation practices including crop residue management, contour planting and terracing. They plan to close the ends of their level terraces to hold all of the water that falls on the land.

John T. Simmonds, cooperator in the Southland conservation group, plans to start construction of five miles of terraces as soon as weather conditions permit. E. P. Parker, neighbor of Simmonds and also a cooperator, has purchased a whirlwind terracer and has contracted to do the job. Parker plans to use the machine to construct terraces on his own place later.

Harriett Dietrich Will Work At Southwestern Public Service Co.

Miss Harriett Dietrich of this city began duties at the Southwestern Public Service Company last week. She is filling the vacancy which will be left by the resignation of Mrs. J. D. McCampbell who plans to leave by Dec. 1. Miss Dietrich was formerly employed at Warren's Drug Store.

We hope the new cars have less speed and more control.
