

VETS MAY GET BREAK IN PURCHASING FARMS

Washington, April 12—Thousands of war veterans may be enabled to buy farms under amendments to the federal farm tenant act approved by the Senate today and sent to the House.

They make a veteran eligible for loans under the same terms as a farm tenant, provided he is approved by a county farmers committee.

WARMER WEATHER IS FORECAST FOR AREA

The pre-Easter cold wave that struck Garza county Monday afternoon, which dropped temperature to a low of 40 degrees early Tuesday morning, has apparently passed over without damage to fruit or early vegetation.

The mercury has shown a steady rise since Tuesday afternoon. Skies remained clear Wednesday.

"PAPPY" DENIES ENTRY INTO GOVERNOR'S RACE

Senator W. Lee O'Daniel informed newsmen in Washington Tuesday that he was still giving careful consideration to his possible candidacy for governor of Texas, but said he has not yet made a decision.

His statements were in reply to a radio network broadcast Monday night saying he would run. "That was news to me," he is quoted as telling newsmen.

Former Federal Judge James V. Alfred, also a former Texas governor, and who is in Washington told reporters he still had the race under consideration, but had at that time no comment on his political plans and added that when he does have, he will make his comments in his home state.

INCREASED GRAIN PLANTING URGED

Texas farmers are being urged to increase their planting of grains, especially corn and sorghums, in order to help alleviate the critical feed shortage. Prospective acreage reports, based on intentions to plant as of March 1, indicate that Texas farmers are falling far short of reaching the acreage goals set for corn and grain sorghums, according to B. F. Vance, State FMA Director.

The corn planting goal for 1948 is 4,950,000 acres, while prospective acreage is only 3,921,000 acres, 79 per cent of the goal. For sorghums the goal is 7,800,000, and indicated acreage is 7,045,000 acres, 90 per cent of the goal.

The Texas record for wheat and oats planting is much better. Vance declared, with 5,994,000 acres of wheat planted, 115 per cent of the 5,200,000 acre goal. The oats acreage is 1,849,000, slightly more than the 1,830,000 acre goal.

With feed supplies short and with great amounts of wheat being exported to starvation areas, the demand for all grains will continue, Vance said. He called upon Texas farmers to go over their plans and to increase production of grain this year if at all possible.

Partly cloudy and warmer has been forecast by the weather man for today.

although most of the state was visited by rain squalls.

Given Scottish Rite

Ben Williams and Jesse Propst returned from El Paso Friday after spending the week there taking the Scottish Rite degrees.

Contentment is true riches

OLD CUSTOMS OF EASTER ARE STILL WITH US—

Eggs And Bunnies Retain Popularity

An Easter as late as the current one won't come around until 1962. In that year, Easter will fall on April 22. In 1973 Easter will again fall on the 22nd of April. It is possible for Easter to come as late as April 25 and to come as early as March 22, a period of 35 days.

Many persons wonder just how the day for Easter is determined. According to the World Almanac, in 325 A. D. the Council of the Christian Churches at Nicea, in Asia Minor, decided that Easter Sunday shall be on the first Sunday after the first full moon following the Vernal Equinox, March 21. If this day should be a Sunday, then the following Sunday shall be Easter.

There are two customs which are usually always a part of the Easter celebration: Easter eggs and Easter bunnies. Eggs, being a symbol of the Resurrection, have always played an important role in the Easter festivities. In olden times, the parish priest blessed the eggs which were brought to him and then, they were distributed to the poor.

In Czarist Russia, jeweled eggs were distributed among the royalty and very rich. Priceless gems adorned these eggs. Another custom of old Russia was the bestowing of kisses at Easter season. The greeting, "Christ is risen" would be given while the other person would answer, "He is risen, indeed."

The Easter bunnies are of purely Germanic origin. The white bunnies were supposed to come only to those children who had been good, kind and loving during the past year.

An American custom, while not as old as many other Easter customs, is that of the annual Easter egg roll on the White House lawn in Washington. Each Easter the large green lawn is covered with a multitude of people of all ages gathered there to participate in the rolling. The President declared there would be no Egg Roll this year because of the world food conditions. Another American custom is that of the Easter Parade. While actually a parade—if one wishes to call it that—is held in every city and town, the climax is the parade in New York City.

Smartly dressed women and their escorts parade up and down Fifth Avenue after Easter services are over in the large churches facing on this famous street. Police lines must be formed to

keep the crowd in check. Here fashions are displayed in all their glory and grandeur.

Mrs. Robert Johnson and son who have been visiting in Dallas with Mr. and Mrs. Johnson Sr. returned home a few days ago.

Mary Margaret Duckworth of Baylor University will spend the Easter holidays with her parents Mr. and Mrs. Ira Lee Duckworth.

Miss Norma Joy Hudson selected home this week for the Easter vacation holiday with her parents, Mr. and Mrs. Hudson. She is a student TSCW.

Cheerfulness is healthy; its opposite, melancholy, is disease.

Santa Fe Reports On Texas Crops

While little moisture has fallen in northwest Texas during the past month, wheat is looking good and with favorable spring weather could produce a normal crop. Summer fallow wheat, comprising a third of the total acreage, is quite promising, but more moisture is badly needed and the sooner it comes the better.

Very little wind damage or winter killing has taken place anywhere in the northwest and acreage abandonment is small, probably less than 5 per cent. Wheat and other small grain elsewhere in the state are in good condition, marred only by reports of considerable green bug activity in the northern section.

Farmers in the northwest have prepared most of their land for spring crops but moisture is necessary before planting time. They plan an increase of 5 to 10 per cent in grain sorghums, and some increase in sudan grass and other feed crops.

Potato planting is underway in this section, with an expected acreage increase of 10 per cent, and sugar beet planting will start early in April.

"DRAFT STEVENSON" MOVEMENT GAINING

Kerrville, Tex., April 15— A movement to draft Gov. Coke R. Stevenson for re-election was in full swing today in this section near his Kimble county ranch home.

An estimated 1,000 names had been signed to a petition requesting the state Democratic Executive committee to place the governor's name on the primary ballot.

CARD OF THANKS

We wish to thank all of our Mexican friends for the deep concern and expressions of sympathy in our recent bereavement. Especially do we wish to thank Dr. Kahler for his untiring efforts. Also the Garza Co-op Association, Marshall Mason and Mr. Smiley and family.

STALLINGS SELLS STUDIO TO DARWOOD BILLINGS

Announcement was made Wednesday morning by Darwood Billings that he had purchased the Commercial Studio from James Stallings and that he was moving the stock and equipment to his studio on South Adams.

Mr. Stallings opened the studio at his residence in north Post several months ago, and it is understood he sold the business to take a position with a Dallas photographic supply house.

A typewriter small enough to fit into a waistcoat pocket has just recently been patented.

A cow's stomach is divided into four compartments, each with a different function.

UNEMPLOYMENT CLAIM EXAMINER TO VISIT HERE NEXT THURSDAY

H. W. Richardson, senior claims examiner for the Texas Unemployment Compensation Commission, will be in Post, Thursday, April 25, at 9 a. m. at the court house.

Mr. Richardson will accept, in addition to work registrations, three types of claims:

Those from unemployed Texas workers who formerly worked for Texas employers covered by the State Law. Payments on these claims come from the Texas Unemployment Trust Fund built up by contributions from Texas employers of eight or more. No tax is collected from the employees.

Those from unemployed workers who formerly worked for out-of-state employers and are covered under the unemployment laws of other states. Such payments do not affect the Texas Trust Fund.

Those from unemployed, or self-employed, veterans of World War II claiming Servicemen's Readjustment Allowances. The Texas Commission is the agent of the Veterans Administration in handling these claims. Money is supplied by the Veterans Administration and does not come from the state trust fund to which Texas employers contribute.

Mr. H. W. Richardson said there were more out-of-state claims and readjustment allowance applications than there were claims filed against the Texas Trust Fund.

FLYING FARMERS TO MEET APRIL 29-30 AT TEXAS A & M

Dr. Ide P. Trotter, director of the Texas Extension Service, has announced that Texas "flying farmers" will meet at Texas A and M College on April 29-30, Easterwood Airport, which is owned and operated by the college, will be the home field for those who fly their own planes in to the meeting.

The idea of meetings for farmers and ranchers who use airplanes in their work originated in Oklahoma, where an organization of Flying Farmers was organized in

State Health Head Urges Vaccination For Typhoid Fever

AUSTIN—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advice is, have it done now so that immunization may be completed before summer arrives and vacation trips are taken."

This advice was addressed particularly to Boy Scouts, Girl Scouts, and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

The old adage that "an ounce of prevention is worth a pound of cure" is particularly applicable to this disease, which is so dangerous and debilitating when it does occur, and which can be prevented so easily through immunization.

1944. Since then chapters of the organization have been formed in Nebraska and Iowa.

An incomplete list of Texans who use airplanes in connection with agriculture shows that there are at least 326 flying farmers in Texas, Director Trotter said.

The apricot, a native of China, was in cultivation earlier than 2,000 B. C.

Savings Bonds Still Being Taken By Post Region

Sales agencies of savings bonds in Post report that people of this region are continuing their regular purchases of the securities. They point out that the bonds may be purchased indefinitely, and that interest grows now just as it did on war and victory bonds.

"Texans are not only patriotic, as evidenced by their record purchases of U. S. war bonds during the war years," Nathan Adams, state chairman of the advisory committee for Texas, declared, "they are also thrifty. With the war over, Texans continue to buy U. S. savings bonds in a satisfying manner with a total of \$17,081,000 invested in Texas during January."

"Availability of U. S. savings bonds with the same rate of interest as war and victory bonds is a direct result of demand by management, employees, and schools throughout the land," he continued. "Savings bonds are being handled on the same basis as war bond purchases with payroll savings plans, banks, schools and other issuing agents. Too much stress cannot be put on the value of accrued savings through savings bonds investment for both the individual and the nation. The individual could continue to save for his own security and for the security of the financial structure of his country."

"The best way to safeguard the country from ruinous inflation is for individuals to continue to invest in U. S. savings bonds," Mr. Adams concluded.

National sales of E bonds in January amounted to \$640,909,000 which was 80 per cent of the January, 1945, rate, according to figures released by the savings bonds division of the U. S. Treasury. Redemptions for the month amounted to only one per cent of all the outstanding E bond holdings.

Dr. Young Attends Dentists' Meeting

Dr. B. E. Young left Sunday night for Dallas to attend the State Dental Meeting. He will take advantage of some of the post-graduate work in dentistry offered at this meeting. He will return to Post Friday night.

EASTER 1946

The Easter season is ranked only by Christmas as a time for the expression of goodwill and hope for a continuation of blessings.

"He Arose!"

Symbolic of the Easter season, these words will continue to have more meaning for the peoples of the world. Christ's resurrection is a symbolic arising, believed by all his followers as the triumph of his power over Death.

Since we do believe let us renew our faith and rejoice in the light his resurrection has shed over a benighted world.

In Garza county where Christ's followers are banded together in purpose though not in organization, there are many reasons for rejoicing. Those who follow the lowly Nazarene believe that all spiritual blessings come to them that earnestly seek them.

It is good to know that in Garza county most of one's neighbors have a spark of the human and divine love that Christ taught and exemplified. It means something to hear the sincere greetings of friends and acquaintances, to know that here are the people one can depend on to be an ever present help in time of trouble.

There is here a very definite trust in one's fellow man. A merchant accepts a check because he trusts the giver, but such a trust is denied without Christian precepts. We elect city aldermen, school trustees, and county officials—because the majority of us trust them to handle our affairs with a minimum of selfishness and prejudice.

There should be blended in each of us a new pride in our way of life. Though there are many shortcomings it most nearly approaches the perfect democracy.

Whatever prompts a manifestation of the Easter Spirit it must of a certainty be faith—faith in religion and faith in the future of our changing world.

—000—

ENTERTAIN AN INVISIBLE GUEST

The present food crisis over two-thirds of the world is hard to realize here in Post. The worst thing heard about food here is the size of our respective grocery bills. True, some items are scarce, even worse at times than during the war; but when we think about a slice of bread, a bite of stew which untold thousands are not getting, then we here are surfeited with food.

In a broadcast on the eve of his departure for Europe, Herbert Hoover asked each American family to imagine that one of the helpless and starving persons was a guest at the table and save enough food to feed that person.

This is a difficult request, we agree. Many people distrust Hoover, not being able to forget some lean years in the not too distant past. Anything he would suggest would be received with disfavor with many people.

Nevertheless it is something to consider. Most of us instinctively help a neighbor in time of trouble. Our remoteness from the physical suffering in Europe and Asia prevents a realization of their anguish enough to do something about it.

Most of us are little concerned with the starving Europeans, saying they would not be so eager for another war if they have to starve awhile. A natural human reaction is to let them "suffer for their sins." Many years ago the ardent question was asked "Am I my brother's keeper?" By the principle of the Man of Galilee we are to help those who need help, disregarding all other factors.

President Truman issued an order causing the milling of a darker flour to insure more wheat for world consumption and has asked that the American housewife again conserve fats and oils. This is not too much to ask of a Nation which won the war of bullets. It will be a sad thing to lose our leadership because we begrudge them bread.

—000—

FROM A KANSAS EDITOR

"No sound business can continue to go in debt year after year and continue to operate, and we feel that way about the government. The sooner the government ceases regimentation of people, and quits dabbling in every kind of business, the better off our nation will be. Dictatorship has ruined other countries and it seems to us that rigid government dictation in this country has gone far enough. The country needs more statesmen, and not politicians trying to make a name for themselves. The more people look and lean on the government for help and to work out their simple problems, the more helpless they become, and less self respecting. If the nation keeps going like it has, our boys who fought and died in World War II, will have fought and died in vain. We believe supply and demand, and good clean competition will take care of inflation."—Lowell C. Smith, Editor, The Lagan, Kansas, Republican.

—000—

A Vermonte made a trip to New York, alighting at Grand Central Terminal. When neighbors later asked how he like the city, he confessed, "To tell the truth, there was so much goin' on around the depot, I never did get up to the village."

—000—

"Government must be checked, regardless of temporary distress to individuals, if our economy is to survive. Bureaucracy is a greater threat than inflation, since it multiplies forever, while all inflationary periods eventually end."—Winfield Scott, Editor, The Bulletin, Chilton, Illinois.

—000—

Next we will hear that the congressmen who are supporting the unions have claimed that exemption in their income tax.

DRS. BOONE and BOONE

1501 Ave. J Lubbock, Texas

Sidelights . . .

FROM WASHINGTON, D. C.
By Congressman Geo. Mahon

Legislation is in the making which will provide so-called terminal leave pay to enlisted men of the Army and Navy. The policy of providing terminal leave pay for officers and denying it to enlisted men cannot be justified. The Military Affairs Committee of the House of Representatives is giving consideration to the proposed legislation, and I expect to vote for the bill when it is considered in the House.

During the war, commissioned officers were allowed "leave" at the rate of 2 1-2 days per month. But many officers, particularly those overseas, had little chance to take this "leave," and it was permitted to accumulate and the officer was paid for this "leave" at the termination of his active service.

Enlisted men were allowed certain furlough privileges, but by reason of their service overseas or duties otherwise, they, too, had inadequate opportunity to take the furloughs to which they would ordinarily be entitled.

Under the proposed legislation, the "leave" of the enlisted man would accumulate and would be paid for it in like manner as officers are paid for terminal leave, officers and enlisted men being thereby accorded the same treatment. The proposed legislation involves the checking by the War and Navy Departments of millions of servicemen's records and the expenditure of a large amount of money, but simple justice demands that such action be taken.

The final draft of the bill providing federal aid to communities which are interested in airport construction is scheduled to pass the Senate this week and go to the President for his signature. The House took final action on the bill several days ago, having passed the bill originally on October 18, 1945.

The bill commits the United States Government to a broad national airport development program and the expenditure over a seven-year period of a total of \$500,000,000. The work will be done on a basis of cooperation with the States and local communities.

The bill provides that the Federal Government may contribute not exceeding 25 per cent of the cost of the land for an airport; the Federal Government would contribute 50 per cent of the cost of construction incident to the development of the airport.

Air transportation will become increasingly important throughout the Nation as our Country takes steps to retain our leadership in the field of aviation.

The Appropriations Subcommittee on Government Corporations, of which I became chairman a few weeks ago, began consideration on April 11 of the bill which we expect to present to the House late in May, following many days of hearings. Among the Government Corporations involved are the Reconstruction Finance Corporation, Commodity Credit Corporation, Federal Crop Insurance Corporation, a group of corporations which operate under the Farm Credit Administration, Government corporations which operate in South America in connection with the good neighbor policy, and many others, large or small and of various types. We are investigating the programs and spending policies of a total of 40 Government Corporations. A law enacted last December provides for the first time that Congress undertake to delve into the working of these Corporations and seek thereby to keep a rein on their operations. Indications are that we will recommend the liquidation of a number of the Government Corporations and, in some instances, a definite change in policy in others.

Mrs. Floy King, Correspondent

The Baptist Spring revival conducted by Rev. Emmett Brooks, closed Sunday night with six additions to the church both by baptism and letter.

The Methodist meeting began Monday night, April 15, conducted by Rev. R. B. Waldon.

Those visiting Rev. and Mrs. Waldon over the week end were their son, J. C., and wife of Lubbock. Rev. and Mrs. Waldon accompanied them home Sunday afternoon for a short visit.

The Rhythm Band will present a program Friday night, April 19, at the High school auditorium.

J. R. (Skinney) King and wife of Plainview spent the week end here visiting Mr. and Mrs. J. H. Haire and other friends. Skinney was postmaster here before entering the service four years ago.

Tom Kaysinger and his parents visited in the Mathis home Sunday night with his daughter, Carolyn Sue.

The J. L. Whitteys visited the Alvin Dudleys and Sidney Smallwoods Sunday. Mrs. Smallwood recently underwent a tonsilectomy.

Mr. and Mrs. Charlie King and children and Mr. and Mrs. Harry King and baby and Loy Trimble spent Sunday with the Henry Kings.

Mrs. W. W. Davies and son, Carlton, of New Home spent Friday night with her parents, Mr. and Mrs. J. L. Whittey.

Mr. and Mrs. B. I. Furrh, of Plainview and their son, Harvey Furrh, wife and baby of Amarillo and Robert Caddell of Plainview visited with the Harry Kings. They had been visiting relatives in Clairmont and were returning to their homes.

Mr. and Mrs. Ernest Roberson of Slaton visited Mr. and Mrs. C. Barkley Tuesday afternoon.

Mr. and Mrs. Jim Graves of Anton visited Jim Kellum the latter part of the week.

Latest reports say that Mrs. Marvin Truelock who is in Plainview with her parents, is doing nicely. She hopes to be able to return home within several months. Glenda and Calvin spent the week end here with their father.

Mrs. Walter Kellum received a letter from her son, W-O Carlos Wagoner, saying he was then at Pearl Harbor and with the convoy of ships that is to take part in the atomic bomb experiment.

Mr. and Mrs. Dick Mathis and family have moved to Brownfield. Mr. and Mrs. L. K. Anderson made a business trip to Haskell Wednesday.

Edd King is attending the Fat Stock show at Plainview.

Mrs. Hall and Mrs. Vardaman took their pupils, the sixth, seventh, eighth and ninth grades, on a picnic at the McKenzie park Friday. They were accompanied by several of their parents and had a big feast at noon. The group enjoyed the outing and plan several similar ones.

The box supper and miscellaneous auction sale Friday night sponsored for the Seniors was a great success and proceeds were around one hundred and eighty dollars.

The bridal shower given for Mrs. Paul Edwin Winterrowd in the Winterrowd home by Mrs. Clay Johnson, Mrs. T. L. Weaver, Mrs. Delma Brown and Mrs. C. C. Weaver was attended by a large number of guests Thursday afternoon.

Mr. and Mrs. Dave Deaper and children of Slaton accompanied Homer Gilliland of Lubbock Wednesday night to visit their parents, the W. W. Gillilands.

W-O and Mrs. James S. Hendrix visited in Lubbock Thursday.

Mr. and Mrs. Clarence Terry accompanied M. A. Truelock and children to Plainview Monday to visit Mrs. M. A. Truelock.

Southland has organized a softball team with Leonard Anderson as manager. The present players

C of C Directorate Sets To Work On Year's Program

The directorate of Post's newly revived Chamber of Commerce is planning an extensive city improvement program which offers a solution to many vexing problems confronting residents of the city, announced Joe S. Moss, president, Saturday morning following the second meeting of the directors Friday night.

Committee chairmen have been named and are to select their committees to assist with the work program, Moss said. The directors will meet with committees at an early date and out-line the work program, which in turn will be published.

Mr. Moss is very enthusiastic over the work and finds that his directorate is ready and willing to tackle these many vexing problems. All citizens of the town are urged to co-operate by lending their assistance to all worthwhile projects that are to be sponsored by the chamber.

are Dickie Martin, catcher; J. L. Taylor and Wright, pitchers; Joe Gayle Fleming and Roy Denton, first base; Pete Lancaster, second base; Wright, third base; Ray Dick and Emmett Brooks, short stop; Lewis Donohoo, roving stop; Sam Ellis, left field; Leroy Voight and Billy Lester, center field; Kelly and Elton Lancaster, right field; and several new players are being trained for substitutes. The game played between Posey and Southland on Thursday gave the local team a victory with a final score of 18 to 12. Sunday's game with Grassland saw another Southland victory with a score of 3 to 1. The help is asked of each member of the community in supporting the team both by attendance and contributions.

The Southland High school honor roll for this six week's is:

5 A's— Betty Edmunds, Joy Scott, Wanda Kelley.

4 A's— Cleo Heinrich, Ferrell Wheeler, Durwood Hollman, Mary Pankoney, Joyce Steele, J. Martin Basinger, Margie Pnyton.

3 A's— Billie Barkley, Mary Jane Hampton, Bobby Trimble, Joe Fleming, Lena Samples, Josephine Becker, Carolyn Barton, Mary Frances Eyraze, Harley Martin, E. P. Wicker.

2 A's— Wilmetts Hewlett, Ruby Becker, Bobby Mining, Laverne Dye, E. C. Smallwood, Richard Becker, E. H. Johnson.

1 A— Polly Stotts.

GI'S TO COMPETE FOR SADDLE AT STAMFORD

Garza county GI cowhands who attend the Stamford Cowboy Reunion July 2-4 are invited to participate in a special calf roping event which has been planned for them by directors of the Reunion.

Winner of the event will receive a hand-tooled saddle.

Lawrence Evans formerly of Post, but now residing in Midland visited here this week.

**CLUB HONORS
AT TUESDAY
MEETING**

Lions Club meeting Tuesday night was one of the best of recent meetings, both as to attendance and interest.

Lions were special guests for dinner and subsequent entertainment held at Jennie's home. The program was arranged by a committee of former club members, headed by Mrs. Marvyn Hudson was master.

Looking to the future Post was carried out in special music was rendered by Miss Jeanna Joyce Barnes. Quartette composed of W. F. Ted Hibbs, Jess Barnes, Walter Crider.

For a small commercial Post was discussed by Walter Crider. He gave address as to which federation could be secured for such Post.

Post for recreation activities was very ably presented by Darwood Billings.

Main address was given by Moss, who spoke on the Chamber of Commerce relative to the advancement town.

Comment has been heard on the entire program, afforded a great deal of interest to the guests and left many for contemplation.

**DR. CULTURE CLUB
HONORS
ROBERT GIBSON
HYDROPONICS**

Martin was hostess to members of the Junior Culture Club on evening of last week in home of Mrs. Gladys Price.

Meeting was opened with business session during which reports of the previous meeting read and reports given by committees.

Conclusion of the business session. Robert H. Gibson, speaker for the evening, addressed members of the club on the raising of plants in water by concentration of plant minerals.

Members and three Mrs. O. R. Carter and Mr. Robert H. Gibson, at the meeting. Next meeting club will be with Phyllis on Tuesday, April 23, at home of Mrs. A. S.

Betty Sue Ingram visited Mrs. and Mrs. L. H. last week end to celebrate birthday. She returned to Sunday night.

Mrs. Bonnie Cearley, Society Editor, Res. Phone 187J

**LT. SAM GATZKI WEDS
MISS VIRGINIA HORNER
IN NAPA, CALIFORNIA**

Miss Virginia Horner, daughter of Mrs. Winifred Horner of Fresno, Calif., became the bride of Lt. Sam C. Gatzki, son of Mr. and Mrs. Gus Gatzki of Gordon community, in a double ring ceremony performed at the Episcopal church in Napa, California, on February 17.

The bride was attended by Mrs. E. C. Evans as matron of honor and serving as best man was Major E. C. Evans of Napa.

Attired in a plain gray gabardine suit with pale pink accessories the bride carried a shower bouquet of pink carnations, gardenias, and bouvardia. She wore a halo arrangement of the pink carnations in her hair.

Mrs. Evans wore a powder blue suit with black accessories and her corsage was of deep pink camellias.

The bride's mother wore a blue trench suit with black accessories and her corsage was of violets.

Following the ceremony, the wedding party and guests gathered at the home of Major and Mrs. Evans for a reception. The three-tiered wedding cake was cut by the couple. They spent their honeymoon in Carmel and Monterey.

Mrs. Gatzki was graduated from Santa Cruz and attended Salinas Junior College. She has made her home in Fresno the past two years.

Lt. Gatzki graduated from Post High school in 1937. He entered service on June 27, 1940. He is with the Army Transport Command and is stationed at Fairfield-Suisun Army Air Field, near Napa.

**GRAHAM HOME MAKERS
MEET WITH MRS. MCBRIDE**

The Graham Home Makers club met Thursday, April 11 in the home of Mrs. Thebert McBride with Mrs. Bill McMahon as co-hostess. Twelve members were present.

The next meeting will be in the home of Mrs. W. H. Norman on Thursday, April 25.

Everyone is asked to bring a gift at this meeting to put in the grab box.

**MRS. B. E. YOUNG IS
HOSTESS TO SEWING
CLUB LAST WEEK**

Mrs. B. E. Young was hostess last Thursday afternoon at her home to members of the Priscilla club. The afternoon was spent visiting and doing needlework.

A desert plate of tea cakes, mints and frosted punch was served by the hostess to Meses. H. G. Smith, Keith Kemp, Earl Thaxton, A. B. Hays, Ted Hibbs, Bob Warren and John Cearley.

**BIRTHDAY DINNER IN
HONOR OF MR. COWDREY
GIVEN BY FAMILY**

R. P. Cowdrey was honored by his children with a birthday dinner April 7th at the home of Mr. and Mrs. Elmer Cowdrey.

Sharing honors with him in birthday celebrations were Mrs. Dora Davis Redman and Bryan Maxey.

At the noon hour tables were spread under the shade in the front yard and loaded with a bountiful supply of good food, from fried chicken to iced drinks.

A number of nice gifts were received by the honor guests. Many more Happy Birthdays were wished for them by all present. More than sixty persons attended the party.

Mr. and Mrs. J. D. Rallsback, Mr. and Mrs. B. B. Rallsback and two children, Mr. and Mrs. V. E. Rallsback and daughter, Mr. and Mrs. George Rallsback and four children, Mrs. Guy Hester and son, and Miss Brown, all of the Roosevelt community; Mrs. Maggie Ivy of Petersburg; Mr. and Mrs. Delmo Gossett of Post; Mr. and Mrs. Lounie Peel and son of Close City; and these from Graham, Mrs. A. L. Wallace, Mr. and Mrs. A. Stone, Mrs. Reno, Mr. and Mrs. J. N. Gossett, Mr. and Mrs. Buck Gossett and four children, Mr. and Mrs. Glenn Davis and son, Elvius Davis, Mr. and Mrs. Delmer Cowdrey and three children, Bobbie and Jimmie Chandler, Joyce Lofton; Mr. and Mrs. A. M. Cowdrey and grandson, Mr. and Mrs. J. B. Cowdrey of Lubbock, all enjoyed the visit with the honor guests and hosts. Afternoon guests were Mr. and Mrs. R. H. Rogers and Mr. and Mrs. W. H. Newbury.

—One Present

**SAVE DOUBLE TROUBLE
IN YOUR KITCHEN BY
USING FEWER UTENSILS**

Double trouble will be found in a kitchen where there are too many utensils. Enough of the right tools for the job gives greater efficiency in the kitchen. Duplicates and unnecessary extras that collect in kitchen drawers and cupboards take up space, slow down work, waste time and energy.

Save double trouble in the kitchen by an occasional weeding out of equipment. Get rid of the unnecessary pots and pans, the wobbly egg beater, the fancy gadgets that have proved unsuccessful.

One of a kind is enough for many items such as bottle openers, knife sharpeners, funnels, etc. Sometimes more than one utensil makes work more rapid, however. Two measuring cups, one for dry and one for liquid ingredients, make kitchen work easier.

A truly convenient kitchen is what is needed where and when it is needed and nothing additional.

**LOCAL LADIES ATTEND
DISTRICT MEETING OF
WSCS IN LUBBOCK**

Mmes. H. G. Smith, B. E. Young, Tol Thomas, and J. E. Parker attended the district meeting of WSCS last Friday in Lubbock. Members of St. John's group were hostesses for the session.

Mrs. C. C. Coffee, president, presided for the meeting which began at 10 a. m. Rev. L. N. Lipscomb gave the principal address and conducted a communion service. Mrs. Lofland of the First Methodist Wesleyan Service Guild brought the devotional.

A psalm on "Goals" was ably presented by ladies from St. John's. They also were hostesses for luncheon.

Mrs. Young attended a tea given by the Overton chapter honoring new officers. Mrs. Young was elected district chairman of Missionary Education.

**AUVY MCBRIDE HONORED
WITH BIRTHDAY PARTY**

Sunday afternoon, April 14 was a happy day for Auvy Lee McBride when a group of little friends gathered at his home to help wish him a very happy seventh birthday.

His gifts were opened as they arrived and the candle tradition was performed followed by servings of cake and ice cream. Ten children were present besides the honoree, Lonnie Gene Peel, Carol Ray Davis, Ramona Young, Jimmy Dale Peede, Delwin Fluit, Frances and Patsy Mason, Nita Ray and Dottie Lou McClellan and Shirley Kay McBride. There were also many adult friends and relatives present.

**REGULAR MEETING OF
O.E.S. AT MASONIC HALL
TUESDAY APRIL 16**

Post chapter of the Order of Eastern Star met in regular stated meeting last Tuesday night. Thirty officers and members were present.

Chapter was opened in regular form with Worthy Matron Bernice Shepherd and Worthy Patron Jessie Young presiding. The correspondence was read and business conducted. Balloting was done and one new member was elected. The initiation will be held the next regular meeting night.

The annual school of instruction for this district will be held at Lubbock on May 8. A number of the members are planning to attend. A practice session will be held by local members next Tuesday night at the hall.

**FOUR GARZA COUNTY
WOMEN ATTEND DISTRICT
MEETING IN BROWNFIELD**

Four Garza county women attended the District home demonstration meeting at Brownfield on April 9.

The three Garza county delegates, Meses Julius Fumagalli, Jerry Bush, Mabel Caldwell and Mrs. Jack Taylor received many new ideas and suggestions from the meeting along with the 305 women from 19 surrounding counties.

The group enjoyed a barbecue lunch at noon.

For some time, the home demonstration clubs of this county have been carrying on their work without the aid of a home demonstration agent. However, every effort is being put forth by Mrs. Hill, district agent, to obtain an agent for this county and she is confident that one can be obtained within a short time.

**NEEDLE CRAFT CLUB
MEETS LAST FRIDAY
WITH MRS. McANALLY**

Mrs. F. C. McAnally was hostess to the Needle Craft Club, Friday, April 12, in her home. After some time was spent in sewing and conversation Mrs. Graeber told a beautiful Easter story. She discussed origin of Easter and customs in other lands. She concluded with the story of a Church With a Thousand Lamps.

Several contests appropriate to the Easter season were conducted by the hostess. She served a delicious refreshment plate of ham salad sandwiches, olives, lemon pie, and a fruit drink to Meses. A. L. Norris and John Cearley, guests, and W. F. Pierce, R. F. Tomlinson, Noah Stone, W. R. Graeber, J. B. Faulkner, A. W. Bouchier, V. J. Campbell, T. L. Jones, Ida Robinson, Boone Evans, J. R. Durrett, and A. A. Surtis.

**FAMILY REUNION HELD
IN J. J. WELLS HOME**

The home of Mr. and Mrs. J. J. Wells was the scene of a family reunion and dinner party on Sunday night, April 7.

The meeting was the first in several years and all the children were present except one.

Those enjoying the occasion were Mr. and Mrs. J. W. Wells and family of Brownwood, Mr. and Mrs. Wiley Johnston, Mr. and Mrs. Melvin Hill and son, Mr. and Mrs. O. W. Smith, Mr. and Mrs. Roy Wells and Mr. and Mrs. L. C. Hunt, all of Post.

**MRS. ROY WELLS HONORED
AT BRIDAL SHOWER**

A bridal shower honoring Mrs. Roy Wells was given Wednesday, April 10 in the home of Mrs. J. J. Wells. Mrs. Wells and Mrs. O. W. Smith were hostesses to the 65 guests who were present.

Many lovely and useful gifts were received and appreciated.

Following the presentation of

Grassland 4-H Clubs Meet

The Grassland 4-H club boys and girls had a joint meeting April 12. Miss Anderson met with the clubs and showed the boys and girls how to set a table properly. After some discussion on manners the meeting was adjourned.

Gifts, refreshments of cake and coffee were served to the group.

PAINT AND PLUMBING FIXTURES STOLEN FROM GIBSON'S NEW HOME

Last Friday night some person or persons entered the new residence being constructed for the Bob Gibsons in west Post and removed various fixtures and several buckets of paint.

A lavatory, which had already been installed, a sink, water faucet, three gallons of paint and a gallon of roofing cement were among the items missed Saturday when work was resumed at the house.

In telling of the loss Mr. Gibson said "I guess whoever took the things are going to keep them, they haven't brought them back."

NEWS NOTES FROM . . . Duck Creek Soil— CONSERVATION DISTRICT OFFICE AT POST

Arthur Floyd, Duck Creek Soil Conservation District operator in the Close City conservation group, has completed 2 1/2 miles of terraces that completely terrace his farm. The terrace system is so designed that it keeps the water on the upland and keeps it out of a nearby lake.

Mrs. B. K. Bird of the Verbena conservation group has one of her tank dams well on its way to being vegetated. Last year when

Garza Countains WHO RECEIVED COVERED "Ruptured Duck" DURING THE PAST WEEK

Lex Wall, who recently was discharged from the Navy, arrived in Post several days ago to make his home here. He served overseas several months aboard a cruiser.

Pat Carlson, son of Mrs. Elmer Long of this city, received his honorable discharge from the Navy on April 2 at Camp Wallace, Houston, Texas.

Pat had been in the service 30 months, serving 26 months overseas in the Pacific theater of operations as radarman 2-c on a flag ship.

He is now in Amarillo where he plans to work as an apprentice nurseryman.

Other Garza county men receiving their honorable discharges from the service recently are Jack R. Jones, Eugene A. Kenley, J. M. Corley, jr., Norman E. Bedford, Thomas F. Davis and Surman W. Clark.

ERNEST GRIFFITH IS NAMED HEAD OF JCC AT COLORADO CITY

Of interest to friends here is the news that H. Ernest Griffith was elected president of the Colorado City Junior Chamber of Commerce. Griffith is the husband of the former Miss Rosejean Rodgers, daughter of Mrs. Irene Rodgers of this city.

First vice-president of the newly organized body is Brady Warren, nephew of Bob Warren of this city.

Both Griffith and Warren are War II veterans and are well known in Post.

The tank was constructed, Mrs. Bird had a few loads of topsoil put on the surface of the dam. She then seeded it with Bermuda grass.

Although the seasons have been unfavorable since then, there is some Bermuda grass and also some buffalo grass on the dam. It was put there with the surface soil that was used to cover the dam.

ARMY RECRUITING OFFICER TO VISIT POST EACH WEEK

T-Sgt. Joe F. Raindl will be in Post at the post office on Tuesdays representing the Recruiting station of Lubbock. Anyone wishing information about enlistment in the Regular Army are invited to contact the sergeant.

Miss Betty Williams, a student in TSCW, will spend the Easter holidays with friends in Little Rock, Arkansas.

Farm News

GARDEN AND CONSERVE TO SAVE WHAT WE'VE WON

By Frank Eaton, County Agent

Latest reports from all parts of the world show that the food shortage in Europe and Asia has developed into an international crisis, far worse than was indicated three months ago, according to Chairman of the U.S.D.A. County Council. The situation calls for immediate, decisive action. Drastic measures are being taken by our Government and by the United Nations, but every citizen in this community, county, state, and nation must help if we are to prevent mass starvation in the rest of the world.

Our pledge to those countries in need comes from the Secretary of Agriculture, Clinton P. Anderson, as follows: "We shall do all that is humanly possible to keep faith with the starving people of other nations by making available as much of our food as we can possibly spare. How much we can spare is up to the people of America. Up to you and me as individuals. Every family must bear a part of the burden by conserving food in every practical way and by raising a victory garden if it is possible."

During the war years, the American people have done a most magnificent job of producing food in their own back yards. There were 18,400,000 gardens last year. There is no way of determining the true value of this program, but we do know that it was of tremendous benefit. To no less extent is such a food production program needed in 1946.

In almost every county in Texas there are county agricultural agents and home demonstration agents. They are trained and have the information on how to grow a garden in 1946. Go to them for information on gardening. Offer the assistance of your club or organization. "United effort" still is the answer.

Is there still a Victory garden program? Secretary Anderson says: "Why change the name? The war is over but the Victory is not complete and will not be complete until the wounds have been healed, the good earth is in full production again, and the starving victims of the war are eating regularly."

Last year Texas gardens numbered in excess of 1,000,000. In the face of higher food prices and reduced supplies of many food items, should we not continue growing this healthful type of food?

The American diet is made up of approximately 300,000 calories. One pound of lima beans from your garden will produce 385 calories, green snap beans 190 per pound, sweet corn 510, and Irish potatoes 385. In other words, your garden can and will produce your per day quota of calories if you will give it a chance.

Visitors In Welch Home

Chaplain and Mrs. Ross Welch and children of San Antonio visited from Tuesday until Friday last week with the Ralph Welch family. Chaplain Welch is on terminal leave from the USNR after service in Attu, Aleutian Islands.

Mrs. Sallie Scrivener and Mrs. R. J. Welch of Sterling City were other visitors during the week. They visited also with the Rex Welch family north of town.

LEE REED

VETERANS MAY GET FARM ADVICE LOCALLY

Veterans who wish to catch up on wartime farming developments or to obtain assistance on their first entry into some farming activity will find local representatives of the USDA and co-operating state agencies ready to help them, according to J. L. Matthews, assistant in agricultural planning for the A and M College Extension Service.

First stop for the farm-bound veteran should be the county agricultural agent. His job is to help all farmers and he has been designated to work with returning servicemen. The county agent whose office is generally at the court house, can answer almost any question relating to agriculture or will refer the veteran to farm agencies working in special fields.

In most agricultural counties, veterans can obtain the practical and valuable counsel of working farmers serving on the county veterans advisory committee. This committee may be approached through the county agent.

County AAA committees are ready to give assistance available under the AAA conservation program, either in the form of cash payments or in conservation of materials and services.

Farm Security Administration long term loans can be arranged through county PSA personnel. The National Farm Loan Association or the Production Credit Association also provide assistance in obtaining loans.

Information about the extension of rural electrical service can be obtained from the REA, and Soil Conservation Services will provide technical assistance.

Miss Iris Joy Parker a student in TSCW, will arrive in Post this week end to spend the Easter holidays with her parents, Mr. and Mrs. J. E. Parker.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil. . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct Spring grade of Conoco Nth oil—and an OIL-PLATED engine. GAS RANGES, bearing the "CP" trade mark in addition to their own brand names, are built to rigid standards, set by leading gas range manufacturers, gas utilities, home economists, and homemakers.

A FEW OF THE OUTSTANDING FEATURES of a "CP" gas range are automatic lighting of oven and top burners; thermostat controlled oven that heats quickly, yet operates efficiently for slow roasting; giant, standard and simmer burners; extra heavy insulation; smokeless broilers.

BEFORE TOO LONG, your favorite gas range will be available in "CP" models . . . All good ranges are not "CP"—but all "CP" gas ranges have the most good features of any range you can buy.

A "CP" Gas Range—Whatever Its Make—Will Give Certified Performance!

West Texas Gas Company

SUMMERIZE Your Car

for **Flying Horsepower**

AT THE SIGN OF THE FLYING HORSE

Magnolia SUMMERIZE ICE is a dependable, safeguard against undue wear and the dangers that come with summer heat. It gives smoother performance and most FLYING HORSEPOWER from the New MOBILGAL gasoline containing the special ingredients that give super-power our 100 octane aviation gasoline. Magnolia SUMMERIZE ICE takes the winter kinks from your car . . . puts it in shape for summer driving with the correct MOBIL OILS and MOBIL GREASES. Get this protection now!

THE SEASONAL SERVICE ALL CARS NEED

ENGINE—Dirty, thinned winter oil thinned and retained with the proper grade of the new detergent MOBILGAL that cleanses oil lubricates . . . a new-grade oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Give your a MOBIL OIL CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.

GEARS—Dirty oils drained from transmission and differential and replaced with break-tough MOBILGAL GEAR OILS of the type and grade to fit the make and model of your car.

RADIATOR—Cleaned with MOBIL RADIATOR FLUSH. MOBIL HYDROFLON added to keep the cooling system clean and safe from rust and scale.

CHASSIS—Complete Lubrication of all 172 parts. 76 protective special grease and oil.

Swing of Southwest Farm Markets

Southwest markets saw broad demand for livestock at stronger prices, light movement of grain and feed at ceiling, and fair demand for vegetables at firm prices last week that offset cotton losses and the easy undertone on eggs, according to USDA's Production and Marketing Administration.

Cotton prices lost ground last week after considerable fluctuation. Spot cotton markets were seasonally active. Sales in the ten chief markets totaled 114,900 bales against 154,100 in the preceding week and 79,600 a year ago.

Grain supplies became lighter. Receipts of corn, oats, barley and sorghums at terminal markets were in limited volume and farm-to-market movement was reported the smallest of the season last week. Prices of feeds and grains remained at ceiling. With the approach of the season for heavy consumption of prepared feeds, particularly chick mash and starter feeds, manufacturers were in about the worst position thus far in regard to securing supplies.

Some egg markets showed improvement on active Passover and Easter demand, increased export activity and broader open market storage buying. Southwest offerings continued liberal and prices of current receipts were quoted at 30 to 33 cents per dozen New Orleans; 30 cents, Dallas; 30 to 30 1-2 cents, Fort Worth; and 29 to 30 cents, Denver.

More poultry came to market last week to meet expected Easter demand. Prices remained about steady. Heavy hens brought mostly 21 1-2 cents a pound, New Orleans; 22 to 24 cents, Dallas and Fort Worth and 22 to 25 cents, Denver.

Active trading and steady to stronger prices ruled most southwest cattle markets last week. Houston sold medium yearlings at \$13 to \$14.50 per hundred and canner and cutter cows at \$6 to \$8.25. Medium and good shorted steers and yearlings brought \$15.10 to \$15.75. San Antonio. Medium and good slaughter steers and yearlings ranged from \$14 to \$16.50. Fort Worth. Week's top for steers at Oklahoma City was \$16.65, but most stocker and feeder steers on late rounds went at \$13 to \$14.50. Bulk medium and good steers and yearlings brought \$14.25 to \$15.75. Wichita. Good steers sold around \$16 to \$16.50 per hundred pounds, Denver.

Light hog receipts and broad demand at most southwest markets kept prices at ceiling.

ABOUT TOWN . . .

Lumber is piling up on the lots belonging to Mr. and Mrs. Shelley Camp indicating that before too long construction work on their new home can begin.

It seems that carpenter work on the Phil Bouchier home is progressing with top speed. The Bouchier home is located at the end of Main street in the West of Post, next door to the Tom Bouchier home. The new addition to the Tom Bouchier home is just about completed.

Concrete foundation work on the Tom Miller home is completed and carpenter work will probably be started by the first of the week.

Apples were abundantly used by the Lade Swellers of the Stone Age in Italy and Switzerland.

Apples have been cultivated in Europe for at least 4,000 years.

Growth And Improvement Indicated For Neighboring West Texas Towns

The most prominent news items in most all regional papers this week concerned new building being done and the results on various elections. Several towns have announced that the construction work is only stopped by lack of materials.

Lamesa issued enough building permits to place it in 23rd place in the state for the first quarter of 1946. The total amounted to \$297,075.00. The only big permit was to Furr Food to construct a \$40,000 building. The others are small business concerns and residences.

Seagraves reports the men of the town attended a meeting for the purpose of reorganizing the volunteer fire department. Twenty-four men offered to work with the department. New officers were elected and a fire drill time will be selected.

Bowfield builders have been issued permits amounting to the sum of \$265,400.00 since January first of this year. Most of the permits were for residences.

Tahoka reports much construction work being done in the city. The newly re-organized Chamber of Commerce now has 143 members. New Home community has voted \$85,000.00 for a new consolidated high school.

Snyder ball fans held a meeting last week to organize a softball club. It was reported that eighteen business firms had changed ownership since January.

Haskell also is organizing a softball league. The FFA boys enjoyed a Father-Son banquet last week. This is an annual affair and greatly enjoyed by the group. A rabbit drive held in the county eliminated some 300 of the animals which have become pests.

The Hamlin Herald published a magazine section devoted to the rodeo held last weekend.

Aspermont held an election on April 5 on the sale of liquor and the county remained dry by a majority of some 200 votes out of more than 1,000 votes.

Loraine will be host to the Mitchell County Dairy Day show. Two county agents will direct the program on feeding, breeding, and selection of dairy stock. An American Legion post has been organized and are awaiting a charter. The annual Mother-Daughter banquet was held last week.

Roscoe citizens concentrated on a clean-up drive last week, as did Rotan. A record vote was cast in

the recent city election at Rotan. Over 300 votes were counted.

Crosbyton reports that surveyors are busy now on the Kalgary road.

Ralls Rotarians were honored to have as a guest Monday T. A. Warren of Wolverhampton, England, president of Rotary International. Mr. Warren spoke to Rotarians and Anns at a banquet in Lubbock Monday night and he came to Ralls because of his long friendship with J. Edd McLaughlin. An interesting item from the Ralls Tax Collector's office was the registering of a 1926 Model T Ford. Another car was registered that had been in storage five years.

Jayton recently organized a new bank with \$25,000 capital to re-read the classified ads.

Choose DDT Form To Fit Your Needs

By Frank Eaton, Jr.
County Agent

With DDT insecticides available in five different forms, the prospective user can choose the one that best suits his needs.

Forms of DDT on the market:

A. Dusts or powders:

There are two kinds. One with a wetting agent added to the DDT powder so that a water spray or dip can be made. The other dust or powder does not have a wetting agent and is intended for dusting plants and dusting in and around the home. It is necessary to have a wetting agent with DDT powders if water mixtures are desired.

B. There are three kinds of liquid DDT mixtures:

1. Those liquid mixtures with a volatile solvent are intended for household use, because they may be applied to clothing, furniture, and other materials within the home without staining or soiling or leaving a greasy spot.

2. There are DDT oil mixtures, such as kerosene, and other petroleum oils that are intended for outdoor spraying. These oil mixtures are more dangerous to use than any other form of DDT, because DDT is soluble in oils and both oil and DDT will penetrate the skin of man and animals. When DDT oil mixtures are applied to walls or other wood surfaces, it is likely that both DDT and the oil will penetrate into the wood and the insects cannot come in contact with the residue. It would seem that the residual effect of oil mixtures would not be as lasting as water or dust applications to the walls, ceilings, and etc. DDT oil mixtures on cattle and other animals are not as safe as dust or water mixtures.

3. The simplest form of DDT for household use is a mixture of DDT and a liquid gas such as freon compressed in containers which are called DDT bombs. This spray is released in air and is intended for a quick knock down and kill, but there is no DDT residue which continues to kill the insects over a long period. Usually pyrethrum or lathane is added to the spray for the quick knock down for insects. The bomb will spray over 10 minutes. It usually contains 550 to 540 grams and discharges at the rate of 40 grams a minute. To kill flies and mosquitoes it should be opened 4 to 10 sections for each 1,000 cubic feet of space.

It should be remembered that DDT kills slower than other insecticides such as rotenone, pyrethrum and lathane. For instance, house flies are not completely dead for one to three hours after being exposed to DDT treatment.

Only small amounts of DDT are needed in dust and sprays, from 1 to 10 per cent.

Five per cent DDT mixture is best in spraying dairy barns, chicken houses, hog sheds, and other places where flies might be.

Insects do not die near places treated with DDT, but usually fly away to die.

In the control of leas use either a 10 per cent dust or 5 per cent spray.

A 2 per cent spray will kill most flower insects.

Turtles have no teeth. However, their jaws have sharp biting ridges.

Two-Fold Food Job In Store For Texans

Texas has a dual responsibility in the drive to conserve food for shipment to starvation areas of the world, according to B. F. Vance, state food program manager.

Texas, as the greatest food-producing state in the nation, must supply its full share of the food for the hungry people of the world both from a production standpoint and from a conservation standpoint, the food official said.

"It is up to Texas farmers to produce all the grain they can and so cut their feeding rate of livestock and poultry to a point where current feed supplies will be spread as far as possible," he declared. "At the same time, it is up to all the people of Texas, as consumers of food to cut down on the amount of wheat products they eat and to use food fats and oils as sparingly as possible."

Enthusiastic responses have been received from civic clubs, churches, farm organizations and other public-spirited groups as a result of the Texas USDA Council's call for full cooperation in the food saving program, he said. He again called upon the county USDA councils and county food program managers to exert every effort to get the full story of food needs before all the people of Texas.

Vance said recent actions taken in Washington, such as the feed restriction order and the wheat purchase program, would help greatly in the job of supplying the necessary food for shipment, but he emphasized that such movements are not enough. He said 322 acres, more or less, \$1.75 Rev. stamps, \$261.00 rentals.

A. K. Turner to Condor Petroleum Company, SW 1-4 of sec. 135, blk. 5 H&GN Ry. Co. sur., Garza County, Texas, \$160.00 rentals.

Now...no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

★

Actually wheat has never been a large item in the brewing process—only $\frac{1}{10,000}$ of the entire U. S. wheat crop was used in 1945:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30% less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with milk toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvages promptly.

UNITED STATES
BREWERS FOUNDATION

47 HIGH SCHOOL LEADERS ELECTED

Leaders for the 1948-49 term were elected in an assembly Friday, April 5. A special meeting, the student council of High School nominating two candidates from each grade and put them before the student body to be voted. The following received the majority of votes and won the title of Antelope leaders for next school year: Alma Outlaw, Senior; June Senior, Juanita Mitchell, Senior; Alma Floyd, Sophomore.

ALVIN G. DAVIS TO TAKE OFFICER TRAINING COURSE AT FT. BENNING

Pvt. Alvin G. Davis of Post who enlisted in the Regular Army January 12, 1946, has recently completed basic infantry training and specialized training on the 40 MM gun at the Anti-Aircraft Replacement Training Center at Fort Bliss, Texas and is being transferred to Fort Benning, Georgia for officer training. Pvt. Davis made one of the and Betty Mills, Freshman.

FUNERAL SERVICES HELD IN LUBBOCK FOR GEORGE B. HARD

Funeral rites for George B. Hard, 74, of Shallowater, were conducted at 3 o'clock Wednesday, April 10, in the First Methodist church with Rev. C. A. Bickley officiating. Burial was in Lubbock cemetery, under the direction of Rix Funeral Home. Mr. Hard, a resident of Shallowater the past twenty-three years, died late Tuesday in a Lubbock hospital. He is survived by his widow, four sons and two daughters. One of the sons, Ilo B. Hard, is the husband of the former Mary Snow Swell, who lived in Post several years ago. He was an artillery officer in the National Guard and was captured by the Japanese in Java early in 1942. He was released after the conclusion of war with Japan.

FERTILIZER, IRRIGATION HIGHLY DESIRED IN W.T.

LUBBOCK—Analysis of West Texas soils conducted at Texas Technological College shows that the average soil in this area is low in phosphorus and nitrogen, moderately well supplied with potassium while most soils are low in organic matter, according to Dr. A. W. Young, head of the plant industry department at Tech.

Fertilizers and irrigation are both highly desired and recommended in the production of most crops in West Texas, Young says. Irrigation is profitable before planting in the case of both cotton and grain sorghums. For sorghums the general recommendation is one irrigation two or three weeks before planting and one irrigation about the time sorghums are booting. Cotton fields should be irrigated in late March or early April and about two weeks prior to planting. The general practice for alfalfa is irrigation a week before each cutting of hay followed by another irrigation as each cutting is removed.

highest scores ever made at Fort Bliss on his officer candidate and board examinations and is one of the youngest men to ever become officer material in the Army Ground Forces, being only 18 years old. Also he was the only man from his battery of two hundred and fifty men to receive this honor.

The school is three months in duration and when completed the graduates become Second Lieutenants in the Infantry of the Army of the United States for at least one year after receiving their commissions.

POST CITIZENS START CLEANING PREMISES

Post is already responding to the clean-up call issued two weeks ago by the city commission. The favorable weather has permitted many citizens to clean up their premises and place rubbish in convenient places to be hauled away.

The city truck and wagons will begin their rounds on next Monday morning. They will pick up all trash and haul it free of charge if it is collected in convenient piles.

Spring cleaning is underway this week at the court house. Workmen are busy pruning trees, shearing hedges, cutting weeds and watering the grass.

NEARLY FOUR MILLION TONS FOOD MARKED

About 3,812,000 tons of U. S. food supplies have been designated for shipment to fight starvation in liberated and occupied countries for the current quarter.

This amount is out of a total of 5,347,000 tons estimated available for all exports, including the United Kingdom, U. S. territories and others, according to E. A. McDryde, district director.

Wheat, flour and other grains, generally considered most vital in war-devastated areas comprise about 71 per cent of the maximum estimates for these countries.

Truett Fry and E. M. Bass made a business trip to Dallas last week end.

Miss Billie Robinson, daughter of Dean Robinson, will spend the Easter holidays in Ft. Worth. She is a student in TSCW this year.

W. E. Chase and Jerry Beck with the Shatterproof Glass Co. in Detroit, visited the first of the week with Mr. and Mrs. Charlie Bird.

In 1946, there were 103,239 producing oil wells in Texas.

THREE-ACT COMEDY TO BE GIVEN AT JUSTICEBURG TOMORROW NIGHT

The adults of the Justiceburg community will give a three-act play at the school house Friday night, April 19 at 8 o'clock.

The play is a comedy and is entitled "The Adventures of Grandpa."

The characters include: Montgomery Ray, Marvin Durman; Tod Hunter, Jewel Reed; Otis Hamnerhead, Bandy Cash; Officer McCormick, Raymond Key; Lucy Hunter, Mildred Cash; Dorothy May, Dorothy Dale Reed; Mrs. Pansy Hopscotch, Mrs. J. B. Tidwell; Marie Ribeau, Evelyn Beaver; Kloompy, Mona Key.

The proceeds of the play will go into the lunch room fund and admission charges of 15c and 25c will be made.

Two Millions Go To Poultrymen of Texas During '45

Texas poultrymen received nearly two million dollars for their poultry and egg products during 1945 with indications pointing to continued high demands for the State's poultry products this year.

"Efforts of Texas poultrymen to market high quality products are paying increased dividends to the State," Barnett Gabriel, head of A and P's National Egg and Poultry Department, said in commenting on the 1945 purchases. "Consumer demand for poultry should continue through 1946 especially because of shortages of meat and the urgency of providing starving Europe with increasingly large quantities of other foods."

Pointing out that lack of refrigerated storage facilities abroad prevented shipping of poultry overseas, Gabriel urged the increase of domestic consumption of chickens and turkeys to free other foods for foreign countries. Reductions in poultry feed supplies coupled with increased production during 1945 have resulted in the current heavy supply of poultry now on hand, he added.

"Poultrymen will play an important part in insuring the maintenance of the Nation's high nutritional standards in 1946," he said. "During the recent war years, they answered the call for more chickens, turkeys and eggs and marketed unprecedented supplies. Streamlined distribution systems speeded up the journey of these products from farm to market and will continue to expedite the marketing of poultry products."

Brownwood was the birthplace of the original 36th Division in '42.

ADDITIONAL SOCIETY

BRIDAL SHOWER GIVEN IN RICHARDSON HOME FOR MRS. RONALD CLEM

Mrs. Ronald Clem of New Home was honored recently when friends at Close City presented her with a shower of bridal gifts at the home of Mrs. Floy Richardson. Assisting hostesses were Meses. H. N. Crisp, Elwood Gradine, Scott Storie, and Taylor Cook.

Gifts were opened by the honoree and viewed by the twenty-four guests. Several sent gifts who could not attend the party.

Mrs. Clem is the former Miss Melba Adamson and was reared in the Close City community, her family having moved to Tahoka only a few years ago.

Out-of-town guests were Mrs. Adamson of Tahoka, Mrs. Tippitt and Mrs. Herbert Hoover of Lubbock.

Refreshment plates of salad, cookies, and punch were passed.

MRS. TED HIBBS LEADS DISCUSSION IN W.S.C.S. MEETING LAST MONDAY

Mrs. Ted Hibbs led a most interesting and worthwhile discussion study of The Cross over Africa in an all day meeting of the W.S.C.S. last Monday.

Mrs. Parker was hostess in her home to the group. Special guests were ladies from the Grassland Methodist church. A covered dish meal was enjoyed at the noon hour.

The meeting was very profitable in regard to the study and a fine period of fellowship was enjoyed.

NEICE OF MRS. K. STOKER MARRIES IN ABILENE

A wedding of interest to a wide circle of West Texans and of special interest to the K. Stoker and Willard Kirkpatrick families here was that of Miss Ann McFall and Mr. Jack Miller held in Abilene last Thursday night.

The bride, daughter of Mr. and Mrs. Robert B. McFall of Abilene, is the niece of Mrs. K. Stoker. She has visited here frequently with her parents.

The wedding was held in the First Christian church. The candlelight ceremony was read on the 24th wedding anniversary of the parents of the bridegroom and in a beautiful all white altar setting.

The bride, given in marriage by her father, wore traditional white satin. Her sister, Miss Ruby McFall, who served as maid of honor wore turquoise marquisette. Additional color was added by the sapphire pink and jonquil yellow

LEGAL NOTICES

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Jesse Loyd

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 27th day of May, A. D. 1946, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said Plaintiff's petition was filed on the 2 day of November, 1945. The file number of said suit being No. 814. The names of the parties in said suit are: Lillie Mae Loyd as Plaintiff, and Jesse Loyd as Defendant. The nature of said suit being substantially as follows, to-wit: For Decree of Divorce on the grounds of cruel and harsh treatment, through non-support, cursing and abuse and threats of violence toward plaintiff and her family.

Issued this the 9th day of April, 1946.

Given under my hand and seal of said Court, at office in Post, Texas, this the 9th day of April, A. D. 1946.

RAY N. SMITH, Clerk
District Court, Garza County, Texas

AREA SCOUT LEADERS HONORED AT CAMP

A team of senior scouts, composed of Marshall Mason, Jr., Doyle Akin of Tahoka, Howard Schmidt and Jerry Crawford of Lubbock, conferred the honors of the Brotherhood on twenty-three senior scouts and leaders last Sunday at Camp Post.

This honor is the second honor of the Order of the Arrow, national brotherhood of honor campers of the Boy Scouts of America. The ceremony was begun in the afternoon and finished that night at a ceremonial fire.

Those receiving the honor represented nearly every part of the twenty county area of the South Plains Area Council.

FUNERAL SERVICES FOR WALTER G. CLARK READ IN DALLAS

Misses Thelma and Arbeth Clark and Mrs. Surman Clark attended the funeral of their uncle, Walter G. Clark, in Dallas early last week.

Mr. Clark was a brother of the late Carl Clark of Post and had visited here many times. Born in Scurry county, near Snyder, he moved to Dallas 29 years ago. He entered the real estate field. In later years he had been active in many Texas oil fields as an independent operator.

Mr. Clark died in his home after a prolonged illness. Services were conducted at Guardian Funeral Home with Rev. H. Leland Murphy of the First Presbyterian church officiating. Burial was in Grove Hill Cemetery.

fracks of the bridesmaids. The bride's brother, John McFall, served as one of the ushers.

At the reception hosted by parents of the bride at the Abilene Woman's club following the ceremony, Mrs. Willard Kirkpatrick assisted in serving guests. She went to Abilene Wednesday. She was joined on Thursday by her husband and son, Jack, and by Mr. and Mrs. Stoker. They all returned to Post on Friday.

Bits Of News:

Mrs. Walter Hyde remained in Mineral Wells with Mr. Hyde who is there for medical treatment. The couple went to Mineral Wells last week. Mrs. Hyde was expected to return home on Sunday but decided to remain there for a few days with her husband.

Mr. Neil Rector is a patient in the Lubbock Memorial hospital. He has been quite ill for several days.

Mr. and Mrs. Rex Everett returned home Monday after several weeks stay in Hot Springs, New Mexico.

Mrs. Ada Queen and son, Jerry Lee of Gordon, Texas, have been visiting her mother, Mrs. Nan Perry, this week.

Mrs. Ebert Davies and daughter Jerilyn visited in Cisco from Tuesday afternoon until Thursday afternoon.

Cadet Giles Dalby of Pascook Military Institute of San Antonio arrived home Wednesday to spend the Easter vacation with his mother, Mrs. Blanche Dalby.
