

WINDOW SHOPPING—  
Up And Down  
Main Street

Baseball is really taking the place of other forms of amusement in many sections of Post. Not only are the Post all-stars going "all out" for baseball (and on the way they play their first game Sunday at Seminole) but so many mamas and papas joining their little fellows in the vacant lots. The Robert Cato and Dan Dickerson neighborhood in north Post you can find a lively game being on each afternoon after working hours. Raymond Redman and Willard Kirkpatrick join the boys from their neighborhood frequently too. It's a great game to watch or play.

Trees have recently been planted in the Postex ball park and Claude Bailey said a new grandstand is to be started within a very short time.

Moving Day is in order for the Truck and Tractor bunch. All hands are helping with the job of moving from T. R.'s place to their new home.

Jess Wright is Jumping With Joy! He received six J. I. Case combines this week and has promised delivery on four already. He was busy unloading the long scarce items out at the Post Implement Company early Tuesday morning.

The Corner Grocery is sporting new sign featuring the store name in the trade mark colors of red and white.

Running Circles Around You will be the new custom made belts now available at Haws Department Store. Three day service is required for having the belts made to your order.

There is no enthusiasm like that of the very young. We're referring to the newly organized Cub Scouts. A bunch of kids were given a full part in the advertising program of the forthcoming rodeo. On Den meeting day recently they were given metal car plaques to sell. Before nightfall Mrs. Mothers, Mesdames Raymond Redman, John Lott and E. Young were being bombarded with requests for more plaques. These kids had "sold out" within an hour after the Den meeting.

The sponsoring group, the Post Chamber of Commerce, and the Rodeo Association President after Duckworth, are making proper contacts to get more metal rodeo bumper plaques for this bunch of Super-Duper Scouts. If you want a car plaque advertising the "Fastest Rodeo in the West" just call a Cub.

Speaking of the rodeo—two points pointing toward that popular thrill packed season were seen this week. Abie Haws is displaying a new shipment of rodeo shirts and Clint Herring is showing Swanky Ties in many rodeo shops and a new shipment of blue jeans.

The Matchless Beauty of Mahogany can be enjoyed by looking at the beautiful dining room suite in Mason & Co. window. The suite is styled in the Duncan Phyfe manner by Dixiel Furniture Manufacturers.

Duncan Phyfe, one of America's earliest furniture designers, was a Scotchman.

Shoppets' Meat—there is no rest in spending hours scraping, chopping and chopping meat for the Mary or Mark when you can buy a variety of canned meats by Swift & Co.—meats for young babies, chop-chop for older ones—at South Side Grocery where Roy and Voda take care to keep all the finest quality of products on hand. A new concrete entrance and steps have been completed at the store.

Chic style... Creative spectacle designs now enable you to choose eye shades with an eye to color that harmonize with your dress clothes. Several bright colored frames in eye shades are available at Hamilton's.

H. L. Gordon of the Gordan Flower Shop used over 2,000 flowers on back page, Col. 1)

ONLY LONG DISTANCE CALLS EFFECTED

# Post Is Not On Telephone Strikers' Map

Post fortunately wasn't on the map as far as the nation's telephone strike instigators were concerned.

Mrs. Fritz Greenfield, local chief operator for the Southwestern Associated Telephone Company, said that although all eight of the local operators are members of the Southwestern Telephone Workers Union, which had picket lines going in both Lubbock and Slaton this week, they did not receive an order to strike.

A local member of the union explained the "oversight" as being due to a difference in contract. The local operators, having only recently joined the union have a new contract and therefore are not in the same position as the unions with expiring contracts.

The Lubbock unit of the union invited the Post unit to join in a sympathy strike, the union member said, but this seemed inad-

visible inasmuch as the local members believed they would benefit eventually from any gains made by the strikers in Lubbock.

Most of the Post operators are former members of another union, the International Brotherhood of Electrical Workers, which does not figure in the strike. They withdrew from the IBEW during the past year.

### Can't Call Graham

Although local telephone service has been normal, the operators and some patrons have torn their hair over attempts to make long distance calls. The Post switchboard has been able to make all calls to Fort Worth, Dallas, Midland, Wichita Falls and other places requiring only one switch. Anything requiring more than one switch has been impossible except in emergency cases.

A call to nearby Graham requires two switches, and so only emergency calls could be made

there this week, the chief operator said. Only emergency calls could be made to Lubbock and Slaton telephones this week.

In Lubbock, the calls were handled by a skeleton staff of operators not eligible for union membership. These included a man who, Mrs. Greenfield believes, was not familiar with the work. On one occasion he ruled a call could not be made because it was not an emergency, then 30 minutes later he called back and said he could complete the call. "Guess it took him all this time to look up the number," Fritz said.

On another occasion, Post was calling Petersburg. The man said "burg... burg... where is that?"

The strikebound status of the long distance service has caused more tedious work for the Post operators, brought forth impatience from some of the customers and kept every operator answering questions each time she left the

office. Their friends, having read about the strike in the newspapers and heard about it on the radio, have wanted to know "when are you going back to work?" and it has been difficult to convince them that "we are working harder than ever," the girls say.

### Belong To Same Union

None of the towns in this area served by the Southwestern Associated Telephone Company were effected by local strikes, although their operators and other workers belong to the same union as do the employees of the Southwestern Bell Telephone Company which serves Lubbock and Slaton.

The dispute began in February when the telephone workers and management started a complex pattern of negotiations. On one side was A.T.&T.'s Bell System of 29 operating subsidiaries, plus the long-line department which A.T. & T. operates directly. On the other side were telephone unions,

with 340,000 of A.T.&T.'s 617,000 workers.

The union set-up is this: Thirty-nine unions, with 287,000 members, are affiliated with the National Federation of Telephone Workers.

### Little Hope Seen

In March all negotiations bogged down. The NFW policy committee took a strike vote, demanding industry-wide bargaining and a general \$12-a-week wage rise. The companies replied that a wage rise was impossible without an increase in telephone rates, and that rates are regulated by the Federal Communications Commission.

Little hope was seen by press time for an early end to this company's labor problems, although there was optimism over the possibility of an early agreement between the nation's telephone companies and their long distance workers.

# Rodeo Plant Taking Shape At Fast Rate

## Levelland Announces Rodeo Queen For Day

The new rodeo plant of the Post Stampede and Rodeo, Inc., is rapidly taking shape and the president, Walter Duckworth, predicts that the 3,000-capacity grandstand, corral, chutes and other necessary constructions will be completed by May 1, if the weather cooperates.

The completion date will be much sooner than originally anticipated and well ahead of the first event for the new arena—the matched calf roping on May 18 between Sonny Edwards of Big Spring and Lanham Riley of Snyder.

### Placards Sent Out

Publicity concerning the calf roping, which is scheduled for the third Sunday afternoon in May, beginning at 2 p. m., is being sent to various towns in West Texas and advertising placards concerning the event have been printed for distribution here and elsewhere.

The publicity and program committees for the annual Post Stampede and Rodeo, to be held in the new arena June 11 to 14 inclusive also have been on the job with the result that two of four West Texas towns already have accepted invitations to send a Queen and in other ways participate on the days honoring them during the rodeo.

### Levelland Queen Named

June 11, the opening day at the rodeo, will be Brownfield Day. Local officials will be notified by April 15 as to the name of the Queen to be honored and other details of Brownfield's contribution to the program.

June 12 will be Levelland Day. Lois H. Vestal, editor of the Levelland Sun-News wrote the Dispatch that Thelma Lee Keek, a Texas Tech freshman who "can ride with the best of them" has been selected as the Levelland Queen.

Two other West Texas cities will be similarly honored on June 13 and 14, the association directors have announced.

# Courthouse Is Damaged After Alleged Spree

Ceilings in the courthouse are still water soaked and smelling of something not high heavenly, some windows in the jail are broken and the courthouse environs are cluttered with bits of plumbing fixtures, allegedly the result of a tantrum thrown inside the jail last Friday night. The damage was estimated at approximately \$1,000, County Judge J. Lee Bowen said yesterday.

Cliff McReynolds, who lives at the Algeria Hotel, is one soiled khaki suit "to the good" and a good grey suit and all the accessories to the bad, the result of his attempt to be kind to a "broke" stranger this week.

After allowing the stranger to sleep in his room, he found the man's clothes there in the place of his own suit, necktie and other accessories. The man, who is nowhere to be found, had a broken left hand, looks like an Indian, has long black hair, is five feet, eight inches tall and weighs about 165 pounds. He also had a scar on his left back side. He told McReynolds his name was Doyle, Sheriff Nathan Mears said yesterday.

Kerna Young is minus a 1938 Chevrolet and has been since it was stolen last Thursday night. The sheriff had found no clues by this morning.

Other than the above and a couple of arrests for drunkenness, all has been quite on the local crime front. Two women were arrested on separate occasions last Friday night for drunkenness, both pleaded guilty and paid fines. One was further charged, in county court, with the destruction of public property, and released on a \$250 bond. The complaint was filed by the sheriff's department after the estimated \$1,000 damage was done to the court house.

The damage case will come up at the next term of the county court, about May 5, Judge Bowen said.

# The Post Dispatch

VOLUME XXI POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, APRIL 10, 1947 "THE GATEWAY TO THE PLAINS" NUMBER 17

## DIRECTORS WANT ADVICE—

# Fire Whistle To Signal C. Of C. Doughnut Party

Blowing of the fire whistle at 10 o'clock tomorrow morning will be the signal for all members of the Post Chamber of Commerce to rush to the Garza Theater for doughnuts and coffee and a short period of advising the board of directors on current projects and problems.

John Lane, president of the board, said the directors feel that the entire membership should be called upon to express desires and opinions in regard to certain civic improvement and other projects that are ready to be inaugurated if the members want them. The meeting will be short, Lane said.

### Legal Aspects Discussed

The coffee and doughnut meeting was planned at a meeting of the directors and the program and entertainment committee Monday night at the chamber of commerce office. After a business discussion, the group was joined by Mayor John Herd and members of the new city commission for an enlightening talk by Joe S. Moss on municipalities.

Moss explained types of city government structures and the various legal aspects pertinent to each. On behalf of the chamber of commerce civic improvement committee, which has been making a

fact-finding investigation regarding the city charter, Moss explained that Post is in a legal position to proceed with any type of civic improvement it chooses. His talk will be reproduced in next week's Dispatch.

### Barbecue Is Planned

The program and entertainment committee, composed of B. J. Edwards, Shelley Camp and J. C. Kendall, made tentative plans for a summer barbecue to which the entire chamber membership would be invited for a short program and discussion of current activities. The following other projects were discussed:

Revising the custom of having an annual oldtimers reunion; instituting a new angle of trades day or dollar day among the local merchants; having a special Fourth of July program here; and placing welcome signs on all the highways leading into Post, giving data about the city.

President Lane appointed an advertising and publicity committee consisting of Dowe Mayfield, Jess Wright, Miss Thelma Clark, Eddie Warren and Evelyn Boyd.

All board members were present except Paul Jones who was out of town.

# Liquidation Of Draft Board Is Under Way Here

After more than six years of activity in Garza County, the Local Selective Service Board is liquidating and the office will be officially closed by May 7, according to Chairman Dean Robinson who has served with the board during its entire existence.

Miss Lucille Meador, who has served as chief clerk since October 17, 1940, is checking and packing records for shipping in accordance with the deadline set by the state director of Selective Service.

The deadline for quick liquidation of the local board came soon after the recent expiration of the National Selective Service Act which ended the drafting days and permitted the country's menfolk to throw away their well-worn Selective Service registration cards. According to law, all the nation's selective service boards must be liquidated by not later than March 31, 1948.

The United States Army is now an army of volunteers, and all draftees from Garza County, who do not re-enlist, will be on their way home in the near future.

The local board is composed of Robinson; N. C. Outlaw, government appeal agent; W. L. Davis and Will Cravy. The members have been assisted in the past by an advisory board and a reemployment committee of local people.

# CITY LENDS PUMP TO HELP WATER COMPANY CLEANSE PIPE LINES

The milky-looking water which greeted everyone as he started to make coffee this morning was the result of clean pipes.

The Community Public Service Company cut the water off from 10 o'clock last night until 4 o'clock this morning in order to accomplish the pipe cleaning job.

A fire engine pump belonging to the city was borrowed for the project, Mayor John Herd said this morning.

# Norman Band To Play At Annual Firemen's Ball

W. H. Norman's five-piece band from Grassland will play for the Annual Firemen's Ball at the City Hall tonight, beginning at 9 o'clock.

Advance ticket sales indicate that a good crowd is expected, but local volunteer firemen are still beating the bushes to peddle as many tickets as possible at \$1.50 each. "We want the Post people to buy the tickets whether they go to the dance or not," says Fire Chief Homer McCrary. Proceeds will be used to send local firemen to various conventions and schools of instruction, the next of which will be the State Firemen's Convention in Amarillo June 10, 11 and 12.

The public is invited—and urged—to attend the dance tonight, says McCrary who promises that the music will be good and the entertainment will be worthwhile.

## TRUCK AND TRACTOR CO. MOVING HEADQUARTERS

The Post Truck and Tractor Company headquarters are being moved this week from the Greenfield Hardware Store to the new building at the corner of West Main and South Jefferson Streets.

Moving was begun Tuesday and, by press time, Dowe Mayfield and his bunch had things well straightened up in the new building.

Mayfield is the agent for International Harvester merchandise.

## Dr. S. A. Lowrie Is Quite Ill With Pneumonia

Dr. S. A. Lowrie is quite ill with pneumonia. His daughter, Miss Kate, who is bookkeeper of the Double U Company, has not been in her office for several days.

Another daughter, Mrs. Harry Allen, accompanied by her daughter, Mrs. V. O. Halford of Goldthwaite will be here tomorrow.

Mrs. O. E. McClendon, the former Mary Abbie Simms, and her husband of Lubbock were here Wednesday.

# Methodists To Begin Revival Sunday Morning

The spring revival at the First Methodist Church will begin Sunday and continue for 10 days, the pastor, the Rev. I. A. Smith, has announced.

The Rev. Noel Bryant of Falls will preach the sermons and the Rev. H. D. Seago of Friona will conduct the singing and be in charge of young people's work. Services will be held at 10 a. m. and 8 p. m. each day.

All people of the community are invited to participate in the services, the Rev. Mr. Smith said.

## SOUTHLAND BACHELOR ADOPTS FOURTH SON

J. P. Hewlett, bachelor superintendent of the Southland Schools, has adopted another boy from the Millam Orphanage in Lubbock, making a total of four adopted sons in his family.

The third son, Joe, was adopted last summer to become a companion for the second son, John, because in the fall the first son, Wilmet, was to enter Texas Technological College.

Hewlett adopted Wilmet more than four years ago when he was discharged from the Army. Although the oldest boy spends his week days in Lubbock, where he has a job to help pay his college expenses, he is home almost every weekend with one to several guests to enjoy the Hewlett home and family life.

# Water Company Runs Reminder On Water Rates

Elsewhere in this issue of the Post Dispatch will be found an advertisement inserted by the Community Public Service Company reminding local residents of the special summer irrigation rate which went into effect late last month.

Post residents who are going in for gardens and yard improvement will find considerable saving offered by the special rates. The minimum monthly billing, which entitles the user 7,000 gallons of water, will be \$2.50, with 20 cents net per 1,000 gallons for all over the 7,000 gallons.

The special rate is available to all resident users, and applications for the rates must be made in writing before April 20.

The rate continues in effect through September 20.

## NEW ARRIVALS—

A daughter, Joyce Marie, was born to Mr. and Mrs. Cephus Hilberry at 5:25 a. m. last Saturday at their home here.

Mr. and Mrs. Brode Puckett of Lubbock, formerly of Post, are announcing the birth of a daughter, Judy Gayle, at 4:10 a. m. last Friday morning at the West Texas Hospital in Lubbock. The baby weighed 8 lbs., 3 oz. Mrs. Puckett is the former Wilson Chaney.

# Postmaster Exams Announced Here

The United States Civil Service Commission has announced an open competitive examination for the local postmastership.

Applications must be on file with the U. S. Civil Service Commission in Washington, D. C., not later than April 29, 1947. The proper forms may be obtained at the local postoffice.

Date for the examination, which is to take place in Post, will be announced after the April 29 deadline for filing applications.

## Eulas Brown, G. E. Fleming Purchase Gulf Service Station

Eulas Brown and G. E. Fleming purchased the Gulf Service Station from A. T. McCampbell recently and took over duties there on April 1.

Both Brown and Fleming are well known in the county and are extending an invitation through an advertisement to all their friends and patrons to visit the Gulf Station at any time. The station will maintain a 24 hour service.

New concrete drives were laid last week and contract for painting the exterior of the station has been let to Jeff Brant. This portion of the new clean-up and repair program will begin within a few days.

Mr. McCampbell did not announce any immediate plans for the future.

### Soil Sunday To Be Observed By Tour of Nation

A recent editorial in the Houston Chronicle tells that Sunday, April 20, is the day that has been designated National Soil Sunday. Observance of the day is sponsored by the Friends of the Land, an organization "for the conservation of soil, rain and man." A DC-3 plane will start a nationwide tour on this Sunday to inform Americans of the need for conservation of the soil.

The editorial continues: "Erosion has already eaten away one third of America's topsoil, that part of the land which produces vegetation. When white men came here, there was an average topsoil nine inches deep. Now it is six inches on the average and is being whittled down daily. Nearly 200,000,000 acres, six times the area of Illinois and enough to support 80,000,000 people, have been destroyed or seriously damaged."

According to the article, the effects of improper cultivation may be observed with the naked eye in the rivers of America. The silt load of the Missouri River jumps from 10,000 tons to more than 1,000,000 tons a day when farmers begin to cultivate up and down hill in the spring. In one year 100,000,000 tons of the richest farmland in the world is swept away by the Missouri River and deposited on the bottom of the

Several men from our community have been fishing lately. Last week Irvin Chandler and Bon Longshore were among a group who fished on the Devil's River near Del Rio. Bon brought home a very nice fish, but whether he caught or bought it, we don't know.

The E. W. Currys and Lloyd Roberts visited the Rev. Gillam and family at Crosbyton during the weekend.

Mr. and Mrs. A. M. Smith and children are spending the week in Lordsburg, N. M., visiting his brother.

Orville Cearley of Tulsa, Okla., was an Easter holiday visitor of his parents, Mr. and Mrs. Forrest Cearley.

David Gossett has returned to school at Galveston after spending the holidays here with his parents, Mr. and Mrs. Ed L. Gossett.

Mrs. J. W. Teaff and son, Auda Vee, and Mr. and Mrs. Milton Bayer visited the Eldon Roberts family in House, N. M., over the weekend. While there they attended a youth revival at the Baptist Church in House.

Harvey Mason is at home with his honorable discharge from the army. Before entering the service, Harvey was a student at Tech.

The Rev. and Mrs. R. E. Bratton are visiting in Comanche.

After church services Sunday, about 55 men, women, and children drove to the park in Lubbock and enjoyed a picnic lunch, and an Easter egg hunt. Former residents of the Close City community, the L. W. Dalbys of Post, were among the crowd. A "big time" was had by all, reported Tom Williams.

### OSCAR CHAPMAN 'RUINS FROM TROUBLE' GETS ROTARY EDITORSHIP

Oscar Chapman made his debut into journalism this week when he became editor of The Post Branding Iron, official publication of the local Rotary Club.

Advising his readers that the first issue of Mark Twain sold for more than a thousand dollars and that this his first issue might some day be valuable to future generations as scrap paper, he printed this explanation of how he happened to be appointed editor by Rotary President Dean Robinson:

"It never pays to run from trouble. Last Saturday morning I ran away from my wife to keep from having to shovel sand out of the house. When I got to the courthouse, I found that some of Nathan Mears' guests in the county boarding house had decided to make an aquarium out of the place. They were doing a good job too. In a few minutes after I arrived, Dean Robinson splashed by where I was standing on a desk and began to plead for help. I thinking the man was about to go down for the third time consented and before I knew it I was appointed temporary editor of this paper."

Chapman, a Garza County GI Vocational Agriculture teacher, succeeded W. F. Presson whose resignation from the club was accepted with regrets.

### MARVIN DUNLAP INJURED IN COURTHOUSE MISHAP

Marvin Dunlap, janitor at the court house, received first degree burns over a large area of his body Monday morning about 10:30 o'clock while trying to burn wet papers at the court house. The injuries came from an explosion resulting when he poured gasoline on the smoldering papers in an effort to make them burn.

He was treated at the Post Clinic for burns on his right hand and forearm, his left hand and his right leg from his ankle to his waist. His face was uninjured.

Gulf of Mexico. This is the equivalent of a 100-acre farm every five minutes. Rich silt from the Mississippi River has built up a peninsula into the gulf for a distance of 80 miles below New Orleans.

Historical areas among the most fertile in the world in ancient times are now arid deserts. The Gobi Desert was once productive farming region and the sands of the Sahara cover what was once the prosperous country of Babylon. So the story of erosion is not new to man.

An article in a recent issue of the Post Dispatch showed that Garza County farmers and ranchers are doing something about the erosion situation in this area, a majority of them having signed up for terracing and other soil conservation projects.

The autogiro was invented by a Spaniard.

### GARDENERS ARE WARNED AGAINST WEED KILLER

Garza County gardeners planning to use 2,4-D in their gardens this year are warned not to do it by the U. S. Department of Agriculture.

D. F. Eaton, Garza County agricultural agent, said that while 2,4-D has made itself a quick reputation for killing some broad leaf weeds, it is not the answer to the problem of getting weeds out of the garden.

"Tomatoes, beans, peas, and other popular garden vegetables are very sensitive to 2,4-D and if a little of the spray drifts onto the vegetable plants, you may have a lot of replanting to do," Eaton said.

"Another warning; if you use 2,4-D in your spraying equipment to kill the weeds in the lawn,

When Albert Bulamn of Chicago got out of his taxi to retrieve a hub cap, the passenger drove off with the car.

William Kolander, proprietor of a hamburger stand in Kansas City, has been held up 103 times.

don't use the same spray equipment for other sprays on your garden crops unless you first thoroughly clean the sprayer with warm ammonia water," he explained. The USDA scientists say use two teaspoons of household ammonia to a gallon of warm water to make a good cleaning mixture. The same precautions should be used when spraying lawns, by not letting any of the spray drift on flowers or shrubs.

\$10,000 of Income Insurance will provide a monthly check of \$100, as long as you live. If you don't want the checks when you reach retirement age, an attractive cash settlement can be arranged. Should death interrupt your plans, protection for a beneficiary is provided. Rates depend upon your age. At age 30, for example, you can put this program in effect by setting aside \$6 a week.

### Just a Drop IN THE BUCKET

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

YOUR I. H. DEALER

### Big Reward Is Offered Finder Of Lubbock Man

A reward of \$5000 is being offered for the apprehension of B. E. Needles, Lubbock tire dealer who disappeared March 22 at

**B. E. NEEDLES**

Wichita Falls. The reward will be given to the person or persons supplying information resulting in the finding of the probable amnesia victim dead or alive.

Sheriff Grady Harrist of Lubbock is asking persons who have clues as to his whereabouts to telephone 5555, Lubbock, collect. Claims for the reward must be filed in writing by July 30 with the Lubbock sheriff who will be the final judge of any claims.

Needles, who was considered the nation's 20th largest tire dealer before the war, probably was wearing a square-cut, gold-mounted ruby ring on the ring finger of his left hand and carried a silver pocket watch mounted on a tire, and wore gold-rimmed glasses. He is 37 years old, 5 feet, 7 inches tall, weighed 175 pounds at the time of his disappearance, has blue eyes and thinning gray hair.

### GI INSURANCE MAY BE CONVERTED EVEN AFTER LAPSE, DVORACEK SAYS

Charles F. Dvoracek, Veterans Administration itinerant contact representative, serving Post, said today that veterans in this area are responding to the advice "hold on to your GI Insurance," as evidenced by the great number who are flocking to the VA Contact (Intinerate) Station in the County Courthouse here to reinstate or convert their GI Insurance.

To veterans in this area who have missed payments on their GI Insurance Dvoracek said, "It's not too late to reinstate. Under conditions made possible by a recent act of Congress, a veteran who has allowed his insurance to lapse, may reinstate it by paying only two monthly premiums and signing a statement that his health is as good as it was at the time of lapse."

By converting, the veteran retains his National Service Life In-

### Graze Chickens On Barley and Other Greenery

Garza County poultrymen should be interested in the chicken grazing tests reported by Ted Martin, poultry husbandman of the Texas A. and M. College Extension Service.

While chickens and turkeys are not ordinarily put in a class with grazing animals, explains Martin, tests have shown that when they get the chance, poultry will get as much as 20 per cent of their feed requirement from green feed. Since feed can generally be produced economically in the form of pasture than in any other way, cutting down feed costs is reason enough to provide pasture for poultry. But Martin says there are other advantages to be had from growing green poultry feed.

All poultrymen agree that there is no question about the value of Vitamin A in the feed of all classes of poultry, Martin says, and fresh green feed is probably the most dependable and economical source of Vitamin A. Barley, oats, sudan grass, and similar crops can be grown for year-round grazing in nearly all parts of Texas. These pastures will need mowing often, however, to keep the plants from becoming hard and woody.

There is a precaution to take in grazing poultry, too. Martin explains that too much green feed in the ration of laying hens may cause discolored yolks and watery whites in eggs. But if the birds are started gradually on the green feed, and offered more each day, no harm will result. Martin says poultrymen may begin by turning birds on pasture for 30 minutes to an hour before roosting time, and lengthen the period each day until they stay on pasture all afternoon.

### NATIONAL ARMY WEEK OBSERVED AT LUBBOCK

The National Army Week celebration at the South Plains Army Air Field, near Lubbock got underway Sunday and will last through Saturday.

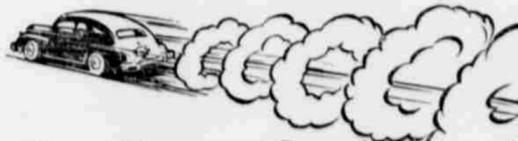

Major Robert W. English, commanding officer, arranged for daily open house at the field and permission for visitors to inspect plans, equipment and army procedures. The gates of the field are open through Friday from 9 a. m. until 4 p. m. The exhibits are near the black hangar close to the main entrance. Theme of the celebration is "A Strong America is a Peaceful America."

insurance and simply changes it from term insurance, the kind issued in the military service, to a permanent plan of National Service Life Insurance, Dvoracek said.

One out of every 13 persons in the United States suffered a disabling injury in 1946 the National Safety Council reports.

By  
**EDDIE the EDITOR**

Now that the city election is a by-gone, and a new city administration has moved in following last week's spirited biennial balloting, the time has arrived for all good citizens of Post to pool their efforts for a plan of action that will push Post forward along with the other progressive towns of West Texas.

One of the greatest weaknesses in our government... national, state and local—has been the lack of interest on the part of the "average man." This lack has always been more prevalent with regard to our own city government. In time past we have managed to work ourselves into a dither over some presidential or gubernatorial campaign, but never before last week's demonstration of interest among local people, has our city election amounted to a "hill of beans." We have always let our local situation, that touches us more directly, just rock along too much.

It has always seemed to me that there has been little cause for our city dads, who are paid off in cheers and jeers rather than something more tenderable, to bend themselves backwards doing something worthwhile for the betterment of our city when only a small percent of the townspeople participate in the elections. Their duties are likely to grow tiresome, and their entire civic viewpoints may change because of the lack of interest being shown on the part of John Q. citizen.

Our city is divided into three groups of citizens. One group, I'll call it number 1, is made up of citizens who are trying to make Post a better place in which to live. Group number 2, considerably larger than group number 1, is for progress but this group has put forth little or no effort to help make Post that good place to call home. The third group, and it is in minority, is made up of people who are complacent or content with things just as they are.

Group number 1 felt the need of a change in administration. They selected their candidates, started to work and got them elected. The interest shown by the citizens is evidence that the majority of Post citizens are ready to push forward. The vote given the new Commission will surely serve as their incentive to give of their best.

Now it's time to settle down to the serious business of pushing Post forward. The best way to go forward is to get behind our city officials, they must have more help than has been given the commissions of past years. Post citizens must unite with them and plan a definite program of action. Otherwise the lack of progress can be but one thing—a state of disintegration—a state of slow death.

Pastor (to Sunday School class): "What are the sins of omission?" One little girl timidly raised her hand. "I think they're the sins we should have committed and didn't, sir."

The Mrs., who is usually a conservative little soul, went completely besmirk on the subject of Easter bonnets. The offering of haloes, swags, padres, flowers, cart-wheels, sailors and marshmallow puffs of maline, (stay right with me fellows) that she brought home to try with her Easter outfit had her floating in the clouds, until she spied me lifting an amused left eyebrow. She finally decided on a little red number that resembled a flattened

ROGER W. BABSON WRITES THIS WEEK:

**Businesses In Rural Areas Offer Many Opportunities**

New York City—Many letters have come to me saying: "Knowing you do not like investments in big cities such as New York, Philadelphia, Baltimore and Pittsburgh, what would you suggest 'as insurance' for those who do live in these or other big cities?" My answer is very simple, namely, to invest some of your money in small cities and well-diversified industries. Very big cities have reached their maximum of influence; their real estate will gradually decline in value; their workers will be less

efficient; their cost of living will abnormally advance and their danger from communistic uprisings from within and attack from without will continually increase.

**Bullish On Small Cities**

I believe it is safe to say that locally controlled businesses in rural self-supporting and self-contained areas will more and more flourish. What sort of business in these rural areas offer the best opportunities? Here are some suggestions:

(1) Locally controlled grain handlers to supply the staff of life; manufacturers of building materials, such as gypsum, lumber, cement, lead, copper.

(2) Bus, truck and airplane transportation companies which

will be called on to handle a much increased business;

(3) Local oil producers and distributors in contrast to the larger operators with refineries in big cities; also coal and wood yards;

(4) Local hotels and restaurants which will be called on to accommodate the continual influx from large industrial centers destined to suffer from unemployment;

(5) Local trading companies in a position to either sell for cash or barter the valuables most easily transported such as silver, gold ornaments, platinum or diamonds, for living necessities;

(6) Automobile and farm machinery repair shops which should

run to capacity plus;

(7) Any well-located buildings of large capacity, which would be in demand for conversion for any of the above purposes.

**Own Certain Real Estate**

There should be added to this list existing homes and especially small farms over fifty miles from large cities. That is, cottages off the main line, which are not dependent upon the operation of a public utility. Merchants should carry a full line of wood, coal and oil stoves, kerosene lamps and candles as well as big supply of canned goods. Don't always bank on others to supply garden produce, but each year plan enough of a garden to supply

vegetables for sustenance and for canning in season. Remember that potatoes, beans and greens will furnish as good a diet as millions live on today.

It might be suggested that dollar bills, stored in a safe deposit vault would be a good hedge if another war or depression comes. That may not be true. Far better have some good jewels in your safe deposit box! What about local bank stocks? The business of small banks may become very profitable. But large holdings of depreciated securities might make their stocks of little value. However, banks with their chief assets distributed throughout the Central West and South should be safe.

**Don't Be An Isolationist**

We should continue to put forth our best efforts to make the United Nations a success and free the world both from another war and depression; even while re-shaping our investment and living program along the above lines. Because we take out a fire insurance policy it does not mean that we expect our home to burn. Surely business should waste no time in decentralizing its operations; the military should be allowed its full budget estimates; and the Commerce Department should take precedence over the State Department.

Practice it. If it works, preach it.

**Garza and the World**

Editor's Note—The author of this column is a former Foreign Officer of the U. S. State Department. Her opinions do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By EVELYN BOYD

Has anybody thought of sabotage in connection with the Illinois mine disaster? \*

Up to the time of John L. Lewis' having the soft coal miners quit work during a mourning period for the mine disaster victims, there had been some definite signs of an improved labor situation. The coal dictatorship further complicated the steel, telephone and automobile workers' situations. It will effect every person in this county in time.

In sharp contrast to many an American officially representing this country overseas, Secretary of State Marshall exhibited a quiet, military manner which produced awe at the Moscow Conference. He played his hand shrewdly and hewed closely to issues under discussion, giving no clues as to what kind of bargainer he is or if and where he would compromise. One of the first American diplomats to be regarded as a man of mystery, this newest member of the Council of Foreign Ministers emerged as its dominant personality. Marshall's is a new and laudable kind of American diplomacy.

The almost diabolical perversity of the British weather during the past year has dealt England a cruel double blow by increasing her need of foreign exchange while reducing her capacity to produce goods for export, with which foreign exchange might be obtained. The hungry Britons' sad plight is likely to get worse before it gets better, as England's American

oil but Prince Albert tobacco can more than a headpiece. Then for "special occasions" she just had to have the little green cutie which, according to our judgment of feminine finery, looked like some of our last summer flowers and tree leaves whipped up in a Mix Master. For a couple of weeks I simply swooned with delight when she flitted about the house trying on her new head-gear—I even agreed to escort her to the Easter Sunrise service just to see what would happen when she stepped out in the wind with the little contraption made up of fifteen cents worth of hen's nest straw dyed red.

My apologies are offered at this time—the Mrs. isn't the only one. You should have seen that cute Tech Co-ed Iris Parker wearing her little green contribution to Easter perched on her head backwards—she liked it that way better, and I all but fell flat on my back in amazement when Zoe Clary strutted out in a brown Dinty Moore derby. I got off light fellows, the wife's twelve dollar investment in fifteen cents worth of straw was bonked dory by me, but gads I feel for Iven, his wife's derby was made of sure enough felt and must have cost him a fortune.

can and Canadian credits may become exhausted as early as the middle of 1949. \*

The Truman doctrine of providing assistance for free nations that are succumbing to Communist pressure had cost the United States approximately \$20,000,000,000 from the time hostilities allegedly ceased until the recent request for \$400,000,000 for aid to Turkey and Greece. The figure includes not only actual expenditures but also commitments and funds earmarked for specific purposes covering foreign financing, relief and rehabilitation, credit, supplies and, in general, the many aspects of the nation's far-flung activities.

Major items include the British loan, contributions to the International World Bank and the International Monetary Fund, increasing the capital of the Export-Import Bank, cost of winding up lend-lease, a post-V-J Day "lend-lease" authorization to China, cost of surplus property disposals overseas, relief in countries occupied by U. S. forces, expenditures in behalf of the Philippines, UN-RRR, payment on an old RFC loan to the United Kingdom and for a lend-lease pipeline.

Now comes requests for Greece, Turkey, Korea, and possibly by press time, other countries. All these could be mere drops in the bucket of what is to come; of what the people of Garza County will help dig up.

If such a creature existed today in Europe as an average middle-of-the-road politician, he would view the Truman doctrine with mingled hope and fear. Europe is divided between the extreme Left which fears or resents what the doctrine might mean in practice and the extreme Right which stands to lose its ground entirely unless European economy is restored as quickly as possible. To one group we are meddling and asking for war. To the other we are obligated to help for the sake of our own shirts. To both groups, the U. S. is a fat old dowager who, not hav-

**What Our Contemporaries Are Saying:**

**PRINTER'S INK WILL DO—** To be perfectly plain, the Herald is not taking to the invention of an Oklahoman, who is reported to have brought out an ink that will leave the scent of bacon, ham, vegetables and fruits in the grocery ads. What if the local druggist was to decide to run in his ad the smell of assafoetida? Or perhaps the hide man would want to reproduce the odor of his "curing" hides? Or the barber wanted to give you an idea of his singes? No, the Herald will continue to buy and use the old time printer's ink. We kinder like its smell anyway, and never saw a confirmed printer that didn't.—The Terry County Herald.

**DOGGONE IT—** The young bride-to-be called up her boy friend one night and asked him what he was doing. Just checking up a bit, you know. And he said "oh, I am being a good boy tonight and staying home and washing my pajamas." This pleased the "checker-upper" who said "well, good for you. Is anyone helping you?" Just then the operator cut in and in a very sweet voice said, "I'm ringing them." —Clarendon Leader.

**EDITORIALS FROM ALL—** Every few days, someone comes along and expounds over our desk some civic problem, ending up by saying, "Why don't you write an editorial about it?" Some of the ideas we get this way sound like constructive suggestions, for the betterment of the community. But when we set down to write them, we find we lack the enthusiasm of the fellow who originated the thought. —Gaines County News.

ing experienced a war at home and the postwar hunger that is rampant elsewhere, deserves to share her worldly goods with everybody else, until it hurts. Neither group has any idea that it hurts and has been hurting since the post-depression beginning of a powerful socialist movement in the United States.

The writer of this column spent part of the war and a year of the so-called peace in Italy, Greece, France and North Africa. In the course of time, she will attempt to interpret the news from these countries in the light of how she saw it shaping up a year or two ago and how it is now effecting Garza County.

**PRECIOUS BISCUITS—** "Pass-in" the biscuits, pappy—a political phrase of a bygone political era in Texas, could well be revived as an indication of luxury since wheat has gone to \$3 per bushel. Probably not again in our lifetimes will we see cotton and grain prices much higher than at present, and while such prices will mean exceptionally good business for months to come, farmers should take advantage of these "stratosphere" prices to salt part of such crop returns away for a few rainy days. —The Scurry County Times.

**MUST BE PROGRESSIVE—** Whether Slaton grows larger or not is not important but what is important is whether we are progressive, have good schools, keep our town clean and work in unison to make each other prosperous. It is not my belief that one should buy from any firm for any other reasons than because the services, quality and prices are what they should be and if such is not obtainable I do not blame any one for going elsewhere and I do not think that any business man should howl if he loses business to another concern because he cannot deliver the goods himself. —The Slaton Slatonite.

Estimated annual fertilizer needs in Texas for corn are 8,750 tons of nitrogen, 7,500 tons of phosphorous and 3,750 tons of potash.

Each year, 18,000 people are killed, and 2,000,000 injured in farm accidents in the United States.

In the first eleven months of 1946, the railroad accident death toll was 3,928—a 7 per cent decrease from 1945.

## Bits Of News

### PICKED UP ALONG THE NEWS PATH

Miss Juanita May left Sunday for Hillsboro to make her home.

Jess Giles of Olustee, Okla., is visiting his brother, H. F. Giles, and family here.

Mr. and Mrs. C. D. Morrel left last Saturday to spend a week or more visiting Mrs. Morrel's sister in Dallas. They planned to tour the Dogwood Trail near Palestine on Easter Sunday.

Mr. and Mrs. Ira Lee Duckworth recently attended a Kansas City Life Insurance convention in Galveston.

Dr. and Mrs. A. C. Surman returned last Friday night from a week's fishing trip to Del Rio.

A hunting trip on Sunday afternoon to Two Draw lake proved to be an unhappy experience for Clifton Wells, youngest son of Mr. and Mrs. J. J. Wells. He was accidentally shot in the leg as the .22, a companion, "Pokey" Ammons, was carrying, went off as it was jured against Wells' leg. Ammons and the third boy in the group, John Lee Johnson, brought young wells to the doctor. After X-rays were made it was found that the bullet just grazed the bone. It is believed he will be up and about in a few more days.

L. W. Dalby, A. B. Haws, Duke Travis, Paul Jones, Lester Nichols and George Barker attended a meeting of Royal Arch Masons Monday night in Lubbock.

Mrs. Jessie Cox and children of Lubbock are visiting in the home of her parents, Mr. and Mrs. Carter.

Miss Theona Beauchamp and Lester Josey attended Easter services at the First Christian Church in Lubbock Sunday, and visited that afternoon in the home of Mr. and Mrs. Milburn Summers.

H. C. Littlefield returned home this week after a visit with relatives and friends in Decatur and Ft. Worth.

Things are looking up a bit for Mr. and Mrs. R. E. Stewart (she's the former Bonnie Ruth Nance) who have been living in a trailer home while attending the University of Missouri at Columbia. They recently moved into a bigger and better trailer and so have changed their address from 49 Dairy Lawn to 38 Dairy Lawn Street, Bonnie Ruth's mother, Mrs. Elton Nance said this week.

Mr. and Mrs. Jack Kennedy and children and Mr. and Mrs. "Doc" Kennedy were Lubbock visitors Sunday.

Mrs. Vonette Day and daughter, Gloria, visited in Dermott over the weekend. While there they saw a nephew and cousin, Johnnie Sam Browning, who has just returned from China.

Mrs. Ben Wilson underwent a major operation at Lubbock Memorial Hospital Tuesday.

Paul Duren, Jr., Mrs. J. O. Hays and D. M. McElroy visited in Bridgeport last weekend. Mr. McElroy plans to visit there for six weeks. Paul and Mrs. Hays returned Monday.

Attending church and visiting relatives and friends in Spur Sunday were Mr. and Mrs. Harold Wallace and daughter, Mr. and Mrs. Z. P. Lusk, Mr. and Mrs. W. H. Newbury, Mr. and Mrs. Bob Lusk and Mrs. A. L. Wallace, all of the Graham Community.

Mrs. Giles Connell, who has been ill with influenza for several weeks, was admitted to West Texas Hospital in Lubbock Tuesday for treatment.

Mrs. Billie Baker is in Lubbock this week with her mother who is a patient in the Lubbock Memorial Hospital.

## gossip about garza Guys And Gals —by gay nellie

It seems that Winifred Anderson has made quite a hit in her new home, Seminole. She was visiting friends here Sunday and brought along a "new flame," Robert Jameson.

Marshall Mason, Jr., spent the Easter holidays in Ruidoso, N. M., with a group of friends from Texas Tech.

It seems that Post is "really on the map these days." Saturday morning as we were thumbing through the Star-Telegram we saw "Miss Post." "Bill" Kennedy, along with five other Tech students, starting us in the face. She is a candidate for rodeo queen during the college All-Western Days observance which will be held in Lubbock April 11 and 12.

Speaking of the shindig to be held on those days, we received word today that another Post girl, Josh Cook, is also a candidate for this place. The winner of the contest will be crowned at an all western dance at Tech Saturday night.

Wanda West, Melba Miller and Norma Hudman spent Sunday evening in Lubbock and enjoyed a Mexican dinner. Norma remained in Lubbock to begin classes again Monday.

Matilda Malouf is visiting an aunt in Wilmar, California, for a few weeks.

Ella Norene Jordan and a co-worker in the University of Denver, in Colorado, were here to spend the Easter weekend with Ella Norene's mother, Mrs. H. D. Moreman.

Monday noon as a red jeep and a horse trailer pulled out from the goat ole home town, we realized that Jim Bird, A. C. Thomas and Carroll Bowen (and Jim's horse) were on their way back to Abilene, after spending the holidays here. (Yes, the horse spent the holidays here, too!)

A group of Tech students were Sunday dinner guests of Mr. and Mrs. M. J. Malouf and were treated to a fried chicken dinner with all the trimmings. To the boys, this was really a treat after having eaten out for such a long while.

Iris Parker's voice is appreciated not only in Post but elsewhere. She has been asked to sing at six weddings this summer of Tech classmates.

Saturday night at the Legion Hall, Iris Floyd, Helen Thaxton and Jane Turner were hostesses at a get-together in honor of Joe Stokes who was here from A & M for the holidays. Games were played and Clonnie Gribble played piano music during the party. Approximately 75 guests were served refreshments at the conclusion of the evening.

Wayne Hundlef was through the home town Monday afternoon in a new Chevy, (of course it belonged to Helen Jo and R. B. Young and they were here, too) heading for Abilene to begin classes again Tuesday.

E. W. Williams, Jr., accompanied by Miss Mary Ann Morrison, students at SMU in Dallas, arrived here Friday to spend the Easter weekend with his parents. On Saturday a group of friends gathered at the Williams home for an informal hour of fun and games of bridge. E. W. and Mary Ann attended church here Sunday and visited friends in Lubbock in the afternoon, returning to Dallas Monday.

## COTTON SEED TREATMENT IS INEXPENSIVE KILLER OF ANGULAR LEAF SPOT

According to agronomists, treating cottonseed can play a big part in keeping down seed-borne diseases, getting better stands and increasing cotton yields per acre. Seed treatment is an inexpensive form of crop insurance, since it costs only a few cents to treat a bushel of seed and kill disease germs on the seed and protect seedlings as well as seed from diseases which may be in the soil.

The two worst seedling diseases are angular leaf spot and soreshin. Angular leaf spot is found in nearly all of the state whereas soreshin and root rot very seldom affect regular acreages of cotton in this area, said, Garza County farm agent D. F. Eaton. Plants affected by soreshin sometimes recover but they are often delayed in developing which may cause reduced yields.

Cottonseed treatment not only prevents a great deal of the above troubles and promotes better stands but also increases the seedlings' vigor which permits earlier and better cultivation. Pamphlets carrying full directions for treating cottonseed may be obtained at the Garza County Extension Office in the court house.

THURSDAY, APRIL 10, 1947 THE POST DISPATCH

One ounce of nicotine sulphate and a half bar of neutral soap, well-mixed with six gallons of water, is an effective control mixture against sucking insects in the garden.

Bing Crosby's radio package, with more stations being added every day is costing his sponsor \$34,000 a week. But Bing has to pay all the production and cast bills.

### Duren Uses All Comers In Walloping Sundown In Exhibition Game Sunday

The Post baseball club, well stocked with promising performers at most positions, last Sunday in a slugging exhibition at the local park trimmed their league opponent, Sundown, 7 to 6, before an enthusiastic crowd of fans. Manager Polly Duren took advantage of the practice game to

give all his batsmen, including several high school boys, a chance to demonstrate. Several promising new comers made strong bids for positions on the nine. Joe Randall started on the mound and pitched three innings, allowing quite a number of hits but showing excellent control.

### Antelopes Preparing For Senior Tussle Slated For Next Friday Week

#### RUTH SIGNS CONTRACT TO PROMOTE "KID BALL"

Babe Ruth, still weak from his recent illness, Monday signed a contract to serve as consultant for Ford Motor Company in the American Legion Junior baseball program.

The former home run king after signing the contract took off Tuesday aboard a Miami bound airliner for a two week's vacation in Florida. He is recovering from a serious neck operation performed last January 6.

The Babe has always given much interest to kid baseball, and according to press releases, feels that he is now realizing a life-long ambition.

Randall was replaced by James Altman who tossed three innings before giving over to his brother, Southpaw Ed, who looked as good as he did last season when he leveled down on his opponents.

Fritz Hester caught for Randall, and dropped out of the play at the end of the third when Altman took over the mound. Gray replaced Hester, and Dan Altman came in for the last three rounds to catch Ed.

R. M. Thomas started at first and turned the job over to Roy Williams, who after doing an inning of excellent fielding, was replaced at bat by Polly Duren who went in to pinch-hit when the locals were in scoring position. Duren gave over first base to Bilberry after a couple of innings.

Sonny Nance started at second and remained in the play until the fifth when he was replaced by Demos Altman.

Walter B. Holland went all the way at short stop, as did Paul Davis on third.

Punk Peel, Dale Hester and George (Shorty) Hester were in outfield during the first five innings and walked out to turn the fielding over to Gilmore, Short, Woods and Martin.

The locals faced two pitchers, a lefthander and a hard pitching

Coach Bing Bingham's 1947 Antelopes, now in their third week of spring training, are taking it rough this week as the coach is throwing everything but the book at them shaping them for next week's regulation game with the Seniors. The big game, which will climax the training season, is slated to be played next Friday night week, April 18.

Bingham said Wednesday that his team was shaping up well, and that a group of first year men who have been getting much of his time are developing into promising gridmen. Chas. McGuire, who was on last season's squad, but held a bench spot most of the season, is looking good at center, as is W. J. Goss, another last season's squadman, who is making a strong bid for a tackle slot on the 1947 team. Chas. King, an eighth grader, is also getting Bingham's eye for a backfield position. Three other boys, Roy Teaff, guard, and Roy Wade and Roy Davis, are "looking mighty good," said the coach.

Undecided as yet, but to be announced next week, will be the probable starters for the Antelopes when they take on the Seniors. Bingham said he was still polishing off the rough spots and that he would make the announcement in time for next week's Post Dispatch.

The Seniors will be represented by Bud Everett, center; Neil Clary and Billy Joe Lofton, guards; H. T. Carr and Chas. Hudson, tackles; Audie Wiley and Lester Josey, ends; Sonny McCrary, quarterback; Lewis Mills, left half; Roy Brown, fullback; and W. C. Carlton, right halfback. Mac McCullough and Herman Jenkins, will substitute.

The Seniors are being coached by the Rev. Huron Poluac, Baptist church pastor, and Jess Wright, former Post High School coach.

The game is to be played at Antelope field and will be a night affair. Time, admission price, and other information will be published in next week's Dispatch.

### Seventeen Post High Athletes Will Get '46 Jackets

An order has been placed with an athletic equipment firm for seventeen jackets for Post High School athletes who rate letters for their participation in 1946 football and basketball, announced Coach Bing Bingham Monday.

The jackets will be made up of black and gold materials, designating Post High colors, and will be delivered sometime during the summer months for presentation to the boys early next fall.

Boys to receive the awards include Bud Everett, B. J. Lofton, Neal Clary, Carter White, Jimmie Smith, H. T. Carr, Roy Williams, Hugh Ingram, Sonny McCrary, Shorty Hester, Stanley Benge, Junior Malouf, R. E. Josey, Gaylon Young, Lester Josey, Billy West, Buddy Hays and Odie Wylie.

All of the boys lettered in both football and basketball, except Buddy Hays and Odie Wylie.

### City Softball League Talked

Much talk is flowing up and down Main street along the thought of organizing a city softball league. Maybe it's the spring weather we've been having that has put the boys to talking, or maybe it is the lights that were installed late last season at Postex park . . . something has taken hold to cause several store managers to start organizing teams.

Post softball fans should see the greatest softball season ever, if plans push forward to organize a six to eight team league.

righthander to chalk up 18 hits. Thomas polled out a triple early in the play to show fans that he still had his old slugging power, despite the fact that he was out of most of last year's play with an injured ankle.

A workout is on tap for this afternoon, after which the locals will be all set to go into play when the league opens Sunday.

Mrs. W. N. Draper of Anton arrived here Wednesday to visit two weeks with her parents, Mr. and Mrs. T. J. Head, while her husband, who is pastor of the First Baptist Church at Anton, is conducting a revival meeting at Wichita Falls.

### Local Club Goes To Seminole For Season's Opener

The six teams of the Oil Belt league will swing into action Sunday afternoon when three games get underway in as many towns forming half of the loop. Post journeys to Seminole, Seagraves to Slaton, and Levelland to Sundown. The games are scheduled to begin at 3 p. m., as will all games throughout the season. The admission to the games, as agreed by league officials, will be fifty cents.

The Post semi-pros will carry a full crew to Seminole, fifteen men in uniform, in accordance with league standards. The long list of tryouts has been cut back to fifteen to comply with rules that no team will carry over that many men on its roster. Manager Polly Duren said this morning that he would likely send in one of the Altman brothers to toe the hill for the locals, but did not indicate whether it would be big Ed or James.

Others likely to get the starting call, said Duren, will be R. M. Thomas, first baseman; Joe Randall, second baseman; Joe Boren, third; Walter B. Holland, short stop; Martin, D. Hester and Peel, outfielders. F. Hester or Dan Altman will catch.

The opening of this summer's league play is being looked forward to with much anticipation by local fans. Last year's performance of the semi-pros gave fans an opportunity to see baseball, on a par basis with some of the leagues of the State. Many local baseball fans who have been following the West Texas-New Mexico league and motoring to Lubbock to see games, gave over to the semi-pros, and declared their brand of ball to be as good as the pros.

This year's loop embraces towns more closely situated and will make for a better fan following of all teams.

Mailmen in Inglewood, Calif., engaged a lawyer to take action against citizens whose dogs bite, after discovering that an average of three letter carriers were being nipped each week.

## Mrs. Gordon Is Guest Speaker for Study Club

Mrs. Paul Jones was hostess for the meeting of the Junior Culture Club at her home Tuesday night. An interesting demonstration on the arrangement of flowers was given by Mrs. Homer Gordon of the Flower Shop. Using gladioli, fern, ribbons, tulle, gingham, invisible wire, modeling clay, sticks resembling twigs and other gadgets, Mrs. Gordon showed some of the tricks of the trade to the members of the club. Mrs. Gordon is a member of the Junior Culture Club, is secretary. Sunny McCrary is member-chairman.

Mrs. Gordon announced that the club recently acquired a new table, a dartboard and a dozen ping-pong balls. The members were asked to do badly needed records for the club.

Mrs. D. F. Eaton, president, and two committees: Nominating, Mrs. Paul Jones, Mrs. Delmo Pett, Mrs. James Minor, Miss Thelma Pirtle and Miss Thelma K. and social, Mrs. Bud Norling and Mrs. Bing Binghard and Mrs. Burrus.

The social committee will make plans for the club's annual party, a date for which is May 15.

Attending the meeting were James W. F. West, J. L. Mil-Bingham, C. H. Hartel, Eaton, Pett, Kenny Cash, Jones, Miss Clark, Pirtle, Roach and Eddie Williams and two guests, Mrs. Gordon and Mrs. Sherrill Boyd.

## CLOSE CITY BOYS AND GIRLS ENJOY BANQUET SPONSORED BY W.M.S.

The Baptist Women's Missionary Society of Close City sponsored a banquet last Thursday night for the boys and girls of the community.

The Rev. Huron A. Polnac of Post was the main speaker. The program included several numbers by a quartet from Wayland College, Plainview; a welcome address by Mrs. A. M. Smith, WMS president; response from the high school seniors, Dorothy Carey; response from the juniors, Jeanne Kiker; faculty response, Mrs. Pearl Davidson; church response, the Rev. Mr. Butler; class prophecy, E. O. Young; Board of Education response, Dean Robinson, and discussion of Wayland College, by Mrs. J. Smith, director of music at the college.

Forty people were present.

## Miss Robinson Is Married To George Adrian

Miss Mary Leah (Dickie) Robinson, daughter of Dean Robinson, became the bride of George Buck Adrian of Bryan, son of Mr. and Mrs. C. C. Adrian of Athens at 9:30 o'clock last Thursday morning in the Robinson home.

The Rev. Huron A. Polnac, pastor of the First Baptist Church, officiated with a double ring ceremony in the presence of Mr. Robinson and daughter, Billie Jane.

Mr. and Mrs. Adrian left after the ceremony on a trip to Dallas and Athens. They will make their home in Bryan where the bridegroom is a student of Texas A. & M. College.

Mrs. Adrian was employed in the office of Carl Webb before her marriage. Her husband spent six years in the U. S. Army Air Corps before entering A. & M. this year.

## JUSTICEBURG HD CLUB ENJOYS ALL-DAY MEET

The Justiceburg Home Demonstration Club met all day April 1 at the school building for a pressure cooker testing demonstration by Miss Jewell Hipp, Garza County home demonstration agent. Cookers belonging to Mrs. V. A. Lobban, Mrs. Less Davis, Mrs. Lee Reed, Mrs. Claude Pettigrew and Mrs. R. A. McLaurin were tested.

Mrs. Davis, club demonstrator, exhibited a remodeled hat.

The club planned a community forty-two party, cake walk and general fun night for Friday, April 11. The party will be given at the school building and will be open to the public.

A covered dish lunch was served at noon at the April 3 meeting. Attending were Mesdames McLaurin, Davis, Reed, Claude Pettigrew, Jim Tidwell, Elmer Pettigrew, Lee Smith, George Evans, R. J. Key, Lobban and Miss Hipp.

## Hats To Be Shown At Club Meeting

The Close City Home Demonstration Club had an all-day meeting Wednesday in the club room. Four members brought their pressure cookers to be tested in a demonstration by Miss Jewell Hipp, Garza County home demonstration agent.

Five members and the agent were present for the morning program and lunch. In the afternoon three more members and two guests, Mrs. Mozelle Bartlett and Mrs. Jewell Steel, attended.

It was announced that at the next meeting, the afternoon of April 16, Mrs. Mangum and Mrs. Ritchie will give a demonstration on "Making Our Hats," discussing also cleaning, dyeing and reshaping of old hats. Mrs. Kiker will discuss the advantages of a sewing center. Each member is asked to bring her favorite apron and the pattern for making it to the meeting, at which an exchange of apron patterns will be held.

Visitors also will be welcome to attend, the club announced.

## Church News

By GANELL BABB

For none of us liveth to himself, and no man dieth to himself. For whether we live, we live unto the Lord; and whether we die, we die unto the Lord; whether we live therefore, or die, we are the Lord's. Romans 14:7-8

Our Father we thank Thee for all thy goodness. We confess our sins and ask Thy pardon. Help us in all we do, think and say that we may be a blessing to others. And when our work here is finished take us home with Thee. We ask in Jesus name and for his sake. Amen.

Outstanding features of the Easter services at the local churches were an Easter anthem, "Easter Bells," sung by the choir at the Methodist church; the christening of Forrest and Marty Reynolds and Lee and Bryan Williams at the Presbyterian morning worship hour; "Christ Arose," sung by Mary Nell Bowen, La Rue Stevens, El Ward Davis, Anita Kennedy, Roberta Smith and Robert Baker at the First Baptist Church; and the nicely planned Sunrise service which was well attended by all denominations. For the occasion, the First Christian Church was beautifully decorated with spring flowers and a program of hymns and scripture was presented.

Sunday the Methodist Revival begins. Both the singer and preacher are well known in the Methodist Circle and everyone who is interested in attending something really worthwhile, is urged to attend. Services will be at 10:00 a. m. and 8:00 p. m. daily.

## Jackie Redman Observes Ninth Birthday Friday

Jackie Redman observed his ninth birthday on Friday by enjoying the association of five little friends at a theater party following school hours.

After the show Jackie, Ronnie Kennedy, Marty Reynolds, Travis Altman, Novis Pennell and Gene Young, went to the home of his parents, Mr. and Mrs. Raymond Redman, where his mother served birthday cake, ice cream and cold drinks.

One of the most exciting things of the afternoon for Jackie was showing off his new watch. He received many nice gifts from his friends.

## Midnight Party To Be Aftermath Of Banquet

The annual Post High School Junior-Senior Banquet will be held at 8 o'clock tomorrow night at the First Methodist Church.

The dinner and program will be followed by a midnight theater party given by the Juniors in honor of the Seniors. A feature picture, a comedy and a short will be shown.

The annual Post High School Junior-Senior Banquet will be held at 8 o'clock tomorrow night at the First Methodist Church.

The dinner and program will be followed by a midnight theater party given by the Juniors in honor of the Seniors. A feature picture, a comedy and a short will be shown.

## It is Spring Revival Time and the First Christian Church is first on the list.

This revival is starting off in fine shape, reports the pastor. Inspirational messages are being delivered each evening by Brother McCord. Monday evening Mrs. McCord, who is in charge of the song service, gave a wonderful message in song. Tuesday evening a guest, Dr. Robinson of Brownfield, sang a special number. A good attendance has been reported for each service and everyone is cordially invited to attend.

Sunday morning at 10:00 a. m. the Bible School will meet and at the 11:00 o'clock worship hour the Rev. Nickerson will deliver the message and his subject will be "The Appearance of Our Lord Following the Resurrection." At 7:30 Rev. McCord's subject will be "Climbing Heavenward." This is to be a chart sermon and one that you won't want to miss, says the pastor.

Clive Paden, a student at ACC, will bring the message at The Church of Christ Sunday morning. He is studying to go abroad, and plans to leave soon.

The First and Calvary Baptist Churches are spending a lot of time beautifying their church to bring her favorite apron and the pattern for making it to the meeting, at which an exchange of apron patterns will be held.

Visitors also will be welcome to attend, the club announced.

## Vocational AG Classes, Wives Enjoy Gym Party

G. I. Vocational Agriculture students, their wives and their teachers, Robert H. Gibson, Oscar Chapman and Lewis Nance, enjoyed a social gathering in the high school gymnasium last Friday night.

The program included music by Ed Kelly Sims, Wallace Phillips, Rufus Gerner and Mack Head; card tricks by Phillips, and movies by Sherrill Boyd. The movies included a calf roping match between Toots Mansfield and Troy Fort at Levelland and scenes on J. J. Adkins Karakul sheep ranch near Clairmont.

Those attending included Messrs. and Mesdames Russell Wilks, Jr., Orvel Siewert, Mozelle Williams, G. B. Hunt, Paul Webb, Chapman, Miss Paula Fern Bailey, Irvin Cross, H. C. Berry, Glenn Voss, Elvis Davis, John Nelson, Francis Shannon, Horace Vaughn, Dee Caffey, Wagoner Johnson, Pete Cooper, Gibson, Nance and those on the program.

## Housewives Urged To Save Sugar For Canning

Garza County housewives are reminded to conserve on sugar, as there will be no sugar stamps issued for home canning this summer.

As consumers start using the sugar made available by a new 10-pound stamp April 1, caution is given that the sugar bought with the new stamp will have to take care of both home and canning needs. No stamps labeled specifically for home canning will be issued this summer.

The Dispatch has been informed that this situation does not mean that each consumer will get less sugar this year. Actually, each person will get 30 or 35 pounds this year in comparison with only 25 pounds last year. In the past, the OPA issued stamps at regular intervals for regular table use, and, at canning time, issued canning sugar stamps. Under the board's new system, each stamp is worth ten pounds instead of four or five, but no canning stamps are available. Therefore, homemakers will have to save from this last 10 pound stamp if they plan to do any home canning.

The stamp issued April 1 will be good until October 1.

## Miss Stone and F. B. Smith Are Wed Saturday

Miss Margie Stone of Lubbock, daughter of Mr. and Mrs. Virgil M. Stone of near Post, became the bride of Frank Boyd Smith, son of Mr. and Mrs. John D. Smith of Lubbock, Saturday night in Big Spring.

The couple visited the bride's parents Sunday. They are at home in Lubbock.

Mrs. Smith is employed at the Lubbock Memorial Hospital. The bridegroom, a former student of Texas Technological College, is a baseball player. He is a nephew of Sherrill Boyd of this city.

## MRS. T. R. GREENFIELD ENTERTAINS CLUBWOMEN

The Needlecraft Club spent an enjoyable hour in the home of Mrs. T. R. Greenfield March 28. The time was devoted to business and sewing. The hostess served strawberry shortcake and coffee.

Attending were Mesdames R. E. Cox, A. W. Bouchier, M. J. Malouf, W. R. Graeber, Weaver Moreman, W. F. Pierce, Maggie Kennedy, R. P. Tomlinson, Noah Stone, Boone Evans, John Faulkner, A. A. Suits, Ida Robinson, Tol Thomas, J. R. Durrett, Carl Clark, Surman Clark, T. L. Jones and a guest, Mrs. J. A. Allmon, sister of Mrs. Graeber.

Mrs. Tomlinson will be hostess for the next meeting, in the home of Mrs. Bouchier.

## INTERMEDIATES ENJOY WACKY PARTY TUESDAY

The Intermediate Training Union of the First Baptist Church met on the church lawn at 6:30 o'clock Tuesday evening for a "wacky social."

Each member wore a wacky costume which added to the fun of the occasion. Hot dogs, potato chips, Fritos, pickles, cookies and punch were served to 20 intermediates.

Mrs. Huron A. Polnac, leader, directed a series of games.

## Bits Of News:

Mrs. O. L. Weakley and Mr. and Mrs. Walter Roy spent Tuesday in Lubbock.

Mr. and Mrs. Lee Smith and little daughter of Rails spent the Easter holidays here with Mrs. Smith's parents, Mr. and Mrs. Duke Travis.

Mrs. Morris Neff took her mother, Mrs. L. A. Pirtle, to the Abel's Sanatorium in Lubbock on Tuesday. Mrs. Pirtle became ill on Sunday. She will remain in Lubbock for a series of treatments.

Mrs. Jessie Voss will leave today for Henrietta where she will remain indefinitely with a sister who is ill.

Mrs. Knox Parr and son, Jimmie, are visiting in the C. M. Voss home this week. The Parrs, formerly of Post, moved quite recently to Amarillo. They moved from Post to College Station several years ago. Knox served this county as agricultural agent.

H. M. Foster who has been quite ill for the past two weeks was visited by his daughter and family of Lubbock on Sunday. According to Mrs. Raymond Redman, another daughter, he is showing some improvement the last few days.

Mrs. Kerna Young, owner of the Unique Beauty Shop, is suffering from a severe attack of pleurisy this week. She has been away from her business all week, said Ann Russell, operator in the shop.

Mrs. Jessie Landtroop who is a surgery patient in the West Texas hospital in Lubbock is seriously ill. Her children were all notified Wednesday that she probably would undergo another operation. They went to Lubbock to be with her and to consult with attending surgeons.

McCrory of Ft. Worth spent several days here last week transacting business and visiting his son, Giles, and his family.

Four generations enjoyed a gathering last Thursday in the home of Mr. and Mrs. A. H. Moyer when their oldest daughter, granddaughter and great granddaughter, all of Kingsville, were here.

Tommy and Anita Patty, who had spent a month visiting their grandparents, Mr. and Mrs. H. L. Patty, have returned to their home in Carlsbad, N. M. They were accompanied home by their father, Tom Patty, who visited here a few days last week.

Tom L. Power, who is employed by the Jack Roach Motor Company in Houston, spent the Easter holidays with relatives and friends here.

Mr. and Mrs. Arthur Talley returned Wednesday night from a visit in Monahans with their brother-in-law and sister, Mr. and Mrs. John Lasiter. The Talleys' son, W. A., and their dog, Rascal, remained in Monahans for a two weeks visit.

A. D. (Spuds) Craddock, former Post boy, received his discharge from the army at Camp Beale, Calif., according to news received from his mother, Mrs. E. C. Craddock, now of Ranger, Texas. "He is glad to be out. He served from Sept. 20, 1942 to Feb. 20, 1947, and he held the rank of mess sergeant."

## Commerce Week To Be Observed By Drive Here

During the week, April 13-19, Post will join cities and towns all over America in observing Chamber of Commerce Week. The Post Chamber will observe the week by concentrating on a membership drive which the membership committee, Truett Fry, Lowell Short and J. E. Parker already have launched.

Many Post business and professional men and civic leaders have had years of experience in chamber of commerce work and so are familiar with what the nationally proclaimed week commemorates.

The United States Chamber of Commerce says it believes that the task of building communities for tomorrow rests, in very large measure, with the chambers of commerce. The local chamber says it behooves every citizen, therefore, to inform himself of the scope of their labors and to ally himself with those labors. This week is a good week to do just that, the membership committee says.

## FORMER POST WOMAN, MRS. CARRIE CHANEY, BURIED IN CALIFORNIA

Mrs. Carrie Lee Chaney, former Post woman, died on March 14 at her home in Oxnard, California. Burial was in the Oxnard cemetery on March 16.

Mrs. Chaney moved with her family to Garza County in 1905 and lived here twenty-five years. She went to California in 1931. She was apparently in good health until two weeks before her death when she suffered a stroke.

Survivors are her husband, W. A. Chaney, and five sons: Fred of El Paso, Texas, Floyd of Plainview, Texas, Alec of Casitas Springs, California, Walter of Vandolia, Illinois, Gordon of Van Nuys, California; two daughters: Mrs. C. M. Loe of Oxnard, Calif., Mrs. C. W. Tidwell of Pinon, New Mexico.

Twenty-three grandchildren and eight grandchildren also survive.

## GENE YOUNG HONORED AT BIRTHDAY AFFAIR

A combination birthday party and Easter egg hunt was given for Gene Young by his parents, Dr. and Mrs. B. E. Young, Sunday afternoon.

Games were played in the front yard at the Young home until the children were called to the back yard to hunt eggs. After the hunt, swinging, seesawing and games were enjoyed.

Refreshments were served from a table by the barbecue pit in the yard. Pictures were taken of the birthday cake and the guests.

Attending were Gene and Donna Kay Kennedy, Wilma Jean, Garry and Larry Welch, Jack, Patty and Linda Lott, Beth Hamilton, Camilla Carr, Beverly Young and the honoree.

## Needlecraft Club

Mrs. R. P. Tomlinson will be hostess for a meeting of Needlecraft Club at 3:30 o'clock Friday afternoon in the home of Mrs. A. W. Bouchier.

From where I sit ... by Joe Marsh

And That Ain't Hay  
—Or Is It?

I guess all of us secretly hanker, from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the old-time hayride.

With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults—at fifty cents a head!

Two or three times a week they start from Town Hall, and go out along the river; stop for a friendly glass of beer at Shoreside Tavern;

and come home by way of Pound Ridge . . . nine miles in all.

Not very exciting, you might say. But from where I sit it's not excitement that we need these days—but those simple country pleasures that are part and parcel of America—the old-fashioned hayride, with its song and jollity; the horseshoe games; the friendly glass of beer; and the good companionship that they engender.

Judges and Commissioners Will Discuss Broadway-Big Bend Road

County Judge J. Lee Bowen and County Commissioners Boone Evans, L. E. Gossett, W. C. Quisenberry and W. T. Pehleman, left this morning for Mineral Wells to attend a three-day County Judges and Commissioners Convention.

In conjunction with the judges and commissioners meeting, on Friday afternoon at 5 o'clock, will be a called meeting of the board of directors and membership of the Broadway to the Big Bend Highway Association. This meeting will be attended by Mrs. Sherill Boyd in behalf of the Post Chamber of Commerce and at the invitation of Judge Charles W. Roberts of Andrews, secretary of the association which is promoting the completion of a West Texas link to an international highway from Canada to the Pacific Ocean in Mexico. The proposed highway would go through Garza County.

Judge Bowen, chairman of the Garza County committee in the

association is arranging for a hearing before the Oklahoma Highway Commission, either the latter part of April or some time in May, and that the date would be announced at the Mineral Wells meeting.

G. F. Wacker of Pauls Valley, Okla., who recently was appointed to the Oklahoma Highway Commission, has been invited to attend the Mineral Wells meeting. He is owner of the new Wacker store in Post.

Judge Roberts wrote the Garza County chairman that the link in the road from Andrews to Kermit will be completed this year.

SLATON MAN, FORCED INTO SHEEP BUSINESS, COMES UP WITH IDEA

Garza County friends of Judge C. Smith of Slaton will be interested to know how he was "forced" into the sheep business, made the best of it and started something. Jason O. Gordon, who was Lubbock County agricultural agent when all this began, says that Smith became interested in sheep several years ago and started feeding out lambs. He did all right for a while, and then along came a dry year and a feed shortage and Smith decided he had better get out of the sheep business. So he sold his sheep.

That is, he sold all but five old ewes which the buyer wouldn't take, because he said "they would be dead before they reached the market."

After figuring awhile, Smith couldn't see but one thing to do. He turned around, bought a ram from the same buyer, took his six head of sheep home and got back into the sheep business.

Things came along nicely and Smith built his flock up to 30 ewes. Then Mrs. Smith decided she wanted to be a partner in the sheep business. She voted against selling the wool clip, and Smith hasn't sold a pound of wool since. They ship it to a wool manufacturer and have fancy blankets made, which are very handy things to have when winter comes to Slaton. Now the Smiths have blankets all over the place; so have all their married children; and Mrs. Smith has one of her bigger problems solved—Christmas presents for friends and rela-

Agent Suggests Insect Control And Other Tips

In this section of West Texas, it is now time to plant beets, spinach, onions, potatoes, mustard, English peas, lettuce, radishes, cabbage, carrots, Swiss chard and a few other hardy garden vegetables.

A few timely tips for the project were released this week by Miss Jewell Hipp, Garza County home demonstration agent, as follows:

1. Get your dusting sulphur ready for powdery mildew.
2. Thin out over-crowded plants . . . fill in skips.
3. Make second or third plantings of mustard, lettuce, radishes, beets, etc.
4. About every 30 days side-dress your vegetables with a starter solution—1 lb. of 5-10-5 or 4-12-4 in 5 gallons of water. Use 10 to 15 gallons per 100 feet of row, 6 inches from the row.
5. Your asparagus should be ready to harvest. Harvest carefully to avoid damaging buds below ground that are potential "tips."

For Insect Control

The control of insects which attack garden vegetables is essential to successful gardening. There are two classes of insects: Those which suck juices from the foliage, stem or fruit, and those which chew holes in the leaves or fruit.

In general DDT will effectively control both types of insects with the exception of plant lice and red spiders. Caution: DDT should not be used on vine crops such as squash, cucumbers, melons and the like because it may burn the foliage. DDT should not be used on leafy vegetables that are harvested daily, or even weekly for food.

It is extremely difficult to remove DDT residue from the vegetables. DDT can be used on beans, peas, tomatoes and cabbage early in the season, but none should be applied any later than three weeks before these vegetables are ready for harvest. DDT can be used safely throughout the season on such vegetables as potatoes, carrots, beets and onions.

DDT can be used as a spray or dust. Three to five per cent dusts are effective for garden insects. Two ounces of 50 per cent wettable DDT per gallon of water makes an effective spray.

Rotenone Not Poisonous

Rotenone is effective for controlling plant lice and most of the other insects that feed on leafy vegetables. It is not toxic or poisonous to man and therefore can be used safely on any vegetable at any time. Rotenone can be used either as a dust or a spray. A spray containing 1 1-2 oz. of 5 per cent rotenone per gallon of water is satisfactory for controlling most garden insects.

Better insect control will be obtained when: 1, the control is started early; 2, the proper insecticide is obtained and used; 3, the insecticide is applied thoroughly; 4, applications are repeated 7 to 10 days until control is achieved.

The following insecticides are effective for chewing insects: cryolite, lead arsenate, calcium arsenate. For sucking insects, nicotine sulfate, sabadilla, lethane and pyrethrum are effective when used properly.

EATON IS ATTENDING IRRIGATION CLASSES

D. F. Eaton, Garza County agricultural agent, went to Lubbock Tuesday to attend a three-day irrigation school sponsored by the Texas A. & M. Extension Service. The county agents attending were to spend two days in class and Thursday attending field demonstrations.

Jason Gordon, who told this story, didn't say whether he recommended a flock of sheep for home-grown blankets, but he did say that the Smiths get a lot of fun out of their sheep business. Keeps the weeds down on the farm, too.

Americans use some 600 million pounds of waxed paper annually.

IN THE NEW JOHN DEERE "A" and "B" Tractors

- \* The new Cyclone Engines are more efficient.
- \* Your choice of either all-steel or gasoline types.
- \* New crankcase ventilation system is automatic.
- \* Improved force-feed pressure lubrication system.
- \* New Power-Trol provides hydraulic power at your finger tips to control both drawn and integral equipment.
- \* New, cushion seat is more comfortable, fully adjustable.
- \* Roomier platform affords greater operator convenience.
- \* New self-starter is built-in, with battery under seat.
- \* New voltage regulator prolongs battery life.
- \* New, automatic choke makes starting easy.
- \* New front and rear lights are standard equipment.
- \* New swinging drawbar, quickly adjusted in or out, high or low, without tools.
- \* Wider rear wheel-tread for stability—56" to 88".
- \* New lever control regulates radiator shutter.
- \* New dust-proof rear-axle seal.
- \* New modern materials and methods provide extra strength for longer life.
- \* Improved hydraulic power is standard equipment.
- \* New Model "B" transmission has single lever and low speed of 1-1/2 M.P.H. for easy planting, close cultivating.
- \* New welded frame provides sturdy mounting for integral tools, shields spark plugs.
- \* Enclosed flywheel increases safety, improves appearance. See us for complete information the next time you're in town.

## National Army Week Is Honor To All Soldiers

Importance of the current nationwide observance of Army Week is explained in the following statement by General Jonathan Wainwright, released by Fourth Army Headquarters at Ft. Sam Houston.

It is nearly two years since V-J Day marked the end of four years of savage fighting. During those war years there was little time for setting aside one week, one day, or even one hour for the purpose of honoring the men and women of our Army. Everyone—civilian and military—had far more important uses for their hours; vital work to accomplish in order that victory might be won.

Today the diplomats are still gathering around the conference table seeking a way to make that hard won peace a lasting one. Their words are occasionally muffled by sounds of minor conflict in various parts of the world. They stop for awhile and attempt to find a solution for the woes of troubled small nations. But always they return to the great issue which is the primary concern of all people—how to insure lasting world peace. The solution is elusive; they have not found it yet.

While we in America wait for the word which will permit us to look forward to a future unclouded by threat of war, it is essential that the people work with their Army on the question of national security. This responsibility must not be delegated solely to the armed forces. It is the concern of every citizen. We must remember that the Army is not a policy making agency, but only a vehicle to carry out the will of the people. We must remember that whatever the Army is, weak or strong, it is what the people want it to be.

Army week is being celebrated from April 6 to April 12 this year. It is proper that an entire week be so devoted at this time when our nation's conversion to peacetime production has almost been completed; when our people have more leisure time to plan for tomorrow; when a thorough understanding of our armed forces and their contribution toward national security is so necessary to help gain this understanding. Nearly all Army installations will hold Open House and visitors will be given an opportunity to see how their Army lives, how it trains, and how it functions. Exhibits of equipment will be displayed in many communities and their workings explained by some of the highly trained specialists who are part of the peacetime Army. Ceremonies will be held to pay tribute to the millions of men and women who have worn and are wearing their uniform honorably.

Army Week, dedicated to the soldiers of two global wars by a grateful nation, will also give America an opportunity to recognize and understand the vital role being played by her peacetime soldiers in building the peace for which so many of their comrades died.

## Justiceburg News

Please Send News Not Later Than Monday to MRS. J. R. KEY, Justiceburg Correspondent

Merlon Gordon spent Tuesday through Sunday with his parents, Mr. and Mrs. Haywood Gordon of Ranger.

Mrs. Jeff Justice left Sunday for Los Angeles, California, where she will spend a month resting. She has been ill for some time.

Mr. and Mrs. W. T. Parchman and daughter Lexia were in Slaton Thursday.

Mr. and Mrs. Cameron Justice spent Easter Sunday with their daughters, Mrs. Howard Price and Mrs. Buster McNabb, and families of Lubbock.

### Killed Thirteen Rattlesnakes

A. J. and Clyde McAlister and Bob Trice killed 13 large rattlesnakes in and around Justiceburg Sunday—so watch out Justiceburg residents.

Mr. and Mrs. J. W. Stewart and son of Odessa were Sunday guests of her brother and family, the V. A. Lobbans.

Mr. and Mrs. George Evans, Mr. and Mrs. Cecil Smith and daughter, Skeeter, and Mrs. Cameron Justice and son, Mason, attended Easter services at Post Sunday.

C. W. McAlister and V. A. Lobbans spent last week fishing near Albany.

### Preparing for County Meet

An Easter egg hunt and story telling contest were enjoyed by the school children and their mothers last Friday afternoon. The first, second, and third grades were entered in the story telling to arrange places for the County meet. Mrs. Lee Smith, Mrs. Billie Cantrell, and Miss Morgan were judges. Winners in the contest were: James Brice Crowley and Mickey Roy, first grade; Sidney Lee McLaurin, and Fernie Reed, second grade; and Sarah Sue Ray and Jerry Ray Key third grade.

### JOSEPH L. LEE SERVES IN ANTARTIC JOURNEY

Not more than 200 Americans have ever been witness to the wonders of Mount Erebus, Antarctica's famous 13,000-foot volcano, and Joseph L. Lee is one of them. Lee, seaman, first class, is the son of Mr. and Mrs. G. W. Lee, of Post.

While serving aboard the icebreaker *Burton Island*, he was a member of the boat crew which made the first landing at Cape Royds in McMurdo Sound, and also aided in the evacuation of the 197 men based at Admiral Byrd's Little America camp.

The explorers found that Cape Royds was formed by lava probably emitted from Mount Erebus. It is composed of rocky cliffs, with a deep inlet, now inhabited by schools of seals. The seals here, evidently surprised at the sight of humans, "put-on" a good show for their onlookers.

The landing was made with some difficulty because the shoreline, surrounded by jagged ice edges, had to be chopped by ice-picks. But after a mooring was made for the small whaleboat, full scale exploration took place.

About 30 per cent of all fires that destroy homes are caused by careless use of matches, and smoking.

## TEXAS VETERANS URGED TO SUBMIT CLAIMS FOR TERMINAL LEAVE MONEY

Colonel J. R. Vance, commanding officer of the U. S. Army Finance Office at Fort Sam Houston, has announced that 550,000 claims for terminal leave pay have been received from Texas veterans as of March 15.

The claims are being handled by a special clerical section which is specially trained for this type of work, Colonel Vance said, and it was expected that all claims on hand would be disposed of within 30 days. Veterans who submit their claims immediately will receive payment in 30 or 60 days, he said.

The chief obstacle to prompt handling of the claims is failure of veterans to sign their claims, have them notarized, or send in their discharge papers as required by the Armed Forces Leave Act, said Vance. Also he said that approximately five per cent of the claimants change their addresses after sending in their claims and fail to notify the Finance Office that this has been done. As a result, many payments are returned marked "addressee unknown."

Colonel Vance stated that a large amount of correspondence is received containing changes of addresses, changes in the amount of furlough taken, and requests for return of discharge papers. In order to speed up payments, most of this is not acknowledged, but proper action is taken immediately in all cases.

All Texas veterans who have not yet submitted claims are urged to do so immediately, said Vance, so that they can be handled by the present organization which has been established for this specific purpose.

Biggest apple and pear insect pest in Texas is the codling moth, which can be controlled by spraying with four pounds of 50 per cent DDT in 100 gallons of water throughout the growing season.

## Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

### 25 More Types of Products

- Plows—52 models reduced from \$9.00 to \$20.00 (3% to 10.7%).
- Cultivators—13 basic models reduced \$5.00 to \$10.00 (4.5% to 7.4%).
- Listers and Middlebusters—7 models reduced \$5.00 in each case (2.8% to 4%).
- Corn Planters—4 basic models reduced \$5.00 in each case (3% to 4.8%).
- Grain Drills—11 models reduced \$14.25 to \$20.00 (4.4% to 6.3%).
- Mowers—2 basic models reduced \$4.00 and \$11.50 (2.5% and 5%).
- Sweep Rake—1 model reduced \$5.00 (5.5%).
- Pickup Hay Baler—1 model reduced \$75.00 (4.1%).
- Self-Propelled Combine—1 basic model reduced \$122.50 (3.4%).

	<b>FARM TRACTORS</b> 12 Models Reduced \$10 to \$134 (up to 10.6%)
	<b>MOTOR TRUCKS</b> 12 Models Reduced \$50 to \$300 (1.9% to 3.6%)
	<b>FARM MACHINES</b> 123 Models Reduced \$2.50 to \$122.50 (1.9% to 23.8%)
	<b>INDUSTRIAL TRACTORS (Crawler)—4 Models</b> Reduced \$35 to \$50 (1.0% to 1.6%)

- Ensilage Cutters—3 models reduced \$22.75 in each case (4.8% to 7.1%).
- Ensilage Harvester—1 model reduced \$33.75 (3.9%).
- Hammer Mills—2 models reduced \$5.00 in each case (1.9% and 3%).
- Lime Spreader—1 basic model reduced \$2.50 (4.9%).
- Power Loader—1 model reduced \$25.50 (8.9%).
- Manure Spreader—1 model reduced \$13.00 (3.5%).
- Milker Units—2 models reduced \$12.00 and \$17.00 (14.4% and 18.4%).
- Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.5% and 19.6%).
- Portable Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.3% and 11.7%).
- Stainless Steel Milker Pails—2 models reduced \$5.00 and \$10.00 (18.5% and 23.8%).
- Cream Separators—4 models reduced \$13.25 in each case (8% to 10.4%).
- Tractor Trailer—1 basic model reduced \$12.75 (5.5%).
- Milk Coolers—5 models reduced \$8.00 to \$18.00 (1.9% to 4.3%).
- Industrial Tractors (Wheel)—4 basic models reduced \$19.00 to \$56.00 (1% to 3.4%).
- Industrial Power Units—8 models reduced from \$30.00 to \$150.00 (2.3% to 11.4%).
- Motor Truck Attachments—7 items reduced from \$6.25 to \$268.00, including a change in specifications on two items.

Any price is too high if it can be reduced

**Used Fats From County To Help Makers of Soap**

The fats and oils situation is more acute than at any time during the war and there seems to be no prospect for any material improvement in supplies before 1948. Will Wright, chairman of the county ACA committee, told Garza homemakers this week.

Working stocks of edible and inedible fats and oils are extremely low on a world-wide scale as result of reductions in cottonseed oil, lard and factory grease, Wright said. Furthermore, imports in 1946 were lower than in pre-war years.

"Not only are fats and oils essential to production of soaps," the chairman said, "but they are needed for other consumer items. By continuing to salvage every drop of used kitchen fats, homemakers can help assure adequate supplies of soap and other goods."

The local food locker plant is now paying homemakers four cents a pound for used fats. To all homemakers in the county, Wright said, "we urge you to take your used kitchen fats. He said homemakers in rural areas are in an excellent position to increase fat collections by turning in used fats obtained from animals slaughtered on the farm.

**C. OF C. MANAGERS OF WEST TEXAS MEETING IN PAMPA THIS WEEK**

To attend an annual three-day convention of the Chamber of Commerce Managers Association of West Texas, Sherrill Boyd, secretary of the local chamber, went to Pampa today.

Geared to the postwar changes that are taking place over West Texas, the convention program will be highlighted by several significant talks:

"Fundamentals of Chamber of Commerce," by Rex Baxter, vice president and general manager of the Amarillo chamber; "Industrial Development of West Texas" by Jack Cunningham of Amarillo, president of the Southwestern Public Service Company; "Highway Development," by Fred Wemple of Midland, member of the State Highway Commission; "Business Views the Chamber of Commerce," by W. B. Weathered, past president of the Pampa chamber; "Chamber of Commerce Views Business," by J. H. Greene, manager of the Big Spring chamber; "Agriculture Needs the Chamber of Commerce," by Art Brally of Amarillo, Potter County agricultural agent; and "Chamber of Commerce Week in Texas," by John Womble, manager of the Abilene chamber.

Joe Cooley of Borger, president of the association, wrote the Post chamber that a record attendance was indicated from advance reservations.

board, J. F. Maxey of Precinct 2 and Bailey Matsler of Precinct 3, were candidates without opposition.

An iron heats more rapidly than it cools. With that fact in mind, start out with fabrics that require low temperatures and progress to those that require higher ones. Arrange dampened clothes in the laundry basket accordingly with those that come first placed on top.

**The Week's News in Brief**

If anybody steals R. H. Collier's car from his home, he'd better go prepared with a saw. Collier parks his car under a pear tree in his yard, runs a log chain around the axle and the tree and snubs the chain down with a padlock.

Easter weekend guests of Mr. and Mrs. Victor Hudman and two sons were Dr. and Mrs. J. O. Hollingsworth and three children, John, Mary and Billy, of Corsicana. The two families spent Sunday visiting Dr. Hollingsworth's brother, Dr. D. O. Hollingsworth, and family in Plainview.

Mrs. J. A. Allmon and son, Carl, who spent the winter here visiting Mrs. Allmon's sister, Mrs. W. R. Graeber, left Tuesday for their home in Carbondale, Ill. During his stay here, Mr. Allmon worked at the Corner Grocery.

Mr. and Mrs. D. F. Eaton and sons, Mike and Steve, left last Thursday for Fort Worth to spend Easter. A highlight of the trip was seeing the stage show, "Oklahoma," on Saturday. They returned home Sunday night.

A. C. Cash, en route to Amarillo where he is to be associated with the Westinghouse firm of that city, spent a couple of days here the last of the week with his parents, Mr. and Mrs. Allen Cash. Friends were greeting him up and down Main and were expressing the thought that now that he is locating in West Texas that we will all see him back in the old home town more frequently.

Mr. and Mrs. Allen Cash spent last week end in San Angelo with Mrs. Cash's sister, Mrs. J. B. Simmons.

Mrs. Ott Nance and Mrs. Winnie Tuffing went to Lawton, Okla., last weekend for the Easter Pageant.

Among the out-of-town folk attending the Twentieth Century Club party last Thursday night at the Legion Hall were Mr. and Mrs. Winston Wharton and Mr. and Mrs. Jess Gurley of Tahoka, Mr. and Mrs. Doyle Justice of Lubbock; Mrs. Blanche Dalby who was home from Ft. Worth for Easter, and her son, Giles, who was home from Peacock Military Academy, San Antonio, and Baxter Bardwell, who was en route to Lubbock from Ft. Worth for the Easter holidays.

The day after Easter found Oscar Bowen, John Cearley and Truett Fry bound for several days fishing on Cisco Lake.

Mr. and Mrs. W. F. Pierce and Mrs. John Faulkner spent Monday in Lubbock.

Marvin Hudman left Sunday for Galveston to attend a furniture convention. He planned to return this weekend.

Pfc. Holmes McLish, nephew of Mr. and Mrs. J. E. Parker, is a member of the Akita Military Government Team in Japan, with the duty of helping assure that the policies of the Occupation Army are adhered to, and its requirements met, by the Japanese in the Prefecture of Akita. Before entering the army last August, he was a student at Texas Tech. After receiving basic training at Camp Polk, La., he went overseas in November.

The nine-year-olds or thereabouts seemed to be named Ann or some variety thereof. At Carolyn Ann Hudman's birthday party recently, there were Barbara Ann Stanley, George Ann Sartin, Marthana Cearley, Jo Ann Moreman, Twana Teague and the honoree, whose middle name is Ann.

Mr. and Mrs. Jess Robinson of Mountainair, N. M., visited Mr. and Mrs. L. P. Kennedy Tuesday. Mrs. Robinson and Mrs. Kennedy, who are cousins, had not seen each other in 30 years.

Mrs. John D. Smith and son, John D., Jr., of Lubbock visited in the home of their brother and uncle, Sherrill Boyd, Friday night. They were en route home from Snyder where they had attended funeral services for Mrs. Bart Osborne of Lubbock.

Mr. and Mrs. Monroe Lane of Lubbock spent Easter Sunday here with Mrs. Lane's mother, Mrs. L. A. Barrow. Mr. Lane returned to Lubbock Sunday afternoon but Mrs. Lane remained here for several days visit.

Mrs. John H. Ramsay, charter member of the Throckmorton Christian Church, attended homecoming services of the church there on Easter Sunday. She was accompanied by a daughter, Mrs. Jack Burrus.

Mr. and Mrs. Irvin Cross and children of Hermleigh visited during the weekend with Mr. and Mrs. Edsel Cross.

**Lucy Loved Her Bathroom So!**

She would bring her guests there, to admire it, for the bathroom was the bright spot of her home. Mechanically, it had given her no trouble for years.

But one day strange noises began coming out of the pipes. And Lucy made a serious mistake. Instead of calling in her regular master plumber, she stopped at a near-by cellar and called in the neighborhood handyman.

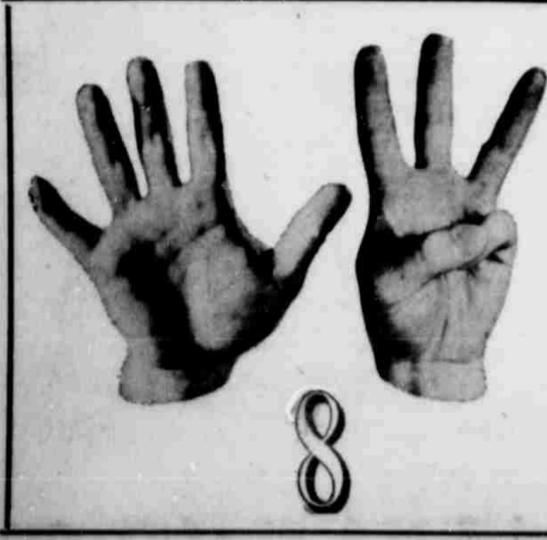

The handyman muttered something about "a plugged vent," and started taking Lucy's bathroom apart. He ruined her expensive wall paper with a large wall opening. Then he tore up her inlaid linoleum and hacked a hole in the floor. And Lucy wept.

Your regular plumbing contractor is more than an old acquaintance. He knows your plumbing and heating as your auto mechanic knows your car. His long training in the plumbing craft tells him, too, that a noise over here may mean a small repair way over there. This knowledge is a pain-saver to you, if you use it by calling your regular plumber when you suspect plumbing or heating trouble is approaching.

True, you can sometimes buy unskilled labor cheaper. But do you really want the results of unskilled labor?

So deal only with a reputable master plumber - preferably your old friend. But if you must change, let us show you our list of happy customers.

## SOUTHLAND NEWS

Please Send or Phone News Not Later Than Monday to MRS. FLOY KING, Southland Reporter

L. M. Fearn of Hale Center visited Sunday in the E. L. King home.

Mr. and Mrs. Raymond Roland and Mrs. J. C. Roland and children of Texline were visiting relatives here and in Post last week.

Mr. and Mrs. Wayne Hollman and Mr. and Mrs. H. D. Hollman, Jr., left Sunday afternoon for their home in Louisiana after visiting here with relatives for several days.

I. N. Furrh of Weinert visited his daughter, Mrs. Harry King, here Monday. He was en route home after a visit in Plainview with relatives.

Mr. and Mrs. Hubert Taylor returned home Sunday after visiting for several days in the Rio Grande Valley.

Mr. and Mrs. H. D. Hollman and Miss Mattie Dabbs visited the Everett Samples Monday.

Mrs. W. H. Gilliland had dinner with the W. W. Gillilands Monday.

After a week's visit here with friends Miss Maggie Tate returned to her home at Farwell Saturday.

Mr. and Mrs. Alvy Albright and children visited in Stephenville last week with her dad, J. R. Phelps.

Guests in the Bob Tillery home last week were Bob, Jr., and wife, and Mr. Tillery's mother of Mineral Wells.

### Visitors In Lorraine

Mr. and Mrs. Sam Marsh and girls visited the John Hollands in Lorraine over the weekend.

The Edd Lieskis had a very enjoyable Easter as their three daughters, Mrs. O'Keefe of Big Spring, Mrs. Helen Angle of Lubbock and Mrs. W. J. Waltrip of Morton were gathered around the family table.

J. L. Taylor of Sweetwater spent the Easter holidays here with his parents, the John Taylors.

Guests of the Jack Meyers Sunday were her brother and family from Tulsa.

Mrs. John Harmonson and boys spent the weekend with the Rev. and Mrs. O. J. Harmonson and Jo-Jo.

The G. W. Basingers had as their guests Sunday their children, Mrs. O. E. Boyd and family of Ralls, Mr. and Mrs. Sam Ellis and children and Mr. and Mrs. Clarence Basinger and baby.

Bill Martin, son of Mr. and Mrs. Edd Martin, visited here Friday.

The Vern-Johnson family of Owens spent Sunday with her parents, the J. L. Whiteds.

A nephew of Mr. and Mrs. Edd Martin visited here last week. His home is in New Mexico.

### A 20 Lb. Catch

Walter Kellum, Walter Wood and John Parnell spent last week fishing near Brownwood and reported a likely fisherman's story of a 20 lb. fish.

S. L. Manuel Truelock arrived home Tuesday for a 90 day leave. He was last stationed on Guam. He has been in the Navy for six years and has re-enlisted for another three years.

Mrs. Bodie Cummings celebrated her 76th birthday Monday.

Roy Williams is home from the Mercy hospital at Slaton after being a patient there for several days.

Glenda Grantham spent Sunday with Barbara Brooks.

Elton Truelock is sporting a new bicycle.

Calvin Grantham spent Sunday in the Murphy home.

Mrs. Orville Ferguson is home from Glen Rose where she spent two weeks in a clinic there.

Ruby Ellis and children spent Thursday with her sister, Mrs. O. E. Boyd, and family at Ralls.

Mr. and Mrs. James Hamaker sold their stock in the Southland Drug and moved to Lubbock Sunday. Mr. Hamaker has been employed in Lubbock for some time.

### College Kids Home

Visiting Mr. and Mrs. Ray Diek during the Easter holidays were their daughter, Helen Faye, a student at TSCW in Denton, and Marshall Kemp of Fort Worth.

Roderick Duff and his cousin, McGee Duff, both students at SMU in Dallas, spent the weekend

with the I. J. Duffs. Margaret Duff who is a student at Tech also spent the holidays at home.

Other Tech students who were here for the holidays were Wilma Wheeler, Wilmeth Hewlett, and Joe Gayle Fleming.

The Rev. Howard Martin preached at the local Baptist church Sunday morning. The pastor is away in a revival meeting.

The Rev. O. J. Harmonson had to go to Slaton to have his hand dressed. He is improving satisfactorily after a recent accident.

### School Board Election

Kenneth Davies, Roy Williams and Earl Lancaster were re-elected to the school board here last Saturday. Others whose names were up for election were Arville Ferguson, Marcus Wilke, L. K. Anderson and Walter Stolle.

An Easter egg hunt was enjoyed at school Friday afternoon by the first, second, third and fourth grades.

An Easter egg hunt and program was held for the youngsters at the Methodist church Sunday.

The Junior play will be presented tomorrow night at the high school auditorium and the Senior play will be Friday, April 18.

The Junior-Senior Banquet will

## Ponds and Dams Are Conserving Water In Area

Waterholes have been the center of many a fight, both in story books and in real life. Many ranchers in this country can remember some of the stories. Many of them can remember too, when water didn't cause gun-fights but was nevertheless precious beyond price when drouth struck.

These conditions are passing fast, Will Wright, chairman of the Garza County ACA committee, says, because more farmers and ranchers are building stock water ponds and dams in order to save the water on their farms and ranches.

On many ranches of the county, rains are being made to grow grass instead of washing away the rangeland as they once did. Water-saving dams that are built under the ACP program store water in many of the natural draws and help to prevent the making of great gullies. The chairman pointed out that a total of 62 such dams were built in Garza County during the past year.

When the construction of these dams is a part of the conservation

plan for a farm or ranch, the government helps pay part of the construction cost, Wright added. Ranchers or farmers who are interested in building dams this year are urged to contact the county committee at an early date, and to secure prior approval of this conservation measure before the construction work is started.

In Johannesburg, South Africa, one census taker was attacked by a leopard and another by a lion.

THURSDAY, APRIL 10, 1947

THE POST DISPATCH

## NORMAL DECLINE SHOWN IN POSTAL RECEIPTS IN CITY AT QUARTER'S END

Postal receipts in Post for the first quarter, ending March 31, 1947, declined \$880.36 over the preceding quarter, ending December 31, 1946, but only \$220.90 over the quarter ending March 31 a year ago, Acting Postmaster Harold Voss said this week.

The decline is normal, Voss believes, as the December quarter always reflects the receipts from heavy Christmas mail. That receipts are down from what they were a year ago possibly is due to the fact that fewer service men are away from home.

Receipts for the first 1947 quarter totaled \$4,445.87 as compared with \$5,326.23 for the preceding quarter and \$4,666.77 for the quarter ending March 31 a year ago.

**Used Fats From County To Help Makers of Soap**

The fats and oils situation is more acute than at any time during the war and there seems to be no prospect for any material improvement in supplies before 1948. Will Wright, chairman of the county ACA committee, told Garza homemakers this week.

Working stocks of edible and inedible fats and oils are extremely low on a world-wide scale as result of reductions in cottonseed oil, lard and factory grease, Wright said. Furthermore, imports in 1946 were lower than in pre-war years.

"Not only are fats and oils essential to production of soaps," the chairman said, "but they are needed for other consumer items. By continuing to salvage every drop of used kitchen fats, homemakers can help assure adequate supplies of soap and other goods."

The local food locker plant is now paying homemakers four cents a pound for used fats. To all homemakers in the county, Wright said, "we urge you to take your used kitchen fats." He said homemakers in rural areas are in an excellent position to increase fat collections by turning in used fats obtained from animals slaughtered on the farm.

**C. OF C. MANAGERS OF WEST TEXAS MEETING IN PAMPA THIS WEEK**

To attend an annual three-day convention of the Chamber of Commerce Managers Association of West Texas, Sherrill Boyd, secretary of the local chamber, went to Pampa today.

Geared to the postwar changes that are taking place over West Texas, the convention program will be highlighted by several significant talks:

"Fundamentals of Chamber of Commerce," by Rex Baxter, vice president and general manager of the Amarillo chamber; "Industrial Development of West Texas" by Jack Cunningham of Amarillo, president of the Southwestern Public Service Company; "Highway Development," by Fred Wemple of Midland, member of the State Highway Commission; "Business Views the Chamber of Commerce," by W. B. Weathered, past president of the Pampa chamber; "Chamber of Commerce Views Business," by J. H. Greene, manager of the Big Spring chamber; "Agriculture Needs the Chamber of Commerce," by Art Brally of Amarillo, Potter County agricultural agent; and "Chamber of Commerce Week in Texas," by John Womble, manager of the Abilene chamber.

Joe Cooley of Borger, president of the association, wrote the Post chamber that a record attendance was indicated from advance reservations.

board, J. F. Maxey of Precinct 2 and Bailey Matsler of Precinct 3, were candidates without opposition.

An iron heats more rapidly than it cools. With that fact in mind, start out with fabrics that require low temperatures and progress to those that require higher ones. Arrange dampened clothes in the laundry basket accordingly with those that come first placed on top.

**The Week's News in Brief**

If anybody steals R. H. Collier's car from his home, he'd better go prepared with a saw. Collier parks his car under a pear tree in his yard, runs a log chain around the axle and the tree and snubs the chain down with a padlock.

Easter weekend guests of Mr. and Mrs. Victor Hudman and two sons were Dr. and Mrs. J. O. Hollingsworth and three children, John, Mary and Billy, of Corsicana. The two families spent Sunday visiting Dr. Hollingsworth's brother, Dr. D. O. Hillingsworth, and family in Plainview.

Mrs. J. A. Allmon and son, Carl, who spent the winter here visiting Mrs. Allmon's sister, Mrs. W. R. Graeber, left Tuesday for their home in Carbondale, Ill. During his stay here, Mr. Allmon worked at the Corner Grocery.

Mr. and Mrs. D. F. Eaton and sons, Mike and Steve, left last Thursday for Fort Worth to spend Easter. A highlight of the trip was seeing the stage show, "Oklahoma," on Saturday. They returned home Sunday night.

A. C. Cash, en route to Amarillo where he is to be associated with the Westinghouse firm of that city, spent a couple of days here the last of the week with his parents, Mr. and Mrs. Allen Cash. Friends were greeting him up and down Main and were expressing the thought that now that he is locating in West Texas that we will all see him back in the old home town more frequently.

Mr. and Mrs. Allen Cash spent last week end in San Angelo with Mrs. Cash's sister, Mrs. J. B. Simmons.

Mrs. Ott Nance and Mrs. Winnie Tufting went to Lawton, Okla., last weekend for the Easter Pageant.

Among the out-of-town folk attending the Twentieth Century Club party last Thursday night at the Legion Hall were Mr. and Mrs. Winston Wharton and Mr. and Mrs. Jess Gurley of Tahoka, Mr. and Mrs. Doyle Justice of Lubbock; Mrs. Blanche Dalby who was home from Ft. Worth for Easter, and her son, Giles, who was home from Peacock Military Academy, San Antonio, and Baxter Bardwell, who was en route to Lubbock from Ft. Worth for the Easter holidays.

The day after Easter found Oscar Bowen, John Cearley and Truett Fry bound for several days fishing on Cisco Lake.

Mr. and Mrs. W. F. Pierce and Mrs. John Faulkner spent Monday in Lubbock.

Marvin Hudman left Sunday for Galveston to attend a furniture convention. He planned to return this weekend.

Pfc. Holmes McLish, nephew of Mr. and Mrs. J. E. Parker, is a member of the Akita Military Government Team in Japan, with the duty of helping assure that the policies of the Occupation Army are adhered to, and its requirements met, by the Japanese in the Prefecture of Akita. Before entering the army last August, he was a student at Texas Tech. After receiving basic training at Camp Polk, La., he went overseas in November.

The nine-year-olds or thereabouts seemed to be named Ann or some variety thereof. At Carolyn Ann Hudman's birthday party recently, there were Barbara Ann Stanley, George Ann Sartin, Marthana Cearley, Jo Ann Moreman, Twana Teague and the honoree, whose middle name is Ann.

Mr. and Mrs. Jess Robinson of Mountainair, N. M., visited Mr. and Mrs. L. P. Kennedy Tuesday. Mrs. Robinson and Mrs. Kennedy, who are cousins, had not seen each other in 30 years.

Mrs. John D. Smith and son, John D. Jr., of Lubbock visited in the home of their brother and uncle, Sherrill Boyd, Friday night. They were en route home from Snyder where they had attended funeral services for Mrs. Bart Osborne of Lubbock.

Mr. and Mrs. Monroe Lane of Lubbock spent Easter Sunday here with Mrs. Lane's mother, Mrs. L. A. Barrow. Mr. Lane returned to Lubbock Sunday afternoon but Mrs. Lane remained here for several days visit.

Mrs. John H. Ramsay, charter member of the Throckmorton Christian Church, attended homecoming services of the church there on Easter Sunday. She was accompanied by a daughter, Mrs. Jack Burrus.

Mr. and Mrs. Irvin Cross and children of Hermleigh visited during the weekend with Mr. and Mrs. Edsel Cross.

HUDMAN Furniture Co.

It stands against a whirlwind's wrath ...and OIL-PLATES your engine!

AGAINST THE COMBINED, MIGHTY FORCES of wind and electricity, even the world's tallest building seems frail. Yet, though it may sway, it will not fall, for in its slender columns and girders, particles of steel are bonded together by a still mightier elemental force ... the tremendous force of molecular attraction!

WHEN YOU CHANGE FOR SPRING to Conoco N<sup>th</sup> motor oil, the same elemental force of molecular attraction bonds molecules of a special lubricating ingredient to molecules of engine metal! So close is this bond of molecule to molecule,

that cylinder walls and other engine parts are actually OIL-PLATED!

BECAUSE OIL-PLATING STAYS UP on cylinder walls ... doesn't all drain down even overnight ... a change to Conoco N<sup>th</sup> gives you EXTRA protection when you first start your engine "dry" ... EXTRA protection from corrosive acid action when your engine is idle ... EXTRA protection from sludge and carbon caused by wear ... EXTRA smooth, cool, silent miles.

STOP WHERE YOU SEE THE RED of Your Conoco Mileage Merchant. Continental Oil Company

Make a date to OIL-PLATE...NOW!

WHERE FRIEND MEETS FRIEND

**QUALITY HAS MADE US FAMOUS**

**PIGGLY WIGGLY**

**COMBINES**  
**3 Extras Without Extra Cost**

**EXTRA EXTRA EXTRA**

capacity of feeder, cylinder and concaves to thresh out tough heads and pods; faster work without waste or cracking.

capacity of concaves, grotes and rock to separate seeds and grains from bulky straw; permits faster harvest.

capacity of sieves and fan to clean the crop by famous Case air-lift method; clean grain keeps better.

You can count on the Case "A" six-footer to save all your crops, from crimson clover to beans, and get them clean. Has a feeder with sugar-type ends; feeds full width from standing stalk or windrow. Spike-tooth cylinder takes care of toughest crops and toughest conditions. Bagger fills big bags full, dumps three at a time. Come in and see our full line of harvest machinery.
