**Farmers To Get
ACA Information
In Near Future**

Mike C. Custer, secretary of the Garza County ACA, has advised that the 1949 conservation practices have been submitted by the Garza County and Community Committees to the state office for approval. Within the next few weeks a list of the approved practices and rates of pay for 1949 will be mailed to farm operators to enable them to plan their conservation needs for the 1949 program year.

Custer states that farm operators should take precaution in preparing their land for the practice of contour listing before beginning the practice, by rechecking the contour lines before listing. Specifications for this practice in the 1949 handbook are as follows: Contour listing or chiseling must follow level guide lines at not to exceed twice the terrace interval or must follow terraces.

According to information received at the district meeting, Custer advises that a large percent of farms applying for this practice will be spot checked and he urges that operators know where the guide lines were run in order to assist state and field office representatives in

CARD OF THANKS

We wish to express deep appreciation to our many friends for the innumerable acts of kindness and help during the illness and recent passing of our mother and loved one. To those who assisted with her care at the end, those who prepared and served such lovely food and for all the words of comfort, we shall ever be grateful. May the loving Father bless you all in our prayer.
The Family of Mrs. J. W. McCoach.

CARD OF THANKS

We wish to thank our good neighbors and friends for their wonderful expressions of friendship and love during the past few days in the re-burial of our dear son, Ray, Jr.

Without omitting any individual friend we would especially mention our pastor, Rev. Bryant, and Rev. Hardin for their comforting words and prayers; Mary Margaret Duckworth and Elwanda Davies and the entire youth choir for their splendid message in music and song; James and Marshall and Sgt. Carter for their efficient services; the American Legion and V.F.W. Posts and all of the ex-service men for the Guard, the Watch and the Military Honors; the ladies who so graciously assisted in the home and all who had a part in the beautiful floral offerings.

We are deeply indebted to you all and may God's richest blessing be with you.
Mr. and Mrs. Ray N. Smith and family.

Let 'er blow...

The one thing that won't help you through the winter is a lot of talk. So we'll make it brief:

Change now to winter-grade Conoco N^o Motor Oil for faster starts, peak winter engine performance and the full-time protection of OIL-PLATING.

Faster starts: Winter-grade N^o is specially refined to lubricate your engine even when the temperature plunges. It's free-flowing.

Peak winter performance: When you drain out that thick, dirty summer oil, you say goodbye to balky engine response. Winter-grade N^o puts June under the hood!

Full-time protection: A special added ingredient fastens an extra protective film of lubricant to metal surfaces... OIL-PLATES every working part... cuts down "dry" friction starts and general engine wear.

Let winter blow...

Why New Telephone Rates Are Necessary At Post

NO BUSINESS CAN long survive and charge less for its products and service than it costs to furnish them.

GREATLY INCREASED COSTS of furnishing telephone service make it necessary for the telephone company to place new rates into effect at Post. PRESENT RATES for telephone service were established prior to 1935.

Since January 1, 1935, the telephone system at Post has grown from 272 telephones to 509. We are proud that in these 13 years we have been able to expand and improve our service without increasing rates. But the pyramiding effect of increased costs of operation — higher wages, taxes, materials and equipment — make new rates necessary despite the use of every possible economy consistent with sound business management.

EXPENSES ARE GREATER THAN INCOME

During and since the war, the demand for telephone service has been tremendous. While revenues have increased, the costs of furnishing service have increased much faster.

During 1947, our net earnings at Post were only \$275.12—less than one-half of one percent on our investment.

The cost of almost everything that goes to make good telephone service—and almost everything is needed — has increased sharply since 1940. For illustration:

Payroll (wages), our biggest expense, is away up. Seven general wage increases have been granted employees since 1940. The cost of telephone poles is up 110 percent, lead-covered cable 119 percent — and switchboards as much as 139 percent.

NEW RATES ARE REASONABLE

The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, only reasonable rates that will provide enough earnings to place the system on a sound financial basis, and which will enable us to expand and improve service.

ADEQUATE EARNINGS ARE ESSENTIAL

To carry out its expansion and improvement program, the company must spend many thousands of dollars for new plant and equipment. This money must come from the savings of people who want to invest in something that will bring them a reasonable, regular return. A sound financial business with reasonable earnings is essential to attract new money necessary to expand and improve telephone service.

NEW RATES

The new schedule of rates for Post is given below. Federal taxes which apply are not included.

Class of Service	RATE PER MONTH		
	Wall	Desk	Handset
BUSINESS:			
Individual Line Service	\$5.25	\$5.50	\$5.50
Two-Party Line Service	4.00	4.25	4.25
Extension Service	\$1.25	1.50	1.50
RESIDENCE:			
Individual Line Service	3.00	3.25	3.25
Two-Party Line Service	2.50	2.75	2.75
Extension Service	.75	.75	.75
RURAL:			
Business (Metallic)	3.50	3.75	4.00
Business (Grounded)	3.00	3.25	3.50
Residence (Metallic)	2.50	2.75	3.00
Residence (Grounded)	2.00	2.25	2.50

For residence telephone users the new rates represent an increase of from less than one cent to 1 2-3 cents per day. For business telephone users the increase is from less than one cent to five cents per day.

Compared with increases in prices you must pay for other things—food, clothing, automobiles and almost every other item in the family budget—the increase in telephone rates is moderate.

Letters From The Readers

DEAR EDITOR:

As an ex-student and ardent admirer of P.H.S. I'd like to ask one question—could someone please answer? Why can't we have a pep squad in uniform that can go on the field in formation with the band. The band is so nice but it looks small on the field after some of the others leave. The uniformed pep squad would make the school look much better, the fans much prouder and the county in general much better represented.

In uniform they should be furnished transportation to the games away from home. I can remember when things did happen that way.

A WORRIED EX-STUDENT

Editor's Note: We think P.H.S. has gone a long way this year, in returning to the football glamor of old. Let's give 'em time.

DEAR EVELYN:

McAher (Mrs. John F. Turner, of Lubbock) sent me your column that you wrote after the election. I thought it very good and especially enjoyed your comments on Socialism.

Perhaps you've heard of the

National Council for American Education. It was formed to fight Communism and Socialism in the schools. I became interested in it because of my two sons, Michael, who is now in the third grade, and John C., who will soon be in the first grade.

I am going to send your column to the National Council, along with your name and address. I believe you can help, and they need help in getting their material placed in different towns.

I believe as you do, that the American people will wake up in time. They are beginning to wake up now, but many are as I used to be—not realizing they can do anything about Communism and Socialism, some not caring, some too indifferent. But we will always have people like that. I have found I can help and though it may not be much, every little bit helps.

Good luck, Evelyn. Let's keep hitting the line and maybe we can make a little dent. Anyway, the America we knew as children is worth fighting for so that our children will know what it is to have freedom of speech, and religion—the birthright of every American.

It is rather painful to wake up to all that has been going on for years and realize where we are headed; hard to believe, too. That is why too many people prefer to close their eyes to it all. MRS. TOM FEDRICK, El Paso, Texas.

Grade School News Written By Pupils

The fifth, sixth and seventh grades are absorbed in the business of working out for the basketball season. Miss Betty Travis is coach. A game scheduled for Tuesday of this week was called off, but the boys are planning to play Graham next Tuesday.

All the pupils are looking forward to Thanksgiving and the bi-district championship football game.

Frances Edwards, Sammie Williams and Dolores James have been absent from school for several days, because of illness.

Boy! Were the six-weeks exams hard!

Several classes decorated their rooms for the Thanksgiving parties yesterday.

First Graders Take Nature Study Tour

Mrs. Joe Callis, teacher, took 23 first grade pupils on a field trip from 1 until 2 o'clock Wednesday afternoon of last week, as a geography readiness measure in preparation for the geography course which is to be introduced to the pupils in the near future.

The group walked for eight blocks, in the neighborhood of the school building, and studied nature and observed the changing of the season, with particular reference to colored leaves and evergreen trees.

The trip was part of the "in-service" training which many Garza County teachers are taking this year.

Twelve Hundred Dollars Gained From Game Here

The Post High School Athletic Fund received \$1,217 as proceeds from the Post-Littlefield district-championship game played here last Friday. Supt. G. R. Day announced Monday.

The sale of reserved seats grossed \$2,160 and the general admission tickets brought \$987, making a total intake of \$3,147. From this amount, a total of \$713 was paid out for expenses. The remaining \$2,434 was divided equally between Post and Littlefield.

Day reported that the expenses were as follows: Admission tax, \$524.50; officials, \$96.40; advertising, \$14; visitors lunches, \$50; tickets, \$18.10, and miscellaneous, \$10.

Mr. and Mrs. L. B. Jackson and two sons moved this week to the O. G. Hamilton ranch, near Grassburg.

From where I sit ... by Joe Marsh

Television on the Farm

Buck Childs' home has become mighty popular ever since he got that television set—one of the few sets in our town, outside of Andy's Garden Tavern.

Not only do the kids stay home nights, but the neighbors drop in to see whatever's being telecast. And Buck and the missus always make them welcome, with a mellow glass of beer or ale (with cider and cookies for the youngsters).

While I guess everyone admits that television still has far to go, it's not hard to see that it will some

day be as much a part of American home and farm life as the temperate glass of beer that Buck serves, and the hospitality that goes with it.

And from where I sit, anything that adds to gracious living in America—brings folks together for temperate, quiet entertainment—is a boon to this home-loving land of ours. (We're thinking of buying a television set ourselves!)

Fluitt, Smith, Storie and Malouf Make All-District 4-A, South, Football Team

Post's undefeated Antelopes dominated the all-District 4-A, south, team, which was announced last Thursday following a meeting of the loop coaches and school officials, with four stellar Antelope performers selected on the first team.

Maurice Fluitt, Post's outstanding wingman, was named to the left end slot on the all-star eleven, with Post Center Jimmy Smith moving into the pivot slot.

Calvin Storie, who bulwarked the Antelope forward wall from a guard post, gained top recognition, as did Halfback George Pierce and Fullback Ronnie Bouchier made the second team. Honorable mention went to Charley McGuire and Donald Carpenter.

Forty-Five Hundred Persons See Post Defeat Littlefield For Championship Tilt

Bi-District Game Is Challenge For Antelopes' Talent

The District 4-A Football Champions will try for the bi-district title at 2 o'clock this afternoon in Jones' Stadium at Texas Technological College in Lubbock.

Coach V. F. Bingham's Antelopes, not yet fully recovered from injuries received three games ago, are believed to be in as good shape as they were last week when they defeated Littlefield. But they have the strongest opposition they have faced so far, and they will be called upon to give of their best.

Comparisons show that the Lockney Longhorns have piled up 232 points this year to Post's 226 points, and that the Longhorns have allowed their opponents 50 points while Post has lost only 32 points.

In winning seven conference games and two non-conference games and tying a third non-conference game early in the season, the Longhorns have demonstrated to sports fans over a large area that they have one of the strongest lines in action this year. Their tie was with the Kress, class B team.

Lockney has defeated Spur, Floydada, Crosbyton, Abernathy, Rails, Matador and Paducah in the District 3-A conference and, in addition, won over Dumas and Tulla.

The Longhorns rested last weekend after completing their regular schedule the preceding week with a 48-0 win over Paducah. Many of their fans and some of their players witnessed the Post-Littlefield game here.

Longhorn Coach Sid Reeves has indicated that his team "is looking good." According to the Lubbock Journal, this includes "two big tackles and Calvin Pyle, end, who carries the ball on an end-around play that depends on timing and deception. He has been getting both and it is a successful play."

Coaches Bingham and Vernon Ray said yesterday that they plan to start the game with Maurice Fluitt and Roy Davis, as ends; Maurice Stelzer (he's big, too) and George Pierce, as tackles; Donald Carpenter and Barry Ford, as guards; Jimmy Smith, as center; Charles McGuire, as quarterback; Junior Malouf, as left half; Roy Wade, as right half; and Roy Teaff, as fullback.

Post Girls Take Two Games From Slaton Tuesday

Post was victorious over Slaton in two girls' basketball

Before the largest crowd ever assembled in the antelope stadium last Friday afternoon, the Post Antelopes played a brilliant game to defeat the Littlefield Wildcats, 14-0, and win the District 4-A Championship. Approximately 4,500 spectators from many West Texas towns witnessed the game, in which the Antelopes gave their best exhibition of the entire season.

The victory gave Post a record of 10 consecutive triumphs this season and a round dozen since meeting Tahoka in defeat in 1947. Littlefield, which represented the north 4-A bracket in the playoff tussle for the full year crown, had lost only one other game in conference competition this season.

The two teams battled on nearly even terms during the first half, then the brilliant running of Junior Malouf, halfback, and the passing by Charley McGuire, quarterback, began clicking for a couple of tallies.

Both teams had trouble crossing the mid-field stripe during the first half, although the Antelopes chalked up one penetration early in the second quarter. After taking over the ball on their own 24, the Antelopes surged deep into Wildcat territory. McGuire passed to End Buddy Hays on the Littlefield 41, then Malouf broke over right guard to the Wildcat 27. Plunges by Halfback R. E. Josey, Malouf and McGuire picked up a first down on the Wildcat 15, but two line bucks lost ground and two passes by McGuire went incomplete to end the threat.

The Antelopes roared back early in the third period to tally the first touchdown. Halfback Roy Teaff returned the Littlefield kickoff to the Post 33, then rammied for a first down on the Post 44. Malouf slanted off tackle for five paces, Halfback Roy Wade made it a first on the Littlefield 39 and Malouf sprinted outside right tackle and went all the way to the double stripe.

Jack Kirkpatrick kicked the extra point from placement and Post led, 7-0.

Minutes later the Wildcats made their most dangerous thrust of the game. Fullback Jiggs Walker returned the kickoff to the Littlefield 15, then slammed to the 28 for a first down. Two complete passes by Quarterback John Srygley moved the ball to the Post 18, then Srygley hit Halfback Lilburn Bales on the Antelope line. Line smashes by Walker, Bales and Srygley failed to gain, however, and the ball went over to Post on downs.

The Antelopes clinched the win mid-way in the fourth period. Halfback Charles King intercepted one of Srygley's tosses on the Post 46, then Teaff and McGuire picked up a first down on the Littlefield 43. On the next play, Malouf broke over right tackle, shook away from two would-be tacklers and sprinted to paydirt. Jack Kirkpatrick booted the extra point and Post led 14-0.

Post's two scores were characterized by outstanding support from End Maurice Fluitt and Guards Calvin Storie and Donald Carpenter. Teaff gained consistently on off-tackle smashes. Bales was the main show for Littlefield, although End Billy Perkins turned in some good work in the pass snagging department.

Officials were Harvey Dunn, referee; Curtis Barrett, umpire, and Russell Wimberley, head linesman, all of Lubbock.

Visiting sports writers covering the game included Put Powell of the Amarillo Globe-News and Earl Scudday of the Lubbock Avalanche-Journal. The game was broadcast by the Littlefield station.

Thanksgiving and Faith . . .

Thanksgiving is more than mere feasting and reunion. Thanksgiving is a time for renewing our faith in God and the spiritual values of life which are essential to these times.

Today we must live up to the faith of our forefathers. We give thanks for material things, for freedom. But above all, for the privilege of worship.

Ray And C. Lowe On Sunday

Rita Ray, daughter of Mrs. H. F. Ray, became the bride of Cleo Lowe, son of Mrs. Jeff Lowe, at 4 o'clock Sunday afternoon.

D. W. Reed performed the wedding ceremony in the presence of the bride's brother-in-law, Mr. and Mrs. C. H. New Home.

The bride wore a gown which was given in by her father, wore a black and white corsage and a corsage of flowers.

She attended her sister's funeral of honor. She wore a dress with pink and white accessories and a white corsage.

She attended the bride's party at the home of the bride's mother.

Refreshments of cake were served to 25 guests.

After the wedding trip the bride and groom returned to their home at 2701 22nd Street, Lubbock, where he is with Texas, New Mexico, and Oklahoma.

The bride wore a dress with red accessories, and she is a graduate of the school and formerly employed by the Western in Levelland.

The groom attended Morning School.

FAVORITE BIBLE PASSAGE OF:

MRS. ODEAN CUMMINGS

Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper. The ungodly are not so: but are like the chaff which the wind driveth away. Therefore the ungodly shall not stand in the judgment, nor sinners in the congregation of the righteous. For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish. Psalm 1.

Minute Prayer:

Our father, remember with us all of whom we should pray—the sick, the sorrowing, the distressed and the needy. Bless all efforts put forth for the extension of Thy kingdom and hasten the day when all men shall love and serve Thee, Amen.

George Washington's Thanksgiving Proclamation was copied from the original in the Congressional Library by the Rev. D. A. Bryant, who provided the copy used on Page 1 of today's Post Dispatch. As pastor of the First Baptist Church, the Rev. Mr. Bryant also provided this column today with the following appropriate Thanksgiving comments: "THANKSGIVING, in any year, is a glorious season of physical, mental, and spiritual refreshment. Since the first Thanksgiving Day was proclaimed, the people of the United States have been blessed immeasurably through properly observing the Day each year. This present generation has much the same, and more, to be grateful for when we remember the various favors which He has been pleased to confer upon us. TODAY should be truly a day of prayer and thanksgiving for all who love Peace, Prosperity, and Good Government."

There will be a monthly fellowship supper at 7:30 o'clock Monday evening at the First Methodist Church.

Several improvements in the building have been made at the Methodist Church. The church is especially grateful to the 30-50 Sunday School Class and Mrs. Mammie Lott for their gifts.

A Large crowd from the various churches attended the annual Thanksgiving service at the Church of the Nazarene last night.

The Rachel Fong Circle of the Intermediate G. A.'s met Monday evening in the home of Judith King with six members present. The next meeting will be in the home of Virginia Caylor.

Members of the W.S.C.S. met at the church Monday afternoon and completed the study book, "America's Geographical Frontiers." Mrs. T. L. Jones taught the book.

Monday night at 7:30 o'clock the Grassland Nazarene Missionary Society will meet with the local chapters, the Louise Chapman and Susan Fitkin at the local Church of the Nazarene. Each circle will have a short program, stressing missionary work.

The local Methodist Church was represented at a sub-district meeting of Sunday School officers in Tahoka Monday evening.

Mr. and Mrs. Iven Clary attended the ground breaking ceremonies of the new First Baptist Church in Lubbock Sunday. There will be services at the First Christian Church Sunday.

The C. W. Terry home was the scene of a party for the Naomi Sunday School Class members of the First Baptist Church and their husbands Monday evening. A Bible quiz and games of 42 were enjoyed. A covered dish Thanksgiving dinner was served. Mrs. Tom Bouchier is teacher of the class. Attending the party were Messrs. and Mesdames Shelley Camp, Tom Bouchier, Alex Webb, C. K. Pierce, O...

Antelopes Enjoy Two Parties On Friday Evening

Friday evening was crowded with interesting social events for the football crowd.

The Antelopes were entertained after the Post-Littlefield game at a dinner given at the City Hall by Mr. and Mrs. Tom Bouchier and Mr. and Mrs. Willard Kirkpatrick. The hall was attractively decorated with colorful pennants and flowers. The boys received a dozen red roses from the Post Chamber of Commerce, in recognition of 12 consecutive victories since last year's game with Tahoka.

After the dinner, the Antelopes and their dates were entertained by Frances Benson. Games were played, and refreshments were served to 45 guests.

Chapman, Bob Williams, Reece Bivens, and Mesdames John Sutton and Nola Brister.

SUGGESTED DAILY BIBLE READINGS FOR NEXT WEEK:

Today, Psalm 103; Friday, Psalm 90; Saturday, Psalm 91; Sunday, Psalm 23; Monday, Ephesians 6; Tuesday, Philippians 4; and Wednesday, John 17.

Honey Bees To Be Needed In Spring For Vetch Fields

Like counting chickens before they hatch, this may be counting hairy vetch before it blooms: District cooperators next spring will need honey bees to pollinate hairy vetch fields to make them set a heavy seed crop. Bee owners will profit along with vetch growers to let their bees gather honey on vetch fields. A strong stand of bees can produce 75 to 100 pounds of honey during a vetch blooming season. Honey from vetch flowers is a clear golden color, with a smooth rich aroma and mild sweet flavor. It ranks among the top for quality.

While many different kinds of flowers are pollinated by the wind, hairy vetch needs bees or other insects to carry the pollen from flower to flower, soil conservation specialists say.

If farmers and city people who have bees will call the Soil Conservation Service Work Unit in the Double U Building, Phone 89, soil technicians will help them locate a vetch field for their bees.

Duck Creek Soil Conservation District cooperators who have vetch planted include T. R. Greenfield, J. W. McQueen, Bill Norman, Jim L. Williams, E. O. Merrell, Tom Gilmore, and Henry Edwards. Normal vetch plantings will take care of a stand of bees to the acre.

Interest In Terrace Construction Gains

Seasonal interest in terracing has been on the increase the past week, according to local Soil Conservation technicians. District cooperators have most of their crops out and have begun to construct terraces to save water and prevent erosion. J. C. Henderson, three miles north of Post, this week had soil technicians run lines for terraces.

Irene Elkins at Polar and Truett Fry, whose farm is northwest of Post, plan to start terracing soon.

T. R. Greenfield had two diversion terraces 1,400 feet long constructed in a pasture to increase the drainage area for a pond. Wilburn Morris, southwest of Graham, started building his own terraces. Morris is using a whirlwind terracer. These are the first terraces he has built, but with assistance from the Post Work Unit of the Duck Creek Soil Conservation District he is coming right along, technicians say.

ell and Lennis Howell of Seagraves visited him in Ft. Worth over the weekend.

Mr. and Mrs. Lewis Nance are spending the holidays in Fort Worth and Henderson.

The War of the Roses was so called because of the emblem of the House of York was a white rose and that of the House of Lancaster was a red rose.

 LUBBOCK — 2 P.M., THURSDAY.

this Thanksgiving

Set aside a few moments to spend in contemplation and prayer amongst your family, friends and neighbors in your church. Think for a moment of people in other parts of the world who are still engaged in a fight for food, for living space, indeed, for their very lives. Then, give the Lord thanks for the many blessings he has bestowed upon you and yours... and give Him thanks, too, for making you part of a country which has joined a great united effort to alleviate suffering, bring about permanent peace and insure better living for all.

Thanksgiving

Thanksgiving is more than an annual event. It is more than the passing impulse of a moment, when the tide of emotion rises to a flood that wells up and overflows into ecstatic praises. It is more than an institution wrought into the established pattern of the conventions of society. It is all this, but it is more.

Thanksgiving is a spirit that comes to characterize all our living.

We are so accustomed to associate praying with asking that it is something like a discovery to note how universal is the note of gratitude and appreciation in the prayers of Scripture, even prayers of petition.

"In everything by prayer and supplication with thanksgiving let your requests be made known unto God."

All this is a matter of habit, whether we fit our whole outlook upon life into a frame of discontent and querulous complaint, or whether we fill every day with the lilt of songs of praise we cultivate. We enlist a good deal more co-operation from our neighbors if we form the habit of appreciation rather than that of captious criticism or querulous complaint.

The practice of gratitude to God and appreciation of our neighbors gives to everyday living a tone and quality of grace and loveliness.

"Oh give thanks unto the Lord, for He is good and His mercy endureth forever."

CORRECT LAND USE WITH THE WHIRLWIND TERRACER WILL INCREASE YOUR CROP YIELD BY 20%

It's an all-round machine, this Whirlwind Terracer, that helps you stop soil erosion, conserve moisture, control drainage... and thereby increase per acre crop yield by as much as 20% in the first year.

One man operates the Whirlwind to build terraces faster and cheaper than any other method. Gullies can be filled for grass waterways... ditches dug to control drainage... ridges built to control runoff and retain water. Fertilizer and valuable humus are held where they belong.

See how it all adds up to correct use of your land, and a more profitable yield from your crops?

Now Let Us Prove What The Whirlwind Terrace Can Do. You'll See For Yourself at a Field Demonstration. Stop in For Details.

SOUTHWESTERN PUBLIC SERVICE COMPANY

YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Telephone Rates To Be Upped To Nearly Two Cents

Announcement of necessity for new telephone rates here was made today by Mills Roberts, of Hobbs, N. M., district manager for the Southwestern Associated Telephone Company.

Greatly increased costs of furnishing telephone service make it necessary for the telephone company to place new rates into effect immediately, he said. Roberts also stated that he plans to go before the City Commission at an early date to explain the need for new telephone rates here.

The present rates for telephone service were established prior to 1935. Since January 1, 1935, the telephone system in Post has grown from 272 telephones to 809. "We are proud," Roberts said, "that in these 13 years we have been able to provide more and better telephone service without increasing rates. However, the pyramiding effect of higher costs of operations—higher wages, taxes, equipment and supplies—make new rates necessary despite every possible economy that could be used." He explained further that rates will be raised over the entire territory served by the company. While revenues have increased, expenses have increased at a much faster rate and net revenues have dropped until they were less than one-half of one per cent on the company's investment here in 1947, he explained.

"The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, but are asking only for rates that will provide enough earnings so that we can continue to expand and improve service," he said.

For residence users, the new rates represent an increase of from less than one cent to 1 2/3 cents per day. For business users, the increase is from less than one cent to five cents per day.

We Feel as a Chevrolet dealer it is an appropriate time to convey our sincere appreciation to the people of this community for their loyalty, patience and understanding.

For Despite Chevrolet's production of more cars and trucks during 1948 than any other manufacturer there is still a long "waiting list" for America's most-wanted cars and trucks.

Chevrolet is doing everything within its power to maintain and increase production. Meantime, we would like to express our thanks...

Thanks to Buyers and Prospective Buyers of New Chevrolets for your generous recognition of the honest value built into this first-choice car in the low-priced field. More people have bought Chevrolet cars and

trucks, during the eighteen-year period from 1931 to date, than have bought the cars and trucks of any other manufacturer.

Thanks to Those Who Are Waiting for Orders to be Filled for your patience and understanding. You can be sure we are doing our best to treat all customers fairly... doing our best to speed the day when we can give you the good news, "Your waiting days are over!"

Thanks to Service Customers for the opportunity to keep your present cars in safe driving condition. We have tried to serve you well, and appreciate your patronage.

NEW OIL OPERATIONS—

(Continued From Front Page)

At present the Comanche Corporation is operating 97 wells in the Garza Central Pool.

The two established wells on the Bingham place are producing approximately five barrels each a day.

One of three wildcats, for tests into the San Andres strata of the upper Permian, announced last week for the South Plains area is in Garza County. It is the George and Herman Brown of Houston, No. 1. J. W. Long, et al, to explore 3,800 ft. with a combination rotary and cable tool outfit, starting in the near future. The slush pit was ready by the weekend, according to the dirt contractor, Homer Gordon.

The drillsite will be 2,310 ft. from south and 330 ft. from west lines of section 1,305, abstract 359. It is about two miles south of Honolulu Oil Corp. No. 1 Shelby County School Land Fee, which was plugged and abandoned a few weeks ago. Fair shows were encountered in the San Andres top by the Honolulu project, but the operator was not able to develop the signs for commercial production.

The Brown prospector is on a lease that Don M. Oliver and Fred F. Kotyza, Midland independents, obtained from Honolulu on a farm out deal. It is on a checkerboard spread of about 3,000 acres. Honolulu had a block comprising about 6,000 acres in that region.

Oliver and Kotyza turned some of their acreage to the Browns to drill the wildcat, but retained some interests in the territory.

FIREMEN PRAISED—

(Continued From Front Page) counting the Planter's Gin loss) was paid out in fire insurance here since December 1. He had not been informed as to the amount of insurance paid after the gin fire. He said the department has dealt with 28 fires, nine of them outside the city limits, during the past year.

December 15 was set as the tentative date for the firemen's annual Christmas party, and names were drawn for exchange of gifts by the firemen and their wives and girl friends.

The banquet tables were decorated with attractive arrangements of bronze and yellow chrysanthemums, fall leaves and wheat, and the hall was decorated with flags and pennants. Mrs. Imogene Jewell supervised the preparation and serving of the meal.

Washington D. C. is on the banks of the Potomac River.

Look Who's New

A son, Larry Dale, was born to Mr. and Mrs. Haden Johnson November 17 in the Mercy Hospital at Slaton. He weighed 7 lb., 6 oz.

Mr. and Mrs. W. H. Gore of Lubbock are parents of a daughter born November 15 in the West Texas Hospital in Lubbock. The father, an artist, formerly lived in Post.

A son, Robert Carl, Jr., was born to Mr. and Mrs. Robert C. Gardner of Wichita Falls Friday morning. He weighed 8 lb., 1 oz. The baby's grandmother, Mrs. Esma Cash, was visiting in Wichita Falls at the time of his birth. Her son and daughter-in-law, Mr. and Mrs. Kenny Cash plan to visit the Gardners this weekend and bring her home.

A daughter, weighing 8 lb., 12 oz., was born to Mr. and Mrs. Jack Hickerson at 12 o'clock noon November 20. She was named Glenda Faye.

Mr. and Mrs. Kenneth W. Hale of San Antonio are announcing the birth of a son, Kenneth Wayne, on November 9. Mrs. Hale is the former Bessie Pettigrew, daughter of Mr. and Mrs. E. C. Pettigrew of Justiceburg.

Capt. and Mrs. Ilo Hard, who live in Maryland where he is stationed with an air base, are parents of a 7 lb., 10 oz. son, who was born November 22. He was named Joe George. Mrs. Hard is the former Mary Snow Swift of Post.

Mr. and Mrs. Robert Owen of Levelland, former Post residents, are parents of a girl, Shirley June, born Sunday in Levelland. She weighed 7 lb. The baby's grandmother, Mrs. G. W. Owen, is in Levelland for several days.

Football Talent Is Related To Erosion

Pete Ottinger of the Duck Creek District Soil Conservation Post Work Unit addressed the Post Rotary Club Tuesday noon at the City Hall on the subject of soil conservation in this area.

He compared the productivity of the soil, among other things, with the prospects for good football players in this area. He showed with a map that the farm boys on both the 1928 and the 1948 championship teams came from Garza County areas that have good soil and that the poorer soils have not produced any outstanding players.
