

Baird Girls Tracksters Take Second In Womens Development Meet

The Baird girls track and field team, under direction of Supt. L. B. Howard, took second place in two runnings of the Women's Olympic Development Track and Field meet, held in Abilene Friday and Saturday at the McMurtry track.

In the Friday contests, Jefferson Parish took first place with a total of 116 points for both the 14-15 and 16-17 year age groups. Baird was close behind with 111 points. The highly touted Abilene team could do no better than third place with 93 points.

In the Saturday contest, which pitted the top contestants from Friday meet, Jefferson Parish took first place with 89 points. They nosed out the Texas Track Club, a group composed of Abilene, Lubbock, Snyder and other contestants. Baird took third place in the Saturday contests with 70 points. Highly publicized Mary Lou Davis of Abilene could do no better than 3rd in the discus, 4th in the javelin and 5th in the shot in the Friday contests.

Friday, the following Baird girls placed in the track and field events:

14-15 Division — Katy Walls, 1st in shot put; Betty Corn, 2nd in high jump; Vickey Lou Jones,

3rd in high jump and 5th in 60 yard hurdles; Sally Green, 2nd in 60 yard hurdles; Sue Howard, 3rd in 60 yard hurdles, and the Baird 440 yard relay team, 4th.

16-17 Division — Paula Corn, 1st in shot put, 1st in javelin; Gwen Walls, 2nd in shot put; Karen Bearden, 3rd in javelin, 5th in discus; Elaine Hass, 5th in 60 yard hurdles; Sandra Booth, 4th in broad jump, and Baird 440 yard relay, 2nd.

Saturday night, Paula Corn won first in the shot put, first in the discus and fourth in the javelin throw; Karen Bearden won third in the javelin, fourth in the discus and fifth in the high jump; Gwen Walls won second in discus, fourth in high jump and third in shot put. The Baird 440 yard relay team and the 880 yard relay team took fourth place in both events.

ATTENDS CONFERENCE

Mrs. Frankie Crow, high school business teacher, attended a Business Education Conference at Denton last week. The conference was sponsored by the School of Business, North Texas State University.

Mrs. Crow and Richie joined Mrs. Crow in Dallas for a week end visit with her sister, Muriel Young.

C of C Active In Savings Bond Drive

The West Texas Chamber of Commerce, Abilene, today placed its full support behind the U S Treasury's Freedom Bond Drive now under way in Texas.

J. Carter King, Jr., president, wrote each member "The Savings Bonds program is over 20 years old. We've got a winning team in the program. Let's keep it rolling. There's nothing like it in the entire world."

The Chamber of Commerce President called on all members to buy bonds. "We are not in a hot or shooting war, but I need not remind you that our National defense agencies are working around the clock to prevent our being engulfed in one."

"One of the best things you can do to help keep America strong is to protect your own personal financial security. Savings Bonds offer you an ideal way to do that."

Ed Gossett, State Savings Bond Chairman, points out that investing in Government bonds is more than a patriotic exercise. "It's a positive way of building up our economic strength to sustain the burden of the cold war and of strengthening the individual's financial future as well."

"Being a good citizen and turning a handy profit in the process is a pretty good deal for any of us," he added.

SWEET 'N' SOUR

By A. Dill

July gets off to a rousing start, then simmers down to mark a lazy cadence with the whirr of locusts and the fiddling of the crickets -- and that's summer at its easy-going best.

Many, many thanks to Jack Scott for the kindest of letters -- and to the thoughtfulness of a person who will take time from a busy routine to give words of encouragement to another No Oscar or Emmy award will ever be more cherished than that compliment.

Area teachers thronged to the reading workshop held last week in Anson. Among those attending from Baird were Elementary School Principal Winn Talley, Mrs. Talley, Roberta Ross and Katie Lou Walker.

Jane Ann Gardiner is a vacation guest of Dana Corn this week. The youngsters plan a lively round of fun 'n' visits before Janey returns to Roswell.

Mr. and Mrs. Bill Seelig had week end guests -- Mrs. Seelig's brother and family, Mr. and Mrs. Lee Thompson and Johnny of Phoenix, Ariz., who were en route to Lawton, Okla. Also visiting the Seelig family was Mrs. Charles Savell of Odessa. Mrs. Seelig, by the way, had only recently returned from visiting her mother in Lawton.

The Fourth was a special holiday for the Lester Jaggars family, it marked the annual reunion of Mrs. Jaggars' kindred held this year in Hico. Prior to the reunion, Mrs. Jaggars and her mother, Mrs. C. M. Bales welcomed as guests Mr. and Mrs. W. C. Hodges and children of Sheffield, Ala.; Mr. and Mrs. E. F. Bales and Nancy, Mrs. Linda Jollif and baby of Downey, Calif. -- all here for the family gathering.

Home is the traveler -- Evette Meadows had a wonderful vacation through scenic New Mexico -- visited in Santa Fe and reports that even by comparison with the glamorous resort country, home still rates A-OK with her.

Looks like a bright, bright summer at the I. E. Warren home -- David and Cindy are here for a visit. The youngsters came from Michigan with their parents, George and Marian Warren, and decided to spend at least a part of their school vacation here in Texas with the grandparents.

Consumer report on Larry Towler Enterprises -- Excellent, top-rate, and, just about all the other adjectives you may care to add to denote that the work the young man is doing this summer is highly satisfactory. Larry, who will be a high school freshman in September, has spent the summer in the yard and odd-job profession and when we hear so very much about the quality of a youngsters work, we think it deserves recognition.

Dort and Wilburn Carrico and Carlie, Bobby Jack Slms and Susan Young made a trek to Arlington this week to see the sights at Six Flags Over Texas, which, by the way, is becoming the Lone Star State's answer to Disneyland. These Bairdites loved every minute of their trip.

Still other Flag visitors from Baird were Mrs. Hubert Ross, Danny Ross and Patty Sammons, who made the trip Monday; also Lee Brown and daughter, Lee Ann who visited last week.

One of the prettiest sights in town is Mrs. Appleton's vivid pink crepe myrtle -- it is laden with blooms and looks exactly like a Texas-size nosegay.

The Roscoe Shelnett children have a new pet -- a Great Dane puppy and even if he is constructed along the general dimensions of Paul Bunyon's idea of a "lap dog" he's a real beauty.

Among the steadiest of steady customers at the swimming pool these warm days are the Rowe children, Jan, Karen and Donna of San Antonio, who are visiting Mr. and Mrs. Clyde White. The little ladies are really in the mermaid class when it comes to water, and they thoroughly approve the Municipal Pool.

A very, very happy birthday (Continued on Page 5)

Sheriff's Posse Rides In Rodeo Parades

The Callahan County Sheriff's Posse has been busy the past few days, and indications are that they will continue to be active during the summer.

Week end before last, the group took a second place trophy in Winters where they rode in the opening parade, and rode in the grand entry of the opening day of the rodeo. Last week end they rode in the parade to open the Ballinger rodeo, and Monday they were in Stamford where they rode in the parade opening the annual Cowboy Reunion.

Thursday they were to go to Rotan where they were to ride in the parade opening the Rotan Rodeo, and in the grand entry opening night.

Spacecraft on Display In Abilene Sunday

A Project Mercury Manned Space craft - duplicate of the famous Freedom 7, Liberty Bell 7 and Friendship 7, which carried Astronauts Shepard, Grissom and Gleen into Space - will visit Abilene Sunday, July 8, from 1 p. m. to 6 p. m. in front of the First State Bank, at 4th & Oak, for United Savings Bonds.

It is the big feature of the Treasury's Freedom Bond Drive - your chance to see and examine the exciting vehicle of America's spaceman. Area residents were invited to buy an extra Savings Bond during the Freedom Bond Drive -- and see the Mercury Spacecraft in Abilene on Sunday, July 9.

This job is to be completed in 75 working days, under the supervision of engineer E. L. Harris of Abilene.

Mrs. Maunie Brumbaugh and Eddie spent the week end with Mr. and Mrs. Jack Flores in Andrews and Mr. and Mrs. Wallace Pike in Big Spring.

Linda Chrisman of Ft. Worth and Paula Graham of Lubbock have spent the past two weeks here visiting their grandparents, Mr. and Mrs. B. C. Chrisman.

B&PW Club Installs New Officers

The Business & Professional Women's Club met June 21st at Bibb's Cafe. Mrs. Eulalia Ault, president, presided.

Miss Alvis Deavers, District Director, from Abilene and Miss Janis Walker were guests. The club gave a \$50.00 Business Scholarship Award to Janis Walker. \$5.00 was contributed to the Teen Age Ball Club.

Alma Stephenson was elected Corresponding Secretary, to fill the vacancy created by Norma Baulch's resignation.

Mrs. Ault reported on the State Convention, which she attended in San Antonio.

Sarah Parks installed the following officers for the new year: President, Mollie Brightwell; 1st Vice President, Corrie Driskill; 2nd Vice President, Isadore Grimes; Recording Secretary, Alda Nordyke; Corresponding Secretary, Alma Stephenson.

Other members present were Floy McMullen, Mae Lewis, Lynk Lawrence and Beatrice McElroy.

Mr. and Mrs. Bill Hart of Lubbock visited last week with their parents, Mr. and Mrs. L. E. May at Olney and Mr. and Mrs. Fred Hart at Baird.

Dollar Days in Baird Friday & Saturday

Friday and Saturday will be Dollar Days in Baird, and some of the merchants are offering many bargains for their customers. Participating are McElroy, Black's Food Store, Work's Dry Goods and Mayfield's.

Plans call for the holding of Dollar Days the first week end of each month, and for the participation of more merchants in the event.

Baird Merchants Display Flags

Downtown Baird took on a red, white and blue look Wednesday, July 4th, as merchants displayed some 23 new flags on new poles.

The new flags were the result of a campaign by the Baird American Legion and its commander, C. H. Lunsford. Commander Lunsford approached the merchants with the idea of new flags to be placed in front of their businesses. Most merchants cooperated.

Baird city employees cooperated by drilling holes in the walks to hold the flags. Mr. Lunsford thanked the merchants and the city for joining in the project.

County Short on Savings Bond Quota

Callahan County, with 22.2 per cent of its quota, trailed all counties in the 13th District, in sale of U. S. Savings Bonds for the first five months of the year, a report from area headquarters revealed this week.

Through May, 1962, Callahan Countians had purchased \$46,809 toward the set goal of \$210,000. Haskell County led the nine county district with 73.4 per cent of its quota.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — State owned islands along the coast, and submerged lands in inland waters, now are available for lease for industrial purposes.

Leasing for industry was authorized last year by the Legislature. First step in the program was for Gov. Price Daniel to select the men to serve on a committee to advise the School

Land Board on leasing procedures.

Daniel now has named J. Chrys Dougherty of Austin, an attorney, and Dr. Armstrong Price of Corpus Christi as the advisors.

Procedure is this -- a person who wants to lease state land must first apply to the city government, if the land lies in a city limit, and to the county commissioners court. They publish notices and have public hearings. If they recommend the lease the three-man School Land Board then can consider it and set the amount of rent to be paid.

First application was from Port Aransas, which wants to lease part of Mustang Island for an airport.

SCHOOL BUS BARGAINS — Prices of school buses are falling.

State Board of Control, which buys buses for all the school dis-

tricts on sealed bids, found that the price of 72-passenger buses has fallen by about \$1,200 this spring.

May purchases averaged \$5,430, while the 1961 average was \$6,618. Same sort of declines were noted in prices on smaller buses.

LEASES GO UP — But there was a note on high prices, too.

For many years, the University of Texas lands in West Texas have been leased for oil and gas with one-eighth royalty reserved for the University of Texas and Texas A&M College, which share in the proceeds.

This year, the royalty was raised to one-sixth, and only 9 of 101 tracts offered for lease were passed over by the oil company bidders who bought them at an auction sale. Cash bonuses averaged \$38.64 an acre. This is lower than at some sales in the past. But if they find oil or gas, the University fund will get more of it due to the higher royalty fees.

IMPACT STILL DRY — That long-expected "oasis" in West Texas will stay dry a while longer.

It is the town of Impact, in the edge of bone-dry Abilene, which incorporated and voted itself wet in 1961.

Atty. Gen. Will Wilson and the City of Abilene brought suit to declare the incorporation invalid. But District Judge J. R. Black held that the incorporation had been validated by the Legislature. It was done in a validating act passed mainly for the City of Plano, which just happened to apply to Impact, too.

However, State Liquor Administrator Coke Stevenson Jr. announced that he will not grant a package store permit which has been pending for months. He'll wait to see what the higher courts say about Judge Black's ruling, since the case will be carried to the Texas Supreme Court.

So there won't be any legal liquor in Taylor County for many months.

TEXTBOOK STORM — The special House of Representatives

committee which had some stormy hearings, wound up its business with an internal storm.

Rep. W. T. Dungan of McKinney held the final hearing all by himself in Dallas. Other four members boycotted the meeting, then voted to expunge it from the record.

Each member will write his own report to the House on the procedures by which textbooks are selected.

During its stormy life, committee heard one member called a "card carrying communist" by a lady in Amarillo. He filed suit against her, and apparently the folks back home didn't believe her, because he won renomination.

PARKS FOLDER — An attractive new folder describing for tourists the facilities and location of state parks is being made available by the State Parks Board.

A fishing scene at Lake Brownwood State Park is the colorful cover for the booklet.

RETIRING JUDGES — The judicial retirement system was designed so judges could leave the bench for a few years of rest before their death.

Statistics just worked up on the operation of the system by State Auditor C. H. Cavness reveals that there are 219 district and appellate judges paying into the retirement fund, and 31 who are on retirement.

During the last state fiscal year, five retired judges died and 11 retired. Of 62 judges who have retired, 31 had died as of the date of the audit.

But the retirement system may not have succeeded in keeping judges on the bench. During the year, 10 left the bench without retiring, to go into private law practice.

LEGAL RULING — Atty. Gen. Will Wilson answered a variety of questions this week.

He told Education Commissioner J. W. Edgard that it is not legal for a school district to buy gasoline and oil from a consignee who is a member of the school board, even if he got the contract as low bidder on sealed bids.

He told County Atty. John Lowhon of Denton that Jim George, who won the Democratic nomination for two justice of the peace seats, can't hold them both, and that he vacated the office he held when he became a candidate for the other place. George's name cannot appear on the general election ballot for both jobs.

He told County Atty. Bill F. Griffin Jr. of Center that trucks owned by a farm corporation and used exclusively for hauling entitled to the half-price farm license fee.

He told County Atty. Mack Wallace of Athens that members of the national guard are not exempt from ad valorem taxes levied against their property for road purposes. The exemption for militia members is from the road tax of \$3 per man which used to be levied against those who did not put in a day's work a year on the county roads.

MORE OIL SUITS — More and more lawsuits are being filed out of the East Texas Field crooked hole investigation.

Latest was a \$13,000,000 suit filed by the attorney general against operators of a lease which he contends had been produced through a crooked hole since 1949.

There had been indications that the deviation practices whereby wells found up under somebody else's property had been going on quite a while. But this is the first indication that it was happening that far back.

EFFICIENCY STUDY — Request for an efficiency study of the Texas Railroad Commission won approval from the executive committee of the Texas Research League. So that big agency will be looked into thoroughly.

Oilmen had complained in the past that there was too much red tape about Railroad Commission operations.

Chairman William J. Murray Jr. had defended his agency on that point, saying that many requirements have had to be added to make sure oil was produced legally and properly.

Anyway, the organizational experts of the Research League will be looking the Commission over, and advise next spring what legislative changes might be made to make it work better.

SALES BETTER — Total retail sales in Texas in May rose to 3 per cent above the April level, after the UT Bureau of Business Research made its seasonal adjustments.

Durable goods sales were up 7 per cent and auto sales were up 16 per cent above April and 24 per cent above May of 1961.

Furniture and household appliances apparently reflected a bumper crop of weddings. They usually rise about 14 per cent in May over April. This year they rose 22 per cent.

Farm implements, hardware and building materials all contributed to the May boom in business.

Nationally, there was a 1 per cent decline in retail sales compared to the Texas rise of 3 per cent.

Issuance of building permits in urban areas showed a 2 per cent increase over May 1961, and 14 per cent over April.

Union Usuals and Unusuals

By Mrs. Veda Yarbrough

Hi neighbor! We had some rain last week, rained all the way from an inch to five inches in and around here and Moran. Last Friday, Roma McIntyre, D. A. Yarbrough, Mrs. Onie Abernathy, Dick and Annie Yarbrough and I went to Byers, up the other side of Wichita Falls. In fact we went on over into Oklahoma just to say we went. In Byers, we spent the day with Miss Lula Yarbrough, a double cousin of the Yarbrough boys, Onie. We really enjoyed the day, spent seven hours with her and driving around. Left home after sun up and got home before sundown. I think that was real good for a bunch of us oldsters. Of course, Roma did all the driving. We really enjoyed every bit of it and the new Buick rides so good. We ran in to an awful rain between Wichita and Myers, in fact, it was a 5-inch downpour. The highway was flooded for miles, and we had to take it slow it was raining so hard, but we had a good driver.

Lucille Kelley of Lubbock came out Saturday to visit with and Ollie Burnam. She spent Sunday night and Monday with me. Ollie, Lucille, Dian Everett and I went over to see Mrs. Mary Ramsey Monday afternoon.

ternoon. Glad to say Mrs. Mary is doing pretty good, is staying by herself.

We were sorry about the passing of Mrs. Marcelles Tatom last Tuesday. Several from out here attended funeral services last Wednesday in the Baird Baptist Church. Our deepest sympathy to the Tatom family.

D. A. Yarbrough visited in Baird Sunday with his sister, Mrs. Onie Abernathy.

Mr. and Mrs. Weldon Isenhower and boys visited in Trent Sunday with her parents, Mr. and Mrs. Frank Allyn.

All the grandchildren are still with Mark and Ollie Burnam, and are they having a good time.

I hear Bob Isenhower has a new saddle pony. I haven't seen it yet. Kim and Kevan Burnam, and Dian Everett went over late Monday afternoon to look at him.

John and Roma McIntyre went to Clyde Sunday to see his mother, but she wasn't home so they drove over to Oplin and around looking at the crops.

The weatherman said on the news Monday night at ten that if the farmers wanted to get their cotton plowed before it rained again, they better get busy, that it was likely to rain again this week end, and from the way the wind it blowing, he may be right.

I must get busy and get my flag pole ready so I can fly my flag on the Fourth. My, my, how the time is spinning by, will be Christmas before we know it, so we better get our shopping done.

Be good and I'll be seeing you next week.

'Mr. Roddy' Gets Autograph

In the July 1-7 issue of the TV Star, published by the Fort Worth Star-Telegram, in an article concerning unique things received by Chet Huntley, mention is made of a two-foot long hobby horse that came from the "Far West."

The article states that the horse "was passed from hand to hand across the country and simply bore a request for Chet's autograph."

Roddy Reynolds of Putnam, is sure that he can identify this hobby horse. In fact, he is sure that he has him in the corral along with other 'sons' of the famous Gold Dust, the world famous "rider-hitching" stick horse

Mr. Huntley autographed the horse on his body and on his saddle bag and wrote this message in the log book the horse carried in his saddle bag: "Received at NBC News New York, 10-18-61, and sent on Chet Huntley."

Mr. Roddy, the name given to the horse, began his 'run' at a roadside park just west of Putnam, being left there by Roddy on Sept. 19, 1961. Attached to his body was a note stating that he was on his way to Chet Huntley with a message. The note requested that travelers 'ride' him in the direction of New York, passing him on to other riders in relay fashion.

Twenty-nine days and 21 riders later, Mr. Roddy was in Mr. Huntley's hands. Among the riders were a police officer, a Louisiana senator, truck drivers and vacationers.

Mr. and Mrs. Roy Higgins, Tommy and Johnny, Mr. and Mrs. Bill Skinner and Kerry, Mr. and Mrs. E. J. Higgins and Jerry, Mrs. W. J. Tecumseh Topics

By Mrs. Lillian Crawford

The last week of June was a time of showers, rain and more rain.

Mr. and Mrs. Ira Crawford and Lynda visited Dale Crawford and family at Cross Plains Saturday. He had answered two calls down Cross Cut way to put the power back in order, after it was disrupted by the Saturday morning rain of 5½ inches in about an hour and a half.

Debbie Crawford, our granddaughter at Cross Plains, will be 5 years old on July 4th, and she had quite an exciting experience last week. She was out playing and her mother said she came running to the house and was crying, saying that she found a snake. Her mother, thinking it was probably a mouse snake, picked up an old garden hoe and went back with her. It looked like a poisonous snake, so she called a neighbor to bring a gun and it was a copperhead.

Mr. and Mrs. L. V. Harris, Ira, Lillian and Lynda Crawford visited in the home of Charlie Stephenson Friday night.

Many of you are probably wondering about the rebuilding of Aunt Kate Crawford's house. As I understand, they have bought the teacherage at the old Denton school, and it will be moved to a location just north of where the old house was destroyed by the tornado.

Van Harris went over today to pull nails and help get the old lumber in shape to add more rooms to the house that is to be moved.

Mr. and Mrs. Bobbie Crawford and children of Arlington visited Elbert, Hazel and Stanley Crawford, his sister Mrs. Wesley Coughran and family in Abilene and made short visits with other relatives during the past week.

To those who are interested in the upkeep of the Cemetery at Denton Valley, your offerings are urgently needed at this time according to Mrs. Annie Mae Crawford, treasurer.

Aubrey Bell of Marshall, spent the week end in Baird visiting friends.

Drury Descendants Hold Family Reunion

Descendants and friends of the late Mr. and Mrs. W. D. Drury met in a family reunion at Treadaway Park in Cross Plains Sunday. A covered dish lunch was spread at noon, and an enjoyable time of visiting and reminiscing of the past was spent.

Duncan, Mr. and Mrs. Coy Nelson, Oscar Fisher, Lillian Bell McGinnis, all of DeLeon; Mrs. Nina Hodge, Healdton, Okla.; Mr. and Mrs. Walter Drury, Chowchilla, Calif.; Mr. and Mrs. Grover Berry, Baird; Mr. and Mrs. Henry Riggs, Oma Michael, Robble and Faye Stephens, Judy Garrett, Mr. and Mrs. Bob Nelson, Jon and Robert and Juanita Garrett, all of Abilene; Mrs. Ivan Odom, Gladys Riggs, Mrs. Otis Odom, Mr. and Mrs. Oscar Tyler and Debbie, Mrs. Maude McCann, Martin Jones, John Akin, Ernest and Iva Riggs, all of Cross Plains.

Mr. and Mrs. Seth Drury and Douglas Hart, Graham; Mr. and Mrs. Jim McGowan, Mr. and Loyd Duncan, Odessa; Sadie Drury Rivaist and Gary Purkiser, Torrance, Calif.; Marie Taylor Klergman, Manhattan Beach, Calif.; Mr. and Mrs. Tom A. Duncan, Denton; Willie Fisher, and Minnie Fisher Nowlin, Fort Worth; Albert Parginson, Romney; Mr. and Mrs. J. B. Pierce, Oplin; Mr. and Mrs. Clyde Slaughter, Cisco; Mrs. G. C. Williams and Mrs. Ona Nelson, Clyde.

We appreciate so very much the food, the lovely flowers, the cards, and the innumerable deeds of kindness.

May the Lord bless and keep each of you.

Recent donations to the Eula Cemetery Fund were Joe Monroe, \$5.00, and Mrs. Ella Farrar, \$10.00.

Farmers Should Check Premium

Farmers themselves are responsible for making sure that they receive the sedimentation premiums to which they are entitled under the price-support program for 1962-crop hard wheat, Tommie Harris, Chairman, Agricultural Stabilization and Conservation County Committee, cautioned local wheat producers.

Sedimentation instead of protein for premium purposes is being adopted for 1962 under the price-support program for hard wheats as a part of the Department of Agriculture's effort to upgrade the overall quality of hard wheat produced in this country

Where wheat is delivered for a warehouse storage loan, the farmer himself must request that the test be made and, if he thinks he has premium wheat, he should make sure that his warehouse receipt or other documents show the proper sedimentation value

Premiums offered under the 1962 price-support program for hard wheat will be 3 cents per bushel for wheats testing 40, 41 and 42, plus 1 cent per bushel for each additional point of sedimentation value up to a maximum of 25 cents per bushel. The 25 cent maximum premium will apply to wheats with a sedimentation test of 64 or above.

Hard wheat with no sedimentation test or testing below 40 will be supported at the basic county or terminal loan rate, with discounts or premiums for other factors.

Mr. Harris said that if a producer does not believe his wheat will command a sedimentation premium, he does not need to request that a test be made and he can secure a base loan in the normal manner. If an official sedimentation test is made, however, the warehouse receipt or accompanying documents must show sedimentation value even though it may be less than 40.

Sandra Kay and Beverly Ann Ketchum of Hurst, are spending the week with their cousins, Linda and Judy McDougal, and grandparents, Mr. and Mrs. W. L. Massagee.

Sarah Hatchett Weds Bill Berry

Mr. and Mrs. Buster Roy Hatchett are announcing the marriage of their daughter, Sarah Ellen, to William Doyle Berry, son of Mr. and Mrs. R. W. Berry of Jacksboro on February 3, in the Centenary Methodist Church in Lawton, Okla.

The bride, a graduate of Baird High School, attended North Texas State University. Berry, a graduate of Jacksboro High School, attended North Texas State University for two years. The couple plan to continue their studies at Sul Ross in the fall.

The couple is residing on the Hatchett Ranch, near Baird.

COMPACT
 From the dawn of Western thought, men like Socrates have wondered what claims the laws have on us -- aside from pure force.

Some thought men had contracted to set up and obey the laws to keep the peace: "You don't hurt me and I won't hurt you." But until 1620 at least, nobody had ever seen men enter such a social contract.

True, Socrates in return for the good Athens had done for him, said that he had entered an implied, unwritten contract to obey her laws, even the unjust judgment against him to take the hemlock and die.

Still, not until the Mayflower band twenty centuries later, sailed over to settle in the new world did we get a social contract actually signed and sealed. It comes down to us in 198

vital words, the granddaddy of all written constitutions, as well as a document in the history of liberty under the law. Its gist: "We . . . do by these presents solemnly and mutually in the presence of God, and one another, covenant and combine ourselves together into a civil body politic, for our better ordering and preservation . . . and by virtue hereof to enact, constitute, and frame such just and equal laws, ordinances, acts, constitutions, and offices from time to time as shall be thought most meet and convenient for the general good of the colony, unto which we promise all due submission and obedience In witness whereof we have subscribed our names at Cape Cod on the 11 of November . . ."

Much took place in the next 168 years. But in 1788 the new state wrote and ratified the world's first and now oldest and most successful constitution. Why do men obey the laws? It says:

"We, the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution of the United States of America."
