## Higgins Funeral Held Sunday At Calvary Church

Funeral services for Mrs. Martha T. Higgins, a Post resident the past 10 years, were conducted at 2 o'clock Sunday afternoon in the Calvary Baptist Church...

Survivors include three daughters, Mrs. Guy Davis of Post, Mrs. Hulon Jackson of Carlsbad, N. M., and Mrs. Emily Loup of Chicago; three sons, Ed Grant of Freeport, W. H. Grant of Brooks, Ore., and W. C. Higgins who is with the Armed Forces in the Philippine Islands; 10 grandchildren; two great grandchildren; a brother, John McEntire of Tulsa, Okla.; and two sisters, Mrs. W. W. McGee of Van Buren, and Mrs. Walter Howard of Fort Smith, Ark.

Flower girls were Vina Self, Ola Mae Warren, Hazel Rains, Maysel Williams, Dortha Jones, Irma Lee Swanger, Cora Baker and Mrs. W. B. Hammonds of Hale Center.

Out-of-town attendants included Mr. and Mrs. Johnnie Rodgers of Carlsbad, Mr. and Mrs. Claude Jackson of Pampa and Mr. and Mrs. W. J. Davis of Lamesa.

## Army Building Is Bought For V.F.W. Headquarters Here

The local post of the Veterans of Foreign Wars, at a called meeting Tuesday night in the American Legion Hall, authorized the new commander, Robert E. Shedd, to buy a surplus army barracks from the South Plains Army Air Field, near Lubbock.

The building will be moved to Post in the near future and remodeled for use as a V.F.W. post and auxiliary headquarters. The site for the building had not been selected by this morning, Commander Shedd said.

Officers were installed at a joint meeting of the local post and auxiliary last Thursday night in the American Legion Hall. A social hour followed the ceremonies.

Johnnie Rogers, installing officer for the women, was assisted by installing officers of the V.F.W. Auxiliary of Lubbock. The service was preceded by a seventh district auxiliary report by the district president.

## All Garza Residents Are Asked To Help Promote Rodeo By Wearing Western Togs

It is now time to hunt up the rodeo banners and have them cleaned, pressed and repaired—if they need it—in anticipation of the annual Post Stampede and Rodeo May 18, 19, 20 and 21.

The rodeo directors, at a meeting in the City Hall last week, agreed that rodeo banners should be placed on the fronts of the various business houses by May 2, and that on that day everyone should start wearing rodeo regalia.

O. D. Cardwell, chairman of the rodeo parade and other colorful phases of the rodeo, was made chairman of the committee to organize a "judge, sheriff, jury and posse" to "enforce" the wearing of cowboy paraphernalia from May 2 until the last day of the rodeo.

Cardwell told the Post Dispatch that there will be "jail" in the middle of the street in downtown Post and that "non-conformists" will be confined there until they pay their fines or promise to wear rodeo clothes.

The wearing of colorful rodeo regalia during the next few weeks will spread the rodeo spirit, not only throughout Garza County, but among people who pass through the town, the directors believe.

Cardwell also is getting an early start on the promotion of floats so that the parade before each evening's performance will be long and colorful. It is hoped that every business firm and club will enter a decorated float and also sponsor a young cowboy to ride in the parade.

Prizes will be given in the merchants (Continued On Back Page Col. 1)

## Two Hundred Dollars Collected To Date In Cancer Campaign

Approximately \$200 had been collected by press time in the drive for American Cancer Society funds, the Garza County chairman, James Minor, said. The goal is \$500.00.

Minor and the assistant chairman, S. E. Camp, were making a canvass of business houses this week.

Community chairmen will make their reports later this month, Minor said.

## Post Bank, Like Banks Everywhere Shows Deflation

The nationwide switch from inflation to deflation has had its effect in Post the same as in Lubbock, Dallas and the nation's largest cities.

This is evident in the Annual Statement of the Condition of The First National Bank of Post, published elsewhere in today's issue.

Comparing the figures on deposits, loans and resources at the close of business April 11, 1949, with those of April 12, 1948, it is noted that deposits are down by \$835,800.44 and loans are up by \$145,986.97. Total resources are down by \$792,602.01.

The local deflation here, despite the short crops which were not a general factor over the nation, compares favorably with that shown by the bank state-ments from Lubbock and Dallas, Ira Lee Duckworth, active vice president of the Post bank, points out.

Short crops, however, were the main factor here in the decrease in deposits and increase in loans, he said.

## Delma Ray Meeks Will Be Reburied This Afternoon

Reburial services for Pfc. Delma Ray Meeks, son of J. A. Meeks, who was killed October 7, 1945, on Leyte Island, will be held in the First Baptist Church at 2:30 o'clock this afternoon.

The Rev. J. T. Clinton of Lubbock will officiate, assisted by the Rev. A. T. Nixon, pastor of the Pleasant Valley Baptist Church and the Rev. George Dale of Lubbock. Military graveside rites will be conducted in Terrace Cemetery under the direction of Mason and Company, by the Post American Legion and Veterans of Foreign Wars organizations.

The body of Private Meeks arrived here yesterday morning from the Fort Worth Distribution Center of the American Graves Registration Service. (Continued On Back Page Col. 1)

## Look Who's New

Mr. and Mrs. James M. Mason of Boca Chica Field, Key West, Fla., are announcing the birth of a daughter, Mickey Ann, on April 4. She weighed 5 lb., 15 oz. The baby is a granddaughter of Mr. and Mrs. John Baker of Southland and Mrs. Clara Mason of Durant, Okla.

Mr. and Mrs. Chet Ryder of 4017 Southwest Fairvale Drive, Portland, Ore., are parents of a boy, Ernest Chester, born March 30 in a Portland hospital. He weighed 7 lb., 9 oz. The baby is a grandson of Mrs. Oma Moreman.

A daughter, Linda Gail, was born to Mr. and Mrs. Bill Hays, at 11:10 a. m. Monday. She weighed 8 1-2 lb. The baby is a granddaughter of Mrs. Lillie Hubble and Mr. and Mrs. Jim Hays.

A son, Charles Martin, was born to Mr. and Mrs. Floyd Davis of the Verbena Community Friday. He weighed 8 lb.

## Over Five Inches Of Rain Recorded Here Since Jan. 1

The 1.40 inches of rain which fell Monday and Tuesday nights in Post brought the April moisture total to 1.53 inches and the total for the year, so far, to 5.25 inches, according to figures reported by the Double U. Company which measures local rainfall for the U. S. Weather Bureau.

For the benefit of those who clipped Post's 41-year rainfall chart, which was published in the Post Dispatch early this year, the rainfall by months may be entered on the chart as follows:

January, 2.91 inches; February, .32 of an inch; March, .49 of an inch, and as of April 19, 1.53 inches.

The April rainfall was received, as follows: April 3, .10 of an inch; April 11, .03 of an inch; April 18, 1.32 inches and April 19, .08 of an inch.

The 5.25 inches received here so far in 1949, compares as follows with that received the first four months of some years past: 1948, 2.56 inches; 1944, 3.61; 1939, 4.63; 1934, 3.02; 1929, 6.50 (total for the year, however, was only 14.64 inches); 1924, 3.44; 1919, 7.97 (total for the year was 30.44 inches); 1914, 2.05, and 1909, 1.90 inches.

Last year's total rainfall was 12.38 inches, which was quite a bit short of the 20.43 inch average for this area.

Monday night's rainfall, which was general over the county, was accompanied by an electrical storm which did little reported damage. The precipitation, according to the Post Dispatch correspondents, ranged from 1-4 of an inch to more than two inches in various parts of the county. It was badly needed.

## Land, Moore And Wright Elected C. of C. Officers

The new board of the Post Chamber of Commerce met at the City Hall to elect officers and to discuss business last night.

W. S. Land, who served as vice president during the past year, was elected president to succeed James Minor. Monta Moore was elected vice president and Jess Wright was elected secretary.

The program for the coming year will be discussed in detail at the next meeting.

## BANK IS CLOSED

As today is San Jacinto Day, the First National Bank is closed.

## WHAT WOULD YOU CALL AN IDEAL VACATION?—

# Holiday Ideas Include Sightseeing, Visiting, Loafing

What is your idea of an ideal vacation?

This question was asked of various Garza County residents at random during the past week. The answers do not necessarily reflect what the people are going to do this summer; they reflect what they would like to do if given the opportunity.

Mr. and Mrs. Jim Hundley consider they have just returned from their idea of an ideal vacation. They visited their son, Jimmy, in Miami, Fla., were entertained royally by Jimmy and his girl friend, an attractive young Canadian, and shown the beauty spots of the East Coast from Florida to New York, were taken swimming every day and they even got to take a trip on the plane of which Jimmy is pilot for an airline. Some of their

touring, after leaving Jimmy was in his convertible, which they drove home. Their itinerary included visiting Mrs. Hundley's relatives in Mississippi.

Get Away From Routine Miss Jewell Parsons would like to spend her vacation on a slow trip to California or Florida. Most of all she would enjoy sleeping as late as she wishes in the morning, having the leisure to dress and eat slowly and when she desires to do so, rather than living the rigid, fast schedule of a salary earner.

Mrs. Arvel McBride would like to go to Dayton, O., to visit her father's relatives. James Minor would like to take his family to Red River or some other cool resort in New Mexico and rest while the children enjoy the swimming, playground facilities and other entertainment available. He would like to do a little fishing while resting.

Mrs. J. H. Babb would like to make an automobile trip to Barrington, Ill., to spend a week with her son, John H., and family.

Make No Plans Ray N. Smith's idea of an ideal vacation is to start out without any plan, and go at a slow pace, as long as time will allow, stopping at all points of interest en route. "We did that once," he said, "and had the best vacation we ever had. When we left our driveway, we had no idea which way to head the car. We drove to San Angelo, then to San Antonio, spent a day or so there, then went over to Corpus Christi, then over to Galveston, then to

Dallas where the Texas Centennial Celebration was going on. Nobody knew where we were, and we didn't know where the next day would take us."

Victor Hudman would like to go some place that would be both entertaining and educational for his children.

Mrs. Ed Warren has always wanted to go to New York City and "do the town" in company with friends there who are familiar with all the interesting places to see. Ganell Babb has wanted to go to Catalina Island ever since hearing the J. A. Propp family describe what a good time they had on a trip there.

and she can see things she hasn't seen before.

Jeneice Propp would settle for anywhere, just to get out of town for a few days.

Mrs. Curtis Davies would like to go just anywhere that she could rest and get away from household chores. "I'd like to sit down beside a creek somewhere for awhile."

E. Johnson of Graham.

## School Finale Gets Under Way With Parties For Seniors

With the end of school less than a month away, Garza County students, particularly the high school seniors, are enjoying a series of exciting activities.

The Seniors of Post High School currently are being honored with a series of parties, some of which are being given by the women's societies of the various churches.

All of the schools in Garza County, with the possible exception of Southland, will finish examinations May 17 and 18, have a holiday May 19, while the teachers prepare reports and then go to school for the last time May 20 to receive report cards.

A report of the Southland schedule was not available by press time.

The Post Seniors will leave May 5 on a trip to Colorado Springs, Colo., and return the following Sunday night. They will take exams the following week and then be excused from classes the last week of school.

The Post High School Baccalaureate Service is scheduled for the night of May 15 in the high school auditorium. (Continued On Back Page Col. 2)

## Boys Club To Be Organized Again

Assistant Coach Vernon Ray, who is planning to spend the summer here, told the Post Dispatch that he will carry on the activities of the summer Boys Club but that he has no plans to announce at this early date.

Coach V. F. Bingham, who directed the Boys Club last summer under sponsorship of the Post Chamber of Commerce, will attend Texas Technological College in Lubbock this summer.

## School Band Cancels Contest In Canyon

Merle Jenkins, director of the Post School Band, announced yesterday that the band has canceled plans to enter the regional contests in Canyon April 29 and 30.

### Rev. Bryant Leaves C. Of C. Directors

(Continued From Front Page) since 1945, been engaged to conduct a Youth Revival in Kerrville to begin Easter Sunday this year.

On Sunday, March 13, the Kerrville pulpit committee visited the Rev. Mr. Bryant here, re-approached him on considering the Kerrville pastorate and promised that no other pastor would be called before the beginning of the Youth Revival. The Rev. Mr. Bryant accepted an invitation to preach in Kerrville on April 3, at which time his sermon was broadcast over the radio.

Last Sunday, the Kerrville Church extended a unanimous invitation to him to accept the pastorate. He accepted, and decided to move there this week because of the proximity of the beginning of the Youth Revival. During the Rev. Mr. Bryant's short period as pastor here, the local church has substantially increased its annual budget, has received about 50 additional members, has bought an encampment cabin for the Plains Baptist Assembly at Ralls at a cost of about \$1,200, and has increased the building fund by about \$5,000, the Rev. Mr. Bryant said. Definite plans have been made toward the erection of a two-story educational building at a cost of approximately \$35,000, of which more than \$21,000 is already in the building fund.

### City Leasing

(Continued From Front Page) "Now it appears," he explained, "that the majority of the landowners have a favorable attitude toward drilling within the city limits and, for this reason, we have been buying leases and will make plans to drill if all the obstacles are removed."

Spencer said also that if the city ordinance against drilling inside the city is lifted, it is his company's hope that a proper city ordinance will be passed to require orderly supervision of drilling operations and to protect the rights of the landowners.

He said that his company is using the pooling type lease which will enable it to pool as many lots as are necessary to make up a drilling block. The Comanche leases are scattered throughout all parts of the city and they include school proper-

(Continued From Front Page) been good, the best can be ahead.

(5) Aggressive living. Wars and athletic contests are won on aggressiveness, rather than on the defensive. An aggressive attitude is essential to the civic development of any community.

The speaker was introduced by the Rev. D. A. Bryant. Land served as master of ceremonies, in the absence of President James Minor, who was out of town. Land discussed the work of the Post Chamber of Commerce since it was reorganized in 1946, and outlined the hopes for the next year. His talk is reproduced elsewhere in today's issue.

Invocation was by the Rev. A. B. Cockrell. This was followed by piano and accordion selections by Merle Jenkins.

Mrs. T. L. Jones told of her experiences as a member of the committee to select the Texas candidate for the American Mother and paid tribute to Mrs. O. R. Cook, who was among the top five contenders for the honor. She introduced Mr. and Mrs. Cook and, on behalf of the Post Chamber of Commerce, presented to them a scrapbook containing the many letters of recommendations and telegrams sent to the state committee in Mrs. Cook's behalf.

Dinner was prepared and served under supervision of Mrs. Imogene Jewell.

The Easter motif was featured in the decorations. The speaker's table was centered with a bouquet of orchid stock, yellow acacia, light pink carnations, and plastic lace puffs and bows in an Easter basket. Other tables were decorated with bouquets of yellow and orchid stock, acacia and plastic puffs.

ty and Montgomery-Davies property.

According to Comanche figures, based upon what is known about the local oil pool, an acre of city property should yield approximately 2,500 barrels of oil. As there are approximately 3.67 acres per city block, each city block could yield about 9,250 barrels per well.

As the cost of a single well is about \$25,000, Spencer said the Comanche finds it is not economically profitable to put down more than one well per 20 acres in this area where the formation limits the drainage to no more than 400 feet.

### Cowdrey Dies

(Continued From Front Page) John Wallace, Mrs. Elva Peet and Mrs. Ben Loper.

Mr. Cowdrey was born April 11, 1876, in Marion County, Ark., and he was married to Miss Priscilla Bawcom December 25, 1898, and five children were born to the union. The youngest child died soon after birth.

The family came to Texas in November, 1903, and settled near San Angelo. They moved to Garza County in February, 1915, to the farm where Mr. Cowdrey lived until his death.

Mr. Cowdrey had been a member of the Graham Church of Christ since 1916 and served as elder the past several years.

Mr. Cowdrey's first wife passed away in August, 1940. In April, 1941, he was married to Mrs. Dee Jackson.

Survivors, besides his wife, are two brothers, J. B. Cowdrey of Lubbock and R. M. Cowdrey of Enid, Okla.; two sisters, Mrs. Tom Cartmill of Corona, Calif., and Mrs. Fannie Cartmill of Tulsa, Okla.; four children, Mrs. Glen Davis, Mrs. Lonnie Peet and Elmer and Delmer Cowdrey, all of Garza County; nine grandchildren, and four great grandchildren.

Out-of-town relatives and friends attending the funeral included Mr. and Mrs. R. M. Cowdrey of Enid, Okla.; Mr. and Mrs. Leahman Cowdrey of Lawton, Okla.; Mr. and Mrs. J. E. Cowdrey, Mrs. Mae Cowdrey and Mrs. John Turpin of Lubbock; Mr. and Mrs. Cleve Cowdrey of Amarillo; Mr. and Mrs. Dale Cowdrey of Abilene; the Rev. and Mrs. Ernest Jackson of Eldorado, Ark.; Mr. and Mrs. Ed Bankston and Mr. and Mrs. Jack Mercer of Fort Worth; J. D. Rallsback, Mr. and Mrs. V. E. Rallsback, B. B. Rallsback and daughter and Mr. and Mrs. George Rallsback and children of Slaton; Mr. and Mrs. Randy Rallsback and daughter and Mr. and Mrs. Ernest Rallsback and children of Levelland; Mr. and Mrs. Guy Hester and son, Miss Edith Rallsback, Floyd Husted and daughter, Mr. and Mrs. Floyd Husted, Jr., Mrs. W. T. Shepherd, Dyer White, Mr. and Mrs. Alvin Graves and children, Mrs. Ethel Corbell and Mrs. Jimmy Cummins of Lubbock; Mr. and Mrs. G. E. White of the Dixie Community; Mr. and Mrs. J. O. Reed and Mr. and Mrs. J. O. Reed, Jr., of the Gordon Community, Mrs. Velma Raelter of Brownfield, Mrs. Nona Weaver of Meadow and Mrs. Opal Jernigan of Seagraves.

ROGER W. BABSON WRITES THIS WEEK:

# Working Only For Material Ends Is American Fault

BABSON PARK, Mass.—A recent newspaper headline told us that four more Christian Ministers had been sentenced to life imprisonment in Bulgaria. Some Americans are saying, "What a shame." And going about their business and their pleasure. But are these increasing outrages of human decency sending more Americans to church or causing more Bible reading in our homes? Or, are our leisure hours continuing to be spent, week after week, only at movies, at clubs, playing bridge, games of chance, cocktail parties or at other forms of costly entertainment.

I wonder what might have been accomplished by now toward world peace if all the money which has gone into these activities in the U. S. in just the past ten years had gone into education and religious work in the trouble spots of the world. When we do go to church many of us go to splendid edifices, with comfortable pews, modern heat, and other conveniences. But what drew our forebearers to church? Where is the strong personal faith that kept them warm?

Stalin's Russia. Nor, I'm sorry to say, is America today. We all, German, Russian or American, become spiritually empty, dried up at times, and need to go to the living fount—to reestablish contact with life giving forces. Real living has direction, spiritual direction. It is not aimless, haphazard, fatalistic or "come-what-may."

Germans have been taught for generations to expect at least two wars in each lifetime. We have a generation in America which was born into one war and has just fought in another. It reads and hears everyday of still another to come. Part of this generation asks, hopefully, "What is the use of trying to improve our society for ourselves and others if it's to be blown to bits next year?" This ques-

tion breeds materialism and results in loss of courage and faith.

**What is Needed?**

Courage and faith are the qualities which will enable us to snatch victory out of impending defeat and help us to build a new world. Faith is a possible reality only for those who live in something else besides a physical or even a mental, reasoning world. Faith is a reality for those who believe that our Creator meant all evolution to be an evolution toward good. It is a reality for those who believe that the core of each man, that part of him that responds to kindness, for those who believe that the core of each man, that part of him that responds to kindness, forgiveness, and selflessness, is the

sanest part of his being. That is the part which today needs to be fed and nourished most.

America eats hard, drinks hard, and plays hard. When it isn't working, it is apt to waste on entertainment and consume millions of dollars worth of liquor—"to forget itself; to forget its troubles." What we should be feeding is the spiritual part of man in order that real personality may develop. We speak glibly of how, in our evolution, the cold made us develop fuel and clothing, and the darkness spurred us on to discover the laws governing light. But we know all this exciting discovery and development is just as possible in the human personality. It is time to give up working only for material ends. We should start to awaken, nourish

and develop the only thing that gives our existence meaning.

How are we to tap the den but most valuable resources? Only through meditation, prayer and thinking about the truly successful. It is he who rises from prayer answered. Isn't that what the world,—better world,—"common," in my opinion run like this: "Implication of distinguishing, or exceptional qualities, frequently connotes inferiority or cheap." Do we mean to be "common" men, most Americans in the world desire to be uncommon.

Gardening and flower raising has long been one of my favorite hobbies.

Of course, I'm no George Samson . . . but I do have good luck with radianse roses and some other flowers that I'd list if I had a seed catalog handy.

Since returning from the Navy, however, I've been so busy I've had to let my yard go until this spring. I'm just as busy at the office as I always was—if not busier—but these postwar gardening gadgets have almost made it possible for me to do my gardening while operating the typesetting machine.

The new tools and garden implements are pounds lighter than the old ones, and they take the work out of gardening. It's sort of fun trundling a rubber-tired wheelbarrow that is so light you can lift it with one hand from one side of the back yard to the other.

These plastic garden hose sets are so light, even my dog Bugle can pull them from the front to the back.

Don't be surprised if you drive by my house some evening and see me mowing the lawn. I'm getting the yen after reading about the new labor-saving mowers and the "carpet sweeper" that tosses leaves and lawn clippings into a canvas carryall. These new modern mowers have rubber tires and are lighter and easier to use.

Although I haven't seen it, I've been reading about a new grass-cutting implement for small gardens, which is called a "monta" mower (not to be confused with Monta Moore.) Hand operated, it weighs little more than a steel rake. It, according to what I've read in the magazine ads, zooms around trees, shaves grass right up to walls and can run harmlessly over the grass edge of flower beds, thereby eliminating the second run with the clippers.

Have you been reading any of the ads in the current home and garden magazines? Even Major Hooper would be inspired to do a bit of work around home if he had some of these gadgets. If I can get hold of them, I expect to put in a formal garden next spring. Here are some of the new labor-saving gardening devices:

**A Brand New Idea In Sprayers**—No more pumping . . . spray easily applied in a Fine Mist . . . Spraying controlled by using simple stop trigger attached to the hose . . . A pressure cylinder operates the sprayer.

Use Such and Such (trade name withheld because the advertising is free) Vermiculite . . . Here is really the ideal growing medium! Acclaimed by professionals as the new miracle gardening advertising is free) vermiculite is a magic mineral containing billions of tiny cells that trap and store air and water, releasing them as needed to bring about massive root systems.

**Control Water Seepage** . . . Protects against damage to interiors, seals cracks. Apply like paint . . . just add water . . . hardens with age, available in varying colors.

## Garza and the World

By EVELYN BOYD

Dr. R. W. Cumley of Houston, editor of the Texas Cancer Bulletin, says we will be performing a distinguished service to Texas and this community by printing the following editorial:

"Radioactive materials are proving to be a powerful new weapon in cancer research and treatment. Because of the recognized progress in this field, a bill was introduced in the Texas Legislature which provided \$1,350,000 for construction and equipping of a Radiologic Institute and Atomic Energy Research Laboratory as part of The University of Texas, M. D. Anderson Hospital for Cancer Research.

"This Hospital was founded by a Legislative act in 1941, prior to the advent of radioactive isotopes; hence no provision was

made for their use. The act did provide for a statewide facility for cancer research and education, and a hospital unit for developing the latest advances in cancer treatment. To date, while still in temporary quarters, the hospital has cared for patients from 166 counties in the State of Texas.

"The present proposed legislation is vital. The lives of many of us actually depend upon the passage of this bill. If it passes, Texas will have a complete, well-equipped facility for the use of radioactive materials. In this center men can be trained to use these substances in other hospitals throughout the State. As it is now, Texans are largely deprived of the benefits of this new means of cancer research, diagnosis and treatment. Over 7,000 Texans will die of cancer during 1949; another 40,000 are suffering from this disease. The magnitude of the need, therefore, is apparent.

"There is great danger, however, that funds will not be provided for the establishment of this Radiologic Institute and Atomic Energy Research Laboratory. In a recent committee meeting in the Senate, all provisions for the building and equipping of this institution were deleted from the bill. Hence, in order to assure establishment of this institution, the appropriations for it must be reinstated in the Education Appropriation Bill for Institutions of Higher Learning (Senate Bill 134), and then passed by both the Senate and the House. If the appropriation is not provided, the citizens of Texas will continue to be deprived of this new method of combating cancer.

"You are urged, therefore, in the interest of your afflicted fellowmen, to wire or write your State Senator and Representative expressing your desire that the Radiologic Institute and Atomic Energy Research Laboratory be established. Your communication should contain a statement to this effect: Urgently request that the appropriation provided for The University of Texas Cancer Hospital include funds for the establishment of a Radiologic Institute and Atomic Energy Research Laboratory.

"This bill may be acted upon by May 1. Your communication should be sent immediately, and certainly within the next

Sure it can be done. After all, they have contraptions now that you can attach to your typewriter and operate the typesetting machine as you write the first draft of the copy. I may even attach the new garden-control gadget to my typewriter and save still a little more time.

## What Our Contemporaries Are Saying:

**ASK A BUSINESS MAN**—Speak of Post, and folks in Slaton tell of how busy the merchants are in Post, go to Post and say something about Slaton and the folks there seem to think that business is booming two weeks."

I don't know anything about this bill, except what is contained in the above editorial. But it is certainly worth looking into, considering the number of people who die of cancer around here every year.

The statistics show that one out of every eight persons is doomed to have cancer, and that one third of these people can be cured if the malignancy is detected early enough by treatment already in use in Texas.

If the use of radioactive materials can be the means of saving the lives of some of the other two-thirds, I'm in favor of it. If you also are in favor, write Senator Kilmer B. Corbin and ask him to look into this bill and support it if there is nothing harmful in it. You can rely on his judgement in matters of this sort—if his attention is called to the fact that the people in his district are interested in the bill.

Hint to the 1949 graduates of Post High School: It might be worth the cost, \$1.75, to write the Superintendent of Documents, Washington 25, D. C., and get the handbook, "Occupational Outlook Handbook," which was prepared, especially for veterans, by the Bureau of Labor Statistics.

I understand it is a recommended guide for graduates, because it covers 288 different kinds of jobs, occupations or professions, tells what one's chances are . . . in times like these . . . of getting into various professions, tells how to go about it and what qualifications one must have. It also indicates the chances for future advancement in each type of job or profession. I haven't seen the handbook, but if I were a graduate getting ready to launch out into a life career I'd try to dig up \$1.75 and buy the book.

Today's graduates need all the intelligent guidance they can get in matters economic and vocational. At best, they are inheriting a staggering public debt and it will be up to the most capable of them to finally stabilize the nation's economy. They will have to do it for their own children's sake.

There was no school here Friday, the first Easter holiday that the local school children have ever had. The children enjoyed their Easter egg hunts and parties on Thursday.

There was an Easter egg hunt at the Methodist Church Sunday afternoon for the children and a program at the church Sunday night.

Four women here won in the radio contest from Lubbock, station KSEL, "Win a Dinner program" Friday, by answering the telephone with the name of the main dish they were having for dinner Friday evening. Winners were Mrs. Fullingim, Mrs. R. C. Green, Mrs. Sam Ellis and Mrs. Leonard Anderson.

Joe Gayle Fleming of Tech spent the holidays here. He accompanied his parents, Mr. and Mrs. John Fleming, to East Texas Sunday to attend the funeral of a relative.

Worth Fullingim of Howard Payne in Brownwood spent the weekend with relatives and friends at Quitman.

Dalton Mimms, brother of Mrs. James Parks, who was injured in an automobile wreck in Ralls last Tuesday is improving nicely.

Mr. and Mrs. R. D. Williams and children visited the Faye Collins family at Ropesville Sunday.

Visitors in the James Parks home last week were Mrs. Porter of Floydada, Mrs. Moorman and daughter of Clovis, N. M., and Mrs. D. W. Mimms and children of Holly, Colo.

Carl Wortes spent the weekend in Ft. Worth with his mother who is ill.

Fred Davis and son and Buster Davis and son from East Texas visited their mother and grandmother, Mrs. G. W. Davis, and other relatives here last week.

Carolyn Sue Kaysinger accompanied her father to Anson over the weekend.

Mrs. Nellie Mathis and Mrs. Nettie Kellum visited the L. B. Mathis family in Brownfield Sunday.

Mrs. J. L. Whited of Lubbock and Mrs. Mary Jane Gray of Spur visited in Southland Saturday. Mrs. Gray is leaving soon for a visit in California.

Harry King visited Jess Moore, who is a patient in the Lubbock Memorial Hospital, Thursday.

Harvey Lewis Pennell has the measles.

Lena Mae Samples of Slaton visited here Sunday.

Ding Martin of Borger recently visited his parents, the Edd Martins here. Sunday visitors in the Martin home were Rena Samples and Mr. and Mrs. Bill Martin and family of Ropes.

Mrs. L. B. Hambright and daughter, Shirley, returned home Friday from Midland where they had visited with relatives.

Mr. and Mrs. Walter Kellum have sold their place in Arkansas and are coming here for a visit soon.

Lavonne Ferguson visited Jean Sartain in Slaton Friday.

Mr. and Mrs. J. F. Winterrowd visited Mr. and Mrs. Ed Jackson near Lubbock Sunday.

Mr. and Mrs. J. S. Hampton and family and Mr. and Mrs. Alton Edwards and baby of Slaton visited in the Max Jackson home Sunday.

Wilma Wheeler and brother of Texas Tech spent the weekend here visiting their parents.

Mr. and Mrs. Clay Johnson and sons visited relatives in Lubbock Sunday.

Mr. and Mrs. Jack Myers and family visited Mr. and Mrs. Street in Lubbock Friday night.

**Margaret Brauchli Invited To Join Soroptimist Club**

Mrs. R. G. Brauchli of East Orange, N. J., the former Margaret Anderson of Post, appears from her letters to friends here to be the busiest person in the eastern states. In a letter to Mr. and Mrs. Joe Callis, in which she explained that she hardly has time to read the newspaper anymore, she listed a few of the things which keep her on the run. She said, in part:

Besides going to work at 9 and returning at 7, doing my household chores and entertaining friends on rare occasions, I bowl on Tuesday nights and am captain of a team in the Women's League at the American Legion Post 73.

Once a month on Monday night I go to New York City to a meeting of the Industrial Cafeteria Executives Association. . . The business women of the church have a supper meeting once a month on Thursday. It's a sort of W.S.C.S., and I have been serving as vice president.

Now I am publicity chairman of the Women's Overseas Service League. I had a little write-up in the last quarterly issue of the W.O.S.L. publication. I don't know how I rated it, but probably it was because of the publicity of Bloomfield College (of which she is dietitian). I have just returned from a meeting of the wives of the faculty and staff, in which we made plans to further publicize the college in any way we can.

My latest honor was an invitation to become a member of the Soroptimist Club which is being organized in suburban Essex County. There is one in Newark already. . .

The American Federation of Soroptimist Clubs includes clubs in North and South America, and also England, France, Ireland, Scotland, Wales, Australia, Denmark, Germany, Belgium, Holland, Italy, Hungary, Norway, China, Japan, Estonia, Switzerland, Austria, Algiers, Hawaii, Alaska and other countries. Last year at the Soroptimist International Convention, the women from the Red-dominated countries had to come under assumed names—but they were there.

Only one person of a profession is eligible. "The strict rules governing eligibility and care in selecting members assure affiliation with leading executive women. Quality, not numbers, is a cardinal principle of the organization, and an invitation to membership is an acknowledgment of leadership." I copied the quotes from the Federation's leaflet. It was founded by a Rotarian, but it has no connection with any men's organization.

A large crowd attended the church services here Sunday. The church was decorated with Easter lilies and other spring flowers. A program was given after Sunday School and then a basket lunch was served. The Rev. A. B. Cockrell preached at 2 o'clock and the children enjoyed an Easter egg hunt after the service. Several former Verbena folk were present. A bouquet of Easter lilies were presented to Mrs. J. M. Matsler, the eldest great grandmother present, at the day's service. A bouquet was also sent Mrs. Isabel Nichols, the eldest great great grandmother, who was unable to attend the services.

Verbena received 2 1-4 inches of rain Monday night.

Mr. and Mrs. R. H. Ranson and daughters of Levelland spent Sunday here in the home of Mr. and Mrs. J. C. Fumagalli.

Attending a "round-up" and dinner at the S. F. Everett home Thursday were Mr. and Mrs. V. B. Reding and daughter, Mr. and Mrs. Al Bird, Tex Nichols and the Rev. and Mrs. A. B. Cockrell and daughter of Post.

Nugent Everett of Spur spent Easter here with his brother, S. F. Everett, and family.

The Verbena School children had a program and Easter egg hunt Friday and also celebrated the birthday of G. W. Gunn. Sandwiches, cold drinks and birthday cake were served to the children and Mr. and Mrs. G. W. Gunn, Mr. and Mrs. Dew Davis and daughters, Mr. and Mrs. W. C. Walters and Mrs. Ida Robinson of Post.

Clint Howell is ill at his home this week.

Mr. and Mrs. J. W. McQuien, Jr., and daughter of Amherst spent the weekend here.

Dan and Keith Rankin of Post visited their aunt, Mrs. Edna McClendon, here Sunday.

Dale Cravy who is in the Army and stationed at Camp Hood visited here last week.

Johnnie Matsler of Post visited Walton McQuien over the weekend.

Mr. and Mrs. Dick Cravy spent Easter at Canyon Valley in the Rex Welch home.

Mr. and Mrs. Bill Edwards and daughters of Fort Worth were weekend visitors in the home of her parents, Mr. and Mrs. T. R. Greenfield.

### Letters From The Readers

Dear Editor:  
I would like to share this information which I received in a letter from Sweden on how that country observes the Lenten season. It is a Lutheran country. I quote:  
"Now Easter is drawing nearer and nearer. We always have one week of free (school) vacation at Easter. Sometimes I am so tired of my 34 boisterous girls.  
"Today is Palm Sunday. My husband and I have had a lovely walk in the nice surroundings of Norrkoping. We have a

splendid view of the Bay of Bravik . . . a large bay of the Baltic . . . from the forest-crowned mountain.  
"All the days of the following week have their special names. On Shrove Tuesday we often eat our pork dumplings made of potatoes boiled in salt water with buns filled with almonds and whipped cream, served with hot milk.  
"On Great Wednesday the children amuse themselves very much. If they have the opportunity, they hang paper on the backs of grownups and on each other. The teachers may take care at school this day!

"When we were children, I lived in the country. We behaved worse, for we hanged pigs' feet, rather clean, fastened with pins, on the backs of our victims.  
"The night before Thursday is Holy Week, the witches make their riding tours to the mountain Blahulla to meet his majesty, the Devil, and form an alliance with him. Especially the small children are afraid of being kidnapped and taken to this awful meeting. I send you one of our Easter cards with witches on it. In some parts of our country, children dress up like witches and drop Easter letters like the card I am sending in the mail boxes.  
"In the same way as we eat pork at Christmas, we celebrate Easter by eating boiled eggs that day or the eve before. Sometimes the children paint the eggs bright colors. I have heard of men who could eat 70 eggs at one meal. I always give pleasure to the boys by giving them cardboard eggs filled with sweets at Easter. On both Easter Sunday and Monday there are services at the church.  
"Only coffee, sugar, meat and pork are rationed now. Fancy that! We are so glad.  
"Iris."

Also my daughter, Glenda Grantham, received an interesting letter from her Pen Pal in Germany. She was chaperoning her group of younger girls for camping all night in the woods near the Russian line. Two of the Russian soldiers came to see about the campfire and demanded that this 16-year-old girl hold up her hands; she threatened to whistle for an American M. P. and, sure enough, four American soldiers came and stayed until the Russians left. Also she wrote that most of their relatives live in the Russian Zone and they can't visit each other.

### BITS OF NEWS

Mr. and Mrs. Julius Fumagalli, Mr. and Mrs. Al Bird, and Jimmy Bird of the Verbena Community attended a polo game in Tahoka Friday between the New Mexico Military Institute team of Roswell and a professional Lamesa team. The Fumagallis' son, Bill, played on the NMMI team.

Mr. and Mrs. Frank Lanotte and daughter, Mary Katherine, of Albuquerque, N. M., arrived here Friday to spend Easter with Mrs. Ira Weakley, N. J. Lanotte and other relatives.

Weeks this week: National Coin Week starts tomorrow, and National Fishermen's Week starts Saturday.

Pvt. James R. Daniels, son of Mr. and Mrs. T. J. Daniels, is now stationed with the Famous 4th RCT at Fort Lewis, Wash. Private Daniels, who served overseas with the 94th Infantry Division and the 356th Field Artillery Battalion, is now serving as an ammunition truck driver for Battery "C" of the 36th Field Artillery Battalion.

Weekend visitors in the home of Mr. and Mrs. Lee Bowen were Mr. and Mrs. Carroll Bowen and Miss Bonnie Ann Bowen of Abilene, Max Ward of Louisiana, and Mr. and Mrs. O. R. Cannon and family of Idalou.

### Dick Woods And Mrs. H. G. Smith Win News Prizes

The Post Dispatch News Tip Committee had a difficult time selecting the cash prize winners from last week's record number of entries. At least two of the news tips were crowded out of the paper, for lack of space, and will be considered in next week's contest.

Dick Woods, who submitted two good news tips, received the first prize of \$2.50. One of his tips was about his retirement from the fire department after 32 years of service, and the other was about the gas service extension here.

Mrs. H. G. Smith called attention of the Post Dispatch editor to the death of Stockton Henry, publisher of Post's first newspaper. She received the second prize of \$1.00.

Honorable mention went to Mrs. Dick Woods for information about Mrs. Ethel Casey Holleman, former Post resident who is a fashion designer in Cincinnati, O.; to R. Justice for bringing the Post Dispatch staff the "biggest hen egg" which the writer had ever seen; to Guy Gearhart for information on the Bird-Riley Matched Roping to be held here May 1, and to Miss Jewell Parsons for reporting the tricity Communication Workers of America meeting held here.

The contest is still on. The first prize the week of May 5 will go to the writer of the best letter about an outstanding Garza County mother, for which the deadline is Friday, April 29.

### Neal Stanley Dies From Car Accident

Funeral services for Neal Stanley, 33, owner of Stanley Funeral Home in Tahoka, were conducted Sunday in Big Spring and burial was in a Big Spring cemetery.

Mr. Stanley died Friday afternoon in Malone-Hagen hospital in Big Spring where he had been a patient since March 5 when he was critically injured in an automobile accident. He was en route to Big Spring to bring his family who was visiting there, to their home in Tahoka, when the accident occurred. He underwent a leg amputation a week ago last Saturday.

Mr. Stanley is survived by his wife and three children, his parents, a sister and three brothers.

Verbena Community relatives of Stanley Russell of Mobile Ala., who was killed in an automobile mishap there, attended the funeral services for him in Spur, his former home, last Thursday. He was a nephew of Mrs. Beulah K. Rodgers.

H. J. Dietrich's registered German Shepherd dog, Tessie, won third place among 48 entries in the Alamo Heights Kennel Club show in San Antonio this month.

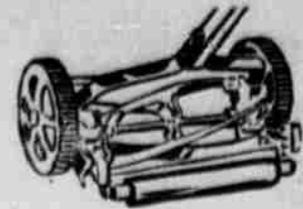

Dietrich, who spent four days at the show, was appointed a member of the board of directors of the Shepherd Dog Club of Texas during the event.

He and approximately 200 other dog owners attending the show were guests at a luncheon given by the Radella Kennels and, on that occasion, he received instructions on dog training from Arthur Fritsch of Chicago who also showed movies of trained dogs.

N. J. Lanotte spent several days last week in Dallas attending the furniture show.

## First Conference Game Won By PHS

The Post High School Boys' Baseball Team played its first conference game here last Friday with Slaton and was victorious over the Tigers, 8-3.

Billy Ramage held the mound the nine innings and gave up only one earned run. The Tigers scored two runs off of Post errors. R. E. Josey took batting honors with three hits, including a triple.

The Post boys accompanied by their coach, Vernon Ray, will journey to Slaton tomorrow afternoon for a return game.

## Spring Training In Girls' Basketball Will Begin Monday

Coach N. R. King has announced that spring training for high school girls' basketball will begin Monday. Approximately 15 girls will come out for training. Of the 12 girls who made the team this year, five will be back next season.

They are Cletta Buster, Mary Nell Bowen, Joy Stewart, Barbara Lusby, and Peggy Johnston.

Vada Holly, who dropped out of school this year because of illness in her family, will be back with the girls next year, Coach King said.

# Post Millers To Play Tahoka In Oil Belt League Opener At Postex Park Sunday

## Basketball Girls Receive Jackets

In a called Post High School assembly Tuesday morning, 12 girl basketball players were awarded jackets by their Coach, N. R. King. The jackets are gold wool, trimmed in black letter with a bar on it for each year the girl has lettered, a patch on the sleeve with district 18-B champions of 1949 written on it and black leather trimmed pockets. The reversible side is of black satin trimmed in gold.

Coach King made a short talk of appreciation for the record the girls have made during the past season before he presented jackets to the following girls: Cletta Buster, Mary Nell Bowen, Frances Benson, Janet Stewart, Joy Stewart, Jeneice Fluitt, Alice Ruth Carr, Am Floyd, Marjorie Freeman, Barbara Lusby, Peggy Johnson and Shirley Schmidt.

The Post Millers will open the Oil Belt League Season with a game with Tahoka at 2:30 Sunday afternoon in the Postex Park. The game was originally scheduled for Tahoka, but the plan had to be changed this week because the new Tahoka Park is not ready.

The Millers, through a series of exhibition and practice games, have worked out a tentative starting team consisting of Jess Cornell, second base; Billy Shepherd, shortstop; R. M. Thomas, first base; Walter B. Holland, catcher; Lefty Faulkner, pitcher; Shorty Hester, third base; Douglas Simpson, left field; Dale Hester, center field, and Vernon Ray, right field.

An excellent backlog of substitutes is in good shape for the season also, according to local pre-season scouts. One of these, Punk Peel, made a good showing as pinch-hitter on third base in the Monday night game with Lamesa.

The Millers will have new grey, red-trimmed, uniforms for this season. They will wear red caps and socks. The uniforms were bought by local business firms.

A manager to replace Acting Manager Dan Altman will be elected tonight at a meeting of the baseball players at 8 o'clock in the City Hall.

The local club lost two exhibition games with the Lamesa Lobos Saturday afternoon here and Monday night in Lamesa. The scores were 9-11 and 6-9 respectively.

Monday night's game was the revamped Lobos' sixth straight spring exhibition victory. The Lubbock Avalanche described it as an eight inning rally that netted two runs to ice the game.

Singles by Lamesa's Leo Rheingans, Glen Coats and Tyler Pryor, the winning pitcher, along with a walk and an error, gave the Lobos the victory.

Rheingans, Coats, Shortstop Walter Buckel and Manager Jay Haney led the attack on Faulkner, who went the route. The four Lobos each had three hits to account for all but one of the individual batting star with four runs driven in to give Pryor, a rookie, the victory.

Holland, Cornell, Shepherd and Thomas each had two hits for the Millers, with Holland driving in a pair of runs.

The line score:  
 POST 202 110 000-6 9 3  
 LAMESA 400 102 02x-9 13 1

During a mild sandstorm Saturday the Lobos defeated Post in a nine inning game.

Three Lobo hurlers worked three innings each, and Joe Locke was the winner, giving up no hits in his stay on the mound, while his teammates collected six runs.

Rheingans hit an inside the park homer for Lamesa with one on in the eighth.

## Tennis Doubles Team In Regional Playoff

J. G. Cash and Bobby Pennington, district winners in the doubles division in high school tennis, will go to Lubbock in the morning to participate in the regional playoff. They won the district last week by defeating teams from Sundown and Sudan.

Paul Jones, along with managers of other Davis and Humphries-owned Piggy Wiggly stores of the South Plains area, left Sunday morning on a fishing trip to Don Martinez Lake, Mexico, as a guest of Bill Mead of Mead's Bakery in Lubbock. He probably will return tonight.

## Irrigation To Be Demonstrated At Wolfforth Farm

Garza County farmers interested in irrigation are invited to attend a water application demonstration at Clyde Barger's farm in the Wolfforth Community, 10 miles southwest of Lubbock on the Brownfield highway, from 10 a. m. until 3 p. m. Saturday, April 30.

The demonstration will be conducted by Ivan D. Wood, Texas Extension Service irrigation specialist and Robert V. Thurman, the Extension Service's associate county agent in irrigation. Lewis C. Herron, Garza County agricultural agent, is planning to attend.

The demonstrators will measure the overall efficiency of a pumping plant and show various pieces of equipment used in water application, such as sprinkler system, gated pipe, siphon tubes of various sizes, canvas hose, spiles and different types of ditch stops. Sandwiches and cold drinks will be served on the grounds at noon.

R. H. Tate and Don Poole of the City Water Department attended an area meeting of water department employees in Lamesa Tuesday night.

## Price of House Regulators is up 55%

A West Texas Gas Company service man completes a new meter and house regulator installation.

## Yet Natural Gas Service Remains At the Same Low Pre-War Prices

Regulators are but one item. Everything behind your natural gas service has increased in price.

Like everything else, gas is more expensive to produce, more expensive to deliver to your home and business, but not one cent of this increased cost has been passed on to you.

The price of the meter, to which the house regulator is attached, is 105% higher than the meters purchased by West Texas Gas Company in 1940.

In face of the increased costs of regulators, meters, steel pipe, wages and other items... natural gas service for your home and business is still furnished you at 1940 prices!

The general session, which opens with registration of delegates at 8 o'clock and continues until 11 o'clock morning in the O. L. Junior High School auditorium.

The conference theme, "On the Eve of Tomorrow," will be presented by Mrs. Smith. The address, "Parent-Teacher Relationships," will be presented by Mrs. J. H. Moore, president of the Texas Congress of Parents and Teachers.

The president of the legislative session is the subject of the second general session on Thursday afternoon. A luncheon will be given by Mrs. H. F. Godeke of Lubbock, with E. H. Boulter of Amarillo discussing "Legislation and Education."

The subject will be discussed by Mrs. R. O. Bennett, 1901 First Street. The evening program will begin with a general session on "Understanding" which will be held in the Lubbock Senior High School auditorium.

Thursday evening beginning at 7:15 o'clock, "A Basis for World Understanding" will be subject of the evening program. Mrs. J. W. Marston, president of Wayland in Plainview, will be the speaker.

The fourth general session will be held in the O. L. Slaton High School, beginning at 7:30 o'clock with a breakfast. A luncheon "Our Health" will be given by H. P. Clemons, Lubbock, and Roy Sanford, Lubbock, who will discuss "Health and Health Program."

Mrs. Jones, district exceptional chairman, discussing "The Social Child," Curtis Hamel of Lubbock, superintendent of city recreation discussing "Recreation" and Owen psychology instructor at Technological College, discussing "Mental Hygiene."

The honor post leaders will be Lee Davis, a district vice president, and one of the district officers at the Thursday morning sessions. Other women attending will include Mrs. Willard Kirkpatrick, recording secretary, and Mrs. Bouchier, president of the Parent-Teacher Association, and possibly others. The association can have 14 representatives.

## Gossip about Garza Guys And Gals

—by gay nellie

Among the college kids home for the Easter holidays were Sonny McCrary of Coffeyville, Kans. Junior College; Kathryn Childress and Helen Thaxton of A.C.C., N. W. Stone of McMurry, Billie Nichols and Bonnie Bowen of Hardin-Simmons in Abilene; Hugh Ingram of San Angelo Junior College; David Buster of T.C.U. in Fort Worth and Alvin Davis, Rex Everett, Harold Storie, Mary Etta Norman, Norma Hudman, Billy Patten and Bud Short of Texas Tech, Lubbock.

Glenn Mouser, student of A&I in Kingsville, was a weekend guest of Am Floyd. Jane Turner's parents visited her at A.C.C. over the weekend. Johnny Cato of Lubbock spent the weekend here visiting relatives and friends.

We see where Cecil Trull, a Lubbock policeman and former Postite, makes the headlines in the Lubbock Avalanche right off ten. Speaking of noticing things in papers, did you notice in last week's Post Dispatch that Iris Floyd was presented with gifts of silver and crystal AND THE HOSTESS, MRS. BIVENS, at a party last week?

Johnny Malouf of Lubbock was a Post visitor over the weekend. Betty Williams of Kilgore arrived here Tuesday for a visit. She was in Ft. Worth Monday playing the organ at the wedding of her former Kilgore roommate. She will go back to Kilgore tomorrow.

Bud and Rex Everett took their sister, Mary Charles, and her daughter, Virginia, who have been visiting here several days, to their home in Dallas over the weekend. Ben Porter of Muleshoe was a Post visitor yesterday.

Billie Marie Williamson and Herman Maddox were married April 9 and they are living in Slaton.

**Auvy L. McBride Enjoys Birthday Party Thursday**  
Thirty-one children met in the home of Auvy Lee McBride in the Graham Community after school last Thursday afternoon to celebrate his 10th birthday. After the gifts were opened, the traditional candle ceremony was enjoyed, the crowd sang "Happy Birthday" and refreshments were served.

Later, the children chose sides and played baseball for two hours. Attending were Bill Stephens, Moody Graham, Frances and J. W. Mason, Katie and Mason McClellan, Wynonne and Joel Morris, Daymon and Patsy Etheridge, Orabeth Maxey, Jeanne Peel, Joy McMahon, Gloria and DeAlva Lofton, Barbara Stone, Janie Gossett, Dee and Bryan Parrish, Lewis and Jackie Sue Mason, Delwin and Jackie Fluit, Harland and Wynona Pennington, Linda Johnson, Annette McBride, Juanelle and Wayland McClellan, Tinker Beauchamp, Auvy Lee and his little sister, Shirley Kay, and their mother, Mrs. Theibert McBride.

## Mrs. Paul Jones To Head PTA For 1949-'50 Season

The Parent-Teacher Association met in the high school auditorium Friday afternoon to discuss plans for the District Spring Conference in Lubbock April 28 and 29.

Plans were made to give \$25 toward the purchase of a punch bowl for the high school home economics department, and to give \$5 to the Young People's Class of the First Methodist Church in appreciation of the use of the class room all winter for the P.T.A. Study Course.

Mrs. Raymond Redman announced the list of officers nominated for the next school year, as follows: President, Mrs. Paul Jones; vice president, Mrs. Walter Boren; recording secretary, Mrs. B. E. Young; membership chairman, Mrs. John Lott; treasurer, Mrs. Mike Custer; entertainment chairman, Mrs. A. B. Cason; finance chairman, Mrs. H. W. Schmidt and Mrs. Carl Hughes, and program chairman, Mrs. Victor Hudman.

The nominations were accepted and it was planned that the new officers will be installed at the May meeting. S. D. Strasser, who was in charge of the program, showed a film on safety.

Class awards went to Mrs. Lucy Callis' room in the Primary Division; to Mrs. Nola Brister's room in the Intermediate Division, and the Freshman Class in the High School Division.

**Four Bazaars Are Planned By Garza County Clubwomen**  
The Garza County Home Demonstration Council met April 13 in the office of Mrs. Jewell H. Strasser, Garza County home demonstration agent, with 11 women present.

Plans were made for bazaars to be held April 30, May 7, May 14 and May 21. Each home demonstration club will provide a helper on each occasion, it was decided. Handwork, home baked cakes and pies, fryers, dressed hens and other home-produced items will be sold.

Plans were also completed for a dress revue on May 7, beginning at 10:30 a. m. The hour was changed from that of the original plan, as Mrs. Strasser is to attend a meeting in Lubbock that afternoon. Miss Vivian Vance of Seminole and Miss Helen Dunlap of Brownfield will be judges. The judging will begin at 7:30 a. m., May 7.

A countywide party for home demonstration club members and 4-H girls and their families will be held May 9 at the City Hall. There will be a supper, program and modeling of dress-revues made for the dress revue.

## Miss Iris Floyd And Weldon Rogers To Be Married At Baptist Church Friday

### Church News

By GANELL BABB

**Scripture:**  
In thee, O Lord, do I put my trust; let me never be put to confusion. Deliver me in thy righteousness, and cause me to escape; incline thine ear unto me, and save me. Be thou my strong habitation, whereunto I may continually resort: thou hast given commandment to save me; for thou art my rock and my fortress. Deliver me, O my God, out of the hand of the unrighteous and cruel man. For thou art my hope, O Lord God: thou art my trust from my youth.

**Minute Prayer**  
Thanks be unto Thee, O Lord, for all the blessings that thou hast so generously provided us with. Keep us ever humble, that we may be the ready recipients of Thy goodness. Amen.

The Baptist Worker's Conference of the Lubbock Association met at the College Avenue Baptist Church in Lubbock Tuesday. The local Baptist Churches were represented.

Mrs. M. J. Malouf was hostess for a party for members of the Homebuilder's Class of the Nazarene Church in the home of the Rev. and Mrs. H. E. McClain Friday evening. Honor guests were Dr. and Mrs. J. V. McKay of Lamesa and Tom Cleveland of Belgian Congo, Africa. Mr. Cleveland told of the customs of the people in Africa. Refreshments were served to 25 people.

Members of the local W.S.C.S. went to Tahoka Monday to hear Mrs. Hegl of Tahoka review "The Big Fisherman."

The Rev. O. L. Jones, pastor of the Calvary Baptist Church, has announced that a fellowship hour has been added to the services for the young people of the church. The group meets after the preaching service each Sunday evening.

The Young People of the First Methodist Church attended a sub-district meeting at the Grassland Methodist Church Monday evening.

The goal in Sunday School attendance at the Calvary Baptist Church for this month has been set at 130. Thus far, the average for the month has been 124. The pastor urges all members to be present the next two Sundays and wishes to remind the public that a cordial invitation is always extended to them at this church.

Good attendance has been reported at the Methodist revival this week in spite of the weather. Tomorrow evening is family night and the largest family present, including in-laws and close relatives, will be presented with a gift at that service. Dr. O. W. Clark of Abilene is bringing inspirational messages each day. His sermons at the morning services have been along the line of "Spiritual Poise Through Faith."

L. H. Tapscoff of Dallas, secretary of the Baptist Brotherhood of Texas, will be speaker at the Brotherhood meeting at the First Baptist Church, Monday, April 25. A chicken dinner will be served.

The "Susan Fitkin" Chapter of the Nazarene Missionary Society will meet at 2:30 o'clock Monday afternoon at the church and the "Louise Chapman" circle will meet at the church Monday at 7:30 p. m.

The "Rachel Fong" G. A.'s of the First Baptist Church met Monday evening in the home of Annie Mae Pierce with eight members present for an interesting study on "Home Missions." Refreshments of cake and cokes were served at the conclusion of the meeting. The group will meet Monday in the home of the counselor, Ganell Babb, for a study of "forward steps."

The Rev. T. M. Gillham, pastor of the First Baptist Church at Santa Anna, will preach at the morning and evening services at the local First Baptist Church Sunday.

The Lord's Prayer has had to withstand considerable abuse, especially from children trying to learn it from poor enunciators or from mumbling congregations. One little boy was heard to pray, "Harold be Thy name." Another begged, "Give us this day our jelly bread." A New York child petitioned, "Lead us not into Penn Station."—Selected.

## Four-H Girls Plan For Dress Program

Mrs. Maxine Presson, teacher sponsor, and Mrs. Lester Nichols, mother sponsor, met with the Post 4-H Club April 12 at the grade school building. Agnes Dodson presided and Joyce Lynn Kiker led a recreation program.

Dresses being made by the members for the annual Dress Revue were checked. The girls will model the dresses at the show, May 7. Some of the members attended the 4-H movie, "The Green Promise," at the Garza Theatre that day. A 4-H girl from Indiana starred in the show, which was about a family and its youngest girl who tried to be a 4-H member, and finally succeeded.

The club will meet April 28 in Mrs. Presson's room. **L. P. Bakers Give Dinner On Monday**  
Sam and Jimmy Carter, demonstrators for a cooking utensil concern cooked dinner in the home of Mr. and Mrs. L. P. Baker Monday night.

Guest present were Mrs. Taylor Cook, Mrs. Alvin Young and sons, Mr. and Mrs. Bill Cook and children, Mrs. L. G. Thuet, Sr., Mrs. L. G. Thuet, Jr., and son and Ruth Redman and Bob Baker.

**NEEDLECRAFT CLUB**  
Mrs. Carl Clark will be hostess to the Needlecraft Club at 3 o'clock Friday afternoon at her home.

## Bennie Rogers To Model At Lubbock

Miss Bennie Rogers, accompanied by her Post High School homemaking teacher, Miss Bessie Pitts, will go to Lubbock Saturday to represent the home economics department of the local school as a style show model at the Annual Home Economics Open House at Texas Technological College. All the models will be representatives of high school homemaking departments of the South Plains area or Tech students.

Bennie will model an aqua taffeta formal gown which she made, with gold accessories, at the 2 and 3 p. m. shows.

**Lions Club Plans Ladies' Program**  
The Lions Club will have its annual Ladies Night dinner and program at the City Hall Tuesday night, beginning at 8 o'clock.

**GO TO FLOYDADA**  
Mrs. O. D. Smart of the Bar-nun Spring Home Demonstration Club, Mrs. Sid Cross of the Justiceburg Club and Mrs. Jewell H. Strasser, county HD agent, attended the District Texas Home Demonstration Association meeting in Floydada April 16. They will report the meeting at the Garza County HD Council meeting in May.

**Probe Is Handy For  
Testing Moisture**

After district Soil Conservation cooperators have spent hundreds of dollars to drill an irrigation well and a thousand or two for a pump and motor, they want to make every gallon of water count.

Irrigation water may soak below the root zone on the head end of a row before water reaches the far end. A probe is a handy gadget to help in irrigating, to determine how much, how fast, and how long to irrigate. A probe can be made by cutting one end of an end-gate rod square off and welding a foot-long rod on the other end for a T-handle, using this rod by probing up and down a row to test moisture penetration. One can then be assured that the right amount of water is soaking into the root zone where crops can use it, Soil Conservation technicians say.

Dry land farmers might use a probe over their farm after a rain to determine the efficiency of their conservation program, the technician suggest.

**Sixty-Eight Boys Attend Camporee Friday, Saturday**

Sixty-eight Boy Scouts and several adult Scout leaders enjoyed a Llano District Camporee at Camp Post Friday and Saturday. Twenty of the boys were from Troop 16 of Post, 36 were from Troop 21 of Tahoka and 12 were from Troop 66 of Grassland.

The camporee program was based on competition between the various patrols of the district. Each patrol had a chance of being rated 100 per cent on points, and the ratings were broken into three brackets, the top being Proficient, the next being Standard and the third being Participating.

The Elk and Panther Patrols of Grassland were rated Proficient. The members received blue Council Camporee insignia to be worn on their uniforms until next year's camporee.

The Antelope, Beaver and Rattlesnake Patrols of Troop 16 received Standard ratings and the Snake, Panther and Stag patrols of Tahoka received the third rating.

Adults assisting with the camporee were Jack Johnston of Lamesa, southern traveling representative of the Boy Scouts of America, who served as camp director; Fred McGinty of Tahoka, Llano District chairman of camping and activities, Luther Kenley of Grassland, E. B. Gaither, Scoutmaster of Troop 21, and John Lott.

Parents of several Troop 16 members visited the camp for supper and counsel fire Friday evening.

**Supervisors Meet To Discuss Soil Saving Programs**

The Duck Creek Soil Conservation District supervisors met today at Spur. Members of the board are Will Wright of the Graham Community, Charley Witt of Kalgary, O. M. McGinty of Spur, Clark Forbes of Dickens and J. B. Montgomery, whose farm is west of Jayton. Each district supervisor represents the farmers and ranchers in the area from which he was elected.

Like all of the other approximately 140 districts in Texas the Duck Creek Soil Conservation district is divided into five zones. The district is set up to offer a unified attack against waste of soil and water. Farmers and ranchers who recognize their problems in conservation should discuss them with their district supervisor. He then can bring it before the board for action, the supervisors announced.

From the Post Soil Conservation Service work unit office, the supervisors have for consideration conservation plans on 2,412 acres of the Double U Company, Cross Roads land; an irrigation system conservation plan on Ben Altman's place; a farm plan on Irene and Leo Harrison's place at Pleasant Valley; a plan for Al Bird and Paul Beach, near Verbena, and farm conservation plans on the Reid Estate.

V. L. (Punk) Peel was taking a short cut by way of Draw to the baseball game in Lamesa Monday night when he saw lightning strike a farm house in the Draw Community and burn it to the ground.

Mr. and Mrs. Grady Howard and some friends, Mr. and Mrs. A. C. Cooper, all of Pleasanton spent Monday visiting Mrs. Howard's mother, Mrs. I. L. Gollehon, Howard who was a rural mail carrier here before moving to Pleasanton in 1928, was here to lease some property to an oil company. He is a rural mail carrier at Pleasanton. His son, H. G. Howard, Jr., and family of Jacksboro spent Sunday with Mrs. Gollehon. H. G., who formerly was employed as a city engineer in Lubbock, is now an engineer with a Dallas Construction Company with headquarters in Jacksboro.

**Deep Tests Show Up Well In Area**

The south-central Garza County Ellenburger recently made water for the Plymouth Oil Company No. 1 Sims wildcat. A one-hour drillstem test in the deep zone at 8,392-8,422 feet, recovered 240 feet of slightly oil and gas cut mud and 320 feet of salt water. The venture by last weekend had drilled ahead to 8,462 feet in the Ellenburger and was coming out for another drillstem test.

The Seaboard Oil Company of Delaware and Pan American Production Company have completed their No. 1 T. J. Good as a new discovery from the south-central Borden County canyon lime of the Pennsylvanian.

On a potential test, the well flowed 488 barrels of oil per day through a one-quarter inch choke. Gas-oil ration was 685-1. Gravity of the petroleum was not reported. Production was natural with no water from the open hole zone at 7,940-8,000 feet.

The nearest Canyon production is six miles to the south and east.

Offsetting this strike, Seaboard and Pan American have made locations for two prospectors. Projected depth of the pair is 8,100 feet with rotary tools to explore into the Canyon. Operations were to be started immediately.

In northwest Borden County, 11 miles northwest of Gail, Sinclair Prairie Oil Company by last weekend was making new hole with its No. 1 Sterling Williams. This wildcat was under 6,611 feet in lime at last report.

By the weekend more hole was being made by two Kent County wildcats projected for deep tests. In the northwest portion of the county, the Ohio Oil Company was past 4,000 feet with its No. 1 J. J. Emery and drilling ahead. The venture is about 15 miles southwest of Spur.

In central Kent County, the Hiawatha Oil and Gas Company and M. E. Davis No. 1 Bert Wallace, wildcat projected to 7,000 feet five miles southwest of Clairmont by last weekend was boring ahead under 5,176 feet in shale and lime.

**Little Barley And Rescue Grass Are Making Seed Here**

Two important grasses are making seed now. The grass that is putting out a head with beards like an undersize wheat head is little barley. The other is rescue grass. Its head is small, smooth, compact and without beards. Rescue heads look somewhat like those of oats. This is the grass that most ranchers call "wild rye." It should not be confused with field rye that district cooperators are planting for spring pasture and a cover crop.

Both little barley and rescue grass seed started growing during January's wet weather. They have provided grazing and soil protection in moist locations in pastures. As soon as their seeds mature, the plants will die and the seed will lie dormant until rains next fall or winter. Texas winter grass and Texas blue grass are two other cool season grasses that are perennial.

**Sunday visitors in the home of Mr. and Mrs. W. R. Young were their daughter and family, Mr. and Mrs. C. R. Sanders and family of Lubbock, B. T. Green of Acuff, and Mr. and Mrs. L. L. Wright.**

**who pays for telephone expansion?**

Investors are the people who pay for telephone expansion. The money we use to build new telephone facilities comes from the people who invest their money in telephone company stocks and bonds. The dollars we receive for telephone service are used to pay wages, taxes and other operating expenses. So, you see, it takes two kinds of money to operate successfully—large amounts of capital to grow and improve facilities, and income from telephone service to cover expenses and to pay investors for the use of their money.

The parade this year will be highlighted by music from the Post School Band which yesterday began rehearsing special music for the rodeo. The players are learning "Someday," "Put Your Little Foot," "Jingle Jangle Jingle," "You Can't Be True," "Old Faithful," "Home on the Range," "Wagon Wheels," and other favorites.

the noon hour. There will be no noon mill whistle.

Superintendent Bailey expressed regret that the elimination of the night shift will put a number of workers out of a job for awhile, but the move, he explained, is in line with the action of other textile mills over the nation. Many of them have closed down entirely, he said.

### GO TO MEETING

Lewis Nance, Lee Suther and James Savell of the Garza County GI Vocational School faculty attended a district teachers meeting in Lubbock Tuesday.

## School Finale

(Continued From Front Page)  
Eighth Grade Graduation Exercises are scheduled for the night of May 19 and the High School Commencement Exercises will be held the night of May 20.

The First Methodist Women's Society of Christian Service gave a traditional breakfast in honor of the Post High School Seniors this morning in the church basement.

The menu consisted of pineapple juice, ham, scrambled eggs, breakfast rolls, doughnuts, strawberry preserves and coffee.

Invocation was by the Rev. A. B. Cockrell. Mrs. T. L. Jones directed a musical program and a group of small children gave some readings. The welcome address was delivered by Mrs. B. E. Young and the response was given by Kay Kirkpatrick. Dr. O. W. Carter of Abilene, who is conducting a meeting at the church, was the guest speaker.

Two Seniors, Carolyn Boren and Junior Malouf, will be honored at a breakfast given at 10 o'clock Saturday morning by the Presbyterian Missionary Society in the new home of Mrs. A. C. Surman.

The Seniors will be honored at a social event sponsored by the Church of Christ, but details were not ready for announcement this week, Paul Mayr, pastor, said.

The Post High School Juniors were hosts with the annual banquet in honor of the Seniors last Friday evening in the First Methodist Church basement.

An old-fashioned western motif was featured in the decorations, menu and program. The food consisted of "Spring water, buffalo, golden dust on the Sierras, prairie berries, corn pone and gold loaf, gold nuggets, sage brush and cactus, rich strike and Sip O' The Little Brown Jug."

The program was as follows: Toastmaster, James Barnes; invocation, S. D. Strasner; welcome, Daisy Holly; response, Kay Kirkpatrick; song, "In the Days of 'Forty-Nine"; the group; song, "Wagon Wheels," Alice Ruth Carr, Shirley Schmidt, Joyce Veach, J. G. Cash, Robert Baker and Billy Ramage, with accompaniment by E. O. Young; solo, "Desert Song," by J. G. Cash with accompaniment by Faye Ruth Hamilton; Class Will, Shirley Schmidt; songs, "I Want A Gal" and "Tear Drops in My Heart," Tommy Graham, Billy Ramage, Boyd Bowen, J. G. Cash and Robert Baker; Class Prophecy, "Down the Trail," Junior Malouf; accordion medley, Merle Jenkins; main address, Dr. Doyle Jackson of Lubbock, and song, "Now Is the Hour" by El Wanda Davies, Sue Bell Brister and Billy Ramage with accompaniment by Faye Ruth Hamilton.

The Junior Class sponsors are Mrs. G. E. Fleming and Miss Bessie Pitts, and the class officers are Daisy Holly, president; Cletta Buster, secretary, and Wayne Thomas, treasurer.

## Holiday Ideas

(Continued From Front Page)  
Mrs. John Lott would like to make a trip that would interest the children, but she wants to make it leisurely without a schedule that would call for rushing around.

Supt. G. R. Day said that if he had plenty of money and 30 or 60 days to spend, he would like to go to the Pacific Coast, tour the northwest states and then go on to Alaska. He hasn't taken a vacation in several years, but this year he plans to go to Colorado and perhaps into the Dakotas.

### Go To Colorado

Mrs. Giles Connell's idea of an ideal vacation for the average person is to go to Colorado, where one can "rough it" in a first class hotel in Denver or some other city or have his choice of picturesque spots for camping and fishing. There is something in Colorado for every type of person, from those who wish to rest in a quiet secluded spot to those who want glamor in the resort centers. Mrs. Connell likes to go to Colorado for a week or two, then travel through the northwestern states before coming home. "However, the ideal vacation for me is something I'm afraid I won't get to do. I have a great desire right now to take a boat to Rio and fly back," she said.

O. D. Cardwell's idea of an ideal vacation is to go to the Frontier Days Celebration in Cheyenne, Wyo., some summer and then, if he has time, go on into the mountains north of there to see that area for the first time. "If this gives anybody an idea," he says, "and they want to thank me by inviting me to go along, I won't object," he says.
