MOTHER'S MARCH ON POLIO PLANNED - Pictured above are some of the women of the town who will conduct the annual Mother's March on Polio from 7 until 8 p. m. the night of February 1. They are pictured in the home of Mrs. John Lott prior to planning the march. Shown, left to right, front row, Mrs. Leo Acker, Mrs. John Lott, Mrs. Phil Bouchier and Mrs. Bob Collier. Back row, left to right, Mrs. Max Gordon, Mrs. Ralph Welch, Mrs. Pat Walker, Mrs. Paul Jones, Mrs. Gerald Blackburn, and Mrs. Carl Cederholm. Not pictured but working on the march are Mrs. D. C. Hill, Mrs. Lawrence Epley, Mrs. J. E. Parker, Mrs. W. B. Sanders, Miss Cecil Lynn, Mrs. W. C. Kiker, Mrs. Victor Hudman, Mrs. Lewis Nance and Mrs. O. G. Murphy. (Photo By Dispatch Photographer)

Rites Are Held Wednesday For Mrs. T. J. Head

Last rites for Mrs. T. J. Head, a Garza county resident for 35 years, were conducted at 10 o'clock yesterday morning, in the First Baptist church. Officiants were the Rev. O. L. Jones, of Hedley, the Rev. F. M. Wiley, Calvary Baptist pastor, and the Rev. T. L. Denton, pastor. Burial was in Terrace cemetery with Mason Funeral home directing. Mrs. Head died Monday morning in Plainview at the home of a daughter, Mrs. W. M. Draper, with whom she had made her home since October. She was born Mary Frances Meeks on March 5, 1865, in Polk County, Ark. She and her late husband were married at Hatfield, Ark., July 31, 1886. They came to Post from Haskell county in 1916. Mr. Head died Nov. 10, 1950. Mrs. Head was a member of the Calvary Baptist church, and had been a Baptist more than 55 years. Survivors include a son, T. C. Head, of Cove, Ark.; four daughters, Mrs. Mattie Dunlap and Mrs. J. G. Siewert, of Post; Mrs. Draper and Mrs. C. D. Nelson, of Anton; 12 grandchildren; 24 great grandchildren; one great-great grandchild. Three sisters, Mrs. Alice Barnes, of Merkel, Mrs. J. C. Walker, of Carnegie, Okla. and Mrs. Joe Hester, of Knox City; and four brothers, Alfred Meeks, of Post, John, of Merkel and Will and George, of Hamlin. Pallbearers were the following grandsons: Mack Head, Marvin Dunlap, Avon Dunlap, Curtis Head, Orval Siewert and Coleman. See HEAD RITES Page 8

Proceeds From Benefit Show To Help New County Hospital

UHI THAT'S THE WAY IT GOES - Edgar Bergen and Charlie McCarthy take a few soundings on the head of Mortimer Snerd in an effort to determine what makes him so stupid - or perhaps they think they can pound some sense into his wooden noggin. "I may be stupid," confesses Mortimer cheerfully, "but I'm sure an ugly cuss." Poor Mortimer takes quite a beating but always comes back for more on the Bergen-McCarthy radio show Sunday evenings over CBS. Citizens of this area will have the opportunity of seeing this trio of "laugh-makers" in person at 8 p. m. Thursday, January 31 at the Post High School football stadium. Tickets for the Edgar Bergen-Charlie McCarthy show to be staged in the High School football stadium at 8 p. m. next Thursday are now available. That includes reserve seats (\$3); general admission for adults (\$2) and general admission for children (\$1, and this means all children from the first grade through the 12th). Tickets can be bought at any of the following places: American Cafe, City Hall, Pure Food Market, Dunlap's and the Chamber of Commerce. As a convenience to persons wishing to buy tickets a booth will be set up and maintained in the lobby of the Tower theater every night until showtime. In the latest information sent in by Irwin Franklyn, personal representative of Bergen, the troupe will arrive in Lubbock sometime around 11:15 a. m. Wednesday morning. They are to be met by a cavalcade of cars from here. Anyone wishing to carry his car should contact Burnis Lawrence at the Dispatch office. The time for departure of the cavalcade has been set at 9:30 a. m. Wednesday. That means cars should start gathering near the courthouse at 9 a. m. Signs of welcome and streamers will be placed on all cars. Individuals are urged to decorate the door handles and radio aerials with black and gold streamers. Signs are being painted up and will be put on the cars that morning. Ralph Kirkpatrick is in charge of this. The entire High School band is going and they are to be taken in cars. Phil Bouchier has been appointed as marshal of the group. He will head a committee to Lubbock this afternoon to discuss the possibility of a police escort through Lubbock Wednesday. Approximately 75 persons attended the second town meeting held in the City Hall Tuesday night. Plans were discussed for the big Businessmen's barbecue at 5 p. m. Wednesday at the Rodde grounds; the Covered Dish supper by the women at 6:30 p. m. at the Methodist church; the special assembly at the school house for the children. The joint meeting of the Lions and Rotary clubs; and for a suitable send off for the troupe Friday morning. Reports were given by the See TICKETS Page Eight

Bucket Brigade Day Slated Saturday To Aid The Annual March Of Dimes

BUCKET BRIGADE DAY to raise money for the 1952 March of Dimes has been set for Saturday, chairman Dave Dillis has announced. Co-sponsored by the Post Rotary and Lions clubs, BUCKET BRIGADE DAY will see teams of Rotarians and Lions canvassing the street all day Saturday with buckets for donations to the March of Dimes. Teams will be comprised of seven men and will begin their relay work at 9 a. m. Saturday and work until 6 p. m. COFFEE DAY which was held in Post last Wednesday under the supervision of Hugh Blevins netted \$183.47. This total exceeded last year's by \$40.91. Participating in the day were City Cafe, American Cafe, Bus Station, Collier's Drug, Warren Drug, Hamilton Drug, Highway Cafe Uncle Dolph's, News Stand and Barn Drive-Inn. Mrs. Ozell Williams, chairman at Grassburg, turned in \$82.00 to the fund; Mrs. V. A. Lobban and Mrs. Joe Cellis co-chairmen at Justiceburg, turned in \$45.55. Friday night at the Barnum Springs schoolhouse the March of Dimes committee plans a supper, plates costing \$1.50 for adults and 75 cents for children, proceeds of which go to March of Dimes. Willis attended two assemblies at the local school Tuesday and appealed to all children to help with the drive. J. C. Strange and Hans Hudman have been added to the Business men's Contribution Team. Schedules and team members of the BUCKET BRIGADE DAY workers are as follows: 9-10 - James Minor, L. E. Webb, Bob Warren, Jess Ward, Pat Walker, Tom Cannon, Iven Clay; 10-11 - S. E. Camp, Harold Voss, Si Thaxton, Henry Tate, Alfred Stallings, Dr. L. E. Andrews, Lee Bowen; 11-12 - Monty Moore, Powell Shytle's, Lowell Short, Dean Robinson, Lester Nichols, Hugh Blevins, Tom Chitwood; 12-1 - Walter Crider, O. G. Murphy, Giles McCrary, Dowe Mayfield, Chant Lee, Bruce Shepherd, E. A. Hargraves, Elmer Long. 1-2 - Victor Hudman, John Lott, E. F. Schmedt, Burnis Lawrence, T. L. Jones, Ted Hibbs, Noah Stone, Virgil Short; 2-3 - Bill Edwards, Rev. James Holman, Rev. Joe Boyd, Rev. Almon Martin, Rev. Gerald Blackburn. See MARCH OF DIMES Page 8

Hospital Fund Gets Extra Forward Push

The hospital fund will definitely have a few extra dollars in it other than money brought in by the Edgar Bergen - Charlie McCarthy show - thanks to a movement started by Homer McCrary. McCrary attended the first meeting held in the City Hall and when it was suggested that reserve tickets be set at \$5 he immediately bought two. After the price was dropped to \$3, McCrary said that the extra four dollars would be donated to the hospital fund. George Samson immediately followed this movement by donating \$15. Others have said they intend to do the same thing. Anyone is welcome to do so when they buy their ticket. No matter the size of the donation, it's the idea behind it that counts.

Postites Urged To Have Pictures Made

Many Postites today received cards urging them to come by the Dispatch office between 4 and 8 p. m. this afternoon to have their pictures taken. In making an arrangement with a national engraving company these pictures will afford the Dispatch to get a current file of Postites for future use. The Dispatch urges these people to come by this afternoon to be photographed.

Charles Morris And Noel White Are Cotton Winners

Charles Morris and Noel K. White have been announced as Garza county winners of the South Plains 4-H club Cotton Yield Per Acre Program according to a release by County Agent Lewis Herron. Morris, son of Mr. and Mrs. Chester Morris of Close City, was declared winner of the irrigated cotton yield in the county. White, son of Mr. and Mrs. L. C. White of Post, won in the dry land division. Judges for the two divisions were O. G. Murphy, manager of Postex Cotton Mills, Inc.; Buck Gossett and George Samson. County winners records are entered in the district contest in Lubbock. Each boy will compete against 20 other county divisional winners. Prizes for district winners are to be awarded in first, second and third rank in both the irrigated and dry land divisions. These will be \$250, first; \$150, second; and \$100, third. Herron said that prizes, which are undetermined at the present, are to be awarded to the two county winners. Each 4-H club member who participated in the program was judged on five acres of cotton. Morris' irrigated five acres. See COTTON WINNERS Page 8

Barbecue And Covered Dish Supper Planned

Everyone is going to have an opportunity to see Edgar Bergen when he comes to Post! Plans have been worked out so that he will meet as many people as possible while he is here. The women of the town and county are planning a Covered Dish supper to be held in the Methodist Social hall at 6:30 p. m. Wednesday in honor of Mrs. Bergen, Mrs. Franklyn and the other woman of the troupe. Mrs. Ted Hibbs is in charge of all arrangements, and a cordial invitation has been extended to all the women of Post and Garza county. Women who attend are asked to bring a covered dish and \$1. From 6 p. m. until 6:30 p. m. while the women are gathering, a twilight organ hour will be held in the church Sanctuary. During the supper it will be arranged for Mr. Bergen to appear. See BARBECUE Page Eight

Arthur Green Gets Five Year Sentence

Arthur Green, Post Negro, was sentenced to five years in the state penitentiary Monday by a Garza district court jury for the murder of Ora Lee Aiford on Oct. 9, 1949. Green was convicted in Dec. 1950 on the same charge but the decision was later reversed and a new trial ordered. District Attorney Karl Cayton of Lamesa and Assistant Ervin Ernest prosecuted the case while defense council was N. C. Outlaw. Wednesday the trial of Oliver DeJong, charged with statutory rape, was begun but no verdict had been returned by press time. The trial of Earl Smith, charged with murder with malice in connection with the shooting of Marshall Gibson in October, 1951, was postponed due to the illness of the defense attorney.

"Sendoff" Warning To Be Fire Whistle

Arrangements have been made with Fire Chief Homer McCrary to provide a way for the people of the town to know when the send-off ceremonies will be held Friday, February 1 for Edgar Bergen and his troupe. Thirty minutes before the brief ceremonies one blast will be given on the fire whistle. When the people hear that blast they can come downtown and add to the ceremony. Firemen will be given the exact time of the whistle at a later date.

John Deere Day Is Set For Friday At Shytle's

Tomorrow is JOHN DEERE DAY at Shytle's Implement company! Hundreds of farmers and their families and other friends of Shytle's are expected to attend the all-day gathering at the store on the Tahoka highway and the big movie parade at the Garza theatre beginning at 1:30 p. m. Coffee and sandwiches will be on hand for people at the store until show time. Visitors will be shown the latest in farm equipment and all the other modern machinery on hand at the store. Big show time feature which is to be shown free at the Garza is "Galahad Jones", starring Richard Crane, Marjorie Lord, Elizabeth Patterson and Jonathan Hale. Five other new pictures are included on the fast-moving program, according to Powell Shytle's. One of the films, "The Big Payoff," features Tom Gor. See JOHN DEERE DAY Page 8

Versatile Edgar Bergen Climaxes Years Of Tedious Work With Famous Program

The jaunty little figure tilted his head to a cocky angle, looked impishly at the man near him and snarled, "Bergen, you and I are going to make a lot of money." This was launched the world famous, wildly applauded partnership of Edgar Bergen and Charlie McCarthy when the irascible Charlie first perched on Bergen's knee in 1919. Naturally it wasn't as easy as all that. The years preceding the partnership were long, tedious ones of preparation. And the years following have not been exactly peaches and cream. Perhaps the definite beginning of the fabulous twosome's career began when Bergen was eleven (and Charlie was still a wee sapling in the forest). For it was that year that Bergen spent a hard-earned 25 cent piece for a book called "Herrman's Wizards Manual, Secrets of Magic, Black Art, Mind Reading and Ventriloquism." Followed many hours of hard work, with appearances before local church groups, Boy Scouts and other organizations intermingled in the many hours of work at the local theater. However the work at the theater at that time was not classified as entertainment field (as it is classified today). Bergen performed odd jobs around the theater at first but was later promoted to the orchestra pit where he operated the player piano and then to the projection booth where he ran the movies. All of this preparatory studying and work took place in the small town of Deatur, Michigan. Bergen, who was born Edgar John Berggren in Chicago, February 16, 1903, moved to the town when he was five years old and lived there until he was 16. At that time he moved back to Chicago. A graduate of Lakeview High school in Chicago, Bergen attended Northwestern University school of Speech, receiving a Bachelor of Letters degree in 1927. But it was at Lakeview that he originated the idea of "carving a living out of the forest." Charlie McCarthy was born when Bergen was in his last term at Lakeview. Bergen conceived the idea of his features and character from a little Irish newsboy. He sketched the face and took it to an Irish woodcarver named Theodore Mack, who carved the original head which Bergen still uses (naturally this is Charlie's head that Bergen still uses). From 1919 to 1936, when he made his appearance in night clubs and on the radio for the first time, was to be a long climb for the two inseparable partners. First theatrical engagements were on the Chautauqua circuit with an hour act combining magic, ventriloquism and cartooning. He also worked

Lycoum circuit and vaudeville. Of Swedish ancestry, Bergen speaks the language and can do a complete show in Swedish. He has appeared frequently in Europe, including performances for Swedish royalty. In recognition of his outstanding work, the King of Sweden decorated Bergen while he was in Sweden. Bergen can actually call Sweden home, for he lived there about a year when he was about five years old. An ardent tizing and photography enthusiast, Bergen has studied his hobbies to the point of perfection. He pilots his own four-place Navion plane. Owns virtually every kind of camera, still and movie, and is expert with all of them. He filmed and produced a comic travelogue on Sweden which was released by Warner Brothers. In June of 1945, Bergen was married to Frances Westerman, 23, beautiful ex-Powers model. They have one child, Candice ("Candy"), born May 9, 1946. See EDGAR BERGEN, Page 8

MARCH OF DIMES . . .

Have you done your part? That question goes out directly to every citizen of Garza county. Have you done your part in the 1952 March of Dimes fund raising campaign? This year the fund needs more money than ever. The foundation is millions of dollars in debt because of the increasingly large number of polio cases. Chairman Dave Willis did not set a definite goal here but he and his assistants are attempting to contact every person in the county. They have all been spending hour after hour of their time to fulfill their obligations. Have you done your part? Coffee Day in Post, under the supervision of Hugh Eblevna, netted more money this year than it did last, which is saying something considering the crop situation last year. The drive only lacks one week before it ends. Prepare yourself for the Mothers Night March which will be the night following the Edgar Bergen and Charlie McCarthy show. That means on February 1st. And watch for the Bucket Brigade Day, the Pin Up Bank day and all other efforts which will be put out during the next week by Willis and his assistants. And Give, Give, Give! Then take a few minutes to consider seriously and ask yourself this question, "Have I done my part?"

HOSPITAL DONATIONS . . .

A move has been started to begin a donation fund for the hospital. It was first begun by Homer McCrary. At the town meeting when someone suggested that reserved tickets for the Edgar Bergen and Charlie McCarthy show be set at \$5, McCrary immediately paid for two tickets. So when the reserved price was brought down to \$3 by the ticket committee, McCrary said, "I'll put the \$4 on a donation fund for the hospital." The idea caught, on quickly and several persons have already bought their tickets and donated money above the ticket cost. George Samson bought \$15 worth of tickets and gave \$15 extra. Others have either done the same or said they would when they bought tickets. This editorial is not an idea to high pressure such a move through. It is only to express our opinion of the excellence of the idea and commend these persons for their unselfish generosity. Anyone who cares to do so may donate money toward the hospital when they purchase tickets. Any person selling tickets will be authorized to take the name and amount of donation anyone wishes to give. All this money will be set aside in a special fund. The idea is an excellent one and should anyone have any philanthropic inclinations they may extend them toward this worthy cause.

Texans In WASHINGTON

By **TEX EASLEY**, Associated Press Washington Service

WASHINGTON, P — Edith Carlile Winerich, born and raised in West Texas, has no college degree but she is steeped in American history.

Her knowledge has come straight from the original documents from which history books are written, in the massive National Archives building on Pennsylvania Avenue.

Mrs. Winerich, whose formal education ended with the public schools in her native Roscoe, is in charge of one section of the Archives building, where millions of original documents and letters are preserved for posterity.

In her section are all the files of the Treasury Department — and these include much, much more than just documents about financial affairs.

Mrs. Winerich went to San Angelo after graduation from Roscoe High School to take a job with the Retail Merchants Association. She stayed with that organization for 16 years, then came to Washington. She worked for the Army in the Pentagon from 1943 to 1946, handling records, and since then has been with the Archives.

Lyle J. Holverstott, director of the division including Mrs. Winerich's section, says she spends much of her spare time in browsing through the old records.

"I'm an Ohioan," he said, "but she is sure making all of us Texas conscious around here."

Not long ago she uncovered an original ship manifest showing that Stephen F. Austin landed in the Port of New Orleans on Aug. 1, 1835. He was aboard the brig Wanderer, which had sailed from Vera Cruz. When he landed he listed his personal effects. These included one trunk, one carpet bag, arms, bedding and one bag of beans for seed. Austin was described as a planter. The 179-ton vessel was built in Maine and registered Sept. 23, 1833, in Baltimore.

ROGER W. BABSON WRITES THIS WEEK

Overloaded Trucks Are Ruining The Highways But Are Not Paying Their Share Of Taxes

BABSON PARK, Mass. — There are nearly 49,000,000 registered vehicles on our roads. Better than 8,000,000 — or about one-sixth — are trucks. Spot checks in some states reveal that about 10 percent are overloaded. And overloaded trucks are ruining our roads faster than we can build them.

The most significant evidence yet gathered to substantiate this fact comes from the tests sponsored by the Inter-Regional Council on Transportation and made on a mile stretch of two-lane concrete highway in Maryland. Various test loads of 22,400 and 44,800 pounds were run. The 22,400 loads damaged 28 percent of the concrete sections; while the 44,800 pound loads damaged 96 percent of the concrete slabs! If this fairly comprehensive test gives insight into what future tests will reveal, then it becomes clear that trucks are not bearing their share of the burden in maintaining our roads.

I should like to see a similar test made of pleasure vehicles to see how fast they pound our roads to pieces. Should the evidence collected build a case against the trucker, then he should be taxed in proportion to the rate he wears out the roads. Further, since some truckers will overload until caught, on the basis that "only the big loads are pay loads," then a careful check system will need to be established.

Taxes Vs. Tolls

I cannot deny the fact that it is a pleasure to drive the 327 miles from Pittsburgh to Philadelphia on a super-highway. Yet, I resent, in principle, the idea of having to pay a toll on top of a tax. With tolls currently averaging from one to one and one-half cents a mile, this is simply adding an additional tax of 15 to 20 cents a gallon. I wonder how many motorists ever stopped to consider the problem in this fashion: What would be your reaction should the current price of gasoline at your favorite pump be hiked from 28 cents to 45 cents per gallon?

Apparently with our roads being pounded to pieces at a fast clip, present funds are

wholly inadequate both to maintain old roads and build modern express ways. Added to this is the fact that to insure a fair degree of financial success a toll road must have some kind of dangerous monopoly. Pressure might be brought by bondholders to discourage modernization of parallel routes. Is this principle of highway monopoly in the public interest?

Railroads And Trucks

The truck companies make a profit on their business just as the railroads make a profit on the freight they carry. Railroads, however, build and maintain their private roads. Truck companies, on the other hand, have the use of the highways which all of us build and maintain.

I'm not suggesting the truckers build their own roads. I am, however, suggesting they carry their fair share of building and maintaining the road they use. Perhaps a per-mile rate multiplied by tonnage might be an equitable basis? I know that a proposition of this sort will not appeal to the truckers. But, I ask you, isn't it so often the abuse of privilege by a few which brings about regulation of all?

Advice To Truck Drivers

Many have noticed of late the increasing carelessness with which truckers drive. Almost any day, between Boston and Hartford, for example, they roll along racing each other, two abreast so that the average motorist has to fight for his place on the road. More than once lately I've been scared out of my wits by trucks failing to stop at red lights simply because they were rolling so fast they couldn't stop! We used to look upon truck drivers as the most courteous on the road. If overloading and recklessness continue, the whole industry will suffer.

Truckers ought to try to regulate themselves before the state and federal governments step in! In fact, municipal governments may soon rule that truckers can use downtown streets only after 6:00 p. m. Eliminating trucks from congested areas will be the next step in solving the wretched traffic conditions of today.

Getting Out On the LIMB . . .

By **EDDIE** the editor

Automobile owners in Texas can rear back and heave a sigh of relief. The big "boogie man" inspection law date has been set for September 6 instead of the April registration date.

And it might just be possible that the law will be repealed entirely. There's enough stink being raised over it anyway.

In my opinion this section of the new state motor responsibility law which went into effect January 1 was the best part contained in the Legislature's new safety measure. But not some people. For hardly had the law become effective than cries and moans could be heard all over the state from car owners and garages (or certified checking stations, I believe the law called them).

Governor Allan Shivers (now that he has announced for reelection to the Governor seat) is classifying the law as a burden and an inconvenience to the people. Funny thing is (to me anyway) the law of practically forcing every car owner to buy insurance or be in a position to have to give up his right to drive a car was and never has been called a "burden, or inconvenience."

To me having to pay \$30 or more per year for insurance is just as big a burden as having my car inspected. As I said before, I think the inspection part of the law is its best section. Writers of the law claim it will eventually cut down on the number of deaths on the state's highways. If it does the inspection portion will be more responsible than any other portion of the law.

We are all well aware that many wrecks are caused by faulty mechanisms on cars, brakes going out (or just plain not having any), bad lighting (or none at all, especially tail lights or reflectors), sorry tires that should be changed before the driver gets on the road.

These are the things! and you can find proof in statistics) which cause the biggest part of highway accidents. And these are the things the new inspection law was intended to remedy.

But no, people are going to be inconvenienced. Checking stations aren't going to be able to get the job done in time, they cry. So immediately the date is changed to September 6. And much talk is going around to have the Legislature completely repeal this "impractical" portion of the new law.

I say if they repeal this portion of the law (which in my opinion will do more to obtain the goal desired by the writers of the bill than the rest of the law) they should repeal the entire law and let the maniacs have the right of way.

In a letter written Saturday Shivers said (according to an Associated Press report), "Enforcement of the car inspection law should be modified now to make it 'less of a burden and inconvenience to the people of Texas.'"

If the Public Safety Commission cannot accomplish such a modification then the Legislature should be asked to change or repeal the law, the Governor said in a letter to commission chairman Hoxie Thompson of Trinity. Relaxation of car inspection requirements seemed certain to result from the governor's request. Col. Homer Garrison, Jr., public safety director, promised Friday they would be eased.

He told a San Antonio luncheon club audience his department was doing its best "to reclarify the rules." He said "reclarify" meant to "make it a little easier."

This is the same Garrison who filled the papers and radio stations full of the promise that "this law is not a compulsory insurance law and my department will see that everyone of its provisions are carried out to the letter." This is the same Garrison whose "education program to the public" pointed out all the good aspects of the inspection law and showed how it would help the highways be a little safer.

Yet, now that the public has begun yelling on one special—and again I say the most important part—section of the law, they are ready to back down.

I don't blame the people for yelling. But I do blame the department for filling them so full of bull and then backing down at the slightest amount of ire on the part of the public.

That will be used as a political wedge this year. I have no doubt. For legislators are already wanting to repeal it.

Shivers wrote his request to Thompson 24 hours after rejecting a legislator's demand for a special session to consider repeal of the law.

In view of the widespread dissatisfaction over the provisions and enforcement of House Bill 223, the automobile inspection law, I request that the Public Safety Commission begin an immediate re-examination of the statute to see if its enforcement can be so modified as to make it less of a burden and inconvenience to the people of Texas,"

Our Contemporaries Are Saying:

Indian Giver Lockney To Get Compress

Dr. Justin E. Bell of Houston filed suit in 75th District Court Monday for recovery of a plot of land, approximately 81 by 94 feet, which he gave for use to the old Yettie Kersting clinic. Now that the new Yettie Kersting Hospital is in operation, and the old clinic, which is located behind the business district in the 1900 block of Sam Houston Avenue, is not being used, Dr. Bell wants the land back. Members of the Liberty County Commissioners' Court were named as defendants in the suit, which claims the land is no longer used "in connection with the charitable clinic known as the Yettie Kersting Hospital." County Judge T. J. Hightower told members of the commission's court at the regular meeting Monday that he would contest the suit on the grounds that the county has not abandoned the building, but plans to use the revenue from it to help operate the new hospital. Judge Hightower also stated that there is a possibility that the old hospital, along that portion of land formerly owned by Dr. Bell, will be used in the future as an annex to the new hospital or as a charitable convalescent home.

We Regret It

The distinguished service of General Eisenhower in World War II, when as commander-in-chief in the field he led an army of many nations to victory is a matter of pride to almost the entire citizenry. The fact that the victory was nullified by later developments in the caucus room makes his record none the less illustrious. However much we admire the general, however, we are loath to believe that it is wise for the country to have a career military man for its president. So we regretted to learn that General Eisenhower was talked into permitting himself to be put forward for the job.

Who Are The Beneficiaries?

Two life insurance companies are anxious to pay \$4,000 to beneficiaries of two former Hamlin residents — who were murdered — but want the courts to decide to whom the payments shall be made. Three suits have been filed, one of which has been removed from Jones county to federal court, to designate beneficiaries in insurance policies written for Mrs. William K. Jones and her 11-year-old daughter, Lela Maude. The two were the wife and daughter of William K. Jones, former section foreman of Hamlin, who has been condemned to die February 26 for the murders. A point in question is: Who died first, the child or the mother? That must be determined to know whether the insurance is due the heirs of Mrs. Jones or of the daughter, which would include kinsmen of both the mother and father.

—The Hamlin Herald

He suggested the commission and Garrison discuss provisions of the law with legislators who were instrumental in its passage.

Then, Shivers continued, a public hearing could be held for all interested individuals and groups to present opposition to or support for the law.

"The end result of this re-examination, I hope, will be that the law will be transplanted into a safety measure, which I am certain was the intent of the Legislature, without being a burden and inconvenience to automobile owners and the public generally," the governor wrote.

Ed Got Red In His Own "Hot Water"

Ed started a "Pay-Your-campaign last week and up with a slightly red face. been our Water Commis- for ten years, and for ten now he's been getting riled over slow payments of bills.

he finally decided to do thing drastic about it. Last he sent notices that if the ers didn't pay up by Friday, shut off their water.

naturally, some still didn't re accounts. Ed ordered their re turned off, and 14 homes

went without all week end—the Commissioner's among them. Seems Ed forgot to pay his bill.

From where I sit, Ed's mistake is one we all make at times. We are too quick to accuse others while forgetting our own faults. Lots of us do it, for instance, over a difference in taste for a soft drink or a friendly glass of beer. Let's respect each other's preferences and we'll all stay out of "hot water."

Annual Welfare Department Report Shows Garza County's Participation

Citizens of Garza county were receiving a total of \$5,356 from old age assistance, aid to dependent children and aid to the blind, according to the annual report to Governor Shivers, which was made at the end of the fiscal year, August 31, 1951.

Broken down the figure revealed that checks under the old age assistance provisions totaled \$4,702; aid to dependent children, \$544; and aid to blind, \$110.

The report also showed that 133 persons were receiving old age assistance; eight families, including 35 children, were receiving aid to dependent children; and three persons were receiving aid to the blind.

No child welfare cases were recorded for Garza county in the report made by the Texas State Board of the Department of Public Welfare. In fact, no child welfare worker was even listed for the county.

Child welfare services are available, regardless of economic need, to any child who is homeless, dependent and neglected, physically and mentally handicapped, and to any child who is delinquent or in danger of becoming delinquent.

At the beginning of 1951, services were being given to 3,611 children in 1,948 families; and services began sometime during the year for an additional 5,843 children in 3,317 families. The totals served, therefore, are 9,454 children in 5,265 families.

The largest number of requests for child welfare services came from persons connected with the local government. County Judges, law officers, health officials and other public employees made 32 percent of the requests. Parents and relatives ranked second in frequency with 20 percent; followed by requests from interested individuals (15 percent) and referrals from Department workers (11 percent).

Local Public Welfare workers, Tom Cannon, Jr., and Mrs. Johnnie Weaver, district worker, believe that the new social security rule will lower the number of persons eligible to receive the old age assistance.

Figures showing how Texas ranks with the other states in the Union on old age assistance, aid to dependent children and aid to blind prove very interesting.

The latest Federal report showed that for December 1950 Texas had 2.2 percent of the population under 18 years of age on its aid to dependent children rolls. In this respect, Texas ranked 39th in the States.

Texas ranked seventh among the states in percent of population 65 and over on its old age assistance rolls. The percent of the Texas aged population receiving old age assistance has been as high as 49 percent in years past.

Since August, 1943, the Texas old age assistance rolls have increased 21.2 percent. The Texas population, and especially the aged population, has been growing much faster in Texas than in the United States as a whole. From 1940 to 1950, the total population increased 20.2 percent for Texas compared with 14.5 percent for the United States. At the same time, the aged population increased 50.5 percent for Texas but only 36.6 percent for the U. S. as a whole.

Thirty-six states have average old age assistance payments ranking higher than Texas, according to Federal reports for July 1951. The national average was more than \$10 higher than Texas. The highest state was Colorado, with \$76.31 and the lowest state was Mississippi with \$18.44. Texas averages slightly above \$30.

Texas ranks 38th among the states in average aid to the blind payment. As with OAA, Texas is approximately \$10 below the National average. California ranks highest with \$81.77 and Alabama ranks lowest with \$23.02. Texas is between \$30 and \$40 per month.

Texas is still further down the list in average aid to dependent children payment, ranking 42nd

among the states. California again is highest with \$36.05 while Mississippi is lowest with \$5.10.

The Federal share of the cost of public assistance is relatively greater for Texas than for the nation as a whole. The national average is 52 percent while Federal funds represent 65 percent of total expenditure in Texas.

Texas' old age assistance program will have to continue along with its present limited program until other solutions can be formulated by the Legislature. Their recent amendment to the State Constitution concerning the program was soundly defeated by the people of Texas.

At said time and place, all such persons shall have the opportunity and right to appear and to be heard as to the proposed assessments and proceedings, and on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment authorized by law, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and the owner thereof by virtue of the improvements for which assessments are to be levied, the accuracy, sufficiency, legality and validity of the proceedings and the contract in connection with such improvements, and proposed assessments, and concerning any other matter or thing as to which they are entitled to a hearing under the laws of Texas and the Charter of the City of Post, Texas.

Following such hearing assessments will be levied against such abutting property, and the real and true owners thereof, whether correctly named or not, and whether known or unknown, in the respective amounts which shall be determined at such hearing to be payable by said respective abutting properties, and the real and true owners thereof; and assessments will be levied against such railway, street railway, and interurban, and the true owners thereof, whether correctly named or not, and whether known or unknown, in the respective amounts which shall be determined at such hearing; provided, however, that no such amount shall be assessed against any such abutting property, or the owner thereof, in excess of the benefits to said property in the enhanced value thereof by reason of said improvements as determined at such hearing.

Said assessments against each respective abutting property, and against such railway, street railway, or interurban, and its and their roadbed, ties, rails, fixtures, rights and franchises, shall be a first and prior lien thereon from the date said improvements were ordered, and shall be a personal liability and charge against the true owners of each of said properties at said date, whether named or not; all as provided by the Acts of 1927, 40th Legislature of the State of Texas, First Called Session, page 489, Chapter 106, as amended, commonly known as Article 1105-b, Revised Civil Statutes of Texas, and as adopted by the City of Post, Texas, in and as part of its Charter, and as set forth in the Ordinances and Resolutions heretofore passed by the Board of Commissioners of the City of Post, Texas, relating to the above mentioned improvements, to all of which reference is hereby made.

All persons, as hereinabove mentioned and referred to, will take notice of all said matters and things.

DONE BY ORDER OF THE BOARD OF COMMISSIONERS OF THE CITY OF POST, TEXAS, this 28th day of March, A. D. 1951.

The young people of the Church of the Nazarene have made plans for the observance of National Youth Week, Jan. 27 - Feb. 3.

Kenneth Rogers and Wilburn Wade will present a program Sunday evening, Jan. 27, at 7 o'clock, which will officially begin the Youth Week activities.

The Rev. William Dorrough, of Grassland, will address the Youth Group on Monday evening, Jan. 28th. Adults are invited to attend this service, also. Mid - Week Prayer Meeting, Wednesday evening, Jan. 30, will be conducted by the young people.

On Thursday evening, Jan. 30, the young people and their friends will attend a Youth Rally at Williams Memorial Church in Lubbock. A number of cars will leave the church at 6:30 p. m. going to Lubbock, and those who do not have ways to go should be at the church shortly before the leaving time.

Friday evening, Feb. 1, has been designated "Fun Night". A meal, with each course being served in a different home, is being planned, to be followed by a "Stunt Hour".

On Sunday morning, Feb. 3, the pastor, the Rev. J. C. Holman, will bring a message especially for youth. A missionary program will be presented at 7 p. m., Feb. 3, in which a "From Self to Others" offering will be taken for Foreign Missions. This will conclude the Youth Week activities.

The pastor of the Methodist church, the Rev. Joe E. Boyd, will speak Sunday morning on the theme "Bringing About a Righteous World." Special music is being planned by the choir.

The Sunday night service will consist of a song and prayer service, with a motion picture of work in South America. The public is cordially invited to attend this and all other services of the church.

The Friendship class of the Methodist church met for a covered dish supper at the church Tuesday evening. A program on "Sharing Of Hobby Or Work" was presented.

The group played shuffle board, table tennis and worked puzzles. Attending were Mr. and Mrs. Bill Harmon Powers, Mr. and Mrs. Luther Bilberry, Mr. and Mrs. Kirby Tatum, Mr. and Mrs. John Moore, Mrs. Hal Jones, the Rev. and Mrs. Joe E. Boyd and Mr. and Mrs. Percy Parsons. Mrs. Boyd arranged floral decorations for the table.

The Rev. J. C. Holman, pastor of the Church of the Nazarene, will speak Sunday morning on "The Cup Of Blessing." Sunday evening his subject will be "A Fruitful Tree." This is the last of a series of three messages from the third verse of the first Psalm. For the past two Sunday evenings his subjects have been "A Tree" and "A Planted Tree."

The Sunday School study course which is being conducted at the Calvary Baptist church this week, by the Rev. J. Henry Cox, of Oilton, has been well attended. He is teaching "Building A Standard Sunday School." His wife will be here tomorrow night and will take pictures of the congregation. The public is invited to this study.

The Rev. Joe Boyd will preach at Verbeena Sunday morning following the regular service here.

Hoover, Mrs. C. M. Voss, Mrs. Glen Davis, Mrs. Ray Hodges and Mrs. Bill Long.

The wedding will take place at 8 o'clock in the evening, February 1, in the First Baptist church. Some invitations have been mailed, but the couple is extending an invitation, through the press, to all its friends to attend.

George Samson, Earl Hodges and Bill Long will leave Friday morning to attend the Fat Stock show in Fort Worth. While there they will talk with Quarterhorse owners and try to interest them in making the Quarterhorse show here this summer.

Music Pupils Of Mrs. Elmer Long Play At PTA Meet

At a recent PTA meeting, D. C. Arthur was named head of a committee to discuss the possibilities of a summer recreation program here.

Other business transacted included the voting, of the group, to buy and sell vanilla and to get a 48 cup coffee maker for the home economics department.

It was also announced that Mrs. N. Dyer would direct a six weeks course in copper, leather and aluminum work. The course will be held from two until four o'clock each Thursday afternoon, beginning today.

Music pupils of Mrs. Elmer Long presented a short program during the first part of the meeting. Jeanette Moore, daughter of Mr. and Mrs. Monta Moore, played "Beethoven's Minuet In G."

Beverly Bird played "Sweet Kiss Polka" and her brother, Keith, played "Silver Band March." They are children of Mr. and Mrs. Charlie Bird.

Mrs. J. D. McCampbell was chairman for a program on "Teamwork Can Do The Job." Roy Briggs gave the student's viewpoint; H. H. Adduddle, the teacher's; and Mrs. W. M. Kirkpatrick, the parent's.

Mrs. Welch read a letter from Mrs. M. C. Butler, district president, of Lubbock. Room awards were given to the junior class, Miss Katharine Stryker's room and Mrs. Maurine Lackey's.

Interior decorating was discussed when the Amity Study club met Tuesday evening, in the home of Mrs. C. D. Lee. Mrs. Bob Collier was cohostess.

Mrs. Thurman Francis discussed "Utilizing Floor Space" and Mrs. Bill Carter spoke on "Color Coordination." Refreshments of pecan pie with whipped cream and coffee were served to the following members:

Mrs. Leo Acker, Mrs. Malcolm Bull, Mrs. Jack Burress, Mrs. Carter, Mrs. G. K. Cash, Miss Thelma Clark, Mrs. Jess Cornell, Mrs. Frances, Mrs. Conrad Hartel, Mrs. Jimmy Hundley, Miss Dorothy Harbin, Mrs. E. F. Schmedt, Mrs. L. C. Kline, Mrs. Dave Willis and Mrs. Jess Ward.

Mrs. Thelma Oliver, district president of the VFW auxiliary, met with the local unit at the clubhouse Thursday evening. Eight members attended.

The Needlecraft club will meet at 3 o'clock tomorrow afternoon with Mrs. J. R. Durrett.

Mrs. Williams Announces The Engagement Of Her Daughter

Mrs. W. E. Williams is announcing the engagement of her daughter, Ethel Mae, to Sgt. Jack Temple, son of Mr. and Mrs. T. E. Temple, of Lamesa.

The couple will be married when Sgt. Temple completes officer's training. He is now attending school in Fort Benning, Ga.

Shower Is Given Wednesday For Mrs. Windham

The home of Mrs. D. C. Hill, Jr. was the scene of a layette shower honoring Mrs. Don Windham and twin daughters, Mary Sharon and Elizabeth Karon, from 3:30 until 5 o'clock yesterday afternoon.

Twin dolls on baby scales were on the registry table, where the guests signed a twin baby book.

Refreshments of coffee and cookies were served from a table laid with a white cutwork cloth over pink. A floral arrangement centered the table.

Co-hostesses for the event were Mrs. J. D. McCampbell and Mrs. Lawrence Epley.

Tea-Shower Is For Mrs. Hugh Ingram

Mrs. Hugh Ingram, of Lawton, Okla., the former Miss Norma Davis, was named honoree at a tea-shower Friday afternoon, from 4:30 until 6:30 o'clock, in the home of Mrs. R. D. Travis.

Mrs. Travis was assisted by Mrs. Nolan Clary, Mrs. O. D. Cardwell, Mrs. George Tillman, Mrs. George Sartain, Miss Ruth Noles, Mrs. Maggie Childress, Mrs. Lee Bowen, Miss Bettye Travis, Mrs. Al Bird and Mrs. J. C. Fumagalli.

The serving table was lace covered and was centered with an arrangement of white and yellow carnations and jonquills. Miss Noles and Miss Travis presided at the table.

Population of the Azores is about 500,000.

Mrs. Russell Orr Is Complimented Friday

Mrs. Russell Orr, the former Miss Joy Fay Parker, was complimented with a miscellaneous shower at the Calvary Baptist church, Friday evening.

Hostesses were Mrs. Maysel Williams, Mrs. Pete Crispin, Mrs. Jim Hays, Mrs. J. T. Peddy, Mrs. Paul Duren, Mrs. F. M. Wiley and Mrs. W. C. Kiker.

Hot tea and cake were served to 26 guests.

Mrs. W. Swanger Is Honored At Party

A pink and blue shower was given for Mrs. Weldon Swanger Friday afternoon in the home of Mrs. Ruben Wilke.

Appropriate games were played before gifts were displayed. Refreshments were served to about 20 women.

Hostesses for the shower were Mrs. Wilke, Mrs. Lester Keeton, Mrs. F. F. Keeton and Mrs. Louie Perkins.

PRISCILLA CLUB

Mrs. J. D. McCampbell will be hostess for a meeting of the Priscilla club in her home at two o'clock tomorrow afternoon.

National V.F.W. Week To Be Observed January 24-31 By John Miller Post

The week of January 24-31 has been designated as National V. F. W. Week and will be observed locally by V. F. W. Post 6797, Commander Bob Poole has announced.

Theme around which the National V. F. W. week will be based is Rededication to American principles through public service. Organizations totaling more than 1,200,000 in 10,000 units are staging the week as a special public demonstration of "veterans in action for a stronger American homefront."

In connection with the observance of National V. F. W. Week, the local post is attempting to increase its membership.

In anticipation of one specific question, the V. F. W. gives a select list of 27 answers to this question, "Why should I join the V. F. W.?"

TO HELP PROTECT THESE GOVERNMENT BENEFITS:

1. Free hospitalization, for service-connected disabilities, in government hospitals, including necessary medical or surgical treatment. Free hospitalization and medical treatment, for non-service-connected disabilities, optional in discretion of Veterans Administration.
2. Outpatient and dental care, and prosthetic appliances.
3. Vocational rehabilitation, including formal education or on-the-job training, for service-disabled veterans.
4. Domiciliary care in V. A. Homes of State Soldiers Homes for veterans unable to earn a livelihood due to permanent physical disabilities or ailments due to accidents or old age.
5. Compensation ranging from \$15 to \$360 monthly for war veterans with 10 percent or more service-connected disabilities.
6. Compensation ranging from \$12 to \$288 monthly for peace-time veterans with 10 percent or more service-connected disabilities.

7. Dependency allowances for dependents of veterans who are service-disabled 50 percent or more.

8. Pensions ranging from \$60 to \$120 monthly for war veterans (90 days or more of honorable service) with permanent and total non-service-connected disabilities.

9. Pensions for widows and dependent children of service-disabled veterans starting at \$75 per month for a widow, plus allowances for children.

10. Pensions for widows and dependent children of deceased World War I veterans starting at \$42 per month for widows, plus extra allowances for children. Some pension provisions apply to widows and dependent children of deceased World War II veterans where said veteran had some degree of service-connected disability at time of death.

11. Pensions for Spanish-American War veterans, ranging from \$60 to \$120 monthly.

Payment by the Veterans Administration of up to \$10,000 on a specially constructed home on behalf of any veteran who has lost the use of his two lower limbs in service.

13. Payment by the Veterans Administration up to \$1,600 on an automobile for a veteran of WW II or service after June 26, 1950, when the veteran has lost the use of one or both feet or hands or is substantially blind, such disability having been incurred in service.

14. Aid to World War II veterans on home and business loans.

15. Burial allowances of \$150 for all veterans, regardless of the size of estate left to the next of kin.

16. Free burial rights in any National Cemetery for all veterans.

17. Flag for nearest of kin when any veteran dies.

18. Special preference for veterans in Civil Service employment.

19. Free access to the help of the U. S. Employment Service and Veterans Placement service in every state.

TO AVAIL YOURSELF OF THESE V. F. W. BENEFITS:

1. Free assistance from Service Officer, Employment office and Welfare officer in every VFW post.
2. Free access to the help of VFW National Rehabilitation Service in each Regional Office of the Veterans Administration.
3. Representation before Service Department Boards in Washington, D. C. as to retirement and correction of service records.
4. Deposit of copies of service records with Post Service Officers so as to insure prompt action in establishing entitlement to hospitalization or to establish eligibility to benefits for widows and orphans in event of veterans death.
5. Protection of existing veteran welfare benefits, and the enactment of new legislation favoring veterans, through representation by the VFW National Legislative Service.
6. Admission without cost to the VFW National Home for the widows and orphans of deceased VFW members.
7. The opportunity to partici-

Florida Clubhouse Gets New Painting

HALLANDALE, Fla. — There will be no drab color scheme to further dismay losers at Gulfstream Park this racing season. The Park's new clubhouse will carry a light yellow tone, the same color of the grandstand. A large crew of painters is now at work putting the finishing touches to the exterior. The second floor ceiling of the clubhouse is painted in alternate panels of old rose. The Gulfstream Turf Club is in two tone green. Chocolate and green walls also alternate in the interior design, says James Donn, president of the seaside track.

McCORMICK Tillage Tools

No. 9-A Tractor Disk Harrow

Tillage Tools must be plenty rugged to stand the tough job of preparing seed beds. They must also be soundly engineered to do the job right. You'll find both characteristics in McCormick Tillage Tools.

Take, for example, the rear gangs on the No. 9-A tractor disk harrow. Notice how they are "cross-draft" connected. That shows real engineering "know-how." The rear gangs can't skid in tough soils or when turning corners.

They're always in position to split the ridges ahead and give you a 100 per cent job of disking.

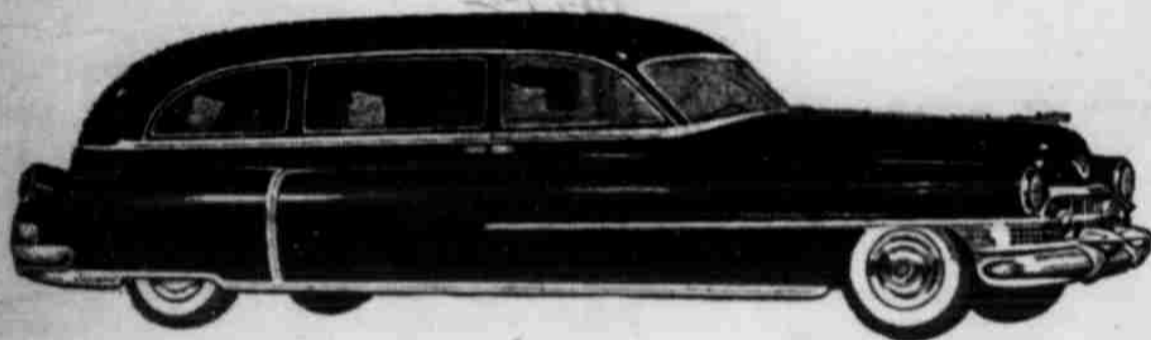

It's that way all through the entire line of McCormick Tillage Tools. You'll find weight where weight is needed—quality construction and sound engineering. You can depend upon every tool to do its job right.

Come in and see the long-lasting, good-working McCormick Tillage Tools we have on hand.

PROGRESS
I find the great thing in this world is not so much where we stand, as in what direction we are moving.

Oliver Wendell Holmes
Modern invention has banished the spinningwheel, and the same law of progress makes the woman of today a different woman from her grandmother.

Susan B. Anthony
If one lives rightly, every effort to hurt one will only help that one; for God will give the ability to overcome whatever tends to impede progress.

"We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built—and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history.

It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Troop 108 Scouts Get Merit Badges

In an impressive Monday night ceremony members of Boy Scout troop 108 were awarded tenderfoot and merit badges at the First Baptist church.

Ralph Kirkpatrick and "Chief" Runkles presided over the presentations which followed a regular meeting of the Baptist Brotherhood.

Jimmy Bowen and Morris Bird received their tenderfoot medals in a striking candle-light ceremony.

Merit badges for various subjects such as rabbit raising, swimming, farm home and planting, farm mechanics, home repair, life saving, beef production. Receiving these badges were Wayne Runkles, Tom Tucker (who recently moved here from Roswell, N. M.), H. V. Williams and Bernie Welch.

Weich presided over the initial phases of the program of bringing in the colors, repeating the Scout Oath, pledge of allegiance and the Scout laws.

Approximately 35 persons attended the meeting. The First Baptist Church sponsors Troop 108 which has a complement of 19 boys.

Special guests were Jack Johnston and Mr. Hagerman.

Edgar Bergen—

(Continued From Front Page)

The Edgar Bergen - Charlie McCarthy show has been sponsored by the Coca Cola company for six years. The show, which originates in Hollywood, is of variety - comedy format and can be heard over CBS stations 5 and 9 p. m. (7 and 11 p. m. CST) Sundays.

Directed by Frank Gill, Jr., the show features the music of Ray Noble and is written by Zeno Klinker and Norman Paul. Bill Bidwin is the announcer.

And don't forget the other star of the show - Mortimer Snerd. He has almost as big a following (and they are ardent too) as Charlie, despite the fact that his existence is due to the fact Charlie got tired of talking.

It seems that back in the '30's, before Edgar Bergen and Charlie McCarthy became the favorites of millions of movie fans and radio listeners all over the world, they were appearing at the swank and famous Chez Paris nightclub in Chicago.

The audiences were going wild. They demanded that Bergen come back for encore after encore. He finally realized that he was exhausting himself doing seven to ten encore routines with Charlie.

He decided the sensible thing to do was to create another funny little person to use just for the encore numbers.

Thus the birth of Mortimer Snerd was decided.

But it was not long before Mortimer became as important and beloved to audiences as Charlie was, so instead of just being encore material, Mortimer became a very important part of the act. And has so remained for nearly 20 years now.

In fact there are armies of Mortimer fans who will (and do) argue that the country bumpkin is much nicer than Charlie. The girls (all ages) go for Mortimer because he is so much the type to mother.

Charlie? They say he is often "too fresh" and very much of a wolf.

Sunday, Dec. 23, 1951 TO MR. AND MRS. G. N. LEGGOTT

My Dear Friends:

I thought that I would drop you a line or two and thank you very much for the nice present that I got with your name on it. And I thought I would write and thank you for it. I'm not very good at writing letters or making speeches, but just to let you know that I appreciate what you gave me for Christmas and made it more happier and pleasant. Edgar Bergen and Charlie McCarthy were here entertaining us Saturday evening, and he was very good and he said that the presents came from Post, Texas, and they were very nice which they were. All I can say is thank you from the bot-

tom of my heart and I wish you a very happy New Year.

Sincerely yours, Frank Faulstich Ward 85 South Great Lakes, Ill.

Oldsmobile's New 1952 Styles Are On Display Now At Connell Chevrolet Co.

Oldsmobile's new styles for 1952 are on display at Connell's Chevrolet company now! These new creations, featuring a more efficient engine and new "98" styling went on display this morning.

Connell personnel urges people to drop by and see the new Oldsmobile at the show window.

Major style changes and important mechanical improvements characterize the Oldsmobile 1952 models. Innovations in the new models are a more efficient 160-h. p. "Rocket" engine with the high performance Quadri-Jet carburetor in the series "98" and Super "88" cars; complete new styling and more luxurious interiors in the "98"; a new Super range for increased performance of Hydra-Matic Drive, and GM power steering, both available at extra cost.

Oldsmobile presents three lines of cars in 1952. The Classic Series "98", powered by the improved 160-h. p. "Rocket" engine, is available in three body styles—four-door sedan, Holiday coupe and convertible coupe. The Super "88" uses the same "Rocket" engine and has five body types—four-door sedan, two-door sedan, Holiday coupe, convertible coupe and club coupe. The Deluxe "88" series is offered in the four-door sedan and two-door sedan and is powered by a 145-h. p. version of the "Rocket" engine with dual downdraft carburetor.

The overall length of the Classic "98" Series has been increased from 208 to 213 inches. Wheelbase also has been increased two inches to 124 inches. A rear stabilizer bar has been added in the rear, improving car handling and stability and minimizing side sway at high speeds. There is greater rear deck length, making more luggage space available in the spacious trunk.

In exterior styling, the Classic "98" with its high rear fenders and long deck creates a new styling silhouette. The wrap-

around rear window is now one single piece of curved safety glass. The Holiday coupe has a distinctive round Holiday medallion on the brightwork where the roof and rear window meet the rear quarter panel.

Interior appointments of the Oldsmobile 1952 models reflect more luxurious upholstery combinations and a tasteful selection of matching colors. Instrument panel, seats, carpeting, headlining, door panels and interior trim all harmonize in pleasant and colorful shades. Broadcloth, leather, nylon and Bedford cord offer a broad choice of upholstery in the various series to promote the individualized treatment available in Oldsmobile body styles for 1952.

The Deluxe "88" series Oldsmobile for 1952 has a larger and roomier Fisher body, with a longer wheelbase of 120 inches and overall length of 204 inches. This makes it comparable in size to the Super "88". A variation in exterior trim and a black rubber gravel shield distinguish it from the Super "88". The 145-h. p. engine with dual downdraft carburetor marks an increase of 10 h. p. over the 1951 model.

The 1952 Super "88" is powered by the same "Rocket" engine that drives the Classic "98". The Super "88", like the "98", uses the Quadri-Jet carburetor that accounts for the improved efficiency and boosts the horsepower rating from 135 h. p. to 160-h. p. Compression ratio is 7.5 to 1. The Super "88" also has a new rear stabilizer that improves car handling and reduces side sway.

The new Hydra-Matic Super Drive has an added range which gives the driver the choice of operating in the more economical Drive (D) range or the increased performance of the Super (S) range. The axle ratio used with Hydra-Matic Drive is reduced approximately 5 percent, which not only gives improved fuel economy in the Drive range but

also provides adequate performance for all normal driving.

The new Super range blocks the transmission in third gear for all throttle positions between 20 and 70 m. p. h., which provides added performance when desired by the driver. The new range will be particularly appreciated when driving over mountain highways, according to Oldsmobile engineers. This range also provides the right engine braking for going down long grades.

General Motors hydraulic steering, available on the Classic "98" and Super "88" at extra cost, fundamentally is power-assisted steering. It takes over the hard work of guiding or parking the car without destroying the "steering feel" so essential to safe driving. It is used in conjunction with the regular mechanical steering linkage and does not change the amount of wheel turn by the driver.

The GM hydraulic steering system offers smooth positive steering with little effort on the driver's part. Action of the steering gear on light loads is entirely mechanical. When three pounds or more of pressure is applied to the steering wheel, such as in parking, a booster pump is actuated and this lessens the effort necessary to turn the wheel.

Southwestern Public Service Gives Two Annual Scholarships At Tech

Area high school seniors who are receiving their diplomas this spring will probably be interested in an announcement from Texas Tech College.

Five new scholarships, worth a total of \$4,000, were announced this week by the Texas Tech committee on scholarships and awards.

Four of the scholarships, worth \$750 each, were in the engineering division. The largest, a \$1,000 award, is in the horticulture department.

Frank Goldthwaite, Fort Worth owner of Texas Toro Co., makers of power mowers and grass cutting machinery, set up the \$1,000 scholarship for the 1952-53 school year to help a junior, senior, or graduate student studying horticulture and park management.

The recipient becomes ineligible for any other scholarships during the year.

The Southwestern Public Service Co. established two annual scholarships of \$750 each for mechanical and electrical engineering students. They will be awarded for the 1952-53 session to the junior or senior mechanical engineer and the junior or senior electrical engineer meeting the scholastic, financial, and character qualifications.

Don D. Herrington, Amarillo, president of the Panoma Corporation and a member of the Texas Tech Foundation Board of Directors, set up two other \$750 scholarships for freshman engineering students. The awards may also go to high school graduates who will enter engineering

Mr. and Mrs. O. F. Pennell and children and Fred Long visited Pete Pennell, who is a patient in the Crosbyton hospital, Sunday.

Jack McKinney has moved back to Post from Denver City. Deanie Hill, of Graham, visited Maudie Fay Ray Sunday night.

The Barnum Springs community will have a supper Friday night at 8:00 o'clock in the school house, to raise money for the March of Dimes. Everyone is invited to come and help out.

Sid Cross Announces For Co. Commission

Sid Cross is announcing candidacy for reelection to office of Commissioner of Finance.

"I have tried to serve the people of my precinct to the best of my ability since I held the office. I realize there is still much to be accomplished and I feel that my experience as your commissioner justifies my asking to be elected to the office again. I want to thank each of you for your splendid cooperation and I earnestly solicit your continued support," Cross said.

Mr. and Mrs. Tom Power attended the Ford show in Dallas last Thursday, Friday and Saturday. A part of their time Dallas they visited with Agnes Kahler and daughter
