**A DANGEROUS WAY TO HAVE FUN**—Shown above is a method by which someone decided to have a bit of fun that could easily have killed the person attempting such a measure. In stopping the rocker arm on the above pictured pump, the "fun lover" placed the piece of wood noted by arrow, between the arm and the belt cover. When the arm hit the stick it would not go any further, thereby stopping the pump. Had the stick been crooked, or had the force of the arm broken it, the person holding the wood could have easily been killed by its force. Tracks around the well when this was discovered indicated a group of children had accomplished the deed. Note how the metal belt cover is crushed. (Photo by Dispatch Photographer)

## Fence Across Post Airfield Inactivates It Temporarily

Post's airfield is closed. The announcement was made by Monta Moore, manager of the Double U company. It was prompted by the building of a fence across the landing strip. This fence shortened the runway by several hundred feet and made it necessary to call CAA authorities and tell them to warn all fliers the field cannot be used for landing. The fence being built is the right of way fence for the new farm to market road between here and Spur. When the survey was first run on the new road it was necessary to cut off a small portion of the northeast end of the runway. But a later survey, in attempting to eliminate the curves on the road just northeast of town, whacked off more than a small portion. Moore and county officials said there is a possibility that after the road is built the runway can be changed slightly and still be almost as long as it was. Much effort was done recently to keep the airport from being eliminated completely. It had been leased by a private individual and when the lease was

**POST CARDS GO ON SALE**—Scenic post cards of the above Post girls will go on sale in about a month at the following places: Post News Stand, Wacker's, Collier's, Hamilton's, Hudson Service Station, Floyd Service Station, Wilson Brothers, Caylor's Service Station, City Cafe, American Cafe, Triangle Service Station, Sartain's Service Station, Lone Star Service Station, Highway Drive-In, Bus Station, and Kiker's Service Station. Shown in the picture left to right are Neida Floyd, Anne Mathis, Maxine Boylis and Beth Hamilton.

## Antelope Band Students Take Contest Places

Headed by Gene Young, son of Dr. and Mrs. B. E. Young, Post high school band students fared very well for themselves in the annual Texas Interscholastic League contests held in Canyon last Friday. Young copped first place among the cornet players in the West Texas area. Other individual winners for Post were Tommy Mayfield, son of Mr. and Mrs. Dowe Mayfield, clarinet, second; LaJuan Davis, daughter of Mr. and Mrs. Guy Davis, oboe, third; James Womack, bass, second; and Freada Kennedy, daughter of Mr. and Mrs. Pete Kennedy, twirling, second. The Post High school band was judged in the fourth division in concert; third in sight reading and third in marching. Approximately 15 bands participated in the Class A division of the contest.

## Sue Stephens Enters District Speaking Meet

Sue Stephens, daughter of Mr. and Mrs. Wesley Stephens, will represent the Garza 4-H clubs in the district 4-H Public Speaking program to be conducted in Lubbock Saturday. The program is to be held in the precinct clubhouse on Slide Road southwest of Lubbock and is to be held in connection with the district Dress Revue. Janyce Lobban, of Justiceburg, will represent Garza county at the Dress Revue.

Miss Stephens will talk on the subject, "Making the Farm and Home Safer." According to the rules, the talk must be original, spoken from 4-H experience and be from five to seven minutes long. Should she win the district, Miss Stephens will compete in the state division to be held in June at Round-Up. Miss Stephens gave her talk at the Dress Revue Style Show held Tuesday night in the Grade School auditorium.

## Phil Trammell New Cubmaster Of Cub Pack 16

Phil Trammell was introduced as the new Cubmaster of Cub Pack 16 at the Pack Night supper held Monday in the City Hall. Trammell assumed the duties left by the resignation of Victor Hudman who has served as Cubmaster for the past two years. Also introduced at the supper was Mrs. Lee Bowen, who is the new Den Mother of Den Two. She filled the vacancy after Mrs. Victor Hudman resigned. Mrs. Hudman had been Den Mother for two years. Graduation ceremonies were held for two boys Monday night. They were Leon Braddock and Victor (Sonny) Hudman. These two recently received their Webelos awards as cubs and will now enter Troop 16 of the Boy Scouts. John Lott, Troop 16 Scoutmaster, was in charge of the ceremonies. Four new families were added to the Cub pack, according to Mrs. Hudman. They were the Sullivan, Pierce, Poole and McClellan families whose sons joined the Cubs and were awarded their Bobcat awards Monday night. "Things That Grow" was the theme of the Monday night meeting. The Cubs dressed to represent various vegetables and other growing things. Each Den presented a short program.

## Cocklebur Poisoning Garza Cattlemen With First Poisoning Spree Since 1950

Cocklebur poisoning has hit the county for the first time in two years with a reported 22 head of cattle having died from eating the weed during the past week and a half. This number exceeded 1950's total when the weed poisoned and killed 16 head of cattle. That year Bob Roberts lost 10 head and Sonny Nance six head. According to reports from County Agent Lewis Herron and cattle owners, the poisoning has been more widespread this year. Hardest hit were Shorty Bland, who lost six head, and Mrs. Pearl Nance and Mrs. Winnie Tuffing, who lost six. Other reported losses were: Lee Davis, 3; Sol Davis, 4; Ed Kelly Sims, 2; and Fred Babb, 1. Herron explained that the weed seems to be poison from the two to six leaf stage. And it usually crops up after a hard winter when the cattle have gone without any green feed for some time. The weed sets up a toxic reaction much like lead poisoning, Herron explained. He said that a vet might be able to save the stricken cow or steer if he got to it in time, but most of the time it's too late, when discovered. There are two methods by which the owner might prevent the cattle from eating the cockleburs, Herron pointed out. Move them off the affected area or hay them pretty heavy and regularly.

## Rotary To Sponsor Terrace Cemetery Cleanup Tuesday

Post Rotary club members "Cemetery Working" at the Terrace cemetery in Post beginning at 1 p. m. Tuesday. James Minor suggested the idea of the town and county getting behind a cleanup program for the cemetery so that it will be ready for the Memorial Day observance here. In sponsoring the project, the Rotary club is seeking the aid of every civic group, service group, church group, and individual in the county. Minor said that if time allowed, the presidents of every organization will be contacted and the aid of the groups solicited. These groups include the P-TA, Lions club, VFW, American Legion, Sunday School groups, and others, and all individuals. People who are interested can gather up their hoes and rakes, get in their pickups and meet workers at the cemetery. When a vote was taken in the Rotary club to see if all members would participate in such an undertaking every man present voted yes. Each year when the city observes Memorial Day, the attempt is made to get the entire cemetery cleaned up. Because of limited funds, and little help, the job is never thoroughly completed. But, Minor and the Rotarians point out, if everyone will get behind the project and just pitch in and work one afternoon, the task can be accomplished. Anyone interested in helping is asked to contact James Minor at Mason and company.

## Floats For Parade Are Sought By O. D. Cardwell

Big plans are already being made for Post Stampede Rodeo Parade to be held here about 5:30 p.m. on Wednesday, May 28. O. D. Cardwell, parade chairman, announced. Cardwell pointed out that probably 10 or 12 sheriff's posses will ride in the colorful parade which is to herald the opening of the eleventh annual Stampede Rodeo. He also explained that only one such parade will be held this year. Business places, civic groups and service organizations are urged to cooperate with the Stampede association in making the 1952 parade the biggest to ever traverse down Main street. They can do this by planning and preparing floats to enter the parade. "At least eight or 10 floats will be needed," Cardwell explained. "We plan on using a float to fill the space between each sheriff's posse or riding group." However, the chairman also explained that the number will not be limited to eight or 10, so anyone wishing to have a float should get it ready now. Cardwell said that all cars that are in the parade should be decorated. Approximately 200 horses are expected to participate in the big event. "We want all the old time cowboys to ride in the parade," the chairman said. "And we also want the largest crowd in Post at parade time that has ever turned out for a parade." Four trophies will be awarded to the best riding groups and sheriff's posses.

## Janyce Lobban Wins Dress Revue; To Vie In District Meet

Miss Janyce Lobban, 15-year-old daughter of Mr. and Mrs. V. A. Lobban of Justiceburg, proved herself the best dressmaker in the county last Saturday with her entry in the annual 4-H Dress Revue. Construction of her church or party dress and the records she kept on it and other 4-H work won Janyce the title and entitles her to represent the county at the District revue in Lubbock Saturday. Several other 4-H club girls scored points enough on their dresses and records to win trips to the district camp in Lubbock in June and to the State Fair in Dallas next fall. Girls who will make the Dis-

## Rainfall In April Heaviest Since '47

April in Garza County was not as dry in 1952 as it has been in the past several years, but neither was it the wettest April, county residents can recall. The 2.22 inches total has been topped on several occasions in the past, according to records kept in the Double U company by Jim Durrett. In 1915 a slushy total of 8.07 inches fell in April and in 1922 the rainfall hit 6.59 inches. Smaller moisture readings were recorded as follows: 3:15 inches in 1923; 2.04 inches in 1949; and 1.51 inches in 1950. And on the other side of the ledger, the year 1935 saw April fail to produce any moisture at all. In 1951 the reading was .32 of an inch; in 1921, only .13 of an inch; in 1928, only .18 of an inch; in 1927, only .30 of an inch. Therefore, April in 1952 was definitely not the wettest nor the driest April in Garza since 1947.

## New Location Staked In Rucker A Field

Union Oil Company of California staked their second location in south central Garza county thereby making a 1-mile extension to the Rucker A field. The No. 2-C Stoker is a projected 2,750 foot well with operations to begin in the near future. It is five miles northwest of Justiceburg. The No. 1-C Stoker is still being tested to complete. Elsewhere in the oil activity, Husky Oil company has re-perforated from 7,622-7,630 feet at their No. 1 Nance five miles southwest of Justiceburg.

Janyce Lobban

## Garza Women To Attend Meeting

Three Garza county women will probably attend the annual Texas Home Demonstration association convention in Dimmitt next Wednesday, HD Agent Dorothy Harbin said. Mrs. Lonnie Peel, Post club, Mrs. C. E. Scott, Barnum Springs, and Mrs. Henry Key, Justiceburg, were elected as convention delegates. Alternate delegates are Mrs. Georgia Cook, Graham, Mrs. W. A. Long, Barnum Springs, and Mrs. D. F. McWhirt, Justiceburg.

### COURT ACTIVITY LIGHT

Only two persons were fined in Garza court this week, with one being charged with aggravated assault and the other drunk in public place. Doyle Worley was fined \$47.60 on an aggravated assault charge and John Hines \$23.60 for being drunk in a public place.

district camp include, Willa Faye Graves, Post senior club; Janene Haynie, Post junior; Oneita Jones, Close City; Janet Stephens, Graham; Shirley Masters, Justiceburg; and Linda Livingston, Southland. Two girls and one alternate received scores rating them to a trip to the State Fair. They include: Southland, Sharon McGehee, Patsy Boykin and Karen Gail Pennell, alternate; Close City, Linda Bartlett, Jennie Redman, and Frances Barron, alternate; Graham, Peggy Morris, Wynona Pennington, and Jackie Sue Mason, alternate. Justiceburg, Jean Winkler and Sandy Cross; Post junior, Kay Hedrick, Ruth Ann Long, and Patricia Wheatley, alternate; Post senior, Sandra Sue Ray, Norma Lee Ritchie and Sue Stephens, alternate. Winners of Dress Revue pins included: Willa Faye Graves, Oneita Jones, Janyce Lobban, Linda Bartlett, Peggy Morris, Sandra Sue Ray and Norma Ritchie. Judging the Saturday show were Miss Mary Grindstaff, Miss Wanda Greenhill, Miss Yolanda Ellis, Miss Patsy Harris and Mrs. E. Ellis, all of Hale county. Lois Ritchie of Post senior club helped with the revue. Tuesday night the 4-H club girls climaxed their preparations for the Dress Revue with a program and a style show in the Grade school auditorium. Each girl modeled the dress she made. The program consisted of a musical number by Janene Haynie, a trio by the Graham club; and a speech by Sue Stephens (the one she will give at the district meet Saturday.)

NEEDLESS TRAGEDIES . . .

Americans are strange people. They never stop to realize the danger of a situation until some tragic incident brings it home to them. Take the death of little Domingo Garza last week. More than likely every person you would have asked before the accident would have scoffed at the idea of the oil well pumps being extremely dangerous. Perhaps that misguided and opinionated way of thinking is why so many parents do not warn their children away from the pumps. But now they know the danger after a child has had his life snuffed out by a pump mechanism. And perhaps now they will stop and take time from whatever "pressing" matter they are doing and extend a word of warning to their own children. One word may prevent another death. And the only appropriate origin of that word is the parent. Children are forever throwing sticks, rocks and other rubbish into the belts of the pump machinery to "see what happens." Some have even "stopped" the pump from working by the dangerous method of using a stick to prevent the rocker arm from moving. An easy way to get killed, yet they don't realize it. And it is the duty of the parents of the town to make their children realize the danger before they do get killed.

WATER PROJECT . . .

"To be, or not to be. That is the question." These famed words from the pen of William Shakespeare can well apply to Garza county where the joining of the West Texas Weather Improvement District is concerned. The question is being put to farmers and ranchers directly, "Do you or do you not want to help in financing the county's entrance to the District?" They should indicate their interests in the matter with either a definite yes or no. To be a part of the district they must first help raise the necessary \$6,340 to finance the deal. All they have to do in not becoming a part is to fill out a card which is being mailed out with a plain "no" on it. Approximately half of the money has been raised already and the directors have set May 10 as deadline for the remainder. They are not attempting to force anyone to pay out any money. But are trying to get some kind of response which will give them a foothold to work on or an opportunity to "junk" the idea. Therefore the final decision is up to the ranchers and farmers. They should decide and make their decision known as to whether they want to be or not to be a part of the district. Say "Yes" or "No"—that's all there is to it.

Getting Out On the LIMB . . .

By EDDIE the editor

Springtime is with us and it won't be long before the hot days of summer will be beating us with heat.

And with the coming of hot weather we are faced with the ever increasing danger of polio. However, with a little foresight and concentrated work, residents of Post and other cities might possibly diminish the extent of that danger.

Last year the city of Odessa experienced a dreadful and extended attack of polio. Although there was quite a bit of disagreement to the cause, the State Health department said filth brought on the disease. And somehow it must have been a plausible excuse for the citizens of Odessa—and other towns—rallied to put on an extensive cleanup campaign there.

But that was after the polio had hit.

The question is, could the number of cases have been lessened if the city had been clean in the first place? No one knows really. For doctors cannot give you a definite starting place for the dreaded disease. They do maintain, however, that keeping a place clean can't do any harm and might possibly prevent the start of the disease in any town.

So taking stock in the old saying, "An ounce of prevention is worth a pound of cure," I think it is about time for residents of Post, along with city officials, to begin serious thought on a cleanup campaign here.

Several weeks ago Henry Tate, city superintendent, said that an engineer from the State Health department was supposed to come down here and make a survey of the town. In this survey he would cover every possible foot of the town and look for places which might tend to breed flies.

The flies are the unknown quantity in the case of polio. Doctors have no proof that flies carry the disease, but they do have a pretty good idea that the "little winged devils" have something to do with polio.

So any fly breeding place—and believe you me there are hundreds of them in Post—is a likely breeding spot for polio for your kid, your neighbor's kid, you, or me.

After this state engineer makes his survey, the city intends to begin a thorough cleanup drive. They have plans of putting on an extra truck so that the garbage can be hauled off more often. And they plan on a good spraying program.

But the citizens of the town can help before the drive ever gets underway. Clean up around your place. An if you own houses where renters live, see that those places are cleaned too.

The responsibility of preventing a dreadful disease in any town is not on the shoulders of the city alone. You and I as individual citizens are only protecting our own when we get behind such an effort.

Perhaps your garbage can does not have a lid and you allow the garbage to accumulate day after day before you burn it or before it is picked up. That is a fly breeding factory of the first order. It's easy to set fire to the waste material in the garbage can as you put it in there. It is also easy to get a small hand-spray and spray the garbage can at regular periods. Prevent the flies from breeding and perhaps you have prevented the polio from ever getting started.

Do you have an outdoor toilet? If so, do you spray it regularly? If not you are inviting disaster.

The same applies to cow lots, chicken lots, horse lots, open cess pools and other mass producers of flies.

No one asks the owners of any of these lots to do away with them altogether. But they are requested to keep them clean and spray them periodically. For it has been proven that with a little care these places can be made much more sanitary. You can mix your own solution, do your own spraying and stop your own fly breeding. And in doing so you will not only be protecting others but will also be protecting yourself.

There is no doubt that Post needs a cleanup. And personally I think it would be better to conduct a preventive cleanup than to wait until after disaster strikes then get all het up about cleaning.

Last year the city experienced an outbreak of the disease which alarmed the citizens of the town. Yet, strange as it may seem, that alarm has passed and the town is still full of fly breeding out-houses, cess pools, open garbage cans piled with weeks of rubbish, chicken lots, cow lots, horse lots and unsanitary alleys and streets. There are open lots piled high with rubbage and

THE AMERICAN WAY

Washington whitewash

Our Contemporaries Are Saying:

Wish We Had Checked!

The Hesperian, the writer in fact, in a story last week, had the income granted by the city council for the telephone exchange here at 65 per cent, a figure which members of the council immediately jumped on as being erroneous. Where we got the figures at 65 per cent we don't know. Most such statements are made by writers (and talkers, too, for that matter) who assume that some statement or other they've seen in writing or heard is correct. Check, check, check. That's the word in a newspaper office. Once in a while you nod or unthinkingly assume something and begin from there. You always wish you had not. Members of the council say the increase at the business telephone level is nearly 36 per cent, that is the increase from the rate that has been effective since 1948.

—The Floydada Hesperian.

It Sez Here

If it's true the Army builds men, our printer John Stone is going to get his money's worth out of that induction notice he got this week! The armed forces are in a hell of a shape, else they wouldn't be sending official delegations for guys like him. He's got a couple of busted eardrums for which he procured a hearing aid several years ago; his eyes are something like those of Joe Spitzwuk; and the case of meningitis he had years ago hasn't improved his torso to the extent that the Army program will. All in all, folks, our armed forces are in bad shape for material. Won't some of you able-bodied folks volunteer?

—The Ralls Banner.

Can You Answer Yes?

If you are a qualified voter in Mitchell county and expect to take part in Democratic or Republican precinct conventions, you have only a week to prepare for action. The date is May 3. Do you know the name of your precinct chairman? Do you know where your precinct meeting is to be held and the hour it is to open? Have you attended a caucus of voters of your opinion in your precinct? Unless you can answer yes to those questions, you are not ready for the conventions.

—The Colorado City Record.

Just Talk

While it might prove disastrous if the phone workers would go on a permanent strike, I would like to thank them for giving us a nice rest from the nuisance of the phone ringing for a few days. At first I sat on the edge of my chair all day during the time the strike was on expecting the phone to go on screaming at us, but after a while the peace and calm at the Slatonite office was most enjoyable. My nerves had just about gotten to where I could pick up a pin off the floor without dropping it, but now I'm shaking again like a bowl of jello, and I shiver clear down to my toes every time the phone rings.

—The Slaton Slatonite.

filth that should be cleaned up.

Tomorrow is not the time. There is no time like the present for trying to keep our city clean and at the same time prevent the recurrence of the attack of polio.

Clean your spot today and maybe your neighbor will get ashamed and clean his tonight.

27 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Texans In WASHINGTON

By TEX EASLEY,  
Associated Press Washington Service

WASHINGTON, P.—The halls of Congress continued to echo with tributes to Tom Connally and his 35 years of service in Congress long after the colorful Texan made his retirement announcement.

Most of his colleagues were absent from Washington when Connally's surprising announcement came Easter Sunday. Those who were here paid prompt tributes. When others began returning to Washington, the volume swelled, both in Congress proper and in the pages of the Congressional Record.

Here are the words of Sen. Ed Johnson (D-Colo.), himself 68, used in telling the Senate how he was affected by the news of the 74-year-old Texan's plan to retire from the Senate.

"Mr. President, the other night shortly after midnight Mrs. Johnson awakened me and said that she had heard on the 12 o'clock midnight broadcast that the Senator from Texas (Mr. Connally) had made up his mind to retire.

"Wakened out of a deep sleep, I could not go back to sleep again. I kept thinking of the great contribution which the Senator from Texas had made to his State, to his Nation, and to the world, as well as the great contribution which he has made to me personally.

"Mr. President, I have gained more from Senator Connally than from any other member of this body of very distinguished and able men. I have learned more from him than from any other senator.

"I will not quarrel with him for making the decision. The decision is his own. The people of Texas would have returned him to the senate as long as he would have consented to serve. I am sure of it. I know a great many Texans, and I know how loyal and understanding they are, and how devoted they are to their senior senator."

Vice President Alben Barkley, who serves as President of the Senate, said:

"Senators know how reluctant the chair is to speak from the rostrum. However, if he does not speak from the rostrum, he cannot speak at all.

ROGER W. BABSON WRITES THIS WEEK

Financial Expert Claims Truman's Seizure Of Steel Mills Dangerous And Unforgivable

WASHINGTON, D. C.—Of all the dangerous and unforgivable things which President Truman has done, the seizure of the steel plants is the most horrible.

I am not discussing the wage question involved. Doubtless, some raise in wages was justified; and if only a moderate increase, there need be no increase in steel prices. This would have been better for all—including labor—in the end.

Under the above conditions, labor would get less "take-home" pay than they would get with the full increase; but what they would take home under the steel industry's offer would buy more. The action of the Stabilization Board and the President will set off another general price increase. Every reader of this column will suffer. It is too bad.

The Great Crime

The great crime was to seize the plants without due process of law, or without awarding fair damages, or without treating all plants alike. We are used to having the President seize our boys and send them to Korea; but this is under a fair draft law to which all boys are equally subject. We know that our property is liable to seizure for payment of taxes, but all citizens (not having mink coats to give) are treated alike.

The President can take our home by eminent domain for a public highway or other necessary needs; but only after a fair hearing, proper time to vacate, collecting full damages—all being subject to court injunction. The reason why the railroads were seized last year without a row is because the Railroad Laws provide for such a remedy. No such provision exists for seizing steel plants, or shoe factories, or newspapers, except in the case of a war declared by Congress. We are now in no such war. This means President Truman's seizure was premeditated robbery, done to pay a cheap political debt. I repeat it was a crime, especially when he would not at least try the

Taft-Hartley law.

What This Means To You

In short, this "Hitler-Peron" act by our President means trampling on the fundamental principle of our Constitution. The American Revolution was fought to protect the sacredness of life and property. The fact that the Free Nations enjoy such protection today is their main difference from the Communist Nations. Surely, President Truman acted on some very bad and unconstitutional advice. It is a shame that he will go down in history as making this colossal mistake.

I need not describe the harm which this seizure does to our prime investments. It can undermine the security of all good stocks and bonds. If the seizure is upheld by the courts, it could cause the best stocks to go into a nose dive from which all investors, savings bank depositors and holders of life insurance policies could suffer.

Looking Into The Future

Another thought: Think of the danger of letting the President seize a newspaper which he would like to suppress! He could do this as well as seize a steel plant. He would only need to stir up the employees to demand an impossible wage increase, and then "in the emergency" seize it and edit that newspaper! It is horrible to contemplate. But labor ultimately suffers from this frightful precedent. Unless the courts throw out this steel seizure, it surely someday will be used against labor itself. "It is a poor rule that will not work both ways."

Last week I was quite hopeful as to the Summer and Fall outlook. Due to Mr. Truman's retirement, I felt that the clouds were breaking. Since then, however, a thunder storm has arisen! Whatever happens to the steel case, I am now more convinced than ever that when the next big Unemployment Depression comes, it will be brought on by labor leaders.

**Car Registrations Nearing \$50,000 Mark For Second Time In History**

Car registrations in Garza county are nearing the first \$50,000 which the county gets before having to cut the state in on the registration proceeds, figures released by Carl Cederholm, assistant tax assessor-collector, reveal.

Figures released by Cederholm were based on the week ending April 5. More registrations have come in since then running the total to 2,292. However, no breakdown on different kinds of vehicles and amount of revenue brought in is available on the later registrations.

As of April 5, a total of 1,952 vehicles had been registered. Broken down these included 1,

688 passenger cars, 244 commercial trucks, 320 farm trucks, 25 truck trailers, 72 trailers, three house trailers, 15 motorcycles and six dealers.

The office has also issued 91 duplicate receipts, two replacement plates and 22 transfer receipts. Registration brought in \$48,890.95, all of which went to

the county except for approximately \$11 which the state received for transfer receipts.

Under the state ruling the first \$50,000 received in car registrations goes to the county. After that the proceeds are divided on a 50-50 basis between county and State Highway department. No county can receive more than \$175,000 in one registration year, however.

Once in the county treasury, the amount quoted above is divided into two funds. County officers' salaries get \$1,453.20 and the remaining \$47,444.40 is divided among the four precincts on a prorated basis.

Cederholm says that registrations in Garza county this year will run approximately the same as last year.

Some people might wonder why there are only three trailer houses registered so far. Unless the trailer house is on the road as a traveling vehicle the law does not require it to be registered.

In addition to the money on plates, the state allows each county 60 cents commission for all revenue receipts on the first 5,000 sold. This does not include duplicate receipts, transfer receipts and replacement plates. This is to pay the county for the work involved in selling these plates for the state.

Cederholm also pointed out that 1951 was the first time in the history of Garza county that registration fees had exceeded the \$50,000 figure.

**Republic Of Korea Plans Land Program**

PUSAN, Korea, AP—The Republic of Korea in the midst of war is going to undertake an ambitious land reclamation project.

The government has announced that a huge dam will be built to hold back water from the sea near Kosong, 40 miles southwest of here. The land now useless because salt water ebbs and flows across it. The government estimates enough land can be salvaged to produce 10,000 bushels of rice a year.

**Mrs. Rosser Dies Of Heart Attack**

Death struck twice this past week in the family of one Post resident. Mrs. True H. Rosser, 71, mother of Mrs. Ira Greenfield of Post, collapsed during her husband's funeral in Plainview Sunday and died before she reached the hospital.

Mrs. Rosser, who had suffered a heart attack in November and had been confined to her bed and a wheelchair since, went to the services with relatives. At the conclusion she was wheeled by the bier of her husband, who died Saturday after a long illness, by her son, Tom H. Rosser.

Outside the church, relatives discovered the woman had suffered a heart attack. An oxygen pump from the hearse was administered as was artificial respiration, and she was taken to the hospital where she was pronounced dead on arrival.

The burial of her husband was postponed until Monday and a double interment ceremony was held. Funeral services were held at 3 p.m. Monday in the Plainview Methodist church with Rev. A. B. Cockrell, pastor of the Petersburg Methodist church, officiating, assisted by Dr. J. O. Haynes, pastor of the Plainview Methodist church.

Mrs. Rosser went to Hale county in 1906 from Childress with her husband. He was a rancher and farmer, and in Childress prior to 1906 had been paymaster of the Fort Worth and Denver railroad at a time when Walter Chrysler, automotive magnate, was working in the railroad shops there.

Mr. and Mrs. Rosser are survived by two sons and two daughters.

**Gems of Thought**

**THOUGHT**  
 The greatest events of an age are its best thoughts. Thought finds its way into action.

**Boice**  
 Those who have finished by making all others think with them, have usually been those who began by daring to think for themselves.

**Caleb Colton**  
 Fully to understand a grand and beautiful thought requires, perhaps, as much time as to conceive it.

**Joseph Joubert**  
 Thought must be made better, and human life more fruitful, for the divine energy to move it onward and upward.

**Mary Baker Eddy**  
 Spiritual force is stronger than material; thoughts rule the world.

**Ralph Waldo Emerson**  
 To have thought far too little, we shall find in the review of life, among our capital faults.

**John Foster**  
**Couple Plans Film On Their Expedition**

PASADENA, Calif. AP—An Old Testament scholar and a film producer left recently on a flying trip to the Near East to record on film their archaeology expedition.

The travelers, Dr. William Sanford LaSor and William Brusseau expect to be in Nippur, Iraq, soon to take part in pre-Abraham discoveries being made there. Other countries to be visited by the pair include Egypt, Jordan, Syria, Lebanon, Cyprus, Athens and Rome.

Brusseau expects to use 20,000 feet of color film on the journey. Dr. LaSor, who says he speaks 20 languages, will act as interpreter and assistant cameraman.

**Club Treasury Gone After \$500 Present**

PITTSBURGH, AP—The distinguished Union club, founded a half century ago by steelmaster Henry Clay Frick, finally has disposed of its last \$500.

Back in 1922 the club, which once had a membership of 800 prominent Pittsburghers, closed its doors. In 1936 the records were lost in a flood which engulfed most of Pittsburgh's business section.

The directors couldn't decide who was entitled to the money. The club books finally closed with a \$500 gift to the local Red Cross chapter.

### Public Notice

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO: T. F. Vander Laan, W. E. Stewart, J. V. Fleming and Mrs. I. M. Lemon

**GREETING:**  
You are commanded to appear by filing a written answer to the plaintiff's First Amended Original petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 26th day of May, A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said plaintiff's First Amended Original petition was filed on the 11 day of April, 1952. The file number of said suit being No. 1091.

The names of the parties in said suit are: W. R. McGuire and wife, Ena McGuire as Plaintiffs, and John H. Cochran, L. A. Wallace, T. F. Vander Laan, W. E. Stewart, J. V. Fleming, Mrs. I. M. Lemon and Sells Petroleum, Inc. as Defendants.

The nature of said suit being substantially as follows, to-wit: "Trespass to try title on the following described tract of land, to-wit:

All that certain tract or parcel of land situated in Garza County, Texas, and being in Section 1225, certificate No. 10, E. L. & R. R. Co. Survey, and being described as follows:

Beginning at a point on the Northeastly right-of-way line of Federal Highway No. 384 (Post to Lubbock) the said point being also situated 1637 feet West of the Southeast corner of said Section No. 1225, and 500 feet North of the North Line of 11th. Street in Post, Garza County, Texas;

THENCE Northwesterly a distance of 230 feet;

THENCE Northwesterly a distance of 300 feet;

THENCE Southwesterly a distance of 120 feet;

THENCE Southeastly a distance of 120 feet;

THENCE Southwesterly a distance of 44 feet;

THENCE Southwesterly a distance of 136 feet, to the said Northeastly right-of-way line of Federal Highway No. 384;

THENCE Southeastly with the said Northeastly right-of-way line of Federal Highway No. 384, a distance of 55 feet.

THENCE approximately at right angle to and in a Northeastly direction from said Northeastly right-of-way line of Federal Highway No. 384 a distance of 90 feet, and containing two acres, more or less.

If this Citation is not served within 90 days after its issuance, it shall be returned unserved.

Issued this 11th day of April A. D. 1952.

Given under my hand and seal of said Court, at office in Post, Texas, this 11th day of April A. D. 1952.

(SEAL) RAY J. SMITH  
Clerk  
District Court Garza County, Texas.

### Public Notice

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO: Samuel J. Ward

**GREETING:**  
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 9th day of June, A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said plaintiff's petition was filed on the 18th day of December, 1951. The file number of said suit being No. 1106.

The names of the parties in said suit are: Delpha Kaufman Ward, as Plaintiff, and Samuel J. Ward, as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for Divorce on the grounds of unkind, harsh and tyrannical conduct toward plaintiff.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 21st day of April, A. D. 1952.

Given under my hand and seal of said Court, at office in Post, Texas, this 25th day of April, A. D. 1952.

(SEAL) RAY N. SMITH  
Clerk  
District Court Garza County, Texas.

SID CROSS, (re-election.)  
J. W. TIDWELL  
MASON JUSTICE  
BANDY CASH  
WILLIAM S. BEAVERS

**For Justice Of The Peace Precinct No. 1:**  
J. T. CURB  
W. O. THAXTON  
J. D. KING (re-election)

### Experts Say Decline Of Texas Livestock Is Very Rapid

Texas, the big livestock state, has fewer cattle today than 50 years ago.

It has fewer milk cows than 25 years ago, fewer sheep than 20 years ago, fewer goats than 30 years ago, fewer hogs than 50 years ago, fewer chickens than 25 years ago.

This does not mean there has been a steady decline in intervening years. The number has fluctuated. But Texas' livestock population has not shown the steady growth recorded by its human population.

A steady decline is evident, however, in the population of work animals—horses and mules. The number of horses in Texas has declined steadily from 1,360,000 in 1900 to only 321,000 in 1952. Mules, below 100,000 for the first time in history, dipped to 95,000 in 1952. In 1926 there were 1,240,000 mules in Texas.

The U. S. Department of Agriculture's annual livestock report shows these figures on Texas livestock:

All cattle — an estimated 8,940,000 in 1952, compared with the record 9,334,000 in 1902, which is also the earliest year in which the 1952 figure was topped. The lowest number on record is 5,950,000 in 1928.

Milk cows — 1,053,000 in 1952, compared with the record high of 1,594,000 in 1945. The earliest year in which the 1952 figure was topped was 1926, with 1,064,000. The lowest number on record is 800,000 in 1900.

Stock sheep — 6,071,000 in 1952 compared with the record 10,539,000 in 1943. The earliest year in which the 1952 figure was exceeded was 1930, with 6,304,000. The lowest number on record, 2,000,000 in 1904.

Goats — 2,099,000 in 1952 compared with record 3,465,000 in 1942. The earliest year in which the 1952 figure was exceeded, 1921, with 2,280,000. The lowest number on record is 1,998,000 in 1920 when USDA began its sheep records.

Hogs—1,645,000 in 1952 compared with record 1,360,000 in 1900 when USDA records began. The number has dropped each year since 1900.

Mules — 96,000 in 1952 compared with record 1,240,000 in 1926, when the number began an unbroken decline.

Chickens — 22,992,000 in 1952 compared with record 39,374,000 in 1944. Earliest year in which the 1952 figure was exceeded is 1927, with 24,165,000. USDA chicken records date back to 1924, when 20,961,000 was the figure.

Horses — 321,000 in 1952, compared with record 1,360,000 in 1900 when USDA records began. The number has dropped each year since 1900.

Mules — 96,000 in 1952 compared with record 1,240,000 in 1926, when the number began an unbroken decline.

Chickens — 22,992,000 in 1952 compared with record 39,374,000 in 1944. Earliest year in which the 1952 figure was exceeded is 1927, with 24,165,000. USDA chicken records date back to 1924, when 20,961,000 was the figure.

### Air Force Officers Receive Total Of \$415 Per Month Article Reveals

REUSE AIR FORCE BASE—“Off We Go Into the Wild Blue Yonder” can now be made a reality by the adventuresome young man, who will at once recognize these words taken from the pulsating rhythm of the “Air Force Song.” It is now easier than ever before to receive a commission and fly the planes of the United States Air Force.

The Air Force is in need of many young men to receive training as aviation cadets. At least 5,000 applications for aviation cadet training are needed each month. In line with an intensive procurement program, the Air Force is striving to insure that everyone who is eligible for aviation cadet training fully understands the “advantages and benefits” of a career as a rated officer in the USAF. These “advantages and benefits” mean not only the pay and security, but also an outlet for the average young American's willingness to accept any adventurous challenge such as is offered today by the Air Force on the threshold of a brand new era in flying. Here is a chance to keep alive that particular spirit of individualism, adventure seeking, and pioneering that changed a wilderness into a land of comfort.

To apply for aviation cadet training, you must be an unmarried male U. S. citizen, between the ages of 19 and 26 1/2 with two years of college. If you are appointed to a class, you will undergo basic pilot training at Goodfellow Air Force Base, San Angelo, Texas, or at one of the nine civilian contract schools located at: Greenville, Miss.; Malden, Mo.; Columbus, Miss.; Bainbridge, Ga.; Moultrie, Ga.; Marana, Ariz.; Bartow, Fla.; Kinston, N. C.; and

Hondo, Tex. Advanced single-engine training is given at bases located near Phoenix, Ariz.; Bryan, Tex.; Selma, Ala.; and Big Spring, Tex. Advanced multi-engine training is offered at bases near Lubbock, Tex., and Enid, Okla. During training, cadets receive food, uniforms, flight clothes, equipment, housing, medical and dental care, regular monthly allowance of \$105 and a free \$10,000 Government life insurance policy that remains in effect as long as you are in active service.

Graduates receive a commission as a second lieutenant in the Air Force Reserve with an aeronautical rating as pilot, a uniform allowance, and a 30-day leave with pay. A second lieutenant, on flying status, living off the base, receives \$415.75 a month—if married, he receives \$430.75.

INDIANAPOLIS, IN.—A \$10 fine was Municipal Judge Phillip L. Bayt's answer to the excuse offered by James A. Young, 25, for a speeding charge: “My battery was low, and I was just trying to charge it.”

BITING GIRLS FINED IN PLACE OF DOG  
TELUK ANSON, Malaya, P.—A young Chinese girl, charged with failure to muzzle her dog and allowing him to bite another girl, told the court: “My dog did not bite her. It was I who bit her in a quarrel.” The girl, 16, was found guilty and fined.

U. S. Aids Increase Of Italy's Fleet  
ROME, P.—Through American aid, Italy now owns the largest merchant fleet which has ever sailed under the Italian flag.

At the end of 1951, the Italian merchant marine had 7 per cent tonnage more than the 2,905,724 tons it boasted in 1941. The 1951 figure was 3,156,037 tons, comprising 1,247 ships.

Italy has now stepped into seventh position in world tonnage, with 3.3 per cent of the total. The United States tops the list with 31.3 per cent of the tonnage.

## Miss Nelda Floyd, Bride-Elect, Complimented At Tea-Show

Series of pre-nuptial courtesies for Miss Nelda Floyd, who became the bride of Giles after June 2, was begun Thursday afternoon when 10 hostesses gathered with a tea shower in the home of Mrs. Preston

Mathis assisted her with the party, which was held from 4 until 6 o'clock in the afternoon. Mrs. M. K. Bingham, of Mrs. M. Jacky Meeks, Mrs. J. M. Baylis, Mrs. John Rogers, Mrs. L. J. Richardson, Jr., Mrs. Neal Clary, Mrs. M. Z. Mrs. Charles King and Mrs. Gibson.

adorned the draped sides of the table cover. The centerpiece was an arrangement of yellow irises in a crystal bowl, surrounded by yellow tapers in crystal holders. Antique china, silver and crystal appointments completed the table decorations.

Coffee, punch, white cake squares iced in yellow and white, yellow mints and nuts were served. Misses Baylis, Branson and Mathis and Mesdames Rogers and Miller alternated in serving. One hundred and twenty-five guests registered.

## Miss Emily Elaine Hibbs To Wed Paul O. Pegram, Jr., This Summer

Mr. and Mrs. T. R. Hibbs are announcing the engagement and forthcoming marriage of their daughter, Miss Emily Elaine Hibbs, 433 N.W. 28th, street, Oklahoma City, Okla., to Paul O. Pegram, Jr., son of Mr. and Mrs. Paul O. Pegram, of Winston-Salem, N. C.

## National HD Week Is Observed By Barnum Springs

This is "National Home Demonstration Club Week." In its observance the Barnum Springs club has reviewed its activities for this year and prepared the following report:

"In January we had two meetings with 30 members and visitors attending. Rug making was the study of the month. In February we studied improving the water system. Miss Harbin gave the demonstration and 18 were present. The second February meeting was on block printing with 14 attending. Mrs. Byron Haynie gave the demonstration. In March we had an interesting talk and colored film on poultry diseases and culling the flock. Both were given by the agent and 25 were present. April was storage month. By means of film, pamphlets and demonstration we found many ways to improve storage in the house with special attention being given to kitchen storage. Twenty-eight women attended this study. The last meeting was in the home of Mrs. Carter White one of our new members for the year. Twelve members and three visitors met there for an all day meeting. A covered dish luncheon was served and the group quilted and did embroidery work for the hostess. The unit has 17 members and all are active in some part of the year's work. We sponsor the "March of Dimes" drive, "The Cancer Crusade" and any other worthy drives in our community. We have at least three community parties or picnics during the year. Since we do not have a school here the Home Demonstration club reaches more families than any other organization. The next meeting will be May 8, in the home of Mrs. Byron Haynie. Freezing poultry will be the demonstration.

## Cancer Crusade Chairmen Attend Kick-Off Dinner

Garza County Cancer Crusade chairmen and their guests met in the City hall last Wednesday evening for a "kick-off dinner" and program. Dr. D. C. Williams was guest speaker. The dining tables were laid in white linen and were centered with arrangements of irises. Iris corsages were presented to the women guests. The menu consisted of ham, beans, potato salad, corn, green salad, rolls and butter, iced tea and pie. Attending were Dr. and Mrs. D. C. Williams, Mr. and Mrs. Burnis Lawrence, the Rev. and Mrs. Gerald Blackburn, Mr. and Mrs. T. L. Jones, Mrs. Jessie Voss, Dave Willis, Mrs. Reece Carter, Mrs. Carl Webb, Miss Ganell Babb, Miss Maxine Durrett, Mrs. Walter Boren, Mrs. Tom Hagood, Mrs. J. A. Rogers, Mrs. W. A. Long, Mrs. Charlie Bird, Mrs. C. R. Wilson, Ralph Kirkpatrick, Ted Hibbs, Mr. and Mrs. D. C. Arthur, Mrs. Victor Hudman, Mrs. C. R. Thaxton, Mrs. W. R. Everett and Mr. and Mrs. J. E. Parker.

## Officers Elected At Band Meeting

Members of the Band Boosters organization met Tuesday night, at the band room in the high school. The year's business was completed and new officers were elected as follows: Dr. B. E. Young, president; Mrs. E. R. Moreland, vice-president; Mrs. Dowe H. Mayfield, secretary-treasurer; and Mr. and Mrs. Marvin Dunlap, historians. Retiring officers are Mrs. Charlie Bird, president; Mrs. Phil Trammell, vice-president; Mrs. Walter Boren, secretary-treasurer; and Mrs. Al Norris, historian. Mrs. Bird asked the Dispatch to express the organization's appreciation to everyone who had a part in helping to pay for the new band uniforms, and especially to those who participated in the entertainments for that cause.

## Miss Schmidt Is Club President

Miss Shirley Schmidt was introduced as president of Las Vi-varachas social club at Tech, at a breakfast in the ballroom of the Hilton hotel, Sunday morning. Four other Tech social club presidents, who will serve during the 1952-53 school year, were also introduced at the traditional breakfast which is sponsored by the Women's Inter-Club Council. More than 100 women were present.

## Church News

The following Sermonette is given by the Rev. Joe E. Boyd, pastor of the First Methodist church:

What Christianity Means To Me

Christ before Pilate said, "To this end I was born, and for this cause came I into the world, that I should bear witness unto the truth." John 18:37. What does the Christian Religion mean to me? 1. It means a feeling tone for life. The fundamental chord. The foundation for harmony. 2. It means an explanation of life that leads me to believe that life is purposeful, not haphazard. 3. It means an evaluation of life, places human personality, truth, beauty and love at the top of the scale of values. 4. It means faith in life's ultimate values, faith that is more than an intellectual concept, faith that becomes the basis for a philosophy of life and a stimulus for living. FAITH IN GOD—PEOPLE—MYSELF—FAITH IN THE TRUTH AND ITS ULTIMATE TRIUMPH. 5. It means a consideration of Jesus. The more I read of Him the more I am possessed by His philosophy of life. He comes and says, "Follow Thou Me." 6. It means a disturbing unrest. I see failure of men and women to live together—it is worth my time to give my life over to love. 7. It means power for life. Jesus says, "All power is given unto Me—go ye." 8. If you have seen a beautiful sunset, or a bit of truth, if you have seen Jesus and life more complete—if you have seen the world as it might be—if you have seen life with the silence of a friend—if you have seen all of these you may understand what I mean when I say that the Christian religion found in Christ means everything to me. 9. It means that God is pictured as a farmer, a shepherd, a vinedresser, a builder, a father. He is always doing His best for us and expecting much from us. Life is bearing fruit—either good or bad. 10. It means—no other Gods. Seek first God and His Kingdom, take not God's name in vain. Keep the Sabbath Holy. Honor thy father and mother. Do not kill, do not commit adultery, do not steal, do not covet. It means to love the Lord with all my heart and neighbor as myself. Bearing witness to the truth day by day.

## Miss Holloway's Engagement To Thomas Cannon, Jr., Is Told

The engagement of Miss Mildred Holloway, of Lubbock, to Thomas M. Cannon, Jr., is being announced. Parents of the couple are Mr. and Mrs. James Holloway, of McLean, and Mr. and Mrs. Thomas Cannon, sr., of San Diego, Calif. The wedding will be read in July. Miss Holloway is a graduate of Lubbock Memorial Hospital School of Nursing and is employed by Dr. W. H. Gordon in Lubbock. The prospective bridegroom was graduated from Baylor University in Waco, and has been with the local Department of Public Welfare. He assumed duties today on the Lubbock Police force.

## HD Leaders Have Demonstration On Freezing Poultry

A leaders meeting for Home Demonstration women was conducted by Miss Dorothy Harbin, agent, yesterday afternoon in the county courtroom. The demonstration was on freezing poultry. The leaders attending will give this demonstration at their respective club meetings this month. Those present were Mrs. Gus Porterfield and Mrs. Thelbert McBride, of Graham; Mrs. Bill Norman and Mrs. W. A. Long, of Barnum Springs; Mrs. Billy Johnson and Mrs. Roy Collins, of Pleasant Valley; Mrs. Henry Key and Mrs. George Evans, of Justiceburg; and Mrs. L. H. Peel and Mrs. C. M. Voss, of Post.

## School Cafeteria Menu For May 5-9

School cafeteria menus for May 5 through May 9: Monday: pork and beans, peanut butter sandwiches, vegetable salad, apple sauce cake, bread, milk. Tuesday: creamed turkey on toast, green beans, carrot strips, coconut fruit bar, bread, milk. Wednesday: meat loaf, black eyed peas, sliced pickles, pineapple pudding, bread, milk. Thursday: hot dogs, potato chips, prune plum cobbler, milk. Friday: ham, candied potatoes, English peas, pecan pies, bread, milk.

## Beta Sigma Phi Meets In Max Gordon Home

The Mu Alpha chapter of Beta Sigma Phi met Monday evening in the home of Mrs. Max Gordon. After a program the group conducted a business meeting. Plans were completed for a founder's day program and dinner. Refreshments were served to Mrs. Bing Bingham, Mrs. Jimmy Hundley, Mrs. Vernon Ray, Mrs. Ed Sims, Mrs. Sam West and Mrs. Gordon. Mrs. Ray will be hostess for the next meeting, at 7:30 o'clock in the evening, May 12. Elliott Taylor and family and Mrs. Taylor's mother, Mrs. Jennings.

## Twana Teague Is Rainbow Member

Miss Twana Teague was initiated into the Order of the Rainbow Girls in a regular meeting Monday evening. Buena Welch, worthy advisor, presided. Fourteen members were served refreshments by Mrs. Ralph Welch. Tuesday night the Rainbow Girls and their dates enjoyed a hayride and wiener roast. Attending were Buena Welch, Tommie Williams, Billie Moreland, John Boren, Louise Ferguson, Charles Bird, Judy King, Rex King, Gayle Askins, Bernie Welch, Wilma Welch, Danny Tillman, Connie King, Ted Tatum, Leslie Nichols, Novis Pennell, Linda Mills, Bobby Rogers, Sammie Williams, David Pennington, Mary Trammell, Billie Gray. Mrs. Lester Nichols, Mr. and Mrs. Ellis Mills and Mr. and Mrs. Ralph Welch. The next Rainbow meeting will be at 7:30 o'clock in the evening, May 12.

## LOOK WHO'S NEW!

Mr. and Mrs. Lee H. Snow are parents of a son born at 3:45 p.m. April 26 in Tahoka hospital. He has been named Bobby Lee. Mr. and Mrs. W. W. Guthrie and Mr. and Mrs. N. S. Snow are the grandparents.

## Justiceburg Club Has Fruit Demonstration

The Justiceburg Home Demonstration club met at the teacherage last Wednesday with eight members present. Miss Harbin, agent, showed pictures on "Better Kitchens" and Mrs. Henry Key gave a demonstration on fruit whip. Cookies were served with fruit whip to Mrs. George Evans, Mrs. Sid Cross, Mrs. C. V. Stanford, Mrs. J. I. Moore, Mrs. R. J. Key, Miss Flute Moore, Mrs. Key and Miss Harbin.

## Freshmen Homemaking Students Get Lowdown On Feeding By Experiment

Results of a balanced diet experiment being conducted by the homemaking students of the Post high school freshmen have given the students some excellent data on feeding.

The students are using three

hamsters for this experiment. Hamsters are members of the family, resembling true rats in coloration, but differing in their short, airy tail as well as in their habits in which to burrow. The winter burrower hamster is the water rat, but

members have named several weeks ago, Soda-Pop has Snack and Frisky. They are kept in the school lunchroom for observation and are fed daily by Drura Ann Hughes and Sherry Hays, who were appointed by the class.

Soda-Pop gets a daily diet of soda-pop, sweets and potato chips; Snack is fed on a sack lunch which lacks milk and is light in protein foods; Frisky is fed daily on a lunch plate as used in the lunchroom.

The object of this experiment is to prove that a balanced diet is more healthful. Class members point out that the difference shown in a few weeks would take a year to show in a human's diet.

Since the experiment began several weeks ago, Soda-Pop has lost one-fourth of an ounce in weight; Snack has gained one-half of an ounce; and Frisky has gained three-fourths of an ounce. Soda-Pop has become very nervous and scampers away when anyone appears near her cage. When she is picked up she snaps. Snack and Frisky have become very tame and gentle. Soda-Pop's flesh feels spongy while Frisky has firm flesh. Frisky's fur is pretty and colorful while Soda-Pop's is becoming dull colored.

"The condition of the Hamsters explains the probable cause of ill health among many human beings," class members explained. "If we want good health, we must eat the right kind of food."

Visitors are invited to drop by the lunchroom and study the results of the experiment at any time between 7:30 a. m. to 3:30 p. m. Monday through Friday. The class will continue the feeding for one more week and then plans to feed all three on a balanced diet and see if Soda-Pop will recover.

## Post Youth Will Not Enter Academy

Charles Bowen, son of Mr. and Mrs. Charlie Bowen of Post, did not pass the physical examination which would have entitled him to enter West Point, U. S. Army Military Academy, he reported to the Dispatch Saturday.

Bowen had been recommended as first alternate in the District by a congressional appointment from Congressman George Mahon. He passed the other necessary qualifying exams but was notified by the War Department that he had failed the rigid physical.

Powell detective story. Set in the days prior to Lincoln becoming president, "THE TALL TARGET" follows and foils the attempt to assassinate the president-elect with Powell providing all the detective escapades.

Have you been to the new Sunset Drive-In? Just look at the first run pictures the Drive-In is offering you this month, "Two of a Kind," "Flight to Mars," "A Yank in Korea," "Fort Osage," "For Men Only" and "Hot Lead."

**TEXAS FTA SWEETHEART**—Theodocia Zweig, a junior student at Amarillo High School, was elected state sweetheart of the Future Teachers of America high school chapters at a convention held on the North Texas College campus at Denton. She is the daughter of Mr. and Mrs. Theo Zweig, Amarillo. The blonde, brown-eyed queen is also sweetheart of the Amarillo Chapter of FTA.

## Grassland Group To Receive \$200

A group of Grassland farmers have been listed as winners among the 51 counties in Panhandle and South Plains agriculture contest sponsored annually by the Fort Worth Press.

At the time this story was written the names of the farmers were not available.

Each year the press awards approximately \$20,000 to farmers in the state for outstanding achievements. The contests tend to further conservation by recognizing achievement.

Soil Conservation technicians (and in the Grassland case the technicians are from Tahoka) organize the farmers into a group and work toward better conservation practices.

The Grassland group will be awarded \$200 in Lubbock on May 26.

The Bruce Shepherd family moved Tuesday to Levelland where Shepherd is in business.

## Social Security Man Due In Post

For the convenience of those who live in and around Post, a representative of the Social Security office visits the post office in Post on Wednesday, May 7, 1952, at 11 a.m.

A self-employed person who had no social security wage credits before 1951 may become insured as early as April of this year because of self-employment since that time. Claims filed in 1952, however, and based on

self-employment alone, will lead to reduced payments.

John G. Hutton, manager of the Lubbock Social Security office, explains this by stating that self-employment earnings in the year a claim is filed count toward making a payment possible, but do not count toward figuring the amount of the payment. Where social security benefits are based on self-employment alone, the earnings of at least two full years are needed to make possible the largest benefit payment, he says. For this reason the social security office will examine each retirement claim filed by a self-

employed person during 1952 to determine whether the amount of the payment would be increased if the claim were filed in 1953. If so, the social security office will point out the advantage of postponing the application until January, 1953, and the retired person may decide whether to do so. If the application is postponed until January, 1953, back payments are made at that time for months of retirement after June 1952. If you are self-employed, Hutton advises you to come to the Lubbock Social Security office and get a copy of "Do You Work For Yourself?" This free booklet

## Charles Bird Elected To Aberdeen Group

Charles Bird, Post, was recently elected to membership in the American Aberdeen-Angus Breeders' association at Chicago according to an announcement from secretary Frank Richards.

Bird was one of the seventeen purebred Aberdeen-Angus breeders elected to membership in the organization from Texas during the past month.

Bird clearly explains your rights and obligations under old-age and survivors insurance.

(Photo by Dispatch Photographer)

### Cost Of Hospital Rooms Is Listed

A breakdown of the cost of furniture in the hospital bedrooms has been released by Jack Rex, equipment consultant. The prices are being released because of the number of queries as to how much it would cost to provide the furnishings for either a one or two bedroom. Some people have indicated they would like to furnish a room and donate it to the hospital. Rex pointed out that all the furniture will be Simmons, all metal, Silver Mist. The one bedroom cost: 1 bed, \$83.50; 1 mattress, \$30; 1 bed side cabinet, \$39.25; 1 basin ring, \$1.80; 1 towel bar, \$90; 1 arm chair, \$44.25; 1 step stool, \$7.90; 1 dresser, \$64.10; 1 overbed table, \$48.25; and 1 waste basket, \$3.85. Total cost, \$323.80. Two bedroom costs are: 2 beds, \$167; 2 mattresses, \$60; 2 bed-side cabinets, \$78.50; 2 basin rings, \$3.60; 2 towel bars, \$1.80; 2 straight chairs, \$33.60; 2 step stools, \$15.80; 1 chest, \$73.30; 2 overbed tables, \$96.50; and 2 waste baskets, \$7.70. Total cost, \$537.80. Anyone interested in furnishing a room at the hospital may contact Rex at the courthouse.

### BITS-OF-NEWS

Out of town relatives and friends here for the funeral of S. M. Lewis were: B. H. Lewis, Mr. and Mrs. M. H. Lewis, Mr. and Mrs. Bill Keane, Mr. and Mrs. Bill Richey, and Guy Puckett, of Vernon; Mr. and Mrs. W. A. Beagley, Mrs. Katherine Parr and Mr. and Mrs. E. E. Thompson, of Clovis, N. M.; Mr. and Mrs. A. A. Tucker and son, Edwin of Fort Worth; Mr. and Mrs. S. D. Waters and Mrs. Zola McKnight, of Dumas; Mr. and Mrs. John Sain, of Ropesville; Duke Altman, of Enochs; Mrs. Addie Sain, Jack Ritchie, Mrs. Clyde McGinley, Mrs. Harvey Bunnell, Mrs. Lee Peebles, Mr. and Mrs. Ed Bloxom, Mr. and Mrs. Ben Bloxom, Mr. and Mrs. J. H. Sloan and Mr. and Mrs. Walter Johns, of Slaton; Mr. and Mrs. Walter Mathis, of Tahoka; J. T. Singleton, of Idalou; Mr. and Mrs. Hugh Webb, of McDonald, N. M.; Mr. and Mrs. Ernest Bartlett, of Muleshoe; Mr. and Mrs. Floyd Everage, of Snyder; Mr. and Mrs. Jim Drury, Mr. and Mrs. Woodrow Altman, Mr. Singleton, Mr. and Mrs. Lonnie Bartlett, the Rev. and Mrs. J. T. Clinton, Mrs.

Roy Boyd, Mr. and Mrs. Elmer Altman, and Mr. and Mrs. Cliff Allen, of Lubbock; Mr. and Mrs. Jim Graves, of Lamesa; and Z. G. Robinson, of Levelland. A calumet is popularly known as an Indian peace pipe.

Mr. and Mrs. W. A. Oden spent the weekend in Lawn with her brother, Leroy Potter, and family, and in Fort Worth with her brother and sister, N. C. Potter and Mrs. Hugh Hazlewood, and their families.

### Girl Makes Page Cover

Friends of little Cherry Dodson will be interested to know that she is a cover girl now. Cherry, the 11-year-old daughter of Mr. and Mrs. Weldon Dodson, who is undergoing treatment in the Plainview Polio Hospital, was featured on the front cover of the Plainview Sunday and Easter section. Pictures included on the page were painted by Cherry in her school work. The Biblical pictures were attractively arranged as background to a life-size picture of Cherry. Main picture of the girl was a large, life-like

### Gordon Club Meets In Reed Home April 12

The Gordon Home Demonstration club met April 22, in the home of Mrs. J. O. Reed, jr. Mrs. Lottie Shelton gave a talk on accessories. The group voted to observe National HD Week, this week by placing flowers at the Gordon Church of Christ, and by exhibiting corsages, foods, clothing and leather work in a Slaton store. painting of the Crucifixion. Mrs. Dodson said Cherry is doing fine and has gained 24 pounds. One of the workers in the clinic said, "Cherry is a wonderful little girl, and has made many, many friends. And does wonderful in her school work."

### Doctor Claims That Forging Easy Here

BELFAST, Northern Ireland. Forgery is easier in the U. S. than in Britain, says Dr. Cecil L. Wilson, of Queen's university, Belfast. Dr. Wilson, an expert on forgery, recently visited the FBI in Washington, where he was shown checks worth millions of dollars—all forged. "In the United States," said Dr. Wilson, "people are so anxious to do business and salesmanship is of such a high-pressure nature that a check will be accepted almost from anyone. In Britain, a check is more difficult to cash, hence check forgery is much less common."

### Notice—

All students who plan to take summer music, during June and July, must register May 1, 2 and 3. Mrs. Elmer Long

### What Does Your Pen Say?

Given a chance, it can write some mighty nice things about you. When you have a checking account, for instance.

Then your pen can say, here is a wise businessman. He knows that a check is economical, safe and convenient. He does business the efficient way. Do you?

**Post Enjoying Highest Credit On Fire Insurance Due To Low Losses**

Post property owners are enjoying one of the highest deductions possible on fire insurance according to Buddy Stewart at the First National bank.

Due to extremely low fire losses in the city it is credited with a 25 per cent deduction on the insurance rate. The low fire losses can be attributed to the small number of residential and business fires in the town and the efficiency of the Post Volunteer department. Several fires which have occurred in the past 12 months would have been listed a much higher damage had not the Fire Department been available.

Key rate for fire insurance in Post at the present is 53 cents on the hundred, Stewart explained. This rate is arrived at by certain charges that are made according to the status of such items as, water works, water mains, fire department, fire apparatus, fire alarm system, building jaw and streets.

On the items some of the following things are taken into consideration in establishing a rate: streets paved or unpaved, fire department volunteer or paid, water pressure and other such items.

Rates on various houses run like this: frame, 35 plus 15, brick veneer, 25 plus 15 and brick, 15 plus 15. An unprotected frame house, one which is located more than 500 feet from a fire hydrant, will run 60 cents.

In studying the fire insurance books for just a moment one will find that there is "a heck of a lot" to this business of fire insurance.

In fact almost every little factor in a building, its location, width of walls, so on and so on go into causing the rate to fluctuate. The type of business conducted in a building goes into the consideration.

And how those guys down in Austin can keep up with it. They have a map—and there is one in each town—of every town in the state. This map gives the streets and locations of every residential house or business establishment in the town.

Yep, they have one for Post. Their streets are given, divided into numbers and alphabetical avenues, just as the town streets were designated many years ago.

And the buildings on that map are drawn to scale on the original. So they can look at the map in Austin and tell the exact size, shape and location of your house or business.

Certain type buildings are classified by the insurance department. And the rates on each types' insurance depends a lot on how that type has "been burning" lately. If the loss in that type has been very heavy,

**Graham Club Meets With Mrs. C. Propst**

The Graham Thursday club met last week with Mrs. Charles Propst.

After a period of sewing and visiting, the hostess served refreshments of cake and ice cream.

Those present were Mrs. P. E. Stevens, Mrs. W. A. Oden, Mrs. Bill McMahon, Mrs. J. A. Propst, Mrs. Glen Davis, Mrs. Nellie Babb, Mrs. Will Wright and Mrs. Propst.

Graham and Close City—May 12.

**B. F. Evans Seeks Commissioner Job**

B. F. (Boone) Evans has authorized the Post Dispatch to publish the following statement in behalf of his candidacy for the office of Commissioner in Precinct 1:

"I seek this office on my own merits and if elected I pledge to handle the office to the best of my ability. My only promise is that of fair and impartial treatment to each and everyone and no special favors for anyone.

"Having been in the office for four years previous I feel that I know the work of the court and the needs of the county. I solicit your vote and influence."

**Post Airport---**

(Continued From Front Page) out the Double U company, owning the land, attempted to get someone to lease it. It was finally agreed that the county would lease the airport.

However, there is no need for a lease at the present time. But indications are that the airport will be put back into usable shape in the not too distant future.

We Invite You To Our . . .

# FORMAL OPENING

Saturday May 3 From 3 to 8 p. m.

During these hours we will open our doors to have you see our newly decorated and modernized DRUG STORE . . .

TOO, we will be happy to serve you refreshments and will have ice cream cone gifts for all the children.

For the past several weeks we have been working day and night, completely re-decorating the store and stocking it with brand new merchandise . . . we haven't received all our merchandise, but it is arriving daily and by early next week we will be completely re-stocked.

We have, however, completely re-stocked our prescription department with new drugs and offer the facilities of compounding all kinds of prescriptions that are being brought to us. This department, under the supervision of Bob Warren, has been open all week, and we have enjoyed a splendid patronage.

We'll be looking forward to having you drop in to see us Saturday, between the hours of 3 and 8 p. m., and will appreciate having you come back to patronize us after the store is opened for business Monday, May 5.

## J. D. King Enters Justice Peace Race

The Dispatch has been authorized to publish the following statement for J. D. King, who is a candidate for re-election to the office of Justice of the Peace in Precinct 1:  
**TO THE VOTERS OF GARZA COUNTY:**  
 Because of recent illness and the uncertainties it caused I have delayed announcing for re-election to the office of Justice of the Peace. After undergoing surgery I believe that I am now on the road to a speedy recovery, and I take this means of announcing for re-election to the office which I have tried to fill conscientiously during the past several years. If you elect me to serve another term I pledge my best efforts to perform the duties of the office without fear or favor, as I have tried to do in the past.  
 I wish to take this opportunity to thank each one of you for the many kindnesses you have shown me and to solicit your vote and influence in the coming primary.

J. D. KING

## Bob Hale Leases K And K Grocery

Bob C. Hale, manager of the West Texas Gin at Kalgary for the past three years, has leased the K and K Grocery Market from owner A. B. Haws.  
 Hale assumed management Monday.  
 The new owner of the market has worked more than 20 years in the grocery business in Crosbyton, Ralls and Kalgary. His wife and son, Goodwin, 20, will be associated with him in the store.  
 Hale also announced that Mrs. L. P. Kennedy, jr. and Bill Carter will continue to be associated with the store.

## Lions Hear Talk On Youth Program

Rev. A. T. Nixon of Close City spoke to the Lions club members Tuesday night on the club's youth program.  
 Members also discussed the possibility of a Donkey Baseball game for the near future. A committee consisting of Melvin Garner and Virgil Short was appointed to look into the project.  
 E. A. Hargraves was in charge of the program. Guests included Rev. Nixon, Kenneth Barnard, W. E. Davis and Paul Gooch.  
 Mr. and Mrs. "Red" Chandler, Mr. and Mrs. Irvin Chandler and son, Charles, and Mr. and Mrs. Bill Woods and daughter, Sherry, spent the weekend fishing at Possum Kingdom.

SECTION TWO

**FORMER POST BOY HELPS WRITE MUSICAL**  
 —Bill McCrary, son of Mr. and Mrs. L. S. McCrary of Amarillo and formerly of Post, took another step forward in his life ambition of becoming a producer and songwriter last week. With a classmate, he stepped into the "heavy" end of the stage world by presenting "Sandie Follies," a two-act musical revue at the Amarillo High school. Bill wrote the lyrics to all the songs and his teammate, Earnie Foster, composed the music. Bill has several relatives in and around Post. Attending the show from here were his aunt and cousin, Mrs. Preston Mathis, and Anne.

## Question Of Texas Tech Being Taken Into Southwest Conference Discussed

By HAROLD V. RATLIFF  
 Associated Press Sports Editor

No one is supposed to know how the Southwest Conference faculty committee voted in 1948 when it closed the door to Texas Tech for three years.  
 The ballot was secret and the votes were burned. But since then a piece has fallen into place here, another there, and now it is pretty well established that Texas, Rice and Arkansas cast the negative votes; Southern Methodist, Texas Christian, Texas A&M and Baylor voted for Tech's admission.  
 Five votes are necessary for a school to gain admittance to the conference.  
 Well, Texas has come out in favor of Tech and has done it openly. Best indications are that Arkansas has come over, too. How Rice stands is conjecture only.  
 But if the other members of the conference stand hitched and the Texas resolution doesn't have strings attached to it, Tech is as good as in the league.  
 There are some who point to the resolution of the Texas Board of Regents as having a double meaning. It commanded its faculty representatives to vote for Tech "consistent with efficient and orderly operation of the Southwest Conference."  
 What does Texas consider efficient and orderly operation? Would the chance that admission of Tech might disrupt the regular schedule be considered in this category? Would Texas talk about this factor: Admission of Tech would bring too many early season conference games?  
 However, it would appear here that the regents meant that the admission of Tech would need be done without disrupting the present set-up—that is, not having to change any of the present traditional games. In other words, Tech would be fitted into the football schedule in spots not now occupied by conference games.  
 There is one thing necessary to make Tech's admission virtually certain—a public vote.  
 If the conference fathers will announce how they vote May 9-10 when they hold their spring meeting and the question of Tech's acceptance comes up, most observers think the Lubbock school will have more than enough ballots to get in.  
 There is no reason to believe the school on the Plains won't be a valuable member of the conference. It's big enough, ambitious enough and certainly has followed the correct path in seeking admission to the conference. It would seem that Tech deserves a place in the league.  
 Points raised as to whether or not Tech should be admitted have to do with the football schedule mostly. Other points have been advanced, such as the ability of Tech to draw at the gate and the overall athletic program. Tech can draw as well as at least three present members of the conference. It operated 92 per cent capacity last fall in home games, only one of which was against a Southwest Conference member. That was Texas Christian. If Tech had a 30,000-seat stadium it would have been filled for this game. Tech will have one next season, adding some 13,000 seats.  
 Tech is going to build a new gymnasium that will adequately hold the basketball crowds and it already has an overall athletic program equal to Arkansas.  
 There are lots of sports fans in the Plains country and Panhandle and West Texas. They will go to Lubbock to see Tech play football if it's in the Southwest Conference. Then it will not be necessary to journey to Dallas or Fort Worth or Waco to watch bigtime football.  
 The travel item is no problem. Tech will be within 600 miles of any other conference member. Tech trips will run from 291 miles to 608.  
 We understand one reason Arkansas favors Tech is that this can provide a Thanksgiving Day game for the Razorbacks. Arkansas never has been able to get a conference opponent for that occasion and build up a traditional rivalry.  
 It will take time and effort to fit Tech into the schedule. Schedule-makers tell you it's most difficult to make a change when your league has been set for years. They say the trouble is that adding Tech will bring too many early season conference games. What does that hurt? A conference game in late September or early October should be a better attraction than say Texas vs. North Carolina or Rice vs. Florida, or Texas A&M vs. Oklahoma A&M.
